## NATIONAL DEMOCRACY WAS VICTORIOUS TUESDAY

### WILSON AND MARSHALL ELECTED BY AN OVERWHELMING MAJORITY

### WILSON'S ELECTORAL VOTE REACHES 410

### HIS ELECTION IS CONCEDED BY TAFT AND ROOSEVELT

#### The President-Elect is the Recipient of Congratulations From Friends and Officials of all the Political Creeds

Gov. Wilson of New Jersey and Gov. Thomas R. Marshall of Indiana will be the next president and vice-president of the United States.

For the first time since 1892 the Democratic national ticket swept the United States Tuesday. Early returns indicated Wilson's election and by 7 o'clock Chairman Barnes of the New York Republican committee had conceded New York to the Democrats. Later returns show a Democratic landslide all over the Union.

For the first time in twenty years Democrats are privileged to rejoice over the election of a Democratic president and vice-president. It has indeed been an overwhelming landslide, showing that what Abraham Lincoln once said, "You can fool some of the people all the time, all the people some of the time, but not all the people all the time," or words to that effect, is true, and this year most of the people have come from under the hypnotic influence of the Republican party, thrown off the yoke of bondage and asserted their right to free themselves from the grasp of the party of trusts and combines which has been in power for fifty years, save a few terms when the Democrats succeeded in the election of a president but never gaining control of congress. But never before has the victory been so overwhelmingly decisive. The people have spoken in no whisper of a small voice but in thunders tones that the ways of the trusts and combines have become unbearable and henceforth they expect equal rights to all and special privileges to none, from which condition will flow peace and prosperity to all the inhabitants of these glorious United States.

Overturing big Republican majorities in states never before captured by Democrats in a presidential election, the Wilson-

Marshall ticket was swept into office Tuesday on the wave of a victory that carried with it state offices, congressional seats and control of a number of legislatures that will have the chance to push Republicans from the United States senate and add to the Democratic strength in that body.

The latest returns before we go to press show that Wilson has 410 of the 531 votes in the

electoral college, Roosevelt will have 104, Taft 12, with Oregon's 5 votes in the doubtful column.

**ROOSEVELT'S CONGRATULATIONS**  
Shortly before midnight Col. Theodore Roosevelt tonight made the following statement:

"The American people by a great plurality have decided in favor of Mr. Wilson and the Democratic party. Like all good citizens, I accept the result with entire good humor and contentment. As for the Progressive cause, I can only repeat what I have so many times said, the fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well-being of the American people."  
(Signed.) "Theodore Roosevelt."

About the same time he issued his statement, Colonel Roosevelt sent the following telegram to Governor Wilson:

"The American people by a great plurality have conferred upon you the highest honor in

their gift. I congratulate you thereon.  
(Signed.) "Theodore Roosevelt."

**TAFT CONGRATULATES WILSON**  
Hon. Mr. Woodrow Wilson, Princeton, N. J.: I cordially congratulate you on your election and extend to you my best wishes for a successful administration.  
WILLIAM H. TAFT.

**BRYAN'S TRIBUTE TO WILSON**  
Lincoln, Neb., Nov. 5.—W. J. Bryan tonight expressed his pleasure at the election of Governor Wilson, saying:

"As a religious hymn has been brought into the campaign by one of the parties, I think that I am justified in using the lines of another hymn to express my feelings:

"This is the day I long have sought:  
"And mourned because I found it not."

"I am happier than Governor Wilson for his joy is expressed by a sense of responsibility, while I am happy and free.

My confidence in Governor Wilson has grown with acquaintance and I feel sure that he will live up to expectations. I believe he listens to his conscience."

**TRIUMPH OF A GREAT CAUSE**  
Princeton, N. J., Nov. 5.—Res-

ponding to a telegram from the Democratic national chairman, asserting that Governor Wilson unquestionably was elected, the Democratic candidate sent a dispatch to Mr. McCombs as follows:

"I deeply appreciate your telegram and wish to extend to you and the members of the campaign committee my warm congratulations on the part you have played in the organization and conduct of a campaign fought out on essential issues.

"A great cause has triumphed. Every Democrat, every true progressive, of whatever alliance must now lend his full force and enthusiasm to the fulfillment of the people's hope, the establishment of the people's right, so that justice and progress may go hand in hand."

This was Governor Wilson's first utterance of a public character after his acceptance of the reports that he had been elected.

**PRESIDENT-ELECT NATIVE OF VIRGINIA**  
Woodrow Wilson, President-elect of the United States, was born at Staunton, Va., Dec. 28, 1856, the son of Joseph R. and Jessie (Woodrow) Wilson. He was christened Thomas Woodrow, but early in life dropped the first name. June 24, 1885, he married Helen Louise Axson of Savannah, Ga. After practicing law in Atlanta, Ga., in 1882

and 1883, he became an educator, history, political economy, jurisprudence and politics being his specialties. He was successively connected with Bryn Mawr college, Wesleyan university and Princeton, becoming president of Princeton in 1902. He continued in that position until his election as Governor of New Jersey, taking office Jan. 17, 1911. Rising from comparative obscurity with marvelous rapidity, he won the Democratic presidential nomination at Baltimore last July. He possesses many scholarly degrees and has written numerous books and articles, most widely known among his volumes being "A History of the American People."

### PUBLIC SENTIMENT'S POWER

Public sentiment is a powerful factor for social and political evolution. A few can do little to preserve our institutions when many plan dissolution. But when the majority are in favor of good government and social purity the would-be destroyer can do little.

It is the duty of every good citizen to help promulgate sentiment for free government where the people are the masters, not the servants of authority. The people may make mistakes; they often make mistakes, but the mistakes of the people are more

easily corrected and less liable to injure any class than when "bosses" or privileged classes have control of affairs.

The highest ideals of citizenship should be to protect and encourage the weak against the mighty; to place restrictions around those who would usurp too much authority; to encourage, protect and train young people for the duties of citizenship.

There is need of good judgment and a certain amount of conservatism and changing states constitutions and imposing too many laws. There should be a demand for every charge and a need for every law. The way is opened for reform, but reform should come in direct response to a demand. Every citizen, no matter how

humble, should take an interest in local, state and national government. This is not only his privilege, but it is his duty. We are responsible for, and to our government and we should be willing to bear our part cheerfully and patriotically in maintaining it.

Public sentiment should always reflect the high ideals of citizens; it should call for an evolution rather than a revolution; it should safeguard the interest of boys and girls who are to be the citizens of the commonwealth; it should suspend high ideals and lofty achievement before passion and prejudice.—Farm and Ranch.

### NO POSTING LAWS IN TEXAS

According to a ruling announced by Assistant Attorney General Funderburk there is no such thing as a "posting law" in Texas, and that where inclosures include 2000 or more acres there is no law in force in this State making it unlawful to hunt or fish therein. On tracts under 2000 acres the consent of the owner is necessary.

Judge Funderburk made the ruling at the request of Mat Cramer, acting county attorney for Frio county. It is as follows:

"We are in receipt of your letter of Oct. 21 inst., in which you ask to be advised as to our opinion of

the present status of the law relating to hunting and fishing on inclosed lands and the law of posting lands. Your question arises, mainly, on the effect, if any, or the late codification of the Criminal Statutes.

"In reply, I respectfully advise that in my opinion, the 1911 codification of the Criminal Statutes very much simplifies the law relating to the provisions mentioned. The whole of the law on the subject named, so far as I can ascertain, is comprised in Arts. 1255 and 1256, as the latter article was amended by Chap. 50, General Laws of 1911. I understand the law now to be that it is unlawful for anyone to enter upon the inclosed land of another without the consent of the owner, proprietor or agent in charge, and therein

hunt with firearms, or therein catch or take any fish from any pond, lake, tank or stream, or in any other manner depredate upon the same. The penalty is not less than \$10 nor more than \$100. The inclosures mentioned are inclosures including less than 2000 acres and there is no requirement that such inclosed lands be posted for the penalty to apply. This law is effective in every county in Texas except Upton county. Where inclosures include 2000 acres or more there is no law in force in this State, in my opinion, making it unlawful to hunt or fish therein, without the consent of owner, proprietor or agent in charge. There is no law providing for the posting of such inclosures and thereby making it unlawful to hunt or fish therein."

**HASKELL HIGH SCHOOL NOTES**

**Irregular Hours.**

The second month of school has passed. Pupils who have been regular in attendance and who have worked hard have good reports to take to their parents and guardians. Pupils who have been irregular or who have given up the course of four weeks at our school, begin their poor reports for the next part. Parents are urged to require their children to stay at home until they have finished their work and then start them to school with the idea of letting them come every day. A child who misses four days out of a month sends his name back consequently and then attend fifteen days courses daily. It is a waste of the pupils' time to send them to school only a part of each week.

**Work Desired by Pupils.**

Parents who inquire about the fees to be done and who would get a young man or woman to work for them during the evenings and on Saturdays will help young men who are near Haskell to attend school in Haskell. Several wish to find a place to work for their board that they may go to school. The same is true of young ladies. Persons who will

 WRIGHT HOTEL

Take either a young man or a lady on these conditions are asked to make this fact known to Mr. N. McNell, Secretary of the Board of Trustees.

**Low Grades.**

Many patrons are complaining to the teachers of the low grades given to their children. The teachers are asked to require thorough work on the part of the pupils. Pupils who fail to do thorough work are graded low. This is not surprising to any one. Parents are asked to keep their children at home during the evenings of school days and provide them a desk or a table for study and to urge them, yes, require them to spend much time in study at home. Talking to children about work at home will do more to secure better grades than complaining to the teachers about low grades. The pupils must secure good grades by hard work. Good grades never come as a gift of teachers in schools whose work is recognized as being of first rank.

**Rules and Regulations.**

A few of the patrons are asking the teachers for copies of the "rules and regulations" of the school relating to the work and conduct of the pupils. Haskell has no printed list of rules and regulations. The rules and regulations of the school, in so far as they relate to the work of pupils, are very brief and may be expressed in four words: **Hard Work, Orderly Conduct.** Pupils whose conduct is disorderly are punished. When children are punished it is always for disorderly conduct. Parents are asked to accept this as the reason for all cases of punishment. Pupils who do not do hard work are given low grades. Most of the children securing low grades secure them on account of pure laziness. Parents are asked to accept this as the reason for many low grades. It is believed that industry and good conduct are desired by all parents, and teachers are seeking these two things, 99 per cent of all criticisms of the school come from parents whose children have received low grades or from parents whose children have been disciplined. Close grading and rigid discipline are the two things most needed in Haskell. Parents are asked to stand by the teachers in these matters.

**Library Fund.**

The High School pupils are raising one hundred dollars with which to secure books for the High School. Parents and citizens are giving liberally to this cause and it is a source of pleasure to the pupils and teachers to see how many people in Haskell are actively interested in making the schools the very best possible under the conditions. Reader, have you given a dollar for the High School library? If not, do so and you will feel better for having done the High School boys and girls a special favor. They need books very badly. The library is inadequate. A few good books will be worth much to the pupils this year.

**THAT QUALITY SPIEL**

Yes everybody has a long talk on this subject. It has been talked so much that it is almost worn out. Any other subject used as much as this one would be worn out sure enough, but there seems to be something captivating about the subject—Quality—and why not? It has been abused rather a bit don't you think.

Any one with a propensity to words can talk Quality till the cows come home, but still that doesn't make it so. But stop and review a little bit. Look back on the past and see if you can remember some ads of ours and if you responded to them see if they were not true.

Review your business transactions and then see where they have been the most satisfactory. If you bought an article that proved to be inferior to the recommendation, did you return it to the merchant you purchased it from? If you did what results did you get? Our policy is to give you complete satisfaction. We have tried out this policy for twenty-two years and we are proud that we started this business on that policy and we intend to continue it as long as we are in business.

Our business is not a new one, but our goods are. Out of the eleven hundred and ninety weeks we have been in business there has not been a week that we have not received new goods. Our store is brim full of new goods now. We think you will find this a most satisfactory place to do your Fall buying and we have prepared to take care of your every want. We can give you anything you want and the price we ask is no more than you will pay at any store where the same Quality of merchandise is found as at our store.

**BUY QUALITY NO MATTER WHAT YOU PAY. THERE'S ALWAYS A REASON WHY A BARGAIN IS A BARGAIN. And remember if the Quality isn't there the bargain is surely not there.**

Our twenty-second year of our business is near its end and we hope to make the next two months the largest in the history of our business.

We want to thank our friends and patrons for their liberal patronage in the past and hope to be able to serve you for many years to come. The same policy of courteous treatment that makes shopping in this store so pleasant will be continued.

**Domestic Science.**

Plans are being made to install domestic economy in the Haskell High School. It is believed that the girls need an opportunity to take work—both theoretical and practical—in sewing and cooking. It is worth more to many girls to know how to make a neat apron or to cook a digestible biscuit than it is to read Latin or do theorems in Geometry. Not all the girls desiring to take work in this department will be able to do so this year. Equipment will be secured for twenty four each year. This plan will enable each girl in the Haskell schools to have at least one year of work along these lines during her school life.

**Getting Home Late.**

Patrons of the school report that children come home very late in the day from school. Parents are urged to require children to explain their delay in reaching home. Teachers who detain pupils for any reason after four o'clock are required to send the parents a statement of the detention. Parents are urged to report late home coming to teachers that the matter may be adjusted at once. Children are asked to go directly home from school. Parents alone can tell teachers whether this is done or not.

**TEXAS NEEDS MORE AND BETTER HOGS**

Many articles have appeared in the press of late contending that Texas needs great men. The editors in some instances have questioned it the politicians have denied it and the alleged greats have defied it but no one who reads Col. I. T. Pryor's report to the Texas Welfare Commission on live stock will deny that "Texas Needs Great Hogs."

According to the report there is shipped into the State \$52,000,000 worth of pork and its products per annum. Our hogs are worth 27 per cent less than the average in the United States. We are badly in need of more hogs and better hogs. Men who can raise great hogs are the kind of great men Texas needs.

**A Thoroughbred Tramp.**

'A Thoroughbred Tramp' which will be the attraction at the Opera House on Friday Nov. 8, is a powerful comedy drama telling a beautiful story combining humor, pathos, heart interest, and thrilling realism. There is a strong vein of comedy a laughable nature that more than pleases.

The story is written around incidents of a celebrated case of

New York life, well written and not unreal or stagey. It is one of the best comedy dramas of today written by a playwright who has given the public some of the very best dramas of recent years. "A Thoroughbred Tramp," will be presented by a competent Company with the eminent, emotional actress Miss Josephine Wowsley in the leading feminine role and supported by such people as Louise Wren of "Jekyll and Hyde" fame, Hal Williams, Frank Carman and others in the cast.

### Sick Watches Made Well

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour—if it's well. If the movement is sluggish—it needs a doctor.

It will move 3,558 miles a year on less than one-tenth of a drop of oil. But it needs that little drop badly. The least increase of friction on the bearings alters the motion and your watch gets sick. Don't take chances. Let us clean and oil and put your watch in order for a year. It will pay and satisfy you.

#### Woman's Missionary Notes.

It was just a regular business meeting last time but a very enthusiastic and interesting one—about the usual fifteen were there willing and anxious to do. We do wish you indifferent. members would give yourselves the opportunity to become interested in our work, then it would not be hard to meet any of the obligations of our society. The Treasurer made her report and reminded us that only two months remained in this year and urges all delinquents to help her send into Conference a balanced account. Have your pledges been met, your dues paid, your free will offerings given?

We call special attention again to the Thanksgiving Bazaar—pretty things, dainty things, and serviceable things suitable for gifts besides all kinds of good things to eat prepared by good cooks.

The Society has a note coming due the first of December and the Bazaar is our main hope. Wont each Methodist contribute willingly and help us meet our obligations?

Every Protestant Church in the U. S. is planning to give a week in November to the study of our moral, social and religious conditions and to the effects that are being made for betterment, with the hope of making our Country God's Country. This campaign is known as "Home Mission Week." We will observe it with our annual week of prayer, which will be soon after Thanksgiving.

Next Monday, our next regular meeting, will be the Bible Study, lesson begins with 13 of Numbers and includes 6 chapters. Every member come and bring your bible.

#### Library Notes

The story telling hour was started last Saturday morning at the library, with Mrs. Williams in charge assisted by Mrs. Key. The room was well filled with children, ranging from the kindergarten age to the fifth grade. A few of the children in higher grades were present also some of the ladies interested in the work. The stories were well told and the children proved their delight in them by giving perfect attention. Many of the books suited to them were carried home by the older children. Miss Lipscomb will be in charge next Saturday morning at 10 o'clock and the children all know how well she can entertain them.

A nice lot of shelves and several new books have been added to the library this week. There are nine volumes of popular fiction among which are "The Masters Violin" by Myrtle Reed, a love story in a musical atmosphere, "The girl of the Limberlost" by Porter, the story of a girl of the Michigan woods and "The Free of Heaven" by Chambers, an interesting story with an Oriental touch of mysticism. Three books placed on the loan shelf are "Health by Exercise," "The Boy Problem" and "How to tell Stories to Children." Each one of the three is the best obtainable on that particular subject and are certainly worth your inspection. Library hours from 3 till 5 o'clock on Tuesday and Friday.

My father was a sufferer for years from Eczema. He tried everything else without result. Nothing did him any good. He grew worse and worse each year. He could not sleep at night. He was in a constant state of misery. He was finally cured by OVELMO. He writes me that he is now in perfect health and is able to do his usual work. He is now 70 years old and is in the best of health. He is now a member of the OVELMO Club. He is now a member of the OVELMO Club. He is now a member of the OVELMO Club.

#### Completely Cured

OVELMO worked like magic. My father and I hardly dared to believe our eyes. The itching ceased—pus no longer formed—the scales were replaced by new, clean, smooth, healthy skin—his general health improved—he could sleep well at night, and in a short time was completely cured. His case was well known, and his cure was so remarkable that the news spread all over the surrounding country. A little boy, whose father about the ankles had sloughed away almost to the bone, was next entirely cured by OVELMO, and the demand for it became so great around my home town that I was urged on all sides to place it before the general public. It is just as good for cuts, burns, bruises and shingles as it is for Eczema and Skin Disease.

#### 1000 Treatments Free

I want to prove to every interested person, free of charge, what OVELMO will do in all cases of Skin Disease. I want to introduce it everywhere, and am going to give away 1000 Test Treatments Absolutely Free of Cost and Postage Paid to those needing treatment who write me for it promptly. You can stop scratching—you need not be afraid to be seen in public—you can sleep well at night. The matted sore—the greenish crust—the scaly, bleeding, itching skin can be restored to health, made clean and smooth again. Just write a postal, or a letter stating the Skin Disease for which you want the treatment and the age of the sufferer and I will send you a Test Course by return mail, in plain wrapper free and postage paid. HASKELL, TEXAS, Nov. 9, 1912.

Those who have experienced trouble are more capable of appreciating joy. Likewise those who have suffered pain or ill health can better appreciate the return of ease and health. Why do we know? Because the junior editor has been suffering from an ingrowing toe nail the past month and had to have the peaky thing cut out.

The Cotton Palace was opened at Waco last Saturday. This will be a great occasion for those who visit Waco at this time. The junior editor lived at Hubbard City, near Waco, many years, and has many friends in and about Waco whom he would like to see, and would be glad to be able to take off a few days to see the "sights" and our friends, but we can not do so. We hope for the management and busy, hustling Waco a great time.

The Farm and Ranch very truly says: "There is no greater handicap to progress than narrow, stingy people. Their circle is so small and their influence so limited that the world never misses them when they are gone. Liberality is a great asset. Whether of money, counsel or influence, it means much to those with whom you come in contact and leaves you richer and better for the duties before you. Be liberal and leave an ennobling influence when you are called to your reward."

#### The City's Show Window.

The enterprise of a merchant can best be gauged by his show windows. There is nothing more impressive than attractive show windows. Likewise there is nothing more repulsive than illkept and dirty show windows. The streets and walks are the show windows of a city and their condition reflects the enterprise of the citizenship. There is nothing more inviting than paved streets and shaded walks and parks, but a city with muddy streets and dirty alleys will never convince visitors. A city should keep its show windows in good condition.

Here is a mighty good sermon in a few words by the Waco-Times Herald: "We have been asked to once more come down from the watchtower and beg for mercy for the horses and mules at the hands of their drivers. Where rests the blame? Is it in the merchant who demands greater service than is possible in one morning or afternoon? Is it in the customer who buys so inconsiderately—say a pound of coffee at 11 o'clock and a pound of butter at 12 o'clock, 'and send it right away'? Or is it in the thoughtlessness of the driver? No matter, insofar as the poor horse is concerned. The animal can't cry out; like the trained soldier, he must go uncomplainingly to his death. Brother man, bespeak for the horse kind treatment. Beg of the driver the utmost compassion. Or buy an automobile and run down your neighbors.

We owe it to ourselves and to those dependent upon us to conserve our strength and prolong our days. More people should live to a ripe old age and reap as they have sown. By observing the simple laws of health many of the fatal diseases to which man is heir may be prevented. Typhoid, malaria and tuberculosis are perhaps our worst enemies, yet much can be done to prevent these diseases. While we are practicing soil conservation let us not forget to conserve the human body for when health is lost all is lost.—Farm and Ranch.

#### Big Potatoes.

Mr. W. H. C. Brown of the west side was in town Monday and brought in a sweet potato from his farm that weighed five lbs. and fifteen oz. He said he had a quarter of an acre in potatoes and made 42 bushels.

We should always be ready to take advantage of every opportunity that comes to us. Yesterday is gone beyond recall; tomorrow may come; today is short, therefore it behooves us to be ready to respond to its calls. This may be applied in the business and social life alike.

#### How They Did It.

An old farmer and his wife lived near the village church. One warm Sunday evening, while they sat dozing on the porch, the crickets sat up a loud chirping.

"I just love that chirping noise," said the old man drowsily, and before the crickets had stopped he was fast asleep.

Soon afterward the church choir broke into a beautiful chant.

"Just listen to that!" exclaimed his wife, "ain't it beautiful?"

"Yes," murmured the old farmer sleepily, "they do it with their hind legs."—Lumber Review.

#### A Strong Hint.

"There is one good suggestion which Sampson in his last performance gave all other performers."

"What was that?"  
"When he brought down the horse, he did not attempt an encore."

#### Amusements.

The amusement-going public of this community will be afforded an opportunity of witnessing the latest comedy success. The management of our Opera House, ever on the alert to please his patrons, has secured through the Frank P. Prescott Amusement Company, their popular comedy drama "A Thorough-Bred Tramp."

The play deals with the attempts of an unscrupulous Bank President who has an unsuccessful rival for the hand of the Cashiers bride and in his mad frenzy of defeat, he fastens the crime of embezzlement onto the cashier and draws the web so closely around his victim that the cashier has to flee to avoid being imprisoned for a crime he is not guilty of. He escapes and becomes a successful miner in Colorado. The story has an interesting plot and a pretty love story runs all the way through and the innocent ones getting justice.

The picture is not imaginary nor are the characters over drawn. It is, as it were, a mirror reflecting the inner workings of some of our big institutions in our big cities where villainy and injustice hold the power and are only brought to light by a government sleuth, who unravels thread by thread the working of high handed unscrupulous criminals and brings them to justice.

The management in placing this latest comedy creation, "A Thorough Bred Tramp" before the public, has given it a cast of characters true to nature and surrounded the piece with scenic effects befitting the locality the scenes transpire in, afforded that pleasure on Friday Nov. 8, at the opera house.

#### New Germ To Kill Flies

Swatting the fly, tanglefoot fly paper, traps, poison and other devices for catching the ubiquitous fly, will soon be relegated to the scrap heap. Typhoid, dysentery and other plagues, inoculated into milk and meat by the housefly, will soon be given over to the limbo of the past, if the new fly parasite, just discovered, holds to its promise.

The prevalence of flies from May to November, breeding by the millions every week from each mother fly, has been a source of more infantile deaths, adult infections of typhoid, dysentery and other microbe maladies, than possibly all the bad milk and dirty water combined. Man has been relatively so powerless against the fly that newspapers every spring and Summer offer rewards of from \$1 to \$5 a million for all dead flies brought to them.

Health departments and National boards of sanitation have stood repeatedly appalled before the death dealing houseflies. Germand grandmothers and careful housewives have mailed them right and left, and kept their homes darkened in a vain effort to shut them out. The fly has been the bane of civilization for centuries.

But hope looms up at last. If the new germ works its havoc, when it becomes epidemic among flies, the dawn of a new era of hygiene and health will meet our longings. No more will the housefly loom large in the land. No more will its annoying buzz and its germ-laden legs levy tribute on human life.

Bottle-fed babies and bald-headed adults as well will be free from disease and annoyance, for two English doctors by the names of Dr. Edgar Hesse of Brunswick Park, New Southgate, and Dr. Monkton Copeman of the Local Government Board have discovered a microscopic fungus, or mold, so small and so fatal to flies that if one fly is inoculated with this germ and then set free an epidemic disease will prevail among flies so great that the insects will die by the thousands and drop "like flies" in all directions.

Dr. Hesse, who first found this contagious fly fungus, has given it the formidable and terrifying

name of empusa muscae. This means "death-dealing monster of flies." And it surely, according to reports, lives up to the reputation of its name.

This empusa muscae is so small that when planted in gelatin or agar—a sort of gelatin-like moss—the colony does not become visible until billions and billions of descendants have multiplied from the mother mold. This requires some hours, and then the multitudes only appear as large as a pinhead.

If a sharp needle barely touches this colony and is then made to scratch several large flies, which are then freed, an epidemic and contagious malady will spread among the flies of such vast proportions, according to the English scientists that nothing but complete annihilation of flies will stop it.

This microbial mold is harmless to human beings, dogs, cats and domestic animals generally. It is therefore easy to handle and results in no damage to nothing other than these winged pests.

Although it is too late this year to expect much success from this new fly disease, bacteriologists of the United States Government have ordered many test-tubes full of the newly-discovered English fly-killers, and hope before next year to have completed trials of the microbe on the American houseflies.

Every mother who has bottle-fed babies, every active worker, every district health officer, every sanitary board, as well as all the doctors and statisticians who realize the havoc wrought by flies, cannot fail to look forward to the success of this new discovery with keen interest.—New York American.

#### Dr. Post Dead.

J. S. Post of this city had a telegram a few days ago announcing the death of his brother, Dr. S. L. Post, who died at San Antonio, Nov. 1st. Dr. Post and family, consisting of himself, wife and son, lived here some years ago, and have many friends among the citizens of Haskell. His wife and son died some years ago.

## Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

## TAKE CARDUI The Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

### Thoughtful Office Boy.

The office boy looked at the persistent lady artist, who calls six times a week, and said firmly:

"The editor's still engaged."

"Tell him that doesn't matter, I don't want to marry him."

"I haven't the heart to tell him, miss. He's had several disappointments today."—Sketch.

The priest was remonstrating with one of his flock in an effort to make him give up drink.

"I tell you Pat," he said, "you should give it up. Whiskey is your worst enemy."

"Me enemy, is it, Father?" said Pat with a twinkle "and it was yer Riverence's self that told us only last Sunday that we should love our enemies."

"So I did, Pat," retorted the priest "but I didn't say you should swallow them."—Ladies' Home Journal.

### The Demons of The Swamps.

are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cts. at Jas. R. Walton.

"A Thoroughbred Tramp," tells a touching story of human interest, a story with a moral and forcibly told and beautiful in its pathos. It is the story which makes one better for the knowing, yet a tale of such dramatic force and virility that interest is heightened by every word and situation.

The quiet home is a fitting atmosphere. One feels at home by the fireside with the devoted young husband and wife; shudders at the entrance of the villain whose only purpose is to destroy the reputation of the husband in order to get the possession of another's wife. One cannot help but admire the fidelity of the wife to the sorrowing wife and glory in the unflinching energy of "A Thoroughbred Tramp," who finally runs the evil doer to the end of their rope and right triumphs over might. "A Thoroughbred Tramp" will be the attraction at the Haskell Opera House on Friday night Nov. 8th.

"It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used," writes Mrs. Hugh Cambell, of Levoina, Ga. "I have used it with all my children and the results have been highly satisfactory." For sale by all dealers.

### To Teachers.

The Haskell County Teachers Institute will convene Friday November the 22nd, and will continue in session five days, closing Wednesday the 27th. "Teaching Children to Study," by Earhart, is the name of the book adopted for institute use. This book may be secured from the county superintendent's office at the same price as offered by the publishers, Houghton Mifflin Company.

### What Texans Admire.

is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made. Excellent for stomach, liver or kidney troubles." 25c at Jas. R. Walton.

### He Was Not Green.

Waiter (suggestingly)—Would you like a plate of green turtle soup, sir?

"There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.

### A Matter Of Taste.

He was the sort of young man who takes a girl out and talks a lot of pretty things, but never dreams of buying anything, not even a penny bar of cocoanut coffee.

They had been walking out together for quite a time, and she was getting a bit tired of it. One evening they came to a pause outside a gayly decorated confectioner's shop.

"Look, darling," he whispered gushingly. "I can see your beautiful, sweet face quite clearly in that window!"

But she was determined on making a change.

"That's all right, George, about my sweet face," she said coldly. "I'm tired of hearing about it! I wish you'd remember my sweet tooth occasionally instead."

### Not Fit For Ladies.

Public sentiment should be against it, and we believe it is, there can be no reason why ladies should have to suffer with headaches and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25c and 50c bottles.

"Bridget, didn't I hear you quarrelling with the milkman this morning?"

"Sure not. His hired girl's sick, an' I was inquiren afther her. But he's an impolite devil."

"How's that?"

"Says I: 'How's your milkmaid?' An' he looked mad an' says, 'That's a thrade secret.'"—Kansas City Journal.

### Eyes Sunken With Pain.

Three years ago I had a very bad spell of neuralgia which caused my eyes to become sunken and bloodshot with pain. Hunt's Lightning Oil was recommended and after using, the pain left and has not returned, says A. M. Coffey, 316 Van Buren Street, Leichfield, Ill. This wonderful medicine is sold by all druggists everywhere.

"How yez anny ancistors, Mrs. Kelly?" asked Mrs. O'Brien. "And phwat's ancistors?" "People ye spring from." "Mrs. O'Brien, listen to me, said Mrs. Kelly impressively "Oi come from th' rale sthock of Donaghans that spring from nobody they spring at them."—Ladies' Home Journal.

Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.

# HASKELL COUNTY

This county is thirty miles square. The soil in the north west part is deep sandy alternated with stretches of black. The balance of the county is deep Black sandy soil, with occasional stretches of red loam. All the soils of Haskell county are extremely fertile. Ninety per cent of the county is tillable. There is mosquito timber enough for fuel and fence posts.

## THE CITY OF HASKELL

Haskell, the county seat, was laid off in 1884. It is a modern town, substantially built in stone and concrete, has an up-to-date water system owned by the city, supplied with never failing wells of the purest water. Electric light and ice plant of modern construction, Oil Mill, Broom Factory, Grain Elevator and Creamery. This city is in the center of the county and has 3000 inhabitants. Is on the Wichita Valley railroad, near the geographical center of the state. Cotton, corn, kaffir, maize, millet, alfalfa, wheat, oats, sorghum and fruits, such as peaches, plums and apricots do well. Forty pound watermelons are an average and they have been raised that weighed as high as 104lbs. Cantelopes are a sure crop. Haskell county never fails to produce one bale of cotton for every inhabitant, and the census shows it to produce more cotton than any other county in Central West Texas.

## FOR SALE

No. 10. 18 sections of ranch land in Culberson Co., Texas, all fenced and cross fenced, abundance of water. 16 other sections under the same fence and leased for a long time at six per cent per acre, 8 of the 18 sections are good agricultural lands. 10 sections are rough but good grass lands, there is a State debt of \$1.38 due in 30 years at 3 per cent. ### Feelings

A few days ago Maud, who was a little jealous of Ethel, said: "When you broke your engagement with Jack, of course you returned the diamond ring he gave you?" Ethel answered promptly: "No, and I don't intend to, either. I don't care for Jack any more but my feelings have not changed toward the ring."—National Monthly.

### Mere Man—Pah!

"What you want, I suppose, is to vote just like the men do?" "Certainly not," replied Mrs. Smasher—Splasher. "If we couldn't do better than that, there would be no use of voting."

### The Mix.

Gus—If you don't give it to me at once, I'll kiss you.  
Madge—And if I do give it to you, will you let me alone?  
Gus—Certainly.  
Madge—Well, you can't have it.

### Hard Order To Fill.

He was a sad-faced American tourist, and as he seated himself in a London restaurant he was immediately attended by an obsequious waiter.

"I want two eggs," said the American, "one fried on one side and one on the other."  
"Ow is that, sir?" asked the astounded waiter.

"Two eggs—one fried one side and one on the other."  
"Very well, sir."

The waiter was gone several minutes, and when he returned his face was a study.

"I said, very distinctly, two eggs—one fried on one side and one on the other."  
Oppressive silence, and then a dazed "Very well sir."

This time he was gone longer, and when he returned he said anxiously "Would it be asking too much, sir, to have you repeat your order, sir?" "I can't think I've it right, sir, y' know."

"Two eggs," said the American sadly and patiently—"one fried on one side and one on the other."

More oppressive silence and another fainter, "Very well, sir."

This time he was gone still longer. When he returned his collar was unbuttoned, his hair disheveled and his face scratched and bleeding. Leaning over the waiting patron, he whispered beseechingly:

"Would you mind taking boiled haggis, sir? I've had some words with the cook."—Petroleum Poultry Journal.

### Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, its most reliable of throat and lung medicines. Every bottle guaranteed, 50c and \$1.00. Trial bottle free at Jas. R. Walton.

"What happened to Babylon?" asked the Sabbath school teacher.  
"It fell," cried the pupil.  
"And what became of Nineveh?"  
"It was destroyed."  
"And what of Tyre?"  
"Punctured!—Presbyterian of the South."

### Heard in Haskell.

**Bad Backs Made Strong—Kidney Ills Corrected.**

All over Haskell you hear it. Doan's Kidney Pills are keeping up the good work, curing weak kidneys, driving away backache, correcting urinary ills. Haskell people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and of color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Haskell citizen's advice and give Doan's a chance to do the same for you.

Mrs. W. T. Newson, Haskell, Texas, says: "Our experience with Doan's Kidney Pills proved that they are very effective in driving away pain in the kidneys, trouble with the kidney secretions and other symptoms of kidney complaint. We have known of the merits of this remedy for a long time and have never hesitated to recommend it to kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Willis—Do you think a man should be allowed to hold the highest honor in the United States more than four years?

Gibbs—Sure thing! I say, if a man can top the league in batting for 10 or even 15 years, let him stay in the game for the good of the sport.—Puck.

### SIMPLE MIXTURE HELPS HASKELL PEOPLE

That simple remedies are best has again been proven. The Corner Drug Store reports that many Haskell people are receiving QUICK benefit from simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, the German appendicitis remedy. A SINGLE DOSE helps sour stomach and constipation INSTANTLY because this simple mixture antiseptizes the digestive organs and draws off the impurities.

Old Gentleman—Now, kiddies, do you want me to have a game of romps with you? Eh?  
Youngster—Oh, no! We're playing at Indians, and you'r no use. You're scalped already!—Punch.

### Trustee Sale.

State of Texas,  
County of Haskell,  
Whereas, by virtue of authority vested in me as Trustee named and appointed in a certain deed of trust, recorded in vol. 9, page 65 in the deed of trust records of Haskell County Texas, executed and delivered to me on the 7th day of September, 1911 by Mrs. M. E. Terry to secure the payment of one promissory note for \$621.00, bearing interest at the rate of 10 per cent per annum from date, payable to the order of J. U. Fields, providing that in the event default should be made in the payment of said note at maturity and it should be placed in the hands of an attorney for collection, then an additional amount of 10 per cent on the principal and interest of said note should be added as collection fees, the same having been duly executed for value received and by her duly delivered to the said J. U. Fields on the day of this date, viz., September 7, 1911, and the same became due and payable on September 7, 1912.

And whereas, the said J. U. Fields is the legal owner and holder of said note and the said Mrs. M. E. Terry made default in the payment of the same at maturity, that it was there after on the 10th day of October 1912, placed in the hands of H. G. McConnell, an attorney, for collection, and the same is now due and unpaid including all the principal, interest and attorney's fees thereof provided for in said note and said deed of trust,

And whereas, I have been requested by the said J. U. Fields to enforce said trust, I will offer for sale between the legal hours thereof, to-wit, between the hours of ten o'clock a. m. and four o'clock p. m. at public auction to the highest bidder on the first Tuesday in December, A. D. 1912, the same being the third day of said month, at the court house in the city of Haskell, in Haskell County Texas, all that certain tract or parcel of land lying and being situated in the County of Haskell, State of Texas, and being a part of survey No. 4 in Blk. No. 1 on the H & T C. R. R. survey abstract No. 525, certificate No. 832, patented to John A. ### Citation By Publication.

To the Sheriff or any Constable of Haskell County—GERTING:  
You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Haskell, for four weeks previous to the return day hereof, L. A. Combs whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in the town of Haskell on the 25th day of November, A. D. 1912 then and there to answer a Petition filed in said court, on the 22nd day of October A. D. 1912, in a suit numbered on the docket of said Court No. 1404, wherein Beatrice Combs is plaintiff and L. A. Combs is defendant. The nature of the plaintiffs demand being as follows, to-wit:

That on the 21st day of May A. D. 1907, plaintiff was legally married to the defendant and continued to live with him as his wife until the 26th day of February, A. D. 1908, when the defendant did, without any cause or provocation, whatever, voluntarily leave and abandon plaintiff, with the intention of living separate and apart from her and has continued to so live.

That plaintiff never caused, procured or consented to defendant abandoning her and that defendant refused to live with her any longer and still refuses to do so.

That during the time plaintiff and defendant lived together there was born to them one child, a girl, now four years of age, whose name is Johnnie. That defendant is not a suitable person to have the custody of said child.

Plaintiff prays for a judgment dissolving said marriage relation, for the custody and control of her child Johnnie Combs, for her maiden name of Dyer to be restored to her, for cost of suit, for general and special relief.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell Texas this the 22nd day of October, A. D. 1912.

Guy O. Street,  
Clerk District Court,  
Haskell County, Texas.  
By Buford Long, Deputy.
