# rears ut service

We're having an anniversary. As of this month, it has been our privilege to serve the people of South Texas for 40 years. We've grown with the area we serve ... and helped it grow. Dependable, low-cost electricity has made farms and ranches more productive; helped develop natural resources; stimulated industrial expansion; made life easier and happier in the home. Central Power and Light Company and its employees . . . more than 2,000 of your friends and neighbors . . . look back with pride on four decades of good service and good citizenship. At the same time, we look ahead to still greater service opportunities in the new age of electrical living. As electricity works for you in more ways, we at CPL are making sure that you will continue to have the best possible service at the lowest possible cost. We're planning ahead to help you live better . . . electrically!
