

Along The Waterfront

Some excellent catches have been made in the Rockport Yacht Basin the past week, and Oscar Lee says that fish are being caught in front of the Beacon Courts.

On the ways at Rockport Yacht and Supply were three big shrimpers, the Carey, Flying Enterprise, and the Southern Star, along with a couple of Corpus Christi cruisers, the Wolverine and the Moltroy.

At Taylor Oak Trailer Park, guests have been coming in with some nice trings, too. Last Thursday, Jerry Hodges, of Crosbyton, Texas, caught 6 nice trout. Friday Mrs. Maud Stansell caught 7 trout, one of which weighed 3 1/2 pounds.

Saturday Mr. and Mrs. W. S. Skinner, San Antonio, fishing in the Yacht Basin, came in with 42 trout, and another catch made there the same day was that of Fred McElya, of Houston, who had 22 trout on his stringer.

Jerry Hodges caught 22 trout to brag about to this friends in Crosbyton, and Al Smith, got 27. Sunday Bob Naper and Mom Roper caught 24 specks, and Monday Dick Berry caught one that weighed 4 pounds.

At Rockport Boat Works there were a number of shrimpers hauled out. These included the Beachcomber, Harriet Ederer, Gulf Pride, and the Barbara. The Wolf, of Port Aransas was hauled out, also.

At Rattlesnake Point, Mrs. Faucett came up with a string of catches.

Friday: Buck Payne and T. H. Thorp, Center Point, 12 trout and 7 reds, totaling 57 pounds. Mr. and Mrs. Buddy Tyll, San Antonio, checked in with 45 reds, drum, trout and sheepshead.

Saturday Jupe and George Eckert, San Antonio, caught 16 reds, 15 drum, and 2 sheepshead. Woody Ogleby and Ed Hooper, Corpus Christi, 11 trout and 3 sheepshead.

Sunday Ed Miller and his son, Allen, and Otto Rowe, of San Antonio, 24 trout, 3 reds and a drum. J. M. Parkman and W. B. Foster, San Antonio, 50 nice trout. A. E. Wilson of the Panhandle and John Howell, Amarillo, caught 2 drum, 7 sheepshead and 19 trout. Carl Kreuger and Ed Tolliver, San Antonio, 10 trout, 10 drum and 3 sheepshead. Edward Caro and Frank Munoz, Pleasanton, 15 trout and a drum.

Tuesday Jerry Oulliber, Sinton, 108 large trout.

Wednesday O. W. Roberts, Sinton, 5 trout and a drum. Horace Rideout and Kenny Roethe, San Antonio, caught 45 large trout, and 1 large drum. Jessie Crawford, Jim Wells and Chuck Halford, San Antonio, 22 trout. Gus Dietze and J. R. McCarty, Karnes City, 54 trout. Pete Forest and Jerry Oulliber, Sinton, 12 trout. Joe and Bill Mayo, Odem, 18 drum and 3 reds. O. J. Derick, Rockport, 12 trout, 2 drum and 1 sheepshead.

FLOATING BOTTLE FOUND BY HOTTLE

Bill Hottle, Jr. found a bottle this week, and thereby hangs a tale, for in that bottle was a note that said: "Help, 40 mels, Cuba", on a piece of waterstained paper.

And now everyone is wondering whether it was some shipwrecked sailor off Cuba that flung the thing overboard as a last despairing gesture, or whether some youngster, playing at Robinson Crusoe that though the whole thing up.

One thing Bill's sure of: He found the bottle, which looked like a whiskey bottle, on the beach in front of Balboa Courts, sealed with a cap, and he had to break it to get the note out.

As the tide was in the bay, it is unlikely that it was ever tossed overboard in the Gulf. More likely it was a prank.

Annual Clothing Drive Scheduled

According to Father G. J. O'Doherty, the Sacred Heart Altar Society is readying itself for an all-out effort in the 1957 Thanksgiving Clothing Collection, scheduled for the week of November 24-30, as more Rockport people than ever before are expected to participate in the annual one-week campaign for usable clothing, blankets, bedding and shoes, collected on behalf of the millions of destitute refugees, expellees, and poor of all faiths in other lands.

The Altar Society, which will have "Operation Clothes Closet" in charge, met Tuesday night, and elected Mrs. A. R. Curry, drive chairman. Mrs. Dick Fox is telephone chairman; and those in charge of the various committees to receive donations are the Misses Genevieve and Mabel Bracht and Veronica Klaeser, Mrs. Bill Wendell, Mrs. A. C. Shivers and Mrs. W. F. Close.

Collections stations for the drive, according to Mrs. Close, will be the Sacred Heart School, where clothes may be left any day in the week of November 24 to 30, inclusive, during school hours, and the Sacred Heart Hall, where there will be ladies on duty to receive the gifts from 2 to 4 every afternoon on November 28, 29 and 30.

If it is not possible to deliver the clothes to these places, Mrs. Close said that a telephone call to Mrs. Fox will bring someone to pick them up.

Father O'Doherty points out that these gifts will go to the destitute of all faiths, and urges everyone that has any material of the kind sought to deliver it to one of the collection stations, for the more than 16,500,000 pounds collected last year have been distributed. The clothing collected by each parish is forwarded, through the Catholic relief services, to those in many countries for whom these items are literally precious.

While the focus of need is reportedly shifting away from Europe, with the exception of those countries in the south, millions of men, women and children in the countries of the Near, Middle and Far East, as well as in South America and Africa, actually live in rags. This is primarily because their entire earnings, if any, must be spent for food to keep them alive, Father O'Doherty said.

Used clothing, that which has been outgrown or set aside, will be welcomed, and especially all wearing apparel, bedding and blankets. Such articles as pocket-books, women's straw hats, high-heeled shoes and the like are of no use. Only wearable practicable shoes, and only those tied in pairs are acceptable.

Father O'Doherty urges everyone to give, no matter what their faith or creed, for the relief goes to everyone that needs it, no matter where they are, or what their religion.

Minister At Fulton Accepts Houston Post

The Rev. George Merriman, pastor of the Fulton Baptist Church for the last three years, has resigned to accept the position as assistant pastor and choir director for the Gardendale Baptist Church, Houston.

James Lively, ministerial student at the University of Corpus Christi, has been named interim pastor and his brother, Jerry also a University of Corpus Christi student, as choir director.

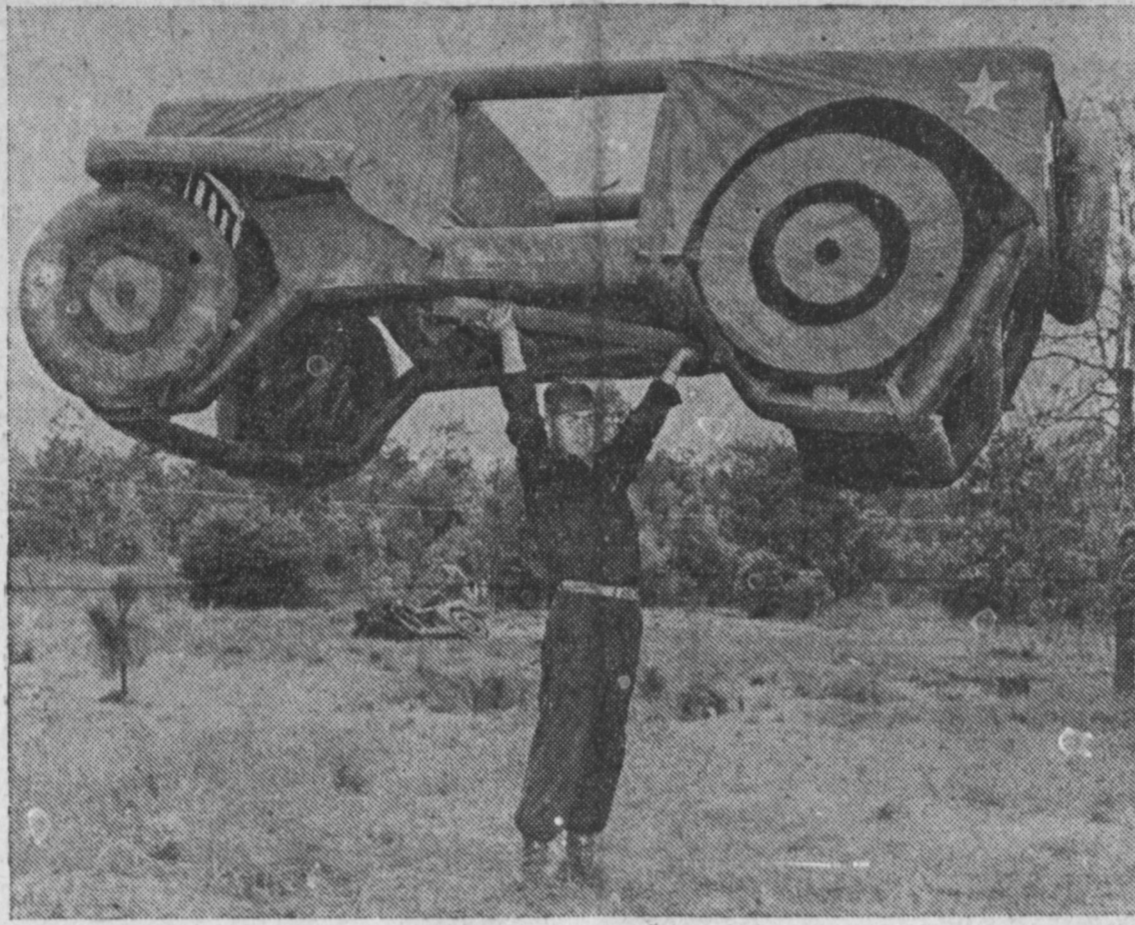

HOME AND FAMILY LIFE STUDY GROUP TO BE HELD

A home and family life study group, under the supervision of the Rockport Ministerial Association, and in cooperation with the Aransas County Parent-Teachers' Association, will be held at 2 p.m. on Tuesday, November 26 at the High School.

The Rev. A. Arnott Ward will be the speaker for this particular occasion, and all parents of the various churches and of the community are urged to avail themselves of the opportunity to share in the study of the foundation of the family—marriage—an important and timely subject.

Mrs. John Allemang was admitted to the Elliot-Hughes Hospital Wednesday for minor surgery.

Mrs. Joyce Ann Passmore was admitted to the Elliot-Hughes Hospital Sunday evening for minor surgery. She is at home now, recovering nicely.

NO STRONG MAN—Corporal G. Brown of Chicago is lifting only an inflated rubber jeep while instructing aggressor troops at Fort Riley, Kans. Pneumatic "hardware" is a camouflage trick.

Thanksgiving Service To Be Held

A Union Thanksgiving service, sponsored by the Aransas County Ministerial Association, will be held at 7:30 Wednesday night, November 27, at the First Methodist Church.

The invocation and offertory prayer will be given by the Rev. A. Arnott Ward, pastor of the First Presbyterian Church, and the Rev. C. Wilson Brumley, of the First Baptist Church, will read the Scripture lesson.

Harry Carter, Lay Minister of St. Peter's Episcopal Church, will present the Thanksgiving sermon, and the Prayer of Thanksgiving and the benediction will be given by the Rev. Asa F. Avant, of the First Methodist Church.

C. D. McLure will be at the organ and will give the prelude, offertory and postlude, and will accompany a joint choir of the member churches, which will present the Thanksgiving anthem, "Thanks Be To God," which will be directed by Mrs. E. F. Everett.

First Basketball Game of Season Scheduled Tuesday

Basketball Coach Dave Segler, who is up and around again after a siege in the hospital, says that the Pirate Basketball season will get underway next Tuesday, November 25, when A and B games are scheduled, starting at 6:45 p.m.

Bishop Dicus To Visit In Fulton Beach Home

The Rt. Rev. R. Earl Dicus, D. D., suffragan bishop of the Episcopal Diocese of West Texas, will be the guest of Mr. and Mrs. L. E. Sanders at Fulton Beach Sunday, on the occasion of his visit to South Texas for the weekend.

GUNTER NAMED CP & L TRAINING DIRECTOR

Corpus Christi, Texas. — Appointment of Thomas B. Gunter to the newly-created position of training director for Central Power and Light Company was announced today by L. D. Collins, CPL director of employee relations.

Gunter, Corpus Christi CPL manager for the past year, will move to the new post about Dec. 1. A. L. (Lon) Lacey, the company's Corpus Christi commercial manager, will assume Gunter's duties as manager.

The new CPL training director will work in the company's Home Office employee relations department, but will be responsible for employee training activities throughout the South Texas area served by the utility company.

BRUCE DAVIS FAMILY MOVES TO HOUSTON

Mrs. and Mrs. Bruce Davis and three children left Saturday to make their home in Houston where Mr. Davis is a member of the faculty of the Sidney Lanier Jr. High School.

Woman's Club Votes For Christmas Decorations

At a meeting held before the card party Monday it was decided by the members of the Womens Club to donate towards the City's fund for Christmas lighting for the streets of Rockport. It was also voted and approved to decorate both the inside and outside of the Womens Club building with appropriate Christmas decorations.

Mrs. Lenoir, chairman of the Christmas cake sale announced that December 17 would be the last day that orders for the fruit cakes and other Christmas goodies could be accepted. So hurry and place your orders now both for family use and for the most decorative and useful Christmas gifts for friends, relatives and business associates. Telephone Mrs. Lenoir and she will send a club member with illustrated matter showing the attractive containers that these rich, luscious Christmas cakes and petit-fours come in, already wrapped to give away.

Bank Building May Be Ready In January

The new building of the First National Bank will probably be ready sometime in January, according to A. C. Glass.

"It has been delayed by material shortages," he said, "about a month longer than we anticipated. We had thought we might get into it about December, but the building will not be ready for occupancy until after the first of the year."

BEST SELLER NOW ON COUNTY LIBRARY SHELF

Number 1 on the "Best Seller" list, "By Love Possessed", author James Cozens, is now available at the Aransas County Library, according to Mrs. Everal West, librarian.

This book has topped the list of best sellers for the past several weeks and she is glad to announce that local readers may now be able to check the book out.

FIRST BAPTIST TO HAVE FISH SUPPER THIS EVENING

The First Baptist Church is holding a churchwide fish supper at Fellowship Hall this evening at 6:30. It is sponsored by the W. M. U. and the Brotherhood.

SAFETY COUNCIL TO MEET MONDAY

There will be a meeting of the Rockport-Fulton Area Safety Council on next Monday evening, in the Chamber of Commerce building, according to Dudley Bracht, president of the organization.

Mr. and Mrs. David Herring arrived Wednesday afternoon from Venezuela, with their son, David, to spend their vacation.

Mrs. James C. Herring, County Clerk, was injured Thursday, when she dropped one of the big deed record books on her foot.

The Methodist Church Choir met at 7:00 p. m. Wednesday night followed by a combined rehearsal of both the regular and the young people's choir, preparing for the Thanksgiving service.

FHA Presents Style Show

"Winter Wonderland" will be the theme for the style show to be presented by the members of the FHA of the Aransas County High School Friday night at 7:30 at the high school auditorium.

The 30 girls participating will model clothes which they have made also fashions from Townsend's Dress Shop and Sparks Dry Goods of Rockport and Pert's Fantasy of Fashion of Aransas Pass.

The final theme will be a Christmas setting and will include "Winter Wonderland" sung by Miss Rosemary Walthall "Bless This House" by Loretta Wilson and a Christmas reading by Guy Clark, with Mrs. Billy Bates, accompanist.

Mrs. Edith Cruser, is sponsor of the event and Barbara Schuster is the narrator. Admission is 50 cents for adults and 25 cents for students.

Following the show, there will be a reception in the home making department to which all guests are invited.

Rotary Club Hears CBTA Group Today

"The Tourist Business and How It Affects Rockport" was the program presented today at the Rotary luncheon, by Herbert Morrison, president of the Coastal Bend Tourist Association. Oscar Koepke, former president and Bob Conwell, manager of the Association's office in Corpus Christi accompanied Morrison, who was presented by Homer Faber, of the Dy-sart Pest Control Co.

Guests were Wesley Martin, Monahans; A. J. Griffith, Plainview; O. R. Stewart, Ingleside; Mrs. Mary Juergens, manager of the local Chamber of Commerce; Ernest Simmons, Lovington, N. M.; John Sutherland, Fulton and George Dickey, Rockport.

MR. CARL VANCE PASSES AWAY

Mr. Carl Vance passed away last Thursday morning from a heart attack at Surf Courts, which he, Mrs. Vance, and Bob Winton, his stepson, have operated for several years.

After a brief prayer service at Cagle-Marshall Funeral Home in Aransas Pass, conducted by the Rev. Asa F. Avant, of the First Methodist Church here, the family left for Oklahoma City for interment.

FIRST AID CLASS STARTS

A new class in first aid was started at the meeting of the Aransas County Emergency Corps, Thursday night at the Fire Station.

Twelve members enrolled in the ten-hour course and there is room for two more in that class, according to Dick Fox.

Also released from the Elliot-Hughes Hospital Monday was Manuel Streeter, son of Mr. and Mrs. Robert Streeter, who had undergone an emergency appendectomy.

Timmy Benavides was released from the Elliot-Hughes Hospital Monday, after an emergency appendectomy. He is recovering nicely.

Coast Guard Approves Navigation Aids For Fulton and Northern Aransas Bay; Buoys and Lights soon To Be Installed

Chief J. C. Chiguizola, of the Port Aransas Coast Guard Station, announced today that 8th District Coast Guard Headquarters in New Orleans has authorized navigational aids for Fulton Harbor and channel, and the north end of Aransas Bay, in response to various requests of Aransas County Navigation District No. 1.

These aids are as follows: A light on the left hand side of Fulton breakwater going out, to be built by the Coast Guard tender Myrtle within the next week or two.

A lighted buoy, No. 2, on the left hand side of Fulton Channel going out and an unlighted buoy, No. 4, on the same side of the channel, to be painted red.

Two other unlighted red buoys, No. 5 and No. 7, will mark the right hand side of the channel leaving the harbor.

In the north end of Aransas Bay, lighted buoy No. 1 will mark the channel between Two-by-Four and Peanut reefs; another lighted buoy, No. 2, will mark Scotch Tongs Reef, and a third, lighted

buoy No. 3, will be on the seaward end of the old Japonica Reef.

All these aids will be established by the Coast Guard tender Primrose as soon as possible.

Establishment of these navigational aids is one of the more important accomplishments of the District in 1957, yet few people have any idea of the tremendous amount of planning and paper work involved before the buoys and lights could be installed.

As Fulton harbor and channel were the work of the Navigation District rather than the Federal government, approval first had to be obtained from the Corps of Engineers for Federal maintenance. Unless this is done, no Federal money may be spent on such a project, and the Coast Guard cannot use any of its funds for installation of aids.

However, once the Corps of Engineers has okayed the project, the Coast Guard is notified, and it then becomes its business to see that the proper amount and kind of buoys and lights are installed.

In the present case, before any final planning was done, Commissioner Raymond Owens, of the Navigation District, and Chief Chiguizola made a number of trips to the area where navigational aids were needed. This included not only Fulton harbor and channel, but also the north end of Aransas Bay, where the Navigation District wanted to facilitate movement of the barges of the Southern Minerals Corporation and the Peninsula Pipe Line Company, used to transport approximately 300,000 barrels of oil a month from the fields of Live Oak Peninsula and in Copano Bay.

The two men, after these trips and conferences, then drew up a light and buoy plan for the region in question, and this was forwarded to Coast Guard headquarters in New Orleans, along with blue prints of Fulton harbor and channel which had been requested by the Coast Guard Operations Officer.

These plans were also accompanied by supporting evidence consisting of letters, traffic reports, tonnage reports, requests that the Navigation District had received from the oil companies and other individuals interested in the marking of the region and similar material. From all of these, the Operations Officer checked to see that the plan was adequate, and on this material based his decision for approval of the aids.

A similar process was necessary when the lights at the entrance to Rockport harbor were changed some time ago.

However, with completion of the tasks set for the Myrtle and Primrose, some time within the near future, the district's two harbors will be well lighted and easy of access and the north end of the bay will have adequate aids.

This area is important because of the tonnage of crude shipped from the Oakpoint and Lamar terminals, which must navigate the Copano Bay and North Aransas Bay areas. These terminals accumulate crude from the fields in the area for shipment into tidewater terminals and refining areas, and the cargoes must move regularly, with little regard for navigational conditions.

Proper navigational aids of the type that will be installed, will greatly reduce hazards to life and property in these and similar operations.

Mrs. Grady West Elected President Of W.M.U. At Sinton

Mrs. Grady A. West of Rockport was elected president of the Woman's Missionary Union, auxiliary to the Baptist Convention, District 5, at the annual session Monday.

The meeting was held at the Sinton First Baptist Church. Others elected and installed at the meeting were: Mrs. Harry Hamblin of Harlingen, recording secretary; Mrs. I. W. Basham of Goliad, treasurer, and Mrs. J. H. McMahan of Corpus Christi, Young Women's Association director.

The Rev. Wilson C. Brumley was elected secretary of the General Convention of Baptists in District 5 at the same meeting.

Cecil (Bopey) Cole is on vacation this week.

NEWS LETTER

From Harold B. Parish
Representative 35th District

November 18, 1957

Dear Friends:
My apologies for not having written to you last week. However, I was very busy with the water bill and was not able to take the necessary time to do so. As you know, the first called session ended at midnight on Tuesday and the Legislature wrote legislation which provided for most of the things on which the Governor had made the call.

Many times I have been asked by you people there at home about how legislation is written and enacted, and since I took a very active part in the water legislation during the first special session, I would like to take this opportunity to tell you about this water bill so that you may see how complicated this legislative process becomes.

First, the Governor wrote a water bill prior to the beginning of this session. This bill was introduced in the House and the Senate. The House Committee met and re-wrote the bill which, in effect, did several things. After the Committee reported the bill to the House, the House debated the bill and with several amendments it was passed to the Senate. Representative Bill Woolsey of Corpus Christi was the Governor's sponsor of this bill, and the bill as it left the House, provided for the establishment of a Planning Division under the Board of Water Engineers with direction to compile data and make a Master Plan of the water resources of this State. In making the statewide Master Plan, the Planning Division was to adjust the river authorities and local political subdivisions plans to conform to the statewide plan, and after the Plan was made, the Planning Engineer would then make his recommendations. The philosophy of the Governor's bill being to change all the plans to conform to one central statewide plan and give the Planning Engineer full authority to set the water policy in the future. The controversial amendment which provided that anyone impounding 200 acre feet of water on his own property could use this water for any beneficial use whatsoever, caused the filibuster in the Senate, which killed the Governor's water bill sponsored by Rep. Woolsey.

I was the House sponsor of the Senate bill which had been amended in the Senate to provide a Planning Division under the Board of Water Engineers with the responsibility and authority to gather the information and to provide contracting for conservation storage space behind Federal reservoirs. The Senate financing feature was much less than the House bill financing feature and the Senate bill did not require the making of a Master Plan and left the Board of Water Engineers operation as is now constituted without the requirement of changing river authority plans, etc.

The morning the Senate started debate on the House bill, I met with the Conservation and Reclamation committee and asked them to postpone the hearing on the Senate Bill until we found out what the Senate was going to do with the House Bill. If the Senate had acted favorably on the House Bill there would have been no reason to report the Senate Bill out of Committee, however, the Senate filibuster and resultant delay killed the House Bill due to the 200 acre feet amendment.

The House Committee went ahead that morning and reported the Senate Bill with the House Bill as a substitute and the 200 acre feet amendment was then placed back into a point of controversy. I had requested to see the Governor about the Senate Bill but did not get to see him until the Senate had adjourned after they had, in effect, killed the Woolsey bill. I met with the Governor and prevailed upon him to help me pass the Senate bill with 5 amendments that I proposed to be placed on it in the House. One amendment was a corrective amendment; the 2nd amendment required the formulation of a statewide plan; the 3rd amendment required the Board to furnish the information to the members of the Legislature; the 4th amendment placed the House financing section in lieu of the original Senate financing; and the 5th amendment required the approval of the Legislature on a separate basis of those contracts that will be made with the federal government for State conservation storage behind federal projects.

During our discussion I brought out several points, one of which was that the 200 acre feet amendment was not germane and could not be placed on the Senate bill and would thereby remove the controversy and break the deadlock that existed in the Senate over this amendment within the Governor's original bill, as sponsored by Woolsey.

The Governor agreed to go along and support this version with my amendments. As sponsor of the Senate Bill, I placed those amendments on the bill the next day. Rep. Woolsey offered the original House Bill as a substitute once during the day-long debate, however, he was advised of the agreement and withdrew the substitute. We were successful in keeping the controversial 200 acre feet amendment of the bill and in keeping the Senate bill with my

amendments intact until the last vote. At that time, the Woolsey bill, without the 200 acre feet amendment, was offered, and Woolsey voted for it, causing the Governor's forces to believe that the Governor had changed his feelings on our agreement. I would like to state that the Governor remained true to his agreement and this change was not his idea.

We then passed the bill through the House and the Senate refused to concur in the House amendments after the House substitute was placed on the bill. The Conference Committees were then appointed to adjust the differences between the two houses with Senator George Parkhouse of Dallas, the author of the Senate Bill, as chairman of the Senate conferees and I was chairman of the House conferees.

After several days of work and many long conferences we made out conference committee report which was principally the Senate bill with the five amendments that I placed on it in the House. There were many side issues involved on this piece of legislation and I am grateful for the opportunity that I had in formulating this bill, which in my opinion, will be the foundation in providing a future water program for the State of Texas. While the Conference Committee had many bitter moments and personalities became involved, I feel that our actions were successful, in that the House had originally come so close to killing the water bill and then ended up supporting our Conference Report with only seven members voting against it.

We didn't get everything that we desired and I realize it is not the perfect solution to our water problems, however, I feel that it is a tremendous step in the right direction and I am very proud that we were able to make it at this time.

We finally passed the Lobby Bill after there was an attempt to block it. Many were disappointed in that the Lobby Bill did not go further than what the Conference Committee reported, however, the Governor is well pleased and most of the members feel that this, too, is a step in the right direction.

As you know, the Governor issued a second call for the so-called Troop Bill which would require the closing of schools in event of violence or a threat of violence or in event troops were used to enforce federal court orders. An-

other provision of the bill would require that the State continue to support such schools or so long as they are closed. As I sit here writing this letter to you, the State Affairs Committee is hearing witnesses for and against this bill. Many of the witnesses feel that this is a matter that should be left entirely up to the School Board as to whether or not a school is closed. Another point brought up was the provision of the bill which would allow for the closing of schools on the threat of violence which, in one witness' opinion, was legalizing the playing of hookey and inducing the thought of causing disturbances on the part of the students so that they would not have to attend school.

As a matter of prediction on the bill as to what course it will finally follow, I would predict that the bill, as finally written, will authorize the local school boards to close schools when, in their opinion, they feel it is necessary and will provide that they will receive State funds only to the extent that they can provide the required number of days of attendance in the classroom for the year. The Committees should have this bill reported out and before the respective Houses sometime this week and we may be able to take action toward the end of this week or at the beginning of next week. I doubt if there will be too much objection, if it follows the course that I have predicted above.

I would appreciate hearing from you on this most important bill, as I feel that this is a matter on which the local school boards should have sole responsibility. The responsibility to preserve the peace, as stated in our Constitution, is one of the duties of the Governor and is a matter which will always be within his authority in event a local School Board is not able to solve its own problems. The Attorney General's opinion on this bill, as introduced, stated that we could not take the Governor off the hook on matters of this nature, as it was written in the Constitution that he must preserve the peace in event a local agency did not do so.

I appreciate the invitation and opportunity given me by the Chat-Work Club in Portland to make the dedicatory address last Sunday for their new library. Their fine work and community efforts are to be highly commended.

I have heard rumors that there may be other matters submitted during this session and if there are, I can look forward to being here a full 30 days, with the possibility of another session after that.

I will be happy when I am able to return home and in the meantime, I will be happy to have your thoughts.

Yours sincerely,
Harold B. Parish

Style Show

The F.H.A. Club is presenting its annual fashion show, "Winter Wonderland" in the High School auditorium on November 22. It will start at 7:30 p.m. The tickets are 50c for adults and 25c for students. They may be purchased from any member of the F.H.A. or at the door Friday night.

Following the style show there will be a reception in the Home-making Department for everyone attending.

Thanksgiving Assembly Planned
The High School will have a regular Thanksgiving assembly at 10:25 a.m. Tuesday, November 26. Methodist students will be in charge with their pastor, Rev. Asa Avant, as guest speaker.

Sue Godde will play a piano solo, Loretta Wilson will sing and Joy Hamblin will be mistress of ceremonies. The public is cordially invited.

FOOTBALL REVIEW

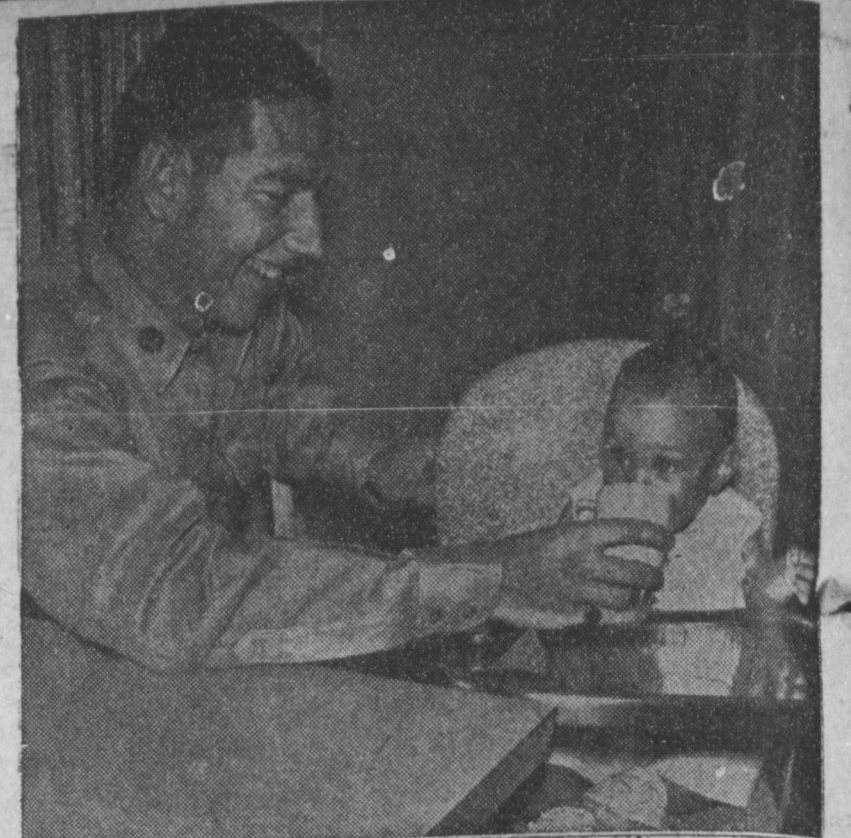

How Rice Institute takes care of its 70,000 seat stadium will be shown next week on the Humble Company's Football Review.

Other behind the scenes features on the program show Texas A&M's key play, the quarterback option, and Baylor University players demonstrating kick-off and extra point play.

Football highlights on the same program includes films from the Arkansas-Texas Tech, Baylor-SMU and Rice-TCU games. Kern Tips will describe the plays.

Tuesday, Nov. 19 Football Review can be seen over KRIS-TV, Corpus Christi.

Joe Carbojal is in Elliot-Hughes Hospital for treatment of an infected leg, developed from superficial lacerations received during football practice.

HAPPY BABY SITTER—Private George E. Schumacher of Akron, O., is the only male baby sitter registered at Fort Knox, Ky. His prescription, learned early as the uncle of nine, is to have a sense of humor and never take yourself seriously. It works. He's never known a real problem child, he claims.

GENTLE REMINDER

Bay City, Tex. — A fond father, picking his son up at the football field, noted he was more tired than usual and asked if he had had a rough day.

The son replied that he had forgotten his basket and that he had to run 1,600 yards as some sort of penalty.

Dad thought this was a good idea and would indelibly impress the youngster.

"Well, after running that many yards I'll bet you won't forget that basket again," he said.

"That reminds me, Dad, take me back to the gym quick — I forgot my basket."

A jackass rarely brays with his tail down.

The average human heart weighs about 11 ounces.

Lieutenant D. R. Burleson, of the 813th AC & W Station is back at duty after a bout with the flu.

Mr. and Mrs. Sol Silverman were in Houston this week. They left Tuesday and will return today.

Mr. and Mrs. Joe E. Kimbells of Dallas are visiting Mr. and Mrs. E. J. Johnson this week.

Million Dollar Lions Camp Now Open Full 12 Month Season

The beautiful 504 acre Texas Lions Camp for Crippled Children near Kerrville, Texas, has been built and maintained by the Lions Clubs of Texas with contributions of over \$1.2 million dollars to date.

This camp has brought happiness and useful training to thousands of crippled, blind, deaf and mute Texas children during the three month summer periods, without regard to creed or nationality. It has been the hope of directors of the camp and the Lions clubs that the facilities of the camp could be used during the entire year. This is now an accomplished fact.

Through arrangement with the Texas State Commission for the Blind, a program of rehabilitation for the blind and the partial sighted is now being carried on at the camp, with 20 trainees enrolled. The average training period will be three months, though some may take less time and others will need additional training.

The construction of all of the buildings at the camp were planned for the safety and convenience of

handicapped children and are thus particularly well suited for the blind training program. The needs of each individual trainee determines the course of study.

The entire program provides for the following: personal grooming, hygiene and eating habits, house-keeping, cooking (gas and electric), laundry, washers, dryers, and ironing, sewing. Shop crafts: carpentry, weaving, leather and metal work. Educational: Braille, reading, script (hand) writing, typing, music, walking (in buildings and traffic). Sociology: personal and public relations. Recreation: games, dancing, camping and party manners.

The teaching staff is composed of both regular teachers, the partially sighted and the totally blind. One young lady, blind from birth, has her Masters Degree in Sociology. She, with her seeing-eye dog, is one of the most popular and best liked of the teaching staff. The fact that she has overcome her handicap is an inspiration to all the trainees.

Work of the Lions Camp is supported by Lion members dues, special projects, gifts and memorials. Everyone is welcome to visit this camp, 3 miles east of Kerrville, during either the summer or winter seasons. Many doing so have been so impressed with the work that they have arranged for trusts and memorials to further the work. This is one of the programs that makes Lion Club members proud to be a Lion.

Mr. and Mrs. Johnny Joe Atwood and twin daughters, Tedda Ann and Karen Gay, spent the weekend as the guests of Mr. and Mrs. Ted Atwood.

Mr. and Mrs. Stanley Bissett and Mrs. R. L. Hart attended the funeral of Mr. P. P. Putney in Victoria on last Tuesday. Mr. Putney was Mrs. Bissett's brother.

Rockport OES Has Thanksgiving Program

A Thanksgiving program was featured at the meeting of the Order of the Eastern Star Monday night at the Masonic Hall.

Mrs. J. D. Donaldson was in charge of the program. Taking part were Mrs. Mary Juergens, Mrs. M. J. Bearden, Mrs. Mary Cooke and Mrs. A. L. Bachman.

Mr. Jones Christian of Claude, grand representative of North Carolina to the Grand Chapter of Texas, was introduced. Other visitors included Mr. and Mrs. E. D. Levine of Bacchus, Minn., and Mr. and Mrs. Rudolph Monse of Ingleside.

SOCIAL SECURITY PAYABLE TO WIDOWS AT AGE 62

The widow of a worker may receive social security payments on her deceased husband's account at age 62, and the amount of her monthly benefit will be the same as that formerly payable at age 65, states H. M. Cleveland, manager of the Corpus Christi social security office.

An important thing to remember is that a widow who was 62 years of age or over in November 1956 has until the end of November 1957 to file for all possible back payments. Some monthly payments will be lost if she does not file a claim before December since back payments cannot be paid for more than twelve months before claim is filed.

According to Cleveland, a widow can speed up the processing of her claim if she will bring her marriage certificate and document which shows her correct age, as well as her husband's social security number. A Family Bible, baptismal certificate, or an old insurance policy may be used as proof of her age.

A widow, like other social security beneficiaries, may work and earn up to \$1200 in a year without losing her right to draw social security benefits at the same time. If she earns between \$1200 and \$2080, she may draw one or more benefit checks.

The amount of a widow's benefit is determined by the worker's earnings under social security. The minimum payment to an eligible widow at age 62 is \$30 a month, and the maximum amount to her is \$81.40.

All interested persons who believe they may be eligible to receive retirement and family insurance payments are invited to visit or write to the social security office at 530 South Water Street, in Corpus Christi.

CONGRATULATIONS

Proud parents of a new son are Mr. and Mrs. L. W. Williams of San Antonio. Born on Nov. 12, the young man was named Louis Earl. Mrs. Williams is the former Rose Jean Mikeal. Mrs. W. L. Mikeal is in San Antonio with her daughter and the new grandson.

Jack McDavid, Harold Picton, Travis Johnson, and Capt. Spinney of Aransas Pass, spent two or three days on a lease at Catarina at the opening of the deer season, without bringing home any venison.

Registered Nurses Hold Meeting

The San Patricio County Registered Nurses Association held its regular monthly meeting Monday.

Mrs. Charles Caywood, R.N. of this city was cohostess with Mrs. Clarence Cleveland, R.N., of Sinton.

The meeting was held at Ewing Memorial Hospital and Clinic. After a film and talk by Dr. W. C. Brumley of Sinton on cardiac conditions a business meeting was held and refreshments were served.

Methods were discussed for raising money to establish a fund to help student nurses. Girls from this area may apply for help in financing their education as registered nurses.

CORRECTION

This is in correction to a statement made in a recent issue of The Pilot. Mrs. Jack E. Davidson is not a Registered Nurse, but a Licensed Practical Nurse, licensed by the State of Oklahoma.

HUMBLE WILL AIR FOUR GAMES SATURDAY

A live telecast of the SMU-Baylor football game will highlight the Humble Company's coverage of Southwest Conference football this Saturday.

In addition, there will be broadcasts of three games played by Southwest Conference teams.

The SMU-Baylor game will be telecast from Baylor stadium in Waco. Kern Tips and Alec Chessler will describe the play and highlights beginning at 1:45 p.m. over WOAI, San Antonio.

The SMU-Baylor game will be broadcast from Waco by Bob Baker and Dave Smith. Radio time will be 1:45 p.m., KONO, San Antonio.

The TCU-Rice game will be broadcast from Fort Worth by Eddie Barker and Eddie Hill. Radio time will be 1:45 p.m., over KRYL, Corpus Christi.

The Arkansas-Texas Tech game will be broadcast from Little Rock by Ves Box and John Smith. Radio time will be 1:45 p.m., over KATF, Corpus Christi, 1030.

MRS. OSBORN ENTERTAINS CIRCLE ONE

Circle One of the First Presbyterian Church met Thursday, Nov. 14, at 9:30 a.m., in the home of the chairman, Mrs. Carl M. Osborn.

Mrs. F. L. McCord led the Bible Study, "By What Means," using the study guide, "Jesus and Citizenship." Mrs. Ted R. Little led the emphasis discussion on "Stewardship." 25 calls and 26 cards sent, was reported to the Visitation Chairman. This circle will be responsible for meeting visitors at Sunday morning services during the month of December.

It was announced that the general meeting of the Women of the Church, would be at 3 p.m., Thursday, Nov. 21, at the church, at which time installation of new officers will be made by Rev. A. Ar-

nott Ward, pastor. A united Thanksgiving service will be held, Wednesday, Nov. 27 at 7:30 p.m., in the Methodist Church.

The annual Christmas Party of the WOC, will be Dec. 12, at 7:30 p.m., with Mrs. Chas. Roe, Sr., hostess. Plans are under way for the Christmas project, to be taken care of at that time.

Eight members and one guest were served pumpkin pie and coffee, by the hostess, from a "Thanksgiving" table, laid with a brown linen cloth, fruit and yellow hibiscus tumbling from a small cornucopia.

Mrs. E. B. Crawford, Jr., was called to St. Louis recently to attend the funeral of her sister-in-law, Mrs. Berlon Brewster. She returned to Rockport last Saturday.

CONGRATULATIONS

William Floyd Smith, who weighed five pounds and nine ounces, was born at 7:30 p.m., Monday, November 18, in the Elliot-Hughes Hospital, the son of Mr. and Mrs. Pat Smith.

Mr. and Mrs. James A. Jarboe were in Houston to see the Rice-A & M game last Saturday.

The Church of Christ What It Teaches

Concerning the subject of baptism, there is now in our generation and for several generations past considerable confusion and misunderstanding of this subject in general. However, in the days of the Apostles, and during the first two or three centuries of the history of the Church, there does not appear to be any such misunderstanding of what baptism is; or who should be baptized; nor the purpose of baptism.

Now let me say without any fear of successful contradiction, there should be none now if we confined our study to the New Testament of Jesus Christ. Now what does this immortal document say upon the subject of baptism? First of all, we learn that the element in which one is baptized is water. "And John also was baptizing in Enon near to Salim, because there was much water there; and they came and were baptized." (Jno. 3:23).

And again, "And it came to pass in those days, that Jesus came from Nazareth of Galilee, and was baptized of John in Jordan. And straightway coming up out of the water, He saw the heavens opened, and the Spirit like a dove descending upon Him." Mark 1:9,10. And again, "As they went on their way, they came unto a certain water; and the eunuch said, See, here is water; what doth hinder me to be baptized? Acts 8:36.

And again, "Can any man forbid water that these should not be baptized, which have received the Holy Ghost as well as we? Acts 10:47. Hence, all can see that the baptism that men are commanded to obey, and that men are commanded to administer is not in oil, fire, the Holy Spirit, but is in water only. Moreover, this baptism requires much water, as we learned from Jno. 3:23.

Now since the word "baptize" or "baptism" requires an immersion, a dipping, or plunging the whole body under the water, then "much water" would necessarily require that it be enough for that. In New Testament times, no one was ever asked, "How do you want to be baptized?" for all understood that it required a burial. "Therefore we are buried with Him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life." Rom. 6:4.

Now again, "Buried with Him in baptism, wherein also ye are risen with Him through the faith of the operation of God, who raised Him from the dead." Col. 2:12. Moreover, it is called a washing. "And now why tarriest thou? arise and be baptized, and wash away thy sins, calling on the name of the Lord." Acts 22:16.

And again, "Let us draw near with a true heart in full assurance of faith, having our hearts sprinkled from an evil conscience, and our bodies washed with pure water." Heb. 10:22. My friends, is this the way that you were baptized? How does your baptism compare with the way that people were baptized in New Testament times? More on the subject of baptism next week. You are urged to attend the services of the Church of Christ.

Troop 58 met at the Girl Scout Little House and after the business meeting and refreshments we had an investiture ceremony. Sue Taylor was flag bearer. Color guards were Donna Campbell and Aurora Garcia. Mary Lou Johnson was the announcer. Mrs. Court introduced Mary Solis to the troop. Mary then gave the Girl Scout promise and received her Girl Scout pin from the leader, Mrs. Jerald Brundrett.

"Whenever You Make a Promise" and "Girl Scouts Together" were the songs selected for the meeting. Each girl welcomed Mary into the troop. The remainder of the meeting was spent working on the Christmas project.

Those present were Sherry Brundrett, Pam Court, Linda Eller, Lynn Hoehne, Mary Lou Johnson, Lola Jean Lewis, Elizabeth Perez, Sue Taylor, Terrie Thomas, Donna Campbell, Sandra DeForest, Mary Solis and Aurora Garcia.

Terrie Thomas, Reporter

CHRISTMAS MAIL RUSH NEAR, SO "SHOP EARLY" - MAIL EARLY

Postmaster Jimmy Simmons predicts that the Christmas mail this year will set a record.

With Christmas only a month away, the postmaster reminds us, "It's later than you think." Most folks have a tendency to wait until December rolls around before they give their Christmas shopping and mailing plans a thought.

The postmaster further suggested that right now is the time to take the following steps: Check your Christmas card list very carefully—make sure that each address includes the full name, street and number, city, zone and state.

He said, also, that it is a good idea to stock up on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape for use in securely packing and wrapping your Christmas gifts. If you'd like to include your Christmas card or letter inside your gift package, just add the appropriate First Class mail postage to the postage for the package itself; thus insuring simultaneous arrival of your gift and greeting.

To help you plan your early Christmas mailing, the postmaster suggested that you obtain from the Post Office Pamphlet No. 2 which tells all about packaging and wrapping parcels for mailing, and Pamphlet No. 3, giving full details on domestic postage rates and fees. Be sure to stock up on plenty of stamps at the same time.

Also, ask for free labels reading, "All for Local Delivery" and "All for Out of Town Delivery," so that you can speed arrival of your Christmas cards by sorting and tying them in two separate bundles with the addresses all facing one way.

Keep in mind that only Christmas cards carrying First Class three-cent, or six-cent Air Mail postage, may include a personal message. Nothing more than a signature is authorized on cards mailed at the two-cent Third Class rate; and be sure your return address is on every Christmas card envelope—this is socially correct, and helps both you and your friends to keep your mailing lists up-to-date.

The postmaster says he is completing advance preparations to handle the Christmas rush with extra mail clerks, carriers, and expanded facilities all around.

It's important to plan your Christmas cards and gifts for most distant points are mailed first.

Informal Open House Held Friday Night

Mr. and Mrs. A. L. Bachman and Miss Wiona McFall were hosts for an informal open house Friday night, honoring Mr. and Mrs. A. B. Leeper, of Lima, Ill.

Mr. and Mrs. Leeper, who have spent the past ten winters in Rockport, are leaving Saturday for Houston, where they will spend the remainder of the winter.

Twelve couples, close friends of the honorees, responded to the invitation and each lady presented Mrs. Leeper with a ball of wool yarn, with which she is to fashion herself a cape.

Mrs. Curtis Utz read an original poem which accompanied the gifts. Punch and individual cakes were served to the guests.

Mr. and Mrs. Leeper have endeared themselves to a great many people as they have contributed much to the religious and social life of the community during their numerous visits here.

Dick Picton, Jimmy Sorenson, and Chink Taylor, went looking for venison up around Llano at the opening of the season, but, at this writing, there are no reports on their success.

Mr. and Mrs. Fred Christilles headed for the Hill Country at the opening of the deer season, and, if past years are anything to go by, will come home with some venison.

Cemetery Association Met Monday Afternoon

The Rockport Cemetery Association met at the home of Miss Mabel Bracht and Miss Genevieve Bracht, Monday afternoon.

Mrs. W. B. Allen presided at the meeting and heard the regular reports from the officers and conducted routine business.

Mrs. Allen announced that the caretaker was trimming the shrubs and was making a great improvement in the appearance of the lots, but, in the event that some lot owners did not wish the shrubs trimmed, they would notify her by calling SO4-2442.

She reminded the members that the next meeting, which would be January 27, would include on the agenda of business, the election of officers and urged all to be present. The nominating committee was named and includes Mrs. S. F. Jackson, chairman, Mrs. James G. Hooper and Mrs. Mabel Bryant.

A refreshment hour followed the business meeting.

CARD OF THANKS

I wish to thank all who were so nice to me during my stay in the hospital and since coming home.

Thanks for your visits, gifts, cards, flowers and your prayers. Mrs. Somer Smith p33

Mrs. Fred James was hospitalized over the weekend with a severe respiratory ailment, but is recovering rapidly.

J. J. SAPPS WILL LIVE IN HOUSTON

In an informal ceremony at the First Presbyterian Church Saturday afternoon, Miss Joyce Faye Washington became the bride of Johnny Jordan Sapp.

The Rev. A. Arnott Ward officiated at the double ring ceremony before an altar decorated with white gladiolas.

She is the daughter of Mr. and Mrs. C. G. Washington and the groom's parents are Mr. and Mrs. Jack Sapp of Missouri City.

The bride wore a tan suit with dark brown and white accessories. Her small, close fitting hat was white and she carried a white Bible, topped with white carnations.

Miss Mary Evelyn Mundine was the bride's only attendant. She wore a blue suit with black accessories and a corsage of pink carnations. Jim Ben Cloberdants of Houston was best man.

After a wedding trip to Austin, they will make their home in Houston.

The bride is a graduate of Aransas County High School and Durham's Business College. Her husband is a graduate of Aransas County High School and is attending the University of Houston.

Mrs. Somer Smith returned home from the hospital last Thursday and is recovering nicely at her home, following recent surgery.

Circle Four Meets

Nine members met Thursday, November 14 at 3 o'clock at the home of Mrs. Jack Sparks.

The guests were served cake and coffee on their arrival. The meeting was opened by the Lord's Prayer.

Mrs. Hugh Morrison led the lesson on "By What Means". She was assisted by the group.

Mrs. Lynn Wendell gave the "Let's Talk About Period" which was on Christian Education.

There were 30 visits made and 32 cards sent for the month.

Mrs. Charles Roe, Sr. will be hostess for the December meeting.

Mrs. Hugh Morrison, Mrs. Homer Faber and Mrs. A. C. Shivers are attending the State Parent-Teachers Convention in Galveston this week. They went up Wednesday and will return Friday.

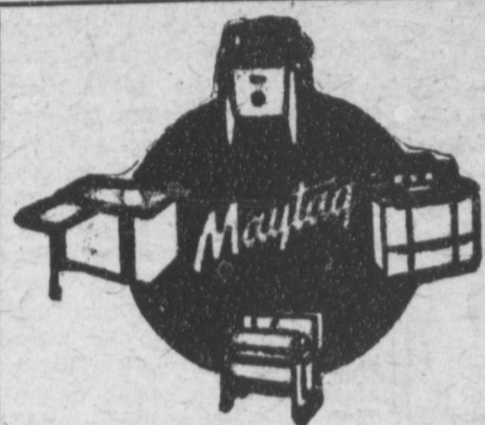

COUNTRY CLUB NEWS

Willie Mae Elliot won the Ladies Flag Tournament held last Sunday at Live Oak Country Club. She also won the prize for the longest drive. Opal Roberts was awarded the prize for chipping closest to the pin on No. 3.

Mrs. Dorothy Dorsey of Corpus Christi, spent the weekend with her parents, Mr. and Mrs. Stanley Bissett.

Mr. and Mrs. Charles O. New, some of Corpus Christi, and Mrs. W. B. Brittan, of Sinton, visited Mr. and Mrs. Clark Herring Saturday and Sunday.

Mrs. Matern Makes California Trip While Ralph Shoots Mule Deer Buck

Mrs. Ralph Matern, with her mother, Mrs. J. D. Epperson, of Three Rivers, and her brother, Bill Waller, of Beeville, returned Monday night after an 18 day trip to California, where they visited another brother, Clint Waller, of Los Angeles, and his family, and then stopped off in Colorado, where they met Ralph and went on a successful hunt for mule deer.

"We had a wonderful time," Mrs. Matern said. "We enjoyed every minute of the trip and never had a bit of trouble or anything to upset us during the whole time, although we did get snow bound

at Santa Fe on the way home. "We left Three Rivers on a Saturday, and stopped for coffee in the forenoon just this side of Carrizo Springs at a little roadside park. We ate lunch in the City Park at Del Rio and headed out again, stopping about three that afternoon to see the big Pecos River bridge near Sanderson. This is really something to see. It's 273 feet from the river to the top of the roadway, and it's 1310 feet long. It's the highest highway bridge in Texas.

"It isn't far from the bridge to Langtry, where Judge Roy Bean used to be 'The Law West of the Pecos.' We stopped and looked at Judge Bean's home which is a museum and very interesting. There were lots of old relics, pictures, odd cactus and so on. We took a good look at the Rio Grande while we were there, too.

"We got into Alpine about 7 that night, and left there about the same time the next morning. We drove to Van Horn and had breakfast, with fog and mist a lot of the way, and light rain most of the time. We turned our watches back after we left Van Horn, to match the mountain time for the region we were entering, and en-

tered New Mexico about noon and crossed that state by 4 p.m. at which time we went through an inspection center on the Arizona boundary. We got into Tucson a little after 6 p.m. on the second day out.

"We left Tucson about 5:30 the next morning and stopped for breakfast between Casa Grande and Gila Bend, where we took some pictures of cactus. We started again about 8:30 and stopped at a check point on the California line which we left at 10 minutes to eleven. We got to Oceanside, California, at about half past four, and I got my first look at the Pacific ten minutes later. There was terrific traffic on U. S. 101, on which we were traveling.

"The sunset was beautiful over the ocean, and it was dark soon after, at 5:30, to be exact. We went on to the Waller's after eating and believe me I was bushed."

The high point of the California stay, she said, was when her brother took them to see "The Seven Wonders of the World" in Cinerama at the Warner Bros. Theater in Hollywood, although they also took time to see California's Marineland of the Pacific. At the Warner Theater the whole panorama of the world is unrolled for the viewer, Mrs. Matern said.

There are the Taj Mahal, in India, a monkey temple dedicated to the god Hanuman, a cobra-mongoose fight, the strange Djarr-leering railroad, and the temple dancers.

In scenes from Japan are the holy mountain of Fujiyama, and Japanese dancers; scenes from Italy show the leaning tower of Pisa; St. Peter's and the Pope in Rome. In Athens the camera recorded the Parthenon; in Palestine the Church of the Holy Sepulchre, and Mount Sinai. The skyscraper city of Shibam in the fastnesses of Arabia has been recorded from the air and shown on the screen.

In America there are great sequoias of the Pacific coast, Hoover Dam, the Grand Canyon, Niagara Falls, the churches of New England and the New York skyline.

In South America one of the world's great waterfalls, the Iguassu, is scanned, as is the skyline of Rio de Janeiro, and then the traveler continues to Africa, where he sees camel caravans on the Sahara, Victoria Falls, wild animals in their native haunts, Watussi dancers, the headwaters of the Nile River, an East African volcano, and the Sphinx and the pyramids.

"You get the feeling that you are flying and looking down on all this out of an airplane," Mrs. Matern said, "and it's fascinating. The Warner Brothers Theater is the only place you can see it, because its so big a spectacle and needs so much equipment that it isn't possible to take it from theater to theater.

"We had a chance to see Marineland of the Pacific, also, where the brightly-colored fishes of the rocks and kelp beds swim side by side with those of the open sea, and where they even have a small whale that will do tricks.

"We got to Los Angeles on a Monday and stayed until the following Friday when we started for Colorado, where we were to meet Ralph and he and Bill, my brother, were to go hunting for mule deer.

"We started about seven Friday morning and had lunch at Barstow, California and supper in Kingman, Ariz., Saturday morning the temperature was 27° and we saw snow along the highway as we traveled. We saw our first deer that morning, just before we entered Grand Canyon National Park about nine o'clock. There was lots of snow along the shady side of the mountains and along the road.

"We stopped at Mather Point to look at the Grand Canyon and it's really something to see. You have to see it to believe it. The colors are magnificent and beautiful, and you could catch a glimpse of the Painted Desert

from there, also. We got several good pictures of deer, and the ground was covered with snow, which was beautiful.

"I saw my first Indians that afternoon, close to Cameron, Arizona. They were Navajos, a little boy and girl, and they live on the nearby Navajo Reservation. The highest point in Arizona is near here, and we got a look at Humphrey Peak, which has an elevation of 12,670 feet. The tops of the mountains are all covered with snow, and present a majestic sight.

"Along about three o'clock, as we traveled, we sighted a herd of three antelope just outside of Winoona, Arizona. What quick moving creatures they are.

"We stayed in Gallup, New Mexico, that night and got up early the next morning so that we could get to Pagosa Springs, over in Colorado, where we were to meet Ralph and he and Bill were going hunting.

"We stopped and cooked breakfast along the roadside, and were delayed a little that day by car trouble, the first we had. We passed Shiprock, and went through an area where there were apple orchards along the road. About nine o'clock that morning we began to see the peaks of the Rockies as we began to get close to the foothills, and we could see the snow on the tops of the mountains. We were keeping our fingers crossed, hoping that the car would make it to Durango. We passed Chimney Rock, which has an elevation of 7902 feet, about noon, and saw Pagosa Peak ten minutes later. It has an elevation of 12,634 feet. We arrived at Pagosa Springs where Ralph was to meet us about 12:30 and met him on the street. We all went and had some lunch and then got settled.

"It's really beautiful there. There was snow all up the side of the mountain just beside the cabin, and there was a beautiful view. Ralph and Bill left the cabin about 5:30 the next morning to go deer hunting and mother and I stayed around the cabin all day, sort of putting things in order after the hard traveling we had been doing. It was 18° the first night we were there, but that morning, after the sun got up it was 40°, but some clothes we had washed froze when we hung them out to dry. This was on Monday.

"Tuesday we got up early and I packed a picnic lunch and all four of us went sight seeing. We went up the Piedra River Valley Road and took pictures and waded in the snow and had a snow fight. We made coffee and ate lunch alongside the road. We took mother back to the cabin and then Bill, Ralph and I went deer hunting that afternoon up in Burns Canyon. We saw lots of deer and elk tracks but no deer. It was 30° that morning.

"Wednesday morning it was 30° at 11 a.m. The boys had gotten up early and went hunting. When they came in Bill had an eight-pointer and a spike buck. It sure was exciting.

"On Thursday Ralph went out with John Snow, a local guide, and Bill went down and got our car which was fixed, and went out by himself. He came in about 3 p.m. with a large doe, and Ralph got home about 4:30 with a nice buck. Later on that evening, about 6:30, it started to snow and snow steadily.

"The next morning there was snow everywhere you looked. Mother and Bill left about 9 o'clock in their car, and Ralph and I went shopping again, and then left about 10:30. The ground was covered with snow and so were the trees and they were beautiful. We left Colorado and entered New Mexico at 11:30 a.m. and passed the Continental Divide 17 minutes later. We stopped at Carlson National Park to eat lunch, right in front of the Echo Amphitheater.

"We got to Albuquerque about an hour later, and it was snowing and the sun was shining. We got to Santa Fe about 2:30 and stayed for the night, and the next morning we were snowbound. We headed out, with it snowing hard, and three inches of snow on the

ground. There were solid drifts, and we decided not to try further and turned around and headed back for Santa Fe. The visibility was only about 200 to 300 yards.

"It kept on snowing so we went back to the same motel and Ralph went to the State Police headquarters, where they discouraged any attempt to start out. In the afternoon we went down town to see Santa Fe, and visited the Indian Museum which was very interesting. Sunday morning we were up early and started about 7:30 and an hour later were out of snow and in sight of Sandia Peak, which towers for 10,678 feet just before coming into Albuquerque.

"After we left Albuquerque we ran into more snow, and it got heavier as we started higher and higher. There were lots of deer hunters along the road, and the ground and trees were all snow covered again. At Riverside we drove through clouds, which looked like fog. There was still lots of snow, but the going was sloppy. We stopped at Roswell to eat lunch and got going again and ran out of snow. We hit Pecos, Texas, about 7 that night, where we stayed.

"Monday we started again at 7 in the morning. We stopped at Pecos River bridge again and took pictures, even though it was cold and windy. At Del Rio we stopped and had an early dinner and started on the way again about noon. We stopped at Uvalde for a few minutes and got gas, and then I drove the rest of the way to Three Rivers, where we arrived about 2:45. We stopped and visited with mother for a little while, and then headed home and got here about six. We sure had a wonderful trip."

Ralph's buck, for those used to brush country white tails, weighed 225 pounds dressed.

Billy Harris, son of Mr. and Mrs. T. P. Harris, was in Elliot-Hughes Hospital for observation and medical treatment this past week.

Mr. and Mrs. T. E. Simmons, and daughter Sandy, of New Orleans, have moved back to Rockport.

Mr. and Mrs. Elbert Haynes and Mrs. Edwin Mundine, Jr., and son, of Combes, Texas, spent the weekend with Mr. and Mrs. John Weber, of Fulton.

Mrs. W. F. Close is visiting her aunt and uncle, Mr. and Mrs. Henry Homburg, at Galveston, this weekend. Mrs. Close went up Wednesday and will return tomorrow.

Miss Patsy Adler, of Texas A & I, spent the weekend as a guest of her aunt, Mrs. Dudley Bracht, and Miss Carol Curry.

Mr. and Mrs. Emory Spencer and family were in Houston Saturday to see Rice win over Texas A & M.

Pirates Lose To Bishop 46-19 Friday Night

The ACHS Pirates lost last Friday night to Bishop, to the tune of 46 to 19, but they have no cause to be ashamed, for they turned in the best game they have played all season. The line play was good, their blocking was adequate, and the backs carried out their assignments with a vim that

Representing THE TRAVELERS, Hartford

has been lacking in some earlier games this season.

It is unfair to single out anyone of the players as being better than the others, because all of them were in there trying and trying hard, as is attested by the fact that they made three touchdowns against some really tough opposition. In the play account which follows, some idea may be gained of the various boys and the way they carried out their assignments, but this reporter, not being gifted with eyes on all sides of his head and two hands was not able to get down all of the players that were in all of the plays.

However, let us say again that the Pirates turned in a really nice game, much the best of the season, and should have had better luck than they did have.

Satsky kicked off to start the game rolling, and Jacky Justice of the Badgers, on the first carry of the game, clicked off five yards. Bull then added 7 more and a first down and wound up on the Pirates 33. Justice made short yardage on the next down, and Ronnie O'Neal, a very able 170-pounder was snowed under for a loss of 7 yards. On the fifth play of the game, from scrimmage, Ronnie Bull, Bishop's great back, on a cutback through the left side of the Bishop line, raced 40 yards for the first touchdown of the game, but the point after was missed.

The kickoff was returned by Satsky for short yardage and on the first play the Pirates were penalized for 5 yards for offside. Satsky made three, Happner ripped off a couple, and Cabaniss made four on a handoff, but this was not enough to make the first down and Satsky kicked.

Bull returned Satsky's punt for 10 yards and on the next down made 6 more before he was tackled by Adams. Bull tried one to Carr, but the pass was incomplete, and O'Neal made 10 yards around his own right end before Cabaniss clobbered him on the Pirates' 23-yard line.

Justice carried for 17 and a first down on the Pirates' 6. Justice carried for two more, on the first down with goal to go and Townsend and Close made the tackle. O'Neal made one, and Adams and Close stopped him on the five. Bull then carried over the right side of his own line for the touchdown and kicked the point afterwards.

Satsky received the kickoff and wound up on his own 25, where

Adams, on a keeper made 6 yards around left end before being dumped. Then he handed off to Cabaniss who made another five and a first down on the 36. A handoff, Adams to Happner, netted a yard, before Morales made the tackle. Adams then kept and slid through for 6 yards, on the next play Clyde Townsend ripped through the center of the line for 24 yards before he was stopped.

Cabaniss carried for three and Adams made two, Satsky got loose and racked up 22 more, to the Badgers 13 yard line. On the first play of the next series, Townsend made 6; Satsky racked up two more and Townsend plowed through for 1 and the quarter ended.

On the first play of the second quarter, Satsky plowed over for Rockport's first touchdown, but the extra try for point (making two) when the Badgers were offside, was missed.

On the kickoff, Bishop received and ran the ball back to their own 34, where Bull took over again, and on the first down ripped off 36 yards, winding up on the Pirates' 49 yard line. On the next down Carr carried for a couple and was stopped by Casterline and Adams. Then in quick succession Badger backs ripped off necessary yardage to advance the ball to the Pirates' 9 yard line, where Bull took over and made his third touchdown of the game, and kicked the point after.

After the ball was put in play again, Satsky took the kickoff and ran it back about five yards before he was clobbered. A handoff to Cabaniss netted four on the first down, then Satsky made 7, and the Badgers were penalized 15 yards at this point for a personal foul, putting the ball down on the Pirates' 46. Here Cabaniss was swarmed under on the first play, losing 8 yards; Shivers was snowed by the hard-charging Badger line with a loss of 10 yards more while attempting to pass, and while Satsky made the ten back on the next down, it wasn't enough for a first down and he kicked.

Bull gathered the punt in and romped back for 30 yards to the Pirates' 49, and made 9 more on the next play. On the third down, Bull's pass to the flat was low and incomplete, and the Badgers were penalized 15 yards for illegal use of the hands on offense. On the next play, Bull ran 55 yards for the touchdown and then kicked the point afterwards.

On the kickoff Cabaniss ran the

ball back for 10 yards to the Rockport 35, and then Adams to Cabaniss made a couple followed by a 15 yard jaunt on the part of Happner. This put the ball on the Badgers' 48, and from there Adams kept and made two, before handing off to Cabaniss, who racked up a badly needed 14 more. Two more downs and a five yard penalty for delay of the game moved the Pirates back from the Badger 32 to their 46, and then Bull intercepted Adams' pass and made 14 yards to the Pirates 40. From here Jackie Justice made a couple, and on the next down a bad pass from center to Bull made him fumble and lose 10 yards. Bull passed, was incomplete for the next down and then the ball went to O'Neal, who fumbled, allowing the Pirates to recover, just in time for one more play before the half ended.

With opening of the second half Adams received and ran the ball back 10 yards. On the first down, Satsky made three over the left side of the line and then Clyde Townsend turned in another nice gain, with an 11 yard gallop. From the Pirates' 40 Adams failed to gain on a keeper, and Shivers to Rouquette was knocked down incomplete. On the third down Satsky was swarmed under and he punted for only 7 yards on the fourth down, allowing the Badgers to take over on the Pirate 47.

Bull lost a yard when Goff tackled him, then Bull made 8 before M. Townsend stopped him. However, Carr, of the Badgers, got loose on the next play and made 40 yards through the left side of his own line for another Badger TD, although they missed the extra point.

On the kickoff, Satsky made a short return, and on the first down the Badgers were penalized five yards, putting the ball in play on the Pirate 35 on the second down with five to go. Clyde Townsend made three yards, and Satsky clicked off three more, moving to the Pirate 41. From here Happner made 9 yards around right end before Adams fumbled on a keeper play and the Badgers took the ball on the 50.

Bull's pass was incomplete, and this department of the game is one that he's not as sure in as he is (Continued on page 7)

Rockport Duplicate Bridge Club

Winners in last Thursday night games were Mrs. W. N. Sanders and Mrs. C. H. Whiteley, first; Mrs. A. L. Bachman and Mrs. Paul Stewart, Mrs. Trudy Caspary and Mrs. Cecil Hare, tying for second place.

Tonight, at 7:30 p.m. is Master Point night, with players from nearby towns participating, so bring your partner. There will be a two-session game at the Coliseum in Corpus Christi on December 8, starting at 1:30 p.m. and it is hoped that a large number of our players will plan to be there. This is a yearly game and all proceeds go to the Cancer Fund. Admission is \$1.50 per person.

Bridge players who prefer bridge without duplicating the boards are welcome to bring their partners and make up tables every Thursday night. Prizes will be awarded separately. This game will run on one side of the room and progressive bridge rules will be in force. Remember the time is 7:30 p.m. promptly, at the Womens Club building.

Weekly Tourist Card Party

There were 10 tables in play on Monday. High bridge winner was Mrs. Joe Slocum. Mrs. Earl Thom was low. Mrs. R. L. Harrell won the canasta prize, with Mrs. W. H. Stanley getting the low canasta prize. Bingo was won by Mrs. Hugh Boren from Synder, Texas.

There were players from many states enjoying the games and the delicious refreshments served by the three hostesses, Mrs. Thelma Lenoir, Mrs. Stan Heath and Mrs. Fay Eldridge.

Remember, every Monday afternoon is card party day, starting at 2 p.m. and ending at 4:45 p.m. Everyone is welcome.

Shelley Roaten says that he's ahead of the game this year. He started his Christmas stock in about the first of July, with the result that he is almost through getting ready for Christmas.

Air cadet Wayne Frazier, of Harlingen Air Force Base, visited friends in Rockport over the weekend.

The Pioneers of the First Presbyterian Church are planning a hayride and wiener roast for Friday, November 29th, according to Sponsor E. H. Carter.

Mr. and Mrs. M. H. Williams and son, Keith, were in Rockport over the weekend, visiting Mrs. Keith's parents, Mr. and Mrs. A. E. Wood.

Mr. and Mrs. John Paul Reese, who have been in Houma, La., for almost a year, have returned to Rockport, where John Paul is employed by Caspary and Wendell.

Pirates Lose - -

(Continued From Page 6)

on the ground. Justice carried for 6 on the next down, and was brought down by Casterline and Weatherly, while a second play netted the Badgers another 10 yards and a first down. On the next play O'Neal loped 35 yards for a touchdown that was called back, because the Badgers were assessed a 15 yard penalty for clipping. Justice carried for 6, before Townsend and Garcia clobbered him, and then an offside penalty against the Pirates of five yards moved the ball to the Pirate 30. The Badgers failed to gain the necessary yardage, and the ball went over to the Pirates on downs, one of the few times it did so all evening. However, a Pirate fumble on their first play was followed by a Badger recovery on the Pirate 30.

Justice made a couple before Close stopped him. Bull to O'Neal produced 10 yards and the Badgers were in business again on the Pirate 18. Ronnie O'Neal made three and Close stopped him; Carr made four more before he was tackled by Casterline and Townsend. Justice made the first down with yards to spare, when he was raked up on the Pirate 2 by Adams, and on the next play O'Neal went over from there for a touchdown.

The point after was not made.

Satsky ran the kickoff back for 10 yards to the Pirate 20, and John Cabaniss made a single on the first down. This, plus 15 yards assessed against the Badgers for a personal foul put the Pirate out on its own 36 yard line. Adams to Goff was incomplete; Satsky to Cabaniss was incomplete, but as there was a Pirate offside on the play the ball was moved back to the Pirate 31. On the next play, second down and 14 to go, another personal foul was called against Bishop, and the ball was moved to the Pirate 37 for a first down and the end of the third quarter.

On the first play in the fourth quarter, Adams was swarmed under, for a loss, then five more yards were assessed against the Pirates for offside. Satsky to M. Townsend was incomplete, then a third personal foul was called against the Badgers and this kept the down the same, with the ball moving down field not quite far enough for a first down. Adams tossed one to Cabaniss which was incomplete, and Clyde Townsend, on fourth down, made a run of close to 40 yards, winding up on the Badger 15. Cabaniss made 10 yards in a hurry, and Happner, not to be denied, went over from the five.

On the kickoff, Satsky's kick was short, and the Badgers took over again on their own 46. The first play was fouled up when

Garcia and Adams threw the Badger back for a couple of yards loss. O'Neal made two, and Close stopped him. Carr made 8, and Adams and Cabaniss were the tacklers. Then Justice galloped 28 yards for another touchdown and made the point afterward.

After the kickoff, Happner returned for 20 yards, to the Pirate 30, and Cabaniss made 18 more to the 48. A nice run by Clyde Townsend was nullified by an offside penalty against the Pirates; Happner was snowed; and Adams to Cabaniss was knocked down incomplete, and Satsky kicked.

Graham took over on the Badger 30, but they failed to gain and punted on the fourth down, and the Pirates eventually wound up with the ball on their own 35, where, on the second down, Adams flipped one to Mike Townsend for 30 yards, and he wound up on the Bishop 2-yard line.

Satsky made a yard of the needed distance, and then Clyde Townsend went over for the touchdown. The first kick was bad, so as the Badgers were offside, Satsky tried again, and the second kick was bad, but there was another offside, so the Pirates had another try and Satsky passed to Rouquette for the extra point.

The ball changed hands once after this, in midfield, and as the game ended, a long pass from Adams was intercepted by Graham, who was brought down practically where he made the catch.

B. & P. W. Club Holds Meeting

The B. and P. W. Club met November 18 at 7:30 at Brocato's Cafe for a dinner meeting.

Mrs. A. B. Chernosky introduced the speaker, Mrs. T. W. Morris, who spoke on the difference of working women in South Africa and America. She lived in Africa 7 years and did her nurses training there. Her talk was followed by a question and answer session.

SANTA CLAUS' HELPERS NEED NUMBERS

Retail trade experts predict that Christmas buying will be at a record level again this year. Merchants are preparing now to increase their sales forces to serve the customers during the Holiday season.

The folks at the social security office are also preparing for a busy season. Each year at this time, hundreds of South Texans, seeking part-time and temporary work, apply for social security numbers.

Students and teachers, housewives and retired people, who expect to take jobs to help out during the busy season, should be prepared to show their social security cards to their employers when they apply for a job, or when they report for work the first day.

"If you plan to work, and if you do not have an account number, you should apply for one now," advises H. M. Cleveland, district manager of the Social Security Administration. "If you had a card which has been lost you should apply for a duplicate."

For this area, the numbers are assigned by the Social Security Administration, 530 South Water Street, Corpus Christi. Application blanks may be obtained from that office or from your local post office. The completed forms may be filed with social security office by mail or in person.

NOTICE OF SALE

Sealed bids addressed to COUNTY JUDGE, ARANSAS COUNTY, ROCKPORT, Texas, will be received at the office of COUNTY JUDGE, until 10:00 o'clock a.m. November 27, 1957, on the following described equipment that is offered for sale by Aransas County:

1 - 1951 Chevrolet Two Ton Dump Truck - Motor Co. JEA-504819.

1 - 1952 Chevrolet Two Ton Dump Truck - Motor N. KEA-295350.

These trucks are displayed at the County Barn, Rockport, Texas. The owner reserves the right to reject any or all bids and to waive formalities.

ARANSAS COUNTY,
By John D. Wendell,
County Judge, Aransas County, Texas. c33

The various circles of the Baptist WMS met this past Tuesday to prepare clothing to be sent to the South Texas Children's Home in Beeville.

Party Held At Taylor Oak Trailer Park

Four of the guests at Taylor Oak Trailer Park gave a party Friday afternoon in the recreation room, honoring those whose birthday occurred in November.

Hostesses were Mrs. Fay Vickery, of Ft. Collins, Colo., Mrs. Maud Stansell, Lubbock, Texas and Mrs. Mary Cooper, Lockney, Texas and Mrs. Sally Smith, of Rockport.

Guests included Mrs. Fay Vickery, Arkansas City, Kansas; Mrs. Emma Martineau, Des Moines, Iowa; Mrs. Margaret Evans, El Paso; Mrs. Marie Johnson, Atkin, Minn.; Mrs. Hazel Welch, Wichita, Kansas; Mrs. Esther Hodges, Crosbyton, Texas; Mrs. Clara McEly, Houston; Mrs. Billy Chaney, Blackwell, Okla.; Mrs. Zoe Heath and Mrs. Ella Mae Giese, Rockport; Mrs. Helen Olander, Cherokee, Okla.; and Mrs. Essie Roper, Rockport.

Prizes went to Mrs. Marie Johnson for high score in canasta; Mrs. Fay Vickery, for high score in pitch and Mrs. Essie Roper for high in bridge.

Happy Birthday was sung for Mrs. Vickery and Mrs. Martineau.

Circle Two Meets

Circle Two of the First Presbyterian Church met Thursday afternoon at the assembly room of the church. Mrs. Rufust Casterline, hostess served refreshment plates prior to the meeting.

Mrs. Oliver Brundrett, co-chairman of the group, presided in the absence of the chairman, Mrs. John T. Slocum.

Following the devotional, 11 members responded to roll call with verses of Scripture.

Mrs. Fred Brundrett led the lesson discussion, assisted by Mrs. Ted Geise and the "Let's Talk About" period was presented by Mrs. Oliver Brundrett.

The Christmas party was announced for December 12 at 7:30

CONSIDER SOCIAL SECURITY INSURANCE WHEN PLANNING FAMILY PROTECTION

Do you know which members of your family would be eligible for social security benefits if anything should happen to you? H. M. Cleveland, district manager of the Corpus Christi social security office believes that workers and their families should understand the survivors insurance provided in the Social Security Act in planning for their future financial security.

The law now permits widows to draw monthly benefits at age 62. Younger widows may draw monthly benefits if they have in their care a child of the deceased worker who is entitled to benefits. Cleveland said that most people know that a child of a deceased worker is entitled to benefits until age 18. Many people may not know that a disabled child of a deceased or retired worker may now qualify for a child's benefit after age 18 if the disability began before age 18.

Under certain conditions a widower who was dependent on his wife may qualify for monthly benefits. Dependent parents may be eligible if the worker was not survived by a spouse or a child entitled to monthly payments. In almost every case a lump-sum death benefit can be paid to survivors. This payment is in addition to any monthly benefits the family may get. Benefits are not paid automatically; families must make application for them. Your social security office has a booklet entitled "Your Social Security" which explains old-age, survivors and disability insurance. You may have a copy by addressing the Social Security Administration, 530 South Water Street, Corpus Christi, Texas.

at the home of Mrs. Charles A. Roe.

The monthly visitation report showed that members of the Circle had made 26 visits and sent 31 car's.

TOO LITTLE, TOO LATE is the way we Dodge dealers feel about competitors' efforts to match the Swept-Wing 58. They lowered the roof some, but left the sides high. Their windshields got smaller while ours got bigger. So much for styling. Then, for another important comparison, take ride. Here's Dodge with Torson-Aire suspension that just about everybody admits is the greatest advance in sway-free, dip-free, silent going that any car offers. So what do these other cars do? They borrow an air suspension system that's been used in buses for two years! (Costing well over \$100.00 extra.) And most of 'em still don't have push-button driving—much less Dodge TorqueLife—the proven automatic transmission. If you're a little disappointed in the '58 version of your car, come on in and see our Swept-Wing 58. The others are catching on—but they can't catch up.

Anti-Intoxicant Measure Passed

The Texas Legislature enacted a bill last spring that should be of interest to all coaches, teachers and school administrators. The new law concerns the possession and/or use of intoxicants at school athletic events. It provides:

Section 1. It shall be unlawful for any person or persons to bring or carry into any enclosure, field or stadium, where athletic events, sponsored or participated in by the public schools of this State, are being held, any intoxicating beverage or to have any intoxicating beverage in his possession while in or on said enclosure, field or stadium.

Section 2. Provided that if any officer of this State sees any person or persons violating the terms of Section 1 of this Act, he shall immediately seize such intoxicating beverage and shall within a reasonable time thereafter deliver same to the County or District Attorney who shall hold same as evidence until the trial of the accused party and shall thereafter dispose of same.

Section 3. Any person or persons violating the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be fined any sum not less than \$25 and not more than \$200.

Red Snapper Caught In Nets By USFW
Experimental trawl fisheries for red snapper have been carried out recently, the U. S. Fish and Wild Life Service says, and a number of the drags met with considerable success, according to a report just issued by the Gulf Fisheries Exploration and Gear Research section.

From Sept. 19 until Oct. 4, the M/V Silver Bay carried out a number of exploratory drags along the Texas and Louisiana coasts. Thirty six fishing stations were completed in depths ranging from 15 to 100 fathoms, using both 60-foot and 70 foot New England fish trawls, with fine-mesh.

Drags off Freeport, Texas, produced the best catches of the trip. The largest single haul was made in 41-45 fathoms with the 76-foot trawl, and yielded three hundred pounds of red snapper at the rate 187 pounds an hour. The fish weighed from 1/4 to 15

pounds, and averaged 1 1/2 pounds. Other catches with the same net in this area varied from 2 to 225 pounds of snapper at rates varying from 1 to 113 pounds an hour. The highest rate with the smaller net was 120 pounds an hour.

Sixteen drags made in 41-45 fathoms yielded a total of 682 snapper, weighing 1,059 pounds. Nine exploratory drags were made along the Louisiana coast in depths of 40 to 100 fathoms. No snappers were caught in depths over 75 fathoms. The best catch in this area was made in 43 fathoms, and yielded only 43 pounds for an hour and a half tow.
