

Along The Waterfront

Frazier Cantrell on the Balboa reports that Pat Mehauffey and son, Carl, Ft. Worth, fished two days and caught 121 good trout. Mr. and Mrs. Jack Coulson and two children, Midland, fished two days and caught 157 fine trout. Mr. and Mrs. Wilson Fair, Tyler, caught 59 trout and three big kings. Mr. and Mrs. M. A. Richardson, Tyler, caught five kings. Buck Armitrout on the Betty Sue says that Mr. and Mrs. A. H. Slavinoha of Foth and Mr. and Mrs. Frank Pepka and Robert McCauley, all of Pleasant, caught 90 trout. W. R. Coulson, Bill Coulson, Jr., and Patty, all of Oklahoma, caught 94 trout on one day and 89 trout the second. Mr. and Mrs. George L. Duggan and daughter, Teresa, and son, John, all of Dallas, caught 111 trout. Mr. and Mrs. Henry Pester of San Antonio caught 92 trout.

From the Mary Lou, Hu Johnson reports: Roy Waguespack and party, Temple, Texas, 89 trout. Charles Drummer and party, San Antonio, Texas, 119 trout. Dr. W. C. Nowlin and party, Littlefield, Texas, 153 trout. Kenneth Mann and party, Taylor, Texas, 186 trout. W. E. Fyler and party, Robstown, Texas, 51 trout. Harlan Hall and party, Odessa, Texas, 93 trout. Mr. and Mrs. Ellis Quinn and party, Houston, 104 trout. H. S. Rumblo and party, Dallas, Texas, 176 trout.

The fishing has been sporadic at Good Luck Pier in Fulton, due to the weather. The big ones are plentiful under the lights at night. L. S. Haynes and friend of San Antonio visited us again and took home 81 trout. G. Jarvis and wife and H. F. Willmann of the same place strung up seven trout and five flounder. Jack Knostman and son of Houston were happy with 36 trout—12 of them weighing over two pounds. Nelson Hart and wife, also of Houston, fished several days and had 213 pounds of dressed trout—their largest weighing three pounds.

John Young Tells How Census Will Be Taken in 1960

Congressman John Young has assembled an interesting bunch of information on how the census will be taken in 1960. This information is given below for Pilot readers who may be interested in this tremendous project. The Bureau of the Census in the Department of Commerce is completing its plans for the taking of the 1960 Census, which will begin on April 1, 1960. This will be the 18th since the founding of our country, and the biggest project ever undertaken by the Bureau as 180 million persons will be enumerated. The first Census in 1790 gave the number of inhabitants and a few facts about them. A total of 3,929,214 persons were enumerated. The Census to be taken in 1960 includes only population, housing and agriculture, except that the farm census is being taken in the Fall of 1959 preceding the population and housing censuses of 1960. While the Census is planned and directed from Bureau headquarters in Washington, the plans are carried out through a network of field offices. In the State of Texas there will be 21 District offices, with the Districts corresponding exactly to the Congressional Districts with one exception, Harris County (Houston), now two Congressional Districts, will be handled by the Census Bureau as one District. Each Census District will have a District Office, the location of which will be selected by the Census Bureau, and a District Supervisor. Names of District Supervisors will be announced around the first of January, and the District office will be open for business at about the same time. The 14th Congressional District will have approximately 29 Crew Leaders who will be in charge of directing about 504 enumerators over the 14th District. Listed below by Counties are the number of enumerators which will be required to take the Census in each County in the 14th District.

- The Census Bureau has announced that during the month of February the District Supervisor will recruit and hire the Crew Leaders, and during the month of March the Crew Leaders will recruit and hire the enumerators. The Bureau states that methods of instruction are carefully worked out by personnel and field-work experts in the Census Bureau. After sealed trainers are themselves intensively trained in Washington headquarters, they will train the various Crew Leaders in different locations around the country. The Crew Leaders will in turn, hold classes for the enumerators. Crew Leaders and enumerators are recruited at the local level, and are hired after satisfactory completion of a qualifying examination administered by the Census Bureau.
- A two-stage approach is planned for the enumeration procedure in 1960. First, an Advance Census Report will be delivered by the Post Office Department to each household before April 1, 1960. On this sheet will be spaces for the household to enter answers to the questions which apply to every person and dwelling unit. It is expected that a higher degree of accuracy and completeness will result from the answers thus assembled in advance, and considerable time will be saved when the enumerator pays his call. Second, as the enumerator makes their rounds, they will leave another form, containing additional inquiries, at every fourth household. This is the Census Household questionnaire.

Col. Jack Howe and sons, Henry and John, returned to Ft. Sill, Oklahoma, after spending five days with Captain Buck Armitrout and family. Henry Howe is in his second year at the United States Naval Academy.

TECHNIQUE—The thumb goes in like so, but no music comes out. Debra Lynn Taylor Thacker, 2½, has the right idea but the wrong instrument. A bugle, perhaps, or a trumpet might produce better results than a thumb but it wouldn't be half so satisfying. The tune is being supplied by Marine Aircraft Wing Band at Cherry Point, N.C.

Boat Owners Have Many New Rules—And Problems, Is Effective Aug. 11

The phenomenal growth of interest in motorboating and other water sports, during the past few years, has brought about a concentration of statewide problems that were, heretofore, little more than a nuisance with only occasional dire results. Today, however, the leading problem has been one of how to foster accident prevention with a minimum of regulations and a maximum of protection and freedom for all water sport enthusiasts, i.e., fishermen, swimmers, skiers and just plain pleasure craft operators. Texas' new Water Safety Act is the first statewide attempt to promote safety in water sports by broad legislative means. In brief, the Water Safety Act hits at the problem in three general ways: By specifying minimum safety equipment and operation (Part I); Providing penalties for unsafe operation, or non-compliance with the Act, and a means of enforcement (Part II); Finally by making provisions for boat identification through a numbering system. A condensed explanation of this system is the duty of Part III. On August 11 of this year the Texas Highway Department will begin administering all provisions of the Act. However, boat owners have a March 31, 1960, deadline to make application for a Certificate of Numbers (registration). The deadline for dealers and manufacturers is April 1, 1960, after which time each boat manufactured and sold must be complete with numbers. The Act requires that the number painted upon or attached to the hull be of block characteristics of good proportion, not less than 3 inches in height, and read from left to right. The number must be displayed on each side of the bow and kept in a legible condition. Each Texas number will carry the prefix: T. Classification and Fees Each of the following classes of boats will be registered for a three-year period for the fees shown: Class A: Less than 16 feet in length, \$1.00. Class 1: 16 feet and over and less than 26 feet in length, \$5.00. Class 2: 26 feet and over and less than 40 feet in length, \$10.00. Class 3: 40 feet and over in length, \$12.50. All motorboats of 10 horsepower or under are exempt from the numbering provisions of the Act. Although it should be pointed out to boat owners in this category that the Certificate of Number system offers a good, inexpensive means of positive identification for proof of ownership purposes. Applications Applications must be made on a form approved by the Texas Highway Department and be accompanied with the proper fee. Upon receipt of the application, the Department will maintain a record and issue him a Certificate of Number stating the number awarded the motorboat and name and address of the owner. If the owner transfers any or all of his interest in a motorboat registered in his name, or if the boat is abandoned or destroyed, he must notify the Department, within a reasonable time and surrender his Certificate of Number. A person who buys a motorboat that has been previously registered under this Act, must make application to the Department for a transfer. Mrs. Jeannette Larsen, who has been an employee of County Surveyor James A. Jarboe for the past several months, has accepted a position as illustrator at the Naval Air Station in Corpus Christi. Mrs. Larsen was a civilian employee of the Army Signal Corps at Fort Sill, Oklahoma, before moving here about a year ago.

CHILDREN MUST BE IMMUNIZED, SAYS SCHOOL BOARD
 The Aransas County Independent School Board, at its regular meeting, affirmed a policy outlined early this year, and said that all children attending Aransas County schools for the first time must either be immunized against smallpox, diphtheria, and whooping cough, or else show proof that they have been so immunized. This applies to children entering the first grade, and to children entering the school system by transfers from other schools to any other grade in the Aransas County schools.

FISH AND WILDLIFE STATISTICIAN IS ROTARY SPEAKER
 C. E. Nickerson, Fish and Wildlife Service statistician in this region, spoke to the Rockport Rotary Club at its luncheon Wednesday. Visiting Rotarians were Chick Smith, San Antonio; Jesse Armstrong, Angleton; Dr. J. W. Crutcher, Mineral Wells; Bob Cushman, Houston; and a trio from Fort Worth, C. P. Mehauffey, H. C. Vandervoort, and Dave Tanay.

FULTON P-TA SETS MEETING DATES FOR YEAR
 At a meeting of the executive board of the Fulton Parent-Teacher Association it was voted to hold a luncheon for teachers on Aug. 28 at the Presbyterian Fellowship Hall. A new meeting date for the group was set and in future the Fulton P-TA will meet the second Wednesday of each month. The first meeting will be held on September 10 at 3:30 p. m. The budget for the coming year was discussed and the organization planned to buy a punch bowl for use in the Fulton School.

MRS. LARSEN TO CORPUS CHRISTI
 Mrs. Jeannette Larsen, who has been an employee of County Surveyor James A. Jarboe for the past several months, has accepted a position as illustrator at the Naval Air Station in Corpus Christi. Mrs. Larsen was a civilian employee of the Army Signal Corps at Fort Sill, Oklahoma, before moving here about a year ago.

COVE 22% COMPLETE
 According to Homer C. Innis of Lockwood, Andrews and Newnam, engineers on both jobs, the Cove, Aransas County's fifth harbor, is now 22% complete; and dredging of Cedar Bayou, to furnish a fish pass, is 70% completed.

All-Stars Will Take On League Winning Orioles Tonight

The league-winning Orioles of the Aransas County Baseball League will take on the All-Stars in a special game Thursday night at 7 p. m. This will be the final game of a 10-week series in which 63 boys between the ages of 13 and 15 have taken part. The All-Star team will be managed by Mr. Ed Beasley of the Sox and will be assisted by Mr. Richard Sharp of the Dodgers and Manual Florez of the Bombers. Playing for the Orioles will be Martin Garcia, Sammy Nava, Larry Iles, Jimmy Jackson, Bill Harris, Mario Garcia, Wilson Owens, Juan Mendez and Robert Johnson. The All-Stars will be made up of four boys from each of the other teams in the league with one alternate from each. From the Red Sox will be Roger Beasley, Gayle Williams, Joe Hugenberg, Buster Hau, and alternate, Charles Atchley. Playing from the Dodgers will be Orval Gibson, Ray Ormand, Bobby Borchert, Milton Court and Eddie Steele as alternate. The All-Stars' list from the Bombers is not available at this time. Following the All-Star game there will be an exhibition game between the boys and their managers. In two similar games earlier in the season, the managers have one win and one tie to their record.

MOVIES MADE OF SHRIMP TRAWLS
 According to Harvey N. Bullis, in charge of Gulf Fisheries and Gear Research for the U. S. Fish and Wildlife Service, the vessel George M. Bowers, has recently returned to Pascagoula, Miss., after completing her second cruise to obtain underwater motion pictures of the operation of shrimp and fish trawls. The observations and photographs were made by SCUBA divers from a diving sled towed by the Bowers. The work was carried out in the vicinity of Panama City, Florida, and a total of 5100 feet of underwater motion pictures was made during the cruise. Complete records were obtained of the operations of all parts of a 40-foot shrimp trawl. Comparisons were made of chain doors and bracket doors, various amounts of chain on the footrope, various headrope flotation devices, and various bridle lengths at all vessel speeds. A 40-foot semi-balloon trawl was also photographed with some of the variations noted above, including operations with a tickler chain. The movies must be compared with others made earlier and those yet to come, before conclusions are drawn.

FINAL WEEK OF ART SCHOOL OPENS WITH 20 STUDENTS
 The final week of the summer sessions at the Rockport School of Fine Arts opened with 20 people from the area and from as far away as Abilene attending. From Victoria are Miss Linda Bayer, Mrs. Lora Ritchey, and Miss Jean Davenport. Miss Nancy Everett is from Beville. From Corpus Christi is Mrs. Mary Ann Tanner. Two students are from Abilene, Mrs. Lola Brown and Mrs. Mary Louise Brown; Mrs. Ada Hurts and Mrs. Ella Mielsch are from Bay City; Miss Vinna Jean Conler comes from Markham. There are five from Angleton: Miss Quillian Garrison, Miss Mary Stockwell, Miss Jean Roberts, Miss Jane Simmons, and Miss Ginny Giesecke. From Cleveland comes Mrs. Lora Brown; Mrs. Grace Lentz, Miss Lorna Hamilton and Tommy Ben Thompson are from Rockport. Mr. Kit Dinger is from Los Altos, California.

SACRED HEART BARBECUE CLEARS \$1621 FOR FUND
 According to Father G. J. O'Doherty, pastor of the Sacred Heart Catholic Church, the recent barbecue, at which over 1500 persons were served, cleared \$1621.73 for the church's building fund. Eventually the money will be used to enlarge Sacred Heart School and to add to the church.

United Fund Enters Next Phase Sat.

Many Solicitors Needed Says George Dickey In Order to Lighten Work for Everyone
 The United Fund of Aransas County will enter its second phase this week when volunteer solicitors meet at the Woman's Club at 11 a. m., Saturday, Aug. 15, for an orientation talk and discussion of the aims of the drive. This will be followed by coffee and sandwiches, donated by Mrs. Charles A. Roe, Sr., as a part of her contribution to the work. Campaign Director George Dickey says: "Costs of your Aransas County United Fund are limited to clerical help and stationery and a few advertising items, amounting to less than five per cent, where as similar drives in other communities may cost as much as 15 per cent of the money taken in. With some of the National groups it may run higher than that. "When these solicitors call on you, please accept them and the United Fund as a worthy, very much needed activity and responsibility to your community, not just a handout, and give to the limit of your ability. One day's pay, or one day's income from business or profession will put your United Fund in a position to take care of the approved agencies. "If you are not able to, or prefer not to give all of your contribution in cash, then please sign a pledge for payment of the balance later in the year. "We again urge that what funds you wish to give to any recognized drive be given through your United Fund for only in this manner will we citizens of Aransas County be able to keep a horde of drives out of the county. Moreover, through the United Fund, we are actually able to control the collection and distribution of funds. "Listed on the back of the pledge cards are all of the organizations whose pleas for funds have been approved this year. If you want all of your contribution to go to one of these, mark the box alongside of this. If you want it to go to several, mark the right place alongside the names of those to whom you wish it to go. "We assure you that your contribution will go to the organizations marked. This also applies should you want the money to go to an organization not listed. You will find a blank line where you can fill in the name. "The records of your United Fund are available for audit or examination should there be any doubt. If there are one or more organizations on the list to which you do not want your money to go, draw a line through them. "There is one outstanding organization in this list, The Aransas County Emergency Corps, your Rockport and Fulton fire and emergency rescue organization, which merits an especially generous contribution from everyone, for they work day and night, tirelessly and uncompromisingly, to protect you and yours. "We have spent a lot of time preparing cards for solicitors, but past experience has proved that we frequently overlook someone who would like to contribute to this worthwhile fund. "If this happens to you, call Mrs. Deane Steele at SO 4-2482 or George Dickey at SO 4-2478, and arrangements will be made for someone to call on you. "A large number of campaign solicitors are urgently needed in order that the burden may be spread, and so that one solicitor does not have too many people to call upon. The drive will run through the balance of August, so if you are able to give any time at all to this worthwhile community activity, then please meet with us at the Woman's Club next Saturday, Aug. 15, at 11 a. m. "Please put the 'We Give' stickers on your car, and please wear the little red feather that you will receive when you give."

SCHOOL BOARD ADOPTS BUDGET
 At their regular meeting, trustees of the Aransas County Independent School District adopted a budget calling for \$519,554.00 and set the tax rate for the coming year at \$1.75 per hundred assessed valuation. Of the levy, \$1.42 per hundred will be devoted to operations and .33 cents a hundred to debt service. Meeting with the board were oil company tax men, Bill Allison of Atlantic Refining Company, D. C. Kever of Sun Oil Company, Bill Craddock, representing Phillips Petroleum, and Bill Bender of the Hunt Oil Company. Main items in the budget were \$41,978 for administration; \$271,477 for instruction; \$16,695 for pupil transportation; \$33,696 for plant operation; \$22,224, plant maintenance; \$5242 to cover fixed charges and \$7500 for food service. Capital outlay for the coming year amounted to \$48,592, in which is included a cement block cafeteria to be built at Rockport some time during the coming year. Debt service will require \$72,150.

Football to Get Underway Monday, August 17
 Boys who want to play varsity ball with the Aransas County High School Pirates this year are to report to the Pirate field house at 7 a. m. Monday, August 17, Coach Melvin Borchert said, and members of the junior varsity should report at the same time the following Monday, August 24. The junior varsity are those boys who need added size and experience this year before they meet the larger boys in competition. Around 50 boys are expected to turn out for the two teams this season, Borchert said, and he promises fans a surprise new type offense and defense. Many changes have been planned during the summer by the Pirate coaches, to fit this style of play to the material available, with a wide open game creating more excitement than ever. Merchants will be approached this week by Pirate lettermen who are selling ads in the football program to obtain the money needed to film football games during the season. Any cooperation will be greatly appreciated, Borchert said.

Council Discusses Police Situation
 The city council at its regular meeting discussed the problems of city law enforcement and decided to make an investigation of the way this was dealt with in towns of similar size throughout the area. Water Superintendent Tom Shults was authorized to contact Heldenfels Brothers, the contractors now installing curb and gutter on Loop 70, and to make an agreement with them for extension of these to completely enclose the area on which the city hall stands. This was not included in the original contract. Councilmen also voted to hire Seale, McCarty and Millikin, of Beville, to carry out the annual audit. City Attorney Richard Hatch was authorized to proceed with delinquent tax suits on behalf of the city. **DELINQUENT TAXES COLLECTED BY SCHOOL** Mrs. Katherine McLester, Aransas County Independent School District Tax Assessor-Collector, reported to the School Board Tuesday night that there was approximately \$16,451.68 in delinquent taxes outstanding. During July, she said, \$1218.91 had been collected.

First Delinquent School Tax Suit Set This Week
 Sinton—The first in a series of suits involving more than \$35,000 in delinquent taxes was filed in 36th District Court Thursday by the Aransas Pass Independent School District. The petition filed Thursday includes 27 real property owners who owe \$5,163.87 delinquent taxes owed and 11 persons who owe \$693.32 in delinquent taxes on personal property. Richard J. Hatch, attorney representing the school district, said petitions are being prepared for tax suits on all delinquent property owners. The suits will be filed in both San Patricio and Aransas Counties, he said.

A HISTORY

of
Rockport, Fulton, St. Mary's, Lamar and El Copano
 By
 Mrs. Will W. Wood

Under terms of the contract with the Mexican government, the empresarios had six years within which to introduce the required number of colonists. The Power and Hewetson contract was due to expire June 11, 1834, and up to the spring of 1832, the empresarios had done little toward accomplishing the fulfillment of the contract; having been prevented from so doing by endless disputes between them, the other empresarios and the Mexican government. On March 22, 1832, the government granted Powers and Hewetson a three-year extension of time in which to perform. Unknown to Power, the extension was later revoked, but James Power started his journey to Ireland in ignorance of this. Traveling by river and overland from New Orleans, he stopped at various places, and procured a number of colonists from New Orleans, Louisville, Philadelphia and New York, where he enlisted the aid of Henry, John and William Clark, whose mother was a sister of Francis Welder. In New York, while awaiting passage to Ireland, he learned that the decree extending the life of the contract had been annulled. He had but until June, 1834, to fulfill the contract.

Power sailed for Ireland on October 14, 1833. He had handbills printed, advertising for immigrants, and posted them all over Ireland. Power gained about 350 recruits, the bulk of which left Liverpool, England, for Copano Bay in 1833 and 1834. The trip was beset with tragedy, and only eight survived in one shipload. Two of the schooners wrecked at the Aransas Bar on May 3, 1834. Immediately after the shipwrecks cholera broke out among the colonists in an epidemic form, and many died. The colonists had to remain on St. Joseph's island or on board the ships. The Colonel went to El Copano for help, where he paid Captain Auld \$400 to bring the colonists to El Copano in his schooner, "Sabine." Among the earliest arrivals were Thomas O'Connor, the Lambert family, Edward St. John, and the Fagan family, Edward McDonough and Peter Teal.

In connection with coastal landings of colonists bound for the Refugio Colony, an interesting and somewhat amusing fact will be related. The Irish empresarios, in letters to the prospective settlers from the United States, urged them to come to their colonies as soon as possible, and by way of El Copano. As the coastal waters were not generally known in that day, he directed attention to Live Oak Point as a means of identifying the entrance to Copano Bay. Some of the vessels bringing small groups of his colonists lost their bearings and put in to San Antonio or Mesquite Bays by mistake. As the point at that place closely resembled the empresario's description of Live Oak Point, several groups of colonists landed there. Upon discovering their mistake, they went overland to Fagan's and other settlements on the San Antonio river, else went by boat to historic Mesquite Landing (the Paraje del muelle of Refugio Mission fame.) Such is the origin of the name False Live Oak Point, now in Aransas County.

CHAPTER VI
 Beginning of Texas Revolution
 The Refugio Colony was settled during a most critical and chaotic political condition existing throughout Mexico and Texas. The political ills so far as Texas was concerned had been of long duration, but the Irish colonists were not acquainted with them. So far as the Mexicans were concerned, the colonists had been kindly and generously treated; and no grounds for quarrel existed here except the purely local quarrels with the old settlers at Goliad. It is not within the scope of this history to elaborate upon the causes of the Texas Revolution, but to relate the connection which the Refugio colonists had with that momentous event. Santa Anna, in preparation for his overthrow of the Federal system, had the Federal congress, on March 31, 1835, pass a law limiting the state militia to one man per 500 inhabitants. Up to that time the Refugio Colony had had an active civic company because of the proximity of Indians; but in obedience to the law, the local company was disbanded, as under its provisions only one or two militiamen were permitted. The reaction in Mexico was not so supine. Governors of several states called out the militia to support the Federal system. Governor Viesca issued a call to militia in Coahuila and Texas for the same purpose, and it might be truly said that the revolution in Texas

was in response to a call of a duly constituted Mexican official. In May General Cos invaded Coahuila for the purpose of suppressing the state congress. That body adjourned May 21, after authorizing the governor to move the capital to a safer place. The governor proceeded to move to Texas, taking the archives with him. In his party were Benjamin R. Milam, Dr. James Grant and Dr. John Cameron, a Refugio colonist, all of whom subsequently figure in our local history. The governor and his party were intercepted by Cos' troops and put in various prisons, from which they later escaped, as we recount at the appropriate place.

Having suppressed the constitutional government of Coahuila and Texas, General Cos took up his headquarters at Matamoros, where he made no secret of his contemplated invasion of Texas. Whether such invasion was to come by land or by sea was unknown. The inaction of these troops for such a great length of time, from May to September, led many to doubt that there was to be an invasion, so that when it did come, it was as a surprise to Texas.

Colonel Power, by reason of his origin, religion, and marriage to a Mexican lady, as well as by his many close friendships with important persons in Mexico, was regarded by the Centralist officers as loyal and dependable; however, they overlooked the fact that most of the favors he had received had come from officials who were Federalists or anti-Centralist in their views, such as governor Vidaurri and Viesca, Dr. John Cameron, Eugenio Navarro, J. M. J. Carbajal, Antonio Canales and others, whose sympathies were with the Texian colonists. Furthermore, such Centralists as Mier y Teran had opposed the littoral league colonies and had desired to break them up. The natural sentiments of the empresario were in favor of democracy and justice and opposed to dictatorship and tyranny. Such was also the sentiment of the leading men of the colony.

Although Refugio was in close proximity to the garrisons at Goliad and Lipantitan, and discretion had to be observed, a committee of safety and correspondence was organized in Refugio Municipality early in 1835. Its members were Martin Power, John Dunn and John Malone. Colonel Power kept in close touch with it. On September 20, 1835, when Colonel Power was at his home at Live Oak Point, his attention was called to a warship which was entering the strait headed for El Copano. Through a powerful telescope he kept the vessel under observation and saw it anchor off Power's Point, and evidences of military debarkation begin. He and his great and trusted friend, Walter Lambert, got into a sail-skiff and tacked across the bay to the landing to find out what was transpiring. Here they found the Mexican army of 500 men, together with its supplies, being unloaded. General Cos found at the old customs house where he and his staff had established themselves. Cos and Powers were well acquainted, and the youthful general hailed the empresario most cordially, no doubt believing him to be loyal and trustworthy. Cos, with his usual abandon, spoke freely of his plans. His army was to march to Bexar and from there to San Felipe de Austin. The general exhibited to Power with much pride a manifesto which he had had printed at Matamoros for distribution in Texas. The document was as follows:

"THE BRIGADIER GENERAL MARTIN PERFECTO DE COS
 Commanding General and Inspector of the EASTERN INTERNAL STATES. IN THE NAME OF THE PRESIDENT OF THE REPUBLIC:
 "I make know to all and everyone of the inhabitants of the three departments of Texas, that whenever under any pretext whatsoever, or through a badly conceived zeal in favor of the individuals who have acted as authorities in this state, and have been deposed by the resolution of the Sovereign General Congress, any should attempt to disturb the public order and peace, that the inevitable consequences of the war will bear upon them and their property, inasmuch as they do not wish to improve the advantage afforded them by their situation, which places them beyond the uncertainties that have agitated the people of the centre of the Republic.
 "If the Mexican Government has cheerfully lavished upon the new settlers all its worthiness of regard, it will likewise know how to repress with strong arm all those who, forgetting their duties to the nation which has adopted them: as her children, are pushing forward with a desire to live at their own option without subjection to the laws. Wishing, therefore, to avoid the confusion which would result from the excitement of some bad citizens, I make the present declaration, with the resolution of sustaining it."
 MARTIN PERFECTO DE COS
 Matamoros, July 5, 1835

After Colonel Power has read this interesting document, Cos, in a boyish-like manner, inquired what the empresario thought of it. The Colonel replied, slowly, "I think it would have been better had you not come."
 The Mexican army needed carts with which to transport its supplies, and Cos asked Power to procure them for him. Seeing an opportunity to get word through to the inland colonies, Power replied that he would send to Refugio for them. He got Lambert aside and instructed him to warn John Dunn and the other leaders at the mission and to tell them to send a fast express through to the other colonies, advising them of the landing of General Cos. In the meantime, the colonists were to gather all available carts and bring them to El Copano as the general wished. Walter Lambert executed his mission with his accustomed courage and thoroughness. The Patriot leaders at Refugio lost no time in dispatching an express to the interior. Thus it was that the central colonies got their first news of the Mexican invasion, which was received at San Felipe on the night of September 21.

Miss Junek and John C. Rowe Pledge Vows

Miss Shirley Ann Junek, daughter of Mr. and Mrs. Albert Junek and John Charles Rowe, son of Mr. and Mrs. G. R. Rowe of Rockport, exchanged wedding vows at 7 p. m. Saturday, August 1, at the First Presbyterian Church.
 The Rev. Leonard Swinney officiated at the double ring ceremony.
 Given in marriage by her father, the bride wore a waltz length white nylon organdy and lace gown. Her headpiece was of white net and she carried a white Bible topped with white carnations.
 Mrs. Don Montier of San Marcos was matron of honor and wore a light blue dress with white accessories and carried a bouquet of pink mums.
 Frankie Rowe, brother of the bridegroom, was best man.
 The bride's mother chose a navy blue dress with white accessories and a corsage of white carnations. The bridegroom's mother was gowned in a black and white print, and her corsage was of white mums.
 Mrs. J. C. Melcher played the traditional wedding music.
 Immediately after the ceremony a reception was held at the church. The lace covered table was centered with an arrangement of white mums. The three-tiered wedding cake was decorated with white sugar-spun roses, and topped with a miniature bride and bridegroom. Mrs. Alfred Jurek served the cake, and Miss Eileen Hill presided at the punch bowl. Miss Mary Elsie Rowe attended the bride's book.
 The couple left immediately after the reception for a honeymoon trip. They plan to make their home in Taft—Port Lavaca Wave.

Adams-Armstrong Nuptials Celebrated

In a candlelight setting at the First Presbyterian Church on Sunday, Aug. 9, at 6 p. m., Miss Betty Mae Armstrong became the bride of Daniel Ray Adams, with the Reverend A. Arnott Ward of Corpus Christi officiating at the double-ring ceremony. Twin seven-branched candelabra, twined with greenery and holding white tapers, stood at each side of the altar, flanked by floor baskets of white gladioli and asters arranged with Commadore and Plumosa fern.

The bride is the daughter of Mrs. Clyde W. Armstrong and the late Mr. Armstrong of Rockport. Parents of the groom are Mr. and Mrs. Eugene N. Adams of Lamar.

Mrs. Eugene Adams, Jr., rendered the wedding music, and accompanied Tom Evaras, of Victoria, who sang "The Lord's Prayer" and "Because."

The bride was given in marriage by her grandfather, E. A. Laney, of Aransas Pass.

She wore a dress of white clustered satin in ballerina length. Its short-sleeved, molded bodice, designed with a scalloped, bateau-shaped neckline, extended to a V-point at the waist where it joined a front panel running the length of the gown. The neckline scallops, sleeves, and skirt panel were applied with lace roses and leaves re-embroidered in seed pearls. An overskirt of lace, joined to each side of the front panel, completed the bouffant skirt. Her fingertip veil of silk illusion was caught to a crown of seed pearls. She carried a Colonial bouquet of white carnations centered with a white orchid.

Miss Gloria Jean Kraemer of Houston was maid of honor and the bride's sisters, Misses Geraldine and Linda Sue Armstrong, were bridesmaids. The attendants wore identical frocks of pink dotted Swiss over pink taffeta, fashioned

with bouffant, ballerina-length skirts, short sleeves, and V-necklines. Their fitted bodices were encircled with cummerbunds of lace insertion threaded with dusty rose ribbons. They wore small hats of silver cloth in the shape of bows, and carried nosegays of white carnations.

Eugene N. Adams, Jr., brother of the groom, was best man. Groomsmen were Jan Nash of Victoria and Hank Schleider, Walter Heldenfels, Jr., and Mike McVay served as ushers.

A reception at the Fellowship Hall of the church followed the ceremony. The table was laid with a white flounced taffeta cloth with net overshirt. Its centerpiece was a reflector holding the bouquets of the maid of honor and bridesmaids. White candles in crystal holders encircled the arrangement. The decorated, three-tiered wedding cake was topped with a miniature bride and groom.

Miss Georgia Benningfield served the punch and the Misses Mary Lucille Jackson and Mary Martha Shivers alternated in serving the cake. Miss Nell Mundine registered the guests in the bride's book.

The bride is a 1959 graduate of Aransas County High School; the groom was graduated from the same school in 1958 and attended Victoria College this year.

After a trip to Houston the couple will make their home in Rockport.

MRS. NICKERSON AND SON, DAVID, IN EAST

Mrs. C. E. Nickerson and son, David, are in New York, visiting relatives and friends. They will return shortly, in time for the opening of school.

Mr. and Mrs. E. J. Johnson report they are having a fine trip through the western states. They will return to Rockport about Sept. 1.

Harry Carter Writes Again

Harry Carter, now at sea, has found time to write again, and his charming letter is given below.

Nautical Notes

"S.S. Hastings" way off the east coast, bound for Norfolk, Va., just now keeping pace with the S.S. "Pioneer Tide," a smart looking freighter of the U. S. line.

As the white sands of the Virginia coast come into view the ocean changes from deep blue to emerald.

Turning to port we now pass between the twin capes, Charles and Henry, take a look at Old Point Comfort and come to anchor in Hampton Roads, with the broad waters of Chesapeake Bay stretching away into the distance.

The predominating color here on ship and plane is battleship grey. The pilot who brought us into the Roads is now going over the side to his waiting launch.

Nattily dressed in dark blue suit, raincoat, homburg hat, yellow gloves, glasses, he looks incongruous on a rope ladder. "Dropping the pilot" says a passenger "there goes Count Bismarck." "Well," remarks another kibitzer, leaning on the deck rail, "He looks too cheerful for Bismarck, but could pass for a Count or for the Chairman of the Board of some bank!"

Here comes a speedboat to take the Captain and the Chief Steward ashore. "We, the people" are gratified to observe that the mail bag is also going with them.

Nothing to do now for a few hours; the engine is silent, there is a siesta atmosphere aboard with a hot and humid air to match. We look for Norfolk and other landmarks and watch the busy air and water traffic.

Out to sea again as the sun begins to dip over Chesapeake Bay. Still in view is the tall hotel at Virginia Beach.

From ship to far horizon the sea is opal except where rising waves make darker water.

The solemn tone issuing from a nearing bell buoy greets us as the Hastings heads for London, England, some 3450 miles away north-east.

Fortunately, enough daylight is still with us to enable all on deck to see a rare and pleasing sight.

Coming our way on the starboard bow is a three-masted schooner loaded with sail. Square rigged forward, scudding along merrily, all canvas billowing out before a north-east wind.

As she passes we see the black, white and red national flag of Germany flying aloft.

Probably a training ship on a goodwill tour, now on its way to Hampton Roads. Doubtless by the time she dropped anchor "Darkness was upon the face of the deep."

Personnel — Captain Martin
The 10:00 a. m. coffee period is always interesting when the Captain joins the passengers as he did today. Twenty years on this transatlantic run plus previous marine experience can make a friendly person an entertaining conversationalist. So the talk flowed quite logically with linking allusions through a continuous stream of subjects that individually would appear to have little in common.

It all started with someone's remark about the phosphate in the hold and went on from that to bauxite, vineyards in the Azores, Madame Tussaud's Waxworks, planetariums, mushrooms, Chinese restaurants, Greek traders, Japanese china, etc. the Captain contributing much from his store of memories.

Page Mrs. Hagar
Apparently at Norfolk we took aboard of pair of stowaways. They look like swallows, dumpy little

fellows with forked tails, white breasts and a touch of pink at the throat. They are being fed by the crew, but frequently they take to the air and skim over the water as though searching for insect food.

On a recent east-west voyage five carrier pigeons alighted on the deck of the Hastings near the Azores. Panhandling their way to Miami they left the ship. These avian tourists had no passports to the United States, but they did carry identification information on their persons.

A day or two after the Cunard liner "Andania" had left Cobb (Queenstown) Ireland in April, 1924, bound for Canada we saw a pair of owls flying round the ship. They were taken care of aboard, finally arriving at the Aviary of the Montreal zoo, as an unexpected gift from the Emerald Isle.

Mr. Gaines (Sparks)

Now I know that land radio stations have three call letters, ships have four and planes five. This is station KYRI where Mr. Gaines operates. The little room is almost full of apparatus. Jack Phillips, radio man on the ill fated RMS Titanic, the supposed unsinkable White Star liner that struck an iceberg and went down in 1912, was a citizen of Godalming, the writer's hometown. Mr. Gaines is going to see the Jack Phillips memorial in the quaint little town. Duke

Not a ship had been seen for five days and then Duke, the room steward, scanning the horizon yesterday, quipped "If we don't see something tomorrow we're lost!"

Well, this morning there is much to look at. The ship has already raised Bishop's Rock, the lonely outpost off the Scilly Isles, southwest corner of Great Britain.

Freighters and fishing boats are now seen as we steam eastward in the English Channel

I hear lukewarm praise of European sunshine: quite justified at present. It's about 10 carat gold so far. Gulf coast sunshine is hard to match.

Harry Carter

Mrs. Raymond Roberts is in Houston visiting her son and daughter-in-law, Mr. and Mrs. Culley Roberts, and Jimmy.

MRS. MARY ISABEL WEBB PASSED AWAY FRIDAY

Mrs. Mary Isabel Webb, 35, resident of Rockport for 18 years, died Friday in a Houston hospital after a long illness.

She is survived by her husband, Bernard; a son, Jimmy Glenn, and two daughters, Mary Bernice and Dolores, all of Rockport; her parents, Mr. and Mrs. Henry Cook, Aransas Pass; a brother, Robert L. Neal of Houston; three sisters, Mrs. Lloyd Kerr of Dallas, Mrs. James A. Holbert of Aumsville, Ore., and Mrs. Ronald Vernon of Sherman.

Funeral services were at 4 p.m. Sunday at the Cagle-Marshall Chapel with the Rev. Wilson Brumley of the First Baptist Church officiating.

Burial was in the Rockport Cemetery.

Mrs. Webb was a member of the Baptist Church.

Heat Pumps Now Widely Used in South Texas Homes

One-thousand electrical heat pumps are now in operation in the South Texas area served by Central Power and Light Company, it was announced today by the utility's Rockport Manager, B. T. Hardeman.

The one-thousandth unit was installed in a new all-electric Gold Medallion Home recently built in Bay City by Rev. R. E. Ferguson. In addition to the central systems, several thousand window unit electric heat pumps—or reverse-cycle air conditions—have been purchased in the area since this revolutionary new method of heating and cooling was introduced a few years ago.

According to Hardeman, "The versatile electric heat pump uses only electricity and air to provide year-round comfort for a home or business. It automatically furnishes the right amount of warm or cool air to maintain the desired temperature, and is particularly well suited for South Texas area where cooling is as essential as heating."

TEXAS CHAMPIONS OF FREEDOM

Lucy Holcombe Pickens

Ambassador of Goodwill and Sponsor of Liberty

A hundred years ago a beautiful and spirited Texas girl so fascinated the rulers of Czarist Russia that she was an honored guest in St. Petersburg's imperial palace for the birth of her first child. The Czar and Czarina stood as godparents and named the baby "Douschka." Translation: "little darling." That Texas girl was Lucy Holcombe Pickens, of Marshall and the East Texas piney-woods, and wife of the American ambassador to Russia.

Home again, with her husband then Governor of South Carolina, romantic legend says that when General Pierre Beauregard was about to begin the bombardment of Fort Sumter, he handed a taper to little Douschka—who touched off the first cannon shot of the Civil War.

But the lovely Texan, Lucy Holcombe Pickens, was to make more history. She sold the magnificent jewels given to her by Russian royalty to equip a Confederate army unit, known as the

Lucy Holcombe Legion. And as a tribute to this remarkable young woman, her beauty was immortalized on Confederate currency—\$1 to \$100 bills. Many Texans have championed freedom in many kinds of battles, but Lucy matched their achievements with no weapons but kindness, intelligence and charm.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland . . . "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close co-operation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.
