The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 90

ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, OCTOBER 22, 1959

No. 29

Along The Waterfront

Applications now are being received by the Game and Fish Commission for free deer hunts on five management areas in Texas. However, only two weeks remain before the 9 a. m. October 30 deadline for the entries.

Requests for applications blanks for the hunt should be sent immediately to the Commission offices in Austin. Approximately 2000 permits will be issued by the Commission this year, but to be eligible for one of these permits your certificate must be in Austin in time for the public drawing following the deadline.

The areas to be hunted are the Kerr, Engeling, Angelina, Black Gap, and Sierra Diablo. All permits issued will be for two-day hunts except for the Angelina area where one-day permits will be issued.

A total 360 permits for a desired kill of 160 deer will be issued for the Kerr area; 150 permits for the Engeling area for 75 deer; 700 permits for 110 deer on the Angelina area; 400 permits for 160 deer on the Black Gap area; and 80 permits for 40 deer on the Sierra Diablo area.

Only persons 17 years or older will be permitted to hunt on these areas, according to the Director of Wildlife Restoration, Texas Game and Fish Commission. Applications can be filed on a party system, with not more than four persons in the party.

Another quail hunt is scheduled for the Panhandle this year on the Gene Howe Wildlife Management area.

Dates for the hunt are Dec. 5, Dec. 19, Jan. 2, and Jan. 16.

Applications now are being received for these hunts and permits will be issued after a public drawing to be held at 8 a. m. Nov. 13.

No preference can be given as to dates. All hunters will be required to hunt in pairs, with 13 pair each day, for a total of 104 hunters. Only persons 17 years of age or older can be considered in the drawings for these hunts.

According to all reports, hunting will be good on the area this year. The quail population is high and hunting success should be very good, if dogs are used.

Those receiving permits are urged to take their dogs to the hunt, to prevent loss of birds. Because of the heavy vegetation this year, the loss of cripples and dead birds will probably be high, unless dogs are used.

Each man whose name is drawn will be permitted to hunt one day and will be entitled to the maximum of one day's limit, 12 quail.

Applications for the permits should be mailed to the Texas Game and Fish Commission, Walton State Bldg., Austin, in time to be there by the Nov. 13 deadline.

A. R. Griffith, Sr., fishing in the Yacht Basin, caught a four and a half pound flounder Tuesday. The fish was so big and strong, he said, that he had to stand on it with both feet to keep it from flopping all over the place while removing the hook.

Frazier Cantrell reports: Mr. and Mrs. Bunch Selvine and Mr. and Mrs. J. E. Covington, Ft. Worth, had 235 trout; the next day the same party had 91 good trout and one 13 pound drum.

Arnold Larson and Fred Morris, San Antonio, 162 trout and two sheephead.

NEW STATION AGENT CHECKS IN

Max J. Kudrna of McAllen arrived Monday to take over duties of the Southern Pacific station agent here. His family will remain in McAllen for the time being. Kudrna was agent at Los Fresnos for several years, but on closing of that station has been reassigned to Rockport. He is a member of the Lions, American Legion, and Veterans of Foreign Wars.

Preliminary Audit Released to School Board for 1958-59

Preliminary figures released to the Aransas County Independent School Board by E. Melvin Cummins, auditor, of Corpus Christi, indicate that in most departments of the school system, expenditures were slightly less than had been anticipated in the 1958-59 budget, for the school year that closed in June.

According to Cummins' figures, the school system opened the year with a \$3,970 balance. It received \$357,806 in revenues from local sources; \$750 from county sources, and \$101,295 from state aid, making the total of all funds available \$503,923.

Disbursements included \$32,465 for administration; \$260,902 for instruction; \$15,844 for pupil transportation; \$31,795 for plant operation; \$22,574 for plant maintenance; \$2,284 for fixed charges; \$5,127 for food service; \$5,127 for capital outlay; and \$20,603 for (Continued on page 8)

Daniel Dominguez In Jail For Shooting Saturday

Daniel Lopez Dominguez, 19, on probation for entering the Star Package Store on May 23, had his probation revoked here Wednesday in 36th District Court, by Judge John Miller, of Sinton.

In addition, he faces the possibility of a murder charge if Antonio Guzman, Route 1, Taft, should die as the result of a bullet wound allegedly inflicted by Dominguez in a Saturday night brawl at a cafe about two miles north of Rockport, on Highway 35.

Guzman is still in Memorial Hospital where he was rushed in serious condition after the shooting, with one bullet in his heart and another slight wound in the upper part of his body.

However, doctors there said that it had been possible to repair the torn heart muscle, and that Guzman had a good chance for recovery.

An innocent by-stander, Maria Elena Fisher of Rockport was also wounded by a small caliber bullet, presumably fired by Dominguez, and Pete Guzman, a brother of the Taft man, was also shot, a bullet grazing his hand but doing little damage.

According to accounts of people in the cafe at the time, Dominguez and Antonio Guzman are alleged to have engaged in an argument outside the cafe, and when Guzman ran inside, Dominguez is alleged to have fired at him through the screen door, with a .22 caliber pistol.

Dominguez is supposed to have shot at least five times.

Deputies Sherman Mundine and Slim Haynes from the Aransas County Sheriff's Department made the arrest.

Judge Miller, on hearing the evidence, immediately revoked Dominguez' probation, automatically invoking the two to three year (continued on page 8)

Dr. W. K. Bowden Opens Clinic

Dr. W. K. Bowden announced today that he has opened the Bowden Clinic in the building just north of the Rockport post office, and will be open from nine till five daily, except Saturday afternoon and Sundays.

Dr. Bowden took his pre-medical training at Vanderbilt University, Nashville, Tennessee, and is a graduate of the Kirksville College of Osteopathy and Surgery at Kirksville, Missouri.

His post-graduate work includes eighteen months as house physician at Coats-Lrown Hospital, Tyler.

He operated the Bowden Clinic and Hospital at Cushing, Texas, prior to moving here, where he is a member of the staff at Bayview Hospital.

Dr. and Mrs. Bowden are native Texans, and have two children, Randy, 13, and Stephen, age 9.

They are members of the Episcopal Church. They will reside in Fuiton.

156th DISTRICT COURT TO OPEN

The regular fall term of the 156th District Court will open here Monday, with Judge Joe Wade of Beeville on the bench.

NEW CORPUS CHRISTI BRIDGE - A ship passes under the center span of the new bridge over the Corpus Christi port entrance, which will be dedicated in ceremonies Oct. 23. The structure, soaring to 234 feet, is the highest ever built by the State Highway Department. Old bascule bridge is at right.

New Bridge To Be Dedicated Oct. 23 at Corpus Christi

CORPUS CHRISTI—A 33-year-old traffic bottleneck over the Port of Corpus Christi will be broken Friday, Oct. 23, when the new high bridge is dedicated.

Stretching more than a mile in length and 234 feet into the air, the span is expected to attract thousands of first-day cars, with visitors coming both for the official ceremonies and to enjoy the thrill of the lofty ride.

The dedication program will begin at 10 a. m. at an area near the courthouse. Among the speakers will be Noah Kennedy and William Nicholas, county judges of Nueces and San Patricio Counties; Rep. John Young, who was Nueces County judge when the project was started; and three present or former chairmen of the State Highway Commission connected with building the bridge, E. H. Thornton Jr. of Houston, Marshall Formby of

Plainview and Herbert Petry of Carrizo Springs who will make the principal dedication speech.

Following the ceremonies, an auto cavalcade will drive around the bridge and then upon the span where a ribbon will be cut, officially opening it to traffic.

The new bridge, highest ever built by the State Highway Department, is six lanes wide and 5,817 feet long. It crosses a channel which will be 400 feet wide when dredging is complete. The great length of the bridge is necessary to achieve the height to accommodate large ships and stay within the 5 per cent grade. The center span stretches 620 feet across the port entrance and 140 feet above it.

When Corpus Christi's deep water port was opened in 1926, the bascule bridge for vehicular traffic over the entrance was looked upon as an engineering masterpiece. But increasing traffic, both

land and sea, caused it to become a bottleneck.

Efforts to solve the problem began at least eight years ago. A controversy over whether to build a tunnel or which of several other types of bridges flared openly. The state offered to build a high level span, and the city, county and navigation district joined forces to buy right of way, provide connecting expressways, and see that the old bridge was moved and the port entrance widened.

Started in 1956

Construction was started in June, 1956, and has cost \$8,156,156. Right of way costs raised the total to 17 million dollars. All this is a part of a 70 million dollar highway and port improvement now in progress.

A new six million dollar lift bridge has been constructed at the upper harbor to take care of rail traffic.

Jarboe Attends Water Meeting At Uvalde Friday

James A. Jarboe attended a meeting of the State Board of Water Engineers at Uvalde last Friday, at which the master plan presented by the Nueces Water Conservation District was discussed.

Representatives of practically every city within the Nueces watershed were present, Jarboe said.

State engineers said that approximately 340,000 acre feet of runoff were available annually, and that in dry years this was about 40,000 acre feet less than needed to fill the reservoir behind Wesley Seale Dam.

Two hundred thousand acre feet of water still unallocated, and which the master plan seeks for Corpus Christi, was the magnet that drew everyone to the meeting.

Representatives of Three Rivers and Alice asked that this be held in abeyance for cities within the water shed other than Corpus Christi, and the Water Board approved this request, at least for the time being.

The next meeting of the Water Board in the matter will be held in Corpus Christi, probably in January, Jarboe said.

Football Games Widely Scattered This Week

The Pirates, in their second district game, journey to Ingleside this week to tangle with the Mustangs, in the hope that they can ride them to another victory. Injuries were non-existent in last week's game with Gregory-Portland Wilcats, and Coach Borchert's boys ought to be in fine fettle for the rodeo.

The Junior Varsity will play Mathis there on Thursday night (tonight), and the junior high will take on the Ingleside junior high here the same evening.

Blanco Baptists Elect Officers

At the regular meeting of the Blanco Baptist Association held this week, the following officers were elected for the coming year: Moderator, Reverend Carrol Jones, of Cadiz; vice moderator, Reverend Paul Milton, Goliad; workers' conference moderator, Reverend Wilson Brumley, Rockport; annual sermon, Reverend J. C. Watkins, with Reverend Buford Harris, of Tivoli, as alternate;

Clerk and corresponding secretary, Reverend Norman Fry, Three Rivers; treasurer, Brother Blacklock, Beeville; WMU, J. W. Baham; training union director, Earl Rogers, Educational Director of the First Baptist Church of Beeville;

Brotherhood president, Kirk Bennet, of the First Baptist of Beeville; royal ambassador leader, Reverend Kenneth Bradshaw, Gregory; vacation Bible school leader, Reverend Bowes, of Friendship Baptist; music director, Reverend J. C. Watkins, Pettus;

Chairman of evangelism, Reverend Wayne Randolph, Refugio; chairman of stewardship, Reverend B. C. Brown, First Baptist, Beeville; chairman of Christian life committee, M. Brittain, Taft; chairman of relief and annuity, First Baptist, Aransas Pass;

Baptist Standard chairman, Leon Vorpahl, Sinton; church achievement chairman for anglo churches, Reverend Billy Stephens, George West, and for Latin churches, Sostenez Martinez, of the First Baptist of Beeville;

Chairman associational mission committee, Reverend James Howard, Pawnee; Sunday school superintendent, Reverend Hollis Davis, First Baptist, Ingleside; library, Mrs. Gene Shomzke; district executive board, Reverend Carrol Jones, Kirk Bennett, Leon Vorpahl, Reverend Wilson Brumley, and M. Brittain.

Rev. Ceci! Lang, Jr. New Presbyterian Minister Here

The congregation of the First Presbyterian Church here has extended a call to the Rev. Ceci! Lang, Jr., to fill the place left vacant here when Rev. A. Arnott Ward resigned earlier this year to accept the position of associate pastor at the First Presbyterian Church in Corpus Christi.

This will be the Reverend Lang's third pastorate since graduating from Austin College and Austin Presbyterian Theological Seminary. He comes here after five years at Killen.

He and Mrs. Lang and their three children are expected to arrive here about the first of December.

Fulton P-TA Sponsors Carnival October 31

The Fulton Parent-Teachers Association is sponsoring a Halloween Carnival at the school on Oct. 31, from 6 to 8 p. m. There will be food, concessions, donkey rides and prizes.

The crowning of the queen will come at 8 p. m.

Candidates for this honor and their escorts are as follows:

Bonnie Gay Meador and Keith Rouquette, first grade; Robbie Segler and Harold McFaddin, second grade; Kitty Jo Davenport and Brent Meador, third grade; Angela Brobst and Bobby Jackson, fourth grade; Darlene Rouquette and Jody Rouquette, fifth grade; Claudia Jackson and Reggie Wendell, sixth grade.

The public is invited to attend the festival.

SALESMEN TO BE HERE

Singer Sewing Machine salesmen, on their semi-annual fishing trip, given as an award by the company to outstanding salesmen, is scheduled for this weekend. The group will stay at Hunt's Courts; Fred Christilles is arranging for charter boats; and the Del Mar Grill is catering for the affair.

Post Office Bids Asked

According to Postmaster J. Reid Simmons, bids are now being accepted on a new post office for Rockport, and will be opened on December 20.

According to specifications furnished bidders, the post office will have an inside floor space of 3960 square feet, with an additional platform space of 240 square feet; a paved parking and maneuvering area of 5625 square feet, and 1004 square feet of sidewalks, ramps, and landscaping.

The new facility will be built on

the corner of Church and Market streets, with the office fronting on Church street, and with a box lobby occupying the front and a portion of the Market street side. It includes an office for the postmaster, storage and mechanical space, a mail vestibule at the rear, and the necessary rest rooms.

Construction will be of masonry, steel, aluminum, and glass, with most of the side fronting Church street made of glass. Interior finish is to be of hardened concrete, ceramic tile and plaster, with vinyl tile floors. Acoustical tile will be used on the ceilings, and the outside trim will be brick and aluminum.

Land for the site has been optioned from C. C. Fowler of Rockport, and a bid and performance bond of \$50,600 will be required from the bidder.

A basic lease will be given on the building for a period of ten years, Postmaster Simmons said, with two consecutive five year renewal options.

Fulton Fire Department Gives Thanks

The Fulton Volunteer Fire Department, as a gesture of appreciation for the help they have received in building their new fire house and obtaining equipment, invited the Fulton Lions and newsman Jack Baughman to a barbecue and get-together Monday night.

Chicken, beef and sausage, with shrimp and potato salads and all the trimmings made the occasion one to be remembered, for when the department acquired a new member in the person of Harry Baldwin, it also acquired a superlative cook.

Arrangements were in charge of C. L. Grant, and Fire Chief Raymond Owens was master of ceremonies.

Janet Grant entertained with accordion music.

Owens told the assembled firemen, Lions Club members, and their families that the response of the community to the firemen's need was heart warming, and said that without the hard work of many people, and principally that of the Lions Club, it would never have been possible to accomplish all that had been done.

He presented the following Lions: President H. H. Dick, J. D. Gray, M. W. Cochran, J. L. Blackman, Matt Scott, Zeph Rouquette, Ernest Jones, Mr. Boyd and N. Lydie, a number of whom are also volunteer firemen, and thanked them and Baughman for their help.

The present fire department is organized with Owens as chief, Anton Peschke as assistant fire chief, and H. H. Dick as secretary and treasurer. Captains are Anton Peschke, who has in his team Harry Baldwin, Henry English, Guy Clark, Floyd Rouquette, Thomas Winslow and Harold Oakman;

T. L. Elders, whose team consists of Leslie Cole, A. Cocks, Carl Snyder, Harry Wilson and Otis Rouquette, and Buddy McLeester, whose team consists of N. Lydie, J. Owens, J. A. May, Monte Rouquette, Jordan Weber, H. H. Dick, Tommy McCabe, and B. Reed.

C. L. Grant is captain of a new life saving unit and had the Department's recently-purchased resuscitator on display.

Owens also presented Judge John D. Wendell, head of the Aransas County Emergency Corps, of which the Rockport and Fulton fire departments are a part, and thanked him for all the support that the county had given to the department.

Company representatives expect it will take between six and eight weeks to measure and obtain descriptions of the 12,500 pieces of property in the county. After this is completed they will then place proper values on all such property.

The next step will be consultation with the equalization boards of the county and the school district, after which the tax rolls will be revised.

The City of Rockport, although offered a chance at the time the program was approved by trustees and commissioners of the school and county, is not participating. Nevertheless all pieces of property within the city will be valued for the other two taxing agencies.

Mr. and Mrs. Sol Silverman, who have operated the Del Mar Grill for the past five years, purchased the building this week from Mr. and Mrs. C. C. McCall.

Silverman says that he expects to start a program of improvement and redecoration almost immediately, and hopes to have everything complete by the beginning of the next tourist season.

County Agent Dan Pawlik will preside over the meeting.

New Stripping Plant Completed

Completion of the new natural gas processing plant on Copano Bay near Rockport was announced today by Bay Petroleum Company, a division of Tennessee Gas Transmission Company.

The plant has a capacity for processing 50 million cubic feet of natural gas per day, from which liquefiable petroleum gases are extracted. Daily output of these products—propane, normal butane, iso-butane and natural gasoline—will be approximately 45,000 gallons.

Situated on a 30-acre tract, the plant is about eight miles north-east of Rockport, just off Texas Highway 35.

Also constructed was a 13-mile, 4-inch pipeline from the Copano Bay site to a products pipeline which Bay operates along the Texas Gulf Coast.

Bay also operates natural gas processing plants near Agua Dulce and Eagle Lake, Texas, and a hydrocarbons fractionating plant at La Porte, Texas.

Valuation Engineers Begin Their Task Within Aransas County

Representatives of Thomas Y. Pickett and Company, valuation engineers, began Monday to measure and obtain the physical description of property in Aransas County for use by the Boards of Equalization of Aransas County and Aransas County Independent School District, under leadership of B. C. Taylor.

"This does not mean," said Judge John Wendell, "that anyone's taxes are going to be raised unless their property has been undervalued in the past. It does mean that both the County and the School District will have a firm basis on which to base their tax levies, and that everyone's property will be properly valued for the first time in many years."

Company representatives expect it will take between six and eight weeks to measure and obtain descriptions of the 12,500 pieces of property in the county. After this is completed they will then place proper values on all such property.

The next step will be consultation with the equalization boards of the county and the school district, after which the tax rolls will be revised.

The City of Rockport, although offered a chance at the time the program was approved by trustees and commissioners of the school and county, is not participating. Nevertheless all pieces of property within the city will be valued for the other two taxing agencies.

COMMISSIONERS HAVE ROUTINE MEETING

The Commissioners' Court, at their regular meeting, attended to routine business, discussing patrols at school crossings on Highway 35, authorized Judge John D. Wendell to hire a drag line for cleaning ditches near Tule Lake, and decided not to sell pipe salvaged from the water well at the Aransas County Airport.

4-H MEETING SCHEDULED FOR MONDAY, OCT. 26

There will be a meeting of boys, girls and parents interested in 4-H Club work in the auditorium at Rockport Elementary School next Monday, Oct. 26 at 7:30 p. m., according to A. R. Griffith, Jr., principal of the school, who urges everyone interested to come.

Completely New Economy Engines For Dodge Dart

A completely new overhead-valve six-cylinder engine, the Economy Slant "6," makes its debut on Seneca and Pioneer models of the 1960 Dodge Dart, which is now on display at Auto Service Co.

A 318-cubic-inch Red Ram V-8 with a two-barrel carburetor is available on Poiner and Seneca models, and with a four-barrel carburetor, it is the standard engine on Phoenix models.

A "D-600" Ram Induction engine that harnesses the power of rushing air to provide increased power at medium speeds is optional on the Phoenix.

Its deep, compact cylinder block displays its strength and ruggedness, and the long aluminum intake manifold branches give a preview of the new induction system and indicate the careful attention to weight reduction given this engine by Dodge engineers.

Every drop of fuel is put to use to give unsurpassed operating economy and adequate power for any driving need.

Both the Economy Slant "6" and the Red Ram V-8 engines use regular fuel.

The V-8 oversquare design, bore and stroke are 3.91" and 3.31" respectively, keeps friction at a minimum and gives high fuel economy.

Short intake and exhaust passages of generous proportions combine with large valves and a long-duration, high-lift camshaft to provide top efficiency.

Routine service is remarkably easy on both the Economy Slant "6" and Red Ram, with all equipment being placed for good accessibility.

New rubber block and coil spring mountings used on the 1960 models achieve the largest reduction in engine vibration since Dodge began using V-8's.

Garrett-Frischenmeyer Vows Celebrated

Wedding vows were pledged Friday night at St. Mary's Star of the Sea Catholic Church in Aransas Pass by Miss Sandra Louise Frischenmeyer and Jimmie Lyle Garrett.

She is the daughter of Mr. and Mrs. F. A. Frischenmeyer of Aransas Pass. The groom is the son of Mr. and Mrs. Charlie Garrett.

Given in marriage by Leonard Dunk, the bride wore a blue suit with blue velvet accessories. Her corsage was of tiny pink rosebuds.

Miss Dorothy Brooks of Del Rio was the maid of honor. She wore a tan dress with black velvet accessories and a white carnation corsage.

Map Shows Origin Of Tourists

In the week since West's new super market opened, the big map on which out-of-town visitors record their home town has sprouted pins from Washington state to Washington, D. C., and from Nueva Leon to Canada.

Of course the greatest number of tourists is from Texas, and there they come from one end of the state to the other, approximately 100 having checked in from El Paso to Marshall and Brownsville to the Panhandle.

Next most numerous are the people from Oklahoma, with 11. Two visitors have checked in from Mexico, one from Nuevo Leon, the other from Agua Caliente, and there are four from Canada, one each from Alberta, Saskatchewan, Manitoba and New Brunswick.

There are two from Illinois, including our old friend, Dynamite Bill Savoie, the Kankakee Flash, and there are three each from Colorado, North Carolina, Virginia, California and Missouri.

Louisiana has five, New York has four, and others with two each are Michigan, Alabama, Florida, Pennsylvania, Washington, Oregon and Minnesota.

States contributing one each are Mississippi, South Carolina, Kentucky, Ohio, New Jersey, Massachusetts, Montana, Wyoming, North Dakota, Nebraska, Kansas, Iowa and Wisconsin. One also came from Washington, D. C.

Large Crowd Attends Sunday Dedication

Nearly five hundred people attended dedication ceremonies at the new House Schoenstatt on Lamar Peninsula Sunday, as the Schoenstatt Sisters of Mary formally opened their new southern Mother House, one of only two in America, with ceremonies led by the most Reverend Adolph Marx, D.D., J.C.D., auxiliary bishop of the Diocese of Corpus Christi.

The date was chosen because it was the birthday of the order, even though some work remains to be done on the long, shining building that stretches along the shore of Aransas Bay, flanked by a replica of the tiny chapel at Schoenstatt, Germany, where the sisterhood was founded.

Tours of the building were arranged by the sisters; a reception was held for visitors under di-

ROCKPORT P-TA MEETING

The Rockport P-TA met Tuesday evening, Oct. 20, 1959, at 7:30 p. m. in the school auditorium, Mrs. C. E. Nickerson, president, presiding. Since this year is the 50th anniversary of the founding of the Texas Congress of Parents and Teachers, this was special meaning for State Founders' Day. This also being Fathers' Night emphasis was placed upon the role of fathers in P-TA work.

The speaker for the evening was Mr. Dick Ryan, Executive Director Coastal Bend Tuberculosis Association. He pointed out with

the aid of a local map the incidence of active T.B. cases in our community. He emphasized the need for more contact and follow-up work in those cases already diagnosed.

Mr. Louis Tuer, Chairman for the Halloween Carnival, spoke on plans for the school carnival to be held on Saturday, Oct. 31, 1959, commencing at 5:30 p. m.

Mrs. Don Henderson, who has served as president of the Rockport P-TA for the past two years was presented a past-president's pin in recognition of her work. The award was made by Mrs. S. F. Jackson on behalf of the association.

The room count was won by Mrs. Lillian Sorenson, 3rd grade; Mrs. Deane Steele, 5th grade, and Mrs. Jane Eller, 1st grade.

A social hour followed the meeting, served by Mrs. Ray Torres, Hospitality Chairman.

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION — INCLUDING YOU — EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Pirates Skin Gregory-Portland Wildcats 54-6

The Aransas County High School Pirates, in the first District 30A game for either of them, dragged out their newly-sharpened cutlasses and skinned the Gregory-Portland Wildcats here last Friday night in a game where Coach Borchert used all of his reserves to keep the score from skyrocketing even further. But the Wildcats never quit trying, you're got to hand them that, and if they just had a little more weight would be an extremely hard club to beat.

Jacoway, Vargas, Arredondo, and Coffee were their standouts, just as Happner, Pena, Billy Boy Johnson, Weatherly, Monte Rouquette, Snyder, Warden, McCabe and May all deserved special mention for the Pirates.

Happner made four touchdowns, breaking away for 53, 8, 40 and 22-yard gallops. David Pena scored over his own left guard for the first of the two touchdowns he sacked up, and again when the Pirates took over with about 45 seconds left in the first half, and by use of time outs to conserve those seconds, went 90 yards on

the kickoff return and three other plays to make the score. The last play was the payoff, when Pena took Warden's 35-yard pass and ran 12 more to hit pay dirt.

The other ACHS touchdowns were made by Gaines Gardner and Tyrone Powledge, and there would have been a third by Kelly Huff only it was called back on an illegal motion in the backfield penalty.

Monte Rouquette sacked up another four points when he ran with the ball twice after touchdown, and Tommy McCabe made two by booting the ball through the uprights twice for the extra points.

Eddie Graham kicked off the Wildcats and Happner received, making the ACHS 3 before he was clobbered. From there Barnard made 3 through center and Pena made eight more. Then Barnard rambled to the fifty before Vargas tackled him and he fumbled, with Gregory recovering.

Arredondo made three, then Jacoway carried for three more before Preiden and Johnson snared him. Jacoway's pass was broken up by Gaines Gardner and then Armstrong punted Happner on the fifteen, and he ran it back to the ACHS 20. Pena picked up two over left guard, Warden made three and then attempted to pass on the next play for no gain. Snyder punted and Arredondo ran

it back for eighteen yard to the ACHS 48.

Jacoway made three, then failed to gain on the next play, but on third down flipped a pass to Solis for 11 yards and a first down. Two plays failed to gain, and then Vargas connected with a 13-yard pass to Jacoway.

On the next series, Jacoway's fourth pass to Ramirez was intercepted by Happner and ACHS took over on its own 14. Three plays netted 11 yards, but ACHS failed to gain enough in the next three for a first down, and Snyder kicked.

Arredondo took it on the fifty, then Vargas' pitchback to Jacoway was good for nine and Solis made the extra yard needed.

At the quarter, the Wildcats were on the ACHS 40 where they fumbled and Warden recovered. Pena made 4; Happner made 4; then on third down Happner got loose and galloped 53 yards for pay dirt. No PAT. Warden kicked off. Arredondo ran it back 25 yards, but the Wildcats failed to gain sufficient yardage on the next three downs and Armstrong punted.

Happner made a yard, and then went around right end for 27 more before he was rolled out of bounds by Vargas. On the next play, David Pena got loose after rumbling around in the secondary, and went

47 yards for the TD. No PAT.

Warden kicked off to Jacoway who ran the ball back eight yards to the Wildcat 18. Arredondo made four, then Vargas to Jacoway was good for 21 yards. However, on the next down, Billy Roy Johnson intercepted a pass from Jacoway and ran it back about 30 yards to the Wildcats 18 before he was stopped by a shoestring tackle.

Barnard carried and fumbled, and Hunt recovered for the Wildcats. Vargas passed to Jacoway for ten; Arredondo made 2; Vargas and Jacoway made five each. Jacoway to Vargas was incomplete and then Jacoway to Arredondo was good for 36 yards.

On second down in the next series, Jacoway made fourteen yards around his own left end; then Vargas to Solis was good for six. This was followed by a pass from Vargas to Jacoway good for 5 and the touchdown. No PAT.

Graham kicked off and Pena ran the ball back from the 7 to the ACHS 23 with 45 seconds to go. Mike Johnson to Rouquette was good for 16 yards; Johnson to Happner netted 9, and then Warden's pass to Pena was good for 47 yards and another TD, with five seconds remaining in the half.

Warden kicked off for the second half, but the Wildcats couldn't go and had to kick on fourth down, a kick which Gene Gregory

blocked, allowing the Pirates to take over on the Wildcat 26. Happner made 5, then 7; Pena made 6, and then Happner went over center for 8 and the TD. Monte Rouquette ran for two extra points.

Warden kicked off to the ten, and on the first play, Hunt of the Wildcats passed to Jacoway for 20 yards. On the next play Happner intercepted Vargas' pass and went 40 yards for a TD, with Monte Rouquette running for another two points.

Warden kicked off and the Wildcats had the ball on their own 25, but had to punt on fourth down. ACHS took it on their own 42 and Jo May made a couple before Kelly Huff took the ball and rambled 55 yards for a TD, only to have it called back because of a penalty against the Pirates for illegal motion in the backfield. On the next play Huff made three, then Mike Johnson tossed one to Gardner for 13 more. Ayers made 4; Huff made two; then Mike Johnson shot another one to Gaines Gardner and the play netted 38 yards and a TD.

After Warden's kickoff, the Wildcats took over on their own 34, and on the second play Jacoway made 11; Vargas 2; Solis 3, and then they fumbled with Pena recovering. Powledge made 2; Boyd 1; Powledge 1; and then the

whistle blew far the quarter. On the first play of the fourth quarter, Wilson punted to the Wildcat 28. Solis fumbled and lost eight yards, then Garcia's pass was intercepted by Happner, who ran 22 yards for his fourth touchdown of the night. McCabe missed the point.

Warden kicked off and the Wildcats failed to gain in three downs and had to kick. However, an ACHS player touched the ball and the Wildcats recovered on their own 41. Six yards was netted in two plays, and then the Wildcats fumbled again, and Billy Boy Johnson recovered for the Pirates, who failed to gain and kicked on the fourth down.

On the third down, Hunt, carrying the ball for the Wildcats, fumbled and Kelly Huff recovered the fumble. Rockport made 17 and then fumbled, with the Wildcats recovering on their own 15. But three plays later they fumbled and Williams recovered for the Pirates on the Wildcat's one-foot line from where Powledge carried it over on the next play. McCabe kicked the point.

The Wildcats fumbled after the kickoff and Rockport recovered, but two plays later the Wildcats intercepted a pass and were in possession of the ball when the game ended.

SUNRAY MID-CONTINENT ASKS ENGINEERS' PERMIT

The Sunray Mid-Continent Oil Company has asked the U. S. Engineers for a permit to operate in Aransas Bay, six miles south of Rockport, and proposes to dredge a channel, construct a wharf, place a pipe line and pile clusters at the above location. A channel 60 feet wide by 1,000 feet long would be dredged to a depth of 8 feet at mean low tide from the 8-foot contour in State Tract 225 to the mean low tide shore line of Traylor Island. The dredged material would be placed on shore. A 20 by 20-foot wharf would be constructed at the shoreward end of the channel. Three 7-pile clusters would be placed parallel to and 25 feet north from the center line of the channel over a total length of 85 feet from the face of the wharf. A 2-inch pipe line would extend from Well No. 1 in State Tract 258 northerly approximately 12,500 feet to the mean high tide shore line of Traylor Island and would be placed 1 1/2 feet below the bed of the bay except through shell reefs or beds where it would be placed one foot below the bed of the bay.

There's
Something
About The
HOME TEAM!

When the home team wins a victory, everyone is happy because everyone shares in the glory. It's the same with the hometown itself. When Rockport, your home community, prospers, you feel good because you know that some of that prosperity will rub right off on you!

That's one reason why more and more folks are buying in Rockport stores these days. Not only are these stores up-to-date in every way, with merchandising as modern as tomorrow—but people also know that their Rockport merchants are neighbors who help pay taxes that build and maintain schools, roads and other improvements. Rockport stores employ local people and these same people spend their earnings locally.

When you buy in Rockport you are starting in a chain reaction that helps make Rockport—and you—more prosperous. That's why it makes good sense to **BOOST THE HOME TEAM!**

A HISTORY
of
**Rockport, Fulton,
St. Mary's, Lamar
and El Copano**
By
Mrs. Will W. Wood

"Jacob Vraing (Kring), a little orphan boy employed by the Welders, went out to a corn field (located on this side of a gully, distant only a few hundred yards from where Major Wood's palatial home is now situated — present Bayside), to stake his horse, and was captured by a party of prowling Comanches. Major Wood and companions knew that it was useless to strike the trails of the Indians and attempt pursuit and accordingly cut-in to the Tuscoosa, sixty miles distance, intending to attack the Indians at a crossing, situated at a point on the stream in the present county of Live Oak. The men were on a knoll when, toward the middle of the afternoon, they saw the Indians advancing. The Texans numbered eleven men; the Indians probably a few more. The two parties were nearly evenly matched and the Texans would have intercepted and charged the Indians in the open country had it not been that a number of the men had neglected to fix their guns and some delay was caused in getting ready for the attack. The Indians succeeded in making their way into a dense thicket and separated in parties of two and three. Everything having been quickly placed in readiness, the Texans dashed into the mesquite and chaparral. Major Wood, as the party charged by, called to Jacob Craig: "Stay with the horses." The little fellow obeyed and stayed with the loose horses at the edge of the timber. Major Wood came upon two Indians in the brush and when at close quarters, they opened on him a hot fire with their bows and arrows, to which he replied by impartially bestowing upon each of them a load of buck shot from his double barrel gun. Although badly wounded, they continued to fire at him. His gun, like all the firearms of that period, was a muzzle loader and he had no time in which to re-charge the piece. He drew one of his holster pistols, intending to fire again, but knowing that the trigger was out of fix and that he would probably miss his aim and the Indians escape, he called to a companion who was passing and the man quickly dispatched the savages. Three Indians were killed in the fight, several were wounded and thirty or forty stolen horses were re-captured. Two of the Texans were wounded, and two of their horses were killed. The Texans who were wounded were in the rear of Major Wood. One of them had his arm pinned to his side by an arrow and the other was shot in the leg and was crippled for life.

"Jacob Craig, although a boy eleven or twelve years of age, had suffered so intensely from terror while a captive of the Indians that when he was rescued he seemed to have forgotten his knowledge of English and only responded with a dazed stare when addressed in that language. When, however, Captain David Snively, the county surveyor, spoke to him in German his face lit up with intelligence and he burst into tears and sobs. The strain on his nervous system had been too much for the little fellow and when the tension relaxed he became so ill that it was feared that he would die on the road to San Patricio.

"With the exception of those mounted by Major Wood and the

boy, the horses of the Texans were broken down with travel and could proceed but slowly, and after consulting with Captain Snively, Major Wood determined to push on with the lad to town, where medical assistance could be procured. Turning to Jacob, he said, "Whip up your horse my little man, and let's ride to San Patricio." The boy obeyed. The excitement of fast riding revived him and in a few hours he had completely recovered from his indisposition. He subsequently moved to Bee County where he became a well-to-do man, and reared a family which is prominent in South Texas."

The same account continues: "During the war between Mexico and the United States Major Wood made frequent trips to Brownsville with supplies (the family still possess the passport given to Major Wood by General Taylor) and more than once witnessed the robbing of wagon trains by the soldier-banditti that infested the roads. These men did not hesitate to swoop down on unprotected trains and appropriate horses, wagons and goods, in fact, anything that excited their cupidity, often despoiling the owners of their entire cargoes. Although he often came in contact with these bands and had experiences more interesting than amusing, he was never seriously molested."

This lawless state of the frontier led General Taylor to request the services of Texas ranger companies to deal with the special situation. Taylor moved out of Corpus Christi for the Rio Grande in March, 1846.

813th Squadron Receives Award

Major Richard N. Flaa, commandant of the 813th Aircraft Control and Warning Squadron at Aransas County Airport, has received a trophy for the squadron, awarded for not having a reportable accident from January 1, 1958, until June 30, 1959. Only two other squadrons in the 33rd Air Defense Company, to which the 813th belongs, received such an award.

Personnel of the Rockport Air Force Base also participated in the Air Defense Command sponsored safety drive. The campaign is held yearly, and is identified by its nickname, "Operation Life Saver."

Pledges were signed by all officers and men at the base to work and drive safely. In cooperation with the Air Defense Command, Packard-Studebaker Motors has donated prizes to be given at the end of the contest.

As part of the safety program, Colonel John T. Fitzwater, commander of the 33rd, was also presented with an award of merit as the division had the lowest combined accident rate throughout the Air Defense Command.

HUMBLE REQUESTS AMENDMENT OF BLANKET PERMIT

The Humble Oil and Refining Co. has requested permission from the U. S. Engineers to operate on State Tracts 94, 95, 123, 146 150, 189, and 190, approximately 2½ miles northeast of Rockport, asking for amendment of a blanket permit for erection and maintenance of structures to be used in connection with the drilling of oil wells.

The amendment consists of deletion of 51 state tracts and addition of tracts 123, 146, and 150 to the blanket permit area. No structures will be placed within 1,000 feet of the center line of the Gulf Intracoastal Waterway or within 500 feet of the center line of the channels to Rockport and Fulton.

Mr. and Mrs. John Lee Herring of Dallas have been visiting relatives and friends.

Brymers Return From Trip

Mr. and Mrs. O. W. Brymer returned this week from a trip to West Texas. They spent several days with their son-in-law and daughter, Mr. and Mrs. E. A. Tyler, Jr., who are the proud parents of a baby girl, Connie Elise. The Tylers have two other children, Robert Owen and Mike.

Informal get-togethers, coffee and 42 games were the order of the day when Mr. and Mrs. Brymer arrived in San Angelo for a brief stay. This is the former home of the Brymers where they resided for more than 30 years. After a few days here, the couple visited in Big Wells and Carizzo Springs with Mr. and Mrs. J. H. Brymer, Jr., and Mr. and Mrs. J. H. Brymer, III, respectively, and the men were successful in dove hunting. Mr. and Mrs. Brymer spent two days with Mr. and Mrs. K. L. Paul and son, Jon, formerly of Rockport, now living in San Antonio.

HIGH SCHOOL P-TA TO MEET MONDAY

The Junior and Senior High School Parent-Teachers' Association will meet Monday night, at 7:30 p. m. in the high school cafeteria, to celebrate the Golden Jubilee Anniversary of the Texas Congress of Parents and Teachers. A clever skit, called "Educating Parents Through the P-TA," will be given by high school students Beatrice Wofford, Carol Stacke, Carol Kinsel and Sharon Jenkins. Mrs. Floyd Smith, guest speaker, will talk on "Education—Whose Responsibility?"

A social hour will follow.

1959 Census Brings Farm Statistics Up to Date

The 1959 Census of Agriculture, now under way in Aransas County, will bring up to date farm statistics last collected in 1954, when the farm census revealed the following facts:

The value of products sold in 1954 by farm operators was \$296,743.

The value of all crops sold was \$122,219 and included \$121,685 for field crops, \$684, for vegetables

and \$550 for horticultural specialties.

The value of all livestock and livestock products sold was \$173,824 and included \$24,532 for dairy products, \$25,527 for poultry and poultry products, and \$123,765 for livestock and livestock products.

The director of the census emphasizes that all figures are confidential, and will be used for the census only. Other government bureaus do not have access to them, and they may not be used for income or other tax data.

News Story Excellent Example of Why To Use Other Name

The following news story, from Stephen F. Austin State College, is an excellent example of why the name Aransas County should not be used in organization and other titles from this area. The story reads:

"Nacogdoches, Tex.—Two students from Aransas Pass County have enrolled for the fall semester at S. F. Austin State College.

"Registrar S. W. McKewen said that there are among 1922 students at SFA College. The Aransas Pass County students represent the towns of Rockport and Aransas Pass. Listed by towns, the students are: Rockport—Walter Heldenfels; Aransas Pass—Ellen Williams." Unfortunate as it may seem, people elsewhere immediately identify the name Aransas with Aransas Pass, and thousands and thousands of dollars worth of newspaper space that should have belonged to the area around Rockport has been turned to the advantage of Port Aransas and Aransas Pass because some local organization has insisted upon calling itself the Aransas County something-or-other.

Headline writers of the larger newspapers generally look no farther than the word Aransas, and immediately write a headline glorifying our neighbors, which, while estimable people, should go out and get their own publicity, not have it handed to them free because local pride will not take account of the fact that people elsewhere may be more interested in Rockport or Fulton than they are in Aransas County.

A great majority of the people outside the county don't even know where it is, although they do recognize the names of the towns. School superintendents here and at Aransas Pass both say that the similarity of the names causes endless trouble and confusion with mis-addressed mail and bills.

Reporting a football game to the five major papers is a chore because none of the reporters on any of them are completely familiar with the set-up, and every Friday night it requires five explanations to five reporters that this is the Aransas County High School between Rockport and Fulton, and not Aransas Pass or Port Aransas.

The papers in Houston and San Antonio are not familiar enough with the three towns to sort them out without this explanation, and as they handle a hundred calls or so a night when there are football games, they are not too patient with delays occasioned by the explanation.

Fred Bracht, recently at an appreciation luncheon for bond chairmen of the South Texas District, was introduced as from Aransas Pass, and the same thing has happened time and again to other people from here who are identified by the words Aransas County.

It is fine to be proud of your area, but it is a hard thing to lose your identity because of mix-ups like this. People elsewhere want something short and easy to remember by which to identify a

person, place or city, and needlessly involved titles do not help the matter.

Twenty Candidates Nominated for Halloween Queen

Twenty candidates have been nominated for the honor of Halloween queen at Rockport Elementary. From the special class is Lucia Cavazos.

First grade nominees are Junie De La Cruz, Jeanie Prophet, Jackie Sharp, and Diane Hunt.

Second grade: Ada Jean Demory, Renee Tuer, and Blenda Bliss. Third grade: Susan Griffith, Donna Kay Wright, and Katherine Allgood.

Fourth grade: Carolyn Mayes, Brenda Clark and Charlotte Miller.

Fifth grade: Lona Dee Magee, Diane Shults and Judy Ponas. Sixth grade: Linda Crittenden,

Janet Nelson and Mary Moore.

Queen contestants may use any of the methods used in the past to raise money except selling food on the school grounds. This is prohibited.

The first elimination will be made on October 23, and the contestant with the most votes in each grade will be in the finals.

Louis Tuer is finance chairman, and in charge of the carnival this year.

Activity Period

This year for the first time Aransas County High School has included an Activity Period in its schedule. It is a twenty-minute period set aside every day for various school activities.

Each club meets twice a month on a specified day. The schedule for this Activity Period is set up so that no two clubs will meet on the same day; this way there is no conflict for those who are in more than one activity.

On the days that there are no club meetings scheduled, class meetings and other special meetings may be called. When a student does not have an activity scheduled, he may use the period as a study hall. Also, each class has a regular day it may attend the library during this period.

So far this year the Activity Period has proven to be very successful. It omits the interrupting of classes for various meetings

and gives students a definite schedule to follow.

Local Teachers to Attend Conference

On October 29 through October 31, Mr. Pat Gilpin, math teacher, and Mr. E. G. Brooks, science teacher, will take a trip to Austin, Texas, to attend a conference on "Better Teaching Methods." The conference is for science and math teachers all over Texas.

Annual Subscription Deadline

October 30 will be the last day to buy Pirate Annual Subscriptions. If you plan to buy an annual, please order it now, as there will be no extra annuals ordered. Subscriptions may be bought from Linda Mills, Barbara Holley, Patti Townsend, and Carol Kinsel.

New Courses

Several new courses are offered in High School this semester. In

the field of social studies, world history is offered for the first time. Mr. Melvin Borchert teaches this class and it is now a required subject for all high school students.

In the field of business, bookkeeping is back once more. This subject is under the direction of Mrs. Dee Mitchell and has been offered every other year, alternating with shorthand. However, shorthand was scheduled again for the second consecutive year because of the demand for this subject.

Senior Class News

The Senior Class met in the auditorium October 16 to discuss Senior pictures and to vote on class dues.

Mrs. DeForest explained the prices of the pictures and announced that the Seniors would have studio portraits made.

Class dues were set at one dollar per month.

Variety Show Under Way

Rehearsals for the fourth annual Variety Show are in full swing as of this week. There are plans for about twenty-five numbers on the program. Rehearsals for dance numbers, vocal numbers, and novelty acts have already begun.

This year there are students directing the dance numbers. Some student directors are Frances LeBlanc, Mary Scott, and James Smith.

The show is scheduled for December 4-5. The Variety Show is sponsored by the Curtain Club and

is under the direction of Mrs. Jack Horton.

Youth Council Meets

The first meeting of the newly elected youth representatives and adult youth council members was held recently. The purpose of the meeting was to acquaint the new members with the adults and to discuss future improvements in the Youth Building.

Chucki Happner was appointed as Head of Records and the Record Buying Committee.

Class Pictures Taken

Individual pictures of the elementary school children were taken on Tuesday, October 13. On Thursday, October 15, pictures were taken of both Junior and Senior High students, with the exception of Seniors which will be taken at a later date.

New Equipment

Our school has added and/or replaced equipment in several departments this year. In the Science Lab, there is a new Binocular Dissecting Scope which is used to dissect animals and plants. The Homemaking room has two new Singer slant-needled machines; four new sets of barbells and dumbbells have been placed in the gym; five new standard Royal typewriters have been added to the Typing room; and the Speech room has received new Texas maps which will be used in Texas History at mid-term.

Shop I News

The Shop room has a set of

new "Do-It-Yourself" books this year, and the boys are really making good use of them. Here is a breakdown of some individual projects: Jerry Lassiter—bookcase; Jimmy Lukehart—meat-cutting board; Bobby Borchert—bowl; Paul Ramsey—wall shelf; Dave Yates—wall shelf; and Tyrone Powledge—ash tray, table, and bowl.

Junior High News

Mr. Pat Smith reports that the Junior High really has a good football team. They have 22 new uniforms, and the cheerleaders also have new uniforms. Why not come to the next game and see these students perform!

Curtain Club News

The Curtain Club held a meeting in the cafeteria on October 14. The meeting was called to order by President Georgia Kresta. The secretary, June Knippa, read the minutes of the previous meeting and Teresa Johnson gave her treasurer's report.

Mrs. Jack Horton briefly discussed the coming Variety Show. The club voted to hire a professional singer to direct the singers in the show. These singers are to meet each Monday afternoon for special direction.

The President appointed the five standing committees for the year. Teresa Johnson heads the Finance Committee, Linda Mills the Membership Committee, Robbie Bocquet the House Committee, Mary Martha Shivers the Play Committee, and the Social Committee is headed by Joy Hamblin.

FOUR SW CONFERENCE BROADCASTS, BIG 10 TELECAST, OCT. 24

Four broadcasts of Southwest Conference games and a live telecast of the Iowa-Purdue game will highlight The Humble Company's football coverage Saturday.

The Iowa-Purdue game will be telecast from Lafayette, Indiana, with Lindsey Nelson and Red Grange at the microphone. The game will be telecast over KRIS-TV, Corpus Christi.

The TCU-Pittsburgh game will be broadcast from Pittsburgh by Ves Box and John Smith. Radio time will be 11:15 a. m. over KITE, San Antonio.

The Texas AM-Baylor game will be broadcast from College Station by Bob Walker and Jim Wiggins. Radio time will be 1:45 p. m. over KEYS, Corpus Christi.

The SMU-Texas Tech game will be broadcast from Dallas by Eddie Barker and Eddie Hill. Radio time will be 1:45 p. m. over K TSA, San Antonio.

The Texas-Rice game will be broadcast from Austin by Kern Tips and Alec Chessner. Radio time will be 7:45 p. m. over KRPC, Houston.

INSURANCE PAYABLE TO SOME PARENTS OF DECEASED WORKERS

Before September, 1958, no parent could receive social security benefit payments on a deceased child's account, if the deceased worker was survived by a widow or child who could become eligible to receive monthly benefits. In 1958, Congress changed the provisions to permit monthly payments to dependent parents regardless of other survivors.

Some parents of deceased workers have qualified under these provisions. The Social Security Administration believes that there are others in this area who may become entitled to these payments.

Anyone who thinks he might be eligible should call or write to the Social Security Administration, 530 South Water Street, Corpus Christi.

THANK YOU

We would like to express our gratitude and appreciation to all our friends who have been so kind and considerate during Bonnie's recent accident. Especially Miss Katie Lee Clarke's fifth grade class.

SUNDAY, LAST DAY FOR PRISON RODEO

Huntsville—Sunday, October 25, will be the last time the public can view the colorful 28th Annual Texas Prison Rodeo here in the prison stadium, where convict riders will be teamed with the nation's top entertainment personalities to wind up another successful rodeo series.

The show begins at 2 p. m. and the featured attraction will be Guy Madison, well-known movie star and hero of the television series, "Wild Bill Hockok."

Mrs. Bobby Dickey and little daughter, Donna Lynn, of Old Ocean and Albert Roy Bissett of Bay City, spent the weekend with their grandparents, Mr. and Mrs. C. S. Bissett.

MRS. ANNA THEODORE SERVICES HERE TODAY

Funeral services for Mrs. Anna Theodore, 63, a resident of Rockport since 1945, were at 10 a.m. today (Thursday) at Sacred Heart Catholic Church with the Rev. G. J. O'Doherty officiating. Burial was in Rockport Cemetery.

She died at 5:20 p.m. Tuesday in a Corpus Christi hospital following a short illness. She was a member of the Catholic Church. Survivors include two sons, Milton of Yerm, Calif., and Steve of Rockport; five daughters, Mrs. Paul Kendrick, Houston, Mrs. Billy Wood, Mrs. Walter Lassiter and Mrs. Barney Hobbs, all of Rockport, and Mrs. James Apollonia of Corpus Christi, two brothers, three sisters and 23 grandchildren.

Cage-Marshall Funeral Home was in charge of arrangements.

CONGRATULATIONS

Mr. and Mrs. Dewey Iles are proud parents of a new daughter, Carol Antonette, weighing 6 pounds and 8 ounces, born Oct. 16 in Bayview Hospital.

penalty to which he had been sentenced at the time of the break-in.

In a second criminal case, Corpus Christi attorney Hector de Pena filed a plea of insanity, to prevent the parole of Raul Benavides being revoked. Benavides was charged with forgery in two counts in Judge Miller's court early this year, and placed on five years probation. Since then it is alleged that he has passed other hot checks.

Four divorces were granted by Judge Miller, in civil actions.

There were Mozelle Lott Smith vs Joseph Smith; Catherine Jean Smith vs Wilbert Neal Smith; Perfecto A. Garza vs. Emma Ayala Garza; and Cecil Aubrey Ince vs. Betty Belle Ince.

Preliminary Audit—

debt service, making all expenditures amount to \$479,735.

There was \$3,299 as a balance in the local maintenance account; \$889 in the payroll account; \$781 in the social security account; and \$22 in the salary and operating account. The balance in state and county available was \$8,309; in the transportation fund it was \$2,427; and there was \$7,857 in the interest and sinking fund at the end of the year.

A breakdown on revenues showed that local maintenance tax money amounted to \$279,958, or \$8,576 over the preceding year; the debt service tax produced \$75,278, or \$2,517 above the same period a year ago; and other income, including gifts, rentals and so on, amounted to \$2,070, or \$9,229 less than the year before.

Revenue from county sources was the same, but state income was higher, with the per capita apportionment amounting to \$91,852, against \$87,975 the prior year. Foundation fund salary and operation income was \$22, the same as the year before; income from vocational education dropped to \$661 as against \$1,192 the year before; and revenue from other sources came to \$9,030. Total from all sources was \$459,352, or \$21,042 more than in the 1957-58 season.

Administration expenditures were \$307 less; instruction, \$755; pupil transportation, \$324; maintenance of plant, \$1,576; fixed charges, \$2,256; food service, \$2,582.

Principals' salaries amounted to \$25,249; teachers' salaries, \$211,036; secretarial and clerical, \$3,030; and other salaries for instruction, \$2,198.

GOOD NEIGHBORS CLUB ORGANIZED

The Rockport Home Demonstration club met with Mrs. J. F. Cloberdants on Wednesday, Oct. 7 for a luncheon and handkerchief shower in honor of Mrs. Durwood Chapman who has left this area, and cannot continue as president.

There were 13 members and three visitors present at this meeting.

Mrs. Chapman called the club to order at 1:30 p.m. and election of officers was the first item of business as the club did not have a president, vice-president or council representative. None of the members present were willing
