Hazel And Robert Reynolds Memorial Dinner Held Recently At Bapt. Church

The eighth annual Hazel and Robert Reynolds memorial dinner was held in the Fellowship Hall, First Baptist Church, recently. Mrs. Reynolds was a teacher of the Fideis class a number of years, and the membership of this class makes up the association.

Special entertainment for the evening was brought by Mrs. Frank Martin and "The Singing Six," a group of talented girls under her direction.

Round tables with pink and rose table cloths were decorated with white bud vases and red rosebuds. The serving table was covered with white grass linen cloths, centered with crystal gold-footed bowl with red and white roses, flanked with matching candle-holders and white candles.

Bro. Troy Culpepper gave the invocation. Dinner was served buffet style and the menu was each member's favorite salad.

A short business meeting was held following the dinner. Iola Henshaw, 1967 president, presided, and reports from last year's

meeting were given. Letters were read from members unable to attend. Former teachers attending: Mrs. J. F. Cadenhead, Sr., and R. C. Couch, Sr., were recognized.

Everyone stood and offered silent prayer in memory of Mrs. Elma H. Guest.

Ruby M. Smith was elected president for 1968, and Leone Pearsey, secretary-treasurer.

Miss Maybelle Taylor, missionary from Brazil, home on short furlough, was guest speaker. She told interesting experiences of building the "Good Will Center" where they serve as a hospital and other needs as well as witnessing and spreading the gospel to all the people. She told of how little it took to make those people happy and how eager they were to know and learn of the salvation of Christ. Miss Taylor expressed thanks for the scholarships these members make possible by donating to this worthy cause.

The eventful occasion was closed with the class members singing "An Evening Prayer," with Mrs. J. F. Cadenhead, Sr., leading the group, and Mrs. Frank Martin at the piano.

Former members attending were Mr. and Mrs. Oscar Oates, Mr. and Mrs. A. C. Pierson, Bro. and Mrs. Troy Culpepper, Mr. and Mrs. W. P. Trice, Mr. and Mrs. B. C. Couch, Sr., Mr. and Mrs. Raleigh Lemmon, and Mesdames: Claudia Mae Bland, Oelle Frierson, Edna Mae Lykes, Artie May Burkett, Stanley Eakin, Opal Adkins, Iola Henshaw, Ruby Smith, Leta Christian, Alysie Payne, Fannie Holl, Alice Ballard, J. F. Cadenhead, Sr., Frank Martin, Verna Wilson, Addie Middleton, Miss Nettie McCollum and Misses Pam Reeves, Dona Bland, Mary Jane Mitaloo, Jonell Anderson, Marguerite Cook and Paula Terrell.

Out-of-town members attending were: Mrs. Virginia Henshaw, Mrs. Lucille Sherrill, Mrs. Paul Worble, Mrs. Bessie Mae Millum, of Abilene; Mrs. Roberta Patterson, of Dallas; Mr. and Mrs. Bill Pidoce, of Madison, Wisconsin; and Mr. and Mrs. Bob McBride, of Trinidad, Colorado.

MARY YATES

Homemaker of Tomorrow Named At Weinert

Mary Yates, daughter of Mr. and Mrs. Toby Yates, was named 1968 Betty Crocker Homemaker of Tomorrow for Weinert High School.

Miss Yates' achievement has made her eligible for state and national scholarship awards, and also has earned her a specially designed silver charm from General Mills.

Miss Yates is the Weinert FHA president. She is head cheerleader, captain of the basketball team, and holds an "A" average. She was elected senior class favorite, most popular and best all around at Weinert, and football sweetheart.

Her homemaker duties include: Mr. and Mrs. L. R. Gamble presided over the regular business session at the February 16th meeting of the Magazine Club. After routine reports, delegates were selected to attend the district meeting in Abilene March 20th and 21st. Mrs. C. O. Holt and Mrs. C. T. Jones were elected.

Mrs. Jack Pippin directed another program on historical places of Texas. Her topic was "Old Fort Parker Comes to Life." Mrs. Pippin revealed many things about the old fort heretofore unknown, or perhaps long forgotten by the club members. Texans have had so much romance and adventure all around them that often much of it is simply accepted, not realizing their marvelous heritage that should be passed on to the generations of the future.

Mrs. Theron Cahill told about Mr. Nail's Jail in Albany, Texas. The old building, eighty-five years old, was for many years the jail for Shackelford County. In order to save the old relic, Mr. Nail bought it from the County Commissioners. Mrs. Cahill also told about another jail of ancient vintage, the old Fort Griffin bastille, Fort Griffin, the "Wickedest Town on the Face of the Earth," served as headquarters for the buffalo hunters, cowboys, gamblers and gunmen. It was the frontier's ragged edge until the early eighties. One real lively character invaded these parts, the red-haired Lottie Deno. The doings of Lottie were intriguing from the day she appeared to the day she suddenly left. One thing is certain: in Lottie, our wild and woolly west did have a "good looker" comparable to "Gunslinger" Miss Kitty, an all-burn-haired beauty for the good guys to protect from the bad guys—but who protected the good guys from Lottie??

Albany's Fort Griffin Fandangle was presented by Mrs. Luther Burkett. She so capably gave the history of this historical pageant. From the early days of struggle to the immense accomplishments of today, Mrs. Burkett told of the various people who were the guid-

Collins-Sullivan Wedding Plans Are Revealed

Mr. and Mrs. Leslie Collins, of Haskell, announce the engagement and approaching marriage of their daughter, Judy, to Jerrell D. Sullivan of Dallas, formerly of Houston. He is the son of Mrs. Albert Sullivan of Houston and the late Mr. Sullivan.

The bride-elect is a graduate of Haskell High School, and is presently employed at Texas Instruments, Inc., of Dallas.

The prospective bridegroom is a graduate of Humble High School and is presently employed by Pollock Paper Company in Dallas.

An April wedding is planned by the couple.

The Good Earth

By Mrs. B. F. Cobb

My husband and I were driving around town, just before the snow, and were amazed at the many banks of Yellow Jasmine we saw. It seems that almost every other house had at least one Jasmine plant.

The beauty of growing Jasmine is that they bloom when most flowering plants are dormant. We saw a few Flowering Quince just beginning to blossom.

Primrose or Winter Jasmine are best for this climate... Primrose blooms in early spring... and Winter (from which it gets its name) blooms through the most severe winter months.

Jasmine are easy propagated; by root divisions, layering, and by rooting cuttings.

We rooted several rose cuttings this year. We put the cuttings in a bed that had been dug deeply and the soil pulverized. All leaves were cut from the stems except one set that was left uncovered; the plants to be rooted draw strength from the leaf that is left. As the plant begins to grow, the old leaf will eventually drop off and give way to the new foliage. We are always sure to have at least four bud unions to each cutting. The unions are found at the base of the set of leaves on the cane. There are almost always five leaves to each union.

We have rooted roses almost every month of the year. They root more readily if the moon is waning when they are put in the soil. Rooting in a rooting medium will keep black rot from entering the cutting and will hasten the rooting process; just dip the cutting into the powder.

Haskell Garden Club members and the Junior Garden Club members are sending seed to the Valley where the recent floods did so much damage. Some are sending flower seed, some are sending ornamental pepper seed. Much of the vegetation must have been destroyed by the prolonged stay of flood waters. We hope to have a small part in helping to replace this loss.

I forgot to say we covered our rose cuttings with excelsior and Spanish moss; the new leaves are growing away in their warm bed.

Naomi Class Group One Has Regular Social

Group I of the Naomi Class of the First Baptist Church with Mrs. John P. Payne as chairman, was hostess for the regular social and business meeting at Fellowship Hall Monday evening, Feb. 19.

Mrs. Clyde Bland, president, was in charge of the program and presided at the business meeting. Mrs. Oscar Oates gave the reading of the minutes and Mrs. Ray Scharbrough led in prayer.

Miss Bettye Clanton, teacher of the class, gave an inspiring devotional from Psalms 118-24 and quotations from Thomas Carlyle, presenting her theme as "Time." She pointed out that time is the essence of life and if used in God's Will one can avoid the tensions and pressures that plague our modern world "if we live one day at a time for it is all we have, all we can manage and all we need." "Be still and know that I Am God" the speaker concluded, "for our main purpose in life is to find God and to be found by Him and one day is all we need. Let us not let it pass without coming close to Him, then we can say with Paul, 'Be anxious about nothing.'"

Group singing and a round-table discussion was enjoyed refreshments were served to the following members: Claudia Mae Bland, Betty Jo Clanton, Catherine Gore, Fredia Carter, Ethel Lou Shelton, Sadie Payne, Doris Hamms, Emma Bland, Frances Lane, Mattie Murrell, Falker, Ray Scharbrough, Alene Wheatley, Henrietta Sego, Helen Oates, Ruby Smith, Opal Dodson, Clara Biard and Lillie Mae Clare.

Your New Social Security

By R. R. Tuley, Jr. District Manager

EDITOR'S NOTE: This is one in a series of articles giving the pertinent details of the new provisions in Social Security.

About 1.4 million people over 65 who missed out on signing up for the supplementary medical insurance under medicare—which helps pay doctors' bills and other medical bills not covered under hospital insurance—will also miss out on some new benefits unless they take advantage of the period now open to enroll provided by recent legislation.

These people will be receiving an application blank in the mail soon which will give them through April 1 to indicate whether or not they want the supplementary coverage. If they sign up by April 1, their coverage will begin July 1, 1968. The premium paid by the person who enrolls at that time will be \$4 a month, matched dollar for dollar by the Government—so the insurance is worth twice the amount of the premiums people pay for it.

Those who miss out on this second chance to take the supplementary protection will have to wait another year, and pay a premium that is 10 percent higher for each full year they could have had the medical insurance, but were not enrolled. Those now enrolling, who for a year or longer had been eligible but had not signed up, will pay an additional premium of 40 cents a month above the \$4.

A person who is not enrolled for medical insurance in a year benefitth enrollment during the first 3 months of any year, provided this period begins within 3 years after he had his first opportunity to enroll. People already 65 or older who do not have medical insurance may enroll through April 1, 1968; if they do not enroll by that date, they will have to wait until 1969 for another opportunity to do so.

If you are the son or daughter or guardian of an elderly parent who is a bit absent-minded or has reading diffi-

Ruth Circle Meeting Held Tuesday Night

The Ruth Circle met Tuesday, February 20th, at 7:30 p. m. in the home of Mrs. Wm. J. Kemp, with Mrs. J. V. Patterson opening the meeting with prayer.

Minutes of the last meeting were read and approved. During the business session, Mrs. Wallace Cox, Jr. said the Guild is having a study at the church each Monday night, and members of the W.S.C.S. are asked to attend. Subject of the study is "Christ in the Face of Men."

Mrs. John Smith announced World Day of Prayer will be on March 1. This will be a joint meeting with other churches in town.

The meeting was then turned over to Mrs. Wallace Cox, Jr., who presented a very interesting program on Judaism. More interest is being shown in the various religions of man. Mrs. Cox chose the religion of the Jews for study.

Mrs. Cox had prepared a group of questions and answers which gave an insight into the religion of the Jews. Following the question and answer period, a film strip was shown which further discussed the rituals of the Jewish faith.

Mrs. D. V. Hiebert gave the devotional taken from Deuteronomy, followed by the benediction from members.

Refreshments were served to the eleven members present.

March Draft Call Largest In Two Years

State draft boards are being called upon in March to furnish the largest monthly quota of men for the armed forces in nearly two years, Colonel Morris S. Schwartz, state Selective Service director, said Thursday.

RECIPIENT OF HIGH MARKSMANSHIP

Army Private Edwin E. Roberts, Jr., 22, whose parents live at 1406 N. Ave. F, Haskell, was awarded the High Marksmanship trophy for his unit at the U. S. Army Training Center, Ft. Campbell, Ky., Jan. 12.

He received the trophy for scoring highest in his unit in the M-14 rifle qualification test near the completion of his basic combat training cycle.

Local board quotas for March, already mailed by state Selective Service headquarters, are designed to provide 1,948 men. This is the largest monthly quota for the state since November, 1966, when the call was for 2,012 men. During the period of 17 months between these quotas, the low point was a call for 674 in February, 1967.

Local boards were called upon earlier to provide 1,165 men in February and 1,659 in January of this year.

Draft boards are also being

called upon in March to send 4,200 men for the armed forces pre-induction physical and mental examinations to fill future calls.

This compares with 4,590 men being forwarded for this purpose in February. The quota for

these examinations in January was 5,455.

The March induction quota of 1,948 for Texas is the state's share of a national call for 39,000 men, all for the Army.

Concordia Choir To Appear At McMurry College

From the great Bach motets to the simple, sweet folk melodies of several nations, the Concordia Choir of Moorhead, Minn., will lead the audience from one age to another in choral singing at a concert in Radford Auditorium on the McMurry College campus in Abilene on Tuesday, Feb. 27, at 8:15 p. m.

Paul J. Christiansen, director of this famous ensemble always includes representative works of Bach and pre-Bach composers because "Not since the time of Palestrina and Bach have the truly great composers been so devoted to the art of church music. Judged by any standards, the works of these men stand on their own merits as creative art, perfect in form and remarkable in inventive imagination," he says.

The Concordia Choir will appear under the sponsorship of the McMurry College Chanters. Tickets are priced at \$1.50 for adults and 75¢ for students. They may be procured at McMurry College or Grace Lutheran Church in Abilene.

HemisFair Bonus Books Available At Free Press

You'll be part of the fun, entertainment and education of a World's Fair at San Antonio and Texas play host to the World at HemisFair '68.

Most of the things to do and see at the HemisFair are free. For those that aren't, you'll stretch your fair dollars up to fifty percent with HemisFair Bonus Books, containing admissions to such special attractions as the Tower of the Americas, Skyride, Lagoon Cruise, theme exhibits and many more.

Four different Bonus Books, for children and adults, some with gate admission, are priced from \$3 to \$11, and may be obtained at the Haskell Free Press.

Book tickets are fully paid admissions, not discount coupons. You just get more of them for your money by buying now. HemisFair '68, 1968 World's Fair, San Antonio, Texas, opens April 6 and continues through October 6th.

Book I: Bonus Book with two gate admissions, contains 17 coupons with a total value at HemisFair '68 of \$15.85. Bonus

Stitching And Stewing

By Ruth Ann Fauster
County H. D. Agent

Whether Washington chopped down his father's tree or not, he did his share in making the cherry famous.

So much, in fact, that most Washington's birthday celebrations feature a cherry pie. But winter months always make an especially fine time to enjoy tempting, hot desserts. So, what could be better than a slice of hot cherry pie enhanced with an ample topping of ice cream?

Perhaps you will select canned red tart cherries for your pie? You can expect high color and good flavor from canned cherries that have earned the U. S. Grade A (1), S. Fancy label. Many processors use the grading service of USDA's Consumer and Marketing Service as a means of establishing quality control of their pack.

The Standard of Quality describes the ingredients which go into the container. In tomatoes, for instance, the standard of quality defines the drained weight, color, peel per pound. For fruit cocktail it defines the mixture of the fruit and style of cut. These standards limit and describe the number and kinds of defects permitted. They do not provide a basis for comparing goods as grades do, but fix minimums.

The Standard of Fill regulates the quantity of food in the container. Standards vary for products and are generally based on maximum head space. Peas, for instance, must be filled to within 3/16 of an inch below the top of the double seam. For other products, such as corn and potatoes, the fill is based on the minimum percent of water capacity. Fruits are generally filled to the maximum quantity that can be sealed in the container without breaking or crushing the fruit.

Cherry Pie
You'll need 2 1/4 cups canned red tart cherries well drained, 3/4 cup cherry juice drained from the cherries (you may need to add water for full measure), 3/4 cup sugar, 3/8 teaspoon salt, 1/4 cup cornstarch, 2 tablespoons lemon juice, 2 tablespoons butter, a pinch of nutmeg, red food coloring if desired, pastry for 8-inch double crust pie and an 8-inch pie pan.

Combine sugar, salt and 1/2 cup juice in a saucepan and heat. Combine cornstarch and remaining cherry juice and stir into first mixture. Cook until thickened. Remove from heat and add lemon juice, butter, nutmeg, and coloring. Carefully stir in the cherries. Let cool while preparing pastry. Line pie pan with half the pastry and fill with the cherry mixture. Roll out remaining pastry, cut into 1/2-inch wide strips and use to make lattice top for pie. Trim off excess pastry and crimp edges. Bake in 425-degree F. oven for 30 minutes. Serve hot with ice cream.

CAGE RESULTS

ROCHESTER GIRLS TAKE LOOP HONORS

Despite a final quarter surge by the Benjamin Mustangs, the Rochester Steers slipped to a 56-52 District 12-B triumph at Rochester Friday night.

It was the final district contest for Rochester who wound up in third place with an 8-6 mark. Benjamin is 6-7 and still has a make-up game.

Rochester's girls won, 51-34, to take the district championship with a 12-2 mark. Benjamin's girls are 3-11. Sherry Tibbets of Rochester led the scorers with 25.

In the boys' game, Phil Acree led Rochester scoring with 17 and Bud Clover of Benjamin was the game's top scorer with 19.

RULE PULVERIZES PIRATES FOR CROWN

The Rule Bobcats polished off another district 12-B opponent at Old Glory Friday night by defeating the Old Glory Pirates 89-41. The win gave the Bobcats a 14-0 district record and the district championship.

Paul Cornelius proved to be a back-breaker for the Pirates by pouring 25 big points through the nets for the Bobcats to take game high honors. Kenneth Jones was the only Pirate in the double figures with 21 points.

Old Glory won the girls' game 48-38. Judy Sanders had 17 points for the Pirates. Susan May and Charlotte McQuinn each had 15 for the Bobcats.

PAINT CREEK EYES PAST WEINERT

The Paint Creek Pirates took a close decision from the Weinert Bulldogs at Weinert Friday night, 68-58, in 12-B conference play.

High for Paint Creek was R. Perry with 21, and high for Weinert were Fred Horan and Tommy Miller, both with 15.

In the girls' game, Weinert took the win from Paint Creek, 55-39, with Donna Adams scoring 30 points for Weinert and Phyllis Middlebrook getting 19 for Paint Creek.

RULE RUMBLES PAST HERMLEIGH

Four players finished in double figures Tuesday night as Rule defeated Hermleigh 66-57 in a practice game played at Rule.

Paul Cornelius had 18, Johnny Westbrook, 17; Charles Lott, 12; and Monty Martin, 10, paced the Rule victory. Winter had 29 for Hermleigh, as Chorn and Peterson each had 12.

Rule, District 12-B champs, plays another practice game at home Friday against Roby before meeting McAdoo in Jayton next Tuesday in bi-district. Hermleigh won District 70-B.

Rule took the B-team game 64-49 as Bill Jones had 14 and Sammy Simpson hit 12.

BENJAMIN BOYS O'BRIEN, 40-33

Benjamin defeated O'Brien at O'Brien Tuesday night 40-33 in a make-up game in District 12-

Redistricting Is Part of A State Wide Plan

The House of Delegates of District VII, which meets in the Sweetwater High Cafeteria March 7 at 6 o'clock, will double up on business meetings, according to Hazel Nunn, president.

The last item on District VII agenda will be to divide normally the 190 delegates into two groups—one to become District IX and the other to become District XIV. In each of these meetings, officers will be elected and a convention site for next year chosen.

Counties in District IX in the northern limits of the Oilbelt will include Archer, Baylor, Wilbarger, Foard, Hardeman, Jack, Throckmorton, Clay, Wichita, Montague, Knox and Young. Counties in District XIV in the southern limits of the Oilbelt will be Callahan, Jones, Nolan, Eastland, Shackelford, Fisher, Haskell, Stonewall, MIT-

cheil, Scurry, Stephens and Taylor.

"This redistricting is part of a state wide plan," says Mrs. Nunn, who called attention to the fact that "the smaller districts will be more effective and better coordinated units within the Texas State Teachers Association."

STATE'S ECONOMY SUFFERED REDUCTION OF \$350 MILLION

Neither Texas nor the other cotton-producing states can afford a continuance of the severe economic losses caused by the drastic cuts in production the past two years. Current prices being paid for cotton and the prospect of a growing demand for quality are providing growers with a badly needed incentive to plant maximum acreage in 1968. Every segment of the industry has the responsibility to work for the production of those varieties which will meet the quality standards on which rests the future of the cotton industry in the U. S.—Editor.

The impact on the Texas economy of sharply reduced cotton production in the state in 1966 is discussed in detail in a new Texas A&M University study. It is MP-842, "Effects of 1966 Cotton Adjustments in Texas," by James W. Graves of the Department of Agricultural Economics and Sociology.

Production in 1966 declined by nearly 1.5 million bales, or an estimated 32%. The study points out that cash sales from cotton and cottonseed for the state were reduced by over \$328 million in 1966. More than half of this reduction occurred in the High Plains where cash sales were reduced by over \$180 million. In the Rolling Plains, market receipts from cotton and cottonseed in 1966 were nearly \$47 million below the 1965 levels. The Gulf Coast and South Texas areas received estimated reductions of approximately \$31 million each.

Government payments for cotton price supports and acreage diversion totaled almost \$243 million in Texas in 1966. This was an increase of nearly \$228 million over the government payments received in 1965. The High Plains area received slightly more than \$109 million in government payments in 1966, 45% of the state total and more than \$105 million above 1965 payments. Other areas benefited from government payments to a lesser extent.

Gross returns from cotton to the state were reduced by \$100 million in 1966 from the 1965 level. The High Plains suffered a loss of \$75 million. Increase in gross returns were received in only two areas: \$16 million in the Blacklands and \$4 million in East Texas. Gross returns in other areas were lower in 1966 than in 1965.

It is assumed that gross returns from cotton and cottonseed were multiplied 3.5 times, a measure of the effect on the agrusiness economy of the adjustment in cotton production can be obtained. A 3.5 multiplier applied to gross returns indicates an estimated \$350 million reduction in the business economy of Texas between 1965 and 1966. In the High Plains, a reduction in agrusiness of over \$262 million was estimated. Even though cash sales from cotton and cottonseed in 1966 were nearly \$17 million below the 1965 level in the Blacklands, the \$33 million increase in government payments resulted in more than a \$55 million increase in the agrusiness economy of the area. It was estimated that the economy of East Texas was benefitted slightly by the adjustments in cotton production from 1965 to 1966. Other areas suffered estimated reductions in their agrusiness economy ranging from \$53 million in the Gulf Coast to \$23 million in the Trans-Pecos area.

The drastic adjustments in

cotton production and returns in 1966 were caused by unfavorable weather conditions and the new cotton program, which reduced planted acreage by 27%. If both years had been normal for cotton production, gross returns to cotton and cottonseed would have declined by an estimated \$17 million in Texas. However, gross returns were estimated to have been more than \$56 million above normal in 1965 and \$2 million above normal in 1966. More than half of the total effects of the adjustments in cotton in Texas were estimated to be caused by changes in weather conditions while less than half were brought about by the new cotton program.

The total effects of the 1966 cotton program cannot be completely evaluated. Businesses closely related to cotton production have suffered in most areas; some more than others. Businesses not so directly related to cotton production but related to incomes of cotton producers, supplies of cotton inputs and firms marketing cotton products also were affected to some extent.

Rides for youngsters of all ages, many appearing for the first time in this country, will be featured on Fiesta Island at HemisFair '68.

A House Can Have Character And Beauty

Whether a house appears dynamic and inventive, simple and informal, or dignified and formal, it can have character and beauty.

If you are planning to buy or build a house, you want it to have a pleasing appearance. Choose a style, then select an attractive example of it, advises Benny Lay, Extension housing and home furnishings specialist at Texas A&M University.

Miss Lay offers these considerations when selecting the example of the style you prefer:

Look for simple lines. A house composed of unbroken planes rather than irregular shapes and chopped up sections is pleasing while a complicated composition can be confused and awkward. Simple lines are more economical to construct, too says Miss Lay.

Avoid too many materials. A house often has a cheap and cluttered look if wood, stone, brick and glass all are used in hodgepodge of colors, textures and weights. Add interest by using different materials but not too much for coherence, says the specialist.

Avoid false effect, leave it off! Since houses are seen seldom only from the front, any essential material should be on all sides.

Make details consistent. Avoid such extras as fake dovescots, scalloped eaves and other gickeys. The style of the details should harmonize with the house style. For example, avoid antique details on a contemporary house, pretentious entrances on small houses and rustic details on a city apartment.

Let honesty, simplicity, coherence and consistency guide you. Beauty will come naturally.

MRS. FAYE DUNNAM
SWEETHEART BANQUET
 "Moonlight and Roses" was the theme of the annual Sweetheart Banquet at the First Baptist Church of Rule on Tuesday and Wednesday night, February 13 and 14. The banquet room was decorated in the garden scene.

The ladies of the church hosted the two nights. Tuesday night the intermediates of the church and their guests with department workers were present. Forty-eight attended. Teresa Rhoads and Don Mark Davis were chosen King and Queen of Valentine.

On Wednesday night about seventy young people and their teachers met for the banquet and program. Susan May and Bob Bishop were chosen King and Queen of Valentine.

Music, table games and short inspirational talks were enjoyed each night.

HOMEMAKERS BANQUET
 The Rule Chapter of Homemakers of America held their annual Banquet on Saturday night, February 17, in the school cafeteria. Members of the Future Farmers of America and the high school faculty were guests.

The Psychodelic theme was used and students dressed for the occasion. Nan Jones and Joe Allen Martin were voted the most appropriately dressed for the occasion.

Officers for the coming year were introduced. The freshmen girls were given pens, and Robert Jones, the chapter sweetheart, was presented a gift. Gifts were presented Caron Cloud, outgoing president; and Mrs. Leroy Olson, chapter sponsor.

Tommy Jo Anders was recognized as the Betty Crocker Homemaker of Tomorrow winner. The Velvetens furnished music for the evening.

Mr. and Mrs. Roy Foster have returned home after visiting their children in Fort Worth.

Mr. and Mrs. R. C. Pool visited relatives in San Angelo over the weekend.

National Cotton Production of About 13.5 Million Bales Needed This Year

A spot check of six county offices of the Agricultural Stabilization and Conservation Service shows that the first 1,428 producers to sign up for the 1968 cotton program will plant an average of 68% of their cotton allotments.

Office managers of the six counties, however, were quick to point out to Rolling Plains Cotton Growers, Inc., who run the survey, that this probably cannot be taken as an indication of final planting percentages.

First, they note that this small number constitutes only about 25% of the farmers in these counties.

They also theorize that producers who plan to divert the maximum 35% of allotments are the ones most likely to sign up first.

Farmers can get their acreage diversion payments in advance if they so request at sign-up time, and these advance payments will be larger for those who elect the highest diversion

percentage.
 Mandatory diversion in the 1968 program is only 5% of allotments, therefore, producers who choose that route are eligible for very small advance payments.
 For this reason most are expecting that the farmers signing up in the latter part of the period, which extends to March 15, will show a higher percentage who intend to plant the maximum allowable acreage.
 The counties checked were Baylor, Cottle, Fisher, Jones, Taylor and Tom Green. Included were only those farmers who had completed signing up through February 14.

With producers in 1968 given option to plant anywhere from 65 to 95 per cent of the cotton allotments, cotton observers have estimated that between 75 and 85 per cent of the cotton acreage on the Rolling Plains will be planted. Many farmers are still undecided, and others will wait to sign up until near

the March 15th deadline date.
 A national cotton production of about 13.5 million bales will be needed this year to prevent losses to synthetic fibers in domestic markets and to foreign cotton in export channels. The 1966 crop was only 9.5 million bales and the 1967 crop totaled about 7.1 million, smallest in the 20th century.

If an adequate supply can be grown this year the other major requirements of a healthy cotton economy seem to be within the capability of a united industry.

But it will be too late next year to try to recapture markets lost as a result of an inadequate supply. Most of those markets would be lost forever. This could be a turning point in cotton's roller-coaster history!

THE WRONG MEDICINE

As the question of increasing taxes to stem inflation rises again, a fundamental consideration should be faced ... should the power to tax be used as an economic regulator?

In the words of The Wall Street Journal, "It isn't especially difficult ... to construct a logical case against using taxation to manipulate the economy." The journal then cites the findings of a professor of economics at the University of Wisconsin, who concludes that taxes as a means of influencing economic trends are not only inefficient but capable of doing much more harm than good. For example, if a worker had his pay effectively reduced by higher taxes, he may respond by a demand for additional wages. No one wants their take-home pay reduced in these inflationary times.

Increased taxation won't stop inflation so long as the nation's economic fires are fed to excess by unprecedented levels of federal spending.

SAGERTON NEWS

MRS. DELBERT LEFEVRE

Larry Jordan, son of Mr. and Mrs. J. H. Jordan, returned home Sunday after spending a year and a half in Germany with the Third Infantry. He has received his discharge and will be in the Active Reserve for two years.

Attending funeral services in Olton Friday of last week for William Nienast were: Mr. and Mrs. August Balzer, Mr. and Mrs. F. A. Stegemoller, C. E. Stegemoller and sons, Leon and Marvin, Mr. and Mrs. Delbert LeFevre, Mr. and Mrs. E. J. Nienast and Judy, G. H. Mungre of Haskell, Mr. and Mrs. Audie Vee Nienast of Hamlin, Mrs. Bill Stanhope of Stamford and Miss Lillian Nienast of Sagerton, William, who was 45, was a victim of a heart attack while working in New Mexico. He was the son of Mr. and Mrs. Will Nienast of Littlefield, formerly of Sagerton. He was here at Sagerton, he passed away on Monday and his body was held until Friday, so that his son, Larry, who was fighting with the U. S. Marines in Viet Nam, could get here for his funeral.

Mr. and Mrs. J. A. Herbol visited in Falls the weekend of February 11 with Mr. and Mrs. L. P. DuBoise and Mrs. Herbol's sister from Brownfield, who was also there. On Friday they went to Benjamin to visit with

home of Mrs. Ruby Smith in Haskell Sunday. They met Mrs. Less' great-grandson, Chris Henley, who is stationed at Wichita Falls with the U. S. Air Force. His parents live in Redlands, California.

Do You Wanna' Wheel And Deal?

Do you wanna' wheel and deal?

Something new is coming to Haskell, beginning April 16th—the third Tuesday in the month.

Yes, "Wheel and Deal" day will be held every third Tuesday in the month, starting April 16, just west of Lackey's Auction House, on the Rule highway, five blocks west of the square.

There will be plenty of buyers for any merchandise you have, with no restriction on merchandise. Anything from crocheted doilies to farm machinery may be bought and sold or traded.

Also contact can be made to rent, or sell, farms and real estate, or hire employees.

The Lackey's state that this will be an "open trades day" and communities, other towns, out of staters and everybody is welcome. Bring your lunch if you like. Electric outlet will be furnished to coffee if you desire. This will be one dollar per person. One dollar per person of parking facilities.

Local Jehovah Witnesses To Attend Meeting

Meetings for the Haskell congregation of Jehovah's Witnesses have been cancelled this week, according to William C. Short, presiding minister for the group, who made the announcement Sunday.

In discussing plans for local members this week, Short said that six families who regularly attend five meetings a week in Haskell are making special arrangements to spend the weekend in Vernon, where they will be delegates to a 3-day convention in the Wilbarger Auditorium beginning Friday, February 23, at 6:45 p. m.

The word from Ford Country:

Torino's wheelbase is this much longer than 38 other intermediate size cars.

Any way you measure it, that adds up to more value.

Torino gives you more car for less money.

Our smooth-riding 116-inch wheelbase Torino gives you more rear legroom than its 112-inch-wheelbase competitors. Luxury? It's the best intermediate we've ever offered. And big stocks mean big savings.
