## Big Blue Receives 1

The Stratford High School Band marched and played their way to their 17th consecutive Division 1 rating in marching, probably the longest string of 1 rating in the area. The Band is striving for their 13th consecutive Sweepstakes Award which can be given if Big Blue also receives Division 1 ratings in Concert and in sightreading in the spring. The Elks under the field direction of Susan Cloyd and Vicki Rolan proudly exhibited their talents of precision marching and of a full musical Band sound to a large crowd. "Our Band had the largest group

of fans all day," noticed a parent band booster, who was one of the many appreciated attenders of the District 1 High School Band Contest held Saturday, October 10, at Dick Bivens Stadium in Amarillo. A contest judge from several years back commented that Stratford was the best band he'd seen so far all day. He felt that Stratford created excitement on the field because they are a precision marching band. Many bands currently do a corp style marching show. Big Blue directors Randy Hunsaker and Betty Ingham are proud and pleased with the

exceptional performance done by our students who exhibited talent, maturity and perseverance to perform the caliber of marching show that they did.

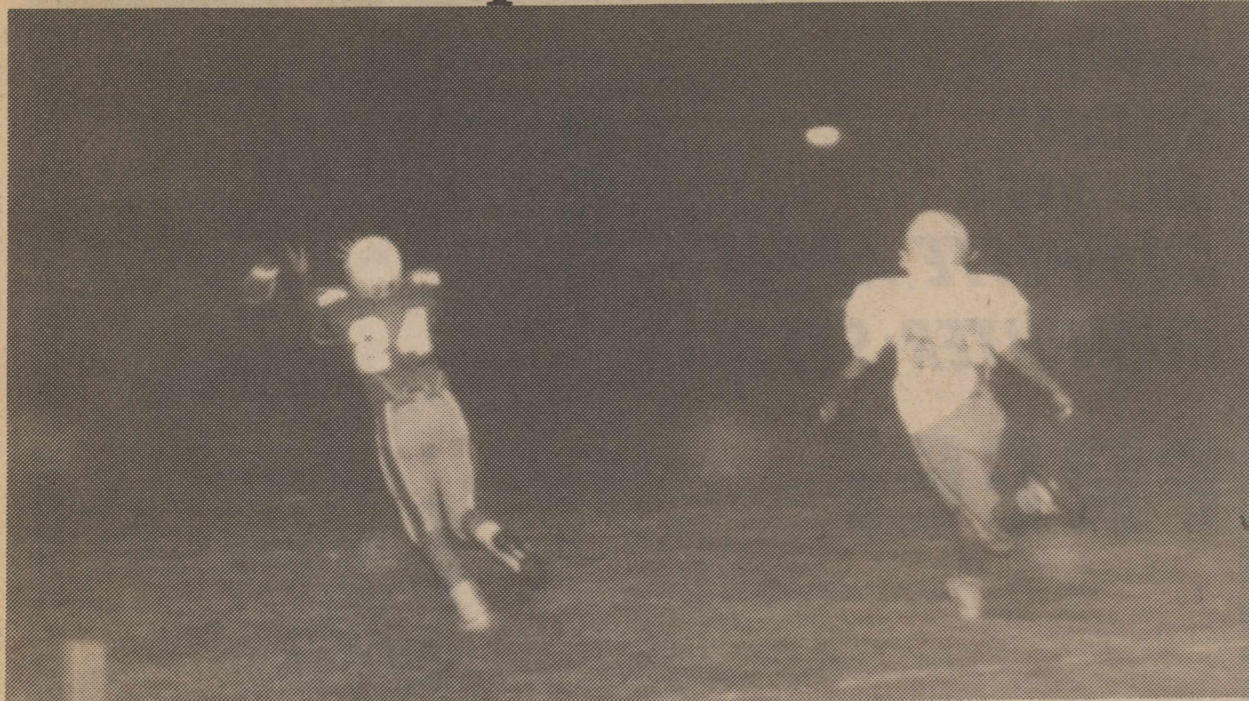

SHS twirlers Carla Crabtree, Carmen Canada, Christi Chumley and Michelle Decker made Division 1 ratings on their twirling and solos and Katrina Plunk made a Division 11. All the girls performed an ensemble together and were awarded a Division 1. Their contribution is great.

Judges commented on the bands musical competencies marching competencies, appearance, discipline and

their presentation effects. Some comments were: "the players are well-taught, music well-prepared and the band is well-dressed," "good solos", "nice stride onto field; nice horns up", "good four man squad drills" and "very snappy executions".

The directors and band deeply appreciate the support of parents, peers and friends, band boosters, administration, teachers and businesses as well as the attention and escort from the police department and fire department on the way into town. It takes everyone to make a Division 1!

## Elks Scalp Commanches

Dirk Davis #24 going for the ball Friday, October 9th in the game against West Texas High School. Elks beat the Commanches 20-7. It was a very important win for the Stratford team. They play Panhandle, Friday October 16 there at 7:30 p.m.

## Coaches Corner

Your Stratford Elks took a giant step toward securing a play-off spot. The 20-7 victory of the West Texas Commanches put the Elks in a tie for second place in the district. A loss in this game would have placed the Elks in deep trouble.

We played all phases of the game exceptionally well. Our offense scored three times, our defense held a team which was averaging 33 points per game to one touchdown, and our specialty teams blocked punt and forced several errors.

Our players were very intense and played with great emotion. Your support and enthusiasm carried our players through the game.

Gared McBryde was our leading ball carrier with 23 carries for 106 yards. Parker Johnson has 61 yards on 11 carries. We are very pleased with the play of our offensive line. These young men are Craig Brooks, Wade McKinney, Gary Clements, Jon Engelbrecht, Scott Riffe and Mike Kirkwood. Doug Pittman had another excellent game passing. Dirk

### By Coach Dollar

Davis, Neal Smith and Mike Kirkwood each made important receptions.

Our defense played its best game of the season up to this point. In the second half West Texas only made three first downs. Their outstanding receiver Chad Williman only had three catches for the game. Gared McBryde had 3 pass interceptions. Chris Waters and Neal Smith each knocked down several passes. Duane Mungia led the team in tackles with 15. Our defense sacked the West Texas quarterback seven times.

The victory was a tremendous team effort. The confidence and momentum we have gained will play a big part in shaping the rest of the season.

Our next opponent, the Panhandle Panthers, have a tremendous passing attack. Tommy Kotara, the quarterback, is the leading passer in the Texas Panhandle. He is averaging 245 yards per game. In the West Texas versus Panhandle game, the

Panthers were leading at one point by the score of 21-6. This is a pivotal game for both teams. The loser will probably be out of the play-off picture.

Panhandle has traditionally had an exceptional defense. Our offense will be put to its biggest test of the season. The Panhandle quarterback is one of the top college prospects in our area, therefore our defense must once again rise to the occasion.

We need your help to be successful. Game time is 7:30. See you in Panhandle. Congratulations Big Blue Band!!

### By Wade Petty

The J.V. Elks played tough against the West Texas J.V. but a lack of team unity has held the Elks back from being a good football team. We make mistakes, the same mistakes week after week. Until we get our minds on the job to be done we can forget about winning any games. We have some good young people with a little ability, but without desire to work and improve ability means little. I feel

like our young men are willing to change and improve their work habits? Against Panhandle this week we must be ready to play. They have a winning tradition and reputation of a hard hitting football team. I feel that our J.V. Elks can hit and play as well as Panhandle. We play here this week following the Jr. High.

### By Mike Brownlee

7th Grade played West Texas Commanches and we won 40-0. This was over-all the best game of the year. WE have 2 games left and both games will be tough.

8th Grade did not play as well as we could have, but had enough desire to hang on and won 12-6. Our 3 toughest opponents are coming up. We play Panhandle Here this week.

# SCOT Notes

by Timmie Brown

Good morning, Scotters and friends, this beautiful sunny morning Oct. 12, 1987. October's 'bright blue weather' is here inviting us to make the most of getting out and around before winter sets in. This remark leads to an announcement that Scot bus will be ready for the Color Tour to Canadian, Tex. Sat. morning Oct. 17th at 8 A.M. Frank Sutton will drive the bus. Lunch will be eaten in Canadian. To secure a seat get in touch with folks at Scot Hall, Ethel Hampton, Minnie Reeder or Elsie Pickens. There is no charge. Each person pays for ones lunch. Scot leaders are trying to please members, so 'ante up' folks.

Activities at Scot Hall are quilting on Mon. Wed. and Friday each week Oct. 13, 20, 27, with all day session Friday 23. On each Tuesday at 3 P.M. Scot parlor will be open for folks to play 42 or 88. For the last two weeks a small group has been present and had fun. Last Tues. Corda Pleyer, Opal Bryant, Jewel Dovel, Marie Hill, Eskie Ritchie enjoyed the P.M. meeting Oct. 20 Tuesday at 10:00 A.M. is SCOT Board meeting. It is important for board members to attend and others to present ideas for the betterment of the SCOT organization.

Sherman County Older Texans hold a regular meeting for all folks on the fourth Thursday of each month. This time the date is Thurs. Oct. 22 - very early in the month. Let us be making a good ready for that time. Hosts for the occasion - according to our printed information are Chairpersons Irene & Tom Wakefield, Nell and Pete Wall, Marguerite & Russell Terrell, Ione Reed, Lucille Phillips, Freda Dortch, Leona and Russell Kelp.

Music for the dance on Oct. 31 (Saturday) will be furnished by the 'Panhandle Travelers', a six piece band

from Liberal, Ks.. An invitation to SCOT from Guymon Sr. Citizen Dance Club for their dance Oct. 10th was accepted by Gisela and Jack Davis, Dot and Kenneth Pemberton, Geneva and H.L. Haile and Betty and Baskin Brown.

So much for SCOT's 'October Doins'! We are saddened this beautiful morning by the news of the death of our beloved friend Lester L. Lollis. He has been quite ill but had been able to return home and we were hopeful of his recovery. To his wife, Alice Ingham Lollis, our personal and SCOT's love and prayer-support at this time. We bow, with Alice, in humble acceptance of the Lord's call for Lester. Amen.

Betty & Timmie Brown attended a baby shower for Caleb James Brown and his mother, Patty Brown, on Tues. Oct. 6, 1987 at Plainview, Ok. We never saw a greater out-pouring of gifts prompted by love and appreciation of pupils and others for their teacher, Patty Brown and her new son. All the school children attended. Hostess for the occasion were Rena Oyler, Mildred and Betty Grabeal, Maurine Warren, Joyce Wells, Laurie Davis, Debby Brown, Lois Cayton and Christi Cox. We not only enjoyed the shower but also seeing our friends Mildred Grabeal, Minnie Cox, Muriel Hitchings, Florence Warren, Reba Goff and making a new acquaintance, Roxie Elliott, who is post-mistress and Griggs. These friends and some of the hostesses are pioneers of long standing and their descendants in the Griggs, Ok. community. We have a special association with these lovely folks-the seniority of Pioneers, Praise the Lord for it.

The SCOT birthday party was a big success Friday only 4 birthday people out of

sixteen attended but we are sure that Director Ethel must be proud of the number of Scotters who were on hand to wish folks well. The party had lots of competition, namely a crucial S.H.S. football game played in Stratford and baseball World Series playoffs in progress. It's wonderful that Sherman County Older Texans are involved in so many activities. If we had an electric appluase monitor we are sure we would have recorded a high degree of enjoyment. Birthday people present were Elsie Pickens, Evelyn Cooper, Emma Naylor and Arthur Judd, welcoming them were Ethel Hampton, Timmie Brown, Gladys Arnold, Robbie Yates, Minnie Reeder, Corda Pleyer, Freda Dortch, Rowena Williams, Ed & Marie Hill, Opal Bryant, Jewel Dovel, Kathleen King, Billie Lou Thompson, Bill and Elsie Lasley and Lawrence Naylor. It was so good to have Robbie present.

Congratulations to our Stratford Elks upon winning the ball game. We are sure Cardinal fans were happy about their win-Friday night.

Other important baby news is about little Wesley Alexander Spurlock who discovered America Sept. 28, 1987. Wesley is the son of Wesley and Susie Ehman Spurlock and a fifth generation Sherman County person of both the Spurlock and Fedric Families. Congratulations from SCOT and personally to parents and grandparents!

Audrey Gamble and Ione Reed are visiting their families in Calif. Maurine Plunk, Lucille Phillips, Ruby McNeal.

Mary and R.J. Hill have returned from a fun trip to Nashville, Tenn. with Jov and Jim Hughes and their dance group. Friend, Scotters and neighbors are delighted that Mildred and Andy James will soon be living in Stratford. Welcome!

We trust that Sidna Krull, Texhoma is recuperating. Have no late word. She

Franny Taylor accompanied them with Brenda Taylor and Patti McDaniel, Denver, joining the group for the weekend. The leaves had reached their peak the week before but were still gorgeous.

Would you believe—the law has caught the two fellows who stole our boat earlier this summer! Of course, they had sold it and we don't know if we'll get it back, maybe some money for

it. A crime-stoppers program resulted in information about someone selling a stolen boat. (We'd rather have the boat back.)

The only nice thing about having birthdays at my age is having cards and telephone calls from loved ones!

GFWC/Prospectus Study Club members will be attending Top of Texas District Fall Board Meet in Canadian Saturday and enjoying the Canadian foliage. There is also a 'Show of Homes' tour. Members should contact Margaret Reed or Marylou McDaniel for a ride.

Eccl. 2:1 "I said in mine heart, Go to now, I will prove thee with mirth, therefore enjoy pleasure: and, behold, this also is vanity."

Can you imagine a fellow being so powerful that anything his heart desired, anybody he wanted, anything he wanted to fill any desire of his life, all he had to do was snap his fingers and get it? Solomon could do that. Look at what verse 10 says: "And whatsoever mine eyes desired I kept not from them, I withheld not my heart from any joy; for my heart rejoiced in all my labour; and this was my portion of all my labour."

Many people have wanted and dreamed about doing a lot of things like that, but they didn't have the power nor the wherewithal to do it. But here was a man who did. Interesting that God should put a message in the Bible about a man who had the ability to do what everybody wants to do today. But notice, dear friend, after Solomon tried it all, he still is empty. Isn't God trying to tell us something?

In this day and hour we are in a mess. The philosophy of America is "If it feels good, do it." Whatever brings satisfaction to your life, do it. The fact is, the hunger in the heart of humanity cannot be satisfied by things of this world. For here was a man who had everything at his fingertips, including a thousand women. he tried it all: "...therefore enjoy pleasure: and behold, this also is vanity. We will continue next week with another area.

1. Do not graze for two weeks after a non-killing frost.

3. Do not graze at night when frost is likely.  
Animals affected by prussic acid can be treated with some degree of success if they are detected soon after poisoning. The dosage and method of administration are critical and best conducted by a veterinarian.

# What's Happening !!

## Business Spotlight

Coldwater Manor is owned by the Stratford Hospital District, and was opened in January of 1977. After much discussion the Board decided to build a Nursing Home instead of a hospital, feeling the Nursing Home would better serve the needs of the community. The Nursing Home would be less expensive and would not require the equipment of a hospital.

Coldwater Manor Nursing Home offers twenty four hour nursing care with special "tender loving care" treatment for their residents. Everyone is encouraged to participate in all of the activities such as, art, dominos, dancing, movies, parties, Bible study and Church services. Also avail-

able are hair care with a complete beauty shop and make-up application everyday.

Gennell York, the present Administrator of Coldwater Manor moved here in 1982 from Canyon, Texas, where she was previously employed as an Administrator of an Amarillo Nursing Home. Gennell says "working with the elderly is my life. It is the most rewarding job anyone could have." Nursing Home work can be a lot of happiness if you get to do the things the Coldwater Kids do." They are a fun bunch and full of love and I love them all very much." Gennell works very hard at keeping the year's activity calendar full of fun. This year's activities include,

Birthday parties once a month and outings to favorite places to eat, a Valentines Dance, National Nursing Home Week, a 4th of July cook out, trips to the Dinner theater, seeing the Musical "Texas" at Palo Duro Canyon and a luau. Upcoming events include a Halloween Carnival, Thanksgiving Banquet, and Christmas Dinner and a party. The Coldwater Kids also get to go on some great trips, the most recent ones being to Nashville, Tennessee to the Grand Ole Opry and a boat trip down the Mississippi River. Then they flew Southwest Airlines to Dallas to see South Fork Ranch and then on to Billy Bob's for dinner and dancing, where Louise Mandrell was Per-

forming. Everyone is still excited about this trip. All of the extra special things the Coldwater Kids do is funded by a terrific idea Gennell presented to the Board...A thrift shop, The Boutique now on Main Street. All of the proceeds from this shop go towards more great trips for the Coldwater Manor residents.

Gennell is a very active member of the Chamber of Commerce in the Women's Division, the Texas Association Home of the Aged, Administration Organization she is also Publicity chairman of the Kaleidoscope Follies and Vice president of Flame Fellowship, and teaches Sunday School at the First United Methodist Church.

Gennell enjoys traveling, reading, dancing, movies and entertaining friends. "I love people".

For true Mexican dishes with a real flavor of the country as well as fascinating Mexican decor, these two restaurants can't be beat! Contrary to the belief that Mexican food is always *very hot*, THE PLAZA'S dishes are served with hot sauce and green chillis on the side so you can enjoy them the way you want.

At both locations, there is live entertainment on Wednesdays thru Saturdays for your added enjoyment. Banquet and meeting room facilities are also available at both locations. Give Marilyn a call, and let her take it from there. Your monthly stockholder's meeting, ladies' club luncheon, wedding reception or awards banquet will be one to be remembered!

**Letter To Editor**

Dear Marty,

Just wanted to say that never have I been prouder to be a "Stratford Elk" than Friday night.

Winning was wonderful but that's not the reason I'm so proud. It's because our team was a TEAM. They were ONE unit working for a common goal. Flag after flag they came back stronger, never giving up, gaining momentum. They were wonderful. The team members on the sideline played every play. Wes Allison cheered every player on as they ran off the field and I could have crawled under my seat when Dirk and the boys

on the sideline turned to the stands and motioned for us to stand and cheer.

Congratulations to Coach Dollar and his coaching staff, but especially to the "Elks" that make up this years team. "Go Blue", you're winners.

I just have to mention that Roger Allen was surely the most enthusiastic fan as he helped run the chain on the opposite side of the field.

Several motivational speakers made presentations, exhibits of the latest material available for schools were viewed, and many topics covering the various aspects of the operations of Texas Schools were attended.

The board passed a resolution that they would support the election of the State Schoolboard members instead of an appointed State Schoolboard. This issue will be voted on in the general election in November.

**Prussic Acid Poisoning**

Plants of the sorghum group (grain sorghum, sudan, hybrid sudan and Johnson grass) have a potential for producing toxic levels of prussic (hydrocyanic) acid. Cyanide producing compounds occurring in living plant cells are converted to prussic acid when cells are ruptured due to frost, mechanical damage, etc.

Prussic acid is one of the most potent toxins in nature. As ruminants consume plant materials containing cyanide-producing compounds, prussic acid is liberated in the rumen, absorbed into the bloodstream and carried to body tissue where it interferes with oxygen utilization. If toxin is absorbed rapidly enough, the animal soon dies from respiratory paralysis. When lethal amounts are consumed, dead animals may be found without visible symptoms of poisoning. Symptoms from smaller amounts include labored breathing, irregular pulse, frothing at the mouth and staggering.

The risk from potentially dangerous forages may be
