Ten Times Too Many Governments

It took two years to count the local governments in the United States 175,418, according to a survey just published by Prof. Anderson of the University of Minnesota. This is ten times too many. It includes 127,000 school districts, 20,000 townships, 16,000 incorporated cities or villages, 3,000 Counties, and 86,000 miscellaneous sewer districts, levee districts, mosquito abatement districts, etc. each with a payroll, and the power of tax—an intolerable wasteful setup. Because they are concentrated in Washington, Federal employees draw a concentrated fire of criticism but their numbers are insignificant compared with the great army of overlapping employees of lesser political machines. Economy, like charity, should begin at home.

"Thou Shalt Not Kill"

Last year the American people established an unenviable record. More people were killed and injured in automobile accidents than ever before. The Travelers Insurance Company has analyzed the record in a graphic, illustrated booklet entitled "Thou Shalt Not Kill." It shows that the fatality total was around 36,000 and the injury total near the million mark. It is a fact that automobile registration increased last year, as compared with 33, but they increased 6 per cent, as did gasoline consumption, while the death record soared 16 per cent.

The main reason for that ghastly record is excessive speed. Speed is not only responsible for the bulk of accidents, it also tends to make the consequences of each accident more serious. A heavy foot on the accelerator is the best friend that the Dark angel has.

Whooping Cough

March 13.—Whooping cough, a disease of the spring and fall. It is a real problem where there are children. Statistics show that it is fatal among females than among males. The younger the child, the more serious the case. Babies, therefore, should be safeguarded and kept as persons known to have had whooping cough. The disease is spread by secretions of the nose and mouth, which may come from the use of contaminated articles, toys, cups, and in agencies which allow close contact.

MISSION STUDY INSTITUTE MARCH 20 PEACOCK

The Stonewall Association W. M. U. will meet at the Peacock Baptist Church for a Mission Study Institute. The purpose of the institute is to teach women how to teach Mission book to the organizations of the W. M. U.

We feel that we have secured the services of competent teachers. Let us urge every Baptist Woman in the Association to be present.

NEW FOREMAN FOR LIARSON RANCH NORTHEAST JAYTON

A new foreman, Rolle R. Jones, was born to Mr. and Mrs. A. P. Liarson March 11th. Both boy and mother are doing nicely. The Chronicle with many other friends join in extending congratulations to the delighted parents.

Some snow and rain fell in this county Monday afternoon but not enough to be called a season.

Mr. and Mrs. Ab Gallier carried Mrs. Mary Jones to Stamford Saturday where a part of the plaster cast was removed from her head.

Mr. and Mrs. G. H. Brown and Mr. and Mrs. Ivey Murdoch spent Sunday in Wichita Falls and Burk Burnett with Mrs. Lester and children and Mr. and Mrs. Bert Rose and family.

Fern North of Texico, N. M. came in Monday to visit friends and relatives here.

Miss Mary Overshiner of Abilene spent a few days this week here visiting Misses Jane and Jo Robinson.

More Damphool Laws Proposed—Editorial

A year ago the Senate defeated a number of proposed amendments to the Agricultural Adjustment Act (better known as the AAA), on the ground that they gave the Secretary of agriculture dictatorial powers in all matters pertaining to agriculture. They affected not only the farmers but all who handled agricultural commodities.

Today the same group is hammering at the legislative doors demanding that even greater power for the Department of agriculture. The proposed amendments would give the Secretary wider latitude in his interpretation of the intent of the AAA as well as added enforcement authority in enforcement of its provisions.

The first amendment would allow the secretary to substitute commodity payments for the present cash payments to farmers in the settlement for crop reduction contracts. Farmers who reduce their cotton acreage could be paid with corn and wheat, or with whatever agricultural commodity the Secretary decided preferable.

The second amendment extends the licensing power of the Secretary to include not only producers but everyone in any way "engaged in the handling of any agricultural product thereof." It is carefully worded to get them all.

The Secretary would have full power to determine conditions under which processors may buy from the farmer to fix the price to be paid and the quantity to be purchased. If he decides that the "practical means" of restricting production of any commodity is by refusing to allow the licensee to buy from farmers who have refused to sign Federal allocations or contracts, he would be within his authority under the proposed amendments.

No one as yet has been able to fully picture the far reaching effects of this astounding proposed law. It contains many possibilities that carried to their logical conclusion, would affect the economical security of every man, woman and child in the United States.

With the Secretary authorized by these proposed amendments to demand and examine the books, contracts and correspondence of every licensee and every party to any marketing agreement, both the business men and the farmers would have the privacy of a gold fish.

If the farmers and business men of the United States feel that such departmental despotism, controlled and enforced by Federal political appointees, is preferable to self control, it may become the plan for the future. If, however, our people prefer to retain a few of the liberties guaranteed them by their state and national constitutions, it might be well to get busy at once and let their Senators and Representatives know just what they think of this proposed law.

One-handed Player Gets Good Contract

Roby, Texas, March 12.—Lefty Hambricht, one-handed hurler from Roby, yesterday signed a contract with the San Antonio Missions of the Texas League.

The Roby pitcher has been an outstanding player in the Wichita Valley semi-pro loop for the past two seasons.

Mrs. R. B. Whitaker of Tokio, Texas is spending the week with her mother Mrs. George Rice.

Frances Hunter and Florence Barker spent last week end in Stamford, Texas.

B. M. Robinson is real sick at this writing.

Misses Jane and Jo Robinson and Aletha Sprouts and Mr. W. L. Coons spent the week end in Abilene.

Mr. and Mrs. R. B. Campbell of Monahan Texas spent the week end here visiting with her father and mother Mr. and Mrs. G. G. Howard.

Mr. and Mrs. Coy Dowdle and son Douglas Ray have returned home from an extended visit at Eliasville Texas with her mother.

Letter To The Editor

Editor Jayton Chronicle
 Dear Editor:
 I am of the opinion that the people in my district should make a positive declaration for or against the proposed appropriation of \$3,000,000 for the Texas Centennial.

I expect to do everything in my power to defeat this move for my huge appropriation at this time. I am convinced that it would be a tragedy on the already burdened taxpayers to demand this amount of money to put on a big show at Dallas.

It would be of great assistance to many in defeating this proposed move if the people of my district will get behind me. Every dollar appropriated for this purpose will add to the already dangerous deficit now existing in the State Treasury.

I want the people to express themselves in no uncertain terms by holding mass meetings, circulating petitions, and sending me the resolutions of such moves, that I may use this to defeat this unnecessary and uncalculated for appropriation in these desperate times.

Please get busy and let me know at once in any way you think best. I further invite your suggestions on any other ideas and matters of which you may be interested. Don't hesitate to write or call on me to help in any legislation which would be of the best interests to all concerned.

Respectfully,
 Leonard Westfall
 Rep. 113th, District.

We joyfully publish the above letter and believe the people should have a say in the matter as to whether or not Texas should assist in paying the expenses of the Texas Centennial celebration or not. But we can't place with out Representative on the subject. We are for the Celebration, heart and soul and pocket book.

Capital funds are being supplied to a limited extent from the public works administration. State funds also have been materially reduced, the final \$3,500,000 of state bond money to be made available \$750,000 in March and April, \$400,000 for each succeeding month thru November; \$700,000 in December.

We realize the counties are disturbed about the amount of relief funds they are receiving, but we are turning over every dime to them as fast as it comes to us." Mr. Johnson stated.

High School Wins Many Trophies

The show window of Huls Drug display of the awards and trophies by the Jayton school this year.

It is a very attractive display and worth looking over. All of us are proud of the showing the school has made this year. We feel we are in a position to say that 100 per cent of Jayton is backing the school.

Link Company Meeting

Managers of the various stores of the Bryant-Link Company held a meeting at the store in Spur Tuesday night to discuss business methods. The meeting was started off with a delicious dinner in the basement and everybody was ready to do business and not to emphasize the drouth for this year.

It is reported that some managers held out an optimistic view and said that rain will come in time to produce crops yet. They agreed that Bryant-Link Company should put forth every effort to serve the people with a high line of merchandise and do everything to make the people happy and feel that they get real bargains at all Bryant-Link stores.

Those at the meeting were: Taylor of Rotan, Guy Speck of Lamesa, Cecil Speck of Lamesa, Tom Teague of Jayton, Chesley Speck of Asper, J. C. Bryant, R. B. Bryant of Jayton and J. A. Smith of Jayton, Ernest Weatherby of Jayton, T. C. Ensey, L. R. Barrett, Geo. Link, Sr., and Geo. Link Jr.

Rabbit Drives Near Jayton Successful

Last Friday the people of this part of the county enjoyed one of the most successful Rabbit drives ever staged. Besides getting more than 600 of the pest, they enjoyed one of the swellest feasts ever set out to a bunch of hungry hunters.

The drive started at the Jim Williams place east of Jayton and was climaxed at the Kidd well, where the big feast took place.

Another big drive and big feast was pulled off Wednesday of this week on the drive that started at the L. O. Mayer farm east of town.

More than 2000 rabbits have met their doom in the last week. All of which means a great saving to the farmers of this county.

Things One Remembers

In Wisconsin the legislature has spent its valuable time and the taxpayer's money to pass a law making it "unlawful" to give away either hot dogs or fresh fish" as a free lunch with a ten cent stein of beer. The tavern keeper may, however, give away cheese, crackers, pretzels, popcorn and "cured fish" with a glass of soda. It is not stated whether the customer has to stand up or sit down while eating the crackers and cheese.

The Oregon legislature refused to pass a law legalizing the sale of cocktails with meals by legitimate hotel and restaurants. You must buy a bottle in Oregon from a state liquor store or patronize a "speakeasy." The statue of Liberty still stands in New York Harbor, however.

Oregon has a governor, General Martin, retired Army officer with a long and honorable record, who set his feet down and told the legislature that he didn't want any new tax laws or increases in old ones.

Funds are being supplied to a limited extent from the public works administration.

State funds also have been materially reduced, the final \$3,500,000 of state bond money to be made available \$750,000 in March and April, \$400,000 for each succeeding month thru November; \$700,000 in December.

We realize the counties are disturbed about the amount of relief funds they are receiving, but we are turning over every dime to them as fast as it comes to us." Mr. Johnson stated.

Counties were requested NOT to send delegations to Austin seeking more funds and approval of work relief projects wherein the state is called upon to pay material costs.

"We just can't pay out any money for materials at this time," Mr. Johnson said.

For City Marshall

I take this method of informing the citizens of Jayton that I am a candidate for City Marshall. I know that all of you are well acquainted with me and know whether I am qualified to serve you as you desire to be served or not. If you believe I will make you a good officer I earnestly solicit your support. If elected I will do my best to carry out the law as it should be carried out and make you a real City Marshall. Thanking you now for any favors shown me, I am

Sincerely Yours,
 Malcolm Hall.

ARRESTED ON LIQUOR CHARGE

Last Saturday afternoon deputy sheriff Byrum Smith arrested two parties on a charge of violating the prohibition laws. This is the first arrests of this kind in Jayton for some time. We are informed that one of the two taken before the grand jury last Tuesday came clean and the other will be tried in the District Court next week.

It seems that Kansas has decided to settle in Texas as we have had two Kansas dust storms since the last publication of the Chronicle. Just when we were getting reconciled to sand storms, along comes these dusters and get us all confused. What has Texas ever done to Kansas to cause this dust migration anyway.

Seed Loans for Spring Planting Needs

Austin, March, 13, Special funds have been made available to the Texas Relief Commission by the Federal Relief Administration for the purpose of making emergency seed loans for Spring planting of commercial forage crops it was announced today by Adam R. Johnson, state relief Director.

"These funds have been made available to meet the emergency created by temporary lack of funds in the Farm Credit Administration which heretofore, has made such loans," Mr. Johnson said. "Loans will be made in all cases of emergency regardless of whether the applicant is on relief rolls or not. Applications will be taken by county Relief Offices.

All applications will be passed on by the local county Committee which heretofore have functioned under the Farm Credit Administration. It was pointed out, however, that no loans would be made to farmers who are able to obtain credit through usual commercial channels and that in cases where existing crop or chattel liens existed, waivers and non-disturbance agreements from such lien holders will be required before any loans will be approved. For non-relief clients, loans not to exceed \$50.00 will be approved.

Mr. Johnson said the relief commission will discontinue making these loans immediately upon resumption of activities by the Farm Credit Administration.

Uncalled For Waste Of Natural Gas

Austin, Texas, March 13.—The total wastage of natural gas in 1934 in the Texas Pan Handle increased 76 per cent over that of 1933, it is apparent from the data supplied by the United States Bureau of Mines, declared Elmer H. Johnson, regional

boys track and field, picture spelling, sixth and seventh grade spelling, and a number of second places to win the title. "Hop" Worthen was an outstanding performer from the rural school, taking a number of first places in both athletic and literary events.

The ward school championship of Class B was more closely contested than the high school division. Jayton ward school was first with 120 points. Girard ward school score being 94. Jayton Ward School won first in the following events: Choral singing, ward school junior girls declamation, ward school junior boys declamation, junior boys track and field music memory, picture memory and fourth and fifth grade spelling.

Girard won first in arithmetic, essay writing, junior boys playground ball, sixth and seventh grade spelling and story telling.

Ford Agency For Jayton

H. D. Black Motor Company has secured the agency for Ford Automobiles and trucks in Kent County. He received one car and one truck Wednesday of this week. We extend congratulations to Mr. Black on securing the agency and the town on securing this new business. Ford Cars and trucks have long been favorites with many people in this part of Texas.

MORE WORK ON HIGHWAY 18

Thursday's state papers carried the announcement of the call for bids on two more projects on highway Eighteen. The call was for bids on 12 miles of grading and drainage structures in Stonewall county between Aspermont and the Haskell county line and for three bridges in Dickens county between Spur and the Kent county line. It begins to look as if old highway 18 is to be completed before the good year of 1936 Centennial year in Texas.

From all reports, Postmaster E. C. Wade has seriously taken up the game of golf and is taking lessons from the profficient experts at the game H. Kenady and John Fowler.

County attorney Adeock, accompanied by his wife and mother and County Judge J. B. Earnest made a trip to Lamesa, Thursday of this week.

Dig for your coin and dig hard; that's all right. But be the master of your dollar and not its slave.

Hannibal, who was so great a strategist, and who was believed not to know human fear, studied not so much his own case as that of his enemies and imagined beforehand what he would do.

A newly married couple were rushing to catch a train. The gentleman was dressed fit to kill, and she was doing her best to pull on a glove. "Why don't you dress in the house" he growled, "I would as soon seen you pull on your stockings in the street as your gloves." "Most men would," she said under a wave of elfish smiles.

Ever since Job said, "My days are swifter than a weavers shuttle," the analogy between life and a loom has been familiar. It should mean even more to this age whose intricate machinery is matched by complexity of life, and a social consciousness never so keenly felt before. We know the lives of all around us are being woven in with out our, and that the resulting social fabric will be no better than the average thread.

Sam was a colored teamster. He could hit a mark with a four horse whip and would cut the head from a lizzard or a snake or cut a tumblebug into without ever missing a swing. Everyone who knew him knew of his accuracy with the whip. One day some men noticed a wasp nest hanging low on a tree. "Bring that nest down," they shouted. Sam grinned and shook his head. "Naw, sub, them babies is too well organized," he answered. This little story is a good illustration. Jayton business men and citizens should organ-

to make Jackasses out of men. And that isn't all, Bill. "When you are dead, that's supposed to be the end of you. But me? The preachers tell me that when I die I may go to hell forever; that is Bill, if I don't do just as they say. And most of what they say keeps me from having any fun out of life. "Tell me, Willyum, considering these things, how can you keep a straight face and look so dumb and solemn?"

ROSEWOOD NEWS

Mr. Buster Hamlin and J. Jerden made a business trip to Rotan Monday.

The Rosewood H. D. Club will meet with Mrs. Gaston Gregory at 2:30 Friday afternoon.

Thursday evening at the home of Mr. and Mrs. J. Jerden, Miss Opal McGee and Mr. Luther Hall were united in marriage. Miss Elsie McGee and Mr. Euell Kelley accompan-

led the couple. Miss Alma Ware and Mr. Earl Ray Wooten were united in marriage at the home of the bride's mother at 10:30 Sunday morning. Rev. J. Jerden performing the ceremony.

Mr. Douglas Gallagher returned from Austin where he visited his parents.

Mr. and Mrs. Dennis McCornelia and Clyde Goff spent the day visiting friends and relatives in Post.

Mrs. Gaston Gregory and Mr. E. Duncan Saturday and Sunday.

Mr. and Mrs. P. W. Racht are moving into this community this week.

Miss Joyce Holden spent Saturday and Sunday in Lubbock visiting her parents Mr. and Mrs. Frank Holden.

JIM THRIFT says:

I selected a John Deere Tractor because I wanted the tractor that would give me the greatest number of years of satisfactory service at lowest operating cost.

Come in and let us show you why the John Deere is the best tractor buy on the market.

NECESSARY SERVICE

Electricity has brought a new era of dependable service to West Texas in recent years. Twenty-four hours of the day, approximately 43,000 homes and places of business served by this Company

in 160 towns and communities rely on this service in some way every minute of the day.

Its large variety of uses acclaim its acceptance as a necessary service. Homes employ it as a means of lighting, washing and ironing, refrigeration, cleaning, water heating, cooking, air conditioning; for the operation of the radio and many small appliances. The uses of electricity in industry are innumerable. Almost every task has in some way been lightened and more nearly perfected by this necessary service. It has truly served all the people in some way and has shared immeasurably in our progress.

The West Texas Utilities Company has provided this service practically uninterrupted and economically cheap. No greater praise could be spoken of this service than that our customers have become so accustomed to its reliability, until today it has become a commonplace item of the household and place of business.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

THE OPPORTUNITIES EXIST

The Saturday Evening Post had a fine editorial commenting on the time worn argument of politicians that there is no more "free land" to be had from the government; hence, vast sums of money must be appropriated to provide social services for the people.

The Post pointed out that the free land story is misleading, that a man had to have courage, perseverance and great initiative to cross the deserts, mountains and forests for a thousand miles to gain the free land. He generally paid a tremendous price in suffering, privation, endless labor and often death in order to acquire the "free land."

"Social Service" schemes at public expense, do not develop the type of citizen who crossed the plains and took up land to build a new empire in the west.
Greater opportunities are here today but the individual is not encouraged to find them by paternalistic governmental policies which crush initiative and private enterprise.

A PERMANENT PORTABLE CLOTHES CLOSET

Building a portable clothes closet erased the discouraging feature faced by us in our building permanent storage and then perhaps have to move off and leave it the next year. The closet as it is now, is just another piece of furniture which can be moved as easily as the other furniture, says Mrs. Edith Hamilton, wardrobe demonstrator of the Center Point H. D. Club.

"For convenience our closet has three doors; the upper drop door, is about fourteen inches high and extends the entire length of the closet, this compartment is used for storing quilts; the second door opens into the division used for hanging clothes; and a third door gives access to four shelves eighteen inches in depth and twelve inches in width which will be used for hats and flat articles.

Storage space as I have often dreamed of having is a reality now, made possible by the expenditure of six dollars and a husband that was interested in our having adequate storage space", she reports.

Mrs. William Alexander returned Friday morning from a visit to San Angelo, Texas.

MARCH GARDENING

"We can't get carrots and beets to come up," is the usual cry of the home gardener.

The 4-H Club girls are going to plant carrots and beets according to suggestions by Mr. Roseborough, Extension horticulturist. They have selected Denver's Half long carrots and Detroit Dark Red Beets for quality. The seed are to be planted in well prepared seed beds, then covered with about a half inch of rotted manure at the time of planting. The tiny plants can easily come up thru this material because it does not crust over.

What to plant in March: 15 to 30th. Beans: Refugee for canning, Pinto for shelling.

Beets: Detroit Dark Red.
Carrots: Denver's Half Long.
Cabbage: Charleston Wake Field, Copenhagen Market, set plants.
Radishes: Scarlet Globe.
Swiss Chard: Lucullus.
Mustard: Southern Curled.
Spinach: Bloomsdale Savoy, New Zealand late.
Sweet Corn: Honey June.
Squash: Yellow Straight Neck.

Mr. and Mrs. Carl Randolph from Afton were guests of Dr. and Mrs. R. L. Alexander Sunday.

J. H. Montgomery and wife left for Houston, Texas Thursday.

Mr. and Mrs. Oscar Hamlin visited points in New Mexico last week.

TUFTED SPREAD AND HOOKED RUG FOR BED ROOM

"A tufted spread and a hooked rug will be the most interesting improvements in my bed room," says Dallas Osman, bedroom improvement demonstrator of the Clairemont 4-H Club.

The spread will be of unbleached muslin tufted in an all-over design in rose. The color background of the hooked rug will be a dulled Copenhagen blue in combination with an other shade of blue, buff and two shades of rose.

JAYTON WINS VOLLEY BALL

In the first events scheduled for the interscholastic league meet of Kent County the Jayton Senior girls defeated the Girard senior girls for first place. The Jayton junior girls then played the Girard girls for second place but lost.

Lets everybody turn out for the track meet and help make it a success. Remember today and tomorrow at Clairemont.

The whole world loves a good sport and there is nothing like being able to 'take it.' But sometimes they are expected to give just a little.

funds are being supplied to a limited
extent from the public works admin-
istration.

State funds also have been mater-
ially reduced, the final \$3,500,000 of
state bond money to be made avail-
able \$750,000 in March and April,
\$400,000 for each succeeding month
thru November; \$700,000 in Decem-
ber.

We realize the counties are distur-
bed about the amount of relief funds
they are receiving, but we are turn-
ing over every dime to them as fast
as it comes to us," Mr. Johnson stat-
ed.

Counties were requested NOT to
send delegations to Austin seeking
more funds and approval of work re-
lief projects wherein the state is cal-
led upon to pay material costs.

"We just can't pay out any money
for materials at this time," Mr. John-
son said.

For City Marshall
Ford Agency
For Jayton

I take this method of informing
the citizens of Jayton that I am a
candidate for City Marshall. I know
that all of you are well acquainted
with me and know whether, I am
qualified to serve you as you de-
sire to be served or not. If you
believe I will make you a good of-
ficer I earnestly solicit your support.
If elected I will do my best to carry
out the law as it should be carried
out and make you a real City Mar-
shall Thanking you now for any
favors shown me, I am
Sincerely Yours,
Malcolm Hall.

ARRESTED ON LIQUOR CHARGE

Last Saturday afternoon deputy
sheriff Byrum Smith arrested two
parties on a charge of violating the
prohibition laws. This is the first
arrests of this kind in Jayton for some
time. We are informed that one of
the two taken before the grand jury
last Tuesday came clean and the other
will be tried in the District Court
next week.

It seems that Kansas has decided
to settle in Texas as we have had
two Kansas dust storms since the last
publication of the Chronicle. Just
when we were getting reconciled to
sand storms, along comes these dust-
ers and get us all confused. What
has Texas ever done to Knasas to
cause this dust migration anyway.

boys track and field, picture
sixth and seventh grade spelling, and
a number of second places to win the
title. "Hop" Worthen was an out-
standing performer from the rural
school, taking a number of first
places in both athletic and literary
events.

The ward school championship of
Class B was more closely contested
than the high school division. Jay-
ton ward school was first with 120
points. Girard ward school score be-
ing 94. Jayton Ward School won first
in the following events: Choral sing-
ing, ward school junior girls decla-
mation, ward school junior boys de-
clamation, junior boys track and field
music memory, picture memory and
fourth and fifth grade spelling.

Girard won first in arithmetic, es-
say writing, junior boys playground
ball, sixth and seventh grade spelling
and story telling.

H. D. Black Motor Company has
secured the agency for Ford Auto-
mobiles and trucks in Kent County.
He received one car and one truck
Wednesday of this week. We ex-
tend congratulations to Mr. Black
on securing the agency and the town
on securing this new business. Ford
Cars and trucks have long been fa-
vorites with many people in this part
of Texas.

MORE WORK ON HIGHWAY 18

Thursday's state papers carried
the announcement of the call for
bids on two more projects on high-
way Eighteen. The call was for bids
on 12 miles of grading and drainage
structures in Stonewall county be-
tween Aspermont and the Haskell
county line and for three bridges in
Dickens county between Spur and the
Kent county line. It begins to look
as if old highway 18 is to be com-
pleted before the good year of 1936
Centennial year in Texas.

From all reports, Postmaster E.
C. Wade has seriously taken up the
game of golf and is taking lessons
from the proficient experts at the
game H. Kenady and John Fowler.

County attorney Adcock, accom-
panied by his wife and mother and
County Judge J. B. Earnest made a
trip to Lamesa, Thursday of this
week.

School News

This week we have been rather busy in our county interscholastic league work and we will know how we come out by Saturday night. Its going to be at Clairmont today and tomorrow, 15 and 16. So everybody come and help make it a success.

On Tuesday afternoon Girard brought their baseball teams over to play us. The Jayton Ward school Junior boys had a close game but won out 6 to 4. The high school Junior girls had an easy victory by a score of 28 to 2. The Ward school Junior girls won by a close margin of 20 to 17.

Tuesday night our Volley Ball team went to Peacock and it worked out that there were plenty of games being played. The Peacock girls defeated the Old Glory girls in a one sided contest. Then the Peacock "all star" boys beat Old Glory "all stars" The Jayton Girls lost to the Peacock girls also. The final contest was between the Peacock all stars and the Jayton all stars. Our team composed of Lowrey, Fox, M. Williams, T. J. Williams, Coons and Garrett. We had to play some fast ball to defeat our opponents.

SENIOR CLASS NEWS

Each week Ye Olde Senior Gossip Reporter will try to get an interview with a member of the senior class and will publish same in the senior class news. If you want to become better acquainted with the members of the class just watch for these interviews.

This week we present Miss Florence Barkley:

Mr. and Mrs. J. P. Barkley are the proud parents of a healthy young daughter born Monday morning.

This is the announcement that appeared in the "Jayton Herald" eighteen years ago. The healthy young daughter referred to being none other than Miss Florence Barkley, who is now a dignified senior in the class of 1934-35 of Jayton High School.

From a sturdy howling mite, Miss Florence developed thru her childhood much the same as any other West Texas child, growing fond of the frequent sandstorms and too frequent drouths.

In 1931 the Barkley family moved to Clairmont to make their home. After the school term was over, Miss Florence joined them there, where she attended school until her senior year, when she started to school at Jayton high again.

When asked what her childhood fear was, Florence replied, "My childhood fear was feathers—keeping me in the house when I was very small. She merely placed a feather in each door and I would contentedly in the house and my little thumb."

Knowing that Miss Barkley is a very sensible person we asked what her philosophy of life was. Her lovely blue eyes took on a far dreamy look and she replied languidly "Life, ah yes, Ah yes, Ah yes indeed."

Seeing that her mind was evidently too deep for words to express, we tactfully changed the subject to this question, "What is your greatest weakness, Miss Barkley?" Immediately she gushed, "I simply cannot resist drawing little mustaches on pictures of people."

Florence's vital statistics: Superstitions: Black Cats. Favorite foods: Pickles and olives. Favorite color: blue. Favorite subject: Library. Greatest ambition: To marry a farmer.

Hobby: Collecting tooth pick holders.

Likes: Little black mustaches, safety pins and bashful boys.

Dislikes: Hypocrites Hypocrites and hypocrites.

General characteristics: very plain spoken, swell dancer, and broad minded but not long headed.

Watch for next week's interview with a handsome blonde-headed senior boy.

Richard is wearing his ring this week.

Mr. Lowrey has given us our senior privilege for which he has our sincere thanks, and our assurance that we will never take unfair advantage of it.

JUNIOR NEWS

There is no Junior class news.

SOPH NEWS

Peggy says for Red to come over to her house but to get his dog and for no other purpose.

NUMBER 11

Cry For Help

Don't want to pay an increase in tax per gallon in your tax, bringing the total to 23 cents per gallon, here's what you can do.

Write or telephone your representative and your State Representative opposing any increase in tax.

The committee of the House of Representatives voted out the proposal Thursday night, March 13, before the House met this week. There is no time to act quickly.

The proposal would boost your tax bill 20 per cent without a single mile of new highway to give work to a single man.

The increase will be used for the construction of new roads, regardless of their condition. No doubt many roads are in bad shape.

It would be guaranteed by the motorist. But would YOU?

How carefully your State has guarded its credit, and how it has paid the road bills, is a matter of record.

The gasoline tax will be increased more than 20 per cent, and the tax-free motor fuel, and the entire tax on gasoline marketed through racketeering channels, is already paying a 40 per cent tax on his gasoline, and will be further burdened by the penalty.

Ten Times Too Many Governments

It took two years to count the local governments in the United States 175,418, according to a survey just published by Prof. Anderson of the University of Minnesota. This is ten times too many. It includes 127,000 school districts, 20,000 townships, 16,000 incorporated cities or villages, 3,000 counties, and 86,000 miscellaneous sewer districts, levee districts, mosquito abatement districts, etc. each with a payroll, and the power of tax—an intolerable wasteful setup. Because they are concentrated in Washington, Federal employees draw a concentrated fire of criticism. But their numbers are insignificant compared with the great army of overlapping employees of lesser political machines. Economy, like charity, should begin at home.

"Thou Shalt Not Kill"

Last year the American people established an unenviable record. More people were killed and injured in automobile accidents than ever before.

The Travelers Insurance Company has analyzed the record in a graphic, illustrated booklet entitled "Thou Shalt Not Kill." It shows that the fatality total was around 36,000 and the injury total near the million mark. It is a fact that automobile registration increased last year, as compared with '33, but they increased 6 per cent, as did gasoline consumption, while the death record soared 16 per cent.

The main reason for that ghastly record is excessive speed. Speed is not only responsible for the bulk of accidents, it also tends to make the consequences of each accident more serious. A heavy foot on the accelerator is the best friend that the Death angel has.

Last year automobiles struck 337,000 pedestrians and 16,000 died. There were 381,000 accidents in which two cars collided, resulting in the death of 8,500 people. Four thousand were killed as a result of cars striking a fixed object and 1,100 perished in accidents involving cars and trains.

Drivers who speed in improper places, who drive on the wrong side of the road, who usurp the right of way who pass on hills and curves, who fail to give proper signals and who are otherwise reckless, menace the life, health and property of every American citizen. Are we to continue to make a shambles of the public streets and highways?

MISSION STUDY INSTITUTE MARCH 20 PEACOCK

The Stonewall Associational W. M. U. will meet at the Peacock Baptist Church for a Mission Study Institute. The purpose of the institute is to teach women how to teach Mission book to the organizations of the W. M. U.

We feel that we have secured the services of competent teachers. Let us urge every Baptist Woman in the Association to be present.

NEW FOREMAN FOR LIARSON RANCH NORTHEAST JAYTON

A new foreman, Rollo Arthur, was born to Mr. and Mrs. M. P. Liarsen March 11th. Both boy and mother are doing nicely. The Chronicle with many other friends join in extending congratulations to the delighted parents.

Some snow and rain fell in this county Monday afternoon but not enough to be called a season.

Mr. and Mrs. Ab Gallagher carried Mrs. Mary Jones to Stamford Saturday where a part of the plaster cast was removed from her head.

Mr. and Mrs. G. H. Brown and Mr. and Mrs. Ivey Murdoch spent Sunday in Wichita Falls and Burk Burnett with Mrs. Lester and children and Mr. and Mrs. Bert Rose and family.

Fern North of Texico, N. M. came in Monday to visit friends and relatives here.

Miss Mary Overshiner of Abilene spent a few days this week here visiting Misses Jane and Jo Robinson.

Mr. and Mrs. Coy Dowdle and son Douglas Ray have returned home from an extended visit at Ellsville Texas with her mother.

More Damphool Laws Proposed—Editorial

A year ago the Senate defeated a number of proposed amendments to the Agricultural Adjustment Act (better known as the AAA), on the ground that they gave the Secretary of agriculture dictatorial powers in all matters pertaining to agriculture. They affected not only the farmers but all who handled agricultural commodities.

Today the same group is hammering at the legislative doors demanding that even greater power for the Department of agriculture. The proposed amendments would give the Secretary wider latitude in his interpretation of the intent of the AAA as well as added enforcement authority in enforcement of its provisions.

The first amendment would allow the secretary to substitute commodity payments for the present cash payments to farmers in the settlement for crop reduction contracts. Farmers who reduce their cotton acreage could be paid with corn and wheat, or with whatever agricultural commodity the Secretary decided preferable.

The second amendment extends the licensing power of the Secretary to include not only producers but everyone in any way "engaged in the handling of any agricultural product thereof." It is carefully worded to get them all.

The Secretary would have full power to determine conditions under which processors may buy from the farmer to fix the price to be paid and the quantity to be purchased. If he decides that the "practical means" of restricting production of any commodity is by refusing to allow the licensee to buy from farmers who have refused to sign Federal contracts of control, he would be within his authority under the proposed amendments.

No one as yet has been able to fully picture the far reaching effects of this astounding proposed law. It contains many possibilities that carried to their logical conclusion, would affect the economical security of every man, woman and child in the United States.

With the Secretary authorized by these proposed amendments to demand and examine the books, contracts and correspondence of every licensee and every party to any marketing agreement, both the business men and the farmers would have the privacy of a gold fish.

If the farmers and business men of the United States feel that such departmental despotism, controlled and enforced by Federal political appointees, is preferable to self control, it may become the plan for the future. If, however, our people prefer to retain a few of the liberties guaranteed them by their state and national constitutions, it might be well to get busy at once and let their Senators and Representatives know just what they think of this proposed law.

One-handed Player Gets Good Contract

Roby, Texas, March 13.—Lefty Hambright, one-handed hurler from Roby, yesterday signed a contract with the San Antonio Missions of the Texas League. The Roby pitcher has been an out standing player in the Wichita Valley semi-pro loop for the past two seasons.

Mrs. R. B. Whitaker of Tokio, Texas is spending the week with her mother Mrs. George Rice.

Frances Hunter and Florence Barkey spent last week end in Stamford, Texas.

B. M. Robinson is real sick at this writing.

Misses Jane and Jo Robinson and Aletha Sprouts and Mr. W. L. Coons spent the week end in Abilene.

Mr. and Mrs. R. B. Campbell of Monahan Texas spent the week end here visiting with her father and mother Mr. and Mrs. G. G. Howard.

Mr. and Mrs. Coy Dowdle and son Douglas Ray have returned home from an extended visit at Ellsville Texas with her mother.

Letter To The Editor

Jayton Chronicle Editor: I am in my opinion of the people of the district should make a positive statement for or against the proposed appropriation of \$3,000,000 for the Texas Centennial.

I expect to do everything in my power to defeat this move for this appropriation at this time. I am convinced that it would be a burden on the already burdened tax payer to demand this amount of money to put on a big show at Dallas.

It would be of great assistance to me in defeating this proposed move if the people of my district will get behind me. Every dollar appropriated for this purpose will add to the already dangerous deficit now existing in the State Treasury.

I would like to see the people of my district express their opinion in no uncertain terms by holding mass meetings, circulating petitions, and sending me the resolutions of such moves, that I may use them to defeat this unnecessary and unprofitable appropriation in these desperate times.

Please get busy and let me know in any way you think best. I will invite your suggestions on other ideas and matters of which you may be interested. Don't hesitate to write or call on me to help in any way you can. I am interested to all concerned. Respectfully, Leonard W. Atfall, Rep. 1st District.

We believe the people should be consulted on this matter as to whether or not they should assist in paying the expenses of the Texas Centennial program this week for the purchase of capital goods during March. The department officials said that, including mules, chickens, hock, hogs, and farm equipment, in Texas will be bought at this time in its cost to provide for needs resulting from the approach of the planting season. Feed, seed, and fertilizer come under the head of capital goods.

Centennial limited amount of household goods for families without these needs also will be furnished, rural schools.

Jayton School Wins Many Trophies

The show window of Huls Drug Store is filled with the trophies and medals won by the Jayton school this year. It is a very attractive display and worth looking over. All of us are proud of the showing the school has made this year. We feel sure they are in a position to say that they are backing the 100 per cent.

LINK COMPANY MEETING

Managers of the various stores in the Bryant-Link Company held a meeting at the store in Spur Tuesday night to discuss business methods. The meeting was started off with a delicious dinner in the basement and everybody was ready to do business and not to emphasize the too much.

It is reported that some managers of the Bryant-Link Company are in time to produce crops yet. They agreed that Bryant-Link Company should put forth every effort to serve the people with a high line of merchandise and do everything they can to make the people feel that they get real bargains at all Bryant-Link stores.

Those at the meeting were: Taylor of Rotan, Guy Speck, Cecil Speck of Lamesa, Tom Teague of Jayton, Tom Teague of Jayton, Chesley Speck of Asper, J. C. Bryant, R. B. Bryant, J. A. Smith of Ford, Earnest Weatherby of Ford, T. C. Ensey, L. R. Barrett, Link, Sr., and Geo. Link Jr.

At the meeting of the Jayton school this year.

Rabbit Drives Near Jayton Successful

Last Friday the people of this part of the county enjoyed one of the most successful Rabbit drives ever staged. Besides getting more than 600 of the pest, they enjoyed one of the swellest feasts ever set out to a bunch of hungry hunters.

The drive started at the Jim Williams place east of Jayton and was climaxed at the Kidd well, where the big feast took place. Another big drive and big feast was pulled off Wednesday of this week on the drive that started at the L. O. Mayer farm east of town. More than 2000 rabbits have met their doom in the last week. All of which means a great saving to the farmers of this county.

Things One Remembers (By R. M. Hofer)

In Wisconsin the legislature has spent its valuable time and the taxpayer's money to pass a law making it "unlawful" to give away either hot dogs or fresh fish "as a free lunch" with a ten cent stain of beer. Tavern keeper may, however, give a way cheese, crackers, pretzels, popcorn and "sued fish" with a glass of beer. It is not stated whether the customer has to stand up or sit down while eating the crackers and cheese.

The Oregon legislature refused to pass a law legalizing the sale of cocktails with meals by legitimate hotels and restaurants. You must buy a bottle in Oregon from a state liquor store or purchase a "speakeasy." The state of Liberty still stands in New York harbor, however.

Oregon has a governor, General ... funds are being supplied to a limited extent from the public works administration. State funds also have been materially reduced, the final \$3,500,000 of state bond money to be made available \$750,000 in March and April, \$400,000 for each succeeding month thru November; \$700,000 in December.

We realize the counties are disturbed about the amount of relief funds they are receiving, but we are turning over every dime to them as fast as it comes to us." Mr. Johnson said. Counties were requested NOT to send delegations to Austin seeking more funds and approval of work relief projects wherein the state is called upon to pay material costs.

"We just can't pay out any money for materials at this time," Mr. Johnson said.

For City Marshall Ford Agency

I take this method of informing the citizens of Jayton that I am a candidate for City Marshall. I know that all of you are well acquainted with me and know whether I am qualified to serve you as you desire to be served or not. If you believe I will make you a good officer I earnestly solicit your support. If elected I will do my best to carry out the law as it should be carried out and make you a real City Marshall. Thanking you now for any favors shown me, I am Sincerely Yours, Malcolm Hall.

ARRESTED ON LIQUOR CHARGE

Last Saturday afternoon deputy sheriff Byrum Smith arrested two parties on a charge of violating the prohibition laws. This is the first arrests of this kind in Jayton for some time. We are informed that one of the two taken before the grand jury last Tuesday came clean and the other will be tried in the District Court next week.

It seems that Kansas has decided to settle in Texas as we have had two Kansas dust storms since the last publication of the Chronicle. Just when we were getting reconciled to sand storms, along comes these dust storms and get us all confused. What has Texas ever done to Kansas to cause this dust migration anyway.

Seed Loans for Spring Planting Needs

Austin, March, 13. Special funds have been made available to the Texas Relief Commission by the Federal Relief Administration for the purpose of making emergency seed loans for Spring planting of commercial forage crops it was announced today by Adam R. Johnson, state relief Director.

"These funds have been made available to meet the emergency created by temporary lack of funds in the Farm Credit Administration which heretofore has made such loans," Mr. Johnson said. "Loans will be made in all cases of emergency regardless of whether the applicant is on relief rolls or not. Applications will be taken by county Relief Offices.

All applications will be passed on by the local county Committee which heretofore have functioned under the Farm Credit Administration. It was pointed out, however, that no loans would be made to farmers who are able to obtain credit through usual commercial channels and that in cases where existing crop or chattel liens existed, waivers and non-disturbance agreements from such lien holders will be required before any loans will be approved. For non-relief clients, loans not to exceed \$50.00 will be approved. Mr. Johnson said the relief commission will discontinue making these loans immediately upon resumption of activities by the Farm Credit Administration.

Uncalled For Waste Of Natural Gas

Austin, Texas, March 13.—The school superintendent's declaration that boys track and field, picture making, sixth and seventh grade spelling, and a number of second places to win the title. "Hop" Worthen was an outstanding performer from the rural school, taking a number of first places in both athletic and literary events.

The ward school championship of Class B was more closely contested than the high school division. Jayton ward school was first with 120 points. Girard ward school score being 94. Jayton Ward School won first in the following events: Choral singing, ward school junior girls declamation, ward school junior boys declamation, junior boys track and field music memory, picture memory and fourth and fifth grade spelling.

Girard won first in arithmetic, essay writing, junior boys playground ball, sixth and seventh grade spelling and story telling.

Ford Agency For Jayton

H. D. Black Motor Company has secured the agency for Ford Automobiles and trucks in Kent County. He received one car and one truck Wednesday of this week. We extend congratulations to Mr. Black on securing the agency and the town on securing this new business. Ford Cars and trucks have long been favorites with many people in this part of Texas.

MORE WORK ON HIGHWAY 18

Thursday's state papers carried the announcement of the call for bids on two more projects on highway Eighteen. The call was for bids on 12 miles of grading and drainage structures in Stonewall county between Aspermont and the Haskell county line and for three bridges on Dickens county between Spur and the Kent county line. It begins to look as if old highway 18 is to be completed before the good year of 1936 Centennial year in Texas.

From all reports, Postmaster E. C. Wade has seriously taken up the game of golf and is taking lessons from the proficient experts at the game H. Kenady and John Fowler.

County attorney Adcock, accompanied by his wife and mother and County Judge J. B. Earnest made a trip to Lamesa, Thursday of this week.

Dig for your coin and dig hard; that's all right. But be the master of your dollar and not its slave.

Hannibal, who was so great a strategist, and who was believed not to know human fear, studied not so much his own case as that of his enemies and imagined beforehand what he would do.

A newly married couple were rushing to catch a train. The gentleman was dressed fit to kill, and she was doing her best to pull on a glove. "Why don't you dress in the house" he growled, "I would as soon see you pull on your stocking in the street as your gloves." "Most men would," she said under a wave of elfish smiles.

Ever since Job said, "My days are swifter than a weavers shuttle," the analogy between life and a loom has been familiar. It should mean even more to this age whose intricate machinery is matched by complexity of life, and a social consciousness never so keenly felt before. We know the lives of all around us are being woven in with our own, and that the resulting social fabric will be no better than the average thread.

Sam was a colored teamster. He could hit a mark with a four horse whip and would cut the head from a lizard or a snake or cut a tumblebug into without ever missing a swing. Everyone who knew him knew of his accuracy with the whip. One day some men noticed a wasp nest hanging low on a tree. "Bring that nest down," they shouted. Sam grinned and shook his head. "Naw, sah, them babies is too well organized," he answered. This little story is a good illustration. Jayton business men and citizens should organ-

to make Jackasses out of men. And that isn't all, Bill.

"When you are dead, that's supposed to be the end of you. But me? The preachers tell me that when I die I may go to hell forever; that is Bill, if I don't do just as they say. And most of what they say keeps me from having any fun out of life. "Tell me, Willyum, considering these things, how can you keep a straight face and look so dumb and solemn?"

ROSEWOOD NEWS

Mr. Buster Hamlin and J. Jerden made a business trip to Rotan Monday.

The Rosewood H. D. Club will meet with Mrs. Gaston Gregory at 2:30 Friday afternoon.

Thursday evening at the home of Mr. and Mrs. J. Jerden, Miss Opal McGee and Mr. Luther Hall were united in marriage. Miss Elsie McGee and Mr. Euell Kelley accompan-

ied the couple.

Miss Alma Ware and Mr. Ray Wooten were united in marriage at the home of the brides parents at 10:30 Sunday morning. Rev. J. Jerden performing the ceremony.

Mr. Douglass Callagher has returned from Austin where he visited his parents.

Mr. and Mrs. Dennis McCall, Cornelia and Clyde Goff spent the day visiting friends and relatives in Post.

Mrs. Gaston Gregory and children visited her parents Mr. and Mrs. E. Duncan Saturday and Sunday.

Mr. and Mrs. P. W. Rackley are moving into this community this week.

Miss Joyce Holden spent Saturday and Sunday in Lubbock visiting her parents Mr. and Mrs. Frank H.

Mrs. Claud Hamlin and Faye Carey have returned from Harmony after a weeks visit in that community.

NECESSARY SERVICE

Electricity has brought a new era of dependable service to West Texas in recent years. Twenty-four hours of the day, approximately 43,000 homes and places of business served by this Company

in 160 towns and communities rely on this service in some way every minute of the day.

Its large variety of uses acclaim its acceptance as a necessary service. Homes employ it as a means of lighting, washing and ironing, refrigeration, cleaning, water heating, cooking, air conditioning; for the operation of the radio and many small appliances. The uses of electricity in industry are innumerable. Almost every task has in some way been lightened and more nearly perfected by this necessary service. It has truly served all the people in some way and has shared immeasurably in our progress.

The West Texas Utilities Company has provided this service in a practically uninterrupted and economically cheap. No greater word of praise could be spoken of this service than that our customers have become so accustomed to its reliability, until today it has become a commonplace item of the household and place of business.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

THE OPPORTUNITIES EXIST

The Saturday Evening Post had a fine editorial commenting on the time worn argument of politicians that there is no more "free land" to be had from the government; hence, vast sums of money must be appropriated to provide social services for the people.

The Post pointed out that the free land story is misleading, that a man had to have courage, perseverance and great initiative to cross the deserts, mountains and forests for a thousand miles to gain the free land. He generally paid a tremendous price in suffering privation, endless labor and often death in order to acquire the "free land."

"Social Service" schemes at public expense, do not develop the type of citizen who crossed the plains and took up land to build a new empire in the west.

Greater opportunities are here today but the individual is not encouraged to find them by paternalistic governmental policies which crush initiative and private enterprise.

A PERMANENT PORTABLE CLOTHES CLOSET

Building a portable clothes closet erased the discouraging feature faced by us in our building permanent storage and then perhaps have to move off and leave it the next year. The closet as it is now, is just another piece of furniture which can be moved as easily as the other furniture, says Mrs. Edith Hamilton, wardrobe demonstrator of the Center Point H. D. Club.

"For convenience our closet has three doors; the upper drop door, is about fourteen inches high and extends the entire length of the closet, this compartment is used for storing quilts; the second door opens into the division used for hanging clothes; and a third door gives access to four shelves eighteen inches in depth and twelve inches in width which will be used for hats and flat articles.

Storage space as I have often dreamed of having is a reality now, made possible by the expenditure of six dollars and a husband that was interested in our having adequate storage space", she reports.

Mrs. William Alexander returned Friday morning from a visit to San Angelo, Texas.

MARCH GARDENING

"We can't get carrots and beets to come up," is the usual cry of the home gardener.

The 4-H Club girls are going to plant carrots and beets according to suggestions by Mr. Roseborough, Extension horticulturist. They have selected Denver's Half long carrots and Detroit Dark Red Beets for quality. The seed are to be planted in well prepared seed beds, then covered with about a half inch of rotted manure at the time of planting. The tiny plants can easily come up thru this material because it does not crust over.

What to plant in March: 15 to 30th. Beans: Refugee for canning, Pinto for shelling.

Beets: Detroit Dark Red. Carrots: Danver's Half Long. Cabbage: Charleston Wake Field, Copenhagen Market, set plants. Radishes: Scarlet Globe. Swiss Chard: Louellus. Mustard: Southern Curled. Spinach: Bloomsdale Savoy, New Zealand late.

Sweet Corn: Honey June. Squash: Yellow Straight Neck.

Mr. and Mrs. Carl Randolph from Afton were guests of Dr. and Mrs. R. L. Alexander Sunday.

J. H. Montgomery and wife left for Houston, Texas Thursday.

Mr. and Mrs. Oscar Hamlin visited points in New Mexico last week.

TUFTED SPREAD AND HOOKED RUG FOR BED ROOM

"A tufted spread and a hooked rug will be the most interesting improvements in my bed room," says Dallas Osman, bedroom improvement demonstrator of the Clairmont 4-H Club.

The spread will be of unbleached muslin tufted in an all-over design in rose. The color background of the hooked rug will be a dulled Copenhagen blue in combination with an other shade of blue, buff and two shades of rose.

JAYTON WINS VOLLEY BALL

In the first events scheduled for the interscholastic league meet of Kent County the Jayton Senior girls defeated the Girard senior girls for first place. The Jayton junior girls then played the Girard girls for second place but lost.

Lets everybody turn out for the track meet and help make it a success. Remember today and tomorrow at Clairmont.

The whole world loves a good sport and there is nothing like being able to 'take it.' But sometimes they are expected to give just a little.

As yet we have heard no campaign for the office of Mayor or City Marshall.

Special attention is called to the

advertisement of the Palace Theatre of Jayton. We have a good show here in Jayton now managed by good people. Lets help these new comers get started.

We imagine that there will be more than one tin lizzie that will head for the last round-up when the time comes to re-register them. A good many have lived too long now.

program this week for the purchase of capital goods during March. The department officials said that, including mules, chickens, pigs, and farm equipment, including planters, cultivators, and will be bought at this time in order to provide for needs resulting from the approach of the planting season. Feed, seed, and fertilizer come under the head of capital

limited amount of household for families without these needs also will be furnished, rural officials said.

ton School Wins Many Trophies

The show window of Huls Drug display of the awards and trophies by the Jayton school this year in various athletic and literary events. It is a very attractive display and worth looking over. All of us are proud of the showing that was made this year. We feel we are in a position to say that the town of Jayton is backing the school 100 per cent.

LINK COMPANY MEETING

Managers of the various stores of the Bryant-Link Company held a meeting at the store in Spur Tuesday night to discuss business methods. The meeting was started off with a delicious dinner in the basement and everybody was ready to do business and not to emphasize the social side.

It is reported that some managers expected a drought for this year but others held out an optimistic side and said that rain will come in time to produce crops yet. It was agreed that Bryant-Link Company should put forth every effort to serve the people with a high line of merchandise and do everything possible to make the people happy and feel that they get real bargains at all Bryant-Link stores.

Among those at the meeting were: Taylor of Rotan, Guy Speck of Lamesa, Cecil Speck of Lamesa, Tom Teague of Jayton, Tom Teague of Lamesa, Chesley Speck of Asper, J. C. Bryant, R. B. Bryant, the Bryant and J. A. Smith of Jayton, Earnest Weatherby of Jayton, T. C. Ensey, L. R. Barrett, S. Link, Sr., and Geo. Link Jr. of Jayton.

funds are being supplied to a limited extent from the public works administration.

State funds also have been materially reduced, the final \$3,500,000 of state bond money to be made available \$750,000 in March and April, \$400,000 for each succeeding month thru November; \$700,000 in December.

We realize the counties are disturbed about the amount of relief funds they are receiving, but we are turning over every dime to them as fast as it comes to us," Mr. Johnson stated.

Counties were requested NOT to send delegations to Austin seeking more funds and approval of work relief projects wherein the state is called upon to pay material costs.

"We just can't pay out any money for materials at this time," Mr. Johnson said.

For City Marshall

I take this method of informing the citizens of Jayton that I am a candidate for City Marshall. I know that all of you are well acquainted with me and know whether I am qualified to serve you as you desire to be served or not. If you believe I will make you a good officer I earnestly solicit your support. If elected I will do my best to carry out the law as it should be carried out and make you a real City Marshall. Thanking you now for any favors shown me, I am Sincerely Yours, Malcolm Hall.

ARRESTED ON LIQUOR CHARGE

Last Saturday afternoon deputy sheriff Byrum Smith arrested two parties on a charge of violating the prohibition laws. This is the first arrests of this kind in Jayton for some time. We are informed that one of the two taken before the grand jury last Tuesday came clean and the other will be tried in the District Court next week.

It seems that Kansas has decided to settle in Texas as we have had two Kansas dust storms since the last publication of the Chronicle. Just when we were getting reconciled to sand storms, along comes these dust storms and get us all confused. What has Texas ever done to Kansas to cause this dust migration anyway.

boys track and field, picture memory, sixth and seventh grade spelling, and a number of second places to win the title. "Hop" Worthen was an outstanding performer from the rural school, taking a number of first places in both athletic and literary events.

The ward school championship of Class B was more closely contested than the high school division. Jayton ward school was first with 120 points. Girard ward school score being 94. Jayton Ward School won first in the following events: Choral singing, ward school junior girls declamation, ward school junior boys declamation, junior boys track and field music memory, picture memory and fourth and fifth grade spelling.

Girard won first in arithmetic, essay writing, junior boys playground ball, sixth and seventh grade spelling and story telling.

Ford Agency For Jayton

H. D. Black Motor Company has secured the agency for Ford Automobiles and trucks in Kent County. He received one car and one truck Wednesday of this week. We extend congratulations to Mr. Black on securing the agency and the town on securing this new business. Ford Cars and trucks have long been favorites with many people in this part of Texas.

MORE WORK ON HIGHWAY 18

Thursday's state papers carried the announcement of the call for bids on two more projects on highway Eighteen. The call was for bids on 12 miles of grading and drainage structures in Stonewall county between Aspermont and the Haskell county line and for three bridges in Dickens county between Spur and the Kent county line. It begins to look as if old highway 18 is to be completed before the good year of 1936 Centennial year in Texas.

From all reports, Postmaster E. C. Wade has seriously taken up the game of golf and is taking lessons from the proficient experts at the game H. Kenady and John Fowler.

County attorney Adcock, accompanied by his wife and mother and County Judge J. B. Earnest made a trip to Lamesa, Thursday of this week.

School News

This week we have been rather busy in our county interscholastic league work and we will know how we come out by Saturday night. Its going to be at Clairmont today and tomorrow, 15 and 16. So everybody come and help make it a success.

On Tuesday afternoon Girard brought their baseball teams over to play us. The Jayton Want school Junior boys had a close game but won out 6 to 4. The high school Junior girls had an easy victory by a score of 28 to 2. The Ward school Junior girls won by a close margin of 20 to 17.

Tuesday night our Volley Ball team went to Peacock and it worked out that there were plenty of games being played. The Peacock girls defeated the Old Glory girls in a one sided contest. Then the Peacock "all star" boys beat Old Glory "all stars". The Jayton Girls lost to the Peacock girls also. The final contest was between the Peacock all stars and the Jayton all stars. Our team composed of Lowrey, Fox, M. Williams, T. J. Williams, Coons and Garrett. We had to play some fast ball to defeat our opponents.

SENIOR CLASS NEWS

Each week Ye Olde Senior Gossip Reporter will try to get an interview with a member of the senior class and will publish same in the senior class news. If you want to become better acquainted with the members of the class just watch for these interviews.

This week we present Miss Florence Barkley:

Mr. and Mrs. J. P. Barkley are the proud parents of a healthy young daughter born Monday morning.

This is the announcement that appeared in the "Jayton Herald" eighteen years ago. The healthy young daughter referred to being none other than Miss Florence Barkley, who is now a dignified senior in the class of 1934-35 of Jayton High School.

From a sturdy howling mite, Miss Florence developed thru her childhood much the same as any other West Texas child, growing fond of the frequent sandstorms and too frequent drouths.

In 1931 the Barkley family moved to Clairmont to make their home. After the school term was over, Miss Florence joined them there, where she attended school until her senior year, when she started to school at Jayton high again.

When asked what her childhood fear was, Florence replied, childhood fear was feathers, feathers. Mother had no keeping me in the house when very small. She merely plucked a feather in each door and I was contentedly in the house and my little thumb."

Knowing that Miss Barkley is a very sensible person we asked what her philosophy of life was. Her lovely blue eyes took on a far away look and she replied "Life, ah yes, Ah yes, Ah yes."

Seeing that her mind was a little too deep for words to express, we tactfully changed the subject. This question, "What is your greatest weakness, Miss Barkley?" matedly she gushed, "I simply cannot resist drawing little men on pictures of people."

Florence's vital statistics: Superstitions: Black Cats. Favorite foods: Pickles and Favorite color: blue. Favorite subject: Library. Greatest ambition: To be a farmer.

Hobby: Collecting tooth pickers.

Likes: Little black mustache pins and bashful boys. Dislikes: Hypocrites Hypocrites.

General characteristics: very plain spoken, swell dancer, and broad minded but not long headed.

Watch for next week's interview with a handsome blonde-headed senior boy.

Mr. Lowrey has given us our senior privilege for which he has our sincere thanks, and our assurance that we will never take unfair advantage of it.

THE JAYTON CHRONICLE

JAYTON, KENT COUNTY, TEXAS,

FRIDAY, MARCH 15, 1935

NUMBER 11

For Help

Ten Times Too Many Governments

It took two years to count the local governments in the United States 175,418, according to a survey just published by Prof. Anderson of the University of Minnesota. This is ten times too many. It includes 127,000 school districts, 20,000 townships, 16,000 incorporated cities or villages, 3,000 Counties, and 86,000 miscellaneous sewer districts, levee districts, mosquito abatement districts, etc. each with a payroll, and the power of tax—an intolerable wasteful setup. Because they are concentrated in Washington, Federal employees draw a concentrated fire of criticism. But their numbers are insignificant compared with the great army of overlapping employees of lesser political machines. Economy, like charity, should begin at home.

"Thou Shalt Not Kill"

Last year the American people established an unenviable record. More people were killed and injured in automobile accidents than ever before. The Travelers Insurance Company has analyzed the record in a graphic, illustrated booklet entitled "Thou Shalt Not Kill." It shows that the fatality total was around 86,000 and the injury total near the million mark. It is a fact that automobile registration increased last year, as compared with 33, but they increased 6 percent, as did gasoline consumption, while the death record soared 16 percent.

The main reason for that ghastly record is excessive speed. Speed is not only responsible for the bulk of accidents, it also tends to make the consequences of each accident more serious. A heavy foot on the accelerator is the best friend that the Dark angel has.

Last year automobiles struck 337,000 pedestrians and 16,000 died. There were 381,000 accidents in which two cars collided, resulting in the death of 8,500 people. Four thousand were killed as a result of cars striking a fixed object and 1,100 perished in accidents involving cars and trains.

Drivers who speed in improper places, who drive on the wrong side of the road, who usurp the right of way who pass on hills and curves, who fail to give proper signals and who are otherwise reckless, menace the life, health and property of every American citizen. Are we to continue to make a shambles of the public streets and highways?

MISSION STUDY INSTITUTE MARCH 20 PEACOCK

The Stonewall Associational W. M. U. will meet at the Peacock Baptist Church for a Mission Study Institute. The purpose of the institute is to teach women how to teach Mission book to the organizations of the W. M. U.

We feel that we have secured the services of competent teachers. Let us urge every Baptist Woman in the Association to be present.

NEW FOREMAN FOR LIARSON RANCH NORTHEAST JAYTON

A new foreman, Rollo Arthur, was born to Mr. and Mrs. M. P. Larson March 11th. Both boy and mother are doing nicely. The Chronicle with many other friends join in extending congratulations to the delighted parents.

Some snow and rain fell in this county Monday afternoon but not enough to be called a season.

Mr. and Mrs. Ab Gallagher carried Mrs. Mary Jones to Stamford Saturday where a part of the plaster cast was removed from her head.

Mr. and Mrs. G. H. Brown and Mr. and Mrs. Ivey Murdoch spent Sunday in Wichita Falls and Burk Burnett with Mrs. Lester and children and Mr. and Mrs. Bert Rose and family.

Fern North of Texico, N. M. came in Monday to visit friends and relatives here.

Miss Mary Overshiner of Abilene spent a few days this week here visiting Misses Jane and Jo Robinson.

More Damphool Laws Proposed—Editorial

A year ago the Senate defeated a number of proposed amendments to the Agricultural Adjustment Act (better known as the AAA), on the ground that they gave the Secretary of agriculture dictatorial powers in all matters pertaining to agriculture. They affected not only the farmers but all who handled agricultural commodities.

Today the same group is hammering at the legislative doors demanding that even greater power for the Department of agriculture. The proposed amendments would give the Secretary wider latitude in his interpretation of the intent of the AAA as well as added enforcement authority in enforcement of its provisions.

The first amendment would allow the secretary to substitute commodity payments for the present cash payments to farmers in the settlement for crop reduction contracts. Farmers who reduce their cotton acreage could be paid with corn and wheat, or with whatever agricultural commodity the Secretary decided preferable.

The second amendment extends the licensing power of the Secretary to include not only producers but everyone in any way "engaged in the handling of any agricultural product thereof." It is carefully worded to get them all.

The Secretary would have full power to determine conditions under which processors may buy from the farmer to fix the price to be paid and the quantity to be purchased. If he decides that the "practical means" of restricting production of any commodity is by refusing to allow the licensee to buy from farmers who have refused to sign Federal allocations or contracts, he would be within his authority under the proposed amendments.

No one as yet has been able to fully picture the far reaching effects of this astounding proposed law. It contains many possibilities that carried to their logical conclusion, would affect the economical security of every man, woman and child in the United States.

With the Secretary authorized by these proposed amendments to demand and examine the books, contracts and correspondence of every licensee and every party to any marketing agreement, both the business men and the farmers would have the privacy of a gold fish.

If the farmers and business men of the United States feel that such departmental despotism, controlled and enforced by Federal political appointees, is preferable to self control, it may become the plan for the future. If, however, our people prefer to retain a few of the liberties guaranteed them by their state and national constitutions, it might be well to get busy at once and let their Senators and Representatives know just what they think of this proposed law.

One-handed Player Gets Good Contract

Roby, Texas, March 12.—Lefty Hambricht, one-handed hurler from Roby, yesterday signed a contract with the San Antonio Missions of the Texas League.

The Roby pitcher has been an out standing player in the Wichita Valley semi-pro loop for the past two seasons.

Mrs. R. B. Whitaker of Tokio, Texas is spending the week with her mother Mrs. George Rice.

Frances Hunter and Florence Barkley spent last week end in Stamford, Texas.

B. M. Robinson is real sick at this writing.

Misses Jane and Jo Robinson and Aletha Sprouls and Mr. W. L. Coons spent the week end in Abilene.

Mr. and Mrs. R. B. Campbell of Monahan Texas spent the week end here visiting with her father and mother Mr. and Mrs. G. G. Howard.

Mr. and Mrs. Coy Dowdle and son Douglas Ray have returned home from an extended visit at Eliasville Texas with her mother.

Letter To The Editor

Editor Jayton Chronicle
Jayton, Texas.

Dear Editor:
I am of the opinion that the people in my district should make a positive declaration for or against the proposed appropriation of \$3,000,000 for the Texas Centennial.

I expect to do everything in my power to defeat this move for this huge appropriation at this time. I am convinced that it would be a tragedy on the already burdened tax payers to demand this amount of money to put on a big show at Dallas.

It would be of great assistance to many in defeating this proposed move if the people of my district will get behind me. Every dollar appropriated for this purpose will add to the already dangerous deficit now existing in the State Treasury.

I want the people to express themselves in no uncertain terms by holding mass meetings, circulating petitions, and sending me the resolutions of such moves, that I may use this to defeat this unnecessary and uncalled for appropriation in these desperate times.

Please get busy and let me know at once in any way you think best. I further invite your suggestions on any other ideas and matters of which you may be interested. Don't hesitate to write or call on me to help in any legislation which would be of the best interests to all concerned.

Respectfully,
Leonard Westfall
Rep. 118th, District.

We gladly publish the above letter for we believe the people should have a say in the matter as to whether or all of Texas should assist in paying the expenses of the Texas Centennial Celebration or not. But we can't agree with our Representative on the subject. We are for the Celebration but not and soul and pocket book. We believe it is due the Heroes of Texas to pay them this tribute. We believe it will be worth ten times its cost to the tax payers. It will bring many millions of out side dollars to Texas and why shouldn't the largest, richest, and the greatest State in the Union celebrate the Century Anniversary of her independence?

We do not believe in waste but we do believe in progress and the proposed Centennial Celebration will do more to put Texas on the map of the world than any one thing she might do. On with the Celebration. What's our dollars good for unless we use them for the glory of our beloved state. We would be for the celebration if every other man in the state was against it. Texas is not a land of paupers in spite of the fact that many would have the world think so.

Find Aged Woman Dead In Pasture

Dickens March 12.—Mrs. Georgia Caldwell, 73 who lived alone in a one room house about 15 miles north of Dickens, was found dead in a pasture about 400 yards from her house at 11 o'clock this morning.

In one hand the elderly lady had an ax, on the other arm she had several sticks of wood.

Justice of the Peace W. H. Parks of Dickens, who conducted an inquest returned a verdict of death by heart attack. Yesterday was her 73rd birthday.

Commissioner's Court was in session Monday and Wednesday of this week.

District Judge Grissom and District Attorney Grindstaff are in Kent Co., this week holding court at Clairemont.

The Grand Jury is grinding away this week but the indictments will be few, in fact the smallest on record.

H. W. Davis was here from Clairemont Tuesday. He is farming these days and doing a good job of it so his neighbors say.

At a rabbit drive Southeast of Jayton it was estimated 1000 rabbits were slaughtered which the farmers many dollars worth of grass, feed and cotton.

Rabbit Drives Near Jayton Successful

Last Friday the people of this part of the county enjoyed one of the most successful Rabbit drives ever staged. Besides getting more than 600 of the pest, they enjoyed one of the swellest feasts ever set out to a bunch of hungry hunters.

The drive started at the Jim Williams place east of Jayton and was climaxed at the Kidd well, where the big feast took place.

Another big drive and big feast was pulled off Wednesday of this week on the drive that started at the L. O. Mayer farm east of town.

More than 2000 rabbits have met their doom in the last week. All of which means a great saving to the farmers of this county.

Things One Remembers (By R. M. Hofer)

In Wisconsin the legislature has spent its valuable time and the taxpayer's money to pass a law making it "unlawful" to give away either hot dogs or fresh fish" as a free lunch" with a ten cent stein of beer. The tavern keeper may, however, give a way cheese, crackers, pretzels, popcorn and "cured fish" with a glass of sud. It is not stated whether the customer has to stand up or sit down while eating the crackers and cheese.

The Oregon legislature refused to pass a law legalizing the sale of cocktails with meals by legitimate hotel and restaurants. You must buy a bottle in Oregon from a state liquor store or patronize a "speakeasy."

The statue of Liberty still stands in New York Harbor, however.

Oregon has a governor, General Martin, retired Army officer with a long and honorable record, who set his feet down and told the legislature that he didn't want any new laws or amendments of the 17th and 18th Amendments.

No better psychological influence could be offered the people of any state than to show that a state can perform its essential functions and meet its essential obligations today, without imposing further tax burdens on an already over taxed people.

More power to public officials who are like General Martin.

We are developing a political philosophy that not only invites the people but urges them to get their noses in the public trough on the theory that some one owes them a living.

It has become good politics to give the people a nice, red five cent stick of political candy for ten cents in taxes. So long as the people can be kept ignorant of the fact that they are really paying for the candy plus about 100 per cent additional for political overhead to handle it, just so long will they clap their hands and cry for more.

But a lot of good folks are getting a stomach ache from too much political candy.

They are going to ask questions when they find out what their candy is costing.

AT THE METHODIST CHURCH

Sunday school at 10:00.

Preaching at 11:00

The young people meet at 6:45

Preaching at 7:30.

The subject Sunday morning will be, "A Wise Investment."

At the evening hour the Subject will be "The Two Builders."

We invite you to attend all these services.

Raymond Van Zandt, Pastor.

Jack Overfelt, one of the counties best farmers was transacting business in Jayton, Wednesday.

Mr. Williams of Harmony was in Jayton Wednesday. He reports a fair to good season in his community as a result of the snow and rain of Monday.

Uncle Sam McCombs was here from Luzon, Monday. He was in the best of spirits and told us the oil excitement was extending over into Kent County from Fisher and that active leasing had reached to within four miles of his home place.

Mr. and Mrs. F. T. Whitaker spent Sunday in Snyder, Texas.

Seed Loans for Spring Planting Needs

Austin, March, 13, Special funds have been made available to the Texas Relief Commission by the Federal Relief Administration for the purpose of making emergency seed loans for Spring planting of commercial forage crops it was announced today by Adam R. Johnson, state relief Director.

"These funds have been made available to meet the emergency created by temporary lack of funds in the Farm Credit Administration which heretofore has made such loans," Mr. Johnson said. "Loans will be made in all cases of emergency regardless of whether the applicant is on relief rolls or not. Applications will be taken by county Relief Offices.

All applications will be passed on by the local county Committee which heretofore have functioned under the Farm Credit Administration. It was pointed out, however, that no loans would be made to farmers who are able to obtain credit through usual commercial channels and that in cases where existing crop or chattel liens existed, waivers and non-disturbance agreements from such lien holders will be required before any loans will be approved. For non-relief clients, loans not to exceed \$50.00 will be approved.

Mr. Johnson said the relief commission will discontinue making these loans immediately upon resumption of activities by the Farm Credit Administration.

Uncalled For Waste Of Natural Gas

Austin, Texas, March 13.—The total wastage of natural gas in 1934 in the Texas Pan Handle increased 76 per cent over that of 1933, it is apparent from the data supplied by the United States Bureau of Mines.

Elmer H. Johnson, economist for the University of Texas as Bureau of Business Research.

In 1934 the total production of natural gas in the Pan Handle of Texas amounted to 876,000,000 cubic feet, according to Mr. Johnson. "This sum was 46 per cent greater than 1933. Of this vast quantity it is estimated that 483,000,000,000 cubic feet were wasted in 1934, as contrasted with a total wastage of 275,000,000,000 cubic feet in 1933.

"Though these figures of waste seem staggering enough perhaps by converting these quantities of wastage of what is called the perfect fuel in to coal equivalent, or its soil equivalent, a more concrete basis for a comparison is attained. The amount of wastage of natural gas in the Texas Panhandle alone in 1934 is roughly equivalent to 21,000,000 metric tons of coal of to 84,000,000 barrels of oil; that for 1933 roughly equal to twelve million tons of coal or 48 million barrels of oil. During the past two years this appalling waste in the order of magnitude of thirty three million metric tons of coal is as great as the total estimated reserves of lignite and coal for the entire state.

Moreover for January 1 1935, it is estimated that the wastage in the Panhandle amounted to 1,600,000,000 cubic feet daily or a quantity roughly equivalent to the wastage of nearly 70,000 tons of coal daily.

Furthermore, quoting a Bureau of Mines statement: "The current production of natural gas in the Panhandle is about 2,700,000,000 cubic feet daily, of which about 60 per cent is wasted."

Uncle Newt Ward was in to see us Wednesday morning. He said he would be back Saturday with a nice plump laying hen. He will be welcome.

Mr. and Mrs. Ellis Seogin of Peacock were seeing friends in Jayton Wednesday afternoon. Ellis, who is Cashier of the Peacock Bank, kinda dodged the subject when we hinted at a loan by talking deposits. Well that's ok, we know a bank must have deposits before it can make a loan, and when we get the Jayton Bank filled with our money, we will start in on the Peacock bank which will probably be in 2001.

Miss Margaret Kenady spent a few days last week in Plainview, Texas.

Dig for your coin and dig hard; that's all right. But be the master of your dollar and not its slave.

Hannibal, who was so great a strategist, and who was believed not to know human fear, studied not so much his own case as that of his enemies and imagined beforehand what he would do.

A newly married couple were rushing to catch a train. The gentleman was dressed fit to kill, and she was doing her best to pull on a glove. "Why don't you dress in the house" he growled, "I would as soon see you pull on your stockings in the street as your gloves." "Most men would," she said under a wave of elfish smiles.

Ever since Job said, "My days are swifter than a weavers shuttle," the analogy between life and a loom has been familiar. It should mean even more to this age whose intricate machinery is matched by complexity of life, and a social consciousness never so keenly felt before. We know the lives of all around us are being woven in with our own, and that the resulting social fabric will be no better than the average thread.

Sam was a colored teamster. He could hit a mark with a four horse whip and would cut the head from a lizard or a snake or cut a tumblebug into without ever missing a swing. Everyone who knew him knew of his accuracy with the whip. One day some men noticed a wasp nest hanging low on a tree. "Bring that nest down," they shouted. Sam grinned and shook his head. "Naw, sub, them babies is too well organized," he answered. This little story is a good illustration. Jayton business men and citizens should organize. We need a live-wire civic organization and could have one if all would cooperate and work together. Lets re-organize our Chamber of Commerce?

APOSTROPHE TO A MULE

Doubtless most of us have heard this tale of what a man once said to his mule. We don't know who wrote it, so we can't give him credit. But since the mule is making good on the farm as well as in politics, we believe our readers will enjoy it. Over the hill trailed a man behind a mule, drawing a plow. Said the man to the mule:

"Bill, you are just a mule, the son of a jackass, and I am a man, made in the image of God; yet we work, hitched up together, year after year. I wonder if you work for me or I work for you. Verily, I think it's a partnership between a mule and a fool, for I work as hard as you do, if not harder. Plowing or cultivating, we cover the same amount of ground; but you do it on four legs and I on two; therefore I do twice as much work as you do."

"Soon we will be planting corn. When it is harvested, I will give one third of it to the landlord for being so kind as to let me use a small speck of God's earth; one third goes to you and the rest is mine. You consume all of your portion except the cobs, while I divide mine among seven children, six hens, two ducks and my banker. If we both need shoes, you get them. Bill, you are getting the best of me, and I ask you is it fair for a mule, the son of a jackass, to swindle a man, the lord of creation, out of his substance?"

"Why, you only help me plow and cultivate the ground, while I must cut, shock and husk the corn, while you look over the fence and 'hee-haw' at me."

"All fall and most of the winter, my whole family, from baby up, pick cotton to help raise money to pay taxes, buy a new set of harness and pay off the mortgage on you. But what do you care about the mortgage? Not a thing you onery cuss! I even have to do the worrying about the mortgage on your tough ungrateful hide."

"About the only time I get the best of you is on election day, for I can vote and you can't. But after election I realize that I was fully as big a jackass as your papa. Verily I am prone to wonder if politics was invented for men or jackasses, or

to make jackasses out of men. And that isn't all, Bill.

"When you are dead, that's supposed to be the end of you. But me? The preachers tell me that when I die I may go to hell forever; that is Bill, if I don't do just as they say. And most of what they say keeps me from having any fun out of life."

"Tell me, Willyum, considering these things, how can you keep a straight face and look so dumb and solemn?"

ROSEWOOD NEWS

Mr. Buster Hamlin and J. Jorden made a business trip to Retam Monday.

The Rosewood H. D. Club will meet with Mrs. Gaston Gregory at 2:30 Friday afternoon.

Thursday evening at the home of Mr. and Mrs. J. Jorden, Miss Opal McGee and Mr. Luther Hall were united in marriage. Miss Elsie McGee and Mr. Euell Kelley accompanied the couple.

Miss Alma Ware and Mr. Earl Ray Wooten were united in marriage at the home of the brides mother at 10:30 Sunday morning. Rev. J. Jorden performing the ceremony.

Mr. Douglass Galleguer has returned from Austin where he visited his parents.

Mr. and Mrs. Dennis McKenzie, Cornelia and Clyde Goff spent Sunday visiting friends and relatives in Post.

Mrs. Gaston Gregory and children visited her parents Mr. and Mrs. H. E. Duncan Saturday and Sunday.

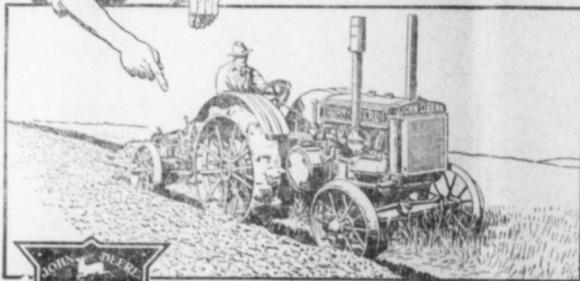

Mr. and Mrs. P. W. Rackley are moving into this community this week.

Miss Joyce Holden spent Saturday and Sunday in Lubbock visiting her parents Mr. and Mrs. Frank Holden.

JIM THRIFT Says:

I selected a John Deere Tractor because I wanted the tractor that would give me the greatest number of years of satisfactory service at lowest operating costs.

Come in and let us show you why the John Deere is the best tractor buy on the market.

NECESSARY SERVICE

Electricity has brought a new era of dependable service to West Texas in recent years. Twenty-four hours of the day, approximately 43,000 homes and places of business served by this Company

in 160 towns and communities rely on this service in some every minute of the day.

Its large variety of uses acclaim its acceptance as a necessary service. Homes employ it as a means of lighting, washing and ironing, refrigeration, cleaning, water heating, cooking, air conditioning; for the operation of the radio and many small appliances. The uses of electricity in industry are innumerable. Almost every task has in some way been lightened and more nearly perfected by this necessary service. It has truly served all the people in some way and has shared immeasurably in our progress.

The West Texas Utilities Company has provided this service practically uninterrupted and economically cheap. No greater word of praise could be spoken of this service than that our customers have become so accustomed to its reliability, until today it has become a commonplace item of the household and place of business.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

THE OPPORTUNITIES EXIST

The Saturday Evening Post had a fine editorial commenting on the time worn argument of politicians that there is no more "free land" to be had from the government; hence, vast sums of money must be appropriated to provide social services for the people.

The Post pointed out that the free land story is misleading, that a man had to have courage, perseverance and great initiative to cross the deserts, mountains and forests for a thousand miles to gain the free land. He generally paid a tremendous price in suffering privation, endless labor and often death in order to acquire the "free land."

"Social Service" schemes at public expense, do not develop the type of citizen who crossed the plains and took up land to build a new empire in the west.

Greater opportunities are here today but the individual is not encouraged to find them by paternalistic governmental policies which crush initiative and private enterprise.

**A PERMANENT PORTABLE
CLOTHES CLOSET**

Building a portable clothes closet erased the discouraging feature faced by us in our building permanent storage and then perhaps have to move off and leave it the next year. The closet as it is now, is just another piece of furniture which can be moved as easily as the other furniture, says Mrs. Edith Hamilton, wardrobe demonstrator of the Center Point H. D. Club.

"For convenience our closet has three doors; the upper drop door, is about fourteen inches high and extends the entire length of the closet, this compartment is used for storing quilts; the second door opens into the division used for hanging clothes; and a third door gives access to four shelves eighteen inches in depth and twelve inches in width which will be used for hats and flat articles.

Storage space as I have often dreamed of having is a reality now, made possible by the expenditure of six dollars and a husband that was interested in our having adequate storage space", she reports.

Mrs. William Alexander returned Friday morning from a visit to San Angelo, Texas.

MARCH GARDENING

"We can't get carrots and beets to come up," is the usual cry of the home gardener.

The 4-H Club girls are going to plant carrots and beets according to suggestions by Mr. Roseborough, Extension horticulturist. They have selected Danver's Half long carrots and Detroit Dark Red Beet for quality. The seed are to be planted in well prepared seed beds, then covered with about a half inch of rotted manure at the time of planting. The tiny plants can easily come up thru this material because it does not crust over.

What to plant in March: 15 to 30th.

Beans: Refugee for canning, Pinto for shelling.
Beets: Detroit Dark Red.
Carrots: Danver's Half Long.
Cabbage: Charleston Wake Field, Copenhagen Market, set plants.
Radishes: Scarlet Globe.
Swiss Chard: Lucullus.
Mustard: Southern Curled.
Spinach: Bloomsdale Savoy, New Zealand late.
Sweet Corn: Honey June.
Squash: Yellow Straight Neck.

Mr. and Mrs. Carl Randolph from Afton were guests of Dr. and Mrs. R. L. Alexander Sunday.

J. H. Montgomery and wife left for Houston, Texas Thursday.

Mr. and Mrs. Oscar Hamlin visited points in New Mexico last week.

**TUFTED SPREAD AND HOOKED
RUG FOR BED ROOM**

"A tufted spread and a hooked rug will be the most interesting improvements in my bed room," says Dallas Osman, bedroom improvement demonstrator of the Clairemont 4-H Club. The spread will be of unbleached muslin tufted in an all-over design in rose. The color background of the hooked rug will be a dulled Copenhagen blue in combination with an other shade of blue, buff and two shades of rose.

JAYTON WINS VOLLEY BALL

In the first events scheduled for the interscholastic league meet of Kent County the Jayton Senior girls defeated the Girard senior girls for first place. The Jayton junior girls then played the Girard girls for second place but lost.

Lets everybody turn out for the track meet and help make it a success. Remember today and tomorrow at Clairemont.

The whole world loves a good sport and there is nothing like being able to "take it." But sometimes they are expected to give just a little.

As yet we have heard no campaign speeches for the office of Mayor or City Marshall.

Special attention is called to the

advertisement of the Palace Theatre of Jayton. We have a good show here in Jayton now managed by good people. Lets help these new comers get started.

We imagine that there will be more than one tin lizzie that will head for the last round-up when the time comes to re-register them. A good many have lived too long now.

**NEW SPRING
FOOT - WEAR**

Now on display our new Spring Footwear completely stocked for the entire family. Work and dress shoes for the men and boys. All sizes and lasts, in fact a shoe for every foot—And for the ladies and young folks—well you must see them to appreciate our offerings.

The New Spring Millinery priced very low!

And Don't Forget

We make the grocery prices. Here's the Proof—

- BANANAS, large size, per dozen, 14c
- APPLES, Winesaps per dozen, 15c

School News

This week we have been rather busy in our county interscholastic league work and we will know how we came out by Saturday night. Its going to be at Clairmont today and tomorrow, 15 and 16. So everybody come and help make it a success.

On Tuesday afternoon Girard brought their baseball teams over to play us. The Jayton Ward school Junior boys had a close game but won out 6 to 4. The high school Junior girls had an easy victory by a score of 28 to 2. The Ward school Junior girls won by a close margin of 20 to 17.

Tuesday night our Volley Ball team went to Peacock and it worked out that there were plenty of games being played. The Peacock girls defeated the Old Glory girls in a one sided contest. Then the Peacock "all star" boys beat Old Glory "all stars" The Jayton Girls lost to the Peacock girls also. The final contest was between the Peacock all stars and the Jayton all stars. Our team composed of Lowrey, Fox, M. Williams, T. J. Williams, Coons and Garrett. We had to play some fast ball to defeat our opponents.

SENIOR CLASS NEWS

Each week Ye Olde Senior Gossip Reporter will try to get an interview with a member of the senior class and will publish same in the senior class news. If you want to become better acquainted with the members of the class just watch for these interviews.

This week we present Miss Florence Barkley:
Mr. and Mrs. J. P. Barkley are the proud parents of a healthy young daughter born Monday morning.

This is the announcement that appeared in the "Jayton Herald" eighteen years ago. The healthy young daughter referred to being none other than Miss Florence Barkley, who is now a dignified senior in the class of 1934-35 of Jayton High School.

From a sturdy howling mite, Miss Florence developed thru her childhood much the same as any other West Texas child, growing fond of the frequent sandstorms and too frequent drouths.

In 1931 the Barkley family moved to Clairmont to make their home. After the school term was over, Miss Florence joined them there, where she attended school until her senior year, when she started to school at Jayton high again.

When asked what her childhood fear was, Florence replied, "My childhood fear was feathers—just feathers. Mother had no trouble keeping me in the house when I was very small. She merely placed a feather in each door and I would sit contentedly in the house and suck my little thumb."

Knowing that Miss Barkley is a very sensible person we asked her what her philosophy of life was. Her lovely blue eyes took on a far dreamy look and she replied languidly "Life, ah yes, Ah yes, Ah yes indeed."

Seeing that her mind was evidently too deep for words to express, we tactfully changed the subject with this question, "What is your greatest weakness, Miss Barkley? Anxiously she gushed, "I simply cannot resist drawing little mustaches on pictures of people."

Florence's vital statistics:
Superstitions: Black Cats.
Favorite foods: Pickles and olives.
Favorite color: blue.
Favorite subject: Library.
Greatest ambition: To marry a farmer.

Hobby: Collecting tooth pick holders.

Likes: Little black mustaches, safety pins and bashful boys.
Dislikes: Hypocrites Hypocrites and hypocrites.

General characteristics: very plain spoken, swell dancer, and broad minded but not long headed.

Watch for next week's interview with a handsome blonde-headed senior boy.

Richard is wearing his ring this week.

Mr. Lowrey has given us our senior privilege for which he has our sincere thanks, and our assurance that we will never take unfair advantage of it.

JUNIOR NEWS

There is no Junior class news.

SOPH NEWS

Peggy says for Red to come over to her house but to get his dog and for no other purpose.

FRESHMAN NEWS

On Certain Things We Are All Agreed

Storekeepers and Customers alike are agreed that fashion right merchandise of dependable quality to be sold at a fair price is the consideration of prime importance. Beyond these things the specific requirements of each purchaser come into play and every individual must choose those things best suited to his tastes and needs. To aid him in his selection our stocks are pleasantly varied. This large variety which offers every customer a wide choice of attractively priced style-right merchandise of distinctive quality adds to the pleasure of shopping at this progressive department Store.
