

# THE JAYTON CHRONICLE

VOLUME XVI JAYTON, KENT COUNTY, TEXAS FRIDAY, MAY 8, 1936 NUMBER 20

## History of Unicameral Legislature

ARTICLE II  
By Senator G. H. Nelson

It may be that there are some who do not understand the proceedings necessary for the making of a law. I am, therefore, as briefly as possible to outline to you what is necessary to be done before a law is placed on our statute books.

Let us start with what is known as a Bill or a proposed law being introduced in the House of Representatives. One of the members of the House at the proper time will state to the Speaker that he has a bill he desires to introduce. This bill is taken by such Speaker and referred to the proper committee. At the proper time, this bill is considered by this committee after notice has been given to those who desire to present evidence on either side of such question. The bill is then voted on by the members of that committee as to whether it shall be reported favorably or unfavorably to the floor of the House. If it is reported favorably, it is then called up in its proper order on the calendar of the house for discussion. There it is amended, often many, many times, following which a vote is taken by such House to determine its passage.

If the Bill succeeds, after its amendments, in passing the House it is then sent to the Senate where it is again referred to the proper committee. There again everyone is notified that hearings will be had thereon, after the same testimony is taken before this Senate committee which had been formally given before the committee in the House, it is then voted by that committee out to the floor of the Senate.

In its proper course it comes up for hearing on the floor of the Senate. There it is amended again and again. Finally, a vote is taken to determine its passage. Should it be passed by the Senate it is in most cases very different from that Bill which came from the House of Representatives. The Bill is then sent back to the House of Representatives for them to concur on the amendments having been placed on the same by the Senate.

In most cases this concurrence is refused, making it necessary for a free conference committee to be appointed from each of the two Houses to consider the Bill. Should the ten men on the free conference committee so desire, they will amend this Bill and finally report it to each of the two houses in the form deemed most desirable to them.

The day of amendment is over after the free conference committee has concluded its work. The House and the Senate must each pass that Bill in the form written by such free conference committee. Should the Bill succeed in passing both of the Houses it is then engrossed and sent to the governor for his signature. After his signature is placed thereon and the proper time has elapsed after the adjournment of the Legislature, the Bill becomes a law of this State.

## COTTON CONSUMPTION UP

Austin, Texas, May 6.—Total Texas consumption of cotton, as reported by the twelve cotton mills of the state for March, was 3,438 bales, a gain of 8.4 per cent above February and 58 per cent above March, 1935, according to the University of Texas Bureau of Business Research. Consumption during the first quarter of 1936, 9,387 bales, was 41 per cent above the corresponding period last year.

Production of cloth was 7.1 per cent above the previous month, 30.5 per cent above March last year and 100 per cent above the first quarter of 1935. Sales rose 13.5 per cent above February and 7.3 per cent over last year. Sales for the first quarter of 1936 were 44.5 per cent above the like period last year. Unfinished goods on March 31 were up 7 per cent above the corresponding period a year ago.

Gene Johnson was in Jayton Tuesday.

John and children, along with Mrs. J. ... Tuesday. ... life have not

## Building Permits In Texas Show Heavy Increase This Month

Austin, Texas, May 6.—Reports to the University of Texas Bureau of Business Research from 35 Texas cities showed total building permits for March aggregating \$6,574,000 in value, representing an increase over March last year of 269 per cent. For the first three months permits totaled in value \$18,378,000, an increase over the corresponding period last year of 158 per cent. Cities showing increases, both over March and over the first quarter last year were, Abilene, Beaumont, Corpus Christi, Dallas, Del Rio, El Paso, Fort Worth, Houston, Lubbock, Marshall, Port Arthur, San Angelo and Tyler.

## Administration Expenses To Be Light

A statement this week by the director of the Old Age Assistant Commissioner revealed a fact that will mean thousands of dollars to State taxpayers and old folks in the Texas plan for helping the needy aged.

"A large part, if not all, of the cost of administering the Old Age Pension Law in Texas will be paid by the Federal Government," Executive Director Orville S. Carpenter said.

Social Security Board officials told Mr. Carpenter they anticipated that many of the states receiving federal aid will be able to pay a large part of their operation costs out of the federal allotment for administrative expenses thereby leaving most of the state funds to be spent for old age assistance.

"After determining the amount to be granted a state for the payment of old age assistance, the Federal Government adds 5 per cent of this amount to the check for administrative expenses in that particular state," Mr. Carpenter explained. "The entire federal expense allotment may be used before any state funds are spent for this purpose."

Present estimates indicate that this amount will be insufficient to pay a large part, if not all, of the ordinary running expenses of the Commission after all the applications have been received and acted upon so that probably the entire administrative cost to the State will be only the initial expense of setting up the Texas organization and receiving and checking applications.

## One Killed, Two Hurt In Auto Wreck

Miss Ola Jenkins, 21, was fatally injured and died an hour later here early last Friday morning, in a car wreck a half mile north of the city on the Lubbock highway. She died without regaining consciousness and therefore made no statement. Miss Marjorie McDonnell was bruised about the head and lower limbs, and is doing nicely at this writing. Vernon Abbott, third person of the party, and driver of the car, was considerably shaken up, but not seriously hurt.

The party was returning from Lubbock, and according to Miss McDonnell, they pulled over to let another car pass, when the car having hit a soft shoulder. This is all she remembers for some time. The two girls were beauty operators here being employed by Mrs. Buck Andress. Mr. Abbott was demonstrator for Oldsmobile cars and was driving their demonstration car, which was badly wrecked. All parties were well thought of here, and the accident was regrettable.

Funeral services for Miss Jenkins were held at the Baptist church Friday afternoon, by Rev. Joe Patterson, assisted by Rev. Jack Thompson of the Brownfield Methodist circuit. The body was laid to rest in the Brownfield cemetery. Deceased leaves her parents, Mr. and Mrs. G. C. Jenkins, two brothers and two sisters to mourn her sudden departure. One brother lives at Anton, and a sister at Jayton, but all were here for the funeral. —Terry County Herald.

"What our success has been you can prove by the simple process of putting the financial page of any newspaper published in 1936 alongside the financial pages of the same newspaper published in 1932." —President Roosevelt

## Exposition's "Bluebonnet Girl"

Irene Caldwell, 22, will be official hostess to the Texas Centennial Exposition when the Southwest's big World's Fair opens in Dallas June 6. She won the right in a contest entered by more than 600 Dallas girls and will be known as the Exposition "Bluebonnet girl."

## Accounting Of Various School Funds Given

### COST OF LOCAL GYM

In order that the local people may know the cost and method of construction, I list below the entire cost and to whom the funds were paid.

Try-County Lbr. Co.	\$2,048.95
Ross English for supervising and furnishing tools	228.50
Martin Meador, hauling, mixing machine etc.	33.75
W. T. Holley, hauling	13.84
Robinson Bros. for stove pipe etc.	26.30
Roy Earnest, labor	4.09
Roy Self, labor	2.00
L. H. Mathews, Jr., labor	8.00
Lon Goodall, labor	8.00
W. J. Corder, labor	7.00
H. B. May, bolts	4.00
Dutch Owens, hauling sand	1.50
Bryant-Link, pipe for piping water to gym	48.00
Insurance on gym	46.45
Dixie Disinfectant Co., gym finish for floor	64.00
Southwestern Petroleum Co., roofing material	88.00
Montgomery Ward & Co., plumbing fixtures	70.00
Due Try-County Lbr., for material	381.15
<b>Total Cost of Gym</b>	<b>\$3,083.44</b>
Estimated labor which volunteered	\$1,500.00

### SCHOOL BUS COSTS

First payment	\$ 552.00
Second payment	667.00
<b>Total paid to date</b>	<b>\$1,219.00</b>
Still due	\$ 667.00
<b>Total Cost of Bus</b>	<b>\$1,886.00</b>

### OTHER ACCOUNTS

All teachers have been paid in full up to the last month which will have to be paid from local funds. All school bus accounts have been paid in full. All home economic accounts have been paid in full. All electric light bills have been paid. Phone bills are all paid. As far as I know all bills to all merchants have been paid.

If any local merchant has a claim of any nature against the school you should present it to G. A. Lowrey at once for payment.

What you owe the school. At the present time we have on the school books taxes which are delinquent in the amount of \$10,700.00. Are you doing your part? If all the taxes were paid the school would have \$8,000.00 in the bank and the taxes could be reduced a goodly amount. See what you can do about it.

Mr. and Mrs. W. J. Hembree, Mrs. M. H. Porter and Rev. McPherson went to Dallas to a Sunday School Convention this week.

## A Warning From U. S. Civil Service Commission

Washington, D. C., May 6.—The United States Civil Service Commission has sent a notice to post offices, warning that misleading information is being given the public by representatives of some of the correspondence schools which sell "civil service" courses.

For a long time, the Commission has been receiving complaints from different parts of the country which indicates that opportunities for obtaining federal employment have been greatly exaggerated.

It was made clear that no school has any connection whatever with the Civil Service Commission or with any other branch of the Government, and also that the Commission has no agents who solicit applications for civil service positions or who sell "civil service" courses.

No school can "guarantee" Government employment and none is given information regarding examinations, or any other information, which is not available to the general public. The Commission stated that it does not recommend any school, and explained that it is not necessary for anyone to take a course with a so-called civil service school in order to compete in a civil service examination.

A special point was made of the fact that information concerning examinations may be obtained at any time, without cost, from the Secretary of the civil service board at any first or second class post office or from the Commissioner's office in Washington, D. C.—U. S. Civil Service Commission.

Josie and Deliah Bird from Harmony were shopping in Jayton Tuesday.

C. E. HARRIS  
Of Dickens County, Candidate For State Representative  
118th District of Texas

## Poultry Business Is On Big Boom

Austin, Texas, May 6.—Poultry and egg shipments from Texas to interstate points during March increased sharply over the corresponding month last year, according to the University of Texas Bureau of Business Research. Shipments totaled 187 cars last year, an increase of 160 per cent.

The gain was entirely in egg shipments, the Bureau's report said. Poultry shipments of 47 cars were 7 cars less than the 54 cars shipped last year. On the other hand there were 140 cars of eggs shipped out of the State against only 22 in March last year. No eggs were received in Texas from other states, whereas last year three cars were brought, all from Kansas.

## Rates Are Set In Soil Building Practices

College Station—"Soil building practices, rates and condition of payments have been officially stamped by the soil Conservation Administrator in Washington, D. C.," A. L. Smith, state agent assigned to conservation work in Texas, announced this week.

Soil building practices have been divided into three parts: seedings, crops plowed up under green manure, and establishment of pastures, forests and terraces.

Payments for soil building practices which will be made to the producer who incurs the expense of the soil building practice consists first of seeding alfalfa, sericea, and kudzu—rate of payment from the government will be \$2 per acre when seeded on crop land between January 1, 1936 and October 31, 1936; seeding red clover, mammoth clover, sweet clover, and annual lespedeza—rate \$1.50 per acre; seeding alsike, white, bur, and crimson clover, Austrian winter peas, vetch and other locally adapted legumes—rate \$1 per acre.

Under the second part of soil building practices comes crops plowed under for green manure. The crops and rates are: soybeans, velvet beans cowpeas, crotalaria, beggar weed and other locally adapted summer legume—rate \$1.50 per acre if grown on crop land in 1936 and vines or stalks left on land and seed not harvested for oil mill crushing, or \$2 per acre if plowed under green; crimson clover, gur clover, Austrian winter peas, vetch and other locally adapted winter legumes—rate \$1.50 per acre when turned under; rye, oats, Karley, Italian rye grass, or mixtures of these—rate \$1 per acre when turned under as green manure after a reasonable growth, provided that such crops have not gone to the dough stage.

Any sorghum, Sudan grass, or millet seed, solid or broadcast, by Texas farmers will bring them a rate of \$1 per acre when seeded between January 1 and July 31, 1936 and the crop left on the land or plowed under.

One other crop of soil building practices pertains to the establishment of pastures or perennial grasses or grass and legume mixtures and will pay a rate of \$2 per acre.

The planting of forest trees will pay a rate of \$5 per acre if planted on crop land or pasture land between September 1, 1935 and October 31, 1936.

In the case of terracing, the government will pay the farmer 40 cents per hundred feet of completed terrace not to exceed \$2 per acre. The terraces must be constructed according to methods recommended by the State Conservation Board and the Texas Extension Service. Proof must be shown to the county soil conservation and allotment board that the terraces have been kept up as specified in the application for a grant.

## CEMETERY WORKING

The second Thursday, the 14th is cemetery working day. Everybody come and bring their dinner. Come prepared to stay all day as there is lots to be done.—A. J. Hagins.

Nannie Beth Rice visited friends in Jayton last week end.

Orville Owens of Eastland, Texas visited in Jayton last week end.

Mrs. Paul Lano is visiting in Abilene this week.

## County Agent's Notes

County Agent, Mark Woodrum, states his office force is ready to fill out work sheets for the new farm program. In order to facilitate this work, Mack has set the following dates to fill out these sheets in the various communities of the county. Thursday morning, May 7 at the Antelope school house; Friday, May 8 at Girard; Saturday, May 9 at Jayton; Monday morning, May 11 at Riverdale school; Monday afternoon, May 11 at Harmony; Tuesday, May 12 at Clairemont; Wednesday morning, May 13 at Catfish; Wednesday afternoon, May 13, at lower Red Mud and Tuesday, May 14 at Polar. Those that fail to get their work sheets filled out on the date set out above may come to the office in Jayton after May 14, and fill them out provided they come in before the closing date, which will be set within in the near future.

## COUNTY SOIL CONSERVATION BOARD MEETS

The nine community committee men were called together Saturday, May 2 by the county agent to elect the county committee. J. M. Johnston was elected chairman of the county committee. C. Wade Wright, Frank Stewart, and Horace Wood were elected as other members of the county committee.

Hollis L. Underwood was elected as chairman for the community committee. A. A. Fry, J. B. Ruark, R. E. Key, and Jim Caddell are the other members of the community committee.

## NINETY-EIGHT SUBSIDY CHECKS RECEIVED

The local county agent received ninety-eight subsidy checks this week for the total amount of \$3,547.20. Notice has been sent to those whose checks have been received.

J. M. Johnston, chairman of the county committee; Mark Woodrum, county agent; and Bill Kimbrough, adjustment assistant; were called to Plainview Monday, May 4 to the discussion of the new program. At this meeting the county chairman from the twenty counties in the district elected Mr. C. H. Day of Plainview, District Advisor to State Board and Mr. Kennedy of Bailey County was elected alternate to this position.

## 1927 BRIDGE CLUB

Mrs. Charles Robinson, Jr. was a charming hostess when she entertained at her home on last Thursday afternoon for members of the Club. As each guest arrived she was given a blue bonnet to introduce the scheme of the "Texas Centennial" which was very cleverly portrayed throughout the party.

At the close of the afternoon's diversion of bridge Mrs. M. V. Jay was awarded a box of stationery engraved with the map of Texas for high score. She also was presented with a linen handkerchief printed with the bluebonnets as traveling prize. Mrs. Daniel scoring low received a "Centennial" hat. Mrs. Bake Robinson making high cut was given a deck of "Centennial" cards.

The tables were set with white covers, on them were printed "Texas Centennial" in red and blue letters. Refreshments consisted of salted nuts in red and white cups with a bluebonnet bearing "Centennial," Angel food cake, brick ice cream in red, white and blue and Texas cocktail.

Miniature silk flags were plate favors. Members present were: Mesdames Jay, Bake Robinson, Brown, Huls, Vencil, North, McLaury, Earnest, Mason, Meyers, Sandell, Thornton, Kelley, Daniel, and the hostess, Mrs. Ivy Murdoch was a guest.

## BELLS FOR TECH

Lubbock, Texas, May 6.—Two bells, weighing 900 pounds and 300 pounds, will be placed in the east tower of the administration building at Texas Technological college as a gift of the senior class. It was decided at the recent class meeting.

Eloise Wilson of Hamlin is visiting in Jayton.

J. C. Miller, Ivy Murdoch and wife made a business trip to Abilene Wednesday.

**The Jayton Chronicle**

L. F. and H. B. Wade, Publishers.

Entered as second class matter February 10, 1921, at the post office at Jayton, Texas, under the Act of March 3 1879.

SUBSCRIPTION PRICE PER YEAR \$1.50

**MOTOR BLOODSHED**

Spring is here! And to millions of us, the lure of the open road will soon become irresistible. Then off we'll go, for fishing trips, picnics, sight-seeing drives.

Last year, 36,000 bloody corpses dotted the streets and highways of the United States. This year, if the ten per cent of drivers who cause 90 per cent of the accidents aren't curbed, the record will be worse.

Do you belong to that ten per cent? You'll undoubtedly say you don't—it's a rare driver who will admit to carelessness or recklessness or incompetence. And here's hoping you really don't. But it won't do you any harm to think over your driving practices.

Do you ever pass on curves or hills? If so, you have been guilty of an act that has caused thousands of fatalities and millions of injuries.

Do you ever drive on the wrong side of the road, or weave in and out of traffic, impatient to save a few minutes to be spent later telling your friends what a hoot-shot driver you are? If so, you are a potential killer.

Do you regard speed restrictions

as something for the other fellow—who, naturally, isn't in your class as a driver—to obey, and for you to break at will. Excessive speed is the principal single cause of motor bloodshed.

Do you drink and drive? Alcohol and gasoline mix into a fuel that has taken a legion of people on the longest journey of all—to the Great Beyond.

Do you put off repairs to your car until a tomorrow that may never come? Bad brakes, defective lights, uncertain steering are friends of the casket maker.

Spring is here—make sure that it isn't the last spring you'll enjoy on this earth.

The Dunn Museum of Corpus Christi has loaned the University of Texas a general exhibit of Texas Ranger equipment, which will be shown during the University Centennial Exposition in Austin, June 6 to December 1.

\*\*\*

Gregory Gymnasium is now being transferred into an exhibition hall and will be the central building in the Texas University Centennial Exposition to be held from June to December. Exhibits of anthropology, geology, botany, historical and exhibits of general interest will be shown at the University Exposition.

Cattlemen tell us that the grass and weeds are fine, especially the weeds and that all cattle are doing well. The country as a whole is a beautiful sight after the passing of the dead winter months.

**H. D. Club News**

The Polar 4-H Club met at the school house May 5 in regular meeting. Miss Grimes met with us and gave a demonstration on arranging the dresser center.

Only useful attractive articles should be placed on the dresser. We should avoid having useless dust catchers on the dresser. The articles used most should be placed in the top dresser drawer.

**FREE CANNING SCHOOL PRESENTED BY MISS KIMBROUGH**

Miss Gladys Kimbrough, Food Preservation Specialist of the Ball Bros. Company, will conduct a free canning school here Monday May 11, in the high school home economics department at 2:00 o'clock.

Miss Kimbrough has a wide experience in foods, including teaching foods and cooking; working as a Home Demonstration Agent; acting as a foods editor for a magazine; broadcasting tested recipes; and serving as home economics laboratory director for a national organization of millers.

The school is conducted in the form of a lecture demonstration. This is followed by taking up the individual canning problems of those who attend. The lecture-demonstration is given under conditions and in a way that can be repeated by the women in their own homes.

Miss Kimbrough believes that good material, plus proper equipment, simple recipes and sound instructions should always get good result. Her presentation supports this theory. She defines the terms and principles, describes the proper materials, and explains each process as it is done.

The women of the county are cordially invited to attend this canning school which promises to prove beneficial to the beginners as well as the experienced.

**WILD FLOWER COLLECTION**

The 4-H club girls of Kent county are gaining a wider knowledge of their county as well as deriving a pleasure from their collection of wild flowers of West Texas.

The flowers and leaves are pressed for several days between the pages of a heavy magazine, and are then transferred to the flower book, where they are pasted or sewed in. On the page with each flower is written the information as to where the flower grows best, when the flower is in season, and whether the flower can be transplanted.

Some girls report a collection of as many as twenty specimens

**BUCKLEW HOME IN CENTENNIAL CONTEST**

Mr. and Mrs. W. L. Bucklew of the Bonds Chapel community have entered their attractive new home in the Centennial Farm and Home Demonstration contest sponsored by the Dallas News and the Semi-Weekly Farm News.

Mrs. Bucklew reports that four Chinese Elms and one Cotton Wood have been set out. These were placed to the front and side of the house so they will give shade, but will not cut off the view from a window or a door.

Bridal Wreath is used for corner planting because it is a graceful shrub and has a tendency to soften a harsh line or corner. Crepe Myrtle and roses are grouped along each side of the house, and a hedge of about ten lilacs has been planted out at the back of the house to form a back ground for the house and lawn.

The homes entering in this contest will be judged the last of this month.

**CLAIREMONT 4-H CLUB**

Our first meeting with Miss Grimes was held at the court house May 5. Our meeting began at 1:30 and adjourned at 2:15. Miss Grimes gave us a demonstration on dressing rooms.

We are very sorry to say that two of our 4-H Club girls were absent. All of the girls present enjoyed the meeting. They all learned how to keep their dressers arranged correctly to where it will look neat and attractive.

All club members think well of Miss Grimes, and we intend to try and make her think a lot of us too. —Reporter

College Station.—May 15 has been set as the final date for filing all work sheets on application for cooperating in the soil conservation program, it was announced by A. L. Smith, state agent assigned to conservation work in Texas.

A good rain fell over the Spur territory Tuesday night, and this was almost to Girard.

**ENTIRE WORLD SHOWS**

Dallas, Texas, May 6.—Interest in the State of Texas and its Centennial year celebrations is world wide, according to requests for literature and information. Several thousand inquiries are received each week as the result of the extensive advertising campaign carried on by the state organization.

Inquiries have been received from practically every foreign country. Canada leads in number with England sending in the most requests

from Europe. Numerous inquiries, however, are being received from Spain, Germany, Italy, Greece, Sweden, Norway, France, Denmark, Holland, Portugal, Poland, and other countries. South American countries have manifested great interest and Mexico has sent in many requests for information.

The state department answers each inquiry with a varied assortment of printed matter, descriptive of the Lone Star State and its state wide Centennial celebrations.

See "And Billy Disappeared," next Friday night, May 8. The senior play.

**Oriana News**

Mack Myers, Exchange Petro Corporation Agent was on business in Stamford Wednesday evening.

The B. Y. P. U is giving a social

Saturday night. All members are urged to be present.

Mrs. Hazel Vaughn of Aspermont is visiting her sister, Mrs. Edna Holoman.

Mrs. Elva Smith and Mrs. Mil-

red Myers were Peacock shoppers Monday.

Mrs. Carl Guess and children spent Monday evening with Mrs. Zora Nowell.

We are still having wonderful weather and the farmers are planting their crops with good spirits.

Mrs. Crystal Rutherford of Aspermont was a week end visitor with her parents, Mr. and Mrs. Nolan Myers.

Mrs. Virgie Myers and children and Mrs. Bob Allen and children were visitors with Mrs. Isabel Townsend Sunday.

Our teacher, Mrs. Lizzie Copeland and pupils has arranged a program for Mother's Day, which will be given Sunday morning.

K. D., L. R. Nolan and Mack Myers were called to Plainview Texas Friday night. Their niece, Miss Ora Reese had passed away. Funeral services were Sunday evening. We regret so much to have to depart with this loved one, but earthly loss is Heaven's gain.

Mr. and Mrs. G. H. Brown and Judge Earnest and wife had business in Lubbock Wednesday.

Inez Hart and Gem Wade of Claiborn are visiting with Mrs. L. J. Myers of Oriana this week.

Mrs. E. H. Myers, J. Q. Hart and Nettie Fay Shafer were Spur visitors Wednesday.

A gastrolith (the same being a chicken uses to masticate its food) measuring three inches in diameter and weighing nearly one pound, which some 50,000,000 years ago rested in the gizzard of some prehistoric animal, has been unearthed and will be seen as a part of the Geology exhibit at the University Centennial Exposition, which opens in Austin in June.

**W. T. C. C. Convention Ready for Opening**

Amarillo, May 1. Although the West Texas Chamber of Commerce convention does not open until a week from Monday the host city, Amarillo, has practically everything ready for the eighteenth annual meeting, May 11-13.

About all Amarillo has to do now is slip on its holiday dress.

Advance reservations are being made by the scores and Jed Rix, convention manager for the organization predicts one of the largest annual meetings ever held.

Mr. Rix has been in Amarillo for the last few weeks, having set up convention offices to aid Amarillo's committees in preparing for the thousands of visitors to one of the most colorful gatherings in Texas.

Lawrence Hagy, general chairman of the convention for Amarillo, predicts there will be more visitors and delegates than in 1926, the last time the West Texas Chamber of Commerce met here.

At that time there were so many visitors Amarillo was forced to construct a tent city to accommodate the crowds, but in 10 years the city has more than tripled in size.

Under the presidency of Ray Nichols, Vernon publisher, the West Texas Chamber of Commerce will settle down at the Amarillo meeting to the serious consideration of problems confronting this region, but there will be plenty of diversion for both visitors and delegates.

The daily programs have been arranged so those who care to may attend the spring meet of the Tri-State Fair, which attracts thousands of turf fans. The race meet will be in full swing, being scheduled to start May 8.

Three dances will be staged on each of two nights during the convention. A registration badge will be the only admission charge.

The convention pageant will be held two nights, May 11-12, with a complete change of program each night.

At this pageant, to which admission also will be by registration badge, the West Texas sponsors will be presented.

Importance of the Centennial to West Texas will be stressed by the convention. Nationally known speakers are on the program, men prominent in the business and professional world will conduct the group conference.

Of especial interest to Chamber of Commerce secretaries and newspapermen will be the press conference, scheduled for Tuesday noon, May 12.

Law makers and law enforcers have been sent special invitations and special invitations also have been extended to farmers since Congressman Marvin Jones will be here to explain the latest legislation affecting the farming industry, a basic one in this region.

Governors of three states, Texas, Oklahoma and New Mexico have been invited to attend. Definite assurance has been received from Gov. James V. Allred that he will be here, even if he has to take an airplane to arrive on time. The Governors' banquet honoring three distinguished guests will be held Tuesday night, May 11.

Many other interesting and instructive features will be incorporated in to the program.

One of the most entertaining and at the same time educational features of the program is "My Home Town" contest in which at least 75 high school girls and boys of West Texas will compete for cash prizes, a loving cup and scholarships offered by colleges and universities.

Many of these "My Home Town" speakers are being selected through elimination contests.

In some towns affiliated with the organization elimination contests also are being held to select sponsors, who will compete in the pageant for the title of "Miss West Texas."

Mr. Rix said today he had received notification from many towns, naming their contestants in the oratory contest and their sponsors.

**RINGWORM**

If the first bottle of BROWN'S LOTION fails to kill the Ringworm within 3 days, go to your druggist, get your money back.

"I was suffering with sores on my hand and wrist. It was thought to be Ringworm. I stopped into the A. & B. Drug Store (the Rexall Store), and one application of BROWN'S LOTION gave me relief. After a few applications my hand was healed. A friend of mine had Athlete's Foot. I applied BROWN'S LOTION. His Athlete's Foot is gone."—Chas. Lott, Salvation Army Home, Lawton, Oklahoma.

A clean liquid, not a messy paste. For RINGWORM, ECZEMA, TETTER, IMPETIGO, ITCH, INSECT BITES, etc. BROWN'S LOTION, 50c and \$1.00; Soap, 50c at BROWN'S LOTION AT HULS DRUG CO.

ation contest, which will be conducted by Houston Harte, San Angelo publisher.

As convention time approaches the affiliated towns are forwarding the names of their directors for the next year. These nominated are to be certified at the convention by the elections committee, of which Clayton Heare of Shamrock is chairman.

Besides the large attendance, the Amarillo convention probably will hang up another record in the number of bands to play during the three day meeting. Pampa alone will send seven bands. Among the larger musical organizations will be the Texas

Christian University band, coming aboard a special train with the Fort Worth delegation and the Texas Teel band which will be with the Lubbock delegation.

The Gold Medal band of Memphis Perryton's band, the stage band of North Texas State Teachers College and many other musical organizations, including quartets and special entertainers for "West Texas Cavalcade," will be here.

Special trains will be run to Amarillo from several points during the convention.

**DELIVERED PRICE**

The only price that counts!

\$700

IN JAYTON, TEXAS

TUDOR SEDAN

BUILT IN TEXAS BY TEXAS LABOR.

TWO things above all are worth looking at carefully before you choose your new car. One is the real dollar value and motoring satisfaction you are going to get for your money. The other is the price of the car delivered and in your garage ready to drive. Here you see the low delivered price of a new Ford V-8. If you will drive this 1936 Ford car, you will also see at once how much greater value it gives you than even Ford has ever offered before. In performance, safety, comfort, and beauty, it is by far the finest Ford car ever built.

**Ford V-8**

PERFORMANCE WITH ECONOMY

Terms as low as \$25 a month, after down payment, under new UCC 1/2 per cent a month plans.

BORROW A CAR FROM YOUR FORD DEALER TODAY AND GET THAT V-8 FEELING!

And all these plus values in any Ford V-8 at NO EXTRA COST TO YOU!

- o Safety glass all around, and a windshield that opens.
- o 6.00 x 16-inch Air-Balloon Tires.
- o Free Action on all 4 wheels.
- o 85 horsepower V-type 8-cylinder engine with dual down-draft carburetion.
- o Silent helical gears for all speeds, including low and reverse.
- o Super-Safety brakes with more braking surface per pound of car weight than any other car under \$3195.
- o Centerpoise Ride—passengers cradled between springs on Ford's 123" spring-base, almost a foot longer than wheelbase.

- 2:40 Evangelism and the Sunday School Teacher, Tom Jones, Jayton.
- 2:50 Evangelism and the B. T. U. Member, Mrs. R. T. Barton, Girard.
- 3:00 Sermon: Win Them One by One, Rev. Bristow, Girard.

Farmers are putting the seed in the ground this week and all of them are driving early and late. Its a wonderful season we have and the work of planting will if nothing happens be completed by the 20th of this month. Wheat fields, what few we have give promise of making good and they certainly look good at this time.

The cattle raisers of this territory have organized themselves into an anti-cattle thief association, and will in the near future employ a range officer to cope with the inclination of some few parties who are inclined to take that which belongs to the other man and sell it and use the money for his own purposes. More particulars on this subject will be published later.

FOR SALE—Young Jersey Male. Extra good stock, in fine condition—J. H. Montgomery, Jayton.

The ladies of the Methodist Missionary Society will hold their quilt sale in Jayton, Saturday afternoon at 4:00 o'clock. Be sure and come to the sale and enjoy the fun.

Mrs. W. T. Cathey and daughter of Clairemont were seeing friends in Jayton Thursday.

Mrs. G. H. Brown tells us that she believes even the better class of chickens read the Chronicle as there has not been one in her new chicken pen since announcing that those that did enter would be transferred at once to the roasting pan.

The graduating class of the Jayton high school is sending out their graduation announcements and invitations this week. The next few weeks will be one of the happiest times of their lives and one time they will never forget.

Mr. Ross English tells us that the Cities well on the lake property west of Jayton gives promise of being a valuable investment for the city. So far the pump has been unable to lower the water below the five foot level, and its fine water, clear, cold and has no bad taste what-so-ever.

Charlie Robinson tells us he is one of the few persons in the world who owns his own church house.

It seems that the mumps are about to run their course in Jayton and the last victims of the big jaw will soon be up and around. They are a delightful affliction. If you don't believe it get you a good case of them and try them out.

Orders for Texas Centennial Exposition in Austin during the summer and will later be transferred to the Texas Memorial Museum, construction of which will get under way as one of the opening ceremonies of the University Exposition. The dinosaur tracks were recently found in a seventy five foot sheet of Glen Rose limestone.

Texas Centennial half-dollars, which are being sold by the University of Texas to augment state and federal funds for the building of the Texas Memorial Museum, depicts the outstanding men and events in Texas history—Sam Houston and Stephen

F. Austin are faced on the coin and a picture of the Alamo and the battle cry of San Jacinto are shown thereon.

Mr. and Mrs. Boyce Kenady and little son, of Floydada, Texas were Jayton visitors last Saturday and Sunday.

# FARMERS

See me for the best cotton seed grown in Texas. Come and let be tell you about it. If I can't show you where they will make you money no harm done. We are stocked with all kinds of bulk field and garden seeds. Chicken and Cow feeds of all kinds.
