

# THE JAYTON CHRONICLE

VOLUME XVI

JAYTON, KENT COUNTY, TEXAS. FRIDAY, OCTOBER 9, 1936

NUMBER 41

## County Agent's News Letter

### COMPLIANCE POSSIBILITIES

Crain sorghum either left on the ground or plowed under is a soil conserving crop. Due to the complexities of the sorghum, the farmers of Kent County are urged to follow the instructions mailed to them in regard to measuring their land and to discuss their compliance possibilities with the local County Agent.

A number of farmers have expressed the opinion that they could not comply because they had not planted the sudan and peas as shown on their work sheets. Yet these farmers had sufficient acreage planted to grain sorghum which they were not intending to harvest. These farmers were in compliance and did not know it. Others have left idle a number of acres with the intention of planting to peas and sudan, but were unable to do so on account of the drought. If the farmer will terrace this idle land prior to November 1st, this land will qualify as soil conserving acres. In other words, if you are in doubt of whether you are in compliance, talk the matter over with the County Agent.

### "TERRACING PAYS" Says B. J. Kellest.

"The increased feed yield due to the water held on the ground by terraces this year has more than repaid me for the cost of my terraces," Mr. B. J. Kellest stated. He added "Judging from the yield of cotton my neighbors who have not terraced, I believe my terraces will double the production I would have made without them."

He ran two terraces across his field just west from the Lost Lake school house this spring at a cost of approximately \$40.00. He used a Fresno to put up the terraces. The local County Agent ran his lines for him.

### MUCH INTEREST SHOWN IN TERRACING

Farmers from every community of the county has asked the local County Agent for a demonstration on terrace lines on their farms. In order to insure that each farmer who wants lines run gets them in time to get the terraces up this winter, it will be necessary for us to start at once and to use every available terracing level in the County. This can be done more satisfactorily through out Community Associations. It has been suggested that each Community Chairman appoint a terracing committee, whose duty will be to see that each of these farmers has access to the use of a level under the supervision of the local County Agent. This committee will also draw up a route for the county equipment to travel over to prevent loss motion and back tracking. They will also assist farmers in securing the use of other type of machinery to terrace with, if they are unable to use the county equipment.

The cost of terracing with the county equipment will be small. At present one may secure the use of this machinery by paying the operating cost. This includes the oil, fuel and labor.

### COMMUNITY MEETINGS RESUMED

B. J. Kellest, Chairman Girard Community Association stated he felt it was time to resume the regular meetings of the farmers each month to discuss farm problems. The meeting date for the Girard Community Association was changed from the second Friday to the Third Wednesday of each month. The subject for discussion this month will be "The Need of Soil Conservation in Kent County". Three of the Community Associations have not missed a single meeting during the year. These communities are Antelope, Red Mud and Catfish. The meetings of these three communities have grown and each of them gives some type of entertainment each meeting night. The local County Agent says he is ready to assist the other communities with their meetings, whenever they wish to resume them. Experience has shown that if each individual of the community will do his part these meetings can be made very interesting, as well as a valuable asset to the community.

Mr. Faye Shafer spent last week at Aspermont with friends.

## McAdoo Man Is Held In Death

Dickens, Texas, October 6 — A murder complaint was filed here today against Phillip Pair, 24 year-old farmer of near McAdoo, in connection with the death of his 19-year-old wife last Saturday.

Pair was denied bond at his arraignment before Justice of Peace J. H. Parks.

Mrs. Pair, the mother of five month old twins, was found lying on the floor of the Pair home. The woman had died from a shotgun wound. A 12-gauge shotgun was near the body.

Sheriff J. L. Koonsman of Dickens county said Pair made contradictory statements regarding his wife's death.

## County Council Meet

With the president Mrs. H. D. May of Jayton presiding, the county Council met at Miss Grimes' office Saturday, October 3rd.

Final plans for our food exhibit October 24 at the Robinson building were made.

A schedule for the day was worked out. All jars checked in by 9 o'clock Saturday morning by Mrs. Clark of Jayton, Mrs. Wesley Osborn, Mrs. Dick Sampson of Claiborne.

Council meeting to be called at 10 o'clock. Open judging on all food products from 11 to 12.

Lunch, picnic style. At one o'clock a fifteen minute demonstration will be given by each of the clubs represented.

It was voted that the Council will meet every other month at Claiborne, to meet in Claiborne the last Saturday in November.

Attending were Mrs. Coats, Mrs. May, Mrs. Clark of Jayton, Mrs. Jack Moore of Catfish Community, Mrs. Dick Sampson, Durham Community.

Ruth Grimes  
C. H. D. A.

## Sans Souci Club

Members of the Sans Souci Club were entertained in the home of Mrs. Tom Jones on last Wednesday afternoon.

Mrs. Bill Cathey was awarded both powder for high score prize and Mrs. McLaury was given a bottle of lotion for low score.

The refreshment plate held tea, sandwiches, boiled custard and prune cake.

Those present were Mesdames George Branch, Bill Cathey, Tom Johnston, Bake Robinson, Bill Vencil W. M. McLaury and R. C. Patton.

## Bridge Party

Mrs. Wade Thornton and Mrs. Bill Vencil were joint hostesses at a bridge party in the home of Mr. and Mrs. Thornton last Thursday evening.

High score prize for ladies went to Mrs. Bake Robinson and high for men went to Wade Thornton.

Refreshments of hot tea, open face sandwiches and cookies were served to Messrs and Mesdames Merle Jay, W. M. McLaury, Glenn Huls, Tom Jones, Bake Robinson, Tom Johnston, George Stephens and Messrs Bill Vencil and Wade Thornton.

## CHARLIE HARRIS TO TERRACE 225 ACRES

The terrace lines on two farms belonging to Mrs. H. F. Harris in the Lost Lake Community run last spring and farmed on the contours this year are to be terraced this fall. Charlie terraced his land near McAdoo last year and he is thoroughly sold on the value of terracing.

Mr. and Mrs. J. B. Overton went to Lubbock, Wednesday afternoon to take the small daughter of Mr. and Mrs. Luther Johnson to the hospital. The baby was severely burned when her dress caught fire while she was playing around the stove. It is supposed that the child stuck a piece of paper against the stove and her dress caught fire from the paper.

Mr. and Mrs. Tom Murdoch spent last week end at Spur with Mr. and Mrs. Charlie Dunlap.

Mr. and Mrs. Oscar Hargus have moved to their home in the east part of Jayton.

## Congressman Mahon On The Firing Line

Colorado, Texas, October 6. The Speakers Bureau of the Democratic National Committee has called upon Congressman George Mahon to assist in the National Campaign for the re-election of President Roosevelt. He has been asked to speak in several states during October, but a complete itinerary has not been scheduled, according to information received this week from Congressman Sam Rayburn of Texas who is in New York as Director of the Speakers Bureau of the Committee.

In response to a telegram today Mr. Mahon has agreed to speak at Fort Sumner, New Mexico, October 9. Engagements in several New Mexico cities are being scheduled for next week and it is anticipated that the plans of the National Committee will likely take him to several Western states before the November election.

The National Committee used Mr. Mahon last spring for Administration speeches in Virginia and Ohio.

Mr. Mahon announced that, although his work for the National Committee would likely take him out of the State most of the month of October, his Secretary, Lloyd Crosslin, would keep his Colorado office open for business.

## School News

Last Monday morning, Mr. Marvin Williams conducted the customary chapel program. The program consisted of various musical numbers and Mr. Coons made a very intellectual talk on "Fire Prevention." Mrs. Jay is to have charge of the program next Monday morning.

"We are in the movies". Last Tuesday morning Mr. Paul Rogers superintendent of the Girard school came down and made some movie shots of the basket ball teams, to be shown on the screen in the Girard gym. A few of the players actually combed their hair and dabbed water around on their faces before having their first chance to be in the movies.

Lucille Daniels was bitten by a Black Widow spider Tuesday morning. The spider was concealed in the sleeve of her warm up suit and bit her twice before she could get out of it. Luke said she became frightened when she found out that she was bitten by a black widow.

Superintendent Coons made a law that all books must be covered and come of the students to keep from having their books taken away from them for not having them covered.

There was a young man in the senior class that really did get a bit confused the other morning. He stuck his head in the library window and made a bright remark to the young lady in charge and to his sorrow found the superintendent was also present. Was his face red and maybe a trace of a tear.

A tennis club was organized last week with Mrs. Taylor as sponsor. We have a number of fine tennis stars in school this year and we will hear more from this club later in the year.

As to Mr. Coon's ability to use a board you might find out from quite a few of these students up here as to his ability. We heard one boy say that that soft ball playing did no harm to his right arm.

If things happen as are expected the seniors will be getting out of school at noon so they can pick cotton to pay for the rings and other things that they have ordered.

We played four games of basket ball since the last issue of the Chronicle and won three of them. Last Thursday we played Girard senior boys and girls here in our gym and won both of the games. The score of the boys game was 28 to 11 and in this game we saw many thrilling and spectacular plays from both teams.

The senior girls won their game with a score of 14 to 6. The first and second string girls saw play in this game. Then last Wednesday afternoon the Girard junior teams came down and played our juniors. The boys of Jayton won with a score of 23 to 11. The girls lost by a margin of 13 points the score 24 - 11 in Girard's favor.

Eldon Wade and Harold Kenady went to Plainview Wednesday night after Cobb Wade who was sick.

## Scarlet Fever Serious Disease

Austin, Oct. 8.— Scarlet fever is prevalent in many parts of the State according to reports sent in to the State Department of Health.

"The most effective means of preventing the spread of scarlet fever rests with the parents," Dr. John W. Brown, State Health Officer, said. "In the majority of cases the infective agent which causes scarlet fever is transmitted in the discharge from the nose and throat."

"Contagion most usually occurs by direct contact through droplet infection or by handling of contaminated objects, such as toys or clothing infected by the patient. No one should be needlessly exposed to scarlet fever. You can protect the others in the family if you are careful."

"Scarlet fever is one of the most serious of children's diseases because of the damage it so often does to the heart, the kidneys, and the liver. If parents could be taught to realize that the after effect of most so-called children's diseases often is more serious than the original illness, greater care would be taken to protect children from catching each others' diseases."

"Early signs of scarlet fever are sore-throat, restlessness, chills, and vomiting. The child has fever and his skin is dry and hot. These early signs are followed in a day or two by a rash. At the first sign of illness, put the child in a room by himself and do not allow others to come near him. Call your family physician and follow his instructions as to food, clothing, and general care."

"The physician is required by law to report the case to the health department. Do your part by following carefully the quarantine instructions which the health officer will give you."

Thursday, Oct. 1, the sixth and seventh grade girls met with Miss Ruth Grimes, County Home Demonstration Agent and organized a 4-H club.

The officers elected were as follows: President, Cleo Hamilton; vice president, Pauline Brown; Secretary, Marjorie Hancock; Reporter, Jimmie D. Howell; Recreation chairman, Sue Fowler. Sue was appointed by the president and she chose as her helpers Virginia Callicotte and Pauline Vandiver.

The club will meet twice a month on the first and third Thursday's of each month.

Miss Grimes stated that we would have fun as well as business.

The meeting was held in room 9. There are 23 charter members in the club and we expect more.

## BAPTIST ADULT UNION

The Resurrection of Christ Leader - O. W. Coats. Scripture Reading - 1 Corinthians 15:1-22.

Discussion of the topics - Leader Topic No. 1 - J. M. Johnston. Topic No. 2 - Mrs. H. Meador. Topic No. 3 - Mrs. Joe Earnest. Topic No. 4 - Mrs. Jeff Whatley. Topic No. 5 - Elbert Cox.

## BIG PIE SUPPER

Next Thursday night there will be a big Pie Supper at the Robinson building on the East side of the square in Jayton. The proceeds are to go to the Methodist Church to pay for the pews in the new church.

A prize will be given to the most beautiful girl and the ugliest boy present. Everyone is invited to come and have a big time.

## STARTS MONDAY CLASSES OF ART

Sketching - Pen and ink, and oils. Individual instruction and class work. High school auditorium 9 a.m.

Let me make your holiday favors for Halloween. Place your order now for hand made Christmas Sketch cards.

Edna Davis

Mrs. Betheny Vandiver and Floyd Green took Mrs. Green to Santa Anna this week to be treated at the sanitarium.

Mrs. Cora Jay visited Richard at Abilene last Friday.

## W. B. Lee, Spur Banker Found Shot

### Hunting Accident Apparent Cause Of Prominent Citizen's Death

Walter B. Lee, 56, prominent banker, farmer and civic leader of Spur, was found dead in a pasture four miles east of Spur at 2 p. m., Tuesday with a gunshot wound in the left side of his chest. His 12-gauge shotgun lay nearby with an empty shell jammed in the extractor.

Justice J. C. Joplin who conducted a coroner's inquest returned a verdict of accidental death by gunshot wounds.

The body was found by George Link, Spur merchant, member of a searching party. Lee had been sought for three hours, after failing to return from an early morning trip to his farm, located two and a half miles from where the tragedy occurred.

Presumably he had stopped to hunt doves as he was returning from the farm. Monday, he had promised to bring his three-year-old son, Charles some doves, on the next trip to the farm. Several coins lay on the ground, leading to the theory that Mr. Lee stooped over to unjam the gun and that it was accidentally fired as he worked with it.

The body lay in a pasture, a short distance from Lee's car, parked on a country road. It was believed death might have occurred as early as 7 a. m. The car was seen on the roadside at 8 o'clock by residents of the community. Lee had left his home at 6 o'clock to go to his farm.

Funeral services were held at the Church of Christ at 2 o'clock Thursday afternoon.

Walter Lee was born at Hamilton. After attending school in Waco he taught school for two years. He entered the banking business in Knox City in 1906 and later in that year went to Rochester to become vice-president and cashier of a bank.

He moved to Spur in 1920 and assumed the position of vice-president of the Spur National Bank, which later became the Spur Security bank. In 1930 he was elevated to the presidency of the institution, and had held the position since.

Mr. Lee's tragic death was a severe shock to his Kent County friends.

Abilene, Oct. 8.— With the Rev. Lance Webb as pastor, a McMurry college church has been organized with two purposes — to fill the religious needs of students, and to send young men and women back to their homes trained in the organizational functions of the church. The membership is limited to students and they fill all offices, while the church holds the same position in the district and Northwest Texas conferences as any other Methodist church, including appointment of the pastor by Dr. H. A. Boaz, the presiding bishop.

Included on the first board of stewards is Richard Jay, son of Mrs. Cora Jay of Jayton. He is a sophomore in McMurry this year.

The Rev. Mr. Webb, who holds the bachelor of arts degree from McMurry, the master of Arts and bachelor of divinity from Southern Methodist university was sent to McMurry from Pampa, where he has served a three year pastorate. His wife is the former Elizabeth Hunt, daughter of the late Dr. J. W. Hunt, founder and for more than 11 years president of the college.

Last Friday night a number of Jayton ball fans went to Girard and witnessed the dedication of the new high school gymnasium.

Two basket ball games were played between the Peacock School and Girard. At the intermissions of the games a talking movie short was put on a screen in the gym by Mr. Paul Rogers, superintendent of the Girard schools.

There were over 500 present at the Golden Wedding Anniversary of Mr. and Mrs. J. C. Jones, Sunday at their home West of Jayton. Everyone reported a wonderful time with plenty of eats and plenty left over.

Mr. and Mrs. Jones received many beautiful gifts.

Mrs. M. D. Fuller and Mrs. Monroe Davis went to Lubbock, Monday to get Nina Mae Hall after having her tonsils removed Sunday at the West Texas Hospital there.

## SHORT EXPLANATION OF PROPOSED CONSTITUTIONAL AMENDMENTS

### S. J. R. No. 3-A

The first proposed Constitutional Amendment to face the voter on November 3rd is S. J. R. No. v-A which provides for a State dispensary system to have exclusive sale of distilled liquors and all profits from sale of such liquors would go to the State. The sale of spirituous distilled liquors for private profit, as is now the case, is prohibited with in this State, by this Amendment, except when such sale is made to the State, according to B. P. Matucha Secretary of State. It is further provided that the State of Texas shall have the exclusive right to purchase at wholesale and to sell at retail such distilled spirituous liquors. Such sale shall be made only in unbroken packages and no such liquors shall be consumed on the premises where sold. The difference between the proposed plan and that now in effect would simply be one of ownership - i.e. by the State rather than the individual.

The State would maintain various places of business for the purpose of the sale of such liquor direct to the consumer. These places of business would only be maintained in the counties, precincts or incorporated towns where by local option elections such sale has been made legal.

would not be changed by adoption of the amendment. The sale of alcoholic beverages containing not more than 3.2 per cent alcohol which has been legalized in such political sub-divisions shall not be prohibited by this section.

This Amendment further provides that the open saloon shall not be re-established.

It is also provided in this Amendment that the Legislature shall have the power to regulate the sale for private profit and possession of distilled liquors for medicinal, scientific and mechanical purposes.

### S. J. R. No. 18

Proposal No. 2 effecting a change in the State Constitution is S. J. R. No. 18 providing that the Legislature shall have the right to levy taxes to provide a Retirement Fund for school teachers and persons employed in public schools, colleges and universities, supported wholly or partly by the State.

According to the interpretation of Secretary of State, B. P. Matucha it is provided that the State shall contribute to such Retirement Fund an amount equal to that paid for the same purpose from the income of each such person. It is a attaching plan. Each person so employed in such State schools, colleges and universities will likely be required to set aside so much of their salary and the State will set aside a like amount. This Amendment further provides that the amount contributed to such Retirement Fund by the State shall not exceed at any time five per cent of the compensation paid to each such person by the State or school district, and shall not be more than One Hundred Eighty Dollars for any one person in one year.

No person shall be eligible for a pension under this Amendment who has not taught twenty years in the State of Texas, but those who retire before they have taught for a period of twenty years in this State and who have been contributing to the Retirement Fund shall be entitled to a refund of the moneys paid into the fund.

All funds provided from the compensation of said persons, or by the State, for such Retirement Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States Government.

Persons who are the recipients of pensions from such Retirement Fund shall not be eligible for any other pension retirement funds or direct aid from the State.

The small child of Mr. and Mrs. D. R. Hale of the Double Mountain Community was bitten by a snake and before a Doctor could be reached the baby was past all medical aid.

## THINGS ONE REMEMBERS

By R. M. Hofer

Reading the daily news, one cannot help but be impressed by the similarity between civil wars and the wars between capital and labor, in their waste and barbarism.

For the moment the Spanish civil war is a case in point. If the government wins, Spain will be subjected to an iron-handed communistic dictatorship. If the rebel leaders are victorious, a Fascist military dictatorship will be established, according to rebel leaders, and all newspapers except Fascist organs will be suppressed, and all civil liberties will be abrogated.

Thus the old story is repeated—the common people will be the losers. No matter how the war turns out, constitutional government and freedom in Spain will end. Leaders the world over are mad for power, as press dispatches from leading nations indicate.

With such examples to go by, we are threatened with a labor "war"

in our own United States. If it comes, both sides will lose no matter who seems to "win". Lost wages, lost intelligence for tactics of barbarians, the world loses.

Yet, with horrible examples of the folly of blind strife all around us, extremists in our country, on both sides of the labor question, are fanning the labor war flames. Their actions remind one of a couple of dogs. There is no excuse for the humans today who have every facility at their command for investigating, arbitrating, legislating, and settling their controversies in an orderly and intelligent manner.

That old quotation, "The more I see of humans, the better I like dogs," becomes more impressive every day.

## THOUGHTS OF WISEMEN

Luck is ever waiting for something to turn up; labor, with keen eyes and strong will, will turn up something. Luck lies in bed, and wishes the postman would bring him the news of a legacy; labor turns out at six o'clock, and with busy pen or ringing hammer lays the foundation of a competence. Luck whines; labor whistles. Luck relies on chance; labor, on character.

Richard Cobden.

In the past we have made many blunders, and have been guilty of many shortcomings, and yet in the end we have always come out victorious because we have refused to be undaunted by blunders and defeat—have recognized them, and persevered in spite of them.

—Theodore Roosevelt.

If a man wants to succeed in life, he must have time to think, read, and plan. Thinking. Reading! Planning! No man can climb very high in any occupation unless he has time for these three.

—Herbert N. Casson.

No man can be cheated out of an honorable career in life unless he cheats himself. Believe in yourself and your capabilities and you will not be cheated.

—Emerson.

What a new face courage puts on everything! A determined man, by his very attitude and the tone of his voice, puts a stop to defeat and begins to conquer.

—Emerson.

Man cannot directly choose his circumstances, but he can choose his thoughts, and so indirectly, yet surely shape his circumstances.

—James Lane Allen.

Politeness is not only the most powerful, but the cheapest argument I know.

—Josh Billings.

Concentrate—the sun's rays do not burn till brought to a focus.

—Herbert N. Casson.

Action is the prayer that is always answered.

Elbert Hubbard.

mind that if he expects to succeed, he must give an honest return for the other man's dollar.

—Edward H. Harriman.

The man who is deaf to the alarm clock usually hears very well when the quitting whistle blows.

—Jerome P. Fleishman.

When work goes out of style, we expect to see civilization totter and fall.

—John D. Rockefeller.

The best a man did should not be his standard for the rest of his life.

Gustavus Swift.

Nothing turns out right unless somebody makes it his job to see that it does.

—William Feather.

Never stand begging for that which you have the power to earn.

—Cervantes.

## BRINE PICKLES EASIER TO PREPARE

"I find that brine pickles are much easier to prepare and keep, and we like them much better than other pickles", reported Mrs. C. Barton of Lost Lake.

Mrs. Barton has about 24 quarts of pickles in brine in a large wooden barrel. She says that when she needs pickles, it takes only about 24 hours to prepare these for eating, and they may be made into dill or sour pickles.

The first trench silo in Bailey county was filled in 1935 on E. L. Smith's farm in the West Camp community. Twenty-four other trench silos were filled last fall and 30 more this fall, making a total of 55 now in use in the county.

Bill Cathey, of Clairemont and our County Clerk is driving a new Ford V8 Coupe.

## TEXAS MAN'S YEARS OF MISERY QUICKLY STOPPED BY GREAT GAS-TONS TABLETS

Mr. E. S. Nelson of Shallowater Texas, says that he spent eight long years a sufferer of stomach disorders. He states that during this eight years of suffering he went to any number of doctors and that three of them told him that he had gastric ulcers. A short time ago Gas-Tons tablets were recommended to him and after taking them for two months he gained 15 pounds and for the first time in eight years is able to do his regular farm work and is back to normal weight again and for the good of humanity wants to unconditionally recommend these tablets to any one suffering with severe stomach pains, gas or colitis, indigestion and other stomach disorders. Gas-Ton tablets are on sale in Jayton by Huls Drug store. 25 tablets \$1.00, 100 tablets \$3.00. Ask Glenn Huls to explain to you what this remarkable compound is doing for others and also ask about the iron-clad guarantee which says you must be satisfied or your money back. —ADV.

## CONTROL IN UNITED STATES

Cases of screw worms in livestock have been known in the United States since 1843, according to L. L. Brock, District screw worm supervisor, whose headquarters are at Lubbock, Texas. Authentic cases with positively identified specimens date back to 1882. The screw worm fly inhabits the southern United States, Mexico, Central America, the West Indies and South America including Uruguay and Argentine.

The pioneer cattle raisers of Texas recognized the screw worm as a serious pest to livestock, and there are many references made by the early entomologists and veterinarians to it in literature. One of the first materials recommended for treating cases was calomel, which was placed directly in the wound. Later, the use of chloroform and carbolic ointments was adopted. None of these substances is now recommended.

The U. S. Department of Agriculture, Bureau of Entomology and Plant Quarantine, recommends the present methods of treatment and control as the result of research work conducted by Dr. F. C. Bishopp, Entomologist, and his associates of the Division of Insects Affecting Man and Animals. Other important contributions have been made by entomologists and veterinarians of various state agencies.

In 1916, Mr. D. C. Parman, Entomologist of the U. S. Department of Agriculture, Uvalde, Texas, began studies of benzol, the present accepted material for screw worm case treatment. At the same time he and his associates developed the use of pine tar oil as a wound dressing and fly repellent.

In 1933 a contribution of great importance was made by Emory C. Cushing, Entomologist, of the U. S. Department of Agriculture, when he discovered that there were two species of screw worms that had previously been confused as one species. The two flies, although almost identical in appearance, are entirely different in habits. One designated as the true screw worm infests only the wounds of living animals. The second species, called the secondary invader, breeds in carcasses and decaying flesh. This discovery placed emphasis upon controlling infested wounds in living animals, thereby reducing the population of true screw worm flies, and upon preventing wounds in domestic animals and livestock.

From time to time outbreaks of screw worms have occurred outside

fly, in Louisiana, Mississippi, Tennessee, Florida and other southeastern states. The forces of the Bureau of Entomology and Plant Quarantine were immediately centered in that section and an extensive control campaign was begun. This control campaign was successful and the losses from screw worms in that area were greatly reduced.

At the present time the U. S. Department of Agriculture personnel working on the control of screw worm is directed from San Antonio, Texas. The problem is being approached through the use of proper animal husbandry practices and proper materials for treating cases. You can assist in this campaign by giving records of screw worm cases in your livestock to your local county agent or to the district screw worm supervisor, who will be glad to give you any information you desire concerning screw worm control.

The U. S. Department of Agriculture recommends benzol to kill screw worms in wounds, after which the wound should be coated with pine tar oil, specific gravity 1.065, to hasten healing of the wound and aid in repelling further attacks of the fly.

## TURNIP KRAUT

Because turnips are more plentiful than cabbage, Mrs. M. Howell of Catfish, is making kraut of turnips and finds that the turnip kraut compares very favorably with cabbage kraut.

Following is the recipe for turnip kraut: Shred young purple top turnips. Weigh and use 4 ounces of salt to 10 pounds of turnips. Mix thoroughly and after material has been pressed down, a liberal sprinkling of salt may be spread over the top. A wooden or stone cover should be fitted inside the jar and weighted down with a stone. There should be enough juice to cover in 24 hours. From 15 to 20 days will be required to complete the fermentation at room temperature. The jar should then be stored in a cool place or the kraut packed in glass jars and stored. The kraut should be kept submerged in the brine to prevent discoloring or drying.

Mrs. Howell stated that she has much better results if young turnips are used.

Mrs. Jim Williams who has been ill for some time was taken to Temple sanitarium last Wednesday for treatment.

# COLD Weather!

Cold weather has come to us early this year, how are you fixed to meet it? How about that sweater, leather coat, winter underwear, warm substantial footwear, cold weather jackets, gloves and blankets? We are newly stocked on all these lines and will make you some very low prices on any thing you may need.

No use putting off making these needed purchases. Protect yourself and family against unnecessary sickness and Doctor bills by clothing sufficiently to keep them warm and dry — its the cheapest in the long run.

## Need a Stove?

We are selling lots of stoves — have you purchased that one you need? If not let us figure with you. We have them built for coal, oil, or wood in all sizes and all kinds and they are priced to sell.

## Groceries

For years we have been making Grocery prices in this part of Texas. We know folks have to eat and we do our part to make it as easy on their pocket books as possible. As a rule you can always buy the best groceries here for the least cash money.

- BEANS, fresh green ..... 2 lbs. .... 25c
- APPLES and ORANGES, each ..... .01c
- MACKEREL, large cans ..... each ..... 10c
- BACON, dry salt, .... lb. .... 20c
- SUGAR, 10 lbs. .... 52c
- OATS, all kinds, .... pkg. .... 25c

Watch our Windows for extra Bargains For Saturday!!

## UNDERTAKERS

We are licensed Undertakers and can and will take care of the dead as they deserve to be cared for.

REMEMBER:- If you are indebted to us and have something saleable we will buy it and give you a liberal price.

# ROBINSONS

## LETS BE READY

Yes, be ready for the cool weather that is just over the hill. It's coming and if it catches you with an empty coal bin, you hay suffer. We sell coal and would like to supply your fall and winter needs early. It makes it cheaper for you and easier for us. See us about that fuel supply today.

We also sell planting seeds of all kinds. Sow that winter pasture crop as soon as possible. It will pay you big dividends.

## Jayton Feed Store

# LAUNDRY

Some of the reasons why our laundry work is satisfactory.

1. We devote all of our time to laundry work and are well experienced.
2. We have the equipment to work with.
3. With our water softening machine our wash water is softer than rain water result is white clothes bleach out whiter, prints come out gayer.
4. Last but not least we have the best place in town for you to do your own laundry.

**\$1.49 to \$4.95**

**Rising Star News**

The Rising Star School opened Monday with a Bang—breaking two all time records, more students and more parents. The enrollment exceeded that of any previous opening day. There were 29 enrolled, which included representatives from every family in the district, both white and Mexican. Practically everyone enrolled is to be regular attenders.

The patrons of the Rising Star Community seemed enthusiastic and proud to see the doors of their little school opened again for a full term. Never has there been such interest shown by the patrons as was shown this morning. It seems that they have come to realize the fact that keep the school going they must send their children. But this morning they did not send their children; they came and brought them. It did not look like the crowd that usually gathers on the opening morning at a rural school, but instead it looked like a gathering at a country picnic, for all the parents with the children, dogs and other members of the family were present. Why, there were neighbors in the community who met for the first time. The teachers were astonished at the enthusiasm.

If the interest continues, the school will not be forced to move due to low attendance as has been contemplated by some, but instead we might have to move due to our inability to seat the students.

The teachers invite their patrons, trustees, and all interested visitors to visit the school often; therefore keeping up the spirit that has prompted such a successful beginning.

Luther Johnson has recently finished constructing and filling a large trench silo.

Most of the Farmers in the Rising Star Community have their wheat sown and can now look forward to another good rain.

Of the 29 students enrolled Monday morning, there were only 7 girls, an unusual occurrence.

Oleta Hamilton has returned from Santa Anna where she has been in the sanitarium having her tonsils removed.

**Jeffersonian**

**Democrats**

Offer Proof of Anti-New Deal Charges

We recently made charges in this paper that Mr. Roosevelt and his administration were not Democrats, and had no claim to Democratic loyalty. We charged that continuation of his administration would undermine the economy of the nation and threaten its institutions. We charged that he had opened the sluice-gates of the federal treasury, and, through Boss Farley, had Tammanized the nation. We charged that he had surrounded himself with radicals, and had more nearly discharged their radical platforms than his own. We are offering the proof of our charges through our paper, The Jefferson Democrat.

We reassert that we are regular Democrats. We would prefer to vote a regular ticket. But we refuse to

put party loyalty above our loyalty to America. In scratching Roosevelt we violate no party pledge, for the primary ballot contained a pledge to vote for the nominees of that primary. Mr. Roosevelt's name was not on that ballot. Furthermore, the Texas law instructs the voter how to cast a mixed ballot, and the Supreme Court has upheld that right.

We ask that all true Democrats to weigh the proof before voting for a continuation of government by irresponsible radicals. Unlike the New Deal we have no ready made organization to spread our propaganda and raise money for our campaign. We will appreciate your support and whatever donations you can make to us.

Write us for copies of The Jeffersonian Democrat, and help us distribute it throughout your county.

J. Evetts Hailey, Chairman  
Jeffersonian Democrats of Texas,  
Austin, Texas.

—Paid Political Advertisement

An aerial map recently made of the Brazos River basin disclosed that one farmer had 140 acres of land that he didn't know he had. The farmer had been paying taxes on a section of land, or 640 acres, but the aerial map showed that his land holdings totalled 780 acres. This incident leads the Texas Planning Board to believe the exact area of Texas will not be known until an accurate aerial map is made of the State.

Mrs. J. G. Watson and children left Sunday for California.

**CARD OF THANKS**

It is with a sad heart we try to write a few lines to thank the people in and around Girard for their kindness during the short illness of our darling baby boy, Joe Bernard Fuqua.
