Swing Of Southwest Farm Markets

(USDA) — Southwest farm markets paid mostly firm to higher prices for livestock, grains, and many other products last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Hogs scored gains of mainly 50 cents to \$1. San Antonio and Fort Worth established new all time high prices of \$23.25 and \$29.50 respectively. Week's top at Oklahoma City was \$29.75, Wichita \$29.60, and Denver \$30.50.

Cattle closed the week generally strong to 50 cents higher, although Houston and San Antonio netted losses on steers and yearlings. Houston paid a top of \$22 for medium and good caked grass steers. San Antonio bought low to average medium steers at \$20. Fort Worth took good feed steers and yearlings at \$23 to \$27.50. Oklahoma City paid \$27 to \$29 for good and choice steers, and Wichita gave \$20 to \$25 for medium light steers and yearlings. Denver set a new all time high of \$33 for choice steers, while other medium to choice kinds brought \$25 to \$31.

Most markets paid steady to higher prices for sheep last week, but sheep and goats declined at San Antonio. Medium to good lambs brought \$18 to \$19.25 at San Antonio, and \$19 to \$21 at Fort Worth. Good and choice sold at \$21.50 down at Oklahoma City, around \$22 at Wichita, and up to \$23.50 at Denver.

Eggs and poultry sold firm to a little higher in the southwest last week. Seasonally best white graded eggs brought around 55 to 58 cents per dozen at most places, and mixed colors 50 to 55. Most markets paid 37 to 40 cents per pound for good quality full sized fryers, 24 to 28 for heavy hens, and 10 to 15 for roosters.

Continued good domestic and export demand kept grain markets strong most of the week. Wheat and corn netted gains of 5 to 15 cents. Oats, barley and sorghum grains advanced about 5 cents. No. 1 hard ordinary wheat closed Friday at \$2.94 per bushel at Texas points; while No. 2 white corn brought \$2.55 to \$2.60.

Further declines in rough rice prices during the past week reflected slow demand for milled rice. Feed markets appeared more settled, and most prices remained unchanged. Hay demand exceeded supply at principal markets, and alfalfa advanced about \$1 per ton. Light offerings of shelled peanuts found slow demand. Average-to-good staple fine wools sold in Texas at greater prices of 44 to 54 cents a pound.

Slight ups and downs during the week left cotton \$1.25 to \$2.50 lower Friday. Growers in all sections called for pickers as harvesting conditions were ideal.

Colorado cauliflower weakened toward the end of last week, but potatoes and onions strengthened materially. Denver received good supplies of nearby fruits and vegetables due to absence of severe early frosts. Fort Worth was cleaning up heavy supplies of new Mexico and Colorado tomatoes, and bunched carrots sold stronger. Cucumbers and onions moved higher at Denver, St. Louis and Kansas City, where tomatoes, cabbage and cantaloups remained unchanged. New Orleans held mostly steady.

Coy Neeley of McAdoo visited his sister Mrs. Lee Parker and family last Friday.

Bill Vencil had business in Fort Worth, Texas last Friday.

San Angelo Runs High In Dickens Test

High structural position on top of the San Angelo lime has been reported for W. O. Woodward No. 1 B Williamson section 139, block 1, H and GN survey, Dickens County, wildcat three miles south of Spur.

The San Angelo was topped at 2,030 feet, datum point of plus 173 feet. According to some correlations this places the test 252 feet higher structurally than George P. Livermore, Inc., No. 1 C. D. Bird, abandoned at 2,602 feet in July 1944, and 217 feet higher than Blackwell Oil and Gas Company No. 1 A. A. House, Kent County disappointment, which was quit at 7,775 feet.

The No. 1 Williamson is bottomed at 2,050 feet, where operator is running intermediate string before carrying out its contract to test the Ellenburger.

Mrs. Raymond Ross Honored With Bridal Shower

Mrs. Raymond Ross, nee Faye Stephens, was honored with a lovely bridal shower last Thursday afternoon in the home of Mrs. Less Matthews.

Seventy-five guests were registered in the bride's book by Mrs. Gerald Fincher.

A color scheme of pink and white was carried out in angle food cake and punch which was served by Mrs. C. R. Kelley and Mrs. Berylle Murdoch.

Hostesses for the afternoon were: Mmes. James McAteer, I. F. Murdoch, Less Matthews, H. D. Wade, Berylle Murdoch, Gerald Fincher, Roy Fuller, George Harrison, Merle Jay, C. J. Robinson, John Martin Johnson, C. R. Kelley, Jake Fuller, and Luther Johnson.

Surprise Party

Mrs. Milton Sandell served as hostess to a surprise bridge party for Mrs. L. H. Mason last Thursday afternoon.

Delicious refreshments of pear and grape salad with cake and coffee were served to Mrs. Paul Lane, Mrs. Duncan, Mrs. Geo. Branch, Mrs. Mayer, Mrs. Bill Daniels and Mrs. Allen.

It was a complete surprise to Mrs. Mason and a very enjoyable afternoon for all.

VERY LITTLE TROUBLE

College Station. — Crosby county wheat this year had a very low percentage of dockage due to poor milling qualities as compared with most West Texas counties.

The reason, says County Agent W. R. Kimbrough, is that wheat farmers in the county planted most of their acreage to registered and certified wheat varieties. Only four percent of the wheat harvested in Crosby county this year was classed as poor-milling grain.

Plans are being carried out, says Kimbrough, to eliminate all the poor-milling wheat in Crosby county. Over 5,000 bushels of registered and certified Westar wheat were purchased for planting this year, plus 10,000 bushels of certified Tenmar seed and 1,000 bushels of certified Comanche. These varieties are recommended as good millers. The grain was purchased from elevators and feed companies that are co-operating by stocking good planting seed.

Kimrough says plans are already made to organize an association to produce certified wheat and to build a seed cleaning and treating station.

Joyce Brantner spent last week end in Abilene, Texas.

Rhoda Lou Kelley of Denton, Texas spent last week end in Jayton with her parents Mr. and Mrs. C. R. Kelley and family.

Teddy Lewis of A. and M. College spent last week end in Jayton with Mr. and Mrs. John Lewis and son.

Mr. John Goodall of Leuders, Texas visited his sister Mrs. J. H. Donoho, Mrs. Clopa Mayfield and Mrs. Lou Woodring for a few days.

Robert Moore is in the Rotan Hospital for treatment.

Mr. and Mrs. Floyd Hall and Mr. Ulysses Herman spent last week end at Lubbock, Texas with relatives.

Mrs. Lovell Blain and children of Seymour, Texas spent last week end in Jayton with relatives.

"Bettering Human Relations" To Be Topic Of Discussion For P. T. A. Meeting

The local Parent-Teacher Association will meet in the Homemaking Building of the Jayton High School, Friday evening at 7:30.

Mr. U. Herman, High School Principal will be in charge of the program.

Several first grade music pupils of Mrs. Tom Fowler will take part on the program to be followed by a panel discussion on the subject of "Bettering Human Relations".

One of the outstanding speakers of the evening will be Mr. William Hopson, western novelist, of Yuma, Arizona, who will discuss the responsibility of the press toward "Bettering Human Relations".

Rev. L. R. Stuckey, Rev. J. D. Ramsey and Mrs. Fred Jones complete the panel.

The program will be followed by a social hour.

Everyone that is interested in the school and P. T. A. be present, there is some important business to be decided at this meeting.

Health Notes From Austin

Austin. — According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring seasons.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

Honored With Birthday Party

Monroe Davis and Mrs. Edd Kyle were honored with a birthday party last Friday night in the home of Mr. and Mrs. Monroe Davis. Games of "42" were played and then refreshments of cake and ice cream were served to the following:

Mr. and Mrs. Med Wade and Wendell Ray; Mr. and Mrs. Jimmy Johnston and Jimmy; Mr. and Mrs. Berylle Murdoch; Mr. and Mrs. Edd Kyle; Mr. and Mrs. Halley Wade; Mr. and Mrs. Charles Parks, Jimmie and Michael; Mr. and Mrs. Billy Charles Dibrell and Dan; Mr. and Mrs. Dale Moore, Larry and Sharon; Mrs. M. D. Fuller; and Mr. and Mrs. Monroe Davis, Kenneth and Barbara Kay.

Mr. and Mrs. Elbert Cox spent last week end at Pampa, Texas with Mr. and Mrs. Bonard Cox and children.

Mr. and Mrs. George Bilberry and children of Wolforth, Texas visited relatives and friends in Jayton Saturday.

Mr. and Mrs. J. E. Cobb and Cherrie of Snyder, Texas spent last Sunday in Jayton with relatives.

Lewis Henry de Cordova underwent a tonsillectomy last Wednesday morning at Spur; Dr. Bob Alexander doing the operating. He was brought back to the Jayton Clinic where he remained until Thursday afternoon. He is back in school this week and doing fine.

Joan Neeley of McAdoo, Texas spent last week in Jayton with her sister Mrs. Lee Parker and family.

Berylle Murdoch and Billy Charles Dibrell took Berylle Jr. to Abilene Saturday for treatment at the Hospital.

Farmers Home Administration To Make Insured Mortgage Loans

The recent session of Congress authorized Farmers Home Administration to make insured mortgage loans for the purchase of farms under a plan similar to the insured loan of Federal Housing Administration.

Under this plan the prospective borrower will get a bank, individual, or any private source to agree to furnish the money for the loan to the agency or individual furnishing the money. Also, Farmers Home Administration handles the making of the loan throughout and also the collection of the loan; and there is no expense to the creditor whatever and he is sure of receiving full payment of the loan.

Farmers Home Administration will guarantee 90 per cent of the total amount to handle the loan and it is necessary that the borrower make a 10 per cent down payment. There is also an appraisal fee and other incidental expenses for the borrower to pay in connection with the making of the loan. The interest rate on these loans is 3 1/2 per cent, 2 1/2 per cent going to the creditor who furnishes the money and 1 per cent to Farmers Home Administration for guaranteeing the loan and servicing it.

These loans are handled practically the same as the direct loan made under the Bankhead-Jones Farm Tenant Act. These loans are still being made, but funds are so low for the direct loan that Veterans only are eligible for them. Both Veterans and Non-Veterans are eligible for the insured loan. Twelve thousand dollars is the maximum amount that can be loaned to one individual under either of these plans.

Farmers Home Administration also makes loans to worthy farmers who can't get adequate financing elsewhere for the purchase of livestock, equipment, or for farming operation. These loans may be extended for more than one year and for livestock and equipment, a maximum of five years may be given in which to repay them. The interest rate on this type of loan is five per cent per annum.

The office which serves Dickens and Kent County for Farmers Home Administration is located in Spur in the Spur Security Bank Building.

Pain Once More For Jayton Area

The first measurable rain for the Jayton area since July 2nd fell Monday afternoon beginning about 12:30. The rain measured 25 of an inch according to Mr. J. W. Sewall local State Highway Foreman.

The rain stopped cotton pulling in the Jayton vicinity for a day or two but will help the feed crops to finish making.

Mr. Norman Lemley returned to her home in Lubbock after spending last week in Jayton with her parents Mr. and Mrs. K. P. Brantner.

Mr. and Mrs. Gordon Hamilton and son visited in Seminole and Carlsbad, New Mexico last week end.

Mr. and Mrs. J. Q. Hart and daughter visited relatives in Spur, Texas last Sunday.

Mr. and Mrs. Lewis Arnold and daughter of Abilene, Texas spent last Sunday in Jayton with Mr. and Mrs. K. P. Brantner.

Mr. and Mrs. Jerry Dye and Paula Jane of Amarillo, Texas spent last Thursday night in Jayton with her parents Mr. and Mrs. J. M. Johnston and went on to Abilene to attend the wedding of Jim Will Wilson.

Mr. and Mrs. Owen King and family of Weatherford, Texas spent last week end in Jayton with Mr. and Mrs. T. L. King and Mr. Brace Lafon.

Mr. and Mrs. Earl Carroll and Doyle of Stamford, Texas visited her father Mr. Brace Lafon last Sunday.

Mrs. Bill Fite of San Angelo, Texas and Mrs. W. D. Vencil and Naylan of Jayton visited in Carbon and Stephenville, Texas last week end.

Mr. P. D. Allen had business in Dallas the first of the week.

Mrs. M. D. Fuller and Mrs. Monroe Davis had business in Lubbock, Texas Tuesday.

Duck Creek Soil Conservation District News Notes

Six farmers who are cooperating with the Duck Creek Soil Conservation District seeded 83 acres of sub-marginal land to grass last month.

Valere Hinson who lives in Upper Red Mud community planted 25 acres of tight land unsuitable for cultivation to weeping lovegrass. Jud Smith of Upper Cottonwood sowed 10 acres, Bud Smiley of North Glenn planted 3 acres, and J. D. Patterson of Peacock increased his acreage of lovegrass by 20 acres. Dean Young of Girard returned 20 acres of his farm into native and introduced grasses. He planted crested wheatgrass, buffalo grass and weeping lovegrass. J. E. Hobson of West Elton planted 20 acres of Madrid sweet clover and 5 acres of Blue Panic grass.

Horace Wood reports a return of about \$42.00 per acre from his alfalfa this year. He obtained 1040 pounds of cleaned seed from 4 acres, and has it all sold for 30 cents per pound. This crop, like others, has suffered severely from the prolonged dry spell but many farmers are planning to include it in their cropping systems. Wood intends to increase his acreage in alfalfa by 14 acres. Les Gardner will plant an additional 30 acres, bringing his totals to about 40 acres. Ollie Hindman, Hazel Watson, Horace Gibson, Penn Shugart, and John Lewis are some who plan to make fall seedings of alfalfa.

Another crop which Reese McNeill prophesies will take its place in our future farming operations is vetch. This soil building legume is a three-purpose crop that is well adapted to our sandier soils. It makes an excellent cover crop that controls wind erosion during the early spring, and can be turned under as a green manure crop. It can be used as a grazing crop and later be cut for hay or harvested for seed. Vetch responds well to an application of phosphate fertilizer, and should be inoculated with the proper inoculant before planting. It is usually planted in September with a mixture of rye at the rate of 12 pounds of vetch and 30 pounds of rye.

R. L. Benson, who recently signed a cooperative agreement with the Duck Creek Soil Conservation District on his farm south of Spur in the Twin Wells conservation group, has completed about four miles of terraces as one means of moisture conservation. Benson operates the place as a stock farm and realizes the importance of moisture conservation in furnishing grazing for the livestock.

Conservation of spring rains has enabled farmers to produce a normal crop of cotton and grain sorghums. Many fields received no beneficial rains after planting yet those farmers who conserved the spring rains are producing one-third to one-half bale of cotton per acre.

Farmers and landowners in Zone 3 of the Duck Creek District, comprising the east one-half of Kent County, will meet in Jayton October 14 to elect a supervisor to take the place vacated by Tom Murdoch when he moved away.

The grass planting Wallace Hinson made came up to a fair stand but died due to the lack of moisture. Hinson thinks only part of the seed germinated, and is going to leave the ground undisturbed until next summer with the hope that additional seed will come up.

J. L. Pearson has signed an agreement with the District on the place he purchased from Judge Chapman. Part of his plan is to complete the terrace system Chapman started. Arner Watson, county commissioner, has promised to construct the terraces with the county equipment.

Oscar McGinty has completed a terrace system on his place using the District's equipment. Weaver Hobbs who is operating the equipment, informs the local office that he is not going to operate any more until it rains. The fields have become so dry due to the prolonged drought that terrace construction is very difficult.

John Downey of Hale Center is constructing terraces in the Jayton area with an elevating grader. He completed about two miles for Dean Young early this week.

The President of the United States, by proclamation, has designated the week of October 5 - 11, 1947 as Fire Prevention Week. He requests every citizen to eliminate all possible cause of destructive fires, and urges that vigilance against fire be extended beyond Fire Prevention Week and zealously continued throughout the year.

G. H. Brown Injured In Car-Tractor Accident

G. H. (Cafe) Brown was seriously injured Monday evening about 7:00 o'clock in a car-tractor accident while returning from Spur on his tractor. The accident happened a few miles south of Spur at Justin, when an oncoming pickup's lights blinded Mr. Webb, driver of a Ford coupe behind the tractor, causing his car to crash into the rear of the tractor. The tractor was completely demolished in the collision but the car was not damaged very much, and Mr. Webb was not injured.

Mr. Brown was taken to Spur for medical treatment and then carried to his home. At that time it was believed that he was not seriously injured, but Tuesday morning was taken to the West Texas Hospital at Lubbock, Texas where he was found to have received a fractured skull in the accident.

Latest reports are that Mr. Brown is resting but is in a very serious condition.

with them about a year before being freed.

At the reunion was Gib Abernathy, veteran peace officer. One day, while I was a reporter on the Fort Worth Star-Telegram and Abernathy was a Texas Ranger, he walked into the office and asked for me. Told it would be several hours before I reported for duty, he declined all efforts to get him to talk but just said, "Tell Boyce to get in touch with me." I did—and obtained a "scoop", in fact a double one. A hermit who lived in a tent had been murdered and Gib not only told me about that but he also had the slayer under arrest—a quick cleanup of a mystery.

It's time that some of the old sayings which are foolish were exposed—for example, "What you don't know won't hurt you." It ain't so. If there was a fire and you grabbed up a bucket to throw the contents on the flames, you not knowing that it held gasoline, would there be an explosion? If a gun was loaded and you didn't know it and you pointed it at yourself and pulled the trigger, would it hurt you? All you have to do is read the papers and you'll see what "unloaded" guns do. The truth is pretty much the opposite of the old saying—when you know, you are on your guard against danger. Frequently, it's what you don't know that does hurt you.

"I'd rather know a little less than to know so much that ain't so."

ALKA-SELTZER is unique in its effectiveness in the relief of headache because its analgesic (pain-relieving content) is made more positive by alkaline buffers.

Alka-Seltzer being a combination of pain-relieving and alkalizing ingredients has gained wide usage and popularity for the relief of Acid Indigestion, Cold Symptoms, "Morning After" misery and Muscular Pains. And be sure to try Alka-Seltzer for that tired feeling following hard work or strenuous exercise.

New Superintendent

DR. C. WADE FREEMAN

Dr. C. Wade Freeman of Sulphur Springs resigned the pastorate of the First Baptist Church Sunday morning, October 5, to accept the superintendency of the Department of Evangelism of the Baptist General Convention of Texas. Dr. J. Howard Williams, executive secretary, announced in Dallas today.

Pastor in Sulphur Springs for more than five years and former pastor of the East Dallas Baptist Church, Doctor Freeman will assume his new position on November 1 to succeed Dr. C. E. Matthews, now superintendent of the department of evangelism of the Southern Baptist Convention Home Mission Board.

"Doctor Freeman is an outstanding pastor-evangelist. During his pastorate in Sulphur Springs he has had 1100 additions to his church and 1000 additions in revival meetings in nearby communities," Doctor Williams said.

A graduate of Oklahoma Baptist University, Doctor Freeman holds the Th. M. degree from Southwestern Baptist Seminary in Fort Worth and an honorary doctor of divinity degree from Howard Payne College.

He is a member of the Texas Baptist Executive Board, the Sunday School Board of the Southern Baptist Convention and the boards of trustees of Howard Payne and East Texas Baptist College.

Doctor Freeman has two sons, the older a ministerial student at Howard Payne, and a daughter, the wife of Rev. Newman McLarry, pastor of the First Baptist Church of Emory. Doctor and Mrs. Freeman and their younger son will reside in Dallas.

School News

SENIOR NEWS

This is the senior class again to bring you all the latest news.

The Juniors and seniors went to Spur last Thursday night on a skating party. We all had a swell time and were glad to have had the juniors with us.

The Balfour Representative came last Friday; we ordered our commencement invitations.

We will have our rummage sale in the building back of Kent County Mercantile; we will also sell hot dogs and lemonade.

Jayton High will play their final scheduled baseball game of the season with Peacock Friday. The game will be on our own field.

We have played some basketball the last few days and maybe we will finally make basketball players.

These weeks are really passing fast; it's hard to believe that next week is examination week.

We are all looking forward to the high school rodeo to be held the last of this month. Of course some of the senior boys will be entered in the events.

Well this seems to be just about all of the news until next week.

JUNIOR NEWS

To begin with the junior class ordered their rings and can hardly wait until this time next year.

Last Thursday night the junior and senior class went on a skating party which we all enjoyed very much, and we thank the seniors very much for a swell time.

We plan to pull bells Saturday to make money for our class.

Seems like Hugh has been staying in the senior room practically as much as the junior.

SOPHOMORE NEWS

We are busy writing our themes on fire prevention this week.

Rumors are that the skating rink is here. We are all looking to skating, but don't be surprised if someone gets his leg or neck broken.

A certain sophomore girl is sure interested in getting mail from Fort Worth.

Ima Jo has taken to a certain California boy.

We notice that Bernadine has been carrying her arm in a sling; wonder why?

FRESHMAN NEWS

Sorry we didn't put our news in the paper last week.

The sophomores invited the freshman class to go skating, week before last. We want to thank them for doing so.

We are very sorry to lose David and Mrs. Simons. We are very glad to have Mrs. Fowler as our English and home room teacher.

J. P. NEWS

The Jayton Jaybirds will play Peacock in a baseball game Friday, October 10th at Jayton. We are all wishing them success.

Mrs. Foy Rinker and son of Roby, Texas visited her parents Mr. and Mrs. W. D. Cave last week end.

Mrs. W. D. Duboise is in the Hendricks Memorial Hospital at Abilene, Texas for treatment.

Mrs. Beryle Murdoch and Mrs. J. W. Sewalt had business in Abilene Wednesday of this week.

Mr. and Mrs. George Yochum of Houston, Texas had business in Jayton the first of the week.
