Number 17

WITH THE CHURCHES

First Baptist Church GIRARD, TEXAS

Our revival meeting closed Sunday night with baptismal services. There were three young men and one fine young woman that followed our Lord in baptism. Some very fine people were revived and made to rejoice for the blessings God has favored us with. Our pastor brought some earnest messages during the meeting.

There were 107 in Sunday School and 160 at our E. T. U. program which was the climax of all of our services. We had four fine talks by Mrs. Weldon Owens, Mrs. Raymond Hooper, Mr. Buddy Page and Vernon Darden, the program leader was Glenn Spradling.

Our Pastor brought a message Sunday at 11:00 a. m. on Heaven. The special song was "Pearly White City" sung by Mrs. M. A. Darden.

The subject for the evening service was the last call that God gave John, the Revelator, to deliver. The special song was sung by our Juniors which was a thrill to all present.

God's last message through John was, COME! COME! COME! Ever since that call, God, through his people, says come and receive everlasting life. The spirit of the Church says COME, those that hear say COME, and let all that will, partake of the water of life.

Come to Sunday School, Church and B. T. U. for your children's sake, for your own sake and for the sake of Christ who has made it possible for us to have the good things in this world.

You are always welcome at the Girard Baptist Church.
—M. A. Darden, Church Reporter

Assembly Of God

After another week has past we still have plenty of time to thank the dear Lord for all that He has done for us. Let everything that we do praise the Lord, and also, "From the rising of the sun until the going down of the same, the Lord's name is to be praised."

Lots of people like to be excused when it comes to doing something for God. Take a look at this little poem:

"DAD"
Dad, he likes religion,
He thinks it's just all right;
But he wants Ma to do it all
And excuse him from the fight.
When we go to the table
Ma wants the blessing said;
Pa says, "Please excuse me Ma",
and just bows down his head.
When Ma gets down the Bible,
Pa don't want to stay;
He says, "Please excuse me Ma,
I don't know how to pray."
He goes to Church on Sunday,
And throws a dollar in,
And thinks God'll excuse him
From all his wicked sin.
But I'm afraid that some day,
When Daddy comes to die,
That God will just excuse him
From that mansion in the sky.

The presence of the Lord was felt in each service of the past week. Our hearts were blessed as we met to worship Him.

Bro. and Sister McElyea and children are in Big Spring, Texas, this week attending the Assemblies of God.

There will be a Sectional, Christ's Messengers (Young People) Rally Assembly of God Church in on May 13th. Everyone is expected to attend this service. We are expecting a large crowd, so come, come praying that the Lord will give us a good service and that lost souls will be saved. You are always welcome to attend the Assembly of God Church.

E. O. McElyea, Pastor.
By T. N. Sanders

First Baptist Church

We had a good attendance Sunday morning with 87 for Sunday School with an offering of \$83.83. There was also a good attendance for the evening service.

Next Tuesday night at 8:00 p. m. in the Jayton Baptist Church an expected crowd of 75 men will meet for their regular Brotherhood meeting. Bro. C. A. Powell, pastor at O'Brien, will be the main speaker. Mrs. W. E. Wade will sing a special, "The Wayfaring Stranger". All the men in and around Jayton are urged to

News Notes From Duck Creek S. C. D.

Two cooperators of the district are giving some attention this month to old cultivated fields that have become unproductive. Dr. T. H. Blackwell and Bud Smiley, both of whom own land north of Dickens, are attempting to put such fields on their places back to grass.

About 15 acres on Dr. Blackwell's ranch has been seeded to King Ranch Blue stem this spring. Last year Dr. Blackwell made a trial planting of this grass on an old cultivated field which was largely shinnery sand, and found it to be a drought resistant grass as well as a good forage producer. This year more of the same field has been seeded and a portion of the area seeded last year, on which the grass was killed out by heaving of the ground during the cold weather, was reseeded. Part of the seeding was accompanied by spreading King Ranch Bluestem hay, which had seed on it, over the area and some was seeded in rows.

Bud Smiley has made a trial planting of Blue Panic grass on 18 acres of sandy land. Smiley seeded the grass in 40 inch rows with regular planting equipment, and for protection from wind he left last year's combine stubble on the ground.

Spring moisture and favorable weather has brought out new growth on a 20-acre field of Western Wheat grass and Canada Wild Rye on Wallace Hinson's place at Red Mud. This mixture of "winter growing species" was seeded last fall but got a late start due to dry weather. A good stand came up after the seed germinated in January but a great deal of it was lost by the heaving and cracking action of the ground during the freezing weather.

A complete system of level terraces has been constructed on a 31.3 acre farm of Mrs. Lou Cheyne in Emery Spur Group. Almost 13 miles of large ridge terraces and 3042 feet of diversion terraces were built to district specifications.

To obtain better distribution of water and to check sheet erosion, Neal A. Chastain has built 5.8 miles of new terraces on his farm in Soldiers Mound group. Five miles of new level terraces have been completed on Mrs. Tom McArthur's farm in Morrison group.

New cooperative soil and water conservation plans for the operation of 13 farms covering 3323 acres in the district were approved by the board of supervisors in their meeting April 21. Plans were approved for Mrs. R. J. Hairgrove, 165 acres; Mrs. Lillie Gibson, 80 acres; Winkler Estate, 175 acres; J. B. Morris, 742 acres; Edwin Denson, 160 acres; W. J. Driggers, 165 acres; Mrs. T. L. Brantley, 160 acres; A. R. Scoggin, 21 acres; Preston Boothe, 26 acres; W. A. Webb Estate, 315 acres; and V. A. Johnston, 834 acres.

GIRARD YOUTH BITTEN BY RATTLE SNAKE

A son of Mr. and Mrs. John Gregory of Girard was bitten by a Rattlesnake last Saturday afternoon while he was helping his father repair a fence line. The youth was rushed to the Nichols Hospital in Spur for treatment. The latest reports indicated the boy was recovering.

Mrs. W. D. Vencil spent last week end in Carbon, Texas with her parents, Mr. and Mrs. W. S. Maxwell.

Naylan Vencil spent last week end in Spur with C. F. Cook, Jr.

be present. A barbecue supper will be served.

The women had a good meeting Monday evening with 11 present. Mrs. J. H. Bolch told a missionary story about China. All the women of the Church are urged to attend these meetings each Monday evening.

The subject for the sermon next Sunday morning is "Christ in the Home." The text is found in Joshua, 24-14-15. "Now therefore fear the Lord, and serve him sincerely and in truth, and put away the Gods which your fathers served on the other side of the flood, and in Egypt, and serve ye the Lord. And it seem evil unto you to serve the Lord, choose you this day whom ye will serve; whether the Gods which your fathers served that were on the other side of the flood, or the Gods of the Amorites, in whose land ye dwell: but as for me and my house, we will serve the Lord."

Everyone is invited to hear this message. Sunday night we will dismiss services and attend the Methodist Church. A film on the life of Christ will be shown. I am sure it will be worth our time to attend.

Attend Church somewhere Sunday.
C. C. Beaty, Pastor
by Marie Smith

Southwest Markets Show Gains And Losses

Both gains and losses appeared in the price picture of southwest farm markets during the last week, the U. S. Department of Agriculture's Production and Marketing Administration reports. Some products showed little change.

Eggs and poultry prices changed hardly any since a week ago. Current receipt eggs remained at 40 to 41 1-2 cents a dozen in North Texas, 41 to 44 in New Orleans, and mostly around 39 at Denver. Fryers sold around 30 cents a pound at the farm in northwest Arkansas, 32 to 33 at Fort Worth and Dallas, and 31 to 35 elsewhere.

Cattle eased slightly at Fort Worth but gained a little at Oklahoma City, as other southwest markets showed steady or mixed trends. Stockers and feeders increased in numbers. Medium hands from \$20 to \$25 at San Antonio and good stocker calves changed to \$18 at San Antonio. Oklahoma City moved good and choice stocker yearlings and steer calves at \$25 to \$28. Denver paid \$23.50 for good stocker steer calves.

Hogs recorded net losses of mostly 50 cents to \$1 at Denver and Oklahoma City but sold steady to strong for the week at Fort Worth and San Antonio. Prices fell during the week to the lowest levels since the end of price controls. Monday's closing top was \$18 at Oklahoma City, \$18.25 at Fort Worth and San Antonio, and \$18.60 at Denver. Dressed Pork lost \$1 to \$2 for the week at eastern markets.

Sharp gains at lamb markets Monday brought the week's advances to \$1 to \$2. Prices of dressed lamb were \$3 to \$5 higher for the week and sheep receipts at Texas and Oklahoma markets were vastly reduced. Good and choice spring lambs sold at \$28 to \$30 at Fort Worth, while medium and good lots reached \$26.50 at Oklahoma City. Goats changed little. Most kinds sold from \$3 to \$4.50 each at San Antonio.

Good 8 to 10 month Texas wools sold in Boston this week at an estimated cost of \$1.20 to \$1.25 a pound, clean basis. Mohair trade was very quiet.

Carlot shipments of Arkansas strawberries got under way this week. Markets held firm.

New cooperative soil and water conservation plans for the operation of 13 farms covering 3323 acres in the district were approved by the board of supervisors in their meeting April 21. Plans were approved for Mrs. R. J. Hairgrove, 165 acres; Mrs. Lillie Gibson, 80 acres; Winkler Estate, 175 acres; J. B. Morris, 742 acres; Edwin Denson, 160 acres; W. J. Driggers, 165 acres; Mrs. T. L. Brantley, 160 acres; A. R. Scoggin, 21 acres; Preston Boothe, 26 acres; W. A. Webb Estate, 315 acres; and V. A. Johnston, 834 acres.

Oats and barley lost around 3 cents for the week, but other grains sold unchanged to slightly higher. No. 2 white oats closed Monday at 86 to 87 cents a bushel in bulk carlots at Galveston. No. 1 wheat sold from \$2.38 to \$2.45 at Texas common points. No. 2 yellow Milo brought \$2.72 to \$2.77 per hundred pounds.

Cotton lost 75 cents to \$1.50 a bale at most markets. Spot middling 15-16 inch closed Monday at 33.05 to 33.15 cents a pound in Texas and Louisiana, and 32.60 at Little Rock.

Baptist Meet At Peacock Easter Sunday

The regular monthly meeting of the Stonewall Association Baptist for singing of Church songs was held at the Baptist Church in Peacock on Easter Sunday. There were forty-one present.

In addition to the songs by the congregation there were several special which included a solo, a piano number and a quartet, picked at random from the audience.

Bro. C. C. Beaty, pastor of the Jayton Baptist Church, is director of the group. Miss Sue North is pianist and Mrs. R. P. Hoy of Swenson is secretary and publicity chairman.

This group meets every third Sunday of each month from 2:30 to 4:00 p. m. in the various Baptist Churches of Stonewall and Kent county. Every one, whether affiliated with a church or not is invited to attend these singings. Those who love the Church songs are the people who make these afternoons enjoyable.

The purpose of these meetings is first of all for fellowship with one another. To promote better singing in our Churches and to help train our leaders of tomorrow. It is wholesome entertainment for the entire Church and especially for our young people.

The next singing will be with the Double Mountain (Beulah) Church third Sunday in May. We would like to see you there.

—Mrs. R. P. Hoy

Seniors To Present "Mountain Justice"

The Senior Class of Jayton High School will present their play, "Mountain Justice", Wednesday night, May 4, at 8:00 p. m. The play will be presented in the high school auditorium.

The play is a three act comedy and everyone is invited to attend.

In "Mountain Justice" you will see an honest and decent group of mountain people who are about to be swindled out of their prized possession—their home.

Johnny Matthews, played by John Henry Mayer, has had 'schoolin' and tries the case in the cabin where the crime was committed.

Each character has an important and amusing part to play and you will be glad to know that justice emerges triumphant.

The cast of characters includes: Grandma Slocum — Jimmy T. Cave
Pa Slocum — Wylie Hall
Clarabelle — Ima Jo Healer
Clementine — Evelyn George
Johnny Matthews — John H. Mayer
Uncle Elmer — Johnny Davis
Aunt Betsy — Nancy Donoho
Mrs. Cheatham — Juanell Harrison
Mrs. Gaither — Alma Joy Koonce
Eberly — Hugh Kissick
Jonathan Hatfield — Billy Cade
Director and Sponsor — R. E. Cooper

The proceeds of this play will help the Seniors finance their trip which is to be made as soon as school is out.

Grice Places 2nd In Regional Meet

The following boys were qualified in the district track and field meet at McAde to take part in the regional I track and field meet held at Lubbock last Saturday: Bill Sartin, Johnny Davis, Hugh Kissick, Jimmy Grice and Frank Sandell. Jimmy Grice placed second in the 100 yard dash and is eligible to participate in the state track and field meet at Austin. Jimmy also took fourth place in the running broad jump. Frank Sandell placed fourth in the shot put. All five of the boys made it through the preliminaries to the finals in each event entered, including the 440 relay.

Grice is working hard at the present time preparing himself for the state meet.

Ronnie Brantner placed second in Junior Declaration. He placed first in this event at the District meet.

Red Cross Drive Nets \$237 In County

The results of the 1949 Red Cross drive in Kent County was announced this week by P. D. Allen. The goal for the County was \$182.00 and the final tally by communities showed the following results:

Clairemont	\$64.00
Antelope	\$ 8.50
Polar	\$20.00
Girard	\$64.00
Jayton	\$80.50

TOTAL — \$237.00

The Red Cross organization of the County has paid out the following amounts during the last year:

Hospital and Doctor Fees	\$50.00
Assistance on Fire Losses	\$120.00
Food for Needy Families	\$15.00
Phone Calls and Telegrams	\$13.21

TOTAL EXPENSE — \$198.21

The Committee Chairmen and Committee members of the various communities wish to thank all who assisted in raising the quota in the 1949 drive.

Culture Club Meets With Mrs. L. B. Taylor

The Jayton Culture Club met in the home of Mrs. L. B. Taylor, April 20. Mrs. C. R. Kelley presided for the business session. Minutes of the last meeting were read by Mrs. Bob Duncan, secretary.

PROGRAM

Bible Day
So great is my veneration for the Bible that the earlier my children learn to read it, the more confident will be my hopes that they will prove useful citizens to their country and respected members of Society.

—John Q. Adams
"The Ten Laws of Righteousness"
Mrs. C. J. Robinson
"Madonnas of the Bible"
Mrs. M. D. Fuller

Mrs. P. D. Allen gave a report on the 28th Annual Convention of the 7th District, Texas Federation of Women's Clubs that was held at Lubbock.

Refreshments were served to 12 members and one visitor, Mrs. Kendall.

Cliff Miller Injured In Truck Accident

Cliff Miller was seriously injured Monday morning when a butane truck he was driving overturned about six miles north of Aspermont on highway 83.

Cliff, Jayton driver for the McClain Butane Co. of Spur, first was taken to the Aspermont Hospital for first aid treatment and later to the Stamford Sanitarium.

Stamford Sanitarium authorities reported that Miller suffered several fractured ribs, a punctured lung and several lacerations about the head. His condition at the present time is considered fair.

Sheriff Arthur E. Brown of Stonewall County investigated the accident, and said that apparently the truck left the pavement about a hundred yards before it overturned.

Brown said the cab of the truck was extensively damaged. The tank was full of butane, he said, but did not explode.

104 Farm Units For Homesteading

One hundred four individual farm units of about 130 acres each have been opened for homestead settlement on the Heart Mountain Division of the Bureau of Reclamation's Shoshone Project in northwestern Wyoming, according to K. F. Vernon of Billings, Mont., director of Bureau's Region 6.

Included in the opening, the third on this division since the end of World War II, are 12,073 acres of irrigable land. The average farm unit contains 116 acres of irrigable land and about 15 acres of non-irrigable land suited for pasture and other purposes. Veterans of World War II are given preference of application.

Applications for the irrigable farms received by the superintendent of the Shoshone Project at Cody, Wyo., by 2 p. m., July 12 will be considered simultaneously filed. Copies of the public notices, application forms and detailed information about the opening may be secured from the regional director's office, 200 E. 12th St., Billings, Mont., or from the Shoshone Project office.

One hundred of these 104 units are near Ralston, Wyo.; the remaining four are three miles north of Cody. The units have never been cultivated. Canals, laterals and other structures to bring the irrigation water to the farm units have been constructed by the Bureau of Reclamation.

Applications for the farm units received before the close of the simultaneous filing period and which are complete, including proof of veterans, will be entered in a public drawing to establish a priority by which veterans will be considered for the available farms. Following the drawing, the applications will be reviewed by an examining Board composed of local citizens and one Bureau of Reclamation employee. If the applications are found in order and the applicants meet all requirements, they will be allowed to select farm units in the order established by the drawing.

Minimum requirements provide that the prospective homesteader must have had the equivalent of at least two years of full-time farming experiences after reaching the age of 15, have \$3,000 in cash or useful assets, must be of good health and character, industrious, and be able to meet the requirements of the homestead and reclamation laws.

The Bureau of Reclamation plans to make available to the new homesteader for use as farm buildings, the approximate equivalent of one barracks building at the Heart Mountain Relocation Center midway between Cody and Powell, Wyo. As an incident to the completion of the project, the Bureau will assist entrymen, in appropriate cases and on a reimbursable basis, in clearing and rough leveling of the land and in the layout of farm ditches and irrigation structures.

The soils on the Heart Mountain Division are well adapted to irrigation farming. Major crops are expected to be beans, peas, alfalfa, sugar beets, clover, small grain and potatoes. Livestock raising and fattening will be another major activity on the new farms.

Regional Director Vernon reported that 50 farm units, containing about 5,900 acres of irrigable land and about 600 acres of non-irrigable land are slated for opening later this spring on the Riverton Project in central Wyoming.

Application forms can be obtained by calling at the County Agents office here in Jayton.

"and!!"

ONCE AGAIN THE FROG BAND PLAYS—Yes the frog pond on the square, the same old one, is full and the frogs have made their first concert of the year. Wednesday noon a local shower gave the immediate area around town 1 inch of good hard rain. Wednesday night a general rain covered the entire country. It looks as though this might be one of these rare 'wet years' for West Texas. The wheat crop is looking fine and the early corn is growing by leaps and bounds. Yes, these rains look mighty good to the people of this country.

Pres. Fred Kinney and the other members of the Spur Lions Club are to be complimented for the fine Minstrel show they put on at the Jayton High School auditorium Monday night. As you know the local Lions Club received the entire proceeds from the show. E. Ray Dunlap, secretary-treasurer of the Jayton Club, tells us that the ticket sales amounted to \$170.00 and the expenses were \$25.90, leaving \$144.10 profit from the show. If any of you happened to miss the Monday night show you can see the same show either Thursday or Friday night at the High School Gym at Spur.

We have been receiving many reports proclaiming the benefits of the use of D. D. T. as an insecticide. AND, we have also been receiving reports, indorsed by the same organizations, denouncing the use of D. D. T. So in order to avoid confusion we have the following suggestion to make. If you like to use D. D. T. use it. If not, get something else to kill off your insect pests.

In the good old days a man could be down to his last buck and still know where his next 3 meals were coming from.

The response to the notices we sent out explaining that many subscriptions were delinquent has been

very good. We have not as many as we had in the past and as a result we must take their names off the mailing list unless we receive the necessary cash by next Thursday, May 5th. Of course if you have something to trade we could probably make a deal. Don't forget folks this is the last chance you have to get your subscription in.

BOYCE HOUSE "Gives You Texas"

I have never been a petition-signer. For one thing, I don't think anybody pays much attention to them—not even the people who sign them.

Just to prove this point, a fellow circulated a petition and when folks asked what it was about, he replied, "Oh, just a move for public improvement." So they signed without reading it, 308 of them—and it was a petition that the district attorney was hanged.

And one of the signers was the district attorney.

There was one petition I did sign. The circumstances were these:

The town bully, under the influence of several drinks, entered a cafe, flourished a six-shooter and made a waiter jump back and forth over the counter, and threatened to kill him. The waiter went out, got a gun and came back.

Meanwhile the bad man, seating himself at the counter, remarked to the customer next to him, "Take your time about eating that soup because, when you get through, I'm going to shoot you." This threat took away the customer's appetite but the gunman commanded, "Eat," and motioned with his pistol.

It was at this point that the waiter re-entered and shot the tough guy to death.

Instead of the authorities giving the slayer a gold medal for rendering a public service, they had him arrested and indicted, tried him and convicted him, and this was in Texas, too.

I signed a petition for his pardon and the petition worked, in a way. For he did not serve any time. The accused was granted a new trial and when his case was called again, he just didn't show up.

Neal O'Hara writes, "The hardest and most nearly indestructible substance in the human body is the dental enamel." Says you! And me with 97 fillings.

No, Neal, the hardest substance is the solid ivory head of a columnist who makes such a statement as yours.

JUSTLY FAMOUS

For over 110 years, American farmers have known and respected the name *John Deere*. It's a name that means *quality* and *dependability* in farm equipment.

Regardless of the John Deere machines you choose... tractor, plow, mower, grain drill or any other implements—you'll find them constructed of high-grade materials by skilled workmen. This quality of construction is, in turn, your assurance of efficient, economical performance throughout the long life of John Deere Equipment.

For all-around satisfaction, it will pay you to choose John Deere *Quality* Farm Equipment. See us soon.
