Number 22

Wheat Prices Drop As Storage Space Filled

Claims that grain elevators are refusing to store grain for farmers but have sufficient space for wheat bought at below-market price have no basis on fact, elevator men said Wednesday.

Upon learning that J. Walter Hammond, president of the Texas Farm Bureau Federation, said at Waco that the elevator companies' refusal to store farmers' wheat will force the sale of grain below the government price of \$1.87 per bushel, the elevator operators declared that their storage facilities are crowded and they can not store grain if space is not available.

Three Fort Worth elevator men agreed that wheat probably is selling below the \$1.87 support price, as charged by Hammond, but explained this is a natural result of last year's bumper crop and the heavy new crop now being harvested.

As to available space, one operator explained that milling interests have for years leased space in public elevators and those leases are still good. Other operators stated that elevators are still heavily loaded with the old crop bought by the Commodity Credit Corporation and the government has been slow in ordering the outward movement of the crop.

Most operators said that Hammond's prediction that the wheat price will drop to \$1.25 per bushel is "anybody's guess." One operator said wheat prices, like those of corn in other areas, are dropping but he expressed doubt that prices will be so drastically reduced as a result of inability to meet government requirements for storage before loans can be made.

Hammond declared that the elevators "have storage though for all the wheat they can buy at a below-support price." He added that he has a report that wheat has sold at \$1.55 per bushel in the Wichita Falls area, about 32 cents below the government support price.

As harvest was 15 per cent complete in Haskell County wheat had been unloaded from trucks on vacant lots for drying before shipping.

Truckers were picking up the wheat to haul to terminal markets. Some was being shipped by local buyers but no space was available for loan wheat in local storage.

There will be plenty of wheat in the streets and vacant lots in the Texas wheat belt before the season gets too far gone, grain men and farmers believe. All storage is filling fast.

Services Held Monday For Mrs. S. J. Roberts

Funeral services for Mrs. S. J. Roberts, age 62, who died Sunday at 9:30 a. m. at the family home, was held Monday at 3 p. m. at the First Baptist Church in Stamford.

Mrs. Roberts had not been well for some time and died of a heart ailment.

The funeral service was conducted by Rev. Miles B. Hays, pastor, and burial was in the Highland Cemetery in Stamford near the grave of her husband who was buried on July 4, 1947. Kinney Funeral Home was in charge. Mrs. Roberts was a faithful member of the Baptist Church.

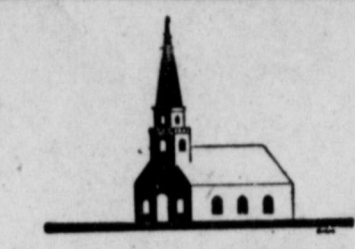

Mrs. Roberts was the former Ella Fredonia Heath. She was born at Freedom on March 27, 1887. She was married to Mr. Roberts on July 15, 1911, at Jacksboro. They moved to Stamford 31 years ago.

Survivors include two sons, Leon Cherry of Port Arthur, a son by a former marriage, S. J. Roberts, Jr., of Houston; Three daughters, Mrs. Gaines Webb of Stamford; Mrs. Spencer Woodruff, Odessa and Mrs. H. Cobb Wade of Lubbock; Six grandchildren, one great-grandchild, two brothers and two sisters.

NOTICE

Anyone having a surplus of green beans and would like to donate them to the P. T. A. are urged to call Mrs. Ben Boland.

Miss Pat Hall is visiting relatives in Jayton this week.

WITH THE CHURCHES

The Methodist Church

Sunday School 10 A. M.
Services 11 A. M.
Sermon: "Out of the Hearts Come the Issues of Life"
Sunday Night Services 8:15 P. M.
Young People and Juniors 7:15 P. M.

Our Vacation Bible School begins Monday, June 6, and continues through June 10. It will begin at 8:30 each morning and continue until 11:00. Registration will be June 4 at 10 o'clock at the Church.

We want your child to attend our vacation school. Everyone from 4 years of age to 15 is invited to attend. We shall be glad to bring your child to the school and back home if you are unable to do so. There will be Bible stories, songs, worship, games and various other activities in this school.

Your Methodist pastor has been returned here for another year. He now holds Deacon's and Elder's orders in the Methodist Church, being ordained an Elder Sunday afternoon by the Bishop of the Methodist Church in this Conference.

This is the beginning of a new year. Let us all work together to make this world a better place to live. We can begin here in Jayton to do that very thing. You are always welcome in the Methodist Church. Come Sunday.

L. B. Taylor, Minister

First Baptist Church Jayton, Texas

Sunday was a beautiful Lord's day and we had 75 for Sunday School and 45 for Training Union. We should have better attendance on such beautiful days but there are always some who have to make excuses. We have solved one excuse several people make by saying it's too hot in the church house. A new air conditioner was installed last Saturday. So don't stay away because you think it is too hot. There is a department for every member of the family. From the tiniest baby to the oldest person, so come and fill your vacancy in the church. No one can take your place.

We had a good prayer meeting last Wednesday night led by Bro. Bill Harrison. He read some scriptures and explained it in his own words. The discussion was open to everyone.

Last Friday we had a good number of children and parents present for the opening of the playground. Several games were played, refreshments were served and the group gathered in the church to sing songs, read the Bible and have prayer before they returned home. An enjoyable time was had by all.

Tuesday night was also Church Night and there were approximately 40 boys and girls present beside the parents. Additional lights have been obtained to make the lighting system better. Other improvements are to be made later. We are proud of our young people and are trying to entertain them with the cleanest of entertainment. Everyone is invited to attend on these play nights, there are games for the older people to play so come out and have a good time with the rest. Every Tuesday night the church will sponsor the playground but you can play any night you wish.

Our Vacation Bible School starts June 20. Children of all ages are invited and urged to attend. Many interesting and useful things are taught in Bible schools.

May we show our love to God by attending church somewhere Sunday. Live every day better than you did the day before. Some one is watching you daily so set before them a good example.

Bro. C. C. Beatty, Pastor
Marie Smith, Reporter

Wheat Harvest Well Under Way In Texas

Harvest was getting well under way Saturday afternoon, May 28, in most North-Central Texas counties lying just south of the Red River, according to a report from the Texas Employment Commission. Heavy rains Saturday night stopped all activity. Reports from various counties indicate that unless additional rainfall is received, cutting will be resumed in most of these counties by Tuesday of this week. The grain is ready and the equipment and workers are on the ground standing by waiting for the ground to dry so cutting operations can continue. The local wheat is ripening fast and by the last of next week the wheat harvest in Kent county will probably be in full swing. The prospective harvest is expected to average about 10 bushels to the acre for the entire county. The wheat of Elbert Walker's and that grown by Dewey Lansdown looks as if it will be ready to cut in only a few days, only a few green spots still show.

Assembly Of God

The Lord wonderfully blessed all of our services the past week. When we go to Church we are always blessed and feel better if we go to get something out of the services. Many people go to Church and never know what the preacher preached about after they get home. When a man hears and obeys he is changed. Different characters in the Bible have become known for certain outstanding characteristics. We hear of "Doubting Thomas" and "Peter who denied his Lord" and "Peter as Job". However, they did not always show the characteristics for which they have become known. Peter did not always deny his Lord. Thomas did not always doubt, nor was Job always patient. What changed them?

Peter is spoken of as the disciple who denied his Lord. All of us deny our Lord at times by our lack of testimony. We sit by the world's fire and refrain from embarrassing ourselves by testifying. Peter did more than this, he looked at the face of Jesus, he wept, he went to the empty tomb, he preached and thousands were converted. Wouldn't it be kind if we spoke of Peter as the disciple through whose ministry thousands were converted?

While Jesus was on earth Thomas was willing to lay down his life for him, but the fact of Christ's resurrection was too much for him. He said he could not believe unless he saw. He lingered eight days with the other disciples to see if Christ would reappear. When He did, He did not rebuke Thomas but showed himself to him. When Thomas saw the Lord he changed, making a complete confession of faith. "My Lord and My God."

In James 5:11 it speaks of the patience of Job. Was Job always patient? In Job, the third chapter, he cursed the day of his birth. That doesn't sound like patience. God rebuked him; and reminds Job of His wonders and Job becomes patient. God has been more patient with us as individuals than we realize.

We had good crowds in all of our services with visitors from Aspermont, Swenson, Cone and Fort Worth.

Our Young Folks Rally will be Friday night, June 10, everyone is welcome. Come worship with us.

E. O. McElyea, Pastor.
By T. N. Sanders

Vets Agriculture Class Experiment With Flax

Members of the Jayton Veterans Vocational Agriculture Class have started an experiment this spring in an attempt to find a new money crop for farmers of this area in the event that cotton and wheat allotments are established.

The class, taught by L. E. Turbeville, secured several bushels of flax seed early this year and planted the seed in acre plots over the county in order to determine if such a crop could be grown in this area. The members of the class planting the seed were: Buddy Page, J. B. Gibson, Jimmy Montgomery, Don Spradling, Ray Smith, Nick Page and Purvis SoRelle. The flax was planted in all types of soil; from deep sand to heavy tight land and according to Mr. Turbeville all plots

Duck Creek District News Notes

Rain, varying in intensity from mild showers to heavy downpours, fell over most of the Duck Creek Soil Conservation District recently. The heaviest rain occurred near Gilpin, where between four and five inches were recorded. Hail accompanied the rain in some places, causing some damage to wheat crops.

Damage to terrace systems and to terraced fields was relatively light. A new terrace system on the W. A. Webb Estate place in Lower Second Creek group was slightly damaged but did an effective job of water spreading. Jessie Powell a cooper from Steel Hill group, got good results from his level terrace system. A good job of water spreading and soil holding was observed on E. D. Prown's farm in Lower Second Creek group. W. J. Driggers reported no damage to his new terrace system on his farm in Sare Branch group. Soil Conservation Service technicians assisting the Duck Creek District observed that most damage to terraces occurred where system had not been maintained and especially where the ends of the terraces were not properly opened.

Cover crops, crop residue management, terrace systems, contour farming and range conservation were some of the conservation practices observed last Thursday by the supervisors of the Duck Creek Soil Conservation District. This tour was made in conjunction with the regular business meeting. Business was attended Thursday morning and at noon the supervisors were guests of the Spur Rotary Club. Following the luncheon the men toured the district to inspect complete conservation programs that have been established.

Rapid growth of rye and vetch cover crops have been noticed in the district since the weather became warmer. Most of the vetch has made abundant growth in the last two weeks and is in full bloom. Wayne Beadle in Lower Second Creek group, Cesar McInty in North Red Mud group, Vergil Wilson in Soldiers Mound group, and Ted Goodwin in Beef Hollow group are some of the men who have good cover crops this year.

Grasses that are important to this area can currently be seen at the Spur Security Bank. The Duck Creek Soil Conservation District will have on display those grasses most commonly found in the district as they come into growing season.

Savings Bonds Drive Off To Slow Start

Kent County has achieved 30 per cent of its quota in the Opportunity Drive for sale of Series E Savings Bonds, Judge E. V. Peek, county chairman, announced today.

The drive officially opened May 16 and sales for this county through the first week totalled \$600, according to a sales report received from Savings Bonds headquarters in Dallas. The county quota is \$2,000. The report carried the sales through May 21 only.

Mozell de Cordova attended the Texas Hair Style Clinic at Lubbock last week end.

Mr. and Mrs. Glenn Hancock visited Mr. and Mrs. W. D. Hancock in Lubbock last Sunday and attended the Texas Tech graduation exercises. W. D. was a member of the graduating class.

Seniors Return From Trip To New Mexico

"and!!"

We made a little trip out in the country the other day with L. E. Turbeville, and looked at some of the flax some pupils in his Veterans Agriculture class have planted on an experimental basis and we were surprised to find that the flax was actually thriving in this country, to harvest very soon.

On the way out we noticed that the wheat and other small grain was almost ready for harvesting, and that a lot of cotton is up and also that the weeds are almost as bad on some of the farms as they are in our back yard. Farmers have a fight on their hands, for the next few weeks it will be a weed against man and machinery battle.

First Farmer—It rained so much the past week I can't walk across a field anywhere on my farm without miring up to my knees.

Second Farmer—That's nothing. It's so wet on my farm the sun had to go in low gear to get across.

We understand that the grasshoppers have begun a full scale invasion of the Harmony area and the farmers are putting out poison in an attempt to control the pests. Remember you can get the poison you need by contacting the County Agent. Don't let the 'hoppers' get the jump on you, make use of the poison that is provided for by the government.

Doing business without advertising is like whining at a girl in the dark—you know what you are doing, but no one else does.

It is Rodeo time in this part of the country. The Spur Cowboy Jubilee will begin this afternoon and the 3rd Annual Kent County Amateur Rodeo is slated for June 15, 16, 17, and 18. So get out your big hats, boots and bright shirts, saddle up that old cow pony and take a part in these local Rodeos.

Back in the days of ancient Athens there was a brilliant teacher of law and in his class, was a brilliant pupil. But the young man said, "I am no longer able to pay you and will have to drop out."

The instructor replied, "Go ahead and finish the course and then you can pay me when you win your first case." The young man agreed—but, after he was licensed to practice law, time went by and he did not get a case, so at last the teacher sued him for the tuition fee.

When time came for argument, the teacher said, "Gentlemen of the jury, it is a matter of supreme indifference to me how you decide this case because I am bound to win. If you decide in my favor, I will win by virtue of your verdict and if you decide against me, I will win by virtue of the agreement, which was that he would pay me when he won his first case."

The young lawyer proved that he was indeed an apt pupil. He said, "Gentlemen of the jury, I too do not care how you decide because I am bound to win. If you decide in my favor, your verdict will mean that I am released from the agreement and if you decide against me, the agreement will save me because I was to pay when I won my first case and I will be losing it."

In El Reno, Okla., there is a sign, "Temple of Truth." It is a barber shop.

Brief description of a short line railroad in Missouri, "Twin streaks of rust."

The Seniors returned Saturday, May 29, from their trip into New Mexico, which began the previous Saturday.

We arrived in Carlsbad Saturday evening, where we spent our first night. We camped out in the City Park, along with many other classes who were also taking their annual trip. The following morning we went through Carlsbad Cavern, which stands out as one of the most impressive events of our trip. Incidentally, if you are planning to go through the Cavern, Jimmy T. could give you a few pointers on how to get rocks. John Henry was looking forward to seeing "Old Faithful" in the Cavern, and was greatly disappointed when informed that he was in the wrong National Park.

After our trip through the Cavern, our fisherman, James, as well as the others, was ready to camp out and fish, so we came back to Texas and pitched camp at Red Bluff Lake on the Pecos River. We remained there for two days, long enough for Hugh and Johnny to get a nice suntan. Bill found out that a bathing suit isn't very appropriate to wear fishing in noon-day heat. We all enjoyed fishing but we were ready for the mountains.

We went through Lincoln National Forest, and saw the saw mills, which was something new to most of us. While we were in the Mountains, Mr. Cooper's aunt and uncle took us on a scenic drive.

Next we went to Alamogordo where we spent the night. The high altitude there isn't so pleasant on sensitive ears, according to Wylie. Late that afternoon we went to see the White Sands; this was also very impressive to us. We also saw the Bottomless Lakes—which are very pretty and unusual.

Early the next morning we went to Juarez, Mexico. We spent a most enjoyable day there, and returned to Alamogordo for the night.

By this time everyone was ready to settle down in one place for a while, so we went to Ruidosa. Here we spent the remainder of our trip bowling, seating, etc. In case anyone would like instructions in bowling, Mickey and Evelyn would be very capable instructors.

In conclusion we wish to thank Mr. and Mrs. Cooper, Mrs. Mayer and Mrs. Cave, who accompanied us, for their help in making this a wonderful trip, which we shall never forget.

Peek Family Reunion Last Sunday, May 29

The Peek Family had their reunion Sunday, May 29, at the home of Mr. and Mrs. R. Z. Chisum. A very delicious dinner was served, under the shade trees in the yard. Forty eight persons were present for the occasion.

Those attending were: Mr. and Mrs. Clark Peek and family, Girard; Mr. and Mrs. E. V. Peek and family, Clairmont; Mr. and Mrs. Lamar Peek and son, Girard; Mr. and Mrs. Clark Peek and family, Plainview; Mr. and Mrs. Rabe Cox, Jayton; Mr. and Mrs. Wilson Hagins and Nelda, Spur; Mrs. Pearl Chisum, Jayton; Mr. and Mrs. Elmer Thompson, Dickens; Mr. and Mrs. Buster Chisum and family, Jayton; Mr. and Mrs. Edgar Fisher and boys, Stamford; Mrs. Clifford Dyer and Della, Girard; Mrs. Joe Cheyne and boys, Jayton; Mrs. Robert Koonce, Jayton; Mrs. Horace Peek and daughter, Crane, Texas; Mr. and Mrs. Arsvill Peek, Amarillo; Mr. and Mrs. Arlie Maxwell, Amarillo; Ima Jean York, Jayton; and Mrs. Bural, Girard.

U. S. POPULATION NOW 148,527,000

The population of this country reached a new record high of 148,527,000 on April 1, the Census Bureau estimated Wednesday.

That reflected a growth of 580,000 during the first three months of 1949. The same growth was recorded in the first three months of last year.

The estimate included almost 1,000,000 persons in the armed forces overseas, along with 147,034,000 civilians.

Buddy Wright of Spur visited his sister, Mrs. W. D. Duboise and family last week end.

"Be Your Age" Is Advice To Vacationers

There is an old slang expression that would make a good slogan for living a longer and more comfortable life, and that is "Be your age". According to State Health Officer, Dr. Geo. W. Cox, many persons injure their health and endanger their life through indulgence in exercises and vigorous sports unsuited for their age and physical condition.

"While a young man in prime condition may benefit from a fast game of tennis, older men and women have been known to collapse and suffer serious heart attacks following such a game. The same thing applies to golfing, swimming and other vigorous sports," Dr. Cox said.

During the hot summer months, it is of especial importance that you know your physical limitations, and indulge in only such activities as will benefit, and not harm your physical condition.

"Persons of middle age should never participate in activities requiring violent physical exertion, and should confine their physical exercise to such bounds as their doctor prescribes," Cox asserted.

The State Health Officer suggested that all persons of middle age be examined by their physician, before planning their summer vacation activities. A vacation can easily be more exhausting than refreshing, and in such event, more harm than benefit results from the time thus spent. Fishing, boating, hiking in moderation, and many other light recreations can be engaged in by the older people who must avoid heart strain, and it is a wise precaution to have your Doctor advise you as to what sort of vacation you should plan.

Mr. and Mrs. John Fowler and boys left for Austin last Saturday to visit Mrs. Fowler's mother, Mrs. Murphy. Mrs. Fowler will remain in Austin and attend the University during the summer months.

Mrs. M. E. Bond and Eunice Huls have returned home after visiting in Coleman, San Angelo and Big Lake.

Mrs. Lou Cheyne, Zephia and Maxine York are visiting relatives in Red River County this week.

LEGAL NOTICE

NOTICE is hereby given, in accordance with Art. 5400a of the R. C. S. of the State of Texas, that the Board of Trustees of Clairemont Common School District No. 1 of Kent County, Texas will, on the 13 day of June, A. D. 1949, lease for oil, gas and mineral purposes, under and by virtue of the aforesaid article of the Statutes and on order of the County Board of Trustees of Kent County, Texas, the following described tract of land, to-wit:

A part of Section No. 10, Block No. 98, of the H. and T. C. Ry. Co. Surveys in Kent County, Texas, fully described by metes and bounds as follows:

Beginning at a point on the East line of said Section No. 10, which point is 2,720 feet south of the Northeast corner of said Section 10, for the N. E. corner of this tract;

Thence West 834 feet, a point for the N. W. corner of this tract;

Thence South 420 feet to a point for the S. W. corner of this tract;

Thence East 834 feet to the East line of said Section No. 10 for the S. E. corner of this tract;

Thence North 420 feet to the place of beginning, and containing 3 acres of land.

Said oil, gas and mineral lease will be made on said date at two o'clock P. M., at the office of the County Judge of Kent County, Texas, to the highest bidder for cash, and the right is reserved to reject any and all bids.

Dated this 11th day of May, A. D. 1949.

BORAD OF TRUSTEES OF CLAIREMONT SCHOOL DISTRICT NO. 1, KENT COUNTY, TEXAS

Mr. and Mrs. Bob Duncan returned home Tuesday after attending the Duncan family reunion at Hollis, Oklahoma.

Mr. and Mrs. Don Wright of Memphis, Texas visited in Jayton last week end with Mrs. E. Ray Dunlap and boys.

Uncle Sam Says

Flag Day, June 14, holds significance for every American. Under the waving Stars and Stripes each citizen knows that he still possesses the most cherished of all ambitions—freedom and opportunity. He also knows he can retain these just as long as our country is economically sound, and he knows, too, that one of the most effective methods ever devised to keep it strong is an investment in U. S. Savings Bonds. Your purchase of Savings Bonds strengthens not only your own economy but your country's, as well. If you are not now enrolled for the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank, now is your BIG CHANCE to start.

U. S. Treasury Department

The gasoline age has modified a Biblical injunction. Sunday is the day of arrests.

Every year hundreds of motorists crash into sides of trains, according to the National Safety Council. In no instance has the railroad been put out of business.

Mr. and Mrs. J. S. Hinds and Nancy, visited her parents in Hedley last week end.

Mr. and Mrs. Monroe Davis and children had business in Spur last Saturday.

Here is the official National Cotton Council portrait of the 1949 Maid of Cotton, brown-eyed Sue Howell of Bakersfield, Calif. The pretty Maid is now in the midst of her glamorous international tour as the cotton industry's fashion and goodwill ambassador. As King Cotton's official representative, she will visit more than 35 major cities in the United States, England, and France. On her tour the Maid wears a beautiful collection of cotton costumes created especially for her by 30 of the nation's top designers.

Mr. and Mrs. R. G. Donoho, Nancy and Bobby Guinn had business in Abilene Tuesday of this week.

Walton Davis, Jr., who finished Tech this week, left for Dallas Monday where he will be assigned as boys councillor for a summer camp for boys near Dallas.

WHEN A KITCHEN IS *PRACTICAL* and *PRETTY*

... OF COURSE—IT'S *Electric!*

There was a time when you had to choose between a pretty kitchen and a practical one, but not nowadays. An All-Electric Kitchen is both practical and pretty. It is practical because you base your plans on an Electric Range, Electric Refrigerator, Electric Dishwasher, and plenty of electric outlets for the convenient use of electric mixers, waffle irons, toasters and many, many other electrical appliances. Around these appliances you build "Electric Time-Saving Centers." This equipment does so much of your work for you automatically that you'll have more time for leisure. And it's pretty, because there's practically no limit to what you can do decoration-wise with an All-Electric Kitchen. If you plan to build or remodel, our Home Service Department will be glad to help with your kitchen plans. When a kitchen is both practical and pretty ...

OF COURSE — IT'S *Electric!*

A MODERN KITCHEN INCLUDES

<p>Refrigeration Center, built around your electric refrigerator which provides ample food storage and large freezing capacity. Adjacent work surfaces provide space for food preparation.</p>	<p>Dishwashing Center, featuring electric sink with automatic dishwasher and garbage disposal unit. The Electric Dishwasher handles not only dishes and silver, but pots and pans as well—washes them shining clean, and dries them without wiping.</p>	<p>Cooking Center, with electric range as central unit. The Electric Range provides safety, better meals—due to controlled heat—coolness, easier cleaning, durable, reliable simplicity, and beauty plus economy of operation.</p>
---	--	---

ADEQUATE WIRING: This simply means: 1. Large enough electric wires. 2. Enough circuits. 3. Plenty of outlets and switches.
