

Bank Opening Set For 4th of August

THIS WEEK ... IN JAYTON

Have you heard this one? Sales clerk to person paying bill. Have you got a penny?

A lot of people around Jayton think they are ruined, especially some of the elderly people. After having had the same post office box for some forty years, with the simple two dial opening device, they now have new boxes, with exacting combinations. One man said: I don't think I ever will learn to open this blankety blank thing.

We can see now that there are going to be some safety hazards connected with the parking around the post office, unless people are careful to obey traffic regulations.

Barking out across the highway, turning around in the middle of the street, and double parking will all create dangers that will eventually cripple or take the life of some one.

We, too, have noticed that some people will carelessly block the driveway, and entrance, to the other businesses nearby.

Eventually, we suppose, the people will learn to watch these things, but being used to the other place, where parking was plentiful, and traffic light, it may take awhile.

If traffic police should suddenly decide to enforce driving and parking regulations in that area, some one would be in trouble for sure.

Jayton and Kent County continue to thrive and grow. With dates set for the opening and dedication of the bank, the new post office and the nursing home, we also see new businesses being opened.

Keith Galbreath of Girard is putting in a jewelry repair business in the back of the insurance office, or the old city water office.

The new barber shop has opened in the building with the lawyer Fred Store.

Mrs. Richards is building a new home for the flower shop, adjoining the new residence on Highway 70 across from the nursing home.

Shirley Oakley has purchased Mary's Beauty Shop, and installed more new equipment, and added a new operator, Mrs. C. W. Fincher.

Mrs. Woodrow Murdoch and her daughter are taking beauty courses, and plan to open a place here, where they have finished.

Dr. A. R. Mancille has opened offices in the clinic. All of this within the last two months or so.

Then, too, not many months ago the Jayton Cleaners opened here.

If the people of Jayton and Kent County want to see our community grow, and be even better able to serve the needs of the people, let us patronize these people at every opportunity.

GIRARD BAPTIST CHURCH TO OBSERVE ITS GOLDEN ANNIVERSARY PROGRAM

Former Jayton Woman Awarded OU Scholarship

Fox-Vilet Pharmaceutical Scholarships have been awarded to ten outstanding senior pharmacy students, according to a recent announcement by L. F. Hammond, president of the wholesale drug firm.

The \$125.00 pharmacy scholarships are awarded semi-annually by the Fox-Vilet Drug Company, wholesale drug suppliers servicing a six-state area from offices in Wichita, Kans.; Oklahoma City, Okla.; Pueblo, Colo.; and Albuquerque, N. M.

Recipients of the award from O. U. College of Pharmacy are Mrs. Beth Harrison Mays, Jayton, Texas; and Mr. Robert J. Wallis, Lawton, Oklahoma.

Mrs. Mays, who is now employed at the Mercy Hospital pharmacy in Oklahoma City, plans to remain in Oklahoma. She commutes to Oklahoma City from her home in Edmond, Oklahoma, where her husband teaches at Central College.

Mr. Wallis, who has worked for Self-Serve Drug at Norman during his senior year, plans to return to Lawton, where he will be employed at Gilbert-Wood Drug.

A Muddy Fish Pond Means the Loss of Good Soil

Recent heavy rains made many Kent County farm fish ponds muddy. Several in the Duck Creek Soil Conservation District, however, remained clear. The silt-colored ponds attest to costly erosion, while the clear waters reflect better soil and water conservation. Any good fishpond can be protected against muddiness. The most common sources of erosion are pastures which were grazed too closely, unpaved roads, and bare roadsides, field borders, and cropland. A better sod, with more grass cover not grazed too close, will stop the erosion in a pasture. Strip-cropping and more crop residue turned into field soils will reduce the washing of topsoil from these valuable lands. Field borders can be planted with vegetation for wildlife. A pond can be protected from roadside erosion if grass cover is planted in roadway drainageways, or with a terrace-type waterway to divert muddy water around the pond.

Muddy ponds produce a poor poundage of fish. The life-length of the pond itself is shortened rapidly by silt. A pond is a barometer of erosion versus good water. Most cooperators in the Duck Creek District are trying to keep it reading "clear".

Mrs. Roger Porter and a daughter Sabrina of Odessa are here spending this week with her parents, Mr. and Mrs. Truman Murdoch.

Mr. and Mrs. Vernon McGregor of Graham visited Mrs. L. E. Browning last Saturday night. Mr. McGregor is Mrs. Browning's brother.

The First Baptist Church of Girard is making plans for a homecoming Sunday, July 15th—marking the 50th Anniversary.

All former pastors, members, and friends of the church are invited.

Former pastors will be invited to speak and a special song service is being arranged by Glenn Spradling.

Two charter members are still in regular attendance and active in the church.

They are Mr. and Mrs. M. A. Darden who helped organize the church in 1912. Lunch will be served at 12 noon by the host church.

Census Bureau Has Endless Job Making Surveys

Contrary to popular belief, the U. S. Census Bureau does not fold its tents and fade away between the big 10-year population and housing counts, according to Director James W. Stroud of the Bureau's permanent regional field office at Dallas. The Dallas region covers the States of Arkansas, Louisiana, Oklahoma and Texas.

Mr. Stroud points out that nine major censuses will be conducted between now and the next decennial census of 1970. The first of these major censuses will be the 1962 census of Governments which is conducted every five years. Then comes the five-year Census of Business, Manufactures and Mineral Industries. These will be taken in 1964 and 1969, covering business operations in 1967 and 1968 respectively. The Census of Agriculture will be conducted in 1964 and 1969.

In addition to these major censuses, the Bureau carries

4-H CLAIMS 23 MILLION ALUMNI, HONORS MANY Awards Program In 10th Year

The 4-H Clubs of America can claim the largest alumni of any co-educational youth organization in the world.

Today's former 4-H members number nearly 23 million men and women, according to the Federal Extension Service. They can be found in virtually every rural community and in cities as well.

Within the next decade, an even larger number will reside in suburban towns and big cities because 4-H is rapidly extending into these areas as the farm population continues to shrink. The latest U. S. census reports the smallest farm population in history in proportion to the entire population. About one person in 12 resides on a farm.

Awards Given
The national 4-H Alumni Recognition program was launched just 10 years ago when 4-H graduates numbered about 15 million. Its purpose is to inspire today's youth by citing men and women who credit 4-H with making a valuable contribution to the success and satisfaction they now enjoy.

Award sponsorship of this unique 4-H program was under-

The big day in Jayton will be August 4th. Mark this on your calendar.

In a meeting Thursday morning of the board of directors, it was agreed that opening day for the bank will be August 4th, according to bank president Hobert Lewis.

The bank will open in the morning, and accept business. Then at noon there will be a big barbecue, at which everyone will be invited and welcome. In the afternoon the bank will hold open house, Lewis said.

Also, on the same day, Postmaster Rex Alexander plans to have formal dedication of the new postoffice. At this affair will be the regional director from Dallas, possibly Congressman Graham B. Purcell, and postal officials from all over the area.

County Judge D. J. Young, says also on this day open house and formal dedication of the Kent County Nursing home will be held. Cooperating in this program will be Pike Nichols, operator of the home.

This day will mark the successful culmination of many years of hard work by many civic minded people of Kent County—a bank, a fine home to care for the aged people of the county, and a modern, air conditioned post office.

Mark it on your calendar, Saturday, August 4th, a red letter day in Jayton and Kent County.

out a wide variety of current surveys on a monthly, quarterly and annual basis. Topics covered in the current surveys include employment and unemployment, population characteristics, health, housing, retail and wholesale trade, manufacturing, and related subjects. The purpose of the current surveys is to supplement and keep up to date the detailed information collected in the major censuses.

The Current Population Survey, conducted 12 times a year, is probably the best known Census Bureau interim activity since it provides monthly information on employment and unemployment. Information obtained by interviews in 233 sample areas.

Cross-Country Trail Leads Quartet to Jail

Three teen-age boys, and a girl, caused quite a flurry among local law enforcement circles Monday. It all began when Wayne A. Stanaland ran up on the group at his farm ranching the place. As he arrived they made a quick and hurried exit.

The Kent County Sheriff's Department, and the local unit of the Texas Highway Patrol quickly got an alarm and set up road blocks.

Thursday morning, Kent County Attorney, Dawson Bryant, filed complaints against the 3 boys in Justice Court,

Earl Hall. He charged them with breaking and entering with the intent of committing the crime of theft. They are now in jail in Stonewall where they are being held for the action of the grand jury.

Tuesday's Lubbock Avalanche Journal gives the following account of their subsequent apprehension and arrest:

Four Florida youths who traveled crosscountry in a stolen car were nabbed in a canyon area near here Monday afternoon and were being questioned by South Plains and

West Texas area officers late Monday.

Stonewall County Sheriff Charles Gibson said burglary charges were filed in Aspermont following a break-in early Monday on the Stonewall-Kent County line.

Arrested were Michael Johnson, 18, Tom DeMaia, 18, Alfred McGrath, 17, and a 14-year-old girl, all of whom gave Miami, Fla., as their place of residence.

Constable Allen Meurer, Slaton, nabbed the suspects in a canyon three miles north of Slaton near F-M Road 400.

Camped in Canyon

A description of the car in which the quartet was believed to be traveling had been broadcast to West Texas points Monday morning following reported burglaries in Kent and Stonewall counties.

Gibson and Meurer said the youths admitted burglarizing places at Vernon, Crowell, Paducah, Roaring Springs, near Aspermont and at Clairmont.

Meurer said the group had made camp in the canyon when he found them about 5 p.m. Two of the men first were arrested, then another wandered into camp and the girl was called from behind a bush, where where Meurer said she was sitting with a rifle aimed at him.

Found in the camp were six rifles, a pistol, groceries, clothing flashlights, jewelry and bedding.

Highway Patrolmen Jim Singleton and Kenneth Walters who helped Meurer take the suspects to the police department here said the 1961 model, compactstyle automobile the youths had driven here from Florida had been abandoned south of Posey.

Two of the men had walked back to camp from the car. The youths told patrolmen they were in Lubbock during the afternoon and heard on commercial radio they were being sought as burglary suspects.

Singleton said he was told they planned to make their way to Mexico.

Kent County Deputy Richard Brownlee said a Clairemont residence of Rufino Alvarado was burglarized of small change, jewelry and food Monday morning while two women of the household who heard someone breaking in were hiding in a closet.

The women, officers said, gave deputies a description of the car.

Car Description Gained

About an hour earlier, on the Kent-Stonewall County line, Wayne Stanaland, who resides at Jayton, drove to a vacant house he owns and surprised three men and a girl burglarizing the residence. The quartet fled but Stanaland gave Gibson a description of the vehicle in which they were riding.

Gibson said he did not have a list of missing items but indicated food, clothing, guns and cameras stored there had been taken.

Patrolman Singleton said the car belonged to Sydney Wheeler, Miami, sister of Johnson. The vehicle reportedly was taken last Tuesday and federal officers were in Slaton talking to the suspects late Monday.

Gibson said he planned to return the suspects to Aspermont, where officers from Crowell and Vernon were waiting late Monday.

POST OFFICE OPENS IN NEW BUILDING MONDAY

Junior Rodeo Set at Lubbock

Entry blanks are now available for the First Annual Lubbock Junior Rodeo, sponsored by the Lubbock Junior Chamber of Commerce, in Auliff's Sports Arena. The indoor rodeo to be held July 19-20-21, is approved by the A.J.R.A.

The rodeo is open to boys and girls nineteen years old or younger and will be divided into three classifications, twelve years old and younger, thirteen through fifteen, and sixteen through nineteen. Many events have been scheduled for all classifications. Girls twelve years and younger can participate in the barrel race, pole bending, flag race and break-away calf roping. Girls thirteen through fifteen are eligible for the break-away calf roping, barrel race, pole bending and flag race. Those girls sixteen through nineteen will compete in ribbon roping, pole bending, bar-

The Jayton Post Office opened Monday in new quarters, on Texas Highway 70, one block north of the court house.

Due to technical and personal difficulties encountered in the erection of the building, it was not completed, but by agreement of the owners of the building, John and Jim Montgomery, and Postal officials, move was completed, and the building will be finished during after hours of the office.

John Montgomery said Thursday, he was accumulating workmen and material, and planned to get the most of the work done over the weekend.

The postal department has issued all new equipment and all new boxes for this building, and everything in it is completely new.

The first few days have really been hectic for the local postal staff as they have been working with unfamiliar box set-ups, in unfinished surroundings, and all the patrons being assigned new boxes, and having difficulty getting them opened. But by Thursday morning, things had begun to settle down to normal, Postmaster Alexander said.

Tom Cox and family of Kaufman visited the E. R. Cox family Tuesday and Wednesday.

Crady Browning and family were guests of his mother, Mrs. L. E. Browning Saturday night and Sunday.

Janelle Murdoch is visiting friends in Breckenridge this week.

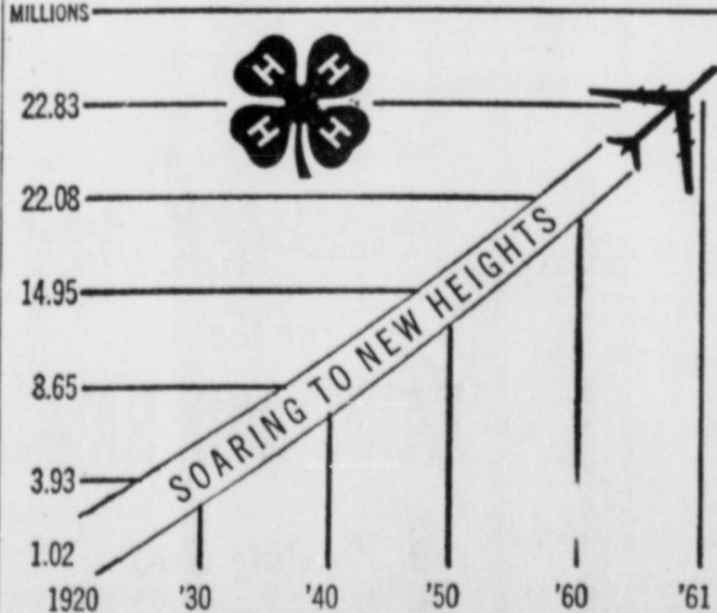

rel race and break-away roping.

Boys twelve and under may enter four contests, these being pole bending, break-away roping, flag race and barrels. The events offered for those thirteen through fifteen are tie-down roping, ribbon roping team, pole bending and barrels. Those sixteen through nineteen will compete in bareback bronc, ribbon roping, tie-down roping and bull riding.

Entries may be taken to Auliff's Sports Arena, three and a half miles south of the traffic circle on the Tahoka Highway in Lubbock, or may be mailed to Jack Auliff, Route 6, Lubbock, Texas, or to the Lubbock Junior Chamber of Commerce Office, 1803 Broadway, Lubbock, Texas.

All entries must be received by 1:00 p.m. July 17, 1962.

22.8 million alumni reflect 4-H Club growth

taken at its inception by Olin Mathieson Chemical Corporation, Chemicals Division - Agricultural, of Little Rock, Ark. The Cooperative Extension Service supervises selection of award nominees.

Since 1953, the national gold alumni key has been presented to 80 men and women from 35 states. Several thousand have gained county and state recognition and awards. They represent occupations or professions ranging from homemaker to astronaut.

Candidates may be nominated by anyone. Nomination forms can be obtained at the County Extension office. A judging committee then selects two individ-

uals who best measure up to standards set for meriting county 4-H alumni certificates.

Plaque to Four

From all those receiving county recognition, as many as four can be chosen for the state award. The winners receive a handsome, engraved, burnished copper and walnut plaque.

Eight national award recipients are invited to Chicago to attend the National 4-H Club Congress as guests of Olin Mathieson. Each is presented with the 4-H alumni key during the annual alumni banquet attended by 500 national and state 4-H leaders, educators, business officials and other friends of 4-H.

Girard News

Guests in the home of Mr. and Mrs. Bill Chapman are her parents, sister and children from Commerce.

Attention--the Ex - Students Meeting will be July 17. Everyone is asked to come, bring cake and home-made ice cream, and any idea you might have for the enjoyment of homecoming, which will be August 18.

Little Electra Fincher celebrated her 2nd birthday Saturday night in the home of her parents, Mr. and Mrs. Al Fincher. Those present were Mr. and Mrs. Charles Carr and children, Mr. and Mrs. Orwin Stephens, Markie, Debbie Goodall, Mr. and Mrs. Lewis Williams and children, Mrs. Galloway from Hermalee, Sheree and Jo Randy returned home with their grandmother for a week.

Supper guests Sunday night in the Lewis Williams home were Mr. and Mrs. Frank and Don of Spur.

Mr. and Mrs. F. O. Bural received word their niece, Mrs. W. A. Messer (the former Margretta Bural) had surgery recently and is still very sick.

Mrs. Lucy Rucker accompanied Mrs. Roy Nance to Mrs. Henry Styles where they enjoyed a short visit.

Guests in the home of Mrs. Loretta Gunn were her daughter, Mr. and Mrs. Doyce Mitchell and Don of Lubbock.

Mr. Mickey Blackwell of Lorenzo spent Thursday night in the home of his mother, Mrs. Opal Blackwell.

Mr. and Mrs. John Brantner had business in San Angelo Friday.

Mr. and Mrs. Jess Brooks made a trip to Rotan Sunday and visited her mother, Mrs.

Woodson.
Mrs. Orwin Stephens and Martha Kay had business in Loydada Monday.

Mr. and Mrs. Tommie Eubanks and family of Lubbock

visited over the weekend with her parents, Mr. and Mrs. Willis Pearson. They left Charles, where he will remain for some time.

Mrs. Lamora Page is home again after spending some time in California.

Mr. and Mrs. Russell Wright and girls were weekend guests of her parents, Mr. and Mrs. Jimmie Hahr.

Dinner guests of Mrs. Lola Wright Monday was a cousin, Mrs. Opal Sterling of Lubbock.

We welcome Rev. and Mrs. Richard Bobbs into our community. They are formerly from Sylvester. He is pastor of the Baptist Church. We wish them happiness while in our midst.

Elizabeth Williams is home from Midland where she visited an aunt, Mrs. Ava Cobb recently.

Mr. and Mrs. Cecil Spray visited her mother, Mr. and Mrs. John Criswell in Odessa.

Mr. and Mrs. Lewis Williams are expecting his brother, Jessie Williams from Oregon Tuesday.

Wednesday dinner guests in the home of Mr. and Mrs. G. H. Brown were Mrs. Horster North and mother, Mrs. Milton Sandels of Jayton.

Mrs. Bud Luna drove to Nickels Rest Home Sunday and brought Uncle Jim Edwards to have dinner in their home. His sister, Mrs. Maude Luna was a guest also.

Saturday guests in the home of Mr. and Mrs. Loyd Rudder were Mr. and Mrs. Don Browning and Jana Rarce of Tarraka. They brought Mrs. Rudder home after she had spent a week.

Mr. and Mrs. W. A. Gardgal, Two-Girard had as guest last week her sister, Vergie Sikes of Breckenridge, and a granddaughter, Nancy Jo of Mid-

Now why would Martha put laundry in the freezer?

Flameless electric living is a way of life, nowadays.

Sometimes this wonderful way of life in the world of women brings about strange sights—sights that are incomprehensible to the mere man. Often, a man sees things more marvelous, even, than laundry in the freezer.

That's because Martha . . . and all the Marthas served by West Texas Utilities Company . . . knows better than anyone (even us) the many ways to live better, electrically.

All right, Mister—why does she put laundry in the freezer? Ask the inventor; she will also show you other ways her family uses flameless electricity for a better life.

This ad was suggested by Mrs. E. Womack, Commercial and Service Division, Dallas.

Mr. and Mrs. John Allen Kelley and children and Harold Murrell spent last week end at Ruidosa, N. Mex. with Mrs. Claud Kelley and Claudine Kelley, and she came home with them to visit a while.

Mr. and Mrs. Bill Sartain and girls visited a few days last week in Denver City with his parents, Mr. and Mrs. W. M. Smith and Mrs. Smith came home with them to spend a few days.

Mrs. Wayne A. Stanaland was having her daughter, Rita, checked by a doctor for a slight injury from a fall off her bicycle.

Mr. and Mrs. Grady Jones and Melva Dean spent last week end at San Antonio with Mr. and Mrs. George Jordan and other relatives there.

CHILD FATALLY INJURED

The three year old daughter of Mr. and Mrs. Al Fincher of Girard was run over by a car Thursday morning and died within a few hours.

She was rushed to a Lubbock hospital. No details are known by the Chronicle as we go to press.

Mrs. Woodrow Murdoch is in the Spur Hospital.

Carl Jones took sick Thursday and is in the Spur hospital.

Linda Winsetta of Ft. Worth spent the past week here with her grandparents, Mr. and Mrs. E. E. Spicer and Sandra.

Mrs. John Montgomery and Mrs. M. D. Fuller spent last week end at Lubbock with part of their children.

Mike Lowry is in Wisconsin attending school there for the summer.

Mr. and Mrs. Ted Beckham and children of Portersville, California and Mr. and Mrs. Tom Wade and two children of San Angelo, and Mr. and Mrs. Cobb Wade and Joe Gayle Hicks and son of Snyder spent last week end here with Mr. and Mrs. Hollie Wade and children and Mr. and Mrs. Med Wade.

Mrs. Bobby Hicks spent last week at Dallas in her athletic work and dance school and left the two children, Ronnie and Dusty here with her parents, Mr. and Mrs. Monroe Davis and Kenneth.

Mrs. T. W. Huhes returned to her home at Palestine, Tex. last Sunday after a week vacation here with her sister, Mrs. Ivey F. Murdoch.

Darwin Murdoch visited in Odessa, Texas last week with his sister, Mr. and Mrs. Roger Porter and Sabrina.

Bobbie was in a store with his mother, when he was given a stick of candy by one of the clerks.

"What must you say, Bobbie?"

"Charge it," Bobbie replied. In Colonial Days, 85 farm workers could produce enough food for themselves and 15 other people. Now the equation has been reversed — 15 farmers raise enough for themselves and 85 others. That means that vast armies of people are able to work in factories which produce automobiles, radios, televisions, kitchen appliances, and so on — the things that make life better for all of us. This is the American way.

Mr. and Mrs. Arden Lee Walker and two children of Idalou, Tex. spent the past week end here with their parents, Mr. and Mrs. Elbert Walker and Mrs. Doela Meyers.

Mrs. Beryle Murdoch of Lubbock visited with her husband and family last week end while he is still farming.

Mr. and Mrs. Chas. C. Robinson and daughter, Nancy and her two children of San Antonio went to Bakersville, California last week to visit their daughter, Marjorie Louise and two children and get Mrs. Tenie Wilson who was visiting there and brought her home, coming back by Wheeler, Tex. where they visited Mr. and Mrs. Harold Kenady and children.

Mr. and Mrs. Ray Culver and two children of Matador Texas visited the Murdochs the past week end.

Mr. and Mrs. Dale Gleggham of Artesia, N. Mex. and Mr. and Mrs. Gib Patterson and wife of Freona, Texas visited Mr. and Mrs. J. W. Sewalt Thursday.

FROM PAGE ONE

of the country is combined to furnish statistics for rational estimates. Information on migration, income, school enrollment, and other pertinent subjects is collected from time to time in the Current Population Survey in addition to the facts on employment and unemployment.

Approximately 35,000 households throughout the country are included each month in the current Population Survey. These households are selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all classes of the population, and all types of areas of the country — large cities, small towns, rural areas, and so forth.

"Don't expect to enjoy the cream of life if you keep your milk of human kindness all bottled up."

An Illinois concern has set up offices for its retired employees. Available are desks, phones, and secretarial help. The retired employees are under no obligation to the company, but their seasoned judgment may be requested regarding the company's business. This is an aid to the company, and a definite benefit to busy men who suddenly find themselves without something to do.

"No," said the wealthy Baron Fothchild to a man who wanted to borrow money from him, "but I will walk with you arm in arm across the floor of the Exchange." Prestige is a tremendous business asset.

A traveling man, visiting a large factory, said to the manager that he could pick out all the married men among the employees. Accordingly he stationed himself at the door as they came back from dinner, and mentioned all those whom he believed to be married; and in almost every case he was right. "How do you do it?" asked the manager, amazed. "Oh, it's quite simple," replied the traveler, "quite simple. The married men all wipe their feet on the mat; the single men don't."

JOB OF MAKING YOUR NEWSPAPER

NEW YORK—Canada's newsprint producers who provide more than 70 percent of the American supply, have just finished a key phase of the job of making paper for next year's newspapers. This is the annual Spring drive, in which millions of pulpwood logs cut in the backwoods last

Fall and Winter are floated downriver to the mills. Most of the paper made from these logs will reach U.S. newspapers during 1963.

Details of the drive are explained by the Newsprint Information Committee, composed of a representative group of the Canadian mills.

Tossing one log in the river to float downstream is simple and costs nothing. Tossing in some 40 million logs is both complicated and costly. From the air, a lake or river full of logs looks like a tub of bath water into which have been dumped twelve boxes of cornflakes. The latter eventually would present certain problems for the plumbing and these problems have their counterparts in the complex river drive.

Annual Push Records for one such river operation show that the annual push requires the services of 300 men to move a million cords 189 miles. It takes 150 days and almost a million dollars.

As the thaw builds up the head of water in the lakes and rivers, the logs are enclosed

in booms which are towed into position behind the dams. For this job and kindred work, the inventory includes 20 power boats, 10 outboard motors, two derricks mounted on scows, ten other scows, and four house-boats.

Holding Ponds

Men are posted at the dams day and night to open the sluice gates for passage of the logs when wind and water conditions are right. Detailed arrangements are worked out with the power authorities so that there will be adequate water flow for both the log drive and generation of electricity.

On the trip downstream, eight power dams have to be passed by the logs. Intermediate holding ponds are set up where logs are again assembled behind dams at various stages of the trip so that they can be sent onward with sufficient momentum of wind and water behind them.

One company finds that Indian employees are especially good at understanding the ways of weather and river and turning them to best advantage for the drive.

Citation by publication
 THE STATE OF TEXAS
 To any Sheriff or any Con-
 stable within the State of Tex-
 as, Greeting:

You are hereby commanded
 to cause to be published once
 each week for four consecu-
 tive weeks, the first publica-
 tion to be at least twenty eight
 days before the return day
 thereof, in a newspaper print-
 ed in Kent County, Texas the
 accompanying citation, of
 which the herein below follow-
 ing is a true copy.

Citation by Publication
 THE STATE OF TEXAS
 To: All persons claiming any
 title, or interest in land un-
 der the will of E. E. Wallace
 deceased, dated September 4,
 1928, and under a partition
 deed dated Nov. 25, 1959, ex-
 ecuted by E. E. Wallace Jr.,
 G. M. Wallace and Ida Sue
 Johnson, and husband, G.
 W. Johnson, wherein such per-
 sons and those who take their
 respective shares under the
 will of E. E. Wallace, deceas-
 ed, are grantess, and to all
 of the unborn children and

descendants of E. E. Wallace
 and to all of the unborn chil-
 dren and descendants of E. E.
 Wallace Jr., G. M. Wallace and
 Ida Sue Johnson, Defendants.
 Greetings.

You are hereby commanded
 to appear before the Honora-
 ble District Court of Kent
 County at the Court House
 thereof in Jayton, Texas, by
 filing a written answer at or
 before 10:00 o'clock a. m. of
 the first Monday next after
 the expiration of forty two
 days from the date of the is-
 suance of this citation, the
 same being the 13th day of
 August, 1962, to Plaintiff's
 Petition filed in said court
 on the 22nd day of June 1962
 in this cause, numbered 1045
 on the docket of said court
 and styled E. E. Wallace Jr.,
 Plaintiff, vs. E. A. Wallace,
 et al Defendants. The Plaintiff
 in said suit is E. E. Wallace Jr.
 and the Defendants are Ida
 Sue Johnson and her husband
 G. W. Johnson, G. M. Wallace,
 Judith Gay Wallace, E. A.
 Wallace, Sidney Wallace John-
 son, Johnson, James Edward
 Wallace, William Bruce Wall-
 ace, Shaun Wallace, Vickie
 Johnson and Weldon Clay
 Johnson, and the persons to
 whom this citation is directed.
 A brief statement of the
 nature of this suit is as fol-
 lows to wit:

Plaintiff seeks the appoint-
 ment of a receiver to make
 an oil, gas and mineral lease
 covering an undivided one-
 half (1-2) interest in the north
 one third (north 1-3) of sec-
 tion No. 49, Block G, W&NW
 RR Company survey, in Kent
 County, Texas, containing
 213.33 acres, alleging that E.
 E. Wallace Jr., has a life es-
 tate therein under the above
 mentioned will of E. E. Wall-
 ace, and under the above men-
 tioned Partitioned Deed, that
 the remainder interest therein
 is contingent, that it is to the
 best interest of all parties to
 the suit that said land be
 leased by a receiver for oil,
 gas and other minerals. The
 interest of all of the Defend-
 ents is as possible and con-
 tingent remaindermen under
 the will of E. E. Wallace, de-
 ceased. The nature of the
 suit is more fully shown by
 Plaintiff's Petition on file.

If this citation is not served
 within ninety days after the
 date of its issuance, it shall
 be returned unserved.

The officer executing this
 writ shall promptly serve the
 same according to require-
 ments of law, and the man-
 dates hereof, and make due
 return as the law directs.
 Issued and given under my
 hand and the seal of said
 Court at Jayton, Kent County,
 Texas this the 22nd day of

June, 1962.
 Attest: Gerald Fincher, clerk
 District Court of Kent Coun-
 ty, Texas. By Barney Murdock,
 Deputy. Seal
 June 29, July 6, 13, 20.
