smooths bumps better than a bulldozer

If all roads were superhighways, Chevrolet's remarkably smooth and silent ride might be just another luxury. But as most town and country roads will demonstrate, this is one Chevrolet advantage that's mighty easy to get excited about. (The way those four deep-coil springs put the kibosh on bumps, you'd almost think Chevrolet was working for the highway commission.) The '63 Bel Airs, Biscaynes and Impalas are equally easy going on upkeep. Brakes are self-adjusting. New Delcotron generator s-t-r-e-t-c-h-e-s battery life. FLAMELESS

ELECTRIC HOME HEATING IS

WARM as toast- SAFE from burns!

"There's never a worry when you have electric baseboard heating" says Mrs. C. E. Woods, 2126 Glendale in Abilene. "This is the second winter we've heated electrically, and it's the best thing that's happened for baby comfort and safety since the invention of the safety pin." Glynda Woods is feisty-two-year-old who plays variously on the floor and up on chairs, couch and bed. Glynda is warm and comfortable any where in her electrically heated home.

Ask West Texas Utilities about the low Ic winter rate er home heating and the many types of modern tameless heating available to you.
