Regional Co-Champions With Oklaunion

"We had it, but we let it get away" is about the best way to describe the regional championship game unrehearsed here last Friday night.

The Oklaunion fans came in droves to the game and they let it be known all their hopes were resting on eight boys and the red shirted boys did everything within their power to get them a victory.

Had the Oklaunion bunch been the type to quit, they would have gone home empty handed. But by putting all they had into the game all the time, they managed to pull out a tie and to share the title with the Jaybirds.

Strangely enough, with only seconds to play, most of the Jaybirds thought they had stemmed the tide of red shirts and had a victory. But the ball didn't choose to bounce that way.

Leading 20 to 14 with less than a minute on the clock, the Jaybirds managed to freeze an Oklaunion drive at the one yard line. But when the Birds took the ball, Oklaunion also put up a brick wall defense.

In two plays it looked like they were going to get backed up into the endzone, so a quickie was attempted on third down. However this fooled no one, and the tidal wave of red shirts came across the line so fast and furious that the kick was blocked. There was a mad scramble for the ball,

it rolled across into the playing field, was slapped back in to the end zone and then covered by Oklaunion giving them 6 points. Then a pass in the end zone tied up the ball game.

To further put the jinx on the Jaybirds the visitors came back with a short kick and managed to get possession of the ball.

With only time for one play Oklaunion decided to be satisfied with a tie, and grounded the ball as soon as it was snapped and that spelled the finish.

Oklaunion won the toss at the beginning of the game and chose to receive. They took the ball at the

goal line, ran it out to the 20. They made a first down, then failed to make their yardage and punted.

Jayton took the punt at the 25 and moved up to the 30. In three downs they failed to make a first down and punted to the 8 where it was taken and moved to the 16.

Oklaunion made another 1st down, ran three more plays then got off a fine pass but had it nullified by an infraction of the rules.

Jayton took over on their own 30. They moved the ball up field in a nice drive that was climaxed by a 25 yard touchdown pass from Murrell to Byrd the first play after the end of the first quarter.

Smith passed to Kyle for the extra points play, and the Jaybirds had them a nice fat 8 point lead.

Oklaunion took the kick off at the 10 yard line, ran 3 downs for very little gain and punted out of bounds at the Jayton 15.

Jayton ran three plays and could not move and got off a bad kick to their own 33.

Oklaunion had a nice drive in the making and then fumbled and lost the ball at the Jaybird 11.

The Jaybirds got in two plays when the whistle ended first half activities.

Coming back at the end of half time activities, Oklaunion kicked off to the Birds. Harold Murrell took the ball at the 5 and gave it to William Smith at the 10. In a fine display of team effort and some good broken field running he ran it all the way into the end zone, but the try or the extra points failed and now the Jaybirds held a 14 to 0 lead.

Oklaunion had come back after the half all fired up and this was not to deter them.

In about four plays they moved the ball all the way and across the line for a TD but missed the extra point try.

Jayton took the kickoff at the 9 and ran it back to the 29.

They ran three downs and picked up a first down. Then Oklaunion stole one of their

passes and moved to the 32. In a drive down field, right up the middle of the Jaybird line they scored again, and again missed the extra points letting the Jaybirds hold the edge on the 14-12 score.

Still in the game the Jaybirds came back fighting.

Now, trying mostly the screen pass which Oklaunion had defended cold, they Jaybirds took a penalty, and then on a long haul from Murrell to Kyle the deficit was made up and following this Murrell loped 30 yards to paydirt and put the team back in the front with a 20 to 12 lead.

They could not put on the extra 2 points insurance which they later needed so badly.

Oklaunion took the kick at the goal and in 5 plays had a set up of first down and goal to go, but for all their might could only get to the 1 yard line where they ran out of gas.

Jayton tried desperately to get the ball out of their front door but could not move it an inch. On third down they tried a quick kick and it exploded in their face, being blocked and then covered in the end zone for an Oklaunion touch down.

They then made the 2 points trying the game.

Kicking off, Jayton fumbled the short kick and Oklaunion took possession and kept it until time ran out, the game ending in a 20-20 tie.

This gave Jayton, not the coveted Regional Crown which they wanted so badly, but the co-championship with Oklaunion which is nothing to be ashamed of.

The graphic arts lost one of its better craftsmen this week in the passing of Willie Starcher, the shop foreman at the Texas Spur.

We had only met Starcher a time or two, as we visited in the shop there at Spur but by reputation he was known as a fine printer, a hard worker, and a very important cog in the newspaper wheel in Spur.

Men of his calibre in the trade are not seen every day. We know his family and the newspaper family at Spur are missing him badly. It will take some time for the Texas Spur and the people of Spur to learn how to get along without him. But he has punched his last key, and cast his "30" slug, and we say so long to a master craftsman.

Last summer while scouting around we ran onto a motto in a variety store in Paducah which we purchased for a dime and have it hanging on a wall in our humble sanctum sanctorum. It says in effect that we get too soon old, and too late smart. How true.

If we could figure out a way to put hind sight up in front of our decisions would not be so difficult. Our little village was chock full of people with hind sight Saturday morning. Every one of the down town Saturday morning quarrel backs knew exactly why we lost the victory Friday night, and what it would have taken to have won. Saturday morning vision is perhaps one of the cheapest commodities we have. Every one wants to sell and no one is buying.

We are only going to quote one topic of discussion that we heard kicked around which we think is worth repeating. And that is that no one connected with our team seemed to know what time it was. Some of the strategy employed, every one felt sure, would not have been employed, had they known exactly how much playing time was left.

This was followed up almost immediately by the chant of why don't we get a clock for the field? About this time Chas, Champion came along and he became the target of the questioning. He dodged the questions neatly by telling them to put it up to the school board. Members of the school board that we heard questioned said in effect that they had no room for it in this year's budget but might consider putting it in next years budget.

A peculiar thing about this ball game, Ok launion was as happy as they could be and accepted it as a victory. On the other hand Jayton people were sad and considered it as a loss.

Actually, statistically, it may have more appropriately been the other way around.

Here are the facts: Jayton was bi-district last year and was beaten in the region game. So this was an advancement for them this year. They ended the season in better position than the year before. And at the beginning of the season the Jayton coach was quoted as saying that he would be happy to know they could win four games.

On the other hand Oklaunion was the returning regional champs, and this was a coming down for them. Such is life. We admit there were some

JAYTON GIRLS WIN TWO GAMES FROM ROTAN

The Jayton girls won a easy conquest over the Rotan sextet, away from home Tuesday night 67 to 25 behind the sharp shooting of Sharon Moore who hit the hoop for 24 points.

The Jayton femmes took an early lead and never let up. At the end of the first quarter they had a 29-5 bulge on the score board and this was widened to 35-12 by the half time.

The only relatively close quarter was the third when the home team tossed in 8 while holding the Jayton group to 12. But the lady Jaybirds came back strong in the finale 20 to 5.

Marsanette Cox helped the cause considerably with 17 points. Carol Sandlin hit the hoop for 15 and Carol Johnson

added 10. Pauline Gruben was high for the Rotan team with 9.

In a preceding B team game the margin of victory was not quite so wide, but they too won 30 to 25.

In fact they were behind at the end of the first quarter, 6 to 7 and at the half 14 to 16.

They outplayed the home group 1 to 6 in the third quarter and then blanketed them and wrapped up the victory with a 9 to 3 final quarter.

Bonnie Boydston spearheaded this group with 15 points and close behind her was Yvonne Reed with 12. Debra Wall came in for 3.

The teams are playing in a tournament at Hamlin this week.

Local Women To Enter District Make It With Wool Contest Dec. 8

By Mrs. Agnes M. Marrs, Kent County HD Agent

Mrs. Hugh Turner will represent Kent County in the district contest of the National Make It Yourself with Wool Contest. She will model a cream and white coat and will wear a matching color fur hat.

She will carry a coffee colored patent purse and shoes to match, with gloves matching her coat.

The district contest will be held in the Home Economics building of Texas Tech at 3 p. m. on Saturday afternoon of Dec. 8.

Mrs. Turner is a member of the Girard Home Demonstration Club and has participated in tailoring workshops held in the county within the past few years.

Others who made garments in the county workshop on sewing with wool were Mrs. Ben Boland, Mrs. G. L. Hamilton, Mrs. Gordon Morin, Mrs. Jimmy Johnston, Mrs. Billy Wilson, Mrs. Gerald Boland, Mrs. Mark Geeslin, Mrs. Jon Allen Kelley and Mrs. Merle Jay. Coats were made by Mrs. Jay and Mrs. Turner, suits

were made by Mrs. Kelley, Mrs. Geeslin, Mrs. Boland, Mrs. Wilson, dresses were made by Mrs. Hamilton, Mrs. Gerald Boland, Mrs. Morin and Mrs. Jimmy Johnston.

Mrs. Jimmy Johnston will be hostess at her home for an Achievement Tea on Saturday, Dec. 15 from 2 to 4 p. m.

At that time those who have made garments will model them for the public.

Others who will model garments or hats which they have made will be those who have participated in other tailoring workshops held by the County Home Demonstration Agent, Mrs. Marrs.

All who are interested in seeing the ladies model their costumes are cordially invited to attend.

This is the 15th Annual Make It Yourself With Wool Home Sewing Contest and is conducted by the Womens Auxiliary of the National Wool Growers Association and the American Wool Council.

Mrs. Agnes M. Marrs is the Kent County Chairman for this activity. Kent County has participated in this contest with 41 girls entering the contest until this year since 1958.

Those who have made wool garments in tailoring workshop or just for entering the contest or just for most gratified with the things they have learned and the garments which they have made. Training on choosing accessories as well as patterns materials and equipment for working with wool has been included in the workshop and training meetings.

FARMERS TO VOTE IN COTTON AND PEANUT REFERENDUM DECEMBER 11

Kent County farmers may cast ballots in the referendum on marketing quotas for the 1963 Upland Cotton crop and the 1963, 1964 and 1965 crops of peanuts at three places, the County ASCS chairman Hal-Dean Cave announced.

The referendum will be held on December 11 and the polling places are Longs Service Station in Girard, Judy's Cafe in Clairmont and in the lobby of the court house in Jayton.

Local Beauty In McMurry Finals

Miss Bobbie Lou Parker of Jayton is one of 16 finalists in the McMurry College Totem Beauty contest.

The Totem beauties are featured in the Totem, McMurry Colleges Yearbook each year. Of these 16 eight will be chosen as Totem Beauties and the other eight will be runners up.

The final winners will be announced at a later date, by Mrs. Billie Powers, the year book sponsor at McMurry.

Baptists Set Big Dinner for Wed

The families of the First Baptist Church and Sunday school members and their families are invited to attend a dinner Wednesday Dec. 12 at the school cafeteria. The children, 11 and under, will be taken to the church at 6:30 for an exciting children's party planned by Mrs. Dick Judy. The rest of the family is invited to attend the dinner which promises food, fun, fellowship and inspiration beginning at 7 p. m.

Featured speaker of the evening will be the Rev. Leonard Hartley of Hamlin. Special music on the program will be provided by the Intermediate and Young People choir under the direction of Bob Hamilton.

There will be no charge, no offerings, no solicitations, says the pastor, and no embarrassment.

ing or high pressure features are planned. This is an event worth cancelling all other engagements. It is expected to be the largest congregational dinner in our church's history.

By the time you read this Mrs. Ray Smith and the other women on her committee will

Polls will open at 8 a. m. and close at 6 p. m. it was announced.

Farmers eligible to cast ballots in the referendum are the ones who were engaged in the production of cotton in 1962.

Farmers eligible to vote in the peanut referendum are the ones who produced more than one acre of peanuts for nuts in 1962. This includes the farmers whose 1962 cotton and 1962 peanut history acreage is protected by participation in the soil bank, released acreage or preservation.

Estimated that there are 65 percent to 90 percent of parity, if more than one third of the voters say no then allotments will remain as established but there will be price support at only 50 percent of parity for those complying with their allotment.

There will be no price support for non complying farms however there would not be a penalty on excess acreage. Don't forget the date on Tuesday Dec. 11, Referendum date. Plan now to vote.

Kent County's 1963 cotton allotment of 19,542 acres as compared to 21,979 acres for the past year was announced here this week.

Individual cotton allotments were mailed by the county office on Nov. 30. They represent a reduction of approximately 11 percent of the original 1962 allotment.

It was pointed out that the acreage from released allotments that were reapportioned last spring were for the 1962 crop only and the reduction mentioned is the counties share of the 16 million acres of the national allotment.

The county committee held only 7.8 acres in the reserve. Questions on individual allotments should be directed to the local ASCS office.

Federal Land Bank Announces Reduction in Interest Rates

The Federal Land Bank of Houston has announced that effective on Jan. 1 next year it will reduce temporarily to 5 percent the interest rate on all outstanding loans which presently bear rate in excess of 5 percent.

The contract rate on new loans will continue to be 5.5 percent but interest on loans closed on and after Dec. 1 this year will be billed temporarily at 5 percent until further notice by the bank.

In making the announcement Hal Weatherford president of the bank said that of its 260 million dollars of loans outstanding more than 100 million bear contract rates in excess of 5 percent and that the savings to Texas Farmers and ranchers by this action will be more than a half million dollars in the year of 1963 alone. He said this is the 4th time the bank has voluntarily reduced the interest rate on its outstanding loans.

The Houston bank makes long term loans on farms and ranches through 73 Federal Land Bank Associations located throughout the State.

The one serving this area is the Federal Land Bank Association of Spur. John C. Storey is the manager and the

other officers and directors are G. B. Morris, the president of McAdoo, M. L. Billberry, vice president of Aspermont, E. V. Smith, Aspermont; M. V. Jay Jayton Tom Wilson Girard and C. P. Witt of Spur.

Office hours at Jayton are from 9 a. m. until 3 p. m. each Wednesday, and at Aspermont in the City Hall each Tuesday and Friday.

Self Help Course Is Now Going

The Medical Self Help course met Monday night in the County Court room with a total of 17 persons present.

A very interesting short lesson was given under the direction of County Agent Mark A. Geeslin.

It was decided to meet again the second Tuesday afternoon from 4 to 6 on January 8th.

We hope to enroll a large class or maybe two classes at that time. Remember the date and be there.

Let's Go Fishin'
 BY BOB BREWSTER
 Outdoor Editor, Mercury Outboards

You'd like the way Norm fished. Anybody would. It was a real pleasure to go fishin' with him. Because you knew beforehand you were going to have a good time, whether you caught any fish or not.

He was grinning when he picked you up in the early morning hours, long before most people got happy, and all the way to the lake showed his pleasure at being able to go fishing.

Once he got there he began kidding the girl at the cafe where we always ate breakfast and greeted the operator of the fishing camp like they were brothers.

VOLUNTEER

He always volunteered to captain our fishing craft, talked lovingly to his fishin' Merc 60 as he started it and ran us out to the coves that we liked to fish for crappie and bass, or gentled it down to a throaty hum for trolling alongside the dam for walleyes.

Norm and I grew up together, from the time we were catching bullheads from a creek called Long Branch till we were taking sailfish from a larger creek called the Gulf Stream.

He was never a great fisherman, mostly because he was too busy enjoying himself to attend to the serious business that many people make out of fishing.

He absolutely refused to carry home more fish than he and his family could eat at "a sittin'," claiming that it was just too much trouble to clean that many fish and he didn't prefer eating them after they were frozen, anyway.

'GO HOME'

He never kept the little fellers that always seem to grab a hook when you don't want them. He would release them with a grin and tell them to "go home and grow up."

Many's the time I've seen him lose a good fish when he should-

n't because he prolonged the "playing" of the fish much longer than was reasonable just because he enjoyed it.

He had another bad habit. A lot of times he'd insist we quit fishin' and would go for a boat ride, just zooming around the lake and letting the wind blow past our ears.

"Givin' the fish a chance to cool off," he called it, but I suspect he was really doing the same for the fishermen instead of the fish, taking out a little heart attack insurance.

JUST PRACTICE

Sometimes if the fish were biting well on minnows he would tie on a surface plug and practice casting, shooting the lure into little coves and points all around our boat instead of continuing catching fish as I did, or tried to do until he talked me into joining him in a practice session.

"Why bother with all those little crappies," he'd say. "We need practice so when the bass start biting we'll be ready for them."

Just in the last couple of years have I begun to realize just what kind of a fisherman he really is. He doesn't go for competition, he refuses to make work out of his fishin' and he just will not drag home a trunk full of fish. He'll quit fishing first.

Norm is probably the best kind of fisherman. He just goes to enjoy himself.

Letter to Editor

Dear editor
 Recently I noticed an article in your Nov. 16 issue under "Letters to the editor" column.

Item 3 of this letter which involved CARE gives me some concern as you may be certain that CARE has the deepest concern for every city and town in the United States as we are constantly aware that American donors make our existence possible whether they happen to reside in Jayton, Texas or in New York City.

Our organization does not have a fund raising drive such as many other organizations as all of our programs are on a continuing month to month operational basis, and so our financial needs are on the same relative basis. Please be certain that any citizen of Jayton who is interested in contributing to our type program may request any information that we can provide and would welcome such inquiries with enthusiastic response.

Cordially,
 Frank J. Phillips, Director

Army Holiday Plan Is Offered

The U. S. Army is again offering its liberal leave policy to young men who enlist during the coming Christmas holiday season according to Sfc. Louis C. Lawson, Army recruiter.

Men enlisting in the regular army, Lawson says, in the period from Dec. 10 to Jan. 1 may request up to 15 days leave before reporting back to basic training.

This liberal policy, Lawson says, will allow young men to enjoy the Christmas holiday season with their families and still draw full pay and allowances from army.

Those desiring further information on the Army's Christmas

163 Draft Quota

The state quota for Texas draft boards in January calls for 163 men, state headquarters have announced.

The states January call of 163 men compares with a quota of 235 for December.

Col. Schwartz the state director announced that local boards would send no men for preinduction physical and mental examinations in January.

The January quota will be filled with men who are at least 22 years old except for volunteers and those who are legally termed delinquents.

LOWER COSTS ON Farm and Ranch LOANS

The Federal Land Bank of Houston has announced that effective on January 1, 1963, it will reduce temporarily to 5% the interest rate on all outstanding loans which presently bear a rate in excess of 5%. The contract rate on new loans will continue to be 5 1/2% but interest on loans closed on and after December 1, 1962, will be billed at 5% until further notice by the bank.

This action is further evidence of our announced goal to supply your loan funds at the lowest possible cost. Without obligation, come in and let's see if you and your land can qualify for the special benefits provided through one of our loans.

Unkle Zeke Sez:

Dere Editor:
I was in town tother day and
bought me one of them there
big city dailies, and I seen
something that tickled me so,
I gotta tell you about it. When
I read it, it appeared real fun-
ny to myself, and I told my
old hound dawg "I gotta tell
Old Chronikel Boy about this."
This here feller must of est
a bait of cabbage before he
went to bed and drempt this
crazy idea up. He had it all
figgered out how to help the
kids get better grades in school
every month. He said the
thing fer them to do was fer
the school board to buy up a
batch of green stamps, and
ever time a kid made an A the
teacher could give him a book
of green stamps.
Boy, this would be one way
of gettin the mothers interest-
ed in the grades. In Johnnie
or Mary made a low grade it
would mean no stamp books
that month and no Christmas
buying with stamps. I betcha
that way the kids would get
the daylight wailed out of
them ifn they came up at the
end of some month with a hole
mess of Ds.

I got another idee too, editor
old boy. I heered some of
the boys around town a quiz-
zin the president of the board
about running for relection.
And they was askin him bout
his platform and what it was
a gonna be on.
Seen as how its only bout 4
months till lection time, it
might be good fer him to con-
sider this stamp plan as a plat-
form fer relection. But I kin
think of one way he could
help it a mite, and that would
be to go it one better and offer
to let the teacher keep a book
of these hear savin stamps fer
ever A that one of her kids
come up with. That way itd
give some incentive on both
sides of the room.

I been figgeren on this hear
plan fer four or five nights
now, and I just cant see how
this here plan could miss, I
betcha that there feller down
there in Houston what pays the
taxes fer that there big oil
company would even think this
is a smart idee.

It aint often that I gets off
in a brain storm, but I gotta
admit his one is a whiz.
So long, Zeke.

P. S. I aint chargin nothin
fer this, so ifn they is any
body that dont like it, rem-
ember it aint costin them no-
thin. Z
