Jaybird Band Wins Sweepstakes

This Week - - IN JAYTON

How about Jim Van Zandt and that going band from Jaybird land?

Three years ago, Doyle Gamill for the first time in history came up and won Sweepstakes for Jayton, and then moved on to Lamesa. Then when Jim took over some people kinda felt sorry for him, because he had no place to go down.

But there is no law against staying at the top, so he took a bunch of new kids into the band, went to work on them, and to the surprise of just about everyone but himself won a Sweepstakes of his own.

But to cap this all off, he took in another new bunch of kids, and won his second consecutive Sweepstakes, and this is quite a record for a little high school with less than a hundred kids in the system.

Congratulations, Jim, for a fine job well done.

The voters of Texas can get ready to vote this fall on a big bunch of amendments to the constitution.

One will be to let the State Legislature meet once each year instead of each two years.

Another will be on the liquor by the drink issue. Another will be the big 3.5 billion dollar water plan, to import water from the Mississippi to areas that are in need of water.

There will be a number of others not quite so important.

Two entities are shaping up at the State Capitol that will have some sort of significance to future politics. One is the wide breach between Governor Smith and Lt. Governor Barnes. Does this means Barnes is getting ready to run for Governor in 1972 or even in 1970?

Also Barnes and House Speaker Gus Mutscher are getting along so well. What could this mean? That Mutscher is siding in with Smith? only time will give the answers.

Here is a note that should cause the Jayton people to feel proud of their fine school facilities.

In District 4 of Class A schools which includes some very good towns like Crosbyton, Ralls, Lorenzo, Spur and Petersburg, not a single one of these schools has a track, and they had to hold their district meet in Lubbock! And Jayton has one of the best tracks in the State.

Right now is the time of year to begin a good cleanup campaign. Now, before the weeds get up big and tall, people should clean off the lots, so they can

Cancer Society Fund Drive Is Now Under Way

April 15th was the kickoff day for the American Cancer Society drive in Kent County.

For each dollar given to the Cancer Society, here is the way that dollar will be spent:

- 41 cents for cancer research;
- 16 cents for professional education, fellowships and services;
- 20 cents for public education;
- 22 cents for service to patients;
- 5 cents for development of programs and administration;
- 9 cents for campaign.

The seven danger signs for cancer are:

1. Unusual bleeding or discharge.
2. A lump or thickening on the breast or elsewhere.
3. A sore that does not heal.
4. A change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in a wart or a mole.

The Girard HD Club Meets

The Girard Home Demonstration Club met April 2. In the home of Mrs. Opal Swearingen. She brought the meeting to order and Mrs. Neta Stephens read the minutes and gave the roll call.

The roll call was answered with "My Favorite Water Spot." Mrs. Lois Turner brought the program on water safety.

Mrs. McGaha gave a talk on two style shows she attended in Abilene.

Seven members were present. It was time to dress in their Easter suits. All of the members were present dressed for Easter.

Our next meeting will be at Jayton with the Jayton Club.

There will be a speaker on Cotton at the school house. This meeting will be on Thursday the 17th at 2 p. m.

All are welcome to this meeting.

Driver Education Course is Planned For This Summer

Plans are being made to teach a driver education course at the school this summer.

Anyone that will be 15 years of age on or before June 15 this year may take the course.

You are asked to contact the high school principal Roy Dodds before the closing of school this year.

be easily mowed. The rocks, pieces of wire, and metal strips not only can ruin a mower, but are very dangerous, because the mower can pick them up and sling them great distances.

Now is the time to get at the job of cleaning up. Today.

With all of the good weather and showers we have been having, it was only to be suspected that we would have a duster on Wednesday. It was not the worst ever, but the wind did kick up some dust around.

Pre School Day Here April 25

Preschool day this year at the Jayton school has been set for April 25th, states Bill McMeans Elementary principal.

On this day all children who will start to school for the first time next year will go in the place of the first graders.

They will begin at 8:30 and get out at noon.

Baptists Having Youth Night

A BALOON BLOWOUT will be the theme of the youth fellowship at the First Baptist Church on Sunday night following the regular worship period.

All of the youth of the community and particularly high school, are urged to come and participate, states the pastor the Rev. Joe Gilmore.

New Basketball Coach Is Hired Thursday Night

Raymond Hughes, present high school coach at Girard, was elected to Coach at Jayton next school term, in a board meeting held Thursday night. He is to be head basketball coach, assistant football coach, and also will teach at least one class.

The meeting began with the two new members Garth Gregory and C. V. Hagar being sworn in.

In other action the board re-employed the Girard bus drivers and lunch room help, subject to assignment. They discussed but took no action on hiring the Girard principal, and the tax assessor.

Discussed at length, was the matter of setting up a school tax office. Most of the members of the board seemed to favor it.

They discussed, also at some length, the transportation changes that will be required in the new term, and some transfer problems, particularly as they are related to finances.

The matter of the care of the facilities at Girard, when the school is closed, was discussed.

The two men from Girard, on the board, seemed to fit in well, and their counsel was sought carefully on all matters pertaining to the merging of the two systems at the end of the present term.

Big Conference Is Coming to Jayton

Plans have been completed for the Technical Vocational Conference here today, but at the time this is written I am not sure how many people can make the conference.

If the weather is where they can make it we expect about 100 students and adults to attend the conference beside our Jayton students and parents.

The conference will begin at 9:45 a.m. and continue through the evening sessions. We would like for all of our local people that can try to attend the morning program.

The Court Buys Two New 'Cat' Motor Graders

In a meeting of the Kent Co. Commissioners Court Monday, Commissioner G. L. Hamilton offered a motion that the County NOT build a location for the water storage tank for the City of Jayton. Commissioner Dickerson seconded the motion. When it came to a vote Hamilton, Dickerson and Byrd favored it and Judge Gallagher and Commissioner Dibrell opposed it.

This was a negative type of motion, which means that Dibrell and Gallagher wanted to build the location and Hamilton, Dickerson and Byrd did not want to build it, and they were in the majority.

They voted to purchase two Catapillar motor graders from West Texas Equipment Co. for \$54,506.00 less trade-in on two used graders of \$17,156.00 and a net difference of \$37,350.00.

Dickerson made this motion which was seconded by Byrd.

Goodall Ford Sales had submitted a bid on Allis Chalmers graders for a net difference of \$32,976.00 and Plains Machinery Co. had submitted a net difference bid of \$35,600.00. On Gallion graders.

Dibrell made a motion that was seconded by Hamilton to employ Lubbock Glass and Mirror Co. to install three pairs of aluminum hand rails at the court house steps for the sum of \$475.00 and to install a vestibule for the Kent County Nursing Home for the sum of \$1,100.00.

Also they ordered that the current bills be paid.

The Big Rattler Roundup Held

The Spur Rattlesnake Roundup weighed in 42 lbs. of rattlers on Friday in spite of cold weather and a downpour of rain.

More than 500 rattlers were caught in the hunt. They will be used in the Peace Officers Rattlesnake Rodeo to be held at the Horace Wood Ranch early in the month of May.

Mr. D. V. Hoffman of Clairmont is in the Rotan hospital.

Seniors Honored By Baptist WMU

"You really missed something if you didn't hear Bob Hamilton sing Beetle syle at the First Baptist Church Monday night as the WMU honored the members of the senior class.

Theme of the program was "Yesterday" but pastor Gilmore says the adults seemed to enjoy the comedy more than the kids.

Mayor Dick Judy was perhaps the most appreciative of all with the Laurel and Hardy film.

Last Day To Pickup Papers

By Renee Murrell
The Senior class members will pick up your newspapers Saturday for the last time.

We will do this Saturday morning. If we have not picked it up by 12 please call the school and we will come and get them.

Someone will be at the school to answer the phone and to take down your name. Thank you for all your help.

Mobile TB Unit Coming to Jayton Thursday, 24th

The Christmas Seal Mobile unit of the West Texas TB Association will be in Jayton on the 24th of April from 9 to 1 and 2 to 6.

The unit is being sponsored by the Commissioners Court as a community health project

County Judge Bob Gallagher is project chairman.

On the last trip to Jayton a total of 157 X-Rays were taken. Of this number there was 1 TB suspect and 8 other chest problems were pin pointed.

A token payment of \$1.00 pays for the film and developing.

The unit will be located on the square.

BACCALAUREATE DATE SET

Baccalaureate Service will be held at the school May 18th. Junior High Graduation Exercise May 19th and High School Graduation Exercise May 20th.

Students To Go To The Region Lubbock UIL Meet

Quite a number of Jayton high school students will be participating in the regional UIL meet in Lubbock April 17-19.

These students will participate in golf: Randy Hall, Steve Owens, Kim Nichols, Harold Judy, Jack Williams, Joe McAteer, Lyndol Favor and Charles Miller.

These students will participate in track and tennis: Tim Gibson, Ricky Hal, Donnie Baker, John Davis, Arthur Johnson, Joe Alvarado, Martin Garcia, Bruce Boland, tennis, Lanny Barbee, Nickey Williams, Renee Murrell, Kathy Hal and Kitty Cave.

Speaking events, Sheryl Koonce, Randy Hall, Nickey Williams, Holly Hahn, Kim Nichols, Bruce Boland and Lanny Barbee.

Spelling, Belinda Bennett and Susan Wallace.

Science, Bert Wallace and Earl Brownlee.

The Food Show At The School Sunday, 20th

If you like contests, exhibits, and tasting parties, and you like young people, then come to the Kent County 4H Food Show.

You will find this in the Jayton School cafeteria Sunday the 20th.

The food show is a contest in which girls completing a 4-H foods project cook a food and display it to be judged.

They are judged on knowledge of nutrition, the food itself, the table setting, the days menu, and record the project and 4-H activities.

This year's judges are Mrs. Karen Parnell, County Home D. Agent of Garza County, and Mrs. Jay Harbin of Aspermont, a home economist.

Judging begins at 2 and the show opens to the public at 3:0 or when the judging is completed.

Films will be shown during the judging in the school library. Girls entering the Food Show need to be set up by 2.

The following 4-Hers have entered: Rena Bural, Lesa Pickens, Patty Edwards, Kathy Ballard, Cheryl Pickens, Patricia Gregory, Danella Sartin, Jon Johnson, Elaine Gallagher, Scarlett Short, Shari Short, Valrie Panter, Pam Trammel, Kim Davis, Jean Parker, Teresa Stewart, Lisa Cravey, Donna Wright, Minette eGeslin, Julie Panter, Deborah Stewart and Vena Lee Cravey.

No. 2 Claud Senn is Staked

American Petrofina Co. of Texas staked a Kent County location eight miles east of Clairmont.

It is the No. 2 Claud Senn located in the Wallace Ranch north east Noodle Creek field.

Staked for 4000 feet with rotary it spots 1050 feet from the west line of Sec. 67 in Blk 98 H&TC survey.

GIRLS TRACK

April 25th the Girls Regional Track meet will be held in Jayton.

For The Third Consecutive Year

By HOLLY HAHN

The Sweepstakes Tradition still holds strong. The 1968-69 Jayton Jaybird band has done it again! Earlier this school year the band went to marching contest to come back with a I Division.

Then, Tuesday, April 15, the band went to Concert and Sight reading contests to proudly come home with a I in each.

In order to win Sweepstakes you have to make a I in marching, concert and sight reading. And this we did.

The judges for concert were Richard Thomas, James Mallow, and John Green. All three rated the band with a I.

The judges for Sightreading were Rib McKiski, Ross Capshaw and Carol McGee. The judges all three rated the band with a I.

Out of all of the Class B, A, and AA schools Jayton and Hamilton were the only two bands to make Sweepstakes.

Class B bands there were Forsan, Bronte, Lorraine, Borden and Jayton.

Class A bands were Robert Lee, Coshorna, Rotan and Roscoe.

Class AA bands were Hamilton, Stamford, Merkel and Anson.

One of the leading band members, a graduating senior, Steve Owens, received a scholarship to Tech in band. We feel extremely fortunate in having such outstanding students in the Jaybird band.

The band members would all like to express our deepest appreciation and thanks to all of you band boosters and fans.

Thanks also for the fine crowd we had to usher us into town Tuesday night.

Pfc. Paul Stone Now in Viet Nam

U. S. ARMY, Viet Nam, Army Private First Class Paul E. Stone 25, son of Mr. and Mrs. Bill Stone of Girard was assigned on Feb. 27 to the First Cavalry Division Airmobile in Viet Nam.

He is a rifleman.

The Golf Team Wins District

The Jayton Golf Team entered two teams and won 1st and 2nd in the district meet last week. Harold Judy won the medalist honors, with an 82.

Other members of the teams were, Randy Hall, Steve Owens, Kim Nichols, Jack Williams, Joe McAteer, Lyndall Favor and Charles Miller.

NOW HOME

George Branch is now home after spending some time in the Aspermont hospital recovering from an apparent heart attack.

McAteer's

Jayton, Texas

Glenn Riley from the Rodent Control Service presented a program for Kent County families at the Gravel School on Tuesday, April 13. Riley called the rat and mouse the world's most destructive pest.

Mice may spend their lifetime in an area 20 square feet or less. Mice normally travel only 2 to 25 feet from their nesting places. A mouse needs only food and cover - it doesn't require water to stay alive. Mice carry many diseases: typhus, leptospirosis and trachoma, and rabies. Food poisoning may result from infestation of mice. A rat or mouse bite can be very dangerous.

Several species of rats cause damage to farm and ranch buildings, feed, and equipment. Rats require water to stay alive - as well as food and cover.

A pair of rats or mice may produce up to 10 young during a year. They breed 4 to 10 times a year and produce from 4 to 20 young at each birth. Maturity is reached at 4 to 6 months of age.

Rats and mice can be controlled with a number of poisons. Riley suggested that plenty of bait be kept out. Many poisons contain an anticoagulant that will control rats and mice if kept out 10 to 14 days.

Baits to control rats and mice in Kent County are being made available by the Kent County 4-H Club and are being sold by C. C. Kimball's Gravel Farm Supply and by Mrs. Harvey's Jayton Feed and Seed Store.

Following the meeting, Riley and the county agent set up a rodent demonstration at the rodent control at the Rogers Ranch, where much damage has been done to feed, sodas, and equipment.

IN SWEETWATER

Mr. and Mrs. Al Hart are now in a nursing home in Sweetwater.

VISITING

Time was turned back to "Yesterday" for Jayton High School Seniors and guests in a luncheon held Monday, April 14th at the First Baptist Church Fellowship Hall. Decorations at the tables were each Senior's own childhood dolls, caps, toys and mementoes. Place cards were the individual's childhood pictures on antiqued cards. Programs were also antiqued.

Walls were lined with silhouettes of youthful scenes, and behind the head table, a full length silhouette of two graduates. A lilac tree added to the nostalgia of the evening.

Mr. Eddie W. gave the invocation, Mrs. C. E. July, the welcome, and Bruce Poland responded for the Senior Class. Mr. Roy Dodd was M. C. for the occasion.

Bob Hamilton, accompanied by Mrs. Thomas Fowler, sang "Yesterday" Mrs. Joe Foy gave a reading, interspersed with actual incidents from the Seniors early lives, much to the surprise of the Seniors. Speeches for the evening, Mrs. Joe Gilmore, brought kind remarks, finishing with the highlight of a real film from "Yesterday" Laurel and Hardy in "THE PERFECT DAY".

Mr. E. N. Farris gave the Benediction.

An old fashioned meal of crooked turkey, salad, vegetable, rolls, butter and tea with apple loaf cake squares, strawberries, and whipped cream was enjoyed by all attending. The W.C.U. sponsors sincerely thank each one who helped to say say in this annual event.

Ask Amy

BY AMY ADAMS

RE-EVALUATE YOUR POSITION!

Dear Amy:
What is a married woman supposed to do when she has fallen very hard for her brother-in-law who is also married? My husband passes it off as some kind of joke. What should I do?

Confused
During our kids' summer vacation, they are over all day and eat us out of house and home. When my husband gets his vacation and we want to go away with the kids for 3 weeks, they just happen to be awake and packed for a 3 week vacation and in our drive at 5:30 am. We have no life of our own so my husband asked for transfer to southern Ohio. They said they'd move there, too.

Dear Confused:
You should re-evaluate your position, realize how foolish you are behaving, get over your brother-in-law and be big enough to join your husband in that joke.

After 11 years of telling us how to run our lives, spend our money, raise our 5 children, where to live and on and on we are at the breaking point. What can we do?

Laughing at one's self sometimes is the greatest therapy.

What can we do?

Dear Amy:
I read your column of Jan. 9th pertaining to the non-drinker. I would like to suggest that if "Non Drinker" gets into the same situation again, she could order a Pink Lady. It is a non-alcoholic drink made from ginger ale and cherry juice. I might add that it is also quite tasty.

Tired
Your in-laws are extremely oppressive and probably not even aware of it. Your husband should have spoken to them and put a stop to this long time ago. See that he does. If the heat is not removed, you will all smother!

Also a Non-Drinker
The "members of the Bar" (my mixologist experts) tell me that someone is pulling your leg. A "Pink Lady" is also an alcoholic beverage.

Dear Amy:
Six months ago our family moved from New York to New Hampshire. I left all of my friends and relatives, but the only person I really hated to leave was my boyfriend. I have been going with him for 1 year. He says he loves me and that he would never break up with me or leave me. I love him very much also. He hasn't cheated on me since I moved and he has never cheated on me before.

Dear Amy:
Since our marriage 11 years ago, we have had in-law problems (his parents). Because we lived in an apartment and had 2 children and 1 on the way, we needed our own home. We didn't have the money and his parents were good enough to lend us enough for a down payment with no time limit for repayments. What the catch was is this: The house was only 5 streets away from his parents. From the time we moved in (4 years ago) they are over on the average of 5 times a day. It starts at 8 in the morning with a phone call: "I'm glad you're awake. Now you can get your housework done" to barging in at 9:30 Sunday morning for breakfast because they were coming home from church and it looked as if no one was awake.

Wondering
When boys and girls are very young during their dating years, long distance romances do not hold up too well. The check and balance system calls for personal contact which neither of you can offer each other. Continue to be friends, but it's important that you date others also.

GIRARD Pot Shots

By George

Funeral services were held last Wednesday for J. E. "Ted" Darden pioneer Kent County resident since 1899. Last rites were in the Girard Baptist Church with Rev. Victor Crabtree officiating. Burial was in the Girard cemetery.

Mrs. T. A. Bailey is in Big Spring at the bedside of her nephew Dick Speers who underwent surgery in a hospital there last week.

In a regular session of the Kent County Grand Parents Club last Thursday night in the home ec. cottage, some twenty-three grand pas and grand mas enjoyed the evening of dominoes and 42 along with delicious refreshments. The group voted to have the next meeting in Dickens at Almas Cafe honoring Mother's Day. The date being May 8th at 8 p.m.

Mr. and Mrs. Woodrow Hodges visited their son and family in Abilene on Wednesday of last week.

James McKinzie from Bonham is visiting here in the home of his sister Mrs. Woodrow Hodges.

Out of town kin who attended the J. E. "Ted" Darden funeral on April 9th were: Mr. and Mrs. Will Darden, Texline, Mr. and Mrs. Earl Darden from De Leon, Mr. and Mrs. Sam Darden, Bandera, Mr. and Mrs. Frank Dar-

den from Ft. Worth, Webb Darden, Wichita Falls, Mr. and Mrs. M. T. and Joe Darden from Lorenzo, Mr. and Mrs. Jack Darden, Rotan, Mr. and Mrs. Dono Darden, Rotan. The Raymond Morgans, Roscoe, Mr. and Mrs. Howard Darden, Lubbock, Vernon Darden from Hereford, Mr. and Mrs. Lonnie Beadle, Lovington, N.M., Mrs. Jesse Beadle, Roswell, N.M. Virgil Beadle, Ruidosa, N.M. Mr. and Mrs. Tommy Hicks of Brownfield.

Good rains fell in this community and all of Kent County over the week end and cloudy skies looks as if more is on the way.

Mr. and Mrs. Elvis Spradling and son from Ropesville visited his parents the Glenn Spradlings last week end.

Mr. and Mrs. M. H. Galbreath are building a new brick home in Anson, Mr. Galbreath has been Supt. of the Girard school for past nineteen years. The Galbreaths own a worm farm in Anson and are retiring from the teaching profession for at least a while, we are told.

Mr. and Mrs. George West from Merkel were Sunday visitors in the Geo. Darden home. Rev. and Mrs. Victor Crabtree were luncheon guests Sunday in the home of Mr. and Mrs. Pete Sherer.

Mrs. Gray Brooks is home after a weeks stay in the Asperment hospital last week.

A revival meeting starts next Sunday April 20th at the local Baptist Church. Rev. Leonard Simms from Pansey will do the preaching for the meeting that lasts through the week. You

are invited. Mrs. Oscar Weaver from Larresa was visiting her mother Mrs. Gray Brooks here last week. Mrs. Arthur Hollingshead, former Kent County resident and who now lives in Herne, Texas, underwent surgery last week in that city.

Ye ole' scribbler had business with the dentist in Rotan on Monday, Wednesday and Saturday of this week, but pretty soon now will have new "choppers" and be nearly as pretty as some of the other natives. And from the Free State of Kent that's it until this time next week.

GOOD RAIN

Jayton received a wonderful rain Friday and Saturday. It is reported that 1 1/2 inch of rain fell during this time. It was a slow rain, so it all soaked in and there should be a good deep measurement of moisture in the ground. It is reported that there are possibilities there will be more moisture to fall in the next few days. If the fields of grain aren't growing, you can bet the weeds are really thriving on the moisture.

Merchants, if the senior class owes you any money, will you please let us know immediately. We are making plans for our senior trip and we don't want to have any bills to pay right at the last minute.

VISITING HERE

Mr. and Mrs. Bill Royal and children of Wichita Falls were visiting the Mike Owens family over the week end.

Beef and hogs for your freezers and lockers. We also custom slaughter, clean sanitary facilities. Experienced staff. BLACKSHEAR LOCKER, Spur, Texas.

Henson - Emert Wedding Held

Mrs. Mary Henson of Clairemont and Mr. W. W. Emert of Floydada were united in marriage on Saturday April 13 at 10:30 a.m. in the Clairemont Baptist Church.

Rev. Joe Gilmore, pastor of the First Baptist Church of Jayton, performed the wedding ceremony.

Mrs. Viola Walker of Mesa, Az., daughter of Mrs. Henson, served as matron of honor. Mr. Milton Brown of Mesa served as best man.

Mrs. Henson, wearing a white and gold two piece suit entered the church with her son-in-law, Gene Johnson, who gave her away in marriage.

After the ceremony the wedding reception was held at the home of Mr. and Mrs. Gene Johnson. A tiered white wedding cake topped with the traditional bride and groom adorned the table. Pink punch was served from a cut glass punch bowl.

Mr. and Mrs. Dwayne Hooiser and daughter of Oil Center, New Mexico, Mrs. Patsy Underwood, Mrs. Valley Wall, Mrs. Hartense North, Phillip Vardiman, Mrs. Gene Johnson, Arthur, Tommy and Clarence Johnson attended the wedding.

40TH ANNIVERSARY

Today, Friday, Mr. and Mrs. Roy Short are observing their 40th wedding anniversary.

IN HAMLIN

Lucille Kyle was in Hamlin, Monday receiving a medical check up.

CARD OF THANKS

We want to thank the ladies of the Baptist Church and the Methodist Church, the ministers of both churches and the pall bearers for the wonderful dinner and the kindness that was shown us in the death of our father J. D. Jay. May the blessings of the Lord forever be with you.

The best people on God's green earth live in Kent County. We will always love you a lot.

The D. B. Family, the Gerone Blackwell family and the Milas Hamby family.

CARD OF THANKS

I would like to thank every one for the flowers, cards, visits and many kind words and especially your many prayers during my stay in the hospital. May God bless each of you.

Roy Short

CARD OF THANKS

We would like to express our thanks and appreciation to all that helped during the illness and death of our loved one. The flowers, cards, visits, food and the prayers given during these hours of need we greatly appreciated. May God bless and keep each of you and our prayers.

Family of James E. "Ted" Darden

MOVED

Mike Puckett and family have moved to Phoenix, Ariz. where he is to start working there.

Announcing the first car of the '70s at 1960 prices.

FORD MAVERICK \$1995*

(You don't have to read it all-but it's nice to know it's all there.)

Most new cars look like other cars. But when the word gets out that something really different is on the way, rumors run wild. Few cars have caused as much talk as Maverick. Ford's new entry in the small car field rivals the economy imports in price... but tops them in power, performance, passenger room and luggage capacity. We've been bombarded with questions about Maverick. Now, for the first time, here are the answers.

Q. Why did you build the Maverick?

A. We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.

Q. Why did you call it Maverick?

A. You know what a maverick is. A maverick breaks the rules. A maverick is different. Maverick plugs the big gap between the compacts and the imports. It has a wheelbase eight inches shorter than a '69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.

Q. Why did you make it this size?

A. Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.

Q. What do I get for the price?

A. You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls... important little things that add so much to your driving comfort.

Q. What about options?

A. You can get 'em if you want 'em. You can order integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semiautomatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this

car. Because it's all there. A complete car all ready to drive home.

Q. What kind of gas mileage can I get?

A. That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon—if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.

Q. What kind of power does Maverick have?

A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.

Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?

A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 5 1/2 feet to any parking space.

Q. Can Detroit really build a small economy car that's tough and long lasting?

A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)

Q. How about parts and service?

A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.

Q. Is Maverick really easier and less expensive to maintain than an economy import?

A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every

36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). Those are just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.

Q. Can I do my own maintenance work?

A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points... plus many other do-it-yourself repairs and replacements.

Q. Can a small car be safe? And how safe is safe?

A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact—designed to stop cars weighing hundreds of pounds more. Maverick gives you weight... power... stability. Designed for American driving conditions.

Q. How does Maverick ride?

A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's light, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.

Q. Is there an advantage in the fact that Maverick is really a 1970 car?

A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.)

Better come take a look at this one. You'll find it where the action is... right in there with other great Ford values like specially equipped Ford Galaxie 500's... Fairlane... Mustangs and Falcons.

You'll find them at your Ford Dealer's... the place you've got to go to see what's going on.

For an authentic 1/25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5397, Department , Detroit, Michigan 48211. (Offer ends July 31, 1969.)

*Manufacturer's suggested retail price for the car. Price does not include: white sidewall tires, \$32.00; dealer preparation charge, if any; transportation charges, state and local taxes.

IT'S THE GOING THING!
