FARMERS SUPPLY CO.
Haskell Texas Rule

FARM FACTS

By Peter Hatford

Co-operation is better than co-ertion.

Co-operating we stand; disorganized we fall.

Farming is no longer a hazardous business venture.

Those who fail at farming do so because they violate nature's laws.

There is nothing farmers of this country are interested in so much as themselves.

Something is wrong in our marketing system when a small crop brings more money than a bountiful one.

By co-operating with his neighbor the farmer can learn new methods of culture and the interchange of ideas will benefit both.

In manufacturing or merchandising, supply is limited to estimated demand, in order to prevent prices from falling below the point of profit.

Stockholders Meeting.

CITY BUILDING NOTES

By L. M. Ward

A grain of willingness is worth a pound of latent ability.

Perpetual propagation of public will build a city beautiful.

How much of your time, thought or energy is devoted to public service?

Every citizen, however humble, should have some part in the development and ubuilding of his community.

You can generally measure a man's community activity by the number of men who hold him in high esteem.

Are you permitting your neighbor to build up a city around you while you sit idly by and reap the benefits of his labors?

STOCKHOLDERS MEETING.

Notice is hereby given, that a meeting of the stockholders of the Weinernt State Bank, of Weinernt, Texas, will be held at the office of said Bank, in the city of Weinernt, Texas, at two o'clock p.m. the second Wednesday, the 14th day of January, A. D. 1914, for the purpose of electing a board of directors for said bank and the transaction of such other business as may properly come before such meeting.

Alvy R. Couch, Cashier.

STATE SUPERINTENDENT W. F. DOUGHTY

VISITED HASKELL COUNTY TEACHERS' INSTITUTE

State Superintendent, W. F. Doughty, spent the entire day Monday of last week with the teachers in their institute work.

He visited all departments of the work and entered freely into the discussion of the subjects of the day. He spoke to the teachers from 11 o'clock until 12 o'clock. He outlined the work of the teacher in his or her community and emphasized the great responsibility of the teachers in the cause of education. He said that education was the best thing in the world, and that people must be right at heart and educated if we are to have peace, progress, happiness and prosperity. He said that since he had taught in the rural one-teacher school, his sympathy went for the boys and the girls in the country schools.

Supt. Doughty visited all the business departments of Haskell and met most the business men in the town. We are glad to have our State Superintendent visit our town and trust he will come to see us again.

TURKEY GROWERS.

Mail a postal card to me stating the number of turkeys you have, and I will at once arrange a sale of another car for the middle of December. Think we will get 12 cents for next lot. List your chickens too.

EX-STATE SUPERINTENDENT BRALLEY

HONOR GUEST AT LUNCHEON WHILE IN HASKELL

One of the most prominent visitors to the Haskell County Teachers Institute was Honorable F. M. Bralley, ex State Superintendent of Public Instruction and now head of the Extension Department of the University of Texas.

He was the honor guest at a beautiful violet luncheon given by County Superintendent T. C. Williams. The cloth was elaborately embroidered with violets and in the center of the oval table stood a graceful vase of violets rising from the midst of a luxurious bed of the same flower. Boutoneires of violets marked the places laid for Messrs F. M. Bralley of Austin, C. A. Murray of Rule, T. R. Crowley of Rochester, J. R. Hutto of O'Brien, R. J. Turrentine, H. E. Bell and T. C. Williams.

Six dainty courses were served and with each one the sparkle of animated conversation pronounced the enjoyableness of the occasion.

In the library a pleasant hour was spent with Mesdames Turrentine, Bell and Williams.

At Posey & Huckabees.

Mr. and Mrs. R. C. Ledford, representing The Maxwell House Blend Coffee, gave a demonstration at the popular grocery store of Posey & Huckabee, Nov. 22. All day long hot coffee and cakes were served to the public, and social feeling pervaded the occasion, that concealed the business phase of the enterprise.

Community Co-Operation

COPYRIGHTED FARM AND RANCH-HOLLAND'S MAGAZINE

The price of an article you buy is based upon the cost of production plus the cost of distribution or getting the goods to the ultimate consumer. Without advertising it is utterly impossible to secure anything like as wide a sale of articles used in the home and the introduction of a product even to a limited number of dealers is accomplished only a great expense and labor.

Even the consumer has never heard of it and its sales can be only the merest fraction of what is possible through modern advertising. With minimum output and high manufacturing and selling cost the price to the consumer must be out of proportion to the quality as compared with goods sold through ample advertising. But advertising greatly multiplies the output, reducing cost and selling expense; and in these reductions the cost to you is proportionately decreased.

The Massachusetts commission on the high cost of living, in speaking of advertising in their report, say: "Properly directed advertising helps to encourage the sale of goods and thus enables the producer to lower his price, to the advantage of both himself and the buying public."

Not long ago two men were driving over a Red River valley farm. The soil was a deep, rich chocolate loam and the cornfield they were pass-

ing, as it proved when harvested later, had more than one hundred bushels to the acre on it. Three years before the owner had bought the farm for \$12 per acre.

"What is that land worth?" asked one of the men.

"That is a rather difficult question to answer," returned the other.

"If this land were in two or three miles of the county seat it would be worth \$200 per acre. As it is, more than 15 miles from town and with no roads, it would not sell for \$20."

Everybody knows that the highest priced lands in any community are those nearest town and on roads leading into town, because such lands are most valuable. The public institutions that make life worth living—schools, churches, and trading and transportation facilities—are more numerous and most efficient in the towns, and those seeking land for homes are willing to pay a premium to get themselves and their families near those institutions.

The very life of these towns and the existence of the institutions that make life in and around them worth while depend on the volume of business done by the local merchants. Every dollar unnecessarily sent away to other markets, therefore, takes away from the community's life-blood and reduces its efficiency as a satisfying place to live.

BLANKETS

Don't wait till the blizzard comes before you supply yourself with what blankets you need for the winter. We have some extra values in bed covering. Blankets—the finest cotton ones made, combining maximum warmth with minimum weight. They look and feel like wool and provide enough luxurious warmth to please the most exacting.

We would especially call your attention to our better grade of cotton blankets. They are woven on the same machine as the wool blankets are, giving them a more solid body, giving them the appearance of a wool blanket and giving more warmth than a blanket at the same price which is woven on the machine used in weaving ordinary cotton blankets.

Not a pair carried over from last year—every pair new.

Cotton blankets 85c to \$5.00.

Wool blankets \$4.00 to \$10.00.

Quilts and Comforts \$1.00 to \$3.50.

DISASTROUS FLOOD ELEVEN DROWNED

Mrs. D. M. Winn of this city received the sad news Tuesday of the death of her sister and four children, who lived at Belton. We clip the following account of the accident from a daily paper: "In Belton, Nolan Creek swept through the town, eleven persons, according to reports which have been received here today. In the heart of the city, Mrs. W. C. Polk and four children were caught by the flood and drowned before assistance could be given them. An unidentified man went down with the bridge at that place."

Mrs. Winn and her daughter Miss Docia left Tuesday night for Belton.

It seems that great floods have visited that section of the State and that many lives have been lost. The town of Salado was wrecked and scores of people saved themselves by climbing into trees.

Texas Ranger, a registered Jersey male from the celebrated Clough stock, is now ready for service at Dyers Wagon Yard. Fees, \$2.50.

MARKETING TURKEYS PROVES PROFITABLE

Mr. Kimbrough stated to a Free Press reporter, that the farmers got more than three hundred dollars for their car of turkeys they sold the other day than they would have gotten if they had not marketed their own turkeys. He said after they had closed the sale, they were offered \$90.00 more than they were getting, but they kept their contract in good faith. Mr. Kimbrough believes in co-operation in selling and finding a market for farm products. Have your stuff sold before you haul it to town. Club and sell in car lots. Deal promptly and squarely with buyer and see that they get the stuff on time and help them to handle the stuff profitably. This will win.

Headachy, Costive, Bilious,—Cascarets

Liver and bowels are clogged—Clean them to-night! Feel Bally

Get a 10 cent box.

Sick headache, biliousness, dizziness, coated tongue, foul taste and toul breath—always trace them to torpid liver; delayed, fermented food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a ten cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

A Valuable Paper and An Honest Man.

Nearly ev'ry business concern in Haskell believes in Advertising, and most of them use the columns of the Free Press more or less. But some don't use it as much as they might with profit. We have an example of what the paper will do for you: Last week Mr. Hargrove came in and placed with us a local advertisement telling about losing two five dollar bills.

This was rather a hard test of the benefit of advertising, for he as well as we knew that as a rule if the money was found by a dishonest man no response would be made to it, even though it was seen. But it happened that the money was found by an honest man, Mr. J. I. Stafford, who brought it in Saturday, the day after the paper was issued.

Mr. Stafford is a valued subscriber to the paper, and saw the notice, and knew the money he had found a few days previous answered the description and like the true honest man that he is, brought it in to the rightful owner. And he was liberally rewarded for his honesty and trouble. After he had returned the money and received the reward, he then handed us a dollar on his subscription, and the transaction served to gratify the loser of the money, the finder and the medium that brought the lost and found together.

MORAL: It pays to read the Free Press and advertise in it.

Nature Tells You.

As many a Haskell reader knows too well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage.

Other disorders suggest kidney ills.

Doan's Kidney Pills are for disordered kidneys.

People in this vicinity testify to their worth.

F. McEnnis, carpenter, 1108 Scott St., Wichita Falls, Texas, says:

"I suffered from pains across the small of my back and in my sides. I also had to get up frequently during the night to pass the kidney secretions. Seeing Doan's Kidney Pills so highly recommended, I got a box and used them as directed, and in a short time I was cured. I can highly recommend Doan's Kidney Pills to do all they are advertised to do."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Bugalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Judge Smith informs us that the Commissioners Court has been notified by the postal authorities that the roads over which some of the rural routes have to travel are in a very bad condition, and same must have attention. We are also advised that the patrons of the rural route have been notified to the same effect.

The recent rains have put the roads in almost an impassable condition, and they should be looked after at once. Haskell cannot afford for the rural routes to be discontinued; neither can those living on the routes afford to be without this convenience. The matter is of mutual concern, and some movement should be inaugurated to put these roads in better condition. Uncle Sam won't stand for any neglect in this matter, and the sooner work is begun on the improvement of the roads, the better.

How to Bankrupt the Doctors.

A prominent New York physician says: "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by all dealers.

Salves Can't Cure Eczema

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done. A 50 cent bottle will start the cure and give you instant relief. We have made fast friends of more than one family by recommending this D.D.D. Prescription to a skin sufferer here and there, and we want you to try it now on our positive pay guarantee. D.D.D. Soap keeps the pores clean; ask us. The Corner Drug Store.

Marriages

Judge Smith has been quite busy the past week, attending the calls of Cupid. He reports having officiated at the marriage of the following parties:

At the Commercial Hotel last Saturday night, Mr. E. E. Edwards of Roby, to Mrs. Hettie Green of Sagerton.

Last Sunday evening out on the public square in Haskell, the Judge united in marriage, Mr. George Pistole to Miss Ruth Davis, of the Rose Chaple neighborhood.

On Monday, at the county clerk's office he performed the ceremony that united G. B. Peck and Miss Kate Pawlins.

Seriously Alarmed.

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance, I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all dealers.

CLEANSSES YOUR HAIR MAKES IT BEAUTIFUL

It becomes thick, wavy, lustrous and all dandruff disappears.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating, and life-producing properties cause the hair to grow long strong and beautiful.

You can surely have pretty soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

MOTHER! IS CHILD'S STOMACH SOUR, SICK

If cross, feverish, constipated give California Syrup of Figs.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act normally, has stomachache, indigestion, diarrhoea, give a teaspoonful of California Syrup of Figs, and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless fruit laxative, and mothers can rest easy after giving it, because it never fails to make their little insides clean and sweet.

Keep it handy, mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50 cent bottle of California Syrup of Figs which has directions for babies, children of all ages and for grown ups plainly printed on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the California Fig Syrup Company. Hand back with contempt any other fig syrup.

HASKELL, TEXAS, December 6, 1913.

We note with satisfaction that many towns over the state have begun a building crusade again, which indicates that Prosperity is on a visit to those communities. From the visitation of Jupiter Pluvius in this section the past few months, which visit is still on, West Texas will soon begin a building crusade again, for no better indication can be had of Prosperity's return than fall and winter seasons. Some have the idea that by some hook or crook the earth has revolved in its axis and we have slipped a notch of several hundred miles eastward, from the good seasons that we are enjoying.

The United States Leads.

One of the most remarkable incidents of international history, was the speeches made at the American thanksgiving dinner in London the other day. Viscount Haldene, made a declaration endorsing the Monroe doctrine, and expressed his implicit faith in President Wilson, and the good faith of the American government's declaration that the United States would pursue a disinterested policy toward the Latin-American countries. He said among other things: "It is not only his expressed declaration that the policy of the United States is not one of conquest or annexation, but the world looks to the United States with its enormous position to carry on its traditions without adding to its possessions." That is our course, also. Nor is it the case that when the United States intervenes in any matter it is done for its own advantage. It was not the case with Cuba, to whom the United States restored independence. The American Ambassador, in his reply, showed his faith in the rule of justice and the right when he said: "The American Nation is not one whit afraid to forward its bent to the utmost length. The Lord Chancellor has spoken of doing what is righteous without regard to consequences. There are no consequences," he concluded emphatically. The Lord Chancellor spoke of the fact that the United States was in a position to lead the world. Every American should be proud that we have a Wilson and a Bryan, who measure up to the standard the civilized world expects of this nation.

Delay.

On account of moving and getting to this good town so late in the season it was impossible for us to show very early our line of Xmas goods, but we assure the public we can be depended upon to show a superior line to anything ever shown in Haskell and at prices that are reasonable. We expect to have our goods well displayed by December 10th and our line will not consist of much "trash" but of high class sensible gifts.

We have a few doll heads, toys and dolls that we are going to close out ridiculously cheap, just to clean out this class of goods. Your patience will be well rewarded by waiting to see our line before buying.

JNO. W. PACE & CO., Successors to Spencer & Richardson.

The slogan from now until Christmas will be "Do your shopping early" And it is pretty good advice, for when Xmas week comes the rush will be too great for one to receive the attention expected and the time too limited to make the best selections. Begin now to select your Xmas presents and let the merchants lay them aside for you until you want them. Then you will have time to make good selections and get choice goods.

Hon. F. M. Bralley and Miss Mary E. Gearing of the University of Texas visit Teacher's Institute

F. M. Bralley, Director of the Department of Extension of the University, and Miss Mary E. Gearing of the division of Home Welfare contributed valuable assistance to the teachers assembled in institute work during the past week.

The address of Prof. Bralley to the teachers was inspiring and helpful. He dealt with the problems of the rural school work. We have never heard a more practical, common sense, heart-to-heart talk on the problems of education. He spoke at the Court-house to the teachers and citizens Saturday at 3:30 p. m.

Miss Mary E. Gearing spent the day, Friday, with the teachers, addressing them from 11 to 12 o'clock on Domestic Economy. She stressed the importance of a study of the art of managing a home; housekeeping; the investigation of the conditions and the laws affecting production, distribution and consumption of farm products. She urged the teacher to organize the people for the purpose of a careful study of rural life conditions. The teachers are fortunate in having such able addresses as Mr. Bralley and Miss Gearing gave.

Fit His Case Exactly.

"When father was sick about six years ago he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Fort Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.

INDIGESTION, GAS, OR SICK, SOUR STOMACH

Time Papes Diapepsin in five minutes all stomach misery is gone.

Really does put bad stomachs in order—really does overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Papes Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste. Remember the moment Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness. A large fifty cent case of Pape's Diapepsin will give you a hundred dollars worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who cannot get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. Its the quickest, surest and most harmless stomach doctor in the world.

WILL CONTINUE RIGHT THROUGH THE HOLIDAYS.
 Owing to our large attendance many students from a great distance and that could not go home for the holidays, others anxious to finish their courses, they may accept positions awaiting them, we will give no vacation except on Xmas day. New students may continue to enroll and take up work to the very best advantage without being interrupted with a vacation, and will also enable them to secure choice of boarding places before the big Jan. enrollment comes on.

For several months we have not been able to supply the demand for our graduates of Bookkeeping and Shorthand or Telegraphy, we are therefore anxious that new students enroll early. The more graduates we can place in good positions, the better opportunity we have to demonstrate to the business men the proficiency of our students. Young people interested in a commercial education are finding that life is too short and time too valuable to spend from nine to twelve months taking a course in a college teaching other systems when it is a positive fact that we can give them a better course in half the time and at half the cost with the famous Byrne Simplified Shorthand and Practical Bookkeeping and our practical methods of teaching Telegraphy. They are also finding that a graduate who has the training given by these practical modern systems obtains a better salary than one graduating from a school using the old theoretical systems. We guarantee a better course in less time, at a less expense, and a better job with a better salary than any other school using other systems.

Fill in name, address and the course interested in, and mail to Tyler Commercial College, Tyler, Tex., and receive catalogue setting forth plainly why we can afford to make the above claim with regard to our systems and amount of time and money we can save you. Also read our Cash Gauranty of \$100 in our catalogue.

Changeable Climate
 IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

Dr. Hartman, of Columbus, Ohio, discusses an important health topic. He says:
 Yes, it is the climate, not the germs, that we have to fear in this country. The germs are present, to be sure, and are of some significance in diagnosis. Climate, a changeable climate, is the true cause of disease. The atmospheric pressure varies, the humidity of the atmosphere changes. Every day the temperature rises and falls. All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly southeast, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold. A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or laryngitis, or pleurisy.
 Now, what I am getting at is this. These climatic changes are inevitable. No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them. Good health is the best preventive. The very best, vigorous health, with excess vitality, this is Nature's own protection and protection.

We do not all have this, however. Some of us must have assistance. The assistance that I use for myself, would recommend for my friends to use, my neighbors and my countrymen, is Pe-ru-na. Keep Pe-ru-na in the house.
 If the children indicate they are catching cold, give them Pe-ru-na.
 If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.
 Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season. The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

Keep Informed.

In this day of progress the man who would succeed must be informed about the world's doings. The local paper gives him local information which is needful, but it cannot cover the whole field. Hence the man who would keep step with march of the times will take a general newspaper also. The Fort Worth Semi-Weekly Record has taken front rank among the great publications of the South and West. It is specially prepared for the reader who has not the time or the opportunity to read a daily paper.

First of all, it is a newspaper. The Record believes that the people of the country and the village are as much interested in current events as the people of the city.
 In the next place, it carries features suitable for all the members of the family—women and children as well as men.
 Last, but by no means least, the Record's editorial policy comprehends the economic welfare of the farmer and stock raiser. The Record is an acknowledged leader in the discussion of public questions in their relation to agricultural production.

In subscribing through this office you can get the Fort Worth Semi-Weekly Record, together with the Haskell Free Press, both papers one year for only \$1.75. Accept this remarkable offer today.

 Croup is a terrible disease, it attacks children so suddenly that they are very apt to choke unless given the proper remedy at once. Mr. Bryan's Paper, The Commoner

Through the columns of The Commoner Mr. Bryans meets the attacks of those who are opposed to Democratic reforms, as well as the clever misrepresentations made by the organs of the "special interests." As an exponent of the plans and purposes of the national Democratic administration, the Commoner is of unusual interest to all progressive citizens. Mr. Bryan's signed editorials give a timely discussion of public questions and are interesting and valuable to all students of governmental affairs. It is a big 32 page monthly. Besides supplying the best political and general matter, it has interesting Home, Fashion, Farm, Cartoon and other departments. A carefully prepared report of the work of the various members of the President's Cabinet is especially interesting to each tax payer. The subscription price is \$1 a year.

Many of our readers are already Commoner subscribers; many others may desire to be. To make it convenient as well as inexpensive for our readers to send subscriptions to The Commoner, we have arranged with Mr. Bryan to furnish his paper to our readers, at a special low rate. Only \$1.50 pays for a full year's subscription to this paper and a full year's subscription to The Commoner. If already a subscriber to either paper your expiration date will be extended one year.
