The Post Stampede Rodeo Aug. 8, 9, 10

The 34th annual Post Stampede Rodeo is to be held Aug. 8-10, with each of the three night shows starting at 8 o'clock. The producer will be S Rodeo, Inc., of Lawton, Okla., with contests scheduled in saddle, reback bronc and bull riding, calf roping, team roping, and girls barrel racing. The opening day parade will be at 5:30 p. m. Aug. 8, with trophies to be

awarded the winning riding groups, and cash prizes going to winners in the float division. Weldon Reed's Solid Country Band will play for a dance following each night's rodeo performance. The rodeo office will open for entries Monday, Aug. 5, according to Tommy Young, secretary, whose mailing address is Rt. 2, Post, Texas.

SWCD Awards Are Announced

Austin, Texas-- Three Texas conservation districts are first place winners among the districts in the state that competed in the 27th annual Goodyear Conservation Awards Program.

Colorado SWCD will be represented by Winston B. Harris, Columbus, chosen by the district as its outstanding cooperator, and Herbert E. Engstrom, Garwood, board chairman. Lubbock SWCD's representatives will be Donald Langston, Lubbock, the outstanding cooperator, and Milton Kirksey, Wolfforth, board chairman.

Lubbock County Soil and Water Conservation District is the winner in the northern section of the state, and Menard County Soil and Water Conservation District lead the field in the southwestern area.

Menard SWCD will send Frank Strom, Menard, outstanding cooperator, and John L. Royal, Menard, board chairman. In addition, plaques will be presented to the winning districts and to the three runner-up districts at a meeting of the state association. Recognition also will be given to the outstanding cooperators with all competing districts.

The districts took top honors for planning and management of their natural resource development programs in the contest sponsored by The Goodyear Tire & Rubber Company in cooperation with the National Association of Conservation Districts (NACD). Selection of the winners was made by an independent committee of state agricultural leaders.

Runner-up honors in the northern area went to Floyd County SWCD which named James R. Cagle, Floydada, as its outstanding cooperator; in the southwest to Middle Clear Fork SWCD with H. H. (Spud) McLeod, Trent, outstanding cooperator, and in the eastern section to Victoria SWCD, George Smafstral, Victoria, outstanding cooperator.

Two representatives of each of the winning districts will receive expenses paid, vacation-study trips to Marco Island, Fla., in December. They will be joined by representatives of 50 other first place districts throughout the United States.

Jaybird Band to Begin Summer Rehearsals

On August 5th, the Jayton High School Band will begin summer rehearsals for the upcoming year. At the helm will be Mr. John Gibson, the new band director. Mr. Gibson is a graduate of Deer Park High School and Texas Tech University. At Tech, he was a member of the "Go'n" Band from "Alderland", and served as its president during his senior year. He was also a member of Kappa Kappa Psi, national band fraternity, and Phi Eta Sigma, National

scholastic honorary fraternity. He is married to the former Linda Bradshaw of Idalou, Texas. The couple has one son, Geoffrey, age 20 months. Band rehearsals for students in grades 7-12 will begin at 8:30 a. m. and continue until approximately 11:30 each day. Students desiring to check out school-owned instruments should do so during the week of July 29 through August 3. DON'T FORGET!---- AUGUST 5th, 8:30 A. M.

A FAMILY AFFAIR
By Charlotte Lamb
Elizabeth was broken-hearted when she discovered that her fiancé was in love with her best friend Karen, and as there was nothing she could do but accept the situation as gracefully as possible, she broke off the engagement. The family circumstances pushed Elizabeth into an engagement to Karen's brother Toby. Was this really the solu-

tion to her problem. RETURN TO BLYTHE BURN

Skillet Supper

3 cups (about 3 medium) thinly sliced zucchini
Water
1/3 cup butter or margarine
1 pound (about 4 cups) frozen hash brown potatoes
2 tablespoons chopped chives
1/2 pound (about 2 cups) cubed pasteurized process cheese spread
6 cherry tomatoes, halved

4 hard-cooked eggs, sliced
1 cup milk
2 eggs
1/2 teaspoon salt
1/8 teaspoon pepper
In a large skillet, cook zucchini in small amount of water until tender, about 5 minutes. Drain well and set aside. In skillet over medium heat, melt butter. Add potatoes and chives; cook, turning occasionally, for 10 min-

utes. Stir in zucchini, cheese, cherry tomatoes, and 2 of the hard-cooked eggs. Arrange remaining hard-cooked egg slices on top. Beat milk, eggs, salt, and pepper together. Pour over mixture in skillet. Cover and cook over medium heat until eggs are set, 5 to 10 minutes. Yield 6 servings.

Fashions

Women have become independent as to the styles they select. Time was when fashion decreed the hemline, the sleeve length and other features of the garment. Everyone jumped on the band wagon. Not so today--women wear the clothes that do the most for them.

The favored hemline is just below the knee--the mini-skirt is out.

One London designer features sweet, cotton dresses in small prints.

Peanut Hulls Provide New Fuel Source

It's not peanuts, but their hulls that are warming the hearths of ecology-minded homeowners this year.

A non-smoking, long-burning fire log made from peanut hulls is agriculture science's newest approach to the energy crisis.

Produced commercially for the first time this winter, the logs are made from ground hulls mixed with waxes and compressed into standard fireplace-size.

Besides providing a new fuel for home owners, the logs solve a disposal problem for surplus hulls.

Traditionally, hulls left over from usual uses like cattle feed, poultry litter, and garden mulch have been burned in large incinerators near shelling plants.

Wheat's Not The Culprit
At current prices, the farm value of wheat in a 1 1/2-pound loaf of bread is just over seven cents. That's a rise of 3.4 cents in five years, compared to a 10.3-cent rise in other costs involved in producing the same loaf of bread.

'74 Wheat Projections Down Again

AUSTIN--Current USDA figures reveal that Texas wheat production is expected to decline 39.2 million bushels, down from a record 98.6 million bushels in 1973 to 59.4 million, Agriculture Commissioner John C. White has announced.

Most of the decrease is due to the failure of dryland wheat in the Texas High Plains. Growth has been slow because of drought conditions throughout the area.

High Plains farmers are being paid from \$3.93 to \$4.10 a bushel for wheat.

ON CHEATING
ANNAPOLIS, MD.--Seven United States Naval Academy midshipmen have been expelled for cheating, and 13 have been placed on probation as the result of a scandal that began with the leaking of questions on a final examination.

That Vacation

This is the time of year to remind yourself a summer vacation can be as tiring as any event of the year--and as dangerous.

The energy crunch, thankfully, has lessened the death toll on our highways but in many states the June and July fatalities began to rise again.

Aside from the danger of accidents, congestion, hot weather, rushing to and from

holiday choices can wear a family quickly--and mom and dad happy summer comes but once a year. Summer can be great if one can escape the heat. And escaping it might mean planning this year to avoid the rush, long trips, schedules, congested highways, cities and activities in the middle of the day. You can do all that, yet almost certain to enjoy sunny days and warm temperatures of the summer of '74.

"Seek ye first the Kingdom"

— a weekly message relating the world of today to the lessons of Faith and Church . . .

The wolf also shall dwell with the lamb, and the leopard shall lie down with the kid.

—Isaiah XI, 6

Technology has brought mankind to a "modern" world, has left footprints upon the face of the moon. Christ was born in Bethlehem, beneath the star of peace, to show the way in life and death, and yet we have learned to love one another so little, for so short a time. Look to the young, the child of man, the kitten or cub, the calf or the kid. We are not born with a sense of intolerance, with hate in our heart. We can find a way to keep love in our hearts, to bring peace to the world.

Shortages 'Acute' Says Survey

AUSTIN—Baling wire and fertilizer shortages are termed acute in numerous counties around the state according to figures recently issued by the Texas State Agricultural Stabilization and Conservation Service (ASCS) in College Station.

Agriculture Commissioner John C. White said the figures reveal that the baling wire shortage is acute in 62 counties and tight in 95. Baling twine is acute in 39 counties and tight in 81.

Nitrogen fertilizer supplies are reported as acute in 17 counties, phosphate in 11 and potash and mixtures in eight.

The report is issued monthly by the ASCS as a monitoring service. State findings are forwarded to the Federal Energy Office in Dallas. The report was started with the onset of the fuel shortage and it continues to monitor gasoline and diesel supplies.

No counties reported acute fuel shortages during June and only 33 mentioned tight gasoline or diesel supplies.

White said fuel problems generally can be alleviated quickly because agricultural producers receive top priority in this area. Fertilizer and baling wire are different stories, however, because the government has no control over either.

The altar of the First Baptist Church of Spur featured a large basket of lavender gladiolas, deep purple asters, lavender lace carnations and gypsophelia and candelabra with three candles. On either side of the basket arrangement were spiral candelabra decorated with palm trees. The background featured candle cups interspersed with lace fern. The pews were marked with bows of lavender and deep purple ribbon and white wedding bells. Miss Sherri Sue Ponnemaker of Spur became the bride of David Clinton Senn on Friday, July 12, at 8:00 p. m. Rev. Clinton Ponnemaker, Jr., cousin of the bride officiated the double ring ceremony.

Parents of the bride are Mr. and Mrs. Charles Ponnemaker of Spur. The groom's parents are Mr. and Mrs. Claud Senn of Jayton.

Candle lighters were Gary Jones and David Jones of Spur.

Donnie Duboise, soloist, sang "Let It Be Me" and "The Twelfth of Never" accompanied by Miss Dewayna Bostic, organist and Miss Terri Spradling, pianist. The bride, given in marriage by her father, wore a formal length gown of white organza fashioned with a high victorian neckline of scalloped chantilly lace and long, sheer bishop sleeves featuring a deep cuff of lace. The empire bodice had a sheer see-thru yoke edged with bands of scalloped lace and white sequins which extended down the softly gathered a line skirt. A deep band of lace formed the hemline of the skirt.

The detachable train was of white organza featuring chantilly lace borders and rows of lace formed the center of the train. Her headpiece was a matching lace mantilla which encircled the train.

Two tiers of shoulder length silk illusion fell from the headpiece. She carried a colonial bouquet with purple crown asters, lavender lace carnations interspersed with purple statice and gypsophelia with pearlized leaves cascading down with shades of purple, lavender and white streamers.

For something old, she carried a silver dollar given her on the date of her birth by the late W. J. Driggers. Something new was her bridal attire. Something borrowed was a diamond twin heart pendant belonging to her bridesmaid. For something blue she wore a blue garter, a gift from Mrs. Glenn E. Jones. She had a penny in the year of their birth in her shoe for luck.

As the bride entered, she presented her mother with a lavender lace carnation. After the ceremony, she presented her mother-in-law with a lavender lace carnation.

After the couple had taken their vows, they lit a single candle signifying they were united. Miss Cindi Ponnemaker, sister of the bride, served as maid of honor. Miss Sharon Edwards served as bridesmaid. They wore identical formal length gowns of lavender miramini featuring a sweetheart neckline and short puffed sleeves. White lace and purple ribbon accented the empire waistline. They wore lavender picture hats with white lace and purple ribbon bands. They carried single stem lavender lace carnations accented by lavender daisies, purple statice, and gypsophelia.

Miss Annette Thomason, cousin of the bride, was flower girl. She wore a formal length gown of pale orchid dotted swiss featuring a square neckline and short puffed sleeves. The empire waistline was accented with white lace and purple ribbon. She wore a bandeau of flowers in her hair.

Charles Hilton, of Jayton nephew of the groom served as ring bearer. Alan Senn, of Odessa nephew of the groom, served as best man. Derrell Long of Jayton was groomsman.

Chuck Kimmel of Girard and David Tarrant of Spur were ushers. A reception followed the ceremony in the Fellowship Hall of the church. The serving table was covered in White with a full floor length white lace overlay. The four-tiered wedding cake was topped with arrangement of purple statice, lavender lace carnations and gypsophelia. White doves and cupids with a deep purple tulle ruffle completed the cake decorations. The brides bouquet was used as the floral arrangement on the serving table. Deep purple fruit punch was served. Crystal and silver floral arrangement on the serving table. Deep purple fruit punch was served. Crystal and silver floral arrangement on the serving table.

were honored guests.

Mrs. David Senn the former Sherri Ponnemaker was honored with a bridal shower Tuesday, July 9, from 8:00-9:30 p. m. in the Willie Room of Dickens County Electric Cooperative.

The brides chosen colors of shades of purple and white were used. The serving table was covered with a white lace cloth over an orchid underlay.

The centerpiece was an artificial arrangement which was presented to the bride. Crystal and silver appointments were used to serve cake and punch. Hostesses for the occasion were:

Mrs. Olan Daughtry, Mrs. Calvin Reynolds, Mrs. E. S. Lee, Mrs. Toby Collett, Mrs. Don Gannon, Mrs. Pete Gannon, Mrs. Howard Parker, Mrs. Dale Wyatt, Mrs. Milton Reynolds, Mrs. M. C. Hurst, Mrs. Elkins, Mrs. Doc Edwards, Mrs. Darrell Thomason, Mrs. Wilson Hagins and Mrs. Billy Hoover.

The hostess gift was a vacuum cleaner.

A rice and spice luncheon honoring Mrs. David Senn was given in the hostess Mrs. Doc Edwards, on Wednesday, July 10, at 10:30 a. m. Rice bags were made and scrolls were tied.

The bride's colors of shades of purple were used on the serving table. Gifts of spices and favorite recipes were given the honoree.

The hostess gift was a spice rack and a recipe file.

Those attending the luncheon were: Mrs. Charles Ponnemaker, mother of the bride, Mrs. Claud Senn, mother of the bridegroom, Miss Cindi Ponnemaker, sister of the bride, Mrs. Edd Hilton, sister of the groom, Miss Anya Hilton, Scott Bateman, Miss Elaina Alldredge, Miss Terri Spradling, Miss Sharon Edwards, Mrs. David Tarrant, Mrs. Derrell Long, Miss Patricia Edwards and the honoree.

Hot Hints

We call attention to a few symptoms of sunstroke or heat prostration which occur during severe hot weather.

Sunstroke offers ample warning—including headache, nausea and a dry skin. Heat prostration cautions us with a pallor, feeble heart action and subnormal temperature.

Over-exertion in hot weather is dangerous, as is over-eating. Excess sugar and fat should be avoided. Cool water, not iced, is recommended, as are light clothes and frequent baths.

GROUNDHOG PET

BALTIMORE — Dolores Robertson, 17, has her own weather forecaster, a small North American groundhog. Miss Robertson and her father found the baby groundhog in the woods near their home about a year ago.

TREMENDOUS TRIFLES

THE GANG WAR THAT NEARLY CAUSED INTERNATIONAL COMPLICATIONS

When an Italian in New Orleans in 1890 built a profitable business in unloading fruit boats, other Italians muscled in and the outcome was so disastrous that international complications developed to the extent of indemnity with American dollars.

It all began when a man named Provenzano found it profitable to monopolize the dock workers. Matanga, a saloon owner, decided to take over the business on a huge scale. Accordingly, Matanga collected a gang and at dawn one morning waylaid a wagon loaded with Provenzano's men. Two men were killed and several seriously wounded.

David C. Hennessey, Chief of Police, started a vigorous campaign to bring the killers to justice. For his efforts he wrote his own death ticket, for gunmen stepped out of a doorway on the night of October 15, 1890 and riddled the officer with bullets.

Feeling ran high in New Orleans. On December 22, eleven men were arrested on suspicion. In court they pleaded not guilty. The court upheld their plea, but New Orleans citizens were indignant. Later a grand jury indicted two jurors for taking bribes but nothing came of it.

Several prominent citizens, believing a travesty of justice had been committed, called a mass meeting on March 14, 1891. It was suggested that people come prepared for action.

Thousands of people congregated in Clay Square. After speeches against the injustices of the courts, guns were distributed from the arsenal. Then they moved upon the jail, sweeping aside the few officers who tried to block them.

Into the cells the mob rumbled, and against the pleas of mercy from the eleven prisoners, they were slaughtered.

None of the mob was ever tried, but the Italian government sent a protest to President Harrison. After an investigation, the American government offered 125,000 francs as indemnity. The offer was acceptable by the Italian government, and the money was paid out on a special fund in the Diplomatic Appropriation Bill and delivered to the heirs of the men killed.

Residential Subdivisions
Diverting Farm Lands

Residential subdivisions account for 43 percent of the farm land that's being diverted to non-agricultural uses, according to a recent analysis by USDA's Economic Research Service.

A data sampling of farm land sales also showed that 9 percent of the acreage went for commercial or industrial uses.

Average size of farm land tracts bought for non-farm uses is 150 acres, down from 218 acres reported in a 1972 survey.

Ever-Present Bug Threat
Scientists estimate there are about 2-1/2 million insect species in the world that are not now present in the United States. However, 6,000 of these species are known to be doing damage in foreign areas that are ecologically similar to parts of this country.

Swimming Pool Open

Non-Farm Jobs Being Generated by Exports

More than 450,000 non-farm jobs were generated by the nearly \$5 billion expansion in U.S. farm exports during fiscal 1973, reports the USDA's Foreign Agricultural Service.
For every \$1 increase in production of feed grains, wheat, rice, and oilseeds for exports, an additional 90-cent output occurs in other sectors of the nation's economy. These sectors include transportation, storage, handling, and marketing.

Not Brag, Just Facts?
Texas currently leads the nation in annual production of rice, onion, cotton, grain sorghum, sheep, goats, beef cattle, and wool. It also harvests substantial amounts of peanuts, vegetables, citrus fruits, honey, cereal grains, soybeans, turkeys, and dairy products.

No Shoe-String Operation
It now takes a capital investment of \$250,000 to start a typical full-time owner-operated farm, reports the Farm Credit Administration.

It's A Narrow Margin
Selling prices of farm products averaged 35 percent higher in 1973 than in 1972 but farm production expenses zoomed upward by nearly one-third.
