

All About Nothin'

Christmas this year for Abernathy was similar to the well known old fashioned Yule Days that were enjoyed during the pre-depression years. Merchants did more business, the people generally were in the spirit of the season, visitors came, local people went visiting to other towns, more gifts were given, and everyone was happier than I have ever seen them during Christmas. The only reason I am glad it has past is that those dad-blasted fireworks have gone with it. Those things give me the jitters worse than first of the month bills. I had that I-want-to-run-under-the-house feeling every time a fire cracker was set off in a hundred yards of me.

Hey! What went with 1936! It was only yesterday that it began. Now this is the last day of the leap year and Texas Centennial year. It has galloped through at a high rate of speed. Gosh dang! And I didn't get one proposal for marriage during the leap year! I knew I'd lose out when I started getting fat.

Thank you, W. R. (Bill) Hall. You saved me a lotta worry and writing. I had my hair down and was ready to start crying again about the waste water from the two laundries, but you saved me the trouble by closing down your laundry and preparing a decent disposal of the filthy H2O that comes from the machines in your do-it-yourself laundry. I believe Ovie will do the same thing with his plant.

Here's a bouquet to Commissioner L. M. Rankin for taking the wrinkles out of Abernathy streets.

Again, the face of our society reporter turns crimson. But, why should it be? It is being done by the best of reporters on the best of papers. What I'm trying to say is that we should have snuggled around and found out about Evelyn Brooks and her marriages and so on.

Who don't find it out? None suspected Evelyn were Mr. and Mrs. Rankin. It was Christmas Day. I was here. Who knows, making love to some married woman. The puns be careful.

Years ago, Tuesday, I rode into Abernathy in a truck looking for a place to put holls. That was the year when this territory made so much cotton. I pulled balls until March or April that season and then started to school at Science Hill. Abernathy has been good to me during the decade ending today. Thanks to all of you.

Letter to the Editor

To The Editor:

If WPA were to quit all activities, your county or city or both, would have to feed, clothe and shelter every individual now on WPA projects and their families. This would be a burden beyond the abilities of most counties and cities—but we could not let these people starve and freeze—and we would have to take care of them in some way.

If WPA runs out of money, they will have to lay off their workers. We all know that WPA is cutting down in every way every day. Administrator Harry Hopkins has announced that he will ask Congress for five hundred million dollars when it convenes—but no one knows what Congress is going to do or how quick they will act. It may get into an organization snarl that will take a month work out. Congressmen may not realize the need of quick action. Congress may take weeks to debate the need of this five hundred million dollars.

You and I know the need of keeping WPA workers employed. It is a serious situation that concerns you and your people directly. It is our duty and our obligation to take action in this matter and to advise our Congressmen and Senators of the imperative need of quick action on the part of Congress—otherwise, we may have the burden of feeding and clothing these people and be unable to meet it.

That we may thoroughly realize the seriousness of the situation—that we may devise ways and means of impressing on Congress the need of immediate action—that we may protect WPA workers and their families—and that we may protect our own tax-paying citizens—I know that we should get together and look in on the problem.

I am therefore calling a meeting of County Judges, Commissioners, Mayors, other city and county officials, Chamber of Commerce Managers, and Newspaper Editors of this section, to be held in the Hilton Hotel, Lubbock,

Abernathy Celebrates Cheerful Christmas

MERCHANTS REPORT GOOD YULE SEASON BUSINESS HAVE TREE PROGRAMS

With Christmas buying here the best in many years, local merchants considered it a cheerful Yule season for them. Sales of gifts, toys and foods this Christmas exceeded those of any year since 1929, reports revealed.

Abernathy was generally in the spirit of the season with host of visitors and many local people visiting in other towns and cities.

Tree Programs
Tree Programs were held at the Church of the Nazarene and Methodist churches here and at the school and Methodist church in the Lakeview community.

School children of this territory enjoyed the longest holiday period given them in many years with 11 days in which to "loaf".

Postmaster George W. Ragland reported the busiest season in years with packages moving in a large volume until the window closed Thursday evening.

Cupid In Spotlight
Cupid and Santa Claus worked together in Abernathy this Christmas with several local couples saying their "I Do's" during the holidays.

Rita Entertains
As a Christmas present to children of this territory, Rita theatre showed a free matinee Thursday afternoon. A large number of children attended the free program.

West Point Cadet Visits Wrights Here

BOARDS TRAIN HERE FOR RETURN TUESDAY; VISITED HERE AND IN LITTLEFIELD

(By OLIN O'NEAL)

Abernathy's feminine hearts would have been all afflutter and the local lads would have turned green with envy if they had seen Tilden Wright, West Point cadet who visited with his brother, Leonard Wright, route two mail carrier, here Monday night. On a ten-day leave, Tilden spent only 30 hours visiting his mother in Littlefield and Leonard here. He boarded the 2:30 passenger train here Tuesday afternoon for the return trip.

Due to the limited time of his stay here this reporter was unable to interview Wright, but Mrs. Leonard Wright told us several interesting facts concerning Tilden and the army school.

According to Mrs. Wright, Tilden, who was second alternate, received his appointment through the late Senator Arthur P. Duggan, July 2, 1935. Among requirements for entrance to West Point are these: A boy must be between the ages of 18 and 24 years old, inclusive; he must be physically perfect and he must have a high school education. The entrance fee is \$900. Upon graduation this amount plus \$450 is returned to the graduate, Mrs. Wright stated.

In their first year the boys are called Plebes. College freshmen know absolutely nothing about hazing compared with that the Plebes receive. While sitting, the Plebes are allowed to use only one-fourth of the chair. This is to teach them to sit in an erect position. If they are caught with the shoulders slumped the Plebes are placed in a brace and kept there until they learn to sit correctly.

Clothes worn by the cadets are very heavy. Mrs. Wright said, due to its excessive weight, it was almost impossible for her to assist Tilden in putting his top coat on. Until they become accustomed to the heavy clothes, the Plebes have sore shoulders. The cadets have 15 different uniforms. The tunic Tilden was wearing while here cost \$32, Mrs. Wright said. And, believe it or not—the buttons on it were gold plated.

West Point is surrounded by several schools for girls. The cadets are not allowed off the campus. However, the girls are allowed to visit the cadets but the girls must pay all the bills if they step out with the army school boys.

The Plebe is allowed only bare necessities and one picture of his mother. The second year the cadet may have a watch, keep a diary and have a picture of his girl friend. He can receive no presents through the mail other than plain white handkerchiefs and food.

He receives his rations and \$5 per month for cigarettes and other incidentals. If he is in debt he receives only \$2.50 per month.

On graduation he has the rank of a second lieutenant and receives a commissioned officer's salary.

Tilden plans to visit Leonard here in July, 1937, when he returns for the summer vacation. Note to you local girls: write that down in your be-sure-to-remember book.

ANTELOPES TO MEET PAMPA, LUBBOCK AND ATHENS

Christmas Day Crash Injures Local Boys GILLILLAND COUPE AND PRATHER TRUCK DAMAGED IN SMASH N. OF TOWN

Cecil Holley suffered severe head and face lacerations and a fractured jaw and Albert Gilliland suffered minor bruises when the 1935 Ford coupe, driven by Gilliland, and the 19-loupe, driven by Prather, and the 19-37 Chevrolet truck driven by Floyd Prather were in collision about two miles north of town shortly after 4 p. m. Christmas Day. Reports from Lubbock sanitarium early this week were that Holley's condition was improving.

A third car, a Ford sedan occupied by Mr. and Mrs. A. S. Veazey of Dumas, was only touched in the wreck. The coupe, owned by G. G. Gilliland, father of Albert, was damaged considerably and the side of Prather's truck bed was also damaged.

The coupe and truck collided when both the coupe and sedan attempted to pass the truck.

Frank Tannahill was with Prather in the truck. They were not injured.

BASKETBALL FANS TO HAVE FUN WHEN THREE FAST TEAMS MEET BOYS THUR. FRI. SAT.

Playing three games with three teams from larger schools, Faubion's Antelopes will have a chance to make good in a big way this week-end when Pampa, Lubbock and Athens High schools send basketball teams here for tilts. Thursday night (tonight) the local lads play Pampa. Friday night Faubion's boys meet Lubbock High school basketweavers and to top the week off, the Antelopes play the 1937 edition of the well known Hornets of basketball fame, Athens High school's cagers, under Coach Bobo Nelson.

The Athens boys invaded the South Plains early this week playing Plainview, Meadow and Levelland.

The Athens Hornets gained national recognition under Coach Jimmy Kitts, who went to Rice Institute as head coach by copying two United States high school championships, the while they were hanging up a record of five Texas titles.

Admission prices for the Pampa and Lubbock games will be 5c and 10c. Prices for the Athens game will be 15c and 25c.

At The Rita

RELIGIOUS PICTURE, "THROUGH THE CENTURIES."

The story of Christianity, from Nativity to modern times, will be graphically told in "Through The Centuries", extraordinary talking motion picture which will be shown at the Rita theatre in Abernathy on Wednesday afternoon and night.

One of the many high spots of "Through the Centuries" is the appearance of the Pope Pius, who is seen and heard in one of his few screen addresses. Rarely-filmed scenes of the beautiful Vatican, interior and exterior, are also included.

Tracing the growth of the religion from its inception, "Through the Centuries" shows the Crucifixion. Rome under Nero—when the power-crazed pagans fed Christians to the lions—is shown in one of the picture's thrilling sequences. Missionaries are seen at work, spreading civilization in Darkest Africa, and the heroic services of the chaplains on the battle-fields during the World War is pictured.

A lesson in Christianity, "Through the Centuries," has won the highest endorsement from America's most prominent religious and educational leaders.

In addition, an interesting short subject, in natural color, will tell the story of the 23rd Psalm. It is named "Tubal Cain."

WILL ROGERS STARS IN "AMBASSADOR BILL" AT HALE CENTER—ABERNATHY

Dressed in a boiled shirt, white tie and unaccustomed tuxedo, Will Rogers plays a role he made famous off-screen in "Ambassador Bill," coming to both theatres in Hale Center and Abernathy. Dates for the two towns for his picture are: In Abernathy at the Rita theatre Thursday and Friday; and in Hale Center at the Ritz on Sunday afternoon and Monday night. Bank night features and Fox Movietone news and other shorts will be held at both theatres with this excellent feature film.

As an envoy whose first diplomatic act is to suggest the postponing of a court presentation because the queen has "heavy feet", Ambassador Bill is the best role for the actor-humorist ever and provides him

with cracks and comments that in him such a screen favorite.

Set in a mythical kingdom ruled over by a boy king, "Ambassador Bill" deals with the machinations of a political leader to make himself the real power behind the throne and Rogers' efforts to frustrate him. As Ambassador Bill, the humorist sets about his task in a hilarious but effective manner.

As an "unofficial diplomat," Will Rogers brought a note into politics that is unique in history. In "Ambassador Bill," he plays the same sort of role on the screen that brought him fame throughout the world and does so in a manner to make the picture one of the outstanding in his brilliant career.

Greta Nissen, Marguerite Churchill, Gustav von Seyffertitz and an exceptional cast are featured with Will Rogers.

NEW WESTERN STAR IN MUSICAL—RANGE LIFE FILM, "HEADIN' FOR THE RIO GRANDE"

Tex Ritter, the famous singing cowboy star, who will be seen in Grand National's romantic western musical of early border days, "Headin' For The Rio Grande", when it shows Saturday afternoon and night at Rita theatre in Abernathy, has had four new songs written especially for him and this tuneless, fast moving production.

Three of the songs, which were created by Jack Smith and the singing western star, himself are: "A Campfire Love Song", "Jail House Lament," and "Night Herding Song," a traditional type of ballad. The theme song of the production, "Headin' For The Rio Grande", was written by Tex Ritter in collaboration with Stanley Davis.

The story of "Headin' For The Rio Grande" deals with a gang of cattle rustlers, who have been preying on the honest cattle men, whom Tex and his brother, the Sheriff of the county determine to wipe out. The climatic scenes show a thrilling stampede of several thousand cattle, who trample to death the leaders of the gang. Romance is supplied by the lovely Eleanor Stewart, a stage beauty who only recently made her screen debut in a featured part in the MGM picture, "Small Town Girl", in the character of the daughter of one of the rustlers, whom Tex defends from the rustlers.

The picture was directed by Robert N. Bradbury from a screen play by Robert Emmett and an original story by Lindsey Parsons. Included in the cast are such oldtimers as Syd Saylor, Warner Richmond, Charles King, Earl Dwire, Forrest Tylor, William Desmond, Snub Pollard and others.

Comedies and the serial, "Darkest Africa," will be seen also.

DEATH STALKS THE HIGHWAYS

Hays, Kans.—A statewide movement to enact legislation which will seek to curb the serious increase in the destruction of life and property is spurred on daily by such sordid scenes of truck and motor car disasters as shown above. In this head-on collision ten miles west of Hays the occupant of the motor car was killed and the truck driver received serious bruises and cuts. In every community there is developing a determined effort to regulate speed, size of trucks, more rigid inspection of brakes, lights and other equipment and more equitable taxation for the upkeep of state highways.

RESULT OF OVERLOADING

Kansas City, Mo.—Laden with an overloaded tonnage of steel, here is what happened to the highway of an outer-belt road leading into Kansas City. The right rear wheel cannot be seen as it is completely submerged in the concrete slab. So many highway accidents have occurred in this state and the need for data which may be used as a basis for determining the special road costs incurred by trucks is so great that state highway departments are now conducting surveys in several states to determine a fair charge against the trucks for the use of highways. While thousands of motor trucks daily bring about destruction of highways shown in the above illustration, it is pointed out that pleasure cars and light farm and delivery trucks stand an unjustifiable share of costs of highway upkeep.

ONE TRUCK'S WILD RIDE

Kansas City, Kans.—A 15-ton truck on a wild rampage finally came to a stop at this hardware store. A part of the damaged wall of the building rests on the truck, which cannot be removed until workmen brace the structure so that wall will not collapse. Such destruction of property, particularly by irresponsible itinerant truckers, is the reason why safety councils nationwide are seeking more stringent laws thoroughly regulating motor transports.

"THE GREAT ZIEGFELD" WITH BEVY OF STARS AT RITA, SAT. PREVUE SUN. MON. Wonderful Picture Has Been Hailed From Coast To Coast As Greatest

"The Great Ziegfeld" comes Saturday prevue, Sunday afternoon and Monday afternoon and night to the Rita theatre, as the finest musical drama ever made for the screen.

Not only does it contain musical spectacles of the best quality but, in a story suggested by the life of the one and only Ziegfeld, it presents drama that will draw tears to the eyes of the most blasé theatregoer.

(Topping this 5-ring circus of entertainment are found William Powell in the role of Ziegfeld, Myrna Loy as Billie Burke and Luise Rainer as Anna Held. Without contradiction Powell does the finest work of his career as the great glorifier of American beauty. The role of Anna Held emblazons Luise Rainer on the horizon as one of the most sensational stars to greet us from the screen and Myrna Loy as the

lovely Billie Burke is at her loveliest. The drama alone could well be classified as one of the best of the screen, but this picture does not stop with drama. It has music and beautiful girls presented in the most spectacular fashion in the many amazing numbers. Some of the tunes were made famous in Ziegfeld stage shows, and others, particularly "You," were written originally for this extravaganza. In entertainment, the picture reaches the zenith—with such names as Fannie Brice, Harriet Hooter, Frank Morgan, Virginia Bruce, Nat Pendleton, Reginald Owen and about 100 additional speaking roles.

Due to the extreme length of "The Great Ziegfeld,"—over three hours—there will be only one showing of each performance—one each in the afternoons and Mon. nights. Afternoon shows will start at 2:00 p. m. and night shows at 7:00. Prevue will start at 11 p. m. Prices for "The Great Ziegfeld" will be 25c and 10c for matinee, and 40c and 15c for night shows, set by the producers.

There was something we planned to say here, something we'd had in mind all year about old acquaintance that shouldn't be forgot . . . something very flowery, but it all seems rather unimportant in the light of what we feel like saying now that the time has come. It's simply this: everybody wants a happy new year for himself and the other fellow, and we've resolved to do our best in the next 365 days to make it a happy new year for the other fellow, because we know of nothing that will make US happier, a year from today, than the knowledge that we did.

COUNTY BASKETBALL TOURNAMENT SET FOR FEBRUARY 11-12
The Hale County basketball tournament for boys and girls is to be held in Plainview February 11-12. Abernathy has won this tourney for the past several years.

PRESIDENT'S BIRTHDAY BALLS WILL BE JAN. 29
Fifth annual Birthday ball for the President, with all funds pledged to fight infantile paralysis, will be held in more than 5,000 U. S. cities and towns the evening of Jan. 29. Funds this year go to a new National foundation instead of the Georgia Warm Springs institution as in former years. Money will be used in battling the dread disease in many communities instead of in the one place.

UTILITIES COMPANY IMPROVES TUO-HEREFORD LINE
A 66,000-volt high line 100 miles long is being constructed by the Texas-New Mexico Utilities Co. from its Tuco plant to a point six miles west of Plainview, thence west to Olton and north to Hart, Dimmit and Hereford.

fitable to all. Mr. Reese is being brought to Abernathy by the Church of Christ, and the leadership of the local church wishes to thank Mr. Andrews for this courtesy and also to announce to the public that they are glad to cooperate along this line in behalf of the general community benefit.

MISSIONARY FROM AFRICA TO SPEAK SUNDAY NITE & MONDAY
Through special arrangement with a returned missionary from Africa, and in further co-operation with a community program of such nature, the Church of Christ announces special services to be held next Sunday night and Monday afternoon. These two special services are to feature educational and religious mission work in the 'dark continent' as sponsored by the churches of Christ in America, and under regular government supervision or approval. The service Sunday night will introduce Mr. A. B. Reese who is to lecture on such an important work in which he is engaged both as an associate in one of the government schools, and also as a religious missionary to one of the most inviting and fruitful fields in gospel labors today. The Sunday night lecture will stress the importance of this work, both educationally and religiously, and will report the interest and response of the natives to such work in their behalf. Much interest will be awakened in numerous experiences and close observations related by the speaker with so much of the human element interwoven, and the queer, odd and often misunderstood attitudes and actions of those in other lands. Historically, as well as educationally and religiously, these lectures ought to bring together a large crowd. He is to be featured on the program Monday afternoon when the Church of Christ Bible Class is hostess to the other three church women's organizations in their fourth joint session. Members of the Church of the Nazarene, Baptist and Methodist Women's Missionary Societies are to attend the regular fifth Monday meeting.

BAPTIST PASTOR REED PLANS SERIES OF SERMONS
Rev. W. A. Reed, Baptist pastor here, plans a series of five sermons to be given on that many Sunday nights here. General theme of the series is "The Christ Whom We Worship."
The first sermon in the series will be Sunday night when the new pastor speaks on "His Virgin Birth." The next will be "His Divine Life," Feb. 6; "His Bearer's Death," Feb. 13; "His Bodily Resurrection," Feb. 20 and "His Personal Return," Feb. 27.
Bro. Reed urges his members to attend services at the Baptist church and visitors are always welcome.

MONK, THE MECHANIC, SAYS—

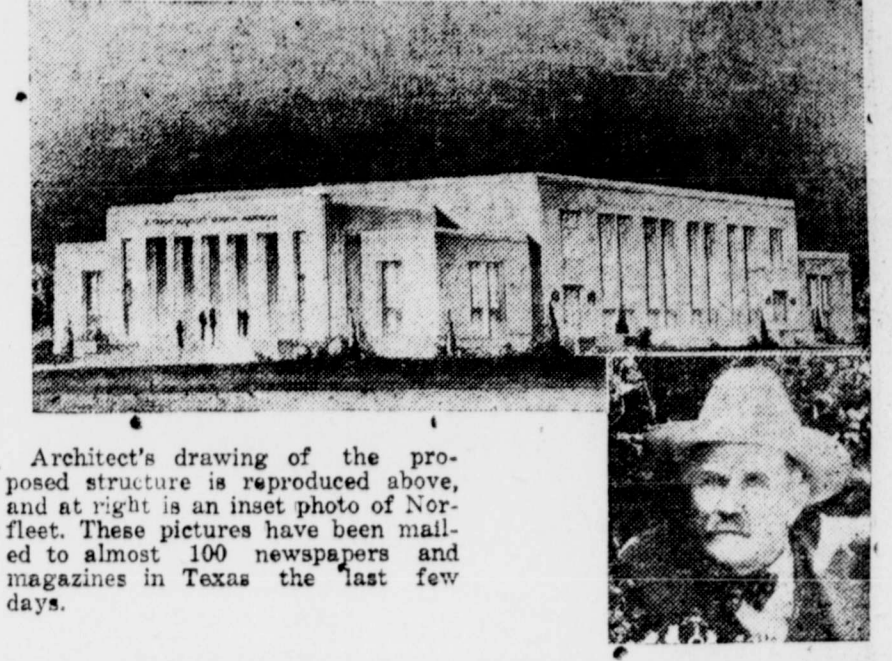

For bargains in R & G Used Cars see J. Brad Seale, Jack Hackler or Howard Brown at Abernathy Motor Co. A large number of late model Fords and Chevrolets to sell at attractive prices.

I have given thirty five years of faithful service to the boys and girls of the State of Texas. Thirteen of these years have been spent with the schools of this county. Under my leadership the first rural school in Hale county was standardized. Last year the Liberty School, where I am superintendent at the present time was also standardized.
If elected I promise you prompt, courteous, and efficient service. I am a school man and not a politician; hence I will need the support of all my friends. But in giving me your support do not lose sight of the fact that my opponents, if any, are ladies and gentlemen and should be respected as such. I sincerely hope that the contest for this office, if there be one, may be kept above the common "mud slinging campaign."

PETERSBURG AREA LEASED FOR OIL
PETERSBURG, Jan. 27—Increasing excitement predominated over this area as several oil firms started leasing land here this week for development of the oil resources.
A zone, three miles wide and five miles long located just east of Petersburg, is being principally sought after. A firm from Amarillo has been rushing leasing activities in an effort to utilize the entire tract.
The opening bid for the leases was set at \$1.50 per acre and an annual 50 cents rental for the following ten years. However, with keener competition developing, land owners, who held out for higher bids and with land in the favorable blocks, received \$2 for their leases and 50 cents rental for the ten year period. None of the leases called for drilling contracts. Leasing interest is now extending west of town.

ON RADIO PROGRAM
Mrs. James Atcheson's voice and music students were heard on a radio program over station KFYO, Lubbock, Thursday afternoon.
Those heard on the program were Olen Anderson, R. E. Albers, Jr., Kathryn Gilliland, Garland Heggen, Albert Gilliland, Shirley Feldman and the glee club.
Members of the high school glee club are: Idalene Anderson, Mary Baker, Jean Bell, Eva Bryant, Bernice Heggen, Garnette Heggen, Maxine Jones, Daisy Faye Lebow, Melba Jo Neighbors, Maylene Parish, Doris Johnston, Cecile Pharr, Helen Phillips, Charlotte Price, Lorene Patterson, Billie Mae Richter, Wilma Richter, Cuba Lee Scott, Willie K. Sterrett, Ruth Tarver, Maxine Selke, Joy Smith, Doris Floyd, Leota Allen, Hazel Davis, Ruby Houpt, Udel Griffith, Margie Squires, Francis Rice, Eula Newsome and Tootsie Curry.
ONLY FOUR MORE DAYS
Only four more days are left in which to pay your poll tax. This is election year, as you know, and you will want to vote.
Poll tax payments may be made at First State Bank here.

For Notice
Radio, Newspapers, Magazines Used To Draw Attention To Plan
Although several thousand Panhandle residents have already heard of Cotton Center's proposal to build a magnificent memorial gymnasium honoring J. Frank Norfleet, Hale county detective, through radio, newspaper and magazine articles the last few months, many more thousands will become acquainted with the plan as the Memorial association launches another barrage of publicity soon.
(The Memorial association hopes to secure additional contributions to match funds from the federal government to build the structure.)
Plans for publicity include sending newspapers of the state photo mats of the architect's drawing of the proposed structure, with a short news article telling of the movement. We reprint below a reproduction of the exact copy and pictures which will be mailed out soon to the press. Another plan was started recently for securing funds. Numerous banks in the Panhandle are displaying placards in their lobby stating they will receive contributions to the Norfleet memorial.

MARSH S. WATSON ANNOUNCES FOR HALE TAX ASSESSOR-COLLECTOR
Marsh S. Watson announces his candidacy for the office of Tax Assessor and Collector of Hale County. Watson has been a resident of this county for nineteen years, 18 of which he has spent in the Hale County Abstract Co.'s office, being a firm member for the past eight years. In the meantime he has also been accountant for several of the leading firms in the county. Last year he was elected to the Plainview city council and has served as a member of it.
In soliciting the support of the public Mr. Watson states:
"Being for the past eighteen years connected with a business which has kept me in close touch with the duties and problems of the office, I wish to announce as a candidate for the office of tax assessor and collector of Hale County and respectfully solicit your support."
Wallace Magee was in Odessa this week.
Sterling Royal and family have moved to Brownfield.

FARMERS EXPECTING TO PARTICIPATE IN 1938 PROGRAM ADVISED TO SIGN WORK SHEETS
Farmers who expect to participate in the 1938 program for agriculture and who would get a subsidy for their 1937 cotton, must sign a work sheet, said Walter Johnson, assistant Lubbock county agent in charge of the agricultural conservation program.
"Every farmer needs a base production in order to get his 1937 subsidy," he said. "Farmers who want the subsidy must agree to cooperate with the 1938 program. They must have a work sheet signed showing their base."
"All farmers who did not sign a 1937 work sheet and who grew cotton or other commercial general crops, must sign a work sheet. We do so, to co-operate with us, whether they intend to go into the program this year or not."
"We have received instructions from Washington and College Station about this. The cotton base production figures on these work sheets will be used as a basis for making payments under the 1937 cotton price adjustment program."

Be Looking For You Sure
Announcements are carried elsewhere in this paper regarding some very special services to be held at the Church of Christ, and we shall expect you to fall in with the program and attend these services, hence we emphasize these announcements by saying, we will be looking for you sure.

REAL ESTATE SALES
A brisk trade in real estate here was recorded in January. M. O. Hood vocational agriculture instructor in the high school here, bought the W. H. Cain house, now occupied by Methodist Pastor and Mrs. Ed Tharp. When the new Methodist parsonage is completed and the Tharps move in, Hood and family will move. And then a moving spree will begin; Bob Reid and family will move to the house they bought from Walcome Ragland after the Hoods, who now live there, move; Leonard Wright and family will move to the house they bought from Leonard Harral of Slaton, the house to be vacated by the Reids and J. C. Hurst, Review publisher and Rita owner, and family will move from Hale Center to the house vacated by the Wrights. Hurst bought the house from O. O. (Doc) Crow of Slaton.

APPLICATIONS FOR PAYMENTS TO FARMERS BEING SIGNED
Applications for payment for co-operation with the agricultural conservation program for 1937 are being signed by farmers in Lubbock county agent's office and the papers will be forwarded to College Station soon. Last week 672 applications were received by County Agent C. C. Johnson. He notified the farmers involved to come in and sign up. Payments should begin arriving about the latter part of February, it is believed.

46,910 BALES GINNED IN HALE COUNTY
Cotton ginnings in Hale county to Jan. 16 were 46,910 bales as compared with 18,656 bales on that date last year. Many of the gins are yet running, turning out a few bales a day, and there have been ten operating days since the report was gathered. An early prediction that the Hale county crop of 1928 of 47,505 bales would be surpassed by the 1937 crop seems certain of fulfillment.

PTA SPONSORS MOVIE IN AUDITORIUM TONITE
Abernathy Parent Teachers Association is sponsoring a movie in the school auditorium here Thursday night (tonight), said announcements. The historical story of Philip Nolan, "The Man Without a Country," will be shown.
The following characters will be portrayed in the show: Nolan, Agnes Churchill, Aaron Burr, Thomas Jefferson, Alexander Hamilton, Mrs. Alexander Hamilton, Stonewall Jackson and Stephen Decatur.
Highlights of the film are the thrilling romance of Nolan and Agnes Churchill, Nolan's role in the hands of Burr, duel between Burr and Hamilton, arrest of Burr and Nolan, his trial, banishment forever and sentence commuted by the President of the U. S.
The program is to start promptly at 7:30 p. m. Admission price is 10c and 15c.

WAYLAND TEAM TO MEET ANTELOPES HERE FRIDAY
Wayland college, Plainview, will send a girls basketball team here to play the corresponding Antelope team in Abernathy gymnasium Friday night, said announcements.
In games at Slaton Thursday nite the two boys teams from here defeated Slaton High school boys teams 26 to 12, first team and 11 to 3, second team.

LUBBOCK COUNTY SETS NEW STATE GINNINGS MARK
An all-time state record for cotton production was set by Lubbock county up to Jan 16, when 149,937 bales had been ginned, A. L. King, bureau of the census reporter said.
An early prediction that the Hale county crop of 1928 of 47,505 bales would be surpassed by the 1937 crop seems certain of fulfillment.

SIGNING OF WORK SHEETS IS BEING URGED OF FARMERS
Farmers who did not sign work sheets last year for the agricultural conservation program are doing so at a good rate, said Lubbock county agent C. C. Johnson.
All those who called at the agent's office the past week and who had not signed work sheets, were asked to do so.
"We need this information in order to be able to get a fair and just arrangement in allotments from the state office," Johnson said. "We would like every farmer who is not going into the program this year, to give us the information for 1937."
"The fact that he signs a work sheet does not obligate him to go into the program against his will. He can stay out, if he desires. But his signing the work sheet, will enable his neighbors to get a better adjustment than they otherwise would."
Clerks at the county agent's office are compiling the information as rapidly as possible. Johnson said all county agents were asked by the state office to get all work sheets signed on farms in their county for last year, whether the farmers complied or not.

SEASON ALMOST OVER: 9,340 BALES GINNED
With the 1937 crop almost gathered local gins are running only part time and plan soon to set "ginning days" to serve farmers who are still gathering the cheap lint. At noon Wednesday the two gins here had turned out 9,040 bales of 1937 cotton.
The sea of government cotton which has been stacked over many blocks around the gins is being loaded into box cars and shipped to Galveston.

SANDSTORM FOLLOWED BY CLEAR COLD WAVE
On the heels of the first big sandstorm of 1938 came what probably was the coldest weather of the new year. A real old Plains duster slashed this area Saturday and it was followed Sunday by clear cold weather.

YES, I AM READY FOR AND INVITING CONFERENCE
The Review carried a news item under date of January 20 in which I am especially interested. It mentioned a "proposed joint revival" to be conducted by the four churches of Abernathy. The item also suggested that more information would be given when the four preachers of the respective churches "go into conference on the subject." I take this space and opportunity to announce to the preachers, churches and the public that I am ready for such conference any day, and invite such a conference to be called immediately. It will be remembered as a matter of printed record that I proposed such a plan of joint meetings in the Review of July 22, 1937. The recent news item as referred to did not originate with me, however, I welcome it and shall do what I can to hasten completion of the plan. WATCH FOR FURTHER ANNOUNCEMENTS.

FORD OFFERS TWO NEW CARS
and keeps their **PRICES LOW**

THERE are two new Ford cars for
1938—the De Luxe and the
Standard—differing in appearance,
appointments and price—but built on
the same dependable Ford chassis.
Both bring you the basic advantages
of a V-type 8-cylinder power-plant—
smooth performance and compact de-
sign. The De Luxe Ford has the 85-horse-
power engine. The Standard Ford pro-
vides a choice of 85 or 60 horsepower.
Both new cars are economical to oper-
ate. The Standard, with thrifty "60"

engine, costs less to run than any other
Ford car ever built.
And both new cars are priced low.
Low price, like economy, is a Ford tra-
dition. Ford founded the low-price field
30 years ago and keeps Ford prices low.
The De Luxe Ford costs slightly more
than the Standard Ford, but provides
more style with extra room in the closed
sedans. Both cars, in proportion to price,
represent unusual values. Both are built
to the same high standard of mechanical
excellence. There's a dealer near you.

Mr. and Mrs. Welcome Ragland of

New York Fair To Honor Press

NEW YORK (Special)—To remind millions of visitors to the New York World's Fair 1939 that freedom of the press has helped preserve the democratic form of our government, a statue dedicated to that constitutional liberty will be erected on the \$90,000,000 Central Mall, Grover A. Whalen, president of the Fair corporation, announces.
The statue will depict a partially nude woman, representing "the undomestic truth," watching the passing show of world events and recording history day-by-day. A tribute to the moral standard of the press as a whole is contained in the subordinate figure of a child reading a newspaper.
Freedom of religion, speech and assembly will be combined with freedom of press to suggest that these four factors are the cornerstone of democratic government.

Plainview were here Wednesday. Mrs. Ragland, who was greeting everyone she saw, assured the Review she was not a candidate for public office.

Danny Maurice Taylor, Thalia, is visiting his grand parents, Baptist Pastor and Mrs. W. A. Reed, here this week. They visited there last week.

Clyde Rhodes, Jr., Borger, was here this week.

Mall Street At New York Fair To Break Records

NEW YORK (Special)—Not only will the New York World's Fair 1939 be the largest exposition in history, but it will have the most luxurious Central Mall ever designed, a mile-long walk to cost \$80,000,000, Grover A. Whalen, president of the Fair corporation, announces.
And, not only will the Mall be the most magnificent ever laid out, but it will contain a number of other "largest" structures and works of art that have never surpassed for size or elegance, he added.

In addition to the Trylon and Perisphere, largest ball ever made by mankind, the Mall will feature a setting for the largest portrait ever fashioned since the Egyptians hewed the likeness of Ramesses II from rock in the land of the Nile. It will portray George Washington as he arrived for his inauguration exactly 150 years previous to the opening day of the Fair. It will be 65 feet tall and its mass will be more than 500 times that of an average six-foot man.

The tallest sundial ever erected, supported by a life-size tree sculptured by the celebrated Paul Manship, will actually tell time for Fair visitors, for the numerals denoting the hours of the day will be set in a huge, circular plot where the sundial's shadow will fall from 50 feet above.
More than a million plants and a thousand trees will be used in landscaping the Mall.
