Included in the evening's entertainment were: Bingo sponsored by the seniors; basketball pitching by Juniors; the Sophomores sponsored a cake walk; and archery was sponsored by the Freshmen. Grade school booths included a dart board, doll rack, merry-go-round, and confetti booth. About \$160 was made from the fun frolic. Everyone present had a good time.

## FOOTBALL NEWS

The Abernathy football team met the Anton eleven last Friday afternoon at Anton for the Antelopes' fifth game of the season. After a grueling fight, the two teams tied with a score of 14 to 14. Coach Stevenson said that the boys played their best game to date and had more enthusiasm than in any other game they have played.

The next game will be at Hale Center Friday afternoon this week.

## F. H. T. ENJOYED POT LUCK SUPPER

Each Future Homemaker invited her mother as a special guest to a pot luck supper at the H. E. Cottage on Tuesday night, Oct. 22. Each girl brought a covered dish holding enough food to serve 8 people. Numbers were found on the back of each place card which indicated the order for each dish to be served. It was most interesting to see the variety of dishes and find a pleasing variety to make a meal for each group. The most unusual dish was discussed and a prize given to one from each group.

Suitable table games were played such as passing the finger bowl, feeding raisins to your neighbor with toothpicks, gossip and fortunes. Merle Goebel was leader of program, while Marilyn Homesley directed songs and was in charge of the table decorations. There were forty present.

## 1941 DODGE

DODGE FLUID-DRIVE lets you start off in high and accelerate to top speed without shifting gears. It lets you slow down to one mile an hour . . . then move quickly through traffic without shifting. Halt at a stop light, then glide ahead without shifting or clutching.

You can climb hills at one to five miles an hour in high, come to a dead stop on the hill, then start up again . . . still in high! You can creep through heavy sand, dig out of rutted roads, plough through snow . . . all without declutching or shifting gears. And without stalling the engine!

Like many truly great things, Dodge Fluid-Drive is simplicity in itself in design and operation.

**NOVEMBER 10 TO BE PLEDGE SUNDAY AT THE METHODIST CHURCH**

The Board of Stewards of the local Methodist Church has designated November 10 as Pledge Sunday. All members of the Sunday school and Church will be given an opportunity to make a weekly pledge to the budget of the church for next year. Payments on the new pledges will begin the following Sunday, November 17.

The Weekly Envelope System has been tried during the last two years at the church and has proved to be most successful. The plan seeks to get each person to make a weekly contribution to the budget of the church. That method is educational, especially for the children, in that it teaches each person to give to the church and to give regularly. It enables the church to pay as it goes.

*Better Light for Better Sight*

**DON'T LAUGH!** It's true. Better light makes a big difference in the way you feel. See how a three-lamp I. E. S. lamp (\$6.45 and up complete with shade and bulb) discourages grumpiness and sharp retorts.

See how much easier recipes go together and how work seems to fade away with the bright, cheery light of a Renewalite (only \$1.95 complete with bulb). It costs surprisingly little to have better light for old eyes and young.

Enough socket type units and I. E. S. lamps to completely light condition your home may be purchased for only 45¢ down and only \$1.00 per month, or eight months to pay the balance. No carrying charge, of course.

**REV. NIX'S ADDRESS ON "AMERICANISM" IS FEATURE OF MEETING**

The timely address on "Americanism" by Rev. J. Frank Nix, Baptist pastor, Tuesday night was a feature of the Farmers and Merchants club Ladies Night program held at the home economics cottage. Members of the 1935 Study club served dinner. About 80 persons attended the event.

The minister's address drew applause at several intervals and many compliments at the conclusion.

L. M. Rankin served as toastmaster for the program. Rev. Marshall Rhew gave the invocation. Dr. O. C. Boone's magic and music by the Golly Sisters were entertainment numbers on the program. Boone and the girls are Lubbock residents.

Andy Reid lead the group in singing patriotic songs. Brief reports were given and Mr. Rankin spoke on the food stamp plan in Hale county.

Regular meeting dates of the club are first and third Tuesday nights.
