Rev. Jack Key, pastor of Sweet Home Baptist Church, Rule, in delivering the ordination sermon, gave the same advice and encouragement to his son as Paul gave to Timothy in

First, be saved and assured of one's salvation and have a definite call from God. Then have a challenge and vision of need to preach Christ to the lost. Also one must have a place of consecration, be true to the faith, keep one's self unspotted from the world, and most of all, keep in the center of God's will. A true minister will also give attention to sound doctrines and study to show himself approved unto God

Following the dismissal prayer, led by Rev. Mike Herrington, pastor of First Baptist Church, Rule, Rev. Trott commended Pinkerton Church for the tremendous job it has always done in encouraging the many young pastors, missionaries, and chaplains who have licensed, ordained, educated, and sent out from its membership through the years

The hand of Christian fellowship and encouragement was given to Rev. and Mrs. Key by all present and a refreshment hour was enjoyed by visitors from Abilene, Haskell, Rule and other area towns.

#### TRICK OR TREAT!

A treat for all the children in the world who do not have enough to eat? A treat for all those who need medical care and cannot get it? This certainly seems to be a large order ... too large, perhaps, for us here in Haskell to give it our realistic consideration. Three out of four children, a staggering total of 900 million boys and girls, live in areas where a glass of milk is a luxury and where a minor disease can lead to death for lack of care. What can we do about it?

Of course, it is at present impossible to reach all the sick and hungry youngsters who need aid: nevertheless hundreds of thousands and even millions of them can benefit from our concern...and this is just what will happen when our children join about three million other UNICEF Trick or Treaters throughout the United States on Halloween.

A UNICEF Halloween is made up of spooks, witches, and goblins: it retains all the fun of ringing deorbells, parties, applebobbing and the callection of treats. The big difference is that UNICEF spooks and witches are really angels in disguise.

The coins they collect become life-saving penicillin, protective vaccine and health-giving milk and vitamins for children who are

Extra benefits will be reaped right here at home. A day which was often a problem in many communities becomes a night of enthusiastic participation in the vital work of the United Nations Children's Fund. Adult supervision will ensure safe and responsible activities; everyone will gain by uniting in this expression of American concern,

Last year UNICEF performed the gigantic task of assisting 120 developing countries in their fight against the dread diseases which affect millions of children, in their struggle to provide adequate nutrition for their growing youngsters, and in their efforts to replace superstition and ignorance with sound maternal and child health practices.

The Ninetieth Division was a member of American Expeditionary Forces in France, participated actvely in the Battle of St. Mihiel, the Lorraine Offensive and the Meuse-Argonne Drive, and was the pivot divi-sion in the Battle of St. Mihiel.

The Divison received special citation from General John J. Pershing, Commander of American Armies in France, and was selected as one of the divisions in the occupation of Germany.

Over 50,000 men served in the Ninetieth Division ... it estimated that over 12,000 of these are still living. Over fifty per cent of them are living in Texas; over 2,000 are living in Creek visited with Mr. and Oklahoma.
