VOLUME XX, NUMBER 47.

Hale County Federation To Launch Nutrition Campaign Here Saturday

War will be declared by Hale county club women at the Federation meeting Saturday at Abernathy. Malnutrition will be the target and ammunition will be bread and butter, not bullets.

The nutrition campaign will be launched in Hale county in accordance with plans of Mrs. Julius Waring Walker of Plainview, president of the Texas Federation of Women's clubs, whose administration slogan is "education for democracy's defense." Women, Mrs. Walker believes, can strengthen national defense through building stronger bodies and healthier minds. The problem of malnutrition, she finds, is not so much one of economic status as of education in proper diet.

Mrs. Walker will attend the meeting which will honor her and other state and district officers who live in Hale county. Luncheon will be given in their honor and for other Plainview club women at the Abernathy home economics cottage with the Country Garden club as hostess.

Presiding officer at the meeting, which will open at 10 o'clock, will be Mrs. John L. Herral of Abernathy president of the Hale County Federation. Sessions will be at the Baptist church.

Opening devotional will be given by Mrs. Jeremy Vannoy of Plainview. Assembly singing will be led by Mrs. Reeder of Abernathy and a piano number will be given by Jack Herral of Abernathy. The Abernathy choral club will sing.

Business and reports will be followed with a forecast of the flower and home products show to be given at Plainview in September by the Federation. Plans will be discussed by Mrs. Fleet Shepard of Plainview, chairman of the show, and by Miss Lucille Shulz, county home demonstration agent, who will have charge of the food products division. They will tell what can be done during the summer in preparing for the show. Mrs. Shepard will conduct a forum on flower planting, arrangement, and classification.

A memorial service will be conducted by Mrs. O. B. Jackson of Plainview.

Club Reports
Club reports will be given during the morning and an award will be given the winner by Mrs. Vic Lamb of Hale Center, chairman of awards. Mrs. Al T. Biggers of Monroe former district parliamentarian, will judge the reports.

The following points will be considered: Course of study, community projects, cooperation with other organizations, either as clubs or individuals, choice of one departmental program as keynote for year's work, and cooperation with projects planned at last two meetings of Federation.

These points will be worked out on a percentage basis and three minutes will be allowed for reports. There must be two copies, signed by the secretary and president.

Luncheon honorees will be the following state and district officers: Mrs. Walker, state president; Mrs. E. H. Perry, state program chairman; Mrs. Pete H. Smith, state registration and junior clubs; Mrs. O. B. Jackson, state and district trustee; Mrs. H. G. Stinnett, Jr., state Indian welfare; Mrs. Meade F. Griffin, state chairman of legislative information; Mrs. A. L. Putnam, appointed member of the district executive committee; and Mrs. Jerome Vannoy, district Bible literature chairman.

Mr. and Mrs. V. Stambaugh returned late last week from Hot Springs, N. M.

Mr. and Mrs. J. P. Young were in Wichita Falls last week-end to be with his mother, Mrs. M. M. Young, who underwent a major operation in a hospital there Friday. Her condition was reported as satisfactory early this week, J. P. stated.

Mr. and Mrs. Lynn Cope, Mr. and Mrs. Buford Davenport were in Sunday.

Defense Saving Bonds and Stamps On Sale Today

Ladies Are Club Guests Here Friday Night

G. G. Gililand, president of the Farmers & Merchants club, said members are to honor their ladies during the Ladies Night program to be held at the home economic cottage Friday night starting at 8 o'clock. This program was postponed from Tuesday night to prevent a conflict with the operetta, which was to have been presented then by Miss Bernice Heggen and the glee club. Due to inclement weather, the operetta also was postponed to May 6.

Supper is to be served, and an entertaining and educational program is being planned.

United States Defense Savings Bonds and Postal Savings Stamps will be placed on sale in the Abernathy Post Office, and First State Bank Thursday, May 1, today as part of the national effort to make America impregnable.

Postmaster George W. Ragland, announced Wednesday that plans are nearly complete for this community, along with thousands of others from coast to coast, to do its full part as the opening of the savings program.

The following citizens and patrons of the Abernathy, Texas post office have already made applications in advance for bonds to be issued on the initial day of the campaign.

F. W. Struve, N. C. Hix, A. B. Reid, Ercel Givens, J. P. Settle, J. P. Nystel, R. L. Snider, Manna R. Struve, J. C. Hurst, Miss Meta Ulrich, Mr. Dale Moody, Dan Ward, Thomas Johnston, Rudolph Struve, Mrs. S. R. Merrill, J. F. Haynes, Arno Struve, L. A. Harlow, E. B. Lindsey, George C. Pope and MsAlister Bro's.

A Defense Bond may be purchased May 1, or thereafter, for \$18.75. In ten years, this bond will be worth \$25.00. This is an increase of 33 1/2 per cent, equal to an annual interest return of 2.9 percent, compounded semi-annually. Any time after sixty days from date of purchase, the bond may be redeemed for cash, in accordance with a table of redemption values printed on the face of the bond.

To spread investments widely among all the people in America, a limit of \$5,000 has been set on the amount of these bonds to be bought by any one person in one year. The bonds are in denominations of \$25, \$50, \$100, \$500 and \$1,000, all of which are sold for 75 per cent of their maturity value and all of which mature in ten years.

For the smaller investor who wants to buy a Government Bond on an easy payment plan, the post office will have a new series of Postal Savings Stamps, at 10c, 25c, 50c, \$1, and \$5. Each purchaser of any Savings Stamps higher than 10c will be given, free of charge, an attractive pocket album in which to paste his stamps until he has enough to buy a \$25 bond or one of higher denomination. Thirty million of these albums are now being prepared.

The cover design of the albums is in color, featuring a United States battleship and an eagle bearing the American flag. On the back cover is a painting of the Minute Man statue by Daniel Chester French, which symbolize the American citizen ever alert in defense of his country. The inscription is "America on Guard."

Secretary Morgenthau said that even a boy or girl who saved 10c to buy a Savings Stamp would help the country. He added that "you can safeguard your own money and your own future, while helping the national defense, by buying United States Savings Bonds now."

Mrs. Bill Hall and children of Erick, Okla., visited her parents, Mr. and Mrs. J. C. Land, here last week-end.

Rev. O. B. Herring, Lockney Methodist minister and former pastor here, was in Abernathy Saturday.

MORE COTTON GROWERS
"BETTING ON CERESAN"
FOR BETTER STANDS
HIGHER YIELDS

Last year's yield increases—last year's high praise by State College—mean more acres planted to CERESAN-treated cotton seed this season! Be among the growers to profit! Texas Bulletin 531 says, "For College Station the average increase in yield for Ceresan-treated seed was 64 pounds of lint per acre . . . Temple, Texas, tells of "doubled" germination. Oklahoma A. & M. Experiment Station Circular 89 says, "Dusting the seed with Ceresan is in more general use than any other cotton seed treatment . . ." CERESAN costs little; reduces seed rotting and sore-shin; generally improves stands and yields. Treat your own seed, or look for the Ceresan Treatment Tag on seed you buy!

THE Y. T. H. CLUB

Y. T. H. stands for "Young Texas Homemakers". The club is to be and to make friends. Our club is divided into six groups. Each Friday a group will give a program. They are about different things. We have already given eleven programs and will give one Friday which will be the last program. It will make twelve programs the second semester.

The seventh grade girls sewed the first half of the year in homemaking. They hemmed and embroidered cup towels. Then they started some aprons with applied tulips on the pockets. They started on pajamas which were very nice, and they learned to make buttons holes while working on the pajamas. When the pajamas were finished, we were ready for cooking.

For the second semester's work in homemaking we have been studying foods. In the laboratory we prepared fresh fruit for breakfast, some choosing oranges while others took grapefruit. In cooking fruit, some prepared apple sauce while others cooked apples in syrup. Dough was mixed for simple sugar cookies one day and then baked the next day. The group used these cookies in a class tea served in the living room of the Homemaking Cottage. They cooked cereals, dried fruits, cocoa and toast, poached eggs on toast and suitable breakfast dishes. Drop oatmeal cookies were made. Gelatin desserts were made for exhibit at open house. Then muffins with raisins were prepared. After this we cooked our whole meal. Then we took up school lunches and made different kinds of sandwiches for variety in our lunches. Table manners were discussed and illustrated. Then we took up care of the refrigerator with proper placement of food.

Much work has been done to improve the H. E. Cottage by the 7th grade H. E. class. Many girls have brought flowers, shrubs, and cactus from home, and many plants have been obtained from around the H. E. Cottage. Flower beds were planned so tall flowers would be against the building while small ones would be in front showing orderly arrangement.

CLASS PROPHECY

Fifteen years from now when you're visiting New York, here are some of the people you will probably see. You can see Eugene Garvin as a rich playboy. Jeanette Halford is setting quietly in the corner of her room in a large apartment building playing with her cat. We read a newspaper and find an article written by that dashing reporter, Laverne Rutledge. The paper says that Paul Turpin has just won the Heavyweight boxing title with the help of his manager, Frank Kesler. We read in another newspaper an article by that dashing adventurous reporter, Ruth Jackson. She says that our schoolmate, Kathryn Hall or (Tedy Hamer as her movie name is) is making a personal appearance at the Worth theatre in Fort Worth tonight.

As we haven't had breakfast yet, we go into a restaurant and are waited upon by Troyce Rhodes. As you are bothered with toothache, you go to see a dentist, and to your amazement, you find Peggy Jean Boren as the dentist and her nurse is Mary Ann Hurst. While we are waiting for our turn in Peggy's office, we hear a familiar voice singing. Of course now we remember it is Nell Hallmark, the great opera star. After the singing we hear those two famous radio comedians, Billie Jean Vaughn and Catherine Tate. We decide to stay in New York quite a while so we take our children to Miss Odie Perry's kindergarten. One of the children is older, so we take her to Miss Betty Jo Uselton's Health class.

Rachel Horne, one of our redheads, is also a school teacher. We hear from Rachel that Pearlene Dugan is out west running a dude ranch. Mildred Brown went to college and then married the professor of her mathematics class. Fay Boykin is running an apartment house, and Ruthie Jennings is still an old maid.

We have decided to visit a court room. The judge is none other than Bobby Duty. The lawyers on this case are Elton Renfro and Bobby Littleton. As usual Bobby Littleton won the case. Because she has such charming ways, the jury can't possibly vote against her.

We have just received a wire from home. Davis Perry has become the champion roller skater of Texas. As we ride past the park, we see Jean Nunn operating the merry-go-round and Glenn Pettitt selling peanuts nearby. In a downtown store we see Janice Johnson modeling dresses in a ladies' shop. Gene Weldon McMaster is the floorwalker in another department store. We see some of the recent inventions in store windows. Billy Lroy has just invented a fast reducing machine, and J. B. Seale has invented a substance for removing freckles.

When we get the evening edition of the paper, we find that our newsboy is none other than L. G. Hall. The paper we have states that Dolores Hodges is the new school principal. She succeeds Miss Smith. Boyd Prather, the paper says, is to be-

come the "Lone Ranger" for the movies. Horace McMahon and Charles Bucks are big business executives now. Juanda Lee Lynch is Charles's secretary.

We hear from our friends that John Koonce is living in a farm in Iowa. George Uselton, Vanoy Parsons, Daulton Hudson and Garland Thomas own the four "Blue Pig" stores. Don Duty and E. J. Johnson have both become bookkeepers for a large bank (they add the numbers). While visiting the athletic field, we find Mildred Heath as the champion runner. As we pass a church, we can see Allen Owens, the minister, preaching a sermon. Judithdeen is a successful house wife. As we pass the circus, we see Katherine Gilliland as "The Thin Lady."

During the afternoon the girls decide to get their hair fixed while the men visit other places. Guess who the beauty parlor operators are? They are Charlene Crow and Betty Ruth Barton. As the night draws near, we visit a large cafe in which we find Wanda Odle as the check room girl and Daphne Conn as the waiter. After we reach our apartments at night, the newspaper has been delivered and the headlines read "Dorothy Rhodes has been elected President of the United States." "Gene Don Harrel vice-President." So ends a day in New York with our classmates.

IT DOESN'T COST TO FEED PULLETS RIGHT—*It PAYS!*

A poorly balanced ration fed to growing pullets reduces the number of eggs as well as the weight per egg. Purina Chick Growers, an especially prepared ration, is built to help give you full, well-developed pullets, ready to lay lots of eggs in the shortest possible time. What's more, Growers is economical to feed. Actually it takes but 16 lbs. to carry a bird through the growing period. No matter how you look at it, it doesn't cost to feed pullets right—IT PAYS!
