

EDITOR'S COLUMN

Influence of teachers in our schools is felt in homes of a community and the teaching position which stands to wield the greatest influence is that of homemaker instructor. Home is the basis of our way of life, and turning out good homemakers is one way to maintain that way of life.

Mrs. Jack Hackler, who was Miss Evaughn Clack when she first came to Abernathy High school to teach home making, has resigned as head of that department after 12 years of instructing the girls of this community in the art of being efficient homemakers.

The good meals some of you men are enjoying may be the result of Mrs. Hackler's instructions while your wife was in AHS. Mrs. Hackler's work as homemaker instructor may be saving you considerable money in the clothing department. The pretty dresses your wife makes for herself and the daughter are lower in cost than ready-made dresses, and the clothes they make over to satisfy current styles help the savings department, too.

Shifting the blame for the city's lack of money to carry out needed improvement projects could boomerang right back into our faces. Let's not attempt to place the blame on any individual or organization. As editor, I failed to yell long and loud enough about low taxes and valuations; you, as property owners, were happy because your city taxes were so low; city councils of years gone by were too content with the low-level tax structure; citizens shunned their civic duty in declining to serve on tax equalization boards. We're all to blame, so let's admit it and out pasting the buck. Surely we taxpayers realized that improvement projects could not be made without adequate finances.

Asking donations for street improvement; seeking funds to spray the town with DDT; money that was given by individuals for the traffic lights and the fire hall, all could have been avoided if the tax structure had been up to par. Until a few years ago, the city tax rate was 25c. Then it was raised to 40c, and early this year it was increased to 80c. Valuation on property has been rocking along at near depression level. Valuations were set so low that the 40c rate brought in approximately \$1,600 annually, which barely covered expenses on a shoe-string operation and did not build a reserve for improvements.

Only solution for the city's financial problem is to raise the valuations to current levels. That, with the 80c tax rate will bring in enough money to make some of the improvements possible. The 80c rate, which is effective on the current year's taxes, is as low as any South Plains town of comparable size. The current equalization board has attempted to place 40% valuation on the property as a basis for taxation. Slaton is the only town that uses a lower percentage, 33% and their rate is \$1.50 compared with 80c for Abernathy. Brownfield is the only town with a rate as low as Abernathy's, and they use a 50% ratio, compared with 40% used by the local board.

The 80c rate with the 40% valuation basis still may be too low. Anyway, the City of Abernathy will have more money after taxes are paid next time, and we'll have a right to expect the Council to spend the money wisely—for the projects that will benefit the largest number of people.

Voting in local, state and national elections is a privilege, and balloting should be serious business with every citizen. Too many people use the "write-in" part of the ballot as a means of playing pranks on their friends by writing in their names for offices. Horse play is fine in its place, but the ballot box is not the proper place for jokes. A sincere move to elect someone to office via the write-in method is perfectly in order, but to put down a name just for fun is abusing the privilege

Abernathy Weekly Review

VOLUME 28, ABERNATHY, Hale County, TEXAS

THURSDAY, AUGUST 12, 1948.

NUMBER 8

WORK STARTS ON SEWER PROJECT
Preliminary work has started on installation of Abernathy's sanitary sewer system. Property owners are requested to clear alleys of all types of obstructions to make way for the ditching machine.

granted you by the ballot. These joking write-ins add hours of work for election judges and clerks. Those write-in names have to be recorded in six different books—the same as the vote you cast for U. S. Senator or governor. Insincere write-in votes at Abernathy Hale county box July 24, caused considerable delay in reporting the local returns. The judges and clerks were performing that duty as a public service, and not for the small salary they received.

Further consideration should be given those in charge of elections by voting early so they can tabulate returns and report them soon after the polls close. Every city resident should vote before noon, and farmers who are in town during the morning should vote them. The second Democratic primary will be held August 23. Vote. Vote early. The mail brought a local news brief and an offer to pay for space for printing the news. We do not charge for printing news. We need the news you turn in, and you are doing US a favor by making the report. We appreciate the reports and don't consider those who send in news about themselves as "publicity hounds." It is through cooperation of the people that news is obtained. The more you cooperate the newsier paper the community will have.

Good News: Frank Tannehill says that three control clocks for the two traffic lights are enroute from the factory and two will be installed as soon as they arrive. The third control unit will serve as a "spare" to be used when repairs are required on either of the other two clocks.

L. M. Rankin suggests a project for the Jaycees to undertake. It is placing a sign at the intersection of U. S. Highway 87 and Farm Highway 54, three miles north of town, showing the way to Abernathy. New Mexico residents who visited in the Rankin home recently took Highway 54 at Littlefield. They asked directions there and were told to follow 54 into Abernathy. They followed 54 into Petersburg.

Reports are that Stanolind Pipe Line Co. plans to build a large booster pump station on its cross-country line north of Monroe. The line runs from the Permian basin northeast to Drumright, Okla. Production from the Anton-Irish field and other wells in the area goes into that line.

Noticed on W. O. Fortenberry's desk an envelope in which a letter had been mailed to him, from Littlefield. It was addressed: "Mr. W. O. Fortenberry, Monroe, Texas." I checked with the local post office and found that Texas doesn't have a "Monroe" office, therefore the letter wasn't "missent." Fortenberry's correct address is Rt. 3, Lubbock. Evidently that name is very familiar to Postal clerks working the trains in this area and to clerks in the Lubbock office.

A SUNDAY SCHOOL CLASS FOR MEN
YOU ARE INVITED TO ATTEND
Men's Downtown Bible Class

R. E. Lee, President — Rev. H. T. Pendley, Teacher
Rita Theatre 10 A. M. SUNDAY Abernathy

JAYCEES PUSH STREET AND DRAINAGE WORK; WAITS SOUNDS POLIO WARNING

Homecoming Meet Set Here Sunday At Nazarene Church

Abernathy Church of the Nazarene is to hold its annual homecoming program Sunday. The full day of activity will open with Sunday school at 10 a. m., followed by the morning worship at 11 a. m. Lunch will be served, and afternoon and evening services are to be held. Former pastors and members of the church will be here for the event.

Scheduled to preach Sunday morning is Rev. W. B. Walker, Abilene district superintendent. Rev. Cecil Stowe, pastor at Cisco and a former pastor here, is to deliver the afternoon sermon. Speaker for the evening service will be Rev. J. R. Ferguson of Atlanta. He is the son of Rev. John Ferguson, also of Atlanta. The Ferguson family formerly resided here.

Legion To Be Organized

E. J. Brown, commander of Post No. 500, American Legion, announced that new members are to be installed Monday night, August 16, at 8:15 o'clock, in Abernathy school lunchroom. Harry McCain, Plainview, Hale County Service Officer, is to conduct the installation ceremony.

A banquet is to be given, with the Legion members' Ladies as guests. The program will include musical numbers. Oliver Jackson is to succeed Pope as commander.

Lakeview Baptists To Open Meet Sunday

Rev. W. A. Amerson, pastor of the Lakeview Baptist church, announced that a revival will be held through August 22. Frank Parks and daughter of DeLeon are to have charge of song services. Rev. A. O. Jones, pastor, announced that services are to be held twice daily, at 11 a. m. and 8 p. m. Everyone is invited to attend.

Construction Work Starts Here On Legion Home

The building committee of Barton-Hood Post No. 500, American Legion, announced that construction started this week on the Legion home. The 52x70-ft. tile building will be located east of Chuck Wagon Courts in North Abernathy. The Legion bought the three 50x75 lots from Lamar McKenzie and C. J. Pharr.

The Legion home is expected to cost about \$4,000. Money for the project is in the Legion's building fund.

Members of the building committee are Oliver Jackson, C. J. Berutti, Douglas Chapman, Fred Kveton, Noel Johnson and Rudolph Struel.

THOMAS TO TEACH BIBLE CLASS

Dr. Lloyd Thomas, new vocational agriculture instructor in Abernathy High school, is to be guest teacher for the Men's Downtown Bible class at Rita theatre Sunday morning, 10 o'clock. Rev. H. T. Pendley, teacher for the class, is preaching in a revival at South land.

PARADE PLANNED FRIDAY; RODEO PROGRAM IS SET

Reports said that a street parade is to be held here Friday at 6 p. m. to open a two-night amateur rodeo program to be held at 8:30 o'clock Friday and Saturday nights, at the arena west of town. Rodeo features will include: cowgirl sponsor contest, calf roping, bull riding, bareback and saddle bronc riding.

LAND AND MINERAL OWNERS MEET AUG. 20

J. L. Irish announced that a meeting of the Land and Mineral Owners Association is to be held Friday night, August 20, at 8 o'clock, in Abernathy school lunchroom. Farmers and businessmen of this area are urged to attend.

RAIN AND HAIL

Rain, ranging from a half-inch to an inch and one-half, fell Northwest of Abernathy Sunday afternoon. Hall damaged crops in part of that area.

Rains at Monroe Sunday and Monday brought a total of one inch of moisture, P. B. Justice reported.

Reports from street improvement committee chairmen were heard Monday night in the regular meeting of Abernathy Junior Chamber of Commerce. Jaycees are sponsoring the street and drainage work being done here by county machines and operators. The work started last weekend and is under way this week. Streets east of the highway are to be worked first, then attention will be turned to those on the west side.

Jaycees were given the "go ahead" signal last week when they with other interested citizens, met with the city council to present their plan on street and drainage work. Due to lack of funds in the city treasury, the project is to be financed principally by donations from city residents. The mayor and aldermen gave their permission for the project to be launched and promised to pay as much as possible from the city funds.

The county is charging \$6 per hour per machine for the work, and the project is expected to cost approximately \$1,800, it was announced by Ralph Stevenson, chairman of the street improvement committee and Jaycee treasurer.

Local people are asked to donate money to bear expenses of the street improvements. Money may be given to Stevenson.

A list of contributors to the street improvement fund will be published in the Review next week.

Stevenson gave a report on the project Monday night. Tex Allen, chairman of the dirt-moving committee for the project, also made a report. Allen and Cliff Howard, chairman of the bridge and culvert moving committee, have been working with Robbie Heath, operator of one of the maintainers. Richard Splawn is chairman of the tree pruning committee. Property owners having trees that overhang streets are requested to prune the branches back enough to allow the machines to operate.

Water Uses Clean-Up

Monroe Waits, who operates a commercial spraying service, told the Jaycees of some of the unsanitary conditions which he observed last week when he sprayed the town with DDT. Waits pointed out the fact that flies and mosquitoes cannot be controlled until their breeding places are eliminated.

Waits urged a general clean-up campaign to dispose of garbage and other refuse which clutter the alleys in both residential and business sections of town. He especially stressed the unsanitary conditions created by out door toilets and hog pens in various parts of town. "Let's don't wait until we have eight or nine cases of polio before we eliminate these unsanitary conditions," Waits urged. "The conditions are such that the clean-up job is too big for any one organization to put over alone," he stated, "it will require the full cooperation of every person in town."

Waits, who also operates a grade A dairy on his farm east of town, made a similar talk in the Lions club meeting last week.

Regional Meet Set

Harold Hodges, vice president, announced that Regional Jaycees meeting will be held August 21-22, at Herring hotel in Amarillo, and urged all local Jaycees who can attend. The meet opens at 2 p. m., August 21.

Scout Film Shown

Ray Howard, Plainview, field representative for the Boy Scouts spoke on plans for organizing a Senior Scout group in Abernathy. It would supplement the work done in Troop 81 by providing Scout work for young men from 15 to 18 years of age. A film on Air Scouting was shown. The following young men indicated interest in organizing a unit, probably in Air Scouting: Dan Ward, Gerald Crump, J. W. Smith, Delbert Pearce and Melvin Toler. They conferred with Howard following the meeting. Should sufficient interest be shown in Senior Scouting, the Jaycees probably will make plans to sponsor the work.

Next Jaycee meeting will be on August 23, at 8:30 p. m., in the school lunchroom.

REVIVAL CLOSES

Abernathy Church of Christ revival was scheduled to close last night (Wednesday). The meeting opened August 1, with Grover Stevens as evangelist and H. L. Arant of Lubbock directing singing. Mr. Stevens, son-in-law of Mr. and Mrs. A. H. Miller of Abernathy, is minister of the Charlotte, Tenn., Church of Christ.

Mr. and Mrs. Hilburn Barrick and family, are visiting his brother, Dr. L. D. Barrick, and family in Raynham, Mass.

LEATHER SLINGERS—Leather flies when the six-year-old twin sons of Mr. and Mrs. Leek Adams of Clovis, N. M., enter the boxing ring. They have appeared in exhibition bouts in Lubbock, Clovis, and Portales, and other towns. They are Donnie, left, in the picture above, and Johnnie.

The twins were born Feb. 5, 1942, while their parents resided in Abernathy. Mr. Adams, who is employed in the Clovis plant of Southwestern Public Service Co., was working at Tucco at that time. The father usually referees their bouts.

Remuneration for their appearance on fight cards comes from coins tossed into the ring by fans. They received a "jar full" of coins via that method when they appeared on the Lubbock Jaycees card early this year. The Portales boxing meet was a benefit show for New Mexico Boys Ranch. This had been explained to the twins. The usual shower of coins followed their fight. After announcing to the crowd that they wanted to donate their part, they left the ring without picking up the money.

They start to school in September, and their identical appearance is expected to be quite confusing to the teacher. Probably for this reason, their Sunday school teacher placed them in different classes after trying the "together" plan for a while. The separation was opposed by the twins, who threatened to quit Sunday school if it was continued.

The twins are nephews of Mrs. Grady Loyd and W. T. Settle of Abernathy.

"Gun Codes" Is Free Show

"Gun Codes," featuring Tim McCoy, is the merchants free show at Rita theatre Saturday afternoon.

SCHEDULE FOR SUMMER REVIVALS

Lakeview August 15-22: Baptist Revival. Rev. Weldon McGinnis of Brownwood, evangelist; Frank Parks and daughter of DeLeon, song directors; Services at 11 a. m. and 8 p. m.

Abernathy August 19-29: First Methodist church, Rev. W. A. Amerson, pastor of New Albany, Ind., Methodist church, evangelist; Earl L. Ward, Waco, in charge of song services.

SEPT. 10-19: First Baptist church, Rev. Cecil A. Ray, pastor of Arnett-Benson Baptist church, Lubbock, evangelist.

Song services are to be conducted by Bob Lawrence, head of the music and education departments of Hereford First Baptist church.

August 16-20: Baptist Vacation Bible School.

Monroe August 15-22: Baptist church, Rev. Troy Dale, pastor of the Garrison Baptist church, evangelist; Earl Peterson, in charge of song services; Imogene Fortenberry, pianist.

August 29-Sept. 5: Methodist revival; Rev. Tommy Rutledge, pastor of Wolforth Methodist church, evangelist; Coleman Cowan, song director.

BUY INTEREST OF PRATHERS

Mr. and Mrs. A. E. Donnell purchased the interest of their partners, Mr. and Mrs. Floyd Prather, in Spot Grill which they opened here in May.

Court of Honor And Barbecue Planned Here For Boy Scouts

Near 100 awards are to be received by members of Abernathy Boy Scout Troop No. 81 in a Court of Honor to be held Friday night, August 13, at 7:30 o'clock, in the school lunchroom. A Father-Son barbecue supper is to be held in connection with the Court of Honor. Price per plate is 75c. Scouts their fathers and other guests are to attend. Chief Rurkles of Lubbock is to stage an Indian dance and speak on Indian lore on the program.

Rev. D. S. Nazarene is pastor of the Nazarene church, and James Anderson is scoutmaster. Meet tonight Anderson's matches are held tonight (Thursday) when the Troop has its regular meeting on the city square, at 7:30 o'clock.

Revival Starts Sunday at Monroe

Rev. Troy Dale, pastor of the Baptist church at Garrison, is to preach in the Monroe Baptist church revival, which is set to open Sunday, August 15, and continue through August 22. Earl Peterson is to conduct song services, and Imogene Fortenberry is to be pianist. Services are to be held twice daily.

The church and Rev. John S. Rankin, pastor, invite everyone to attend the meeting.

NEW DEAL SCHOOL NEWS

Supt. A. L. Faubion announced that school is to open at New Deal Sept. 1, with the first day being spent in teacher conferences. Buses will run Sept. 2 and students will enroll that day.

All of the regular faculty positions in New Deal schools are filled, Supt. Faubion reported. Only open position is that of piano teacher.

Coach W. C. Hodges of New Deal attended the coaching school in Abilene last week. Supt. A. L. Faubion and Toby Waggoner went to Abilene to attend the final sessions last week-end.

D. W. Batt is repairing and re-decorating New Deal teacherages.

LODGE MEET IS TONIGHT

A stated meeting of Abernathy Lodge No. 1142, A. F. & A. M., is to be held tonight (Thursday) at 8:30 o'clock.

Mr. and Mrs. Thomas Johnston are on vacation in Ruidoso, N. M., this week.

NOTICE

Actual installation work on Abernathy's sanitary sewer project is scheduled to get underway soon. The contractor has asked that all alleys in both the business and residential sections be cleared of buildings, fences, garbage barrels and other obstructions, to allow the ditching machine a clear passage. Your cooperation in this will aid in the installation work, and will prevent damage to your property that may be on city-owned land in the alleys.

THE CITY OF ABERNATHY

NOTICE, FARMERS

1948 GRAIN SORGHUMS LOAN EXPLAINED

The following provisions and regulations pertaining to the C. C. C. Loan Programs on the current grain sorghums crop was today explained by John B. Martin, Secretary Hale County ACA:

(1) Loans will be available on warehouse or farm stored grain from harvest to December 31, 1948, and will mature April 30, 1949 or at an earlier date upon demand by C. C. C.

(2) The County Loan rate is \$2.28 per hundred pounds for number 2 or better grain sorghum; Grain grading number 3 shall be discounted 8 cents per CWT and grain grading number 4 shall be discounted 16 cents per CWT. In addition, a discount of 3 cents per CWT, shall be made for mixed grains.

(3) In addition to the above discounts for lower grade a deduction of 9 cents per CWT shall be made from the applicable loan rate on all warehouse loans unless evidence is submitted with the warehouse receipt to the effect that all warehouse charges, except receiving charges, have been prepaid through April 30, 1949.

This provision differs from wheat loans, in that no storage allowance is made for grain sorghums, therefore, farmers storing their grain on the farm would save the 9 cents storage charge, Martin explained.

(4) All loans will be administered through the Hale County ACA office with respect to grain produced or stored in Hale county, and the funds will be disbursed through local lending agencies under lending agency agreements with C. C. C., or direct from C. C. C. field offices.

(a) Approved lending agencies shall be any bank, cooperative marketing association, corporation partnership, individual, or other legal entity with which the C. C. C. has entered into a Lending Agency Agreement.

(5) Eligible Producers shall be any individual, partnership, association, corporation, or other legal entity producing grain sorghums in 1948 as landowner, landlord, tenant, or sharecropper.

To further clarify this wording, Martin said, "The portion of the loan which is secured by the warehouse receipt should be made on the safest structure possible. No loan will be made on any structure where ten-

desires a joint loan the warehouse receipt should be so issued, in which case both parties will sign the loan documents.

(6) Eligible Grain Sorghums be grain sorghums which were produced in 1948, the beneficial interest in which is now in the producer, and always has been in him, or in him and a former producer whom he succeeded before the grain sorghums were harvested, provided such grain sorghums grade No. 4 or better in accordance with Official Standards and do not grade discolored, weevily, or smutty. When stored in a warehouse, the grain sorghums must not contain in excess of 14 percent moisture. When stored on the farm the grain sorghums must not contain in excess of 13 percent moisture and must have been stored in the granary at least 30 days prior to inspection for measurement, sampling, and sealing, unless otherwise approved by the State PMA Committee.

(7) Eligible Storage for grain sorghums shall meet the following requirements:

(a) Eligible farm storage shall consist of farm bins and granaries which, as determined by the county committee, are of substantial and permanent construction as to afford safe storage of the grain sorghums, permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves, and weather.

(b) Eligible warehouse storage shall consist of (1) public grain warehouses for which a Uniform Grain Storage Agreement (CCC Form H, Revised) has been executed (Warehousemen desiring approval should communicate with the CCC field office serving the area in which the warehouse is located); or (2) warehouses operated by eastern common carrier under tariffs approved by the Interstate Commerce Commission.

Martin points out that the possibility of farmers obtaining warehouse storage is very remote and that farmers should contact their warehousemen as to the possibility of obtaining such storage, or should make necessary preparation for grain storage since the borrower is required, in the event of delivery of the grain to C. C. C., to deliver the equivalent of the quality and quantity pledged as security for the loan, he should

side the safest structure possible. No loan will be made on any structure where ten-

only dirt floors, or, in any structure deemed to be inadequate for the safe keeping of the grain. This, Martin said, is a protection to the borrower since the safekeeping of the collateral is his sole responsibility.

(8) Loans will bear interest at the rate of 3 percent per annum, and interest shall accrue from the date of disbursement of the loan.

(9) Service Fees—Where the grain sorghums under loan are farm-stored the producer shall pay a service fee of 2 cents per 100 pounds on the number of pounds placed under loan, or \$3.00, whichever is greater, and where the grain sorghums under loan are warehoused the producer shall pay a service fee of 1 cent per 100 pounds on the number of pounds placed under loan, or \$1.50, whichever is greater.

(10) Determination of quantity—A unit of 100 pounds shall be determined to be 100 pounds of grain sorghums, free of dockage when determined by weight, or 2.25 cubic feet of grain sorghums testing 56 pounds per bushel when determined by measurement. A deduction of 1/4 of a pound for each sack will be made in determining the net quantity of the grain sorghums when stored as sacked grain sorghums.

In determining the quantity of grain sorghums in farm storage by measurement, fractional units of less than 100 pounds will be disregarded. The quantity determined by measurement of grain sorghums having a test weight less than 56 pounds per bushel shall be adjusted by the following percentages:

For Grain Sorghums testing	%
56 pounds or over	100
55 pounds or over, but less than 56 pounds	98
54 pounds or over, but less than 55 pounds	96
56 pounds or over, but less than 54 pounds	95
52 pounds or over, but less than 53 pounds	93
51 pounds or over, but less than 52 pounds	91
50 pounds or over, but less than 51 pounds	89
49 pounds or over, but less than 50 pounds	87

(11) Determination of dockage—The percentage of dockage shall be determined in accordance with the Official Grain Standards of the United States for Grain Sorghums, and the weight of such dockage shall be deducted from the gross weight of the grain sorghums in determining the net quantity available for loan.

WANT-ADS

STRAYED—Holstein calf. Earmarked underbit both ears. Reward, G. G. Gilliland, Box 416, Abernathy. 819p

FOR SALE—8 cylinder Chrysler industrial motor and Johnson gear head. Ralph Stevenson, Phone 118-W, Abernathy. 812c

WANTED: NEWS. Review pho. 80

FAMILY REUNION HELD THURSDAY

A family reunion honoring Mrs. Florence Lowe on her 60th birthday was held Thursday at Lubbock park. Mrs. Lowe, of Aubrey, Texas, is the sister of Mrs. W. M. Stephens of this community.

Attending were Mr. and Mrs. W. M. Stephens, Mr. and Mrs. Marvin Stephens and family, Mr. and Mrs. Doc Haile and family, Mr. and Mrs. George Simpson and family, all of Abernathy; Mr. and Mrs. Ed Smith and family, Smyer; Mr. and Mrs. W. E. Smith, Plains; Mr. and Mrs. Hershel Smith, Brownfield; Mr. and Mrs. Tom Kelly, Muleshoe; Mr. and Mrs. Curtis Smith and family, Mr. and Mrs. Buddy Newton, Mrs. Alton Henry, all of Lubbock; Mrs. Chester Frezzel, Muleshoe; Juanita and Marshall Smith, Smyer; Mr. and Mrs. H. H. Hudson and family and the honoree, Mrs. Florence Lowe, all of Aubrey.

YOUNG PROMOTED TO MARINE CORPORAL

PEARL HARBOR T. H.—Marine Corporal Verna M. Young, 18, son of Mr. and Mrs. T. E. Young of Wellington, Texas, was recently promoted to his present rank. He is currently serving with Headquarters, Marine Garrison Forces Pacific.

Corporal Young, a former student of Abernathy schools, enlisted in the Marine Corps in September 1946, and has been serving overseas since January 1947.

Mrs. J. M. Fields tell Wednesday last week and injured her left knee. Among those visiting in her home were her daughters, Mrs. Riley Huie and Mrs. L. C. Ficklin of Wichita Falls, and Mrs. O. O. Crow of Slaton, and her sister, Mrs. Eula Littlejohn of Milford. Mr. and Mrs. A. G. Amerson of Shallowater, accompanied by his brother and wife, Mr. and Mrs. C. P. Amerson of Hamlin, visited here Friday in the homes of Lawrence, Cecil, Preston and Raymond Amerson, sons of Mr. and Mrs. A. G. Amerson. Another son of the Shallowater couple, Rev. W. A. Amerson, New Albany, Ind.,

BOY'S FARM AT SPRING LAKE SEEKS CANNED FOOD FOR WINTER

(Editor's note: We received the following letter from Firman Haynie, superintendent of Boy's Ranch Farm, near Spring Lake, asking donations of canned fruit and vegetables for use during the winter. The Review office will be the local collection point for food contributions.)

Dear Friend:

It has been suggested that I contact you in regard to the food problem at the Boy's Ranch and Boy's Ranch Farm.

We will have personnel upward to 150 people that must be fed during the coming winter. We are eating good this summer—thanks to good gardens but we do not have the gardens nor the canning equipment to begin to take care of our needs for the winter. We hope to have these within a year or two

but for now we must rely upon the graciousness of the big hearted people of this section of the country to help feed our boys.

Through your position you will be able to pass on information to the housewives of your county or community. We will appreciate it very much if you see fit to encourage the canning of fruits and vegetables to be used at the Farm or Ranch. We do not feel that any individual should be asked to can in quantity if we have a liberal contribution from many people.

Might we suggest that you set up a central deposit depot in each county or community. We will be happy to pick up food stuff when you give us the word. We ask that all goods be labeled—we would like a complete list of contributors.

If you feel that this undertaking is worthwhile, we urge that you give it as much time as you can spare in promotion and advertising

it. If you have never visited the farm at Springlake or the Ranch at Tascosa we urge you to do so at your very first opportunity. These projects belong to the people of the Panhandle. We solicit your support in every way.

Yours truly,
Firman Haynie,
Supt. Boy's Ranch Farm

OIL NOTES

Only one new location was reported for the Anton-Irish field in Southwest Hale County and Southeast Lamb county. No new producers were reported as having been finished in the latest seven-day period.

The new prospector for the two-county region is to be Stanolind Oil & Gas Company No. 4-A John Harrah. It will be 660 feet from north and west lines of the northeast quarter of section 13, block DT, HE&WT survey.

Active well in the Anton-Irish area include:

Pure No. 7 Preston had reached 5,980 feet, in the pay section, and was drilling ahead.

Pure No. 9 Preston had reached 4,627 feet in lime and anhydrite, and was making more hole.

Stanolind No. 8 Blackmon was on a total depth of 4,669 feet in anhydrite and lime and was fishing for tools.

Stanolind No. 3-B Harrah was bottomed at 6,165 feet in lime, and was treating down the drilling rig, preparatory to testing and trying

to complete as a producer.

Stanolind No. 4-A Sneed was on a total depth of 6,010 feet in lime and was testing after treating with acid. It is making commercial amounts of oil. No gauges have been reported.

Stanolind No. 3 Arnold had progressed under 5,833 feet, in lime, and was drilling ahead.

Stanolind No. 6 Blackmon had reached 6,095 feet, in lime, and was waiting to take potential test and complete.

Stanolind No. 1 Myatt had reached 5,640 feet in lime, and was drilling ahead.

Stanolind No. 4 Myatt was mak-

LEGAL NOTICE

H. J. R. No. 38
HOUSE JOINT RESOLUTION
proposing an Amendment to Section 61, Article XVI of the Constitution of the State of Texas, and to provide that all sheriffs, deputy sheriffs, county law enforcement officers, including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, constables, deputy constables, and precinct law enforcement officers authorized to compensate on a salary basis in all of the counties in this State beginning January 1, 1949, providing for the election of the Amendment to the Constitution of the State of Texas.

Section 1. That Section 61, Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

Section 61. All district officers in the State of Texas and all county officers in the counties having a population of twenty (20) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949.

A fee earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that if the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury where collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the general election in November, A. D. 1948, at which all ballots shall have printed thereon:

FOR the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, constables, deputy constables and other law enforcement officers shall be compensated on a salary basis; and

AGAINST the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, constables, deputy constables and other law enforcement officers shall be compensated on a salary basis.

Each voter shall set one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties where voting machines are used, the above provision for voting for and against this Constitutional Amendment shall be placed on said machines and each voter shall mark the machine for or against the Constitutional Amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

H. J. R. No. 39
HOUSE JOINT RESOLUTION
proposing an Amendment to Article 5 of the Constitution of the State of Texas by adding a new Section thereto to be known as Section 1-a, authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of Appellate Courts and Judges of District and Criminal District Courts on account of length of service, age or disability, and for their reassignment to active duty where and when needed; providing for the submission of the Amendment to the voters of this State; and providing for the necessary proclamation and publication.

Section 1. That Article 5 of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as "Section 1-a," which shall read as follows:

"Section 1-a. The Legislature shall provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal Courts on account of length of service, age or disability, and for their reassignment to active duty where and when needed."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the second day of November, 1948, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts of this State on account of length of service, age or disability and for their reassignment to active duty where and when needed."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts of this State on account of length of service, age or disability and for their reassignment to active duty where and when needed."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

THE PEDDLER...

comes into a town... makes his sales... and is on his way. Today he is in Abernathy... tomorrow he'll be in Clarion or Eagle Grove, and by the end of the week he may be down in Keokuk. If you're lucky, you get your merchandise and your money's worth... more or less.

But the peddler—the door-to-door salesman—adds nothing to the community. You pay approximately the same prices for your goods, tak a chance on the integrity of a man you never saw before and who knows you'll never see again.

He pays NO taxes... does NOTHING to support community enterprises... has NO INTEREST in the community in which we live.

In taking a chance you risk your money for something you don't know about until you see it. And you're sending it out of the community where it can do nothing to help make your community better.

Congressman George Mahon reported to the Review this week that he had personally appealed to the Secretary of Agriculture, Charles Brannan, to use the full force of his office to make effective the Government loan program on combine maize. He explained that much of the West Texas crop was not yet beginning

to move and that plans should be perfected now to avert millions of dollars in losses to West Texas farmers.

Foreign demand for American grain has receded and the price of grain has sagged. Mahon said that some Central Texas farmers were already selling their grain at 50c per hundredweight below the loan rate.

Under the law the producer is entitled to a loan of 90% of parity on his combine maize, but loans are dependent upon the availability of storage, and the law will not be effective is storage arrangements cannot be made. Adequate freight cars and storage were not available during the war years but the market price for grain was above the loan rate and there was no serious question as to support price and no considerable demand for loans.

Mahon said that if the loan on grain sorghum should not be available many producers would sacrifice their grain sorghum below the support price, but that if the loan were available the market price would remain firm above support price levels.

Secretary Brannan advised Mahon that the Department would intensify its efforts to move the

Compare the Values!...
Compare the Prices!...
—see why

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

COMPARE the values; compare the prices; and you'll choose Chevrolet!

For to compare the values is to know that only Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride... the Big-Car performance and dependability of a world's champion Valve-in-Head engine... the Big-Car beauty and luxury of the enviable Body by Fisher... the Big-Car safety of Fisher Unisteel Body-Construction and Positive-Action Hydraulic Brakes... plus many another major quality advantage still not available in any other motor car in its field.

And to compare the prices is to know that Chevrolet prices are the lowest in the field... and that Chevrolet value continues to be the highest in its field!

That's why Chevrolet is America's No. 1 car; that's why it's the car for you!

FIRST in Riding-Smoothness!
You just can't beat the genuine Unitized Knee-Action Gliding Ride for real riding-smoothness—real travel-luxury—over any and all kinds of roads; and remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

FIRST in Thrills with Thrift!
There's nothing like Chevrolet's world's champion Valve-in-Head engine for thrills and thrift. It holds all records for miles served and owners satisfied. It embodies that extra-sound, extra-dependable Valve-in-Head design, found elsewhere only in costlier cars.

FIRST in Tasteful Beauty!
You will be perfectly sure of your car's beauty-leadership when you own a car with the world-famous Body by Fisher; and this most desirable of all car bodies—beautiful from every angle, inside and out—is available only on Chevrolet and higher-priced cars.

FIRST in All-Round Safety!
You and your family will enjoy the triple safety protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and higher-priced cars.

CHEVROLET — and Only CHEVROLET — IS FIRST!

SELKE WRITES FROM WEST VIRGINIA
 (Editor's note: Following is a letter which we received from Billy Wayne Selke, who is traveling in the East with a Methodist Youth Caravan. He is the son of Mr. and Mrs. H. H. Selke of Abernathy.)

Dunbar, W. Va.
 July 25, 1948
 Dear Buford,
 Since some people have asked me where we keep the camels on our "Caravan", I think I had better explain more about what a "Caravan" is and what we do! Our team is composed of 4 young people and an Adult Counsellor. We

have a girl from Iowa, one from Louisiana, a boy from Wisconsin, our counsellor from West Va., and me. Each of us is trained in a specialized field of work: Worship, social action, recreation (my field), intermediate and adult work.

After training for 10 days in Pennsylvania, we came to work in West Va., where 3 other teams were sent. 18 teams were sent out from Pa. all over the North-Eastern U. S. The 90 youth who trained there represented 28 states and 79 colleges. We had one negro girl from New Jersey, and one Baptist girl from Mississippi. Our team works for one week

in each of 7 churches during the summer. Our work consists of discussion and forum groups, work-shop activities, worship and recreation programs and general leadership classes for both youth and adults.

Some of the highlights of our trip have been: a sightseeing tour of Washington, D. C., and a close-up view of Pres. Truman; watching the Democratic National Convention; 2 trips through 2 types of coal mines; numerous sightseeing trips over much of W. Va.'s mountains and beautiful parks; visits to glass factories, rubber plants and chemical plants; personal talks with 2 bishops of the Methodist Church; real "back to nature" fishing and swimming that I'd never done before; camping, hiking and numerous other activities.

Our work has brought us in close contact with these people and how they live. I was especially interested in the coal fields and the people there. I had always figured that coal miners were a very low class of people and lived a very hard life—but I was generally wrong. An average miner makes around \$20 to \$25 per 7 hours and 15 minutes a day labor. They rent a nice 5 or 6 room house from the coal company for \$10 per month or may buy the house for \$250.00 per room. However, only a small percentage of the houses have bathrooms. They buy everything from ice cream to overalls at a company owned store for a very reasonable price.

I thought that a miner made too much money until I went inside a mine and walked 2 miles underground with the ceiling only about 36 inches above the floor. We even crawled on our hands and knees for a while. Though the trip was very interesting, it would take more than \$25 to keep me in there 7 hours. Much to my surprise, I found that most of the miners had worked there all 18 years of the mine's existence, and would not

change their job any day for a farm.

The mining camps are full of friendly people who are simple and plain, yet they are very proud, and a different type of people than Texans. At least 50 per cent of the girls never finish high school and about 60-70 percent of the boys quit school to work in the mines. Nearly every boy and girl boasts of having failed 2 or more years of school. I have met several kids older than me who will be sophomores in high school next year.

However, in the larger towns as Dunbar, where we are now, the kids are very similar to us at home.

I wish the people at home could all see West Virginia. They could never visit a place so much different from West Texas. Actually one of my legs is getting longer than the other just from walking around the hills—or mountains I could say. The altitude varies from 200 feet to 5,200 feet above sea level at almost any point in the state. The hills look like giant stacks of Christmas trees and are very beautiful. Some people say that any plant that grows in the United States may be found somewhere in W. Va., and I believe that. I have never seen such an abundance of different plants.

I used to think that those "10-2-4" signs meant Dr. Pepper, but now I know that that is the rain forecast here. The only reason that the rain stops is merely to start again immediately so we can say we've had 2 rains instead of one.—Yet the people tell us we should be here in the RAINY SEASON!

Well, here's hoping this letter finds everyone well and happy at home, and until I see you all again the last of August, I remain your reformed hillclimber from the dear old Plains of Texas.
 Billy Selke.

PUBLIC SERVICE and GOOD CITIZENSHIP

August marks the 24th anniversary of the founding of the Southwestern Public Service Company. During the past 24 years we have grown steadily, and expanded our facilities constantly, to assure more and more folks of a dependable supply of low-cost electric service at all times.

We look forward to many more years of Good Citizenship and Public Service in the area we serve. In the future, as in the past 24 years, we shall attempt in every way to keep our slogan alive, and keep it the constant aim of all those who serve you as employees of this company.

Mary Jane Turrentine is expected to return home from Stephenville this week following work this summer with a Methodist Youth Caravan in Texas. She is the daughter of Rev. and Mrs. eGeorge E. Turrentine.

Mr. and Mrs. W. H. Robinson fished at Sweetwater lake last week, and are on a trip to Farmington, N. M., and Colorado this week with Mr. and Mrs. Tot Allen of Anton.

Car sales made recently by L. W. Lambert and C. C. Shipman at their Gulf station include a 1948 Plymouth special deluxe club coupe to Mary Evans and a 1939 Plymouth coupe to B. W. Smith.

The lower Johnson family of West Texas lived here in the home of the parents, Mr. and Mrs. A. N. Johnson, who were awarded the 1937 award for the best home in the county. The Johnsons have lived here for 20 years. The Johnsons are now in Dallas, Texas, after having lived a month in the home of Mr. and Mrs. J. P. Brown, a former friend of the Johnsons.

Recent guests in the home of Mr. and Mrs. J. P. Brown were their children, Mr. and Mrs. L. B. Forbus of Brownsville and Mr. and Mrs. T. M. Lee and family of El Paso, N. M., and Mrs. Forbus' brother, James Lee, of Dallas. Mr. and Mrs. Thomas Johnson attended funeral here in Abilene Monday for her grandfather, Mr. Potts, who died Saturday in Abilene.
