Haskell Memorial Hospital Auxiliary Presents New Officers For 1970-'71

The Haskell Memorial Hospital Auxiliary and Candy Strippers met at the Community Room, Haskell National Bank, September 3, at 8:00 p. m., for a special session.

Mrs. Marvin Plemister, president, welcomed members and guests, and presented the new officers of the Auxiliary for 1970-'71 as follows:

Mrs. Marvin Plemister, president; Mrs. D. L. Speer, vice-president; Mrs. E. L. Wyche, social chairman; Miss Nettie McCollum, secretary; Mrs. W. H. Pittman, treasurer; Mrs. J. F. Cadenhead, reporter; Mrs. Bob Herren, chairman of projects; assistant Mrs. R. Y. Mobley.

Mrs. Plemister introduced Mrs. Pittman who presented the guest speaker, Rev. Aubrey Headstream, Director of the Mental Health and Retardation Center, Haskell.

Mrs. Pittman gave an interesting talk... a parable from I Cor., 10-23.

In a country not far from here was a town compared to a little town called "little insignificance," which was divided in its purposes and willingness to help sponsor something worthwhile for its community.

What does God want of us?... to walk steadfastly in earnest service and love to others who need help.

Rev. Headstream said that we should be practical in our service to our community in being helpful to those in need of assistance in Mental and Health problems.

The Hospital and Rest Homes are designed for comfort in taking care of patients. We should send cards and letters and visit those we care to keep in contact with.

WSCS Program Sets Tone For Year's Study

The Women's Society of Christian Service of the First United Methodist Church met Tuesday, September 2, at 9:30 a. m. in the Couple's class room for its regular monthly meeting.

Mrs. W. H. Pittman, president, called the meeting to order, welcomed each one, and a special welcome was extended to several newcomers.

Mrs. W. J. Kemp, secretary, read the minutes of the last meeting. The treasurer, Mrs. Kenneth Lane, gave a financial report.

Mrs. John Thomas, program leader for the day, opened the program with the group singing "Jesus Calls Me." Mrs. Thomas, assisted by Mrs. Wallace Cox Jr., and Mrs. Paul Joesselet, presented a very interesting program, "Discover and Respond."

The meeting was concluded with group discussions from the twenty-one ladies present. The meeting was dismissed with a prayer by Mrs. Ray Overton.

Classes Are To Be Offered In Donated Foods

A series of four classes in preparing donated foods will be held, according to Mrs. Barbara Elliott, County Home Demonstration Agent.

The classes will be held at 6:30 p. m. on September 10 and 24; October 8 and 22 at the CAP Center in Haskell.

The four classes will be on each of the four food groups which are breads, meats, vegetables and milk.

The first class will be on Sept. 10 and will show how mixes can be prepared for making biscuits, breads, cookies and cakes.

Those attending all four of the classes will receive a Certificate of Completion.

Free baby sitting will be available at the Center during classes and anyone wishing transportation may call the CAP Center at 864-3053.

Farm to Market Road Improvements Are Approved For Haskell County

The Texas Highway Commission approved the expenditure of \$1,949,900 for highway safety and betterment, and improvement of state highways and farm-to-market roads in District 8 during 1971.

District Engineer J. C. Roberts, of Abilene, said that a total of 344.5 miles will be involved in the annual program.

The work is part of the Highway Commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Programs for 1971.

The types of work included in the program cover 339 miles of asphalt seal coats scattered over the district plus the reconstruction of a section of St. 176 in Howard County.

District Engineer J. C. Roberts said that among the projects included in the program, the following projects will take place in Haskell County.

Farm to market road improvements, approximate location of project, approximate length, proposed character of work and estimated cost follow:

Better Head For Haskell "Dollar Day"

Dollar Day rolls around again next Tuesday, September 15th, and the friendly merchants of Haskell are offering some of the biggest and best bargains of the year.

And here is something residents of this trade area might keep in mind... Before October "D-Day" arrives, there is a good possibility of some "cool" weather, so next Tuesday, September 15 would be the ideal time to shop for your fall and winter needs, while stocks are complete.

Whatever your needs, Haskell merchants can serve you, so be on the "look-out" for the big, four-page circular which will be mailed and distributed throughout this area this week-end.

"Eye-ball" every merchant's ad, and you will find a lot of "good buys."

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega. We also call it "the little car that does everything well." Because it does. Everything? Everything. Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car. In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood. Yet unlike your average little car, ours steps right out when you step on the gas. The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare. Disc brakes are standard in the front. So are bucket seats, except on the truck. How we doing so far? Numbers speak louder than words. The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet. Height of the coupe is just 58 inches, nine inches lower than the leading import. Weight: a nice stable 5 1/2 feet. Weight: 2,190 lbs. for the sedan. Engine displacement: 140 cubic inches. Fuel economy: about 25 mpg, with the standard engine and transmission in our highway tests. Horsepower: 90. You can order 110, (80 and 93 hp, SAE Net.) Seating capacity: 4 adults. What it all adds up to is a lot of little car. Three cars and a truck. Vega turned out so well that it couldn't turn out just one. So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kamback wagon, on the left; and the little panel truck, in the rear. Oh, and a special GT version of the coupe and wagon which we show you later on. September 10th is Opening Day. All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one. Chevy's new little car is open for business. Look into it.

TAX MAN SAM SEIZ:

The Dallas District office is proud of their record in tax education. The most effective tax education program IRS offers is their "Teaching Taxes" course for high school and college students. About 175,000 North Texas students were given some very simple in-

struction in how to prepare their own income tax returns by more than 2500 teachers in 953 different schools. In addition to the simple income tax training course, the Dallas District developed a business tax return course and furnished 59 different colleges in the Northern half of Texas, to teach approximately 7500 accounting students some of the fundamentals of preparing a business tax return.

The Dallas Chapter of the Texas CPA Society has worked with the Dallas District to train thousands of adults in how to prepare a better income tax return during the past six years. The tax lawyers and other groups cooperating with Internal Revenue and the Dallas Public Library, have added hundreds of other better trained taxpayers during the past two years. The Military bases, the Community Action groups, and the retired groups arrange for other tax training sessions and account for thousands of other taxpayers getting needed help

each year. The Internal Revenue employees feel that the taxpayers want to do their part but that they need a little help before they can understand some of the more complex provisions of the law.

of College Station. Randy Goode, son of Mr. and Mrs. Archie Goode, was home for the weekend. Randy is a student at West Texas State University. Bill Roberson, a West Texas State University student, spent the weekend with his parents, Mr. and Mrs. Dickie Roberson and Janis. Mr. and Mrs. Homer Turner and Bart of Dallas and Cole Turner of Rule visited the B. O. Robersons Sunday evening. Mrs. Cecil Jetton attended a workshop at the Region XIV Educational Center in Abilene, Friday.

How Does C of C Work For Me And My Business?

No city can live without purpose and without effort and especially so during the current changing times when competition is made easy with a network of super highways which make distance a small matter of importance.

The newspapers can stimulate and point the way to progress. The bank and other types of business firms can apply their best resources to worthy projects and public minded individuals can produce excellent ideas. But, there has to be a clearing house, a focal point,

for all energies and good intentions, or little will avail. There must be someone working full time, lending direction and organization to the civic tasks which makes the difference in whether a town or city is considered to be alive or stagnant. This is the function of all Chambers of Commerce and the local civic organization certainly follows the goals and ambitions of the others, whether state or nation wide.

The Haskell Chamber of Commerce Membership Committee, under the direction of Mrs. R. A. Lane as chairman, is currently on a concentrated effort to secure new members and contacting present members in regards to raising their membership dues appreciably to enable the chamber to carry out an effective and progressive program of work.

Membership is the only means which the Chamber of Commerce has to secure the necessary revenue. It has no tax benefits, subsidies or endowments that will provide funds to pay the cost of its operation. A large membership broadens the interest and participation of Haskell Citizens in their community and it carries with it a sense of accomplishment and inner satisfaction due to having a share in an important work. By building a better community we build a better business at the same time, as progress goes hand in hand with business.

What Is the Chamber of Commerce?

Your Chamber of Commerce is a voluntary organization of citizens who are investing their time and money in a community development program ... working together to improve the economic, civic and cultural well-being of the area. Any citizen who is interested in helping to develop the area (which means more money, more busi-

ness, more jobs, and better living for everyone) is eligible to be a member of the chamber of commerce. The dues structure is designed to permit even the smallest business to be a member.

The Chamber of Commerce is composed of committee workers, directors, officers, who serve without pay. The manager and his staff who devote their full time to the chamber of commerce are the only paid employees.

What It Does:

The Chamber of Commerce is a service institution and an action organization. It provides a medium through which people can take effective action for the progress of the community.

It helps to create job opportunities through stimulation of industrial and commercial growth.

It seeks the improvement of community facilities ... streets, highways, parks, schools, and marketing facilities.

It brings conventions, sales meetings, and other gatherings to the city.

It works toward developing the agriculture and agricultural industry of the area.

In all of these functions the Chamber of Commerce is serving as a department, a partner, of every business and professional person in the area.

How It Functions:

The Chamber of Commerce functions through working committees of the organization. Money, planning, inspiration and guidance are useless unless the members work vigorously on the committees of their choice.

Careful study is made of the community needs and an action blueprint, the program of work, is designed. The goal of the program is always to create more dollars for more people and to improve the economic welfare of all. Every member has a voice in determining the policies and projects and every member is needed to work on active committees to get the job done.

For the Retailer:

ATTENTION FARMERS and Agri-Business Friends

A young man who shot to prominence as the President of the Colorado Farmers Union became national President in 1940.

His name is James G. Patton, who in 1948 warned the nation against a rising "power elite":

Corporate and monopoly domination over the economic life of American people is now, at this moment, greater than it has ever been before. These corporations now tend to manage and control the Congress of the United States and the administration of government.

As all of you know there has been a vast amount of effort by all the Major Farm Organizations in the Nation to get a Farm Bill passed that the people in the agriculture world can live with for the coming years. There has only been one hold-out of a large Farm Organization and I don't think I have to spell out the name of the organization for you. The members of the Texas branch of the organization voted and saw things like all the other different organizations in the nation, but as usual they weren't able to get the National organization to go along with them.

Because of your interest in the problem of corporation farming, I would like to call to your attention that the Interim Committee to study Corporate Farming, Livestock Feeding

and Ranching Operations in Texas will public hearing on September 18, 10:00 in the Old Supreme Court Room on the floor of the Capitol Building in Austin.

The chairman, Senator Murry Walke asked that all organizations and citizens interested in this problem, who would like to appear or provide a written statement to the Committee, if you do not wish to present a statement to the Committee, you will submit written testimony to the Committee Secretary. The address is:

Committee to Study Corporate Farming, Livestock Feeding and Ranching Operations in Texas
Room 337
State Capitol Building
Austin, Texas 78711

Farmers Union will present testimony a color slide presentation to demonstrate seriousness of the accelerated movement of large corporations into agriculture. The union of agriculture and the rural community has both social and economic implications which we hope to dramatize before the Committee.

I hope you will be in Austin on September 18 for the hearing to present your testimony. You are invited to attend as an observer.

Dodge Splits Intermediates In The New Market Strategy

The intermediate offerings of Dodge for 1971 will be split into two separate model lines in a unique move to offer uncompromised products, Robert B. McCurry, Dodge general manager, announced.

Coronet and Charger, which in the past years have shared the Dodge intermediate segment of the market place, will now hold their own in two separate categories.

The Coronet will be produced in four-door sedans and station wagons only, while the Charger will be built only in hardtop and coupe models.

Charger Engines
The Charger hardtop will be available with a variety of six and eight cylinder engines. The Charger 500 and top-of-the-line Charger S. E. (Special Edition) will have only eight cylinder engines.

The Dodge Scat Pack will have two high performance versions of the Charger, the Super Bee and the R/T. Two special V-8's will be available as options—440-Six Pack and 426 Hemi. All except these last two engines will operate on regular or low lead content fuel. A 440-four barrel V-8 is standard on R/T.

Coronet Engines
The Coronet line will have a total of four six-cylinder and eight-cylinder engines available from the 225 cubic-inch Slant Six to a high performance version of the 383 cubic-inch V-8. All of the engines, including the 383-4 barrel, will perform on regular or low lead content gasolines.

Wider Track, More Room
In addition to being an inch longer in wheel base at 118-inches, the Coronet for 1971 also gets a wider track and larger interior dimensions. The rear track of the Coronet is wider by 2.8 inches in the sedan and 4.2 inches in the station wagon. Interior shoulder room gains an inch. Station wagon floor width is increased to 48.5 inches between the wheelwells.

The 1971 Coronet sedan rear track is 62 inches with the station wagon track at 63.4 inches for the new models.

The Charger also gains 2.8 inches in rear track for a total of 62 inches for 1971 with the added benefit of one-inch of shoulder room.

Design
The overall design of both the Charger and the Coronet is that of Dodge family identification. While the Coronet captures the image of a sedan in a quiet, sophisticated way, the Charger continues its contemporary sports-oriented flavor.

Both the Charger and the Coronet are characterized by 43-inch-radius curved ventless side glass. Both have concealed wipers as standard.

Many Options
A host of options and innovations characterize the introduction on the new Dodge intermediates beginning with a Cassette stereo tape player and recorder. This device—the first time it has been offered in the industry—will play back direct-record radio and with the optional microphone, record voice on Cassette tape cartridges.

A new tailgate window feature for station wagons allows the door function to be operated with the window up or down. Another feature of the tailgate-door for the 1971 Coronet wagon is "Auto Lock." The tailgate is locked whenever the ignition is on. The driver may

lock or unlock the tailgate-door by activating a control on the instrument panel.

An electric headlamp washer is optional on Chargers with concealed headlamps. Upper level ventilation is optional on Chargers and Coronets without air conditioning.

An optional tilt steering wheel has been extended into the intermediate line for 1971.

Concealed headlamps are standard on S. E. and optional in Super Bee and R/T. Another new feature is a "key-less" door locking system which allows the doors to be locked

MRS. GENE HUNTER IMPROVING FOLLOWING SURGERY IN HOUSTON

Word was received Wednesday morning from Houston that Mrs. Gene Hunter had surgery there Saturday, Sept. 5, in Methodist Hospital. Her condition

without keys.

Other Charger options include color-keyed painted front and rear bumpers in six colors—light blue metallic, dark green metallic, Hemi Orange, Citron Yella, Greengo and Plum Crazy in all but S. E. models.

"We are approaching this market segment with two products that will give customers more distinction and function than ever before," McCurry said.

Excitement Mounts As Dates For West Texas Fair, Abilene, Nears

As the opening of the 64th Annual West Texas Fair, Abilene, draws closer, excitement and anticipation mounts. What do you visualize when you think of the Fair—carnival rides, candy apples, exhibits, hot dogs?

The first fair held in Abilene was an exhibit of farm products in 1884. There were no livestock shows, carnival rides or cotton candy. It did have its special feature though. The circularity of the 1884 event was a cotton stalk with six bolts on it.

A second fair was not held until 1888 when the District Fair was in Abilene. It was a three-day event held in the County Court House, the old Court House on Oak and various neighborhood stalls around the Exposition Hall. Not only were agriculture and livestock on view, but area residents could examine various items of art.

The fair took on a new look in 1897 when it moved to the outside edge of Abilene. Exhibits were housed in two tents, thirteen frame buildings, innumerable stalls for livestock, a grandstand and race track.

Each year the fair association has scheduled special events during the fair. These have ranged from live turkey and pigeon shoots to nightly entertainment by well-known stars and a grand ball at the Abilene Opera House in 1897. The 1900 Fair was the site of the first "Horseless Carriage" races in Abilene. In addition to the special events, always popular were the horse races, rodeos, parades and visits from such prominent people as Charles A. Lindberg in 1927.

For those who wish to send cards or write, she is in room 685. If she continues to improve, she expects to return home in a week or ten days. Mr. Hunter returned to Haskell Wednesday.

Mr. and Mrs. Jetty V. Clare, visiting in Houston with their daughter and family, Dr. and Mrs. Temple Williams, were with the Hunters over the weekend, and may possibly bring her home when she is released from the hospital.

Throughout the years the fairs have continued to grow and improve, but there is one problem that has remained the same. The annual visitor known as rain made its first appearance at the 1899 Fair and has continued to return each year.

The addition of the multi-million dollar Taylor County Coliseum in 1969 now enables the Fair to hold all types of indoor activities including rodeos.

Your Community Action Program

By ETHEL PHEA

Mrs. Felipe has been meeting at the Center instructing about 20 to 30 girls for a program the Mexican-Americans are having Sept. 16. Mrs. Arredondo is the wife of Felipe who has been employed by the Post Office here since his graduation from Haskell High School.

Mr. Joe Meador, CA Specialist from Austin, along with Ben Aguirre, Director of Centers, from Abilene, visited the local Center Thursday, Sept. 3. Mr. Meador was pleased to have met Judge Roberson and encouraged the local CAP for the work being done.

We would like to thank Judge Roberson for lending us his NYC boy, Margarto Gonzales, and the equipment and material for cleaning and waxing the floors at Center. Thanks to Mr. Hammack for giving us his time and equipment and Mr. Turnbow for letting us use his NYC boy, Frank Ruiz. Mr. Hammack, custodian of courthouse and the two boys did a beautiful job on the meeting rooms and the office. The county and city officials have always been ready to help us when needed.

The Haskell Neighborhood Clinic started in June, 1969, with two clinics being held in June and July. In August started having each first Saturday in month. To date 211 individual children have taken advantage of this. 401 DPT given, 318 polio, 77 small pox and 49 measles, also about 250 children and adults have been tested for TB by Mrs. Jeanette Arher, R.N. from Eastland, with several being put on medication for safety. Dr. T. W. Williams, our county health doctor, has been overseer of this project. Mrs. Jim Medley was nurse in charge until she moved and now Mrs.

Stella Trice is in charge. Several nurses and other people have volunteered several hours for this Clinic, and we are very grateful.

Evans HD Club News

The Evans HD Club met in regular meeting Sept. 3 at 7:30 p. m. in the CAP Center with Mrs. Barbara Elliott bringing the program on clothing. She emphasized on choosing styles and patterns for individuals. Nine ladies were present. Discussed election of officers but decided to wait and have a special called meeting on Sept. 12 at 7:30 in the home of Mrs. Julia Roberson.

News From The Local Draft Board No. 77

Local Draft Board No. 77, serving Jones, Haskell and Shackelford Counties, at the end of August had 48 men examined and qualified to fill future quotas.

The board had 75 men it considered qualified, but they had not taken the combined physical and mental examination. In a lower category are 143 men born in 1951 and 121 born in 1952.

The board showed 58 men currently serving in the armed forces by draft from the three counties, compared to 410 serving by enlistment or commission.

The board had 330 deferred to attend college, 64 classified as high school students, and 150 deferred for armed forces reserve activity.

The board's record showed 980 men classified in I-Y because of failure to meet physical, mental, or moral standards. I-Y signifies the men would be qualified in a future emergency if standards are reduced.

The board showed 172 in IV-F, which signifies disqualification for the same reasons, now and in the future.

A total of 1,515 were deferred because of dependents, 616 were listed as having completed armed forces service.

A total of 4,695 were recorded as over the age of liability for military service. Many of those in this class have served in the armed forces in the past.

The end-of-the-month summary showed 36 deferred for civilian work or for attendance in technical schools, and 36 exempted as ministers of religion or as divinity students.

The board had 9,529 living men registered at the end of the month.

Indians Skin Colorado City In Scrimmage

The Haskell Indians topped the Colorado City Wolves 2-1 in scrimmage at Colorado City last Friday night.

Haskell's fleet-footed Charlie Franklin hit pay dirt twice for the Indians. Franklin scored the first TD on a running play, and intercepted a pass and ran it back 60 yards for the second TD.

Colorado City's lone tally came on a pass play.

A good-size crowd followed the Indians to Colorado City to view the scrimmage.

Everett, Couch Take Top Honors In Golf Tourney

Buck Everett and R. C. Couch Jr. fired a one-under par 70 to take top honors in a low ball partnership golf tournament held Sunday afternoon over the par 11.574 yard layout at the Haskell Country Club.

Bill and Tom Perry were two shots back.

Harvey Croft and Albert Roberts tied with Alex Swann and Bill Lane Jr., with 86's in the first flight.

Entry deadline was at 1:30 p. m., and all 18 holes were played that day.

Gift certificates and prizes were awarded to the first two teams in each flight.

Four Hundred-Forty-Two Persons Registered At Library Since May

Summer is over and the reading was high! Mrs. Elsie McGee, Librarian, reports that 442 persons, young and old, male and female, have registered at the library since May. Eighty-eight young people completed the requirements for the Summer Reading Program jointly sponsored by the local library and the Texas State Library.

Certificates were presented at a brief program Saturday, August 29, at 4:00 p. m. Mrs. Jan Jamison representing the Haskell Chapter of Young Homemakers, congratulated the young ones present. Mrs. McGee and Diana Garcia, who worked for the library the past two summers, presented certificates. Tony Grand, son of Mr. and Mrs. John L. Grand, was recognized for reading 89 books.

The library has received three books from Mr. and Mrs. Joe B. Golden of Austin given in memory of Lon Dennis McMillan. The books are: "Kneel At The Cross," Beck; "Texas Country Democrat," Baggarly; "The Complete Antiques Price List," Kovel.

Several magazines are available for school children who need to cut out pictures. Mrs. Alfred Pierson recently gave back copies of "Better Homes

and Gardens" and "House Beautiful."

With school in full swing again and clubs organizing for the new year, be reminded of the loan privileges we have with the Abilene Public Library. Mrs. McGee will handle your requests for specific books or by subjects.

"The library is for you. Use it!"

Conservation Of Wildlife Should Be Practiced

"DON'T HARVEST UNTIL HARVEST TIME—a hunter should be familiar with the game regulations before going after the different game species in his area," says Jimmy Boykin, Soil Conservationist assisting the California Creek and Wichita-Braxos Soil and Water Conservation Districts. A sportsman appreciates the different game species in his area and abides by the regulations established to protect them. A person who violates these regulations not only hurts his fellow hunters but also decreases his chances of a good hunt the following year. Conservation of

wildlife conservation just the same. With the conservation problem. One would be on a ranch for on his farm or sort of natural site. Feeding fowl maize on during the helps them and thus ensure chance of a year. During the care should shoot more of the prescribed species for a fairly good sporty birds around waterfowl and mesquite trees and during the in a swift and easy real challenge amateur. COME IN AND SEE AND DRIVE THIS NEW ECONOMY CAR

Chevrolet introduces **Sprightly Vega Hatchback** Coupe

This distinctive four-passenger coupe model of Chevrolet's new 1971 Vega 2300 has a wide combination rear window and rear deck that swings up for easy access to the trunk and a fold down rear seat for extra cargo room. This is one of four Vega models. Styling will be continued for at least four years. Roomier and better handling than most. Vega has a new, domestic-built lightweight overhead cam engine to fill performance needs. It gives impressive fuel economy and low emissions. Among "frills" is Vega's power-flow interior ventilation, comfortable molded foam seats and steel side doors. Vega models go on sale in Chevrolet dealerships on Thursday, September 10.

News From Haskell County Mental Health And Retardation Center

By Aubrey Headstream, Director

The best thing that happened at the clinic this week was the new curtains for the windows. This was a complete commun-

without effort is trouble, and much of that can be traced to a desire to take hold of the blossoms instead of the branches.

Thorns serve a purpose. They teach us that even in plucking roses, one must go about it with care and skill and practical knowledge...or get stuck.

The man who loses his head is usually the last one to miss it.

Skill to do comes from doing.

The sportsman went to a hunting lodge and bagged a record number of birds with the help of a dog named "Salesman."

The following year, the man wrote the lodge again for reservations, requesting the same dog, "Salesman."

As soon as he arrived at the lodge, he asked the handler if "Salesman" was to hunt.

"Hound ain't no good now," the handler said.

"What happened," cried the man, "Was he injured?"

"Nope. Some fool came down here and called him 'Sales Manager' all week. Now all he does is sit on his tail and bark."

You have failed many times? How fortunate! You ought to know, by now, some of the things NOT to do.

One of the most neglected virtues of our daily existence is appreciation. Somehow, we neglect to praise Junior when he brings home a good report card, and we fail to encourage Sally when she first succeeds in cake baking. Nothing pleases children more than this kind of parental interest and approval.

The next time you enjoy your lunch at a club meeting, send word to the chef that it was excellently prepared, and when a tired salesgirl shows unusual courtesy, why not tell her so.

Every speaker knows the discouragement of pouring himself out to an audience and not receiving a single ripple of appreciative comment. What applies to professional applies doubly to workers in offices, shops, etc. In our working relations we should never forget that all of our associates are human beings and hunger for appreciation.

Try leaving a friendly trail of little sparks of gratitude on your daily trips. You will be surprised how they will set small flames of friendship that will be beacons on your next visit.

The pains we take often measure the gains we make.

Experience is the name everyone gives to his mistakes.

This scribe asked a neighbor if his dog had a good pedigree. "Has he?" the neighbor replied. "Say if that dog could talk, he wouldn't speak to either of us!"

nesday, and Women's Hospital Auxiliary at Haskell on Thursday to tell about the services offered by our Clinic. Miss Frankie Williams, superintendent of the Vernon District of Mental Health and Retardation, has expressed many times the deep appreciation of the interest of all the people in the Mental Health Clinic. Doctor Williams has a special interest in our counties as she graduated from the Haskell High School.

We have a special team here at the Clinic in the field of Occupation Therapy that has a good program to present. It is

A TOUGH ASSIGNMENT

Much of the speechmaking and writing that has appeared in observance of the nation's 191th birthday last 4th of July had to do with how to remake the American system. Although many of the writers and speechmakers waxed eloquent on the "unprecedented" problems of our times, and intimated the nation was in a decline, they seemed to come to a dead end when faced with the necessity of offering a substitute for the great American experiment.

Perhaps they had difficulty because there is no worthy substitute. What other nation in a brief 200 years, has ever done so much for so many people? What other nation has enjoyed a greater degree of freedom and opportunity? In short, finding fault with America is a tough assignment... even for the skeptics.

Experimental Field Day Is Set Sept. 24th

Visitors will see range cattle in good condition despite severe drought when they attend the 1970 field day of the Texas Experimental Ranch.

The ranch is a unit in the College of Agriculture of Texas A&M University, and is 10 miles north of Throckmorton, on U. S. 183.

The field day, held every other year, is Sept. 24, and begins with guided tours of the various research areas.

The visitors will also hear of a study to determine the botanical composition, the quantity and the chemical components of what cattle eat when they are confined to grazing rangeland. This work will involve a "trap door" in the esophagus of the cattle.

Registration will be at the ranch headquarters. At noon, the group will be taken into Throckmorton for a lunch of barbecued beef.

Librarians Of Public Schools State Workshop

Librarians from public school, academic, and special libraries will turn their attention to "Cooperation" at a one-day workshop sponsored by the Field Services Division of the Texas State Library at 9:30 a. m., on September 18, 1970, at the Snyder Savings and Loan Company in Snyder.

Workshop participants will discuss ways in which libraries can strengthen their services through cooperative ventures with other libraries.

The most familiar form of sharing to many of those who will be attending is through the Texas State Library Communications Network. Last year thousands of Texans obtained answers to reference questions and materials through this statewide network.

Vanita Lee, field consultant for the Texas State Library, will conduct the session at Snyder, one of a series of work-

shops conducted by consultants throughout the state during September.

WHY WAIT UNTIL HARVEST?

If you are planning to buy a tractor after harvest, WHY WAIT?

You can get the benefit from this new tractor now, but not have to pay for it until after harvest.

Your old tractor will make the down payment.

This waiver of interest also applies to any attachments, such as cotton strippers, planters, cultivators, and etc., which are bought with the tractor.

For example, on a \$7,000 tractor, on a four-year contract, you will save \$664 in carrying charges, because of this waiver of interest.

I need to sell ten (10) more tractors by September 23 to win a trip to Acapulco, so come on in now and let's trade.

By Mrs. Henry Smith

H. D. Happenings

The Weinert H. D. Club met at the Community Center Sept. 1st, with president, Mrs. Tom Yates presiding. The THDA song was sung, and the prayer repeated. Roll call was: What it takes to make a good citizen. The minutes of the last meeting were read and approved. Mrs. Yates gave a report from council. Mrs. Guess gave a report on our Prisoners of War, and

expressed our need to write to the President of North Vietnam urging their release.

The Fair was discussed and fair books were distributed, along with the booth theme. The president urged members to take something to the fair.

The nominating committee reported these officers for next year: president, Mrs. Tom Yates; vice-president, Mrs. C. C. Campbell; treasurer, Mrs.

Mrs. M. C. Cunningham; secretary, Mrs. M. C. Cunningham; council delegate, Mrs. Floyd McGuire; alternate, Mrs. M. W. Plemister. The club voted to elect them.

Mrs. Johnny Earp and Mrs. Bailey Guess gave a demonstration on cutting an oval tablecloth, giving measurements so as to have the same hang-over all around, and passed out instructions for cutting a round table cloth. They had several tablecloths on display, and pictures of others and how to cut them. They also gave instructions on how much trim to buy.

The following were present: Mmes. Glenn Caddell, M. C. Cunningham, Gus Rueffer, Henry Smith, W. C. Winchester, W. B. Guess, M. W. Plemister, Floyd McGuire, Ross Anderson, John Haley, Johnny Earp, Tom Yates, Keith Fry, Ted Elliott of Haskell, B. R. Winchester of Munday.

Mrs. Glenn Caddell and Mrs. Tom Yates served punch and cookies.

News from Rule

MRS. DALE LEWIS

Rule Annual Staff Organizes
Sept. 7, Pam Wilson, Rule High School senior, will head the Annual staff as editor-in-chief for the 1971 Bobcat. She will be assisted by Peggy Clark as business manager. Staff members are: Debbie Plunk, Marsha Moore, Dana Woods, Marjorie Beakley, Linda Landreth, Patricia Collier, Karen Denson and Gail Bureson. Mrs. C. W. Dunnam is faculty advisor.

Annuals will go on sale September 14. The annual's price this year will be \$5 a book, \$4 down and \$1 when the annuals arrive. Increased costs and a decrease in ads and income activities has forced this increase.

Individual pictures for the school annual will be made on September 17.

Rule Garden Club
The Rule Garden Club open-

ed its first meeting of the year at the Philadelphian Club Tuesday, with a luncheon. The program was most interesting and was given by Mrs. W. S. Cole, who presented slides and highlights from her recent trip to the Hawaiian Islands.

The tables featured lovely fresh and artificial floral arrangements typical of the Islands, which were furnished by Mrs. Roy Foster, Mrs. W. N. Cole, and Mrs. W. S. Cole.

Members welcomed one new member, Mrs W. N. Cole of Rochester.

Partnership Golf Tournament
Rule Recreation Club will be holding its first partnership golf tournament September 12-13, Saturday and Sunday, beginning at 9:00 a. m.

Entry fee will be \$20.00 per team. Deadline for entering will

be tee-off time Saturday. First prize in each flight will be \$50 U. S. Savings Bonds and second prize in each flight will be \$25 bonds.

Flights will be set after Saturday's play.

Food will be served in the club house both days.

For information or registration, call (817) 977-2681, Rule.

Rule Rotary Meets
The Rule Rotary Club met Monday noon at the Bluebonnet Cafe.

The guest speaker, Rev. Aubrey Headstream, Director of the Mental Health Clinic at Haskell, spoke to the Rotarians regarding the services which are available to Haskell Countians through the Clinic.

Mr. Darrell Sorrels, president, presided at the meeting. The attendance percentage for July was reported to be 87.5%. The Club Sweetheart, Miss Marja Beakley and one out-of-town guest, Mr. R. C. Couch of Haskell, were present also.

Weinert's Class Spoken 'Car Wash'
The Senior High School in Waco will wash Saturday from 8:00 a. m. to 12:00 p. m. The car wash will be at the W. R. Gump Co. A \$2.00 charge will be for cars, and \$2.50 for

Local News of Interest
Visiting in the home of their parents, the E. L. Elmores and Bill Holcombs, this Labor Day weekend, were Mr. and Mrs. David Holcomb. David and Elaine are now at home in Waco. David received his B.S. degree in Industrial Arts at Sul Ross University in August and he will teach Industrial Arts at University High School. Elaine will be a teacher's aide in the University Junior High School.

Paula Elmore also visited her parents, the E. L. Elmores this weekend. She is also living in Waco and enjoys her job as a Secretary for the Urban Renewal Agency there.

The Weldon Normans drove to Dallas on Wednesday evening to begin their tour of five of the South American Countries and the Panama Canal Zone. The tour which will leave Dallas on Thursday is sponsored by the Farm Bureau. The group will return on September 20.

ing them, Mrs. John Weathersby, Mr. and Mrs. Joe Mathis, Mr. and Mrs. Terry Joe Mathis, and Larry Don recently attended the Terry family reunion at the home of Mrs. Mathis' brother, Ely Terry, of DeLeon.

The Rayberne Olivers and Jacky Wilcox went to Woodson last weekend to visit their parents. Paula went on to Graham to visit her grandmother, Mrs. Ed Horton.

The Rule Book Club met with Mrs. J. N. Cornelius Tuesday, Sept. 1. The 19 members will have only three more exchanges before drawing for the odds books and purchasing new ones. The Club will meet again Sept. 22 at the home of Mrs. Sonny Denson.

Mr. and Mrs. Cecil Lewis had as guests Tuesday evening, Mr. and Mrs. C. W. Dunnam, Mr. and Mrs. O. G. Lewis, Mrs. Kent Dunnam, Andy and Jeff, of Abilene. The occasion was Jeff's 5th birthday. Sandwiches, cake and ice cream were enjoyed by all. Andy and Jeff remained in Rule when their mother returned to Abilene Wednesday, to spend the rest of the week with their grandparents, the O. G. Lewises and C. W. Dunnam.

The Labor Day weekend seems to be a favorite time for family reunions. Attending the Allison reunion at Hubbard Lake in Breckenridge were: Mr. and Mrs. Wallace Allison, and Jan, Mr. and Mrs. Joe Bob Whitworth of Stamford, Mr. and Mrs. D. C. Allison and Mrs. Sonny Pittcock.

The John Hiseys attended the Davis reunion Sunday in Haskell at the American Legion Hall. The Van Sedberry's of Lubbock visited the Hiseys and also attended the reunion.

SEPTEMBER 11 & 12

COME IN-SEE AND DRIVE THE LATEST

Ford's new 1971 Pinto, a two-door sedan, combines a small-car feel with a sporty-car look. The sloping windshield is accented by the low, sleek lines of the hood and fenders. Ventless side windows add to the trim lines of the car. In the rear, Pinto's short deck and fastback lines stress the contemporary look of the Seventies. The Pinto is about 13 1/2 feet long, turns in a circle of only 31 feet for easy maneuverability and delivers more than 25 miles per gallon in city-suburban driving.

For 1971, Maverick offers two new models — the family-sized sedan (top) and the sporty Maverick (bottom). The four-door version is seven inches longer than the original two-door model and offers increased rear seat roominess. The Grabber features a Charblack grille, twin nonfunctional "effective" tape stripes, racing mirrors and a black front of the spoiler and rear end. The model shown is the two-door sedan, also will be available in
