NUMBER 8

Free Show Saturday to Open Nu-Vue

A double feature FREE SHOW will mark the re-opening of NU-VUE Theatre in Abernathy Saturday, Jan. 3, it was announced by Clyde G. Darden, new owner-operator of the movie place on Main Street at Avenue C. In addition to the two full length feature films, there will be two cartoons on the FREE SHOW program. The FREE SHOW will begin at 1 P. M. Saturday, Jan. 3, and run all afternoon and that night until closing time around midnight Saturday. Everyone is invited to be guests of the Dardens at the NU-VUE Saturday, Jan. 3, for the big re-opening celebration.

From Louisiana
The FREE SHOW is for the one Saturday only, Saturday, Jan. 3. Regular admission prices of 15¢ for children under 12 years of age, 35¢ for students, and 60¢ for adults.

Mr. and Mrs. Clyde Darden arrived here last week from Lake Charles, Louisiana, where they have been engaged in the theatre business. Clyde, who is the son of Mr. and Mrs. Will Darden, Elbert, Colo., formerly of Abernathy, has been in theatre work since 1928, beginning that year in Spur. Since that time he has operated theatres in Lubbock, Longview, Texas, and in Mississippi and Louisiana.

The Dardens recently purchased the NU-VUE theatre and the Antelope Drive In Theatre from W. A. Waters, Darden plans to open the Antelope Drive In Theatre in the late spring of 1959.

Feature Films
Feature films for the FREE SHOW Saturday, Jan. 3, will be "Me and the Colonel," with

Danny Kaye, and "Apache Territory," with Rory Calhoun.

Regular admission prices will begin Sunday, Jan. 4, when the box office opens at 12:45 P. M. Two complete shows will be screened at the Sunday matinees, which will end about 5 P. M. No shows are scheduled on Sunday nights.

The NU-VUE will operate from Saturday night through Saturday night each week, with the box office opening at 6:15 and the show starting at 6:30 P. M. Saturday afternoon shows are scheduled, with the box office opening at 12:45 and the shows starting at 1 P. M. The same schedule is set for Sunday afternoon shows. Two complete shows will be screened on Saturday afternoons, then the show will be closed until 6:15 when the box re-opens for the Saturday night shows.

There will be three changes of show program each week. The same picture will show on Sunday and Monday, with a change of program for the Tuesday, Wednesday, and Thursday shows, and another change of program for the Friday and Saturday shows.

Shows Announced
Following the re-opening event Saturday, Jan. 3, these shows, at regular admission prices, are scheduled at the NU-VUE Theatre: Sunday afternoon and Monday night, Jan. 4 and 5, "From the Earth to the Moon," a technicolor picture, featuring Joseph Cotten, George Sanders, and Debra Paget; Tuesday, Wednesday, and Thursday nights, Jan. 6, 7, and 8, Andy Griffith in Warner Brothers' big screen hit, "Onionhead."

O. F. Rea, Review Staffman, Will Write Celebration and Old Timer Stories During Town's Golden Year

(Editor's Note: Orson F. Rea, Abernathy Weekly Review staffman, has a busy six months ahead of him in 1959. Mr. Rea covered planning sessions last year for Abernathy's Golden Anniversary celebration, and will attend, and report on, the following: July 10, 11, and 12. His stories on the meetings will keep Review readers informed on plans for the big celebration. In addition to covering this phase of the community's Golden Anniversary observance, Mr. Rea will write biographical stories on pioneers and old timers of the area to appear in The Review from now until July 9. Following is a brief sketch on Mr. Rea, an old timer in this community.—BFD)

O. F. Rea came to Abernathy Sept. 4, 1926, from Fort Worth where he had been in the employ of Nash Hardware Company for a little over five years. He immediately went to work with his brother, O. A. Rea, who was running the Abernathy Mill and Elevator Company. Mr. Rea took the outside work of selling and delivering the products of the mill. After a few months he entered into a partnership with O. A. Rea and the name was changed to Rea Milling Company, which was carried for several years.

Married In 1928
Mr. Rea was married to Gladys Houston Nov. 11, 1928. They boarded with Mrs. Craig a few months then with Mrs. St. Clair until building a house on some lots which Mr. Rea had purchased earlier in 1928. They moved into their new home March 1, 1929, and with the exception of one year, have lived there since. Mr. Rea sold his interest in the mill company in 1933 and operated a grocery store where Elliottson now is during 1934, going out of business about the last of the year.

Rea worked for several months in South Texas but soon came

THANKS MYF FOR YULE PARTY

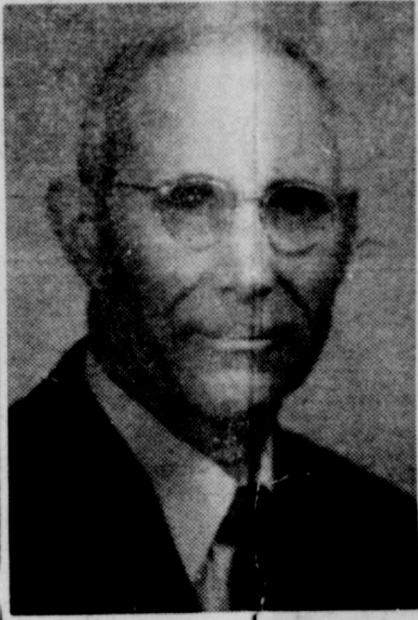

The MYF group entertained East Ward School children with a Christmas party for the fifth consecutive year last Saturday, Dec. 20.

We wish to take this method of thanking the sponsors, Rev. H. B. Coggin, and the MYF for bringing to us the wonderful program, beautiful gifts, and delicious "Christmas goodies."

We are thrilled beyond expression, and very very grateful. Zelma Hudson

back, and in 1936 began running a milk route, hauling milk to the Struve Cheese Factory. This he sold out in 1943 and worked for the McAllister Brothers a few months before going to work at Lubbock, Texas, in 1944.

Since retiring from Esco, Mr. Rea has worked regularly with The Abernathy Review.

Abernathy Girls Down Tulia, 61-48

The Abernathy Antelope girls basketball team wrapped up its cleventh victory of the season on the Monday, Dec. 22, before adjourning for the holidays. The girls avenged an earlier loss to the Tulia girls by bowing them, 61-48. Earlier in the season, the Tulia girls slipped past the local girls, 48-46, in an overtime.

After holding narrow leads at the end of the first two quarters, the local girls opened up in the third period for 18 points to coast to an easy victory in the last stanza.

Margie Guinn led scorers as she burned the nets for 43 points. Diann Owen scored 10 points for Abernathy.

Mr. and Mrs. Eren Nichols and Mr. and Mrs. Lynn B. Young were in El Paso to be with their grandmother who was under treatment in a hospital. She is the daughter of Mr. and Mrs. Dale Young.

Ray Pinson Is Celebration Head

Ray Pinson, pioneer Abernathy druggist, was elected in 1958 to be General Manager of the community's Golden Anniversary Celebration to be staged July 10, 11, and 12. Working with Mr. Pinson is a corps of committee chairman and committee members, an assistant manager, and secretary.

By O. F. Rea

Ray Pinson came to Abernathy in June, 1915, from Proctor just after finishing high school in Dublin, Texas.

Mr. Pinson worked for Bill Murray that summer and attended college at Canyon the term of 1915-1916. He then taught school at Alief, Texas, a small town

sixteen miles west of Houston, did a short hitch in the army in 1918, then finished out a term of teaching at Petersburg, followed by two years as principal there. He moved back to Abernathy and was here part of the time, spending one year in pharmacy school and one year teaching here.

He bought the drug store of Lee Crow, located where Bradley's Cafe now is and ran it there until moving into the present building, which was built in 1929.

Mr. Pinson was married to Miss Velma Faubion, a teacher in the Abernathy school at that time, on May 23, 1928. David Ray was born Dec. 8, 1930, and is now the head of his own family.

Mr. and Mrs. Pinson have been operating a drug business successfully for several years.

The Review Features New Masthead Drawn By Artist

Look at the top of this page. See something new? ABERNATHY WEEKLY REVIEW, which has appeared in the same type for over ten years, has been replaced. The hand lettering, ABERNATHY WEEKLY REVIEW, and the art work of the town's slogan, "In the Palm of the Plains," were done by Artist Billy C. Brown, a member of the Craig & Webster Advertising Agency staff in Lubbock.

A small reproduction of the above is in our back page masthead.

This year, 1959, is Abernathy's Golden Year... year of our Golden Anniversary Celebration. The Review's new masthead and the Golden Anniversary medallion, designed exclusively for use in The Review, are our contributions to a "dress-up, clean-up, paint-up" campaign to be staged between now and July, when the big celebration will be staged. Let's make Abernathy, and everything that goes out representing Abernathy, Golden New, Golden Clean, and Golden Attractive for Our Golden Year.

Robertson's Historical Stories To Be Review Feature in 1959, As Town Observes Golden Anniversary

The Review last year commissioned Mr. Finis Robertson, a long-time resident of the community, to write a history of the Abernathy area as our part in the Golden Anniversary observance. Abernathy was founded in 1909, and plans are progressing for a big celebration of the event July 10, 11, and 12.

To date, Mr. Robertson has prepared a series of six releases on the history of the community and its people. These articles, along with others he will prepare between now and July 9, will appear in The Review, starting this month.

Closing Set Here For New Year's Day

Abernathy post office, the First State Bank, and many other local business places will be closed Thursday, Jan. 1, New Year's Day. There will be no rural mail delivery that day.

The Review for this week was published ahead of schedule due to the postal holiday on Thursday, usual distribution day.

Scott, 10-months-old son of Mr. and Mrs. Lewis Lutrick, is home following treatment recently in West Texas Hospital, Lubbock.

Post Office Burglarized Christmas Eve

In a spectacular Christmas Eve burglary of Abernathy Post Office, a local man was the target of three shots fired by the person or persons who raided the place around 8 P. M. All three shots missed Mr. "ABC," a patron, who went to the post office on the routine mission of getting his mail. Two of the bullets crashed through

the west window of the post office, hit the brick on Struve's IH store building across the street, and bounced back into the gutter in front of the post office. The third shot hit the masonry inside the post office just under the window and bounced back, hitting a post office box in the rear of the post office.

A fourth shot was fired as the person or persons escaped through the rear door of the building. A padlock was shot off the metal cage that separates the post office from the back door of the building.

Mr. "Xyz" was the first to discover that the glass in the door leading from the post office lobby

into the working area back of the boxes had been broken. Mr. "Xyz" looked into the working area through the hole in the door. He neither saw nor heard anyone, but observed the litter of mail, packages and supplies scattered on the floor. He thought the burglars had left the building. When

Artist Designs A Medallion For Abernathy's Golden Year

The Abernathy Weekly Review commissioned Artist Billy C. Brown of Lubbock to design a medallion for our exclusive use during Abernathy's Golden Year 1959, when the community will celebrate its Golden Anniversary.

His art work depicts a pioneer scene of a covered wagon being drawn by a yoke of oxen across the Plains country. Also wreathed are the words "Golden Anniversary 1959." Outer circle of the medallion has these words: "Abernathy, Texas" and the town's slogan, "In the Palm of the Plains."

The Review and with news of the appearing between now and the big celebration, July 10, 11, and 12.

Billy C. Brown is a commercial artist on the staff of Craig & Webster Advertising Agency in Lubbock.

BIRTHS

Mr. and Mrs. Joe Crump, Carlisle, formerly of Abernathy, are parents of a son born Christmas Day. He weighed 8 pounds, 12 ounces, and is a grandson of Mr. and Mrs. Doyle Evans of Abernathy.

Mr. and Mrs. Dean D. Sterling are parents of a son born Dec. 27. He weighed 7 pounds, 5 ounces, and was named Winn Harris Sterling.

Mr. and Mrs. Robert K. McAllister are parents of a son, Perry Loyce, born Dec. 28. He weighed 7 pounds, 11 ounces.

Methodists Set New Year's Eve Services in State

From every walk of life, Texas Methodists will gather in city, town and rural churches at 11 P. M. on Wednesday, Dec. 31, to launch their 1959 church attendance loyalty campaign. Sponsored by the Texas Council of Evangelism, Margaret Howell of Waxahachie, chairman, and Quay Par-

son, director, the services are Year's Eve communion and watch night service.

By television, radio, movie screen, and all other available forms of communication, an invitation is being issued to active and inactive Methodists, the unchurched and the general public to worship in a Methodist Church on New Year's Eve.

Each service is to feature a message by Bishop A. Frank Smith of Houston, and Bishop William C. Martin of Dallas, who heads Texas Methodists. Individual pastors will read the message from the bishops and determine other features of the program.

Wesley G. Webb underwent surgery late last week at Methodist Hospital, Lubbock.

Orval Weeks, employed in Struve Grocery Department, was taken to a Lubbock hospital by ambulance Friday morning after becoming ill shortly after reporting for work.

Wall Addresses New York Group

NEW YORK—Consolidated operating revenues of Pioneer Natural Gas Company for 1958 will exceed \$25,000,000 according to present estimates, and consolidated net income is expected to run between \$3,360,000 and \$3,440,000, or from \$2.03 to \$2.08 per share on the presently outstanding 1,646,847 shares of common stock, C. I. Wall, president of the company told the New York Society of Security Analysts today.

These figures would establish new record highs for the company, he said, and would compare with revenues of \$21,964,387 and net income of \$3,106,794, or \$2.15 a share on 1,456,089 shares of common stock in 1957. Mr. Wall pointed out that these estimates for the current year reflect the operations of Empire Southern Gas Company only since its acquisition on March 1, 1958. If the operations of Empire for the full year were included, Mr. Wall said, the 1958 net income would range between \$2.15 and \$2.20 per share.

Regarding Pioneer's prospects for 1959, Mr. Wall said it was reasonable to look for a continuing improvement in the company's business in view of the growth potential of its service area which now embraces 77 communities, principally in West Texas.

Pioneer's financing requirements for the 1958-59 expansion program have been substantially covered through bank borrowings," Mr. Wall continued. "The company estimates that it will spend \$40,000,000 for construction during the next five years, or at the rate of about \$8,000,000 a year. The company does not now contemplate the sale of additional common stock. "The company's 1958 volume will be approximately 78 billion cubic feet of natural gas which will compare with 67 billion in 1957. We now own or control gas reserves in excess of 2 trillion cubic feet, or 30 years' supply based on current market requirements.

Mr. Wall reported that Pioneer's wholly-owned subsidiaries so far this year have participated in 35 completed drilling operations, which resulted in 12 oil wells, 14 gas wells and 9 dry holes. Six wells are being drilled at the present time. The company's interest in these wells amounts to around 50 per cent on average. The subsidiaries average daily production is in excess of 1,000 barrels and oil reserves are estimated at 2,930,000 barrels, proven and developed.

Concerning the Supreme Court's ruling in the Memphis gas case, Mr. Wall said that in his opinion "It was a fair and just decision and will greatly benefit the industry," although his own company will not be materially affected.

Mrs. Struve, Celebration Secretary

Mrs. Marvin Struve, above, is serving as secretary of Abernathy's Golden Anniversary Celebration organization. Initial planning for the celebration began in

1958, following several meetings, one of which resulted in the election of a general manager, assistant manager, and secretary, along with committeemen, for the event.

(Questions and answers about your individual income tax report for 1958, as presented by the Texas Press Association.)
Now is the time to think about the tax bill you are going to pay next year because now is the time you can do something about it. You can take action now that will reduce the bill, or, if tax is withheld from your paychecks, increase the refund you will get.

There are no simple questions in taxes. These columns are intended to help you in a general way to know the questions about your income and deductions and to give information of a general nature so you will be aware of the savings that may be open to you. Each taxpayer has individual circumstances and individual problems.

Perhaps the simplest question you can ask is: "Do I have to file a tax return?"

You do have to file if:
You are under 65 years of age and your income is \$600.00 or more or if you are over 65 years of age and your income is over \$1,200.00.

The above applies to statutory income so before we can completely answer your question, "Do I have to file an income tax return?" we have to know the source of your income. Many kinds of income are not taxed, such as: Social Security payments; Unemployment Insurance payments; compensation for injuries; and some pensions. Many other types of income are not statutory income subject to tax.

That is what some later columns will be about — what income is taxed and what is not taxed.

Assuming you have statutory income of over \$600.00 or \$1,200.00 you are required to file an income tax return regardless of whether you are a man, woman or child. You are required to file even though you may owe no tax.

Also, if your income was from self-employment and was more than \$400.00 you are required to file an income tax return and report and pay your self-employment tax even though you do not owe income tax.

If you worked for wages and had income tax withheld from your paychecks you should file a tax return even though your earnings were less than \$600.00. This is because Uncle Sam will, in that event, refund to you the tax withheld from your wages.

If you wish to be perfect, follow the advice that you give others.

CAN WE UNDERSTAND THE BIBLE?

By **LOYD E. ASH**
Reading Time: 4 Minutes

In light of the fact that the Bible is God's message to man, it is plainly evident that no one man can comprehend the will of God who fails to study and consequently understand the essential information contained in the holy scriptures.

However, we are often told that no one man can understand the Bible as the result of his own private, individual study, but that he must rely for his understanding on the interpretation set forth by the INFALLIBLE voice of an INFALLIBLE church. This view is held by the Roman Catholic Church.

1 We Are Told We Can

Many references in the Bible show that we can understand its teachings by sincere study. Paul said, "Whereby, when ye read, ye may understand my knowledge in the mystery of Christ" (Eph. 3:4). Later in the same writing this inspired apostle said, "Wherefore be ye not unwise, but understanding what the will of the Lord is" (Eph. 5:17). First he tells them they CAN understand, and then he pleads with TO understand. How? "When ye read, ye may understand."

Again, the obligation of men to study the Bible for themselves is emphasized in Acts 17:11. "Now these were more noble than those in Thessalonica, in that they received the word with all readiness of mind, and searched the scriptures daily, whether those things were so." Why were they searching the scriptures if they could not understand?

2. Epistles Addressed To Members

The fact that many New Testament epistles were directed to members of the church in general, not just to church leaders, is further proof that the word of God can be understood by the individual.

"Paul... to all that be in Rome, beloved of God, called to be saints" (Rom. 1:1, 7). "Paul... unto the church of God which is at Corinth, to them that are sanctified in Christ Jesus, called to be saints, with all that in every place call upon the name of Jesus Christ" (1 Cor. 1:1, 2). See also Eph. 1:1 and Col. 1:1, 2. Why address these epistles to the members if they could not understand

them? If they could understand them then, can not we understand them now?

3. Our Spiritual Welfare

The use of the scriptures in our spiritual welfare demands that we be able to understand the Bible. "And ye shall know the truth, and the truth shall make you free" (John 8:32). "And this is life eternal, that they might know thee the only true God, and Jesus Christ whom thou has sent" (John 17:3). "And many other signs truly did Jesus in the presence of his disciples, which are not written in this book; but these are written, that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name" (John 20:30-31). "But he answered and said, It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God" (Matt. 4:4).

Thus, the very health and salvation of our souls depend upon our knowledge of God and Jesus Christ through the salvation of the divine record.

4. Refutation of False Teaching

Every man can distinguish religious truth from false teaching through studying and understanding the Bible. There is no other way you can tell false doctrine.

"Preach the word... for the time will come when they will not endure sound doctrine; but after their own lusts shall they heap to themselves teachers, having itching ears; and they shall turn away their ears from the truth, and shall be turned unto fables" (2 Tim. 4:2-4). "Beloved, believe not every spirit, but try the spirits whether they are of God; because many false prophets are gone out into the world" (1 John 4:1). How are we to "try" these teachers if not by comparing their teaching with the word of God? "Prove all things; hold fast that which is good" (1 Thess. 5:21).

It should be seen from the foregoing evidence that it is possible for us to understand the Bible. In fact, upon our knowledge of it hinges our eternal destiny. It is imperative that we reverently study the Bible and obey all its commands.

Lone Star 4-H Champs Win Chicago Trip

Young Texas 4-H residents of Carson, Fayette, Kent and Wichita Counties will be among the 4-H delegates at the 1958 National 4-H Club Congress opening in Chicago on Nov. 30. They have won state honors in the 4-H Safety, Entomology, Soil and Water Conservation, and Electric programs and have been awarded all-expense trips to the Windy City. These programs are conducted by the Cooperative Extension Service and arranged by the National Committee on Boys and Girls Club Work.

Top Conservationist
Ray Dunlap, 17, of Jayton has successfully completed work in the 4-H Soil and Water Conservation program.

Dunlap has witnessed the tragedy of erosion and flooding. He was forced to put into practice good conservation methods to save his land. He practiced terracing, contour farming and crop rotation to maintain fertility. He used diversion ditches and stock tanks to prevent erosion — the largest tank stocked with fish as a further conservation measure. Young Dunlap was awarded the Hornaday Medal for distinguished service to conservation. Only 40 of these medals have been given out since 1920.

In recognition of his accomplishments, the Firestone Tire & Rubber Company has provided his trip award.

Knows Electricity
The 4-H Electric program holds no mystery for Olen Baley, 17, of Wichita Falls. As a matter of fact he is a guiding light for Wichita County. He has been county 4-H leader in electricity for the past five years.

In 1957 and 1958 he had the grand champion entries in the county electric show. He has been a county and district Texas Electric Company winner in 1956 and 1957.

Not content with being an electrical live wire, Baley also has a well rounded program of field crops, poultry, cattle and swine raising, tractor maintenance and safety projects. His steer last year was graded as prime at the Dallas Fair and brought the top price for commercial steers at the show.

Baley has won 101 ribbons and \$450 in prize money in local, district, and state contests. The Westinghouse Educational Foundation supports the 4-H Electric program.

Here is a check list of some of the things that you should do before the first of the year if you want to get the most benefit from the exemptions of the Income Tax laws:

Bad Debts: Be sure you can prove they are bad this year and claim the deduction.

Capital Losses: If you have stock market losses, sell this year to take the loss. Warning—do not repurchase the same or similar stock until at least 31 days after the sale.

Contributions: Pay them to secure the deduction this year. 30 percent in some circumstances. Must be paid. You can take up to 30 percent in some circumstances.

Dependents: Be sure you can claim them. If you are not providing over one-half the cost of support, see if you can make an arrangement with the others who are helping with the support.

Alimony: Separation payments may be deducted by the husband and included by the wife. You may want to catch up on these payments this year.

If your spouse died in 1956 or 1957 chances are you filed a joint return with her for that year. You can compute your tax as though you were filing a joint return for 1958 if you have not remarried and if you have a dependent child or step-child. You may want to recheck your dependency credits on this.

Sales of your business equipment and business buildings: If you have a loss from such a sale you can carry the loss back for two years and forward for five years, or until it is offset by earnings. If you have a loss that you must take, go ahead and sell this year. You can take the loss against 1956 and 1957 income, and if that doesn't cover it all, you can carry it forward to 1959, 1960, 1961, 1962 and 1963.

Depreciation: You can depreciate new equipment, original in use with you, under several new systems, which can produce a depreciation rate twice as fast as the old straight line method.

Capital Gains and Losses: Consider gains with long-term losses, etc.

Medical Expenses: Pay them all this year to get the deduction.

Dues: Membership dues in a business association may be deducted in full. Also all expenses incurred in attending conventions of the Association.

Tax-Man Sam Sez:

The new card Form 1040 is a mighty tempting way to file an easy tax return for folks with less than \$10,000 gross income. A lot of taxpayers do not like to read tax instructions. However, reading the tax information booklet you get in the mail just after Santa Claus has visited you can prove mighty, mighty profitable. It will probably pay you to read the tax instruction booklet carefully before you decide on whether to file a simple Form 1040-A, if you are eligible, or to use a regular Form 1040 and take the deductions that are allowed on the Form 1040 that cannot be taken on the Form 1040-A.

Mr. and Mrs. Jay Jones of Goodwell, Okla., and Mrs. J. J. Caudle of Hiale Center visited in the W. V. Cunningham home here Sunday.

Miss O'Neill and Mr. Taylor Marry

On Monday evening, Dec. 22, Miss Freda O'Neill and Airman Marvin H. Taylor were united in marriage. The simple double-ring ceremony was read by her father, James I. O'Neill, before the immediate families and a few close friends.

The house was decorated in the traditional Christmas poinsettias and nandinas. Soft organ music was played during the ceremony.

Mrs. Joe Knight of Shallowater was Matron of Honor, and Mrs. Haley Reynolds of Slaton served as Best Man. Miss Dahlia Gossett and Mrs. Haley Reynolds presided at the reception.

The bride was dressed in a navy two piece dress with black and white accessories.

Their honeymoon will be spent on the return trip to Washington D. C., where they will live until Airman Taylor completes his language studies of Arabic. After that he will serve his country in some secret mission overseas.

CCC Information For Area Farmers

The 1958 CCC price support regulations provide that all Commodity Credit Corporation loan and purchase agreement documents for 1958 crop wheat, barley, rye, soybeans, grain sorghum, and corn must be completed by January 31, 1959, and that funds must be distributed by financial institutions not later than February 15, 1959. Therefore, John B. Martin, Office Manager of the Hale County Agricultural Stabilization and Conservation, urges all farmers in Hale County who desire to obtain a CCC loan or purchase agreement on any of these commodities to make application at the county office in sufficient time for completion of documents by January 31, 1959.

Mr. Martin explained that wheat and grain sorghum loans, both warehouse and farm stored, will mature on March 31, 1959; rye and barley loans will mature April 30, 1959; soybean loans will mature May 31, 1959, and all farm-storage corn loans in Texas shall be called as of April 30, 1959, and the warehouse stored corn loans will mature on July 31, 1959.

Borrowers on all loans may repay their loans and they may redeem the commodity through the maturity date specified above.

Included in highway work to be done in Lubbock County during 1959 will be a seal coat job on U. S. Highway 87 from the Hale County line in Abernathy, south to Lubbock, 14.8 miles, at a cost of \$30,400.00.

Sfc. and Mrs. W. L. Rutledge and son, Richard, of Killeen visited here in the home of his brother, Buford Davenport. W. L. is stationed at Fort Hood.

The R. C. Patterson, Sr., family has moved from their farm northwest of Abernathy to their new home in the Vineyard Addition.

Teddie Smith and family of Snyder visited here during the holidays in the C. L. Owen and T. C. Smith homes.

The Eugene Garvin family of San Marcos visited his parents, Mr. and Mrs. Robert Garvin, here during the holidays.

Mr. and Mrs. Joe E. Lovelace and family visited in Houston during the holidays.

Mr. and Mrs. R. K. Mothermal and sons, Billy John and R. K., of Okmote, Okla., visited here during the holidays.

Mr. and Mrs. Harold Stillwell moved from 14th and Ave. H to the new home which they bought from W. T. Settle and Buck Cecil in the Vineyard Addition. The Johnny Skipper family moved to the house vacated by the Stillwells.

Mr. and Mrs. J. R. Compton of Kingsville visited here during the holidays with her parents, Mr. and Mrs. Marvin Stephens.

Christian Women to Take Church Census

The Fifth Monday Meeting of Christian Women, which met in the city club room at 2:30 P. M. Monday, Dec. 29, was opened with prayer by the president, Mrs. Leland Phillips.

In the business session, the group voted to sponsor a religious census for 1959, if the various churches of the city think it advisable. Each church will be contacted and given the opportunity to express its views concerning the census.

Other business included the approval of the group for Mrs. Phillips to appoint committees to begin work on the community projects.

Mrs. L. S. Wilson brought the devotional for the afternoon, followed by an inspirational talk by Rev. Darrell Moore.

In his talk, Mr. Moore challenged all present to meet the New Year with a deeper devotion to Christ. He also stressed the importance of prayer, day by day.

All present enjoyed the Christian fellowship which this meeting affords.

Refreshments were served by the women of the First Baptist Church.

NOTICE

For obvious reasons, the front door of Abernathy post office building will be closed and locked at 6 P. M. daily. All incoming mail to Abernathy post office arrives in the mornings, and usually is in the boxes by noon each day. Please check your boxes before 6 P. M. so you will not be inconvenienced by this new policy... which was ordered after the Christmas Eve burglary. Mail may be posted in the box on the sidewalk in front of the post office after 6 P. M.

Rural mail patrons recently reported their mail boxes being blown up and damaged by huge firecrackers. The penalty for such acts is about as harsh as that imposed for burglarizing a U. S. post office.

Bank Closes at 3 P. M.
Abernathy First State Bank officials announce that the west door (back door) of the bank will be closed and locked at the same time as the front door... at the usual closing time of 3 P. M. Monday through Friday and 12 o'clock noon on Saturdays. Please come in before these closing times so you will not be inconvenienced. This new policy also is for obvious reasons, considering the large number of Texas banks being held up in recent weeks. Policy of the bank heretofore was to leave the back door unlocked from the time the front door was locked at normal closing time until all the employees left the bank about 5 P. M., or later.

The members of the Country Garden Club would like to thank everyone for their cooperation in helping Miss Mary Gold find a new home.

We would like to give special thanks to Lillian Young and her staff for their help in allowing the club to display Mary Gold and her wardrobe.

Thanks also to Buford Davenport for the fine publicity. Congratulations to Melinda Jo Pettit, the new mistress of Mary Gold.

Jimmy Ray of Washington, D. C., is visiting here during the holidays. He is a son of Wade Ray. Jimmy reminded us of an error we made in his letter printed in The Review Nov. 27. The mountain range which he mentioned is 4,000 feet instead of four hundred as printed.

Bill Jones of Ruidoso, N. M., and his son visited here during the holidays with his parents, Mr. and Mrs. R. J. Jones, Sr., and brother, R. J., Jr.

Tax-Man Sam Sez

If you own or operate a farm you will probably want to get and read the "Farmer's Tax Guide," Publication 225. This is a free booklet that tells farmers in a dirt farmer's language how to prepare their farm tax returns. Preparing a farm return on Form 1040-F and on Form 1040 is a complex business. It is probably the most important piece of paper work the average farmer has to do every year. Knowing how to prepare your tax returns for a farm can save money as well as trouble. All of the County Agents and the Internal Revenue Service offices have this free booklet. Go by and get your copy and then study it carefully.

The modern theory seems to be that a dollar saved is just a good time lost.

Tax-Man Sam Sez:

The new card Form 1040 is a mighty tempting way to file an easy tax return for folks with less than \$10,000 gross income. A lot of taxpayers do not like to read tax instructions. However, reading the tax information booklet you get in the mail just after Santa Claus has visited you can prove mighty, mighty profitable. It will probably pay you to read the tax instruction booklet carefully before you decide on whether to file a simple Form 1040-A, if you are eligible, or to use a regular Form 1040 and take the deductions that are allowed on the Form 1040 that cannot be taken on the Form 1040-A.

Mr. and Mrs. Jay Jones of Goodwell, Okla., and Mrs. J. J. Caudle of Hiale Center visited in the W. V. Cunningham home here Sunday.

"Abernathy in the Palm of the Plains" Slogan Originated by Jerry Phillips

Jerry Phillips, right, is the originator of Abernathy's official slogan, "Abernathy . . . in the Palms of the Plains." Mayor Edgar O. Graham, left, is shown presenting a plaque to Phillips as winner of the Slogan Contest staged by the Chamber of Commerce in 1956. This picture was made in December, 1956.

Jerry Phillips currently is at home visiting his parents, Mr. and Mrs. W. L. Phillips, while on a 30-day leave from Army duty in Wiesbaden, Germany.

Miss O'Neill and Mr. Taylor Marry

On Monday evening, Dec. 22, Miss Freda O'Neill and Airman Marvin H. Taylor were united in marriage. The simple double-ring ceremony was read by her father, James I. O'Neill, before the immediate families and a few close friends.

The house was decorated in the traditional Christmas poinsettias and nandinas. Soft organ music was played during the ceremony. Mrs. Joe Knight of Shallowater was Matron of Honor, and Mrs. Haley Reynolds of Slaton served as Best Man. Miss Dahlia Gossett and Mrs. Haley Reynolds presided at the reception.

The bride was dressed in a navy two piece dress with black and white accessories.

Their honeymoon will be spent on the return trip to Washington D. C., where they will live until Airman Taylor completes his language studies of Arabic. After that he will serve his country in some secret mission overseas.

Included in highway work to be done in Lubbock County during 1959 will be a seal coat job on U. S. Highway 87 from the Hale County line in Abernathy, south to Lubbock, 14.8 miles, at a cost of \$30,400.00.

Sfc. and Mrs. W. L. Rutledge and son, Richard, of Killeen visited here in the home of his brother, Buford Davenport. W. L. is stationed at Fort Hood.

CCC Information For Area Farmers

The 1958 CCC price support regulations provide that all Commodity Credit Corporation loan and purchase agreement documents for 1958 crop wheat barley, rye, soybeans, grain sorghum, and corn must be completed by January 31, 1959, and that funds must be distributed by financial institutions not later than February 15, 1959. Therefore, John B. Martin, Office Manager of the Hale County Agricultural Stabilization and Conservation, urges all farmers in Hale County who desire to obtain a CCC loan or purchase agreement on any of these commodities to make application at the county office in sufficient time for completion of documents by January 31, 1959.

Mr. Martin explained that wheat and grain sorghum loans, both warehouse and farm stored, will mature on March 31, 1959; rye and barley loans will mature April 30, 1959; soybean loans will mature May 31, 1959, and all farm-storage corn loans in Texas shall be called as of April 30, 1959, and the warehouse stored corn loans will mature on July 31, 1959.

Borrowers on all loans may repay their loans and they may redeem the commodity through the maturity date specified above.

Christian Women to Take Church Census

The Fifth Monday Meeting of Christian Women, which met in the city club room at 2:30 P. M. Monday, Dec. 29, was opened with prayer by the president, Mrs. Leland Phillips.

In the business session, the group voted to sponsor a religious census for 1959, if the various churches of the city think it advisable. Each church will be contacted and given the opportunity to express its views concerning the census.

Other business included the approval of the group for Mrs. Phillips to appoint committees to begin work on the community projects.

Mrs. L. S. Wilson brought the devotional for the afternoon, followed by an inspirational talk by Rev. Darrell Moore.

In his talk, Mr. Moore challenged all present to meet the New Year with a deeper devotion to Christ. He also stressed the importance of prayer, day by day.

All present enjoyed the Christian fellowship which this meeting affords.

Refreshments were served by the women of the First Baptist Church.

Tax-Man Sam Sez

If you own or operate a farm you will probably want to get and read the "Farmer's Tax Guide," Publication 225. This is a free booklet that tells farmers in a dirt farmer's language how to prepare their farm tax returns. Preparing a farm return on Form 1040-F and on Form 1040 is a complex business. It is probably the most important piece of paper work the average farmer has to do every year. Knowing how to prepare your tax returns for a farm can save money as well as trouble. All of the County Agents and the Internal Revenue Service offices have this free booklet. Go by and get your copy and then study it carefully.

The modern theory seems to be that a dollar saved is just a good time lost.

NOTICE

For obvious reasons, the front door of Abernathy post office building will be closed and locked at 6 P. M. daily. All incoming mail to Abernathy post office arrives in the mornings, and usually is in the boxes by noon each day. Please check your boxes before 6 P. M. so you will not be inconvenienced by this new policy... which was ordered after the Christmas Eve burglary. Mail may be posted in the box on the sidewalk in front of the post office after 6 P. M.

Rural mail patrons recently reported their mail boxes being blown up and damaged by huge firecrackers. The penalty for such acts is about as harsh as that imposed for burglarizing a U. S. post office.

Bank Closes at 3 P. M.

Abernathy First State Bank officials announce that the west door (back door) of the bank will be closed and locked at the same time as the front door... at the usual closing time of 3 P. M. Monday through Friday and 12 o'clock noon on Saturdays. Please come in before these closing times so you will not be inconvenienced. This new policy also is for obvious reasons, considering the large number of Texas banks being held up in recent weeks. Policy of the bank heretofore was to leave the back door unlocked from the time the front door was locked at normal closing time until all the employees left the bank about 5 P. M., or later.

The members of the Country Garden Club would like to thank everyone for their cooperation in helping Miss Mary Gold find a new home.

Marketing Move To Increase Use Of Grain Sorghum

New outlets may be developed for the Southwest's grain sorghum crop and the nutritive level of European diets may be raised as the result of a market development contract executed between the Grain Producers Association of Amarillo, Texas, and the Foreign Agricultural Service.

The unprecedented government-feed grain growers agreement is being announced jointly by Mr. Max Myers, director of foreign agricultural service, and Mr. Frank

Moore, president of the Grain Sorghum Producers' association after several months of negotiations between Mr. John J. McCracken, grain marketing specialist with FAS, and Mr. Bill Nelson, executive vice-president of GSPA.

Signing of the agreement paves the way for extensive promotional and educational programs in Italy and other countries that may be agreed upon. Such programs are made available by the Agricultural Trade Development and Assistance Act of 1954, Public Law 480, which provides for use of foreign currencies derived from the sale of agricultural commodities under the act to help develop new markets for other agricultural commodities.

Nelson, the sorghum growers executive officer, emphasized that efforts will be directed toward developing permanent demands for area grain sorghums through balanced rations rather than a surplus disposal or a sales campaign. Although no specific amount of funds were outlined in the initial agreement, it is expected that projects developed will be "quite extensive" due to the potential for overseas use of the growing abundance of American feed grains.

The Grain Sorghum Producers' association will provide personnel, goods and services which may involve "dollar" expenditures while the Foreign Agricultural Service will make available the necessary foreign currencies to carry out the program within the individual countries. GSPA funds for this as well as their balanced program of Research, Market Development and Service are derived from a voluntary deduction of 2 pounds per 1000 pounds from farmer deliveries of grain sorghum at local elevators. FAS funds are derived from Public Law 480 funds abroad. Other uses of these funds have been used to maintain defense projects and to promote industrial recovery abroad.

It is expected that the GSPA will immediately initiate programs in Italy including market surveys and studies, educational and promotional activities including exhibits, demonstrations and assisting foreign grain buyers in grain purchasing and technical problems; fellowships at universities and institutes for carrying out market and nutrition research regarding uses of grain sorghum and other feed grains; and quality testing and sampling of feed grain shipments; as well as translating, printing and distribution of educational and promotional material and advertising.

Already the GSPA has called on Texas county agents to supply feeding information relative to grain sorghum in balanced livestock and poultry rations to an industrial design concern in New York who is designing a feed grain display to be used in the Italian project. The display will consist of at least three trucks with mounted display units which will tour fairs and shows and agricultural events in Italy and other countries. Mr. Robert O'Neill of

John Deere Day Set For Jan. 12

The annual John Deere Day program and barbecue lunch is set for Monday, Jan. 12, 1959. Complete arrangements for the entire day have not as yet been announced, but it is the arrangement so far to have the barbecue at the Joe Thompson Implement house as usual. Other entertainment is to be offered, but complete plans have not been made and will be announced later.

All men are created equal—and endowed by their creator with an insatiable urge to become other.

The American Embassy in Rome who will be in charge of the exhibit, was in Amarillo this week going over the proposed schedule with Nelson and other Association officials. Already the schedule includes the trade fairs in Verona in March; Bologna in May; Trieste in June and July and at the National Dairy Show at Cremona in September.

Other organizations and individuals concerned in feed grain promotion abroad will be encouraged to broaden their programs by participating financially and by assuming responsibility under the GSPA program.

Winter Driving Is Hazardous

AUSTIN. — Three major threats to traffic safety at this time of year were described today by J. O. Musik, General Manager of the Texas Safety Association.

"One threat is reduced visibility," he declared. "It's obvious that our daylight hours this month are the shortest of all the year. Add to this the ever-present possibility of bad weather, the poor condition of some vehicles' lighting systems, and the dark clothing worn by many pedestrians, and you can see that a driver really can't afford to relax vigilance one moment."

The safety official said another threat is posed by inadequate traction.

"The fellow on foot is far more likely to slip and fall these days than in summer, and the fellow behind the wheel must be constantly alert against skidding hazards," Musik observed.

"The third threat is that presented by quick changes in temperature," he added. "Ice or rain-soaked highways greatly increase traffic hazards. The defensive driver takes these conditions into account and reduces his speed, lengthens distance between moving cars, starts signalling turns sooner, and makes his stops more gradual."

It's better to give than to receive—because it's deductible.

INCOME TAX FAX

Medical expenses present great opportunities for switching expenses from one year to another.

Medical expenses are deductible to the extent they exceed 3 percent of your adjusted gross income. But you are allowed not more than \$2,500 per personal exemption and not more than \$5,000 on a separate return, or more than \$10,000 on a joint or head of household return.

Exemptions for old age and blindness do not count. If you or your spouse are over 65 years old the 3 percent provision does not apply to you.

Now suppose that you have large unpaid medical expenses this year and will have even more in 1959. Do not pay any of these this year. Wait until 1959 and pay them all in that year. This way you will have the advantage of the full deduction instead of losing 3 percent of your income this year as well as 3 percent of your income for 1959.

This works the other way too. Suppose you have paid medical expenses of over 3 percent of your adjusted gross income and will have a deduction and you still owe medical bills which you plan to pay in 1959. If you pay those bills before the end of the year they will be a deduction this year. You won't have to use them to make up 3 percent of your adjusted gross income for 1959 before you can start deducting again. If you do not have funds readily available it might be wise to borrow the money.

Let's see how that would work. Suppose you borrow \$1,000 from a bank and repay in twelve monthly installments. Your cost for such a loan would be about \$70. Now suppose you take this \$1,000 and pay deductible bills with it. If you are paying taxes at the lowest rate, you will save \$200. Your net profit on the transaction will be about \$130.

Remember too, that any interest paid on borrowed money will become a deduction.

Everybody!

You have helped us accomplish a very satisfactory year — so we add our true New Year wish, an honest "Thank You". We'll do our best to deserve your patronage in the years to come.

Exams Set for DPS Positions

Examinations will be given January 20, 21, and 22 for positions with the Texas Department of Public Safety, announced Jim Singleton, local patrolman with the Texas Highway Patrol.

Young Texans interested in a career in law enforcement may compete in Statewide examinations for the positions of Drivers License Examiner, Patrolman, License and Weight Patrolman, Motor Vehicle Inspection Patrolman and Highway Patrolman. January 10 is the deadline for submitting applications to the DPS headquarters in Austin.

"Job security, paid vacation, sick leave and retirement are only a few of the benefits you will enjoy as a State Law Enforcement officer. Any young man between 21 and 35, a high school graduate and in good physical condition can contact any member of the Department of Public Safety for an application," Patrolman Jim Singleton said.

Too many people who save for a rainy day work on the assumption that it will be a light shower.

COACH ROYAL JAMES

By DON JONES

One quarterfinalist berth, a regional championship, two bi-district championships, and the winning or sharing of five district championships have been put into the Abernathy Antelopes' football record book in the eight years that Royal James has headed the team as coach.

James, who took over as Antelope mentor in 1951, has piloted the Antelopes to 61 grid victories against only 24 defeats during his tenure in Abernathy.

James' Antelope team this year was one of the most successful teams in Abernathy football history. The team compiled a 10-2 season record, a district championship, and a bi-district championship.

James' 1951 Antelope team went farther toward the state championship final than any other Aber-

Golden Wedding Anniversary Coming in 1959?

Golden Wedding Anniversaries are events which The Review attempts to cover in news and pictures whenever possible. To us, they are events reflecting a great deal of accomplishment in the lives of the individuals involved. This attitude holds for any year, but in 1959, Golden Wedding Anniversaries of couples residing in this community will have an added significance, because their anniversary will be in the same year as that of the town of Abernathy, which was founded in 1909.

We seek the cooperation of couples residing in this community who will observe their Golden Wedding Anniversaries in 1959. Will you please call (phone 80) or write (Box 847) and let The Review have this information NOW. Also, if you have pictures made on your wedding day in 1909, we would like to borrow them to have engravings made for the paper.

Came Here in 1916

Mr. and Mrs. C. F. Phillips arrived in Plainview, spending one week, then on to Abernathy, January 28, 1916, with their family. Mr. and Mrs. J. W. Dansfield and Bryan, parents and brother of Mrs. Phillips, and the two children, Cecil and Carl, came by train from South Dakota and lived in the hotel across from the depot for a week. They moved in with Bruno

and Betty Fuch staying there a month. This was located near the farm which was purchased before their arrival here. A small house, which was later added to, was built. The other three children were born here. Mr. and Mrs. Phillips now reside in Abernathy having lived 41 years on the farm five miles east of Abernathy. The four children, Carl, Bryan, Helen (Mrs. Dwayne Taylor), and Virgil reside here. Mr. and Mrs. Dansfield and Cecil have passed on and Bryan resides in California.

IS THAT CHRISTMAS GIFT TAXABLE?

Although it may come as a surprise to some people, the federal government levies a tax which applies to gifts made by one person to another. However, the government has no desire to tax ordinary birthday and Christmas gifts. The law therefore excludes from tax-

able gifts the first \$3,000 given to each individual in each calendar year.

The law also excludes from taxable gifts, gifts to the church, community chest, and similar charitable organizations, and allows each giver an exemption of \$30,000 — before the tax applies.

The tax applies whether the gift is of money or of property. If it is of property, the tax is computed on the fair market value of the property at the date of the gift.

The purpose of many gifts is to remove the property from the taxable estate of the giver at the time of his death. This may or may not be accomplished. The federal law provides that transfers made within three years before date of death shall be deemed to have been made in contemplation of death and shall be taxable in the estate of the one who dies.

It may be advisable to "look a gift horse in the mouth" for the gift may cost the one who receives the gift in income taxes as well as the giver in gift taxes.

For income tax purposes the cost basis of property received by gift is the cost to the giver regardless of the fact that the giver may have paid a gift tax on the gift. The other rule is that in case of property received by inheritance, the cost basis is the fair market value at the date of the decedent's death.

An example will show the application of the rules. Suppose a farmer acquired his land in the early days at a cost of \$10,000. This property is now worth \$50,000. The farmer wishes to retire and to escape estate taxes, so he gives the farm to his daughter.

Although he may pay federal gift taxes totaling several thousand dollars, when the daughter decides to sell the farm for its \$50,000 value, she still has to pay income tax on \$40,000 profit (difference

Do you have some bills that you are never going to collect? If so, let's take steps now to prove that they are uncollectible. Then we can claim the bad debt on this year's tax return.

Loans to relatives or friends can be deducted as bad debts. However, they are always given very close scrutiny. You should be prepared to prove that the money was in fact a loan; that you have made every reasonable effort to collect; and that it was in no way, shape or form, a gift.

You cannot get a bad debt deduction simply because you do not choose to force collection. Turn those bad accounts over to your attorney or collection agency for action. Do it now if you want to deduct the bad debts this year.

Your bad debts are deductible if—

- (1) A valid debt actually was made in 1958 or existed January 1, 1958, and something happened in 1958 that made you believe the debt never will be collected.
- (2) The amount of the bad debt must have been included in your income. Or it must have been part of your capital. You cannot have a bad debt deduction for uncollectible wages, fees, rents, etc. If you are a merchant and have a bad debt arising from sales or services, you cannot deduct the bad debt unless you have included the sale in income.

If you are in business your business bad debts are deducted together with your other business costs, on separate Schedule C of the tax return.

If your bad debt is a personal debt the deduction is made on separate Schedule D of the tax return as a short term capital loss. Such losses cannot be deducted from other income in an amount over \$1,000 per year. However, they can be deducted from capital gains in any amount.

If you have a bad debt loss of more than \$1,000, take \$1,000 this year and carry the balance over to 1959. You can deduct \$1,000 per year for the next five years, if your loss amounts to that much. You can take it all in any year that you can deduct it from your capital gains.

Highway accidents will diminish when brainpower matches horsepower.

Those things that come to the man who waits seldom turn out to be the things he's waiting for.

May the New Year be rich in good things for you and all those dear to you

POST OFFICE BURGLARIZED

(Continued From Page 1)

Mr. "Xyz" came in Mr. "Xyz" asked him to watch the post office while he went after Deputy Sheriff Jay Daniel.

Mr. "Abe" walked out of the post office and was standing on the sidewalk in front of the building when the shots were fired. Mr. "Xyz" heard the shots when he reached the corner at Pinson's. He told another man to find Daniel. Mr. "Xyz" then started back to the post office. Mr. "Abe" fell to the sidewalk to dodge the bullets, and my first thought was that he had been hit," Mr. "Xyz" said. Glass from the window cut Mr. "Abe's" neck and eye slightly.

Daniel was located at Bridges Mobile Station, where his car was being serviced. When he reached the scene, the person or persons had escaped through the back door of the building.

Guns Missing

Herbert T. Hardin, acting postmaster, said that two Colt .45 revolvers and about 100 rounds of ammunition, 1917 issue, were the only post office property missing as far as they could determine. Also missing is between \$4 and \$6 of Barton-Hood American Legion funds which Hardin had in a black metal box in the post office.

About 11 Christmas packages that had not been picked up by the 5:30 P. M. closing time on Christmas Eve had been opened. They have no way of knowing if anything was taken from the opened packages. The burglar or burglars also opened a number of letters and postal employees have no way to determine whether anything was taken from the letters.

The door of a metal cabinet containing envelopes had been pried open and the contents scattered. Marks on drawers at the post office windows indicated that tools had been used in an effort to open the drawers. Post office supplies were scattered from desk drawers and cabinets. Litter from the opened packages and letters from mail boxes and office supplies covered the floor.

Postal inspectors, local and Hale County law enforcement officers are working on the case.

Abernathy Youth Caught In Burglary At Plainview

(From the Dec. 28th issue of the Plainview Daily Herald).

A sixteen-year-old Abernathy boy in the process of burglarizing Warren White's Super Market Friday, was being held in jail at Plainview Saturday.

Officers indicated the youth is being questioned in connection with the Christmas Eve burglary of the Abernathy Post Office.

About midnight Friday city patrolman Wylie Hall found the rear door to the saving stamp store next to the super market open. He called Dick Young, manager of White's thinking he also was in charge of the stamp store.

Young began a check of the super market while the officers stood guard at the rear of the stamp store. As Young completed his check, he looked to the back of the building and saw the youth's head through the window of the office.

Young picked up the phone and called police headquarters. His message was promptly radioed to the officers guarding the rear door. In the meantime, officers had discovered that an attempt had been made to shoot the lock off the super market door.

Sgt. Virgil Thompson called for the youth to throw out his gun, which the boy did. He surrendered without incident.

The gun was a .45 caliber Colt revolver. The youth had taken \$136.46 from the super market. Investigation showed that he entered the market by knocking a hole in the wall between the stamp store and White's, then crawling through.

Saturday afternoon sheriff's office personnel were investigating the possibility that the gun was one of two taken from the Abernathy Post Office Wednesday night.

During the burglary two guns, ammunition, and a small amount of change was taken. A man who discovered the break-in and who was standing guard till help arrived was shot at through the Post Office window.

Deputy sheriff C. L. Dyer said Saturday that there is a possibility the youth being held here was involved in the Abernathy burglary.

Herbert T. Hardin, acting postmaster at Abernathy, said they would not know whether the gun used in the Plainview burglary was the one taken from the Abernathy Post Office until serial numbers are checked with the department in Washington, D. C. Reports said the youth implicated in the Plainview burglary was the one who several months ago stole a new car from Abernathy Motor Co. warehouse, drove it some 80 miles and then returned it.)

Notice, Farmers

A person who buys or sells farm land for which an acreage allotment has been established has the responsibility for notifying his County Agricultural Stabilization and Conservation Committee of the change, according to John B. Martin of the Hale County ASC Office.

Until a request is filed by an interested producer, the county committee is not in position to make the combination or division of allotments which may be required.

Mr. Martin urges that lawyers or real estate agents handling the sale or purchase of farm land become familiar with the regulation.

Lane Tannehill, quarterback for the Antelopes, was listed as one of the top AA quarterbacks in the state by the Fort Worth Star Telegram.

Tannehill was one of four quarterbacks in the state that received an honorable mention from the Star Telegram.

The only other AA footballers in this area to be recognized by the Fort Worth paper were Bill Patterson of Floydada and Kenneth Gilcrease of Spur.

—DJ—

After almost two weeks of rest, the Abernathy Antelope basketball team will swing back into action on New Year's Day against the powerful Hobbs, N. M., team in the first round of the Hobbs' Holiday Festival Tournament.

The Hobbs' team, which has been the New Mexico State Champions of AA, the largest class in that state, for the past three years, are tournament favorites along with Clovis and Seminole.

The winner of the Abernathy-Hobbs game will play the victor of the Clovis-Seminole tilt, and the loser of both games will play each other.

Win, lose, or draw, each team will play three games in the 8-team tournament.

The Antelopes enter the tournament with a 5-2 record, losing only to Dimmitt and AAAA Leveland, and winning from Tahoka, Bula, Whiteface, Idalou, and Happy.

In the seven games played thus far, the Antelopes have averaged over 50 points per contest while allowing the opposition an average of less than 40 points each game.

Both of Abernathy's basketball teams may be seen in action next Monday night, Jan. 5, when they encounter the Idalou five and sextet in Antelope Gym. In an earlier meeting of the two schools at Idalou, the Abernathy teams swept both games by comfortable margins.
