ABERNATHY WEEKLY REVIEW

VOLUME 38 Hale County - Abernathy, Texas - Lubbock County

THURSDAY, JUNE 18, 1959

NUMBER 32

Instant Death Narrowly Missed

An appointment with instant death was just 14 inches away when vandals removed a photoelectric cell used to operate Abernathy's mercury vapor street lights on Friday, June 5th.

The photo-electric cell was located on a power pole in the alley west of Reid Chevrolet. The man-

ual control for the mercury vapor street lights which serve Main

Street, Avenue D and the area

around the school is also located

here, and whoever stole the photoelectric cell also used the man-

ual control to turn the street lights off on three nights in succession,

power just 14 inches from the

ocation of the photo-electric cell

that was stolen. Putting the lights

out endangers life and property

in the whole community, but who-

were playing the prank should know they were living dangerously," Melvin Rape, Southwestern

Public Service Company manager,

the lights off on Friday, and call-

ed Rape. After the lights had

been turned on again with the

manual control, an inspection ot

the transformer rack revealed the theft of the photo-electric cell.

The best guess is that some sort

of vehicle was backed into the

The glass cover for the photo-

tubes sticking out of its base. Two

of the tubes are uncovered and

together by a thumbscrew in the

"We can't measure this theft in the matter of dollars and cents

-although the cell is a relatively

expensive item. Our concern is

the fact that someone has brought

himself mighty close to death and

has threatened the health and

safety of the entire community

Willard Opp, city marshal, found

reported.

THE PATTERN OF UNITY?

By LOYD E. ASH Reading Time: 4 Minutes

The first time "church" appears, perfect unity prevailed. in the Bible is in Matt. 16:18, where Jesus said, "Upon this rock will build my church." The first time we read of it actually being established is in Acts 2:47, "And

Following this the New Testanent continuously given the history of the church and its members. This church is the original church.

he Lord added to the church daily

such as should be saved.

Today there are over 300 churches in this country. Each of them is different from the others in one or more fundamental points. It is no use for us to deny these differences-they are self-evident. The maze of confusion created by these religious bodies has caused doubt, skepticism, and infidelity in the minds of many. It should 14:33). Christ prayed for unity cause us all to stop and consider the seriousness of religious di-

God has given us the pattern of His church. He left the model with the chosen apostles of Christ. We have that pattern outlined for us in the inspired writings of the apostles, the New Testament. By ing the same pattern.

A striking feature of the original church was its unity under Christ. Another point under this figure: if we should desire strongly e-All the congregations had the nough, could we not take the pure same worship, church organiza- seed and begin to plant only it tion, creed, terms of membership. today? If we all did this, would Why were they the same through- we not receive, as a reward, unity out? Because they all accepted in Christ? Would not the result of and followed the same divine pattern. The apostles' doctrine be-where be universally the same? came the accepted standard of authority (Acts 2:42; 1 Cor. 2:13). As long as we allow the traditions of men to direct our steps, not used to maintain this unity, couple of telephone calls from but it was universally understood God's word, will we have the that when they had departed from hope and strength that come from the apostolic teachings, they had religious unity. departed from Christ. As long as they held firmly to this principle

Every seed brings forth after ts kind. This is one of God's natiral laws (Gen. 1:11-12). You can not sow bindweed seed and reap beautiful cotton harvest. If you want a cotton crop, you must sow otton seed.

God has established the same aw in the spiritual realm. If we sow the doctrines and commandments of men, our results will be purely human and not pleasing to God (Matt. 15:8-9). Many of us oday, either consciously or unconsciously, are sowing the teachngs of men. This is the thing that keeps us universally divided.

If we all sow the pure seed of God's word, we cannot reap religious division, for God is the author of confusion (1 Cor. among His followers (John 17:21). Paul pleaded for unity (1 Cor. 1:10-13). The diversity among us, therefore, is not the result of sowing the pure seed of God's word. Rather someone has sown 'tares' among us (Matt. 13:25).

Under the figure of planting, it should be easy for each of us to reading and following this pattern, we can resolve all our religious strife. A pattern, when used more than once, will always give the kingdom (Luke 8:11; 1 Pet. 1:23). same result. Only when you But we have failed to plant only change the pattern do the reults differ. The fact that our 300 would we not have reaped a beau churches differ so widely is evi-dence that we are not all follow-strife, division, and denomination-

It was understood that no other we are going to have religious cospel or doctrine would be tol- strife. Only when we decide to rated (Gal. 1:6-8; 2 John 9-11; give up man-made creeds, and Tim. 1:3). Physical force was man-made doctrines, and follow the clear, simple teachings of

BUREAU QUEEN'S CONTEST SLATED FOR JULY 16

Bureau Queen's Contest in Lub bock on July 16. This is the first step toward the State Contest, or which the winner and matron es-cort will be allowed \$500 expenses to the American Farm Federation Convention in Chicago, Illinois,

Following the procedure of the contest, communities will select the community queen, who will then participate in the county contests. The winners of the county contests will then participate in the various district contests. Then, the winners of each district contest will attend the State Farm Bureau Convention where the finwinner becomes the Texas Farm Bureau Queen of 1959.

This is an honest-to-goodness Queen's Contest. The girls are to be judged on grace, poise, charm, vivaciousness, and all the other qualities that go to make up winsome future homemakers. There are three main points on which they will be judged; namely (1) appearance, (2) poise, (3) person-

Eligibility To be eligible for this contest, each contestant must be a daughter or sister of a Farm Bureau members actively engaged in agri cultural production, and member ship should be in the county of participation. Each contestant must be single and btween the ages of 16 and 22 (16 by September 1, 1959, and not over 22 by September 1, 1959). Daughters of state directors, all employees, county presidents, and secretaries, and previous state winners are not eligible to enter this contest.

All district winners and an attendant for each will receive an expense paid trip to the state convention. Also, each district queen will receive a beautiful watch. Contestants must sign up for the Lubbock Farm Bureau Queen Contest not later than July 14.

You should eat a food supplement daily, just to be sure you are getting your minimum daily requirement of essential vitamins and minerals.

Nutri-Bio, a complete food supplement, contains all of the essential vitamins and minerals for which the minimum daily requirement has been established.

For further information, call your Nutri-Blo distributors, Bill or Madelyn Williams, Abernathy.

No rest for this Chevy...round the clock the engine never stops!

At Washington's bustling National Airport, Allied Aviation Fueling counts on its radioequipped Chevy to get crews and tank trucks to the right planes at just the right time. Aside from occasional time out for the usual service, its Thriftmaster 6-cylinder engine has been running 24 hours a day for the past 9 months!

Once you've got that kind of endurance working you don't worry much about lost job time. Breakdowns go out of style the day your Chevy goes into action.

The fact is, Chevrolet trucks are dead set on dropping the word "downtime" right out of the English language. And they just might, if precision engineering and top-quality materials have anything to say about it. Chevy trucks are put together to stay together-incorporating the most advanced chassis developments, the most efficient 6cylinder and V8 engine designs. They're built to last, built to keep Chevrolet's hard-earned reputation for reliability flying

Going into the real heart of Chevrolet advantages is where your dealer comes in. He'll show you, in feature after feature, that you can't buy more truck dependability - in any weight class-at any price.

No job's too tough for a Chevrolet truck! [CHEVROLET

RIDING CLUB SPONSORS QUARTER HORSE SHOW

(Continued From Page 1)

At the regular meeting of the Abernathy Riding Club in the City Hall Club Room Saturday, June there were 17 members and evera! smal! fry present. Mr. Goble, well known dairyman, had a collection of excellent slides which he exhibited. These covered most of the interesting and in various places in Cali ornia. Scenes in New Merico Arizona, includng Lake Mead and the dam and power house and other interesting there were shown. Included were several views in Las Vegas, Nev. then views of a number of interesting places which they visit-ed in California. It took about an hour to show them and they were enjoyed by all.

Following this the ladies served ice cream and cake. There were several freezers of ice cream and a number of cakes and everyone ate all they wanted and then there were some left to be carried home. even after seconds and thirds. There were some whopping big dishes of ice cream stowed away but there was just more cream and cake than stowing space. The regular business of the meeting was next and after dis-posing of the reading of the minutes the coming horse show was discussed. This show is to be Friday, July 10, in connection with the Jubilee celebration and is sponsored by the Abernathy Rid-ing Club. An entry fee of \$10.00 per entrant is to be charged and all monies above actual expenses are to be turned in to the Celebration committee to be used as they see fit in helping to finance

he celebration. The riding club entries in the parade were discussed along with the best way of co-operating with the parade chairman and how best to handle the riding clubs' entries from other towns. It was suggested that someone be appointed to look after getting the visiting riders in the proper place in the parade in order of avoid much confusion. A committee who would know the parade arrangement should be appointed in advance to receive all entries from out of town or community to whom hese visiting participants could look to for their placement in the Earl Winters presided over the

Local Boy Scouts Camp In New Mexico

Sixteen local Boy Scouts, accompanied by Robert E. Smith and George Reagan, enjoyed many scouting activities and had fur doing scouting skills last week at Tres Ritas, New Mexico.

The group from Troop 81, spon sored by the American Legion of Abernathy, included the following Boy Scouts: Fredrick Benn, George Reagan, Charles Wynne, Ron-nie Wynn, Billy Barrick, David Overstreet, Johnny Peters, Steve

Tommy Adkinson, Don Hughes Edward Ratliff, Manuel Corden ious, Mike Johnson, John Reagan, Robert Smith, and Doyle Fuller. The scouts arrived at Tres Ritas Sunday afternoon, June 7, and returned to Abernathy Saturday.

CARD OF THANKS

On behalf of the family of Mrs. M. Robinson, I want to thank our host of friends for the many floral offerings and for the plent eous amount of good food brought in at that trying time. We want to especially thank you for you love, thoughtfulness, and every act of kindness shown at that sad hour. May your reward be an ab-undance of the better things of

The development of an automatic pilot for farm tractors is expected to increase the effective ness of cultivation for weed control, says W. L. Ulich, extension agricultural engineer.

Conventional low - gallonage, boom-type nozzles that most farmers now use will probably give better insect control and higher yields of seed cotton than the new ypes of wide-swath or boomless
