HILL'S ABERNATHY PHARMACY

Northcutt. Mrs. Oris Cecil, Jr., Barbara Turner, Donna Linton, Laree Abney, Gwen Sanders, Diann Owen, Lisa Habbinga, Peggy Evans, Nel-da Sanders, Pete Wilson, Shirley Oswald, Linda Miller, and Mrs. Marion Carlton. For errors which may have occurred in compiling this cast of characters, the casting committee of the pageant offers its apology. The size of the production has made it difficult to have an absolute accurate listing of all those taking part in it.

of the pageant could be worked out thoroughly and smoothly. The committees are as follows: Production—Noel Johnson, Mrs. Roy Figley and Mrs. Andy Reid. Costumes—Mrs. Frank Lovelace and Mrs. Ray Pinson. Lighting—Willie Florence and Melvin Rape. Staging—Rudolph Struve, Jack Saarl, Carroll Turpen and Cecil McCurdy. Music—Woodie Coleman, Dub

Crain and Clyde Rhodes. The Abernathy Riding Club has voluntarily accepted the responsibility of furnishing or making arrangements for all the stock to be used in the pageant. As you may realize, this pageant will be one of the major highlights of Abernathy's Golden Jubilee Celebration, and it will surely be talked about for years to come. It is definitely an event you do not want to miss.

Celebration Highlight

Ted Watts Announces Parade Entries, Route For July 11

Ted Watts, local farmer and Abernathy Riding Club member, is serving as chairman of the committee in charge of the parade to be staged in Abernathy at 2 p. m. Saturday, July 11, as a highlight of the town's Golden Anniversary Celebration.

Watts expects to have from 25 to 35 entries in the parade. They will include club floats, commercial floats or other entries, floats by various organizations, special entries, floats entered by individuals, comedy floats, local and visiting school bands and local and visiting riding clubs and posses.

Heading, or near the front of the parade, will be a buggy in which

Mrs. Fritz W. Struve, wife of Abernathy's first mayor, and Queen of the Celebration, will ride. Driving for Mrs. Struve will be her brother, W. A. Richter, also a pioneer Abernathy resident.

Following the buggy in which Mrs. Struve and Mr. Richter will ride will be a new convertible automobile, representing the modern and the present, with His Honor, the Mayor, and his Lady, Mr. and Mrs. Edgar O. Graham, as passengers. Watts made arrangements to have the high-stepping Dunbar High School Band of Lubbock in the parade. Other area schools have been invited to send their bands for the parade.

Mr. and Mrs. G. C. Pearce,

pioneer Abernathy couple, will receive recognition by assignment of a special place in the parade line.

To Form At 1 O'clock
Ribbons will be awarded the winning floats and entries. Three trophies will be given for the winning school bands, and three trophies will be given in the riding club division. Local bands and the riding club will not be in competition for the trophies.

All entries in the parade are asked to start gathering in the area around Cunningham Gin on 7th Street at 1 p. m. Saturday, July 11. The parade will start rolling at 2 p. m., according to the schedule.

Watts has made arrangements with KDUB-TV, Channel 13, Lubbock, to make movies of the parade. The movies will be shown on that station at a date and time to be announced.

Parade Route
Watts has announced the following route to be taken by the

parade:
Parade to form on Cunningham Gin lot, move west on 7th St. to Ave. C; turn north on Ave. C and go one block to main St.; turn west on Main St. and go one block to Ave. D; turn north on Ave. D (Highway St.) and go north on Ave. D for six blocks, to 15th St. (by Three-J Meat Co. and Bill Moore's Well Service); turn west on 15th St. and go three blocks west on 15th to Ave. G; turn south on Ave. G and travel south on Ave. G for seven blocks, to the high school building; turn east on 8th St. (at high school) travel east three blocks on 8th St. to Ave. D (Highway St.); turn south on Ave. D and go one block (to the Methodist Church); turn east at 7th St. (by Methodist Church) and travel east on 7th St. to point of parade origin on Cunningham Gin lot.

DRIVE SAFELY — A child at the curb is a human caution sign.

Women Bowlers To Meet July 16

Women who plan to bowl in the fall and winter league at A-1 Lanes in Abernathy are urged to attend a meeting called by Mrs. Marvin Struve, league president. The business session is slated for 7:30 p. m. Thursday, July 16, in the league room at A-1 Lanes.

CLASS OF 1950

The Abernathy High School graduating class of 1950 will meet in the home of Mrs. Harold Thomas, three miles north and six miles west of Abernathy on farm highway 54, immediately following the pageant Saturday night, July 11. All members, relatives, and friends of the class of '50 are urged to attend.

CLASS OF 1955

people who are at home with quality . . . choose **GAS** appliances

Walk through an elegant doorway and you expect an elegant interior . . . and today, elegance in the kitchen is synonymous with GAS appliances. For example, the built-in range. Both in appearance and performance, it confidently maintains its place amidst the finest of home furnishings. Its sleek, luxurious beauty is always in perfect harmony with the most discriminating decor. Completely automatic from top burners to broiler, a Gas range makes the dull routine of cooking almost effortless . . . offers the perfect complement to cooking skill in creating meals that delight the eye, tempt the taste. And aside from the general excellence of its engineering, a Gas range offers a whole list of unduplicated advantages such as closed-door smokeless broiling, no warm-up wait, instant shut-off with no heat hang-over, and an absolute minimum of heat fluctuation. In every way — economy included — GAS gives you more! And where the finest is truly appreciated . . . GAS belongs.

Celebration . .

(Continued from Page 1)

at 4 p. m. Friday. Announcements will be made concerning individual class meetings to be held later that afternoon or evening. The style show and beard contest, and

ON TV JULY 9

Ted Watts, chairman of the parade committee for Abernathy's Golden Anniversary Celebration, July 10, 11 and 12, has made arrangements to have the Celebration publicized on television.

Watts and four other local people are scheduled to appear on "Names in the News" program on KDFB-TV Channel 13, Lubbock, from 4:20 until 4:30 p. m. Thursday, July 9. They will discuss plans for Abernathy's Celebration on that program.

crowning of the Jubilee Queen, Mrs. Fritz W. Struve, will be held in the school auditorium starting at 7:30 p. m. Friday. Former students and teachers and faculty members will gather at the school homemaking cottage, starting at 9 p. m. Friday, for refreshments and visiting.

Saturday, July 11

Saturday morning is set aside for visiting, with other events to be announced. Visitors will be entertained by music provided by local talent. The big Celebration parade is slated to form at 1 p. m. Saturday on Cunningham Gin lots. The parade, with Ted Watts as chairman, is to start moving through town at 2 p. m. Saturday. (See separate story for details.) A free barbecue supper will be served on the old football field, starting at 4 p. m. Joe Thompson is chairman of the food committee (see separate story for details). Billed as the feature attraction of the Celebration is The Palm of the Plains Pageant, to be staged on Antelope football

field, starting at 8 p. m. Saturday. Mrs. Jack Barton is chairman of the pageant committee, with Mrs. Andy Reid as director and Mrs. Ray Pinson and Mrs. Frank Lovelace as members. Script for the pageant was written by Mrs. Andy Reid (see separate story for details).

Sunday, July 12

Abernathy churches have slated special services for Sunday, July 12. (See separate stories for details).

Decorations Up

Motorists going through Abernathy for the first time this week may think the town has a Fourth of July carryover . . . with all the red, white and blue decorations. Taking a closer look, however, they will notice the bunting with the cake and candles, and the script, "Golden Anniversary." A decorating company worked here Monday to give the town a gala celebration look, with bunting on store fronts and across streets. Several rides were being set up

early this week on the square in front of the elementary school building. "If we don't get ready this week, we'll not be ready," commented Ray Pinson Monday. Pinson is general chairman of Abernathy's Golden Anniversary Celebration. Mrs. Marvin Struve is serving as secretary of the organization and Phil Sterrett is financial chairman.

Souvenir Program
Now on sale, at Pinson Pharmacy and Graham Restaurant, are copies of the Official Souvenir Program for Abernathy's Golden Jubilee. Proceeds from program sales will go into the fund to help finance the Celebration. Everyone is urged to buy a copy . . . for 50 cents.

"GUN, GIRL AND GANGSTER"

LUMMUS 88 GIN STAND

The above picture is of the Lummus 88 Gin Stand that was installed in the Abernathy Gin Co. gin last winter for demonstration runs. This gin stand was a hand built stand and was the only one of its kind to be installed in Texas. It was installed here by the Lummus Gin Company for a thorough try out in the field in actual gin service.

This one stand alone ginned four and one half bales of cotton per hour with ease in the demonstration run here at the Abernathy Gin Co. gin. In other states with different cotton on identical stand, it ginned seven and one-half bales per hour. In one state, where all cotton is hand picked, this stand has ginned ten and one-half bales per hour.

NEW GIN SHOWN TO GINNERS FROM WIDE AREA

By O. F. REA

Ellis Turner, manager of Abernathy Gin Co., was host to about 30 or more gin owners and gin managers at the Abernathy Gin Company, north of town, Wednesday of last week. These men came from a wide area of the plains and New Mexico and Okla-

was Mr. Jones of Texas Tech's Textile Department. Most of these men had been attending a short course for ginner, which had just been conducted at Texas Tech.

This gin is generating quite an interest among ginner and gin owners because of its unusual capacity and quality of turn out. One stand of this new type was installed last fall by Mr. Turner and would handle nearly as much cotton as the whole gin had been. They now have installed four stands like it. Last fall there were only four of these gin stands in operation. One here, one in California, one in Georgia, and one in Mississippi.

These four stands were hand built and were for an experimental try out by the ginning industry. The stand that was here was taken out and set up at the Dallas fair for demonstration there. All these stands performed so well that production was started at once. One of the experimental stands actually ginned ten and one half bales of cotton per hour. This was clean hand picked cotton.

Another ginned seven and a half bales per hour. Given the same grade of cotton, this stand will gin just about as good, quality-wise, at one half bale per hour as it will at maximum uncrowded capacity. It is planned to run these stands here at four and one half bales per hour, as this leaves plenty of handling capacity in reserve. This is the rate that was ginned last fall successfully.

This being the only gin of its kind in the southwest, Abernathy is getting on the map among ginner and gin owners. Ellis Turner reports calls from California, Oklahoma, New Mexico, Arkansas, and Old Mexico seeking information from one who has operated one of these new stands.

The new stand will gin just twice what the standard gin stand will gin on the same cotton. It also takes twice the power as the old stands. Where 15 horse power motors were sufficient, 30 horse

EX-STUDENTS Association officers pictured here are, left to right, Mrs. Alvir Hardin, vice president; J. L. Webb, president, and Mrs. Buford Dayport, secretary. New officers for the organization will be named at a meeting set for 4 p. m. Friday, July 10, in Abernathy school auditorium. All former students and teachers and current faculty members of Abernathy schools are urged to attend this session. It will be part of the activities of Abernathy's Golden Anniversary Celebration, July 19, 11 and 12. Registration of former students

and teachers and present faculty members will begin at 2 p. m. Friday, July 10, in the school auditorium, followed by a tour of the school facilities and points of interest in the community. See the main Celebration story in this paper for further information on activities for the ex-students-teachers.

Guests in the home of Mr. and Mrs. E. B. Braly last weekend were their daughter and family, Mr. and Mrs. W. D. Janes, and children, of Dallas. Julie and Cyndy Janes, who had been visiting here with their grandparents, returned to Dallas, and Jolly Janes remained here with his grandparents for an extended visit this summer.

crowning of the Jubilee Queen, Mrs. Fritz W. Struve, will be held in the school auditorium starting at 7:30 p. m. Friday. Former students and teachers and faculty members will gather at the school homemaker cottage, starting at 9 p. m. Friday, for refreshments and visiting.

Saturday, July 11

Saturday morning is set aside for visiting, with other events to be announced. Visitors will be entertained by music provided by local talent. The big Celebration parade is slated to form at 1 p. m. Saturday on Cunningham Gin lots. The parade, with Ted Watts as chairman, is to start moving through town at 2 p. m. Saturday. (See separate story for details.) A free barbecue supper will be served on the old football field, starting at 4 p. m. Joe Thompson is chairman of the food committee (see separate story for details). Billed as the feature attraction of the Celebration is The Palm of the Plains Pageant, to be staged on Antelope football

field, starting at 8 p. m. Saturday. Mrs. Jack Barton is chairman of the pageant committee, with Mrs. Andy Reid as director and Mrs. Ray Pinson and Mrs. Frank Lovelace as members. Script for the pageant was written by Mrs. Andy Reid (see separate story for details).

Sunday, July 12

Abernathy churches have slated special services for Sunday, July 12, (see separate stories for details).

Decorations Up

Motorists going through Abernathy for the first time this week may think the town has a Fourth of July carryover . . . with all the red, white and blue decorations. Taking a closer look, however, they will notice the bunting with the cake and candles, and the script, "Golden Anniversary." A decorating company worked here Monday to give the town a gala celebration look, with bunting on store fronts and across streets.

Several rides were being set up

LUMMUS 88 GIN STAND

The above picture is of the Lummus 88 Gin Stand that was installed in the Abernathy Gin Co. gin last winter for demonstration runs. This gin stand was a hand built stand and was the only one of its kind to be installed in Texas. It was installed here by the Lummus Gin Company for a thorough try out in the field in actual gin service.

The one stand alone ginned four and one half bales of cotton per hour with ease in the demonstration run here at the Abernathy Gin Co. gin. In other states with different cotton on identical stand, it ginned seven and one-half bales per hour. In one state where all cotton is hand picked, this stand has ginned ten and one-half bales per hour.

NEW GIN SHOWN TO GINNERS FROM WIDE AREA

By O. F. REA

Ellis Turner, manager of Abernathy Gin Co., was host to about 30 or more gin owners and gin managers at the Abernathy Gin Company, north of town, Wednesday of last week. These men came from a wide area of the plains and New Mexico and Okla-

homa to see this new gin which has been installed.

It is the only gin of this new type in Texas at present and is made by the Lummus Gin Company. Mr. Harold Lummus, a vice president of the gin company making the gin, was present also, as

was Mr. Jones of Texas Tech's Textile Department. Most of these men had been attending a short course for ginner, which had just been conducted at Texas Tech.

This gin is generating quite an interest among ginner and gin owners because of its unusual capacity and quality of turn out. One stand of this new type was installed last fall by Mr. Turner and would handle nearly as much cotton as the whole gin had been. They now have installed four stands like it. Last fall there were only four of these gin stands in operation. One here, one in California, one in Georgia, and one in Mississippi.

These four stands were hand built and were for an experimental try out by the ginning industry. The stand that was here was taken out and set up at the Dallas fair for demonstration there. All these stands performed so well that production was started at once. One of the experimental stands actually ginned ten and one half bales of cotton per hour. This was clean hand picked cotton. Another ginned seven and a half bales per hour. Given the same grade of cotton, this stand will gin just about as good, quality-wise, at one half bale per hour as it will at maximum uncrowded capacity. It is planned to run these stands here at four and one half bales per hour, as this leaves plenty of handling capacity in reserve. This is the rate that was ginned last fall successfully.

This being the only gin of its kind in the southwest, Abernathy is getting on the map among ginner and gin owners. Ellis Turner reports calls from California, Oklahoma, New Mexico, Arkansas, and Old Mexico seeking information from one who has operated one of these new stands.

The new stand will gin just twice what the standard gin stand will gin on the same cotton. It also takes twice the power as the old stands. Where 15 horse power motors were sufficient, 30 horse

EX-STUDENTS Association officers pictured here are, left to right, Mrs. Alvin Hardin, vice president; J. D. Webb, president, and Mrs. Buford Davenport, secretary. New officers for the organization will be named at a meeting set for 4 p. m. Friday, July 10, in Abernathy school auditorium. All former students and teachers and current faculty members of Abernathy schools are urged to attend this session. It will be part of the activities of Abernathy's Golden Anniversary Celebration, July 10, 11 and 12. Registration of former students

and teachers and present faculty members will begin at 2 p. m. Friday, July 10, in the school auditorium, followed by a tour of the school facilities and points of interest in the community. See the main Celebration story in this paper for further information on activities for the ex-students-teachers.

Guests in the home of Mr. and Mrs. E. B. Braly last weekend were their daughter and family, Mr. and Mrs. W. D. Janes, and children, of Dallas. Julie and Cyndy Janes, who had been visiting here with their grandparents, returned to Dallas, and Joly Janes remained here with his grandparents for an extended visit this summer.

Joe Thompson Committee Has Made Barbecue Supper Plans

Joe Thompson, chairman of the food committee for the forthcoming Abernathy Golden Jubilee Celebration, July 10, 11 and 12, reported last week that all plans are progressing in very good order. The various sub-committees are also doing great work and are making fine progress.

The barbecue, along with all the trimmings, will be served on the old football field at 4:00 o'clock Saturday afternoon, July 11.

All the meat and trimmings will be acquired and prepared locally, and it was stated that enough food will be prepared to serve 7,000 people. Around 100 persons will be used to help serve and to bring the food. There will be a table captain at each table to supervise the serving.

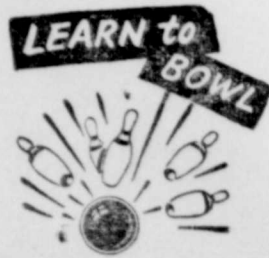

Mr. Thompson stated that between 70 and 75 persons have already volunteered their services to help with the serving, but at least 25 or 30 more people are needed. Anyone who can and will volunteer their services, are asked to contact Joe Thompson. Also, persons possessing large porcelain dish pans, and who don't mind loaning these pans out, are asked to contact Mr. Thompson, since several of these will be needed. Those people who are to participate in the pageant will be served first to enable them to get into their costumes and make other arrangements for their part in the pageant which starts around 8:00 p. m. Saturday, July 11.

Menu

Following is a list of items with which we can look forward to "stuffing" ourselves at 4:00 p. m. Saturday, July 11.

- Barbecue and Sauce — Beans
 - Potato Chips — Pickles and Onions
 - Doughnuts — Soft Drinks
- This meal is to be served free of charge. Come and eat all you want!

Mr. and Mrs. Ervell Givens and son, Jerry, were in Ruidoso, N. M., for the holiday weekend.

Legal Notice

NOTICE OF BOARD OF EQUALIZATION MEETING ABERNATHY INDEPENDENT SCHOOL DISTRICT

In obedience to an order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the City of Abernathy, Hale County, Texas, at 9 o'clock a. m., beginning on the 20th day of July, 1959, and from day to day thereafter, for the purpose of determining, fixing, and equalizing the value of any and all taxable property situated in the said Abernathy Consolidated County Line Independent School District, until such values have finally been determined for taxable purposes for the year 1959, and any and all persons interested, or having business with said Board, are hereby notified to be present.

DONE BY ORDER OF THE BOARD OF EQUALIZATION OF ABERNATHY INDEPENDENT SCHOOL DISTRICT, Hale-Lubbock County, Texas, at Abernathy, Texas, this 30th day of June, A. D., 1959.

Clarence Nelson, Secretary
Abernathy Independent School District.
(7-2-9)

REC CENTER NEWS

Rains have again postponed work on the swimming pool at Abernathy Golf and Recreation Center four miles east of town. Also, this has slowed the work on the bath house, cement decking, and the fence.

Curt Wilson, golf professional and manager of the swimming pool, stated this week that they possibly have the best crop of weeds in the country. The rains won't quit long enough for them to mow them or plow them under, he added.

The directors of the Abernathy Golf - Recreation Center held a meeting last Wednesday, and in the course of the meeting a

greens committee was appointed. This committee is made up of Calvin Jordan, Bill Harrison, David Ray Finson, and is headed by Dr. John Hale.

Also, a finance committee was appointed and consists of Elbert Harp, Lonnie Brownlow and Gene McMaster.

Mr. and Mrs. Charles Evans, Mr. and Mrs. Carroll Bradley and Mr. and Mrs. Don Graham were in Ruidoso, N. M., last weekend.

Ferrell, infant son of Mr. and Mrs. D. W. Crain, Jr., was under treatment in a Lubbock hospital.

Mr. and Mrs. Glen Orval Rhodes and family are here from Aztec, N. M., to visit their parents, Mr. and Mrs. Herman Henry, and Mr. and Mrs. Clyde E. Rhodes, Sr. They will be here for the Cele-

Near 350 Get Polio Shots

The Jaycees-sponsored drive to have local people inoculated against polio was a big success. Doctors Kenneth Gregory and Thomas Williams administered the free polio shots to 348 persons at city hall Thursday of last week. Youngest to be inoculated was a 3-month-old child, and the oldest was a 72-year-old man.

Mr. and Mrs. Joe Wofford of Fort Worth were guests Saturday night in the home of his nephew, Marshall Ledford.

Mr. and Mrs. A. D. Helms visited relatives in Texarkana and Daingerfield last weekend.

Notice To Abernathy Merchants And Businessmen

As Saturday, July 11th is the peak day of the Jubilee celebration and the barbecue is planned for 4:00 P. M., the Jubilee Committee would like to have the cooperation of everyone possible Saturday afternoon, July 11th, in a maximum effort to help our visitors enjoy the occasion to the fullest extent.

In this all-out effort, Mayor Edgar O. Graham is asking all merchants and businessmen who can, to close Saturday afternoon, July 11th, and join in the celebration activities.

EQUALIZATION BOARD IS NAMED BY CITY

In regular session Monday night, Abernathy City Council appointed the following men on the city's equalization board to determine property values for taxes: W. A. Richter, Floyd Shipman and Roy Jones, with Clifton Newton as alternate.

The council discussed possibilities of buying a new street sweeper, and garbage-trash truck. The ordinance on dogs in town, pub-

lished in full in a recent issue of The Review, was discussed. The Council also considered complaints from some that neighbors were letting their yards and vacant lots grow up in weeds.

City Secretary L. J. Carter reported to the Council that Melvin Rape, local manager for Southwestern Public Service Co., is pushing work on the 6,000-watt street lights to be erected on South Drive (First Street or FM Highway 597 in South Abernathy).

ABERNATHY WEEKLY REVIEW

Lamar McKenzie
Abernathy, Texas

VOLUME 38 Hale County - Abernathy, Texas - Lubbock County

THURSDAY, JULY 16, 1959

NUMBER 38

County Line Chit Chats

(By Mrs. Wayland Nelson)

Did you ever see such funny weather for July? I don't guess it is so funny to some of the farmers this time especially the ones that got hailed out Friday and Saturday night. The rest are keeping their fingers crossed and just hoping it will miss them. It was predicted that July would be the wettest July on record by the long range forecasters and the prediction is coming true . . . around County Line.

County Line really turned out for the big Jubilee Celebration. The ladies made themselves some beautiful dresses to wear to the occasion and went all out for the occasion. Mrs. Noble Rice and Mrs. R. D. Presley were really prancing and doing some high stepping in their long dresses. Mrs. Marvin Floyd and Mrs. Marvin Stephens modeled long dresses, also.

Our deepest sympathy goes to Mrs. Sam Terrell who received word Sunday that her father had passed away in Medina, Arkansas. She and her two sons, James and Bobby, left immediately for Arkansas.

I have never heard so many nice things said about a parade. It has been said many times that Abernathy had the best parade in this part of the country . . . even better than Lubbock. I agree it had more variety in it. Congratulations to all the people who helped on that wonderful pageant. Everyone sure hated to leave it as it was so interesting, but the cloud drove us all home to get close to the cellars. One can't tell what this weather is going to do any more around here.

Mrs. Lillie Loyd Jackson Poff of San Angelo is visiting her mother and friends in Abernathy. She is a member of the 1937 graduating class of Abernathy High School and she has been trying to see all of her class mates this week. She was a guest in the G. W. Nelson home Tuesday night. She will return to her home in San Angelo this weekend. She teaches the fifth grade in San An-

Abernathy's Barton-Hood Post No. 503, American Legion, elected and installed officers for the 1959-1960 Legion year at a meeting July 6.

Those in the picture, taken at the July 6 meeting are: Standing, left to right, Robert W. Carter, adjutant for 1959-1960, who served as Post Commander in 1953-1959; Ted Hill, Post Commander; Curtis Hall, who served as adjutant in 1954-1959; Ivan Rhodes, member; Mitch LeMoine, athletic officer; E. J. Pope, Jr., chaplain; Herbert T. Hardin, historian, who served as installing officer at the July 6th meeting; seated left to right, Lawrence Carter, member; Douglas Chapman, finance officer; Fred Kveton, judge advocate; George Reagan, sergeant-at-arms; Preston Henderson and Lupe Ramos, mess sergeants.

Antelope Mascots To Be Chosen

Frankie Jo Manley, head Antelope cheerleader for the 1959-60 school year, has announced that a meeting will be held Tuesday, July 21, at 3 p. m. in the high school building, room 117, for all young boys and girls who are interested in becoming Antelope mascots for the 1959-60 school year.

All boys and girls between the ages of four and five are eligible. One boy and one girl will be chosen.

If additional information is needed concerning the selection of the mascots, please call Miss Manley or Abernathy High School Principal J. W. Sollis.

BIRTHS

A daughter, weighing 8 pounds, was born at 8:10 a. m. Sunday in the Plainview Hospital, to Mr. and Mrs. Calvin Jordan. She was named Renda Renda.

Her father is employed by Joe Thompson Implement Co., Abernathy.

Grandparents are Mr. and Mrs. Z. M. Holley, Route 1, Plainview, and Mr. and Mrs. W. E. Jordan, Littlefield.

Antelope Mascots To Be Chosen

Her father is employed by Joe Thompson Implement Co., Abernathy.

Grandparents are Mr. and Mrs. Z. M. Holley, Route 1, Plainview, and Mr. and Mrs. W. E. Jordan, Littlefield.

Follows Hail-Damage Gloom

Oil Strike Slicks Up Celebration Atmosphere

Fast on the heels of reports Saturday morning of hailed-out crops came announcement that oil had been struck in the Martha Schulz No. 1 test well at the west edge of Abernathy. Both pieces of news . . . bad and good . . . came during the biggest, best and most successful Celebration ever staged in Abernathy.

While the crowd was pondering the adverse news of crops being hailed out, announcement came over the PA system that oil had been discovered in Honolulu's wild-cat deep tester.

Hail, on Friday night hit in an area northwest of town, on the farms of N. M. Rogers, J. L. Miller, Jr., Billy Houston and others in the vicinity. Several local farmers who own places in the Hale Center area also lost crops to hail that night. (See Lakeview News.)

Not completely off-setting the hail-damage gloom, but helping, was the good news of the oil strike, slicking-up the celebration atmosphere. Reports, unofficial, said the Schulz well drilled 11 feet into a Pennsylvania reef pay formation, at 9,155, and that recovery on drill stem test was 2,882 of new oil, which tested near 40 gravity. No sources would release information to the press Monday concerning the strike. Rumors, strictly rumors and speculation, visualized an oil boom in Abernathy to equal, or exceed, that enjoyed at Snyder a few years ago.

Special Edition

Visitors and local residents appraised the entire 3-day Celebration as a huge success, with an estimated 7,500 people here at the peak of attendance. Included in the crowd were hundreds of former Abernathians, many who came from other states. All phases of the Celebration went off well. Rains caused some changes from original plans in several events, and stopped the Palm of the Plains Pageant before all episodes were reeled off at the football field Saturday night.

More stories and pictures on the Celebration will be mailed to subscribers later this week. Watch for the Celebration Special Edition in your mail box and on the news stands.

RAINFALL REPORTED

M. C. Hoed, local weather server, reported the following rainfall this far in July and this year's total:

July 9	0.01
July 11	0.62
July 12	1.92
Earlier in July	1.00
Total for July	3.55
Jan. thru June	5.13
Total for year	12.68

The WMU of the County Line Baptist Church met Monday at 2:00 p. m. with Mrs. Buford Conn, presiding. Reports from the various committees were given. A Bible Study was given by Rev. E. L. (Roy) Minor. The group met at the church with 11 members present. They will meet again next Monday at 2:00 p. m.

The baseball team had to call their game off with Anton Saturday, due to a wet field. They will play Tuesday at 3:00 at Anton, weather permitting.

Did you receive your complimentary copy of the Shallowater Star this week? Congratulations to Shallowater on starting a newspaper. It was real newsy and everyone seemed to enjoy getting news from down south of us.

(See Page 6)

HER MAJESTY, the Queen of Abernathy's Golden Anniversary Celebration, Aunt Manna Struve rode in a buggy near the head of the parade July 11. She is shown here holding the crown bestowed upon her as Queen of the Celebration in a ceremony Friday night at the school auditorium.

Pioneers Hold Round-Up Here At Celebration

By O. F. REA

The scheduled Pioneer Round-Up at the city club room July 10, at 3 p. m. went off just fine even if the air conditioning was hopelessly inadequate.

The club room was well filled with old timers who were generally ready with some interesting story of the early happenings.

Walter Harp, who, if jotted it down correctly, came here when one and one half years old. Dr. Harp, Walter's father, at that time was the only doctor in this area. It seems that at times the horse was reluctant to co-operate in making trips in bad or cold weather, which of course was either horseback or horse and buggy. Occasionally, during one of the non-cooperative periods, Dr. Harp would resort to the effective means of building a fire under the horse to induce cooperation.

Another pioneer who was glad to relate early happenings was Jess Boyd who came to this area in 1894.

Short reminiscent talks were given by Mrs. K. C. Sterrett, G. C. Pearce, Mrs. G. C. Pearce, Mrs. Otto Stolley, 1895, Mrs. Edgar Harp who came here in 1920, Mrs. Earlton Harp, 1908, told about the early prairie fires which sometimes consumed nearly everything in its path, including houses, horses and cattle, also hogs.

Others to reminisce were Callie Lander, who came here in 1915, W. T. Landers who mentioned the blue quail that were plentiful at that time. He also mentioned that if you didn't want to shoot them you could just walk them down. This was done by not crowding them but keeping them moving. They would fly if crowded but

Drilling Slated On Abandoned Barrick Tester

The Texas Company well west of Anton is reported drilling at about the same depth and has encountered two small oil showings so far.

Visitors last week in the home of Mr. and Mrs. M. M. Bell were his father, W. F. Bell, and Mr. and Mrs. W. W. Brown and son of Amarillo. Also visiting with them last week was their granddaughter, Patricia Wooten, of Lubbock.

Others to reminisce were Callie Lander, who came here in 1915, W. T. Landers who mentioned the blue quail that were plentiful at that time. He also mentioned that if you didn't want to shoot them you could just walk them down. This was done by not crowding them but keeping them moving. They would fly if crowded but

This picture was made Thursday night, July 9, at a meeting in which officers of Abernathy Lodge No. 802, IOOF, were installed. Glenn Pool of Petersburg, District Deputy, was the installing officer. Men in the picture are: Seated, left to right: Al Owens, Chris Benn, Glenn Pool, Petersburg; J. R. Lee, G. C. Pearce and R. V. Totty. Standing, left to right, Ernest

Cave, Petersburg, A. E. Teaff, Bobby Lewis, Bryan Phillips, R. J. Jones, Jr., Doyle Evans, H. T. (Si) Peters, L. Q. Oswald, Finus Hill, Owen Benn, Edgar Heath and Ray Dorough. Officers are: H. T. (Si) Peters, Noble Grand; Doyle Evans and R. V. Totty, right and left supporters of the Noble Grand, respectively; Bobby Lewis, recording secretary; Bryan Phillips,

treasurer; Chris Benn, warden; R. J. Jones, Jr., Past Grand; Vernon Teaff, conductor; Edgar Heath, chaplain; Ray Dorough and Al Owens, right and left seam supporters, respectively; J. R. Lee, Vice Grand; Finus Hill and A. B. Teaff, right and left supporters of the Vice Grand, respectively; Owen Benn, inside guardian, and King W. Collins, outside guardian.

Lakeview News

Mr. and Mrs. J. C. Bell and Dick were in Ackerly Saturday, where Dick was an attendant in a wedding late Saturday.

Mr. and Mrs. W. D. Matthews and sons of Wichita, Kansas, are visiting his mother, Mrs. N. Matthews.

Mrs. T. W. Driver sustained a broken ankle after Friday night's rain storm as she left the Driver's storm cellar and returned to the house. She is receiving treatment in the High Plains Hospital in Hale Center.

Mr. and Mrs. Geo. Brewer, David and Mickey, of Austin, were here to attend the Golden Celebration.

C. W. O. Vernon Petty of Sandia Air Base, Albuquerque, visited in the Bill Harrison home.

Cindy and Craig Bell of Ontario, Calif., are visiting their grandparents, Mr. and Mrs. J. C. Bell.

A large acreage of cotton was destroyed by hail in this community Friday night. Those losing crops because of hail were Jack Lee, Jack Jackson, Lewis Lutrick, and many others.

Mrs. C. P. Loyd and children of Orange Cove, Calif., have returned here and are living in the O. D. Rhodes home. C. P. is to

(Continued on Page 8)

Public Hearing Called On Annual School Budget

The annual budget for Abernathy Independent School District will be presented at a special called meeting on Monday, July 20, at 8:00 p. m. in room 117 of the high school building, according to Noel Johnson, Superintendent of Abernathy Public Schools.

This public hearing of the preliminary 1959-60 school budget is required by law to be presented by July 20. All taxpayers are invited to attend this public hearing.

Auditing

The auditing firm of Bolinger and Segars of Lubbock, has been employed to do the annual school auditing. Upon the completion of the audit, the school's financial statement will be published in The Review.

The school's 1958-59 fiscal year officially ends August 31, and the 1959-60 fiscal year begins September 1st.

NEWS FROM JO. BO AND RALPH WRIGHT

Condensed from a letter we received from Mrs. Josephine Wright, former Abernathian, who moved to Pasadena several months ago.

She and son, Ralph Glenn, recently moved from Pasadena, and now have this mailing address: P. O. Box 1083, Angleton, Texas. She is employed in the Angleton office of Texas Employment Commission. Josephine asked us to send some back copies of The Review. She said Ralph wanted to read about the Soap Box Derby. He drove in the Derbies at Lubbock when they resided here.

Her son, Bo, (Leonard L.) is a cadet in the Air Force Academy at Colorado Springs. He visited his mother and brother for five days recently, and now is in pilot's school for two weeks at Spence Air Force Base, Georgia.

Bo became a third-classman at the Academy the first of June. He hopes to visit in Abernathy during Christmas holidays. His summer address is: C-3C Leonard L. Wright, 1357 k, 42nd Prov. Sq., The Air Force Cadet Wing, Air Force Academy, Colorado.

Josephine wrote: "We still miss Abernathy, but we are very happy about living in Angleton, as it is a beautiful little town, and the people remind me of those there. We are only about 48 miles from Peggy (her daughter, Mrs. Paul Prokash) and family and can see them often."

ARMY RECRUITER

M. Sgt. Forrest D. Pesch, Army Recruiter, will be at Abernathy post office from 9:30 until 11:30 a. m. each Wednesday, and at New Deal post office from 8:30 until 9 a. m. each Wednesday. Men interested in enlisting in the Army may contact him at either place.

would fly back to where they had started and you just walked back and started walking them again. After a while they became too tired to walk or fly and you just picked them up. Sounds easy and it was noiseless, also saved your ammunition.

Nina Ragland came in and showed a picture of herself to several of the old timers which was made forty-six years ago. She was dressed in a long dress and a big wide hat which was the style at that time.

The meeting which was more or less informal was adjourned at 4:30 p. m. and became really informal with everyone trying to see everyone else and recalling past occurrences and renewing acquaintance with those who had slipped from memory or had not been seen since early times.

NEW OFFICERS of Abernathy Lodge No. 1142, A. F. & A. M., were installed at a stated meeting Thursday, July 9, in the picture center, foreground, Kenneth Phillips is shown handing over the gavel of Worshipful Master to Don McKenzie. Phillips served as Worshipful Master of the Lodge in 1958-1959, and Don was installed as head of the Lodge for the ensuing year at the July 9th meeting.

In the picture, front row, left to right, are G. D. Clapp, Kenneth Phillips, Don McKenzie, Bob Drace and Kenny Rankin. Back row, left to right, Boyd Mitchell, Dan Ward, who served as installing marshal, Lamar McKenzie, who was installing officer, Rupert Allen, George Hughes, Cecil Mc-

Jurdy and Joe Lovelace. Two of them not present when the picture was made are Pete Wilson and Bill Moore.

Don McKenzie, Worshipful Master; Bob Drace, Senior Warden; Cecil McCurdy, Junior Warden; Joe B. Lovelace, Senior Deacon; G. D. Clapp, Junior Deacon; Pete Wilson, treasurer; Boyd Mitchell, secretary; George Hughes, tier;

M. H. Rankin, chaplain; Bill Moore, Senior Steward; Rupert Allen, Junior Steward.

Third Generation

Don became the third generation of McKenzies to serve as Worshipful Master of Abernathy Lodge No. 1142, A. F. & A. M. His father, Lamar McKenzie, served in that office in 1904-1905. Don's grandfather, the late W. A. McKenzie, was Worshipful Master of the Lodge at two different times, ten years apart, in 1923-1925, and again in 1932-1933. Lamar was installing officer July 9, when Don was installed as Worshipful Master. W. A. McKenzie was the installing officer in 1934, when Lamar became Worshipful Master of the Lodge.

BIG STATE GRAIN CO. TO DOUBLE CAPACITY

Big State Grain Co. of Abernathy, owned by several local farmers and managed by Lamar McKenzie, one of the partners, plans to double the capacity of its facilities. Presently at near 700,000 bushels capacity, additional facilities, purchased and to be constructed, will bring total capacity to near 1,400,000 bushels. Construction on the new addition is expected to be completed in September. It will be south of the present plant.

SENIOR GIRL SCOUT TROOP 95 VISITS COLORADO SPRINGS
(From Last Week)

Mr. and Mrs. Phil Sterrett and Senior Girl Scout Troop 95 visited Betty Ann Sterrett at the National Girl Scout Roundup at Colorado Springs, Colo., last week. There were 8,000 girls from every state in the USA and 20 foreign countries present.

Wednesday, July 8th, is Colorado Centennial Day and there

JR. LEAGUE BASEBALL TEAM WINS TWO MORE
(From Last Week)

Abernathy's Junior League baseball team was entered in the Teen-Age Invitational Baseball Tournament in Lubbock last week. The local lads played their first game in the tournament Tuesday, June 30, and defeated their opponents, the Morton Chippers, by a 13-6 margin.

The winning pitcher in this game was Tom Ritchey. Home runs were hit by Larry Florence and John Kiker, who led the hitting attack for the local team. Several double plays were executed.

was a big Arena Show open to the public.

They also hoped to visit Bo Wright at the Academy and spend a day sightseeing, Garden of the Gods, Cheyenne Mountain Zoo, Seven Falls and many other scenic attractions.

ated by F. G. Mathis at short stop and Billy Hooker at second base, with Larry Florence on first. The coach, Mitchell LeMoine, is very proud of the boys on his team.

In their second game of the tournament, the Abernathy lads lost to the eventual winners, Clubb Grain, 6-0. This was a fine defensive game for the boys, however, their hitting was weak. The boys, again led by Billy Hooker, made four double plays which is exceptionally good in any baseball game.

Clubb Grain, the team that won the Teen-Age Tournament, is a fine ball team. During their series of games in the tournament, Abernathy's fine team held them to fewer runs than did any other team in the tournament.

Beat Crosbyton

Monday, July 6, the Abernathy Junior League team clobbered the Crosbyton team 24-1. Leading the local hitting attack was Keith El-

his with two home runs and a triple, with home runs added by John Kiker, Tom Ritchey, F. G. Mathis, Billy Jack Hackler and Don Hughes.

The boys really looked good in this game, and everyone in town is urged to come out Wednesday to the game with Lorenzo and root the boys home to another victory. Everyone should be proud of these boys and should back them with their fullest support.

The Bonne Beard family of Crane visited his parents, Mr. and Mrs. B. H. Beard, and other relatives here last weekend.

Ellis Turner, Arno Struve and Roy Thomas were among those called on the Hale County grand jury panel for this week.

Mr. and Mrs. Richard Havens and son, Mark, visited relatives in Quanah Sunday.

PASS ORDINANCES ON HIGHWAY JOB
(From Last Week)

City Councilmen met in special session Thursday afternoon of last week to pass ordinances regarding the new highway (freeway) through Abernathy. It will be on the right-of-way cleared about three years ago, a block and one-half east of the present highway through town. Reports said that bids on construction of the new highway may be taken in September.

Jimmy Torres, Plainview, former Abernathy High school student, is one of five young men in a musical group signing a five-year contract with Imperial Recordings. Their first record for that company features "So Shy" with the flip side presenting "Dream Around You." The group, composed of Plainview young men, are known as the "Leen Teens."

HOW HIGH IS YOUR STANDARD OF LIVING?

Can you guess how many ways you put electricity to work?

One good measure of your standard of living is the number of ways electricity is working for you. The more things you let it do, the more likely you are to live well and comfortably and get the most out of life.

Many people don't realize how many different jobs electricity does for them—all over the house. Do you?

Make a guess—how many ways do you put electricity to work? You can check your guess against the list below to figure how many appliances you really have. If you guess within 5 of the actual total, you're very observant.

What's more, you have a good idea how outstanding a value your low-price electric service really is.

DINING-KITCHEN JOBS — REFRIGERATOR — REFRIGERATOR-FREEZER — FREEZER — RANGE — DISHWASHER — DISPOSAL UNIT — TOASTER — COFFEE MAKER — FOOD MIXER — PORTABLE MIXER — BLENDER — ROTISSERIE — AUTOMATIC SKILLET — DEEP FRYER — AUTOMATIC SAUCE PAN — WAFFLE BAKER — GRILL — ICE CREAM FREEZER — JUICER — BOTTLE WARMER — KNIFE SHARPENER — OTHER	ENTERTAINMENT AND BETTER LIVING — TELEVISION — RADIO — CLOCK-RADIO — PHONOGRAPH — TAPE RECORDER — PROJECTOR — ELECTRIC TOYS — ELECTRIC HOBBY EQUIPMENT — WALL AND CEILING LAMPS — FLOOR LAMPS — TABLE LAMPS — ELECTRIC CLOCKS — ELECTRIC BED COVERINGS — SHAVER — HAIR DRYER — HEATING PAD — HEAT LAMP — VIBRATOR — VAPORIZER — OZONE LAMP — NIGHT LIGHT — OTHER	SERVICE JOBS — CLOTHES WASHER — CLOTHES DRYER — SEWING MACHINE — IRONER — HAND IRON — WATER HEATER — VACUUM CLEANER — WAXER-POLISHER — POWER TOOLS — GARAGE DOOR OPENER — ELECTRIC LAWN MOWER — AIR CONDITIONERS — FANS — SPACE HEATERS — FURNACE MOTOR — HEAT PUMP — OTHER

DAVIS BUYS UNIFORMS FOR JR. LEAGUE TEAM

Harold Davis, partner in Service Grain Co., purchased 12 baseball uniforms, caps, socks and all, for the Junior League baseball team and donated them to the school.

We are really grateful to him for this wonderful contribution.

Thanks from all the boys and the coach.

Mitchell B. LeMoine, Coach.

Mr. and Mrs. Jim Bob Smith and son, Kevin, made a trip to Amarillo during the July Fourth holiday.

NEW JR. HIGH TEACHER HIRED

Mrs. Juana Hill, wife of Abernathy's new assistant football coach, Wadelle Hill, has been employed to teach in Abernathy Junior High School during the 1959-60 school term. Mrs. Hill, having a bachelor degree from Howard Payne College, is a language-arts teacher.

The Billy Houstons and the Mack Scoggins have just returned from a trip to Red River in New Mexico. It is reported that they had a little difficulty maintaining their accustomed schedule on the return trip.

**"Chef—
to the phone, please!"**

One good measure of your standard of living is the number of ways electricity is working for you. The more things you let it do, the more likely you are to live well and comfortably and get the most out of life.

Many people don't realize how many different jobs electricity does for them—all over the house. Do you?

Make a guess—how many ways do you put electricity to work? You can check your guess against the list below to figure how many appliances you really have. If you guess within 5 of the actual total, you're very observant.

What's more, you have a good idea how outstanding a value your low-price electric service really is.

DAVIS BUYS UNIFORMS FOR JR. LEAGUE TEAM

Harold Davis, partner in Service Grain Co., purchased 12 baseball uniforms, caps, socks and all, for the Junior League baseball team and donated them to the school.

We are really grateful to him for this wonderful contribution.

Thanks from all the boys and the coach.

Mitchell B. LeMoine, Coach.

Mr. and Mrs. Jim Bob Smith and son, Kevin, made a trip to Amarillo during the July Fourth holiday.

NEW JR. HIGH TEACHER HIRED

Mrs. Juana Hill, wife of Abernathy's new assistant football coach, Wadelle Hill, has been employed to teach in Abernathy Junior High School during the 1959-60 school term. Mrs. Hill, having a bachelor degree from Howard Payne College, is a language-arts teacher.

The Billy Houstons and the Mack Scoggins have just returned from a trip to Red River in New Mexico. It is reported that they had a little difficulty maintaining their accustomed schedule on the return trip.

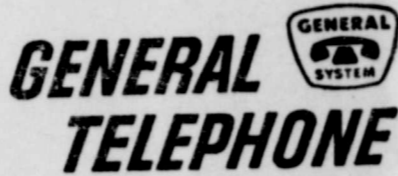

**"Chef—
to the phone, please!"**

When Dad dons his chef's apron and cap, you know something good is cooking.

And if he needs to answer the phone while the steak is sizzling, why not make it easy for him?

Let us install a telephone right there at his barbecue—or, perhaps, on the patio or at the pool. Choose any of ten lovely colors to blend with your color scheme.

It brings new convenience to outdoor living—and it costs so little. Just phone our Business Office.

Lebow, Pioneer Railroad Man
 (By O. F. REA)

Mr. S. H. Lebow, well known retired railroad man here, worked in the gang on the section from Abernathy to Alley Switch in 1909 and 1910. He drove in the date nails on this section in zero weather. This was a nail with a date on the head that was driven into each tie showing when installed. This took place in the period from November, 1909, to March, 1910.

He left the railroad for a time, but returned to the Santa Fe at Lubbock in 1915, and spent 38 years on the road at various places. He worked with different

gangs from Happy to Snyder, and spent some time at Muleshoe. He came to Abernathy in 1932, and remained here until retired in 1953. In the old days with hand cars, a section was only six miles, but with the advent of the motor car the section was extended to about twenty miles.

This period from Nov. 1909 on was in the early days of the railroad and this was the first section crew in service after construction was completed and trains running on this section of the road.

Rev. and Mrs. O. C. Nelson of Waldwich, New Jersey, were visitors in the home of the J. P. Nystels June 30 and July 1. Rev. Nelson is a brother of Mrs. Nystels. The Nelsons were en route to Pomona, Calif., where the Rev.

FIRST COTTON BLOOMS REPORTED

The first cotton bloom we have seen was brought in by Doyle Oswald Thursday July 3. This was also the first one he had seen in his crop.

Wyley Wilkison reported the first blooms were seen in his crop on July 3.

With cotton of all ages and stages in the fields, due to hail, wind, and other causes of damage, and with late replantings, it looks like the harvest will be scattered over a longer period than normal.

Nelson will preach at the Westmount Methodist Church for the summer on an exchange basis with the local pastor.

WHAT DOES THE BIBLE SAY ABOUT MORALITY?
 BY ROY DEAN VERNER
 Reading Time: 4 Minutes

It is a common occurrence to hear one say "He was a good man." This compliment is given to someone who is a good moral man. This usually means that he is a good neighbor, a good husband, a good father, and a good citizen of the community. This is an honor that all should strive to attain—the honor of being called a "good man." This world would be a better place in which to live if every man had this as his goal.

Morality is needed everywhere, but morality will not save a soul from eternal death. Our Lord said "Not every one that saith unto Me, Lord, Lord, shall enter the Kingdom of heaven; but he that doeth the will of my Father which is in heaven" (Matt. 7:21). In the parables found in Matthew 25: one can read of pure virgins being left outside the marriage chamber because they had not made adequate preparation. Surely it was not that these virgins lacked morality, but it was because they were unprepared. Jesus was teaching the necessity of obedience in order to be acceptable to Him.

Many have said: "I believe that a person who is a good moral man and lives a decent life will be saved at the judgment." These people are basing their soul salvation upon such a philosophy, but such is not taught in the New Testament. Those who draw such conclusions get them from somewhere other than the Bible.

The Apostle Paul emphatically states in II Thessalonians 1:7-8: "The Lord Jesus shall be revealed from heaven with His mighty angels in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ." Note that vengeance is to be taken on those who have not obeyed the gospel and those who have obeyed the gospel are christians. Therefore God is going to take vengeance on everyone who is not a christian. One must realize that it is possible to be a good moral man without being a christian, but it is impossible to be a true christian without being a good moral man. Since this is true, we must not depend upon morality alone to save our souls at the judgment.

If you have been depending upon morality for your soul's salvation, discontinue such a practice, and obey the Word of God. Study your Bible, and heed its teaching. "Thy word is a lamp unto my feet, and a light unto my path." (Psalms 119:105). "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works." (II Tim. 3:16-17)

BILLIE HOUSTON AND MARGIE GUINN
To Play For North All Stars

Two Former Antelope Cage Stars to Play in All-Star Game

Two members of the Abernathy Antelope State championship girls' basketball team have been selected to play in the All-Star game July 17 in the Sam Houston State College gymnasium, Huntsville. Margie Guinn, forward, and Billie Vance Houston, guard, were

selected by coaches to play on the North All-Star Team because of their outstanding performances the past year in guiding the Abernathy Antelopes to their second consecutive state AA championship title. Only girls who have completed

their senior year in high school are eligible to participate in the All-Star Game.

Both girls have received wide recognition the last two years in helping Abernathy become one of the top power houses in the state in girls' basketball. In the two years that both Misses Guinn and Houston have played together on the varsity team, the Antelope girls have compiled a phenomenal 74-5 won-lost record.

Guinn was twice selected to the mythical All-State team, while Houston has twice received an Honorable Mention. Both players have been selected to several all-tournament teams the past two years.

While Billie has been one of the outstanding guards to ever play on an Abernathy team, Margie has been one of the outstanding girl players in Antelope annals. In the three years that she competed on the Antelope varsity team, Miss Guinn scored 2,975 points, the highest number ever scored by any one individual in the same period of time. In her senior year, Margie made a closing debut to her high school bas-

Boyd Mitchell of the local school faculty is attending a school meeting in Austin this week. Following his return from Austin, the Mitchell family will go to Cowles, N. M., for a vacation.

Mail News to The Review

ketball career by pouring 1,243 points through the hoops in 38 games, for an average of 33.6 points per game.

Margie also holds the high individual scoring record for Abernathy, scoring 55 points in the state semi-final game this season. The 55-point outburst also gave her the state record for the highest number of points ever scored by a Class AA girl in the state tournament. Also, Margie holds the record for connecting on the greatest number of free shots in the state tournament, 27.

Both Billie and Margie were co-captains of the Antelope girls' team this year, and both have been coached by Coach J. N. (Pete) Wilson their entire basketball careers.

Phillips Named Co-Op Director

At the regular stockholders meeting of the Co-op Grain Company on June 30, the usual proceedings were hampered by threatening weather and were held to the bare minimum. The only business of note was retirement of outgoing director Ted Wisdom and the naming of Virgil Phillips as his successor. The attendance was light.

and with this business over, meeting was adjourned.

The Will Dardens were here from Elbert, Colo., to visit their son and wife, Mr. and Mrs. Clyde Darden, and to attend the Celebration here. The mustache Mr. Darden was sporting was for two events, the 50th anniversary event here, and the State of Colorado's 100th anniversary being observed this year. "They charge \$10 for shaving permits in Colorado," Mr. Darden reported.

County Line Chit Chats

(By Mrs. Wayland Nelson)

(This news was written to appear in last week's paper, July 9.)

James F. (Sam) Terrell visited his parents, Mr. and Mrs. S. B. Terrell, over the weekend. James is employed by the engineering department of the Texas Electric Company of Odessa.

Mr. and Mrs. Verlon Barron and children spent the weekend of the Fourth of July in Cloudercroft, New Mexico.

Mr. Edd Nelson spent the Fourth celebrating with the old timers in Elida, New Mexico. Elida was having Pioneer Day. Mr. Nelson formerly lived in Elida with his family, so he enjoyed visiting with his friends. Gov. Burroughs of Albuquerque was guest speaker for the day.

Mr. M. T. Hunt and daughter, Doris Ann, spent the week with Mr. Hunt's sister, Mrs. F. C. Bishop and family. They are living in Yuma, Arizona, but are moving back to their farm in Idalou as soon as they can dispose of their property in Yuma.

We are real proud of our baseball team of County Line. They played the Negro Little Leaguers of Anton Saturday morning at 9:00. The score was 20-18 in favor of our boys. The Co-op Gin has made a nice baseball field just southwest of the gin for the boys. We had a good turnout of supporters Saturday morning to back the boys and that really helps the boys, so come on out and watch our boys play on Tuesdays at 3 p. m. and Saturdays at 9 a. m.

Did you know we had two teams of boys ready to play baseball and we could have a third team? We have the Pee-Wee team, consisting of eight and nine year old boys and they are:

Leroy Grawunder, Larry Wade, Dennis Morris, Jerry Rice, Richard Montgomery, Burt Montgomery, Charles Hamilton, Jimmy Dickey, Bennie Pope, Herman Riojas, Glen Durrett and James Conn.

We have the Little Leaguers which consist of the 10, 11 and 12 year olds and they are: Jerry Don Dickey, Robert Davis, Darrell Johnson, Jake Mallow, Larry Crowder, Stevie Johnson, Wayne Morris, Phillip Taylor and Billy Joe Dickey.

We want to start a Pony League soon which would include the 13 to 17 year old boys. The

Pee Wee and Little Leaguers will play a return match at Anton with the Anton Little League Negro team who call themselves DODGERS. Our little boys have not selected a name for themselves yet, but will vote on one Tuesday when they meet at 8:00. They will play the Anton Dodgers Saturday at 9:00 a. m. in Anton, so let's all be there and back them. See you in Anton...

Heard they had a big crowd at the County Line Community Annual July 4th Picnic. The crowd gathered at the Mackenzie State Park in Lubbock about 6:00 p. m. and had an hour of chatting and visiting before serving the meal.

The picnic baskets were spread at 7:00 p. m., and everyone said they had plenty of fried chicken and all the trimmings. The crowd was smaller than usual due to this being a busy time for the farmers who are all in their fields trying to save the cotton from the weeds that have popped up during the rains we have every week.

Those who enjoyed the outing were: Mr. and Mrs. Mathew Goodrich; Mr. and Mrs. Frank Cox and children; Mr. and Mrs. G. W. Manley and children; Mr. and Mrs. Darrell Stephens and children; Mr. and Mrs. Deltor Stone and Gary Dale; Mr. and Mrs. Jack Connell and children and Mr. Connell's mother, Mrs. Connell; Mr. and Mrs. Pete Thompson and children; Mr. and Mrs. Doyce Newton; Mr. and Mrs. R. D. Presley and daughter, Angela; and Mr. and Mrs. Leon Manley. After the picnic the group wandered down to the Amusement Park where they all enjoyed the rides - especially the children.

The gardens in County Line are looking pretty now. Mrs. E. C. Bishop, Mrs. A. H. Allen and Mrs. J. C. Roberts are canning beans this week out of their gardens.

Lots of board meetings are being held at the gins. It was reported that the County Line Co-op Gin held a board meeting Monday morning, July 6. It consists of the following men: F. C. Bishop, Omer Hornum, Marvin Floyd, G. W. Blackmon and J. H. Howard and the gin manager, Mathew Goodrich.

Wonder what they do at these meetings as no news is ever given out. The Farmer, County Line Gin also holds a board meeting each week consisting of J. C. Mills, Pete Thompson, Billy Houston, Jack Barton, Lee and Martin McGuire and the gin manager, J. C. (Sonny) Roberts. All I know is that lots of coffee is consumed at these meetings.

Mr. and Mrs. G. W. (Barney) Blackmon spent from Thursday until Sunday in Dallas with their son, Leldon, who is living in Dallas and working on his Master's Degree. He is supposed to finish his work today (July 6) and receive his degree. He has been re-elected to teach English in the Highland Park High School for the next school year 1959-60.

Mr. and Mrs. Mike Valdez and children, Jane, Thresa, Delphina, Mike, Jr., Judy and Maria Faye

spent Sunday in Muleshoe visiting friends and relatives.

Mr. and Mrs. J. C. (Sonny) Roberts and son, Johnny, spent the weekend in Knox City visiting Mrs. Roberts' sister and family. Mr. and Mrs. J. C. Goodee, Linda Goodee returned home with the Roberts to spend a few days in County Line.

Mr. and Mrs. Buzz Richardson of Lubbock spent the Fourth of July in County Line visiting friends and relatives.

Mr. and Mrs. Marvin Stephens visited Sunday in the home of Doc Haile and family of Farwell.

Get your needle, scissors and thimble ready as Mrs. Buford Conn has invited us to her home in County Line to an old fashioned Quilting Bee next Thursday, July 16, at 1:30. Let's all meet and help her finish her quilt.

Don't forget to bring your Frontier Stamps that you would like to donate to help the club get a punch bowl that we need so badly. We just need about nine books to get the bowl and cups. If you would like to join the Quilting Club just bring your annual dues of \$1.20 and you're in for a year. We need some more readers in County Line so if you would like to subscribe to The Abernathy Weekly Review just bring your \$2.50 and turn it in to some of the members and you will get all the news of this area for a year.

The W.M.U. of the County Line Baptist Church is back in full swing this week. They met Monday at 2:00 p. m. Mrs. R. D. Presley had charge of the program out of their Study Book, Royal Service. Mrs. Marvin Floyd and Mrs. E. L. Minor met in the small auditorium and organized a Girl's Auxillary for the church.

The details of this organization will be in next week's paper.

Mr. and Mrs. Emmett Crow attended the annual family reunion of their families in Temple last weekend.

Mr. and Mrs. Leo White and Marsha Kay will be guests of the G. W. Nelsons and Mr. Edd Nelson Thursday. Marsha Kay will remain over Friday and Saturday

in order to take part in the Jubilee in Abernathy.

Miss Marsha Kay White was voted to be Lion's Club Sweetheart of Plains for the next school year, 1959-60. Miss White is a very talented pianist. She is the granddaughter of Edd Nelson.

Mr. and Mrs. G. W. Nelson attended church in Shallowater Sunday night.

VANCE THOMAS

Vance Thomas Heads Motor Hotel Group

(Editor's Note: The following is from a recent issue of a Baton Rouge, Louisiana, newspaper. It concerns Vance Thomas, a former Abernathian. A son of Mr. M. Thomas, Fort Worth, Vance was graduated from high school here in the mid-1930's, and began his hotel work soon thereafter as a bellboy at Texas Hotel, Fort Worth.)

Vance Thomas, general manager of the Bellemont Motor Hotel and the Continental Motor Hotel, Baton Rouge, was elected president of the Louisiana Motor Hotel Assn. at its convention in New Orleans, Saturday and Sunday. The convention was the largest held in the 10 year history of the association and was attended by motel owners and managers from throughout Louisiana, with guests from Florida, Texas and

Hugo Richter Shows Film To Local Lions

(From Last Week)

Hugo Richter, son of Mr. and Mrs. H. E. Richter, was guest speaker at the regular noon luncheon of the Abernathy Lions Club Tuesday, July 7.

A 28-minute film was shown to

the Lions members and guest by Hugo at this meeting. The film showed and explained the development and construction of a Sodium Reactor Plant built in California which was designed to produce electrical power. Also, a portion of the functional operations at the plant were shown in this film.

Hugo, who worked on the plans and construction of the plant for about three years, stated that the total cost of the plant's construc-

tion and the operations of the experimental developments was in the neighborhood of 20 million dollars.

Thompson

Joe Thompson, last year's Lion President, expressed his appreciation to the members of the Abernathy Lions Club for their support during the past year and for the honor of his being their president.

Also, Mr. Thompson, who is head of the committee that is

One-key control: only Chevy in its field has done away with fumbling for two or three keys. The same key unlocks the door, starts the engine, opens the glove box and trunk.

WHY DO WITHOUT THIS CONVENIENT LITTLE TOUCH... LET ALONE

THESE BIG CHEVY VIRTUES!

BIGGER BRAKES

Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR*-conducted test of repeated stops from highway speeds.

*National Association for Stock Car Advancement and Research

GREATER ROOMINESS

Official dimensions reported to the Automobile Manufacturers Association make this point abundantly clear. For example, Chevy's front seat room is up to 5.9 inches wider than in comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

MOST ADVANCED ENGINES

We'll let SPORTS CARS ILLUSTRATED talk about Chevy's standard passenger car and Corvette V8's: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." And every motor magazine concurs! There are eight V8's to pick from—the widest choice in Chevy's field.

FRESH STYLING

POPULAR SCIENCE magazine's experts took one look and said, "In its price class, Chevy establishes a new high in daring styling."

HIGHER TRADE-IN

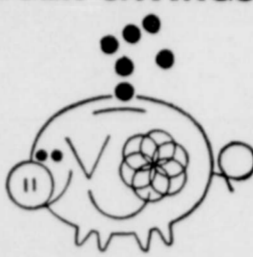

N.A.D.A.* Guide Books carry the proof of Chevy's extra trade-in value. They show that Chevrolet used car prices last year averaged up to a solid \$128 higher than comparable models of the other two cars in Chevy's field.

*National Automobile Dealers Association

FULL COIL RIDE

You've almost got to find a really rocky road to show off Chevy's easygoing ride to full advantage. MOTOR TREND magazine gives you an idea, though: "... the smoothest, most quiet, softest riding car in its price class."

BIGGER SAVINGS

Two Chevrolets packing our pennypinching 6 with Powerglide delivered a whopping 22.38 mpg in this year's Mobilgas Economy Run, winning the first two places in their class and walking away with top honors among all full-size cars. How can you argue with a figure like that?

See your local authorized Chevrolet dealer and see how much more Chevy offers!

ABERNATHY WEEKLY REVIEW

ABERNATHY, TEXAS, THURSDAY, JULY 16, 1959 Page 8

Published On Thursday of Each Week In Abernathy, Texas Entered As Second Class Mail Matter At The Post Office At Abernathy, Texas, Under The Act Of Congress of March 3, 1879 ESTABLISHED IN 1921 Richard Havens, Editor — Buford F. Davenport, Publisher P. O. Box 847, Abernathy, Texas Telephone 90

The Northside Baptist Mission met in the home of Mrs. Harold Poage for business and a Royal Service Program.

Topic for Mission Study was, "The French in Louisiana." Mrs. Clifford Conner discussed, "Deliverance Through the Scriptures."

Mrs. Bill Holleman gave, "Deliverance through Radio Ministry." "Saved and Serving," was discussed by Mrs. Earl Poage.

Mrs. Harold Poage led in a period of prayer. Others present were Meses. Ray Boyce, A. Kelley, N. J. Fred, John L. Harral, and Miss Patsy Fred.

This group will meet again at 2:30 p. m., July 27th, at the church for Bible Study. The first chapter of the new study book will be studied.

Mr. and Mrs. M. M. Bell visited her mother, Mrs. J. T. Meredith, in Vernon Sunday. John Dillinger has moved from 610 8th St. to 1208 14th St.

The A. C. Nystels have returned from a three day trip to Ruidoso, N. M., where they enjoyed the cool, refreshing mountain atmosphere. A sister, to Mrs. A. C. Nystel, Mrs. F. H. Mitchell, of Whittier, Calif., was visiting the Nystels, and she accompanied them to Ruidoso. Mrs. Mitchell left Friday on her return trip home.

DIXIE PONY LEAGUE ALL-STARS—Here are the Dixie Pony League all-stars who will begin tournament play Monday.

Front row, left to right—Billie Jernigan, Ormer Morgan, John McIntire, Alvin Lovato, Max Ybarra, Monty Dumas, Dan Barrett, and Tommy Key.

The South Plains Sportsman by LEO HEALER

THE DESERT BIGHORN population on the Black Gap Wildlife Management area in West Texas now has reached 11, according to E. A. Walker, director of wildlife restoration of the Texas Game and Fish Commission.

At the present time there are five rams and six ewes behind the lion proof fence in the middle of the 100,000 acre wildlife refuge.

Biologists have been back in Arizona on the Kofa wildlife refuge with their summer trapping. Because of more favorable trapping sites, they have done better this year than previously.

Two ewes and two rams were added to the compound last week. It is possible some others may reach the area before the summer is over.

The animals are being planted in Black Gap in an effort to restore the Desert Bighorns to the mountainous country along the Rio Grande, where they once roamed in great numbers.

Because of mountain lions it was necessary to erect a high wire fence around a section of pasture land, so the sheep would have a chance to survive.

DRAW A CIRCLE around the date of July 23. To the wild animal caller, photographer, and bow hunter this will be an important time.

The West Texas Chapter of the Texas Wild Animal Callers Assn. will have a meeting at 8:00 p.m., July 23, in the Flame Room of the Pioneer Natural Gas Co.

There will be a short business meeting. Chief interest, however, will be centered around the sound, color, and action picture called "Big Game Bow Hunting in Africa."

This comes through the courtesy of Fred Bear, nationally known bow hunter and archery equipment manufacturer.

The public is invited to attend this meeting, as always.

A MONTHLY FISHING CONTEST is still underway at Graham Holmes Sporting Goods Co., and will continue for an undesignated number of months.

A large deep freeze keeps the entries on display during the month of the contest in which the fish are entered. The freezer currently contains a largemouth bass weighing eight pounds, caught some weeks ago at Lake Thomas, but which is for display and "fishing fever" purposes only.

Monthly prizes are \$25.00 in merchandise for the largest bass and pike, \$15.00 for the largest crappie, and \$10.00 for the largest channel cat.

So far in July only one fish has been entered in the contest. This fish is a six-pound, 27-inch channel cat, entered by Elmer Hitt of Post. This channel was caught at Lake Thomas on July 12 when Hitt was baiting a throwline with worms and stink bait.

During June, the first month of the contest, the winner of the largemouth division was C. A. Ferguson, 1614 6th Street, with a largemouth weighing four pounds one and one-half ounces, field dressed. This catch came from Buffalo Lakes on June 10 when Ferguson was fly rod fishing with minnows.

There were no entries for channel cat or crappie during June.

For the next two weeks many large fish will be caught by South Plains anglers. Why not get into the contest?

HIS HONOR John Burroughs, Governor of New Mexico, will spend next Friday, July 24, at Red River, New Mexico. He will be accompanied by Fred W. Phelps, director of the New Mexico Tourist Bureau and in charge of the Development Dept. of our neighboring state.

Governor Burroughs will make a special speech to the anglers and vacationers at Red River on the night of July 24. After that he will attend a special chuck wagon dinner, where barbecue beef and all the trimmings will be featured. Taos Indian dancers will furnish entertainment for the evening.

On the following day, Governor Burroughs, who was born in Lubbock County, will take a jeep trip into the mountains.

Fishing at Red River continues to be good for the stream anglers. Middle Fork Lake is still providing good trout fishing. Goose Lake has been exceptionally good due to the recent stocking of Rainbows from 8 1/2 to 13 1/2 inches.

The weather has been pretty, with a few occasional showers tending to cool the atmosphere. According to Dexter Walthall of Dexter's Trading Post in Red River, the average daytime temperatures for the past week were 78 degrees, while the average nighttime thermometer reading was 48 degrees.

Crowds continue to use the Community House facilities for daily entertainment. The Wednesday night Chuck Wagon get-together is very well attended.

Vacationing and/or fishing in the Red River community this past week were the following:

Mr. and Mrs. J. M. Marcy and grandson, Roger Bullin, of Ropesville; Mr. and Mrs. Woodrow Pugh, 2714 Auburn; Les Cartwright, 2617 West 5th Street, Plainview, formerly of Lubbock and associated with the Borden Milk Co. (Sombbrero Lodge); L. W. Foust, Plainview (Grandview Camp); Wayne Ross, Plainview (Grandview Camp); Mr. and Mrs. R. J. Ledbetter, 1913 7th Street; Mrs. Ben Morris, 1320 28th Street, who was visiting with Taylor McCasland, President of the Chamber of Commerce in Red River, and a former Lubbock resident; and Mr. and Mrs. Cy Jones and son, Steve, 3601 36th Street, Lubbock.

THE FISHERMAN'S BARGE is a new \$13,000 luxury fishing barge located over deep Lake Nasworthy, just outside San Angelo, and located on the old river channel just below the mid-lake Knickerbocker Highway Bridge. The grand opening of this new facility, developed by a group of young, enterprising businessmen of San Angelo, was held just prior to the Fourth of July holidays.

Adequate shoreline parking and closely tiled restroom facilities have been provided. Fishing charges are \$1 for adults and 50c for children. Coffee, cold drinks and light foods are provided on the barge.

Telephone, television and lounging chairs are supplemental conveniences for those fishing in the air conditioned lake resort. Sound inviting, especially in this warm weather? No reason now to let the hot dog days keep you at home?

Along with all this, fish are caught too. You folks up Bovina way check with Leo Fuller. He was fishing on Wednesday night of this week at the barge and took home a string of 18 sand bass, all going from one to two pounds!

Like taxes, fishing barges are here to stay, so you might as well get used to the idea of using them. They've gone a long way to taking the weather worry out of fishing.

The main feature I like about the barges is that many people can fish now who otherwise would be home bound. Heart patients, amputees, blind people, polio victims, and all others who might not be able to stand severe weather or a lot of activity—they now have a chance to partake of the joy of fishing.

EARLIER THIS MONTH while in Platoro, Colorado, I met a man called Clint Wiley. He's an eighteen-year veteran of taking anglers and hunters on pack trips into the high lakes and big game country of that section of the Rocky Mountains.

On Wednesday evening, July 22, I went to pass along the information received from Wiley.

BIG FIELD IN JUVENILE INGLEWOOD, Calif. (UPI)—An unexpectedly large field of 15 2-year-olds was named through the entry box Friday for the \$100,000-added Hollywood Juvenile Championship Stakes Saturday.

FRICK TO TESTIFY NEW YORK (UPI)—Commissioner Ford Frick disclosed Friday he had been summoned to Washington July 29 to testify before the Senate anti-monopoly subcommittee which is considering two bills dealing with sports.

Floydada Pro-Am Set Thursday

A Pro-Am at Floydada Monday, a similar meet at Amarillo Ross Rogers Wednesday and the Amarillo Partnership beginning Thursday are the golf action this week for South Plains linksters.

In fact, there is one other golf tourney in the state this weekend as the long golfing season is nearing its windup. That meet is the Texas Publinks in Fort Worth Saturday and Sunday.

The Pro-Am at Floydada is on the point system and the attractive Floyd County course is in top shape for the one-day play as well as for the tournament Aug. 13-16. The partnership play at Amarillo is for amateurs and will be low ball.

Little League Meet To Start Thursday

The city Little League tournament gets under way Thursday at Southern Little League Park with two games and two of the teams will earn berths in the District tourney.

Area 3 games are slated Thursday. Dixie plays Southern at 6 p. m., followed by the Eastern-Southwest contest at 8 p. m. The two winners clash Monday, July 27, at 6 p. m.

Area 4 teams play Friday. Northeast meets Reese at 6 p. m., followed by the North-Northwest game at 8 p. m. The two winners meet at 8 p. m., July 27, for the title.

Winners of Area 3 and 4 will compete in the district meet July 31-Aug. 4 against winners of Area 1 and 2.

Antelope Captains Are Named At Post

POST (Special)—Scotty Pierce, Kenny Poole and Curtis Didway have been elected tri-captains of the Post Antelope football squad for 1959.

The tri-captains are seniors. Pierce has lettered two years at end, Poole two years at guard, and Didway two years at quarterback.

Jockey Bill Hartack led the riders with 24 winners in 19 days at the 1952 autumn meeting at the Charles Town, W.Va., track.

tournament chairman, declared. "It seems that every year some golfer gets hot and comes out of nowhere."

The only repeat champion in this tournament was Billy Maxwell, the first two years the tournament was held. Otherwise, defending champions have found it impossible to come through again. Thus, Jimmy Johnson doesn't have to feel badly about his loss, and Keith can feel happy about his darkhorses winning.

Pee Wee Baseball

SOUTHWEST MINOR LEAGUE Bill Sanders slamed two home runs and was the winning pitcher as Woollock Furniture Downed Twin Oaks Pharmacy, 15-9. Hodges was the losing pitcher.

Huse and Holmes homered for the winners and Hagood doubled. Corky Brown homered for the losers, while Van Luit and David Hodges tripled.

Sam Ribble Florist swamped Chapman Homers, 14-5, with Bob DeLavan getting the win and Glenn Foster the loss.

Jay Ribble and Jim Nunley homered for the winners, while Nunley also tripled. Gary Bernard had two triples. Lynn Hamm doubled and had two singles for the Homers.

DIXIE MINOR LEAGUE The Woody Tire Wheels executed a triple play in rolling past the Robinette Roosters, 16-6, in winning the league title as they won Saturday.

With runners on first and second, shortstop Galan Thompson caught a line drive, stepped on second and threw to first to complete the rare play.

SOUTHWEST PEE WEE Tom Armstrong was the winner for the losers.

... A column prepared by the National Advertising Department of The Lubbock Avalanche-Journal for the Wholesale and Retail trade on The South Plains.

FOODS, GROCERIES

A 12-volume children's "Picture Book" Encyclopedia, so up to date as it even describes Hawaii, our 50th State, bids fair to become one of the most successful premium offers ever made by Rinsol Blue. Specially prepared for children ranging in age from 6 to 16, the complete set of volumes contains 2,304 pages of up-to-date factual information fully illustrated by more than 6,000 pictures in full color. Each volume, through the unique offer, may be secured for only 50c plus a box top from any Rinsol Blue package.

Standard Brands, Incorporated, has been running a 10c coupon on its New Tender Leaf Tea in *The Avalanche-Journal*. Quart size ice tea bags are the latest thing, tea for three or four is the new easy way. Just one bag makes a whole quart of perfect iced tea. Only one bag to remove, by its handy and exclusive ribbon tab. E. H. (Ernie) Pate is the representative for Standard Brands in Lubbock.

PATE

DRUGS

Vogarell Products Company are adding selling support to the retail trade on their product, "Lanacane". A continuous summer campaign will inform your customers of this product so be ready for them with a stock of Lanacane on hand.

LUMBER

The Texas Lumber Manufacturing Association has an interesting add in the "Total Selling Medium". SPIB Grade-Marked Texas Yellow Pine is in abundant supply in our state and through careful planning carried on by the association, the supply will never be exhausted. Ample supplies of this quality, kiln-dried lumber are readily available in various sizes and grades from retail dealers. If you are planning to build, buy or remodel do a quality job. Use SPIB Grade-Marked Texas Yellow Pine.

AIRLINES

American Airlines had an ad in the paper the other day that made Texans sit up and take notice. The first and only Jet service from Dallas to New York became available July 12. And the time for the trip is only 3 hours and ten minutes. It's amazing but on American 707 Jet Flagship they are doing it every day. The flight departs from Dallas Love Field at 5:15 p.m. and arrives nonstop New York 10:25 p.m. The Felsher Travel Agency is the local agent in Lubbock for American Airlines.

TOBACCO

DARNELL

The R. J. Reynolds Tobacco Company has a beautiful large space ad in *The Avalanche-Journal* on Salem Cigarettes. Salem has an exclusive new cigarette paper that "air softens" every puff. Menthol fresh, rich tobacco and modern filter combine to refresh your taste. The Local salesman is J. C. (Johnny) Darnell.

BAYCIGARS, Incorporated are running a schedule of ads on John Ruskin in the paper. Big Value, Taste, Mild and only 6c are the eye catching slogans for this cigar. The product is handled locally by McCarty-Renfro Cigar Company.

GASOLINE

The Col-Tex Refining Company has a clever set of cartoon ads running in *The Avalanche-Journal*. "Col-Tex Gasoline is tailored like a custom made boot to fit the need of Southwestern Drivers" the copy reads.

CHAMPIONS IN SOUTHWEST—The R. H. Fulton Pipelers Friday night won the championship of the Southwest Little League and will play in the district tournament here this week. The players are, back row, from left, Bill Dance, David Bass, Byrnie Bass, Richard Reed, Steve Hardin, Clark Evans, Billy Williamson, Marion Barnett and Billy Davis, bat boy. Front row, Dickie Barnett, Jim Burdine, Darwin Clausen, Jimmy Godey, Larry Ilaynes, Tim Horn and Jim Stinson.

FORMER BROOKLYN PLAYER

Wheat To Be Put Into Hall Of Fame

COOPERSTOWN, N. Y. (UPI)—Zachariah Davis (Zack) Wheat, dubbed by Branch Rickey as "the best outfielder Brooklyn ever had," will be formally inducted into baseball's Hall of Fame Monday in this quaint village where the sport originated.

Wheat, now 71, arrived here last week from his home at Sunrise Beach, Mo., in order to "be on time" for the impressive ceremonies.

Many baseball notables, including Commissioner Ford C. Frick and Ty Cobb, one of the original five members of the Hall of Fame when it was dedicated 30 years ago, will be on the platform when a bronze plaque is awarded to Wheat.

The program will start at 10 a. m. e. t. and will be climaxed later in the day by the annual major league Hall of Fame exhibition game at Doubleday Field, which this year pits the Pittsburgh Pirates against the Kansas City Athletics.

Wheat, who excelled as a Brooklyn outfielder from 1909 to 1926, was elected to the Hall of Fame Feb. 1. He was the unanimous choice of the 11 members comprising the committee on veterans, which meets bi-annually to consider candidates for the hall.

One of the Greats

Rickey, former owner of the Dodgers and a member of the selection committee, recently hailed Wheat as "one of the game's truly great batsmen...and the best outfielder Brooklyn ever had."

Purchased by Brooklyn from the Mobile Club for \$1,200 late in the 1909 season, Wheat established more batting and fielding records than any other Dodger player. He topped all Brooklyn players in total number of hits (2,864), most games (2,318), most at-bats (8,859), most singles (2,048), most doubles (464) and most triples (161).

Wheat, a left-handed hitter, won the National League batting championship in 1918 with an average of .335 and had a lifetime major league mark of .317. He twice batted .375 (in 1923-24) but each time he finished second in the National League to Rogers Hornsby, who clouted .384 and .424 in those years.

A good-natured, former Missouri farm boy, Wheat never was ejected from a game during his major league career. He now operates a hunting and fishing camp at Sunrise Beach, which often is frequented by current and former major leaguers.

Les Biederman of the Pittsburgh Press, president of the Baseball Writers' Association of America, will be master of ceremonies. The official welcome will be made by Alva C. Welch, mayor of Cooperstown.

SEGAL BEATEN

Tut Bartzzen Gains Clay Court Finals

CHICAGO (AP) — Defending champion Bernard (Tut) Bartzzen had to go 22 games to win the first of his three titles in the first round of the national clay court tournament, south African Abe Segal, 12-10, 6-3, 6-1, Saturday to move into the National Clay Courts Tennis Tournament finals.

Bartzzen, seeded third behind Alex Olmedo and Barry MacKay — both were eliminated by locals — will meet fifth-seeded Whitney Reed of Alameda, Calif., for the championship Sunday.

Segal, who defeated Olmedo in a match in which Olmedo was accused of not trying, had opportunities to win the first set on set points. But he blew both of them with smashes which went out of bounds.

Bartzzen, 31-year-old veteran from Dallas, played his usual calm and dogged game. Despite six aces by Segal in the first set, the Texan managed to hang on and break Segal's service in the 21st game and win the set.

Bartzzen, who also won in 1954, will be aiming for his third national title when he meets Reed Sunday.

In women's semifinals play, Sandra Reynolds of South Africa defeated Gwyn Thomas of Shaker Heights, Ohio, 6-2, 5-7, 6-4. Miss Reynolds will meet Sally Moore of Bakersfield, Calif., Sunday in the finals.

Philbrick Captures Three Tennis Titles

ABILENE (Special) — Jill Philbrick of Lubbock won three titles in the Abilene Tennis Tournament Saturday while another Hub City entrant, Cindy Hale, won the 11- and under girls' single crown Thursday.

Miss Philbrick downed Martha Batts of Abilene to win the 18-and-under singles title, 6-3, 6-1. She won over Dabby Phillips of Abilene for the 15-and-under crown, 6-4.

Miss Philbrick teamed with Betty Ellison of Big Spring to win the 18-and-under doubles over Fay Hamm and Dorothy Darden, of the Class B state champs from Clyde, 6-3, 6-3.

Weston Wolf, Texas Tech sophomore from Odessa, won the men's singles by defeating Glen Schmittou of Abilene, 6-2, 6-1.

Moose Skowron of the Yankees, Dick Gemert of Boston and Gal Harris of Detroit were the only American League first basemen in more than 100 games in 1958.

EX-BIG LEAGUER DIES

GREENSBURG, Pa. (UPI) — Former major league outfielder James A. (Jimmy) Rippe, 48, died in Westmoreland Hospital Thursday after a lengthy illness.

Rippe, who played in three World Series, was with the New York Giants, Brooklyn Dodgers, Cincinnati Reds and the Philadelphia Athletics.

SEEKING REVENGE

Jorgenson To Meet Comes For Crown

By BOB HOOBING

PROVIDENCE, R. I. (AP) — Paul Jorgenson, part-time Texas businessman, seeks revenge Monday night when he meets battling Harold Gomes of Providence for the re-activated junior lightweight division world championship.

The scheduled 15-rounder will be held outdoors at Pierce Memorial Stadium. There will be no television and only local radio coverage.

Originated in 1921, the division faded into obscurity after Sandy Saddler beat Orlando Zulueta for the crown in 1949. The National Boxing Assn. revived the class last month and set up the title match which the New York State Athletic Commission has agreed to recognize.

Gomes, then unranked, came off five months of inactivity to beat Jorgenson, No. 2 featherweight challenger, on a unanimous 10-round decision televised out of Miami March 27.

Gomes is the only opponent with whom Jorgenson has not squared matters. Each time after his previous five losses in 88 pp starts, Jorgenson beat his conqueror in a return bout.

On the strength of his showing at Miami rated by observers as the best of his career, Gomes is a slight favorite for the championship test which the promoters say will draw 10,000 fans.

The two are among the hardest hitters in their size range.

A studious-looking boxer of 24, Jorgenson is a former University of Houston student who spends his time out of the ring handling real estate and public relations. Jorgenson has won 77, lost 6 and been involved in 4 draws. His knockout total is 30. A native of Port Arthur, Jorgenson has done most of his fighting in that area.

Gomes, 25, won the New England amateur bantamweight crown as a youth, then turned pro. He has held the New England featherweight title since he won it five years ago.

Gomes packs power but has the know-how, too. He has won 44 of 48 starts including 23 by kayo.

The bout will be scored on a 10 point system for each round.

BOSTON (AP) — Cleveland Manager Joe Gordon and slugging outfielder Minnie Minoso Saturday drew three-day suspensions from the American League while the Indians were in a hectic fight to regain first place.

The two also were fined \$200 apiece for their parts in a row during the eighth inning of Friday night's 8-7 victory over the Boston Red Sox. Both said they received telegrams from League President Joe Cronin.

After the Cleveland ball club made the announcement official, General Manager Frank Lane fumed:

"Cronin apparently has one set of rules for the Indians and another for the rest of the teams."

Gordon and Minoso, who said the suspensions were the first on their major league records, watched Saturday's contest from roof seats at Fenway Park.

Mitchell's 18th Hole Is Deciding Margin in Match

(Continued From Page One) all square with a winning put on No. 16 and a birdie on No. 17. Tubb drove first. His tee shot rolled far to the right and short of the green, resting in the Johnson grass. Mitchell, in a do or die effort, blasted his tee shot 30 feet from the pin on the 335-yard par 4 18th hole. The pressure was on Tubb, but he responded with an approach iron that stopped about 30 feet from the pin, slightly inside Mitchell. The Lubbock golfer curled his putt not more than three inches past the cup for a gimme and the pressure was on Tubb. He lined up the putt, sighted carefully, smoothed the green, took a deep breath and sent the ball rolling toward the cup. He hit it a shade too hard. The ball hit the edge, bounced over and refused to drop. That was the match. "If you can't putt, you'd better drive the green," Ross said as he walked off the carpet. "I knew I was in for a poor round. I'm not taking anything away from Tubb, but I had a letdown. I was afraid it before I played today. When I had a bogie on No. 16, that was the first one I'd had in three rounds of golf."

Results

CHAMPIONSHIP FLIGHT Quarter-Finals Jimmy Underwood beat Jimmy Stewart, 1 up; Ronnie Craig nipped Randall Carpenter, 1 up; Ross Mitchell whipped Dick Tubb, 5 and 4; Mack Tubb trimmed Dale Saxton, 3 and 2. Semifinals Underwood edged Ronnie Craig, 2 and 1; Ross Mitchell nipped Mack Tubb, 1 and 1.

Odessa

(Continued From Page One) his team into the tie for first by banging birdies on the last two holes. The Cooper-Hightower combination got into trouble with bogies in the third and sixth holes. Cooper had five birdies, Hightower two. Carpenter and Martin each shot three-under-par 69 with Carpenter getting birdies on 13, 17 and 18, and both birdied the fourth hole. Don Cherry, the temperamental amateur from Wichita Falls and New York, played most of the round without a putter. Cherry, playing with professional Doug Sanders of Miami Beach, Fla., missed a 10-foot putt on the fourth green. While walking down the fairway Cherry kicked his putter and broke it. He used a 2-iron and a driver to putt with the rest of the way. His team wound up with a 69 for 197. Dick Jennings of Lubbock and Langston of Lampasas shot a 65 Saturday to stay in contention with a 195, one stroke ahead of the Plainview pair, Horace Moore and Jack Williams, who had a 64 after two 66 rounds. The only other twosome from this area still in the running is Arlyn Scott of Odessa and Frank Freer, who had a 67 Saturday and a 198 total. Several teams participated in the scotch tournament held in conjunction with the Pro-Am. Ray Hardy of Muleshoe and Roland Adams of Lubbock tied with Jimmie Adams and Ben Alexander, both of Lamesa, with 72, for the best round. C. G. Griffin and Paul Woods of Brownfield had 76, Frank Baker and Dave Lawson of Lubbock 78, Al Forrester and Bob Prater of Hobbs had 83, as did Bob Hickson and Rhenard McCrary of Littlefield. Cal Garrett and C. A. Rodgers of Lubbock posted an 80.

U.S. Leads

(Continued From Page One) trag-dy. Bob Sch of the United States led through the middle stages of the race, then held grimly to second until he finally collapsed with three laps to go. Alexei Desyatnikov of Russia won in 31:40.6. Controversy Starts A press box controversy over the 10,000 meter placing quickly developed. It appeared to most observers that Max Truex of the United States, after lagging far behind in the race, overhauled Hubert Pyarnakivi of Russia to take second place. He did it with a brilliant sprint on what seemed to be his last lap of the race. Pyarnakivi was in a state of near-collapse. However, the judges ruled that Truex still had one more lap to go, and hence gave him third place. If the meet turns out to be as close as it was last year when the Russians claimed an overall men and women's victory of 17-20, this disputed placing could be important. One big upset occurred in the men's events. Vasily Rudenkov of Russia got off the best start of his life in the hammer to win with 219 feet, defeating last year's champion, Harold Connolly of the United States, who did 216-7. Vasily Kuznetsov of Russia set a sizzling record pace in the first five events of the 10 event decathlon. He piled up a total of 4,625 points. This compares to 4,575 points at the half way point when he recently set a world record of 8,357 in Moscow. His performances were :10.8 for the 100, 24-33.4 for the broad jump, 50-9-4.5 for the shot, 6-3 and the high jump, and :49.6 in the 400 meters. He had a big lead over Mike Herman of the United States, who amassed 4,391. Third was Davey Edstrom, also of the United States, with 4,346. Fourth was Igor Ter-Ovanesyan of Russia with 4,338. This was the event won last year at Moscow by Rafer Johnson of the United States in a thrilling duel with Kuznetsov. Johnson is out with injuries.

Suspensions

(Continued From Page 4) White will be in charge of the Indians until Gordon becomes available in Cleveland Wednesday. The suspension means Gordon and Minoza were lost for Saturday's single game and Sunday's double-header here plus a Tuesday night game back home against New York. Cleveland is one game behind pacesetter Chicago in the hot pennant fight. Plate Umpire Frank Umont tossed out Gordon after a lengthy debate on an interference call at second base. After his banishment, Gordon charged out of the dugout against league rules to announce he was going to protest the game. With a 1-1 count on him, Minoza took up the argument at home plate while out of the batter's box. Boston pitcher Leo Kieley fired two strikes over the plate. Umont called them to complete a strike-out and Minoza blew his top. Minnie threw his bat angrily just above the ground, forcing Umont to jump in order to avoid being hit by it. While teammates tried to restrain him, Minoza bumped Umont, the umpire said.

NAIA LISTS SOCCER KANSAS CITY, Mo. (AP)—The first national invitation soccer tournament of the National Assn. of Intercollegiate Athletics will be held Nov. 27-28 at Penn State Teachers College, Slippery Rock, Pa. The tournament will be the tenth NAIA championship event.

White Sox Hang Onto Lead Frisco Rallies Again To Down Pirates; Braves Lose

(Continued From Page 2) decisions by holding the Orioles to six singles, striking out nine. Home John Roseboro who had walked. CHICAGO (AP)—Jody Hoek, recalled from Seattle of the Pacific Coast League Monday, pitched the Cincinnati Reds to a seven-inning 5-1 triumph over the Chicago Cubs Saturday. Hoek, 22, had trouble with only one Cub. Rookie outfielder George Altman crossed him for three straight hits including his No. 4 home run in the third. Cincinnati blended three hits, all singles, with a walk and wild pitch off lesser Johnny Bushardt in the third. Willie JONES singled and scored on the wild pitch. Singling Eddie Kaski got across on Vada Pinson's infield out and Gus Bell singled in Johnny Temple, who walked. Bell hit his No. 13 homer after Bill Henry became Chicago's second home run. A's 10, Nats 3

WASHINGTON (AP)—Ray Herbert Saturday won his fourth straight start as the Kansas City Athletics thumped Washington, 10-3. He held the Senators to six hits and helped his own cause with a two-run homer. The Athletics did most of the damage in two big innings. They bombed Pedro Ramos for five runs in the second and got four in the eighth off Hal Woodeschick. Herbert and Bill Tuttle hit consecutive home runs in the second inning explosion. Wayne Terwilliger's bases loaded double, good for three runs, marked the eighth inning surge. Harmon Killebrew, who leads the American League in runs batted in, accounted for two of the Senators' runs, both with sacrifice flies. Kansas City shortstop Jerry Lumpe and the Senators' first baseman, Roy Sievers, both had to leave the game after Lumpe stepped on Siever's foot crossing first base. Lumpe sprained his ankle and Sievers sustained a cut heel.

Table with baseball statistics for Kansas City Athletics vs Washington Senators. Columns include player name, position, and stats (ab, r, h, bi).

Tigers, Orioles Split

BALTIMORE (AP)—The Detroit Tigers, scoring once without benefit of either of their two hits off Hoyt Wilhelm, salvaged the second game of a doubleheader and ended a six-game losing streak Saturday night by beating the Baltimore Orioles 2-0. Frank Lary's speedball pitching, in contrast to Wilhelm's elusive knucklers, ended the Detroit rout. He won his 10th in 17.

GIANTS SIGN LYNCH

NEW YORK (UP)—Hallback Dick Lynch of Notre Dame, acquired from the Washington Redskins this year, has signed his 1959 contract with the New York Giants. Lynch scored the touchdown that broke Oklahoma's 47-game winning streak in 1957.

Reds 5, Cubs 1

CHICAGO (AP)—Jody Hoek, recalled from Seattle of the Pacific Coast League Monday, pitched the Cincinnati Reds to a seven-inning 5-1 triumph over the Chicago Cubs Saturday. Hoek, 22, had trouble with only one Cub. Rookie outfielder George Altman crossed him for three straight hits including his No. 4 home run in the third. Cincinnati blended three hits, all singles, with a walk and wild pitch off lesser Johnny Bushardt in the third. Willie JONES singled and scored on the wild pitch. Singling Eddie Kaski got across on Vada Pinson's infield out and Gus Bell singled in Johnny Temple, who walked. Bell hit his No. 13 homer after Bill Henry became Chicago's second home run. Abernathy Wildcat Oil Strike Confirmed

MORE 'CONDITIONAL' CONTRACTS

Supreme Court Ruling May Delay Gas Sales To Pipeline Companies

NEW YORK, (Special)—Natural gas producers fear there will be lengthy delays in gas sales to transmission companies as a result of a recent Supreme Court ruling, reports Petroleum Week weekly magazine.

In a unanimous ruling, the court held that the Federal Power Commission should consider the public interest, before approving any new gas sales contracts. Previously, to speed up the start of service, the FPC approved sales with prices subject to later review.

The court's ruling also is expected to result in more "conditional" contracts—sales conditioned upon FPC approval. But FPC lawyers hint that, in the future, the commission may adopt the position that once a certificate has been issued and gas sales started, producers will be required to supply gas regardless of subsequent court action.

And FPC also wants to cut out the "favored nation" rate in gas contracts. The favored-nation clause, which is written into most interstate sales contracts, provides that a producer selling gas at a fixed rate is automatically entitled to any higher rate the pipeline company pays another producer in the same area.

Both producers and transmission firm officials agree that the court ruling means the FPC will have to hold lengthier hearings on price matters. The FPC is likely to require producers to furnish cost data on new sales, except in areas where gas prices, except in areas where gas prices, are not out of line with prevailing rates.

The ruling came in a case involving the sale of 1 2/3 trillion cubic feet of gas by the CATC group—Continental, Atlantic, Tidewater and Cities Service Oil Companies—to Tennessee Gas Transmission Co. at 22.4 cents per million cubic feet. Previously, Tennessee never paid more than 18 cents per mcf.

When the CATC group rejected a "conditional" proposal for an initial price of 18 cents per mcf to be increased to 22.4 cents after the first 24-hour delivery period, FPC authorized the deal with the 22.4 cents.

Consumer groups in the New York City area protested the FPC's handling of the case and filed suit. The Third Circuit Court of Appeals, Philadelphia, vacated FPC certificates in the case. FPC then brought the case to the Supreme Court.

COMMISSION RULING SCORED

Port Acres Gas Well Spacing Dispute Continues Between Big, Little Owners

By MAX B. SKELTON
HOUSTON (AP)—One of the most promising gas fields discovered in Texas in recent years is having well spacing troubles. Operators in the Port Acres Field in Southeast Texas cannot agree on acres for each well drilled.

Wells are drilled on tracts ranging in size from 1 to 160 acres. Most of the smaller acre in the Port Acres Townsite.

LUBBOCK OIL NEWS

PAGE SIX, LUBBOCK, TEX., SUNDAY, JULY 19, 1959

BY END OF YEAR

Changes Expected In Oil Imports Control Program

NEW YORK, (Special)—The administration of the mandatory oil imports control program may be headed for some changes by the end of the year, reports an industry publication.

For one thing, testimony in two suits in the Houston district court raised strong legal attacks on the interpretation and administration of the regulations—charges that are bound to reach higher courts.

Another administrative problem brought to light involves import quota "swaps" by inland refiners that carry cash considerations, in violation of the regulations, the magazine says.

While Matthew V. Carson, Jr., the imports administrator, has denied repeatedly that inland refiner import trades involve cash, it is common knowledge within the industry that "swaps" were made for quotas for the period ended June 30 at up to \$1.10 a barrel in terms of crude exchange.

The crux of the administrative problem on import allocations is the tight limits within which the Interior Department has to work in attempting to spread the available import supply among eligible importers.

For crude and unfinished oils, the import regulations specify that allocations be made to refiners on a sliding-scale percentage based on runs for a 12-month period ending three months before the effective date of allocation.

But out of the total to be imported, Carson has had to allocate supply to cover the "historical" importers.

And complicating the entire situation is the fact that the very nature of the basic allocations—the percentage-of-runs factor—has tended to keep refiners' runs high, creating an over-all squeeze on the individual allocations.

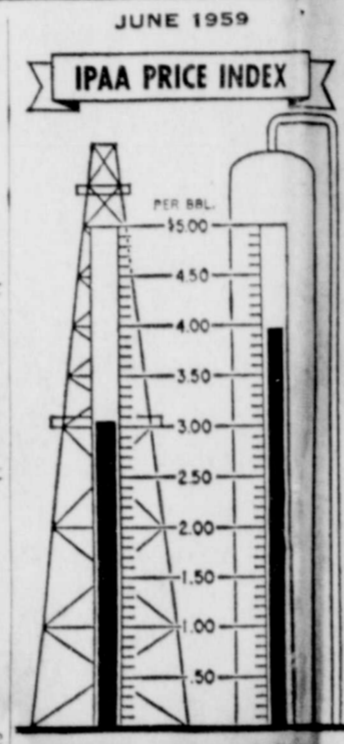

The rising dissatisfaction with individual allocations can be noted in the increase in cases filed with the Oil Import Appeals Board. But so far, the relief granted by the Appeals Board has been small. And each "exception" granted by the board or by the Oil Imports Administrator has tended to open the doors to other appeals.

Scarborough Named Reed's Domestic Chief

The Reed Roller Bit Co. has named William E. Scarborough to a newly created position of domestic sales manager, according to an announcement this week by Reed President John Maher.

Scarborough will head all of Reed's stepped-up sales activities in the U.S. pertaining to Y-bits, tool joints and drill collars. His headquarters will be in Houston.

His appointment as Domestic Sales Manager represents his second association with the company. Scarborough was in Reed's engineering department for 20 years, leaving in 1956 to join the Security Engineering Corp. in Dallas.

Crude petroleum is weighted average well price for 8 principal areas and closely approximates the average price of all crude in the U.S. Refined products is weighted average refinery price of gasoline, kerosene, light and heavy fuel oils for principal areas calculated from low bid tenders as reported weekly by the National Petroleum News.

Oil Suppliers Publish New Drivers' Manual

The fruits of many months of research and compilation of data from all parts of the country are incorporated in a 51-page manual currently being distributed to member companies by the Petroleum Equipment Suppliers Assn.

The pocket-size (4 1/2 by 7 1/2) inch publication is tabbed for easy reference and is illustrated by the use of cartoon-type color illustrations.

Major divisions of the manual are: (1) Vehicle Operation; (2) Automobile and Truck Maintenance; (3) When There is a Vehicle Collision; (4) Accident Reporting.

As pointed out in the foreword of the manual... "Since the safe operation of motor fleets, in today's congested traffic, presents a problem common to all of its member companies, PESA has undertaken the preparation of this Drivers' Manual.

This manual is more than a recitation of do's and don'ts. It tries to tell the why and how. It cannot be read in five minutes.

The members of PESA have gone over the copy and many have contributed suggestions that are included. If, as a result of reading this publication, one life is lost in traffic accidents, it will be justified."

TERRY WILDCAT STAKED

Local Operators Stake Three Area Ventures

Lubbock oil men continued to be active this week as they staked a wildcat in Terry County, and field offsets in Garza and Lea, N. M. counties.

R. L. Corley Jr., Lubbock, staked a wildcat location, No. 1 Terry County. The venture is produced to 5,300 feet to test the San Andres.

The exploration is one-half mile southeast of the lone producer and discovery of the North Prentice (San Andres) field, a 53 barrel-a-day pumper, and 1 1/4 miles north of the Prentice (multipay) area. It is one mile west-northwest of a 7,005 foot failure and two miles southwest of 7,555 foot duster.

Ten miles north of Tokio, the venture will be dug, 1,980 feet from south and east lines of Section 15, Block D-14, C&MRR survey.

Clarence Angle, Lubbock operator, staked a one-quarter mile southeast offset to his own one-mile north extension of the East Huntley (San Andres) field of northwestern Garza County.

Nine miles north of Post, the outpost offset, designated No. 1 J. I. Cook, will be drilled 990 feet from north and 330 feet from east lines of Subdivision E, Isaac Scott Survey on a 206 acre lease, as a 3,400 foot project to test the San Andres.

Lea Project
Carthay Land Co. also a Lubbock oil firm, has begun work on its West Wilson (Seven Rivers) field project, No. 2 State, one location northwest offset to field production.

The project is scheduled to 4,000 feet to test the Seven Rivers pay zone. Drilling contract was let to R. T. Cannon, Lubbock.

It spots at 1,650 feet from south and 2,310 feet from the west lines of Section 16-21s-34e in south central Lea County, 13 miles south-southeast of Oil Center.

N.M. Geophysicists To Hear Magnetic Tape Talk In Roswell

The regular monthly meeting of the New Mexico Geophysical Society will be held at 6:30 p.m. Monday at the Roswell Museum, Main and 11th Street, Roswell, N.M. Refreshments will be served.

Liquid Gas Shipping Costs Drop

HOUSTON, (Special)—The cost to ship liquefied petroleum gases (propane) from Texas to Ohio is being reduced by approximately 20 per cent under a new tariff which has been filed with the Interstate Commerce Commission by the Little Big Inch Division of Texas Eastern Transmission Corp.

Under the new tariff, effective July 15, the Little Big Inch pipeline will deliver specification propane to the company's Todhunter Terminal, near Middletown, Ohio, from the Houston area for a tariff of 66¢ per barrel. Previously the charge was 82¢ per barrel, consisting of 56¢ for the transportation and 26¢ for retraction to restore the material to commercial specification.

The Little Big Inch Division also has facilities at Todhunter Terminal for dehydrating the propane and loading it on tank trucks and rail cars. The charge for this service is 8¢ per barrel and is kept separate because some shippers such as Cincinnati Gas and Electric Co. and Dayton Power and Light Co. will have their own caverns and will not require the dehydration or loading services. These companies use propane for augmenting natural gas supplies during extreme cold weather.

REQUIRES WARNING

Senate Merger Bill Is Opposed

By HARRY WILSON SHARPE
WASHINGTON (UPI)—A pre-merger notification bill opposed by most of the oil industry and other big businesses might come before the Senate soon with good prospects of passage.

The legislation is a Democratic version of part of President Eisenhower's anti-trust program and is widely supported by elements in both political parties.

It would require corporations with combined capital of more than 10 million dollars to give the Justice Department 60 days advance notice of intent to merge.

This would afford the department ample time to determine whether the public interest would be endangered.

Government trust bustlers have long argued for the measure because they say it is too difficult to unscramble mergers once they are consummated.

Early Action
The Senate Judiciary Committee has the legislation its agenda for early action.

Yielded Penn Oil On Two Drillstems

By BILL KALB
Avalanche-Journal Oil Editor

Information confirming the rumored oil discovery at Honolulu Oil Corp.'s No. 1 Martha Schultz, a wildcat being drilled in Abernathy's "back yard" one-quarter mile west of town, was released Saturday by the firm's MidContinent division office in Midland.

A week of rumors touched off a hectic lease play in an east-west direction from the strike. The wildcat discovery displaced weather and crops as the main subject of conversation on Abernathy's sidewalks in its offices and cafes.

The information released by Honolulu indicated a prospective oil discovery in the wildcat. From the information informed observers predicted that the wildcat could be completed as a Pennsylvania discovery well.

Test Taken
Last weekend, about the time Abernathy was finishing its 50th Anniversary celebration, a drillstem test was taken at the wildcat that touched off the rumors and lease play.

The zone in the Pennsylvania limestone, a sediment land down beneath an ancient sea about 150,000,000 years ago, was tested from 9,151-165 feet, with the test tool open four hours.

Gas appeared at the surface 15 minutes after the tool was open. Recovered from the drillpipe was 2,010 feet of 39.8 gravity oil and no water. Initial shutin pressure was 3,510 pounds and the after 30 minutes it was 1,870 pounds. Flowing pressure varied from 320-550 pounds.

Core Cut
The wildcat then cored below the tested section from 9,156-83 feet, recovering 18 feet of Penn lime with scattered oil shows.

This interval was then tested from 9,166-185 feet, with the test tool remaining open for eight hours. Gas again appeared at the surface, this time in 1 hour and 10 minutes after the tool was opened. No gauge or estimate or volume of gas was made.

Unloaded recovery from the drillpipe was 90 feet of slightly oil and gas cut mud, 35 stands (approximately 3,150 feet) of oil and gas estimated to contain 20 barrels of oil, 1,800 feet of salt water and mud cut oil, and 580 feet of salt water.

On this test the flowing pressure varied from 545 to 3,460 pounds, with a 30 minute and one hour bottomhole shutin pressure of 3,565 pounds.

At last report Saturday, the wildcat was cutting another core at 9,204 feet. The core was begun at 9,185 feet and is intended to cut 30 feet to 9,215 feet, still in the Pennsylvania section.

Oil men cautioned, however, that the presence of oil and the wildcat's status as a prospective discovery does not mean it is a commercial producing oil well. Some wells in the West Texas area have flowed oil on similar tests, but could not be completed as commercial producers.

REQUIRES WARNING

Senate Merger Bill Is Opposed

The discovery, hinging on how big a well it is, is compared for the outcome any offsets to it, if any, may touch off exploration and heightened interest in the Matador Uplift area, long considered potentially rich in oil reserves but very disappointing in results to wildcaters' explorational probing.

Also, the importance of the strike will be determined by how much it is completed for as a well and the extent of pool that has been tapped if it does become a producer.

Nearest Pennsylvania production to the wildcat is seven miles northeast in the Lutrick field, originally a three well field found January 23, 1947, which has been depleted to one remaining producer. It produces at an average depth of 7,809 feet.

Although the lease "play" is dying down as available land near the strike is grabbed up, the scramble for oil rights drove prices up from nothing and \$1 to \$10 per acre to \$25 and \$25 an acre cash bonus for land, plus royalties.

Leasing interest was largely confined on an east-west line of the discovery to about four miles east to 2 1/2 miles east.

The discovery also renewed interest in Amity Oil Co.'s now dormant wildcat location, No. 1 C. M. Barrick, 3 1/2 miles west of Abernathy and the same distance west and a little south of the No. 1 Schultz.

At last report this exploration was spudded to about 150 feet and awaiting a rotary rig to drill further.

It spots at 660 feet from the south and 1,980 feet from east lines of Section 4, Block CK, GC&SF survey.

Refinery Engineering Contract Awarded

Shamrock Oil and Gas Corp., Amarillo, has awarded The Fluor Corp., Ltd. a contract to engineer, procure materials, and construct an 8,000 barrels-per-day fresh feed Thermofor Catalytic Cracking unit to be installed in Shamrock's McKee refinery at Sunray in the Texas Panhandle.

The amount of the contract was not disclosed. Engineering of the project has started in the company's Los Angeles office. Construction will begin late this summer, with completion scheduled for next spring.

OIL INVESTORS
We are offering fractional interests in a shallow well to be drilled soon on a choice acre Texas lease. Exceptional opportunity. Write for full information today. Petroleum Exploration Alliance, P. O. Box 2533, Capitol Station, Austin 11, Texas.
