PICTURED ABOVE are 13 of the 15 girls on the 1959-60 AHS girls' basketball team. Left to right, front row, they are: Linda Shipman, Diann Owen, Barbara Phillips, Evelyn Dye, Marsha Taylor and Barbara Turner. Back row, left to right: Janice Adkisson, Nelda Sanders, Frances Teaff, Betty Johnson, Lesa Habbinga, Carolyn Northcutt and Betty Guinn. Not pictured are La Ree Abney and Jan Exum and the manager, Peggy Evans. (Staff Photo)

This year's girls' basketball team is composed of 15 AHS girls, eight of them returning from last year's State AA Championship team. Two of these girls, Lesa Habbinga, senior, and Diann Owen, junior, were selected as members of the All-State team in Austin last season.

Is Your New Telephone Number Correctly Listed?

Conversion of Abernathy's telephone system to dial gave every subscriber a new telephone number . . . and these numbers had to be changed in all of the advertisements in The Abernathy Weekly Review.

Abernathy Teams Win Over Tahoka

The Abernathy boys' and girls' basketball teams ousted out 1800 victories from the Tahoka teams here Tuesday night. The girls ran past the Tahoka sextet 57-27 while the local boys mastered a 52-46 win over the visiting Bulldogs.

Basketball Boys Entered In Olton Tourney This Week

Abernathy's boy basketball team, coached by Wayne Preston, is entered in the Olton Invitational Basketball Tournament this weekend along with teams from Muleshoe, Fritch, Foyda, Olton, Springlake and Hart.

Boys' Game

The boys had a close game all the way with Tahoka leading by a narrow margin at various times. However, Tahoka's lead was short-lived each time as the Antelopes poured on the coals and steamed on to victory.

Ted Andrews Is Seeking Re-election

Hale County Sheriff Ted Andrews has authorized The Review to announce his candidacy for re-election to the post of sheriff, subject to the action of the Democratic primary.

Rayburn Karrh Is Candidate For Commissioner

In announcing his candidacy for re-election, Karrh said: "I hereby announce my candidacy for re-election as commissioner of precinct 3 of Hale County subject to the action of the Democratic Primary. I deeply appreciate the support given me in the past and the fine co-operation of the citizens of precinct 3 and Hale County as well as that of the officers during the time I have served as your commissioner. If elected I will give my full time to the office as I have in the past and pledge diligent application to the many duties of the office and my whole-hearted co-operation with all City, County and State officials, and assure you that all with whom I may come in contact will be treated with courtesy and consideration."

Case Dealers Qualify For Florida Trip

They will join some 7000 Case dealers and their wives from the U. S., Canada, and 15 foreign countries who have won either a Case Eagle or 52M Sales Award. These awards for top sales performance qualify the dealers to participate in Case's third, and biggest, national sales and business conference. Again, a glamorous tropical spot has been chosen for the locale.

BIRTHS

The following births were reported by Abernathy Medical Clinic:

Singletery Infant Dies

Angel Mass funeral services for Jo Ann Singletery, two-month-old daughter of Mr. and Mrs. Roy Singletery, Route 2, Petersburg, were conducted at 11:00 a. m. Tuesday, Nov. 24, in Sacred Heart Church, Petersburg.

Maternal Grandparents are Mr. and Mrs. Joe Montalno, Route 2, Petersburg.

Mrs. Richard Kitchel visited Mrs. James Brandy in Hale Center last Wednesday evening.

GUARD AGAINST HIDDEN HUNGER WITH SOIL TESTS

Do you have areas on your farm where the crops show no hunger but where top yields are seldom obtained?

If so, you are in need of a good soil testing program to isolate and build up such areas, according to County Agent, Ollie Limer.

By following a regular program of soil testing, you can avoid low yields and low profits caused by hidden hunger, he explained this week.

"Before soil testing reached its present development," he said, "many farmers waited for deficiency symptoms to tell them they were running out of a plant nutrient — an inefficient, dangerous method. When plants reached this stage, profits had been declining for some time."

Most farmers who use soil tests today are not interested in recommendations for average produc-

tion, the County Agent continued. The fact that they use soil tests indicates they are above-average farmers, interested in producing top yields of high quality crops to match the economic framework in which they operate.

To get profitable yields, he emphasized, farmers should have their soil tested regularly and use sufficient amounts of fertilizer to build up and maintain a high fertility level in their soils. Such a method will help adjust fertilizer use to fit the individual situation.

Sixteen different Texas colleges and universities served as hosts for Interscholastic League music contests or sponsored UIL music workshops during 1958-59.

More than 200 college music directors, church music directors and high school music teachers served as critic judges during sixteen regional music contests sponsored by the Interscholastic League during the school year 1958-59.

Early Christmas Mailing Urge By Post Office Officials Here

Acting Postmaster Herbert Hardin this week announced his annual "Mail Early for Christmas" campaign, and outlined plans for insuring delivery of all Christmas gifts and cards by Christmas Eve.

"Public cooperation," he said, "has been a key factor in moving Christmas mail on time in recent years, and I am hopeful that it will be even better this year."

The Acting Postmaster urged patrons of the Abernathy, Texas, Post Office to start mailing Christmas packages now. Packages to distant places especially should be mailed as early as possible.

"This is also the week to prepare and mail your out-of-town Christmas cards," he said.

Mr. Hardin gave these pointers on the proper mailing of packages. "Use sturdy corrugated mailing cartons, plenty of heavy brown wrapping paper, and be sure that every package is tied with a strong cord. Cartons containing several gift packages should be stuffed with tissue or old newspapers to cushion the contents.

"If your article is of unusual size or bulk, check with the post office because there are restrictions on size and weight.

"It is also important to make sure that your package bears the correct mailing address and your return address. If you are sending your package to a large city be sure to include the addressee's zone number. Including the zone

number in the areas always will facilitate delivery in large cities. Zone numbers should be used on Christmas cards and other mail to cities with postal zones.

"The address should be on the top of the package, and it should be carefully written on a separate piece of paper and placed inside the package. A piece of transparent tape usually prevents the address from slipping out. It is also a good idea to include the address inside the package in case the outside address should become defaced.

"If you use Christmas stickers or seals, place them where they will not conflict with the address. Then, before you drop the package in the mail, be sure you have firmly asked the proper postage."

The Acting Postmaster reminded that the entire Christmas mailing period is primarily a battle against time. A day now will contribute to a serious pile-up, particularly in larger post offices, as the holiday approaches.

All packages going to distant cities should be in the post office by December 10. Other mail should be sent its way as soon as possible, and all local mail should be in the postoffice no more than a week or ten days later. This kind of cooperation would mean that all Christmas mail would be delivered on or be-

fore Christmas Eve, the Acting Postmaster explained.

The Abernathy office has a good supply of local and out of town labels, please ask any clerk for them.

Again this year we will have our sacks in the lobby to speed up our handling of the Christmas mail.

More than 2400 public school students entered League twirling contests during the 1958-59 school year.

Estimated audiences totaling over 30,000,000 persons witnessed performances of Texas public school bands during 1958-59 at parades, rodeos and other special events except football and basketball.

TO THE BOYS AND GIRLS
I will endeavor to write the book, chapter and verse of some scripture truths that are essential for us to know the truth of the pleasures of we true believers to be able to live a life that is in the Father (GOD'S) will for each one of us as a personal way of Jesus Christ in our lives. Until Jesus has let Satan test and try our faith that he so bountifully supplies His true disciples for each new day of life in this world and live with God our Heavenly Father for all Eternity.

There are some scriptures to read by opening your Bible. The book I state here is the book of St. Matthew, 6th chapter. In verse 8, we read, "Your father (God) knoweth what things ye have need of before ye ask Him." Read all of this chapter. More truth in this chapter is, "Lay not up for yourself treasures upon earth," (even one little pin.)

Ye cannot serve God and Mammon. (Any earthly thing). Therefore take no thought for your life. Jesus is saying to us it is His business to supply the things we need in life. Then we will be able to take no thought for the morrow because our father (God) gives new things to do each new day.

I can truthfully say since Jesus took me into His spirit and put His spirit in my mind and spiritual life, I have been content at all conditions and places where I go, each moment I am awake, I really love the situation. I know my God will accept any seeker of His truth (Christ Jesus). He is the way, the truth, and the life. Praise His Holy Name. What a wonderful Savior is the free gift of God for eternal life in heaven for all eternity.

All who read this and know this way of life, pray and testify with me for the salvation of all the people of our life.
Yours In Christ,
Lockhart Hall

Cotton Farm Allotments To Be Set

Cotton acreage allotments for the 1960 upland crop are now being established for all the eligible farms in Lubbock County, according to the County Agricultural Stabilization and Conservation Committee. Notices of the allotments will be mailed to farm operators well in advance of the December 15 referendum on 1960-crop cotton marketing quotas.

For 1960, as in 1958, two allotments—Choice (A) and Choice (B)—will be set for each farm. If marketing quotas are approved by at least two-thirds of the growers voting in the referendum, then each farm operator may elect a choice as to which allotment he wishes to comply with in growing his 1960 upland cotton crop.

Choice (A) will be the "regular" farm allotment, and price support at not less than 75 percent of parity available on the cotton grown in compliance with it. Choice (B) will be a 40-percent larger farm allotment, and price support at not less than 60 percent of parity available on the eligible cotton.

If marketing quotas are not ap-

proved by the necessary majority, then only the "regular" allotments will be in effect, and price support on cotton grown in compliance with the allotments will be available at 50 percent of parity.

Mr. Nelson pointed out that the 1960 county allotment—representing the county's share of the State allotment, less any acreage reserved for new cotton farms—is divided among farms on which cotton was planted or "regarded as planted" in 1957, 1958, or 1959. An allotment may be "regarded as planted" if it was "reserved" under the Soil Bank Conservation Reserve Program or if it was otherwise preserved under some legal provision. The minimum farm allotment for "old" cotton farms is the smaller of 10 acres of the farm's allotment for 1958.

Bands, orchestra, choral groups, soloists and members of ensembles who entered Interscholastic League competition last year chose their music from a collection of approximately 5,000 different pieces of music published by approximately 120 different publishing companies. Each of these pieces of music was studied, approved and prescribed by Interscholastic League officials.

"The Religion of Our Parents"

BY ROY DEAN VERNER
Reading Time: 4 Minutes

The son or daughter who will not respect his father and mother is regarded by Jehovah as a servant of Satan. One of the ten commandments delivered to Moses read, "Honour thy father and thy mother that thy days may be long upon the land which the Lord thy God giveth thee" (Exo. 20:12). The apostle Paul repeated the command in Ephesians 6:2 as he was writing concerning the responsibility of children. There can be no doubt, therefore, that the God of Heaven expects children to honor their parents. Some, however, have taken this passage to the extreme, and think that a child who is not religiously connected with the same religious body as his parents is not honoring them. Is this true? Does the Bible sustain such a theory? Our purpose in this article is to determine whether or not this is so.

Our Lord discusses this matter in Matthew 11. In this division the discussion concerns our following Christ. It reads, "He that loveth father or mother more than me is not worthy of me. And he that taketh not his cross and followeth after me is not worthy of me." (Matt. 11:29, 30). Here Jesus states, in no uncertain terms, that a true disciple of Christ will not permit anything to keep him from being a faithful servant. During the first century A. D. this was particularly true concerning those who were Jews. Three thousand souls left their father and mother's religion on the day of Pentecost (Acts 2:41). All of these Jews had come to Jerusalem to observe the Jewish feast known as Pentecost. Everyone of them had to leave their old religion as they became Christians. The persecution of Christians in Jerusalem (Acts 8:1) indicates the feelings of Jews toward one who became a Christian. Saul of Tarsus is another example of the Jews feelings toward Christianity. A Jew who became a Christian had to leave the religion of his ancestors for approximately fifteen hundred years. I am sure you would say that these people were disrespectful of their parents as they became Christians.

Today, thousands, yea, even millions are basing their hope of heaven on the religion of their parents. Hundreds of thousands are following the philosophy, "What is (or was) good enough for my mom and dad is good enough for me." Does the Bible it does not. Consider for example

Paul. His schooling was at the feet of Gamaliel (Acts 22:3), a great Jewish teacher. His parents were Jews, yet he left their religion when he learned of Christ and His redemption for man. Paul did not follow such a philosophy, and neither did the thousands of other Jews when they left the religion of Judaism.

As we grew up with our parents we naturally grew to love them more and more. We respected them for their knowledge and wisdom. Almost every parent taught his or her child to love and respect the Bible if they were religious at all. They taught them to love and obey its teachings. Few were the exceptions who did not believe with all their heart that they were doing God's Will according to the Bible. They were sincere and honest in their beliefs. Some, however, were honestly mistaken, and were not doing the complete will of God as the Bible teaches, and later their children have come to know the teaching of the Bible more clearly, yet they will not change religiously because they want to follow the same religion of man and dad. If such a person has or has had such parents, and comes to know the Will of God more clearly, and yet fails to do what he knows the Bible teaches, such a person is not being as honest as his parents. He is not following the example set by his parents because the parents were honest in what they believed. A person who follows the religion of his parents, knowing it is not Christ's true religion is dishonest in his religion. Such a person loves his parents more than he loves Christ.

To forsake the religion of one's parents is not an easy task. This writer knows from personal experience. The most difficult decision ever made by me was to leave the religious affiliation of my parents. The task will not be easy for you, but remember the words of Jesus, "He that loveth father or mother more than me is not worthy of me." The religion of Mom and dad will not help us at the judgment. Each one will have to account for himself to God. (II Cor. 5:10).

If you are not a member of the Lord's body (Eph. 1:22, 23), and have been following the religion of your parents, obey the New Testament and become a true Christian. Wear only the name of Christ, forsake all creeds, the Bible, and faith.

Hale Co. Youth Wins National 4-H Award

Six Texas young people were among the national award winners honored at the 38th National 4-H Club Congress. Each has been outstanding in project work supervised by the Cooperative Extension Service.

Among the winners was Roy Dee Gregg, 17, of Hale County, a winner in the Boys' Agricultural Awards program, receiving a \$400 scholarship from the International Harvester Co. He has successfully completed six major types of 4-H projects: steer, sheep, lambs, calves, grain, garden and cotton.

Gregg now has five lambs, a steer and two calves and this year has raised 10 acres each of grain and cotton and a quarter acre of garden produce.

An active 4-H'er since he was nine, he has earned a profit of nearly \$7,000 since 1951. In addition he has won numerous awards and ribbons for a variety of activities including grand championship prizes for three animals in nine different fairs during 1954. This spring he rated high individual of the first place livestock judging team at the El Paso Fat Stock Show.

Young Men May Register Here At Post Office

Young men of South Hale County may register for Selective Service at Abernathy post office, it was announced by Herbert T. Hardin, acting postmaster. Heretofore, they were required to go to the Selective Service office in Plainview to register. The young men are required to register for Selective Service upon reaching their 18th birthday.

Tax-Man Sam Sez

The other day I asked tax man, "What is the best advice I can give a taxpayer?" He came right back—"Tell them to read their instructions." This tax business is probably the most important part of our business. It's not just the millionaires who have tax problems. Most wage earners and salaried employees have to pay \$20 or more out of every hundred for taxes. It does pay to read your tax instructions. It will also pay you to keep records. Paying your bills by check makes a good record for most taxpayers.

In obeying the Will of God. Any question concerning this article will be given prompt attention. (Paid Advertisement)

20 MPH ZONES

City officials requested these notices to the public:

Your attention is directed to the new speed limits which became effective at the beginning of the current school term. On Avenue D (Highway Street) there is a 20-mile-per-hour speed limit for two blocks, from 10th Street, at Consumers Fuel Association, south to near First Methodist Church, at 7th Street. This speed limit is in effect from 7 a. m. until 5 p. m. The 20-mile-per-hour speed limit also is in effect around the local schools and on all streets on which "slow" signs have been painted on the pavement.

Officials also issued a reminder that it is against the law to follow a fire truck en route to a fire, and that it is unlawful to park within a block of a fire. Also, it is unlawful to drive across a fire hose. These laws will be strictly enforced, and tickets will be issued to those not observing them, the officials warned.

If you should need a policeman in Abernathy during the night, and cannot get in touch with one by calling locally, telephone the Lubbock County Sheriff's office, Porter 5-5565, and have the radio operator relay your message to the Abernathy police car, giving the address where a policeman is needed.

Fort Worth Fat Stock Show Invites Sweetheart Entry, Offers "Abernathy Day"

Fort Worth, Texas—Abernathy has been invited by the Southwestern Exposition and Fat Stock Show to select a Special Day to be designated Abernathy Day during the 1960 Fort Worth Stock Show. Show dates are Jan. 29 through Feb. 7.

The Abernathy Chamber of Commerce is invited to designate the day desired. This day would then be set up for special recognition of the city. The city is invited to send its band to give a concert for Stock Show visitors during this special day.

Also, the city is invited to name a young lady (either married or unmarried) as Cowgirl Sweetheart. Minimum age of the Cowgirl Sweetheart is 16. She will wear Western attire and be introduced to rodeo visitors on this special day.

Any riding club in the vicinity is invited to ride with the Cowgirl Sweetheart in the grand entry of a performance of the rodeo on this special day. Recognition will be given by the rodeo announcer.

The local Chamber of Commerce will have a block of tickets to

the rodeo for sale as a special day. The Abernathy delegation will then be invited to this block and rise a body to be introduced.

Further information may be obtained from Chamber of Commerce or to the Publicity Department, Southwestern Exposition and Stock Show, P. O. Box 150, Fort Worth, Texas.

CORRECTION

A Legion official called to ask us to correct a mistake he said we made in our theft story appearing in last week's paper. The car in question was found in front of the legion hall, and it was stated an information we had, that a see was being held there.

The Legion official said the event underway at the hall was a reception.

He further stated that the last time he checked the officials there was no connection between anyone attending the reception and the theft of the car.

If anyone reads into the car story such an implication it is their own conclusion, not by any means.

Had the stolen car found in front of the legion hall, it would have been a theft story. It would have been a theft story, and it would have been a theft story.

the Antelopes with 16 points as he burned up the nets in the second half. Phil Guinn followed close behind with 14 and Neal Humphrey hit for 12.

Harold Thompson scored four points and turned in a good defensive game, as did Larry Florence, William Smith, and Jack Ingram who each scored 2 points.

Ever though Wilton Manley, Keith Beard and John Kiker did not score, they turned in fine performances and played an important part in the Antelopes victory.

Tahoka was led by the Bulldogs' fine shooter, Frank Greathouse, who took high point honors with 20 points. Ford added 11 for the losers.

Girls' Game The local girls got off to a slow start and led 12-5 at the end of the first quarter. They really "loose" during the next two quarters, scoring 21 points in the 2nd and 19 in the 3rd. At half-time the Antelopes led 33-12 and pushed to a 52-18 third-quarter margin.

Coach Wilson cleared the bench as 13 girls saw action. Two of the team members, Diann Owen and Frances Teaff, were not there to play due to sickness.

Barbara Turner paced the Antelopes to victory with 22 points. Linda Shipman and Nelda Sanders each poured in 16, and Betty Johnson, who played more at guard than at forward, added 2 points.

Guards Lesa Habbinga (who played at both guard and forward positions), La Ree Abney, and Carolyn Northcutt, also turned in a good game. Others seeing action and doing a good job included Betty Guinn, Janice Adkisson, Marsha Taylor, Barbara Phillips, Evelyn Dye and Jan Exum.

DEFEAT ROPEVILLE The Abernathy girls' basketball team journeyed to Ropesville last Tuesday night, Nov. 24, and swept a double bill from the host teams, the A team winning 59 to 43, and the B team notching a 51 to 38 victory.

Diann Owen led the Abernathy A team to victory with 20 points. She was followed close behind by Nelda Sanders who dropped in 19. Lesa Habbinga added 10 points and Linda Shipman and Barbara Turner each had 5.

Guards, La Ree Abney, Carolyn Northcutt, Betty Guinn (and Habbinga who saw action at both guard and forward) turned in fine performances also.

Helen Cain had 21 markers for the losers to take high point varsity honors.

B Game Betty Johnson paced the B team to victory with 24 points. She was aided by Peggy Davis with 13 points.

Local B team included Janice Adkisson, Barbara Phillips, Marsha Taylor, Frances Teaff and Vickie McCormick.

Sandra Ward was high pointer for Ropesville with 23 points. Thus far the girls' B team has compiled a 3-2 record this season.

Hale Soil Is Responsive To Good Planning

We all know that farmers, like everyone else, must spend money to make money. This certainly applies to the use of fertilizers in Hale County.

County Agent Ollie Liner says our soil is the most responsive in the nation to good management and sound soil fertility practices.

"A soil test is the best method to determine the soil fertility status on individual farms in the county," he declares.

Just additional fertilizer is not the answer. The question is which kind of fertilizer?

On some soils the greatest returns may result from nitrogen. On other soils the greatest return may be from phosphate, or a combination of these elements in a mixed fertilizer. The question is which one and in what amount?

More fertilizer could be profitably used in this county, but it should be applied in a sound and intelligent way to obtain greatest results.

A scientific approach to a practical problem is: "Don't guess Soil test."

See County Agent, Ollie Liner, today for free soil bags and information sheets. Join the "4-Point Soil Fertility Campaign" in Hale County.

WHAT ABOUT COKE? Review admen run into this when soliciting ads from some of the older business places here: "Everybody knows we're here, so why advertise?"

Everybody who can read or hear knows about Coca-Cola, too, but they still advertise, using every media available, including weeklies, such as The Review. Advertising keeps a business big.

Quality of product and advertising combine to keep Coca-Cola the best-known, top-selling soft drink in the world.

Call The Review, CY-8-2033, let our admen help you invite more customers into your place of business. Advertising in The Review can help the sale of Coca-Cola, and we believe it will help your sales, too, regardless of how long you have been here, or how many people know about you.

Coca-Cola's ad campaign starts in The Review Dec. 10.

REMEMBER Remember to call The Review, CY-8-2033, when you have news to report, or need an advertisement. We'll come to your place of business and help you prepare your advertisement. Review ads are read by 3,000 potential customers every week. Invite them to your place of business through Review advertising.

Coach Wilson is starting his seventh season as girls' basketball coach at AHS. Before coming to Abernathy to take over this position in 1953, Wilson was mentor for the Avoca girls for four years. In 1953 his Avoca team qualified for the state tournament in Austin.

Coach Wilson's second team to go to the state tournament was in 1955 when all-star Sherley Oswalt, who is now assistant coach for the Abernathy squad, was the top star. (That team was defeated by one point in the semifinals.)

In the past six years as coach here, Wilson's teams have failed to win the district championship only once, and have played in the state tournament four times, winning the State AA championship the past two years. During the past three years his teams have compiled a 108-14 record on wins and losses. In the 1957-58 season they compiled 39 wins against no losses and last year's record was 35 wins against 2 losses.

Miss Oswalt, daughter of Mr. and Mrs. Doyle Oswalt, Abernathy, graduated from AHS in 1955 and graduated from ACC in Abilene in the summer of 1958. She is starting her fourth season as assistant coach here.

Dinner For W. L. Kerrs Maiden Wedding Anniversary

Mr. and Mrs. W. L. Kerr were honored on their 50th wedding anniversary with a dinner in the home of a son, Clendon Kerr, 2708 56th Street, Lubbock, last Sunday.

The Kerrs are native Texans, both having been born in Stephenville. Mr. Kerr was born on January 6, 1886, and Mrs. Kerr, Dec. 28, 1892.

Mrs. Kerr was born Cressie Wood and spent her childhood at Oakdale, a small community about four miles north of Stephenville.

Mr. Kerr left Stephenville with his parents, at the age of six years, moving to Savannah, Tenn., where they lived until 1904. They then returned to Stephenville, Texas.

Mr. and Mrs. Kerr were married November 28, 1905, at Oakdale, Texas, and lived there for six years then moved to near Lorenzo in 1915. After farming there for a while they moved into Lorenzo and lived for two years then back to a farm only two miles from the first farm. Soon they decided to move to Arkansas, so they packed up and moved, but were plagued with sickness and misfortune and a little later were back in Texas, at Lorenzo.

About a month later they moved to Estacado where they remained for 15 years, farming and ranching. From there they moved to a farm south of Lubbock. Fifty-sixth Street and College Avenue is on what was that farm then.

There were seven children born of whom six are living today: three girls; Mrs. S. E. Fox, of Muleshoe; Mrs. Lewis Davis, of Fort Worth; Mrs. H. B. Jacobs, of Kansas City, Mo.; and three sons, Clendon and Carl and Kerr of Lubbock and Morris Kerr of Abernathy.

See Struve's For Soil Fertility Program Material

Hale County's 4 Point Soil Fertility Program is well underway according to County Agent, Ollie Liner. Arrangements have been made in the various communities where farmers may pick up cartons and information sheets for taking soil tests.

These plans are in Hale County at Lee Dent's office, manager of the Chamber of Commerce; at Cotton Center at the Gil Starnes Gin and the Cotton Center Co-op Gin; in Abernathy at Struve Mercantile, Mr. Arno Struve; in Petersburg at the First State Bank; and the County Agent's Office in Plainview. In addition to these places, each fertilizer distributor is equipped and will receive your soil samples.

The 4 points in the program are: soil testing, water management, balanced fertility and crop management.

At this time of year the County Agent feels that it is very timely to work on the soil testing program and much emphasis is put on this program at this time.

WTSC Accapella Choir To Perform Here Tuesday

The West Texas Accapella Choir of West Texas State College, Canyon, is to present a program for the Abernathy student body at 1:30 p. m. Tuesday, Dec. 8, in the school auditorium. The choir is under the direction of Dr. Houston Bright.

A former Abernathy student, Beverly Suttle, is one of the 60 students in the choir.

J. W. Solis, AHS principal, invites patrons of the community to attend the program.

I. L. Goff moved into 608 1/2-9th Street.

Interscholastic League Celebrates 50th Year

(EDITOR'S NOTE: The following article was sent to the Abernathy Public Schools by Rhea H. Williams, State Athletic Director, The University of Texas.)

This school year, 1959-60, marks the 50th Anniversary of the establishment on December 10, 1909, of the University Interscholastic League. The State of Texas during this period of 50 years has grown from a frontier wilderness to a position of prominence and leadership in the United States. This spectacular program could not

have been possible without our public schools which have made education available for "all the children of all the people." The progress of Texas and its citizens in economic earning ability, general education, standards of living, and enlightened citizenship can be traced to the public school system. This same progress has seldom been noted in other nations which have private or parochial school systems. The surest way to thwart the growth and advancement of America is to throttle our public school system. Many interests would like to see our public education system "hog-tied" in order to promote their own selfish program, which in most cases are devoted, not to America as a whole, but to their own economic, social or religious purposes.

The public school is the people's school. It responds to the people's will. More than any other American institution, it has been shaped directly by the tireless effort of the people.

The free public school is an integral part of the structure of popular government. It is essential to the preservation of the American way of life as the organic documents in which the framework of the Republic is outlined and by which the freedoms of the people are guaranteed. The public school began as one of the first ideals of a free world. It continues as the bulwark of a free society.

The home was the first school. Parents were the first teachers. They will always be teachers. No public school operates effectively very long without a high level of parental understanding, interest, and participation.

The public school is free. Their doors are open to all the children of all the people regardless of wealth, of color, of social background, of race, of education in the United States, or of the moment. It is a result of three centuries of experience. It began, and continues, a basic ideal in a free world.

The public school is the unifying force in America. It makes our people one. No other institution touches the life of every citizen. The public school binds us together in common ideals and purposes. It symbolizes the motto

State Board Of Insurance

ADOPTS

Safe Driving Insurance Plan

Years people have asked "WHY COULD I PAY AS MUCH FOR MY AUTO INSURANCE AS THE IRRESPONSIBLE DRIVER?"

The State Board of Insurance has realized this and has adopted a plan to reward the group of drivers who operate their automobiles in a safe and lawful manner. EFFECTIVE JANUARY 1, 1960, this plan is MANDATORY for all Insurance Companies licensed to do business in Texas.

Under the "merit rating" insurance plan a point system has been established, in which a motorist is charged one point for every moving traffic violation and two points with certain exceptions, for every accident. A driver with a perfect record during the three year experience period has no points and qualifies for the lowest rates, 20% below the regular rate. A driver with one point will receive no discount and no penalty. Drivers with two or more points will pay more proportionately.

NO POINTS WILL BE ASSIGNED AS A RESULT OF AN ACCIDENT IF:

1. The applicant's Automobile is legally parked.
2. The applicant or owner is reimbursed by or on behalf of the other party involved.
3. The applicant's car is struck in rear end by another

car approaching from the rear.

4. The operator of any other vehicle involved is convicted of a traffic violation.
5. Applicant's car is struck by a "hit-and-run" auto, if applicant reports the accident to proper authority within 24 hours.

FOUR POINTS SHALL BE ASSIGNED FOR THE FOLLOWING:

1. Driving while under the influence of intoxicating liquor or narcotic drugs.
2. Failure to stop and render aid or disclose identity when involved in an accident.
3. Negligent homicide arising out of the use of a motor vehicle.

A WRITTEN APPLICATION SIGNED BY THE APPLICANT MUST BE USED TO RATE EACH POLICY AND WILL LIST ALL ACCIDENTS AND TRAFFIC VIOLATIONS OF THE APPLICANT AND EACH RESIDENT OPERATOR DURING THE EXPERIENCE PERIOD.

These applications will be checked against your driving record with the Department of Public Safety. A \$5.00 traffic ticket could cost the average driver in Abernathy \$27.00 additional in insurance premiums over a three year period for minimum limits of public liability and \$1,000.00 medical payments coverage.

Texas Cranberries "Safe" According To Reports

Dr. Kenneth Gregory, City Health Officer of Abernathy, reported that the following information, in regard to the cranberry situation, has been received.

The report stated: "The laboratories of the State Health Department and the Food and Drug Administration have examined seven million (7,000,000) pounds of samples collected in Texas. To date, no sample has been found to contain aminotriazole (contamination or cancer-producing substances). The people of Texas may be

assured that if any sample is found that does contain aminotriazole, immediate action will be taken to remove the contaminated cranberries from the Texas market."

The report was from David E. Price, Assistant Surgeon General of the United States Public Health Service.

Texas public schools entered 51 orchestras, 391 choral groups and 529 bands in concert contests organized under Interscholastic League sponsorship during 1958-59. Approximately 50,000 students were bonafide members of these groups.

Vote Privacy Is Assured

With marketing quota referenda scheduled in December for a number of commodities, Agricultural Stabilization and Conservation Committee Chairman for Lubbock County today announced clarification of several referendum regulations—two relating to privacy in voting and another to joint voting eligibility of husband and wife.

The requirement that referendum ballots be initiated by an ASC Committeeman was discontinued in September 1958, and such initialing is now no longer required. Some ballots with space for committeeman's initials may still be used, Mr. Nelson said, but committeeman will no longer initial them.

A further requirement is that "The county committee shall take particular care to designate a place where each voter can mark and cast his ballot in secret and without coercion, duress, or interference of any sort; whatever".

The use of voting booths is regarded as too costly, but every farmer is entitled to have some

LIONS CLUB NEWS

Last Tuesday the Abernathy Lions Club met for their weekly luncheon at Graham's Restaurant. Lion Boss Dr. John Hale reported that he and Lon Carmiche, Lion tail twister, and Boyd Itchell, Lion Secretary, attended the Lions Zone Meeting in Locky Monday night, Nov. 23. Reports at the Zone meeting indicated that the Abernathy Lions were in third place in the membership drive contest, with 715 points. Lamesa was in the lead with 1010 points. Also at the meeting, the Lion Governor extended congratulations and praise for Abernathy Lion J. P. Nystel who sponsored five new members during the month of October.

Program
An interesting program devoted to music was presented by Clyde Rhodes. Music, recorded by Mr. Rhodes, was played during the luncheon.

Mr. Rhodes had recorded some of his own music while playing the organ at the Methodist church. This was played during the program and he joined in, and accompanied himself so to speak, on the piano. He also presented a well versed talk about the "beauty" of good music.

AHS National Honor Society Has Meeting

The National Honor Society met in the home of Mr. and Mrs. J. W. Solis, Monday, November 23, at 7:30 P. M. The purpose of the meeting was for the initiation of new members. Noel Johnson, the school superintendent, assisted by Price Amerson, the National Honor Society President, initiated the seventeen new members.

During the business meeting Article II, Section IV of the local constitution, was amended to read that all members of the National Honor Society must have a scholastic average of 90% or its equivalent per semester and no grade less than 80%.

It was pointed out that it is the duty of all former members of the National Honor Society to return the emblem of the Society, since they are no longer eligible to wear it.

The Society has planned its annual project to give toys to needy children. These toys will be collected and distributed at the next regular meeting on December 21, 1959.

FARM CENSUS IS UNDER WAY

The farm census began in Hale County recently. Mrs. Cecil Bowles, Lubbock, supervisor for the census in the east half of the county, said her enumerators were ready to start work Tuesday afternoon. The enumerators are Mrs. J. B. Crowder, Mrs. Odis Caddell, Mrs. Howard Yarbrough and Mrs. Orbin E. Houchin, all of Plainview. Mrs. Bowles is supervisor for all of Lubbock County and half of Hale. Mrs. Forrest Houck, Littlefield, is the supervisor for Lamb and the west half of Hale County.

Supervisors and enumerators are calling for cooperation of the farm people in making an accurate, prompt census. The information obtained will not be given publicly by individuals, but will furnish data for necessary statistics. Officials hope to complete the census by Dec. 20.

WINTER WONDERLAND OF MODERN GAS APPLIANCES

CALORIC **GASLITE** **MAYTAG**

GAS RANGE—Winter festivities and marvelous meals go hand in hand! And a new Gas range in your kitchen means better meals with less effort! A Gas range costs less to buy, less to operate —yet it offers you a whole string of exclusive features.

GAS LIGHT—A touch of old-fashioned charm that's fast becoming America's favorite out-door illumination! So economical they burn continually. Gas Lights give off a mellow glow that welcomes friends, warns away trespassers, yet never bothers neighbors. Wonderful for Christmas giving! Priced from \$49.50, installed.

GAS DRYER—The winter day is ideal drying weather when you own a completely automatic Gas clothes dryer. Dependable Gas pampet fabrics, colors—gently blows moisture away, never bakes it out. And Gas economy saves you up to \$24.96 a year.

Whether for giving or getting, it's high-time to buy gas appliances at the year's lowest prices! Check with your dealer right away, or contact . . .

LIONS CLUB NEWS

Arno Struve, acting program chairman for the Lions Club Tuesday at their noon luncheon at Graham's Restaurant, turned the program over to Ollie Limer, Hale County Agent.

Mr. Limer, with the help of Assistant County Agent B. F. Yeatts, presented a program based around the "4-Point Soil Fertility Program." The 4-point program is being carried out by Hale County, Lubbock County, Terry County and Lamb County.

The 4-point program is built around water management practices, soil testing, balanced fertility and crop management, as explained by the County Agent.

The presentation of Tuesday's program featured colored slides shown by Mr. Yeatts, with a descriptive analysis or tie-in to the 4-point program being given by Ollie Limer.

County Agent Limer explained that farmers should follow the 4 points stressed in the program, and offered help to the farmers, especially where soil testing is concerned. He explained that boxes or cartons, specially made for soil to be shipped in to the testing centers, are available at Carl Phillips Farm Store and in the Hardware department of Struve's Mercantile Co.

Guests
The guests at Tuesday's luncheon included the AHS Student Council officers who will be on next week's program. Also present for the luncheon was Commissioner Rayburn Karrh.

RECEIVES NEW COAT
The floor of the Abernathy High School gymnasium week received a new coat especially prepared seal, then received two coats of finish.

Lubbock county clerk issued a marriage license to Thomas Connely White, Lubbock, and Mrs. Evelyn Marie Arthurs, Abernathy.
