

ABERNATHY WEEKLY REVIEW

County Line Chit Chats

(By Mrs. Wayland Nelson)

VOLUME 39 Hale County — Abernathy, Texas — Lubbock County

THURSDAY, JANUARY 28, 1960

NUMBER 12

Local Basketball Teams Leading District 2-AA Race

The Abernathy girls' and boys' basketball teams ended the first round of conference play against Olton here Tuesday night, and racked up their fourth wins in as many starts to undisputedly continue to control the top berths in District 2-AA.

Abernathy's girls downed the visiting feds 58-21, while the local lads defeated the Mustangs, 82-43. The local girls had little trouble as they thoroughly outplayed the Olton girls. They jumped to a 17-4 first quarter lead and were ahead 25-8 at halftime. They held a 34-12 bulge after three quarters of play, then added 24 points in the final stanza.

Abernathy's fine guards held the visitors to only four points in each of the first three quarters and nine points in the fourth.

Coach Pete Wilson cleared the bench as 11 girls saw action.

The hometown girls were playing without the services of Nelda Sanders who was out due to illness, while Betty Johnson has missed the last two games due to an injured hand.

Diann Owen led the Abernathy girls to victory with 21 points, while Lesa Habbinga added 16. Jean Harper and Sylvia Nichols each scored 6 for Olton.

journeyed to Lockney. The local boys slipped by the Longhorns by a narrow 50-49 score, while the local girls had no trouble in taking a 66-30 victory.

The local lads jumped to an early lead over the Longhorns, leading 16-12 after the first eight minutes of play, but lost the lead to Lockney by halftime, 23-20. The Antelopes regained the lead after three quarters of action, 40-37.

No more than 4 points separated the two teams during the last half as the Antelopes forged ahead to stay.

Phil Guinn paved the way for Abernathy with 17 points while Larry Florence was close on his heels with 14.

Lockney was led by Terry Clark and Donald Ivy with 14 points each.

The Abernathy girls led 19-7 at the end of the first quarter and advanced to a 34-16 halftime lead. They added 16 points in the third stanza to hold a 50-27 lead going into the final quarter.

Diann Owen led the Abernathy girls to victory as she poured in

Grain Variety Test Results On Benn Farm

Hale County farmers have a long list of hybrid sorghum varieties from which to select and grow on their farms. This long list and their results are somewhat confusing to most farmers, according to County Agent, Ollie Line.

However, he pointed out that if a farmer will keep this in mind that it will help and go a long way in determining which variety to use on his farm. Hybrids normally group themselves into three groups, early maturing, medium maturing and late maturing and as a general rule, the later maturing varieties usually produce more grain. At the same time a farmer should consider the amount of water that he has, the time he is going to plant and the amount of fertilizer he uses. When he knows these things, then the list of varieties are not nearly so long to select from.

There were a number of demonstrations conducted by the County Agent in Hale County last year, however, due to hills, only three variety demonstrations and one fertilizer demonstration were harvested for results.

The following results were recorded on the test plots on the Owen Benn farm north of Abernathy:

Texas 620, 4800 pounds per acre; NK 210, 4710 lbs.; Texas 610, 4625; P.A.G. 515-S, 4585; Texas 650, 4462; P.A.G. 535-S, 4400; Texas 601, 4110.

Date planted—June 15.

Amount planted—4½ lbs. per acre.

Fertilized with 50-50-0 on May 1.

Watered once before planting and 1 time after—in bloom.

Iris Jean Stiles, Jerry Adams Marry

Iris Jean Stiles of Copperas Cove became the bride of Jerry C. Adams, son of Mr. and Mrs. C. L. Adams of Abernathy, Jan. 19, 1960, in a double ring ceremony at a little Methodist Church in The Valley near Copperas Cove where the bride had attended church all her life.

The bride is the daughter of Mr. and Mrs. Buck Stiles, rancher near Copperas Cove and near the SAC Base where the groom has been stationed for the past three years. She is a graduate of Copperas Cove High School and the groom is a graduate of Abernathy High School.

Mr. and Mrs. Jerry C. Adams are at home at 712 North Alleghany, Odessa, Texas, where he is employed. Both plan to enter The University of Texas this fall.

WINS PLAQUES

Ray Sanders of White Auto Store had on display a couple of beautiful plaques which he won in sales competition during the year 1959 on battery sales. The territory included Texas, New Mexico, Oklahoma, Arkansas and Louisiana in towns and cities up to and including 20,000 population.

Sanders not only came out top man in the months of January and August 1959 but also top man over the whole year.

As a result, Ray Sanders also gets an all expense paid fishing trip and cruise in the Gulf of Mexico for him and his wife.

Competing against cities more than seven times the size of Abernathy and winning first place

22 points. Linda Shipman was close behind with 19, while Nelda Sanders added 15.

Nancy Webster and Janice Boedeker each had 14 points for Lockney.

1935 STUDY CLUB

The 1935 Study Club met on Thursday, Jan. 14, in the home of Mrs. J. L. Miller, Jr. There were 15 members present.

The officers for the year 1960-61 were elected and are as follows: President, Mrs. R. R. Struve; vice-president, Mrs. Vincent Cunningham; secretary, Mrs. E. A. Houston; treasurer, Mrs. Arno Struve; parliamentarian, Mrs. Frank Lovelace; and reporter, Mrs. Robert McAlister.

The program was selected to be studied for another year. The

topic chosen was, "Now We Are 50 With Alaska and Hawaii." The following program was given:

"Labor and Laboring in Russia," by Mrs. J. H. Barnett.

"Agriculture in Russia Today," by Mrs. Vincent Cunningham.

"Foreign Trade in The U. S. S. R.," by Mrs. John Hale.

The 1935 Study Club will meet on Thursday, Jan. 28, in the home of Mrs. J. L. Harral. Mrs. Wesley Harris and Mrs. Harral will give the program.

The Review wants your news.

Notes From Navy Reserve

"Navy on the Plains"... the U. S. Naval Reserve in Lubbock... starts 1960 by offering young South Plains men between the ages of 18½ and 26 years old with no prior military service an opportunity to enlist for 6 years. Lt. (jg) Quitman Lindley, commanding officer, says that of this year will be spent on active duty with the Navy putting into application the things learned the first year.

Upon completion of active duty the Reserve can then spend the 4th, 5th, and 6th year in the home town Reserve Unit if he desires.

Lt. Lindley points to this as an ideal way to complete military obligation and at the same time spend most of it at home.

Interested young men are asked to check with the U. S. Naval Reserve Training Center, 710 College Avenue, Phone: PO 5-6474 for further details.

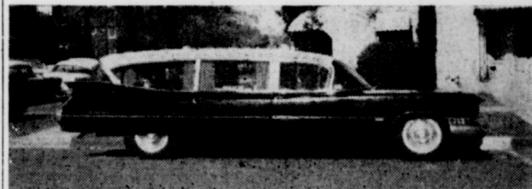

WELCOME TO MEETINGS

"Abernathy city council meetings are open to the public," said Mayor Edgar O. Graham, "and we invite interested citizens to sit in on these sessions," he added. Regular sessions are held at 8 p. m. on the first Monday of each month in the city hall.

Kerr Area Supervisor Of Census

Earl Kerr, manager of the Retail Merchants Association of Lubbock, has been appointed district supervisor of the U. S. Census for the 19th Congressional district.

James W. Stroud regional director of the Bureau of Census, Department of Commerce at Dallas, announced.

Includes 24 Counties
He was in Dallas last week attending a training course for supervisors.
In the census, Kerr will supervise 24 crew leaders, one for each county in the district. They will

go to Lubbock about mid-March to undergo a training program. The crew leaders will direct the activities of 376 enumerators assigned to the district to take the population count, Stroud said. Actual operations of the census will begin on April 1 and the job is expected to be completed by May 6, Stroud said.

In the 1920-21 school year the Inter-scholastic League introduced the first official state championship in tennis for both boys and girls.

The Review Phone No: CY-8-2033

"TEACHING ERROR"

BY ROY DEAN VERNER

Reading Time: 4 Minutes

Last week in our article we noted some remarks made in a booklet entitled Church Member's Handbook by James T. Odle. We shall note some further remarks by this man who claims to teach the word of God.

On page 22, this author states, "Baptism is not essential for salvation. There is not one passage in the Bible that teaches that baptism is necessary for salvation." Mr. Odle has made a statement that needs to be carefully considered by every Bible believer in this world. He says that the Bible teaches that baptism is not essential to salvation, and yet our Lord states, "He that believeth and is BAPTIZED shall be saved" (Mark 16:16). Peter further declares, "The like figure wherunto even BAPTISM doth now SAVE us (not the putting away the filth of the flesh, but the answer of a good conscience toward God) by the resurrection of Jesus Christ." Paul states, "For as many of you as have been BAPTIZED into Christ have put on Christ" (Gal. 3:27). Therefore, a question immediately comes to mind of every honest and sincere person, has this man taught the truth or has he taught error concerning baptism? Jesus said all who would "believe and be BAPTIZED would be saved." Peter said, "BAPTISM SAVES," and Paul declares that one is "BAPTIZED into Christ." Who shall we believe, Mr. Odle OR Jesus,

Peter, and Paul? What Mr. Odle fails to realize is that baptism is an act of faith. There are many who are willing to acknowledge Jesus as the Son of God, and that God is gracious to forgive all who will do His will, but they are not willing to demonstrate their faith in God by being baptized. They are not willing to be baptized believing that God will forgive all past sins upon the completion of the baptismal act. Many will stand in the audience and raise a hand in order to try to obtain forgiveness, but will not complete the Will of God by confessing His name and being baptized. The kind of faith that saves is adequately described by Paul in Gal. 5:6, "For in Jesus Christ neither circumcision availeth any thing, nor uncircumcision; but FAITH WHICH WORKETH BY LOVE."

There is NOTHING in the water or the administrator that brings about the forgiveness of sins in the act of baptism. It comes as a result of God's grace. The Son of God has given these stipulations (including baptism), and His grace is extended only to those who will comply with them.

If you are one who has not been baptized for the forgiveness of sins, we pray that you will do so before it is too late. Any question will receive our prompt attention.

DON'T GUESS — SOIL TEST, MR. FARMER

We all know that farmers, like everyone else, must spend money to make money. This certainly applies to the use of fertilizers in Hale County.

County Agent, Ollie Liner, says that our soil is the most responsive in the nation to good management and sound soil fertility practices.

"A soil test is the best method to determine the soil fertility status on individual farms in the county," he declares.

Just additional fertilizer is not the answer. The question is which kind of fertilizer.

On some soils the greatest returns may result from nitrogen. Or other soils the greatest return may be from phosphate, or a combination of these elements in a mixed fertilizer. The question is which one and in what amount?

More fertilizer could be profitably used in this county, but it should be applied in a sound and intelligent way to obtain greatest results.

A scientific approach to a practical problem is: "Don't guess — Soil test."

See County Agent, Ollie Liner, or your local fertilizer dealer, today for free soil bags and information sheets. Join the "4-Point Soil Fertility Campaign" in Hale County.

Soil Test Farming Is Scientific Farming

Legal Notice

No. STATE OF TEXAS VS. F. R. LAHUE, ET AL. IN THE COUNTY COURT OF HALE COUNTY, TEXAS NOTICE AND CITATION BY PUBLICATION THE STATE OF TEXAS TO: F. R. LaHue, if living, heirs, unknown heirs and legal representatives of F. R. LaHue, if deceased, GREETING: You are commanded to appear

by filing a written answer to the Plaintiff's Petition at or before 10:00 A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being March 7, 1960, at or before 10 o'clock A. M., before R. L. Burgess, R. D. Havenhill, and A. B. Reid special commissioners, at a hearing on condemnation to be heard at the City Hall in Abernathy, Hale County, Texas. Said Plaintiff's Petition was filed on the 21st of December, 1959. The file number of said suit be-

ing No. The names of the parties in said suit are:

State of Texas as Plaintiff; and F. R. LaHue, if living, heirs, unknown heirs and legal representatives of F. R. LaHue, if deceased, as Defendants.

The nature of said suit being as follows, to-wit: Highway 87 Right of Way condemnation of the following described property:

FIRST TRACT
2.206 acres of land, more or less, same being out of and a part of Block No. 21, R. M. Hardesty Sub-division, City of Abernathy, County of Hale, State of Texas, according to map or plat of said Sub-division of record in Book 99, Page 3, Plat Records of Hale County, Texas, which Block No. 21 was conveyed to F. R. LaHue by Loyd C. Roberson, and A. W. Jackson by deed dated the 2nd day of October 1942 and the 12th day of October 1946, of record in Volume 145, Page 50, and Volume 172, Page 22, Deed Records of Hale County, Texas, which 2.206 acres of land, more or less, is more particularly described by metes and bounds as follows:

Beginning at a point in the East R.O.W. line of US Highway No. 87, said point being 699.2 feet North and 438.1 feet West of the Southeast corner of Section 7, Block X, said point being the northwest corner of Block No. 21, R. M. Hardesty Sub-division, City of Abernathy, Hale County, Texas, said point being 706.2 feet North and 140.4 feet West of the P.C. of a 4 degree curve to the left (radius of beginning point being 1472.69 feet, and the bearing of radial line at the P. C. being S89 degrees 50'W);

Thence, East along the North line of Block No. 21 a distance of 196 feet, said North line of Block No. 21 being the North property line of this tract;

Thence, S44 degrees 10' E a distance of 348.5 feet to a point in the East line of Block No. 21, R. M. Hardesty Sub-division;

Thence, South along the East line of Block No. 21 a distance of 98.9 feet to the Southeast corner of Block No. 21, R. M. Hardesty Sub-division;

Thence, West along the South line of Block No. 21 a distance of 301.5 feet to a point in the East R.O.W. line of US Highway No. 87 said point being 356.6 feet North and 3.8 feet West of the P.C. of a 4 degree curve to the left (bearing of radial line at the P.C. being S 89 degrees 50' W and radius of point being 1472.69 feet);

Thence, Northwest along the East R.O.W. line of US Highway 87 a distance of 376.1 feet to the place of beginning and containing 2.206 acres of land (chord length being 375.34 feet, and chord bearing being N21 degrees 30' 30"W).

SECOND TRACT
0.026 of one acre of land, more or less, same being out of and a part of Block No. 21, R. M. Hardesty Sub-division, City of Abernathy, County of Hale, State of Texas, according to map or plat of said Sub-division of record in Book 99, Page 3, Plat Records of Hale County, Texas, which Block No. 21 was conveyed to F. R. LaHue by Loyd C. Roberson and A. W. Jackson by deed dated the 2nd day of October 1942, and the 12th day of October, 1946, of record in Volume 145, Page 50, and Volume 172, Page 22, Deed Records of Hale County, Texas, which 0.026 of one acre of land, more or less, is more particularly described by metes and bounds as follows:

Beginning at a point in the East line of Section 7, Block X, said point being 448.5 feet North of the Southeast corner of Section 7;

Thence, N44 degrees 10'W a distance of 48.42 feet;

Thence, N45 degrees 50'E a distance of 46.75 feet;

Thence, S00 degrees 10'E a distance of 67.33 feet to the place of beginning and containing 0.026 of one acre of land (1132 Square feet of land).

If this Citation and Notice is not served within 90 days after its issuance, it shall be returned unserved.

Issued this 15th day of January, 1960.

WHY SO HOT?

Stop in at your Mercury dealer's and you'll see why fast. For where else can you get so much car for so little money? For example, the Monterey 4-door costs only \$36* more than top models of low-price cars. Where else can you get a car so beautifully clean and trim—and, for that matter, so superbly built—with every car road-tested, not just spot checked.

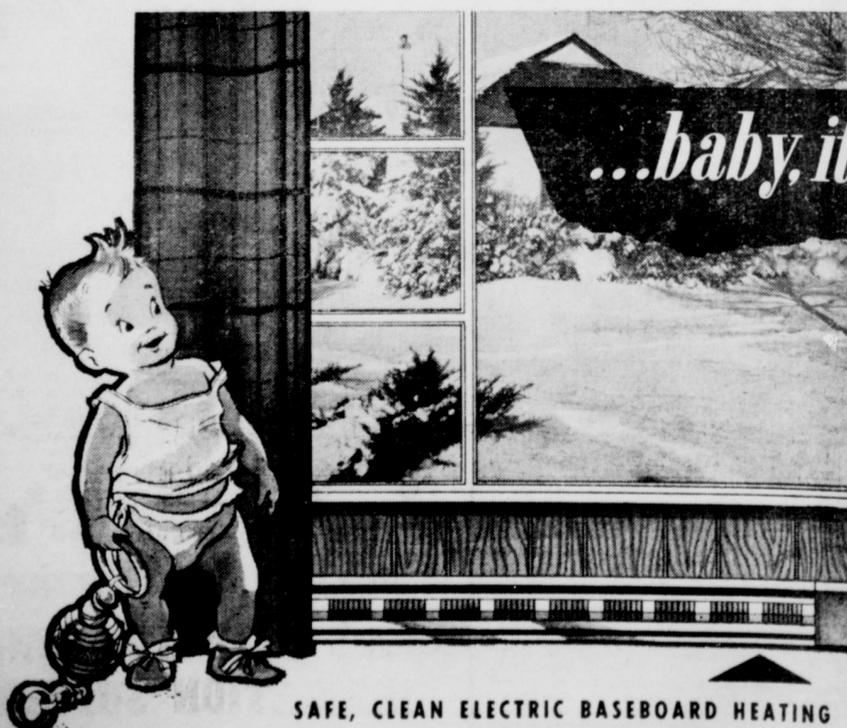

THE BEST \$36 YOU'VE EVER SPENT. This price difference over the low-price car buys Mercury's more beautiful styling. It buys a quieter ride (23% more insulation), greater stability (7" longer wheelbase), and extra quality. See and try 24 more advantages at your Mercury dealer's showroom.

...baby, it's WARM inside!

END DRAFTS AND HOT SPOTS — ELIMINATE FLAME AND FUME WORRIES — GET INDIVIDUAL ROOM COMFORT CONTROL — INSTALL ELECTRIC BASEBOARD HEATING

Electric baseboard heat is out of the way just like a regular baseboard. You put your furniture right next to it — don't lose even an inch of floor space.

The heat is radiated and circulated — moves across the room in a warm, gentle flow.

Baseboard heat is superbly safe — children can crawl and play right next to it. It's comfortable, convenient, practical and beautiful.

Economical, too. Our special heating rate sees to that.

Ask your Public Service manager.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF LUBBOCK AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Lubbock who helped make this department possible is sincerely appreciated.

C. F. & CHARLES W. GALLIMORE

When a man gains recognition for the progressive and straightforward manner in which he has managed his business affairs, and also for his generous contributions to civic projects, he is to be complimented for his achievements.

A man belonging to this category is C. F. Gallimore of C & C Wholesale Meats, located at 2425 Avenue H, a pioneer business man of Lubbock who is regarded with respect and admiration by a great many residents of the city and the surrounding country.

We also think it appropriate in this review to give credit to some of the younger generation who are carrying on so ably in the footsteps of their fathers. And one who certainly deserves such credit is Charles W. Gallimore, who now shoulders the full share of responsibility in the management of the wholesale meat firm established by his father. It is because of the efforts of such men that, year after year, Lubbock continues to grow and prosper and to become an even better place in which to live.

It is men like Mr. Gallimore and his son Charles, who have a distinct value to their city, and take pleasure in paying them this brief, but sincere tribute.

JAMES L. BATSON AND JACK W. BLANKENSHIP

In singling out some of the more progressive business and professional men of Lubbock, we would be censured should we fail to include James L. Batson and Jack L. Blankenship of the Audio Sound Equipment Company, distributors, contractors and engineers for Stromberg-Carlson. Mr. Blankenship also represents Background Music Inc., in this area. They are men who have never spared themselves in their participation in both the business and commercial activities of the city.

Mr. Batson and Mr. Blankenship have always been conscious of their civic responsibilities, and are ever ready and willing to meet in every detail those opportunities which come to their attention to further civic enterprise. They may well be proud of their achievements along these lines.

Jack Blankenship and James Batson deserve a great deal of credit for the honest and successful manner in which they have conducted their business affairs. They are friendly and likeable personalities, whose sincere desire to be of service has gained for them a host of friends and acquaintances in and around Lubbock who would, if given the opportunity, join us in wishing them many more years of continued success.

GEORGE H. HUGHES AND DEAN CHAFFIN

Every progressive and successful business man in Lubbock contributes in some manner to the growth and progress of the city. And two men who are always willing to do their part in both business and civic activities are George H. Hughes, General Manager, and Dean Chaffin, Sales Manager of the Capri Floor Covering Company, who are well known and have many friends and business associates throughout this entire district.

The prominent part that the Capri Floor Covering Company is playing in the business and commercial life of Lubbock and vicinity mirrors the progressiveness and ability of such men as they. Moreover, Mr. Hughes and Mr. Chaffin have also at all times been steadfast in their devotion to the city, and the surrounding country and, on many occasions, have lent their support to the successful promotion of meritorious civic projects.

Lubbock and the district are fortunate to have two such men as George Hughes and Dean Chaffin in positions of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to two of the city's more progressive business men.

ERNEST W. MOORE

Performing an outstanding service for the people of Lubbock and the surrounding territory, Ernest W. Moore, manager of Banker's Life & Casualty Company, and White Cross Hospital Service, has achieved an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection the people both need and can afford, have been important factors in his well-earned success.

Mr. Moore is a man of ideas and he is as practical as he is progressive in putting those ideas to beneficial use in furthering the service he renders to the people. His sound business judgment and unwavering honesty are characteristics which place him in the front rank of the business leaders of the city. Yet, he is un-

suming and modest in his personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to progressive citizens of this type, for it is such men as Ernest Moore who have caused Lubbock to become recognized as the business center for this section of West Texas.

DAVE RABEN

We wish in this edition to pay tribute to Dave Raben of the Clovis Road Auto Parts, located at 1006 Clovis Road, who, in addition to his wide selection of new and used automotive and truck parts, specializes in the installation of transmissions at the nominal cost of \$37.50.

Mr. Raben probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the good will of all who know him.

Lubbock is fortunate in being able to number, among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider Dave Raben an asset to the community, and a progressive business man of whom his city may be proud.

"BILL" BALDREE

"Bill" Baldree has proved his progressiveness by constantly adding to and increasing the service which Bill's Gulf Service Station and Pit Service, has extended to the people. The large volume of business handled by his Gulf station proves that "service" to him, is not "just a word," but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Baldree was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is forthrightly established in the forefront of the business life of the city.

"Bill" Baldree has many friends in and around the city, and it is a pleasure to bring him before our readers in this review of progressive Lubbock business men.

OSCAR J. HARDT

Our issue today proposes to call the attention of our readers to some of those progressive and civic-minded men who have contributed their share of time and energy to the building up of Lubbock and the surrounding territory to the position of prominence which it now enjoys.

One of these men whom we wish to present to our readers is Oscar J. Hardt of the Ray Bonner Television & Radio Service, whose success can equally be attributed to his business acumen, and his knowledge of electronics, with special emphasis on radio and television.

He has never spared himself in his aggressive march forward in both business and technical fields, and is a qualified expert in the service and installation of all types of television sets and antennas. Oscar Hardt's record of achievement is one of which he may well be proud. His value to the city, and this district is an established fact, and we are happy to give him the credit which is his just due.

D. L. "BUNK" CREMEEN

It is appropriate that we include in this review of progressive Lubbock business men, D. L. "Bunk" Cremeen of the Central Wrecking Company, who has many friends and satisfied customers living in the rural areas outside of the city. Moreover, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Cremeen has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Lubbock and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made of "Bunk" Cremeen an example of the type of man we all appreciate. We congratulate and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Lubbock and vicinity.

WILLIAM "BILL" FLOYD

We desire in this Lubbock review to call the attention of our readers to the well-earned position which William "Bill" Floyd has reached in the business life of this section. During the comparatively short time he has been the manager in Lubbock for Atlas Sewing Centers Incorporated, he has made many personal friends as well as having earned the good will of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. Floyd has worked hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of Atlas Sewing Centers as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of the city of Lubbock and is always ready to lend his support to civic projects. "Bill" Floyd deserves our heartiest congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

F. W. BERTRAM AND C. C. HURST

The city of Lubbock has assumed its place of importance in this section of Texas because of the efforts of far-seeing business and professional men who have helped in developing its industry, or in some manner, extended the trade advantages of the locality. Two of the men who have taken an important part in many progressive movements are F. W. Bertram and C. C. Hurst of Bertram & Hurst Builders Supply & Ready Built Homes.

Mr. Bertram and Mr. Hurst have devoted their share of time and energy to the growth and development of Lubbock and this district, and it is fitting at this time that we attempt to express in a small way, our appreciation for their unselfish contributions to the general welfare of the community.

They are men of wide acquaintance who many friends admire and respect in them those virtues which inspire confidence and promote good feeling. Their upright business methods are but an outward reflection of their inherent appreciation for fair practices. We congratulate C. C. Hurst and F. W. Bertram on their splendid records of service, and wish them continued success.

BEN BROWN AND "CHRIS" CHRISTENSEN

Lubbock has attained a prominent position in the business and recreational life of this section of the state because of the foresight of those who had the ability to envision the possibilities of the community and the trade area it serves. And two wide awake progressive men who justly should be included in this category are Ben Brown and "Chris" Christensen of the Lubbock Bowling Club.

Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And Mr. Brown and Mr. Christensen have earned the good will and respect of their fellow citizens for contributing their bit to the general welfare of the city and the people as a whole.

It is our duty to include E. A. "Chris" Christensen and Ben Brown in this group of progressive and civic minded men who have done so much for Lubbock, and to express the wish that they will continue for many years to forge ahead with the success which they have enjoyed in the past.

BARRY TRENT

Barry Trent, the manager of the Sentinel Religious Book Store, has won the universal respect and good will of the people of Lubbock and the surrounding country for the progressive manner in which he has kept the store in the forefront of the business and religious life of this entire district. Also for the religious and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Trent is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgement whose opinions and advice are sought after and listened to with respect.

We compliment Barry Trent for the successful management of the Sentinel Religious Book Store, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend,

CLIVE FEARN

Clive Fearn of the Automatic Transmission Exchange, has a well earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Automatic Transmission Exchange outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Fearn has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the city, but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Clive Fearn the credit for his accomplishments which his friends and associates have so long accorded him.

CALVIN C. MANGRUM

Recognized as one of the more progressive business men of Lubbock, Calvin C. Mangrum of the Carbonic Sales & Service Company performs a real service for the people of his city, and his contribution to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service his company renders to the public. A policy which has, and continues to build up good will for the Carbonic Sales & Service Company throughout this entire district.

Mr. Mangrum is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Calvin Mangrum on his splendid record, and trust he shall continue to serve the people of Lubbock and vicinity.

LOYD CAIN

The true value of a citizen is not gauged by his personal success. But rather by the manner in which he shares that success by his contributions to the city in which he lives.

And Lloyd Cain of Lloyd Cain Photographic Illustrators, is one of those men who has given much toward the development of Lubbock and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Cain's thorough knowledge of the technical phases of commercial and industrial photography, coupled with his artistic ability, has raised him to a position of leadership in his field of activities, and gained for him the reputation of being one of the city's more progressive business men.

We compliment Lloyd Cain in this Lubbock review, and wish to offer him this small evidence of public esteem.

B. E. AND JACK D. BRUMLEY

Due to the efforts of a group of wide awake business men, the city of Lubbock has attained a prominent position in the commercial life of this section of the state. And two of the men who have justly earned credit for being progressive members of that group are B. E. and Jack D. Brumley of the Brumley Dairy Supply & Milk Transport Company.

It is because of the successful operation of such a business as theirs that the city of Lubbock has earned the reputation of being one of the more progressive cities in this section of Texas. The Brumleys have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include B. E. and Jack D. Brumley in this Lubbock review, and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city.

DELBER E. GIRARD

It is a privilege in this Lubbock review of progressive men and firms that have been such a great aid to the growth and development of this section of Texas to place such a man as Delber E. Girard, of the Caprock Mobile Homes, on an equal plane with others in this rank. In the past, few men have exceeded him in

contributing of their time and energy to the onward progress of Lubbock and the surrounding country.

Mr. Girard is generally recognized as one of the more dependable new and used mobile home dealers in this district, and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect the principles which he has always so successfully applied to his business affairs.

We congratulate Delber Girard on his record, and sincerely hope that his career will be as useful and completely successful in the years ahead as it has been in the past.

H. C. AND W. H. WATSON

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Lubbock who belong in this category are H. C. and W. H. Watson of the Watson Bakery & HRI Supply Incorporated.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

The Watsons are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their contributions to various civic movements of benefit to the city. We are therefore, glad to pay tribute to Wylie J. Dykes of the All-Vue Glass Company, for he has become a well-known figure in the business and commercial life of the city.

CHARLES AND GLADYS READ

Charles T. and Gladys Read of the Rainbow Garage & Wrecking Service, are two of those progressive type of citizens upon whom the community depend a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

Mr. and Mrs. Read have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Gladys and Charles Read to our readers as good examples of the more progressive type of business people who have aided in the growth and development of Lubbock and the surrounding country.

HOYLE "CHUCK" DILLARD

In bestowing credit upon some of those progressive business men of Lubbock, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about Hoyle "Chuck" Dillard of the Chuck Dillard Gulf Service.

Mr. Dillard has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Gulf station continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

"Chuck" Dillard is also civic-minded and has, when asked, cheerfully cooperated on those activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

"ED" AND CLEO DOLLAR

"Ed" and Cleo Dollar are two of the more successful restaurant operators of Lubbock who, by maintaining a constant standard of service and high quality foods, has made the Downtown Dinner Bell one of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in com-

munity affairs, and lending their assistance to various activities and public projects. When asked to take part in such matters they always do so without ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated in the promotion of community activities with two such citizens as the Dollars.

This review of progressive and civic-minded people of Lubbock would not be complete were we to fail to include Cleo and "Ed" Dollar. Theirs is the kind of success which deserves recognition, and we wish them many more years of the same.

SAM W. AGEE

One of the more progressive business men of Lubbock, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, Sam W. Agee of the Sam Agee Body Shop, whose wide knowledge and long experience in the automotive body repair and maintenance business has raised him into a position of prominence in his line.

It is because of this that the Sam Agee Body Shop has earned a reputation for reliability—second to none.

Mr. Agee is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of Lubbock may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to Sam Agee as a progressive business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

WYLIE J. DYKES

Because this is a period of growth and expansion for Lubbock, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Wylie J. Dykes of the All-Vue Glass Company, for he has become a well-known figure in the business and commercial life of the city.

Mr. Dykes' persistent optimism and steadfast belief in the continued future prosperity of the people of Lubbock and vicinity are characteristics which are deserving of our highest praise.

Wylie Dykes has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

CLEON HIGGINBOTHAM

Cleon Higginbotham, who just a short time ago assumed the operation and management of the College Avenue 66 Service Station in Lubbock, quite readily demonstrated his unusual ability by his quickness to appreciate the obligations and responsibilities of his

new endeavor, and to conduct his affairs accordingly.

Although he has been operating the business for a comparatively short time, he has already made many new friends and satisfied customers for his Phillips 66 station.

Mr. Higginbotham is an active, energetic man whose sincere and friendly personality and desire to be of service is rapidly earning a place for him in this district. He has already taken an interest in community activities, and in due course of time will assume his full share of civic responsibilities.

Cleon Higginbotham deserves a word of praise for having so quickly established himself in his new venture, and we are glad to give him this brief, but sincere mention.

JACK W. BROWN

There are a number of business and professional men in Lubbock who have gained recognition for their progressiveness, and a well-known insurance man, and native of the South Plains, whose parents and grand-parents were business and civic leaders in Hale County, is Jack W. Brown of The Brown Agency, agent for Hartford Insurance, whose fair dealings with many of our readers has earned for him a host of friends and policy holders throughout this area.

He is well established in the forefront of the business and civic life of his city, and the ethical manner in which he has conducted his business affairs is but one of the reasons for his outstanding success.

In addition to his insurance activities, Mr. Brown has also accepted his share of responsibility in aiding civic projects. As a result of the combined efforts of men like him, Lubbock is firmly established in the minds of the people as the logical business center for this section of West Texas.

We congratulate Jack Brown for his success in business and civic affairs, and trust that he will continue for many years to enjoy that success which he has so justly earned.

HAROLD A. YOUNG

It is fitting in this review of progressive Lubbock business men that we acquaint our readers with the man to be credited with having maintained the Consolidated Equipment & Supply Company in the enviable position it holds in the business and industrial life of this area. That personality is Harold A. Young, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which the company now enjoys throughout this entire district.

Mr. Young has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which Harold Young and the Consolidated Equipment & Supply Company have rendered to the people.

15 Cotton Varieties Show Variation In Cash Return

Hale County farmers are growing 15 or more different varieties of cotton, most of which are adapted to South Plains conditions. Some are paying off better than others, according to County Agent, Ollie Limer.

In selecting a variety of cotton, Limer points out, a farmer's chances of selecting the top variety

each year are pretty small, because most three or five year demonstrations have shown that no one variety has been first every year. He pointed out, however, that five or six varieties had been consistently at the top.

Most cotton men and ginners are pretty well in accord with their thinking that this is too

many varieties for a community or county to be growing.

In selecting a variety of cotton, the farmer should determine first whether or not he is going to hand pull, strip or mechanically pick his cotton. He should also consider the time of year he plans to plant, the conditions at that time, such as moisture and other climatic conditions.

With these factors in mind, he can eliminate some varieties on that basis. A farmer should select the variety that would produce the highest net income per acre, which is not necessarily always the highest yielding variety. By selecting a variety that he likes and that has done well in the community and studying and learning the different characteristics of this variety, he can do a better job of producing it year after year because varieties of cotton are a little different in the ways that they respond to water, fertilizer and other crop management practices. The grower should also take a look at the disease tolerance of the various varieties.

Through the Extension program the County Agent in 1959 conducted three cotton variety demonstrations to assist farmers in the various communities in deciding which variety to plant by showing them these varieties on farm tours and furnishing the yield and the total dollars and cents return at this time of year. This has aided farmers in determining the best variety of cotton to grow.

Demonstrations were conducted on S. R. Heard's place 18 miles south of Plainview; E. J. Pope farm 6 miles north of Abernathy and Owen Benn farm north of Abernathy. Other variety demonstrations were conducted in the county but were hailed out.

On the Pope farm, Gregg, Rex, Paymaster 101, Lankart, Paymaster 105 and Antone varieties were demonstrated. Rex yielded the highest seed cotton at 4,145 pounds. Gregg was next with 3,925, Antone 2,975, Paymaster 105 2,925, Paymaster 101 2,875 and Lankart 2,805.

Lint yields were Gregg 885, Rex 825, 105 was 675, 101 was 670, Lankart 660 and Antone 625.

The Benn demonstration was in pounds of lint: Gregg 725, Paymaster 101 650, Rex 650, Austin

Research Program Expanded At High Plains Research Foundation, Halfway

The 1960 research program of the High Plains Research Foundation was expanded by action of the Executive Committee of the Board of Trustees at their January meeting, Mr. Harold Hinn, Chairman of the Board announced. Soybean and sesame variety testing was expanded to include fundamental plant breeding investigations to develop varieties specifically adapted to the High Plains area. This program was enlarged to meet the requests of farmers and business representatives for better yielding and more suitable varieties. Employment of

additional personnel to assist Dr. Earl Collister in this program was approved.

"Soybeans could very well be the savior of the agricultural economy of the High Plains in fulfilling one of the needs for a dependable additional crop that can be grown in a rotation with grain sorghum and cotton," Mr. Hinn said in commenting on this enlargement of the Foundation's research program.

An agreement with the Texas Agricultural Experiment Station at Lubbock was approved by the Committee. The coordination and cooperation in agricultural research in the area was established by this agreement. This plan avoids unnecessary duplication of research programs and provides coordination of activities, so the whole West Texas area is more adequately served.

825, Lankart 611, 575 and Arizona 380.

Seed cotton yields were Gregg 1,090, Paymaster 101, 1,015, Rex 1,060, Austin 990, Lankart 955 and Arizona 615.

SECOND BREAK-IN AT CITY GIN

Abernathy policemen Dan Blanchard and John Marsh investigated a break-in at City Gin office last week. Nothing was missing from the office, gin personnel said. Entry was gained through a window. This was the second break-in at the City Gin office in the past few weeks.

Mrs. Marion Carlton was a patient in West Texas Hospital, Lubbock.

There's nothing like a new car—and no new car like a Chevrolet. This is the Impala Sport Coupe!

GO '60
GO CHEVY!

NOW—THE CAR THAT STARTS THE SIXTIES
WITH SO MUCH THAT'S NEW,
SO MUCH THAT'S DIFFERENT
...AND SETS THE PACE WITH LOWER PRICES!

Chevrolet speaks of the Sixties like no other car—with a broad accent on spaciousness, stirring new concepts in styling and strong emphasis on spirit and thrift.

Step inside this superlative '60 and look at the worlds of room around you: head room, hip room, shoulder-squaring room. Note how Chevrolet's engineers have further flattened and narrowed the transmission tunnel to give the middle man more foot room. Chevrolet's greater roominess is inside where you want it—not outside in useless body overhang.

You'll find economy teamed with performance in a new standard V8, engineered to deliver up to 10% more miles for every gallon, or the strapping Hi-Thrift 6.

And riding comfort in the new one is a never-ending treat, thanks to Full Coil spring suspension. There are also thicker, newly designed body mounts that filter noise and vibration to the vanishing point, more rigid frame and many other engineering advances.

But you'll have to drive the Sixty sizzler yourself—that's the clincher.

Why not see your Chevrolet dealer now—for a drive and the happy details on Chevy's new lower prices.

See The Dinah Shore Chevy Show in color Sundays, NBC-TV—the Pat Boone Chevy Showroom weekly, ABC-TV.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer.

**Hale County Farm Bureau Donates
Sum To Soils Testing Laboratory**

The Hale County Farm Bureau has donated \$500.00 to the Plains Soil Fertility Committee for a soils testing laboratory to be located at the Lubbock Experiment Station. Oliver Harmel, Hale County Farm Bureau president, stated that farm organizations would be used to secure money from farmers to finance this \$25,000 operation, of which a sizeable portion has already been secured. Harmel said that other Farm Bureaus and farm organizations would be contacted for contributions.

Harmel pointed out that the proposed soils testing laboratory would be for farmers' use as well as research. The laboratory being located in Lubbock would be readily accessible to farmers of this area and they could secure their tests and receive the results quickly. Farmers in this county are using more fertilizer than ever before. Their yields have been higher and the dividends have been greater from the use of these fertilizers. A soil test will show the most profitable rate of fertilizer on a man's farm. Experiments in this area already have shown that every farm has a definite fertility level and a soil test is the best way to determine this soil's fertility level on each farm. Harmel said that using this test which shows the most profitable rate of fertilizer should increase the net income of Hale County farmers considerably when they use it as a guide for determining their fertilizer needs.

Also with the soils testing laboratory being located at the Lubbock Station, it would be easier to tie results from the Lubbock Station and other stations in this area closer to the farmers soil sample. The laboratory would be supervised by the Texas A. & M. College Extension Soil Scientist and operating expenses would be carried on through appropriations from the Extension Service budget each year after Sept. 1, 1960.
