"IN THE PALM OF THE PLAINS"

News Briefs

Another paving project is being undertaken by the City of Abernathy. Any property owner wanting paving should go by the City Hall and leave his name and property description.

Father Dies

George E. Green, 85, longtime Plainview businessman and father of Mrs. Floyd Shipman of Abernathy, died Monday in a Plainview hospital, where he had been a patient for several months. Funeral rites were held Wednesday afternoon in Plainview.

Leap Year Specials

Smith's Food Store ad on the back page of this paper is featuring "Leap Year Specials" in the annual "Young Mother Hubbard" Sale. Specials in the ad are effective from Thursday, Feb. 25, through Saturday, March 5.

Wedding Rites

Roy Dean Verner, Abernathy Church of Christ minister, and his family were in Mount Pleasant late last week, where he performed the ceremony at his sister's wedding.

To See Falcon

Lloyd Givens, manager of Abernathy Motor Co., and possibly others from the firm, planned to be in Abilene Wednesday for a dealer showing of the new Falcon station wagon. The public showing is set for about March 17, in Abernathy Motor Co. showroom. The Falcon Ranchero will show late next month, or in early April.

Warning Issued

With service station high-jacking at a peak over the South Plains, City Policeman Dan Blanchard warns local station operators to be on the alert. He advises operators to take the license plate number of cars coming into their stations if they do not know the driver. This practice should be followed at all times, especially at night. This information could result in quick capture of the high-jackers, and recovery of lost cash.

Is Representative

Wayne L. Slaughter, secretary, Ancient Accepted Scottish Rite of Freemasonry, headquartered in El Paso, has advised J. P. Nystel, local real estate man, of his appointment as Scottish Rite representative for the Abernathy District. Master Masons of this area who may be interested in the Scottish Rite work may contact Nystel.

To Close March 2

Abernathy First State Bank will be closed March 2, Texas Independence Day, a legal banking holiday.

13th Birthday

D. D. Skipper, Abernathy farmer, will observe his 13th birthday Feb. 29. He will be 52 years old.

This joke about how well some people like to fish may be an old one, but I heard it only recently. Two men, fishing on Sunday morning, began discussing the error of their ways. One, in an effort to soothe his conscience, said, "I couldn't have gone to church this morning anyway, because my wife is critically ill."

Stolen Car Is Recovered Here

City Policemen John Marsh and Dan Blanchard found an abandoned car here that had been stolen from its parking place near a Littlefield theatre. They found the 1954 Ford 2-door at 10 a. m. Thursday east of the railroad track in the southeast part of town. It had been stolen the previous Saturday night.

An investment in the public school is an investment in the youth of our country.

Explosion, Fire Hit Coop Elevator Here

(By O. F. Rea)

An explosion and fire of undetermined origin caused considerable damage to the Abernathy Co-op Grain Co. elevator Sunday night about 12:00 o'clock. The explosion noise was heard over most of Abernathy and was somewhat on the order of distant thunder. It was thought that the explosion perhaps originated in the grain pit below the dump or around the

bottom of the elevator leg. It seemed to have traveled up the elevator leg to the head house where it blew out windows and caused other damage.

At this writing no one had been to the top nor in the pit below the dump because of the smoke still coming out.

An effort is being made to get some smoke masks from Lubbock fire department in order to make a thorough examination and to avoid further damage by fire which could possibly break out again.

The force of the explosion was sufficient to blow heavy doors to the grain dump entrance several feet. The extent of damage has not at this time been determined.

Rebekahs Set Sewing Meet

Aunt Manna Struve sent in the following report on an important event for members of Abernathy Rebekah Lodge.

"The Rebekah Ladies are planning to sew for the orphans on the 29th of February, in the Odd Fellows hall at 7:30. We hope all who can will come and help. We have patterns, machines, and material."

BOY SCOUTS AND CUB SCOUTS NEED SCOUT MASTERS

The Boy Scouts and the Cub Scouts of Abernathy are in need of men to act as Scout Masters for each. Will some men volunteer to take over this work? Maybe someone with a boy or boys of his own would be delighted to be in scout work and act as a good leader?

This is a worthy cause as there is hardly anything that will build character into young boys better than Boy Scouting. Character building should and does begin in the home, be it building a good character or a bad character. Away from the home, character is still built in the formative years and here is where a good scout master has the opportunity to help build good character into these boys.

The scout movement should not be left to die in Abernathy. Contact Ted Hill for further information.

Public Schools Week Set For Observance In Texas

Governor Price Daniel has designated Feb. 28-March 4 as PUBLIC SCHOOLS WEEK in Texas (see proclamation in bank ad on page 3). Abernathy schools, the officials and patrons will observe this special week with various events.

The Masons of Texas take an active part in sponsoring Public

Money Available For GI Loans To Build Homes Here

According to Pat Patterson of Commuter Homes of Abernathy, Inc., some \$400,000.00 has been allotted to Hale and Lubbock Counties for GI home loans. July 26, 1960, is the deadline for GIs to apply for home loans, Patterson said.

GIs can buy new homes in Abernathy without a down payment, up to \$13,500.00, Patterson stated. Fast service is expected on these loan applications, he added. Commuter Homes of Abernathy expects approval of some ten GI home loans for the Virgil Phillips Addition and possibly other locations in Abernathy. The firm will make these available to GIs to buy the new homes here on a first-come-first-served basis. For further details, see the ad placed by Commuter Homes of Abernathy on page four of this issue of The Review.

Sophomore News

The Sophomore Class had a ball Friday night, February 19. We had a Masquerade party at the City Hall.

The costumes ranged from that of Dracula to Japanese girls. We then divided up and went on a Scavenger Hunt. Some of the most difficult items to find were: cock roaches, policemen caps, corn cob, and a chicken feather.

We then returned to the City Hall for refreshments and played several games. The class parents and sponsors who attended were: Mr. and Mrs. H. S. May, Mr. and Mrs. E. A. Houston, Mrs. Fred Cooke, and Mr. Robert Montgomery.

Our thanks go to everyone who had a part in making our party successful. Ruthie Beaton, Reporter

Program Tonight To Open Heart Fund Campaign

W. M. Parker, local chairman of the Heart Fund Drive, announced that the Home Demonstration Club and the City Garden Club are to sponsor a program tonight (Thursday), at 7:30 in the school auditorium, in connection with the Heart Fund Campaign.

The program will probably consist of lectures plus a film pertaining to heart diseases. Speakers will be doctors from the Heart Fund Association, Parker said. Everyone in Abernathy and vicinity are urged to attend the meeting and program, whereby they may learn more of the facts about heart disease, and also be informed to what extent Heart Fund donations aid in fighting the diseases through research.

Chairman Parker added that Sunday, Feb. 28, is Heart Sunday. This is the high point of the Heart Fund Campaign—a one-afternoon, door-to-door collection in which workers call on their neighbors to receive Heart Fund contributions. Local workers will canvass the town between the hours of 1 and 2 p. m., that afternoon, Parker stated. He also added that donations are strictly voluntary, but any amount one might give will help further the fight against heart disease. Donations make possible a nationwide fight against disease of the heart and blood vessels.

Local donations will be turned over to the Plainview chairman and will go into the Hale County Heart Fund. Norris Raymond, Abernathy farmer who was injured in a high-way accident near Muleshoe early this month, was taken by Dennis-Chambers ambulance to a Lubbock clinic last week. Following examination and treatment, he was returned to his home northwest of town. He sustained a fracture of the pelvis and a chipped bone in his left ankle in the accident.

A-1 Lanes Bowling News

A large number of teams and individuals have signed for the A-1 Lanes House Tournament for men to be held Feb. 26, 27, 28. There'll be a lot of activity and plenty of good bowling during this special event. Spectators, always welcome at A-1 Lanes, will enjoy the activities in the House Tournament for men.

The teams will bowl at various times during the 3-day meet, and there possibly will be a number of lanes available for open bowling during that period. An A-1 Lanes House Tournament for women will be held at a later date.

Closes Feb. 29 Remember, A-1 Lanes will give away custom fitted bowling balls or bags for bowling balls in the special event for February closing out Feb. 29. Get complete information at the desk... you may win a ball or bag.

The Methodist Women's Society of Christian Service will begin a study on "The Gospel of St. Luke" on Monday, March 7, at the church, under the leadership of Mrs. Robert Montgomery. The purpose of the study is to better understand Luke's Gospel, which gives new insight into the person of Jesus. Luke is often spoken of as the most beautiful book ever written.

BASKETBALL PLAYOFFS SLATED

The Region I high school basketball playoffs for Class A and AA boys' teams will be held in Lubbock Municipal Coliseum Saturday, beginning at 8:00 a. m.

Class AA pairings do not begin until 11:00 a. m. when Seminole, bi-district winner of districts 3-4, meets the bi-district winner of districts 7-8.

Dimmitt, bi-district winner of districts 1-2 AA, will meet the 5-6 AA winner at 12:30 p. m. The winners of the two games will meet at 9:30 that night to determine the Regional Champions.

Girls' Regional Tourney

The Region I girls' basketball tourney will be held in Chapman Field House, Lubbock, next Saturday, March 5, for Class A and AA schools.

The bi-district winner of districts 1-2 AA will meet the bi-district winner of districts 5-6 AA at 11:10 that morning, followed by the 3-4 AA and 7-8 AA winners at 12:30 p. m. Class AA finals are set for 8:30 p. m.

ARNULFO GARZA, 16-year-old son of Mr. and Mrs. Maximo Garza, will celebrate his fourth birthday Monday, Feb. 29. He is shown here in one of the Junior High school offices pointing out the date on his calendar. He was born Feb. 29, 1944, and is a seventh grader in Abernathy Junior High school.—(Staff Photo).

(An article about February, prepared by Junior High school personnel, along with additional information about Arnulfo, will appear in next week's issue of The Review).

West Texas State Band In Concert Here Friday

CANYON (Special)—On its annual tour of West Texas schools, the West Texas State Concert Band will appear Friday, Feb. 26, at 9 a. m. in the Abernathy school auditorium, in the ninth of a series of ten concerts.

The colorful WT organization, directed by Dr. Ted J. Crager, will also perform for audiences in Hale Center, Littlefield, Levelland, Seagraves, Lamesa, Odessa, Midland, Dimmitt, and Kermit. Concert season for the 90-piece group opened Feb. 21st on the WT campus with a program for the annual Festival of the Arts.

There are five former AHS students now playing in the WTSC Concert Band. They are Troy Snodgrass, Beverly Suttle, Suzan Benn, Jimmy Nelson and Carol Powell. The public is cordially invited to the presentation, announced AHS Principal, J. W. Sollis.

AMERICAN LEGION TO CELEBRATE 41ST ANNIVERSARY On Tuesday night, at 8:00 o'clock, March 1, at the American Legion Hall the local Legionnaires will celebrate the 41st anniversary of the founding of the American Legion, with a fish fry. All legionnaires and their wives, and all veterans and their wives are urged to attend.

The month of March will see Legion anniversary celebrations in various ways in many localities as this month is the month in which the founding took place, back in 1919.

AHS and Friona Girls In Bi-District Play

Coach Pete Wilson's Antelope girls' basketball team downed the Muleshoe girls here Monday night, 58-41, to take their second straight win in the best two out of three games series, thus gaining the right to represent District 2-AA in bi-district play next week.

The local girls captured a narrow 52-50 victory at Muleshoe last Thursday night in the first game of the district playoffs.

Abernathy and Muleshoe will be deemed co-champions of District 2-AA in the girls' division, but Abernathy will represent the district in the bi-district tilt with Friona, winner of District 1-AA.

Abernathy's girls will go into the bi-district game with a win-loss record of 26-6 for the season. In the game here Monday night, both teams got off to a slow start as far as scoring was concerned. Abernathy took a 3-point lead with two minutes gone in the first quarter, but Muleshoe knotted the score at 5-5 two minutes later, then went ahead 6-5 on a free throw. A basket by Nelda Sanders, followed by 1 by Diann Owen, put the local girls out front 9-6 as the first quarter ended. The Abernathy girls led from that time on.

The Antelope girls sang the nets for 22 points in the second quarter while the guards did a fine job of holding Muleshoe's forwards to only 13, to lead 31-19 at halftime. They added 12 points in the third to Muleshoe's 10 to lead 43-29 going into the final quarter. Abernathy held a 27-point lead at one time before substitutes took over for both teams.

Reliable Nelda Sanders paced the Antelope with 25 points while Diann Owen sank 20. Linda Shipman added 13 to round out the scoring. Barbara Turner and Evelyn Dye also saw action at the forward positions.

Guards Lesa Habbinga, Carolyn Northcutt and La Ree Abney did a tremendous job on defense, as did Betty Johnson. Other guards seeing action and doing a fine job were Betty Guinn, Janice Adkisson, Jan Exum and Frances Teaff.

Muleshoe was led by Mary Gross with 13 points and Trudy Davis with 11, the latter's being all free throws. Muleshoe had to come from behind to tie Abernathy, which held 17-12, 31-29 and 42-38 quarter leads. Muleshoe grabbed a two-point lead late in the fourth quarter, but three times Abernathy overcame the Muleshoe edge and Muleshoe missed the last shot to send the game into overtime.

After Miss Owen had sunk her field goal for a 54-52 lead in the overtime period, Muleshoe missed a shot, Abernathy got the rebound and stalled out the remainder of the game. Backing up Owen were Linda

Shipman with 15 points and Nelda Sanders with 13.

Guards seeing action and doing a fine defensive job were Lesa Habbinga, La Ree Abney, Carolyn Northcutt and Betty Johnson. Lesa, all-state guard, also saw some action at a forward position.

Other team members making the trip to Muleshoe included forwards Barbara Turner and Evelyn Dye, and guards Betty Guinn, Jan Exum, Janice Adkisson and Frances Teaff.

Mary Gross led Muleshoe with 22 points and Trudy Davis had 19. The Abernathy girls hit 38 per cent of their field goal attempts and 50 per cent of their free throw attempts. Muleshoe hit a remarkable 73 per cent of its free throws.

Miss Fred, Jerry Gale Marry Here

Northside Baptist Church in Abernathy was the setting for the 8 p. m. Thursday wedding of Miss Patricia (Patsy) Ann Fred, daughter of Mr. and Mrs. N. J. Fred, Rt. 2, Petersburg, and Jerry Gale Steward, 4010 E. Baylor, Lubbock. Mr. and Mrs. King Steward of San Marcos, Calif. are parents of the bridegroom.
A double ring ceremony was read by the Rev. Harold Poage and the Rev. Tony Longval.
As the bride was given in marriage by her father, she wore a waltz length gown of all-over Alencon lace over taffeta. The slim bodice featured a Sabrina neckline studded with sequins and seed pearls. Her billowing skirt was designed with a front apron panel of lace and tiers of fluted net ruffles. A pearl head band caught her finger tip veil. She carried an orchid bouquet atop a Bible.
Sister Is Attendant
Miss Peggy Malone of Muleshoe, sister of the bride, was maid of honor. Other attendants were Mrs. Don Goldston of Lubbock, Miss Linda Pearson of Petersburg, and Mrs. Charles Hobgood. Miss Malone wore a toast brown dress and other attendants wore mint green dresses. The dresses were designed shirt waist style and featured puff sleeves. They carried colonial carnation bouquets.
Charles Hobgood was best man and ushering duties were assumed by Maurice Fred of Kress and L. C. Fred, brothers of the bride; and Don Goldston of Lubbock.
Sue Floyd and Phyllis Fred lighted the candles. Marilyn Fred was flower girl and David Poage was ring bearer.
Wedding music was given by Mrs. Harold Poage, organist, and Mabry Greenhaw, soloist.
A reception in the fellowship hall of the church followed the ceremony. Members of the house party included Mrs. C. H. Pittman, Mrs. Billy Pittman, Mrs. Harold Poage, Mrs. Tony Longval, Mrs. A. Kelley, Mrs. W. S. Holleman and Mrs. Earl Poage.
For her wedding, trip, the bride wore a white shirt waist dress and red accessories and a corsage from her bouquet. The couple will be at home at 4010 E. Baylor in Lubbock.
The bride graduated at mid-term from Petersburg High School. Her husband is employed by Plains Electro Plating and Bump-or Co.

**Soil Sampling
In High Gear**

Soil sampling in Hale County got into high gear this past week. There were 85 samples sent to the Texas A & M Soil Testing

Laboratory through the County Agent's Office last week, according to County Agent, Ollie Liner. Liner states that a number of farmers have been asking about whether to sample their soil that is as wet as it is. He explains that all of the soil that is tested is first air dried when it gets to

the Soil Testing Laboratory and that it doesn't have to be real dry when it is placed in the cartons. Farmers who can get into their fields now, it will be alright to take soil samples and send them off.

Soil testing program is one point of the "4-Point Soil Fertility Program" that is being conducted in Hale County. Water management, balanced fertility and crop management are the other three points.

"CONVERSION"

BY ROY DEAN VERNER
Reading Time: 4 Minutes

Jesus said, "Except ye be CONVERTED, and become as little children, ye shall not enter into the kingdom of heaven" (Matt. 18:3). Peter said in Acts 3:19, "Repent ye therefore and be CONVERTED, that your sins may be blotted out, when the times of refreshing shall come from the presence of the Lord." From the above scriptures it is evident that one must be converted before he is a child of God. Few people in the religious world will deny this. The problem that arises so often, however, is just what constitutes a conversion.

The word "convert" simply means a turning. The word is used to mean, theologically, the spiritual or moral change which accompanies the turning of a sinner from his sins to God. For evidence of this consult the American Standard Version of the New Testament as well as the Revised Version.

To some people conversion means an experience they have had wherein the Holy Spirit has worked upon them separate and apart from the word of God. They claim that God either spoke or worked upon them in such a way as to bring about a complete change in life, and thereby making them Christians. This is not, however, the kind of conversions that are described in the New Testament. As one reads the book of Acts, (which is the only book which gives examples of conversions), he finds that the people on the day of Pentecost were converted at the preaching of the word. The Holy Spirit did not fall on these people, but on the twelve apostles. (Note Peter defended only himself and the other

eleven, Acts 2:14). After Peter's sermon had been concluded the people wanted to know what they must do. Peter answered by saying, "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins" (Acts 2:38). The Ethiopian nobleman had the word of the Lord preached to him by Phillip (Acts 8:35). He preached unto him Jesus. Without any kind of an experience sent directly by Jehovah this man was baptized into Christ. (Acts 8:38). Saul of Tarsus was stopped on the road to Damascus by Jesus. This stopping was for a special occasion, to inform Saul that he was to be an apostle. Though Saul had talked directly to Jesus, and had prayed three days and nights, Saul was still not a Christian. This is evident because Ananias told him to, "Arise and be baptized and WASH AWAY THY SINS. If Saul had been a Christian (had undergone a complete conversion) he would not had to be baptized that his sins could be washed away.

None of the above examples of conversion even hint that conversion takes place as a result of God or the Holy Spirit working directly upon a person. Conversions took place when these people heard the word of God proclaimed and believed it to the point of obedience.

More examples of conversions such as Cornelius, and Lydia will follow next week. If you have not converted, it is our prayer that you follow the examples that have been cited and become a New Testament Christian. Any question will receive our prompt attention.

Public Schools Week
February 28 - March 4

Official Memorandum

By
PRICE DANIEL
Governor of Texas

Austin, Texas

Greetings:

For each of the past ten years Public Schools Week in Texas has been set aside as a special time to place increased emphasis on our educational system.

During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our leaders of tomorrow with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

THEREFORE, I, as Governor of Texas, do hereby designate the week of February 28 - March 4, 1960, as

PUBLIC SCHOOLS WEEK
in Texas.

(SEAL)
In official recognition where of, I hereby affix my signature this 5th day of Jan., 1960.

FEBRUARY 20 to 27 IS
FUTURE FARMERS OF
AMERICA Week in Texas

THE FFA CREED

I believe in the future of farming, with a faith born not of words but of deeds—achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices and policies that are unfair.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

Last year's winner has won again!

1959's BIGGEST SALES SUCCESS IS GOING STRONGER THAN EVER IN 1960. ONE LOOK AT THOSE BEAUTIFULLY PROPORTIONED LINES AND YOU'LL KNOW WHY!

Within one year from introduction, the Ford Galaxie, Thunderbird of the low-price field, has become the world's best-seller. For '60, it's even more sensational. Outside, the Galaxie's crisp roofline is unmistakably Thunderbird... inside, plush appointments and deep-pile carpets are Thunderbird-elegant. Beneath the hood, you can have the Thunderbird's own V-8 engine.

And for 1960, Galaxie has more room for six passengers than ever before. Ride? Here's a ride smoothness like you've never felt before in any car.

Yet, all-new and elegant as the Galaxie is, it still sports a low Ford price tag. So take a tip from all America. Come test-drive the 1960 Galaxie—the best-selling car in the world.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF LUBBOCK AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Lubbock who helped make this department possible is sincerely appreciated.

SAM AND LON ED COX

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Lubbock who belong in this category are Sam and Lon Ed Cox of the Lubbock Distribution Company, and Lubbock Wagon Works, manufacturers of the famous Lubbock Wagons.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

J. E. McCAIN

Every progressive and successful business man in Lubbock contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is J. E. McCain, the manager of L & M Builders Incorporated, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the L & M Builders is playing in the business and commercial life of Lubbock and the South Plains mirrors the progressiveness and ability of such men as J. E. McCain. He has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

Lubbock and this district are fortunate to have such a man as J. E. McCain in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

CLOVIS L. AND AMY E. VAUGHN

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Lubbock. And the Holiday Inn Motel, combining the best features of both, has accommodated a great many tourists and business men in a manner that assures them of the continued patronage and good will of the motoring public.

The management of the Holiday Inn Motel has maintained an ideal of service which is thoroughly exemplified by the manner in which every need of the traveling motorist has been anticipated and prepared for. Nothing is taken for granted; nothing is forgotten, and hospitality and service is always their first and last consideration. Much of the credit for the splendid reputation of this modern drive-in motel is due to the executive ability of Mr. and Mrs. Clovis L. Vaughn, whose untiring efforts, foresightedness and careful attention to detail, have maintained a standard of hospitality and service which would be difficult to surpass. It is a pleasure to publish these words of praise about the Holiday Inn Motel, and its friendly managers, Clovis and Amy Vaughn.

JOHN B. DAVIS

In mentioning some of those men who are taking a progressive part in the evolution of the business and industrial life of Lubbock we would be censured if we failed to include John B. Davis of the American Window & Door Co. Inc. American Windows are all double weather stripped and triple weather stripped at the sill, making them the tightest made. "American Windows Have No Equal."

Mr. Davis is that solid type of citizen whose fairness and friendliness and sincere desire to be of service, are accountable for a large measure of this success. And as time goes on, his personal interests have become more closely interwoven with the business and commercial affairs of the city. As a result he has, quite naturally, become accepted as a man who can be called upon, and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance.

John Davis has, by the conduct of his business, and by his attention to civic affairs, earned the friendship and good will of his fellow citizens. He is to be complimented for his activities, and we only express the desire of his many friends and associates in wishing him continued success.

HAROLD D. HARRIS AND TED THRUSH

The city of Lubbock has assumed its place of importance in this section of Texas because of the efforts of far-seeing business and professional men who have helped in developing its industry, or in some manner, extended the trade advantages of the locality. Two of the men who have taken an important part in many progressive movements are Harold D. Harris and Ted Thrush of the Harris & Thrush Mfg. Co., whose conscientious study of new ideas and practices of improved methods of farming problems, has resulted in the fact that the Hi Plains is several years ahead of any other area in the country.

Mr. Harris and Mr. Thrush have devoted their share of time and energy to the growth and development of Lubbock and this district, and it is fitting at this time that we attempt to express in a small way, our appreciation for their unselfish contributions to the general welfare of the community.

They are men of wide acquaintance whose many friends admire and respect in them those virtues which inspire confidence and promote good feeling. Their upright business methods are but an outward reflection of their inherent appreciation for fair practices. We congratulate Ted Thrush and Harold Harris on their splendid records of service, and wish them continued success.

H. A. CLOSE

It is fitting in this review of progressive Lubbock business men that we acquaint our readers with the man to be credited with having maintained the Financial Industrial Fund Incorporated, in the enviable position it holds in the business and industrial life of this area. That personality is H. A. Close, the district manager, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which the firm now enjoys throughout this entire district.

Mr. Close has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the man of which H. A. Close and the Financial Industrial Fund Incorporated have rendered to the people.

JOE ARP

We desire in this Lubbock review to call the attention of our readers to the well-earned position which Joe Arp has reached in the business life of this section. During the comparatively short time he has been operating the Arp Brothers Floor Covering in Lubbock, he has in a few months personal friends as well as having earned the good will of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. Arp has worked hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set not only for himself, but for the operation and management of Arp Brothers Floor Covering as well. He has also shown a willingness to assist in every manner at his disposal in the growth and development of the city of Lubbock and is always ready to lend his support to civic projects. Joe Arp deserves our heartfelt congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

T. L. HOWARD

One of the more progressive business men of Lubbock, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, T. L. Howard of T. L. Howard's Garage, whose wide knowledge and long experience in the automotive repair and maintenance business has raised him into a position of prominence in his line.

It is because of this that T. L. Howard's Garage has earned a reputation for reliability—second to none.

Mr. Howard is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of Lubbock may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to T. L. Howard as a progressive business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

DON ARCH KING

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men of Lubbock have found to be the shortest route to success. In making this statement, the man we have in mind is Don Arch King of the American Farm Service. The popularity and patronage enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of the business and in the servicing of its patrons.

The conduct of such businesses, and the men who operate them, have done much to make Lubbock the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. King for his part in the onward progress of the city. In so doing, we are merely putting into words the opinions of those who know him.

Don King has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities and we wish him every success in the future.

TOM BROWN

We wish in this edition to pay tribute to Tom Brown of the Farmer's Co-Op Company, for his many services to the city of Lubbock, and his splendid record of achievements in the business and commercial life of this entire district.

Mr. Brown probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the good will of all who know him.

Lubbock is fortunate in being able to number among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider Tom Brown an asset to the community, and a progressive business man of whom his city may be proud.

RALPH MATHIS AND LEONARD WILSON JR.

In singling out some of the more progressive business and professional men of Lubbock, we would be censured should we fail to include Ralph Mathis and Leonard Wilson Jr., of the Mathis & Wilson Construction and Lumber Companies. They are men who have never spared themselves in their participation in both the business and commercial activities of the city.

Mr. Mathis and Mr. Wilson have always been conscious of their civic responsibilities, and are ever ready and willing to meet in every detail those opportunities which come to their attention to further civic enterprise. They may well be proud of their achievements along these lines.

Leonard Wilson Jr., and Ralph Mathis deserve a great deal of credit for the honest and successful manner in which they have conducted their business affairs. They are friendly and likeable personalities, whose sincere desire to be of service has gained for them a host of friends and acquaintances in and around Lubbock who would, if given the opportunity, join us in wishing them many more years of continued success.

CLETUS GRAVES

In bestowing credit upon some of those progressive business men of Lubbock, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about Cletus Graves of the Graves Gulf Service Station.

Mr. Graves has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Gulf station continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

Cletus Graves is also civic-minded and has, when asked, cheerfully cooperated on those activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

JAMES D. BRAY

Recognized as one of the more progressive business men of Lubbock, James D. Bray of the Lubbock Wrecker Service, performs a real service for the people of this city, and his contributions to civic betterment are well known to require repetition

in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has, and continues to build up good will for the Lubbock Wrecker Service throughout this entire district.

Mr. Bray is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate James Bray on his splendid record, and trust he shall continue to serve the people of Lubbock and vicinity.

RAYMOND M. DAVIS

In all business and professional pursuits there are men who have met with success because they have honestly deserved it, and such a man in his field is Raymond M. Davis of the Hill Top Cabinet Shop and Ready Built Homes, who well deserves the reputation he has earned for being one of Lubbock's more progressive business men. His thorough knowledge of everything pertaining to the cabinet making and ready built homes business is exemplified by the manner in which he fulfills each and every demand upon him in line with his business.

Moreover, such experience as Mr. Davis has gained in the successful management of his business, has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including Raymond Davis in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and commercial life of Lubbock.

Mr. Eastham has proved very ably that he is a restaurant manager of unusual ability, for it is largely due to his ideals of service, coupled with a determination to serve only the very best of food that Lester's Hickory Inn holds its high position in the public's favor.

And his personality and energy in directing the operations of the business are important factors in his out-standing success.

We are glad to pay tribute to Mr. Eastham, and to point out to our readers that his is the guiding influence responsible for the splendid service and delicious foods served in a delightful atmosphere, to be had at Lester's Hickory Inn in Lubbock.

CHARLES HALL

The true value of a citizen is not gauged by his personal success. But rather by the manner in which he shares that success by his contributions to the city in which he lives.

And Charles Hall of the Hall Engineering Company, is one of those men who has given much toward the development of Lubbock and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Hall's thorough knowledge of the technical phases of foundry engineering, with emphasis on irrigation pump casting, has raised him to a position of leadership in his field of activities, and gained for him the reputation of being one of the city's more progressive business men.

We compliment Charles Hall in this Lubbock review, and wish to offer him this small evidence of public esteem.

BUCK FREDERIKSEN

Buck Frederiksen of the Four Corners Farm Supply, has a well earned reputation for progressive service, because he has consistently forged ahead in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Four Corners Farm Supply outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Frederiksen has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city, but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Buck Frederiksen the credit for his accomplishments which his friends and associates have so long accorded him.

bock owes much to such men for their part in making the city the business center of this area. He has always been alert to the many opportunities for service, and more than ready to recognize and accept his share of civic responsibilities.

Because of these things, Joe Fry has become accepted as a progressive man who is an asset to both the business and industrial life of the city, and we trust he will continue to serve the people of Lubbock and the surrounding area in his present capacity for many years.

MARY DAVIS

There are many men and women in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include a well known and completely reliable realtor, Mary Davis of the agency bearing her name, for she is a woman who has always done her work effectively even though it has been accomplished in an unobtrusive manner.

Mrs. Davis, busy as she is, always manages somehow or other, to do her bit in any movement calculated to benefit the community as a whole. Her modesty however, will not permit her to say the things about herself which are said by her friends, who do so because of a personal knowledge of her activities.

We do not hesitate to recommend Mary Davis to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

A. JAY EASTHAM

To be a consistent and persistent booster of any community of ten takes courage and plenty of optimism. It is because of his un-failing faith in the future of Lubbock and the surrounding country, and his unflinching efforts to promote its development, that A. Jay Eastham is selected now for this brief tribute.

Mr. Eastham has proved very ably that he is a restaurant manager of unusual ability, for it is largely due to his ideals of service, coupled with a determination to serve only the very best of food that Lester's Hickory Inn holds its high position in the public's favor.

And his personality and energy in directing the operations of the business are important factors in his out-standing success.

We are glad to pay tribute to Mr. Eastham, and to point out to our readers that his is the guiding influence responsible for the splendid service and delicious foods served in a delightful atmosphere, to be had at Lester's Hickory Inn in Lubbock.

CHARLES HALL

The true value of a citizen is not gauged by his personal success. But rather by the manner in which he shares that success by his contributions to the city in which he lives.

And Charles Hall of the Hall Engineering Company, is one of those men who has given much toward the development of Lubbock and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Hall's thorough knowledge of the technical phases of foundry engineering, with emphasis on irrigation pump casting, has raised him to a position of leadership in his field of activities, and gained for him the reputation of being one of the city's more progressive business men.

We compliment Charles Hall in this Lubbock review, and wish to offer him this small evidence of public esteem.

BUCK FREDERIKSEN

Buck Frederiksen of the Four Corners Farm Supply, has a well earned reputation for progressive service, because he has consistently forged ahead in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Four Corners Farm Supply outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Frederiksen has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city, but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Buck Frederiksen the credit for his accomplishments which his friends and associates have so long accorded him.

T. J. CAFFEY

T. J. Caffey, the manager of the Fertsch Motor Company, located at 2302 Texas, is one of those dependable new and used car, and Volkswagen sales & service dealers of Lubbock who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Caffey was never a man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values, and it is easily understood why he is invariably successful in business or other matters.

We feel that it is our duty to call the attention of our readers to these worthwhile characteristics of T. J. Caffey, and to pay him a well deserved tribute for his straight-forward business methods, and for the unselfish interest he has shown in public welfare.

LARRY B. COPENHAVER

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Larry B. Copenhaver's business to his city is a reflection of his progressiveness, a policy which has caused the Custom Kitchens to be so well thought of and so widely patronized by the people of Lubbock and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Copenhaver to be of assistance on community projects and public drives. Furthermore, he does so cheerfully and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include Larry Copenhaver in this Lubbock review, and to wish him further success in his field of endeavor.

JACK W. ADAMS

In compiling this review of progressive Lubbock business men, it is fitting that we should include some of those men who, by their aggressiveness, have definitely established themselves in the business and commercial life of the city.

Such a man is Jack W. Adams, the manager of the Buescher Irrigation Supply Company, who also deserves an additional word of praise for being more than just successful. He is a consistent and enthusiastic booster of the community and in his way has done much to advertise the city.

Mr. Adams has pursued the progressive policy of stepping up

his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter who does not sit back and wait for the business to come to him.

We are glad to pay tribute to Jack Adams, and to point out to our readers that his sincere desire to be of service, coupled with his aggressive methods are largely responsible for the standing of the Buescher Irrigation Supply Company throughout this entire area.

J. E. HANCOCK AND ROBERT L. REINHARDT

Lubbock has attained a prominent position in the business and industrial life of this section of the state because of the foresight of those men who had the ability to envision the possibilities of the community and the trade area it serves. And two wide awake progressive men who justly should be included in this category are J. E. Hancock and Robert L. Reinhardt of the Hancock Manufacturing Company.

Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And Mr. Hancock and Mr. Reinhardt have earned the good will and respect of their fellow citizens for contributing their bit to the general welfare of the city and the people as a whole.

It is our duty to include Robert Reinhardt and J. E. Hancock in that group of progressive and civic minded men who have done so much for Lubbock, and to express the wish that they will continue for many years to forge ahead with the success which they have enjoyed in the past.

J. R. HUSE

Lubbock owes much to those progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section of West Texas. In mentioning some of these men, it is only fair to include J. R. Huse of the J. R. Huse Brake & Alignment Service, an official state automobile inspection station, whose outstanding knowledge of the automotive brake and wheel alignment business, backed up by his many years of experience, has brought him to the forefront in his particular field.

Mr. Huse is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that J. R. Huse will continue to serve the people of Lubbock and the surrounding area for many years to come.

School Trustee Election Set For April 2 Here

School Superintendent Noel Johnson announced that a School Trustee election has been ordered for the first Saturday in April (April 2), between the hours of 7 a. m. and 7 p. m., at Abernathy City Hall.

The terms of two members of the board, J. C. Mills, President, and Clarence Nelson, Secretary,

expire this year. Both Mr. Mills and Mr. Nelson declined to run again, choosing to retire from the Board.

Other present members of the school board are Loren West, vice president; and members, Ralph Davis, Joe Lovelace, Marvin Floyd and Bill Harrison.

As of last week, three petitions

had been filed, with names of the following as candidates for membership on the board: Hugh Pettit, Cliff Newton, and Joe Barton.

Petition forms are available at the school business office. The petitions must be filed by 5:00 p. m. March 2, 30 days prior to the election date. The candidate and signers must be on the current poll tax list, and a minimum of five (5) qualified voters' signatures are necessary on the petition.

An investment in the public school is an investment in Democracy.

County Sets New Record By One Poll

Hale County has set a new poll tax record—by one lone poll. The poll count last week was 8,001. Four years ago when the county set the former record the total was an even 8,000.

But there was a considerable gain this time in the number of exemptions issued. That total was 1,760 as compared to 1,563 four years ago, the last presidential election year.

So with a total qualified voting strength of 9,761 the county shows

S. R. Flournoy Employed As Conservationist

S. R. Flournoy has been added to the personnel of the Soil Conservation Service office, it has been announced by Joe C. Tinney, work unit conservationist.

Flournoy completed his work in agriculture at Texas Tech at mid-term and was employed by the

a fair gain over the 9,563 of 1956, Tax Collector - Assessor Marshal Surratt pointed out.

News of Men In Service

U. S. FORCES, GERMANY, (AHTNC) — Army Sgt. Glen A. Lightfoot, whose wife, Lois, lives in Hale Center, Texas, participated with other personnel from the 3rd Armored Division in Exercise Winter Shield at the Grafenwohr-Hohenfels training area in southern Germany Feb. 17.

Winter Shield, an annual Seventh Army maneuver, provided realistic training under simulated combat conditions for the 60,000 participating troops.

Sergeant Lightfoot, a tank commander in Company B of the division's 33rd Armor, arrived in Germany, on this tour of duty, in January 1959.

The 27-year-old soldier, son of Mrs. Clara Mae Lightfoot, Route 2, Benton City, Wash., was employed by Bell Milk Company, Lubbock, Texas, before entering the Army. His father, Thomas Lightfoot, lives in Bennington, Oklahoma.

Out of our public schools come the future leaders of our country. Pay tribute to the schools during the week of February 28 through March 4. That's Public Schools Week, and a fine time for all Texas citizens to go back to school for a day.

With the arrival of Flournoy there are now four employees in the Plainview office to assist farmers with technical phases of their farm program. The other two conservationists are Jerome Beach and Earl Raper.

At the present time, Mr. and Mrs. Flournoy are making their home at 322 Southeast Alpine in Plainview.

"CORVAIR HANDLES BETTER, STEERS MORE EASILY, RESPONDS MUCH MORE QUICKLY AND HOLDS THE ROAD MORE SECURELY THAN ANY STOCK FOUR-DOOR SEDAN EVER MADE IN THE U.S."

—Jim Whipple, Car Life

If you think we're enthusiastic about Corvair, leaf through the leading automotive, sports and science magazines and see what the experts are saying. Then, by all means, drive one yourself.

"Corvair's steering is so light that at parking speeds it feels power assisted; it is so precise as to be absolutely without play, and it is fast enough to allow complete control over every situation."
—Karl Ludvigsen, Sports Cars Illustrated

"Steers like a feather and is extremely quick. . . This is a beautifully designed automobile, engineered by real pros. . ."
—Tom McCahill, Mechanix Illustrated

"Most surprising thing to me outside of the excellent handling characteristics was the feeling of roominess inside. . . I didn't have the sensation of driving a small car and the headroom was greater

in the Corvair than in some standard size cars. . ."
—L. H. Houck, Automotive News

"So far as shopping goes, the Corvair is a housewife's dream. It's small and easily maneuvered without any power steering, and so easily parked . . . it's a lot easier to unload a cart full of groceries into a front trunk at the supermarket than it is into a rear one."
—Rosemary Francis, Popular Science

"I want to state as firmly as I can that the Corvair handles as beautifully and is as safe as—if not safer than—any family car on the road today."
—Jim Whipple, Car Life

"There is none of the typical whine normally associated with rear-engined vehicles. Inside the car, the effect is quite unlike anything we have ever experienced. It almost seems that there is no engine, and the general effect is so quiet as to be almost uncanny."
—John R. Bond, Road & Track

"No written word can suffice for the genuine pleasure that you will receive behind the wheel of America's newest and most advanced contribution to transportation. . . It is a great car."
—Don Stewart, Motor Life
