To this seven things God hates, and in the list is the "man that soweth discord among brethren." (Prov. 6:19). The Psalmist uttered the words, "Behold how good and pleasant it is for brethren to dwell together in unity," (Psalms 133:1). Paul informs us that "God is not the author of confusion, but of peace." Stoft Jr., stands out today as one of the best liked men on the panorama of Lubbock activity. His friends are numbered by the hundreds, and all of them are of the lasting fiber which come from worth-while associations, both in the world of business and in the realms of

neighborhood life. The Carpenter Paper Company, of which he is the manager, has been a strong factor in the growth and progress of Lubbock, and Mr. Stoft's own efforts, in many instances, have been the stimuli behind the outstanding accomplishments of the wholesale paper

supply firm. The case is a fine example of a man weaving his own personal prominence into an executive's life, with lasting benefits to both organization and individual.

We take pleasure in expressing these few words of commendation to a man who has done so much to promote the growth and pro-gress of this entire district.
