

ABERNATHY WEEKLY REVIEW

VOLUME 39 Hale County — Abernathy, Texas — Lubbock County

THURSDAY, JULY 28, 1960

NUMBER 38

NEW OFFICERS for the ensuing year were installed at a recent meeting of Abernathy Lodge No. 112. A. E. & A. M. Officers shown above are, from left, right: **Bo Drace, Worshipful Master; Cecil McCurdy, Senior Warden; G. D. Clapp, Junior Warden; C. J. Davis, Junior Deacon; Eddie Guerrant, secretary, Back row, left to right: Ray Carter, Junior Steward; George Hughes, Senior Steward; Dan F. Ward, Tyler; W. K. (Bill) Schreier, Chaplain, and Pete Gregg, treasurer.**—(Staff Photo)

PAUL D. NOLAND IS EMPLOYED AS ABERNATHY CITY MANAGER

Paul D. Noland, 29, of Austin will take over duties as the City Manager of Abernathy about Sept. 1, 1960, announced Mayor Edgar O. Graham. The City Council, in special session last week, voted to employ Noland as city manager, a new position which the town's voters approved in an election last April.

The Council also approved a salary of \$6,000.00 per year plus \$600.00 per year car expenses for the new city manager.

Currently, Noland is employed on the staff of Texas Municipal League in Austin. He was recommended to the City of Abernathy by Steven J. Matthews, Executive Director of the Texas Municipal League, and a former city manager at Lubbock and San Antonio.

Following are two separate items which give further information on Mr. Noland. In the first, he gives a Resume of Experience, and the second is a letter which he wrote to Mayor Graham.

RESUME OF EXPERIENCE

DATE: June 4, 1960.
NAME: Paul Douglas Noland.
BORN: Hazard, Kentucky.
AGE: 29.
MARRITAL STATUS: Married, three dependents.
AVAILABILITY: September 1, 1960 (possibly earlier if arrangements can be made).
EDUCATION:
Candidate for Master's Degree (Thesis Required) at the University of Tennessee, Knoxville, Tennessee.
Graduate, Southern Regional Training Program in Public Administration, 1958.
Graduate, A. B. Degree in History and Political Science, Berea College, Berea, Kentucky, 1953.
Graduate, Irvine High School, Irvine, Kentucky, 1949.
Graduate, Irvine Grade School, Irvine, Kentucky, 1945.
PROFESSIONAL EXPERIENCE:
Research Assistant, Texas Municipal League, Austin, Texas, 1958-1960.
Current income, \$5770 (\$5020 present League salary, increase due in September if retained at present position, \$750 from outside income lost when leaving Austin.)
Under the Executive Director, duties involved: Compiling and editing of publications on subjects concerning municipal administration with minimum supervision. Preparing articles for League magazine, Texas Town and City, from research information obtained. Compiling facts for press releases and use in support of Legislation favorable to cities. Production editor of Texas Assessor's News (an eight page monthly bulletin, color used.) Secretary to Study Committee on Fire Insurance Rates. In minor way, assisted in establishing League Regions and in preparing programs for regional meetings (mostly record keeping and correspondence.) Assisted in preparing for Annual League Conference and performance routine duties at conference. (did not set policy or assist in preparing program.) Performed routine record keeping and administrative duties. Public Relations work. (as an integral part of municipal league work.)
SRTP Internship, Welfare Department, City of Louisville, June-Sept. 1957. Under supervision of the Welfare Director, acted as administrative assistant. Prepared organizational chart, wrote description of all agencies under his control, maintained records for budgetary control, administered solicitation ordinance, maintained records performed by Social Services Division, and performed various routine administrative duties. Some public relation work.

NORMAN VAUGHN TO HELP HIS MOTHER IN BEAUTY SHOP
Norman Vaughn, son of Mr. and Mrs. Hugh Vaughn, will assist his mother as an operator in Vaughn's Beauty Shop, Thursday, Friday and Saturday of each week. He is a graduate of Jesse Lee's Hair Design Institute.
See their ad on page 5 of this paper for further details and for information on permanent specials.

Lakeview Baptist Set Revival Dates July 31 - Aug. 7

The Lakeview Baptist Revival date has been set for July 31 continuing through August 7.
Rev. L. B. Edwards of Palm Dale, Calif., will be the visiting evangelist and Frank Parks of Gorman will direct the song services.
The morning services will begin at 10:30 and the evening services at 8:15. The prayer group service will begin at 7:45.

TALK - In Print

Judging from the number of dogs running loose in town, you'd never suspect that the city has an ordinance requiring that dogs be penned or kept on leash. I saw four mutts on the prowl in one block. The ordinance should either be enforced or taken off the books. I believe it should be enforced.

Hale Red Cross Is Seeking Cash

The Hale County Chapter of the Red Cross is seeking cash donations for aid to Plainview flood victims.

The Franklin Dunn and Pete Edwards families were in Cloudcroft, N. M., last weekend. Mr. and Mrs. Ray Childress and family have returned from a vacation in Glenn's Ferry, Idaho.

Among those from here who were in Ruidoso, N. M., last weekend were Mr. and Mrs. Joe Lovelace, Mr. and Mrs. Harvey Lutrick, the Willie Dunn family, Mr. and Mrs. Boyd Griffith, Mr. and Mrs. Alvin Hardin and Mr. and Mrs. J. D. Webb.

Hale County Clerk issued a marriage license to Guadalupe Martinez of Abernathy and Miss Gloria Lambana Gamez of Plainview.

HIT BY PICKUP TRUCK

Latin American Man Killed Monday Walking On FM 54

Suicide Is Ruled
A verdict of suicide was rendered in the highway death of Arcadio Arrizola, 30-year-old Abernathy Latin American man who was killed shortly after 12 o'clock noon Monday on FM Highway 54 about one-half mile east of the TUCO residential area. The verdict was returned by Justice of the Peace Delbert Beaton Tuesday morning following an inquest hearing in Abernathy city hall.
Arrizola was walking east on the north side of FM 54, and, according to testimony at the inquest, either stepped into, or apparently threw himself into, the path of a pickup truck being driven west by R. H. (Buddy) Lutrick of Abernathy. The victim's maneuvers were so sudden that Lutrick was unable to avoid the collision of the pickup and the man's path.
Arrizola apparently was killed instantly, according to Joe Chambers of Dennis & Chambers Funeral Home, who made the ambulance call.
Funeral arrangements were pending at Dennis & Chambers Funeral Home.
Survivors include his widow and five children of Abernathy, his mother who resides in Edinburg and a brother in Lubbock.
Arrizola's driver's license had a Route 1, Edinburg, Texas, address.
Arrizola moved to town from a farm near Abernathy only eight days before his death.
After moving to town, reports said he had worked four days at the onion processing shed here and had left the job.
Testimony was given at the inquest hearing by Lutrick, Dan Blanchard, Abernathy, city policeman and Hale County deputy sheriff, Highway Patrolman Earl Bartley and Erasmo Dominguez, Highway Patrolman. The court also helped investigate the accident and attended the inquest. Also present for the inquest was Hale County Attorney Frank Gaston of Plainview.
Dominguez said the victim had stopped at his home about a quarter of a mile west of the scene shortly before the accident.

Open House Set For Tonight At Lee Roy Waters

Mr. and Mrs. Lee Roy Waters have announced that Open House will be held at their new home six miles east of Abernathy from 6:00 until 10:00 p. m. Thursday, July 28. It was announced that a barbeque will be held in conjunction with the Open House.
Mr. and Mrs. Waters extend a cordial invitation to the public to attend the Open House.
Due to recent rains, in order to reach their place one must travel six miles east on FM 597, then travel two miles north.

RETURN FROM FIREFMEN'S SCHOOL

Jim Bob Smith and Bob Scott, members of the Abernathy Volunteer Fire Department, returned last weekend from Texas A & M College where they had attended a week-long Texas Firemen's Training School.

Smith, who is vice president of the local organization, and Scott will endeavor to teach the other local fireman what they learned while attending the school.
Abernathy will receive 3 percent credit on the key rate of insurance as a result of these men attending the firemen's school.

BIRTHS

Mr. and Mrs. Sam Satterfield of Fort Worth are parents of a son, David Blake, born July 13. He weighed 9 pounds 6 ounces, and is the grandson of Mr. and Mrs. L. J. Hager of Abernathy. Mrs. Hager was in Fort Worth with her daughter and family while attending the school.
A daughter, weighing 6 pounds 1 ounce, was born July 21, to Mr. and Mrs. James Doggett.
Mr. and Mrs. Roy Lee Knight are parents of a son born July 24. He weighed 7 pounds 11 ounces.

By REVA FLORENCE

Mr. and Mrs. Carl Scott are long-time residents of the Abernathy community and have been members of the TUCO family for many years. In fact, Mr. Scott has served under all the plant managers of TUCO! beginning with Mr. Beard, then Ralph Price, Pete Rentro, Bob Dyer and the present manager, Phil Sterrett. Between the years of 1938-1940 he worked as a part-time employee in the sub-station, becoming a regular employee in 1940. His employment began in the position of Fireman and then advanced to Assistant Turbine Operator, then to Turbine Operator in 1946, and from that position he became Operator, or what is known today as Shift Foreman. During an interval of one year under the management of Pete Rentro he served as Plant Electrician.
At the time Carl began employment at TUCO, it was quite different from what it is today. There was only one unit, which consisted of generator and turbine number 2; there were two boilers, numbers three and four. And since there was no electrical feed pump, employees had to feed water into the boilers by steam driven pumps.
Mr. Scott says he has probably witnessed some of the most severe complete shut downs the plant has ever had during his long years of service here. And a

TRANSMISSION MISSING
It was reported 19 Chevrolet man Dan Blanchard that someone crawled underneath a 1959 Chevrolet on the Abernathy Motor Company used car lot last Monday night and removed the three-speed standard transmission.

Mr. and Mrs. L. J. Trimble and Mrs. C. M. Watson and daughters Monahans. Parents of the great-grandchild are Mr. and Mrs. Frank Fielding of Midland. (Mrs. Fielding is Mrs. Watson's daughter.)

Mr. C. B. Reeder, her daughter, Mrs. Watson, and a granddaughter, Mrs. Fielding, were pictured in the July issue of the Texas Outlook, the Texas State Teachers magazine, as three generations of outstanding teachers. The caption reads: "Enthusiasm for teaching like a prized family heirloom may be handed down from mother to daughter. Three generations of active Texas teachers are Pearl Norman Reeder, Abernathy; Marie Reeder Watson, Midland; and Pat Watson Fielding, Midland."
Mrs. Reeder will begin her 15th year this fall as fifth grade teacher in Abernathy Elementary school.

Visitors Sunday in the home of Mr. and Mrs. Harold Stillwell were her parents, Mr. and Mrs. T. T. Smith of Morton; and his brother and family, Mr. and Mrs. Johnny Stillwell of Odessa.

Special Services In Progress At Nazarene Church

ABOVE are pictured Mr. and Mrs. Carl Scott who reside at Home Number 8 at TUCO. — (Family Photo)

Methodist Youth Activity Week, July 31-Aug. 7

The date of the Youth Activity Week of the First Methodist Church has been set for July 31 through August 7. There will be a speaker, each evening and a social afterwards each night.
All youth are invited to attend. Time of the meetings will be announced this week.

Reeders Observe Family Reunion

A Family Reunion was held Sunday in the C. B. Reeder home at 707 13th Street here. A total of 26 persons were present for the occasion.

The Reeder's five children, 12 grandchildren, and great-grandchildren were all present. Husbands and/or wives of the children and the husband of one grandchild were also present.
The family members are: Mr. and Mrs. Jack Reeder and daughters, Bakersfield, Calif.; Mr. and Mrs. Charles Reeder, and daughters, Midland; Mr. and Mrs. Joe Reeder and daughters, Odessa; Mr. and Mrs. L. J. Trimble and Mrs. C. M. Watson and daughters Monahans. Parents of the great-grandchild are Mr. and Mrs. Frank Fielding of Midland. (Mrs. Fielding is Mrs. Watson's daughter.)

Mr. C. B. Reeder, her daughter, Mrs. Watson, and a granddaughter, Mrs. Fielding, were pictured in the July issue of the Texas Outlook, the Texas State Teachers magazine, as three generations of outstanding teachers. The caption reads: "Enthusiasm for teaching like a prized family heirloom may be handed down from mother to daughter. Three generations of active Texas teachers are Pearl Norman Reeder, Abernathy; Marie Reeder Watson, Midland; and Pat Watson Fielding, Midland."
Mrs. Reeder will begin her 15th year this fall as fifth grade teacher in Abernathy Elementary school.

Visitors Sunday in the home of Mr. and Mrs. Harold Stillwell were her parents, Mr. and Mrs. T. T. Smith of Morton; and his brother and family, Mr. and Mrs. Johnny Stillwell of Odessa.

TWO TEACHERS IN AMERICAN FARM SCHOOL OF GREECE VISIT HERE

Last weekend and early this week two American Farm School teachers from Salonia, Greece, were visitors in this area for the purpose of studying grain sorghum—how it is planted, how it is harvested, its proper usage, etc.
The two men who visited here are Alex Andreou and Demetrios Hadjis, the latter being Head of Instruction at the school, and Mr. Andreou teaches animal husbandry. Both men received their college education in the United States, Andreou being a graduate of Michigan State and Hadjis a graduate of Cornell University.
They spent the weekend with the Elbert Harps, then visited Monday and Wednesday at Texas Tech where they continued their study of grain sorghum usage. Tuesday they made a tour of the areas of Hale Center, Plainview and Petersburg. They were to leave Lubbock today (Thursday) for Fayetteville, Ark., where they will study poultry, and will go from there back to Greece.
The American Farm School in Salonia was organized through the efforts of Moore County A. D. Martin Gossett of Dumas, and Dr. Jerald Thomas, Dean of Agriculture at Texas Tech, who went to Greece last year for that purpose. The school itself was founded in 1956 by a 22-year-old Missionary, Dr. John Henry House, who bought 50 acres of land and built a small cottage. With the help of his wife and daughter, they took in nine orphans and began the "school."

Today there are approximately 50 buildings on the campus, and the school has 350 acres of land and rents 80 acres. They have about 200 students enrolled at the school, and over 600 area farmers are being trained through short courses.
During their visit last year, Mr. Gossett and Dr. Thomas introduced grain sorghum and its use to the school. The American Farm School then undertook to project the idea of using grain sorghum for livestock feeding as well as poultry feeding in Greece.
Grain sorghum is being used in demonstrations at the school. Demonstrations are set up whereby the use of grain sorghum is shown in comparison to corn in animal feeding. (It was stated that corn

Special Evangelistic Services began last Thursday night at the Church of the Nazarene in Abernathy.

The Evangelist for these services is Rev. Talmadge Johnson of Duncan Oklahoma, who has been very active in youth work throughout the southwest.
The Special Services are held at 7:30 p.m. each evening and the music is supplied by local talent.

ABERNATHY BANDSMEN ATTEND TRINITY MUSIC AND BATON CAMP

Two members of the Abernathy High School band attended the third annual Skyline Music and Baton Camp at Trinity University, San Antonio, July 17-22.
Directed by E. Vernon Hooker, the camp provided instruction in band, concert and orchestra arrangements and baton artistry.
Abernathy High bandmen attending the camp were Jan Eklura, daughter of Mr. and Mrs. F. Eklura, and Linda Faver, daughter of Mr. and Mrs. N. E. Faver, baton.
A second session of the baton camp was scheduled for this week.

THOMAS DANIEL MOORE
Has 12 Grandparents

Thomas Daniel Moore, son of Mr. and Mrs. Thomas Eugene Moore, 4821 Gibson, Houston, Texas, and who will be one year old September 10, has 12 living grandparents.
Maternal grandparents are: Mrs. Eloise Powell, 216 4th St., Abernathy; Charles Powell, Plainview; paternal grandparents are Mr. and Mrs. T. P. Moore Jr., Houston.
Maternal great grandparents are: Mr. and Mrs. Jess E. McIlane, who reside at TUCO, and Mr. and Mrs. E. L. Powell, Plainview; paternal great grandmother is Mrs. T. P. Moore Sr., Waller, Texas.
Maternal great great grandparents are: Mr. and Mrs. W. A. Conner, Cameron, Texas; and Mrs. L. L. Miller, Plainview.

Local boys attend 4-H club camp
Lloyd Hancock, Larry Blumenstock and Bob Thomas attended a 4-H Club camp at Roaring Springs last week, July 20, 21 and 22.
About 35 Hale County 4-H members attended the camp.

"One death a year in discarded refrigerators is one too many," an official of the Texas Safety Association said.
Jolly Jones, son of Mr. and Mrs. Bill Jones of Dallas, is visiting here in the home of his grandparents, Mr. and Mrs. Edwin Braly.
A brick veneer residence is under construction on 15th Street at Avenue F for Mr. and Mrs. Albert McCurdy. Their residence east of this location on 15th Street was sold to E. R. Castner, former southwest of Abernathy. The house which Castner bought was built earlier this year.
A brick veneer residence is under construction on 16th Street, between the W. V. Cunningham and J. A. Farris homes, for the Willie Florence family, who will move there from one of the houses at TUCO, where he is assistant manager.
Mary Ann Ball of Rio Vista and June Armstrong of Cleburne are visiting here in the home of Mr. and Mrs. Douglas Chapman. The young ladies, both senior students in Cleburne High School, are relatives of Mr. Chapman. Miss Armstrong and Miss Ball, along with the Chapmans, were guests of Mr. and Mrs. Erzell Givens and Jerry at their Ruidoso, N. M. residence last weekend.
Mr. and Mrs. Delphine Ruiz and family left last weekend on a vacation trip to Mountainview, Calif., suburb of San Francisco, where they will visit relatives.
Arch Riley was taken to Methodist Hospital, Lubbock, about 8:00 o'clock Friday morning by Dennis & Chambers Funeral Home ambulance.
Joe Healy, city employee, was taken to Hi-Plains Hospital, Hale Center, Wednesday of last week by Dennis & Chambers Funeral Home ambulance.
Mr. and Mrs. W. H. Harrison are here from Dallas visiting in the home of relatives; Mrs. Charlie Blair; John and Henry Vineyard; Mrs. Leon Tucker; and Mrs. Francis Smith.
Frank Lyle Roberts, who is on U. S. Air Force duty at Cape Canaveral, Florida, is home on furlough. He is the son of Mrs. Hermon Pease.
A brick veneer residence is to be constructed on Second Street in the 1200 block for the Hermon Pease family. It will be located across the street north of the Lloyd Edwards home. The residence now occupied by the Peases has been sold, and is located on the block on which it is located, to Joe Thompson Investment Co.

Cubs, Families Enjoy Outing At Roaring Springs

Cubmaster Waldo Cox reports that 67 persons, including Cub Scouts of Pack 81, Abernathy, and members of their families, attended an all-day outing at the Roaring Springs recreational area Friday, July 22. "The 11-car caravan made the trip without a flat tire," Cox said, "and the only injuries, besides slight cases of sunburn, were two minor cuts suffered by members of the group," he added.
Members of the following families were represented at the outing:
J. P. Barton, W. A. Covey, Waldo Cox, J. H. Edwards, Foy Hendrix, Cliff Howard, Auvie Johnson, L. J. Kitchens, Kil Medlin, E. V. Macha, Virgil Overstreet, Glenn Pettit, H. S. Pittman, Bill Riley, Phil Sterrett, Vic Struve, J. W. Sollis, and H. L. Vaughan.
(The two Sollis boys, former ex-mechanics, came here from Olney, their new home, to attend this event.)

Stevens Reunion Honors Couple Of Abernathy

Mr. and Mrs. R. H. Stevens of Abernathy were honored as the oldest members of the family present at the annual Stevens reunion conducted recently at MacKenzie Park.
Lubbock residents attending were Mr. and Mrs. E. D. Stevens, Mr. and Mrs. C. F. McCormick, Mrs. E. F. Williams, Mr. and Mrs. Y. F. Snodgrass, Don, Kent, Scott and Curt Snodgrass, Mrs. J. T. Boyd, Mr. and Mrs. Dale Martin and Richard.
Also Mr. and Mrs. John Mankins, Jan and Carolyn, Mrs. Elva Sims, Mr. and Mrs. J. D. Snyder, Mr. and Mrs. W. Y. Reece, Barbara and David Reece, Mr. and Mrs. W. E. Farrack Jr., Ricky Farrack, Gaylon F. Mankins, Jerry Mankins and Mrs. E. R. Mankins.
Others attending included Mr. and Mrs. C. W. Denison, Floydada; Mr. and Mrs. W. E. Parrack, Anton; Mr. and Mrs. Dan J. Hurd, Pamela Hurd and Mrs. Young; Dimmitt; Mr. and Mrs. LeRoy McCormick, Miss Kay McCormick and Miss Brenda Alford, Littlefield; Mr. and Mrs. Lee R. Smith of Abernathy; Terry and Trisha Pope, Arlington; Mr. and Mrs. John Ed Snyder, Carolyn and Connie Snyder, Midland; and Mr. and Mrs. Johnny Farrack, Kelly and Phil, Amarillo.

PLAN FARM OR RANCH BUILDING TO SAVE LABOR

College Station—Production facilities are being expanded on Texas' farms and ranches despite the increasing cost-price squeeze. Every structure or building, says W. S. Allen, extension agricultural engineer, needed should be planned to get the most from the money expended and the maximum in labor saving.

Addition farm labor is hard to get and becoming more expensive each year, says the specialist. Allen points out that plans for farm buildings and equipment have been designed with labor-saving in mind. Local county agents have available plans for self-feeding hay storage barns and silos. They also have plans for creep feeders, feed troughs and feed lot layouts.

SOCIAL SECURITY INFORMATION

If you are in employment or self-employment that counts towards social security, be sure that you get credit for your earnings. John G. Hutton, district manager of the Lubbock, Texas, social security office, said today.

The amount of benefits which may become payable to you and your dependents or your survivors are figured from the average earnings credited to your social security account. To become eligible for any benefits, you must have been in work covered by social security for a certain length of time. If your earnings are not correctly reported, benefit payments to you and your family may be reduced; if your work under social security is not reported, you will not get credit for years which you may need to be insured at time of retirement or in case of your disability or death.

Mr. Hutton said that most people now reaching age 65 need to have at least 4½ years of earnings on their social security account. People reaching 65 later will need even more credits. (A man born in 1906 or later or a woman born in 1909 or later will need 10 years of social security credit). For disability benefit payments (age 50 to 65) at least 5 years of social security credit are needed.

An employed person should make sure that his employer reports his wages correctly; if he

works for himself he should report his net earnings when he files his income tax return and pay the social security tax on those earnings every year. Guard against the possibility of losing earnings credits or your insured status by reporting regularly and correctly. Also ask for a statement of your social security account at least once every three years.

Two important factors point toward higher potential profits for commercial hog producers during the months ahead. They are, according to C. H. Bates, extension farm management specialist, more favorable prices for pork and abundant supplies of grain. But he warns that important management considerations must be met if full advantage is to be taken of these favorable factors.

There are indications, says A. M. Meekma, extension dairy husbandman, that the number of dairy animals may increase during the next year or two. A strong factor is the increased number of replacement animals now on hand.

Governor Price Daniel by proclamation has designated the week of July 24-30 as Farm Safety Week in Texas. He urges rural residents and organizations to make safety their number one project for the months ahead.

Dennis-Chambers Funeral Home ambulance, dial CY-8-2331.

TUCO Topics

(Continued From Page 1)

complete "shut-down" is something very rare at TUCO. But when one does occur, it demands quick thinking and alertness on the part of every employee. As Mr. Scott has four days off every ten days—as do all the shift workmen—he has previously sold insurance for the State Reserve Life Insurance Company and served that company for seven and a half years.

Mr. and Mrs. Scott are active members of the Church of Christ, and their church activities take a big part of their time, which they enjoy very much. Previous to her ill health the past few years, Mrs. Scott was also active in Club work, and naturally the activities of a busy family of four children plus a husband doing shift work took a big part of her time.

Carl and Lela Scott have four children: Patsy, Jimmy, Jackie and Janice. All the children have attended all the schools here, Janice being a senior in the Abernathy High School this year. Patsy and Jimmy have both completed high school and for the past two years have attended Lubbock Christian College at Lubbock. They were both honor students in high school and have also proved to be at L.C.C. Each had a grade point average of 2.7 last spring semester.

Patsy is an Elementary Education major and has just received a one-year scholarship to Harding College at Searcy, Arkansas where she plans to complete her college training. Patsy is employed in the library at L.C.C. as she attends school.

Jim is a ministerial student, serving as regular pastor of the Church of Christ at Grassland, near Tahoka. This past spring he received the President's award, which is bestowed upon those whose work is high in religious emphasis. He is employed in the business office of the college as he attends school. Jim is planning to marry August 28 and both he and his wife will also attend Harding College at Searcy, Arkansas.

Jackie was active in the school activities while she attended Abernathy High School, being a member of the FHA Club and a part of its activities, and also a member of the Pep Squad. When she was a junior she was married to Frank Hill of Lubbock. He was a football player for the Lubbock High School Westerners and attended New Mexico A and M on an athletic scholarship for one year. They now live on Baylor Street in Lubbock and have three children, two boys and a girl. Janice is still at home and will be a senior in the High School here this school term. Janice's friendly nature makes her a lovable friend; she also enjoys the Pep Squad and is an avid booster of our football teams. Reading is a hobby which she enjoys and furnishes her hours of pleasure. TUCO is proud of its employee family and considers it a pleasure to have such a family as the Scotts as one of its members.

Thought of The Week

Wisdom is the scar tissue of intelligence.—Gene Gleason.

The Willie Florences are in the process of constructing a new home at 1003 16th Street.

Mrs. Dwain Bristow and boys have recently returned from a visit with Mr. and Mrs. R. C. Camp of Climax Springs, Missouri. Mrs. Camp is a sister of Mrs. Bristow. They also visited a niece of Mrs. Bristow's, Mr. and Mrs. W. H. Foster of Springfield, Missouri.

Mrs. Billy Pittman was honored Tuesday, July 19, with a pink and blue shower in the home of Mrs. Harold Poage.

Cotton Classing Applications To End August 1

Cotton farmers who have not already filed application to receive free classing and market information for their 1959 crop have until Aug. 1 to apply for these services. Applications should be filed with W. K. Palmer, 610 23rd St., Lubbock, Texas. Mr. Palmer is in charge of the Agricultural Marketing Service's area cotton office which includes 37 Panhandle counties and the New Mexico counties of Quay and Roosevelt. Procedure for preparing and filing applications has been considerably shortened and simplified this season. "However, promptness in filing is necessary, as time is needed for each group to arrange for submitting samples to the classing office," Mr. Palmer said. Applications and instructions for applying may be obtained from Mr. Palmer's office or from the county agricultural agent. Under the free classing service, organized growers learn the grade and staple of each bale of cotton they produce. Through market news they learn what cotton is selling for. These two services put them in better bargaining position when they sell their cotton. More than 13.7 million bales of cotton, about 95 percent of the 1959 crop, were classed under the Smith-Doxey program last year. This is the largest proportion classed for any crop since the service became available in 1958.

Greatest number of accidents caused by tractors overturning occur while the tractors are being operated on level ground.

"CATHOLICISM"

BY ROY DEAN VERNER
Reading Time: 4 Minutes

Although the word Catholicism is not found in the New Testament the prediction of its coming is clearly taught in Paul's letter to the church at Thessalonica. In writing about the second coming of Christ he said, "Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, showing himself that he is God." (II Thess. 2:3-4). This same apostle wrote Timothy saying, "Now the Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; speaking lies in hypocrisy; having their conscience seared with a hot iron; forbidding to marry, and commanding to abstain from meat, which God hath

created to be received with thanksgiving of them which believe and know the truth. For every creature of God is good, and nothing to be refused, if it be received with thanksgiving." (I Tim. 4:1-4). It is evident to all honest readers that Paul has described Roman Catholicism. It is too minutely described to mean anything else. This writer respects the rights of all people concerning freedom of religion, freedom of speech, and freedom of press. He has several friends who are members of this religious body, but as one professing to teach God's Word, he cannot fail to point out these errors to all people. It is done with malice toward none but with love toward all. With this nation facing such a crisis as it is, God fearing people should be acquainted with facts concerning the future of this country.

THE REAL AIM OF THE ROMAN HIERARCHY

"We, the Hierarchy of the Holy Roman Catholic Church, expect all loyal children of the church to assist the President with all our strength to see that individuals comprising the U. S. Supreme Court shall obey the President's injunctions. And if necessary, we shall change, amend or blot out the present constitution so that the President may enforce his, or rather our humanitarian program, and all phases of human rights as laid down by our saintly Popes and the Holy Mother Church."

"We elected our Worthy President by the greatest majority ever recorded in history. We are going to have our laws made and enforced according to the teachings of our Holy See, and the Popes and the Cannon Law of the Papal throne. Our entire social structure must be built on that basis. Our constitutional laws must be so constructed that, atheism, the red peril of all the slandering isms, Protestantism, Communism, Socialism, and all other of their kind, and stamp be driven from this land."

"The cross was planted on our shores by staunch Roman Catholics. This land belongs to us by every right. Long enough have we compromised to every important question. Now we demand what is really ours and we are going to obtain it, peacefully, honestly if we may. If necessary, we are ready to fight and die for it." "We want as cabinet members children of the Holy Mother Church holding important positions in the entire structure of our government. We control America, and we do not propose to stop until America, or Americans are genuinely Roman Catholic and remain so. God help us."

Weed Control District Eyes Soil Bank Land

In a recent meeting between the Hale County Noxious Weed Control District and the Hale County ASC Committee the problems concerning the presence of noxious weed on Soil Bank Reserve land were thoroughly discussed.

Much of the soil bank land in Hale County is infested with various noxious weeds including bindweed, Johnson grass, ragweed, and Russian thistle. Many of these weed problems could be readily solved through the use of approved cover crops such as rye. Some of them require more severe control measures however.

In Hale County bindweed control is one of the practices approved for ACP cost share practices, that is, through the ASC office it is possible to receive aid towards the cost of chemicals necessary to eradicate bindweed in the amount of 50%. The Hale County Noxious Weed Control District will also furnish application equipment and experienced equipment operators without cost for applying these chemicals within Hale County.

With the modern and more effective herbicides that are available today, land which has been placed in the soil bank and is infested with bindweed may be cleaned of this pest and become fertile for crop production by the time the soil bank contract has expired. It follows, therefore that while land is in the soil bank, excellent opportunity is presented to eradicate noxious weeds present on that land.

Farmers with such existing conditions are urged to contact the County ASC office and County Weed Supervisor for details of the various noxious weed control practices.

As Hale County has the honor of being a leader in agricultural production, let us keep it such by controlling and eradicating our noxious weeds where ever they are found.

SERVICE GRAIN CO. ADDS STORAGE UNIT

Service Grain Co. is constructing a 70 x 160-ft. grain storage building south of the other two, such buildings at their site in Northeast Abernathy. Roy Jones, manager, said capacity of the new building will be 226,000 bushels, bringing the firm's total storage capacity to about 675,000 bushels. Owner of Service Grain Co. is Harold Davis, farmer north of town.

Accidents to farm residents claim more than 11,300 victims and injure about 950,000 persons annually, according to the National Safety Council.

LIONS CLUB NEWS

Last week at the Lions noon luncheon, Boyd Mitchell resigned his position as Lion President and presented the gavel to Pete Wilson who was first vice president. Lon Carmickle was moved up from second vice president to first vice president, and a new second vice president is to be elected. Mitchell recently resigned the position of Curriculum Director of

the Abernathy Public Schools and accepted the position of Director of West Texas Audio-Visual Co-operative Services, located at Texas Tech. He plans to move to Lubbock soon.

The program that day was presented by third vice president and former Lion Boss Dr. John Hale who recently attended the 43rd Annual Lions International Convention in Chicago. Dr. Hale told of the various activities of the convention, and also told various things about Chicago.

There are more than four times as many accidental deaths in farming than in manufacturing.

PFC GLENN V. JONES

Army PFC Glen V. Jones, son of Mr. and Mrs. Ward Jones, Abernathy, arrived home Saturday from Fort Myer, Va., near Washington D. C., for 30 days leave. He is to be at Fort Dix, N. J., August 23, and will be sent from there to Europe where he will be stationed for 24 months.

Mark Wayne Clapp, son of Mr. and Mrs. G. D. Clapp, is to report August 8 for Armed Forces Physical Examination. Guests in the home of Mr. and Mrs. Wayne Burns recently were his sisters, Miss Mary Burns of Temple, Miss Orrie Alice Burns of Dallas and Mrs. Fred Hill and daughter, Mary Alice, of Fort Worth.

Expected here Saturday to spend a week with Mr. and Mrs. R. C. Patterson, Sr., are Mr. and Mrs. Vernon Wright and daughters of Wichita, Kansas. Mr. Wright is a daughter of the Pattersons.

Visit From Greece . . .
(Continued From Page 1)

of animals and poultry. After the four-year course, they expect the students to return to their farms and put into practice what they have learned.

The students spend half of each day doing classroom work, and the other half-day is used for demonstration work. Their education is free, as they pay for their board only, which is \$175.00 per year per student. Some cannot pay even that, but this is taken care of through contributions from people in the U. S. who are interested in the school. It was stated that what the farm produces covers about 2/3 of the budget, and the rest is covered, by donations from friends here in the U. S. The government also helps by paying the final part of the tuition, and the school is exempt from taxation. It was also stated that everything the school imports is tariff free.

Another main purpose of the school is to start their operations out on a small scale whereby the farmers can take over and carry them on. Many of the farm people have increased their production of farm animals and poultry through the efforts of the school.

Order Grain Sorghum
The first shipment of grain sorghum ever to enter Greece arrived from the United States last February, and most of it was allocated by the Greek government to the poultry men around Athens. These men are well pleased with the results shown in feeding grain sorghum, but that supply of sorghum is about used up. It was stated that these men were very displeased when they learned that the supply of grain sorghum in Greece was practically exhausted, but is was learned this week that the government of Greece has ordered 20,000 tons of grain sorghum from the United States.

It was stated that the farm people of Greece are unable to produce enough animal protein for the population, as the size of the farms average from four to eight acres. The average tobacco farm is five acres, it was stated, and there is a surplus of tobacco in that country.

It is felt by the Greek government that by importing grain sorghum (which is cheaper than corn), it will encourage the farmers to raise more poultry and livestock, which will provide more work for more people as well as provide additional income. They feel that this will also lower the price of meat so that more of their people can afford to purchase it for consumption. At the present, poultry is the most expensive meat in Greece. In fact it is considered a luxury.

NEWTON RADIO & TV IMPROVES SERVICE

Clifton Lewis Newton, Newton Radio & TV Service, 708 Ave. D, Abernathy, Texas has been certified as a qualified technician under a nationwide program to benefit the radio-television owning public. R & R Supply Co., Lubbock, Texas, announced today.

Newton is a charter member of the program. R & R Supply Co. represents Howard W. Sams & Co., of Indianapolis, the industry's impartial testing and laboratory service which annually examines and analyzes radio, TV and other electronic equipment of more than 300 manufacturers and supplies service data to the nation's electronics technicians and repairmen, and which sponsors the program.

Newton was accredited as a photofact - Equipped Electronic Technician under the protective plan which requires that a service technician meet six basic requirements, including possession of adequate test equipment and facilities; an adequate investment in his business; adequate service data library to facilitate quick and satisfactory repair work at fair prices; and character endorsement by three local references.

Farm Safety Week Is Set July 24 to 30

Farm accidents claim about 3,500 lives each year, more than any other industry. Some 11,000 farm residents die each year in all types of accidents, and another million suffer accidental injuries.

To direct attention to this appalling problem, President Eisenhower has designated the week of July 24-30 as "National Farm Safety Week." In Texas, Governor Daniel has proclaimed the period "Farm Safety Week in Texas." The Texas Farm and Ranch Safety Council, together with the Texas Safety Association, Texas Agricultural Extension Service and the Texas Farm Bureau, is pushing a farm safety education program during the week.

visiting relatives in Hico this week.

Mrs. F. L. Bell of Amarillo is spending several days this week with her sister, Mrs. E. L. McLaughlin, Sr.

Rev. O. N. Reed urges everyone in the community to attend the revival services at the Lakeview Baptist Church, beginning Sunday July 31, and continuing through Aug. 7. Rev. L. B. Edwards of Palmdale, Calif., will be the visiting Evangelist, and Frank Parks of Gorman will direct the song service. Week day services are at 10:30 a. m. and 8:15 p. m.

The Lakeview Methodist Sunday School will go to Mackenzie Park Sunday, July 31, for their annual picnic immediately following the Sunday School session.

Mr. and Mrs. Preston Mitchell and Paul returned to their home in Albuquerque Friday, following a few days visit with relatives here.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF LUBBOCK AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Lubbock who helped make this department possible is sincerely appreciated.

W. F. OLIVER

It is fitting in this review of progressive Lubbock business men that we acquaint our readers with the man to be credited with having maintained the Western Pump Distributors, Incorporated, and Western Pipe and Steel Incorporated in the enviable positions they hold in the business and industrial life of the area. That personality is W. F. Oliver, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which the two companies now enjoy throughout the entire district.

Mr. Oliver has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which W. F. Oliver and the Western Pump Distributors and Western Pipe and Steel have rendered to the people throughout this entire area.

MARVIN HEDGPETH

Performing an outstanding service for the people of Lubbock and the surrounding territory, Marvin Hedgpeth, branch manager of the National Life Assurance Company of Texas, whose office is now located in room 218 of the Gibson Building, has achieved an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection of the people both need and can afford, have been important factors in his well-earned success.

Mr. Hedgpeth is a man of ideas, and he is as practical as he is progressive in putting those ideas to beneficial use in furthering the service he renders to the public. His sound business judgment and unwavering honesty are characteristics which place him in the front rank of the business leadership of the city. Yet he is unassuming and modest in his personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to progressive citizens of this type, for it is such men as Marvin Hedgpeth who have caused Lubbock to become recognized as the business center for this section of West Texas.

TOM F. SNEARY

It is appropriate that we include in this review a progressive Lubbock business man, Tom F. Sneary of Superior Deals Incorporated, who has many friends and associates living in the rural areas outside the city. Moreover, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Sneary has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Lubbock and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made of Tom Sneary an example of the type of man we all appreciate. We congratulate and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Lubbock and vicinity.

JOHN HENRY DANIEL

John Henry Daniel, the manager of the Browning-Ferris Machinery Company, has won the universal respect and good will of the citizens of Lubbock and the surrounding country for the progressive manner in which he has kept this dependable firm in the forefront of the business, and commercial life of the district. Also for the efficient and friendly willingness he has displayed in accepting his share of the responsibility in aiding civic projects.

Mr. Daniel is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment John Henry Daniel for the successful management of the Browning-Ferris Machinery Company, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

M. C. WOODLOCK

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement the man we have in mind is one of Lubbock's more dependable furniture and appliance dealers, M. C. Woodlock of the Hub Furniture & Appliance Company, located at 1001 Avenue H, who has a wide circle of personal friends and satisfied customers scattered throughout this entire district—many of whom reside in our own community.

His contagious optimism and freely expressed belief in the assured future prosperity of the people of Lubbock and its metropolitan trading area are characteristics which are to be appreciated in a progressive business man. He has always taken an interest in community affairs, and has shown a willingness to shoulder his share of the civic load.

It is men like Mr. Woodlock who, because of the successful conduct of their business and private affairs, and their willingness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief, but sincere tribute.

W. N. RENFROW

Lubbock owes much to those progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section of West Texas. In mentioning some of these men, it is only fair to include W. N. Renfrow of the Renfrow Hard Chrome Plating Company, located four miles south of the traffic circle on the Tahoka Highway. This firm is the only one of its kind on the South Plains supplying a vitally needed service to cotton gins, irrigation, heavy machinery, oil, farming and many other progressive industries.

Hard chrome plating is two to three times stronger than steel, with rust proof qualities and very low friction characteristics where corrosion and wear is a problem. This method is playing an increasingly important roll in advancing the area's technology.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that W. N. Renfrow will continue to serve the people of Lubbock and the surrounding area for many years to come.

TROYCE L. STROUD

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men of Lubbock have found to be the shortest route to success. In making this statement, the man we have in mind is Troyce L. Stroud, the manager for Pacific Finance.

The popularity and patronage enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of the business, and in the servicing of his patrons.

The conduct of such businesses, and the men who operate them have done much to make Lubbock the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Stroud for his part in the onward progress of the city. In so doing, we are merely putting into words the opinions of those who know him.

Troyce Stroud has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities and we wish him every success in the future.

LEROY LINDEMAN

Every progressive and successful business man in Lubbock contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Leroy Lindeman, the manager of the M & S Warehouse & Storage Company who is well known and has many friends and business associates throughout this entire district.

The prominent part that the M & S Warehouse & Storage Company is playing in the business and commercial life of Lubbock and the South Plains mirrors the progressiveness and ability of such men as he. Furthermore, Mr. Lindeman has also at all times been steadfast in his devotion to the city, and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

Lubbock and this district are fortunate to have such a man as Leroy Lindeman in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

JOHN S. DERSCH

Having a well-earned reputation for honesty, dependable judgment, and a complete knowledge of the insurance business far above the average, John S. Dersch, special agent for Whyburn & Company, general agents for the Maryland Casualty Company, merits a brief tribute in this Lubbock review.

Without assumption or seeking public acclaim, he has filled his

place in the community as one of its solid citizens, performing his duties of citizenship quietly, yet efficiently.

As a leading and progressive business man, Mr. Dersch holds a high position in the esteem of the public generally. It is not only as a practical executive whose sound judgment and far-sighted planning have brought such fine things to himself, but it is because of his inspiring optimism and loyal friendship that John Dersch is held in such high regard by the people of this entire district.

We gladly praise the record of this dependable Lubbock insurance executive.

A. L., J. RAYMOND AND S. E. CONE

The city of Lubbock has assumed its place of importance in this section of West Texas because of the efforts of far-seeing business men who have helped in developing its industry, or in some manner, extended the trade advantages of the locality. Three such men who have taken an important part in many progressive movements are A. L., J. Raymond and S. E. Cone of S. E. Cone Oil Royalties.

They have devoted their share of time and energy to the growth and development of Lubbock and this district, and it is fitting at this time that we attempt to express in a small way our appreciation for their unselfish contributions to the general welfare of the community.

They are men of wide acquaintance whose many friends admire and respect in them those virtues which inspire confidence and promote good feeling. Their upright business methods are but an outward reflection of their inherent appreciation for fair practices. We congratulate A. L., J. Raymond and S. E. Cone on their splendid records of service, and wish them continued success.

J. T. SIMMONDS

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual.

The value of J. T. Simmonds' business to his city is a reflection of his progressiveness, and a determination to render the utmost in service, which has caused the Lubbock Superior Meat Company, located between Texas and Avenue H on 18th Street, to be so well thought of and so widely patronized by the people of Lubbock and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Simmonds to be of assistance on community projects and public drives. Furthermore, he does so cheerfully and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include J. T. Simmonds in this Lubbock review and to wish him further success in his superior meat distribution business.

CLAYTON CARTER

It is a privilege in this Lubbock review of progressive men and firms that have been such a great aid to the growth and development of this section of Texas to place such a man as Clayton Carter of the Clayton Carter Company and Carter Water Company, on an equal plane with others in his rank. In the past, few men have exceeded him in contributing of their time and energy to the onward progress of Lubbock and the surrounding country.

Mr. Carter is generally recognized as one of the more dependable building contractors in this district, having been the developer and builder of one of the first additions known as the Clayton Carter Addition, and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect the principles which he has always so successfully applied to his business affairs.

We congratulate Clayton Carter on his record, and sincerely hope that his career will be as useful and completely successful in the years ahead as it has been in the past.

LOFTON BURNETTE

In mentioning some of those men who are taking a progressive part in the evolution of the business and commercial life of Lubbock we would be censored if we failed to include Lofton Burnette of the Colonial Shutter Company, located at 1845 19th Street, a dependable company that has always been recognized as a leader in the custom built shutter manufacturing business.

Mr. Burnette is that solid type of citizen whose fairness and friendliness and sincere desire to be of service, are accountable for a large measure of his success. And as time goes on, his personal interests have become more closely interwoven with the business and commercial affairs of the city. As a result he has,

quite naturally, become accepted as a man who can be called upon, and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance.

Lofton Burnette has, by the conduct of his business, and by his attention to civic affairs, earned the friendship and good will of his fellow citizens. He is to be complimented for his activities, and we only express the desire of his many friends and associates in wishing him continued success.

NINA WIGGINS

We desire in this Lubbock review to call the attention of our readers to the well-earned position which Nina Wiggins has reached in the business life of this section. During the comparatively short time she has been operating *Suzy's Gift & Flower Shop*, located in the Mackenzie Village Shopping Center, she has made many personal friends as well as having earned the good will of her associates for the straight-forward manner in which she has conducted her business affairs.

Mrs. Wiggins is working hard to deserve the confidence which the people of the community have in her, and she continues to work hard to maintain in every way, that high standard which she has set, not only for herself, but for the operation and management of *Suzy's Gift & Flower Shop* as well.

She has also shown a willingness to assist in every manner so her disposal in the growth and development of Lubbock, and is always ready to lend her support to civic projects. Nina Wiggins deserves our best congratulations on the splendid record she has already established, and we sincerely hope for her continued success.

RALPH W. McNEELY

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, *over and above the average,* he is deserving of a few words of praise. Such a personality is Ralph W. McNeely of the Precision Pattern Company, now located at 1110 North Avenue T, a leader in the business and commercial life of the South Plains.

In addition to being one of the city's more dependable business men, Mr. McNeely was never a man to shirk his civic duties. More than that, he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Ralph McNeely deserves his share of credit for being one of those progressive citizens of Lubbock who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

THOMAS C. VANCE

In compiling this review of progressive Lubbock business men it is fitting that we should include some of those men who, by their aggressiveness, have definitely established themselves in the business and commercial life of the city.

Such a man is Thomas C. Vance, the manager in Lubbock of the Waterman Industries of Texas Inc., distributors for Waterman Red Top Valves and Hydrants, who also deserves an additional word of praise for being more than just successful. He is a constant and enthusiastic booster of the community and in his way has done much to advertise the city.

Mr. Vance has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter who does not sit back and wait for the business to come to him.

We are glad to pay tribute to Thomas Vance, and to point out to our readers that his sincere desire to be of service, coupled with his aggressive methods are largely responsible for the standing of the Waterman Industries of Texas throughout this entire area.

J. RAY GIVENS SR., & JR.

When a city like Lubbock has gained recognition for being the trading center for many square miles of the surrounding country, it is because of the foresight of those pioneers of earlier days who had the vision to realize the possibilities of their city, and who also had the ability and courage to work for the fulfillment of that vision, and J. Ray Givens Sr., is a man who belongs in this category.

Lubbock owes much to those men of early days, but each succeeding generation must produce its share of business and civic leaders to assure the continued growth and prosperity of the city. It is also the purpose of this review to call the attention of our readers to some of these present day leaders, and in this instance we particularly wish to point out and pay tribute to J. Ray Givens Jr., who is associated

with his father in the operation and management of the J. Ray Givens and Son Construction Company, located on the Clovis Road, whose mailing address is Box 5187. Mr. Givens and his son Ray are not alone in their efforts to increase the prestige of the city, but they are fine examples of the type of men whose combined efforts are responsible for Lubbock's past and future prosperity.

RAY JOHNSON

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business, and accepted their civic responsibilities, but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include Ray Johnson, the manager in Lubbock of the South Plains Representation Bureau, for he is a man who has always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Johnson, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty however, will not permit him to say the things about himself which are said by his friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend Ray Johnson to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

JACK CLOUDE

Jack Cloude, who just recently assumed the operation and management of the Jim Walter Corporation in Lubbock, quite readily demonstrated his unusual ability by his quickness to accept the obligations and responsibility of his new position, and to conduct his affairs accordingly.

Although he has been managing the business for a comparatively short time, he has already made many new friends, and business associates for the Jim Walter Corporation.

Mr. Cloude is an active, energetic man whose sincere, friendly personality and desire to be of service is rapidly earning a place for him in this district. He has already taken an interest in community activities, and in due course of time will assume his full share of civic responsibilities.

Jack Cloude deserves a word of praise for having so quickly established himself in his new position, and we are glad to give him this brief, but sincere mention.

(The preceding items are paid advertising.)

NEW LAW BENEFITS WIDOWS, CHILDREN OF WW II, KOREA VETS

Plainview, Texas—Several hundred widows and children of deceased veterans of World War II and the Korean Conflict will receive their first pension checks from the Veterans Administration on August 1. These persons have not been entitled to assistance from the Veterans Administration in the past, but became eligible for benefits beginning July 1, because of the passage of a new law, known as the Veterans Pension Act of 1959. This information was released today by G. E. Ragle, Veterans County Service Officer in Plainview.

In addition to those who will receive their first checks on August 1, Ragle said that many other widows and children in Texas are eligible for benefits. Neither the Veterans Administration nor the local Service Officer knows who all these persons are, or where to find them.

Prior to passage of the new Pension Act, survivors of deceased World War II or Korean Conflict veterans were entitled to pension only if the veteran had disabilities resulting from service. According to Ragle, the new Act removes this requirement, and makes the widows and dependent children of these veterans entitled to pension benefits if their income is within certain prescribed limits, and if they do not possess large estates.

Benefits under this new Act cannot be paid until such time as an application for the benefits is made to the Veterans Administration. Any person who believes he might be eligible under this more liberal law should contact Ragle at his office in the Courthouse, or the nearest office of the Veterans Affairs Commission for additional information and assistance.

Ragle stated that it is believed that less than one-half the persons who might be entitled to benefits under the new law have made application at this time.

RODEO SLATED AT PAMPA

The 16th annual Top 'o Texas Rodeo is to be staged at Pampa next week, starting at 8 o'clock Tuesday night, August 2, and continuing through Saturday night, August 6. Starting the week's activities will be the Kid Pony Show Monday afternoon and night, August 1.

Mr. and Mrs. M. C. Tow and family visited his mother and sister in Odessa last weekend.

BOB DRACE, right, recently elected Worshipful Master of Abernathy Lodge No. 1142, A. F. & A. M., is shown accepting the gavel from **DON MCKENZIE**, who served as Worshipful Master the past year.—(Staff Photo)

BURNED IN TRACTOR FIRE

Clayton Enger, farmer east of town, sustained painful burns on his left hand recently when his tractor caught fire while it was being filled with butane.

"I was working on the tractor and clashing metal must have created a spark setting off the fire," Enger said. He also received minor burns on his right hand and on his face. Water from a garden hose was used to extinguish the flames. Damage to the tractor was comparatively light.

GLINN JONES

Glenn Jones, who has been on Army duty at Fort Myer, Va., is visiting his parents, Mr. and Mrs. Ward Jones, following a 30-day leave. Glenn will go to Europe.

Clyde Tucker has returned from Colorado Springs and Fort Carson, Colo., where he has been visiting the past two weeks with his brothers, Dewey and Carl Tucker.

Grain Sorghum Support Price Set at \$1.48 For Hale County

The 1960 County Price Support Rate established for grain sorghums grading No. 2 or better is \$1.48 per hundredweight on non-recourse loans, John B. Martin, County Office Manager of the Hale County Agricultural Stabilization and Conservation announced.

Far grain sorghum stored in an approved commercial warehouse, the loan rate is \$1.48 less the service fee charge of one cent per hundredweight and the warehouse charges will be deducted according to the table of deductions.

| Deduction (per cwt.) | Date of Deposit (All dates incl.) |
|----------------------|-----------------------------------|
| 14¢ | Aug. 26 - Sept. 9, 1960 |
| 13¢ | Sept. 10 - Sept. 24, 1960 |
| 12¢ | Sept. 25 - Oct. 9, 1960 |
| 11¢ | Oct. 10 - Oct. 24, 1960 |
| 10¢ | Oct. 25 - Nov. 8, 1960 |
| 9¢ | Nov. 9 - Nov. 23, 1960 |
| 8¢ | Nov. 24 - Dec. 8, 1960 |
| 7¢ | Dec. 9 - Dec. 23, 1960 |
| 6¢ | Dec. 24 - Jan. 7, 1961 |
| 5¢ | Jan. 8 - Jan. 22, 1961 |
| 4¢ | Jan. 23 - Feb. 6, 1961 |
| 3¢ | Feb. 7 - Feb. 21, 1961 |

There are listed below applicable discounts for 1960 crop grain sorghums: U. S. No. 3 and containing not in excess of 14% moisture—5 cents; U. S. No. 4 and containing not in excess of 13% moisture—10 cents. Mixed grain sorghums—3 cents per cwt.

If grain sorghums are stored on the farm, the support price is \$1.48 cents less the service fee charge of 2 cents per hundredweight, net to the producer, \$1.46.

Support will be carried out through loan and purchase agreements, which will be available from harvest time through January 31, 1961.

Loans will mature on March 31, 1961.

This reminder from the Texas Farm and Ranch Safety Council—Don't forget that a farm accident can happen to you. They happen everyday and your attitude and thinking can keep your name off the casualty list.

WRECK? NO.—What appeared to be a railroad boxcar wreck on the siding west of the Santa Fe depot here recently was not. Workers had jacked up an end of the boxcar to make repairs and it slipped off the jack.—(Staff Photo)

Cotton Playing Vital Role In Exports To Europe

George W. Pfeiffenberger, executive vice president of the Plains Cotton Growers, Inc., returned recently from a six-week tour through textile mills in Western Europe and reported that West Texas cotton is playing a vital part in Western Europe exports of cotton and that it has good prospects to continue, providing farmers can supply quality cotton at the world market price.

The Lubbock cotton official was the only producer delegate from the United States to attend the meeting of International Standards Organization in London May 19-28 in which 23 countries took part. After that he visited mills and cotton officials in Belgium, France, Germany, Switzerland and Italy. He was invited to speak to organizations in Belgium, Switzerland and Italy where he presented a series of illustrated lectures on results of fiber and spinning research and the utilization of High Plains cotton.

Pfeiffenberger said that while he found some dissatisfaction with American cotton shipments, and the general belief among European cotton men that American cotton is being damaged by over drying and over cleaning, there is a high level of cotton consumption in Europe and the potential is good for even more export markets there.

The export program of this country the past year or so has been very successful making American cotton very competitive and the outlook for 1960 seems to be equally as good.

OUT-OF-TOWNERS HAVE WRECK HERE

Dan Blanchard, City Policeman, reported that a car, being driven by a 57-year-old Kansas woman, and a Rainbo Bakery bread truck, being driven by a San Antonio man, were in collision last Tuesday at 13th Street and Avenue D.

Both vehicles were traveling north on Avenue D. (Hiway 87), side by side with the car in the left lane. It was reported that the driver of the car saw a vehicle on 13th Street waiting to come onto Avenue D, and thinking the vehicle was going to pull out in front of her, she hit the brakes

June Report On Accidents

The Highway Patrol investigated 12 rural traffic accidents in Hale County during June, according to Sergeant D. S. Lawson, Patrol Supervisor of this area.

Property damage wrecks accounted for 7 of the total, personal injury 5 and 0 were fatal accidents. These wrecks caused a total property damage of \$4,955.00 with 1 person injured and 0 lives lost.

Sergeant Lawson pointed out that this brings the total for the year in this county to 0 killed, 26 injured, and property damage in excess of \$26,554.00. This compares with 5 killed, 58 injured, and property damage of \$37,825.00 during the first six months of 1959.

"Prior to July 1 there had been a total of 781 fatal accidents in Texas," Sergeant Lawson said. "From these accidents, 962 persons have died needlessly," he added.

and the rear end of her car swerved into the side of the new bread truck. Both vehicles were badly damaged.

Quality
Prescription Service

Health progress has meant greater national prosperity. The National Health Education Committee has stated that, as a result of the decline in mortality rates since 1937, the United States Treasury has gained more than one billion dollars in taxes, and almost six billion dollars were added to the national income.

That's why we say . . .

TODAY'S PRESCRIPTION
IS THE BIGGEST BARGAIN IN HISTORY

"LADY HIGH-TOP" is shown here with her new owner, Benny Lobstein, 12-year-old son of Mr. and Mrs. Wilburn Lobstein. The Abernathy 4-H Club won the gilt in a contest staged recently. Sears awarded the gilt to Benny, and gifts also went to other 4-H Club boys of the county. (Family Photo)

4-H Club News

BEST 4-H SWINE PROJECT MAY WIN \$400 SCHOLARSHIP

The 4-H girl or boy who has the best swine project in the state this year will visit one of the major livestock marketing centers in the nation as a delegate to the 1960 National 4-H Club Congress. The all-expense trip to Chicago is the top state award in the 4-H swine program given by the Moorman Mfg. Co., of Quincy, Illinois. The state winner will be eligible to enter his 4-H record book in national competition for one of

six \$400 college scholarships also provided by Moorman. The swine program brings to 4-H members latest methods in breeding, raising and marketing hogs. Better ways to feed, house and care for the animals are explained by the local volunteer club leaders and the county Extension agents. The value of sanitation, selection of breed, and keeping cost records are emphasized in this specialized program. Information regarding current research in pork production is made available to the 4-Hers through the state land-grant college and the U. S. Department of Agriculture. Nearly 178,000 club members had a swine project last year, an increase of 13,000 over 1958 ac-

ording to the National 4-H Service Committee which arranged the program and awards in cooperation with the Extension Service.

To be eligible for a state or national award, the 4-Her must be between 14 and 21 years of age, and have satisfactorily completed a minimum of three years in club work.

Ants can be controlled in and around the home with insecticides. Entomologists of the Texas Agricultural Extension Service say that chlordane or dieldrin, sold in many stores as roach and ant sprays, are very effective. They suggest that a copy of L-311, "Texas Guide for Controlling Household Insects," be obtained from the local county extension office for detailed information on control measures not only for ants but other insects which attack fabrics, foods, structures and humans.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Research in cotton irrigation and fertilizer levels is under way for the third year at the High Plains Research Foundation, Halfway. The number of irrigation methods under study have been increased from six to nine for 1960.

These methods include application of water compared to dry-land cotton with water applied by the following methods: (1) pre-plant only; (2) pre-plant plus first bloom and mid-bloom; (3) pre-plant plus first square and peak bloom; (4) pre-plant plus first square, first bloom; (5) pre-plant plus peak bloom; (6) pre-plant plus firm bloom, mid-bloom and August 20; (7) pre-plant, first square, first bloom, and peak bloom; (8) pre-plant plus whenever soil moisture content drops to 50% as determined by moisture blocks; and (9) pre-plant first square, first bloom, peak bloom, and August 20. All irrigation methods are being metered, and moisture blocks will determine soil moisture during the growing season.

The September watering test has been discontinued, since this late irrigation has been found to reduce both quality and yield of cotton.

Fertilizer applications have been and will be made in the following proportions: 40-80-80 and 120-80-80. These will be compared with results from no fertilizer applied. Gregg, Lankart 75, and Blight-master cotton varieties will be used in this test.

The most profitable irrigation application in 1958 was pre-plant, mid-bloom, and August 20; and in 1959, the pre-plant and peak bloom application.

Conducting this test are Shelby Newman of the Texas Agricultural Experiment Station No. 8, Lubbock, and James Valliant, assistant water engineer, of the Foundation.

Research conducted in East Texas by the Texas Agricultural Experiment Station shows that it costs about \$95 per acre to produce beef in that area. The study shows that the average beef produced per mother cow was 378 pounds and that to break even this production would have to sell for slightly more than \$26 per hundred pounds.

Letter To The Editor:

NORTHWEST TEXAS CHAPTER Myasthenia Gravis Foundation Plainview, Texas

Abernathy Weekly Review
Abernathy, Texas

Dear Editor:

Will you through your columns help our Northwest Texas Chapter of the Myasthenia Gravis Foundation to locate patients of myasthenia gravis or relatives of patients, so that they can get in touch with our organization by writing to me.

The Northwest Texas Chapter covers 38 counties from the south line of Cochran, Hockley, Lubbock, Crosby, Dickens and King counties north to the Oklahoma Panhandle. We are trying to make contact with all sufferers of myasthenia gravis (MG) in this big area in order to bring to them reports of new medicines and progress in research into the cause and cure of this baffling disease as the information comes to us from the national headquarters.

Unknown until 1835, untreated until 1935, MG has probably always been with us. We do know that diagnosis is most difficult and that neither cause nor cure has been determined. MG has been described as a neuro-muscular ailment of the voluntary muscles. Most recent study points to a chemical block at the muscle-nerve junction.

Common symptoms are drooping of the eyelids, tiring of arm, leg and back muscles. Involvement of muscles of face, jaws, tongue, and throat bring difficulty in smiling, chewing, talking, and swallowing. MG is no respecter of person, position or age. It attacks both children and adults. Sometimes it kills; more often it incapacitates.

Through the financial support of the Myasthenia Gravis Foundation, Inc., research is continuously going on to find cause and cure. Recently a new drug, Phospholene Iodide, not yet on the market, is being used experimentally in northern clinics and even by a few patients in our chapter area. We have made contacts with fifteen persons who have been diagnosed as having MG, and we ask your help in locating others.

We have films on MG which we would be glad to bring before any organization or group of people if they will write me and give

the time and place for the showing.

Thanking you for your cooperation in publishing this letter in your paper, we wish to assure you of our deep appreciation.

Gratefully yours,
Mrs. B. M. Harris
Chairman, Northwest
Texas Chapter
Myasthenia Gravis
Foundation, Inc.

BRUCE FURNITURE EXPANDS INTO LARGER QUARTERS

The Bruces, who recently purchased the building next door north which formerly was occupied by Lillian Young's Dress Shop, have now opened a large doorway in the wall between the two buildings. They have also removed the partition wall which extended about one-third of the way from the east wall westward in their building, and have moved the repair and receiving department into the north building.

Ask about Low Cost
FAMILY FARES

There is only a slight difference in the cost of paints of like quality. You usually get the quality you pay for. We handle only paints from manufacturers with years of experience in paint making. This experience is reflected in the quality of their paints. A cheap price can only mean low quality or the wrong paint for your job. J-B and S-W paints are top grade and quality attested to by years of use on thousands of houses of all types.

Come in and talk over your paint problems with us.

City Manager . . .

(Continued From Page 1)

is quite surprising. I have prepared 17 reports on different subjects since being with the League. Also, during the three months I spent with the City of Louisville, Kentucky (as noted on the resume), part of my duties involved budgetary control over the divisions of the department. The budget for the department that year approximated \$900,000. Three state universities, Alabama, Tennessee, and Kentucky, in addition to several governmental agencies, participate in the Southern Regional Training Program in Public Administration. The program is well recognized in all governmental levels as being one of the best of its kind in the United States. In fact, most agencies consider completion of the program as being equivalent to a Master of Arts degree even though this degree is not awarded through the program unless a thesis is written. I was fortunate enough to be selected and to complete the program in 1957-58. The above and the attached resume are only short outlines of my experience. If you would be interested in further information, it would be possible for me to come to Abernathy on Saturday, July 2nd, or some other mutually convenient time for a personal interview. At that time, I could show you samples of my work and we could possibly discuss a program for Abernathy in some detail. Please feel free to contact the references given on the resume. You may also wish to contact Mr. William Olson, Legal Counsel, on our League staff, who can be reached at the address given for Mr. Matthews. In case you may need them, the League office phone number is GREENwood 6-6003 and my home phone number is GLEndale 3-5863. Thank you for your attention. Sincerely, Paul D. Noland
