

# ABERNATHY WEEKLY REVIEW

VOLUME 39 Hale County — Abernathy, Texas — Lubbock County

THURSDAY, AUGUST 4, 1960

NUMBER 39

## MORE DONATIONS ASKED

### RED CROSS PLEDGES \$24,600 FLOOD RELIEF

PLAINVIEW—Two hundred and five applications for assistance in connection with the recent Plainview flood disaster have been received by the Hale County Chapter of the American Red Cross with 65 closed.

The Red Cross has been committed to the expenditure of \$24,600 with additional requests probable, says Mrs. Wainita Hutcheson, executive secretary of the local chapter.

This money will be spent for the relief of Plainview cases and the Hale County Chapter is asking people of the area to help out with the financial burden. The citizenry has been generous in contributions of food, clothing and

volunteer services, but only \$1,200 in cash has been received.

Donations will gratefully be received by Mrs. Hutcheson, J. O. Foote, chapter chairman or Curtis Mae Rogers.

The disaster advisory committee of the local Red Cross chapter met recently in the Hale County State Bank conference room to review flood disaster cases. Eight cases, each involving over \$500, were approved. Needs included repair of homes and assistance in food, clothing, bedding and household furniture.

The committee is headed by Foote and includes Clarence Lewis, J. Oliver Bier, Bill Gouldy, Bob Wrayland, Mrs. J. W. Walker, Mrs. Susie Riggs, Dr. Roy McClung, Capt. Charles Carmack, Bob Harder, B. B. Howle and Maurice Hanna.

At the meeting the committee unanimously complimented the National Red Cross staff of case workers who were active in the Plainview flood. The staff includes Amy Van Hooser, Estelle Johnson, Helen Robbins and Paul Jacobson.

### Last Rites Held For Joe Healy, City Employee

Rites for Joe F. Healy, 50, Abernathy city employee, were held at 3 p. m. Friday in the Assembly of God Church here.

Healy died late Wednesday, July 27, in the High Plains Hospital in Hale Center, where he had been one week.

Officiating was the Rev. Jude Strickland, pastor, and the Rev. Durwood Smith, pastor of the Calvary Methodist Church, Lubbock. Burial was in the Abernathy Cemetery.

Pallbearers were Preston Amereson, Clarence Jordan, A. D. Helms, Clyde Pittman, Shelby Pittman and D. C. Attebury.

Survivors are his wife; four sons, Billy Wayne Healy, 312 E. 34th St., Lubbock; Henry F. Healy, Fort Riley, Kan.; James F. Healy and Dickie Don Healy, both of Abernathy; two daughters, Mrs. Virgie McGee, 5208 King Ave., Lubbock, and Daisy Marie Healy, Abernathy; his mother, Mrs. Frank Healy, Clarksville; four brothers, Pat Healy, Olnessa, and Robert, Willie and Connie Healy, all of Clarksville; three sisters, Mrs. Von Gist and Mrs. James Johnson, both of Abernathy, and Helen Healy, Clarksville; and five grandchildren.

### ANN'S DRESS SHOP TO HOLD SALE

Here we are again folks, this time with a one cent sale. We need room for fall merchandise and are going to make room for it with this sale. Buy one dress at the marked price on the sale tag and pay one cent more and get another dress. This is your chance to get a dress for one cent. Come early and get yours while they are still on the racks. See our ad in this issue on another page.

### NOTICE

Men in our mechanical department need some days off, and August will be the month The Review will slash its schedule.

In order to give the men a rest, The Review will print some of the August papers as much as a week in advance of mailing time. If you are planning some event, news-wise or advertising-wise, for August call us NOW so we can serve you in the issue of the paper that will benefit you the most.

## BIRTHS

A son, named Robert DeWitt, was born July 18 to Mr. and Mrs. Barney Shuey of Lubbock. He weighed 7 pounds 4 ounces, and is a grandson of Mr. and Mrs. R. G. Shuey of Abernathy, and Mr. and Mrs. DeWitt Folmar of Loop.

Mr. and Mrs. Jack Baker are parents of a son born July 27. He weighed six pounds.

Abernathy Medical Clinic reported the following births:

Mr. and Mrs. Ernest Smith are parents of a son, born July 21. The boy weighed 6 pounds 4 ounces and was named Jeffery DeWayne.

Mr. and Mrs. Robert Lopez are parents of a son, born July 25, weighing 6 pounds 8 ounces. He was named Jimmy.

Mr. and Mrs. Albert Flores are parents of a daughter, weighing 5 pounds 6 ounces, born July 28. She was named Gloria.

### HAVE A WEEK'S CAMP-OUT

Clifton Newton, Vernon Pettit and George Hughes, along with Don Hughes, Bobby and Mickey Pettit, Billy Barrick and his cousin, Larry Barrick of Arlington, spent last week camping out on fishing at Twin Lakes, Colorado.

The group camped out in Cimarron Canyon Park in New Mexico on their way to Twin Lakes, and also camped there on their return trip. (Friday night). During the night a huge bear invaded the campsite and carried off the ice box in which they kept their eggs, bacon and butter. The next morning they found the ice box broken open, heavily battered and empty, and had to go to a cafe to eat breakfast.

Arch Riley was returned home Tuesday morning of this week via Dennis & Chambers ambulance. He had been in a hospital in Lubbock for several days.

**BUDDY AND BILLY RHODES**, pictured left to right above, are experienced Go-Karters, and will be giving other drivers in their class a "run-for-the-money" on the local Go-Kart track when it opens. The boys, sons of Mr. and Mrs. Irvan Rhodes, have done a considerable amount of racing at area tracks. (Staff Photo)

### Kartway Park To Open Soon

(By O. F. Rea)

Abernathy's Go-Kart racing track has been in preparation for some time and will be ready very soon for regular use. The date of opening is to be announced later. Four Abernathy young men are interested in the track and they think they will have an ideal track when it is finished. The track is designed to prevent excessive speeds and to bring out driving skill instead.

The four interested in the Go-Kart project here are Robert K. McAlister, Irvan Rhodes, Dwayne Taylor and Joe Tom Brown.

The Go-Kart track is in the northwest portion of Abernathy Airport section four miles east of town.

Although it is being used, formal opening date for the go-kart track has not been set, McAlister said. Further work is to be done on the track surface, and lights may be installed later for night activities at the track.

The track is about four hundred feet in length and is a modified oval in shape. The regular

end curves, of course, and on the northeast side is a rather shallow curve while on the southwest side there are two fairly sharp curves which will require some driving skills to negotiate with speed. The starting pits

(Continued on Page 6)

### Football Reserved Seat Tickets To Go On Sale Monday

Pete Wilson, Abernathy School Athletic Director, announced that tickets for Reserve Seats for Abernathy's five home football games will go on sale at 1:00 p. m. Monday, August 8, in his office located in the west end of the high school building.

The price for the Reserved Seats is the same as last year, \$5.00 per seat ticket for the five home games. If single reserve seat tickets are purchased just prior to each game, the price will be \$1.50 per seat.

Persons wanting the same seats they had last year are asked to go by the Athletic Director's office and pick them up, or mail a check for the number of tickets desired, to Pete Wilson, Box 571, and the tickets will be mailed to you.

Football fans are urged to take advantage of the money-saving offer of getting reserved seats in advance for the same price as general admission. Another advantage of having reserved seats is that you will be assured of having a seat in the stadium whether you arrive early or late.

Mr. and Mrs. Horace Davis and son, Kenneth, and Janice Adkisson were on vacation in Colorado.

Mrs. Johnnie Mahafay and her niece, Mary, of San Juan, Texas, were guests a few days this week in the home of Mr. and Mrs. Marvin Struve.

### Humphrey Named Director Of Audio Visual Services For Local Schools

At the last meeting of the Abernathy School Board, Mr. Howard Humphrey was named Director of Audio Visual Services for Abernathy Public Schools. The position of Curriculum Director, formerly held by Mr. Boyd Mitchell, is to be left open indefinitely. Mr. Mitchell resigned his position to accept the Directorship of West Texas Audio Visual Services Co. on the campus of Texas Technological College. Mitchell was Director of Audio Visual Services of Abernathy Public Schools prior to becoming Curriculum Director, a position that was created three

years ago and included handling of Audio Visual Services.

Mr. Humphrey will also teach classes in the High School in his major teaching field of History, as did Mitchell when he held that position. Other duties that Mr. Mitchell had been performing in the way of educational services for classroom teachers will be assumed by the principals.

School Superintendent Noel Johnson reported it would be difficult to obtain a fully qualified Curriculum Director because a few school people have the certificate that the state requires for this position.

Mr. Humphrey was Junior High School Principal prior to his promotion to Audio Visual Director and was the first and only Junior High Principal Abernathy School System has had, having served the entire five years that Abernathy has been organized with Grades 6, 7, and 8 as a Junior High School. He holds a Masters Degree from Texas Technological College, an administrator's certificate, and is a veteran of 22 years of teaching experience.

**CARL PHILLIPS FARM BUYS PUREBRED ANGUS COWS**

Carl Phillips Farm, Abernathy, recently purchased three Aberdeen-Angus cows from Lawrence Amerson, Abernathy.

**REA'S VACATION**

Well the vacation is over, all but the memory and courtesy cards to come in. So here I am on the job and Mrs. Rea is in her accustomed place at Ann's Dress Shop.

We are slightly tanned or perhaps should say nearly baked. We headed northwest to find a cooler place but were disappointed as we found the temperatures up there in Washington State, and all between, just as hot though not quite so humid as here. Recent thermometer readings in Salt Lake City were 112, and 107 at Pocatello, Idaho.

Nights were not quite so bad as most of them were cool enough after a while. It was 40 degrees one night we stayed at Granby, Colo. The others ran mostly in the 60s. Days were from 95 to 101 in central Washington. It was cloudy all one day and fairly pleasant driving, but except for one-half day in driving from Montrose to Salida, over Monarch Pass, the rest were hot.

We had some mighty good mountain trout a couple of meals. Saw a million bales of alfalfa hay and a million acres of wheat yet uncut and about 500 miles of road under construction. There were other things we saw also but we gotta leave something to talk about so this is it for this story.

**Adkisson Named Junior High Principal**

In other action, Abernathy School Board named Old E. Adkisson, Jr., as Junior High School Principal for the 1960-61 school year. Adkisson was a native of the Abernathy community and a 1940 graduate of Abernathy High School.

**Grade School Resignation**

Carol Ann McKinsie, second grade teacher, resigned last week to teach in Grants, New Mexico, near her home. A replacement had not been named as press time, but this is the only vacancy existing in the Elementary School.

The Rev. C. B. Stovall, retired Baptist pastor who resides at 1311 Ave. J in Abernathy, preached at First Baptist Church here Sunday. The Rev. Joe R. Griffin, local pastor, and his family were visiting relatives in Austin.

### Lions Set Date For Annual Broom Sale, Wed., Aug. 17th

The Abernathy Lions Club has set for their Annual Broom Sale, Wednesday, August 17, as the date for their annual broom sale. The Lions will make a house-to-house canvass of the town, and will also have a truck stationed in front of Abernathy City Hall.

The proceeds from the sale will go to the Abernathy Lions Club and The Lighthouse, an organization to aid the blind.

The Lighthouse is a United Fund Agency and works in cooperation with the State Commission for the Blind in Austin. The employees earn their wages by producing marketable articles. Revenue

### TO SHOW PICTURES OF FLYING TRIP TO SOUTH AMERICA

The next best thing to taking a three-week flying trip to South America will be seeing the color slides which Mr. and Mrs. Virgil Rhodes made on such a trip last month. They will show the slides Friday night, August 12, starting at 8 o'clock, at Abernathy city hall clubroom. Anyone interested in seeing the pictures is invited to attend. Rhodes also will show the slides at a luncheon of the Lions club at Graham's at a later date.

Rhodes, who operates Hi-Plains Aviation at Abernathy Airport, estimated that they flew some 13,000 miles on the trip which took them to Mexico, Central America and to South America. Flying time was 76 hours. Farthest point on the trip was Brazil's new capital city still under construction some 600 miles inland from Rio de Janeiro.

Rhodes, local dealer for Cessna, flew their new Cessna 210 on the trip. It is a single engine craft with retractable landing gear and variable pitch prop.

**WINS ALL-EVENT**

Mrs. Lloyd Edwards won the All-Events division in Class C of the Reddy Kilowatt bowling tournament for women at Lubbock Bowling Club. Her all-events total was 1460. Mrs. Edwards and Mrs. Jim Ned Gragg, with a 942, tied for fourth place in Class C doubles of the tourney.

Mr. and Mrs. Leck Adams and twin sons, Donnie and Johnnie, are on vacation this week at the family cabin in Ruidoso, N. M.

By REVA FLORENCE

The A. L. Apperson family is a long-time member of TUCO Station. Not only of TUCO Station, but of the Abernathy community. Audrey, better known to all his friends as "Hook" (a name derived from his baseball-playing days) came to Abernathy during his high school years.

Mrs. Apperson, known to all her friends as Pauline, was born here and is known as the former Pauline Jackson.

Hook began work at TUCO about 1937 as a Fireman; then he resigned that job and worked in town for a few years, returning to TUCO during the war year of 1942. They moved to house number 2 where they still reside at the present time.

Mr. Apperson has worked under a five-managers of TUCO, beginning with Mr. Beard, second—Mr. Ralph Price, then Peter Renfro, Bob Dyer, and the present manager, Phil Sterrett. He came back in the position of Turbine Operator, and then he was promoted to Shift Foreman, the position he now holds. He is very proud of his eighteen years of service to the company, and the company is very proud of his services and dependability.

During the last five years he has completed an in-service training school sponsored by the company through the Amarillo Junior College, the teachers being Phil Sterrett and Willie Florence. Manager and assistant manager. The course was offered to all employees who wished to improve their

Reddy Kilowatt is a registered trademark of the Southwestern Public Service Company.

**BROTHER DIES**

Last rites were held Monday afternoon in Sanders Funeral Home Chapel, Lubbock, for Marcus C. Owens 75, a brother of Raymond Owens of Abernathy. M. C. Owens, who for many years operated a watch repair shop in Hale Center, died Saturday afternoon in Lubbock, where he had resided the past four years. He had been in ill health for several months.

Officiating was the Rev. George Tyson, associate pastor of Lubbock's Asbury Methodist Church. Burial was in Abernathy Cemetery. Mr. Owens was a member of the Methodist Church.

In addition to the brother who resides here, other survivors include two sisters and three brothers.

M. C. Lewis was under treatment at the Veterans Hospital in Amarillo.

from sales goes to pay wages and buy materials.

Help the local Lions Club and help the blind by buying any of the items from the Abernathy Lions, Wednesday, August 17.

### Fire Damages Home Of The Shelby Pittmans

Abernathy Volunteer Fire Department members answered an alarm at about 11:20 Saturday night to extinguish a fire in the home of Shelby Pittman at 507 Avenue F. The Pittmans were not at home, having gone to Roaring Springs for an over night campout.

The alarm was turned in by J. C. Doggett who lives next door north of the Pittmans. Mr. and Mrs. Gid Adkisson were visiting the Doggetts Saturday night, and having smelled wood burning, Mr. Doggett and Mr. Adkisson began to investigate. When they went outside the house they saw flames burning through the roof of the Pittman home, and called in the alarm.

Fire Chief Ed Crow stated that had the fire gone unnoticed many more minutes, it would have been difficult to have saved much of the structure or furnishings.

Fifteen local firemen quickly got the blaze under control after arriving at the site of the fire. The fire started in the northwest corner of the bathroom. Crow said, but cause of the fire was still not determined at the time of this writing. The blaze completely "burned out" the bathroom and consumed a portion of the roof above the bathroom before it was discovered. Heavy smoke damage was reported done in each room of the five-room house, as well as considerable water damage.

Virginia Cantu was under treatment in a Plainview hospital.

Herman Lambert, who was under treatment at the Veterans Hospital, Amarillo, returned home last week.

Messrs. and Meses. Marshall Ledford, Ray Willis, Lloyd Edwards, Jim Ned Gragg and Buford Davenport were in Roswell, N. M., last weekend.

Mr. and Mrs. August Jones have moved to 1101 Ave. E. They bought the property from the estate of the late Mrs. J. M. Fields.

Visitors over the weekend in the home of Mr. and Mrs. George Hughes were her sister and family, Mr. and Mrs. Douglas Ayers and Patti and Mitzie, of Attila, Kansas.

PICTURED here is the A. L. Apperson family, who are long-time residents of TUCO. Back row, left to right, they are: Kenneth, M. and Mrs. Apperson, and Freddie. Front row, left to right, Paula, Donnie who is now Airman 2nd Class in the U. S. Air Force, and Jane. (Family Photo)

### CAR OVERTURNS

A 1953 two-door Chevrolet, driven by a Texas Tech student, Donald Boots Watson, overturned approximately one mile south of Abernathy city limits about 8:20 a. m. Sunday.

The car, traveling north on Highway 87, skidded 1,320 feet sideways, then hit the bar ditch, flipped over, and skidded another 50 feet backwards, reports said. The vehicle came to rest in James Davis' feed patch on the west side of the Highway.

Watson was taken to Abernathy Medical Clinic by Dennis & Chambers Funeral Home ambulance where Dr. Priddy closed a head gash with several stitches. The passenger in the car, Lonzo D. Mitchell, Rt. 2, Lubbock, was not injured, reports said.

Investigating officers were Texas Highway Patrolmen Earl Bartley and Ted Court, both of Lubbock.

(Continued on page 7)

**FUNERAL HELD FOR ARCADIO ARRIZOLA**

Graveside rites were held Thursday at Strip Cemetery Northeast of Abernathy for Arcadio Arrizola, 30, who was killed instantly Monday of last week when his body collided with a pickup truck on FM 54 east of TUCO.

Officiating was Father Hernandez of Lubbock. Arrangements were in charge of Dennis & Chambers Funeral Home.

**BURGARS HIT CARL PHILLIPS OFFICE MONDAY**

Burgars hit the Carl Phillips office in North Abernathy Monday night, taking \$75 in cash and leaving behind badly damaged fixtures. Five fireproof steel filing cabinets had locks knocked off and were hacked up, apparently with a hatchet. Entry was through a window on the east end of the building.

**FABRIC SHOWING SET AUGUST 9**

Lon Carmickle announces that C. L. Fields, a representative of Globe Tailoring Co. will be at Lon Cleaners Tuesday, August 9. Mr. Fields will hold a showing of many new fabrics for smart clothes custom tailored to individual requirements. See Lon Cleaners ad in this paper for further details.

**MAY NOW HAVE VISITORS**

Mrs. J. W. Brooks, who was injured recently in a two-car collision at the intersection just south of the overpass south of New Deal, may now have visitors reports said.

Her friends and neighbors are invited to go by and visit her in Room 302 at West Texas Hospital, Lubbock.

School superintendent Noel Johnson presided at the noon luncheon of the Abernathy Lions Club Tuesday at Graham's Restaurant, and turned the program over to Carl Barton.

Barton in turn introduced Herman Heath, District Manager of Pioneer Gas Co., of Lubbock, who presented Bill McMillan who is an active outdoorsman in addition to being in the construction business.

McMillan stated that there is nothing greater than knowing a little about the great outdoors, and proceeded to make an introductory talk prior to showing a colored movie about rattlesnakes.

He stated that there are 42 different species of rattlesnakes in the U. S., and that we have here in Texas probably one of the largest species, the Diamondback Rattlesnake, as well as the smaller Sideswinder and various others.

In presenting the movie which showed him and his father with two or three other men interested in the sport of catching live rattlesnakes, McMillan stated that it is not necessarily always the poison that kills a person who has been rattlesnake bitten, but it is often the shock and the things they do in excitement after being bitten. A person who has been bitten by a rattlesnake should above all be calm, if at all possible.

The pictures, taken in the Post and Snyder areas, showed how the snakes are driven from their dens with gasoline and are then caught with books of various types, or by holding the snake's head down with a stick and grasping it just behind the head with the fingers. (The latter method is not advised unless one is an experienced snake handler or catcher). The snakes are then put in burlap bags and normally are later killed.

Pictures of a python which his father caught in India was also shown as well as a 13-foot python which was sent to his father from a friend in Oklahoma.

The film was educational and interesting and was enjoyed by all, (except those who were sitting relatively close to the screen).

**Next Week's Program**

Jim Reid, son of Mr. and Mrs. Andy Reid, is to be guest speaker at the luncheon meeting of Abernathy Lions Club Tuesday, August 9, at Graham's. He will relate experiences on a trip last month to the Baptist World Alliance at Rio de Janeiro, Brazil.

Mr. and Mrs. August Jones have moved to 1101 Ave. E. They bought the property from the estate of the late Mrs. J. M. Fields.

Visitors over the weekend in the home of Mr. and Mrs. George Hughes were her sister and family, Mr. and Mrs. Douglas Ayers and Patti and Mitzie, of Attila, Kansas.

### Storm Warning Alarm System

Abernathy's fire siren will sound a warning of approaching tornadoes in the following manner: two 6-second blasts followed by one 12-second blast, repeating the two short blasts followed by one long blast for several times. A series of long blasts from the

siren are used for giving a fire alarm.

The siren is used to summon volunteer firemen to drill practice sessions, usually on Tuesday nights. One long blast of the siren is used for this purpose.

### Mr. and Mrs. S. H. Lebow Honored By Their Family

The children and families of Mr. and Mrs. S. H. Lebow honored them with their presence in their home here recently. It was the first time in several years that that many of the family had been together.

Present were Mr. and Mrs. J. L. Deavers, son Billie, and daughter and family Mr. and Mrs. Don Snider and sons, Max and Steve, of Snyder; Mr. and Mrs. W. R. Boykin and sons, Anthony and Quinton, and daughter Pruitilla of Lubbock; Mr. and Mrs. Wendell Breland of Olton; a son, Mr. and Mrs. Curtis Lebow, daughter Paul-ett, and son Loyd, of Abernathy; a son, Mr. and Mrs. Cleatus A. Lebow, daughter Clea Ann, and son Jerry of Memphis, Texas; a daughter and husband Mr. and Mrs. Alfred Pippin of Brownfield; Mr. and Mrs. L. L. Snider, daughter Mary, and sons Geary and Lonnie, of Lubbock; a son Leo Lebow, of the home; a daughter and family, Mr. and Mrs. C. G. Barchurs and sons George and David, of Hobbs, N. M.; a son, Mr. and Mrs. Floyd Lebow, daughter Vickie, and son James, Abernathy; a daughter, and family, Mr. and Mrs. C. L. Buzbee, daughters Deborah and Denise, and sons Denis and Douglas, of Whittier, Calif.; also a brother of Mrs. Lebow, Mr. and Mrs. E. L. Hearin of Seminole, Okla.

Only seven of the family were

### Warning Given On Air Rifles

Parents are reminded of a Texas State Law against "firing" or carrying an air rifle (pellet gun) in the city limits of any town or city in the state.

Also, parents are reminded of a Texas State Law that holds them financially responsible for any damage their children do to public and/or private property by any means, including damage done by air rifles (pellet guns). In cases of personal injury, parents could be sued for the injury their children inflict with air rifles (pellet guns).

Parents are risking prosecution, and possible law suit, if they let their children use air rifles (pellet guns) within the limits of any city in the State of Texas. (Remember, this is not an "Abernathy law" but a State Law.

not present: two grandsons in California, a grandson in Amarillo, a granddaughter and her two sons in Georgia. The Lebows have two great-granddaughters and two great-grandsons.

Accidents in the farm home kill more than 2,770 and injure nearly 400,000 farm residents each year.

### Lubbock County Farm Bureau Sets Queen Contest

The Lubbock County Farm Bureau has set the date for the Annual Farm Bureau Queen Contest. This is to be held August 18, 1960.

The purpose of this contest is to give recognition to the Farm

and Ranch girls of Texas. The girls will be judged on grace, poise, charm, vivaciousness and all the qualities that go to make up winsome Texas future homemakers.

To be eligible the girls must:

1. Be daughters or sisters of a Farm Bureau member actively engaged in agricultural production. Membership should be in county of participation.
2. Must be between 16-22 (sixteen by September

1, 1960 and not over 22, September 1, 1960).

If you wish to enter the contest, or know someone who is interested please contact your Farm Bureau Director in your area, or the entry blanks are available at the Farm Bureau office.

All eligible girls are invited to enter.

### Hi-Plains Hi-Lights

#### NEWS from the High Plains Research Foundation

The 1960 yield data from two wheat fertilizer tests were released by Delbert Langford, associate agronomist, of the High Plains Research Foundation. The two varieties used in the tests were Early Triumph, a standard high yielding variety, and Tascosa, a new hard red winter variety with exceptional adaptability for the High Plains area.

The following observations were made in these tests: (1) nitrogen alone increased yield an average of 19.08 bushels per acre above no fertilizer; (2) phosphate alone gave an increase of 16.66 bushels per acre; and (3) potash in combination with nitrogen and phosphate did not increase yield.

While the phosphate alone was not the most profitable fertilizer application, this is the first time at the Foundation that phosphate alone has given a significant increase in yield. This indicates that as these Pullman clay loam soils are cropped heavily year after year, there is a greater need for phosphate fertilizer.

The average yield of the Tascosa variety in fertilized plots was 61.56 bushels per acre and the Early Triumph averaged 52.17. The fertilizer treatment which produced the highest yield in the test was not the most profitable. The fertilizer treatment giving the highest average yield was 120 lbs. nitrogen and 80 lbs. phosphate. This returned \$23.99 per acre above the cost of the fertilizer, but with only 40 lbs. of nitrogen alone, the yield was almost as high and the net return per acre was \$30.55.

This year's wheat fertilizer data at the High Plains Research Foundation are good indications of what results can be expected from fertilizing wheat on Pullman clay loam soil. The application of fertilizer on winter wheat is indicated to be a profitable practice, but additional research is required to determine specific fertilizer recommendations.

Age group having the greatest number of fatalities from accidents on farmland and around farm buildings is 5-14 years.

#### "THE UNBAPTISED":

BY ROY DEAN VERNER  
Reading Time: 4 Minutes

The responsible human creature is under obligation to be baptized. It has been stated that baptism is the act of immersion to a competent individual. This competency embraces the ability to hear (learn) God's Word. "Go ye therefore and make disciples of (teach) all nations, baptizing them into the name of the Father and of the Son, and of the Holy Spirit: teaching them to observe all things whatsoever I command you: and lo I am with you always, even unto the end of the world." (Matt. 28:19-20). It includes faith—an unbeliever cannot be baptized. Jesus said, "He that believeth and is baptized shall be saved" (Mark 16:16). Repentance is another prerequisite to baptism. Peter said, "Repent ye and be baptized every one of you in the name of Jesus Christ unto the remission of your sins" (Acts 2:38). Only infants and feeble-minded persons are free from the obligation to be baptized. Both are irresponsible. Both are incompetent. Neither possesses capacity. No responsibility is attached to these whatsoever.

Christ was baptized to "fulfill all righteousness." (Matt. 3:15). Those who would be His disciples are eager and happy to follow His example. Those who refuse or otherwise fail to obey His will and follow His example cannot be His disciples.

The unbaptized person, capable of being baptized, is unsaved. Jesus said, "He that believeth and is baptized shall be saved." (Mark 16:16). The Lord placed baptism between the believer and salva-

tion. Peter declares that eight souls of Noah's family were saved through water, i.e. they were saved from the wickedness of the world by water, and adds baptism after a true likeness, "doth now save you." (1 Pet. 3:20-21). The unbaptized, therefore, are unsaved. Baptism procures remission of sins. Peter addressed inquiring believers: "Repent ye and be baptized every one of you in the name of Jesus Christ unto the remission of your sins." (Acts 2:38). Ananias instructed believing, penitent Saul: "Arise, and be baptized, and wash away thy sins." (Acts 22:16). The unbaptized person, therefore, bears the guilt of his sins. Sins cannot be remitted or "washed away" except by the valid act of baptism.

Baptism brings one into Christ. One cannot be baptized in Christ, but into Christ. "For as many of you as were baptized into Christ did put on Christ." (Gal. 3:27). The unbaptized are not in Christ, and when one is not in Christ he does not receive every spiritual blessing. "Blessed be the God and Father of our Lord Jesus Christ, who hath blessed us with every spiritual blessing in the heavenly places in Christ." (Eph. 1:3). The rejection of baptism means that one can never enter Christ, and apart from Christ there is no salvation.

If you are not a baptized believer in Christ Jesus, we pray that you will obey the Commands of Our Lord before it is everlastingly too late. Don't reject the command to be baptized.

#### MOTOR VEHICLE TRAFFIC

1959 JANUARY							1959 FEBRUARY							1959 MARCH						
SUN	MON	TUE	WED	THU	FRI	SAT	SUN	MON	TUE	WED	THU	FRI	SAT	SUN	MON	TUE	WED	THU	FRI	SAT

FATAL ACCIDENTS 6 DATE FATALITIES 6 DATE DEATHLESS DAYS 6

THE DEADLY TRUTH—About traffic safety in Texas in 1959 was that only one day in the whole year was free of traffic deaths. In 1958, there were five "Deathless Days" in Texas, four in 1957, five in 1956, three in 1955. If more Texans will drive in such a way that their cars are never involved in a crash which takes a human life, then Texas can record more "Deathless Days." Will YOU drive so that the Fourth of July holiday will add a "Deathless Day" to the Texas traffic calendar? (Official 1959 Texas Traffic Death Calendar Compiled by Statistical Services, Texas Department of Public Safety and Reproduced by the Governor's Highway Safety Commission, Austin, Texas.)

PEGGY LOU FOX  
Wedding Date Set

Mr. and Mrs. L. G. Fox of 1015 W. 9th Street, Littlefield, announce the engagement of their daughter, Peggy Lou, to Jim Scott, son of Mr. and Mrs. C. E. Scott of Route 2, Abernathy. The wedding will be at Littlefield Drive Church of Christ, August 28, at 3 p.m. Friends of the couple are invited.

Lakeview  
News

Mr. and Mrs. Wayne Foster of Climax Springs, Mo., are visiting her grandparents, Mr. and Mrs. A. B. Colwell this week. Mrs. Foster who was Leona Camp, daughter of Mr. and Mrs. Robert Camp formerly of this community, received a B.A. degree in Education in graduation exercises at the University of Missouri in Springfield, August 2.

L. H. Holcomb came by plane from Dallas Sunday to spend several weeks in the home of his daughter, Mrs. N. Matthews.

About 60 persons attended the Methodist Sunday School picnic in Mackenzie Park Sunday.

Nancy Watson is spending several days in Ruidoso with friends this week.

Mrs. L. J. Jordon is in Kermit visiting in the home of her son, Mr. and Mrs. A. L. Jordon who are the parents of a new baby son born July 29.

Paula Mayo of Lubbock spent several days with her grandparents, Mr. and Mrs. E. Anderson.

Mr. and Mrs. Felix Fred of Morton and Mrs. A. N. Roberts of Massachusetts visited last week in the A. B. Colwell home.

Mr. and Mrs. H. G. Timms spent the weekend fishing at Brownwood.

Mrs. Leslie Overstreet is ill at her home.

Rev. and Mrs. Winfred Rhodes and son of Graham visited in the home of his sister, Mrs. C. P. Loyd and family last week.

Mr. and Mrs. W. W. Gatlin and other children Mary, Steve Rudy and Donna who are known as the Gatlin Quartet of Odessa, were visitors in the C. P. Loyd home last weekend. The quartet sang in Petersburg Saturday night and Sunday church services.

Price Amerson was host to members of the Lakeview M.Y.F. group at his home Thursday night.

A business session was held followed by a recreation hour. Attending were J. Frank Jackson, Linda Monk, Nancy Watson, Paula Mayo, Gerald Watson, Barbara Phillips, Diana DuBose, Billy Lee and Carla Smith.

Mr. and Mrs. R. L. Campbell of Amhurst visited in the S. M. Harrison home Wednesday.

Mr. and Mrs. Lee Roy Waters held open house Thursday from 6 to 10 p. m. at their beautiful new home in this community. The spacious lawn was the setting for a delicious barbecue meal served by the Tommy White Catering Service of Lubbock.

Mr. and Mrs. Waters greeted guests as they arrived and Mrs. George Stout registered guests and they were assisted in hospitalities by Misses, Henry Scarborough, Clayton Enger, Dale Arthur, Johnny Neal, and Nancy Ritchey, 230 persons attended during the evening.

Mrs. H. M. Baker and Mr. U. N. Stout of Grafton were guests in the Lee Roy Waters home Thursday.

WIRTHS HAVE FAMILY REUNION

A Family Reunion was held Sunday July 24, in the home of Mr. and Mrs. J. A. Wirth, with a total of 42 persons present for the Reunion Dinner.

This was the first time that the family had been together in the past 29 years.

The Wirths seven children, 13 grandchildren, and eight great grandchildren and the husbands and/or wives of the children and several grandchildren were present. Thirteen grandchildren and nine great grandchildren were unable to attend.

The family members are: Orlean Wirth of the home; Mr. and Mrs. Charlie Pipkin, Gardena, Calif.; Mr. and Mrs. Dolan Wirth and son, Tulsa, Okla.; Mr. and Mrs. Chester Hipps and daughter and grandson, Marked Tree, Ark.; Mr. and Mrs. Luther Price and children, Lubbock; Mr. and Mrs. Leon Price and son, Covina, Calif.; Mrs. Geneva Jones and son, Little Rock, Ark.

Other friends and relatives who visited during the afternoon included: Mr. and Mrs. Odie Teeter, Mr. and Mrs. Clayton Teeter and son, Mr. and Mrs. Alvin Price and son, Mr. and Mrs. John Dawson, Mr. and Mrs. Sid Freeman, Mr. and Mrs. Wilson Speers and two children, Miss Babra Teeter, Mr. and Mrs. O. B. Teeter, all of Lubbock; Mr. and Mrs. Loyal Judkins, and two children of Friona; and Mr. R. L. Teeter and son of Big Spring.

County Line  
Chit Chats

(By Mrs. Wayland Nelson)  
Mr. and Mrs. Barney Blackmon are spending the week in Dallas visiting their son, Leldon Blackmon.

The Kaffeeklub met June 30, Thursday morning, in the home of Mrs. Barney Blackmon with 10 guests present. Mrs. Mathew Goodrich invited guests in for coffee July 7, Thursday morning, for the second meeting of the Kaffeeklub. The third meeting was held July 14 in the home of Mrs. G. W. Nelson. If you would like the Kaffeeklub to meet in your home we are open for an invitation. It did not meet last

week due to the County Line Baptist Revival being held.

Mr. and Mrs. J. C. Roberts visited Mr. and Mrs. Darrell Bostwick in Anton Sunday. Mrs. Bostwick is ill at her home, Route 2, Anton.

Mr. and Mrs. G. W. Nelson visited Mrs. Nelson's uncle, W. O. Worley, and family in Lubbock Sunday. Mr. Worley recently suffered a heart attack while enroute to Quanah to visit his sister, Mr. and Mrs. Hugh Porter.

Mr. Laurence Rea and sister Daisy, of Route 2, Lubbock, visited the G. W. Nelsons Thursday of last week.

Mr. and Mrs. Bill Goldston and son Ted visited the Wayland Nelsons Sunday. The Goldstons live in Causey, New Mexico.

Mrs. L. A. Jones is home now after having major surgery in the Lubbock Methodist Hospital.

BOOKLETS ARE MAILED TO PROSPECTIVE 1ST GRADERS

Superintendent of Abernathy schools, Noel Johnson, announced that this week booklets, entitled "To School One Day," were being mailed to prospective first graders for the coming school year.

The booklet furnishes information on what the students may expect, what they will need in the way of school supplies, what time they will be released from school in the afternoons, etc.

Anyone who will be in the first grade this coming school year who has not received one of the booklets by the end of next week is asked to go by the Superintendent's office, or call and one will be mailed.

Mr. and Mrs. Lloyd Jones and daughters were in Ruidoso, N. M., over the weekend.

HONORED ON 5TH BIRTHDAY

Mr. and Mrs. Doug Vineyard entertained with a supper for Jan on her fifth birthday Saturday, July 23.

Those attending were Mr. and Mrs. Henry Vineyard, Martha Lou Samsel of Abernathy; Mr. and Mrs. J. H. McGee of Plainview; Mr. and Mrs. Kenneth Russell, Kenny and Donna of Fritch; Mr. and Mrs. M. C. McGee and Sherry, and Mr. and Mrs. H. E. Webb, Danny and Steve, all of Lubbock.

LOCAL FIRM ON ELEVATOR WORK

Herndon & Jeffery, Abernathy ready-mix concrete firm, was awarded a work contract on the concrete portion of the Cone Elevator expansion project. The elevator is located about ten miles north of Abernathy.

# PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF LUBBOCK AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Lubbock who helped make this department possible is sincerely appreciated.

## VERNE D. WALDRON

The true value of a citizen is not gauged by his personal success. But rather by the manner in which he shares that success by his contributions to the city in which he lives.

Verne D. Waldron of The Connecticut Mutual Life is one of those men who has given much toward the development of Lubbock and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Waldron's thorough knowledge of every phase of the insurance business, with emphasis on his thorough study of estate planning concerning problems relating to tax savings in planning for the future has raised him to a position of leadership in his field of activities, and gained for him the reputation of being one of the city's more progressive business men.

We compliment Verne Waldron in this Lubbock review, and wish to offer him this small evidence of public esteem.

## LOWELL E. "ACE" CADDEL

We wish in this edition to pay tribute to Lowell E. "Ace" Caddel of the Ace Caddel Music Company, for his many services to the city of Lubbock, and his splendid record of achievements in the business and commercial life of the city.

Mr. Caddel probably has as wide a circle of friends as any other man we could name because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the good will of all who know him.

Lubbock is fortunate in being able to number, among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we condense "Ace" Caddel an asset to the community, and a progressive business man of whom his city may be proud.

## COY W. McMILLAN

In bestowing credit upon some of those progressive business men of Lubbock, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about Coy W. McMILLAN of the Lubbock News Company.

Mr. McMILLAN has set a standard for himself and the management of the business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which the Lubbock News Company continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

Coy McMILLAN is also civic-minded and has, when asked, cheerfully cooperated on those activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

## SLOAN

## FORTENBERRY JR.

At the head of one of the district's more prominent wholesale paper products supply firms, and as a leader of recognized ability in community life, Sloan Fortenberry Jr., stands out today as one of the best liked men on the panorama of Lubbock activity. His friends are numbered by the hundreds, and all of them are of the lasting fiber which come from worth-while associations, both in the world of business and in the realm of neighborhood life.

The Pollack Paper Corporation of which he is the branch manager, has been a strong factor in the growth and progress of Lubbock, and Mr. Fortenberry's own efforts in many instances, have been the stimuli behind the outstanding accomplishments of the wholesale paper supply firm.

The case is a fine example of a man weaving his own personal prominence into an executive's life, with lasting benefits to both organization and individual.

We take pleasure in expressing these few words of commendation to a man who has done so much to promote the growth and progress of this entire district.

## FLOYD P. AND BENNY DAY

When a city like Lubbock has gained recognition for being the trading center for many square miles of the surrounding country, it is because of the foresight of those pioneers of earlier days who had the vision to realize the possibilities of their city, and who

also had the ability and courage to work for the fulfillment of that vision and Floyd P. Day is a man who belongs in this category.

Lubbock owes much to those men of early days, but each succeeding generation must produce its share of business and civic leaders to assure the continued growth and prosperity of the city.

It is also the purpose of this review to call the attention of our readers to some of these present day leaders, and in this instance we particularly wish to point out and pay tribute to Benny Day who is associated with his father in the operation and management of the Day Metal Products, located 3 miles from the city limits on the Idalou Highway.

Mr. Day and his son Benny are not alone in their efforts to increase the prestige of the city, but they are fine examples of the type of men whose combined efforts are responsible for Lubbock's past and future prosperity.

## SAM MIDDLETON

One of the more progressive real estate men of Lubbock and one whose success can partly be attributed to a deep insight as to direction in which the city will develop is Sam Middleton of Charles S. Middleton & Son, located at 1109 Avenue K. He also has a sound basic knowledge of real estate values and has turned that knowledge to the advantage of the people with whom he does business.

And his aggressive methods coupled with his sound and practical efforts have made the services he has rendered to the people more valuable, and materially contributed to his well earned success.

Mr. Middleton is also civic-minded, and has always shown a cheerful willingness to contribute his share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that, year after year, Lubbock continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to Sam Middleton for the part he is playing in the onward progress of the city.

## ROBERT G. WILSON

In compiling this review of progressive Lubbock business men, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is Robert G. Wilson, originator and publisher of Parade Of Progress, an out-standing publication serving industry, colleges, etc., which is mailed throughout the nation promoting the growth and development of this entire section of Texas.

Mr. Wilson's main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

Robert Wilson is a man of wide experience whose exploits in the business and commercial life of Lubbock and vicinity merit more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

## GEORGE W. COCHRAN

Because this is a period of growth and expansion for Lubbock, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to G. W. Cochran of George Cochran Incorporated, and the George Cochran Cotton Sales, for he has become a well known figure in the business and commercial life of the city.

Mr. Cochran's persistent optimism and steadfast belief in the continued future prosperity of the people of Lubbock and vicinity are characteristics which are deserving of our highest praise.

George Cochran has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

## JIM COLBERT

Performing an outstanding service for the people of Lubbock and the surrounding territory, Jim Colbert of Colbert & Company, located at 103 Whiteside Building, has achieved an enviable reputation for his progressive policies of business administration. His constant study of insurance problems in relation to the protection the people both need and can afford, have been im-

portant factors in his well-earned success. Mr. Colbert is a man of ideas, and he is as practical as he is progressive in putting those ideas to beneficial use in furthering the service he renders to the public. His sound business judgment and unwavering honesty are characteristics which place him in the front rank of the business leaders of the city. Yet, he is unassuming and modest in his personal contact with the people; always ready to listen to their ideas and desires.

We are glad to pay tribute to progressive citizens of this type, for it is such men as Jim Colbert for it who have caused Lubbock to become recognized as the business center for this section of West Texas.

## W. G. "HOOT" GIBSON AND L. J. "DOOLEY" WINEGEART

In singling out some of the more progressive business men of Lubbock, we would be censured should we fail to include W. G. "Hoot" Gibson and L. J. "Dooley" Winegeart, representatives in this area for Hardware Mutuals. They are men who have never spared themselves in the participation in both the business and commercial activities of the city.

Mr. Gibson and Mr. Winegeart have always been conscious of their civic responsibilities and are ever ready and willing to meet in every detail those opportunities which come to their attention to further civic enterprise. They may well be proud of their achievements along these lines.

"Dooley" Winegeart and "Hoot" Gibson deserve a great deal of credit for the honest and successful manner in which they have conducted their business affairs. They are friendly and likeable personalities, whose sincere desire to be of service has gained for them a host of friends and policy holders in and around Lubbock who would, if given the opportunity, join in wishing them many more years of continued success.

## J. H. "PeeWee" BENTLEY

In paying tribute to some of the more progressive business and professional men of Lubbock, we would be remiss in our duty should we fail to include J. H. "PeeWee" Bentley of the Bentley Motor Service, located on the Northeast corner on 82nd Street, whose business ability is no greater than the "knowhow" and professional skill which has contributed to his well earned success in the automotive repair and maintenance business.

He has also contributed generously to the welfare of the city and the community for many miles around. And his civic spirit is evidenced by the many services which he has performed, and will continue to perform in the interest of the people as a whole.

Mr. Bentley is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate "PeeWee" Bentley on his splendid record of service, and trust he shall continue to assist us for many years to come.

## TROY S. WATSON

One of the more progressive business men of Lubbock, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, Troy S. Watson of the Southwest Electric Company, located at 3315 Slide Road, Phone SW 9-1964, whose wide knowledge and long experience in the electrical contracting business has raised him into a position of prominence in his line.

It is because of this that the Southwest Electric Company has earned a reputation for reliability—second to none.

Mr. Watson is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of Lubbock may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to Troy Watson as a progressive business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

## GEORGE ANDERSON

In all business and professional pursuits there are men who have met with success because they have honestly deserved it, and such a man in his field is George Anderson of the George Anderson Irrigation Drilling Company, located at 3112 44th Street, who well deserves the reputation he has earned for being one of Lubbock's more progressive business men. His thorough knowledge of everything pertaining to the irrigation drilling contracting busi-

ness is exemplified by the manner in which he fulfills each and every demand upon him in line with his business.

Moreover, such experience as Mr. Anderson has gained in the successful management of a business has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including George Anderson in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and commercial life of Lubbock.

## MR. AND MRS. HESTON KYLE

Mr. and Mrs. Heston Kyle of Hub Beauty Supply, located at 2821 on 34th Street, are two of those progressive type of citizens upon whom the community depend a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

The Kyles have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity.

We do not hesitate to recommend Mr. and Mrs. Heston Kyle to our readers as good examples of the more progressive type of business people who have aided in the growth and development of Lubbock and the surrounding country.

## W. M. MCFARLAND

There are no other men in Lubbock and profession men in Lubbock who have gained recognition for their progressiveness and a well-known insurance man, who belongs in this category is W. M. McFarland of the McFarland Insurance Agency, located at 2109 Avenue Q, Rooms 217-18, whose fair dealing with many of our readers has earned for him a host of friends and policy holders throughout this area.

He is well established in the forefront of the business and civic life of his city, and the ethical manner in which he has conducted his business affairs is but one of the reasons for his out-standing success.

In addition to his insurance activities, Mr. McFarland has also accepted his share of responsibility in aiding civic projects. As a result of the combined efforts of men like him, Lubbock is firmly established in the minds of the people as the logical business center for this section of West Texas.

We congratulate W. M. McFarland for his success in business and civic affairs, and trust that he will continue for many years to enjoy that success which he has so justly earned.

## K. CARLTON SMITH AND BILLY G. RAY

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Lubbock who belong in this category are K. Carlton Smith and Billy G. Ray of U-Joints Incorporated, whose products are available throughout this area.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Smith and Mr. Ray are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate Billy Ray and Carlton Smith for being good citizens, progressive business men and boosters of their community.

## LONNIE COY AND BILL SMITH

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement, the two we have in mind are two of Lubbock's more dependable used car dealers, Lonnie Coy and Bill Smith of Coy's Used Cars, located at 1823 Avenue H, who have a wide circle of personal friends and business associates throughout this

## W. S. C. S. NEWS

The Methodist Women's Society of Christian Service met Monday, August 1, at 2:30 p. m. in the church.

Mrs. L. S. Wilson opened the meeting with prayer. A program was presented with each member present reading and discussing a passage of scripture. Mrs. W. M. Medlin dismissed the group with prayer.

Those attending were Mes: Jackie Barton, M. M. Bell, F. A. Goebel, Finis Robertson, R. A. McAlister, Don Huffaker, W. M.

Medlin, Elton Settle, Harold Davis, Jack Barton and L. S. Wilson.

The next regular meeting of the Society will be held September 5, at 2:30 p. m. in the church.

Mrs. M. M. Bell, Reporter

## CARD OF THANKS

We wish to express our appreciation to all who sent flowers, cards, and food, and offered words of consolation during our recent bereavement. May God bless each of you is our prayer. Family of Joe Healy

(Continued From Page 1)

are on the northwest end just outside the regular running track and fitting partly around the curve with entrance ways for both leaving and entering. Go-Karts will be started here and will enter the track on the northeast side turning around to the right with the runway.

There are already a number of Go-Karts in Abernathy which are going to other tracks to run. With the opening of the track here it is hoped there will be others from other towns come here for special events as well as just plain racing. There will be a fence around the track to keep cars and people off the track and out of way of the racing Go-Karts. There will be parking space for quite a number of cars at the southeast end of the track, with a driveway on either side of the track leading to and from this space. Details on the best arrangement of parking will perhaps best be arranged as the need arises. There will be a fence around the whole area to prevent damage to the crops which are planted outside the area.

Go-Karting is proving to be a very popular sport and it is thought that it is not just a passing fad. One writer who has had considerable experience with the Go-Karting industry has this to say: "We don't believe it is a passing fad. On the contrary we believe it will become the NUMBER ONE motorized sport in the entire world. Here is why: "Go-Kart racing is supplying an outlet for basic psychological need for speed and competition that is felt by nearly everyone. Prior to the advent of Go-Karting this need could only be indulged in by a few who could afford to spend the thousands of dollars necessary to own a Sports Car, a Hot Rod, or a full fledged racing car."

"Go-Kart racing has turned out to be the happiest compromise ever invented because for less than \$200.00 any man, woman, or child can own and race a Go-Kart."

"The compromise, however, is only in the size and the cost of the racing machine and not in the thrills. Many professional rac-

ing drivers claim that Go-Kart racing is more exciting than racing larger cars because Go-Karts are built so close to the ground that even at 25 m.p.h. (and most Racing Go-Karts will go between 35 and 45 m.p.h.) the sensation of speed is greater than in a full sized racing car at 150 m.p.h. Consider, too, that Racing Go-Karts will corner much sharper than a normal sized racer and you have all the thrills without any of the risk that can accom-

pany the racing of larger cars. Go-Kart racing is proving to be the safest motorized racing sport in the country. "Another important element in the extreme popularity of Go-Karting arises from the fact that Go-Kart construction permits persons of almost any size to fit in and around the chassis. One Go-Kart, therefore, can accommodate an entire family, and most anyone from age 12 to 60 can drive one."

abilities and knowledge of the electrical program in relation to the demands of the company's program. This took study and perseverance, and "Hook" is very proud of his certificate he received through his efforts. This program of study, called Plant Skill Improvement Program, has proved beneficial to the plant system and to the employees as individuals. This program is approved by the State Board of Labor Statistics.

Hook believes in educating himself in the principles required of a good power plant employee. This past year he also received a certificate as a First Aid Assistant through the First Aid Course which was offered to plant employees.

Pauline (Mrs. Apperson) has lived in Abernathy all her life, having been born here, as previously stated. She and all her children have attended the schools here in Abernathy—all of her school days have been here except one. She and Phil Sterrett were in the first grade together. Mrs. Jane Hardesty, who retired from the teaching profession at the close of this past school term was her sixth grade teacher, and Mrs. Andy Reid taught her English and History in high school. She is an active member of the Church of Christ—and she says that she sews, but she doesn't know whether to call it a hobby or not. Five growing children "can" keep a mother "making stitches."

The A. L. Appersons have five children, all who have attended the schools of Abernathy, and all who have had Mrs. Hardesty as his teacher. Their children are Kenneth, Freddie, Donnie, Paula, and Jane. Kenneth completed high school here and attended Texas Tech two years. In High School he was active in football, and after his completion of high school he was a salesman for Scoggin-Dickey Company of Lubbock about three years. He is now employed with an insurance company in Dallas, acting as a personnel trainer of insurance salesmen. Kenneth is married to the former Margaret White of Lubbock; they have three children, two girls and a boy. Freddie, who is employed as sec-

## Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballots and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; provided, however, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed usurious; provided, further, that in contracts where no rate of in-

terest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under any law passed by this Section, cancel or refuse to grant any permit under any law passed by the Legislature, then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

Sec. 3. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

PICTURED ABOVE with Elbert Harp (center) are two men from Greece who were here recently to study grain sorghum. Both men are teachers in the American Farm School at Salonica, Greece. Alex Andreou, left, teaches animal husbandry, while Demetrios Hadjis, right, is Head of Instruction at the school. While in Abernathy the two men were guests of the Harp's, who farm northwest of town. Harp is sec.-treas. of the Grain Sorghum Producers Association, and is a member of the Board of Directors of the newly organized U. S. Feed Grains Council. The picture was taken on the Joe Lovelace farm northwest of town. (Staff Photo)

## GEORGE MAHON TO DELIVER WAYLAND SUMMER COMMENCEMENT ADDRESS

Plainview (Spl.)—Wayland Baptist College will confer on the Hon. George H. Mahon, Lubbock, the honorary Doctor of Laws degree at the 50th session summer commencement on August 25, by vote of the Board of Trustees.

Mr. Mahon, Representative of the 19th Congressional District of Texas for the last 25 years, will also deliver the Commencement address at 7:30 p. m., at College Heights Baptist Church, adjacent to the campus. He and the graduating seniors will be the honored guests for a reception given by President and Mrs. A. Hope Owen at Van Howeling Memorial

Library immediately following the ceremonies. Friends of Mr. Mahon and the seniors are cordially invited to attend the ceremonies and the reception, according to President Owen.

Mr. Mahon was recently named one of the "ablest men in the Senate and House" by a poll taken of the 60 top Washington correspondents for Newsweek Magazine. This report appeared in the June 20 issue of Newsweek. He ranked fifth among the House Democrats.

"Vitamins for Beef Cattle" is the subject of a new Extension publication. Copies are available from the offices of local county agents or the Agricultural Information Office, College Station, Texas. Ask for MP-415.

retary, or bookkeeper, for Consumer's Fuel Cooperative Company is married to the former Brenda Shipman. They have one little daughter, Belinda. Freddie took part in all sports while in high school and was a good "all-round" athlete; in fact, he is still active in sports as free time will allow and is an avid sports fan.

Donnie is married to the former Nell Dean Barron, also of Abernathy. Donnie, at present is serving in the Air Corps in Japan. He has already served one year of service left. Donnie and Nell Dean are the parents of a little girl, Tammy. He also attended all the Abernathy schools and was active in all sports. Many of us can still recall the strong playing he performed with our Abernathy football teams.

Paula Ann graduated from our high school this past year and is at present employed as a secretary with a company in Plainview. She was a member of the two state-winning basketball teams of Abernathy High School. Also,

she was active in FHA work and was a member of the senior play cast.

Jane, or better known to some as Janie, will be a junior in our local high school this coming year. She is active in FHA work and a member of our Antelope Band.

Thoughts of The Week

The tongue is but three inches long, yet it is can kill a man six feet high.—Japanese Proverb.

Newsbits

Alvis Eilbrey is improving and can get about some now but he is still having to take it easy and as yet has not been able to return to his TUCO employment.

Mr. and Mrs. George Hughes and son, Don are on vacation in Arkansas, hoping to fish a little along the way.

Robert Dyer, the son of the Bob Dyers, Bob being a past manager of TUCO, and now manager at Denver City, was a visitor in the Willie Florence home last Thursday. He and Larry have kept in touch since the Dyers' leaving here a few years ago.

The Free Wee League of beginner baseball players has been in a tournament at Lorenzo recently, July 23 (a Saturday night) they won third place in the final

playoff and are very proud of the trophy they won, which is displayed in the window at Pinson's Pharmacy. Some of the men who have helped to train these boys are Louis Sinclair, Shelby Pittman, Dwan Eristow, Glennon Selke, Bill Collins, and Frank Bartlett.

The practice sessions are held twice a week at the TUCO Ball Park, and all of these men who have given their time in training these young boys are TUCO employees except Shelby Pittman and Frank Bartlett.

The Review wants your news.

There is only a slight difference in the cost of paints of like quality. You usually get the quality you pay for. We handle only paints from manufacturers with years of experience in paint making. This experience is reflected in the quality of their paints. A cheap price can only mean low quality or the wrong paint for your job. J-B and S-W Paints are top grade and quality attested to by years of use on thousands of houses of all types.

Come in and talk over your paint problems with us.

SERVICE When You Need It Most

## Some Chemicals Hazard To Cotton

Spray drift is one of the greatest hazards in using hormone type herbicides near susceptible plants such as cotton. When chlorinated benzoic acids became available for treating bindweed in 1958 it seemed desirable to determine the drift hazard and toxicity of these materials to cotton and other susceptible crops including soybeans.

Herbicides used in these studies included Polychlorobenzoic acid (PBA), Trichlorobenzoic acid (TBA), Trichlorophenylacetic acid (Fenac), and various formulations of 2, 4-D and 2, 4, 5-T. These chemicals were applied directly to cotton near Plainview in the two to four leaf stage of growth. Yields taken from the cotton in the Fall of 1959 indicated no serious decrease through the use of PBA, TBA and Fenac at rates up to 1 pound acid equivalent per acre. The extent of damage from one tenth pound per acre of 2, 4-D and 2, 4, 5-T was approximately the same as one pound rates of the chlorinated benzoic acids. Yields were reduced in both cases by an average of 225 pounds of lint cotton per acre.

In another study the chemicals were applied to more mature cotton at various volumes and spray pressures in a 10 MPH wind and yields taken downwind from the rows actually sprayed. Indications in this test were that variations in volume of spray carriers did not have such marked effects insofar as drift damage was concerned as the spraying pressures used to apply the chemicals. PBA applied at the rate of 40 lbs. acid equivalent per acre and 20 PSI spray pressure resulted in a yield of 414 lbs. of lint cotton per acre on the first row downwind from the row that was sprayed. A spray pressure of 40 PSI yielded 220 lbs. per acre and 60 PSI resulted in a yield of 150 lbs. per acre.

Results of these and other tests

## CONSTRUCTION UNDER WAY FOR OFFICE BUILDING

A 25 x 60-ft. masonry-type building is under construction on Ave. D at 10th Street to house the local office of Southwestern Public Service Co. The owner is E. M. Yates of Glendale, Calif. The utilities firm currently is located in the Zeman building.

Yates, who also owns the two buildings south of the office structure site, plans to rebuild the fronts to blend with the new building. The other buildings are occupied by Richter Insurance Agency and Joe Yeager Wholesale.

indicated that these particular herbicides (PBA & TBA) could be applied to bindweed infestations in and near cotton with relative safety if spray pressures used to apply the chemicals were maintained below 25 PSI.

Similar field sized tests indicated that the chlorinated benzoic acids were more toxic to soybeans than to cotton and that light amounts of drift from these materials would stunt the soybean plants, deform their leaves, and cause a reduction in yields if the plants were effected in certain stages of their growth. Soybeans located adjacent to cotton showed the above characteristics when PBA was sprayed at 20 PSI pressure across the ends of both the soybeans and cotton. The cotton was unaffected.

In 1959 the chlorinated benzoic acids were used extensively in Hale County to eradicate bindweed in cotton fields.

## THANK YOU

Just a note to let you know how much we enjoyed having you at our Golden Wedding Anniversary open house recently. Also, thanks a lot for the many nice gifts.

Mr. and Mrs. J. O. Robertson and family.

## WANTED BY THE FBI

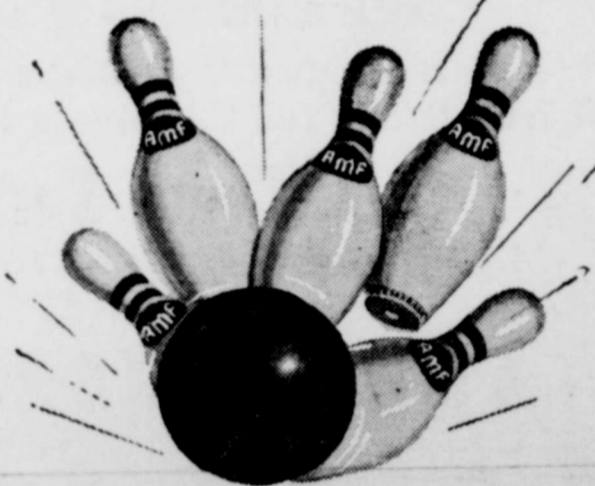

SMITH GERALD HUDSON

One of the FBI's "Ten Most Wanted Fugitives," Hudson is sought for his August 2, 1957, escape from the Pennsylvania State Penitentiary where he was serving a 10- to 20-year term for the brutal 1951 shotgun slaying of a Pennsylvania man. A Federal complaint charging Hudson with unlawful interstate flight to avoid confinement for murder was issued on August 26, 1957, Scranton, Pa.

Hudson is a white American, born at Rostover, Pa., on March 1, 1928. Approximately 5 feet 8 inches tall and weighing about 183 pounds, he has brown hair, blue eyes, a medium complexion, and a medium-stocky build. He has a 1 1/2-inch linear scar on the first joint of his left thumb, a 1/2-inch scar on the outer edge of his left eyebrow, and an appendectomy scar.

He has worked as a coal miner, farmhand, laborer, and truckdriver and likes most sports, particularly swimming. Previously convicted of interstate transportation of a stolen motor vehicle, murder in the second degree, and involuntary manslaughter, he is regarded as belligerent and often violent when drinking to excess. He is considered armed and extremely dangerous and capable of killing without hesitation.

Anyone receiving information concerning the whereabouts of this fugitive should immediately notify the nearest FBI office, the telephone number of which can be found on the first page of local telephone directories.

**O. S. U. ALUMNI TO STAGE REUNION**

High Plains Chapter of Alumni and Former Students of Oklahoma State University will regale each other with tales of former students days at their first annual picnic at Mackenzie Park, in Lubbock, Sunday afternoon, August 7. Bob Stanford of Plainview, club president, stated in announcing the picnic "an invitation is extended to all Oklahoma Staters to come. Just bring a picnic basket and your family. The Aggie get-together will commence about 1:00 p. m., August 7. Just follow the signs at the park entrance to the picnic site."

Officers of the High Plains "Aggie" association in addition to Bob Stanford are C. H. Janeway of Plainview, executive vice president; Emmett Pittman of Kress, Jim Stanford of Plainview, Chester Mitchell of Lockney, Delmar Hayter of Amarillo, district vice presidents; and Mary Jane Stanford of Plainview, secretary-treasurer.

**VOTERS—ATTENTION**  
In this issue of The Review there appears the full text of one or more of the Constitutional Amendments to be voted on at the upcoming General Election (Nov. 8). So that you may be fully informed, we urge that you read each proposed measure in its en-

FOR SALE—Empire Maple Bedroom Suite. Slightly Damaged. \$250.00. See this at **BRUCE FURNITURE** Abernathy Dial CY-8-2551

# ABERNATHY WEEKLY REVIEW

ABERNATHY, TEXAS, THURSDAY, AUGUST 4, 1960 Page 8  
Published On Thursday of Each Week in Abernathy, Texas  
Entered As Second Class Mail Matter At The Post Office At Abernathy, Texas, Under The Act Of Congress of March 3, 1979  
ESTABLISHED IN 1921  
Richard Havens, Editor — Buford F. Davenport, Publisher  
P. O. Box 847, Abernathy, Texas  
605 Avenue O Telephone CY-8-2033

tirely, and study all of them carefully before you go to the polls to cast your vote.  
A brief digest of the four proposed constitutional amendments follows.

**NUMBER ONE ON THE BALLOT (HJR 39)**—Authorizes the Legislature to create hospital districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, and sets forth certain powers, duties and limitations.

**NUMBER TWO ON THE BALLOT (SJR 6)**—Increases the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board to three and one-half per cent.

**NUMBER THREE ON THE BALLOT (HJR 3)**—This bill is what is known as the "Annual Salary Bill" for legislators. It provides for an annual salary of not to exceed \$4,800 for each legislator, and a per diem allowance of not to exceed \$12 a day for the first 120 days of each regular

session and for 30 days of each special session as maximum compensation for members of the Legislature. Also it limits the regular session to 140 days.

**NUMBER FOUR ON THE BALLOT (HJR 6)**—Authorizes the Legislature to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per cent per annum in the absence of legislation setting maximum rates of interests; provides that the rate of interest shall not exceed six per cent per annum in contracts where no interest rate is agreed upon; provides for the right of appeal and trial de novo in the event of cancellation of or refusal to grant any permit.

Mr. and Mrs. U. L. Moreland are on vacation in Ruidoso, N. M. Hale County Clerk issued a marriage license to Aubrey Hayes Smith of Abernathy and Miss Nina Jean Rankin of Petersburg.
