NUMBER 41

Eligibility Of Young Voters

With reference to those who have reached voting age this year, may I refer such ones to Section 33' (Art. 5.01), to wit:
"And who is exempt from the payment of a poll tax by reason of the fact that he or she has not yet reached the age of twenty-one years on the first day of January preceding, but who shall have since become eligible to vote by reason of length of residence or age, shall not later than thirty (30) days before any election at which he wishes to vote obtain from Assessor and Collector of Taxes for the county of his or her residence a certificate of exemption from the payment of a poll tax, and no such person who has failed or refused to obtain such certificate of exemption from the payment of a poll tax shall be allowed to vote."
This information has been copied from the Texas Election Laws by James I. O'Neill, one of the local election judges, for the benefit of those concerned.

The certificate of exemption may be acquired from the office of the Hale County Tax Assessor and Collector in the courthouse at Plainview, or by writing Marshal Surratt, Hale County Tax Assessor-Collector, Plainview, Texas, or the Lubbock County tax office if you reside in that county.

Fellowship Of Christian Women To Meet Aug. 29
James Doggett, AHS school teacher, is to be guest speaker at the meeting of Fellowship of Christian Women to be held Monday, Aug. 29, at 2:30 p. m. in the Assembly of God Church here. Women from all churches are invited to attend.

VISIT HERE
Visiting in the home of Mrs. I. L. Johnson Sunday, Aug. 7, were several of her brothers and sisters and her mother, Mrs. Maude Blakely, of Snyder. This is the first time in several years that as many of her family as were here with her were all together. Trouble? Not at all, for everyone brought just about enough food for twice the number of their party, and already prepared. Mrs. Blakely, aged 65, has spent just about all her life in and near the town of Snyder. Her parents having traded a wagon and two teams for two sections of land in the early days. The original two sections have since been sold and traded for other property in Snyder and other places.

Mrs. Johnson's youngest son, Mike, had been promised a trip to one of his aunts who lives in San Antonio. In fact he had been promised the trip several times and each time he would tell his friends he was going. Well, this time it materialized and he has gone to San Antonio to visit his aunt.

Mr. and Mrs. Ercell Givens and Jerry were in Ruidoso, N. M., last weekend.

Called to report on a 64th District Court petty jury panel in Plainview were Clyde Benn, Kenneth Phillips, Mrs. Virgil Phillips, J. W. McReynolds, L. M. Adams, B. A. McDougal, Virgil Phillips, Wesley Pope, E. L. McGaugh and C. J. Pharr.

Reserve Seat Ticket Sales Going Strong

Pete Wilson, Athletic Director for the Abernathy schools, reported that sales of reserve tickets are going good, and urges those who want reserve seat tickets to get their orders in now. The tickets went on sale at 1:00 p. m. Monday, Aug. 8.

The price for the Reserved Seats is the same as last year, \$5.00 per seat ticket for the five home games. If single reserve seat tickets are purchased just prior to each game, the price will be \$1.50 per seat.

Persons wanting the same seats they had last year are asked to go by the Athletic Director's office and pick them up, or mail a check for the number of tickets desired, to Pete Wilson, Box 571, and the tickets will be mailed to you.

Football fans are urged to take advantage of the money-saving offer of getting reserved seats in advance for the same price as general admission. Another advantage of having reserved seat tickets is that you will be assured of having a seat in the stadium whether you arrive early or late.

General admission prices for football games will be \$1.00 for adults and 50c for students, as set by the 2-AA Conference. There will be a charge of 50c per car for parking within the fenced-in stadium area. Ample free parking will be provided on the school grounds east of the stadium.

The east stands at the football stadium have a total capacity of 1,200, while the visitors' stands on the west side of the field will seat 600.

Youth Revival In Progress At Baptist Church

A Youth Revival is now in progress in the First Baptist Church here. The revival began on Wednesday night and will continue through Sunday night.

Jim Reid is doing the preaching for the revival and Bill Gibbs of Dallas is leading the singing.

A Youth Revival is designed to give a youth emphasis for all the youth of Abernathy. The revival is youth led, but the adults are being called upon to support the revival with prayerful concern and faithful attendance.

The services begin at eight o'clock each evening. A cordial invitation is extended to EVERYONE to attend this youth revival.

STREETS BEING SEALCOATED HERE

Lubbock Pavers, Inc., with a low bid of \$8,050.00, are at work now on sealcoating 70,000 square yards of paved streets in Abernathy. Lawrence Carter, city secretary, said extra yardage may be added to this project later to improve more of the paved streets in town.

Local Gridiron Men Are Preparing For '60 Season

Football workouts began Monday and 38 local boys are working out in preparation for the 1960 football season. Of the 38-13 boys are seniors, 13 are juniors, 10 are sophomores, and two are freshmen. All the seniors are lettermen from last year's squad, and two of the juniors are returning lettermen.

Junior lettermen are Larry Florence and John Kiker. The senior lettermen are: Neal Humphrey, Jerry Gist and Raymond Smith, ends; Wilton Manley and Joe Tom Brown, tackles; Ronald Barrick, guard; John Brown and Keith Beard, quarterbacks; Johnnie Adams, fullback; Donnie Adams, Stanley Joy, Leo Kiker and Mike Ritchey, halfbacks.

With these fifteen lettermen to build around, prospects for a better season than last year for the Antelopes is predicted. However, head coach Curtis Davenport and assistants Waydelle Hill and Wayne Preston, feel that this year's opponents will also be tougher than last year. Thus, Abernathy football fans can expect some mighty close, hard-played football games this season.

Bo Jack Faulkenberry of Seagraves, nephew of Mrs. Alvin Hardin and Mrs. Douglas Chapman, visited here several days.

Gary and Rhonda Schliesser of Henderson visited last week in the home of their uncle and family, Mr. and Mrs. Richard Havens.

Mr. and Mrs. Eugene Davidson and family and Mrs. G. L. Jackson were in Carlsbad, Cloudfrock and Ruidoso, N. M., last week.

Eddie Eldredge, local Flash-O-Gas distributor, was one of 30 drivers for the company honored at a Safety Award dinner in Plainview last week. He has a 12-year safe driving record with the firm.

Two large, brick veneer homes are to be constructed on West Second Street. The one across the street north of the Carl Phillips home is for the Pete Thompson family. The one across the street north of the Lloyd Edwards home is for the Hermon Peels.

Heavy rainfall in July caused a cave-in to develop around an irrigation well on a farm five miles north and two miles west of Abernathy, L. L. Spruiell farms the place. Near a lake, the well site was covered by water for several days following the July rains. When the water receded and Spruiell began operating the well vibration caused the ground to start caving.

The above picture shows the pump and its concrete mounting block being supported in midair by the well casing. The cave-in began at the well and extended south, leaving the motor that powers the pump on solid ground on the north side. The cave-in ranges from six to 14 feet deep and is near 12 feet in diameter.

"GOD'S REIGN WITHIN"

BY ROY DEAN VERNER

Reading Time: 4 Minutes

Jesus said, "The kingdom of God cometh not with observation; neither shall they say, Lo here, or there! for lo, the kingdom of God is within you." (Luke 17:20, 21). One cannot see the reign of God, for He reigns within the heart. That reign in the heart leads to right living; but even so, a man's self-interests may lead him to so live that outwardly he seems to be a fine character, but God does not reign in his heart. To such characters Jesus said, "Woe unto you scribes and Pharisees, Hypocrites! for ye are like unto whited sepulchres, which outwardly appear beautiful, but inwardly are full of dead men's bones, and of all uncleanness. Even so ye also outwardly appear righteous unto men, but inwardly ye are full of hypocrisy and iniquity." (Matt. 23:27, 28). Jesus also tells us that "out of the abundance of the heart the mouth speaketh," and that "the evil man out of his evil treasure bringeth forth evil things." (Matt. 12:34, 35).

What is the remedy for evil hearts? It is the determination on the part of man to do that which is right. He must desire, seek, and pray that his mind will lead him to always do that which is right. This remedy is within the reach of every one who is afflicted with an evil heart, but he must take the remedy voluntarily, in a spirit of humility and reverence. In view of calamities that were about to come upon Jerusalem, Jehovah gave this exhortatory command. "O Jerusalem, wash thy heart from wickedness, that thou mayest

be saved. How long shall thine evil thoughts lodge within thee?" (Jer. 4:14). God makes the inner-man responsible for what the body does. "Let no sin therefore reign in your mortal body, that ye should obey the lusts thereof." (Rom. 6:12). If the inner-man allows the body to sin it disobeys God. One purifies his soul in obeying the word of God (or the Gospel). "Seeing ye have purified your souls in your obedience to the truth unto unfeigned love of the brethren, love one another from the heart fervently." (1 Pet. 1:22). When one harbors evil thoughts in his heart, he is not living in obedience to the gospel. To do so he must, "Let the word of Christ dwell in you (him) richly." If you want to live as Christ lived let his thoughts be the moving power of your life. In that way God works in you to will and to do His good pleasure.

There can be no foundation for a good character without a deep feeling of personal responsibility to God. There must be a feeling of entire dependence on Him. There can be no development of Christian character without a living faith in God and in Jesus the Christ, and the Bible as a revelation from God. Why don't you let God begin His reign in your heart today by obeying the gospel of Christ, and living faithfully every day in His service. He is standing at the door of your heart today, and waiting for your invitation to come in and reign there with you (Rev. 3:20).

 Mr. and Mrs. Otis Davis and daughters, Martha, Elaine, and Dorette, attended the Former Patients' Reunion Sunday at the Texas Rehabilitation Center, near Gonzales. The Davises were visiting their daughter, Maudie, who is now a patient at TRC.
 More than 300 persons visited TRC Sunday. Former patients from such areas as the Valley, the Panhandle, East Texas, the Coast, and all major Texas cities as well as Mexico, returned to the Center for a day of entertainment and visiting.
 The reunion was sponsored by

TRC's Former Patients' Association, a unique organization composed of the 3,000 persons who have been treated at the Center. Proceeds from the reunion were given to the association to finance projects which aid the physically handicapped.
 Billy Bounds, who spent most of his duty time in Stuttgart, Germany, is home and has received his discharge from the Army. He is the son of Mrs. Robert Lee Parsons.
 Mrs. Edgar Struve and daughter and Mrs. Joe Dolph Adkisson have returned from a visit in California.

LIONS CLUB NEWS

At the Abernathy Lions Club's noon luncheon at Graham's Restaurant Tuesday, Lion Boss Pete Wilson turned the program over to Curtis Davenport, head football coach of the Abernathy Public Schools.
 Coach Davenport introduced a new member of the Abernathy coaching staff. He is Bob Dyess, who will be the Junior High coach. Dyess is a spring graduate of Eastern New Mexico University, and a 1956 graduate of Spur High School.
 Coach Davenport then introduced the other members of the coaching staff. Waydelle Hill, assistant, and Wayne Preston, boys basketball coach and assistant football coach.
 Davenport stated that with workouts having started Monday, they have approximately 40 boys out for football at the present. He said approximately because the number will vary from time to time probably until after school begins.
 The coaches feel that there is a possibility of having a better season this year than last year, due mainly to the fact that they have 15 lettermen returning from last year's squad. (Last year there were only six lettermen returning from the previous year.) At present there are 13 seniors, all lettermen; 13 juniors, 2 letterman; 10 sophomores; and two freshmen working out with the squad.
 Coach Davenport named the boys and the positions they play, giving a brief description of the abilities of each and what can be expected from these boys this season. He also listed the opposing teams the boys will meet this year, explaining that he feels that each team in the district will be considerably tougher than last year, but he does not feel that Olton will win the district title as has been predicted.
 It was stated that the playing field is in fine shape and has a very nice turf. Also, the lights at the stadium are being readjusted and the poles are being straightened whereby a better lighted field is anticipated.
 A cordial invitation was extended to anyone wishing to watch these boys workout, either during the morning or evening sessions. Workouts are held just west of the stadium.

LETTERS

El Dorado Springs, Mo.

 Dear Dorothy:
 Thanks for sending the paper. Enclosed is a check for \$4.00. I enjoy reading the paper very much. However, there are several people that I don't know, and I know Abernathy has grown quite a bit since I was there. I especially enjoy reading the "TUCCO Topics," and the last two families are families I know, the Scotts and Appersons.
 I think often of the people in Abernathy, and especially my classmates of the class of 1943. I wish our class could have a reunion sometime. It would be nice seeing all of them again.
 I'll close for now. Thanking you again.

Dear Buford:
 I am enclosing my check in the amount of \$4.00 for the renewal of my subscription to the Review. We really enjoy it, and do keep up with the old home town.
 I am not renewing Bo's subscription this summer as he is on a European tour, and his address changes periodically, and I am not at all sure that they would forward a paper. Probably not. Bo made Staff Sergeant before Christmas last year, and I think now that he is thoroughly indoctrinated to military life. As soon as he returns to the Academy and we have his permanent address for the school term I will renew his subscription.
 Ralph and I are beginning to feel like natives down here, although we still miss home, and Ralph looks forward to the day he can come back.
 Very truly yours,

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF LUBBOCK AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Lubbock who helped make this department possible is sincerely appreciated.

R. M. CURRY

It is fitting in this review of progressive Lubbock business men that we acquaint our readers with the man to be credited with having maintained the Pioneer Natural Gas Company in the enviable position it holds in the business and industrial life of the area. That person is R. M. Curry, Vice President and Division Manager, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which the company now enjoys throughout the entire district.

Mr. Curry has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which R. M. Curry and the Pioneer Natural Gas Company have rendered to the people throughout this entire area.

OLLIE B. LIVINGSTON

Ollie B. Livingston of the Better Hearing Center, located at 1915-B 19th Street, authorized Zenith Hearing Aids, sales and service since 1953, has a well earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Better Hearing Center outstanding in its field, a fact that is well known to the hard of hearing throughout this entire area.

But Mr. Livingston has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city, but this entire district as well.

It is such men as he, who are both successful in business, and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Ollie Livingston the credit for his accomplishments which his friends and associates have so long accorded him.

F. S. GONZALES

One of the more progressive real estate men of Lubbock and one whose success can partly be attributed to a deep insight as to direction in which the city will develop is F. S. Gonzales of Gonzales Realty, located at 4006 on Avenue Q. He also has a sound basic knowledge of real estate values and has turned that knowledge to the advantage of the people with whom he does business.

And his aggressive methods coupled with his sound and practical ideas have made the services he has rendered to the people more valuable, and materially contributed to his well earned success.

Mr. Gonzales is also civic-minded, and has always shown a helpful willingness to contribute his share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that year after year, Lubbock continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to F. S. Gonzales for the part he is playing in the onward progress of the city.

NEAL DUKE

At the head of one of the district's more prominent wholesale lumber supply firms, and as a leader of recognized ability in community life, Neal Duke stands out today as one of the best liked men on the panorama of Lubbock activity. His friends are numbered by the hundreds, and all of them are of the lasting fiber which come from worth-while associations, both in the world of business and in the realms of neighborhood life.

The Neal Duke Lumber Sales has been a strong factor in the growth and progress of Lubbock, and Mr. Duke's own efforts in many instances, have been the stimulant behind the outstanding accomplishments of the wholesale lumber firm.

The case is a fine example of a man weaving his own personal prominence into an executive's life, with lasting benefits to both organization and individual.

We take pleasure in expressing these few words of commendation to a man who has done so much to promote the growth and progress of this entire district.

L. ROY LAMBERT AND OSCAR G. RAGLAND

L. Roy Lambert and Oscar G. Ragland of the L & R Auto Service, located at 812 Main, are two of those progressive business men who have always done their bit to maintain the prestige of the city of Lubbock as the leading business center for this section

of West Texas. They have always worked for the development of the city, and their many services are worthy of sincere appreciation.

Their well earned success as business men is easily understood, knowing as the people do their widespread reputations for the honesty which characterizes all of their business dealings.

And it is a combination of technical knowledge, professional skill, and business ability which have elevated Mr. Lambert and Mr. Ragland to positions of leadership in the automotive repair and maintenance business.

They are completely aware of their civic responsibilities, and are always ready and willing to lend their support to any project which promises to benefit the community as a whole.

We compliment Oscar Ragland and Roy Lambert on their accomplishments and wish for them continued success.

BILL B. DEMENT

It is a privilege in this Lubbock review of progressive men and firms that have been such a great aid to the growth and development of this section of Texas to place such a man as Bill B. Dement of the Cement and Supply Company, located at 1st Street and Avenue J, on an equal plane with others in this rank. In the past, few men have exceeded him in contributing their time and energy to the onward progress of Lubbock and the surrounding country.

Mr. Dement is generally recognized as one of the more dependable ready mixed concrete dealers and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect on principles which he has always so successfully applied to his business affairs.

We congratulate Bill Dement on his record, and sincerely hope that his career will be as useful and completely successful in the years ahead as it has been in the past.

LOIS REESE

There are many men and women in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities but who will not permit much to be said of their achievements. But in reviewing a group of such citizens we should include Lois Reese, of Luzier's Cosmetic Studio, located at 23rd Street and Elgin, who has been associated with Luzier's Cosmetics for twenty-two years. She is a woman who has always done her work effectively even though it has been accomplished in an unobtrusive manner.

Mrs. Reese, busy as she is, always manages somehow or other to do her bit in any movement calculated to benefit the community as a whole. Her modesty, however, will not permit her to say the things about herself which are said by her friends, who do so because of a personal knowledge of her activities.

We do not hesitate to recommend Lois Reese to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

CECIL R. AND JAMES R. CAGLE

Lubbock has attained a prominent position in the business and commercial life of this section of the state because of the foresight of those men who had the ability to envision the possibilities of the community and the trade area it serves. And two wide awake progressive men who justly should be included in this category are Cecil R. and James R. Cagle of Cagle's Tire & Appliance, located at 1315 Avenue H. YOUR AUTHORIZED GATES TIRE DISTRIBUTORS FOR WEST TEXAS.

Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And the Cagles have earned the good will and respect of their fellow citizens for contributing their bit to the general welfare of the city and the people as a whole.

It is our duty to include Cecil and James Cagle in that group of progressive and civic minded men who have done so much for Lubbock, and to express the wish that they will continue for many years to forge ahead with the success which they have enjoyed in the past.

L. WESLEY READ

Successful business and professional men as a rule, show their appreciation for their success by their often repeated demonstrations of civic pride. This is a fortunate fact. Otherwise a city would be lacking in that progressive element which advocates various projects of a civic nature that are indicative of a progressive community.

And L. Wesley Read, with offices in the Lubbock National Bank Building, is a dependable counselor on mortgage loans and

real estate appraisals, who served as president of the Lubbock Real Estate Board two different years, and former president of the Lubbock Country Club, is a man who has never failed to lend a hand when it comes his turn to help on some worthy project promoted for the general betterment of the city of Lubbock, and the adjacent territory.

Mr. Read is a genuine pleasure in this method of showing his appreciation for his success, and in so doing, recognizes his civic responsibilities to the community.

It is such men as Wesley Read who become acknowledged leaders in both business and community activities, and we compliment him on having attained that position in his city.

JOHN H. HAWKINS

Lubbock owes much to those progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section of West Texas. In mentioning some of these men, it is only fair to include John H. Hawkins of the Hawkins Cabinet Shop, located at 301 46th Street, Phone SH4-4866, whose outstanding knowledge of the custom made cabinet making business, backed up by his many years of experience, has brought him to the forefront in his particular field.

Mr. Hawkins is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that John Hawkins will continue to serve the people of Lubbock and the surrounding area for many years to come.

WILLIAM H. TINNEY

Recognized as one of the more progressive business men of Lubbock, William H. Tinney of The Fuller Brush Company performs a real service for the people of his city, and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has, and continues to build up good will for The Fuller Brush Company throughout this entire district.

Mr. Tinney is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate William Tinney on his splendid record, and trust he shall continue to serve the people of Lubbock and vicinity.

JOHN I. FELSHER

We wish in this edition to pay tribute to John I. Felsher of the Felsher Travel Agency Incorporated, located in the Caprock Hotel, a member of the American Society of Travel Agents, for his many services to the city of Lubbock, and his splendid record of achievements in the business and commercial life of the city.

Mr. Felsher probably has as wide a circle of friends as any other man we could name because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the good will of all who know him.

Lubbock is fortunate in being able to number, among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider John Felsher an asset to the community, and a progressive business man of whom his city may be proud.

LEWIS L. WALKER

Progressiveness coupled with ability, always a praise-worthy feature in the passing scene of any community's daily life, is to be duly appreciated.

In full realization of this, and in recognition of the splendid personality which gives impetus to the personal success in his case, many residents of Lubbock and our own community, regard Lewis L. Walker of the Larrimore Dance Studio, located at 2504 Avenue P, as a real asset to his city and this district.

Mr. Walker, and the faculty are keeping the Larrimore Dance Studio at the forefront at all times, and by teaching not only the standard routines, but all of the newer and more modern steps

and dances as well, they have maintained positions of leadership in their field of endeavor. Capable and energetic in the management of the studio, they have become recognized as a group of the city's more progressive business people.

What Lewis Walker and the instructors of the Larrimore Dance Studio have accomplished in the past is the best indication of what may be expected of them in the future. They have our admiration, and best wishes for continued success.

THE ACE LINEN SUPPLY

A home owned and operated linen supply firm which has long been recognized for their efficiency and courtesy with the many drug stores, offices, grocers, beauty salons, barbers and cafes, supplying first quality towels, uniforms is the Ace Linen Supply, located at 1824 Avenue Q, Phone PO 5-9391.

Lubbock, through the years, has grown and prospered through the honest efforts to the public of such dependable firms as the Ace Linen Supply.

The highest quality of materials and services are provided, and the proof of this can be substantiated by the fact that their many satisfied customers have, and will attest to the honesty and integrity of the linen supply firm.

Such qualifications cannot be achieved only through expert management such as O. C. Bumpass, the owner, has inaugurated through his tireless efforts to provide the very best in service in the past, as well as in the future.

Boy Scouts

Jimmy Lumus, Chairman of the Council Camping and Activities Committee, announces an Order of the Arrow Encampment, to be held at Camp Post, on Friday and Saturday August 19 and 20, 1960. Registration will begin at 4:00 p. m. on August 19, and the encampment will conclude with a beautiful Indian Ceremony about 9:00 p. m. on August 20.

Nacona Lodge, of the South Plains Council, has some 300 active members, boys and men. John Farrell, Lodge Chief, reports some sixty new candidates for the Order of the Arrow this time. These candidates come from all over the 20 counties, that make up the South Plains Council.

James Perry, Lodge Secretary, reports a large number of active members of the Lodge to be on hand for this encampment to assist in the Ordeal, and the ceremonies.

There will be a business session, where matters of policy plans for the Annual Order of Arrow Banquet to be held in December, and the election of new Lodge officers for the coming year.

The Order of the Arrow was founded in 1915, and is a part of the Camping program of the Boy Scouts of America. The Order recognizes qualified Scout campers, maintains camping traditions and the true Scout spirit; to promote Scout camping, and to instill the purpose of leadership in cheerful service to others.

This encampment promises to be one of the most outstanding in the history of the South Plains Council.

NEGRO IS JAILED AS BURGLARY SUSPECT

A 50-year-old Abernathy Negro, who Lubbock officers Bill Teaff and John Reeves said they found in the floorboard of a car at Mack Blair Car Lot, 19th St. and Ave. E, Lubbock, was jailed early Sunday morning for investigation of car burglary.

The officers said they saw feet "striking out the front door" of a car and found the suspect when they investigated. Wires under the dashboard, they said had been cut or pulled loose.

PLAINVIEW MAN HAS COLLISION HERE

City Policeman John Marsh reported that a car being driven by C. O. Smotherman of Plainview, collided with a pickup and trailer parked at the curb in front of Struve Grocery at approximately 4:30 a. m. Friday, Aug. 5. The pickup and trailer belonged to Randolph Hunt of Wellington, who was asleep in the hotel at the time of the accident.

Smotherman was traveling south on Ave. D, and crossed the double yellow stripe and collided with the pickup which was headed north, reports said. He was taken to Abernathy Medical Clinic where he was treated for a cut bottom lip and a bruise and slight cut on his right knee.

It was theorized that he apparently fell asleep while driving.

RICHARD V. CROW

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are generally among the first to be called on to help with all worthy civic projects. Such a man is Richard V. Crow, whose agency is located at 703 1/2 Broadway, who specializes in farm loans, one of the city's better known and more dependable realtors. He stands at all times prepared to assist his city, and is always ready if necessary, to take off his coat and work for its best interests.

It is such men as Mr. Crow who have had the vision to realize the possibilities of Lubbock, and the surrounding territory, and have given of their time and energy to make that vision come true, who have won the respect and good will of their fellow citizens.

We take pleasure in paying this brief tribute to Richard Crow for being a far-sighted business man who is firmly established in the business and civic life of the city.

Girl Scouts

Girl Scouts of the Caprock Council are enjoying a summer of camping at Camp Rio Blanco near Crosbyton and the annual Senior Trip Camp to Taos, New Mexico.

A total of 322 campers attended summer sessions at Rio Blanco and 11 senior Scouts are camping at Twining ranch near Taos, Aug. 10-19, Mrs. L. L. Back, Council Executive Director, announced.

"Troops of scouts and their leaders will camp at Rio Blanco throughout the year," she said. The staff during the summer included a dietitian, two cooks, a handyman, a registered nurse, crafts director, two waterfront directors and eight counselors. Miss Mary Anderson is camp director. Senior scouts who have had extensive camping experience are going to the mountain area of

Taos to camp primitively for ten days. Miss Anderson and Miss Sandra Bateman, a registered nurse, are counselors.

Exploring summer trails is the theme for hiking, a nature study, ceremonies and campfires and cooking at Rio Blanco. A crafts cabin was completed this summer. The girls camp in two tent units and a covered wagon unit. Groups may check out tents and camp like pioneers.

Three Big Co-Ops To Meet August 18 In Lubbock

(EDITOR'S NOTE: The following news article was made available to The Review by Leland Phillips, manager of the Abernathy Co-Op Gins & Delinting Plant).

One thousand or more farmers and their families are expected to attend the August 18 joint annual meeting of the three regional cooperatives with headquarters in Lubbock. The three cooperatives are Plains Cooperative Oil Mill, Farmers Cooperative Compress and Plains Cotton Cooperative Association.

The meeting will be held under

a big tent pitched on the Mill lawn. It will be called to order at 10:00 a. m. by Howard Alford, prominent Lubbock County farmer and president of two of the organizations, the Compress and the Marketing Association.

Headlining the fast moving program will be Walter C. Berger, Administrator of the Commodity Stabilization Service and Homer Smith, President of the Central Bank for Cooperatives, both of Washington, D. C.

Lubbock's mayor, David Casey, will welcome visitors and Wilmer Smith of New Home, president of the Mill, will respond. A barbecue lunch will be served at noon. In the afternoon, each of the three regional cooperatives will hold its business session, reviewing financial statements and hearing reports of its officers.

Some 10,000 Plains cotton farmers grouped around 80 cooperative gins own and use the cooperative Mill, Compress and Marketing Association. Through their chosen directors they control these businesses, each of which has maintained a healthy growth. The Mill is completing its 24th year, the Compress its 12th year and the Marketing Association has operated seven years.

The three regional associations are refunding \$2,300,000 to their stockholders and patrons as a result of the year's operations. This increases the purchasing power of 10,000 Plains farm families.

TOO MANY FATAL FARM ACCIDENTS

College Station — Farm people have a slightly higher percentage of fatal accidents than do other population groups, reports the Texas Farm and Ranch Safety Council. The rate of accidental deaths from work and recreational activities on farms is increasing slightly each year, as is the death rates associated with machinery, drownings, firearms and electricity. Accidental deaths due to animals, falls, lightning and burns are decreasing, however.

According to a recent survey made by the National Safety Council, Texas ranks in the top ten states in the number of deaths caused from drownings, firearms, burns and electricity. The Texas Farm and Ranch Safety Council points out that a little care and

caution on the part of rural dwellers could help remove Texas from these unpopular lists.

During the week of July 24, an intensive safety campaign was conducted in Texas, and all over the nation. The Texas Council urged all rural residents to participate in the activities of National Farm Safety Week—not only for that week, but for the entire year.

"A little bit of caution could prevent a lot of grief," reminds the Texas Council.

schools. Some of the show pieces have come from this vicinity, such as an owl, which was shot by Kenneth Apperson several years ago near the plant, a crow, and a pin tail duck; and he also has several deer head mountings, the heads being furnished by different members of our community. A lamp made from four deer feet is also an interesting piece of his work to admire. Like his sons, he has always been interested in sports and was once one of the pitchers for the TUCO Ball Club about 1947-48. His interest now is bowling and has a trophy he won in bowling with the rating of a Second High Series, Class D of the Abernathy Men's League.

The children of Jack and Thelma Brown are Janelle, Lester, Jackie, Lonnie Dean, John, and Janie. They have all completed or attended school at Abernathy and

all have been born here. They all have had a common interest in music and have at some time been active in scout organizations for their age group.

Janell lives in Lubbock and has taught the fourth grade and private piano lessons at Levelland; she has also taught private lessons at Amarillo and Abernathy. Her husband manages Doyle's Flowers at Lubbock and they are the proud parents of one boy.

Lester also lives in Lubbock and is employed as a serviceman for Southwestern Public Service. While he was in Abernathy High School he was a member of both the basketball and football teams and was selected as an all-regional guard his senior year. He has attended Texas Tech and Sul Ross at Alpine. He and his wife are the parents of two girls and one boy.

Jackie also lives in Lubbock. He

served in the Korean War and was wounded in service. He has two boys and one girl. His musical interest included the violin as well as the piano.

Lonnie Dean is stationed at Kano, Nigeria, and at present has been flying missions over the Belgian Congo. His wife and young daughter have just recently joined him, but the Congo Conflict has interrupted their being together much since their arrival. While he was in high school he was active in football and chosen as a charter member of the Abernathy Antelope Band. He played the Bass and the trumpet. During his senior year he was also band captain. While he has been in service he has been working toward his B. S. Degree at the University of Maryland, one of his majors being Military Science. He has also served in the Korean Theater of War.

John is a senior of our High School this year and has always

been a high-ranking student as well as taking part in all sports, including basketball, football, track, and baseball. He was one of our dependable quarterbacks last year, and has been ever since he was a freshman until he had the misfortune last year of breaking his arm. He is also interested in music and plays both the piano and the organ, often for church services of the First Baptist Church, and the French Horn is his choice for the Antelope Band. Janie, the youngest of the Brown children, will be a Freshman in our high school this year. She is active in church work, and often plays the piano for her Sunday School Department. She is also interested in basketball and plays the clarinet in the band.

New Law Benefits Disabled Veterans

Austin, Texas - A large number of Texas veterans who have serious handicaps resulting from active military service will benefit from a law recently enacted by Congress and signed by the President. This announcement was made today by Charles L. Morris, Executive Director of the Texas Veterans Affairs Commission in Austin.

Veterans who have disabilities resulting from service in the Armed Forces may receive compensation from the Veterans Administration for these disabilities. If the service-connected condition is disabling to a degree of 30 percent or more, additional allowances are payable to the veteran on account of his wife, dependent children and dependent parents.

Prior to passage of the new law, this additional allowance was payable on behalf of only three of the veteran's children.

The new law provides for an additional allowance for all dependent children of the veteran, if the veteran has disabilities of service origin evaluated at 50 percent or more. Those disabled veterans who are receiving compensation at 50 percent or more, and who have more than three dependent children are advised to contact their nearest Veterans Affairs Commission office or Veterans County Service Officer for additional information and assistance in obtaining these additional benefits.

Morris stated that this new law became effective on July 1, 1960, and benefits payable as a result of the new law will be effective from the date the Veterans Administration receives proof that the disabled veteran has such additional dependents.

The reminder came from Regional Director William J. Rogers of the U. S. Department of Labor's Wage and Hour and Public

"Today and in the foreseeable future, the need for youngsters to meet even higher educational standards is beyond question," he said. "The child's chance for success in later years can depend on whether he enrolls in school this fall."

Mr. Rogers pointed out that children may lawfully work on farms before and after school hours or on weekends, but that their place is in the classroom when school is in session in the school district where the child is currently living.

"The law protects the children of migratory workers as well as local children," he said. "The only exception to the law is the child working exclusively for his parents or guardian."

An age certificate showing that the youngster is at least 16 is the best protection the farmer can have against inadvertent violation. In Texas, these certificates are
