

**NOEL JOHNSON**  
Superintendent of Abernathy Public Schools

### Abernathy School Faculty Members And Personnel For 1960-'61 School Term Listed

Following is the 1960 roster of personnel of the Abernathy Public Schools, as released by Noel Johnson, Superintendent:

#### Board of Education

Loren J. West, president; Ralph Davis, vice-president; Joe Lovelace, secretary; and Marvin Floyd, Billie Harrison, Hugh Pettit and W. D. Sanders.

#### Administrative

Noel Johnson, superintendent; Earl Carter, business manager and tax assessor; Howard Humphrey, Audio-Visual coordinator; Pete Wilson, athletic director; Ralph Stevenson, high school principal; Gid B. Adkisson, Jr., junior high principal; Jerry Moorhead, elementary principal; and Judy Stracener, administrative secretary.

#### High School Faculty

Ralph Stevenson, principal; Luree Burson, librarian; Curtis Davenport, football coach and math; J. C. Doggett, English and speech; Payma Drummond, home-making; Florine Forbes, business; Bettie Hardin, mathematics; Leon Hill, English and Spanish; Waynelle Hill, assistant coach and

training and girls coach.

#### Junior High Faculty

Gid Adkisson, principal; Frank Bartlett, science and math; Bobby Dyess, Junior High P. E. teacher

**GID B. ADKISSON, JR.**  
Junior High Principal

and social studies; Bobby Wilson, language arts and science

**Elementary Faculty**  
Margie Moorhead, principal; Marguerite Greene, school nurse; 1st Grade Teachers—Evaguhn Hackler, Jennie Montgomery, Alma Ruth Patterson, Edith Shelton and Rachael Webb.  
2nd Grade Teachers—Imogene

**RALPH STEVENSON**  
AIS Principal

math; Howard Humphrey, history; Dwight Lindsey, agriculture; Everett Maxwell, band; Barbara McDougal, science; Shirley Oswald, girls P. E.; Sue Park, English; G. W. Pittman, history; Wayne Preston, boys basketball coach and science; Pete Wilson, drivers

**JERRY MOORHEAD**  
Elementary Principal

Amerson, Georgia Bartlett, Emma Bray, Carol Scott and Marie Strickland.  
3rd Grade Teachers—Vera Hawkins, Beverly Moorhead, Louise Samsel and Tommy Ruth Stallings.  
4th Grade Teachers—Eunice O'Neill, Teresa Reagan and Irene Walker.  
5th Grade Teachers—Pearl Reeder, Joe Thames and Jimmie Wilson.

#### East Ward Faculty

Rubie Cummings, grades 1 through 4; Casey Jones, grades 5 through 8.

#### Luncheon Personnel

Mrs. Edith Wilson will start her third year as manager of the local school cafeteria. Prior to coming to Abernathy, she served as manager of the cafeteria for the Midland schools for 10 years. She has a Bachelor's Degree from Abilene Christian College.

Her staff for the coming year will be: Bernice Conn, Pauline Durrett, Hazel Healy, Myrtle Hiser, Madeline Hunley, Peggie Jones, Eula B. Kitchens, Ruth Phillips and Mildred Tannehill.

#### Maintenance Personnel

H. T. Ritchey, head maintenance; Charles Beard, maintenance and night custodian; Bill Holleman, high school custodian; Bernice Neis, assistant elementary custodian; Ernest Neis, elemen-

# Antelopes Lose To Dimmitt In Season Opener Here, 18-6

## Play At Spur Friday Night

The Abernathy Antelopes lost their season opener last Friday night to the invading Dimmitt Bobcats, 18-6, on the home field. The game was marred by several fumbles and miscues, but on the other hand, some rather fine football was displayed during the game.

Abernathy's defense did a fine job, even though the score may not indicate that as such. The Antelopes held the 190-pound Dimmitt fullback Junior Coffey exceptionally well, letting him get away for a long run only once.

Abernathy's fine halfback Stanley Joy was an offensive spark for the Antelopes, sputtering through the Dimmitt line several times for precious yardage. His first long sprint came early in the first

quarter as he darted 30 yards up the middle of the field before being brought down. However, when he was tackled the ball squirmed from him and Howard Cummings recovered for Dimmitt.

Defensively, tackles Larry Florence, Wilton Manley and Billy Jack Hackler, and guard John Kiker turned in some mighty fine performances. They also paved the way for Antelope backs offensively.

#### Touchdowns

Abernathy's lone touchdown came in the last 10-seconds of the game with halfback Mike Ritchey taking a pitchout from quarterback Keith Beard, then tossing a pass to halfback Tom Ritchey in the left flat. Tom crossed the goal line standing up, the

play covering 17 yards. The original drive began from the Antelopes' 49 yard line. Beard attempted a pass to end Neal Humphrey, and pass interference was called against Dimmitt on the 17. The Ritchey boys took over from that point for the six points.

The conversion attempt by tackle Larry Florence fell short. Dimmitt scored their first TD with 2:10 left in the first half of the game. Halfback Kelson Cates intercepted a Mike Ritchey pass on Abernathy's 30 yard line, and three plays later Coffey struggled over from 11 yards out. The try for extra points failed.

Early in the final quarter Dimmitt worked the ball from Abernathy's 37 to the six yard line, where Abernathy received a penalty to the three. Abernathy's forward wall bristled and held three downs before halfback James Cowell plugged over from the one.

The try for extra points again failed.

Dimmitt's final tally came with less than five minutes left in the ball game. Halfback Donnie Nelson intercepted a Beard pass on Dimmitt's 40 and carried to the 48. Quarterback Jim Ratcliff passed 15 yards to Coffey to Abernathy's 37, then on the next play Coffey sliced off left tackle and galloped the distance to the goal. End Jack Waters intercepted Ratcliff's pass on the extra points try.

#### 24 See Action

Coach Curtis Davenport used 24 men against Dimmitt, and all tried their best to overcome the deficit. Quarterbacks Keith Beard and John Brown did the signal calling for the Antelopes, with fullbacks Johnnie Adams and Dan Thompson, and halfbacks Stanley Joy,

(Continued on Page 4)

### P-TA To Meet Monday Night

The P-TA is to hold its first meeting Monday night, Sept. 12, at 8 o'clock in the school auditorium.

In cooperation with the local Lions Club, the P-TA will welcome the teachers back and will introduce the new faculty members.

A short program entitled "The Line Up" is being planned.

### MASONS MEET TONIGHT

Abernathy Lodge No. 1142, A. F. & A. M., will hold a stated meeting opening at 8:30 tonight (Thursday). Bob Drace, Worshipful Master, urges all members to be present and extends a welcome to visiting Masons.

### Encephalitis Strikes Mrs. Houston Smith

Mrs. Houston Smith was returned home Friday from St. Mary's Hospital, Lubbock, where she had been under treatment for encephalitis. According to reports, her doctor stated that her polio shots had helped her a great deal to overcome the encephalitis attack.

### Joe Thompson Attends John Deere Meeting

Joe Thompson, local John Deere dealer, and incidentally the largest in the Southwest, was one of more than 6,000 persons from the U. S., Canada and 15 foreign countries to attend the largest John Deere sales meeting in company history. The meeting was held in Dallas because of the facilities that were available, such as a 7,000 seat auditorium, a 7,400 seat coliseum, a 15 acre Cotton Bowl parking lot, the large Livestock pavilion, a crowd of over 6,000 feeding a western style barbecue and box lunches. Feeding was done by a catering service.

Approximately 4,000 persons were flown into Love Field August 28 and 29 by sixteen U. S. and Canadian airlines, including Braniff, which is based in Dallas. One hundred buses, extra of regular operation were used to transport the group during the meeting.

There were 4,500 independent John Deere dealers from the U. S. and Canada present and also those dealers from the 15 foreign countries.

John Deere is one of the largest manufacturers of farm machinery. Company sales last year totaled \$42 million dollars.

Motion pictures and closed circuit television were used in the meeting in the Memorial Auditorium and a five sided movie and television screen, hung from the center of the auditorium ceiling gave everyone an excellent view of the showing.

A large number of speaking dealers with a translating service were present.

More than 2 million worth of John Deere equipment were shown at least one of each made by the company in the 15 countries adjacent to the meeting.

The display was open through August 31 and the customers in the display.

Visiting groups left Wednesday, August 31, via another giant air lift. See the full page ad pertaining to the new John Deere tractors on page 7 of this issue of The Review.

self occupied much of the time in keeping a husband on shift work and her family activities centered around difficult sleeping hours for her husband and this is no easy task—just ask the TUCO wives. Her hobbies are bridge playing and sewing (however she says much of the sewing is not a hobby but a necessity—keeping but-

VOLUME 29 Hale County—Abernathy, Texas—Lubbock County

THURSDAY, SEPTEMBER 8, 1960

NUMBER 44

### City Water Rates Go Up

The following letter was received from The Columbian Securities Corporation of Texas in mid-August, and regards the present city water rates. The Corporation suggested that Abernathy raise the present rates, and outlined what they thought to be fair water rates for the City of Abernathy. The City Council has since that time passed an ordinance which is in line with recommendations in the letter. That ordinance is published on page 8 of this issue of The Review.

proved the 16th day of August, and Noland took over his duties here August 29. (The foregoing paragraph is to clear up such confusion.)

\*\*\*  
The COLUMBIAN SECURITIES CORPORATION of TEXAS  
U. S. A. A. Bldg.  
4119 Broadway  
San Antonio, Texas  
August 12, 1960  
Honorable Mayor and City Council  
City of Abernathy,  
Abernathy, Texas  
Gentlemen:

MONK FAMILY OF TUCO

#### By REVA FLORENCE

The Monk family of TUCO House 7, are also what we term as "old timers" of the TUCO family. Marvin Monk began work at TUCO April 1, 1942 under the management of Ralph Price. May 23, 1942 he moved his family to TUCO and he himself had the position of Fireman from which he was promoted to Turbine Operator. From this position he was promoted to that of Shift Foreman in 1950, the position which he now holds.

Before coming to TUCO, Marvin worked in Plainview as a Fireman and Engineer with the West Texas Cotton and Oil Company. Mr. Monk has received a certificate for one year of the Plant Mill Improvement Program, the program lasting for a period of four years. Sometime shift duty interferes with full participation in such programs. Also, he has received the Fifteen Year Service Award which is an honor to Mr. Monk and the company as well. Also during his many years of service, he has received one First Aid Certificate from a school conducted about ten years ago by Mr. Hood from Lubbock and also he holds a record of no lost time from accidents (a great honor within itself.)

Mr. Monk's love of fishing causes him to list fishing as his main hobby (and often the whole family participates in this hobby with great enjoyment.) He says it is probably no real hobby but that on his days off he does radio and television service and has built up quite a record for himself.

Mrs. Monk, known as Mary Zella Gillibrand of Plainview, before her marriage to Marvin, has her-

### City Council Holds Meeting

At the regular City Council meeting Monday night a petition containing 102 names was presented by two young ladies, Miss Cheryl Hall and Miss Connie Knight. The petition requested an amendment to Ordinance No. 93 which regulates the keeping of dogs within the city limits of Abernathy, and fixes a penalty for the violation thereof.

After careful consideration, Mayor Ed Graham suggested that the young ladies try to understand why the ordinance was passed and to wait until city election time next April, and if they still feel the same at that time, to petition the council to put the issue on the ballot. By this means, it will be left up to the citizens of the city as to whether or not the ordinance should be amended.

An audit report was made during the meeting by A. B. Segars

of Bolinger, Segars and Burke of Lubbock. Also present from Lubbock was Ed Lamoreaux who represented Browning-Ferris Machinery Co., Lubbock, dealer for Wayne Street Sweepers. No action was taken on the sweeper situation.

The Council authorized Southwestern Public Service Company to increase the lighting around the school from 15,000 lumen per light to 20,000 lumen. This will be done on the 10 Mercury Vapor lights. It was reported by Melvin Rape, local manager of the firm, that school officials had requested the increased lighting and had agreed that the school would pay for the additional expenses incurred.

James Davis and Virgil Rhodes, representing the Abernathy Airport section, met with the council in regard to the drag races which have been taking place monthly at the airport section.

Through the cooperation of city manager Paul Noland and city attorney James A. Joy, it was learned that neither the CAA nor the FAA had given written permission for such activities on the airport section, nor would they give written permission due to the potential liability of the City if an accident happened as a result of the drag races.

Such an accident almost happened Monday morning when a flying student landed on the runway and almost hit some tires left on the runway from Sunday's drag races. It was reported.

It was decided the drag races

(Continued on page 4)

### BIRTHS

Mr. and Mrs. Andrew Rosales, New Deal, are parents of 5 pound 13 ounce son born at 8:55 a.m. Sunday in Lauf Clinic, Lubbock. The following births were reported at Abernathy Medical Clinic:

Mr. and Mrs. Willie Garcia are parents of a son born at 3:45 a.m. August 25. The baby weighed 8 pounds 14 ounces and was named Adam.

Mr. and Mrs. Claude Mullin are parents of a son born at 12:05 a.m. August 29. The boy weighed 8 pounds 15 ounces and was named Michael.

Mr. and Mrs. Orson Rea visited in Texarkana last weekend.

Mr. and Mrs. Ray Pinson attended a reunion of her family, the Faubions, at Spicewood last weekend.

Mr. and Mrs. George Ray Willis arrived here last week to visit his parents, Mr. and Mrs. Ray Willis at TUCO. They attended San Diego State College in California this summer and will enroll this month at the University of Texas in Austin.

#### TRASH FIRE

Firemen were called to extinguish a trash fire at about 12:15 a. m. Saturday, between 12th and 13th Streets where the former Abernathy Tourist Court was located. It was thought that "someone" had set the trash fire, therefore, rather than having to extinguish the blaze more than once, it was allowed to burn until it burned itself out. Firemen stayed on hand during most of the night to see that no sparks caused other fires to start.

## New Deal Downed, 27-22, By Amherst; To Host Lazbuddie

New Deal almost won its football game Friday night before a capacity crowd of fans, but Amherst came from behind twice to outscore the Lions, 27-22.

It was a battle of the offenses as each team ground out 18 first downs.

New Deal, playing without the services of ace back Kenny Haggard who suffered a broken nose in workouts, took the opening kickoff and marched 76 yards to score the first touchdown of the game. David Attebury scored the TD on a seven yard plunge through the line, and quarterback Jimmy Cox went around left end for the extra points, putting New Deal in front 8-0.

Amherst scored in the second quarter when halfback James Brahears went over right guard from seven yards out and then quarterback Johnnie Blair hit the same hole for two extra points.

Halfback Ronnie Schroeder put Amherst in front late in the same period with a dazzling 40-yard run after zipping through left guard. Try for the extra points failed.

New Deal picked up its second

(Continued From Page 1)

tons on clothing for three school children keeps one busy.

Marvin and Mary Zella Monk have three children, Larry, Linda and Steve. Larry graduated from Abernathy high school in 1956 and has spent one year in college at West Texas State at Canyon and two years in the Marine Corps where he worked in communications as a teletype operator. This past year he has attended college at LOC, attending school and working part time for Lubbock Sash and Door Company in Lubbock where he has also worked this summer.

While Larry was in High School

he lettered three years in football as a tackle—playing guard during his sophomore year. In his junior year he lettered in track, his chief interest being that of throwing the shot put. He was also active in FFA work.

Linda Monk is a 1960 graduate of our Abernathy High School being employed during the school year as a part-time receptionist and bookkeeper in the office of Dr. John Hale. This summer she has filled this position full time.

Our school was very proud of her during the past year because of the honor of having her as its Valedictorian; at the graduation of Junior High in 1956 she was salutatorian. This fall she plans to use her Valedictorian scholarship in attending West Texas State; she also received the PTA scholarship of \$100 and naturally

plans to apply that to her education at West Texas State as she studies to become a teacher.

During Linda's high school years she was active in FFA work for a part of the four years, played basketball during her freshman and sophomore years and was a member of the National Honor Society for three years. Also she was recognized as Who's Who in History during her Junior year and Who's Who in Business during her senior year. Also she participated in the Junior and Senior plays.

Steve is an eighth grade pupil of our Junior High School during the current school year. He is active in basketball and football and has had the pleasure of entering the Soap Box Derby one year (which proved to be fun even if he didn't win). He did win two heats each year he entered. Also Steve has been active in Scouts, as have all the Monk children until their other activities demanded so much of their time scouting had to be dropped for something that seemed more essential. Steve is a member of the Yearling, or Junior High Band, and plays the French horn.

News Bits

George Ray Willis and his wife, Jackie, have recently visited in the Rey Willis home. This summer they have been attending college in California and are now on their way to Austin to attend the University of Texas this winter.

The Louis Sinclairs have just returned from a vacation trip to Taos and Red River, New Mexico. The remainder of their vacation was spent at their cabin at Lake Thomas.

The Jess McLane's are on vacation at the present time. De-

tails of their vacation are not known at this time.

The week end of August 28, Jim Scott, TUCO and Peggy Fox of Littlefield were united in marriage at Littlefield. Jim's sister, Patsy and Janice, served in the wedding as bridesmaids, and Larry Monk of TUCO was best man. Jim and Peggy, and also Patsy, have been students at LOC the past two years and plan to attend college at Searcy, Arkansas, this winter.

N. L. Cowan, Jr., and his wife, Wanda, were recent visitors in the home of the Willie Florence's. They have been teaching the past two years at the mouth of the Columbia River of Washington. N. L. received his master's Degree at Greeley, Colorado, a few days ago.

Betty Ann Sterrett has just re-

turned by plane from a Girl Scout Retreat in California.

**CAR SMASHES INTO I. L. JOHNSON HOUSE**

An unusual car wreck occurred Thursday afternoon of last week about 4:30 in which one car driven by Mrs. Wayne Riley was struck by a car driven by a Templeton boy, causing Mrs. Riley to lose control and run up into the yard and strike the house of I. L. Johnson on the west side near the northwest corner. The impact was of sufficient force to break in the wall, pushing it in about

fifteen or eighteen inches, breaking the framing. Only a few minutes before, Mrs. I. L. Johnson had been lying on a couch against the wall in the exact spot struck by the car. A son had been lying on the floor watching television which was also against this same wall, but had just moved away. The couch was knocked clear across the room and the television was knocked well out into the center of the room. No one in the house was hurt.

Abernathy (Texas) Weekly Review Thursday, Sept. 8, 1960 Page 3

but Mrs. Riley sustained a cut on her head and was all but knocked unconscious. She was carried to the local hospital here in a semi-conscious condition and regained full consciousness some time during the night. Both cars were badly damaged. Mrs. Riley was traveling south on Ave G. and the Templeton boy was traveling east on 12th street.

Mr. and Mrs. Roy Matthews and the G. D. Clapp family recently attended funeral services for George Clapp of Sulphur Springs. Mr. George Clapp was the father of G. D. Clapp and Mrs. Matthews.

**"Denominationalism"**

BY ROY DEAN VERNER  
Reading Time: 4 Minutes

The word "denomination" is not found in the Bible, but it has come to mean all the different religious bodies in the Protestant world when it is used in a religious sense. Most people reason this way: "As I understand the nature of the church, it is made up of people in all denominations; it doesn't make much difference to me what church or denomination one is a member of, just so he is saved." This writer has heard people make this statement on several occasions. There are multitudes who are not aware that there is a great difference between the church of our Lord, and modern day denominations. All should understand the church in the light of New Testament Christianity, and not in terms of denominational theology.

There is a vast difference between the word "denomination" and "church." Denomination is defined as: (1) The act of designating or naming; (2) a name or appellation; (3) a class or division; especially a religious sect; (4) a name for a certain class, or a unit in a series; as coins of many denominations. The word "church" in the New Testament (ekklesia) means the "called out ones". It was made up of all the saved (Acts 2:47), and Christ was its head (Eph. 5:23). The church was the body of Christ (Eph. 1:22-23), and there was but ONE body (Eph. 4:4). The very word "denomination" indicates division; it indicates different names, and these things are the very opposite of the things for which Christ prayed (John 17:20-21). The Lord's church was not a "body of denominations". It had no denom-

inational name, no denominational head, no denominational creed, no denominational organization, and no denominational worship. There was one body, one Spirit, one hope of one's calling, one Lord, one faith, one baptism, and one God and Father of all who is above all. (Eph. 4:4-6).

Denominationalism is the very thing which Paul condemned in the church at Corinth. "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no division among you; but that ye be perfectly joined together in the same mind and in the same judgment. For it hath been declared unto me of you, my brethren, by them which are of the house of Chloe, that there are contentions among you. Now this I say, that every one of you saith, I am of Paul; and I of Apollos; and I of Cephas; and I of Christ. Is Christ divided? was Paul crucified for you? or were ye baptised in the name of Paul?" (1 Cor. 1:10-13). These people were guilty of forming denominations. Paul pleaded with them to have unity and NO DIVISIONS which are denominations. The church of our Lord existed before any denominations were brought into existence. The church built by Christ is over 1900 years old. Catholicism is approximately 1500 years old, and the oldest denomination among us is less than 500 years old. Don't be a member of a denomination, but obey the gospel and the Lord will add you to His Church (Acts 2:37).

**You're lucky you got it!**

You did something dangerous. The officer may have saved you from tragedy. Sure you're a good driver. But nearly 40,000 died in traffic accidents last year, many killed by good drivers who took one foolish chance. So if you get a ticket, think what might have happened—and count yourself lucky!

**BACK THE ATTACK ON TRAFFIC ACCIDENTS**

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council. Remember—where traffic laws are strictly enforced, deaths go down.

### Antelopes . . .

(Continued From Page 1)

Leo Kiker, Tom and Mike Ritchey, and Donnie Adams doing their share of carrying the pigskin.

Centers Randy Henson and Mac Houston and guards Ronald Barrick, Jackie Habbinga and John Kiker did a fine job of blocking and also turned in fine defensive work. Tackles Larry Florence, John Saari, Billy Jack Hacker, Wilton Manley, Joe Tom Brown, and Charles Wisdom all did well both offensively and defensively. Ends Neal Humphrey, Jack Waters and Raymond Smith had hard luck as far as being on the receiving end of the pass plays, but turned in fine blocking offensively and played alert defensive ball.

**Journey To Spur**  
The Antelopes will travel to Spur Friday night to test the Bulldogs of Coach Royal James. The Bulldogs were downed last week 6-0 by Floydada, the game having been played at Spur.

**Managers**  
In listing the players and coaches in last week's issue of The Review, we overlooked three important members of the football working staff. They are managers Mickey Pettit, James Neve, and Grady Griffith.

**Band Performs**  
The Abernathy High School Antelope Marching Band performed at halftime Friday night. It was, in our opinion, an excellent performance, especially so since they had had only a short time to work on the routines. AHS Band Director Everett Maxwell narrated.

Mr. and Mrs. Douglas Guild and family of Seattle, Washington, visited here in the home of her brother, H. T. Peters and family.

AHS assistant football coaches, Wayne Preston, left, and Wayne Hille, are pictured above. These men play an important part in the success of the AHS Antelope football team.

### 535 Students Enrolled In New Deal Schools

The enrollment of the New Deal Public Schools, as of last Thursday, stood at 535 students.

Eugene Weeks, principal of the elementary school, reported that 428 of the students are enrolled in grades one through eight. There are 40 first graders (3 sections); 57 second graders (2 sections); 45 third graders (2 sections); 58 fourth graders (2 sections); and 63 fifth graders. Grades 6, 7 and 8, which make up Junior High, are composed of 46 sixth graders, 44 seventh graders and 25 eighth graders.

A. A. Chandler, high school principal, stated that 107 high school students had enrolled. There are 36 freshmen, 22 sophomores, 30 juniors, and 19 seniors.

### EXCHANGE STUDENT VISITS HERE

Weekend visitors in the Wayne Burns home were his sister and husband, Mr. and Mrs. Fred Hill of Fort Worth, and also Ronny Edwards of Fort Worth and Miss Anita Mills who is an exchange student from Bristol, England.

Miss Mills will be living with the Hills while attending high school in this country. The Hill's daughter, Mary Alice, will attend Texas Tech this fall.

Miss Mills is one of the 1,580 students in the U. S. this year from 52 different countries. She stated that attending high school in the U. S. will be a wonderful experience for her, as the educational system in America is so very different from that of England. She added that she is particularly looking forward to attending football games over here.

Mr. and Mrs. Lacey Terrell of County Line visited in Mena and Fort Smith, Arkansas, recently.

### HD Club Meeting

The Abernathy Home Demonstration Club met Friday, September 2, in the city club house. Mrs. E. M. Davis served as hostess.

Mildred Cox, Hale County Home Demonstration Agent of Plainview, gave a most interesting program and demonstration on "Wardrobe, Dollars and Sense."

Attending were: Mmes. T. A. Brewster, M. M. Bell, Melvin Johnson, Thomas Conner, Doyle Liles, R. L. Hall, G. D. Clapp, the hostess and Mildred Cox.

The next regular meeting of the club will be held in the club house at 2:30 p. m. Friday, September 16. Mrs. Melvin Johnson will be hostess.

### Lakeview News

Mr. and Mrs. T. E. Lutrick left Wednesday for a vacation trip that will take them up the East Coast to Washington D. C. and New York.

Rev. and Mrs. R. H. Knight, Mrs. Herbert Watson, R. A. DuRose and Clayton Enger attended Laymens' conference at Oakwood Methodist Church in Lubbock Thursday night.

Mrs. R. B. Gary of Harmony community and Mrs. Ernest Gary of Petersburg visited Mrs. N. Matthews Saturday.

Lloyd Goldston and L. J. Jordan made a business trip to Hico last weekend.

Mr. and Mrs. Jerry Belt of Ontario, Calif., who have been visiting his parents, Mr. and Mrs. J. C. Belt are moving to Tulsa where he will be employed.

Mr. and Mrs. H. L. Bridges, Wanda and Johnny, spent the weekend with relatives in Corpus Christi.

Rev. and Mrs. O. N. Reed visited his sister, Mrs. J. F. Stuart and family in Tahoka Tuesday.

Mrs. Mary Clark of California is visiting in the home of her daughter, Mrs. Fred Crenshaw.

Mr. and Mrs. C. P. Loyd made a business trip to California last week.

Mr. Leland Powell and daughter of Waco visited in the home of her brother, Mr. and Mrs. Jack Jackson several days last week.

Mr. and Mrs. Lewis Lutrick and sons returned from a vacation trip to New Mexico and Colorado.

The Builders Class of the Methodist Sunday School enjoyed a watermelon feast at Mackenzie Park Saturday night. Attending were Messrs. and Mmes. Clayton Enger, Jack Jackson, H. G. Timms, Bill Harrison, Udell Adams, and R. A. DuRose.

L. H. Holcomb visited in the Robert Gary home in the Harmon community.

Mrs. Leon Manley, Judy and Mark of Laguna, visited her parents, Mr. and Mrs. Herbert Watson during the weekend.

Mr. and Mrs. Bill Goldston and Ted of Causey, New Mex., visited friends in the community Sunday.

Visitors in the home of Mr. and Mrs. L. S. Overstreet were Mr. and Mrs. Jimmy Overstreet and children of McKitt and Mr. and Mrs. C. McCulloch of Goldsmith.

Mr. and Mrs. Harvey Howell and children of Lubbock visited Sunday in the home of her mother, Mrs. E. L. McGaugh, Sr.

Guests in the Mrs. C. S. Smith home Sunday were Mr. and Mrs. Lewis Waddell of Plainview, Mr. and Mrs. J. A. Reynolds, R. P. and Mrs. J. A. Reynolds, and Mr. and Mrs. J. A. Reynolds.

### Boy Scouts

Boy Scouts of Troop 81, their parents, and ex-Cubs interested in Scouting, are to meet Monday night, Sept. 12, at 8 o'clock in the American Legion Hall, according to King Collins.

All other boys interested in Scouting are invited to attend.

Scoutmasters are King Collins, Owen Benn and L. L. Johnson. The Junior Assistant is Chuck Wynne. Senior Patrol Leader is Ronnie Wynne, and Patrol Leaders are John Reagan, Lindsey Webb, Tommy Adkisson and Frederick Benn.

### Letter To The Review

Freeport, Texas  
Sept. 1, 1960

The Abernathy Review:  
Mr. and Mrs. R. D. Slough, Sr. spent a few days with their son and daughter-in-law, Mr. and Mrs. Elmer Slough of Quintana Beach, Freeport.

While there, "grandad" spent some time fishing. Picture (above) shows him with part of one day's catch. He caught close to 200 pounds of fish while there.

Mrs. Elmer Slough

### Over 2,200 Polio Shots Given Here During Past Year

Dr. Kenneth Gregory, City Health Officer, reported that over 2,200 polio vaccinations had been administered here during the past year, free of charge. They finished up the current year August 30, administering 350 polio shots on that date.

Dr. Gregory reported that this is the last year that the National Polio Foundation will support the free administering of the polio vaccine. However, it is believed that by the fall of 1961, the tablet form of polio vaccine will be available nationally to the public.

**CAROLYN GREEN IS HONORED**

A surprise lingerie and farwell party was given to Miss Carolyn Green, bride-elect of Dean Skidmore, on Tuesday, August 30, in the home of Sandra Johnson.

Refreshments were served to Susan Benn, Cleta Price, Connie Clements, Lenora Manley, Brenda Hooker, Dorothea Alexander, Tamela Yeager, Evelyn Lykes, Mary Jo Jones, Sandra Johnson and Carolyn Green.

Visitors last week in the J. L. Ellison and Joe Tom Brown homes were Mr. and Mrs. Charley Pittman and three children of Grand Prairie, Mr. and Mrs. J. L. Ellison, Jr., of Arvada, Colorado, Mr. and Mrs. George Clower of Lamesa, and Mr. and Mrs. J. T. Green of Lubbock.

### Council Meets . . .

(Continued from page 1)

must stop due to the above reasons.

**Insurance Key Rate**  
During the latter part of May, the City of Abernathy received a letter from the State Board of Insurance, Austin, in regards to the insurance key rate for Abernathy, and what the local citizens could expect if the local fire department did not reorganize within a specified length of time. (A copy of the letter was published in The Review June 9).

Several deficiencies were noted in regard to our water system and fire fighting facilities. The citizens of Abernathy had been "penalized" in the way of insurance premiums due to the deficiencies.

On June 20 the Abernathy Volunteer Fire Department was reorganized and is now operating fully manned, with at least 20 firemen present for each and every fire drill on regular meeting nights, as well as having a sufficient number present when there is a fire.

However, since the reorganization of the fire department, it was learned late in July by City Manager Paul Noland that Abernathy was not getting credit on the key rate for some of the deficiencies that have been corrected.

In making a study of the situation, Noland discovered that the citizens of Abernathy can be saved about \$1800.00 this next year in insurance premiums by providing certain material (or proof of existence of certain ordinances and material) to the State Board of Insurance.

The following items which have been furnished by the City of Abernathy to the SBI will give the citizens of Abernathy credit on the key rate of insurance: Fire Marshal Ordinance (The city has one but the SBI had no record of Abernathy having one); Fire Marshal must submit training reports, 3¢ credit on the key rate; Also by submitting monthly drill reports, Abernathy will receive 3 percent credit on the key rate for the two men who attended the fire training school at A&M; Pass an Arson Reward Ordinance, (the city has one but it needs revision), 2 percent credit on the key rate; A fire limits district should be established, (there is one but it is out of date); City needs 400 feet of new hose, 1¢ on the key rate.

Other improvements suggested by George Hawley of the State Board of Insurance involve capital outlay expense by the city; eight-inch water mains for the business district, 400 feet of new hose, and another 150,000 gallon water tank. Probably the only one of the above to be undertaken in the near future will be the buying of new water hose. New water mains will then probably be the next step.

**Right-Of-Way**  
City manager Paul Noland reported that Mr. and Mrs. C. F. Buske recently gave land for right-of-way purposes for the new paved road which is to be constructed to the Abernathy Recreation Center and the Airport east of town.

The property given is: Tract 1A—A strip of land 40 feet wide of the south end of Lots 11, 12 and 13, Block 120, and containing 4,091 sq. feet (.094 acre) of land. Tract 2—A strip of land 25 feet wide off the north end of Lots 14 through 18, Block 120 and containing 2,766 sq. feet (.063 acre) of land.

After the land was given for the right-of-way, the City passed a resolution to pay for the paving, curbs and gutters on said right-of-way.

Pictured above are the three children who will be serving as AHS Mascots for the coming football season. They are left to right Debbie Myatt, daughter of Mr. and Mrs. Lyndell Myatt, Neal McMaster, son of Mr. and Mrs. Gene McMaster, and Zoe Thompson, daughter of Mr. and Mrs. Pete Thompson. The youngsters are all five years of age.

### Shown in the top row are winners in a children's photo contest held here by Winston Lucas, photographer from Irving, Texas. They are, top row, left to right: 1st, Cynthia Lynne, daughter of Mrs. Lois Reynolds; 2nd, Stephen, Mr. and Mrs. B. W. Phillips; and 3rd, Anita Rovanne, daughter of Mr. and Mrs. Carroll Bradley.

Center row, left to right: Kay, Mr. and Mrs. Jack Lee; Bryan, Mrs. Nadine Young; Jerry Mark, Mr. and Mrs. Jerry Moorhead. Bottom row, left to right: Kersey, Mr. and Mrs. Bill Barron; Sarah, Mr. and Mrs. Bobby Lewis; David, Mrs. Leonita Shadden.

**SCHOOL TIME IS HERE AGAIN!**

Mothers and Fathers—Have you done your best for your child? Don't Wait! Guide their Steps to Success—Give them The 1960 World Book Encyclopedia and Childcraft. Together, they provide the most practical and successful library of reference books ever offered.

It is said that the average child will ask 50,000 questions from three to eight years of age. Mothers, you can help answer these questions and teach your child to read with Childcraft.

A child in the Elementary grades can become as engrossed in The World Book Encyclopedia as can the high school or college student because it is easy to read, it is written on the level of the student, and has 50,000 teaching pictures.

Like many parents, we had another set of encyclopedias, but three years ago we bought The World Book Encyclopedia and words cannot describe the joy and excitement and good our set has done for us.

There is no finer and lasting gift than The World Book Encyclopedia and Childcraft in his or her educational program.

**BROTHERS AND SISTERS of the Rhodes Family—all eleven of them—and their families were together for a reunion recently. Shown here seated are the sisters, left to right, Lois Rhodes Fagan, Pampa, Eunice Rhodes Rice, Corpus Christi, Thelma Rhodes Winkels, Plainview, Lora Rhodes Andrews, Bethany, Okla., and Eula Rhodes Pat-**

A family reunion of the children of the late Mr. and Mrs. Joseph Bush-L. Rhodes, with their families, held recently at Wellington, brought together the eleven brothers and sisters, their children, grandchildren, and some friends to total 117 in attendance at the gathering.

The reunion was held at the Pan-Fork Baptist Encampment near Wellington, and since this area was the original homestead of the Rhodes family, many memories were brought to mind of the early days.

Four of the eleven children were born in Wellington. The youngest of the group is 50 years of age and they have much to recall of this area when it was a new and sparsely settled country.

The Rhodes family moved to Hale County in 1916, and the parents are buried in Abernathy.

The brothers and sisters are Eula Patterson, Abernathy, Carl of Hale Center, Clyde of Abernathy, Alvah of Tulsa, Okla., Lora

Andrews of Bethany, Okla., Oren of Lubbock, Olen of Albuquerque, Thelma Winkels of Plainview, Eunice Rice of Corpus Christi, Lois Fagan of Pampa and Joseph of Albuquerque.

Special events during the reunion included a program presented by members of the family in the tabernacle on the camp grounds. On Sunday morning an informal worship service was held in the tabernacle with Lewis Andrew of Pekin, Ill., son of Mr. and Mrs. Z. L. Andrew, (Lora Rhodes), delivering an inspiring message.

Entertainment during the three day gathering included swimming, trampoline, horse shoe pitching, games of forty-two and much eating and visiting by all.

The reunion was planned and supervised by Mrs. Lois Fagan, who received the thanks and congratulations of the entire group for the enjoyable outing.

Attending were: Ruth and Joe Rhodes, David Wayne Rhodes, Pamela Marie Preece, Nellie and Olen L. Rhodes, Elton D. Rhodes of Albuquerque, N. M.

Mr. and Mrs. Kenneth Rhodes and Tony, Gobernador, N. M.; Eunice Rhodes Rice, Corpus Christi; Thelma Rhodes Winkels and B. B. Winkels, Plainview; Alvah Rhodes, Tulsa.

Carl and Florence Rhodes, Bruce and Dorothy Brightbill and children, Jerry, Darryl and David, Hale Center; Skeet and Dorothy Rhodes and Larry, Graham; Mr. and Mrs. Harold Rhodes and children, Ricky and Lorna, C. P. and Orene Lovd and children, Gary, Mike, Paulette and Danny, Don and Berta Rhodes, Petersburg.

Ziba and Lora Rhodes Andrew, Bethany, Okla.; J. C. and Connie Andrew, LaVina Dale Andrew, Oklahoma City; Blanche and Lewis Andrew and children, Becky, Judy, Ellene and Lewis, Pekin, Ill.

Troyce, Gwen, Sharon, Diane

and Reggie Coleman, Oren Rhodes and Ruth, Wayne Rhodes, Marge and Tomera Nell Lyles, Lubbock; Lorene and Vernon Wright and children, Yvonne, Linda and Vickie, Wichita, Kansas; Helen Gardner Ford, Wellington; Felix Gardner, Allison and Al Allison, Amarillo.

Ruth Gardner Walker, Shamrock; Lois Fagan, Reba, Robert and Douglas Eubanks; Don, Carol and Randy Fagan, Pampa; Arnold Kuhns, Jr., Jean, Tedd and Todd, Kansas City, Mo.; Freda G. Rhodes, Bitberg, Germany; Gayle Guffey, Midwest City, Okla.; Bettie Purvis, Grand Prairie.

Ivan and Irvan Rhodes and children, Billy and Buddy, Mr. and Mrs. Melvin Patterson with children, Dicky and Steve Louis L. and Erma May Spruiell and children, Peggy, Joyce and Beverly; Virginia and Virgil Rhodes and children, Doris Jean, Jane and Carolyn; Clyde Rhodes and Virgie, Eula Rhodes Patterson and R. C. Patterson, Sr., and Alma Ruth, Florence and R. C. Patterson, Jr., and Lajuana, Barbara, Colene and Ladell; Tella and Irene Walker and Duana and Royce and Gayla; Wanda, Geron and Janie Knox, all of Abernathy.

These photos were made here recently by Winston Lucas' photography firm of Irving, Texas.

**Football Schedule**

Following is the 1960 2-AA Antelope football schedule:

Sept. 2—Dimmit 18; Abernathy 6.

Sept. 9—Spur, There.

Sept. 16—Hale Center, There.

Sept. 23—Denver City, Here.

Sept. 30—Tulia, There.

Oct. 7—(Open Date).

Oct. 14—Morton, Here.

\*Oct. 21—Lockney, There.

\*Oct. 28—Floydada, Here.

\*Nov. 4—Olton, There.

\*Nov. 11—Muleshoe, Here.

\*—Denotes Conference Games.

**New Deal . . .**

(Continued from page 1)

score when Charles Ruffin recovered a Brashear fumble on the second half kickoff. The Lions moved 43 yards to the touchdown, with Gary Wheatley going over from nine yards out. Cox again added the points, giving New Deal a 14-14 lead.

Brashears and Blair put the game on ice for the Bulldogs, Brashears racing 13 yards to a touchdown in the third quarter and Blair going over right guard for 18 yards and another score early in the fourth period. Blair booted the final extra point.

Altebury got his second touchdown for the Lions when he scored from nine yards out on the last play of the game.

**Summary**

New Deal completed seven out of 12 passes for 70 yards, and added 190 yards on the ground. Amherst attempted five passes with no completions. New Deal fumbled once. Amherst recovering, and Amherst fumbled twice, recovering once.

New Deal injuries Friday night included end John Cole who received a gash under his left cheek bone, and quarterback Jimmy Cox who received a bruised left elbow.

**Play Lazbuddie**

The Lions will entertain Lazbuddie on the New Deal field Friday night, the game beginning at 8 o'clock. Lazbuddie was idle last week.

Like Amherst, Lazbuddie has a smaller but faster team than New Deal, but if the Lions' defense is up to par Friday night, a good ball game is in store for the New Deal fans.

**Donna Crowder Is Queen Candidate**

Donna Crowder, daughter of Mr. and Mrs. H. O. Crowder, has been selected as candidate of the County Line Community to enter the contest of the Shallowater Lions Club "49ers Carnival" and parade. She is 15 years old and a sophomore in Abernathy High School.

Donna is an ardent fan of the little league ball players of County Line Community having attended every game this past season.

If you of the County Line Community see some of the ball players carrying small boxes around, they are seeking votes for their Queen, so drop in a quarter or half dollar. Each cent will equal a vote. If the boys fail to see you, you may vote at either store at County Line.

County Line Community is also planning a large float to enter the Carnival parade September 9. So all of you County Line Float builders come out and help.

**New Deal's 1960 Faculty Members**

Following is a complete list of faculty members and personnel of the New Deal Public Schools.

Dalton James, superintendent; A. A. Chandler, high school principal. High school teachers are: Mrs. Barbara Law, homemaking; Bob Wills, head coach and social studies; Melvin Williams, coach and speech; Mrs. Mary Harding, science; Charles Wood, math; Mrs. Lee Cromer, English; John Dalton James, commerce; John Walton, agriculture; and Claude Bond, band director.

**Elementary**

Principal, Eugene Weeks and teachers: Mrs. Leona Batsell, Mrs. Irene Delashaw and Mrs. Hallie Terrell, first grade; Mrs. Thelma Oldham and Miss Marcelle Austin, second grade; Mrs. Mary Weigle and Mrs. Delta Taylor, third grade; Mrs. Lucy McDonald and Mrs. Tine Davis, fourth grade; Mrs. Anna Jo Blake and Wayne Baker, fifth grade.

**Junior High**

Tom Eastland, social studies; Mrs. Carter, science; Wallace Kirkpatrick, math; and Mrs. Cherry Hatfield, English.

**Colored School**

Mrs. Dorothy Kinmer, grades one through three; and Mrs. Sarah Griffin, grades four through seven.

**Cafeteria Personnel**

Mrs. Jennings and Mrs. Galloway, supervisors; and staff members Mmes. Schropshire, Wamack and Brown.

**Maintenance**

Horace Jennings, maintenance; West Womack, custodian; and Henry Meade and Sam Ramirez, custodians.

**Transportation**

Bus foreman for the New Deal schools is Harvey Galloway. Bus drivers are Mrs. Mary Cowen, Eugene Weeks, Claude Bond, Melvin Williams, Bob Wills, Wayne Baker, Wallace Kirkpatrick and Royce Clay.

Mr. and Mrs. Pete Robison were on vacation in Red River, New Mexico, last week.

Mr. and Mrs. Olen Brack of Farmington, New Mexico, visited her mother, Mrs. W. H. Robison and other relatives here.

MELVIN WILLIAMS  
New Deal Assistant Coach

Melvin Williams, a graduate of Texas Tech, is the assistant coach for the New Deal schools.

Williams and his wife have one son, Gordon Ray, who is three months old.

# NOTICE

School Superintendent Noel Johnson has asked that all parents caution their children and urge them not to play on or around the school grounds after school hours and on weekends, where construction work is being done.

Teachers will announce and constantly remind the children not to play on or around the construction work being done, but the parents cooperation will be necessary in keeping the children off the school grounds after school hours.

By this type of cooperation during the latter part of the past school year not a single student was injured directly or indirectly as a result of the construction work being done at that time. With this same type of cooperation this year, the same results may successfully be attained.

**DRIVE SAFELY** — The life you save may be your own.

The practice of ginning cotton in the order of arrival at the gin needs revision. The reason, says B. G. Reeves, extension cotton ginning and mechanization specialist, is the ever-increasing number of machines used to harvest the fleecy staple. Machine harvested cotton usually has a higher moisture and trash content than hand-picked cotton and different settings of gin machinery and drying equipment are required for each type. Grouping of the bales on the gin yard according to method of harvesting or moisture content will enable the ginner to do a better ginning job.

SERVICE When You Need It Most

## J. C. Doggett Is Guest Speaker

The fifth Monday meeting of Christian Women was held August 29 in the Assembly of God church at 2:30 p. m. Mrs. Floyd Shipman, president, opened the meeting with prayer led by Mrs. A. B. Reid. Beverly Suttle led the group in singing accompanied at the piano by Sue Suttle. Six local churches were represented at this meeting. Special music was brought by Daisy Healy, Dora Davis and Mrs. J. G. Strickland. A lovely devotional was given by Mrs. Strickland. Mrs. L. A. Suttle introduced the speaker Mr. Doggett, a teacher in the local high school who gave some interesting facts on Mental Health Officers elected for the new year as follows: President, Mrs. J. O. Pope; vice president, Mrs. Durrell Moore; secretary-treasurer, Mrs. Richard Davis; reporter, Mrs. M. M. Bell; song leader, Mrs. Billy Skipper; pianist, Mrs. Harold Poage. Benediction was given by Mrs. Strickland. Refreshments were served by the Assembly of God church to the following: Mmes. J. B. McClure, Roy Smith, A. H. Davis, A. B. Reid, Ray Pinson, J. H. Nunn, Finis Robertson, M. O. Hood, Ray Childress, R. A. Davis, Joe Healy, C. R. Evans, Harold Poage, James Allen, Peggy Allen, James L. Davis, Lillian M. Cornwell, A. D. Helms, S. E. Johnson, Earl Routh, C. D. Gray, J. A. Givens, L. S. Wilson, M. M. Bell, Preston Northcutt, J. G. Strickland, Ernest Allenberg, L. A. Suttle, Floyd Shipman, Charley Brewer, Darrell Moore, Thomas Conner, R. A. McAlister, F. A. Goebel, S. H. Lebow, Rev. J. G. Strickland, Misses Dora Davis, Daisy Healy, Beverly and Sue Suttle and Mr. Doggett.

The next meeting will be held Monday, October 31 at 2:30 p. m. in the First Methodist church. Mrs. M. M. Bell, reporter.

Host to Visitors From Australia and India

MONROE WAITS, local DeKalb Hybrid Grain Sorghum seed distributor, was host recently to three foreign visitors who were in this area to inspect grain and feed crops. Shown here are, left to right, Charles Regan and Alec Bourne, both from Australia, "Matt" Dhillon from India, and Waits. The photo was made in Waits Farm Store Aug. 25. Waits took the visitors on a tour that included the farms of Mrs. Leo Konesko, L. G. Montgomery and Ted Watts. They observed ac-

tivities involved in filling a pit silo with ensilage on the Watts farm. They also visited farms in the Olton and Plainview areas, and returned here for an inspection tour of Big State Grain Co. elevator plant. The visitors also showed interest in the great American institution, the drive-in eating place. Waits took them to the Dairy Mart for lunch and Dhillon especially enjoyed the "taquitas" served there. He said they were nearer like some of his native food than

anything he had found thus far on his visit to the United States.

Regan, of Tamworth, New South Wales, Australia, is a farmer. He works 1200 acres, growing alfalfa, corn and wheat and raises sheep.

Bourne is an agronomist with Shand Selected Seed Co., Ltd., 87 O'Dell Street, Armadale, New South Wales, Australia.

Regan and Bourne will leave for home in about one week.

Dhillon, whose home is at Chandigar, India, is working closely with the DeKalb Agricultural As-

sociation, Inc., of DeKalb, Illinois, while in the U. S. He is vitally interested in obtaining all the information he can on American farming practices, and on grain sorghums and other planting seeds that would be best suited to his native country. Dhillon will speak on India at the Field Day, September 22, at the DeKalb plant west of New Deal. (Staff Photo)

HUMBLE OIL & REFINING COMPANY — America's Leading Energy Company

# New Generation Of Power Is Unveiled At Deere Day In Dallas

## President Hewitt Explains New Display Of Power

William Hewitt, president of Deere & Co., opened "Deere Day in Dallas" Tuesday, Aug. 30, a welcoming address to 6,000 dealers, sales personnel and guests at the Memorial Auditorium Coliseum.

Mr. Hewitt stated, "These new machines have been designed and built from the ground up to meet the needs of your farmer and industrial customers."

"Product research, design and development have been fundamental to our progress. Six years ago at Waterloo, Iowa, we created the most modern tractor research center in the industry. Staffed with skilled engineers and equipped with complete testing facilities, this center was given the job of creating an entirely new line of tractors tailored to the exacting needs of today's and tomorrow's agriculture."

"This now has been accomplished and today we show you a line of entirely new tractors—completely modern in every respect—with outstanding features not duplicated in any other make of tractor."

"With tractors so new, so different, so completely attuned to the needs of the market, we have chosen what we believe to be an appropriate slogan: The New Generation of Power."

William  
Hewitt  
President  
Deere & Co.

## Deere Line Gives New Boost To Agriculture

A new boost to agriculture and industry was shown for the first time last week as Deere & Co. displayed its new line of tractors to 4,500 dealers and guests assembled in Dallas Tuesday, August 30, for a special one-day event.

The decision to build an entirely new kind of tractor—new from the ground up—was based on simple economic facts. Farms are getting fewer and larger in size. As a result of this, the need for more usable tractor power will be a "must" in the next 10 years. More power will be needed by industry, too.

Deere's "New Generation of Power" opens up a new world of tractor efficiency and operator comfort. With the new Deere models, the operator gains more power and has more control over that power.

### New Engines

One of the most important new developments in the new

tractor line is the John Deere designed and built four- and six-cylinder variable-speed engines in gasoline, diesel and LP-gas types. Traditionally, tractor engines have had to be operated at full throttle for efficiency. The new variable-speed engines perform efficiently at any speed in the operating range.

The new engines, combined with multi-speed transmissions on most models, make it possible to choose the exact combination of speed and power designed for any farming operation or soil conditions. The tractor may be operated in a higher gear at lower throttle for economy on light loads, or in a lower gear with higher engine speed for more power on heavy tillage operations.

A new Syncro-Range constant-mesh transmission is provided on all, but the smallest series of tractors. The transmission, which is controlled by a dash-

mounted lever, shifts collars rather than gears which remain in constant mesh.

Without any of the four gear ranges, the transmission can be shifted on the go with minimum effort. The transmission can also be shifted between forward and reverse without stopping tractor travel, providing the same advantages as built-in direction reverser, thus saving time on loading and similar jobs.

### New Hydraulic System

Deere's new hydraulic system is a major feature of the new line. In the new tractors the transmission and differential case has become a common reservoir of oil for hydraulics, power steering and for the first time—power brakes! This provides ample capacity for all the functions of equipment control, steering, and brakes. It also reduces the number of places where oil must be checked and changed

and limits the different types of oil which are needed to two instead of the usual five or six.

### Radiator Moved

In the completely new design of the tractors, even the radiator and grille have lost their conventional place at the front of the tractor in the two larger power sizes. They have been located in the center of the tractor and the fuel tank, which has been traditionally located atop the engine, has been placed in the nose of the tractor. This permits larger fuel tanks, prevents evaporation of gas due to engine heat and improves cold-weather starting—all without interfering with excellent view of the work.

### Four Power Sizes

The new tractor will be offered in four power sizes, the "1010," "2010," "3010," and "4010." On farm tractors, factory-observed maximum horsepower at the PTO is 35 horsepower for the "1010," 45 horse-

power for the "2010," 55 horsepower for the "3010," and 80 horsepower for the "4010."

### Giant Airlift

Nearly 5,000 of the 6,000 people attending "Deere Day in Dallas" were airlifted into Dallas within a 24-hour period Aug. 28. This airlift, in which 16 U. S. and Canadian airlines participated, was believed to be the largest commercial lift ever attempted. The airlift operated in reverse Wednesday, returning the 5,000 Deere dealers, sales personnel and other guests to their homes.

### Dallas Ideal

Dallas was chosen for the site of this meeting after an exhaustive search for a city which could provide the facilities to hold such a meeting. Love Field, with its main reception area, provided modern facilities to streamline the handling of the large groups arriving by airlift. The 6,000

persons attending the meeting were housed in 21 hotels and motels.

The Dallas Memorial Auditorium provided comfortable seating for the group. Its bowl-shaped design assured a good view for everyone in the crowd, while its excellent acoustics offered special advantages for a meeting of this size and type.

The new Livestock Coliseum at Fair Park also provided comfortable seating for the large group and its dirt floor was well adapted to indoor exhibition of heavy-duty equipment which Deere was planning.

The 15-acre Cotton Bowl parking lot, adjacent to the Coliseum, offered ample space for \$2 million worth of machinery, the largest display of farm machinery ever exhibited by one manufacturer.

### Months of Planning

To set up the display and

the Coliseum demonstration required months of minute planning. Deere rented a building in its headquarters city of Moline, Ill., months ago and reproduced in miniature the Coliseum and Cotton Bowl parking area.

Toy tractors, models of people carved out of wood, and replicas of tents and other items (all to scale) were used in determining how the Coliseum and parking lot display would be set up. At the completion of the show, the replica of the Coliseum was turned over to State Fair officials as a possible aid to others in planning future shows in Dallas.

The display of equipment was held over on August 31 for showing to farm and industrial customers in the Texas area. The general public also was invited to visit the display on this date.

MR. AND MRS. R. D. SPRUIELL  
In Home Garden Plot

Mr. and Mrs. R. D. Spruiell are pictured here in their lush garden plot back of their residence at 810 Third Street in Abernathy. Theirs was one of many fine vegetable gardens grown in Abernathy this season.

The Spruiells' garden had high production of peas, okra, radishes, peanuts, cantaloupes, watermelons, tomatoes, turnips and other vegetables. The yield per vine would have made a commercial cantaloupe grower envious. Ten cantaloupes were counted in a space about 2-ft. square in the heaviest production portion of the patch, with all vines being well loaded. (Staff Photo).

### Water Rates . . .

(Continued from Page 1)

ately 17¢ per 1,000 gallons of water delivered, and you are selling a great deal of your water at 20¢ per 1,000 gallons. That leaves only 3¢ per 1,000 gallons for capital improvement (which isn't much) and none for creating any surplus. Under no circumstance should you have any water at 20¢ per 1,000 gallons.

Raising your minimum to \$3.00 should produce some \$7,000 additional revenue per year.

In checking over a few accounts, I noticed that City Water Customer "A" used 74,000 gallons one month. He paid \$15.80 for this 74,000 gallons, which cost you approximately \$12.58 to deliver. That is a gross profit (before billing expense, etc.) of \$3.22, which isn't worth the effort. Under a normal rate elsewhere in Texas, 74,000 gallons would have cost around \$25.00.

Also, checking the account of City Water Customer "B", who in this particular month used 15,000 gallons. Under your regular rate schedule she should have paid \$5.25 for that amount of water, but instead, she paid (under the irrigation rate) \$4.00 for 15,000 gallons which cost \$2.55 to deliver.

Several other accounts were checked out with the same conclusions.

Actually, you should not have any water costing less than 25¢ per 1,000 gallons.

The citizens of Abernathy (commendably so) have, for many years, enjoyed one of the lowest water rates in Texas.

I would like to suggest the following rate schedule for your consideration, and believe it will provide you with considerably more revenue, and at the same time give your citizens still one of the lower rates in Texas:

- First 3,000 gal. — \$3. (minimum)
  - Next 2,000 gal. at .50 per 1,000
  - Next 5,000 gal. at .35 per 1,000
  - All over 10,000 gal. at .25 per 1,000
- Would not recommend any change in your sewer rates.

If you should decide to make a change, and need a new rate ordinance, we will be pleased to assist you in any way that we can.

Yours very truly,  
/s/ Bob L. Davis  
Bob L. Davis,  
Vice-President

## Former Abernathians Tour Europe, Holy Land, Egypt

(EDITOR'S NOTE: The following article written about Mr. and Mrs. Lloyd Heggen and son Allen, formerly of Abernathy, appeared recently in The Mercedes Enterprise, Mercedes, Texas.)

Mr. and Mrs. Lloyd Heggen and son Allen have returned to Mercedes after attending the International Conference on Large Electric Systems in Paris, France. The Heggens left June 16 and were gone 49 days. After official close of the convention, they toured many areas abroad.

For proof of their trip and for future enjoyment, they took nearly 1,000 color slides of places visited, and several rolls of movie film.

They almost were able to see one of the world's most powerful figures, Khrushchev of Russia, who was in Vienna at the same time as the Heggens. However, the Russian leader made no public appearances, they said.

They flew from New York to Paris for the convention, and traveled by various means after arriving. After touring Paris, they visited Versailles.

Later they flew to Geneva, Switzerland, and also visited Lausanne. They visited many famous spots in that country including Interlaken and Lucerne where they went up a mountain by electrified rack-pinion railway said to be the steepest in the world.

After touring Switzerland, they went via Danube steamer to Melk, Austria, and later to Vienna. They motored into Germany to Oberammergau where they attended the world famed passion play (which also is on the itinerary of the Valley Farm Bureau tour.) They visited Heidelberg, Frankfurt, Hamburg, and then proceeded to Copenhagen, Denmark. After that they flew to Stockholm where they visited the King's summer palace. They later visited Oslo and then departed for London, England.

where all the famous sights were visited.

After their England visit, they flew to Rome, Italy, and then to Athens, Greece. Following that, they visited the Holy Land in Israel and also Egypt.

They made special visits to large electric installations in France and Switzerland. It was a wonderful trip, but it was good to get back home, they reported.

### Warning To Motorists

City Policeman Dan Blanchard requested the following warning to motorists be published in The Review.

The 20-miles per hour speed limit signs governing the school zone crossing on Avenue D have been erected at 8th street and 10th street again this year. The 20-miles per hour speed limit will go into effect Friday, September 2, the opening day of school, and will be effective from 8 a. m. until 4 p. m. during the days school is in session.

The 20-miles per hour limit is also to be observed on streets around the schools, Blanchard added.

All cars are to come to a complete stop when children are anywhere in the crosswalk at Avenue D and Main Street, Blanchard stated. S. H. Lebow will again be in charge of the crosswalk this year.

### IN SERVICE

Henry D. Chastain, 23-year-old son of Mr. and Mrs. H. D. Chastain, Rt. 1, Abernathy, was recently inducted into the U. S. Army and is taking basic training at Fort Hood, Texas. His address is: Ret. Henry D. Chastain, US 54218010, Co. "D", 2nd Armored Rifle Battalion, 58th Infantry, 2nd Armored Division, Fort Hood, Texas.

### NEWS ABOUT SOCIAL SECURITY

Advance filing of claims for social security is now being encouraged according to an announcement today by John G. Hutton, manager of the Lubbock social security district office. Mr. Hutton explained that early filing of applications for retirement benefits will result in prompt receipt of the first check.

"Inquire before you retire" is a theme we've been emphasizing for several months now, in an effort to ensure speedy delivery of the first benefit check," he pointed out. He went on to emphasize that retiring workers would do well to call at their nearest office one to two months ahead of their retirement date.

Mr. Hutton explained that benefit claims require some handling in the social security office before they are certified to the Treasury Department for payment. The worker's earnings record and evidence of his age must be obtained. "Getting your claim filed ahead of your retirement will allow time for the completion of these necessary details," he continued, "so that when you have stopped work, your first social security check will arrive when you need it most."

Mr. Hutton also commented upon two questions which he says are commonly asked about filing for social security—1. What should a claimant bring with him? and—2. Is an appointment necessary? "Generally speaking, some proof of age and an earnings statement (Form W-2) or a last year's Federal income tax return should be brought along when you come to apply for your social security," he stated. Other documents may be necessary in some cases. Mr. Hutton emphasized in conclusion that no appointment is necessary. A representative of the Lubbock social security office will be in Plainview on each Tuesday in the County Courtroom at 10:00 a. m. and will be glad to assist in all matters pertaining to social security.

Practicing good housekeeping around grain storage bins, say entomologists for the Texas Agricultural Extension Service, will materially aid in keeping insects out of the grain and thus reduce losses.

REUNION POSE — A reunion of the Patterson family was held recently at the home of Mr. and Mrs. R. C. Patterson Sr., 508 2nd Place, Abernathy. Pictured in the above photo are, back row, left to right; Alma Ruth Patterson and Beverly Spruiell, Abernathy; Vivian Patterson, Hays, Kansas; Barbara Patterson, Joyce Spruiell and LaJuna Patterson, Abernathy; Merle Stewart, Fort Worth; Dicky Patterson, Colene Patterson and Peggy Spruiell, Abernathy. ## Sept. 14 Is Field Day At High Plains Research Foundation

Field Day, Wednesday, September 14. Tour of the research plots will be conducted from 1:30 to 5:00 p. m. The evening barbecue and program will start at 6:00 p. m.

New Research: Several new research projects have been added to the Foundation's program this year as a means of better serving the agricultural and business interests of the High Plains.

1. Cotton — Cotton research has been increased 24 percent over previous years as a result of cooperative experiments are being conducted with the Texas Agricultural Research Service of the U. S. Department of Agriculture. The following new research projects were initiated this year: (a) ease of planting experiment, (b) climatology study, (c) in-the-row fungicide experiment, (d) method of harvesting study, (e) planting equipment experiment, and (f) regional variety test.

2. Soybeans: The Foundation is conducting the only basic plant breeding program with soybeans in this area. Objective of the breeding program is to develop improved varieties for High Plains. At present, 454 strains are being used in the research program. Paymaster Farm at Aiken, Texas has turned over all of its breeding material accumulated over an 8 year period to the Foundation.

3. Sesame: There are 865 strains under investigation in the Foundation's plant breeding program with sesame. Over 300 strains were received from scientists throughout 20 countries. The objective of the breeding program is to develop improved varieties for the High Plains.

4. Safflower: Seven new safflower varieties are being tested in cooperation with the U. S. Department of Agriculture.

Soil testing is a tool you can use on your farm to help determine the level of fertility of your soil. The recommendations which you will receive from the soil testing laboratory, based on the analysis of the soil samples you submit, will give the amounts of fertilizer needed for the most profitable crop or pasture production. Local county agents can supply information on soil testing.

5. Castor beans: Seventeen new castorbean hybrids and varieties are being evaluated in cooperation with the Texas Agriculture Experiment Station and the U. S. Department of Agriculture.

6. Flame Cultivation: Flame

cultivation is under investigation as a means of controlling weeds in cultivated crops.

Come to the Field Day, September 14th and see the founder's complete research program for agriculture and business.

Winston Lucas, Irving, Texas, Center row, left to right: Pete, son of Mrs. Judy Stracener; Jerry Don, son of Mr. and Mrs. Jerry Poir; Lucrecia, daughter of Mr. and Mrs. Billy Payne.

They are, top row, left to right: Bobby Lynn Payne, son of Mr. and Mrs. Ebb Payne; Melinda Leigh, daughter of Mr. and Mrs. Donald Huffaker; Kelly Jo, daughter of Mr. and Mrs. H. N. Hindman.

Bottom row, on the right, is Mike, son of Mr. and Mrs. Charles Nelson. The photographer did not provide The Review with names of the young lady on the left and the young man in the center.

Abernathy

**Abernathy Faculty**

(Continued From Page 1)

custodian; and Isaac Pollock, junior high custodian.

Mr. Ritchey has been working the past year and a half on a part time contract basis for the school, and part time for the building contractor.

He has now been employed on a full time basis by the local schools and will head the maintenance department for the entire school system, as well as being in charge of the custodial staff.

Mr. Ritchey's wife, Mary Lou, served a number of years as secretary for former school superin-

tendent Fred Miller, prior to her death in 1956.

**Transportation Personnel**  
Howard Ross, bus foreman; and the drivers, Harold Poage, Route 1, southwest; Bryant Powell, Route 2, west loop; Robert Scott, Route 3, due west; J. B. Thames, Route 4, northwest; J. C. Doggett, Route 5, north and northeast; Tella Walker, Route 6, northeast; Frank Bartlett, Route 7, east and north-east; and H. A. Ross, Route 8, southeast, south and southwest.

Robert Scott, driver for Route 3, is enrolled at Texas Tech. His wife will teach one of the second grade classes here this year. The Scotts moved here at mid-term last year and Mrs. Scott finished out the year as a teacher for the Latin American first grade.

**New Teachers In Abernathy Schools**

New teachers in the Abernathy schools for the 1960 term include the following:  
Leon Hill, who will replace Wanda LeMoine as high school English and Spanish teacher, has a B. A. Degree from Texas Tech and has all the hours except his thesis for his Masters Degree at Vanderbilt. He is a native of Lubbock, and is a 1948 graduate of the Lubbock Public Schools.

Clyde W. Pittman, high school history teacher, moved to Abernathy from Brownwood. He has a B. A. Degree from McMurry College, and has been doing graduate work at Howard Payne College where he also taught in the history department. He has traveled extensively. He and Mrs. Pittman have two married daughters, and one is to be the staff accompanist in the School of Music at the University of Texas beginning this month.

Bobby Dyess, Junior High P. E. and social studies teacher is a summer graduate of Eastern New Mexico University, Portales. He is a 1956 graduate of Spur High School where he excelled in sports with the Spur Bulldogs. He and Mrs. Dyess reside at 1215 14th Street.

Mrs. L. G. Montgomery has been employed as a teacher for the Latin American section of the first grade. She is a 1948 graduate of Texas Tech. Her husband operates a dairy northwest of town.

**IN JUST 15 MINUTES IF YOU HAVE TO SCRATCH YOUR ITCH**  
Your 48c back at any drug store. Apply ITCH-ME-NOT. Itch and burning disappear! Use instant-drying ITCH-ME-NOT day or night for eczema, ring-worm, insect bites, foot itch, other surface rashes. TODAY at Pinson Pharmacy.

**FLOYD SHIPMAN & SON AGENCY**  
CY-8-2536—Abernathy  
Insurance and Real Estate  
Farm Loans, and  
G. I. & F. H. A. Loans

Mrs. Edith Shelton has been employed as one of the first grade teachers. She is a 1953 graduate of East Texas State College, and was originally employed as a dietitian at Texas Tech. She and her husband, Kenneth, and two children, ages three and five, have moved here from Lubbock.

Mrs. Lenoy Stallings will be one of the third grade teachers. She is the former Tommy Ruth Brewster, and is a graduate of Abernathy High School. She replaces Mrs. Edwin Hardesty who retired at the close of the past school year. Mrs. Stallings is a graduate of Hardin Simmons University and taught in the Cotton Center Public Schools last year.

Other new teachers, of which articles have previously appeared in The Review are: Faye Drummond, homemaking teacher; Everett Maxwell, band director; Barbara McDougal, high school science; and of course, Ralph Stevenson, high school principal.

\$436,123.50

**'61 Budget Is Adopted For Hale**

The Commissioners Court recently adopted a \$436,123.50 budget for Hale County in 1961.

The county tax rate of \$1.23 plus a 15 cent special road ad valorem levy remains the same as that for the past few years. The special 15 cent levy was opposed by J. W. Odell, precinct 1 commissioner. Monday's budget proceedings, Odell has voted against the levy in the past, maintaining that since precinct 1 does not need the extra funds it should not be taxed as a contri-

bution to the other precincts. The 15 cent ad valorem levy produced \$44,269.27 in 1959.

The budget, prepared and presented by Charles M. Smith of the First Southwest Co., Abilene, who has prepared the Hale budget for a number of years, shows a county property assessed valuation for tax purposes to be \$41,555,385 an increase of \$500,000 over last year.

The county's outstanding bond and time warrant indebtedness as of January 1 was \$1,154,000. The budget calls for payments amounting to \$85,000 on the principal and \$20,152.50 in interest in 1961.

The estimated budget for the

county's general fund next year is \$156,378.88 as compared to \$154,616.25 in 1960. The total improvement expenditures are budgeted for \$1,165.74 this year.

Officers' salary fund was estimated at \$210,870.63. This year it is \$209,790.65, an increase of \$1,080. Airport maintenance was estimated at \$14,532.82, approximately \$1,000 less than this year.

Mrs. Ralph Stevens has just returned from a trip to Powhatan Point, Ohio, to visit her daughter, Mrs. Hugh Hill, (Ruedelle). The Hills are the proud parents of a 9 pound 6 ounce son born August 26th and named Michael Hugh.

**Two reasons why cooperatives build stronger communities**

First of all, cooperatives are the biggest taxpayers in many cities and towns. Their real estate and property taxes help build better schools, maintain and expand local government services, pay for public improvements that make living more enjoyable.

Secondly, patron-owners of the cooperative make substantial savings on the purchase of goods and services and in the processing and marketing of agricultural products.

Any income remaining in the cooperative over and above the cost of doing business is refunded to the customer-owners. Cash refunds are often substantial and their beneficial effects are felt throughout the whole community.

## A-1 Lanes Bowling News

The featured events at A-1 Lanes last Saturday night drew a large crowd with several spectators being enthusiastic boosters of their "choice" in the various events.

In the C. J. (Dick) Pharr-Wayne Burns match, which had been brewing for several weeks, Burns chalked up a 6-0 series to defeat Pharr who bowled a 470 series. The first game was bowled "blind" with a curtain across the lanes. After the first game, the curtains were removed.

Burns had games of 169, 199 and 192, while Pharr had 135, 185 and 150.

**Women "Spot" Bowl**  
Just prior to the Pharr-Burns match, "spot" bowling was exhibited by Mrs. Lloyd Edwards and Mrs. Jim Ned Cragg teamed against Mrs. Charles Owens and Mrs. Buford Davenport.

Mmes. Edwards and Cragg were victorious, bowling a 977 series, while Mmes. Owens and Davenport bowled 919.

**Travel League**  
A-1 Lanes and A-1 Cafe, team composed of two traveling teams competed in a match Saturday night at A-1 Cafe, composed of Curtis Lebow, Vic Struve, Glenn Selke, Mike Powell and Harold McCune, downed the opposition 2729 to 2550. A-1 Lanes team is composed of J. H. Myatt, Chester Berutti, Hugh Pettit, Bobby Barton and Bob Drace.

**Leagues To Form**  
The Thursday night 7 o'clock Ladies Bowling League has postponed its first week of league bowling until next Thursday night September 15. There is still room for some more teams in this league, so those who are interested in bowling are asked to please notify Alice Selke or those who are interested may make up their own teams of four members per team and phone the names to Mrs. Selke. The handicap for this league will be 3-4 from 650.

**Meet Today**  
All women interested in forming a Women's Coffee League and bowling at 10 a. m. are asked to be present for a meeting at A-1 Lanes today (Thursday) at 10 a. m. At this time, the day the league will be bowled will be decided upon.

**Pee Wee League**  
All boys and girls of the age group eligible for the Pee Wee League who are interested in participating in the classes and league are asked to be present at A-1 Lanes Saturday morning.

This will be a class instruction session as well as league bowling. A-1 Lanes will furnish the shoes free of charge, and the bowling will cost each individual only \$1.00 for three lines of bowling.

**Monday Night**  
There will be a meeting Monday night, September 12, at A-1 Lanes of all men interested in bowling in the Monday Night League. The meeting is scheduled for 8 p. m. The league is to be organized at that time.

Christine Lebow reported that the Women's Monday Night League will start at 6:30 p. m. Monday, September 12. All teams and team members are urged to be present for the beginning of this league.

**Tuesday**  
There is to be a meeting at 2 p. m. Tuesday, September 13, of all women bowling in the Housewives League. A Housewives League for the winter will be organized and the day they will bowl will be set.

**All-Church League**  
W. C. Clement, secretary of the Summer All-Church League, reported the following results of that league.

The Baptist Church team from New Deal won the league with 43 wins against 17 losses; Team No. 7, Workmen, also of New Deal, captured second place with 41 1/2 wins and 18 1/2 losses; and the Unlucky "4" of Abernathy took third place honors with 40 wins 20 losses.

During the season, L. G. Deering had high individual game with 239 pins, while Charles Luck was second with 231, and Melvin Ranz third with 226. Rev. Joe Griffin had high individual series, 592.

President of the league was Virgil Lawyer, New Deal; vice-president was Joe Griffin, and secretary was W. C. Clement, both of Abernathy.

**ERASER DUST**  
A man sought medical aid because he had popped eyes and ringing in the ears. A doctor looked him over and suggested removal of his tonsils. The operation resulted in no improvement, so the patient consulted another doctor who suggested the removal of his teeth. The teeth were extracted, but still the man's eyes popped and the ringing in his ears continued.

A third doctor told him bluntly, "You've got to have his to live." In that event the doomed man decided to treat himself while he could. He bought himself a car, hired a chauffeur, had the best tailor in town make him 30 suits, and decided even to have his shirts made to order.

"Okay," said the shirtmaker. "Let's get your measurements. Hmmm, 34 sleeve, 16 collar. . . . "Fifteen," the man said. "Sixteen collar," the shirtmaker repeated, measuring again. "But I've always worn a 15 collar," said the man.

"Listen," the shirtmaker said. "I'm warning you. You keep on wearing a 15 collar and your eyes will pop and you'll have a ringing your ears."—(Texas Outlook)

## ATTEBURY FAMILY REUNION HELD

The Attebury Annual Reunion was held August 20 and 21 at the home of T. T. Attebury Jr., in Austin, Texas. Those attending were: Mr. and Mrs. D. C. Attebury and family, Mr. and Mrs. E. H. Attebury, Mr. and Mrs. B. E. Attebury, Mr. and Mrs. C. L. Attebury, Mr. and Mrs. B. E. Attebury and children, all of Abernathy; Mrs. Howarth Summels and James of Levelland; Mr. and Mrs. Wayne Attebury and children of Rt. 2, Petersburg; Mr. and Mrs. J. H. Shinn, Herrington, Kansas; Mrs. Wm. C. Attebury and daughters of Seminole, Oklahoma; Mr. and Mrs. Marshall Conner of Lubbock.

**Extend Trip**  
The D. C. Attebury family went to San Antonio and visited the Alamo and Sunken Gardens. From there they journeyed to Rockwall, Texas to visit Mrs. Attebury's parents, Mr. and Mrs. J. C. Patterson.

Mr. and Mrs. Jim Bob Smith of Abernathy, and his sister and family, Mr. and Mrs. Y. F. Snodgrass and sons Don, Kent and Scott of Lubbock, vacationed at Red River, N. M., last weekend and early this week.

Mr. and Mrs. Jim Huffstetter of Amarillo, Mr. and Mrs. Martin Hobratschek and Mr. and Mrs. Vastine Hobratschek of Littlefield, Mr. and Mrs. Wallace Klatt and Wallace, Jr., of Lubbock, and Mr. and Mrs. Hugh Osborne of Anton were weekend visitors in the home of Mr. and Mrs. Eimo Matejowski and family.

## JUNIOR HIGH STUDENTS OCCUPY NEW BUILDING

The Abernathy junior high students moved into the new Junior High School building Tuesday morning, according to Noel Johnson, school superintendent.

Mr. Johnson added that the building is not 100 percent complete, as it lacks chalk boards and a few other smaller items which did not arrive on schedule. The Abernathy School Board has not accepted the building as complete, but special arrangements were made with A. P. Kasch & Sons, contractors, to move the students into the building and let the workers complete the building after school hours and on weekends.

The next building Mr. Johnson expects to be completed is the band building. Completion of the building is expected sometime this month.

The classroom portion of the Agriculture building is being occupied and the shop will be ready to equip within 30 days, it was stated. The new Homemaking department is expected to be completed sometime in October.

Army Ret. James C. Gist, who enlisted recently and was sent to Fort Carson, Colorado, has been transferred to Fort Hood, Texas, for 16 weeks training. He is the son of Mr. and Mrs. S. P. Gist of Abernathy. His address is RA-18597083, Troop "A", 1st Reconnaissance Squadron, 15th Cavalry, 2nd Armored Division, Fort Hood, Texas.

## ABERNATHY WEEKLY REVIEW

ABERNATHY, TEXAS, THURSDAY, SEPT. 8, 1960 Page 10  
Published on Thursday of Each Week in Abernathy, Texas  
Entered As Second Class Mail Matter At The Post Office At Abernathy, Texas, Under The Act Of Congress of March 3, 1879  
ESTABLISHED IN 1921  
Richard Havens, Editor — Buford F. Davenport, Publisher  
P. O. Box 847, Abernathy, Texas  
605 Avenue C Telephone CY-8-2033

Suzan Benn flew to Long Beach, Calif., recently to accompany Martha Benn to Abernathy, on the way visiting Northern California, Nevada, Utah and California. Mrs. Chris Benn will return to California with Martha for a few days.

Among those from here called on a petit jury panel in the 64th District Court in Plainview last week were Dwayne Bristow, Ernest Durrett, Jr., Alvin Hardin, Mrs. Lon Carmickle, Mrs. Douglas Chapman, James V. Harkey, Millard Hancock and Buford Davenport.

Among those from here who were in Ruidoso, New Mexico, recently included W. C. Bryant and family, the Glen Hammond family, Virgil Phillips and family, the Elton Settle family, Mr. and Mrs. Lewis Luttrick and sons, the Millard Hancock family, the Loren West family and Eugene Heath.

Texas A&M College System entomologists say that stored grain cannot be forgotten. Insects may be stored with the grain, and these insects could cause tremendous losses. To combat insect damage to stored grain, the storeroom should fumigate the grain according to recommendations of the local county agent.

Farmers and ranchers cannot afford to be dull and lazy during late summer and early fall. Extension range specialists say that winter is not very far away, and now is the time to make preparations for carrying the livestock until next spring.

Texas A&M College System entomologists say that stored grain cannot be forgotten. Insects may be stored with the grain, and these insects could cause tremendous losses. To combat insect damage to stored grain, the storeroom should fumigate the grain according to recommendations of the local county agent.
