## Underpass Excavation Starts

# Heavy Machinery Rolls As Work Begins On Freeway In Abernathy

Heavy dirt-moving machinery is rolling at top speed on Abernathy's Freeway project. Excavation started this week on the underpass that will carry freeway traffic over Main Street.

Excavation for the underpass started south of Main Street, and huge earth-moving machines were hauling from there to the south edge of town, placing the dirt for an overpass base. An overpass will carry freeway traffic over FM 597 in the south part of town.

Work also was underway on the freeway in the north part of town. An overpass will be constructed at the north edge of town for freeway traffic.

All local traffic will be on ground level. Freeway traffic will be on overpasses at the south and north ends of town, and freeway traffic will be in an un-

derpass going under Main Street in the center of town.

The freeway project now under construction will cover about two miles, one-half south of Abernathy, through town, to a point one-half mile northwest of Abernathy. Contracting firm is J. O. Boswell and Sira & Payne. Contract bid for the freeway project here and a similar one at Hale Center was \$1,447,477.00, with 350 working days expected.

**Congested Highway**  
When completed, the freeway will relieve congested traffic conditions that now exist with US Highway 87 carrying heavy transient traffic through the center of Abernathy on Avenue D. Through traffic is hampered on the present route, and local traffic is stymied at times by the heavy flow of highway traffic. Business places on Ave. D in the center of town suffer from the heavy highway traffic flow that

hampers movement of local, customer-potential traffic.

Completion of the freeway is expected to signal the start of commercial construction as service stations and restaurants seek locations on the new route.

Right-of-way has been obtained for a four-lane divided highway between Abernathy and Hale Center. This construction will join the Abernathy freeway one-half mile northwest of town and extend to the Hale Center freeway south-southwest of that town. No announcement has been made concerning construction starting date on the four-lane divided highway between Abernathy and Hale Center, a distance of some 15 miles.

Long-range plans also call for a four-lane divided highway between Abernathy and Lubbock, joining Abernathy's freeway one-half mile south of town.

**BY REVA FLORENCE**  
The Billy Pittman family resides at TUCO, house 9, and have resided there since 1956. The Frank Lowe family formerly resided there before the retirement of Mr. Frank Lowe, who now lives in Plainview.

Billy attended schools both at Hale Center and at Petersburg. He graduated from Petersburg High School after entering the school as a high school freshman. There he lettered in football for four years, serving as captain of his team the last two years. He also participated in boxing, lettering one year.

Before coming to TUCO as an employee in 1951, the Pittmans lived near Plainview for four years where Billy was engaged in farming. As a new TUCO employee Billy began work as a member of the maintenance crew and now holds the title of Journeyman Mechanic. Billy is to receive his ten-year service award next year and holds two certificates, one for each year he attended the four-year apprentice school for plant employees taught by Manager Phil Sterrett and Assistant Manager Willie Florence. Both Billy and Fern Pittman attended all the sessions of the First Aid

**CLOSING IS SET THANKSGIVING**  
Thanksgiving is among holidays generally observed by many Abernathy firms by closing of their places of business. Abernathy post office will be closed that day and there will be no rural mail delivery. Abernathy First State Bank will be closed Thanksgiving Day, Thursday, November 24. Bank customers are reminded of the night depository unit at the southeast entrance to the bank, for making deposits after the bank closes, over the weekend and on holidays.

**School Holiday**  
According to the schedule, Abernathy schools will close at 2 p.m. Wednesday, November 23, for Thanksgiving Holidays. Classes are to be resumed Monday morning, November 28.

**Abernathy School Enrollment Hits All-Time High**  
School superintendent Noel Johnson reported that the school enrollment for the end of the second month of school has set an all-time high. The enrollment in the white school alone is higher than the total enrollment of the white school combined with that of East Ward during the peak enrollment last year.

At the end of the second month this year there were 1,225 students enrolled in the white school, which is 77 above the 1,148 enrolled at the same time last year. There are 67 students enrolled at East Ward for a grand total of 1,292.

Of the 1,225 now enrolled in the white school, 668 of these students are in the first five grades. There are 306 students in Junior High (grades 6, 7 and 8), and 251 students in high school.

It is shown in the enrollment report that out of the 668 students enrolled in the first five grades, 40 per cent have Latin American surnames.

School officials pointed out that these students are, for the most part, permanent residents, and the 40 per cent shows 7 per cent increase over last year's proportionate enrollment of 33 per cent Latin American in the first five grades.

It was also pointed out that there are six first grades—three sections of Anglo Americans totaling 83, and the remaining three sections are Latin American totaling 87. Thus, of the 170 students enrolled in the first grade, over 50 per cent are Latin American.

Fire badly damaged the kitchen of the residence occupied by the Paul D. Noland at 411 14th St., at about 5:20 p.m. Wednesday when a gas connection at the base of a cook stove exploded. The house is owned by the Aubrey Franklins, who just recently moved from that address to the Franklin farm.

Mrs. Noland, wife of Abernathy's city manager, was in the kitchen at the time of the explosion, and the Noland's two wards, Martha L. 10, and Cynthia L. 12, were in the hallway leading from the kitchen to a bedroom. Mrs. Noland received a slight burn on her right arm, and in trying to reach the gas cut-off behind the stove, her hair and eye brows were singed.

Mrs. Noland said she sent the girls outside, then rushed to the phone to report the fire. She dialed the Abernathy operator in Lubbock, but the operator did not answer immediately and thinking the phone might be out of order, Mrs. Noland hurried next door to the Ted Hill residence and used their phone. City manager Noland answered the phone at

**Drawing Set Saturday At Struve Grocery**

A drawing at Marvin Struve Grocery is scheduled for 5 p.m. Saturday, at which time 15,000 Big Chief stamps are to be given away. First prize in the drawing is 5,000 stamps, second prize is 4,000, third prize is 3,000, fourth prize is 2,000, and fifth prize is 1,000 stamps.

**Free Gifts**  
Marvin Struve, owner, announced that the first 50 customers buying groceries Friday and Saturday of this week will each receive a free gift.

See his grocery ad on another page of this paper for information.

Betty Houston, daughter of Mr. and Mrs. E. A. ... boarded the train for Friday afternoon for Canyon to spend the weekend with her sister, Gloria, a student at WTSC. It was Rhetta's first train ride ... and she almost missed it. The engineer failed to see the flag in time to stop at the station and finally came to a halt at the north edge of town. He reversed the train back to the station to take on the young passenger.

# 'Lopes End Season With 2-7-1 Record

## Nudged 22-20 By Muleshoe Here Last Friday Night

The Abernathy Antelopes closed out their 1960 football season here last Friday night and narrowly missed a victory as they were downed by the visiting Muleshoe Mules, 22-20. The Antelopes completed the season with a 2-7-1 record, both wins coming in District 2-AA play.

**Move 74 Yards**  
The Antelopes scored the first time they got the ball last Friday night, marching 74 yards for the initial tally. Muleshoe had moved from their own 41 deep into Antelope territory but the Antelopes held the Mules on downs and took over on Abernathy's 26 yard line. Fullback Johnnie Adams picked up 5 yards then halfback Mike Ritchey shot through left tackle and rambled 40 yards before being brought down on Muleshoe's 30 yard marker. Adams made two yards up the middle, then quarterback John Brown skirted right end for 13 yards. Stanley Joy ended the drive when he slanted off right tackle and raced the final 15 yards for the score. Ritchey kicked the extra point to give the Antelopes a 7-0 lead.

**Touchdown Pass**  
The Antelopes kicked off to the Mules and forced them to punt. The ball rolled dead on Muleshoe's 48 yard line and the Antelopes again cranked up and went the distance. Ritchey, Adams and Brown moved the ball to the 26 on four plays. From here Brown hit Ritchey with a bullet pass which Ritchey took on the five and spurred into the end zone for the score. Ritchey again kicked the extra point to give the Antelopes a 14-0 cushion.

**Mules Tie It Up**  
Shortly after the kickoff, John Kiker recovered a Mule fumble on Abernathy's 30 yard line. A holding penalty moved the ball back to the 15, then the Antelopes were forced to punt early in the second quarter after moving the ball back out to the 32. Brown's punt was blocked by three Muleshoe players and guard Jerry Wright picked the ball up

on the 16 and carried over for Muleshoe's first score. Fullback Gary Pierce ran the extra points over to make the score 14-8.

Abernathy took possession of the ball on the 20 after the kick off went into the end zone, and moved to Muleshoe's 45, but fumbled and Dixon Ray recovered for Muleshoe back on Abernathy's 40 yard line. The Mules moved to Abernathy's 9 yard line with first down and goal to go and attempted a pass which alert Stanley Joy intercepted on the one yard line and carried out to the eight. The Antelopes made it out to the 14 then Brown punted to Billy Gilbreath who made only three yards before being hauled down by Raymond Smith and John Kiker on Abernathy's 49.

From here the Mules drove to the goal line for their second TD. Gilbreath went the final two yards around end. Jim Young was stopped on the extra point try, and the game was tied, 14-14, with this score standing up until the half.

**Antelopes Go Ahead**  
Early in the third quarter Abernathy worked the ball down to Muleshoe's 5 yard line, but a pass interception in the end zone by the Mules stopped that drive. This was a touchback and Muleshoe took over on the 20 yard line. The Mules worked a few yards but two penalties and a 12-yard setback at the hands of Johnnie Adams brought up fourth down and 28 yards needed on the eight yard line.

Walker punted high in the air and the ball hit Keith Beard then hit Joy and Adams as members of both teams scrambled for the loose ball. Muleshoe came up with the ball on their own 41, but the Antelopes held for four downs and took possession on Muleshoe's 37 yard line. On the first play, Adams took the ball, slanted off left tackle and raced to paydirt 37 yards away. A Brown pass intended for end Jerry Gist was incomplete and

## School Board Members Tour New Buildings

A tour of the new school buildings, completed and nearing completion, was conducted during the regular School Board meeting Monday night, November 7, according to school superintendent Noel Johnson.

It was reported that the new agriculture shop has been completed although not officially accepted by the School Board. New shop equipment has been received and is being installed.

Of the new buildings which have recently been occupied, none have been officially accepted, but all the buildings will be officially accepted when all construction work has been completed. Construction is expected to be completed around the first of the year, according to latest reports.

**Purchase Vehicle**  
The School Board approved purchase of a used panel truck from Reid Chevrolet to be used as a maintenance vehicle for the School District. H. T. Ritchey is the schools' maintenance supervisor.

**Landscaping**  
In other action last Monday night, the Board members voted to let R. C. Patterson Jr., owner and operator of the Rose Garden Nursery and Florist in South Abernathy, do the landscaping of the new buildings. Mr. Patterson's proposals were considerably less in total cost than out-of-town prices, school officials reported.

Lubbock County Clerk issued a marriage license to Winiberto Barron and Mrs. Mary Vargas.

## AT PLAINVIEW TODAY, 2:30 P. M.

# New Deal Lions, Anton Bulldogs To Clash In District Tilt

The New Deal Lions, winner of District 4-B, will take on the Anton Bulldogs, District 3-B champions, at Plainview today (Thursday). The bi-district tilt is scheduled to get underway at 2:30 p.m.

The Anton team boasts a defensive line average of 178 pounds, while their backfield average 181 pounds. New Deal has an overall average of 158 pounds.

**Swamped by Idalou**  
The strong, undefeated Idalou Wildcats, winner of District 4-A, blasted the New Deal Lions 52-14 Friday night at New Deal. New Deal is the District 4-B champion.

New Deal, snuffed under by Idalou's blinding speed most of the night, took charge on occasions with flashy end Jerry Hogan and John Cole—an end converted to fullback in an emergency—providing the spark for the Lions.

Idalou scored in the first two minutes of the game when Robert Layne carried over from six yards out after racing 55 yards on the previous play. Layne also provided the second tally, going over from the four to end a 60-yard drive. Joe Wilbanks passed to Layne for the extra points.

Powerful back Billy Pat Swann scored the third TD when he returned a New Deal punt 60 yards and Layne picked up the extra points. Sophomore George John-

son raced 70 yards around right end for Idalou's fourth touchdown. Neil Emery pounded over for the extra points.

New Deal got their first score late in the first quarter when quarterback Jimmy Cox hit Hogan with an aerial, the pass play covering 64 yards to Idalou's 5 yard line. From here David Attebury carried over for the TD. Cole picked up the extra points, going over right tackle.

Emery was credited with Idalou's fifth score, returning a Lion punt 89 yards. New Deal picked up the only third quarter score when Cole burst over right tackle, cut back to the left and raced 55 yards for the tally.

Wilbanks ended a long Idalou drive in the fourth quarter, racing 17 yards around right end for the score. Layne closed out the scoring spree with less than two minutes to play by returning a Lion punt 50 yards. Wilbanks added the two extra points.

Ace linebacker Charles Ruffin along with Don Enger and Jim Barrington, were defensive standouts for the Lions.

Mrs. Ray Baumgart and daughter, Sherry, of Pleasanton are visiting here in the home of her mother, Mrs. Lillian Young. Mr. and Mrs. Pat Young and daughter of Floydada were here Sunday to visit his mother and sister.

Mr. and Mrs. Clovis Gay of Burkburnett visited here last weekend in the homes of her sisters, Mrs. Klt Medlin and Mrs. Frank Lovelace.

Mr. and Mrs. O. F. Rea, who observed their 32nd wedding anniversary Friday, visited in Killen and Temple last weekend.

SIX MEMBERS of the Junior play cast are pictured above as they rehearse one of the scenes in "Bull In A China Shop," which is to be presented Friday (tomorrow) at 8 p. m. in the school auditorium. The play is a comedy in three acts and promises to be a very entertaining program. Re-

**JUNIOR CLASS TO PRESENT:**

# "Bull In A China Shop"

The Abernathy High School junior class is to present its play, "Bull In A China Shop," at 8 p.m. Friday night in the school auditorium. It is a comedy in three acts, and promises to be a very entertaining program.

This play has appeared on television's Alfred Hitchcock Show and was also selected as one of the best detective stories of 1957.

**Cast**  
The members of the cast are as follows: Dennis O'Finn—Harold Davis; Miss Hildegarde—Jane Apperson; Miss Birdie—Dianna Stevenson; Miss Lucy—Sue Suttie; Miss Nettie—Trudy Attebury; Miss Elizabeth—Evelyn Dye; Kramer—Johnny Bridges; Stretcher Bearers—Tommy Walker and Jimmy Irish; Jane Rodgers—Wanda Bridges; Johnson—Lawson Hager.

The Director of the play is Mr. J. C. Doggett, and the Student Director is Judy Kiker.

Class sponsors are: Miss Shelley Oswald, head sponsor; Mrs. Sue Park, Miss Barbara McDougal, and Mr. Dwight Lindsey. Casting was done by Mr. Doggett, Misses Oswald and McDougal, Mrs. Park, and Mr. Leon Hill.

**Jr. Play Crew**  
In addition to the director and student director, others helping with the play are: Edwinna Anderson, business manager; Bobby Teaff, stage manager; Dickey Patterson, assistant stage manager; Betty Ann Sterrett and Ruthie Beaton, publicity; Janice Adkisson and Marsha Taylor, programs and tickets.

The prop crew include Kay Powell, chairman, Porky Tennell, Gloria Robles and Angelica Ramos. The paint crew includes Charlie Duran, chairman, Charles Wisdom and Dickey Herring;

sound effects, William Smiteh and James Klafka; lighting editor, Robert Pope and Dennie Edwards. The make-up committee is Carolyn McGuire, chairman, Kay Dale, Linda Turner, Betty Johnson, Georgia Keiso and Ann Hudson. The prompter is Brent Weir. Ushers for the program will include Pat Peters, Billy Matthews, Pam Kowles, Pat Galloway and Janie Hall.

**Admission**  
Reserve seats tickets are now on sale, and may be purchased from any member of the junior class for \$1.00 each. General admission price is 75 cents per ticket, and admission for students is 50 cents.

"This year's play is a side-splitting, laughter-filled three act comedy which you're bound to enjoy. So come see Miss Birdie 'sworn', O'Finn solve the case, and the man-crazy old mald lay their plot to snag a man."

## City Will Pay 17.53 Percent Of Cost Of Forthcoming Paving Project

The paving project for the City of Abernathy is expected to get underway in the near future. At present there are still a few individuals, whose property was not on the proposed list to be paved, who are asking for paving and more than likely they will get paving during this project.

A public hearing was held at the City Hall Monday night for the purpose of "hearing out" the individuals who had questions or who wanted or did not want paving. About 10 individuals appeared before the Council Monday night, some wanting paving, some wanting it only on one side of their property, and some having questions about the areas proposed to be paved.

**Individual Cost**  
Contract for the paving was awarded to Lubbock Pavers at a meeting Monday night, November 7, on their low bid of \$224,418.75.

According to city manager Paul Noland, in the past the city has paid about 17.5 per cent of the total cost, thus covering the cost of paving the intersections and alley areas. Many of the in-

tersections in the forthcoming project have been paved during previous projects, but the city has set aside \$43,144.91 to be paid on the total project, whereby the city will be paying 17.53 per cent.

By paying approximately the same per cent as in the past, it will prevent the individual property owners from paying a higher cost than property owners paid in previous paving projects.

In fact cost to the individual property owners will be slightly less than was paid in the project four years ago.

Following is the cost to property owners for the proposed project: 41 1/2 ft. Street, \$428 per front foot; 61 ft. Street (Ave. E), \$5 68 per front foot; and 77 ft. Street (Main Street), \$647 per front foot.

City manager Noland reported that at this point the city has obligated \$96,738.53 of its \$30,000.00 bonds voted last April. The money obligated other than the forthcoming paving project includes street repairs, improvements, and seal coating of various other city streets.

## A-1 LANES' SECOND ANNUAL LADIES BOWLING TOURNAMENT SCHEDULED FOR THIS WEEKEND

Abernathy's A-1 Lanes' Second Annual Ladies Bowling Tournament is scheduled to get underway Friday (tomorrow) with the first round of bowling slated for 4:30 p. m. in the Handicap Team Event.

Bowling in this event is scheduled for Friday and Saturday, at 4:30 and 7:30 p. m. each day.

**Sweeper**  
The bowling Sweeper is open to the women bowlers Friday and Saturday and Sunday. They will bowl four games across eight lanes in this event.

Two classes are to be featured in the sweeper. Class A will consist of those bowlers whose average is 155 or above. Class B will consist of bowlers whose average is 154 and below.

The tournament is WIBC Sanctioned.

Spectators are invited to turn out for this event and see some fine bowling.

## New Deal Lions Club To Honor Football Boys

The New Deal Lions Club is sponsoring a "feast" for the New Deal football boys the occasion being scheduled for Monday night, November 21. It will be held at the New Deal Club-house.

According to reports, Gene Bates of Lubbock Christian College, will be the principal speaker.

## AHS Girls Team Edged 66-62 By White Deer In Overtime Battle

The Abernathy Antelope girls' basketball squad participated in the annual Flying Queens girls' basketball clinic at Wayland College in Plainview Saturday, and the local team took part in the competitive games that evening.

Abernathy and White Deer met at 7:30 that evening, with the White Deer team coming out on the long end of the score, 66-62, in an overtime battle. The local lasses led 35-28 at halftime, but the score was tied 62-62 when the fourth quarter ended. In the overtime White Deer made a two-point throw and added two free throws to make the tilt by a four-point margin.

Diann Owen paced the Abernathy team with 28 points. Betty Johnson scored 19 points and Nelda Sanders 15. Moore of White Deer blazed the nets for 44 points, followed by Allen with 13.

Guards seeing action were Janice Adkisson, Frances Teaff, Peggy Davis, Shirlee Nesbitt, and Dee Ann Davidson.

**Loss To CC**  
The local girls' A and B teams traveled to Cotton Center Monday night of this week, and both teams were defeated by only four-point margins. The A team came out on the short end of the

score, 60-56, and the B team was downed 33-29.

Betty Johnson paced the local A team with 21 points, followed by Nelda Sanders with 18 and Diann Owen with 17. Prather led Cotton Center with 32 points and Barrett and White each had 14.

Guards seeing action were Teaff, Adkisson, Davis, Nesbitt and Davidson.

Abernathy's B team was paced by Martha Struve who scored 14 points. Jan Exum flipped in 11 points and Janie Brown added 4. Linda Jo Brezgal also saw action at the forward position. Shackelford led the Cotton Center team with 12 points.

Guards seeing action in the B game were Elaine Bilbrey, Gwyn Hendrix, Rita Evans and Judy Brownlow.

**To Play Roosevelt**  
The A and B girls' teams will travel to Roosevelt tonight (Thursday) for the first meeting of these two teams this season. Roosevelt has boasted a strong team for the past several years.

**Sudan Here Monday**  
The girls' A and B teams will play host to the Sudan girls' teams Monday night in the local gym.

See page 2 of this paper for more news about the AHS girls' basketball games.

# AHS Girl's Basketball Teams Open Season

The AHS girls' basketball squad, defending champions of District 2-AA, opened the 1960-61 season November 3 when they traveled to Friendship. The local A and B teams both took victories that night, the A team capturing a 44-34 win and the B team took a 44-18 decision.

Diann Owen pumped in a total of 30 points for high point honors. She was backed up by Nelda Sanders and Betty (Johnnie) Johnson with 19 and 16 points respectively. Even though she failed to score, Jan Exum turned in a fine job also. High scorer for Friendship was Kay Conrad with 16 points.

Guards seeing action and doing a fine job were Janice Adkisson, Peggy Davis, Frances Teaff, Shirlee Nesbitt, Dee Ann Davidson and Elaine Bilbrey.

Coach Wilson is in his eighth year as AHS girls' basketball coach, and is in his second year as Abernathy school athletic director. Before coming to Abernathy to take over in 1953, Wilson was mentor for the Avoca girls for four years. In 1953 his Avoca team qualified for the state tournament in Austin.

Coach Wilson's second team to go to the state tournament was in 1955 when all-star Shirley Oswald, who is now assistant coach for the Abernathy squad, was the top star. (That team was defeated by one point in the semi-finals.)

In the past seven years as coach here, Wilson's teams have failed to win the district championship only once, and have played in the state tournament four times, winning the State AA championship in 1957-58 and 1958-59.

Miss Oswald, daughter of Mr. and Mrs. Doyle Oswald, Abernathy, graduated from AHS in 1955 and graduated from ACC in Abilene in the summer of 1958. She is starting her fifth season as assistant coach here.

**Varsity**  
FORWARDS—Diann Owen, Nelda Sanders, Betty (Johnnie) Johnson, Jan Exum and Martha Struve.  
GUARDS—Janice Adkisson, Peggy Davis, Frances Teaff, Shirlee Nesbitt, Dee Ann Davidson and Elaine Bilbrey.

**Freshmen**  
FORWARDS—Susie Deering, Janie Brown, Linda Jo Brezale and Paula Owen. The latter will probably see some varsity action, according to Coach Wilson.  
GUARDS—Gwyn Hendrix, Joyce Lardy, Pam Davis, Judy Brownlow, Lynda Eldridge and Rita Evans.

**Scrimmage**  
The Antelope A team scrimmaged the New Deal A team here Saturday morning, November 4, and lost to the visitors, 43-38.

The local girls were led by Johnnie Johnson with 15 points, Nelda Sanders with 14, and Diann Owen with 12 points. Jan Exum also saw action at forward. New Deal was led by Ollie Mae McNeely with 24 points and Shirley French with 14.

**Split With Slaton**  
The Abernathy girls' teams split two games with the Slaton teams at Slaton last Tuesday night. The local A team fell to the powerful Slatonites 67-61, while the B team losses brought home a 60-45 victory.

For the A team, Johnson poured in 26 points. Sanders added 18 and Owen 17, and Exum turned in a fine game. Judy Bishop paced Slaton with 35 points, followed by Judy Dunn with 27.

Paula Owen pumped in 32 points in the B team game to take high scoring honors. She was backed up by Martha Struve with 12 points, Susie Deering with 11, and Janie Brown with 5 points. Linda Jo Brezale also saw action at forward.

Slaton's B team was led by Thomas with 16 points and Thompson with 14.

**Captains**  
Captains for the AHS Antelope squad were recently elected. Diann Owen and Betty (Johnnie) Johnson were chosen for the A team, and Linda Jo Brezale and Paula Owen for the B team.

Following is a roster of the 1960-61 AHS girls' basketball squad:

**FORWARDS**—Diann Owen, Nelda Sanders, Betty (Johnnie) Johnson, Jan Exum and Martha Struve.

## Junior High Football Teams End '60 Season

The Abernathy eighth grade Yearlings closed out the Junior High football season last Tuesday night at Dimmitt, and were scored 20-6 by the Dimmitt eighth graders.

Abernathy's lone touchdown was made by Joe Sandaval who raced about 65 yards for the tally. The try for extra points failed.

Due to a mixup in Dimmitt's schedule, the seventh grade team did not play.

mediate Sunday School class this year.

Billy Pittman and Fern Stapleton were married in December of 1946 and have three children, who are known as Pam, Barry and Lisa. The joy of caring for these three youngsters is known as Fern's hobby, plus the enjoyment of sewing, which she does beautifully. She has also served as a Brownie Scout leader for three years. As Billy did, she graduated from Petersburg High School and was known as Fern Stapleton before her marriage to Billy.

Pam Pittman is eleven years of age this December 30, and is in the fifth grade of our intermediate school. She was president of her G. A. (Girls' Auxiliary) group of her church this past year and is active in Girl Scouting. Her hobbies are music, scouting and reading.

Barry Pittman, who is six years of age, is a first grade student of our elementary school. He enjoys playing all "boy games" and "hunts" with his daddy, although his gun won't permit him to bring home any game. He also enjoys riding in the father-son go-kart.

Lisa Pittman is the newest member of the Pittman family—and also of the TUCO Family. She was three weeks old this past Friday, November 11. Her main activity is serving as the family alarm clock and being loved by her big sister and brother.

**"THE POOR IN SPIRIT"**

BY ROY DEAN VERNER  
Reading Time: 4 Minutes

In the famous Sermon on the Mount, delivered by our Lord, the first of the Beatitudes is, "Blessed are the poor in spirit; for theirs is the kingdom of heaven." (Matt. 5:3). Who are the poor in spirit? The poor in spirit signify not only those who are in need, but rather those who are aware of this need, therefore seeking relief. Poverty of spirit is the opposite of worldly ambition, pride, arrogance, self-esteem, self-conceit and self-righteousness. Man separated from God is sinful, blind, naked, miserable and wretched. However, many people in this condition do not know their true condition. The poor in spirit feel a deep sense of their spiritual destitution, realizing that they are void of the true riches and in need of the blessings and help of the Almighty. They are willing to empty themselves in order that they may be filled with the fullness of Christ. This in poverty of spirit, realizing their sinful state, they desire the salvation offered through Christ. There must first be emptiness before there can be fullness. So poverty of spirit precedes riches, and grace in the kingdom of God.

seek it, and therefore find it and abide in it. They will say, "Not our wills but thine be done O Lord." If they continue to manifest this spirit, they will have the abundant entrance into the eternal kingdom. "The highest buildings have the lowest foundations. As the roots of a tree descend, so the branches ascend. The lower the ebb, the higher the tide. Those upon the mountain see only the fog beneath them, while those in the deep pits see the stars above them. The most fruitful branches bow the lowest."—John Trapp.

**M. T. Hunt Dies In Farm Blast Near Becton**

IDALOU — A 44-year-old farmer, Marvin Thomas Hunt was killed late Friday afternoon in a butane tank explosion that could be heard several miles from his home.

Pieces of the tank were found scattered within a 100-yard radius of the explosion scene—a small shed about 65 feet from the residence eight miles north of Idalou.

Used Arc Welder  
Neighbors said Hunt, a widely-known farmer of this area, was building an air compressor for painting by converting a butane tank. The Hunt farm is located a mile west of Becton.

He was using an arc welder Friday afternoon to mount a motor on the tank when the tank exploded in the shed, demolishing the building.

blown from the back of the building.

Justice of the Peace George H. McCleskey, Lubbock, said a neighbor pointed out pieces of Hunt's shirt which were hanging from a tree near the shed. Much of the man's trousers also were blown from his body.

McCleskey, who said Hunt was dead on arrival at Taylor Hospital Lubbock, about 7:30 p. m., died of multiple injuries, including internal chest injuries.

A hole about a foot deep and a foot wide was blown in the ground underneath the butane tank. Hunt's body apparently was blown from inside the shed to a point several feet away.

Rites Held Sunday  
Funeral services were conducted at 3 p. m. Sunday at the Idalou Church of Christ. Burial was in Resthaven Memorial Park under direction of Sanders Funeral Home, Lubbock.

A native of Childress, Hunt moved to Aauif in 1927 and lived there and in the Becton community until moving to Arizona in 1955. He returned to this area in September, 1959.

Survivors include the wife, Billie Jo, and two daughters, Doris Anna and Mary Lena, and a stepson, Wayne Hunt, all of the home; his mother, Mrs. T. U. Hunt, Idalou, and a sister, Mrs. F. C. Bishop, County Line.

NEWS from the High Plains Research Foundation

Conserving water for future irrigation by draining the playa lakes into the underground Ogallala sand through recharge wells is an increasing practice on the High Plains. The surface water drained by gravity into the sand is thereby stored for future use rather than being lost by evaporation if permitted to remain in the lake.

One of the problems encountered in recharging is the silt in the lake water. Several filtration systems are being tested at the High Plains Research Foundation to determine the most efficient and economical method of silt removal. James Valkant, water engineer, announced.

One system use 13 sections of porous concrete pipe capable of taking up to 5,000 gallons of water per minute. Each section is 12 inches in diameter and 36 inches long with an intake rate of 385 gallons of water per minute. Sand and gravel covers of different thickness will be used to cover the porous pipe to study the effect of silt in clogging the microscopic holes in the porous pipe.

The second filtration system will use perforated well casing 16 inches in diameter, eight feet long wrapped with fiber glass filter one inch thick.

A third method to be used for silt removal will be an eight foot circular cage of 3-4 inch expanded metal with a 7 foot cylindrical cage inside. Plastic screen will be placed inside the 8 foot cylinder and outside the 7 foot inner metal circle with 6 inches of gravel between the two cylinders.

The use of chemical flocculant will be continued to precipitate silt in the lake before the water enters the recharge well. A new chemical, M-1883, designed for use in soft water produced by the Dow Chemical Company, is now being tested. This testing will be continued through 1961.

# Hale County Ballots Favor Nixon Tower Crowds LBJ For Senate Seat

Aroused Hale County Democrats pulled the lanyards of their heavy artillery in joint action with the smaller fields pieces of local Republicans on Senator Lyndon Johnson in General Election voting, November 8.

While other Democratic candidates for state offices, including Governor Price Daniel, Lieutenant Governor Ben Ramsey and Attorney General Will Wilson, drew in the order of two thousand opposition votes, and the lesser controversial state candidates in the order of 1,700, the joint barrage brought 3,897 votes for Republican Tower compared with Senator Johnson's 4,852.

Likewise Johnson, teamed with Senator Kennedy, received a lesser 3,855 to Vice President Nixon and Lodge's 4,877, with only 156 votes going to Constitution Sullivan-Curtis and 16 to Prohibition Decker-Munn.

These are unofficial complete totals compiled by Miss Mildred Tucker, county clerk, which are slightly at variance with the tables The Herald prepared, while some official reports were slowly coming in.

Hale County poured out a record vote in the general election Tuesday, an unofficial total being 9,181. It is apparent that judges found a sprinkling of ballots that would not legally qualify, there being a total of 8,743 tabulated for governor. The number failing to comprehend the big ballot is surprisingly small.

Again Hale County favored the Republican candidate for president, casting 4,877 for Nixon-Lodge and 3,855 for Kennedy-Johnson.

It gave Constitution Sullivan-Curtis 156 and Prohibition Decker-Munn 16 votes.

Governor Daniel got 6,626 compared with G. O. P. Steger's 2,117, escaping the ire that brought Senator Johnson in a closer race with Tower, who received 3,897 votes to Johnson's 4,852, and Constitution Logan 49.

Congressman George Mahon who vigorously supported the Democratic candidates, received 6,538 to his Constitution party's standard bearer Anderson, with 1,669.

The amendments carried: Hospital 3,437 to 2,692, veterans' bonds, 4,384 to 1,822, legislative salaries 3,909 to 2,526, loan regulation 4,510 to 1,905.

Lieutenant Governor Ramsey 6,597, Harrison 2,001, Eubank 32, Attorney General Wilson 6,523, Treadway 2,061, McDonald 37, Court of Criminal Appeals McDonald 7,219, Lozano 81.

Railroad Commissioner Thompson 6,652, Ewing 1,815, Jarman 58, Comptroller, Calvert 6,703, Smith 1,729, Rummel 56.

Land Commissioner Sadler, 6,728, Byles 1,738, Miller 67.

Treasurer James 6,883, Lacy 1,749, Ellis 59.

Agriculture Commissioner White 6,670, Dankiefs, 1,770, Peters 64.

Few pencils were lowered against the Democratic nominees for county and precinct offices in Hale County yesterday.

Elected were Steve Hurt, county attorney; W. F. Hollars, county assessor-collector; Ted Andrews, sheriff; W. J. Williams, county surveyor; and Commissioners Marvin Churchwell, precinct 1; Rayburn Karth, precinct 3 and Constables J. E. Miller, precinct 1 and R. C. Davis, precinct 3.

District officials elected were H. G. Wells, 89th Legislative district; Frank Gaston, attorney, 64th Judicial district.

## W. F. Durrett Dies Saturday

William F. Durrett, 88, longtime County Line and Abernathy resident, died at 9 a. m. Saturday in a Levelland hospital.

Services were held at 2:30 p. m. Monday in the First Baptist Church here. The Rev. Joe Griffin, pastor, officiated. Burial was in the Abernathy Cemetery under the direction of Dennis and Chambers Funeral Home.

Durrett moved here in 1920 from Riesel, near Waco. He was a deacon in the Baptist Church, a Mason 46 years and a member of Lodge 1142 and formerly a grocer at Moody.

Survivors include four daughters, Mrs. Jessie Jones, Mrs. C. E. Myatt, Mrs. F. A. Martin, of Levelland; Mrs. J. L. Posey, Petersburg; four sons, J. W., Mule-shoe; W. T. Big Spring; P. L. Abernathy; S. E., Abernathy; 19 grandchildren; 13 great-grandchildren; and one great-great-grandchild.

Palbearers were H. Myatt, T. F. Garrett, D. C. Attebury, M. C. Floyd, R. E. Davis and M. E. Conn.

## LETTERS

Abernathy, Texas  
November 14, 1960

Dear Buford and Richard:  
As you know, last Wednesday, November 9th, we had a fire at our house. During and after the fire we received many, many offers of assistance. We could not possibly contact everyone individually to express our appreciation for their assistance and offers of assistance. May we take this opportunity to do so.

There is one advantage to misfortune—it certainly makes one realize, more than usual, the kindness of friends and neighbors. Our heartfelt thanks go to everyone who helped, or offered to help, during our time of need.

We have also written a letter to the members of the Abernathy Fire Department, but from our own experience, let us say that Abernathians have every right to be proud of their fire department. It is my belief that the promptness and efficiency exhibited by the department reduced potential damage considerably.

Sincerely,  
Paul D. Noland

## Tech Red Raiders To Complete Their First SWC Season Saturday

Texas Tech completes its first Southwest Conference football season against University of Arkansas here Saturday afternoon with a good chance to have a say-so about the eventual champion.

By losing to the Razorbacks—the "experts" predict—the Raiders could guarantee Arkansas nothing worse than a two-way tie with Rice (assuming the Owls win their last two).

By beating the Razorbacks, the Red Raiders could give Rice, Texas, and Baylor each an opportunity to wind up in anything from two-way to a three-way tie with Arkansas for the title.

Texas Tech is virtually assured of at least a tie for sixth place in the final standings two notches above the predicted finish. The Raiders, with a win over Arkansas and a couple of unexpected losses by Texas Christian, could even move up to fifth.

Main feature of the game, however, will not be the conference standings but a meeting of some of the Southwest Conference's most outstanding players.

For example, before the season opened, Tim Oshane, Look Magazine sports editor, predicted that the Players of the Year would be either Arkansas' fleet halfback, Lance Alworth, or Texas Tech's center, E. J. Holub. Also, Arkansas is booming for All-American honors its all-Southwest Conference center, Wayne Harris, who each game is credited with an unbelievable number of tackles. The Holub-Harris duel will be another highlight.

Both reserved and general admission tickets are available.

**NEW FARM HOMES**  
Two new homes are being constructed on farms west of Abernathy. One is on the Barrick farm on FM 597, for the Clayton Barricks. It will have three bedrooms. The Clay Pettits are building a 2-bedroom, brick veneer on FM 54 east of their present home.

Linda Schreier, student at Eastern New Mexico University, Portales, was in a musical recital given there Tuesday evening by string and woodwind ensembles. She played in the woodwind group. Linda is a daughter of Mr. and Mrs. W. K. Schreier of Abernathy.

## Jr. Hi Teams To Open Basketball Season Tonight

The Abernathy Junior High school boys' seventh and eighth grade basketball teams will open their season tonight (Thursday) at Slaton. The Yearling teams closed out their football season last week, and have been working out for basketball this week. Coach for the teams is Bobby Dyess.

## HAROLD McCUNE BOWLS 699 SERIES IN LEAGUE

Harold McCune, generally considered a consistently good bowler, posted a 699 series Wednesday night last week at A-1 Lanes while bowling on a team composed of him and Mrs. McCune and Mr. and Mrs. Glenn Selke. He had games of 229, 231 and 219.

Mrs. Lloyd Edwards bowled 201, 208 and 193 for a 602 series the same night. She bowls on a team with her husband and Mr. and Mrs. Jim Ned Gragg.

McCune's series at 699 is high for the Wednesday Night Couples' League. The 602 is not high series for the women in the league.

## BIRTHS

Mr. and Mrs. John Toman of Amarillo are parents of a son, Stuart Rowell, born Nov. 8. He weighed 9 pounds 4 ounces and is a grandson of Mr. and Mrs. Paul Haral of Abernathy.

Mr. and Mrs. Rojello Ledesma of New Deal are parents of a daughter born Nov. 14. She weighed 6 pounds 13 ounces.

## DOUBLE CROSS

Wife to husband: "That \$10 that was in your trousers last night—did you steal it out of my purse this morning."

## End Football Season

(By Bobby Dyess)

The eighth grade football team played the Dimmitt eighth graders last week to complete the Junior High football schedule for the season. The seventh grade team did not play due to a mix-up in the schedule.

The Dimmitt team took a wick lead, driving the ball 70 yards after Abernathy failed to score. The conversion was also good and the first quarter score was 8-0 in favor of Dimmitt.

The Dimmitt team scored in the second quarter on a 10 yard pass play. The conversion try failed and the score at halftime was 14-0.

The second half scoring of both teams was equal, with the Dimmitt squad scoring first. In the fourth quarter Abernathy scored on a quick play up the middle with Joe Sandaval scampering 70 yards for the touchdown. The conversion try failed and the score remained unchanged with Dimmitt on top 20-6.

**PEARLS FOR SALE**

Juliette Low not only founded Girl Scouts of the U. S. A., but paid all of the organization's expenses out of her pocket during its first four years of existence. At the outbreak of World War I in 1914 Mrs. Low discovered her funds were running out. She promptly took off her heirloom pearls and sold them to provide funds to continue the movement. She need not have feared for the survival of her life work. In 1927 when she died, Girl Scout membership had reached a total of 168,000. On October 31 of this year, close to 3 1/2 million Girl Scouts, including 800,000 adults celebrated Juliette Low's hundredth birthday anniversary in her funds were running out. She promptly took off her heirloom pearls and sold them to provide funds to continue the movement. She need not have feared for the survival of her life work. The story of

### WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church."

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

### Miss Gutierrez Enlists in WAC

Rosa M. Gutierrez

Rosa M. Gutierrez, daughter of Mrs. Rosa Nunez, Route 2, Abernathy, enlisted November 1 for a two-year tour of duty in the Women's Army Corps. She is now at Fort McClellan, Alabama, undergoing eight week's basic training.

Prior to her enlistment, Miss Gutierrez attended Abernathy High School where she was a member of the Future Homemakers of America.

Rosa was enlisted in the Women's Army Corps through the efforts of SFC George Moore, local Army Recruiter. Interested parties are invited to contact him at 1110 Texas Avenue in Lubbock or by calling Porter 3-2821 collect.

### Several Persons Injured Sunday

Sunday was not a day of rest for doctors and nurses at Abernathy Medical Clinic Industrial and play accidents kept them busy.

Paul Ray, about 2 years old, son of Mr. and Mrs. Bruce Mason of Abernathy, fell while playing and broke his left shoulder blade. This happened Saturday, but he was in the clinic for further treatment Sunday.

The other play accident involved a 10-year-old girl from New Deal area, whose last name is Bridges (no further information available). She sustained a laceration on her right leg.

Seven fingers on the hands of A. E. Morton, Lubbock, were badly burned when electricity shorted wires he was working on in a fuse box at an Abernathy gin. Frank E. Mason, 37, was treated for a two-inch scalp laceration. He was working in a grain unloading pit at a local elevator when a water can fell off the pit bank and hit his head.

### Hand Is Smashed

H. T. (SI) Peters sustained a painful injury to his right hand at 3 p.m. Sunday at the Mobil Service Station in Abernathy. Several bones were cracked and the hand was lacerated in two places when it was caught in a power unit used in fixing flat tires. He was treated at Abernathy Medical Clinic and released.

### A-1 Cafe Fire

Billy Barron, Abernathy electrical contractor, sustained first to second degree burns on his forehead about 6:45 Monday night at A-1 Cafe. Wiring in a breaker switch panel shorted as he prepared to work on the unit. Fire flared out, striking his forehead. Barron was treated at Abernathy Medical Clinic and released. Firemen answered the alarm. Fire damage was confined to the panel area.

### Grand Jury Returns 43 Indictments

The Hale County grand jury at the conclusion of a two day session returned 43 felony indictments. The group began deliberations Thursday morning and finished early Friday night.

Four persons were indicted for assault with intent to murder. Forgery, burglary and removal of mortgaged property indictments predominated the list, one of the largest number returned by a Hale grand jury in some time.

### Flame Drying Tests Are Made Of Field Grain

Field drying grain sorghum by the use of flame cultivator was a new experiment conducted at the High Plains Research Foundation in September and October. The objective was to reduce the moisture content to the 13 per cent acceptable for safe storage or government loan, without dockage.

The results secured were encouraging enough to justify continuation of the tests. During the winter months the experiment will be continued on grain sorghum in the Rio Grande Valley and at the Foundation at Halfway in 1961 by Dale Price, agricultural engineer.

A high clearance tractor equipped with a flame cultivator was used in the tests. Two additional burners were added per row and the burners were placed opposite each other. The flame was directed at the base of the plants in the row. Where the flame from the burners collided, the

flame moved upward, drying the leaves and reducing the moisture in the head.

Dr. Tom Longnecker, in commenting on the procedure, stated, "Although it is too early to predict whether this artificial drying of grain sorghum in the field has a place, the results so far are very encouraging. In good dry weather grain sorghum will dry at the approximate rate of 0.5 per cent per day after maturity, under the same conditions the application of heat increased the drying rate to around 1 per cent per day. We are definitely not recommending the use of artificial field drying as yet, but we believe that techniques can be developed so it will be possible to speed up field drying and make it possible to harvest grain ten to fourteen days earlier."

## Basketball Boys To Participate In Plainview Tourney, December 2 and 3

The AHS Antelope boys basketball team will participate in the seventh annual Plainview Invitational Basketball Tournament December 2 and 3, according to school athletic director Pete Wilson, and boys' coach Wayne Preston.

Abernathy meets the Sweetwater team at 7:30 p.m. Friday, Dec. 2. Littlefield and Levelland clash at 2:30 p.m. that day to kick off the tournament. Other teams entered include Dimmitt, Dumas, Tulla and Plainview. The local lads started basketball workouts this week and will open their season November 29 here against Slaton.

Phone with the built-in switchboard

Here's a phone designed to play a big role in business offices. Right in this single instrument are all the conveniences of a telephone switchboard. Six push buttons give you complete control over all incoming and outgoing calls. You can select any of five lines — talk on one while holding calls on others — "buzz" your secretary — or use the phone as an office intercom. Lights in the buttons tell you which lines are busy, which are free.

Our "phone with the built-in switchboard" is another example of how General Telephone works to make the telephone a more convenient and valuable instrument of communications for everyone.

Call or visit our Business Office and learn how little it costs to have the "switchboard" service of a push-button phone.

### METHODIST MINISTER IS SPEAKER FOR COMMUNITY THANKSGIVING SERVICE HERE NOVEMBER 23RD

The Community Thanksgiving Service will be held this year at Northside Baptist Church on Sixteenth Street in North Abernathy. It is slated for 7:30 p. m. Wednesday, November 23. Everyone is invited to attend.

Principal speaker on the program will be the Rev. H. B. Coggins, pastor of Abernathy First Methodist Church. Song service will be under direction of Calvin Gustin.

### Dewey Prices To Move Back Here

Mr. and Mrs. Dewey Price, who moved from here to Friona six years ago are returning to Abernathy. They have purchased a building site and will construct a new home here. Until he moved to Friona, Price was a residential building contractor, and built and sold a large number of homes in Abernathy.

### Antelopes ...

(Continued From Page 1)

Abernathy led 20-14.

The Mules got the tying touchdown on the second play after the kickoff. Quarterback Gilbreath pitched out to Young who threw a pass to Walker from the 35 yard line. Stanley Joy came up fast to intercept but the ball bounced off his fingers into the arms of Walker on the 43 who went the distance untouched. Gilbreath kept on the extra point try and carried over for the tie-breaker, thus giving the Mules a 22-20 victory.

There was no scoring in the fourth quarter, but the Antelopes moved deep into Mule territory. The Mules took over once early in that period when they recovered a Brown fumble on the Muleshoe 4 yard line. Two plays later the Mules fumbled and Ray Ingram recovered for the Antelopes on the Mules nine yard line.

Adams and Ritchey carried to the 2 on two plays. Leo Kiker was thrown for a five yard loss, and a 5 yard penalty put the ball back on the 12. A fourth down pass failed and the Mules took over. The Antelopes forced the Mules to punt and took possession on Muleshoe's 46 yard marker. Three

Abernathy (Texas) Weekly Review, Thursday, Nov. 17, 1960 page 6

running plays and a 7 yard pass from Brown to end Jack Waters put the ball on the Mules' 20 yard line. That drive ended when a pass attempt was fumbled on the 30 and Muleshoe's outstanding tackle Donald Julian recovered.

In the closing seconds of the game, Abernathy again had possession, but any threat was killed on the last play of the game when Walker intercepted a Brown pass on his own 35 and carried back to the Antelopes' 29.

Following is a roster of the 19-60 AHS football squad and the positions and classifications of each player:  
Ends—Neal Humphrey and Raymond Smith, seniors; Jack Waters, junior; Don Hughes, Douglas Simpson and Kenneth Reedy, sophomores.

**Boy Scout News**

The 1960 Boy Scout Round-Up Program is making steady progress in the South Plains Council, according to Dr. J. Davis Armistead, Council Scout Commissioner.

If the present trend continues, the South Plains Council should reach an all time high in the numbers of boys recruited and served with the Scouting program in the Council.

The Scout Round-Up Program opened September 1 and will close December 15. Round-Ups awards have been mailed to over 1,000 new boys and leaders and their recruiters since September 15th.

The boy membership goal for 1960 is 8,328 members by December 15th. The present (November 4, 1960) boy membership is 7,273 boys.

Ten new Packs, Troops, and Posts have been organized since Sept. 1, according to John Lowery, Council Organization and Extension Committee Chairman.

From all indications an additional fifteen to twenty new Scout Units will be organized in the 20-county area of the South Plains. Then too, the Explorer Specialty Post being organized before the end of 1960.

The Boy Scouts of America continues to be the largest volunteer program for boys in the world and since it was founded in 1910 there have been over 33 million boys and adults associated and served by this proven boys program.

Anyone desiring information about boys getting into a Cub Pack (for boys ages 8, 9, 10) or a Boy Scout Troop (ages 11, 12, 13 and older) or an Explorer Post, young men who are 14 years of age and at least in the 9th grade in school, may contact the local headquarters office of the South Plains Council, 2109 Avenue X, Phone PO 2-5289, or see the local Scoutmaster.

The Idalou Wildcats waited past the New Deal Lions Friday night for a 52-14 victory.

Most of the scoring came on long runs, with three on punt returns. Idalou had touchdown runs of 55, 4, 60, 70, 89, 17 and 50 yards. The unbeaten Wildcats were paced by Robert Layne, who accounted for three touchdowns and six extra points. Other standouts for Idalou were Billy Pat Swann, George Johnson, Neil Emery, and Joe Wilbanks.

New Deal's touchdowns were scored by David Attebury and John Cole. Attebury's score came in the first quarter from four yards out, with Cole picking up the extra points. The Lions second and last score came in the third quarter when John Cole raced 55 yards for the touchdown.

**1960-61 Annual Staff Officers Elected By AHS Student Body**

Various officers for the Annual (Antelope) staff were elected last week in Abernathy High School. The first election was held Wednesday, and the run-off election was held Thursday afternoon.

The following officers were elected: Dianna Stevenson, assistant editor; Edwina Anderson, assistant business manager; Larry Florence, art editor; Billy Barker, assistant art editor; John Kiker, boys' sports editor; and Janice Adkisson, girls' sports editor.

The assistant editor and the assistant business editor will automatically become editor and business manager the following school year.

Last year's assistant editor and assistant business manager, now serving as editor and business manager, are Rita Burnett and Connye Clement, respectively. Miss Burnett took over the duties of editor at mid-term last year.

Barrington and Don Enger were defensive standouts for New Deal. New Deal meets Anton in a Class B bi-district game at 2:30 p.m. Thursday at Plainview.

**Girl Scouts To End Fund Drive With House To House Canvass**

The Girl Scout Fund Drive which began November 1 under the chairmanship of Carl D. Barton will be climaxed on Friday, November 18 by a concentrated effort from the leaders and mothers. On that day a house to house canvass of Abernathy will be made seeking contributions.

Why do we ask for money? BECAUSE it cost MONEY to bring the troop program to the girls. Funds must be provided for Professional and Office Staff, Training of Volunteers, Public Information, Troop Organization, Program Services and Camp Administration. No part of the money raised locally to support the council goes to the National Organization.

Unlike a club which is formed by a few girls who interests coincide for the moment, Girl Scouting gives youngsters continuity and variety of ever-expanding activities. Scouting offers them help in their daily life and a link with other girls in their town, their county, state, country and world. For girl Scouting is world-wide and any girl between the ages of 7 and 17 may join. Wearing the Girl Scout uniform, a girl has the thrill of belonging and a sense of fellowship with all who wear it.

Today's young Americans are EVERYBODY'S business. Abernathy's share of the Council budget for 1961 is \$1050.00. The total budget is \$41,304.62 for the 11½ counties in the Council.

The COMMUNITY is the ultimate beneficiary of well-adjusted, happy and well trained young people. Won't you give generously to see Girl Scouting continue to grow in Abernathy. We have more troops and more girls than ever before and it is our goal to increase our girl membership, enrich our troop program and give camping experiences to more girls. With your support, we can do it.

**C. L. Goble, Sr. Rites Saturday**

C. L. Goble, Sr., 70, farmer and dairyman three miles south of Abernathy died at 4 a. m. Thursday in Methodist Hospital, Lubbock, following a short illness.

He had been taken to the hospital early Wednesday.

Funeral services were conducted at 2:30 p.m. Friday at Lubbock First Baptist Church. Dr. J. Ralph Grant, pastor, the Rev. J. T. Bolding, assistant pastor, and the Rev. Glenn Renfro, New Deal Baptist pastor, officiated.

Burial was in Resthaven Memorial Park, under direction of Sanders Funeral Home.

Goble and his son, C. L. Goble Jr., have shown champion Holstein cattle at the Panhandle South Plains Fair. The dairy provides considerable milk which is distributed in Lubbock.

The senior Goble was born Sept. 4, 1890 in Gilmer County, Ga. He moved to Elmhurst, Tex., in 1917. He had lived in Lubbock County 17 years.

Survivors are his widow; two sons, also of Rt. 3, Lubbock; two brothers, W. E. Goble, Knoxville, Tenn., and Golden Goble, Jasper, Ga. He moved to Memphis, Tenn., Camilla, Ga.; and four grandchildren.

**Girl Scout News**

During last year's Girl Scout Week, all the Brownies in a West Coast town put up signs on their front lawns reading "A Brownie Lives Here." On one street, every house but one boasted such a marker. Johnny, a little boy who lived in the non-Brownie house, felt very left out of things. So he made a sign of his own. It read, "The Future Husband of a Brownie Lives Here."

Scouting benefits everyone whether or not there is a Brownie in your family. Give to the Girl Scout Fund Drive.

**Eugene Weeks' Father Dies In Oklahoma**

Hall Weeks, 67, of Canadian, Oklahoma, passed away in that city November 8, after a lingering illness of about two years which followed a stroke and brain surgery in February 1959.

*Increases Yields!*

Recommended applications of Phillips 66 Agricultural Ammonia under wheat before planting have boosted yields 15 to 50% and more in recent years.

Other applications of Phillips 66 Agricultural Ammonia in wheat stubble before planting have returned \$4 to \$10 in wheat for every dollar spent for agricultural ammonia fertilizer when used with good management practices.

To increase your average wheat yield apply Phillips 66 Agricultural Ammonia. It's 82% Nitrogen—more nitrogen per dollar than you can get in any other type of fertilizer.

## Fire Damages . . .

(Continued From Page 1)

city hall, and he and other firemen rushed to the scene.

**Fine Fire Fighting**  
The Abernathy Volunteer Fire Department members immediately took charge of the situation, and in a matter of minutes had the fire under control. After the gas had been turned off at the meter, the flames were extinguished. Smoke had filled the entire house, but firemen pried open several windows to clear the house of smoke.

**Rescue Pup**  
In the excitement immediately after the explosion, a small dog was left in the den of the house. As soon as firemen had extinguished the blaze around the back door of the house, one fireman crawled in to the den and in a few seconds emerged with the pup in his arms. The pet was unharmed, but was mighty scared.

Fire damage to the house was contained in the area of the kitchen and the hallway near the back door of the house, reported Fire Chief Ed Crow. A pantry in the hallway was also damaged by the blaze, he added. However, heat damage was reported in the dining room and den areas.

It was reported that the inside of the kitchen would probably have to be completely rebuilt, and the ceiling and a portion of the walls in the den would have to be redone. Only damage to the rest of the house was from smoke.

Fire Chief Ed Crow reported that it appeared that a 220 volt electric wire had been touching the gas stove, and apparently heated the stove to such a degree that it caused the pewter gas lead-in pipe to explode.

**Alarm System**  
A unique fire alarm system at

the residence brought neighbors to the scene only minutes ahead of the fire truck and firemen. The inside system sounded a ringing alarm, while the system installed high on the front of the house on the outside had a flashing red light and sounded a long "beep-beep" alarm.

Abernathy firemen should be commended for their outstanding work and fast action. After the blaze had been extinguished, one fireman was heard to comment, "If we hadn't had that fire fighting course, we would have probably gotten water all over the inside of the house."

The course he was speaking of was a 5-weeks (15 hours) training program sponsored and directed through Texas A & M College, which the local department members completed October 25. The course was designed to further the fire fighting ability of

a local department, and to assist in formulating more valuable and interesting training sessions. Tom W. Robinson, instructor from Fireman's Training School, A & M, headed the five sessions which included: "Pump Theory and Crew Organization," "Pump Operation and Hose Loads," "Forcible Entry and Ventilation," "Ladders and Advancing Hose," and "Fire Fighting Practices." Arrangements for the course of instructions to be held here were made by city manager Noland and fire chief Crow.

Not only did the members of the local fire department learn their lessons well but also proved that they were capable of putting into practice what they had learned.

To the Abernathy Volunteer Fire Department, we say—"Well done."
