

Contest Winners Named Here

Girl Scout Entry, Wade Home Win \$25 Cash Awards

Winners in the first Lions Club sponsored Christmas Decorating Contest in Abernathy were determined Monday night by judges from Lubbock and Plainview.

Senior Girl Scout Troop 95, who decorated the porch of the Phil Sterrett home at 712-2nd St., took top honors and the \$25.00 prize in the Outside Category of the contest. The decorations included a manger scene on the porch, a bright star and ray of light atop the porch, and Silent Night in large letters hung from the eave of the porch, as well as background music of "Silent Night."

The \$25.00 first prize in the Inside category was gained by the Sam Wade family, 1503 Avenue M. A. Manager scene inside the house, using figurines the size of dolls was displayed in the window with glowing lights.

Second prize of \$15.00 went to Mrs. Frank Bartlett, 1010 2nd St., in the Outside Category, and to Mrs. J. C. Mills, one mile north and 1/2 mile west of town, in the Inside Category.

Mrs. Bartlett displayed a cut-out of Santa Claus going through his mail, with a bag of toys at his side. Candy canes were being painted by Santa's helpers, and Rudolph, the red-nosed reindeer, stood by at one side. Mrs. Mills' entry featured a beautiful Christmas tree in the front window of their home, and beautifully decorated windows at the north end of the house.

Third prize in each category, \$10.00, was won by Mrs. Melvin Rape and daughters Marion and Susan, 1210 13th Street for their manger scene displayed in the Outside Category, and by Mrs. D. P. Moore, 1405 Avenue M, for her window and ceiling decoration in the Inside Category.

Honorable Mention in the Outside Category was gained by Mrs. Ralph Stevenson, 1301 Avenue G, and Mrs. W. A. Richter, 711 1st Street. Honorable Mention in the Inside Category went to Mrs. A. B. Myatt, 701 1st Street.

New Cafeteria Cooking Equipment Is Demonstrated by SWPS Personnel

The cooking equipment in the all-electric kitchen of the new school cafeteria was demonstrated to the cafeteria personnel Monday night when personnel of Southwestern Public Service Company prepared a chicken dinner, using the new kitchen equipment and facilities.

Members of the Abernathy School Board and the administrative staff and their wives were the recipients of the chicken dinner. School officials stated that the cafeteria is not ready to be accepted but that the cooking equipment is all ready. The walk-in refrigerators are not yet complete. School officials added that it is not known whether or not the cafeteria will be ready for occupancy by January 1.

The firm from which the kitchen equipment was purchased is El Paso Hotel Supply.

POSTS 631 SERIES

Mrs. Harold McCune, bowling in the mixed couples league at A-1 Lanes Wednesday night of last week, posted a 631 series, with games of 216, 213 and 202.

Called to jury duty last week in 64th District Court, Plainview, were Mrs. B. A. McDougal and Hugh Pettit of Abernathy.

16 Entries

A total of 16 entries was received prior to Saturday night's deadline. All entries were very attractive and showed that considerable work had been put out in the designing and layout. It is a shame that all could not have been winners in the contest, but the Lions Club expresses appreciation to all who put forth efforts to make their homes more beautiful for the Christmas season, thereby making the town as a whole more beautiful.

Other entrants in the contest were: Outside Category—Mrs. Wayne Harrell, 502 Avenue D; Mrs. Hilbert Rantz, 1103 13th Street; Mrs. W. T. Settle, 607 1st Street; and Mrs. J. L. Irish, 510 10th Street. Inside category—Mrs. Eddie Schlueter, 1109 Ave. G; Mrs. Thomas Conner, 501 2nd place; and Mrs. Frank Bartlett, 1010 2nd Street.

The judging was quite close in both categories. Each entry was numbered, and the four judges were given only the numbers of the entries, thus they did not know who the entrants were. The judges "graded" each entry on four things: attractiveness, originality, theme and layout. Judges for the event were Miss Mildred Tucker and Mrs. R. L. Collins, Plainview, and Mr. and Mrs. John Whiteside, Lubbock.

Pictures of the winning scenes will appear in next week's issue of The Review.

ANTELOPES TO PLAY IN CAPROCK BASKETBALL TOURNAMENT AT TECH

The Abernathy boys basketball squad is one of 16 teams entered in the Caprock Invitational Basketball Tournament to be played in the Texas Tech Coliseum Monday, Tuesday and Wednesday, December 26, 27, and 28.

The 16 teams are divided into two divisions, with Class A and AA teams in one division, and teams from Class AAA and AAAA in the other division.

In other words, only teams in Class A and AA will meet each other, and only teams in Class

AAA and AAAA will play against each other.

Entered in the Class A - AA division are Abernathy, Denver City, Tom S. Lubbock "B" team, Plains, Post, Dimmitt, McAdoo, and Monterey "B" team.

In the Class AAA - AAAA division, entrants are Tom S. Lubbock, Monterey of Lubbock, Lubbock, Levelland, Midland, Lamesa, Andrews, and Colorado City.

Abernathy's first game in the tournament will be played at 4:00 p. m. Monday, against Denver City. If they win that game, they will meet the winner of the Tom S. Lubbock "B" - Plains game at 3:00 p. m. Tuesday. However, should they lose to Denver City, they will play the loser of the above game at 12:00 noon Wednesday, December 28.

Lakeview News

Mrs. T. L. King left early this week for Albuquerque to visit her daughter Mrs. Leonard Brooks and family during the holidays.

Uncle Joe Smith is receiving treatment in Methodist Hospital, Lubbock, where he has been a patient since Dec. 5. His condition is critical.

Mr. and Mrs. Dick Belt and Mr. and Mrs. Buddy Belt all of Welch, visited in the J. C. Belt home Sunday.

Gerald Grant son of Mr. and Mrs. E. E. Senter, won first prize in the Band Contest held in Lubbock, Saturday and qualified to play in the All-State Band to be held in Dallas, Feb. 9-11. Gerald plays cornet and is a senior student in Petersburg High School.

Mr. and Mrs. Johnny Miller of Moreno, Calif., arrived here Monday to visit Mrs. Miller's grandparents, Mr. and Mrs. P. Eastberry and Mrs. C. S. Smith.

Clyde Patterson of Post visited Mr. and Mrs. A. B. Colwell Sunday.

Mr. and Mrs. Jim Collins returned to their home in Lenorah, Saturday. Mrs. Collins has assisted Mrs. J. C. Belt in operation of the cafe at Lakeview Jim during the ginning season.

Mr. and Mrs. Kermit Mitchell of Tulia, Mr. and Mrs. A. Mayo and Rev. and Mrs. Clifford Mayo, of Lubbock were guests in the R. E. Anderson home Sunday.

The Lakeview community Christmas tree and program was held at the Methodist Church Wednesday night. The program under direction of Mrs. E. A. DuBoise, and Mrs. Jack Lee and Santa's visit, with a gift of fruit, nuts and candy to the children concluded the annual Christmas celebration.

Mr. and Mrs. Henry Scarborough were hosts in their home Saturday night to members of the Rebecca and Odd Fellows Lodge of Petersburg, with a Christmas Party.

Mr. and Mrs. O. S. Bristow were in Stanford to attend funeral rites of an uncle, Z. F. Berry, held there Dec. 17th.

Rev. and Mrs. O. N. Reed visited her parents Mr. and Mrs. J. P. Cunningham in Tahoka, Friday.

The W. S. C. S. program and gift exchange was held Friday 2 p. m. in the home of Mrs. N. Matthews, with Mmes. J. C. Belt, Vernon Smith and Herbert Watson as cosponsors.

The program was arranged by Mrs. Belt and Mrs. S. M. Harrison, directing the recreational hour. Secret Pals of the year were revealed.

The hostess served sandwiches, fruit cake, candy, nuts, coffee and cocoa to Mmes. A. B. Colwell, R. A. DuBoise, T. L. King, Jim Collins, R. E. Anderson, E. L. McGaugh, Clayton Enger, Vernon Smith, J. C. Belt, Jack Jackson, Herbert Watson, T. W. Driver, Lawrence Amerson, Jack Lee, S. M. Harrison and a visitor Mrs. O. N. Reed.

Jack Jackson is visiting his mother, Mrs. C. H. Byrd in Grandfield, Texas.

Dinner Party Held

The Builders' Class of the Methodist Sunday School enjoyed a dinner party and gift exchange at Kattmans, in Lubbock, Saturday night.

Attending were: Messrs. and Mmes. Clayton Enger, Jack Jackson, Vernon Smith, Gordon Timms, R. A. DuBoise, J. C. Belt, Jack Lee, B. A. McDougal, Bill Harrison and Duain Beistow.

Husbands Entertained with Party

The Friendship Class entertained their husbands in a party held Tuesday night in the home of Mrs. N. Matthews. Gifts were exchanged and games of 42 were enjoyed.

Sandwiches, cookies, candy, nuts and coffee were served to twelve members attending.

Gerald Watson, student at W.T.-S.C., Canyon, and Price Amerson, student of Oklahoma City University, are here to spend the holidays with their parents.

Mr. and Mrs. E. E. Senter, Gerald and Kenneth left Wednesday to visit her mother, Mrs. Lillian Kinzer and other relatives in Grandfield, Okla.

Mrs. N. Matthews and Mrs. E. L. McGaugh, returned home early last week following a two weeks visit in Corsicana and Mabank.

Mr. and Mrs. Preston Mitchell and Paul of Albuquerque, N. M., are spending the holidays here with relatives.

C. W. O. Vernon and Mrs. Petty of Sandia Al. Base of Albuquerque, visited his sister, Mrs. Bill Harrison and family.

Dr. and Mrs. John W. Hale and son, Pat, plan to spend Christmas holidays in California.

Chief Petty Officer and Mrs. Tex Western and their three children, Patsy, Tommy, and Christine, were overnight guests in the Phil Sterrett home Monday night.

The Ercell Givens family and Mr. and Mrs. Douglas Chapman plan to fly to Oklahoma City to spend Christmas with Chapman's brother, W. B. Chapman, and family.

Abernathy Basketball Teams Win Over Opponents, Friday, Monday

Abernathy girls and boys basketball teams edged out two victories in the local gym Monday night.

The Antelope boys team squeaked past tough Levelland 50-48, and the local girls tossed in a field goal in the fading seconds of the game to defeat Cotton Center's Elkettes, 55-53.

John Brown led the Antelope attack with 19 points. Larry Florence scored 10 points. Jerry Givens and Neal Humphrey had 6 each, Mike Ritchey 5, and Tom Bicey and Eddie Davis 2.

John Brown led the Antelope attack with 19 points. Larry Florence scored 10 points. Jerry Givens and Neal Humphrey had 6 each, Mike Ritchey 5, and Tom Bicey and Eddie Davis 2.

Diann Owen paced the local girls to victory, netting 27 points, Nelda Sanders contributed 24, and Betty Johnson, who saw considerable action at guard, scored 4 points from the forward position. Frieda Wether was the top scorer for Cotton Center with 20 points. Judith White added 16 and Jody Barrett had 14.

This was the first win over the Cotton Center girls in three meetings of the two teams. Abernathy lost by four points early in the season, and was edged 74-73 by the Elkettes in the finals of the Abernathy Tournament.

CHRISTMAS GREETINGS

This issue of The Review is one big Christmas card, with greetings from business firms and professional people to their friends.

Turn through this issue of The Review, and as you read each Christmas message, consider that it is a personal greeting to you, because it was in this spirit that the business and professional people authorize these messages to be run.

Carroll Lee, the 5-month-old son of Mr. and Mrs. Roy Lee Knight, was returned home from a Lubbock hospital, where he was under treatment.

Calvin E. Jordan, Sudan, formerly of Abernathy, sold a residence here at 108 12th St. to Clinton J. Condray.

The Don Presley family has moved to the G. M. (Pappy) Carr farm west of town, from the Will Darden place. Mr. and Mrs. Carr moved several weeks ago to a new home in Abernathy. It is located on Ave. L. South of Mrs. Ben Struve's residence.

Mrs. Buford Davenport reported Monday morning on a petit jury panel in 64th District Court, Plainview.

Mrs. James Hass, 42, Lubbock, died Tuesday of last week. Included in the list of survivors was a sister, Mrs. Gladys Arterburn, of County Line.

New Deal Basketball Teams Take Second Straight Conference Win

The New Deal basketball teams roared to their second straight victory by defeating the Wilson team at New Deal.

The New Deal boys downed the Mustangs 47-34, behind the leadership of Glenn Looney and Jerry Hogan who scored 12 points each. Doug James contributed 8 points to the Lions' cause.

The New Deal Lionesses captured a 47-41 victory. Ollie Mae McNeely paced the winners with 20 points, followed by Shirley French with 17 and Darlene McDougal with 10.

Whip Lorenzo

Last Tuesday night the New Deal Lionesses defeated the Lorenzo girls team, 38-37, and the New Deal boys scored to a 45-30 victory.

Ollie Mae McNeely led the winning girls attack with 30 points.

The boys were paced by Jerry Arant with 16 points. Jerry Hogan added 10, and Glenn Looney and Doug James each contributed 6 points.

BIRTHS

Mr. and Mrs. Vernon Pettit are parents of a daughter born Dec. 15. She weighed 7 pounds 9 ounces.

Mr. and Mrs. Donald Bell are parents of a daughter born Tuesday, December 13, at Methodist Hospital, Lubbock. The baby weighed 6 pounds 11 ounces and was named Stephanie Don. Grandparents are Mr. and Mrs. M. M. Bell of Abernathy, and Mr. and Mrs. L. B. McGuire of Muleshoe, formerly of Abernathy.

Mr. and Mrs. Antonio Gonzales are parents of a son, born December 17, at Abernathy Medical Clinic. The baby weighed 5 pounds and 14 ounces.

Mr. and Mrs. Johnny Romero of New Deal are parents of a son born at West Texas Hospital, Lubbock, December 18. He weighed 6 pounds 13 1/2 ounces.

Methodist Church Sunday Services Set

The Christmas Worship Service at the First Methodist Church will be conducted at 10:00 a. m. Sunday, stated the Rev. H. B. Coggin, pastor.

There will be no Sunday School that morning, and no evening services. The public is cordially invited to attend the Christmas morning worship.

FARMERS VOTING RECENTLY IN Lubbock County, at White Gold Gin and City Gin, favored cotton marketing quotas 58 to 1. Lonnie Brownlow reported.

In bass playing at Texas Tech last Saturday, and was awarded the distinction of All-State. Doyle, son of Mr. and Mrs. I. L. Johnson, started his band career a few years ago at Hale Center. Lee Robertson of Hale Center for All-State honors.

HOME FIRE HAZARDS INCREASE AT CHRISTMAS TIME; HINTS ARE GIVEN TO REDUCE ACCIDENTS

think what would happen should a spark get into the tinsel and tissue paper that usually packs a house at Christmas. Santa might have a chimney to come down, but wouldn't have a house to leave the gifts in. Fire safety is especially important during the holiday season because of added hazards, warns the Texas Farm and Ranch Council.

One of the principal fire hazards is that beautiful tree in the corner of the living room. The Council says that this danger can be minimized by selecting a freshly cut tree shortly before Christmas. The tree can be kept fresh by cutting the bottom diagonally and placing it in water or wet sand.

Placing the tree is also important. It should be placed so it will not block exits, and should be kept well away from the fireplace, stove, powerful electric lights or other sources of heat. The Council recommends that only Underwriters Laboratories

approved lights be used on the tree. Lights which have been used before should be checked for frayed wires or damaged sockets. Electrical circuits should not be overloaded with additional lights, toys or appliances.

Only nonflammable decorations should be used on the tree, and tree lights should be turned off when no one is at home or when the family retires. As soon as the needles begin to dry and fall, the tree should be discarded.

Fire safety should not be confined to the tree alone. Discarded wrappings and packages should be put in the trash can as soon as possible. Smokers should also be extra careful when they lay their cigarettes, cigars and pipes.

Make sure that Santa finds something besides a chimney when he visits your home. Observance of basic rules of home safety can keep the Christmas Season a happy one, the Council concludes.

Church Sets High Attendance Goal For Christmas Day

The First Baptist Church has placed emphasis on making Christmas Christian during the month of December. This past Sunday a goal of 500 was set for Sunday school attendance. There were 440 in Sunday School. Although this number did not represent victory in reaching the goal, it does represent an increase in attendance.

The services for this coming Sunday, December 25th, will represent another special effort. A goal of 400 has been set for Sunday School. The Sunday School meets at 9:30. The pastor is encouraging a come as you are affair. For the children who receive cowboy uniforms from Santa, they are being encouraged to wear them to Sunday School. The girls may bring their dolls (provided they don't cry too loud). If pop receives a tie he doesn't like, he is being encouraged to wear it on this occasion.

In a more serious vein, the object of the efforts of Sunday is to do the unusual in keeping the attendance up. The pastor asked

from the pulpit this past Sunday: "Isn't it strange that on the birthday of Christ, everyone receives a gift except the One to Whom honor is due? Isn't it strange that the attendance at His 'Birthday party' is smaller than what He experiences on a regular Sunday?" The First Baptist Church is going all out to make His birthday a worthy birthday. You are encouraged to have a part in making it such.

At the evening worship hour (seven o'clock), STUDENT NIGHT AT CHRISTMAS will be observed. This is a program where the college students who are home for Christmas are in charge of the worship hour. This program always proves to be one of the choice services of the church calendar.

A cordial invitation is extended to you to participate in these worship services.

Mr. and Mrs. George Ray Willis are due to arrive here Friday from Austin to spend Christmas holidays with his parents, Mr. and Mrs. Ray Willis. The two couples also will visit in Quanah, Wichita Falls and Garland during the holidays. Mr. and Mrs. George Ray Willis are students at the University of Texas.

ABERNATHY INVITED TO HAVE SPECIAL DAY AT FORT WORTH EXPOSITION AND STOCKSHOW

FORT WORTH, Texas—An invitation has been sent to Abernathy to have a special day at the 1961 Fort Worth Exposition and Stock Show here. Dates of the exposition are January 27 through February 5.

By having a "Day" at the Fort Worth Stock Show Abernathy would receive special recognition and publicity at the Stock Show and throughout North and West Texas, according to W. R. Watt, Stock Show president-manager. The invitation provides special block reservation of seats for the rodeo. The local band is invited

to play a concert on the Stock Show grounds and be guests of the Stock Show management at the rodeo. The 1961 Fort Worth rodeo will feature the famous chariot race between two four-horse teams from the "Ben-Hur" movie.

Also, the city is invited to ride in the opening day parade or in the rodeo grand entry on the city's special day or both. Many cities and organizations make annual trips to attend the Fort Worth Show, which will be observing its 65th season.

FHA Girls Enjoy Christmas Program

The Abernathy Chapter of Future Homemakers of America met Monday, December 5. As always, December brought the Christmas spirit to everyone.

Mary Anna Williams gave a very fitting program which was entitled "Christmas In Other Lands." Mary Anna brought a delightful twist to the usual program of "Christmas in Other Lands," when she told of how we began the custom of using a

Christmas tree and the custom of giving and receiving gifts. From those topics she told of Christmas dinners in other lands. This led to pastries. Mary Anna had asked the refreshment committee to prepare some delightful pastries which are used in other lands. These same goodies were sampled by all the girls who were at the meeting. Christmas carols were enjoyed by everyone.

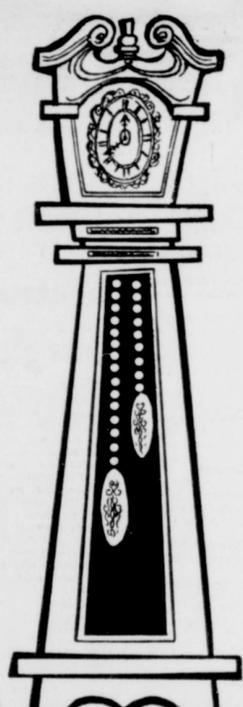

Mr. and Mrs. Jim Ned Gragg were in Houston early this week.

GREETINGS

With every good wish for your happiness this Christmas season!

DAIRY MART
Jack and Ava Lee Hager

IT'S TIME AGAIN!

That grand old Season is here again and once more it is our happy privilege to send you an oldtime Greeting for the occasion. Each year, it seems, we look forward more and more to this traditional custom, and we just hope our message conveys to you the sincerity of our thoughts. May this be a great occasion and one you will relive many times in the months to come. Merry Christmas to all.

1412 Ave. D, Abernathy, Texas, CY 8-2266 Open 7 a. m. Close 9 p. m.

The symbol of Father Time is considerably older than the popular conception of Santa Claus. The Santa that we recognize today is of somewhat recent vintage when compared with Father Time, who is traced to Greek legend.

Father Time, complete with scythe and time-worn brow, comes to us as a descendant of the Greek god Cronus, lord of the universe. But, whereas Father Time is considered somewhat venerable, Cronus, like many of mythology's earthy gods, was not altogether an admirable fellow.

Payola Scandals Will Have Effect On Business Gifts

Businessmen will give Christmas gifts in greater numbers this year, but the value and suitability of each gift is being examined with greater care, according to the Business Goodwill Advisory Council.

"Extravagant business gifts of the type associated with the 'payola' are on their way out, replaced with modest gifts selected with an eye toward value and good taste." That's the finding of this non-profit research organization supported by gift-conscious sales managers, the business gift industry's two national trade associations and the industry's trade information service.

The average cost of a 1959 business gift was about \$7.50, BGAC reports, down from \$14.00 only five years ago. But, the number of individual gifts is estimated to be running 22% above last year; 110% more than five years ago.

Because of the considerable increase in number of gifts, the sales volume of the business gift industry will be close to \$300,000,000 this year; up from \$253,000,000 last year and \$276,000,000 the year before. And these figures do not include liquor and other gifts purchased through retail stores.

"The 'payola' scandals have alerted businessmen to choose their business gifts with greater care," a spokesman said. "Businessmen are now striving earnestly for tasteful gifts that can be presented in a truly thoughtful manner as honest tokens of appreciation."

You don't have to spend all your money to have a beautifully-decorated home at Christmas. Use ingenuity. Make most of your own decorations. In addition to the savings, you'll find that it's fun—and highly satisfying.

For example, stir up your own tree ornaments in a mixing bowl. Combine plastic starch and laundry detergent to make a stiff mixture. Then make frosty icicles by dipping bobby pins into the mixture. A loop of string tied through the closed end of the bobby pin serves as a handle for the dipping and as a hanger to put it on the tree.

Burned out flash or light bulbs make lovely tree balls if painted in gay colors. Stick on colorful seals, sequins, or ribbons for a finishing touch.

Popcorn strings, an old favorite, are colorful Christmas-tree ropes if you pop the corn two or three days before stringing, and dip it in a thin sugar syrup colored with vegetable coloring.

Save lids from paper ice cream cups, then trim by pasting on colored designs cut from old Christmas greeting cards. To hang, slip a paper clip or wire through a hole punched in the tab of the lid.

The Christmas card, as it is known today, appeared in England during the 1840's. There is a dispute over who designed the first card, but it is definite that they were on sale in London shops by 1850.

The custom of sending greeting cards has spread until it is big business in this country. Over two and a half million will be mailed in the United States this year.

They will cost about a quarter billion dollars and will require the Post Office to hire an extra quarter million workers to handle the tremendous volume. The postal department will collect approximately 90 million dollars in postage from these cards alone.

Modern Card

One of the more recent innova-

tions is the personalized Christmas card that features photographs.

Making them is not as difficult as it may sound.

Snapshots of the children, the entire family, or your home will convey your message of season's greetings. For example, a picture of children arranging alphabet blocks to spell "Merry Christmas" is a favorite.

Or the children or entire family grouped before a fireplace opening packages has proven popular with those who like to make their own cards.

Remember to keep it simple. After you have taken the picture and have the necessary prints, your professional photographer can show you a selection of Christmas folders.

Perfumes

Perfumes are almost as traditional as holly and mistletoe. Early pagans burned fragrant woods and spices as offerings to the gods; priests used perfumes in religious rites; at their coronation kings and emperors were anointed with fragrant oils; the Wise Men brought gifts of frankincense and myrrh to the Holy Infant. Today, perfumes rank high on milady's "want" list.

BRUCE FURNITURE

Christmas, Or JUL: Baked Cakes & Boar

In Scandinavian countries, the celebration of JUL, or Christmas, begins on Christmas Eve and continues for 13 days, ending with a "twelfth night party."

Baked delicacies and sweets are abundant during the 13 days and cakes are baked in the shape of a boar, recalling the ancient feasts of the Norsemen which always centered around roast boar.

Scandinavian Christmas trees are decorated with bright gold and silver stars and long strips of gaily colored paper. A small figure of a goat constructed of straw serves as a reminder of the custom of saving the last sheaf of the harvest for the magic it was supposed to possess.

Presents are brought by the TOMTE, tiny, gnome-like figures dressed in Christmas outfits.

About Holly

Superstitious Britons considered it unlucky to bring holly into the house before Christmas Eve. Even today, the superstition persists that if the leaves of holly brought into a home at Christmas are smooth (rather than rough) the wife will "rule" the household during the following year.

Make Christmas A Happy Time

Christmas is a time for feasting and joy throughout the land. And it is a time of sadness and tragedy for hundreds because of carelessness.

Every Christmas lives are lost or ruined by careless accidents. Some occur from falls while putting up decorations, or burns while cooking, or fires in the home. But the greatest toll takes place on the nation's highways.

Traffic accidents on both Christmas eve and Christmas day are about twice as high as the annual daily average.

Be Careful

Early darkness plus bad weather add up to poor visibility. Fogged windshields also make it difficult to see and avoid accident situations. Rain, snow and ice mean slippery streets and highways, but thousands of holiday drivers fail to adjust to these hazardous conditions.

Loss of lives in home fires is always greater at Christmastime because of decorations and Christmas trees.

Some Tips

- Here are a few Christmas safety tips:
1. A small tree can be just as pretty as a large one and is less of a hazard.
 2. Stand the tree in water to retard drying and set it up in the coolest part of the room.
 3. Use fireproof decoration of glass and metal.
 4. Don't set up the electric train near the tree.
 5. Check lights for defective wiring.
 6. Discard gift wrapping immediately.
 7. Don't leave lights burning on the tree when away and inspect it often to see whether it is drying out.
 8. Discard the tree when the needles start to fall.

Christmas Holiday Toll Predicted To Be 176 In Texas

The Texas Department of Public Safety predicted 176 persons will meet violent death in traffic, murder and suicide, and other fatal accidents during the 10-day period embracing the Christmas-New Year holidays.

Col. Homer Garrison, Jr., department director, said experience in previous holiday periods and other statistical factors indicate 90 persons will be killed in traffic, there will be 46 homicides and suicides, and 40 persons will die in fires and other non-traffic accidents.

He announced that "Operation Deathwatch," a grim tabulation of holiday deaths, will be in effect from 12:01 a. m. Friday, December 23 to 11:59 p. m. Sunday, January 1.

"We hope our prediction is too high, and through the most concerted and coordinated effort in history this year, we will be doing everything in our power to hold down traffic deaths, particularly during the holidays," Garrison said.

"Our Regional Commanders have been instructed to have every available man on duty and all radar units working during this period in an extra-special effort to maintain the existing reduction in traffic fatalities effected so far in 1960.

"We hope to wind up this year with approximately 170, or about seven per cent, less fatalities if we can hold the trend which has apparently been established.

"Operationally, department personnel will attempt to achieve the most effective enforcement

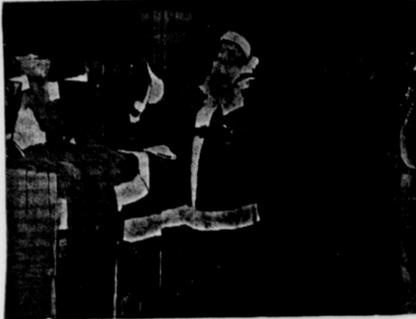

program possible during the period, and through a coordinated statewide public information program an all-out effort will be made to keep the public advised of and aware of the special hazards of holiday driving and the need for legal driving at all times. Experience has shown without a doubt that in most fatal traffic accidents, at least one violation of the traffic laws is a causative factor."

Garrison said participants in this program include the Governor's Highway Safety Commission, the Department of Public Safety, the Texas Association of Broadcasters, the Texas Council of Safety Supervisors, the Oil Field Haulers Association, the Associated General Contractors, the outdoor advertising media, the Texas Highway Department, the Texas Safety Association, and the press, radio and television.

N. K. Woerner, manager of the Statistical Services Section, said all indications are that Saturday, December 24 will be the high "motoricide" day with Friday, December 23 and Sunday, December 25 to tie for second. New Year's day, he said, is expected to be third.

He reported that the last time Christmas and New Year's day fell on Sundays was in 1955. That year, in the 10-day period, there were 81 fatal accidents resulting in 102 motoricides.

Last year for a 12-day period Woerner's section estimated 111 motoricides, 47 suicides and homicides and 42 other accident deaths. Final count, perhaps as a result of the enforcement and information efforts, was 97 motoricides, 47 suicides and homicides and 42 deaths in other accidents.

SANTA & LADY? . . . That's good for a laugh, even to the Japanese. When 14 Santa Claus uniforms arrived at the American Red Cross Far Eastern Area warehouse in Tokyo, Miss Margery Tonge, an ARC employee from Australia, tried one on and got a big hearty "Ho-Ho-Ho" from two Japanese warehouse workers. The suits, destined for use at ARC Christmas parties in U. S. military hospital wards in Japan, Korea, Okinawa and the Philippines, were made by Red Cross volunteers in Baltimore, Boston, Toledo, Washington, D. C., and Youngstown, Ohio.

No Birthday Party Without Christmas

Were it not for the observance of Christmas—the greatest of all birthdays—there would probably be no birthday parties throughout the rest of the year. In ancient times, only pagans took part in birthday festivities. Early Christians associated birth with the assumption of original sin and therefore did not look upon the birth date as a time for celebration.

The Pharaohs of Egypt celebrated their own birthdays, and we are told that King Herod did, too. But it was not until the 300's that the birth date of Christ was even noted. In the year 354 the Bishop of Rome declared December 25 to be the anniversary of the birth of Christ and from that date until now, Christians have observed this most wonderful of all birthdays.

No Birthday Party Without Christmas

Were it not for the observance of Christmas—the greatest of all birthdays—there would probably be no birthday parties throughout the rest of the year. In ancient times, only pagans took part in birthday festivities. Early Christians associated birth with the assumption of original sin and therefore did not look upon the birth date as a time for celebration.

The Pharaohs of Egypt celebrated their own birthdays, and we are told that King Herod did, too. But it was not until the 300's that the birth date of Christ was even noted. In the year 354 the Bishop of Rome declared December 25 to be the anniversary of the birth of Christ and from that date until now, Christians have observed this most wonderful of all birthdays.

Observance Was Once Against Law

At one time it was illegal to observe Christmas in this country. In 1659 the Massachusetts Bay Colony's general court passed the following resolution: "Whosoever shall be found observing any such day as Christmas or the like, either by forbearing labor, feasting, or any other way, as a festival, shall be fined five shillings."

It is believed that the first "legal" observance in this country was in 1687 when Governor Andros conducted services in Boston's town hall. However, it was not until 1856 that the Massachusetts State Legislature passed laws making Christmas a legal holiday.

Know Your Tree
In many states, it is possible to distinguish different types of Christmas trees, as they are graded, inspected and tagged before being marketed. In the East, Balsam and Douglas fir and spruce are the favorites, with pines becoming more popular each year. In the mid-South, long-needled pines have long been preferred. In the West, fir and cypress are the choice.

Here is an easy way to distinguish between these trees: Needles of the fir are 4-sided, blunt and soft to the touch. Spruce needles are usually stiff and sharply pointed. Pine needles are from 2-5 inches long, supple and attached to twig in bundles of 2 to 5.

"For unto us a child is born, unto us a son is given, and the government shall be upon his shoulder,"
PSALM 9:6

With a firm foundation in the teachings of Christ and with renewed faith and understanding, we greet the Christmas Season and extend to you our very best wishes for a most enjoyable occasion.

AHS FRESHMAN TEAMS SPLIT WITH IDALOU

The Abernathy Freshman boys and girls basketball teams played host to the freshman teams from Idalou here last Thursday night. The local girls took a 39-31 victory while the local boys were downed 50-45.

Abernathy led all the way in the girls' tilt, being ahead 8-2, 19-15, and 31-23 by quarters. Paula Owen poured in 18 points to pace the Abernathy attack. Janie Brown contributed a 14-point effort and Susie Deering added 7 points.

Guards seeing action were Linda Jo Brezal, Gwen Hendrix, Rita Evans, Joyce Lardy, Judy Brownlow, and Pam Davis.

In the freshman boys game, the local lads led until the final quarter of play. They were out front 11-10 after the first eight minutes of play, led 27-24 at halftime, and were ahead 37-32 going into the fourth quarter. However, they manager only 8 points in the final eight minutes while Idalou pitched in 18.

Sammy Hunley led the Antelopes with 14 points. Danny West made 10 points, Doug Evans 8, Jerry Settle 6, Kenneth Clement

4, and Richard Saari 3. Idalou was led by Benton with 22 points and Vickers with 16.

B Team Plays
 The boys B squad was divided into two teams for an intrasquad match after the other two games Thursday night. The Gray team was composed of Don Hughes, Eddie Davis, Mickey Pettit, Leon Johnson, and Bobby Pettit. The Maroon team was made up of Chuck Wynne, George Reagan, Mike Miller, Harold Davis, and Pat O'Neil.

The Gray team emerged victorious, 44-42, after trailing throughout the first three quarters. They

trailed 14-9, 19-17, and 34-30, at the end of the first three stanzas. They added 14 points in the final quarter to the Maroon team's 8 point effort, to take the game by a two-point margin.

The winners were paced by Don Hughes with 12 points, followed

by Eddie Davis with 10, Mickey Pettit with 9, Bobby Pettit with 7 and Leon Johnson with 6.

George Reagan led the Maroon with 14 points. Mike Miller contributed 9 points, Harold Davis 8, Chuck Wynne 7, and Pat O'Neil 4.

**NEWSBITS From
New Deal High**

By ANN SPEER

There were two basketball games last week, the first one being with Lorenzo last Tuesday night. Both boys and girls teams won.

The girls defeated Lorenzo 38-37. Ollie Mae McNeely carried the Lionesses through the game, scoring 30 of the team's 38 points.

The Lions ran past the Hornets 43-30. Jerry Arant took scoring honors for the Lions with 16 points. He was backed up by Jerry Hogan with 10 points, and Glenn Looney and Doug James with 6 each.

Glenn Coulter led Lorenzo with 16 points.

-Ann-

Last Friday night New Deal played Wilson, with both home teams winning again.

The girls won 47 to 41. Ollie Mae McNeely was high pointer with 20 points. She was followed closely by Shirley French with 17 and Darlene McDougal who scored 10 points.

Lamb took high point honors for Wilson with 29 points.

The Lions defeated the Wilson cagers, 47 to 34. Glenn Looney and Jerry Hogan tied for scoring honors with 12 points each. Doug James added 8 for New Deal.

The girls and boys traveled to Sands Tuesday night and will go

to Roosevelt December 30 and 31 for a double-header.

-Ann-

Billy Mack Ellison, son of Mr. and Mrs. R. C. Ellison, was released from Methodist Hospital, Lubbock, last Friday. Billy will not be able to attend school until after the Christmas holidays. All of his friends want to wish him a very speedy recovery and are looking forward to having Billy back with us very soon.

-Ann-

The annual Mother-Daughter

Christmas Banquet, which had been planned for December 15, had to be cancelled because of bad weather. No new date has been set.

-Ann-

School was dismissed at 2:30 p. m. Tuesday because of the basketball game with Sands.

-Ann-

High School had their Christmas Party Wednesday in the study hall. Gifts were passed out and refreshments were provided by the faculty. Entertainment

was provided by Caroline Isaacs, Sue Wages, and Shirley French. Betty Deavours gave a reading pertaining to Christmas.

-Ann-

School was dismissed at 2:30 Wednesday for the Christmas holidays, and will not resume un-

til Tuesday morning, January 3.

-Ann-

Merry Christmas, everyone.

Kenneth Turner who is stationed at present with S-1 Div. N. A. S., Moffett Field, California, is home on furlough, coming

in Friday, Dec. 9 about noon and is due back Jan. 8.

Kenneth reports that the whole office force in the section he is employed reads the Abernathy Review. Says if he lays it down for a minute, it is grabbed up by someone at once. His duties are in an office and are very pleasant.

Merry Christmas

"Christ Praying"

BY ROY DEAN VERNER
Reading Time: 4 Minutes

Do you know one of the Lord's prayers? If you were asked to quote the Lord's prayer would you quote Matt. 6:9-13? If you will search the Scriptures you will find that this is not the Lord's Prayer at all but one He taught His disciples to pray. Christ was a praying man. Several times in the books of Matthew, Mark, Luke, and John mention is made of His praying. The prayer that is recorded in John 17 is a prayer prayed by Christ, and is not one He taught others to pray. That prayer was one He prayed the last night He spent on this earth before His crucifixion. Have you ever searched the Scriptures to see what the burden of that prayer was? In the deepest agony our Lord prayed a prayer that is little known and maybe less respected than any known by many today. As soon as you have finished reading this get your Bible and read the 17th chapter of John and see if you are respecting His prayer.

He prayed for himself. His apostles and even for Christians of today. He prayed that His father would glorify Him so that He could also glorify His father. He had finished the work He was sent to accomplish. Through His life He had kept His Father's will and had manifested God's name unto those who had been given unto Him to carry on the great work of teaching after His departure.

The apostles believed that God had sent Christ and they believed His promise of the Holy Spirit to them to qualify them for their work (John 16:13). Now that Christ was about to leave the earth He prayed to God to keep them from the evil one so they could preach the word He had

given them. He said He had given them the words which the Father had given Him, and that they had received them. He prayed that they (The Apostles) might be one, as they (God and Christ) were one.

He said that He did not pray for them (the apostles) alone, but for them also which shall believe on me through their word. "That they ALL MAY BE ONE: as Thou, Father, art in me, and I in thee, that they also may be ONE in us: that the world may believe that thou hast sent me (John 17:20-21). Jesus did not die to establish many churches, but one. He desired for the unity of the believers to be the same as it is with Him and His Father. Some think that unity is impossible, and they say that the Lord never intended for all to be united in Him. Some go as far as to thank God for the division that exists. Jesus had already taught his disciples that there would be one fold and one shepherd (John 10:26), and now in the shadow of the cross He prayed for the Apostles to help accomplish His will and in turn prayed for all who shall believe on the word to be one. If all today were as united as God and Christ are, there would be no division over what the Bible teaches, or the manner in which the work of Christ should be done.

Won't you listen to the prayer of Christ today, and strive that all might be one. This can be accomplished only if all of us will permit God's Word to rule. Leaving off all human creeds, manuals, and disciplines, unity can be found by obeying God's Word. Won't you be just a New Testament Christian, and walk in the light of God's Word.

TEXAS DPS URGES SAFETY IN DRIVING; HOLIDAYS, TOO!

Speeding drivers and other traffic law violators will run a vertiable obstacle course of highway patrol cruisers and radar speed checks during Christmas and New Year holiday trips this year when the Department of Public Safety holds "Operation Deathwatch."

"So far in 1960, Texas traffic deaths are below the number recorded at the same date in 1959," said Sergeant.

D. S. Lawson, "However, in an effort to keep this grim figure to the absolute minimum, we have been ordered on a round-the-clock duty to stop traffic violators during Operation Deathwatch."

Operation Deathwatch starts throughout Texas at 12:01 A. M. December 23 and runs through 11:59 A. M. January 1, the Sergeant explained. "All members of the Motor Vehicle Inspection, License and Weight and Safety Education Services will be added to the regular Highway Patrol staff in a determined effort to apprehend all traffic law violators," Sergeant Lawson added.

"Since 1955, traffic deaths in Texas during the Christmas holidays have been less each year than predicted figures," Sergeant Lawson said. "We know this is because of public cooperation with the Department of Public Safety and because we have many additional officers on traffic law enforcement duty."

In last year's fatal Christmas accidents in Texas, all but one were caused by violations of one

or more traffic laws, the Sergeant cautioned. The drinking driver was involved in 32 per cent of last year's Christmas accidents, while 54 per cent listed speeding as a causative factor.

Three simple "rules of the road" for the holiday season, listed by Sergeant Lawson, are: 1—allow ample time for the trip; 2—stop occasionally for rest breaks; 3—report unsafe acts by other drivers.

"By allowing plenty of time for the trip, you will not have to speed to get to your destination on time," Sergeant Lawson said. "Occasional stops for rest will keep you mentally alert, and by reporting to law enforcement officers the unsafe acts of other drivers, you may save a life."

"And of course the most important rule of all is never drive while drinking. The drinking driver is a great hazard and when caught, he will be dealt with severely," the Sergeant concluded.

CARD OF THANKS

I wish to express my sincere thanks and appreciation to our many friends who have continued with us during the very considerable time I have been away from the shop the past few months helping to care for my less fortunate sister in Oklahoma. I greatly appreciate your continuing with us during this time.

Heleen Totty.

COUNTY FARM REPORT GIVEN

The Hale County farm trend is following very similar to the state and national trend in that the number of farmers are decreasing in the county, stated Ollie Liner, County Agricultural Agent.

Liner, who just received the 1959 Agricultural Census Preliminary Report, stated that Hale County now has 1,535 farms as compared to 1,703 farms in 1954; 23 of this loss was due to reclassing of farms according to definition. The average size arm is now 400 acres as compared to 364 acres five years ago.

The largest change in the 1959 Census was in the use of commercial fertilizer. In 1959, 1,171 farmers reported the use of commercial fertilizer in comparison to 601 in 1954. This amount of fertilizer was used on 311,041 used on grain sorghum, cotton and small grains, respectively.

Cows and calves in the county remain about constant, however the fat cattle increased from 8,000 head to 13,377. This was the amount that was on feed in November 1959. Sheep and lambs remained about constant with a little over 12,000 head. Hog numbers were up from 9,000 head in 1954 to 14,327 in November of last year.

There was a considerable increase in the amount of tons of crops cut for ensilage from 1954 to 1959. This of course, is due to the livestock feeding programs that have come in within the past five years.

Soybeans showed a considerable increase in acreage and yield. The county produced, in 1959, according to the Census, an average of 28 bushels per acre on 15,341 acres.

The County Agent stated that he did not have extra copies of the Census Report and that they could be ordered from the Bureau of Census, Washington 25, D. C. for 10 cents each.

Area Vocational Guidance Teachers And Doctors Attend Dinner in Lubbock

The "right to freedom from disease" is threatened by the shortage of physicians and other health workers, the president of an osteopathic college said at a dinner in Lubbock recently.

Dr. Morris Thompson, president of the Kirksville (Missouri) College of Osteopathy and Surgery, and a member of the U. S. Surgeon General's Advisory Group on Medical Education, told a vocational guidance dinner that the nation's medical schools are anxious to recruit good students.

The dinner was sponsored by district X of the Texas Association of Osteopathic Physicians and Surgeons. About 180 physicians and teachers attended.

Among those attending were: Dr. and Mrs. Kenneth Gregory, Dr. and Mrs. Maurice Priddy, and high school principal Ralph Stevenson and Mrs. Stevenson, all of Abernathy; New Deal school superintendent Dalton James and Mrs. James; and Mr. and Mrs. Purvis, Petersburg.

"The impression that the odds are stacked against the qualified individual for admission to professional school is dangerously erroneous," he said. "The well-qualified, well-motivated, well-counseled young man or woman today has an excellent chance of being admitted to any school of medicine. The rejection rate still is high, but most all rejections are on the basis of qualification, not overcrowding."

Professional schools must be careful about selecting their students because of the tremendous investment of time and money, both by the school and the student.

He observed that a candidate for a professional school must have a minimum of three years of college work with better than average grades. "Costly and challenging as this is to the individual, still the medical school spends three times as much on his education as he does.

"Thus the professional school must do everything it can to be sure that the individual who is given a place in the beginning class will emerge four years later as a physician. Good vocational guidance can well be the greatest single contribution in this effort."

It will be far better for future generations to prepare for adequate medical care than to suffer the costs of illness, Dr. Thompson said.

"We spend 14 times the estimated cost of the first trip to the moon on illness and injury in this nation each year. Some \$27 billion represents the recorded cost of illness and accident in which time is lost. Add to that tremendous cost of 'half-sickness' resulting in loss of efficiency, strained human relations, minor and unrecorded accidents, and we have a figure more nearly \$75 billion, the total national income of not many years ago," he said.

"This is a cost which a nation at war can ill-afford, whether it be the cold war for the minds and hearts of man; or a hot war to defend our very homes and lives. Our human resources are our most important weapon in the current world struggle. This loss of productivity on the part of our citizenry is more critical than the failure of any strategic weapon. It makes the healing professions a frontier as challenging and exciting as space."

must do everything it can to be sure that the individual who is given a place in the beginning class will emerge four years later as a physician. Good vocational guidance can well be the greatest single contribution in this effort."

Our human resources are our most important weapon in the current world struggle. This loss of productivity on the part of our citizenry is more critical than the failure of any strategic weapon. It makes the healing professions a frontier as challenging and exciting as space."

But for us, of course, the New Year begins with the roar in Times Square. Sitting comfortably by TV sets, gathered with our friends, wherever we may be, it is the New Year—and who's to care if it is eight hours old in Moscow, six hours old in Paris, or two hours old in Buenos Aires?

The date of December 25, as the birthday of Jesus, has been generally observed in most Christian countries since the fourth and fifth centuries. Before that time only the Epiphany (commemoration of the Baptism) was observed.

Times Square Hails New Year Arrival

The question of "who's first"—the United States or Russia—gets no argument insofar as the arrival of a New Year is concerned. When the first roar goes up in Times Square, the New Year is eight hours old in Moscow. But, don't fret, Father Time has already served up the New Year to a number of world citizens before he reached Russia.

Actually, New Zealanders, residents of the Chatham Islands, are first to see each New Year. Australia, Asia, Africa, Europe and South America follow before the New Year reaches the coast of Maine and makes its leisurely three-hour trip across to California, and two hours more to get to Alaska.

The New Year originates at the starting point of time—the Admiralty's date line, near the Chatham Islands. From this point, the line curves east and west of the 180th meridian in such a way that it lies always in the ocean.

But for us, of course, the New Year begins with the roar in Times Square. Sitting comfortably by TV sets, gathered with our friends, wherever we may be, it is the New Year—and who's to care if it is eight hours old in Moscow, six hours old in Paris, or two hours old in Buenos Aires?

How bright are the lights that shine at Christmas; the colors of the rainbow, the forest and the lake. They shine and they beam, they blink and they beckon; their reflections are captured in plate glass and passing car windows. But where are they brighter still? Capture, if you will, the reflection in the eyes of the very young . . . eyes so alive with excitement and anticipation, so full of joy and brimful of hope and eagerness.

Christmas lights the eyes of the young, but it is not a mere reflection. It is a light that comes from deep within, from the realization that there is something deeply wonderful about the season of Christmas; that there is a significant meaning about to be grasped and yet to be realized.

This is the light that shines in the eyes of the young. It is hope; it is anticipation—and eagerness—to grasp the meaning of Christmas, completely, fully.

May the true spirit of Christmas come to each and every one.

THERE IS A Santa Claus

"Yes, Virginia, there is a Santa Claus."

This famous editorial reply to the pleading, almost tearful inquiry of a young girl, "Is there really a Santa Claus?" is repeated year after year and probably will be—a thousand years from now.

There is, indeed, a Santa Claus. And he is real—as real as we can expect him to be. And he continues to exist because there is a real need for him.

We Can Argue

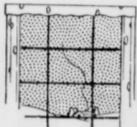

Most of us argue that Christmas is too commercial. The sending of Christmas cards to everybody in town is grossly overdone. There is too much emphasis on gift-giving and receiving.

All of these things may well be true. But, we don't see how anyone can rightly complain about Santa Claus. He belongs to the very young, to the unspoiled, the hopeful. He gives some meaning and purpose, albeit not completely understood, to those too young to comprehend the true meaning and purpose of Christmas.

And, in all fairness, it must be said that only the deep religious significance of this great holiday is more rewarding to so many than dear old Santa.

As the New York Sun editorial so aptly said, "A thousand years from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood."

Merry Christmas

May you have a peaceful and happy Christmas, rich in spiritual blessings.

Area Men Deliver Soil To Testing Lab

FIRST SOIL SAMPLES RECEIVED — Four Hale County residents are shown receiving the first soil samples received at the new extension laboratory, Lubbock. From the left are Ollie Limer, Plainview, Hale County agent; Morris Thomas, Cotton Center farmer and president of the Hale County Farm Bureau; James Vallentine, area soil chemist and head of the lab; Marvin Churchwell, Plainview, who operates a farm near Hale Center, and Lee Dent, manager of the Hale Center Chamber of Commerce.

Area residents were among the first persons delivering soil samples received at the new Texas Agricultural Extension Service soil laboratory in Lubbock, according to James Vallentine, extension area soil chemist and head of the lab.

Delivering samples to the lab during the first week of operation were Morris Thomas, Cotton Center farmer and president of the Hale County Farm Bureau; Marvin Churchwell, of Plainview, who operates a farm five miles north-east of Hale Center and Lee Dent,

manager of the Hale Center Chamber of Commerce. Churchwell, commissioner-elect of his precinct is a brother of Mrs. Bert Jacobs of Hale Center.

Vallentine reported that soil samples are trickling into the new soils lab. About 50 were received during the past week, Vallentine said. He expects the volume to increase rapidly within the next few weeks as the busy crop-harvesting season draws to a close. "We'd like to get in more samples before the rush starts to

help cut down on possible delays in getting the results back to farmers," Vallentine reported. Vallentine expects the "rush season" to come in January or February, when the facility is expected to be receiving soil samples from a wide region of West Texas.

Advantages Outlined
Higher Farm Income in 1961 can result from soil tests made this winter, Vallentine said. Properly taken soil samples, he said, can provide information about the plant food nutrients

needed for high-income, low-cost yields in 1960. "It's just good business to anticipate the fertilizer needs of crops before deficiency symptoms can be seen on the crop itself," the area soil chemist noted. "Waiting for a deficiency to develop is a poor practice, for by then crop losses already have taken place," he added.

"In present-day farming, one real problem is to know how well a particular fertilizer is meeting the needs of a crop," Vallentine pointed out. Once a farmer has embarked on a fertilizer program, Vallentine said, its value in meeting the needs of the crop from year to year can be estimated by soil tests.

"Soil testing is a practical tool that can tell a farmer what he wants to know about his soil before the trouble appears and before it's too late to correct it," he said.

Vallentine again emphasized that soil testing "isn't a cure all. But soil testing is a valuable tool and guide if it's used properly and the results are interpreted correctly."

The soil chemist also stressed the importance of filling out information sheets which should accompany the soil test. These information sheets may be obtained at the office of area county agricultural agents.

Needs Other Information
Vallentine pointed out that the laboratory needs to know the past cropping history, previous fertilization, type of crops to be grown, yields the farmers want to achieve, as well as other information requested in making fertilizer recommendations based on soil tests.

Cost of the laboratory analysis is \$2 per sample. Soil test bags tips on how to take soil samples and other information also are available from area county agents.

Samples should be mailed to: Soil Testing Laboratory, Agricultural Extension Service, Parcel Post Annex, Lubbock. The lab

now is housed in temporary quarters and will be moved to the new site of the Lubbock Agricultural Experiment Station when facilities there are completed next summer.

Christmas shopping bags always seem to fall over when set down. But there's a solution. Place the top of a cardboard shoe box in the bottom of the bag. Want to give mother and her little girl an original gift? Make them both aprons of similar design and material. Make one for the doll, too.

Wrapping Hints

Do you have trouble gift-wrapping such items as vases and bottles? If so, aluminum foil will solve your problem. The foil molds easily to the shape and makes a very attractive package when set off with a pretty bow.

Ag's 1960 Man of Year Is Selected

A slender, six-foot dryland cotton farmer from Lynn County has been named The Progressive Farmer's 1960 Man of the Year in Texas Agriculture.

Wilmer Smith, Texas' ambassador-at-large for cotton throughout the United States, received the honor for his exceptional service as a farm leader and as an outstanding spokesman for cotton growers. He was born and reared in Lynn County near New Home and farms about 1,020 acres of land there.

The 48-year-old farmer travels about 60,000 miles each year representing the cotton industry, including a trip to Washington at least once a month. His experience in a variety of phases—as grower, ginner, and president of an oil mill—gives him first hand knowledge of the cotton industry.

Smith is a member of a dozen boards, commissions, and committees that serve agriculture and is president of the American Cotton Producers Association. He has been described as a farmer leader "who doesn't have to get his information second-hand." Congressional leaders respect his judgement and listen to him.

After Smith received his college degree in government from Texas Tech in Lubbock, he became principal of the Cotton Center school in Hale County. Four years later he was called home to run the farm because of his father's ill health. He immediately became active in farm organizations. Since then, his leadership and sincere interest in promoting the cause of cotton growers has pushed him to national prominence in the cotton industry.

There is a rumor that Smith may be tapped for the post of Under Secretary of Agriculture in the Kennedy Administration.

C. F. Pool, father of Mrs. Barton Hays of Abernathy, was taken to Taylor Clinic, Lubbock, last Wednesday by Dennis and Chambers ambulance. Mr. Pool is 89 years of age.

Tax Evaluation Engineers Meet With School Board

The representatives from Thomas Y. Pickett and Company, Evaluation Engineers from Dallas, were present at the School Board Meeting December 5, for a discussion of the tax evaluations in Abernathy School District. The discussion centered mainly around values of oil properties in the School District, and a report on the loss of income due to a reduction in pumping days.

Thomas Y. Pickett and Company has been employed by the Abernathy School District for the past seven years to furnish expert advice and to prepare renditions on all oil and industrial properties in the District, it was reported. They are paid three cents per \$100.00 evaluation of the properties they handle for the year.

Mr. Johnson added that the current tax roll is approximately \$21 million and the properties that the evaluation engineers handle total about \$11 million, or over half of the amount of the tax roll.

It was brought out in the meeting that income from Anton-Irish field to royalty owners and operators has been seriously reduced over the past three or four years. It was reported that the pumping days in 1958 totaled 122; there were 123 pumping days in 1959; and a sharp cut in 1960 reduced the pumping days to 104.

The Anton-Irish field, a goodly portion of which lies in the Abernathy School District, in 1956 produced 2,830,000 barrels of oil at \$2.88 per barrel. During the year 1960, the allowable production was only 1,660,000 barrels and the price was some 26 cents less per barrel (or \$2.62 per barrel).

The Anton-Irish field is a unitized field with the Pan American Oil and Gas Company being the principal manager. Pan American Oil and Gas Company paid the Abernathy Independent School District approximately \$100,000.00 in taxes the current tax year, Superintendent Johnson stated.

Abernathy school officials and the Abernathy school board are faced with the problem of having a possible reduction in the income from taxes on oil.

Meetings are anticipated with officials from Pan American Oil and Gas Company's tax division in the early spring, with the hopes that some solution can be reached without having to raise the current tax rate. The Abernathy Independent School District tax rate for 1960 was the same as 1959, and preliminary plans are based on no increase in 1961, school officials said.

Mrs. Jim Jackson was taken to Methodist Hospital, Lubbock, last Wednesday by Dennis and Chambers ambulance.

Christmas Breakfast Enjoyed by Abernathy Art Study Group

The Art Study Group met with Mrs. Jack Hackler Saturday morning at 7:00 in her home for their annual Christmas breakfast. Creamed eggs on ham, strawberry and cranberry preserves, hot biscuits, butter and coffee were served. Dessert consisted of tapioca pudding tipped with candied cherries.

The table was decorated with candles, red and green felt elf, made by the hostess. Gifts were exchanged. Mrs. Frits Struve related how her grandfather made the candles for the Christmas tree in the early days, which was very interesting to the younger members, and was the highlight of the meeting.

Those attending were Mrs. Frits Struve, Ralph Davis, Alvin Hardin, Osborn Rea and the hostess.

1954 Women's Club Exchanges Gifts

The 1954 Women's Club met December 7 in the club room of the city hall. Members enjoyed the luncheon prepared by the social committee. After everyone had been served, there was a gift exchange between secret pals.

Members attending were: Laverna Barton, Charlie Brogden, Ann Bufe, Rola B. Covey, Mary Drace, La Rue Franklin, Betty Gist, Charlie Gregory, Billie Jean Harrison, Imogene Bryant, Clare Harp, Jo Ann Lambert, Mary McGaugh, Thelma McGaugh, Martha McMaster, Jerry Oswald, Lillian Rape, D'Aun Shipman, Billie Ann Thomas, Carolyn Thompson, and Neta Watts.

The next meeting will be held January 4, 1961.

Mrs. Frank Lovelace Is Club Hostess

The 1955 Study Club met on December 8 in the home of Mrs. Frank Lovelace for a Christmas party, with 18 members in attendance.

Two interesting papers were given by Mrs. E. A. Houston and Mrs. R. R. Struve on Christmas Customs in Hawaii and Christmas Customs in Alaska.

A gift of money was brought by each member for the City Library.

MERRY CHRISTMAS Peters Mobil Service

FROM THE EDITOR'S NOTES

According to the Renner Report, a release by the Texas Research Foundation, Renner, Texas, favorable growing conditions that prevailed during 1960 have enabled Texas Research Foundation agronomists to glean important information and yield data from the Foundation's long-time investigation of farming systems for that region. Benny J. Simpson, agronomist in charge of the investigation, has reported on the performance of wheat, cotton and grain sorghum in one of the three-year rotations recommended for that region.

In the investigation of cotton during 1960, continuous cotton under fertilization produced 75 pounds of lint more to the acre than the continuous cotton that had not been fertilized. The 75 pounds represented a profit of \$8.71 an acre over the cost of fertilizer. In the fertilized rotation, cotton produced 80 pounds of lint more than it did in the unfertilized rotation, an increase which represented a profit of \$10.02 an acre over the cost of the fertilizer. In addition, the incidence of root rot in the 1960 cotton investigation clearly showed the advantage gained by planting the cotton in rotation with non-susceptible crops. Cotton alone, fertilized and unfertilized, showed extremely high infestation, the highest being 69.3 per cent. Cotton in rotation with grain sorghum and wheat, however, showed an infestation percentage of only 16.5.

Continuous grain sorghum fertilized during seedbed preparation with 40 pounds each of nitrogen and phosphorus to the acre produced 1,187 pounds of grain sorghum more than the continuous, unfertilized grain sorghum. The increase assured a profit of \$6.86 an acre over the cost of fertilizer. Continuous grain sorghum fertilized with 40 pounds of nitrogen only to the acre produced 971 pounds more than the continuous, unfertilized sorghum, an increase which represented a profit of \$9.76 an acre over the cost of fertilizer. The over-all cost of fertilizer, when all costs were taken into account, revealed that grain sorghum showed a net response of 807 pounds an acre increase due to fertilizer, and 638 pounds an acre increase due to rotation with wheat and cotton.

The National Beet Growers Federation held its annual meeting December 8 in Yakima, Washington. At this meeting it was pointed out by Tom O. Murphy, Deputy Director of the Sugar Division of the U. S. Department of Agriculture, Washington, D. C., that it is expected that Congress will vote a short-term extension on the present Sugar Act so that legislators will have time to study the long-range sugar policy of the nation. The present Sugar Act, which sets marketing quotas for both domestic and foreign sugar production, is due to expire next March 31.

Ernest W. Wilmeth, of Lamesa, was registered as the 8,000th Scout in the Annual South Plains Council Round-Up, according to Dr. J. Davis Armistead, Council Commissioner. Cub Scout Wilmeth is in Cub Pack 83, which is sponsored by the Lions Club of Lamesa.

Only 327 Scouts were to be recruited by last Thursday to reach the 8,328 boy membership goal of the South Plains Council. There are a total of 273 Scout Units, Packs for boys ages 8, 9 and 10; Boy Scout Troops, for the boys ages 11, 12 and 13; and Explorer Units, for boys ages 14 years and up. There are over 3,000 adult volunteer Scout leaders working with these 8,000 boys.

It was pointed out that Scouting is for all boys, regardless of race, color, creed or religion. Someone once said: "A man never stood so tall, as when he stooped to help a boy."

LCC IN FUND RAISING DRIVE; \$300,000 NEEDED BY DEC. 31

Lubbock Christian College is in the midst of a \$2,000,000 fund-raising campaign to improve and enlarge its campus and \$300,000 is needed Dec. 31 when the land option expires.

The money is needed to acquire 229 additional acres for future expansion and school officials feel the land is worth more than double the option price of which it can be purchased.

Included in the campaign is the payment of campus indebtedness, building a men's dormitory and completing a giant fieldhouse which it will be one of the largest in the nation. The campaign will continue until all these goals are reached.

Approximately 114 men have been selected to serve as county chairmen for the school covering a wide area of West Texas and New Mexico with each county

given a goal. Raymond Akin of Plainview has been named county chairman for Hale County which has a goal of \$83,000.00. To date, the county has reached 221 per cent of its goal.

Working with Akin as local chairman are Clifton Newton of Abernathy, Herman Henson of Cotton Center, Elmo Snelling of Edmonson, Ray M. Sell of Petersburg, and Winfred Covey of Plainview.

This is from J. L. Sultz' "Listening Post" column in the Petersburg Journal: "We have decided and unpledged elector is a fellow who goes off to the electoral college not caring whether school keeps or not."
