

ABERNATHY WEEKLY REVIEW

ANN ROBERTSON

Ann Robertson Is District Winner In Talent Contest

Ann Robertson won the District Teen Talent Contest on the District level at Camp Arrowhead last week. She was one of six district winners. She won in vocal solo, singing "What A Day That Will Be." Ann received a \$50.00 scholarship to Bethany Nazarene College as a prize for winning.

This was Ann's second year to win on the district level of the Teen Talent Contest. She won in 1960 in oration, as a representative of the Fort Worth Zone. This year she was representing the Lubbock Zone.

This Teen Talent Contest is sponsored by the Abilene District N. Y. P. S. Ann is a daughter of Rev. and Mrs. James H. Robertson.

OES Officer Installation Here Tonight

Abernathy Chapter No. 877, Order of the Eastern Star, will hold an open meeting tonight (Thursday) at 8 o'clock to install officers for the ensuing year. Mrs. Kenneth Phillips will be installed as Worthy Matron and Kenneth Phillips will be installed as Worthy Patron.

Mrs. J. C. Veach is to be installed as Associate Matron and Ray Willis as Associate Patron. The list of other officers to be installed tonight was not available to The Review at press time. A complete story will be published next week.

Bowling News

Some of the top men bowlers of this area neighboring states are expected here next month when A-1 Lanes stages its 3rd Anniversary Bowling Tournament. The tourney is sanctioned by ABC. Lowell (Ace) Caddel of 3418 53rd St., Lubbock, will have charge of the tournament, which is slated July 8-9 and July 15-16.

Last week's winners in the A-1 Lanes' Summer Spectacular were the following:

- Lloyd Edwards, high handicap series for men, 736.
- Oleta Edwards, high handicap series for women, 668.
- Roy Evans, high scratch game for men, 267.
- Oleta Edwards, high scratch game for ladies, 224.

A mixed couples sweepstake will be held this Saturday night at 9:30 at the A-1 Lanes bowling place.

Starting today, June 15, A-1 Lanes will give persons a free game of bowling with any size Brylcreem empty carton or Silvikrin shampoo label. The offer will expire August 15.

The special offer does not include shoe rental fee and it will be good only for open bowling. The offer also will be subject to the availability of lanes at the bowling place.

News From City Hall

POLICE REPORT FOR MAY
Police activity in May was about normal. There were 29 tickets issued for traffic violations; 8 no drivers license, 5 stop sign violations, 5 speeding violations, 3 double parking, 4 for excessive noise in car, 2 involved in wreck, 2 connected with parasites.

Concerning crime, 18 thefts of hub caps were reported during the month, 5 out of town warrants were served, one crime at Petersburg was investigated, and 4 city court warrants were served. There were 25 people held in jail for various periods—23 were picked up on being drunk in public places, one on vagrancy and one for driving while intoxicated.

In the northwest section of town police plan to watch intersections with much more care in the coming months. Stop sign violations are believed to be the cause of several accidents at intersections, especially those with blind corners.

Paul Hartzel and C. J. Pharr each received a \$5.00 fine from Plains Grain Co. for delivery of Abernathy's first load of 1961 wheat. The wheat was grown by Paul Hartzel and combined by C. J. Pharr's combines.

The load weighed 14,230 pounds, tested 61, with a moisture content of 13.20.

Approval Of Foreign Exchange Pupil For Abernathy Now In Final Stages

The Abernathy Chapter of the American Field Service met Monday night in the homemaking department of the high school, along with Mr. and Mrs. Andy Reid, local Lions Club representatives, and school representatives, and approved the application for scholarship of a young man, who, after final approval by the New York Chapter, will be Abernathy's foreign exchange student.

It approved by the New York Chapter, the young man will arrive here some time within the period of August 1 to September 15, depending upon passage booking to the United States, etc.

The Abernathy Chapter of AFS was formed about four months ago when application was officially submitted to the New York office, requesting a foreign exchange student for Abernathy. Those on the local Chapter are: Noel Johnson, president; Mrs. Dan Z. Ward, member for homes and student-family adjustment; Ted Hill, finance chairman; Ed Graham, school liaison representative; Mrs. Florine Forbes, member for Americans Abroad, and acting secretary; and other members, Ed Crow and Joe Thompson.

Mr. and Mrs. Andy Reid, who will serve as foster parents for the student while he is here, were well pleased with the prospect of having this young man as their "son" for a full year.

In addition to the Reids having to pass rigid requirements, other qualifications for the U. S. family are, in general, as follows:

A heart—large enough to share a portion with another child from another land for a year—and probably forever.

A mind—open to the different life and culture the student will bring with him, open to accepting him for his differences and not for his similarities.

And a share of laughter and gaiety to shrink the problems that may come up and to strengthen the bonds of communication.

Also present for the meeting were High School principal Ralph

Stevenson, who will serve as the student's advisor on school activities; Pete Wilson and Leand Phillips, president and president-elect, respectively, of the local Lions Club which is sponsoring the student locally; and Richard Havens, representing The Review.

In sponsoring a foreign exchange student to Abernathy, the local Lions Club was required to make a Participating Contribution of \$650.00 which was put into the general AFS scholarship fund.

Out of the fund come personal allowance and passage for those students whose families could not pay these items. (In respect to this, the foreign families contribute what they can, which may be full passage and spending money or a part of these items.) Out of the fund also come such direct expenses as medical bills, transportation in the U. S., arrival and departure expenses, baggage charges, and bus trips. The fund also provides indirect program expenses such as processing appli-

(Continued on page 7)

McCurdy Elected Head Of Lodge

Officers to serve Abernathy Lodge No. 1142, A. F. & A. M., for the ensuing year were elected Thursday night. Cecil McCurdy was elected Worshipful Master, following Bob Drape, G. D. Clapp was named Senior Warden and L. G. Deering, Junior Warden.

C. J. Davis was elected Senior Deacon. Announcement will be made later on the office of Junior Deacon. L. L. Duckett was named treasurer and Ray Willis, secretary. Ward Jones was elected tiler.

These elective officers and others to be announced later will be installed at the stated meeting of the Lodge Thursday, July 13. Herman Lambert will be the installing officer and Dan Ward will be the installing marshal.

Mrs. Hall Franklin was summoned for jury duty in 72nd District Court, Lubbock, last week.

5-Man Planning And Zoning Commission Named By City

Acting on an ordinance passed earlier this year, Abernathy Council has appointed a five-man Planning and Zoning Commission composed of Joe Thompson, Arno Struve, J. D. Webb, Herbert Hardin and J. L. Miller, Jr. They will serve one-year terms, without compensation.

Duties of the Commission include the preparation of a comprehensive plan and ordinance for zoning the City of Abernathy in accordance with state laws.

The Commission is expected to make, and recommend for adoption, a master plan as a whole, or in parts, for the future development of the city and its environs.

The Commission may use such professional and technical assistance necessary to accomplish this goal. The professional and technical advisers on this project will receive compensation.

Regular and special meetings of the Commission will be open for the public to attend, and records of meetings will be open for public inspection.

Summer Home Ec Classes Set To Begin June 26

Summer Homemaking classes for Abernathy girls will be held every afternoon that week (Monday through Friday) from 2:00 p.m. to 4:30 p.m., announced Mrs. F. Lynn Drummond, AHS Homemaking instructor.

Plans had been made to start the summer homemaking classes June 19 and conduct the classes Monday, Wednesday and Friday afternoons for two consecutive weeks. However, Mrs. Drummond had to postpone the starting date a week due to her being ill with the mumps.

BIRTHS

Abernathy Medical Clinic reported the following births: Mr. and Mrs. Vincente Barrientes of Lubbock are parents of a son born June 7. He weighed 6 pounds 14 ounces.

A son, weighing 6 pounds 4 ounces, was born June 5, to Mr. and Mrs. Tiburcio Segura of Abernathy.

Mr. and Mrs. Juan Champion of Petersburg are parents of a son born June 10. He weighed 8 pounds 2 ounces.

Farm Plat Book And Directory Now Available

A Plat Book and Directory of Lubbock County farm owners and tenants has been published and released by C. F. Boone National Publications, Inc., of Lubbock. These books are free to all Lubbock farmers. All the farmers need to do is take their Plat Book Coupon Card (which was mailed to them) and have it signed by one of the advertisers in the Plat Book, then take the coupon to the Plat Book Distributor and exchange it for the Plat Book and Directory.

For a complete list of Abernathy and New Deal advertisers in the Plat Book and the franchise distributor, see the ad on page four of this paper.

It was stated that the Hale County Plat Book and Directory will be available in the near future.

GIRL SCOUT DAY CAMP NOTICE

Everyone that plans to attend Girl Scout Day Camp June 19-June 23 is asked to register and hand their money in no later than June 15. Money and registration papers should be given to Mrs. Thomas Johnston.

The day camp will be held on the Jack Barton farm, Mrs. M. B. Struve is the camp director.

Mrs. Lloyd Edwards was admitted to Methodist Hospital, Lubbock, Sunday for treatment.

Mrs. Lindell Myatt recently underwent surgery at Methodist Hospital, Lubbock.

The Gene Willis family of Dallas visited his mother, Mrs. Elsie Willis, and sister, Mrs. J. D. Webb, and family. The Dallas visitors and the Webb family went to New Mexico, El Paso and Juarez, Mexico, last weekend.

EXHIBITS PAINTINGS—Judy Kiker, art student of Mrs. C. L. Adams, is pictured above with three of her paintings which were exhibited in the city hall club room Friday. The three paintings are entitled Open Range, King of The Roost, and Magnolias. Miss Kiker and 16 others had on display about 70 paintings.—(Staff Photo).

Sixty-Nine Paintings Displayed During Judy Kiker's Art Exhibit Here Friday

Judy Kiker's art exhibit in the city hall room Friday afternoon and evening proved very interesting and successful as 17 exhibitors displayed 69 paintings for the viewing pleasure and study of those interested.

Miss Kiker, the 17-year-old daughter of Mr. and Mrs. J. W. Kiker, displayed 15 of her paintings she has done during the past year. She is an art student of Mrs. C. L. Adams. Judy will be a senior student in Abernathy High School this coming school year.

Others who contributed to the exhibit were Mr. and Mrs. C. L. Adams, who had several paintings of Abernathy and vicinity during the pioneer days, Mrs. Roy Matthews, Mrs. Cecil McCurdy, Fritz

Struve, H. Ruwayne Struve, E. K. Benn, Ruth Torres, Hazel Dean (Griffin), Riesa Kelly, John Reagan, J. Hardesty, Larry Florence, and Marian Struve. Mrs. Chris Benn displayed several paintings done by her grandfather, Herman Lungkwitz, and Mil Petty displayed two antique French paintings.

Mrs. Winters Dies Monday

Mrs. F. L. Winters of Shallowater died June 12, at 11:05 p.m. at their Shallowater home after an illness of several months. She had been in West Texas Hospital, Lubbock, for several weeks but had returned home a few weeks ago where she remained in bed and kept a nurse with her at all times.

Mrs. Winters, Mahota to her many friends, several of whom were of Abernathy, was a sister-in-law of Mildred and Earl Winters and Rosene Ballard, all of who attended the Abernathy Church of Christ here. Mrs. Winters and her husband were members of the Broadway Church of Christ, Lubbock.

Mr. and Mrs. Winters were members of the Abernathy Young Club and had been for several years. Burial was held at 3:00 p.m. Wednesday at the Broadway Church of Christ by Horace Coffman, minister.

Burial was in Resthaven Memorial Cemetery.

Survivors include the husband, and a son, Billy, of the home; parents, Mr. and Mrs. W. T. Wynn Sr., Shallowater; two sisters, Mrs. Frank Gaston, Plainview, and Mrs. Joe Miller Jr., 104 Ave. V, Lubbock; two brothers, W. T. Wynn Jr., Anton, and E. N. Wynn, Rt. 2, Lubbock.

Ex-City Officials Feted At Dinner

By O. F. REA

The annual ex-city officials dinner got under way at 8:00 o'clock Friday evening at Graham's Cafe with 17 exes and others present. There were several ex-officials not present for various reasons.

As usual, the meal was the first thing on the program. No doubt to get every one in a good humor and the proper mood for the remainder of the program. A chow line was formed and everyone helped his own plate to whatever and as much of it as they wanted, or thought they wanted. Everything was appetizing and plates were piled high, although it was announced that you could go back and get all the seconds you wanted, no one made the second round, plates were piled so high the first time that appetites were entirely sated.

When the meal was finished and the tables cleared up, Roy Jones, who acted as M.C., introduced the newest exes, former Mayor Ed Graham and former Councilman Bill Wolf. Three "whereas" resolutions were read and approved then signed. There followed a speech by Mr. Graham and a short speech by Mr. Wolf. Ed Graham had served as mayor for six years, and having no troubles at all, he said that he enjoyed the six years. The same went for Bill Wolf.

At this point a couple of new comers to Abernathy were introduced, namely our new City Attorney and Justice Court Judge, Mrs. and Mrs. Ray Sanderson.

Someone mentioned the old time tax rate, 25c per \$100.00 and what a time they had in getting it raised. Ed Crow mentioned that after trying for five years, he finally succeeded in getting it raised to 35c and that after one year it was again reduced to the 25c.

It was brought out that in June 1927 the yearly tax take was \$2, (Continued on Page 3)

Johnny Phillips Injured In Farm Accident Here

Johnny Phillips, 36, was injured at 4:45 p.m. Thursday on a farm west of town where he is employed by Ed Phillips. He was taken to Methodist Hospital, Lubbock, and his condition was reported as critical for several days. Later reports indicate that his condition is improving.

Phillips was injured when a horse he was leading in a fenced lane on the farm fell, or stepped, on him. The animal was hit by other horses running in the lane, causing him to fall, or step, on Phillips.

HAIR DAMAGES CROPS

Hail damaged crops in an area west of town Wednesday afternoon of last week.

Fire Insurance Key Rate For Abernathy Reduced By Board

AUSTIN — Abernathy residents have received a two cent reduction in the amount they will pay for fire insurance premiums, the State Board of Insurance announced in lowering the key rate for the city.

The Board lowered the fire key rate from 51 to 49 cents per \$100 of fire insurance purchased annually. Since Abernathy residents purchased \$30,052 worth of fire insurance in 1960, the savings will amount to about \$600 per year because each one cent reduction is equal to a reduction of one per cent in the amount paid.

The Board sets the key rate after sending out its inspectors to make charges on hazards, and to give credit on protective equipment and measures.

Charges were made at Abernathy for water works pumping units in duplicate; electric power for pumping units not according to standards; elevated tank 63 per cent deficient in capacity, but with pumps in adequate size; water supply main not in duplicate and 25 percent of the mains deficient in size in the mercantile districts; deficient 30 per cent in the number of fire hydrants in the mercantile districts, and deficient 10 per cent in residential

MINIATURE GOLF COURSE IS UNDER CONSTRUCTION

Jack Kiker is building a 14-hole miniature golf course south of his home, which is located on Jerome and 16th Streets in the Northeast part of town. The course will be open to the public in a few weeks.

ONION LAND PAYS OFF IN WHEAT

R. A. DuBoise harvested 72 bushels of wheat per acre off of his last year's onion acreage. He watered it twice, it was reported.

TODAY IS DEADLINE FOR ENTRIES IN SOAP BOX DERBY

Ed Crow, local Soap Box Derby official, reminds young boys who plan to sign up for the Soap Box Derby race this year that today (Thursday) is the deadline for doing so.

Forty-one local boys have signed up for this year's event.

Water, Sewer Assn. Meets Here June 22

The Caprock Region of the Water and Sewer Association will hold its monthly meeting at Graham's Restaurant on Thursday, June 22, it was announced by City Manager Paul Noland.

Dick Hughes, Abernathy Water Superintendent, extended the invitation to the association to meet in Abernathy.

The Water and Sewer Association is a statewide organization formed for the betterment of water works and sewer utilities. The members of the Caprock Region will be coming to Abernathy from an area bounded by Amarillo to the north and Lubbock to the south.

Abernathy (Texas) Weekly Review Thursday, June 15, 1961 Page 2

The period July 23-29 has been designated by President Kennedy as National Farm Safety Week in the United States. In Texas, plans are going forward for special programs on the local and county levels with statewide activities being planned by the Texas Farm and Ranch Safety Council. Agriculture is the nation's third most hazardous occupation with almost 12,000 deaths and more than a million crippling injuries each year in the nation. Every citizen is urged to participate in the observance.

11 Abernathians Among 192 Youth Attending Camp

One hundred and ninety two Youth and workers attended the annual Abilene District, teen camp of the Church of the Nazarene at beautiful Camp Arrowhead near Glen Rose, Texas. Eleven Abernathians attended the camp.

Those attending from Abernathy were: Dennis Hall, Janie Hall, Barbara Patterson, Lajuana Patterson, Ann Robertson, Sue Robertson, Beverly Spruiell, Joyce Spruiell, Aline Story, and Rev. and Mrs. James H. Robertson. Lajuana Patterson came home with one of the athletic trophies. Aline Story was in second place in the District Teen Talent Contest. Ann Robertson was first place winner in the Teen Talent Contest.

Ministers of the area who were workers at the Abilene District Youth Camp were: Rev. Ivan Counter of Lubbock, District Director; Rev. and Mrs. Charles Sture of Slaton, as counselor and athletic director; Rev. and Mrs. Bill Duke of Lubbock, as counselor and athletic director; Rev. and Mrs. James Robertson of Abernathy as teachers and counselor; and Rev. Corbie Grimes of Plainview as teacher.

Mrs. E. E. Senter, was in Austin Friday to play in a state contest being conducted there. Mr. and Mrs. C. P. Loyd and Danny visited his father, W. H. Loyd, who is ill at the home of his son, Grady Loyd, in Seagraves. Mr. and Mrs. Dick Belt of Welch

spent the weekend with his parents, Mr. and Mrs. J. C. Belt. Mr. and Mrs. Leon Manley and children of Lamesa spent several days last week with her parents, Mr. and Mrs. Herbert Watson.

C. A. Wynn moved to 1000 5th Street.

Miss Stephenson, Gary Lynn Cope Repeat Vows

LUBBOCK—A gown of white silk organza, frosted with re-embroidered lace outlined with sequins and seed pearls, was chosen by Miss Darla Deen Stephenson as she exchanged vows with Gary Lynn Cope at 7 p. m. Saturday in Salem Avenue Baptist Church.

Officiating at a double ring ceremony was the Rev. Edgar Tatum of San Angelo. Parents of the couple are Mr. and Mrs. W. M. Stephenson, 4702 38th St., and Mr. and Mrs. Lynn Cope of Ralls.

The bride's gown featured a princess styled skirt accented with a silk organza and taffeta band and streamers cascading from a front pleat. The skirt swept into a chapel train. Her shoulder length veil fell from a lace tiara accented by seed pearls and sequins. She carried an orchid and stephanotis bouquet. She was given in marriage by her father.

Miss Peggy Dismukes of Ralls was maid of honor. She wore an orchid silk organza dress designed with embroidered roses over taffeta fashioned with a full skirt, bateau neckline and short sleeves.

Other attendants were Miss Jackie Stephens, sister of the bride; Miss Elaine Farris, cousin of the bride; and Miss Mary Fern Savage. They wore orchid silk organza over taffeta dresses.

Attendants carried bouquets of white gladiolus.

Wayne Garner of Ralls was best man. Ushers were Jimmy Farris, cousin of the bride; and Bob and Dennard and Gerald Gray of Ralls.

Candles were lighted by Billy Stephenson, brother of the bride; and Gary Cope of Ralls, sister of the bridegroom. Penny Stephenson, sister of the bride, was flower girl.

A reception in the church parlor followed the ceremony. Assisting with hostesses were Mrs. Way-

land Wright, Miss Mary Nell Poet and Miss Sonie McLane of Ralls.

For travel on her wedding trip to Ruidoso, N. M., the bride wore a gold and white silk suit with matching accessories. They will reside at 3232 Abrams St., Arlington.

The bride graduated from Tom S. Lubbock High School and attended Texas Tech. Her husband graduated from Ralls High School and attended North Texas State College and Tech.

A former Abernathy resident Gary Lynn Cope is a nephew of Mrs. Delbert Beaton and E. L. Kelly.

News of Men In Service

NEW ULM, GERMANY (AHT-NC)—Pvt. Eddie D. Wilson, 18, son of Mr. and Mrs. Edgar T. Wilson, Abernathy, recently achieved recognition as a top Army marksman by qualifying for the expert marksmanship badge during range firing with the M-1 rifle in Germany.

Wilson is a rifleman in Company D of the 4th Armored Division's 41st Infantry in New Ulm.

He entered the Army in August 1960 and completed basic training at Fort Hood, Texas.

ABERNATHY TO HAVE BASEBALL FIELD

Abernathy is to have a baseball field available for public use on the old drive-in theatre property north of town. Ted Hill reported that the ball field will be available for this summer, and it will eventually be lighted for night games. The property was purchased by a Catholic Church several months ago.

... City Dinner

(Continued from Page 1)

653.00. Present tax take is reported as being \$122,078.69. Dan Ward was credited with getting the tax rate raised as he supplied the necessary push according to Ed Crow who was on the council at that time.

It was brought out that a number of things are making Abernathy a city instead of a village. One was the fact that when the present paving schedule is finished we will have 250 blocks of pavement. Another was the expansion of the city limits in the last few years, the improved water system and fire fighting equipment.

Someone, not an oldtimer, asked about our early water system. This drew a laugh. Old timers remember that when we had a fire, we had a fire. There was no water system, no fire fighting equipment, no fire department and practically no water. There were windmills everywhere and a mill and small tank on the city square which later served a few business buildings on the west side of the present highway. Later a high tank was raised just to the rear of Struve's store and served the business houses on that side of town. The sewer system consisted of cess pools just to the rear of the business buildings, sometimes unmarked and dangerous to drive over. The residence had either out door plumbing, cess pools or septic lines. By 1934 or 1935 we progressed to the point of erecting a high tank and installing a sewer system large enough to care for the whole town. Some were reluctant to tie on but soon all were glad to tie on. The city now has six wells, one of which is to be abandoned and one not in use at present leaving four wells in service as of now.

Early city administration was mentioned as one bookkeeper who was paid \$35.00 per month. This brought up the early telephone system owned by Howard Pearson and later bought by Will Crow. Ed thought there were perhaps 127 telephones in town and the country around some time in the twenties. He said the exchange was in their house at one time and there were no private conversations as the receiver was always plugged in. Later it was moved to a building located where the present Southwestern Public Service office is and Mary Evans was the first operator. The same community sharing of all secrets still prevailed and Mary Evans was the social secretary for the community, both business and private homes. At this point Bobby McAlister came up with the assertion that the town sure was growing for he had at least 127 phones on his present two-party line. At 9:15 a second to a motion to adjourn was heard and without further comment the meeting was

Gilts Awarded To 4-H Youths

Sear's gilts were distributed to Hale County 4-H boys and girls Saturday, June 3, according to assistant county agricultural agent Payton Scott. The gilts were distributed from the Sears Roebuck Store parking lot in Plainview.

Winners in the Sear's gilt contest were: Pamela Ann Weber, Edmondson; Wesley Ahrens, Cotton Center; Burt Montgomery, Abernathy; Janet and Gary Painter, Edmondson; Randy Coleman, Prairieview; Jimmy Burnett, Cotton Center; Chris Vaughn, Plainview. Hoyle Curtis of Petersburg won the boar pig.

Returning gilts to the program were: Richard Montgomery, Abernathy; Robert Shackelford, Cotton Center; Sammy Coleman, Prairieview; Gil Hollingsworth, Hale Center; and Benny Lobstein, Abernathy.

To compete for a gilt, 4-H boys and girls must write an essay on "Why I Want a Gilt" or "How I Would Care for a Gilt." They must sign an agreement stating they will return the best gilt pig from their first litter to the program. Winners are determined by judging the essays and facilities for raising pigs. By returning the top gilt from each of the eight litters, the Sear's gilt program maintains its good quality breeding animals. Eight gilts and one boar pig are awarded the most deserving 4-H boy and/or girl each year.

The 4-H Club members express their appreciation to the Sears Foundation and the local Sear's Store for their support of the Sear's Swine Program in Hale County.

adjourned.

Richter, Mr. and Mrs. Ray Sanderson, Mr. and Mrs. Wesley Harris, Mr. and Mrs. Lon Carmickle, Mr. and Mrs. Robert McAlister, Mr. and Mrs. Ed Crow, Mr. and Mrs. Paul Noland, Mrs. O. F. Rea and your reporter.

Seven From Here In Summer School At W. T. S. C.

CANYON, Texas (Special)—Seven persons from Abernathy are attending the first summer session at West Texas State College. The first term ends July 7, and the second term begins July 11.

Mrs. Esther E. Williams is a graduate English student, who holds her B.S. degree from Culver-Stockton College.

Others include Raymond S. Joy,

Myrna Figley, Gloria Houston, Carroll Dean Powell, William F. Humphrey, and Sue Williams.

Joy is a freshman and is the son of Mr. and Mrs. E. M. Davis. Miss Figley, daughter of Mr. and Mrs. Roy S. Figley, is a junior elementary education major. Another junior elementary education student is Miss Houston, daughter of Mr. and Mrs. E. A. Houston.

Son of Mr. and Mrs. Bryant V. Powell, Powell is a sophomore art education major. A pre-dental stu-

dent, Humphrey is the son of Mr. and Mrs. Howard Humphrey. A senior social studies major, Miss Williams is the daughter of Mrs. Esther Williams.

W. G. Darden of Dalhart was in Abernathy last week on business.

George Reagan, Tracy Walker, and J. P. Nystel of Abernathy and Harry Chapple of San Angelo were in Garden City, Glasscock County, on business early last week.

BUCKET SEATS ALONE DO NOT A MONZA MAKE

■ Gee! ■ Little did we know, when we introduced the Corvaire Monza last year, that we were starting a Big Thing. We just thought it would be pleasant if you could buy a car that treats you, the driver, like you want to be treated. ■ The bucket seats, of course, are the most obvious evidence of our desire to please you. But they're not the most important thing. No sir. What's really vital is the way a Monza handles—something nobody in the U.S. has yet copied. Or can copy. Because Corvaire is the only rear-engined car made in this country, and you know what that means: steering light as thistle-down. (You even park this one more easily, it steers so briskly.) Beautifully balanced braking—the car stays level even under panic braking, which we hope you'll never have to do. Traction and more traction, so you don't become a stick-in-the-mud. The kind of cornering that's sheer joy to experience. ■ You get more: a fully independent suspension that blots out road shocks before they can ruffle you. Clean, crisp styling. Thoroughgoing economy, from purchase price to operating cost. ■ You're not going to be satisfied with bucket seats alone, are you?

July 23-29 Dates Set For National Safety Week

College Station—The period from July 23-29 has been designated as National Farm Safety Week by a proclamation released by President Kennedy.

The President called attention to the fact that more than a million farm residents are injured and thousands are killed each year in accidents and that these accidents bring suffering and sorrow to our farm families and inflict heavy economic losses upon both the farm community and nation. The safety of these people, he continued, who produce our food is

of vital concern to all our citizens.

President Kennedy is urging all persons and organizations interested in the safety of farm people to support and participate in this special endeavor to help reduce the number of farm accidents. He asked farm residents to remember that "Safety is a Family Affair."

In Texas, plans are going forward for the observance of the Week, reports the Texas Farm and Ranch Safety Council. In many counties extensive programs will be carried out, emphasizing that safety is a family affair. County extension agents, 4-H Club members and their leaders, farm and community organization leaders and others with a deep interest in

1961-62 Football Scheduled Released

The 1961-62 school football schedule has been completed and was released by Pete Wilson, athletic director at AHS.

It was pointed out that all conference games this coming season will be played at 7:30 p. m. It is not yet known whether or not the starting time of the non-conference games will be changed to 7:30 or will remain at 8:00 p. m.

The AHS Antelopes will meet the same teams this coming season as they did last season. Only the dates and the places to be played have been changed.

- Sept. 1—Dimmitt, There.
 - Sept. 8—Spur, Here.
 - Sept. 15—Hale Center, There.
 - Sept. 22—Denver City, There.
 - Sept. 29—Tulia, Here.
 - Oct. 6—Open Date.
 - Oct. 13—Morton, There.
 - Oct. 20—Lockney, Here.
 - Oct. 27—Floydada, There.
 - Nov. 3—Olton, Here.
 - Nov. 10—Muleshoe, There.
- * Denotes District Games.

the promotion will contribute to the overall plans.

The Councilmen said that in many counties a different phase of farm and home safety would be emphasized each day during the week: Sunday, reverence for life; Monday, safety begins at home; Tuesday, agricultural chemicals; Wednesday, prevent falls; Thursday, highway safety; Friday, farm machinery and Saturday, recreation safety.

The failure of rural people to observe safety in their daily living is a chief contributor to their safety record. The Council said this record includes a disabling injury accident every 32 seconds and a death every 45 minutes to farm residents of the nation. The Council concludes it is time to stop this needless waste from accidents since most could be prevented.

East Wall Of Junior High Gymnasium To Be Rebuilt

Special Session

In a special session of the Abernathy School Board on Saturday, June 3, a contract was awarded to H. R. Bundock of Lubbock on his low bid of \$7,528 for replacing and reshaping of the east wall of the Junior High Gymnasium and the refurbishing and reshaping of other areas of the same building.

Other bids received were W. B. Abbott & Co., \$7,814; Hammack Bros. Construction Co., \$7,965; Claude Martin and Sons, \$8,070. Work will begin immediately. School officials and board members were pleased that the bids were inside Archibald Atmar Atkinson's estimate and that the contractor was willing to build a new wall for \$218 less than reworking the existing one.

At the completion of this work the school will have completely renovated the gymnasium built in 1933. The original dressing room and shower areas were refurnished under previous contracts and the old cafeteria that was attached to this gymnasium contains new dressing rooms, physical education rooms, and a receiving warehouse.

It was noted that the original gymnasium building cost only \$15,000 in 1935. Comparable installations today run well over \$150,000. With the original cost of the gym and the old cafeteria building, plus additional work completed the past two years, and including the contract let last Saturday the taxpayers of Abernathy I.S.D. will have less than \$75,000 invested in this facility.

The following action was taken by the Abernathy Independent School District Board at a regularly scheduled meeting June 3. Appointed the accounting firm of Bolinger, Segars, & Burk of Lubbock to prepare a financial audit of the district's funds for the fiscal year ending August 31, 1961. Accepted resignations of C. W. Pittman, high school history teacher; J. C. Doggett, high school speech and English teacher; and Ernest Guillems, math and science teacher in junior high school. Mr. Pittman returned to Brownwood. Mr. Doggett has accepted a position teaching near his home town in Arkansas, and Mr. Guillems will teach in the Lubbock system next year.

Area Farmers Trying For Better Cotton

LUBBOCK (Spl.)—Consistency in production of better quality cotton is one of the long-range goals of cotton producers on the Texas High Plains and proof that this is underway and that progress is being made is evident in the 1960 cotton survey recently released by the Texas Cotton Producers, Inc.

Cotton on the High Plains in 1960 showed an average grade of Middling in the white cotton, and a full Middling grade in the Light Spotted cotton. These two groups account for about 86 percent of the 1960 crop. George W. Pfeiffenberger, Executive Vice President, explained.

The remaining 16 percent of the 1960 crop did include some 7 percent spotted cotton and wastes totaled 4 1/2 percent, and all others such as greys, tinges and light greys totaled 2 1/2 percent.

Average staple length of the 1960 crop on the High Plains was 30.7 thirty-seconds inch with more than half of the crop, 52 percent, measuring 31/32 inch or longer.

The micronaire average of the 1960 crop was 3.7 with 2/3 of the crop testing 3.5 or better. Pressley fiber strength averaged 77,000 pounds per square inch with 2/3 of the crop testing above 75,000 pounds.

In 1959 on the High Plains white cotton averaged only Strict Low Middling plus in grade and Light Spots averaged Middling. In that year 61 percent of the cotton was graded as White cotton and about 34 percent Light Spotted. Average staple length in 1959 was 30.5 thirty-seconds inch with about 45 percent measuring 31/32-inch or longer. Micronaire was only 3.4 with about 45 percent above 3.5 and Pressley fiber strength average was 75,000 pounds with about 47 percent 75,000 and above.

In 1958, the all-time record high in production on the High Plains when 2,025,000 bales were produced, White cotton that year averaged Strict Low Middling in grade and Light spots averaged Middling. A whopping 71 percent of the crop that year was White cotton and about 26 percent Light Spots and 2 1/2 percent Full Spots. Average staple length was 30.9 thirty-seconds inch with some 63 percent measuring 31/32 inch and longer. Micronaire average that year was 4.0 with 81 percent 3.5 or above and Pressley fiber strength was 74,000 pounds with about 47 percent testing 75,000 and above.

Statistics from the Area Farm Management Specialist John Seibert of the Texas Extension Service, show that High Plains farmers had a yield of about 430 pounds of lint off of cotton in 1960 which produced an approximate return per acre of some \$40.13 for an approximate cost to produce a pound of lint of 18.7 cents.

The 1960 cotton crop was produced off of 2,152,245 harvested acres for a total yield of approximately 1,942,787 bales in the 23 member counties of the High Plains.

Prospects continue to look as good in 1961 since additional acreage is available and farmers will have 2,442,627 allotted acres available for planting. At present planting operations are from 80 to 85 percent complete.

LIONS CLUB NEWS

George Stroud Reagan, a senior student at AHS and a son of Mr. and Mrs. George Reagan, was the first speaker at the Abernathy Lions Club's noon luncheon at Graham's Restaurant Tuesday. George S. returned Saturday from a week's stay in Austin where he represented the Abernathy area at Boys State.

George told the Lions members and guests of the activities during his stay at Boys State. In the election of officers, he was elected County Commissioner. After elections, the boys toured the capitol building, and he stated that they learned quite a bit about the treasury department as well as a great deal about the functioning of the state government.

In athletic activities, the 50-member town of which George was a member won the State Football Championship. Out of the 16 All-State football awards, their 'town' received eight.

George expressed his thanks to the people of Abernathy and to the Barton-Hood Post 500, American Legion, for the opportunity of representing Abernathy at Boys State. In closing, he recited a quotation which is engraved on a tower at the University of Texas: "We

shall know the truth and the truth shall make us free."

The second speaker at the luncheon was Bo Wright, an AHS graduate who will be a senior at the Air Force Academy at Colorado Springs, Colo., this coming school year.

Bo gave a complete rundown of student-life at the Academy from the time the students arrive until they graduate. He pointed out that the first two months are the roughest, but that it isn't exactly "easy going" during the rest of the year.

During the summer months, after the first year there, the students tour Air Force Bases throughout the United States to acquire knowledge of how the Air Force operates. The second summer they tour U. S. Air Force Bases in Europe. This summer Bo will serve as a 2nd Lieutenant and acquire first-hand knowledge of the working Air Force at Webb Air Force Base, Big Spring.

After graduation next spring, Bo will then enter pilot training, probably in T-38 trainers.

Receives Check

Owen Benn, Hale County Farm Bureau member, turned over a check for \$94.00 to the local Lions Club. It was pointed out that a portion of the dues paid by participating Farm Bureau members goes to the community, a portion goes to the county, a portion to the State, and a portion to the Nation. The \$94.00 was the com-

City Garden Club Holds Final Meet Of 1960-61 Year

The City Garden Club met in the City Hall club room Thursday, June 8, for the final meeting of the 1960-61 club year.

A salad luncheon was served at noon by the club members. Those attending were: Meses. M. M. Bell, T. O. Brown, H. B. Cogglin, J. N. Gardner, Ira Lee Harral, A. B. Myatt, Harlow Neis, H. A. Oliver, H. H. Selke, Floyd Shipman, H. H. Vineyard, Orval Weakles, J. A. Givens, G. M. Carr, Dewey Price, and Edwin Hardesty.

The first meeting of the 1961-62 club year will be September 14.

"Exposition Of Music" Is 1961 State Fair Theme

The 1961 State Fair of Texas will have an "Exposition of Music" theme. Dates of the Fair are Oct. 7-22.

Musical events of all types from classical to jazz will be highlighted at the 1961 State Fair to carry out the exposition theme.

Every high school band in the state will be invited to participate in some way. College and university bands, orchestras, choruses and similar groups will also be encouraged to give performances at the Fair.

A big feature of the 1961 Fair will be a spectacular parade around the fairgrounds each evening. The parade will include elaborate illuminated floats carrying out the musical theme, in addition to bands and other marching units.

Some 32 cities and towns throughout a 200-mile area will be offered the opportunity to participate in the parade, with two cities each night due to be honored with its local queen riding on the town float and its high school band included in the line of march.

Among major musical events planned for the "Exposition of Music" are a Gospel Singing Festival, old fiddlers contest, the annual Texas Music Festival sponsored by the Texas Music Educators Association, a Circus Night in the Cotton Bowl, a special children's concert, a pageant saluting "East Texas on Parade" and a college jazz concert.

An appropriate tie-in with the "Exposition of Music" is the show to be presented in State Fair Music Hall during the 1961 Fair. This will be the Rodgers and Hammerstein Broadway hit, "The Sound of Music," to be staged here by the national company. The popular "Ice Capades" also will include numerous musical themes.

"The State Fair down through the years has made many contributions to the musical taste of this area, from the early-day band concerts by the Sousas and Liberatis down through the great musical shows presented at the Fair in recent years," said James H. Stewart, executive vice president and general manager.

community's portion. Since the Abernathy Farm Bureau is inactive, the money was turned over to the Lions Club. The money can definitely be of use in the project the Lions are presently undertaking.

Reports Made

Noel Johnson reported on the progress being made toward acquiring a foreign exchange student for Abernathy. The Lions are sponsoring, or underwriting, this project. For complete details see the story on pages one and seven of this paper.

Willie Florence, chairman of the Installation Committee, reported that the date for installing new officers has been set for Tuesday night, June 27. The installation ceremony will be held in the city hall club room, and the ladies are to be guests.

June 23 Date For Wedding

June 23 is the date chosen for their wedding by Miss Carol Jean Adams and Jimmy Clyde Bandy. Plans of their daughter's approaching marriage are being announced by the parents of the future bride, Mr. and Mrs. R. L. Adams. Bandy is the son of Mr. and Mrs. Clyde Bandy of Hale Center.

The couple will exchange wedding vows in First Methodist Church.

The bride-elect attended Abernathy High School. Bandy attended Hale Center High School.

Ricky Lynn Adams Has Birthday Party

Ricky Lynn Adams was honored with a party on his fifth birthday, Tuesday, May 30. Those attending were Lils and Donna Paxton, Mike and Dale Odom, Barry, Kelly, Tod Curry, and Dawn Powell. Also attending were Meses. Freeman Adams, Clyde Bandy and Jimmy Odom.

COMMUNITY 4-H CLUB TO MEET TONIGHT

The Abernathy Community 4-H Club has scheduled a meeting for 8 o'clock tonight (Thursday) in Abernathy City Hall club room.

All 4-H Club members and adult leaders are urged to attend, and all who are interested in 4-H Club work are extended a cordial invitation.

Benny Lobstein, Reporter

CARD OF THANKS

Our sincere thanks to everyone who was so kind and thoughtful during our recent bereavement. We appreciate the services by the Rev. Harold Poage, and the expressions of sympathy conveyed by the food, flowers, visits and cards. May God bless each of you.

Monnie Riley, Freddie Riley

GOLF PRO LEAVES

Burt Wilde, who served the past few weeks as golf pro at Abernathy Rec Center golf course, has moved to Lubbock where he is employed at Meadowbrook Golf Course.

Abernathians Win Trophies At Go-Kart Races

A large crowd of spectators and participants alike turned out for the Go-Kart races last Friday night at the Abernathy track four miles east and one mile north of town.

Abernathians captured most of the first place trophies, but they had a lot of competition from Plainview participants.

Winner of the 8-13 age group race was Robert Brown, while second place went to Patricia Blanchard, both of Abernathy.

Winner of the under 170-pounds division was Pete Knox, Abernathy while Dale Crumble of Lubbock took second.

In the over 170-pound division

Bob Baker of Plainview took first place honors. Cecil Gartin of Abernathy took second.

Twelve carts were entered in the 580 race. Thus, two races were held, and then a run-off was staged. The 580 race was won by Joe Smith of Plainview, Dean Hopson, Plainview, was second, and Homer Robertson of Plainview came in third.

The women's race was won by June Knox, and Peggy Gartin took second place. Both are from Abernathy.

The next scheduled races will be tomorrow night (Friday), June 16. The track opens at 7:30 and the races are slated to begin at 8 p.m.

TO ATTEND CAMP IN MISSOURI

Betty Ann Sterrett will leave Friday for Warsaw, Mo., to attend Camp Okledge for four weeks. The camp is owned by the Kansas City Area Council of Girl Scouts and is located on the Lake of the Ozarks. Betty Ann will receive her sec-

ond year of training as a camp counselor and will do part-time counseling, working with younger girls.

Calvin Gustin has moved to the Vineyard Addition.

O. D. Fletcher moved to 512 12th Street.

Marry Friday In Lubbock

LUBBOCK—Westminster Presbyterian Church was the scene when Miss Marguerite Ellen (Peggy) Christensen and Roy Don Stephenson pledged wedding vows at 7:30 p. m. Friday with the Rev. David L. Zacharias reading the double ring service. Parents of the bride are Mr. and Mrs. E. A. Christensen, 4016 4th St. Stephenson is the son of Mr. and Mrs. T. A. Stephenson, New Deal.

Given in marriage by her father, the bride chose a gown of Chantilly lace over silk illusion net. Designed with a scalloped neckline and petal point sleeves, from the princess waistline fell a bouffant skirt, accented in back with a satin bow. A crown of seed pearls caught a fingertip veil bordered with Chantilly lace. She carried a crescent bouquet of white roses.

Mrs. Jim Wilson of Abernathy served as maid of honor wearing a dress of white chiffon over satin designed with a boat neck, three-quarter length sleeves, and a softly pleated skirt. She carried mint green carnations atop a fan of the same color.

Jimmy Wisdom of Abernathy served as best man. Seating the guests were Billy Joe Smith and Brian Teal. Bobby Brown provided the wedding music.

A reception followed the cere-

mony in the Reception Hall of the church. Members of the house party were Mmes. Jack Diamond, T. F. Brown, Otis Speer, and Clay Oats.

After a trip to Estes Park, they will make their home on Rt. 3, Lubbock where Stephenson is engaged in farming. For travel the bride wore a yellow linen double-breasted suit with white accessories.

The bride is a graduate of Monterey High School. Her husband graduated from Abernathy High School.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Rainfall runoff that collects in wet-weather lakes is the only known economic source of surface water for use in replanting the ground-water supply in the southern High Plains of Texas.

Attempts have been made for many years, by the High Plains Underground Water Conservation District and others, to reclaim a part of this runoff water by draining it through wells into the fresh-water bearing underground formation. These attempts have been only partly successful. Complete success has been deterred primarily due to clogging of the water-bearing sand.

The recharge well, usually a normal production well with minor modifications, clogs and eventually will neither take recharge water nor give up production water. The clogging results as the lake water, laden with suspended solid particles of silt and clay, drains into the underground formation through the well. The formation acts as filter and extracts the solids from the lake water. Over a period of time, the formation adjacent to the recharge well filters out such a tremendous amount of silt and clay that it becomes overburdened and ceases to function in the efficient manner necessary to recharge an appreciable quantity of lake water.

In an effort to overcome this problem, it was suggested that perhaps an irrigation pump should be installed in the recharge well and pumped at intervals to recover the particles causing the clogging. This helped to prolong the useful life of the recharge well.

Tests have shown that not all the solids drained into the well during recharge can ever be pumped back out that same well. It can, therefore, be assumed that even a well that apparently functions trouble-free will in time become inefficient.

The High Plains Water District has recently installed a combination recharge well and filter system near Allmon Gin in southwest Allamogosa County. This project is an experiment to determine whether the major portion of silt and clay can economically be filtered from the lake water before using it for recharge.

The filter system consists of 500 feet of 16-inch steel shutter screen laid horizontally in a ditch cut in the lake bed, and backfilled with pea gravel.

When the lake fills with runoff water the gravel-covered pipeline will be submerged. The lake water will filter through the gravel into the shutter screen and ultimately drain gravity into the recharge well.

According to the High Plains Water District, the question to be answered is, "will the gravel filter extract enough silt and clay from the lake water to add appreciably to the trouble-free life of the recharge system and still allow a sufficient quantity of water for recharge."

DRIVE SAFELY — The best safety known device is about nine inches above your shoulders.

Tech Fans May Now Buy Tickets On Installment Plan

LUBBOCK—"Better" tickets and an easier way to buy them are in store for Texas Tech football fans in 1961, according to Athletic Director Polk Robinson.

Seats in the special option sections will be available in a season-to-season basis, and an installment plan is being instituted.

With season ticket orders a fan need only pay one fourth down and the remainder in three equal payments—July 1, August 1, and September 1, explained Jimmie Wilson, business manager of athletics.

Tickets in the sections used for season tickets last year will again sell for \$24 (six games at \$4 each), and seats in the option areas for the regular price plus a surcharge.

That is, seats in the \$300 option area will be \$36, in the \$200 area \$30, and in the \$100 area \$27. (This does not apply to option holders, who will pay the usual price.) The amount of the surcharge—\$12, \$6, and \$3, respectively—may be applied to the pur-

chases of a regular stadium option.

Options are still available. The option holder has the privilege of renewing for 15 years, whereas the purchasers under the new program will be on a year-to-year basis.

Full details may be obtained by writing the Athletic Office, Texas Tech, Lubbock.

Texas Tech next fall will play host to four Southwest Conference schools—Texas A&M, Texas Christian, Baylor, and Rice—plus Boston College and West Texas State.

...this season's harvest
FRESH
all year long!!!
Your vegetable garden can be two acres or two rows of corn — it doesn't make a bit of difference. In either case, an electric home freezer — or refrigerator-freezer — will let you keep the fruits of your labor for the off-season when they will taste their absolute best.
Any family — be there two or twelve — can save money now with a freezer or refrigerator-freezer combination. Some combinations give you nearly twice the capacity in refrigerator-freezer and take up only as much space as a small older refrigerator. Buy now — you'll start saving as soon as you do.
WHILE THEY LAST
Five useful bowl covers — made of strong plastic — are yours for just seeing a demonstration of your favorite Reddy Kilowatt Dealer's freezer or combination. See him now.

... Foreign Exchange Student

(Continued from Page 1)

ations abroad, supervision of students, and the overhead expenses of the New York office.

There are various local expenses that occur during the year which are not covered by the \$650 and which the student cannot pay for out of his \$14.00 monthly personal allowance check. One of the items not covered in the scholarship fund is school lunches. This also will be taken care of by the local Lions Club. Other items not covered, such as school books, yearbook photographs, graduation expenses, rental of caps and gowns, etc., will be taken care of by the school, stated Superintendent Johnson.

The local AFS Chapter listed two restrictions in their application for a foreign exchange student. The Chapter requested a boy, and requested that he be Caucasian. These requests were complied with.

About AFS: Friendship and increased understanding among their fellow men have been the aims of the American Field Service since 1915, when it was founded as a volunteer ambulance service with the French Armies, carrying thousands of wounded in World War I. After serving again in World War II with the Allied Armies, and therefore with men of many nationalities and beliefs, the idea of a peace-time program to further the basic friendship which exists among all men was revived. AFS had operated its Flowships for French Universities on a graduate level between the two wars.

In 1947 it began its new program on the teen-age level, as being most likely to accomplish the objective. Since 1947 there have been 8,577 foreign exchange students in the U. S., ranging from 50 in 1947 to 1,853 in 1960.

An American Field Service International Scholarship is an open door which leads to understanding and friendship among the peoples of the world. Through this door pass students from more than 50 foreign countries to attend American secondary schools in more than 1,600 towns for a school-year of study and first-hand experience, and American teen-agers from practically every state to study and live with families abroad—a two-way exchange of seeing and showing.

In this way, young citizens of the world learn to recognize and to respect the similarities and differences of those who, though they live in different countries, have dreams and efforts similarly directed toward the goal of a peaceful and useful life.

The Students

Those who pass through the door are teen-agers, 16 to 18 years old. They have been screened, with the co-operation of educators in their own countries, for personality as well as intelligence, in order that the students chosen be those best qualified to make the experience enriching for themselves and all with whom they come in contact.

Their Activities

AFS students are encouraged to participate wholeheartedly in the life of their American community, where they attend the senior year of high school and live in carefully selected homes as members of their U. S. families on the same basis as the other children in the home. While they learn first-hand of many different aspects of our life—of our customs, ideals, interests, and problems—they also broaden our horizons by telling of their own countries, and daily life in their own homes.

As an extra dividend, at the end of the school year AFS, in co-operation with the Greyhound Corporation, organizes bus trips to broaden the students' picture of the United States. Volunteer groups in communities across the nation are hosts for short parts of this three-week period, both showing them places of unusual interest and offering their facilities for wholesome relaxation and enjoyment.

After the students have sailed for home, as they must at the end of their year, they continue as members of the American Field Service, which keeps in touch with returnee students by letters, visits, and a periodic magazine. The returnees, to the limit of their available time, follow through by spreading word of their experience in articles and speeches and put into practice wherever they can what they learned from their time abroad. They have formed committees to advise on the selection of future students. And on their own initiative they instituted the Summer Program, in which many American students participate.

It was said by ex-President Dwight D. Eisenhower, "This kind of exchange, as it grows and grows, will have a better effect on advancing the peace of the world, of giving greater promise to each of us, young and old, to live fuller and better lives, free from the burdens of armaments, free from the fears of attack, living together in the confidence that humans can trust and believe other humans."

\$1.80 Per Bushel Is Hale County Wheat Rate

According to John B. Martin, County Office Manager of the Hale County Agricultural Stabilization and Conservation Office, the basic minimum county price support rate for grade No. 1 wheat is \$1.80 per bushel.

County rate is further adjusted up or down for grade and quality to determine support prices for individual producers. The list of premiums and discounts for different classes and qualities of wheat is unchanged from those used in 1960.

DISCOUNTS: No. 2—1 cent per

bushel; No. 3—3 cents per bushel; No. 4 on basis of test weight—6 cents

PREMIUMS:—Protein
12.0-12.9—1 cent; 13.0-13.9—2 cents; 14.0-14.4—3 cents; 14.5-14.9—4 cents; 15.0-15.4—5 cents; 15.5-15.9—6 cents; 16.0-16.4—7 cents; 16.5-16.9—8 cents; 17.0-17.4—9 cents; Over 17.4—2 cents for each ½ percent of protein over 17.4 per cent.

The discount of 20 cents per bushel for undesirable wheat varieties is being continued in the 1961 wheat support program. The discount will apply to 37 varieties which were designated August 5, 1960, because of inferior milling or baking qualities.

The 1961 wheat crop will be supported as in the past through loans

County Line Chit Chats

By MRS. A. H. KLAFFKA

Joanne and Peggy Klafka and Priscilla Sagebill honored Melinda Kay Klafka with surprise birthday party Friday on her sixth birthday. Twenty boys and girls helped her celebrate. For refreshments, birthday cake and punch were served.

Joanne Klafka went to Fort Worth Saturday morning for a two weeks visit with her sister and family, Mr. and Mrs. Glen Avery.

Mr. and Mrs. A. H. Klafka and family, Mrs. Ad Rasmann and Priscilla Sagebill visited Mr. and Mrs. Grady Moss of Anton Saturday evening.

Leldon Blackmon came in from Dallas last Tuesday for an extended stay with his parents, Mr. and Mrs. G. W. Blackmon. Sunday af-

ternoon they visited Mr. and Mrs. Ezzell Merrell at Shallowater. Mr. and Mrs. Marvin Stephens went to San Angelo Sunday afternoon.

Mr. and Mrs. Darrell Stephens went to Abilene last weekend to get Becky, their daughter who had been visiting there. The V. C. Kings of Lamesa were weekend guests of Mr. and Mrs. Mathew Goodrich. The Kings and Goodrich's spent an enjoyable Sunday afternoon at the Lubbock museum.

Soil Conservation District News

By **JESSE JACKSON**
Work Unit Conservationist

Stubble mulching is a practice that is very beneficial and important to conservation farming, yet many farmers in the Hale County Soil Conservation District do not have a clear understanding of this practice. One of the first things we need to consider is the cost and the benefit of any practice. As for cost: stubble mulch farming is cheaper. The conventional farming method of deep plowing residues and then fighting the blowing soil all year is expensive while stubble mulching the residue of high residue crops, or cotton burs, on the surface creates a very light drouth as sweeps are run very shallow.

This plowing operation is needed only to control weeds. The benefits are many. By leaving a cover of residues on the surface there is no danger of wind erosion. Water erosion is cut to a bare minimum. More of the natural rainfall is absorbed by the soil, as the litter on the soil surface prevents compaction and runoff, the soil has more time to absorb the moisture. The nitrogen in the soil is not tied up in decaying the residues that remain on the surface, therefore more nitrogen is available for the next crop. Moisture is not readily evaporated from the top few inches of soil, therefore a better germination of the following crop. The soil temperature does not fluctuate as rapidly, keeping the soil cool in summer and warmer in winter. One or two operations are eliminated, thus cutting out their cost in the farming operation.

Some equipment is not too well suited for stubble mulch farming, although most equipment can be modified to do a good job. Every equipment company now has stubble mulch farming equipment on the market. It will pay you to look into this matter, to see if your equipment can be used to do stubble mulch farming, or check when you buy new farming equipment.

Proper management of irrigation water depends on three factors, declares Soil Conservation Service Engineer Jerry King.

Those factors are determining when to irrigate, deciding how much water to put on the land.

and how to do it in the most efficient manner.

"When a farmer does these as well as he can, he's getting the best management he can get," King asserts.

Actually, efficient and proper use of irrigation water is based on irrigation to meet the needs of the soil and crop, King declares. In other words, it is putting on the amount of water necessary to see the crop through at a particular point, the engineer continues.

A basic part of that system of irrigation is filling the root zone in the area from four to six feet in which the plant roots can get water.

Then, after the root zone is filled, the farmer should be concerned primarily with the top two feet of earth, King adds.

The root zone can be filled either with natural precipitation or by irrigation. The top two feet also can be filled in either of the same manners, although irrigation usually is required to take care of that need during the growing season.

King says that two foot area is particularly important about 60 per cent of the moisture and nutrients used by the plants comes from the top 24 inches.

The farmer can determine how much moisture he needs through a simple feet test of the soil, King declares.

By taking samples from varying depths and squeezing them in the hand, a farmer can tell approxi-

mately how much moisture is in the soil at the time.

Soil which leaves a damp impression on the hand is 75 to 100 per cent full of water, King says, while soil which balls up and remains firm while bounced is about 50 to 75 per cent filled.

But if the soil just crumbles when it is squeezed, there is a need for more moisture, King adds.

In the summer particularly, a farmer needs to start his irrigation in time to cover the entire field before plants on the far side start hurting for lack of moisture.

In summer irrigation, a farmer can expect 70 to 80 per cent efficiency from his water if several important factors are in equilibrium, King says.

If a system is designed so that the length of run, slope and size of water stream all are taken into careful consideration, such efficiency should be forth coming, the engineer declares.

With those factors determined, a farmer can determine how long he needs to water to apply the necessary amount, and not just have to guess at the rate and time, King adds.

King says a level system naturally is the easiest to operate to get efficient use of water, since a pre-determined amount of water can be applied for a length of time and then can be shut off.

But on a graded system, the water has to be pushed to the far end of the run in about one fourth

of the time it takes to apply the be kept about that level, farmers and crops would be in good shape, the engineer points out.

That's the point that farmers need to keep in mind when watering in order to see that the moisture content stays at about that level if possible, King declared.

King says the optimum moisture content of soil is about 50 per cent. If the moisture content could
