ADMINISTRATIVE STAFF—Pictured above are members of the administrative staff of the Abernathy Public Schools. Seated, left to right, are: Sid Adkisson, Jr., Junior High Principal; Noel Johnson, School Superintendent; and Jerry Moorhead, Elementary School Principal. Standing, left to right, are: Ralph Stevenson, High School Principal; and Earl Carter, Business Manager.

School Board Holds Special Session On Teachers' Pay

The Abernathy School Board met in Special Session on August 22 to consider the effect of the school legislation passed by the 57th Legislature under S. B. 1 of the Second Special Session. The essence of S. B. 1 as passed was the much publicized teacher pay increase in that the state minimum salary was raised from \$3204 to \$4014 for a beginning teacher with a bachelor's degree. Under the old pay scale, experience allowance was \$6 per month per year or a total of \$54 per teaching year of experience. Under the new law that amount will be \$12 per month or \$108 per year for all years after 1961-62 up to the maximum of \$5094 for a bachelor's degree or \$6075 for a master's degree. A new teacher coming into the profession under the new scale will attain their maximum years for experience increments in 10 years for a bachelor's degree and 17 years for a master's degree.

For several years the Abernathy Schools have been in position to pay some local increment above the state minimum. However, several major factors will prevent the district from paying above the new state minimum enacted by the Legislature for the coming school year. The following table shows the teacher pay scale (bachelor's degree) since the 1952-53 school year when Abernathy paid its first local above-scale increment:

Year	Minimum	Added	Abernathy Local	Minimum
1952-53	\$2403	\$150		\$2553
1953-54	2403	300		2703
1954-55	2805	200		3005
1955-56	2805	200		3005
1956-57	2805	200		3005
1957-58	3204	297		3501
1958-59	3204	297		3501
1959-60	3204	297		3501
1960-61	3204	396		3600
1961-62	4014		4014	

Since Abernathy's scale was \$396 above the old state minimum, or \$3600, Abernathy teachers actually are to receive an increase this year of \$114 instead of the \$814 difference of the two minimums.

The Abernathy School Board has been unanimous in its thinking that the District would pass on to the local teachers all additional state funds to be received as a result of the new bill. The amount is about equal to the amount necessary to raise all 58 professional employees to the new state minimum but not any above. Hale County has one of the highest county indexes in the state due to its agricultural wealth and oil industry. Since Abernathy's school district has the lion's share of the oil in Hale County, the district's local school fund assignment is higher accordingly than all of the other Hale County schools. This,

LIONS CLUB NEWS

Curtis Davenport, head football coach at AHS, presented a most interesting and timely program at the Lions Club's noon luncheon at Graham's Restaurant Tuesday.

Coach Davenport explained how the offensive attack of the AHS gridsters will work this season, and why this particular formation will be used. He also named each player, giving his position, classification and abilities.

He also explained that the coaches are striving not only to teach the boys how to win or how to take it if they lose, but are trying to prepare these young men for the obstacles they will meet in life. He added that this year's unit is small in number, but there are some who are willing to give their best.

According to the coach, the boys are working hard and their spirit is good. In closing he said, "We hope to see all of you at the ball game Friday night, and we hope we can show you the type of ball club you will be proud of."

Labor Day Weekend Golf Tournament Set At A.R.C.

Officials of the Abernathy Municipal Recreation Center have announced plans for a Labor Day Weekend Golf Tournament, to be held Saturday, Sunday, and Monday. The tournament is open to both men and women, and all golfers from Hale Center, Petersburg, Idalou, New Deal, and the Abernathy area are invited to enter.

A Partnership event is planned for the women golfers. The qualifying round for this event will be played Saturday, then partners will be paired according to qualifying scores for the Partnership Tournament.

Entry for this event is set at \$5.00 per person. A host of prizes are to be offered, it was reported.

Men's Division

The entry fee will be \$2.50 per person for the proless pro-am event, and \$7.50 for the tournament, making a \$10.00 total entry fee.

The pro-am event will be played Saturday. The tournament will start Sunday with 18-hole matches in each flight. All match winners will play 18 holes medal play on Monday to determine flight winners. All match play losers will play 18 holes medal play on Monday to determine Consolation winners.

Prizes will be offered in the event.

City Receives Nat'l Recognition

The city of Abernathy received national-wide news coverage early this month in a Chicago-published national magazine, Street Engineering. In an article headed "In The Nation's News," the magazine told of Abernathy's street paving project, in which more than 65 blocks were to be paved this summer. The same information had appeared in the May issue of Texas Town and City.

Many of the streets in the project are being oiled and ready for application of asphalt topping. The parking area in front of the city hall was paved last week, and the starting of asphalt topping on other streets was begun this week.

At the last City Council meeting, bids were accepted for seal coating and patch work on the present paved streets in the city of Abernathy. West Texas Dirt Contractors, headed by J. W. Kiker, was awarded a contract on the low bid of \$3,025.00. Patch work was begun last week, and seal coating was to be started this week.

The Texas Highway Department has completed the construction of two dips on Avenue D, one at 14th Street and one at 15th Street, for drainage purposes. The idea to construct dips at these locations to prevent water "flooding" and standing on the east side of Avenue D in that area, was presented by City Mayor, W. V. Cunningham.

City Manager Paul Noland reported that city employees have been checking the city water regularly for impurities, and stated that Abernathy's water is not impure. For the past three weeks, from four to five samples per week have been taken from various water hydrants throughout the city, and these samples were sent to Lubbock for testing to see if the water had any characteristics which cause intestinal diseases or impurities. All samples tested out to be "good water."

Noland stated that this does not mean that the city should not chlorinate the water, but it is not as immediately necessary, and may be postponed for a short period of time. However, if at any time it is felt the city should "doctor" the water with chlorine, it will be done. Noland concluded by saying that the city will not service the people with impure water.

New Deal Lions To Play Season-Opener At Amherst

The New Deal Lions of Coach Bob Willis will open the 1961 football season Friday night at Amherst. Willis' team will be lacking in depth as he has only 16 boys out for varsity football, and one of them is out due to an injury.

However, if the Lions improve as much this season as they did last year, they could again capture the district title, or possibly go further than that.

Coach Willis and assistant coach Mel Williams however are looking to Lorenzo as possibly the strongest team in District 4-B this season, "on the basis of returning lettermen and numbers lost."

However, they feel that they may be in top contention with the Lorenzo club. Coach Willis says he'll depend on "power" to move the ball downfield this season as the team is lacking in speed. And power in

Watts Makes Hole-In-One Golf Shot

Ted Wayne Watts, who has been in the news in recent months for 300 bowling games posted here and at Lubbock, has shown skill in another sport, golf, making a hole-in-one shot.

Playing in a foursome on Meadowbrook course at Lubbock Wednesday of last week, Watts chalked up the hole-in-one shot on number four, a 202 yards, par three hole. Others in the foursome were Lloyd Edwards, Roy Evans and Harvey Lutrick.

POST OFFICE AND BANK TO CLOSE LABOR DAY

Abernathy First State Bank and the post office will be closed Monday, Sept. 4, Labor Day. There will be no rural mail delivery that day. Bank customers may use the night depository unit at the southeast entrance to the bank building for deposits over the long holiday weekend.

The A. D. Helms and Abernathy Barber shops and Ann's Dress Shop will be closed Monday, Labor Day.

HALE FARMERS FAVOR WHEAT QUOTAS IN VOTE

Hale County wheat farmers approved market quotas for the 1962 crop along with the rest of the state and nation. Out of approximately 3,000 eligible voters 499 expressed their desires in the marketing quota referendum. Of the voting cast Thursday, 355 were for the program and 44 against.

NOSE BROKEN IN ACCIDENT

Michael, 12-year-old son of Mr. and Mrs. Shelby Pughman, sustained a broken nose Friday afternoon in a bicycle accident. He fell from the bicycle while riding it down the side of the north freeway overpass. Michael received treatment at Methodist Hospital, Lubbock, and returned home Sunday.

Mr. and Mrs. D. J. Dyess of Spur visited here Sunday in the home of their son, Bobby Dyess, and family.

Do Not Pay Your Subscription To The Review

Thursday, August 31, is the last day we can guarantee that you will not have to pay the state sales tax on subscriptions to The Abernathy Weekly Review. It appears now that the sales tax will apply to papers mailed to paid subscribers in Texas. The tax will not apply to papers mailed to other states.

Attorneys for the Texas Press Association, of which The Review is a member, are meeting with the tax administrators in Austin this week. The state's ruling on newspaper subscriptions will be announced today (Thursday) but we will not be informed until later.

Do Not Pay Subs
Due to the uncertainty of the tax application to newspaper subscriptions in the state, we ask that Texas subscribers to The Review, after today, August 31, not pay their subscriptions until later in September. When the tax situation becomes definite as it applies to in-state subscriptions, we will announce it in The Review, and resume taking subscription payments. No names will be taken off the subscription list during this period of "indecision."

The state tax does not apply to advertising in The Review.

MINIATURE GOLF COURSE OPENED

The Jack Kikers announce the opening of their Rock Garden Miniature Golf Course south of their home on Jerome and 16th Streets, in Northeast Abernathy. Rates per game will be 25c during the day and 40c at night, starting at 5:30 p. m.

The miniature golf course will be open on Sundays from 1 p. m. until 5:30 p. m., closing for church services, then re-opening at 8 o'clock on Sunday nights. See their ad in this paper.

Miss Houston, Mr. Taylor, Mrs. Taylor

Miss Gloria Sue Houston and Ronald Edward Taylor pledged wedding vows at 3 p. m. Sunday in First Methodist Church. The Rev. H. B. Coggin officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. E. A. Houston. Parents of the bridegroom are Mr. and Mrs. Willie Taylor of Shamrock.

As she was given in marriage by her father, the bride wore a gown of white silk taffeta scattered with pearls and iridescent sequins. Designed with a Sabrina neckline, the sculptured bodice featured long sleeves ending in points on the hands and flowed into a skirt with back fullness extending into a chapel train. A crown of lace pearls held her veil of illusion. The bride carried an orchid surrounded by white feathered chrysanthemums.

Mrs. Richard DuBoe, sister of the bride, served as matron of honor. Bridesmaids were Mrs. Jim Patterson of Midland, Mrs. Dale Powell and Mrs. Donnie Apple. Rhetta Kay Houston, sister of the bride, was junior bridesmaid.

The feminine attendants wore identical dresses of pink taffeta designed with fitted bodices and flared skirts featuring cummerbunds of magenta velvet. They carried cascading bouquets of white pompons and ivy.

Charles Wright of Amarillo was best man. Groomsman were Mac Houston, brother of the bride, Herbert Hutchins, of Amarillo and Wylie Hannah of Vernon.

Flower girls were Patricia Greenwood of McLean and Hollie Jean Cheevers of Dumas. Kim Burnett of Cotton Center was the ring bearer.

Providing wedding music were Mrs. Eddie Guerrant, organist, and Mrs. Kenneth Burnett, soloist.

A reception followed in the home of the bride's parents. Members of the house party were Mmes. Curtis Coxon of Lubbock; Tommie Greenwood, McLean; John Beasley, and Bess Moore, both of Hereford; Frank Cheevers, Dumas; Jim Davis, Kenneth Jordan, Richard Havens, Misses Monnie Gill, Shamrock; Claudia Houston, Amarillo; Sue Williams and Myrna Figley.

For travel the bride chose a magenta wool suit trimmed with fur with gray accessories and an orchid from the bridal bouquet.

The former Miss Houston graduated from Abernathy High School and attended McMurry College, Texas State College in the fall.

The bridegroom graduated from Clarendon Junior College and will be a senior at WTSC.

The couple will make their home at 2512 8th St. in Canyon.

THE ANTELOPES will be depending a great deal this season upon these 10 returning lettermen, pictured above. Kneeling, left to right, are: Kay Don Habbinga, guard, 1 yr. L.; John Kiker, quarterback, (All-District guard last year), 2 yr. L.; Dan Thompson, fullback, 1 yr. L.; and Tom Ritchey, halfback, 1 year. L. Standing, left to right, are: Jack Waters, end, (honorable mention on last year's All-District team), 1 yr. L.; Ray Ingram, guard, 1 yr. L.; Billy Jack Hacker, guard, 1 yr. L.; Larry Florence, tackle, (All-District last year), 3 yr. L.; Mac Houston, center, 1 yr. L.; and Randy Henson, tackle, 1 yr. L. Ritchey and Henson are juniors, and the other eight returning lettermen are seniors.—(Staff Photo)

Antelopes To Open Season At Dimmitt Friday Night

Football time is here again... and the AHS Antelopes will burst into the season wide open tomorrow night at Dimmitt against the "Coffeyless" Bobcats. The Antelopes will be seeking revenge over the Bobcats as they lost to the strong 1-AA team last year, 18-6.

The probable starting lineup for the Antelopes at Friday night's game is as follows: ENDS—Jack Waters and Don Hughes; TACKLES—Larry Florence and Billy Jack Hacker; GUARDS—Ray Don Habbinga and Jim Stillwell; CENTER—Mac Houston; BACKS

Bowling News

The Summer Spectacular at A-1 Lanes ended last week after being in effect some three months. Weekly winners of high handicap series and high scratch game, in both men's and women's divisions, each received three free games of bowling.

Last week's winners were Bob Barton 274, and Eric Lee Evans 236, high games, and Roy Evans 696 and Eric Lee Evans 683, high series.

The Summer Spectacular winners, those who had the highest series and highest games during the event, are:

Harold McCune, 279, men's high scratch game, and Eric Lee Evans, 236, women's high scratch game.

High Pettit, 754, high handicap series; Harold McCune, 749, second high handicap series.

Eric Lee Evans, 683, high handicap series; and Nema Weaver, 672, second high handicap series.

Prizes for winners included one bowling shirt and one bowling ball for men's high series; one bowling shirt and one pair of bowling shoes for men's second high series; one bowling shirt and one pair bowling shoes for men's high game; two bowling uniforms for ladies high series; one bowling uniform for ladies second high series; and one bowling uniform for ladies high game.

Meeting Sept. 11
A meeting of all bowlers interested in participation in a Men's Commercial Monday Night League are to meet at 7:30 p. m. Monday, Sept. 11, in the A-1 Lanes club room. It is hoped that the league can be started the night of the meeting.

The Men's Major League is slated to begin at 8:30 Thursday night, Sept. 7.

Student Rate
Jimmy Herring, manager of A-1 Lanes, announced that the student's summer rate of 30 cents per line will end after tonight, September 1. Students are urged to take advantage of the special rate and bowl during a Back To School Day at A-1 Lanes today and tonight (Thursday).

Junior Leagues
A Junior Bowling League is to begin soon at A-1 Lanes and will be bowled each Saturday morning at 9:30. All bowlers who participate in the Junior League this fall will be eligible for a boy's or a girl's bicycle.

MEMBERSHIP CONTEST SET AT A. R. C.
In a business meeting following the ice cream supper Monday night, Abernathy Recreation Center members voted to stage a membership drive contest. The member who secures the most new members for ARC from now until Jan. 1, 1962, will receive a year's dues free.

BIRTHS

Mr. and Mrs. Harold Williams are parents of a daughter born August 25. She weighed 9 pounds, and was named Rhonda Gay.

A son, weighing 7 pounds 14 ounces, was born August 26, to Mr. and Mrs. Charles Don Rhodes.

—John Kiker, QB; Tom Ritchey, HB; George Reagan, FB; and Joe Ybarra, HB.

Fullback Dan Thompson will be lost from the team for a time yet, as he underwent surgery last week. Also out is Ben Templeton, 185-pound senior who has a cracked wrist. Sophomore Charles Lusty, 102-pound reserve quarterback, received a broken finger during one of the first week's workouts, but hasn't missed a practice session yet.

Scrimmage Childress
The Abernathy kids scrimmaged Childress here last Friday afternoon, and the larger and faster Bobcats made the Antelopes look pretty bad at times. The local lads started off good and moved the ball inside the opposition's 20 yard line but lost it on a fumble. This seemed to take something out of the Antelopes and they didn't look as sharp at any time throughout the remainder of the scrimmage.

Childress scored two touchdowns, one on a pass play, and one when an Antelope fumbled a punt reception, while the Antelopes were scoreless. Abernathy threw four passes, of which two were completed and one was intercepted. Childress filled the air with 11 passes, completed five and had one intercepted.

Even though the boys did not look as good against Childress as they did last Tuesday evening against Tahoka, the coaches said they definitely could see where some improvement had been made. This encouraged the coaches to feel that the Antelopes will at least be trying Friday night and could possibly bring home a victory.

Dimmitt has a fairly well-balanced ball club this year, but all eyes of the Dimmitt fans will probably be on a junior boy named Ratcliff who was the starting quarterback even as a sophomore.

Other Games
Spur, Abernathy's foe next Friday night on Antelope Field, will encounter Floydada this week, and the Antelopes' Sept. 15 opponent, Hale Center, takes on Lockney tomorrow night.

NEW DEAL CUB SCOUT PACK HOLDS MEETING

Pack 97, New Deal Cub Scouts, met at the New Deal Clubhouse Monday night for a reorganizational pack meeting.

Two new Den Mothers were registered, and are Mrs. Jack Beatty and Mrs. White.

The next pack meeting will be held at the Clubhouse Monday, Sept. 25. New scouts will also be registered at this meeting.

Those from New Deal who were at Red River, N. M., last week included Mr. and Mrs. Tony Rieken and Jerry Lyn, Mr. and Mrs. Jack Beatty, Chris, Stan, and Melanie, Mr. and Mrs. Franklin Dunn, Rickey, Randy and Robin, and Mr. and Mrs. Reiner Rieken Jr., Karl and Ralph.

Nystel Realty sold 200 acres in Lubbock County to C. U. James and a Mr. Wood. This 200 acres was a division of a section jointly owned by L. B. Hughes and Mrs. L. B. Holland, who owned the balance of the section.

Lions Club Broom Sale Date Set September 16

The Abernathy Lions Club has set the date for the annual Broom Sale in Abernathy. The sale will be held Saturday, September 16.

Door-to-door canvassing of the residential sections of the city will not be done this year. Broom sales will be set up at two centrally located sites downtown—one in front of the post office and one on the city square.

Hale Seventh In Completing 1961 Tax Roll

Bill Hollars, Hale County Tax Assessor - Collector, recently returned from Austin, after taking the 1961 tax roll to the State Comptroller's Office for approval.

Hollars reported that Hale County was 7th in the state to turn their tax roll in for approval, while neighboring Floyd County was number one in the state, a position it has held for many years.

Hollars, also pointed out that Hale County had an increase of \$1,939,130 in valuation for 1961, bringing the total valuation for Hale County \$45,053,435.

MRS. A. M. MEDLIN VISITS HERE

(By O. F. REA)

Mrs. A. M. Medlin of Conway, Ark., was a visitor in Abernathy last week. She has lived for a number of years in Conway where they operated a grocery business prior to the passing of Mr. A. M. Medlin. Mrs. Medlin says she will remain in Conway as she is about centrally located among her children.

Your reporter visited Conway and the Medlins several years ago on a vacation trip and found it a small city supported by the country around about. Mrs. Medlin says since then there has been a number of larger industries located there due to the abundance of water available and an adequate supply of labor and the little city is growing rapidly.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF PLAINVIEW AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of the *Abernathy Weekly Review* as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Plainview who helped make this department possible is sincerely appreciated.

WARREN HINGST

It is a well known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is Warren Hingst, well known and completely reliable building contractor, a leader in the business and civic life of Plainview.

In addition to being one of the city's more progressive business men, Mr. Hingst was never a man to shirk his civic duties. More than that, he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part, and seldom does he fail to find time to do his share.

Warren Hingst deserves his share of credit for being one of those dependable citizens of Plainview who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

J. B. THRUSH

One of the more dependable business men of Plainview, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, J. B. Thrush of the J. B. Thrush Drilling Company, whose wide knowledge and long experience in the water well drilling contracting business has raised him into a position of prominence in his line.

It is because of this that the J. B. Thrush Drilling Company has earned a reputation for reliability—second to none.

Mr. Thrush is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit this entire area. And the people of Plainview may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to J. B. Thrush as a progressive business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

MELVIN F. SMITH

Melvin F. Smith has proved his progressiveness by constantly adding to and increasing the service which Melvin's Mobil Station has extended to the people. The large volume of business handled by his Mobil station proves that "service" to him, is not just a word but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Smith was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly appreciated.

ALTON L. "CURLY" WIGINTON

Alton L. "Curly" Wiginton, of Jim's Motor Company, is one of those dependable new and used car dealers of Plainview who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Wiginton was never a man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values, and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call the attention of our readers to these worthwhile characteristics of "Curly" Wiginton, and to pay him a well-deserved tribute for his straight-forward business methods, and for the unselfish interest he has shown in public welfare.

WANDA FRY, LUCILLE RAMM AND BETTY MILLER

Three drive in restaurant operators of Plainview who have based their success upon the belief that the public will appreciate good food, well prepared and appetizingly served, are Wanda Fry, Lucille Ramm and Betty Miller of the Trio Rebel Drive In, whose many friends and customers by their daily patronage of

their popular eating place, attest to the soundness of their policy. It is not only because of the successful management and operation of their drive in that they have come to be recognized as assets to the community; but it is also because of their policy of "looking ahead," and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of Plainview and the people as a whole. They are three citizens who have shown their appreciation for their success by a willingness to contribute of their time and efforts to the promotion of community projects.

It is such women as Wanda Fry, Lucille Ramm and Betty Miller whom we are privileged to include in this review, and to publicly give them due credit for their success in business and civic affairs.

H. L. JACKSON

In bestowing credit upon some of those progressive business men of Plainview, who in one way or another have contributed their bit to improve both business and civic conditions, we wish to publish a few words about H. L. Jackson of Mac's Coston Service, located at 926 Columbia.

Mr. Jackson has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Coston station continues to handle, much of which is due to his unceasing attention to detail, and his ability to cope with new and unexpected problems.

H. L. Jackson is also civic-minded and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend his able assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

BOB LANDRY

It is fitting in this review of progressive Plainview business men that we acquaint our readers with the man to be credited with having maintained the Plainsman Supply Company incorporated in the enviable position it holds in the business and commercial life of this area.

That personality is Bob Landry, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which this reliable firm now enjoys throughout this entire district.

Mr. Landry has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community. We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which Bob Landry and the Plainsman Supply Company have rendered to the people.

A. B. AND J. J. LYLES

Plainview has attained a prominent position in the business and commercial life of this section of the South Plains because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And two lively awake progressive men who justly should be included in this category are A. B. and J. J. Lyles of the Lyles Scale Company.

Such men have many times over proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And the Lyles' have earned the good will and respect of their fellow citizens for contributing their bit to the general welfare of the city and the people as a whole.

It is our duty to include J. J. and A. B. Lyles in that group of progressive and civic-minded men who have done so much for Plainview, and to express the wish that they will continue for many years to forge ahead with the success which they have enjoyed in the past.

C. W. JONES

In compiling this review of progressive Plainview business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is C. W. Jones of the C. W. Jones Mattress and Upholstery Company, who is well known and has many friends and satisfied customers throughout this entire district.

Mr. Jones' main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

C. W. Jones is a man of wide experience whose exploits in the business and commercial life of

Plainview and vicinity merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

L. L. POWERS

We wish in this edition to pay tribute to L. L. Powers of Powers Taxi, located at 829 1/2 on Ash Street, for his many services to the people of this district, and his splendid record of achievements in the business life of the city.

Mr. Powers has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him.

Plainview is fortunate in being able to number, among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire area.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider L. L. Powers an asset to the community, and a progressive business man of whom his city may be proud.

MRS. J. B. KIDD

There are many men and women in their chosen fields who have gained recognition for the progressive manner in which they have conducted a business, and accepted their civic responsibilities but who will not permit much to be said of their achievement.

But in reviewing a group of such citizens we should include Mrs. J. B. Kidd of the J. B. Kidd Feed Pens, for she is a woman who has always done her work effectively even though it has been accomplished in an unobtrusive manner.

We do not hesitate to recommend Mrs. J. B. Kidd to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

ROBERT A. MOHN

The true value of a citizen is not gauged by his personal success, but rather by the manner in which he shares that success by his contributions to the community in which he lives.

And Robert A. Mohn, recently assigned as manager of the General Adjustment Bureau Incorporated, is one of those men who has given much toward the development of Plainview and vicinity. He has turned his business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Mohn is keeping the firm at the forefront at all times, both in business and civic activities, and has maintained a position of leadership in his field of endeavor. His fairness and unquestionable honesty to equitably adjust all types of insurance claims has gained for him the respect and confidence of both companies and claimants.

We compliment Robert Mohn in this review of progressive Plainview business men, and to offer him this small evidence of public esteem.

J. L. AND JOE COMPTON

J. L. and Joe Compton, who just a short time ago assumed the operation and management of Lee's Coston Service, located at 1101 Quincey, now known as Compton's Coston Service, quite readily demonstrated their unusual ability by their quickness to appreciate the obligations and responsibilities of their new endeavor, and to conduct their affairs accordingly.

Although they have been operating the business for a comparatively short time, they have already made many new friends and satisfied customers for their Coston Service Station.

The Comptons are active, energetic men whose sincere and friendly personalities and desire to be of service is rapidly earning a place for them in this district. They have always taken an interest in community activities, and in due course of time will assume their full share of civic responsibilities.

Mr. Compton, and his son Joe, deserve a word of praise for having so quickly established themselves in their new venture, and we are glad to give them this deserving tribute.

CHARLES M. McDONEL

We desire in this review to call the attention of our readers to the well-earned position which Charles M. McDonel has reached in the business life of this section. During the comparatively short time he has been operating Mickey's Bicycle Shop, located at 1906 West 5th Street, he has made many personal friends as well as having earned the good will of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. McDonel is working hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of Mickey's Bicycle Shop as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of Plainview, and is always ready to lend his support to civic projects. Charles McDonel deserves our heartfelt congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

DAN MILLER

Recognized as one of the more progressive business men of Plainview, Dan Miller of Bentley's performs a real service for the people of this city, and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has, and continues to build up good will for Bentley's throughout this entire district.

Mr. Miller is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Dan Miller on his splendid record, and trust he shall continue to serve the people of Plainview and vicinity.

CARLTON FLOWERS

Because this is a period of growth and expansion for Plainview, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Carlton Flowers of the Flowers Equipment Company, for he has become a well known figure in the business and commercial life of this district.

Mr. Flowers' persistent optimism and steadfast belief in the continued prosperity of the people of Plainview and vicinity are characteristics which are deserving of our highest praise.

Carlton Flowers has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, but because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

J. P. STEVENS

It is because of the unflinching optimism and faith which he so consistently displays toward the future of Plainview and vicinity that we are prompted to call the attention of our readers to the fine service which J. P. Stevens of the J. P. Stevens Trucking Service, performs in the successful conduct of his business.

Mr. Stevens is an aggressive and resourceful personality whose progressive policies have earned for him a wide-spread reputation as a business man of more than average ability; and his apparent willingness to devote some of that ability to the promotion of civic activities further enhances his value to the city.

The safety and efficiency of the operations of the J. P. Stevens Truck Service, reflecting as it does the executive ability of this man, has earned for him a well deserved popularity among the people he serves.

We are glad to give J. P. Stevens the credit he so well deserves for his achievements, and to wish for him a continued successful career as one of Plainview's more dependable business men.

TRUMAN AND AUSTIN T. MALLOW

Due to the efforts of a group of wide awake business and professional men, the city of Plainview has attained a dominant position in the commercial life of this section of Texas. And two of the men who have justly earned credit for being progressive members of that group are Truman and Austin T. Mallow of the

Mallow House Moving Service. It is because of the successful operation of such a business as theirs that the city of Plainview has earned the reputation of being one of the more progressive cities in this area.

The Mallow's have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Austin and Truman Mallow in this Plainview review, and to publicly give them credit for their success in business, and for their many contributions to the general welfare of this entire district.

ROBIN BAKER

Robin Baker, of the Baker Plow Company, is one of those men who have helped Plainview grow and who has, at all times, assisted in every manner possible to promote that growth. One of his principle objects has been to see the city take its proper place as a leader, and one of the more progressive communities in this section of Texas. He has helped, whenever help was needed to obtain that objective. This area has gone forward on the impetus of the activities of such men, and it continues to progress through their efforts.

Robin Baker, reared in Lockney, the son of the founder of the town, later formed the Baker-Fleming Butane Company, with J. C. Fleming, now of Lubbock. It was at one time the oldest butane gas supply firm west of Fort Worth. He later supplied the needs of many farmers and ranchers through his operation of the Baker Flash-O-Gas Company.

This is but a small expression of gratitude to a citizen who has labored for an ideal, and has gradually seen that ideal take shape. The many services performed for Plainview by Robin Baker are too well known to require repetition here. It is sufficient to say that we recognize in him a leader in both business and civic enterprise; that we respect his opinions, and depend a great deal on him, and men like him for future guidance.

LEROY W. WILBANKS

In singling out some of the more progressive business men of Plainview, we would be censored should we fail to include Leroy W. Wilbanks of the Wilson Grain & Fertilizer Company, for he is a man who has never spared himself in his participation in both the business and commercial activities of the city.

Mr. Wilbanks has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

Leroy Wilbanks deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality whose sincere desire to be of service has gained for him a host of friends and business associates in and around Plainview who would, if given the opportunity, join us in wishing him many more years of continued success.

EDDIE WYNN

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Eddie Wynn's business to his city is a reflection of his progressiveness, and a determination to render the utmost in service, a policy which has caused the C & W Furniture & Appliance to be so well thought of, and so widely patronized by the people of Plainview and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Wynn to be of assistance on community projects and public drives. Moreover, he does so cheerfully, and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include Eddie Wynn in this Plainview review, and to wish him further success in the furniture and appliance business.

DAVID R. WILLSON

Every progressive and successful business man in Plainview contributes in some manner to the growth and progress of the city, and a man who is always willing to do his part in both business and civic activities is David R. Willson of Willson & Son Building Materials, who is well known and has many friends and business associates throughout this entire district.

The prominent part that Willson & Son Building Materials is playing in the business and industrial life of Plainview and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Willson has also at all times been steadfast in his

Cotton Growers To Meet Here September 7th

Opportunities for greater markets and acreage, and a plan by which cotton growers can achieve them at a profit, will be discussed Thursday, Sept. 7, in the high school auditorium in Abernathy.

Announcement of the meeting was made by J. C. Mills, Abernathy Chairman of Organization Committee, Cotton Producers Institute. Cotton growers are urged to attend the meeting which begins at 8:00 o'clock that evening.

A number of Hale County cotton growers attended a similar meeting in Plainview last Friday to map plans to sign all growers in a program aimed at expanding cotton acreage and profits. Grady Shepard, temporary chairman of the Hale County Organization Committee, said members now are taking their neighbors an explanation of the plan.

Farmers of the Abernathy area who attended the Plainview meeting included L. J. West, Billy Houston, Joe Lovelace, Noble Rice, Pete Thompson, B. A. McDougal, J. C. Mills, Irvin Rhodes, Lee Roy Waters, A. L. Marcy, and J. Morris Thomas.

More details on the proposed Abernathy meeting will be published next week.

VERNON WALLACE AND O. E. MOORE

In every community there are a number of business and professional men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Plainview who belong in this category are Vernon Wallace and O. E. Moore of Wallace & Moore Builders.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Wallace and Mr. Moore are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate O. E. Moore and Vernon Wallace for being good citizens, progressive business men and boosters of Plainview.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF PLAINVIEW AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of the *Abernathy Weekly Review* as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Plainview who helped make this department possible is sincerely appreciated.

WARREN HINGST

It is a well known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is Warren Hingst, well known and completely reliable building contractor, a leader in the business and civic life of Plainview.

In addition to being one of the city's more progressive business men, Mr. Hingst was never a man to shirk his civic duties. More than that, he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part, and seldom does he fail to find time to do his share.

Warren Hingst deserves his share of credit for being one of those dependable citizens of Plainview who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

J. B. THRUSH

One of the more dependable business men of Plainview, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, J. B. Thrush of the J. B. Thrush Drilling Company, whose wide knowledge and long experience in the water well drilling contracting business has raised him into a position of prominence in his line.

It is because of this that the J. B. Thrush Drilling Company has earned a reputation for reliability—second to none.

Mr. Thrush is also civic-minded and has always been ready to contribute his time and energy to any plan which promises to benefit this entire area. And the people of Plainview may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to J. B. Thrush as a progressive business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

MELVIN F. SMITH

Melvin F. Smith has proved his progressiveness by constantly adding to and increasing the service which Melvin's Mobil Station has extended to the people. The large volume of business handled by his Mobil station proves that "service" to him, is not "just a word" but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Smith was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city.

Melvin Smith has many friends in and around the city, and it is a pleasure to bring him before our readers in this review of progressive Plainview business men.

ALTON L. "CURLY" WIGINTON

Alton L. "Curly" Wiginton, of Jim's Motor Company, is one of those dependable Plainview men who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Wiginton was never a man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values, and it is easily understood why he is almost invariably successful in business or other matters.

We feel that it is our duty to call the attention of our readers to these worth-while characteristics of "Curly" Wiginton, and to pay him a well-deserved tribute for his straight forward business methods, and for the unselfish interest he has shown in public welfare.

WANDA FRY, LUCILLE RAMM AND BETTY MILLER

Three drive in restaurant operators of Plainview who have based their success upon the belief that the public will appreciate good food, well prepared and appetizingly served, are Wanda Fry, Lucille Ramm and Betty Miller of the Trio Rebel Drive In, whose many friends and customers by their daily patronage of

their popular eating place, attest to the soundness of their policy.

It is not only because of the successful management and operation of their drive in that they have come to be recognized as assets to the community; but it is also because of their policy of "looking ahead," and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of Plainview and the people as a whole. They are three citizens who have shown their appreciation for their success by a willingness to contribute of their time and efforts to the promotion of community projects.

H. L. JACKSON

In bestowing credit upon some of those progressive business men of Plainview, who in one way or another have contributed their bit to improve both business and civic conditions, we wish to publish a few words about H. L. Jackson of Mac's Coshen Service, located at 92 $\frac{1}{2}$ Columbia.

Mr. Jackson has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Coshen station continues to handle, much of which is due to his unceasing attention to detail, and his ability to cope with new and unexpected problems.

H. L. Jackson is also civic-minded and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend his able assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

BOB LANDRY

It is fitting in this review of progressive Plainview business men that we acquaint our readers with the man to be credited with having maintained the Plainsman Supply Company Incorporated in the enviable position it holds in the business and commercial life of this area.

That personality is Bob Landry, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which this reliable firm now enjoys throughout this entire district.

Mr. Landry has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which Bob Landry and the Plainsman Supply Company have rendered to the people.

A. B. AND J. J. LYLES

Plainview has attained a prominent position in the business and commercial life of this section of the South Plains because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And two wide awake progressive men who justly should be included in this category are A. B. and J. J. Lyles of the Lyles Scale Company.

Such men have many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And the Lyles' have earned the good will and respect of their fellow citizens for contributing their bit to the general welfare of the city and the people as a whole.

It is our duty to include J. J. and A. B. Lyles in that group of progressive and civic-minded men who have done so much for Plainview, and to express the wish that they will continue for many years to forge ahead with the success which they have enjoyed in the past.

C. W. JONES

In compiling this review of progressive Plainview business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is C. W. Jones of the C. W. Jones Mattress and Upholstery Company, who is well known and has many friends and satisfied customers throughout this entire district.

Mr. Jones' main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

C. W. Jones is a man of wide experience whose exploits in the business and commercial life of

Plainview and vicinity merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

L. L. POWERS

We wish in this edition to pay tribute to L. L. Powers of Powers Taxi, located at 829 $\frac{1}{2}$ on Ash Street, for his many services to the people of this district, and his splendid record of achievements in the business life of the city.

Mr. Powers has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him.

Plainview is fortunate in being able to number, among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire area.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider L. L. Powers an asset to the community, and a progressive business man of whom his city may be proud.

MRS. J. B. KIDD

There are many men and women in their chosen fields who have gained recognition for the progressive manner in which they have conducted a personal business, and accepted their civic responsibilities but who will not permit much to be said of their achievement.

But in reviewing a group of such citizens we should include Mrs. J. B. Kidd of the J. B. Kidd Feed Pens, for she is a woman who has always done her work effectively even though she has been accomplished in an unobtrusive manner.

Mrs. Kidd, busy as she is, always manages somehow or other to do her bit in any movement calculated to benefit the community as a whole. Her modesty however, will not permit her to say the things about herself which are said by her friends, who do so because of a personal knowledge of her activities.

We do not hesitate to recommend Mrs. J. B. Kidd to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

ROBERT A. MOHN

The true value of a citizen is not gauged by his personal success, but rather by the manner in which he shares that success by his contributions to the community in which he lives.

And Robert A. Mohn, recently assigned as manager of the General Adjustment Bureau Incorporated, is one of those men who has given much toward the development of Plainview and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Mohn is keeping the firm at the forefront at all times, both in business and civic activities, and has maintained a position of leadership in his field of endeavor. His fairness and unquestionable honesty to equitably adjust all types of insurance claims has gained for him the respect and confidence of both companies and claimants.

We compliment Robert Mohn in this review of progressive Plainview business men, and to offer him this small evidence of public esteem.

J. L. AND JOE COMPTON

J. L. and Joe Compton, who just a short time ago assumed the operation and management of Lee's Coshen Service, located at 1101 Quincy, now known as Compton's Coshen Service, quite readily demonstrated their unusual ability by their quickness to appreciate the obligations and responsibilities of their new endeavor, and to conduct their affairs accordingly.

Although they have been operating the business for a comparatively short time, they have already made many new friends and satisfied customers for their Coshen Service Station.

The Comptons are active, energetic men whose sincere and friendly personalities are destined to be of service to rapidly earning a place for them in this district. They have always taken an interest in community activities, and in due course of time will assume their full share of civic responsibilities.

Mr. Compton, and his son Joe, deserve a word of praise for having so quickly established themselves in the new venture, and we are glad to give them this deserving tribute.

CHARLES M. McDONEL

We desire in this review to call the attention of our readers to the well-earned position which Charles M. McDonel has reached in the business life of this section. During the comparatively short time he has been operating Mickey's Bicycle Shop, located at 1906 West 5th Street, he has made many personal friends as well as having earned the good will of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. McDonel is working hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of Mickey's Bicycle Shop as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of Plainview, and is always ready to lend his support to civic projects. Charles McDonel deserves our heartfelt congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

DAN MILLER

Recognized as one of the more progressive business men of Plainview, Dan Miller of Bentley's performs a real service for the people of his city, and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has, and continues to build up good will for Bentley's throughout this entire district.

Mr. Miller is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Dan Miller on his splendid record, and trust he shall continue to serve the people of Plainview and vicinity.

CARLTON FLOWERS

Because this is a period of growth and expansion for Plainview, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Carlton Flowers of the Flowers Equipment Company, for he has become a well known figure in the business and commercial life of this district.

Mr. Flowers' persistent optimism and steadfast belief in the continued prosperity of the people of Plainview and vicinity are characteristics which are deserving of our highest praise.

Carlton Flowers has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

J. P. STEVENS

It is because of the unflinching optimism and faith which he so consistently displays toward the future of Plainview and vicinity that we are prompted to call the attention of our readers to the fine service which J. P. Stevens of the J. P. Stevens Trucking Service, performs in the successful conduct of his business.

Mr. Stevens is an aggressive and resourceful personality whose progressive policies have earned for him a wide-spread reputation as a business man of more than average ability; and his apparent willingness to devote some of that ability to the promotion of civic activities further enhances his value to the city.

The safety and efficiency of the operations of the J. P. Stevens Truck Service, reflecting as it does the executive ability of this man, has earned for him a well deserved popularity among the people he serves.

We are glad to give J. P. Stevens the credit he so well deserves for his achievements, and to wish for him a continued successful career as one of Plainview's more dependable business men.

TRUMAN AND AUSTIN T. MALLOW

Due to the efforts of a group of wide awake business and professional men, the city of Plainview has attained a dominant position in the commercial life of this section of Texas. And two of the men who have justly earned credit for being progressive members of that group are Truman and Austin T. Mallow of the

Mallow House Moving Service. It is because of the successful operation of such a business as theirs that the city of Plainview has earned the reputation of being one of the more progressive cities in this area.

The Mallow's have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Austin and Truman Mallow in this Plainview review, and to publicly give them credit for their success in business, and for their many contributions to the general welfare of this entire district.

ROBIN BAKER

Robin Baker, of the Baker Plow Company, is one of those men who has helped Plainview grow and who has, at all times, assisted in every manner possible to promote that growth. One of his principle objects has been to see the city take its proper place as a leader, and one of the more progressive communities in this section of Texas. He has helped, whenever help was needed to obtain that objective. This area has gone forward on the impetus of the activities of such men, and it continues to progress through their efforts.

Robin Baker, reared in Lockney, the son of the founder of the town, later formed the Baker-Fleming Butane Company, with J. C. Fleming, now of Lubbock. It was at one time the oldest butane gas supply firm west of Fort Worth. He later supplied the needs of many farmers and ranchers through his operation of the Baker Flash-O-Gas Company.

This is but a small expression of gratitude to a citizen who has toiled for an ideal, and has gradually seen that ideal take shape. The many services performed for Plainview by Robin Baker are too well known to require repetition here. It is sufficient to say that we recognize in him a leader in both business and civic enterprise; that we respect his opinions, and depend a great deal on him, and men like him for future guidance.

LERROY W. WILBANKS

In singling out some of the more progressive business men of Plainview, we would be remiss should we fail to include Lerroy W. Wilbanks of the Wilson Grain & Fertilizer Company, for he is a man who has never spared himself in his participation in both the business and commercial activities of the city.

Mr. Wilbanks has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

Lerroy Wilbanks deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likable personality, whose sincere desire to be of service has gained for him a host of friends and business associates in and around Plainview who would, if given the opportunity, join us in wishing him many more years of continued success.

EDDIE WYNN

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Eddie Wynn's business to his city is a reflection of his progressiveness, and a determination to render the utmost in service, a policy which has caused the C & W Furniture & Appliances to be so well thought of, and so widely patronized by the people of Plainview and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Wynn to be of assistance on community projects and public drives. Moreover, he does so cheerfully, and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include Eddie Wynn in this Plainview review, and to wish him further success in the furniture and appliance business.

DAVID R. WILLSON
Every progressive and successful business man in Plainview contributes in some manner to the growth and progress of the city, and a man who is always willing to do his part in both business and civic activities is David R. Willson of Willson & Son Building Materials, who is well known and has many friends and business associates throughout this entire district.

The prominent part that Willson & Son Building Materials is playing in the business and industrial life of Plainview and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Willson has also at all times been steadfast in his

devotion to the city, and the surrounding area, and on many occasions has lent his support to the successful promotion of meritorious civic projects.

Plainview and this district are fortunate to have such a man as David Willson in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

R. D. "BOB" SHARKEY

R. D. "Bob" Sharkey, the manager of Public Finance Incorporated, has a well earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Public Finance Incorporated outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Sharkey has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving "Bob" Sharkey the credit for his accomplishments which his friends and associates have so long accorded him.

VERNON WALLACE AND O. E. MOORE

In every community there are a number of business and professional men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Plainview who belong in this category are Vernon Wallace and O. E. Moore of Wallace & Moore Builders.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Wallace and Mr. Moore are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate O. E. Moore and Vernon Wallace for being good citizens, progressive business men and boosters of Plainview.

Cotton Growers To Meet Here September 7th

Opportunities for greater markets and acreage, and a plan by which cotton growers can achieve them at a profit, will be discussed Thursday, Sept. 7, in the high school auditorium in Abernathy.

Announcement of the meeting was made by J. C. Mills, Abernathy Chairman of Organization Committee, Cotton Producers Institute. Cotton growers are urged to attend the meeting which begins at 8:00 o'clock that evening.

A number of Hale County cotton growers attended a similar meeting in Plainview last Friday in a program aimed at expanding cotton acreage and profits. Grady Shepard, temporary chairman of the Hale County Organization Committee, said members now are taking their neighbors an explanation of the plan.

Farmers of the Abernathy area who attended the Plainview meeting included L. J. West, Billy Houston, Joe Lovelace, Noble Rice, Pete Thompson, B. A. McDougal, J. C. Mills, Irvin Rhodes, Lee Roy Waters, A. L. Marcy, and J. Morris Thomas.

More details on the proposed Abernathy meeting will be published next week.

The 1959 Ford Ranchero, which was stolen from its parking place at the A. L. Higgins home here early last week, was recovered in Lubbock later in the week.

WESLEYAN SERVICE GUILD MEETS SEPT. 4

The Wesleyan Service Guild of the Methodist Church will open the new season with a meeting Monday, Sept. 4, at 7:30 p. m. in the church parlor. Mrs. Andy Reid will be the program speaker. The meeting will be guest night, and a social hour will follow the program.

Mr. and Mrs. Chas. Anderson and son, Mr. and Mrs. J. B. Anderson of Abernathy, and eight year old Larry Moorman of Post have just returned from a 4000 mile trip to California. They left Abernathy Aug. 18 and returned Aug. 27. They visited relatives in Pittsburgh, Modesto and Barstow, Calif. They also visited San Francisco, Los Angeles, Hollywood, Disneyland, Sequoia National Park, Las Vegas, Nevada, Boulder Dam, Grand Canyon, and the Galo Winery.

Thomas, Dale and David Theobald left Thursday morning for their home in Springfield, Ill., after a 10-day visit here with Sue Williams.

Mrs. J. T. Meredith of Vernon visited in the home of her daughter, Mrs. M. M. Bell, last week.

MEET SET

Jehovah's Witnesses of Texas Circuit No. 9 will have their next assembly in Wichita Falls, September 8 through the 10. Clarence W. Hall Sr., presiding minister of the Plainview congregation, said, "The purpose of the 17 congregation assembly is to encourage one another in keeping integrity with Jehovah, the Sovereign of the universe."

Mr. and Mrs. William B. Albers and daughters were at the Albers ranch near Grants, N. M., last week.

EDDIE BAILEY JOINS REVIEW MECHANICAL DEPARTMENT HERE

E. M. (Eddie) Bailey this week joins The Abernathy Weekly Review staff on a full-time basis, taking charge of the mechanical department. He has been employed in the mechanical department of Southwestern Crop and Stock, a farm and ranch magazine published in Lubbock. He and Mrs. Bailey and their children reside east of New Deal.

Bailey did the installation and erection work when The Review established a shop to print the paper in Abernathy in August of 1955. Although he was employed elsewhere, Bailey has done repair, maintenance and overhaul work on The Review's machinery since the shop was set up here.

In his new work here, Bailey not only will do maintenance work on the machines, but will have complete charge of the mechanical functions involved in producing The Review each week.

William R. (Billy Bob) Johnson will complete his two years of Army service early next month, and is expected to return home. He is at Fort Huachuca, Arizona. Billy Bob is a son of Mr. and Mrs. Iver L. Johnson.

NOTICE

To all grade school pupils, at Antelope Corner (Crow's) we have the teachers approved list of required school supplies. Stop by and pick up your package, says B. V. Powell.

MR. FARMER!

You did not Stint on the Seed you planted or the Fertilizer you used because like all good farmers you know that the soil will yield proportionately to what you put into it. Why Stint on gathering it?

Now you can put it ALL IN THE BIN with one of our Row Crop Gathering Attachments. It will put the tall heads in the bin. It works equally well on twin or single rows. It will cut across the rows and not leave any heads.

It will get all the heads where Johnson grass and weeds are taller than the maize.

It will handle SOYBEANS Also.

If the wind blows the crop down you can RECOVER AN AMAZINGLY HIGH PERCENTAGE of it.

This Machine will pay for itself in a very short time by saving grain that is lost when using a regular reel.

It is PRECISION BUILT, TROUBLE FREE, LONG LASTING and EASY TO OPERATE.

Our facilities are rather limited and we will not be able to turn out a large number of these machines this season, therefore, Place Your Order Early.

DWAYNE TAYLOR

Mr. and Mrs. C. L. Adams spent last weekend at Lake Stamford where her sister and three of her brothers and their families met at the R. M. King cabin for a reunion. Those in attendance were her sister, Mrs. David Doyle and her husband of Fort Worth, R. P. King and Robert King and their wives of Abilene, Mr. and Mrs. R. M. King of Stamford; and the C. L. Adams.

Jerry Adams, a Texas Tech student and son of Mr. and Mrs. C. L. Adams, has accepted a position with the FAA. He is to attend a six-weeks refresher course at Oklahoma City, and then will be sent to New Orleans as an Air Control Specialist and will probably be employed at the New Orleans airport.

Mr. and Mrs. Don Bradley and three sons of Portland, Oregon, visited here in the homes of her brother, Thomas Johnston, and sister, Mrs. Ted Watts.
