FFA-4-H Project Show Set

Abernathy community's 13th annual Project Show, featuring entries of both FFA and 4-H Club members, is slated to be one of the biggest and best yet, according to all reports. Judging of the annual event is set to begin at 7:30 p. m. Tuesday, March 13.

The project show will again be held in the two barns just west of Abernathy Gin Company three miles north of town. The barns are owned by J. L. Irish, who boasts the annual stock show, as well as various other events, by donating the space and facilities for such use.

Animals will be weighed in and

placed in the barn Monday afternoon and evening, and will be on exhibit there all day Tuesday.

The concession counter at the show barn will be handled by the local 4-H Club this year, it was stated.

RULES

It was brought to our attention last week that several changes in the rules governing the annual 4-H Club-FFA Project Show have been made. Major changes were made in the rules governing the swine division of the show.

In the past, only three classes were established in the fat barrow division. All breeds were

then shown together in these classes.

Expecting about 65 head of swine this year, however, all swine will be shown by breeds. Each breed will be divided into a light and heavy class, providing there are six or more animals in each breed. If there are five or less entries in any breed, there will be only one class in that particular breed.

All swine will be weighed and ear tagged and the light and heavy classes will be divided equally (provided there are six or more in each breed).

Ribbons will be presented to the top ten individuals in each class. A rosette will be given to the champion of each breed. Prize money will be \$5, \$3 and \$2 for 1st, 2nd and 3rd place, respectively.

Trophies will be given for the grand champion barrow of the entire show and for the reserve champion barrow.

All open gilts will be divided by breeds if there are enough entries in each breed to justify it. This decision will be left up to the swine superintendent, and his assistants.

A trophy for the champion open gilt will be awarded. The reserve champion will receive a rosette.

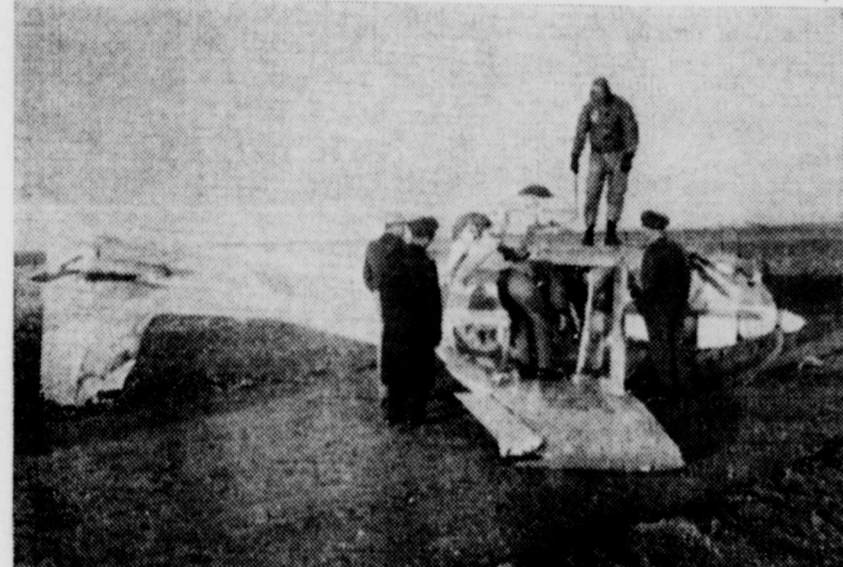

A wall plaque will be given for the Outstanding Showman of the swine division.

Superintendent of the swine division is Joe Lovelace. His assistants are Delton Stone and Don Presley.

Steer Division

Elton Settle, superintendent of the steer division, stated that no major changes were made in that department. However, a breeder class of heifers has been added to this year's list of entries. Billie Harrison is superintendent. Settle's assistant in the steer division is Joe Lovelace.

Other assisting in various ways with the event will include: Fred Blumenstock, Bobby McAllister, Golden Ferguson, E. L. Kelly, Glen Hammond, Carl Phillips, Ralph Stevenson, Ellis Turner, L. G. Montgomery, Abernathy vocational agriculture instructor and FFA advisor Jerry Adams, Hale County Agent Ollie Liner, Assistant County Agent Payton Scott, and various others.

THE BIG FLIP—Reese Air Force Base officers are pictured above examining a 1959 Cessna plane which "flipped" when it landed about 50 feet short of the runway at Abernathy Municipal Airport last Wednesday afternoon. Three Reese Air Force officers were injured in the plane at the time of the accident escaped serious injury. (Review Photo)

3 RAFB Officers Escape Injury In Plane Crash At Abernathy Airport

A light plane carrying three Reese Air Force Base officers, crashed about 50 feet short of the runway at the Abernathy Municipal Airport, about five miles east of town.

In the plane at the time of the accident were Lt. Col. Robert G. Bowman, dental surgeon at the air base hospital; Lt. Carl Hoffman, the pilot, who is with the Helicopter Air Rescue Squadron at Reese, and Lt. Henry J. Pheasant.

The plane was demolished, but no injuries were reported. The Cessna, a 1959 model, had been in the possession of the Reese Flying Club for only one day.

According to Air Force officials, the aircraft landed about 50 feet short of the runway and flipped over. Exact cause of the mishap was unknown. Flying safety officers from Reese investigated.

No School Friday, Teachers Will Attend Meeting

There will be no school conducted Friday in Abernathy. School will be dismissed so that teachers and administrators may attend the third annual convention of the District 13, Texas State Teachers Association meeting in Lubbock, set for Friday and Saturday.

More than 3,500 South Plains teachers are expected to attend the event. The theme of this year's program will be "Education—Freedom's Fortress."

Senior Girl Scouts Plan Bake Sale

Members of Abernathy Senior Girl Scout Troop 95 will have a Bake Sale Saturday in the show room of Abernathy Motor Company.

Purpose of the Bake Sale is to complete their funds for a trip that has been in the planning stages since the girls joined the Brownie Scouts when they were in the second grade.

You can help materialize their planning by visiting the Bake Sale and making purchases. Donations will also be accepted from anyone who wants to share in this project of youth development and character building.

7 Names On City Ballot

Seven names are to appear on the April 3 city election ballot when Abernathy voters select three aldermen. The retiring aldermen, whose names are not on the ticket, are Bobby McAllister, Dr. John W. Hale and Lon Carmickle.

Those whose names will be on the ballot are Carl Barton, J. A. Bruce, Edgar Graham, A. B. Myatt, W. T. Settle, J. Pete Thompson and Dan Z. Ward.

Barton is local manager for Pioneer Natural Gas Company. Bruce owns and operates a furniture store. Graham, a former alderman and mayor, owns Graham's Restaurant, Myatt, Settle and Thompson are farmers. Ward is a former alderman and mayor.

Absentee balloting will begin March 15, and end March 31.

The election, April 3, will be in the city hall club room. Mrs. Lamar McKenzie will be presiding judge, assisted by J. D. Webb, Mrs. George Ragland and Mrs. R. A. McAllister.

Concession Stand To Be Operated By Local 4-H Club

The Abernathy 4-H Club invites everyone to attend the Project Show Monday and Tuesday, and urges all to patronize the concession stand, to be operated by the 4-H Club members.

The Club will serve sandwiches, cold drinks and coffee Monday night, and will have complete meals, as well as home made pies and cakes available Tuesday night.

Places 20th

Richard Montgomery's 905-pound Hereford steer placed 20th in the Houston Fat Stock Show last week. The animal was sold at the Houston event.

Richard is a seventh grade student in Abernathy Junior High School, and is a member of the Abernathy Community 4-H Club. He is the son of Mr. and Mrs. L. G. Montgomery.

Mr. and Mrs. H. E. Richter were in Hereford last weekend. Mrs. Richter remained there for a visit in the home of her daughter and family.

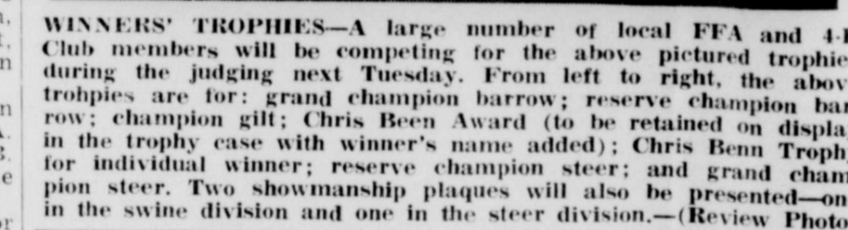

BIRTHS

Mr. and Mrs. Rudy Marrugo are parents of a daughter born March 2. She weighed 8 pounds 8 ounces.

Abernathy Medical Clinic reported the following births:

Mr. and Mrs. Antonio Gonzales of Abernathy are parents of a daughter born February 27. She weighed 6 pounds 8 ounces.

A son, weighing 8 pounds, was born February 28, to Mr. and Mrs. Jesse Esquibel, Ralls.

WINNERS' TROPHIES—A large number of local FFA and 4-H Club members will be competing for the above pictured trophies during the judging next Tuesday. From left to right, the above trophies are for: grand champion barrow, reserve champion barrow; champion gilt; Chris Been Award (to be retained on display in the trophy case with winner's name added); Chris Brown Trophy for individual winner; reserve champion steer; and grand champion steer. Two showmanship plaques will also be presented—one in the swine division and one in the steer division. (Review Photo)

Two Local Service Stations Burglarized Monday Night

By O. F. REA

Peters Mobil Service and Pittman Gulf Service were both broken into some time before 11:30 p. m. Monday.

Entrance was gained through the east window in the wash room at the Mobil station and the cigarette machine was pried open and the money box taken. Nothing else was thought to be missing. H. T. "SI" Peters was at the station about 11:30 p. m. and discovered the damage to the cigarette machine. A heavy screw driver or small pry bar had been used.

The break-in at the Gulf station was discovered when the station was opened for business Tuesday morning. The cigarette machine there had also been pried open with the same type of tool and the money box taken. It was emptied and left behind. A search had been made in the back office and stock room but two rolls of dimes (\$10.00) was all that appeared to be missing.

Entrance was gained through the slatted window on the north of the front office. Four of the glass slats had been taken out and some broken. They were neatly piled outside at the rear of the station.

Last Rites Held For Mrs. R. J. Jones, Sr.

Funeral services were held at 10 a. m. Tuesday in the First Methodist Church here for Mrs. R. J. Jones, Sr., 79.

Mrs. Jones died at 12:40 p. m. Sunday at the home of a daughter, Mrs. N. E. Faver.

Officiating were the Rev. H. B. Coggin, pastor, and the Rev. Boyce Evans, pastor of the First Baptist Church here.

pallbearers were Doyle Evans, Charles Ray Owens, Wesley Pope, Tommy Scroggins, Gene Cornelius and Bobby Oliver.

Burial was in Plainview Cemetery under direction of Chambers Funeral Home.

She moved to Hale County in 1925 from Johnson County.

Survivors include two sons, Bill and R. J. Jones, Jr., both of Abernathy; another daughter, Mrs. Don Dwinell, Odessa, two sisters, Mrs. Ethel Leverett, Fort Worth, and Pearl Dunlop, Tyler; eight grandchildren and two great-grandchildren.

Honorary citizenship was presented to Henry Edwards.

On the Wolf rank the following boys received arrowpoints: Kenneth Evans, 1 Gold arrowpoint; Mike Fielding, 1 Silver arrowpoint; and Fritz Struve, 4 Silver arrowpoints.

On the Lion rank the following boys received arrowpoints: Jerry Howard, Henry Edwards and Glen Hammond, 1 Gold and 1 Silver arrowpoint each.

Denner stripes were awarded to the following: Pat Collins, J. C. Gable, Glen Hammond Jr., David Bray, Jerry Howard, David Evans, Terry Kitchens and Lynn Vaughn.

City, ARC Sign Lease For 25 Years

Abernathy City Council, in regular session Monday night signed a lease with officials of Abernathy Recreation Center. The agreement calls for a 25-year lease, with a 25-year option, at \$1.00 per year. This action was in accordance with an agreement made between the City and ARC in 1958.

Jeff Williams, Hale County surveyor, is to survey the airport section to define boundaries of farm land, airport and recreational areas.

Councilmen discussed the local dog-roaming problem, deciding that the dog ordinance passed a few years ago will be "enforced to the letter of the law." A statement concerning this action appears in an advertisement in this issue of the Review. Dog owners are urged to read the ad.

YOUNG FARMER OFFICERS—Officers of the newly-organized Abernathy Young Farmer Chapter are pictured above. Seated, from left to right, are: Joe Oswalt, treasurer; Don Presley, president; and Richard DuBose, vice president. Standing, left to right, are: Jerry Adams, AHS vocational agriculture instructor and advisor for the Young Farmer group; Jerry Oswalt, secretary; Bobby Lewis, recreation chairman; and Billie Harrison, program and education chairman. Not pictured are: Y. F. Snodgrass, reporter; Lonnie Brownlow, cooperative and community service activities chairman; and Gene McMaster, leadership chairman. (Review Photo)

TALK — In Print

A recent comment in this column about the coincidence of Mrs. Jack Hackler's winning the silver tea service at Reid Chevrolet's Silver Anniversary event should have gone further. The coincidence noted was the fact that the Hacklers are observing their Silver Wedding Anniversary this year.

Going further on the Reid deal, Ralph Stephens, who won the 50 silver dollars, and his wife Dorothy will observe their Silver Wedding Anniversary next month.

Tip

Note to Review subscribers: Something new has been added . . . by Texas law . . . a tax on subscriptions. While awaiting the State's permission to collect the tax, we absorbed the tax from September 1 through January 31. We started collecting the subscription tax February 1. A number of subscribers overlooked the six-cent tax added to the February notices and sent checks for \$3.00. To notify them by mail of the six-cent omission would be an economic loss to us. And, it would be a loss to the subscriber having to bring the six-cent tax by the Review office. These taxes were absorbed by us.

Please remember that the local subscription rate is \$3.00 plus six cents tax, a total of \$3.06.

Tip

The late Lillie Slemmons pioneered religious work among the Latin American and Negro population of Abernathy community. She held services for them in the old Vineyard service station building that was located on the corner of Avenue D and 8th Street, now the site of Reid Chevrolet.

A devout member of the Church of the Nazarene, Mrs. Slemmons realized a long-cherished dream when the Latin American Nazarene Church was built here.

Other denominations now are working in those two areas. Abernathy First Baptist Church helped in the construction of Bethel Baptist Church building for Negroes a few years ago. Currently, First Baptist is building a mission for the Latin Americans on Jerome Street, on a site formerly owned by Lonnie Brownlow.

Abernathy Church of Christ built a church for the Negroes in Southeast Abernathy. The church also is engaged in work with the Latin American people, purchasing a site for a building. It will be located on Jerome Street, on a site formerly owned by Erceell Givens and Thomas Johnston.

Tip

The South Plains area has three candidates for major state offices. They are capable men, qualified by experience for the offices they seek. Our support in the May Democratic Primary will go to Marshall Formby of Plainview for governor; Preston Smith of Lubbock for lieutenant governor, and to Waggoner Carr, Lubbock, for attorney general. And, we'll continue supporting them through the November general election if their names are on that ballot.

Tip

Congratulations are due our neighbor city, Hale Center, on their new city hall and fire station. It is a handsome building, well arranged and equipped.

(Continued On Page 4)

Results Given On Recent Young Farmer Meeting Here

The Abernathy Young Farmer Chapter which was organized here Tuesday night, February 27, got off to a fine start with 22 local farmers combining their efforts at the organizational meeting and election in the state of officers and committee chairmen, were: Harold Williams, Joe Connell, Jimmie Davis, A. C. Harris, Jr., Willie V. Dunn, Billy Smith, Jim Wisdom, Wilson Neve, David Waits, Raymond Reeves, James C. Henry, D. L. Sanders, Jack McGuire, Elbert Harp, K. D. Vineyard and Darrell Stevens.

Also in attendance was Dean Sterling, with prospects of becoming an associate member.

Requirements for active membership are that the individual must be out of school, at least 18 years of age and not over 35, and be engaged in farming or related agricultural occupation.

Farmers and persons in related agricultural occupations over 35 years of age are eligible to become associate members, and will enjoy many of the same rights and privileges of active members. However, an associate member cannot hold office and cannot take part in the awards program.

Meeting Dates Set

Members of the new chapter set the meeting date and time for future meetings. Monthly meetings will be held at 8 o'clock the second Monday night of each month.

However, in lieu of the March meeting, the chapter members will attend the Young Farmer Field Day at Lubbock, sponsored by Texas Tech, Saturday, March 24. Members are urged to meet at the AHS agriculture building that morning and go from there to Lubbock.

Related Article

A related article, "The Need For Vocational Education In Agriculture," is published on page 1, Section Two, of this paper. Additional information from the booklet, entitled as above, will be published from time to time in the Review.

Purposes

The purposes of which the local chapter was formed are as follows:

- To develop skills and to gain information on new and improved methods of production and marketing.
- To keep informed on matters affecting people engaged in farming and ranching and in agriculture-related occupations.
- To provide wholesome social and recreational activities.
- To plan and carry out activities designed to improve our home and community.
- To plan and carry out a program for recognizing and honoring local members and others for outstanding achievements in the field of agriculture; and
- To support the FFA and other groups working for improvement of agriculture.

34 In Attendance

Including visitors and guests, a total of 34 persons were in attendance at the organizational meeting.

In addition to the three men from Lockney mentioned above, other visitors included six vocational agriculture students from Texas Tech, and H. G. Wells of Tulla, State Representative of the 8th Legislative District. The six young men from Texas Tech were Jimmy Davis, Jerry Slaton, Art

Sommerville, Charles Ward, Kelley Waggoner and Nelson Christie. Local farmers of the Abernathy, County Line, Lakeview area attending, in addition to those named in the state of officers and committee chairmen, were: Harold Williams, Joe Connell, Jimmie Davis, A. C. Harris, Jr., Willie V. Dunn, Billy Smith, Jim Wisdom, Wilson Neve, David Waits, Raymond Reeves, James C. Henry, D. L. Sanders, Jack McGuire, Elbert Harp, K. D. Vineyard and Darrell Stevens.

Also in attendance was Dean Sterling, with prospects of becoming an associate member.

Track And Field Events

Abernathy track and field men will participate in the annual, Whirlwind Relays in Lubbock Saturday. The event, to be run off on the Texas Tech track, is sponsored by Floydada.

Results At Brownfield

The local tracksters journeyed to Brownfield last Saturday where they placed 16th in a field of 16 teams in the Brownfield Relays. John Kiker placed 6th in the 880-yard run, Billy Jack Hackler tied for 6th place in the high jump event, and Dennis Allen tied for 4th place in the pole vault.

Fort Stockton garnered 93 points to win the event, with Denver City placing second with 60 3/4 points, and Lamesa third with 55.

Only other teams from District 2-AA in the event besides Abernathy were Muleshoe, 4th place, and Morton, 15th.

Donations Sought For Red Cross

Melvin Rape and Roy Jones, heading the annual March Red Cross fund drive in the Abernathy area, announced that persons wishing to contribute to this worthy cause may leave their donations with Mrs. Hix at Abernathy First State Bank.

Mrs. Hix has aided in the local drive in this manner the past three years.

NOTICE

NOTICE TO ALL TAXPAYERS AND RESIDENTS OF THE CITY OF ABERNATHY, TEXAS:

The City Council of the City of Abernathy, Texas, will hold its regular scheduled meeting in April at 8:00 p. m. Tuesday, April 3, 1962, at the City Hall.

Cub Scout Pack 481 Holds Annual Blue-Gold Banquet

The Abernathy Cub Scout Blue and Gold banquet was held Monday night, February 27, in the school cafeteria. A chicken dinner was served to nearly 150 boys and their parents.

The highlight of the banquet was the Championship Pinewood Derby Race. An elimination race was held starting with 50 entrants. Excitement reached a high pitch when the last race between the cars belonging to Lynn Vaughn and Steven Phillips was held. Steven's car crossed the finish line first with less than an inch between the two cars. Glen Hammond's car was barely nosed out for third place. Prizes consisting

A lion badge was presented to Henry Edwards.

On the Wolf rank the following boys received arrowpoints: Kenneth Evans, 1 Gold arrowpoint; Mike Fielding, 1 Silver arrowpoint; and Fritz Struve, 4 Silver arrowpoints.

On the Lion rank the following boys received arrowpoints: Jerry Howard, Henry Edwards and Glen Hammond, 1 Gold and 1 Silver arrowpoint each.

Denner stripes were awarded to the following: Pat Collins, J. C. Gable, Glen Hammond Jr., David Bray, Jerry Howard, David Evans, Terry Kitchens and Lynn Vaughn.

of a cub scout pocket flash light, a cub scout pencil and a cub scout key chain were awarded to the first three place winners.

Awards

Awards were presented to the following boys during a candle-light ceremony:

Bobcats—Steven Phillips, Darryl Brightbill, Willie Greening, Richard Vaughn, Rickie Anderson and Ruwayne Struve.

Wolf badges—Jerry Miller, Mike Bundyck, Davne Stanton, David Bray, Mike Nelson, Jim Bruce, Clinton Reeves and Danny Fielding.

Bear badges—Gary Goble, Mark Harrison and Mike Fielding.

Each Den Mother received the following awards: Den Mother's certificates, lapel pins and yellow arrowhead neckerchief slides.

Mention was also made of the various swimming awards received by many boys of the pack.

Cubmaster Glen Hammond reminded those present of the forthcoming "Scoutorama" to be held at the Municipal Coliseum in Lubbock on March 10 with two performances: 2:00 p. m. to 4:30 p. m. and 7:30 p. m. to 9:30 p. m. He tickets for the purchase of these encourages the purchase of these for 20 percent of the money is to be retained in the pack and offers one of the few money raising methods available to the unit.

NOTICE

NOTICE TO ALL TAXPAYERS AND RESIDENTS OF THE CITY OF ABERNATHY, TEXAS:

The City Council of the City of Abernathy, Texas, will hold its regular scheduled meeting in April at 8:00 p. m. Tuesday, April 3, 1962, at the City Hall.

Esther Williams Circle To Publish Cook Book Soon

Members of the Esther Williams Circle are preparing a cook book of favorite tested recipes. Every one is invited to give them a copy of any and all their favorite recipes. Deadline for turning in recipes has been set for March 17, in order to have the cook book printed by Spring.

A special feature of the cook book is to be a section on helpful hints, substitutions, and quantities. Members of the circle hope to get as many recipes as possible, from as many people as possible, in order to make the book a good cross-section of the community. The book will be on sale to everyone.

New Deal Teacher Falls, Fractures Left Shoulder

Mrs. Charles C. Weigle, 58, a third grade teacher in the New Deal School suffered a fractured left shoulder Wednesday morning, Feb. 28, when she fell in the hallway of the grade school building. It was reported that she was carrying and fell when she rounded a corner in the corridor.

Two Others Out
It was reported that two other grade school teachers were away from their classes early this week. One was out due to flu, and the other, Mrs. Cherrie Hatfield, left Sunday for Houston to be with her father who had suffered a heart attack.

Lakeview News

Mrs. W. W. Thomas of Plainview spent last week with her mother, Mrs. Lemmie Ragland, who has been ill.

Mr. and Mrs. J. E. Ogle of Halfway visited in the home of her sister, Mrs. Lloyd Goldston Sunday.

Mr. and Mrs. Bob Austin and sons of Carlsbad, N. M., visited her parents, Mr. and Mrs. S. P. Castleberry and other relatives here last week.

Mrs. E. B. Shelley of Petersburg visited in the R. E. Anderson home Sunday.

Mr. and Mrs. Lonnie Watson of Lubbock visited Mr. and Mrs. Loren Neis.

The Avery Fisher family moved to their new home near Lyndon, Colo., Friday.

Mr. and Mrs. Clayton Enger, Don and Sue plan to spend the weekend at Ruidoso.

Mr. and Mrs. Joe Mercer and sons of Odessa visited her brother, Fred Crenshaw and family Sunday.

O. S. Bristow is visiting relatives in Rule this week.

Mr. and Mrs. Clayton Enger accompanied the science class of New Deal high school to Odessa Friday when they toured a chemical and rubber plant.

Mr. and Mrs. Jack Lee, Bill, Patsy and Kay visited her mother, Mrs. Nita Overton at Mountainair last weekend.

Mrs. W. W. Adams and Bill accompanied her mother, Mrs. J. D. Miller, to Dallas Saturday. Mrs. Miller had visited several weeks in the Adams home.

Judy and Mark Manley of Lamesa are visiting their grandparents, Mr. and Mrs. Herbert Watson.

Members of the Builders Class attending a dinner party at Hickory Inn in Lubbock Saturday night were Messrs. and Mmes. Dwain Bristow, Jack Jackson, Clayton Enger and R. A. DuBose.

Mr. and Mrs. R. E. Anderson are to leave Thursday to spend the weekend with Mr. and Mrs. Preston Mitchell in Albuquerque. Ralph Brock, Layman of the First Methodist Church in Lubbock, was speaker at the mid-week service at the Methodist Church Wednesday night.

A British executive of BBC, making a study of techniques in this country, was impressed with the slickness and perfection of American TV. He was questioning a stagehand about the perfect techniques he had observed. "That's because mistakes are not tolerated," the stagehand said. "For instance, in a show I was working on last night the script called for me to rush out and sprinkle catsup over an actor who was supposed to have been shot. Unfortunately, a camera swung around unexpectedly and caught me pouring the catsup on the actor."

"Terrible," the British executive exclaimed. "What did you do?" "What could I do?" the stagehand replied. "I ate him."

Methodist Church Clarifies Position

In view of the fact that a great deal of gossip has been spread throughout the community regarding the position of the Abernathy Methodist Church, relative to entertainment for the members of the Junior and Senior Class, on the evening of their annual banquet, it seems necessary for our position to be published for public information.

This matter was discussed by members of the Official Board of Abernathy Methodist Church and it is the opinion of this group that the banquet and program provided at the school is sufficient entertainment for the evening.

This position was made known to all the ministers of the town, in writing; also to certain other individuals who were concerned about the matter. Following the meeting at which the above decision was made, it was reported around town that our church approved a dance for the young people, following the banquet. This is not true and anyone making such report is bearing a false report.

Signed, H. B. Coggin.
WORLD DAY OF PRAYER SLATED
Abernathy First Methodist Church will be open all day Friday, March 9, for all who wish to participate in the annual World Day Prayer.

Social Security Requirements

Everyone under age 72 who receives old-age or survivors benefits under the social security program is subject to the "retirement test" according to John C. Hutton, Manager of the Lubbock Social Security Office. All beneficiaries whose earnings exceed \$1,200 for the year are required to file a report with the Social Security Administration within three and one-half months after the close of the year.

"Things are different after you are age 72," Mr. Hutton said. "The report is not required if you were over 72 during all months of the year. Once you have passed your seventy-second birthday, you can collect your social security check every month, regardless of how much you may be earning. All earnings for the year in which you reach 72 can affect benefits, however, and a report is required for that year if you make over \$1,200 during the entire year," Hutton explained.

In figuring his total earnings for the year, the beneficiary must include all wages earned as an employee plus the net earnings he had from self-employment. Annuities, pensions, or income from investments do not count. The annual report for 1961 is due between January 1 and April 15, 1962, and should be made to the Social Security Administration by all beneficiaries, under age 72, who exceed \$1,200 in earnings in 1961.

A representative of the Lubbock Social Security Office will be in Plainview on each Tuesday in the County Courtroom from 10 to 2 p.m. and will be glad to assist in all matters pertaining to social security.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, TEX.—Although the Texas Youth Council lost its fight for a legislative appropriation of \$100,000 to add more officers to its Juvenile Parole System, it just won a battle for the benefit of orphans in state institutions.

Attorney General Will Wilson turned over the deed to a \$200,000 Bell County ranch along with a check for \$12,446 to Dr. James A. Turman, Youth Council director. Presentation represented the outcome of a four-year court battle. Heirs of the late Mrs. Parrie Haynes contested her passing the property to the state.

Dr. Turman said the orphans of Texas will receive all benefits from the 4,160-acre ranch on the Lampasas River. It will be used as a summer camp and activity center for orphan's homes. Youth Council will raise cattle, pigs and sheep there to help feed the thousands of children in its care.

Hearings Shock Turman

Speaker of the House James A. Turman, candidate for lieutenant governor and former educator, expressed concern about the House Textbook committee, which he appointed.

Turman was shocked when he heard that a witness in an Amarillo textbook hearing alleged that Rep. Ronald Roberts of the committee was a "communist."

"I am afraid the committee members have been too nice and open about letting anyone appear to talk about any sort of censorship," Turman said. He is worried about the committee getting too far astray of its goal of studying the textbook situation in Texas.

In an Independence Day address at Washington-on-the-Brazos, he advocated the teaching of Texas history in all grade levels, and declared, "I think it is a mistake—a sad mistake—for our educational system in Texas to relegate our great state's history into a sort of grammar school fairytale."

The speaker may be tempted—or forced—to touch on the subject again Wednesday when he is honored guest at the Public Schools' Week celebration in Jasper, Texas.

Space Age Seminar

Vice President Lyndon B. Johnson, head of the National Aeronautics and Space Administration, came to town to tell a congregation of highschool counselors how the move into space will affect American youth.

The Vice President's talk was the highlight of a two-day conference at the University of Texas which featured a NASA exhibit of space vehicles and a talk on "Space Satellites" by NASA representative Dr. Robert Krebs.

Vast Roadwork Underway

In keeping with its claim that Texas leads the nation in highway building, the State Highway Commission issued orders to proceed with \$18,000,000 worth of road building, planning and repairs throughout the state.

Biggest assignment was an okay to purchase right-of-way on three projects on Interstate Loop 635 in Dallas County at a cost of about \$6,410,000. The Commission also

authorized right-of-way on a 1.4-mile section of Interstate Highway 10 in Harris County for \$2,500,000. Original estimate was on ly \$600,000.

Other expensive items include: Purchase of \$1,900,000 worth of right-of-way on U.S. 90 in Bexar County; plans for development of U.S. 290 out of Houston at a starting cost of \$2,810,000; \$797,000 to repair freeze damage in the Abilene district; a \$680,000 right-of-way okay for a two-mile segment in San Antonio and \$477,800 for relocation of U.S. 59 around Wharton and El Campo.

Less costly projects are set for Fort Bend, Angelina, Brazoria, Gillespie, Hudspeh, Martin, El Paso and Nolan counties.

Sunday No Exception

Just because April 15 will fall on a Sunday this year, drivers won't be allowed to put off auto inspection until the following day. Col. Homer Garrison Jr., director of the State Department of Public Safety, says April 15 is the deadline Sunday or no.

Garrison said he won't ask inspection stations to stay open that Sunday, either. So, owners of the 2,000,000 cars in the state will just have to take care of this problem by the 14th of April, or risk arrest.

Governor Goes To Washington

Gov. Price Daniel went to Washington, D. C. for the weekend where he shared honors with Billy Graham as speaker for the annual President's Prayer Breakfast.

As a U.S. Senator, Daniel was president of the Christian Leadership group, sponsors of the annual breakfast for the President, his cabinet and members of Congress. He has remained active in the program in the nation's capital and in Austin.

Judge Zollie Steakley of the Texas Supreme Court hosted a similar event in the governor's mansion while he was gone.

Sales Tax Hearing Set

Sen. George Parkhouse of Dallas, chairman of the Texas Commission on State and Local Tax Policy, invited anyone interested in changing the sales tax structure to attend a public hearing on suggested changes in Dallas on March 30.

Parkhouse asked that anyone who wants to appear at the hearing advise the commission by sending a letter to Drawer C, Capitol Station, Austin, 11.

The commission was authorized to study proposed changes in the new sales tax during the recent special session of the legislature.

Members include Senators Louis Crump of San Saba and Jap S. Fuller of Port Arthur; Representatives Charles Ballman of Borger, Charles Sandahl Jr. of Austin and Charles Wilson of Trinity; Dr. John R. Stockton of the University of Texas' Bureau of Business Research; John McKee of Dallas and Hugo Loewenstein Sr. of Amarillo.

Army Calls For April Quota

Eligible men 22 years old and older will make up the April army draft quota of 244, says Col. Morris S. Schwartz, state selective service director.

Number of inductees is up from March quota of 228. Schwartz said local quotas already have been sent to the 137 local boards in the state.

Exceptions to the 22-year-old rule will include volunteers and official delinquents.

Highlights From New Deal High

Thirteen members of the New Deal High School chemistry class, along with the teacher and several parents, traveled to Odessa last Friday where they visited the General Tire and Rubber Co., and the El Paso Butadiene Plant.

Members of the class making the trip were: Betty Devours and Carolyn Louden, seniors; and juniors, Jane Isaacs, Glenda Norwood, Dona Slaton, Judy Ring, Clifford Rieken, Don Enger, Jimmy Justice, Philip Hogg, Virginia Davis, Frankie Worley and Jimmy Barrington.

Others making the trip were Mr. and Mrs. Clayton Enger, Mrs. Jack Loudon, Mrs. P. B. Justice, Mrs. L. Rieken, and the class instructor, Mrs. Mary Joyce Harding.

Junior Play Set

The Junior Class play, which had been scheduled for March 5, was reset for Monday night, March 12. The play is entitled "Finders Creepers."

Armed Services Reps

Representatives of the Armed Services will be at the New Deal school at 9:45 Thursday morning to speak to high school senior students.

Holiday Friday

No school will be conducted Friday as teachers will be attending the annual District Teachers Meeting in Lubbock. High School principal A. A. Chandler announced that school will be dismissed at 2:30 p.m. Thursday (today), and will be resumed at regular time Monday morning.

NBHS Honor Roll

Mr. Chandler released the names of the following students who averaged 90 or more on solid subjects to be named to the Fourth Six Weeks Honor Roll.

Seniors—Judy Akins, Betty Devours and Elizabeth Showalter.

Juniors—Jane Louden, Glenn Norwood and Dona Slaton.

Sophomores—Mack Covey, Wanda Stafford and Molly Vickers.

Freshmen—Sandra Fortenberry, David McDougal and Randy Peoples.

Grade School

Grade School principal Archie Ackler announced the Fourth Six Weeks Honor Roll in the first eight grades, composed of the following students:

Grade Two—Jimmalee Cooley, Kay Kurkin, Beverly Lorenz, Mary McNeely, Robert Parrish, Patti James, David Parker, Ste-

Photos by Winston Lucas FROM LEFT: Carl Douglas, Mr. and Mrs. Lewis Lecroy; Lisa, Mr. and Mrs. Ralph Wolf.

Firemen were called at 4:15 p.m. Sunday to fight a grass fire in Mrs. C. M. Barrick's pasture four miles west of Abernathy.

CARD OF THANKS

Please accept our most sincere thanks for your kindness following the death of our mother. We appreciated each expression of sympathy, the flowers, food, the services performed by the ministers, the pallbearers, the funeral home, and all who helped us in so many ways. May God bless each of you.

County Line Chit Chats

By MRS. A. H. KLAFFKA

Mr. and Mrs. Darrell Stephens honored Mr. and Mrs. Marvin Stephens with a surprise party on their 30th wedding anniversary Friday, March 2. Supper guests were Mr. and Mrs. Marvin Floyd and Phillis, Rev. and Mrs. E. L. Minor of Southland, Mr. and Mrs. Elton Blackmon, Mr. and Mrs. George Simpson, Mr. and Mrs. Bob Simpson of Odessa, Mr. and Mrs. Reggis Stephens and Lori of Anton.

Messrs. and Mmes. Marvin Stevens, Ralph Brady of Amarillo, Alton Henry of Lubbock, Bob Riely, Sam Rendelman of Lubbock, B. C. Hale of Farwell, Donald Mouser of Farwell, and Bob Simpson were guests of Mr. and Mrs. George Simpson Sunday.

G. W. Blackmon went to Austin Wednesday to attend the boys state basketball tournament. He returned home Sunday afternoon. Mrs. G. W. Blackmon spent Thursday night with her son and family, Mr. and Mrs. Donald Blackmon in Ropesville. Sunday Mrs. Blackmon and the

Donald Blackmons spent the day with Mr. and Mrs. Esten Blackmon in Andrews.

Miss Joanne Klafka went to Amarillo Saturday to attend the area FHA meeting.

W.M.U. Meeting

The W.M.U. met in the home of Mrs. Marvin Floyd Monday morning and in the home of Mrs. Marvin Stephens Tuesday morning.

Wednesday's meeting was at 7 p.m. at the church and the speaker was Buck Smith of the Home Missionary of Ohio. Thursday's meeting will be at 2:30 at the church and the speaker will be Darrell Davidson of the Home Missionary of Lubbock.

The final meeting will be Friday morning at 9:30 in the home of Mrs. Jack Connell.

MASONS MEET HERE TONIGHT

Abernathy Lodge No. 1142, A. F. & A. M., will hold a stated meeting tonight (Thursday) starting at 7:30. Cecil McCurdy, Worshipful Master, urges members to attend and extends an invitation to visiting Masons.

M. E. Prather is seriously ill, and is under treatment in Hi-Plains Hospital, Hale Center. Ellis Turner has returned home from a Lubbock hospital where he was under treatment.

We Hope You Attend the FFA and 4-H
Club Show March 13. Encourage These
Boys and Girls In This Really
Worthwhile Undertaking.

News From The Church Of Christ

Teachers Meeting

TEACHERS! Sunday will be the monthly teachers meeting, don't forget!

Stamps

You can help the Children's Home obtain several needed pieces of equipment by sending your trading stamps. A book from each of several hundred readers could purchase kitchen supplies and other household items. You may have odd books or parts of books which are not the brand you regularly save. Send them to the Children's Home and they will put them with others to buy the needed supplies.

Project 1200

Project 1200 is now in full swing at Abilene Christian College, and this is to ask you, if you will, to assist in making the project a success.

Students interested in attending one or both of the 1962 summer terms are asked to send their names, with any additional information, to Dr. Orval Filbeck, Director of the Summer Session, as soon as possible. THEY will you talk to each of the students about his attending the 1962 Summer School at Abilene Christian College. With your help Project 1200 will succeed.

High school young people of this congregation and their parents and sponsors are invited to High School Day at Abilene Christian College, Saturday, March 24.

The day's activities will include a performance by ACC's concert band, a performance by the capella chorus, a special chapel service, and a track meet.

Dr. John C. Stevens, assistant president of Abilene Christian College, will speak at the chapel service on the topic "Success on Purpose."

During the day prospective students will have an opportunity to meet with representatives of ACC's 19 departments to discuss plans for courses of study. There also will be a chance to learn about work, scholarship and concession opportunities with ACC officials.

For information about overnight accommodations write High School Day, Box 978, ACC Station, Abilene, Texas.

Many more activities have been planned for your entertainment. Also there will be those taking cars that will return the same day. If you desire to attend please

let the office know in plenty of time, call 298-2715.

Payne Family

The congregation surprised the Bob Payne family with a pounding following Wednesday night services. Refreshments were served.

Luncheon

Preacher, Elders, Members: All are invited to a program, "Demonstration of the Over-Head Projector in presenting both class and sermon materials" by S. A. Freeman of Lockney, Place: Chicken Inn, Plainview. Time: 12:00 noon, March 8.

Congratulations

Congratulations extended to Brother Glen Reagan. Also to his family, for without their sacrifices his work would be limited.

An outstanding article has appeared in several newspapers about this worthy man and his beliefs and ideals.

We are exceedingly grateful and humble to be associated with Glen.

There should be more like him!

Thought For The Day

"Be not simply good—be good for something."

WEED CONTROL OFFICE IN NEW LOCATION

The Hale County Weed Control District office in Plainview is operating in new quarters. The office has moved to the third floor of the Agriculture Building in rooms formerly occupied by the ASC.

A full-time secretary is now in the office, said Archie Martin, Weed Control District supervisor.

INCOME TAX FAX

DIVIDEND INCOME

Dividends received by taxpayers during 1961 must be reported on federal income tax returns. John J. Sloan, Administrative Officer, for Internal Revenue Service, Lubbock, Texas, said today.

He explained: "If you own stock in a corporation, the payments you receive out of the company's earnings and profits are called dividends and must be reported in your tax return."

"Usually, dividends are paid in cash, but if paid in merchandise or other property, they are taxable at their fair market value."

"You must report those dividends credited to your account as well as those which you actually receive."

March 3 To 10 Is 4-H Week In Texas And Nation

College Station—March 3-10 has been designated as 4-H Club Week in Texas. The same week will be observed across the nation as National 4-H Club Week.

In his official proclamation covering the weeklong observance, Governor Price Daniel said, "The development of citizens and leaders for America is a high purpose in 4-H Club work."

"The 4-H program stresses the development of head, heart, hands and health as well as teaching the latest practices in agriculture and home economics."

"Since the 4-H program was inaugurated by the United States Government in 1914, the movement has spread across our nation and established bridges of understanding to more than 50 foreign countries. 4-H Club members learn by conducting result demonstrations and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities."

"Voluntary adult leaders working with the club members provide a key to the success of 4-H. Parents and friends of 4-H give support and encouragement to

club members. The Agricultural Extension Service of the A&M College of Texas, through county extension agents, directs the 4-H program.

"Any boy or girl from ages nine to twenty-one can take part in 4-H Club work. The opportunities offered to 4-H members to grow in citizenship, leadership, and practical skills are especially valuable to them, to the State and Nation. 4-H Clubs are a proving ground for the training of future leaders."

"Therefore, I, as Governor of Texas, do hereby designate the week of March 3-10, 1962, as 4-H Club Week in Texas."

Special events and programs are being planned by both community and county 4-H organizations throughout Texas and the nation, as practical demonstrations of 4-H in action. Interested persons, especially youth, have a special invitation to attend a 4-H meeting during the week in order to learn more about the organization.

Approximately 8,000 school buses transported 423,000 students more than 493,000 miles per day—bumper to bumper the buses would create a traffic jam more than 51 miles long. Approximate annual cost of the transportation program to the State is \$16,224,000.

Dorothea Alexander, daughter of Mrs. Edgar Struve, began work last week at Plains National Bank, Lubbock.

Heritage Effort Wins GW Medal

Plainview (Special) — The Plains American Heritage Studies Program in which Abernathy public schools have taken part the last three years, has won a George Washington Honor Medal in the College Campus Category from the Freedom Foundation, Valley Forge, Penn.

Dr. A. Hope Owen, president of Wayland Baptist College, Plainview, which coordinates the American studies program, has been notified that award ceremonies will be arranged in the area in the near future. This is the third medal awarded to Wayland by the Foundation.

The medal this year was awarded for the heritage program, now in its third year, which emphasizes citizenship to some 13,000 public school students and teachers, some 650 county faculty and uncounted hundreds of parents in Plainview, Hale Center, Cotton Center, Abernathy, Petersburg, Otton, Hart, Dimmitt, Kress, Locknew and Tulla.

Abernathy residents who have been representing Abernathy public schools at meetings this year have been Frank R. Simpson and Tella Walker.

Next meeting of the group will be at 6:30 p.m. March 12 at Estacado Junior High School in Plainview. Each school is asked to bring the top five junior high school projects, senior high school posters and essays for judging, according to Dr. John G. Chapman, head of the Wayland history department and director of the program.

After the dinner session, each school's entries will be rated first, second and third by teachers from another school. Winners will be awarded at the annual Awards Banquet April 10 when approximately 300 persons are expected to attend the climax of the year's work.

"It is important that each school be represented at the March meeting," stresses Dr. Chapman. "Wayland encourages all schools to have entries in all three of these contests to promote the study of American history and to provide a challenge to the students to understand and preserve the rich heritage of this republic."

Wayland placed second in the nation in the campus category in 1956, winning a medal and \$200 in cash for the program of "Christian education stressing the intergraduation of foreign background students and their strong indoctrination in the American Way of Life." The award led to the citizenship awards for a senior man and woman who are recognized at an annual program and have their names placed on a plaque.

In 1960 an editorial, entitled "Privilege and Responsibility" written for the Trail Blazer, campus newspaper, by Charles Arrendell, Houston, was given a second place and an honor medal.

In 1961 Mr. and Mrs. J. M. Willson, Floyd, Ia., nominated by Wayland, received the Leadership award for their gifts of endowed lectureships to some 23 colleges, schools and Methodist assemblies. They are the first couple to receive the award.

Awards are given annually to colleges for special programs and to individuals who write essays, deliver patriotic speeches, write editorials, undertake spiritual values programs or in some way emphasize the American Way of Life. The non-profit, non-sectarian, non-political group has been organized for 13 years.

Awards are given annually to colleges for special programs and to individuals who write essays, deliver patriotic speeches, write editorials, undertake spiritual values programs or in some way emphasize the American Way of Life. The non-profit, non-sectarian, non-political group has been organized for 13 years.

NEWS from the High Plains Research Foundation

SOYBEAN VARIETY TESTS

Forty-eight strains and varieties of soybeans were evaluated in four tests at the High Plains Research Foundation at Halfway during 1961. Twenty-eight of these varieties were experimental, not yet released for production. The yields in the four tests varied from 17 to 39 bushels per acre. The average yields of the 48 were below the 1960 average, but were still above the national average of 25 bushels for 1961.

The results obtained in these tests emphasize the necessity of the soybean breeding program underway at the Foundation. Efforts to produce varieties suitable to the climate, latitude and elevation take on added importance.

The 48 soybeans were planted June 7 and were harvested November 29 and 21. There was a pre-plant irrigation of 4.8 inches applied on April 28 and additional irrigation of 3.5 inches each were applied to all plots August 8 and 31. Rainfall between June 1 and November 1 amounted to 10.32 inches. The first killing freeze was received November 2.

Hill 3 and Rebel led in early vigor. Most of the varieties and strains stood well through the growing season with very little lodging. Shattering was unusually low in most of the varieties. Eight experimental strains were selected from the Foundation's breeding program. Two of the experimental strains were considerably earlier in maturing than the Lee and Hill. Many varieties and strains in the test were supplied by the agricultural research service of the USDA, and the Texas Agricultural Experimental Station.

Dr. Earl H. Collister, chief agronomist, in releasing the complete report to supporters of the Foundation stated, "These tests were conducted as a part of the Foundation's continued efforts to determine the best adapted soybean varieties for the High Plains."

Mr. and Mrs. Jimmy Herring and son of Abernathy and Mr. and Mrs. Darrell Goodrich and daughter of Lubbock have returned from a vacation in Colorado.

The football team had fumbled all afternoon. When a substitute, warming up in front of the bench, dropped a ball, it was too much for a rabid fan.

"Send him in, coach!" he yelled from the stands. "He's ready."

Cathy Ross, about 5 years old, received emergency treatment at Abernathy Medical Clinic for minor injuries sustained early Monday afternoon when the car in which she was riding collided with a parked truck on FM 597 near Joe Thompson Implement Co. Her sister, Mrs. Lynn Cherry, driver of the car, was not injured. Joyce Renee, 4-month-old daughter of Mr. and Mrs. Cherry, also was a passenger in the car. Her only injury was a black eye. Cathy is a daughter of Mr. and Mrs. H. A. Ross.

OUR CONGRATULATIONS
To the youth of Abernathy as you hold your
THIRTEENTH ANNUAL FFA and 4-H Club Project Show
TUESDAY, MARCH 13

Abernathy 4-H and FFA Chapters have done a fine job in the training of our young farmer-stockmen, and the livestock on display here during the Project Show will attest to the ability of the youth of the community in the production of stock.
We will be pleased if your Project Show is a success in every respect.

Seeing a huge submarine, a little sardine began trembling. "Don't be afraid," said his mother. "It's only a can of people." Maybe the world situation isn't so threatening after all. Construction firms will give you five years to pay for fallout shelters.

LIONS CLUB NEWS

Paul Noland was in charge of the program at the Lions Club's noon luncheon at Graham's Restaurant Tuesday. Noland presented a Navy film concerning nuclear-powered submarines and the Polaris missiles. The film showed and explained the necessary training skills of various members of the crew, as well as the firing of the missile.

Lioness Of Week

Miss Kay Powell, daughter of Mr. and Mrs. B. V. Powell, and a senior student at AHS, was presented to the Club as Lioness of the Week. Kay is a member of the AHS Antelope Band, is historian of the Future Homemakers Chapter, and is a member of the Senior Girl Scouts. She was presented to the Club by Lion Sweetheart Edwina Anderson.

Visitors

Guests included Vernon McDougal, Lion Boss of the New Deal Lions Club, and Clayton Enger, also of the New Deal Club. Also present were A. L. Bradshaw and Delwin Jones, both of Lubbock. Jones is a candidate for State Representative from Lubbock County, Place 3.

Purchase Crutches

The Abernathy Lions Club recently purchased 10 new pairs of crutches and placed them in the city hall for use of area residents in need of them. Five pairs for adults and five pairs for children were purchased.

W. B. Abers recently donated a wheel chair to the Lions Club. The Lions have placed the wheel chair in the city hall, also. Persons needing either of these items may contact city manager Paul Noland at the city hall.

Route 66

It was reported last week that the Texas Lions Crippled Children's Camp site at Kerrville has been selected to aid in a Route 66 television production. It is expected that various children at the camp, as well as some of the personnel, may be seen in the production.

Thinking of redecorating all or a part of your home? If you are, a recent Texas Agricultural Extension Service publication, B-917, "Beautify Your Windows and Glass Walls" may be helpful. Copies are available from your local county home demonstration agent or the Agricultural Information Office, College Station.

When conductor Leonard Bernstein took the New York Philharmonic on tour, he returned to his hotel room to find this note under the door: "I think you should know that the fellow in your hand who plays the instrument that pulls in and out only bothered playing during the odd moments you were looking straight at him."

NEWS from the High Plains
Research Foundation

Installation of the new twenty-two laboratory gin at the High Plains Research Foundation was completed in February. Donors of the new gin were the Moss-Gordon Company of Lubbock, the Murray Company of Texas, and the John E. Mitchell Company of Dallas. Motors, shafts, reducer drive, belts, wiring, pipe and miscellaneous items were furnished by the Anderson & Birmingham Sheet Metal Works, American Electric, Lubbock Electric, and South Plains Electric, all of Lubbock, the Morton Gin Company, Whitharral Co-op Gin, Needmore Co-op Gin, Earl Hobbs Gin of New Deal, Halfway Co-op Gin, Hodges Electric and Earl Eeds of Plainview.

The new facilities will speed up completion and release of data concerning the Foundations fifteen cotton research projects. Letters, calls and visitors to the Foundation requesting cotton research results start right after harvest. Information is requested on results of tests including varieties, fertilizer, skip-row, irrigation methods, flame cultivation, defoliation, insecticides, equipment used, cultural practices, irrigation and planting on benches versus sloping land. They want to know the results with the costs and profits involved in each test.

Six hundred and thirteen cotton samples were ginned as soon as the gin was completed. These samples were sent to the classification office in Lubbock and the cotton testing laboratories at Texas Tech. The 1961 cotton research reports will be completed by the Foundation staff when the laboratory records are received.

Dr. Thomas C. Longnecker, Director of the Foundation in expressing appreciation of the gifts said, "The new laboratory gin will increase the efficiency of our cotton research."

It Can Still Happen!
'Easy Does It' In Freezing Weather

"Easy does it" is a simple but sound rule that is practiced daily by all expert drivers to get started, to keep moving, and to stop their vehicles on slippery streets and roads during late winter and early spring rains and the occasional freeze-ups that still may hit the state. This was emphasized by J. O. Musick of Austin, general manager of the Texas Safety Association.

"Applying this rule to starting from a stopped position, a good driver tries to avoid spinning his wheels," he said. "Tires which spin generate heat which causes unnecessary wear on tires and the vehicle and reduces safety."

Musick recommended that all drivers consider their moral responsibility in traffic accident prevention and "drive by the Golden Rule."

"At all times when driving, it is well to remember the Biblical admonition: 'You are your brother's keeper,' and 'Thou shalt not kill,'" he said.

Basic steps for driving in adverse weather, he said, include making certain the seat is adjusted correctly, allowing the foot to rest fully but easily on the accelerator pedal. Front wheels should be turned straight ahead to ease starting on slippery pavement. If wheels must be cranked to pull away, power should be applied gently, it was pointed out.

"Once the good driver has begun moving, he tries to avoid sudden changes in direction or pace," Musick added.

"Thinking ahead, and looking ahead, he tries to anticipate actions of other motorists—preparing to meet any emergency by reacting soon enough to prevent being caught in a squeeze," he stressed.

"On icy roads, following distances are made longer than usual by a thoughtful, expert driver," he declared. "Use of reinforced tire chains in these conditions can help prevent 'fishtailing' and side skids, but even with this most reliable help the good driver cuts his speed when he is traveling on wet, slippery or icy roads."

"Extreme caution under adverse conditions can mean the difference between safety and disaster, he concluded.

The difference between a statesman and a politician is that the first is working for the public, while the second has the public working for him.

WHY IS COTTON USED IN PILL BOTTLES?

COTTON KEEPS PILLS FROM GAINING MOISTURE, AND PROTECTS THEM FROM BREAKAGE.

INCOME TAX FAX

Sale of Personal Residence
If you sold a personal residence during 1961, then you'll want to hear what Internal Revenue Service has to say about its tax angles. John J. Sloan, Administrative Officer, IRS, Lubbock, Texas, is doing the talking.

The general rule, he explained, is that any profit from the sale of your home, or any other personally owned item of property such as an automobile, furniture, securities or real estate, is subject to tax.

On the other hand, the IRS representative said, federal tax law does not permit a deduction for the loss from the sale of a home or other personal asset which was not held for the purpose of producing income.

He added:
"There is a special rule which allows you to defer paying a tax

if you sell your personal residence at a gain and, within either one year before or one year after the sale, you buy and occupy another residence costing as much or more than the adjusted sales price of your old residence.

"The same rule applies, if instead of buying, you begin construction of a new home within one year before or within one year after the sale of the old residence and occupy it within 18 months after the sale.

"If the adjusted sales price of your old residence exceeds the cost of your residence, the gain on the sale is taxable to the extent of the excess. For example, if you paid \$10,000 for your old residence, sold it for \$15,000, and invested only \$13,000 in a new one, you would pay tax on a gain of \$2,000 (\$15,000 minus \$13,000).

"The adjusted sales price is computed by deducting any sales expenses or commissions and any

expense of redecorating and fixing up the property for sale. The work of redecorating and fixing-up must be done within the 90-day period before the house is sold, and must be paid for within 30 days after the date of the sale," he advised.

Taxpayers with questions on this tax subject, or any other, may telephone the IRS office.

The nation's 1962 turkey crop is likely to be large but less than 1961's record of 107 million birds. Extension Poultry Marketing Specialist Marshal Miller says consumers should for many months continue to find turkeys a best food buy. Storage supplies are large.

Texas leads all states in Vocational Agriculture enrollment, is second in Distributive Education, is second in Homemaking Education, and ranks third in Vocational Industrial Education.

The Need For Vocational Education In Agriculture

(Editor's Note: The following was extracted from a booklet entitled "The Need For Vocational Education In Agriculture." The booklet was composed of a summary of an illustrated presentation by Duane M. Nielsen, Specialist in Teacher Training and Research, Agricultural Education, Division of Vocational Education, Washington, D. C., and was printed by the National Future Farmer Magazine, 1961.)

Tremendous challenges to farming and vocational education in agriculture lie ahead. The problems which confront us are, in reality, opportunities in disguise. Where we are now in our program, or how we got here, are relatively unimportant compared to where we go from here. This illustration is admittedly a broad and incomplete identification of some of the areas which merit our most earnest consideration.

This is a decade when current, technical, agricultural knowledge, and the ability to apply it successfully, is imperative to the farmer. Economic efficiency and superior management are pre-

requisites to survival. A clear understanding of agricultural policies and programs and competent agricultural leadership are vitally important in this period of complex problems and adjustments. The understanding and abilities needed by today's farmers are being developed effectively through programs of vocational education in agriculture. Those who will and are now farming, or working on farms, deserve and need this vocational assistance.

Why is it important that the vacancies in farming be filled with vocational agriculture graduates? How does vocational education in agriculture make a difference in the performance of these young men? Carefully designed and controlled statistical investigations of this question have shown that high school graduates, who have completed three or more years of vocational agriculture, succeed in farming significantly better than comparable young men without such training, as shown in the few selected comparisons.

The investigations reveal, among other advantages, that 89 percent of those who were vocational ag-

Prepared by the National 4-H Service Committee

riculture graduates were above hired hand status, while 79 percent of those without such training were above such status. The vocational agriculture graduate, on the average, earns almost \$2,000 more per year on his farm than the farmer without vocational agriculture training.

As for performance in college, out of 93 major findings in vocational agriculture graduates, 53.8 percent were superior in college work; 36.6 percent were equal to others; and only 9.6 percent were inferior.

There is a continuing need for well designed, high quality, practical research in agricultural education. Such research is impera-

tive if the vocational agriculture program is to be structured so it may effectively meet current and future needs. To accomplish such structure, we must clearly identify the problems which confront the program. Primacy must be given to those problems which have direct relationship to present and future programming; those which concern objectives, and procedures for attaining those objectives through vocational agriculture.

Additional portions of the booklet, "The Need For Vocational Education In Agriculture," will be published in the Review at a later date.

Experts Back Versatile Youths

When 400,000 men and women volunteer their time and know-how to help 2.3 million 4-H Club members "learn, live and serve," the results are no less than spectacular.

For instance, the Head, Heart, Hands and Health youths finished nearly 4 million projects in more than 40 different categories just this past year.

In almost every instance, the completed project benefited the entire family and in many cases, the community as well.

The information comes from the Cooperative Extension Service which directs 4-H Club work.

Further proof of the far-reaching effect of 4-H was found in 1,900 record books maintained by state award winning club members. The records were reviewed in the headquarters of the National 4-H Service Committee last November, said Norman C. Mindrum, director, for the purpose of selecting boys and girls for scholarships and trip awards to the National 4-H Club Congress in Chicago.

Mr. and Mrs. Paul Hunt of San Angelo visited in the home of their daughter, Mrs. Curtis Lebow, and family here last weekend.

Mrs. Taylor Is Named New Hale County HD Agent

The appointment of Mrs. Robin Taylor as Hale County Home Demonstration Agent was announced recently by County Judge C. L. Abernathy.

Mrs. Taylor assumed her duties March 1. She has been serving as Swisher County HD agent since 1955. Beginning work as a home demonstration agent in Archer County, she remained there for three years before moving to Dimmitt as Castro County Agent. Mrs. Taylor taught school in Whit-barrel for one term before going to Tulsa.

The new Hale County demonstration agent received her BS degree in Home Economics and Education from Texas Tech and is now working toward her Masters degree.

Mrs. Taylor has done outstanding work in clothing construction

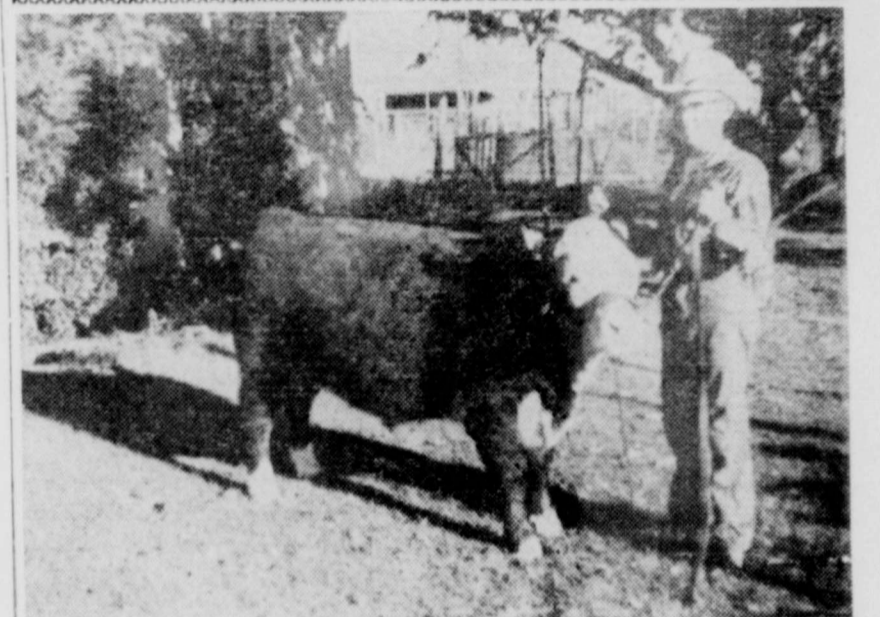

in every county in which she has served. She is at the present time a director of District II Home Demonstration Agents Association and is serving as vice president of the Home Demonstration Agents Association of Texas.

Her husband, Vern, who is engaged in building construction and her 13-year-old son will move to Plainview within a few days. They are members of the Church of Christ.

UNUSUAL EXPRESS SHIPMENT

An unusual shipment went by express from Lubbock to Fort Worth recently. A pair of peafowls, a peacock and a peahen were shipped to Ed Killingsworth by Billy Houston, his nephew. It took considerable crating to take care of the oversize peacock tails.

The Billy Houstons have raised peafowls for several years and when an uncle visited here some time back he was carried away with the birds and wanted a pair of them.

Hale Judge Is Named To Board

Hale County Judge C. L. Abernethy was recently appointed as a member of the board of directors of the Texas Social Welfare Association, Leonard A. Duce, San Antonio, notified the Hale of this.

Judge Abernethy's appointment followed the recent establishment of the Hale County Child Welfare Unit which Abernethy helped organize.

Roy Lee Cox of Hobbs, N. M., employed at Cunningham Station of the Southwestern Public Service, a former Abernathian was spending some of his days "off" last weekend visiting his brother, Waldo, and mother, Mrs. Nannie Cox of this city. Both Lee Roy and Waldo have accumulated a considerable number of years with Southwestern Public Service.

Frank Moore Indicted On Perjury Charge

Frank Moore of Plainview was indicted on a charge of perjury by a Hale County grand jury last week.

Moore, 43, farmer and active in state and national agriculture groups, was indicted in connection with a statement contained in a suit he filed here seeking an injunction against county officials and former officials.

Moore posted \$1,000 appearance bond with the sheriff's department. 64th District Judge James A. Joy set the bond upon receiving the indictment from the grand jury which ended a special session. Fifty-one persons appeared at

the sheriff's office Wednesday morning of last week and affixed their signatures on the \$1,000 appearance bond for Moore.

The indictment says that a statement in Moore's original petition in the suit styled Frank Moore vs Rayburn Karrh et al in regard to payment by Joe Webb and Raymond Akin, both of Plainview of a sum on a lease of Hale County school land in Bailey County "was wilfully and deliberately false."

The lease involves 6,198 acres of land.

The indictment against Moore reads as follows:

"In or about the 7th day of Nov. A.D. 1961, an anterior to the presentment of this indictment, in the County of Hale and State of Texas, did then and there appear before Wilma Mullins, a Notary Public, in and for Hale County, Texas, who was then and there authorized by law to administer oaths before said Notary Public, that said oath was duly administered to him by said Notary Public, and was required by law, and was necessary for the prosecution and defense of a private right and under the sanction of said oath did then and there wilfully and deliberately state in writing as follows: Plaintiff says: 'That on or before January 1, 1959, the lessees paid to said County only the sum of Eight Thousand, Three Hundred Ninety-six (\$8,396.00) Dollars, leaving a balance due of the sum of Two Thousand, Seven Hundred Sixty Dollars (\$2,760.40) and Forty Cents, in cash which should have been paid to said County on or before January 1, 1959, under the terms and provisions of said above mention lease contract, which said sum of Two Thousand Seven Hundred Sixty Dollars (\$2,760.40) and Forty Cents has been paid by lessees to said County'; which said statement was set out and contained in the original petition and filed by the defendant seeking an injunction against the County Commissioners of Hale County, Texas, wherein the District Court of the 64th Judicial District of Hale County, Texas, then and there had jurisdiction of such suit and that said verified Plaintiff's Petition containing the hereinabove described statement was on the 13th day of November, 1961, filed in the District Court of Hale County, Texas; which said statement was material to the Plaintiff's suit for injunction; whereas the truth and in fact said sum of Two Thousand Seven Hundred Sixty Dollars (\$2,760.40) and Forty Cents has been paid to Hale County, pursuant to and in accordance with an order of the Commissioner's Court, duly entered of record in the minutes of the Commissioner's Court of Hale County, Texas, in volume 10, page 28, wherein the Commissioner's Court authorized the payment of said sum in improvements therefore furnished by lessees, which said written statement so made by the said Frank Moore, as aforesaid, was wilfully and deliberately false, and the said Frank Moore knew the same to be false when he made it."

W. D. Scarborough, Jr., of Petersburg was foreman of the grand jury. Other grand jurors were Delbert Williams, Charles Schuler, Jr., Jack Payne, Don Mouser, Virgil Young, W. V. Cunningham, J. D. Corcoran, Dee W. Martin, Floyd Wilson, Fred Blumenstock and H. D. Hagood.

Moore's original petition in the suit brought in 64th District Court named Rayburn Karrh, Marvin Churchwell, Homer Roberson and Burnett Brown, commissioners; and Nowlin, former county judge

and J. W. Odell, former commissioner of Precinct 1, in seeking an injunction against unlawful payment of county funds. Nowlin and Odell were subsequently dismissed from the suit.

The section of Moore's petition mentioned transactions between the Commissioners Court and lessees of the Bailey County school land has been withdrawn from the petition.

Plainview JCs Name Deleted In County Case

Plainview Jaycees have successfully protested use of their name in connection with the involved litigation in 64th District Court relating to expenditures of Hale County public funds.

The name of Plainview Jaycees has been stricken from the record and Hale Center Jaycees substituted.

Ed Vadder, treasurer of the Plainview group, invited attention to the discrepancy, stating "it has not been the policy of the Plainview Jaycees to solicit donations from public funds. . . Plainview Jaycees was surprised and puzzled" when members read in a newspaper account that admission was made in progress of litigation in the suit filed by Frank Moore vs Rayburn Karrh et al that money had been donated to the Plainview organization. They looked up the record and submitted a statement to the Herald and to the litigants supporting their position.

Counsel for the defendants, Gene V. Owen, last week changed the instrument to read "Hale Center," instead of "Plainview" Jaycees.

Some of the other churches in our town are cooperating with us for this occasion.

The Training Union Enlargement Campaign on our calendar this month for March 18-25 will be assured because of the personnel involved to March 25-April 1.

When agreement of council for opposing litigants is reached about changes in petitions or answers it is not unusual for changes to be made, commented E. A. Sanders, district clerk.

News From The First Baptist Church

The Lubbock Baptist Association will hold their Worker's Conference March 12, at Trinity Baptist Church in Lubbock.

The Monday meeting begins at 9:45 and ends with a luncheon served by the host church. An executive board meeting is set for 1:30 p.m.

At this Conference the Abernathy First Baptist Church will receive its "20,000 Campaign" certificate for the establishing of the Latin American mission, this year.

Breakfast and Prayer The Brotherhood will meet for breakfast and prayer, Saturday, March 10 at 6:30 a.m.

Formal Frolics We have a bunch of ham actors in our church and they are working like beavers in preparing a good program for the Young People at the annual Formal Frolics to be held Friday, March 9 this year. The old church building is undergoing a face-lifting and when the decoration committee gets it dolled up, you will not know the place.

Training Union Month The Training Union Enlargement Campaign on our calendar this month for March 18-25 will be assured because of the personnel involved to March 25-April 1.

When agreement of council for opposing litigants is reached about changes in petitions or answers it is not unusual for changes to be made, commented E. A. Sanders, district clerk.

YOUR CHILD - TAXPAYER AND DEPENDENT

Even though your child earned \$600 or more last year, you as a parent, may be able to claim him as a dependent on that 1961 federal income tax return.

If you have supplied more than half of his support, you may claim an exemption for him regardless of the amount he earned, providing he hasn't reached his 19th birthday by January 1, 1962.

When the child is 19 or over, you still may claim an exemption for him if he was a full-time student during some part of each of five calendar months in 1961, and if you furnish his chief support. A full-time student is one who is enrolled for the number of hours which is considered to be full-time attendance.

Frequently, taxpayers can save time by telephoning Internal Revenue offices for answers to their tax problems.

Recent guests in the home of Mr. and Mrs. Paul Harral included Mrs. L. L. Stuart and Mrs. Arnold Strimel of Houston, Mr. and Mrs. C. C. Toman of Fort Worth and Mrs. John R. Toman and son, Stuart, of Amarillo.

THANK YOU

We want to take this means of acknowledging our appreciation to all of the wonderful friends and neighbors who were so kind and thoughtful after my surgery and Bob's accident. Your kindness and understanding has been a comfort to us.

To each of you that helped in any way we say thanks—especially do we thank those that gave blood or stood by prepared to give blood to either Bob or me—to those that sat with Bob, or helped in any way.

We say a special thanks to Mrs. E. Evans. May God bless each of you.

J. Morris and Cleo Thomas

Price, spice and everything nice!
Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized Body by Fisher that's fit for a full-size family inside, easy to park outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!)

Grain Program Plans Reviewed

The 1962 feed grain program was reviewed in a feature article in the March issue of the Grain Producers News. The article, written by C. H. Bates, is reproduced in part below.

Congress passed the agricultural Act of 1961 which included a continuation of the Feed Grain Program for 1962. Major objectives of the program include:

Further reduction of the feed grain carryover.

Some increase in the income of grain farmers.

Reduction in government costs for storage; insurance, etc.

Stable supplies of food products dependent on the availability of

feed grains, but not an over-supply.

Program provisions are similar to those for 1961, with barley now included. Comments here will be directed to corn and grain sorghum chiefly.

It affects directly corn, grain sorghum and barley so far as base production, payments and price supports go; also oats and rye for price supports.

Cooperators must divert at least 20 percent of their 1959-60 "base" acreage of corn and grain sorghum to soil conserving uses. They may divert up to 40 percent of even more on smaller farms. Compliance entitles growers to receive price supports and a payment on the diverted acreage.

Non-cooperators will not be eligible for price supports on the feed grains—corn, grain sorghum, barley, oats and rye produced in 1962. Also, the open market price of these grains will be affected by release of CCC stocks to offset the value of payments received by cooperating producers.

Idle and fallow land in the base years, 1959 and 1960 was not counted in the conservation use

base for the farm in 1960. It should be recalled that the operator must maintain his base (or normal) conservation use plus that diverted from feed grain. This year's program requires that idle and/or fallow in 1959 and 1960 be included, thereby increasing the normal conservation base.

The acreage diverted under the barley and the corn-grain sorghum programs must be in addition to that diverted under the wheat stabilization program. However, the feed grains and wheat programs are independent in their other features.

Growers who participate in the barley portion of the program must stay within their base on corn and grain sorghum to receive price supports. This applies to all their farms.

If a grower complies with either the corn-grain sorghum or the barley program he can get price supports on oats and rye. Or, if he only produces oats and/or rye (but no sorghum or corn) he can get price support on his grain.

The national average support levels are:

Corn \$1.20 bu.

Grain sorghum 1.93 cwt.

Barley .93 bu.

Oats .62 bu.

Production Credit Meet Is Slated

In a recent board meeting the Annual Stockholders Meeting of the Plainview Production Credit Association was set for Saturday, March 31, at the Plainview High School cafeteria and auditorium, beginning with a barbecue lunch at 11:00 a.m., entertainment by the Stamps Quartet at 1:00 p.m., followed by the regular association business including the annual report of the board of directors, the secretary-treasurer's report and the election of one director.

The term of Leroy Durham expires this year. The nominating committee elected by the stockholders last year met Monday, February 19, and nominated Leroy Durham for re-election and John Norfleet, who lives 10 miles west of Edmonson, for this position on the board.

The present board is Leroy Durham, president; Henry Hayes, vice president; Grady Shepard, D. S. Anderson and Don Garrison.

Olan Alexander is secretary-treasurer and general manager; Fred Conner is assistant secretary-treasurer and assistant general manager.

Mr. and Mrs. Joe Bryarly and family of Kimball, Nebraska, visited here last week in the home of her parents, Mr. and Mrs. H. G. Williams.

The parking area at Sam Terrell's store at County Line has been paved.

Jack Brown, Taco employee, underwent major surgery Thursday at West Texas Hospital, Lubbock.

Weed Control District Renews Highway Spraying Contract

The Hale County Noxious Weed Control District recently renewed a contract with the Texas Highway Department for the treatment of bindweed on highway rights-of-way in Hale County. The highway department is to furnish soil sterilant chemicals with the Weed District making the applications.

Bindweed infestation often becomes established from seed on roadsides and within a short period of time can spread to adjoining fields. Once this noxious perennial vine has encroached into a field's edge it is spread into the field rapidly by cultivation, harvest, and irrigation practices. For this reason it is of utmost importance that the bindweed on roadside ditches be eradicated. The weed control district will also be treating bindweed on the railroads and county roads upon the farmer's request.

The Hale County farmers and landowners who have bindweed on highways, railroads, or county roads adjacent to their land should report them to the Hale County Noxious Weed Control District's office which is presently being moved to the Agricultural Building in Plainview. The weed district office will occupy the space recently vacated by the County ASC. It is also requested that areas on the roads which have been treated in the past for bind-

weed be closely observed for regrowth and if it occurs that it be reported to the weed district office.

The date for the fifth Hale County Weed Control Conference was set for April 11 at a recent meeting of the weed district's board of directors. Arrangements have been made for the appearance on the program of two of the nation's leading herbicide and weed control research scientists—Dr. B. E. Day, plant physiologist from the University of California at Riverside, and Dr. A. F. Wiese from Southwestern Great Plains Field Station at Bushland, Texas. Complete details of the program will be published at a later date.

SCD Agreement Revision Noted

Secretary of Agriculture Orville L. Freeman has announced the updating and broadening of the agreement which provides the official basis for cooperation between the USDA and local soil conservation districts.

According to the announcement, the USDA is now ready to enter into this revised agreement which will offer help to districts "in conserving and improving soil, water, vegetation, wildlife and related sources, and in reducing damage by flood and sedimentation."

The new memorandum will be used with all newly formed districts. Agreements with existing districts will be re-negotiated using the new document as rapidly as they wish to do so, the Secretary said.

Updating USDA's assistance to districts comes on the 25th anniversary of the district movement. In Texas, 182 soil conservation districts, including 98 percent of the state's privately owned agricultural and forestry land, have entered into agreements with USDA for help in conserving soil and water resources, says Lynn Pittard, extension soil and water conservation specialist.

BROTHER KILLED

Ocie Swann, 70, of Gustine was killed Friday night in a truck wreck near Decatur. He was a brother of Mrs. H. O. Pettit of Abernathy. Mrs. Pettit and several members of her family here attended funeral rites for Mr. Swann in Gustine Monday.

Contract Is Let For Alterations On Court House

The Hale County Commissioners Court last week awarded a contract for alterations and improvements to the court house in Plainview.

B. G. Perry, Plainview contractor, submitted the low bid of \$7,197 for alterations and an additional bid on redecorations that brought the total contract to \$9,264.

Plans call for rebuilding the north steps of the court house, installation of new doors at the east, south and west entrances of the first floor and construction of a vestibule at the north entrance.

County Judge C. L. Abernethy explained that the north steps had deteriorated and required reconstruction. He said the vestibule will be a convenience to people entering the most used door of the court house and will help in maintaining the proper temperature on the first floor.

Work is to begin in about four weeks, or as soon as materials are available. The work is to be finished in 20 work days.

Present for the session were Judge Abernethy, Commissioners Marvin Churchwell, Homer Roberson, Rayburn Karrh and Doc Brown and County Clerk Mildred Tucker.

WHERE'S ELMER?

... where he "summoned" his friends to join him for a pleasant bowling session.

County Line Chit Chats

By MRS. A. H. KLAFFKA

Edd Nelson had as his guests over the weekend his daughter and family, Mr. and Mrs. Leo White and Marsha of Plains. Mr. White and Marsha enjoyed riding horses while at the farm. Miss Marsha White signed up for Tech while in Lubbock Saturday. She will graduate from Plains high school in June.

Mr. and Mrs. G. W. Nelson spent the weekend in Quanah with Mrs. Nelson's mother, Mrs. Hugh Porter.

Edd Nelson entertained with a birthday supper in his home Monday night in honor of Mrs. Robert Mann, who celebrated her birthday. Guests included Sgt. and Mrs. E. R. Mann and children, Teresa and Edwin Ray of Reese Village and Mr. and Mrs. Wayland Nelson of Shallowater. Teresa rode her Shetland pony while visiting the farm.

Jerry Pair of Cotton Center was a visitor in the Edd Nelson home Monday.

Edd Nelson spent a few days in Floydada visiting with Walter Baxter.

Mr. and Mrs. Darrell Bostwick and children of Anton have bought a farm and moved to Portales, N. M. Mrs. Bostwick was bookkeeper

at the County Line Gin the past two years.

Mrs. J. C. Roberts was called to Waco to be with her mother who was ill with pneumonia in the Waco Hospital. She returned Sunday after spending a week with her mother. Her sister, Mrs. Toty Goode of Lubbock and daughter, Linda accompanied Mrs. Roberts on the trip.

Red Sanders has opened a wash and grease shop in County Line.

The County Line Grocery Store and Cafe has closed. The owners have moved to East Texas.

Mrs. Verlon Barron of County Line has been a patient in Methodist Hospital. She is the daughter of Mr. and Mrs. L. A. Jones of County Line.

PACKING A SUITCASE IS DEMONSTRATED AT CALDWELL HD CLUB

"What I Have Learned About Trips" was the subject of a roundtable discussion at a meeting of the Caldwell Home Demonstration Club last Thursday afternoon at the New Deal clubhouse.

Mrs. W. E. Jones was hostess.

Also participating on the program was Mrs. C. S. Wales who demonstrated techniques of packing a suitcase.

The next regular meeting will be at 2 p.m. April 5 at the clubhouse. Mrs. F. H. Henry will be hostess and the program will be presented by the 4-H Club.

CAMPUS BEAUTY QUEEN AT WAYLAND — Miss Jan Exum, center, daughter of Mr. and Mrs. Fred Exum, Route 1, Shallowater, and 1961 graduate of Abernathy High School, was chosen 1962 Campus Beauty Queen at Wayland Baptist College, Plainview, in the recent annual Beauty Pageant. Taking second place honors was Miss Dee Anna Robison, right, Senior Class nominee from Grand Junction, Colo. Miss Sylvia Haile, left, Speech Club nominee from Artesia, N. M., was third place winner. Nominee of the Circle K Club, Miss Exum is freshman class secretary.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Interest of foreign scientists in the High Plains Research Foundation is in evidence from the contributions they have made of seeds of a number of different crops. The plant introduction nursery of grasses and legumes is one of the recent projects aided by foreign interest.

Forty-two of the fifty-six grasses were received from the Central Rainsland Research Station in Anglo-Egyptian Sudan. Several grasses native to the West Texas area were included in the first observation planting. Each strain or variety will be observed for a period of two or three years. Some of the Sudan introductions look very promising. Further tests will determine if they can withstand the winter climate.

Sixty-four of the annual and perennial legumes were also received from the Sudan station. Several different strains of creeping alfalfa were included in the nursery planting. All of these legumes will be observed and evaluated over a period of years to determine their adaptation to the High Plains area. A few strains may offer promise as dryland legumes, thereby meeting an often stated desire by dryland farmers.

New strains of grasses and le-

gumes will be added to the nursery on a continuous basis as they are received from foreign countries and other areas of the United States. Dr. Earl H. Collister, Chief Agronomist of the Foundation said in releasing his report.

SOCIAL SECURITY INFORMATION

People who are nearing or past 62 years of age can save time and speed up the payment of their first social security checks if they get in touch with the social security office early.

John G. Hutton, District manager of the Lubbock Social Security Office, said that an application for retirement payments can be filed as much as three months before the person actually retires. He also noted that people who plan to go on working past retirement age should get in touch with the office to find out whether a recent change in the law will permit them to collect some payments in addition to their earnings.

To insure prompt payment of the first check, persons who call at the office should bring their social security cards, proof of age or date of birth, and evidence of 1961 earnings—withholding statement (Form W-2) for employees or copies of Federal income tax returns and proof of payment of taxes for self-employed.

Mr. Hutton explained that even if all of these papers are not

available, no one should delay filing an application for benefits. The social security office located at 1616 19th Street, Lubbock, will suggest other proofs that may be used.

A representative of the Lubbock Social Security Office will be in Plainview on each Tuesday in the County Courthouse at 10:00 a.m. and will be glad to assist in all matters pertaining to social security.

INCOME TAX FAX

WHO MUST FILE

All citizens or residents of the U. S. A., including minors who had gross income of \$600 or more in 1961, must file a federal income tax return on or before April 15, 1962, John J. Sloan, Administrative Officer, Internal Revenue Service, Lubbock, Texas, said today. If you are 65 or over on the last day of your tax year, you are not required to file a return unless you had gross income of \$1,200 or more during the year.

Free Document 5107, available at IRS, tells all the vital facts about federal income tax filing requirements.

The Review wants your news.
