NUMBER 29

National Highway Week Is Being Observed May 20-26

National Highway Week is being observed this week, May 20-26 and Abernathy has good reason to celebrate the event. A considerable amount of highway construction and improvement is centered in this area.

A two-mile freeway through Abernathy, with convenient service streets and interchanges for local traffic, has been completed at a cost of \$734,522.00.

The local freeway and a similar one in Hale Center were dedicated Tuesday morning in a joint ceremony held in Hale Center. Mayor W. V. Cunningham headed the official delegation from Abernathy attending the ribbon-cutting event in the neighboring city.

Abernathy Lions Club, which usually meets at noon on Tuesdays, attended the highway event in Hale Center instead of holding the regular session here this week. D. C. Greer, Texas Highway Engineer, was principal speaker at the dedication. Officials of the U. S. 87 Highway Association also attended the ceremony. A luncheon was served in Hale Center following the highway dedication.

4-Lane Divided
Currently under construction are two additional lanes on U. S. 87 Highway from Abernathy to Hale Center. The 14.2 miles project will, when completed, provide a four-lane divided highway connecting the freeways in Abernathy and Hale Center. Cost of the two-lane construction will be \$870,000.00.

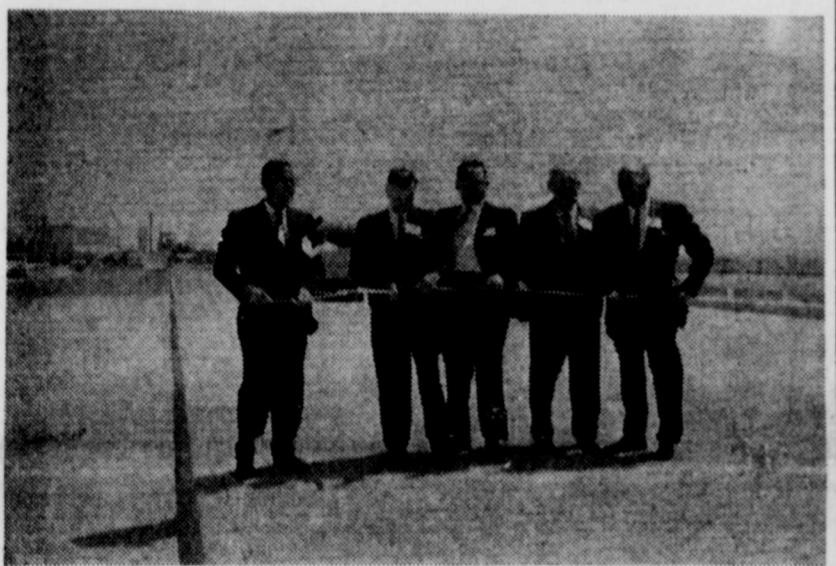

New FM 2060
Nearing completion is the new FM 2060 highway that is to be paved from Abernathy east five

miles to the southeast corner of the airport section. Drainage structures and base construction have been completed and topping work is expected to start this month. The new FM 2060 will serve farm families in that area, and will carry a heavy traffic load to the municipal airport, Abernathy Recreation Center and the go-kart race track on the airport section.

FM 54 Improved
Also in highway improvement in the area is the widening and re-topping of FM 54 from US 87 east to FM 400. Yet to be solved is the hazard problem at the intersection of US 87 and FM 54 three miles north of Abernathy, where numerous traffic accidents, some with fatalities, have happened over the years.

Plans in Mill
In the mill are plans for making U. S. 87 a four-lane divided highway from Abernathy's freeway south to the overpass south of New Deal, Lubbock County and State Highway representatives are working on plans to secure right-of-way for the project.

New Farm Road
The Highway Department has announced plans for paving a new farm road in Hale County. The new paving will start at U. S. Highway 87, at the point about ten miles north of Abernathy, and extend east 6.3 miles to connect with FM 400. Another new farm road is being paved in Hale County starts at Cotton Center and extends west to join FM 54 near the Lamb County line.

RIBBON-CUTTING EVENT—Pictured above, cutting the ribbon officially dedicating the four-lane freeways through Hale Center and Abernathy, is D. C. Greer, second from left, State Highway Commissioner from Austin. Others, from left, are P. L. Pollard, Hale Center Mayor; Marshal Formby, Plainview; W. V. Cunningham, Mayor of the City of Abernathy; and Oscar L. Crain, Lubbock, District 5 engineer for the State Highway Department. The ceremony was held at the south overpass in Hale Center at 11 a. m., Tuesday. (Review Photo and Engraving)

Commencement Exercises Set Here

Local Attorney To Be Commencement Speaker Here

RAY SANDERSON
... Commencement Speaker

Ray Sanderson, City Attorney for the City of Abernathy, will be the speaker at the 1962 AHS commencement exercises Friday night, May 25. The commencement exercises for the Abernathy graduating seniors will be held in the school auditorium at 8 o'clock.

Mr. Sanderson was born March 11, 1931, at Tulla, Texas. He attended the Tulla schools and was a member of the Tulla High School graduating class of 1948. He joined the U. S. Air Force in October, 1950, and served as an Airborne Radio Operator until September, 1954, when he returned to "civilian status."

Sanderson attended the University of Texas School of Law, and graduated January 30, 1960, with an LL. B. degree. He served as assistant district attorney of the 72nd Judicial District of Texas in Lubbock from May 1960 until May 1961, when he and his family moved to Abernathy. Since that time he has served in general practice of law at 917 Avenue D in Abernathy, and has served as city attorney since late 1961. He is a member of the Texas Bar Association, and the 74th Judicial District Bar Association.

The Abernathy attorney is married to the former Nancy Allison of Pikeville, Tennessee. They have two sons, David, 5, and Gary, one year old. They attend the local Church of Christ.

Mr. and Mrs. Lee Roy Smith were in Fort Worth to be with his brother, John Frank Smith, who is seriously ill at St. Joseph's Hospital there.

Commencement exercises for the 1962 Abernathy High School graduating seniors are slated for 8 p. m. Friday (tomorrow) in the school auditorium.

Honor graduates for the class of 1962 are Miss Betty Ann Sterrett, valedictorian, and Miss Sue Suttle, salutatorian. Miss Sterrett's four-year grade average is 96.0, and Miss Suttle has a 95.22 four-year average.

Miss Sterrett is a daughter of Mr. and Mrs. Phil Sterrett of Amarillo, and Miss Suttle is a daughter of Mrs. L. A. Suttle. Of the 53 students who are to receive their high school diplomas in the graduation exercises, seven have high school scholastic averages of 90 or more.

Other seniors who have maintained an average of 90 or more throughout their four years in high school are: Ruthie Beaton, daughter of Mr. and Mrs. Delbert Beaton, 95.24; Dianna Stevenson, daughter of high school principal and Mrs. Ralph Stevenson, 93.53; Gloria Robles, daughter of Mr. and Mrs. Carlos Robles, 90.62; Janice Adkisson, daughter of Mr. and Mrs. Joe Dolph Adkisson, 90.47; and Jimmy Irish, son of Mr. and Mrs. J. L. Irish, 90.11.

Program

Following is the commencement scheduled for Friday night.

Processional, Mrs. Herbert Hardin; Invocation (to be announced); Salutatory, Sue Suttle; Vocal Solo, "Graduation Day," Ann Robertson; Valedictory, Elizabeth Ann Sterrett; Presentation of Awards, Mr. Ralph Stevenson, Abernathy High School Principal; Address, Mr. Ray Sanderson, Abernathy Attorney-at-Law; Talk by Dirk Engel, Exchange Student from West Germany; Presentation of Class of 1962, Mr. Noel Johnson, Superintendent of Schools; Presentation of Diplomas, Mr. Loren J. West, President of the Board of Education; Benediction (to be announced); School Song, Every-one; and Recessional, Mrs. Hardin.

Senior class officers for this past year were: Billy Jack Hacker, president; William Smith, vice.

(Continued on Page 6)

Manager Injured In Fall At Gin Plant

A. L. Marcy fell a few feet from a ladder Friday morning and sustained serious head injuries and facial cuts. The accident happened at Farmers Tuco Gin three miles north of Abernathy. Marcy is manager of the gin, which is owned by several farmers. At the time of the accident, Marcy was assisting several workmen who are preparing the plant for installation of new gin machinery.

Marcy was taken to West Texas Hospital, Lubbock, by Chambers ambulance.

GRAVESIDE SERVICES HELD MONDAY FOR MARTINEZ INFANT

Graveside services for Hilla Martinez, one-day-old daughter of Mr. and Mrs. Gilbert Martinez, of Abernathy, were held at 2 p. m. Monday at Abernathy Cemetery. Officiating was Robert Payne, minister of the Spanish speaking Church of Christ here. Chambers Funeral Home was in charge of arrangements.

Plans Laid Here To Build City Baseball Park, Start League

About 25 men interested in getting the summer baseball program off to a good start, and also interested in organizing a City League and acquire a lighted park for Abernathy, met in the speech room in the high school building Monday night.

Present plans are to buy enough land for a park from Earl Davis, directly north of City Gin property south of town. It was stated that some organizations and companies have offered to furnish some of the needed equipment. Donations would be required to finance the remainder of the equipment and land.

Meeting Set
W. D. Sanders, president of the local baseball group, stated that another meeting, for the purpose of hearing reports of committees and further planning, will be held Tuesday night, June 5, at Graham's Restaurant. Meeting time was set for 8 o'clock.

Tri-County League
The Tri-County League for Small Towns Baseball players will begin Tuesday, May 29, and will end July 13. Games will be played on Tuesdays and Fridays, except for the July 4th weekend.

The League is set up on a round robin basis—each team will play 12 games, with two teams entered from each of the following towns: Abernathy, Hale Center, Cotton Center, Ralls, Petersburg, Lorenzo and Idalou. The League Tournament will be played the week of July 16-21 at Hale Center.

POST OFFICE AND BANK TO CLOSE MAY 30
Abernathy post office and First State Bank will be closed Wednesday of next week, May 30, Memorial Day. There will be no rural mail delivery that day.

EXCHANGE STUDENT TO GRADUATE—Dirk Engel, pictured above in his graduation cap and gown, will be the first Foreign Exchange Student to receive a diploma from Abernathy High School. The intelligent young man from Schweinfurt, West Germany, will participate in graduation exercises here Friday night with other members of the AHS senior class of 1962. (Review Photo-Eng.)

Eighth Grade Exercises At 8:00 Tonight In Auditorium

Graduation exercises for the Abernathy Junior High eighth grade class of 1962 will be held tonight (Thursday) at 8 o'clock in the school auditorium. Diplomats will be presented to 67 members of the class.

Mike Skipper and Larry Crowder have been announced as the honor graduates of the Abernathy eighth grade graduating class of 1962, according to Junior High School principal, Gid E. Adkisson, Jr.

Mike, 13-year-old son of Mr. and Mrs. Billy F. Skipper, has a two-year average of 96.19, and Larry, 14, son of Mr. and Mrs. H. O. Crowder of County Line has a 94.0 average.

Third ranking member of the eighth grade class is Mike Tannehill, 14-year-old son of Mr. and Mrs. Frank Tannehill. Mike has a two-year average of 92.56.

JoAnn Lovelace, 14, daughter of Mr. and Mrs. Joe Lovelace, is

fourth high individual in the class and is high ranking girl. Her two-year average is 91.33.

Program

Principal Gid E. Adkisson, Jr., announced the following program for the graduation exercises:

Processional, Mrs. H. E. Williams; Invocation, Mr. Robert Rawls; Salutatory, Larry Crowder; Reading, Mike Tannehill; "Scarfe Dance"—Flute Quartet (Everett Maxwell, director), Barbara Patterson, Jan Wilson, Beverly Spruell and Cindy Wilson; Valedictory, Mike Skipper; "Little Song," "Everett"—Clarinet Quartet (Everett Maxwell, director), JoAnn Lovelace, Cindy Hurt, Margaret Toier and Treva Totty; Presentation of the Class, Junior High Principal Gid E. Adkisson, Jr.; Presentation of Diplomas, Mr. Noel Johnson, Superintendent of Schools; Song class; Benediction, Mr. Denny Park; and Recessional, Mrs. H. E. Williams.

Escorts will be Toby Taylor and Jane Thompson.

Ushers will be Diana Moore.

(Continued on Page 7)

Firms Extend Congratulations To The Graduates

Note to the Graduates:
Joining your parents, other relatives and friends in being proud of you and your accomplishments are many of the business firms and individuals of Abernathy. They are using their advertising space in this issue, as well as last week's of the Abernathy Weekly Review to convey their congratulations and best wishes to you as you experience this important event.

Turn through the Review and read the many sincere messages to the graduates.

New Deal Student Has 10-Year Perfect Attendance Record

GLYNN PRICE

Glynn Price, who graduated from New Deal High School in exercises there last Thursday night, was presented an award for having had a perfect attendance record for the past 10 years in school.

High School Principal A. A. Chandler stated that it is an honorable achievement to have a perfect attendance record for one school year, but Glynn's 10-year attendance record is outstanding.

Glynn, and his twin brother, Lynn, started to school at New Deal in the first grade, and the next year they moved with their family, Mr. and Mrs. Luther Price, to Idalou, where they attended school until mid-term in the third grade, at which time they returned to the New Deal Schools.

The Prices reside on a farm three miles east of New Deal. Glynn had an outstanding record in school activities as well as in attendance. He served as president of the senior class this past school year; was a co-captain on both the football and basketball teams; placed in three events in the district track meet (broad jump and low and high hurdles); and served as treasurer of the New Deal FFA Chapter. The 17-year-old youth was voted All-Around Athlete at New Deal High School this year by the faculty members.

Highlights From New Deal High

By DAVID McDOUGAL

New Deal High School held commencement exercises Thursday night, May 17, for the graduating seniors. High school diplomas were given to eighteen students. Speaker for the occasion was Mr. A. B. Watkins, assistant manager at Dunlap's in Lubbock.

The New Deal High School faculty elected students outstanding in certain subjects. Faculty awards were given to the following: Boy Citizenship, Donald Brown; Girl Citizenship, Glenda Norwood; History, Betty Deavours; Commercial, Earlene Worthan; Boys Athletics, Glynn Price; Girls Athletics, Shirley French; Science, Jane Louder; Vocational Agriculture, Ronnie Haggard; Math, Wanda Stafford; English, Mack Covey; Home Economics, LaVerne Bell; Band (Music), Jerry Barrington.

Cheerleaders Elected

Cheerleaders for the 1962-63 school year were elected in a special meeting May 14. Head cheerleader elect is Virginia Davis. Other cheerleaders are Donna Slaton, Judy Ring, Sharon Weems, and Vickie Esty.

Jr. High Exercises

The New Deal Junior High School held its commencement exercises Friday night, May 18. The valedictory address was given by Karyn Peoples and the salutatory address was given by Vickie Esty.

Class Roll

Graduating from the eighth grade were:

Boyd Adams, Rickey Barrington, Linda May Bell, Larry Bigham, Ann Broadus, Don Bush, Tommy Cassidy, Sidney Deavours, Jamie Eason, Vickie Esty, Martha Caribray, Dennis Haggard, Mike Head, Jan Hogan, Bernice Leatherwood, Beverly Mathis, Billy Mitchell, Ray McCarty, Kay McCarty, (Continued on Page 6)

Local Ag Dept. To Be Viewed On TV Friday

Gene Linn, farm director for KCBSD TV, Channel 11, Lubbock, was in Abernathy about two weeks ago to film a program for presentation on TV, announced Jerry Adams, Abernathy vocational agriculture instructor and FFA advisor.

The TV presentation, which will be shown at 7:30 p. m. Friday, May 25 (tomorrow), will feature the local vocational agriculture facilities, and some of the FFA projects of local students.

Everyone in the Abernathy area is invited to tune-in to Channel 11 Friday morning from 7:05 to 7:25 and see what the vocational agriculture department of the local school is doing, and see the equipment and facilities local students have available with which to do their work.

It has been pointed out that the vocational ag department of the Abernathy Schools is one of the best in the West Texas area.

Irrigation Motors Stripped On Farms

It was reported to Hale County Deputy Dan Blanchard here Tuesday that two irrigation motors on the Eddie Guerrant farm, and one motor on the Virgil Rhodes farm had been "stripped," apparently Monday night.

Guerrant, who farms two miles north and one and one-half miles east of Abernathy, reported the loss of two generators, two starters, two oil bath air cleaners and two natural gas regulators.

The loss at the Rhodes' farm, one and one-half miles north and one mile east of town, included a battery, a starter and a generator.

Officers are working on the case.

MONROE ABERNATHY DIES IN LUBBOCK

Monroe G. Abernathy, 93, died Monday at his home in Lubbock. He was instrumental in securing the Santa Fe Railroad extension from Plainview to Lubbock in the early 1900's, and the towns of Abernathy and Monroe were named for him. Monroe later became New Deal after the school district there changed its name.

Funeral rites for Mr. Abernathy were held Tuesday at the First Christian Church in Lubbock. Burial was in the City of Lubbock Cemetery.

Hot Dog Supper For ARC Members Set Saturday

Members of Abernathy Recreation Center . . . mom, dad and the children . . . are urged to attend a hot dog supper at Abernathy Recreation Center Saturday night, starting about 7 o'clock. Sign up at ARC, or call DA 8-2211, before Saturday night if you plan to attend the supper.

This is the first of several special events planned for ARC members during the summer.

Mrs. M. F. Priddy underwent surgery Thursday in Lubbock Osteopathic Clinic.

Memorial Day Service Will Be At Cemetery

Memorial Day services are to be held at the Servicemen's burial plot in Abernathy Cemetery at 9 a. m. Wednesday, May 30. This announcement was made by Dan F. Ward, Commander of Barton-Hood Post No. 500, American Legion, who has charge of arrangements for the Memorial Day service.

Principal speaker for the service, honoring our men who gave their lives in Wars, had not been announced at press time.

Commander Ward urges everyone who possibly can to attend the Memorial Day service.

Graveside Rites For Rogers Baby

Graveside services for William Mathis Rogers, six-months-old son of Mr. and Mrs. A. Wayne Rogers, 4722 42nd St., Lubbock, were held at 4 p. m. Monday at Resthaven Memorial Park, Lubbock, with the Rev. James H. Robertson, pastor of the First Nazarene Church, Abernathy, officiating.

The Rogers infant was dead on arrival at Methodist Hospital, Lubbock, at 7:30 a. m. Sunday.

Survivors, other than the parents, include a sister, Glenna, of the home, paternal grandparents, Mr. and Mrs. Norris Rogers, Rt. 2, Abernathy; maternal grandparents, Mr. and Mrs. W. M. Rector, Grand Prairie; and maternal great grandparents, Mr. and Mrs. E. W. Rector, Dallas, and Mrs. A. W. Hayes, Bardwell.

ARC Swimming Pool Opening Set Saturday

Abernathy Recreation Center swimming pool is to open for the season Saturday, May 26. Members whose dues are not paid up to date are urged to see the ARC treasurer, Lon Carmickle, at Lon Cleaners before Saturday.

Non-members may swim by paying the pool charge posted in the concession room at ARC.

Raymond Owens was in West Texas Hospital, Lubbock, early this week.

W. C. Clement Writes Song; Record To Hit Turn-Tables

"I Knew The Hour" is the name of a song which was recently released on a Ronnie Record, published by Winslow Music Company of New York, and distributed by Paragon Production, Inc. Words and melody for the song were written and furnished by W. C. Clement, Abernathy barber.

Began Two Years Ago
W. C. wrote the words to the song about two years ago, then later "re-worked it a little." He stated that he could "hear" in his mind how the words and melody should sound, so he sang the song to his daughter, Connye, a freshman student at Wayland Baptist College, Plainview.

Connye then recorded the song on tape, and they worked on the melody from there. The Clements then went to Lubbock where the words and melody were put on record, with Connye again doing the singing.

The record was sent to Crown Music Company, New York City, about three months ago where the music was composed and the completed song, with music, was then recorded. A fine job of singing on the record is done by Ben Tate. Two hundred and fifty records were cut and distributed throughout the country. Twenty-five were sent to W. C., and one was given to Hammond Maytag Sales and Helen's Gift Shop here. The Hammonds reported that after making the record, in their store, several requests had been received for the record.

Reports received here last week-end stated that the record may be heard later this week over KSEL Radio Station, 950 on the dial.

Wrote Poems
W. C. had previously had two

Father Dies

A. B. Shelton of Avoca, father of Mrs. Wayne Preston, died of a heart attack at Avoca Monday. He had suffered a previous attack about two weeks ago, it was stated.

Funeral services were conducted at 3 p. m. Tuesday at Avoca. Mr. and Mrs. Preston and family attended the services.

W. C. CLEMENT . . . Song Writer

Abandoned Wells Must Go

Taking the view that the hundreds of abandoned irrigation wells on the Plains that have been left either uncovered or inadequately plugged constitute a threat to the safety of children and adults alike, the board of directors of the High Plains Water Conservation District have moved toward forcing proper closing of such wells.

The board recently approved a new rule and instructed that enforcement start April 1. The rule provides that if a landowner refuses or fails to properly plug up and cover an abandoned or unused well, district personnel may go on the land and do the job. Expense of such a job would be charged to the landowner, and if necessary to secure payment a lien on the farm would be instituted. It was estimated that such charges probably never would exceed \$100, and in most cases would be less.

Tom McFarland, manager of the water district, said the board felt the move was necessary to protect human and animal life and to prevent possible pollution of water from the surface. He said there are numerous ways of plugging and covering the wells, and that district personnel will be glad to discuss individual situations and suggest remedies.

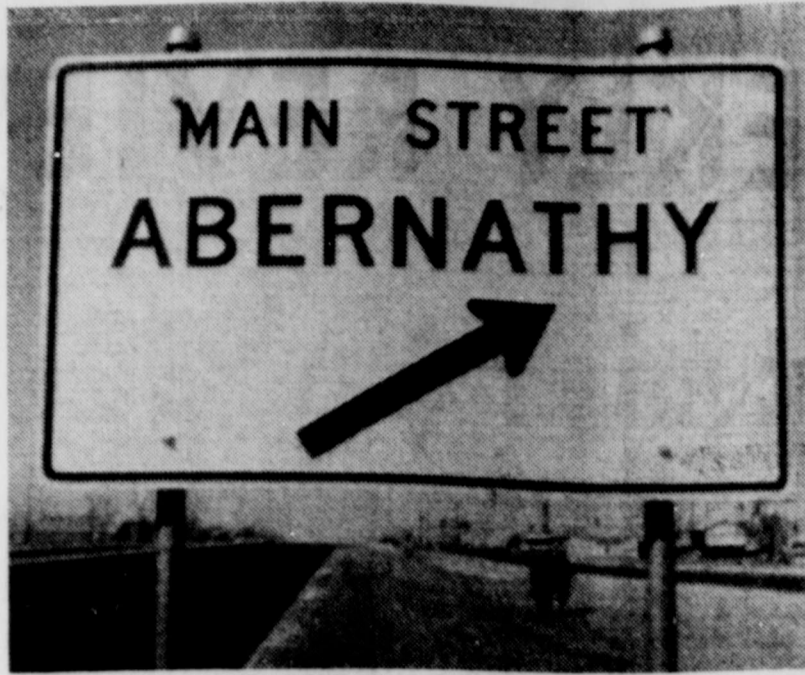

Accident Report For April Given

The Highway Patrol investigated 18 rural accidents in Hale County during the month of April according to Sergeant D. S. Lawson, Patrol Supervisor of this area.

These wrecks accounted for five persons killed, fifteen persons injured and an estimated property damage of \$13,125.00.

The rural traffic accident summary for Hale County from January through April of 1962 shows a total of 49 crashes. As a result of these crashes there were eight persons killed and 41 persons injured. The estimated property damage amounted to \$36,265.00.

Memorial Day weekend during this month of May will mark the beginning of the vacation season. Also, many schools will be out for summer prior to Memorial Day weekend or shortly thereafter. Residential neighborhoods which were quiet between 9 a.m. and 3:30 p.m. will now be alive with children. Streets and highways which lead to and from recreation areas and parks will have children and vacationers going to and fro. The patrol supervisor pointed out that with the beginning of the vacation season it presents all of us with a stern challenge to be more alert and take special precautions to watch out for children afoot and motorizing vacationers.

COMPLAINTS RETRACTED—A few weeks ago, The Review complained about the lack of signs to guide motorists off the freeway onto local traffic streets in Abernathy. At that time, the freeway was in the finishing stages. Now, the freeway is well marked by signs, and no alert motorist should have trouble following them. The "Main Street" sign pictured above directs northbound freeway traffic onto the east service street to reach Main Street. The sign below marks the exit from the freeway onto the east service street to reach Main Street. Background, left, is the freeway underpass, right, is Hygrade Gin. A similar set of signs brings southbound traffic off the freeway onto the west service street to reach Main Street.—(Review Photos)

POLAND NO LONGER GETTING FEED GRAIN FOR LIVESTOCK

During the 1960 marketing year, Poland purchased with her own currency 100,000 tons of grain sorghum, 250,000 tons of barley and 50,000 tons of corn from the U. S. Presumably under pressure from U. S. poultry and egg interests, the U. S. Department of Agriculture is putting a stop to these feed grain exports because a few cases of eggs have found

their way through Canada and into the U. S. egg market. Area grain sorghum farmers and handlers will undoubtedly find this protection of a few egg brokers an expensive decision. Art Bralley, Agricultural Vice President of the American National Bank in Amarillo, traveled to Poland through the GSPA market development program, in 1960 to introduce grain sorghum at the International Agricultural Fair at Poznan, preceding the 100,000 ton purchase.

New Chemical Is Introduced

Chicago—The Armour Industrial Chemical Company has introduced a series of five new chemicals designed to speed secondary oil recovery by permitting greater amounts of water to be injected into the ground.

The new Armour group, labeled the PD 30-39 series, are injection well stimulators that have been highly successful in field tests, according to C. D. LaSusa, manager of Armour's petroleum industry group in Dallas, Texas.

This is the first time, LaSusa said, that the petroleum industry has had a family of specific chemicals for waterflood operations. The new Armour chemicals were designed to be used either separately or in combinations to "customize" the problems of the individual wells, since every well has its own particular reservoir problems.

As such they constitute one of the most important developments in the chemical treatment of secondary oil recovery, he added, pointing out that it is here that the oil industry expects its operations to account for 80 percent of all U. S. crude production within the next fifty years.

The chemicals, rapidly soluble in water and in all concentrations of brine, have the characteristics and properties to enable the underground reservoirs to receive greater amounts of water. Normally, the more water which can be injected, the faster oil can be recovered.

LaSusa said the use of the chemicals in various combination has, in field applications in Texas, enabled the waterflood operators to inject from 25 to 50 percent more

AMERICAN COTTON CONGRESS MAPS PLANS FOR JUNE 7-9 MEETING IN HARLINGEN

The 23rd annual American Cotton Congress will convene June 7-9 in Harlingen, Texas, with "Cotton's International Situation" as this year's theme.

Burris C. Jackson of Hillsboro, Congress chairman and 1962 National Cotton Council of America president, said committees are now mapping plans for the three-day event.

A session in Matamoros, Mexico, across the border from Harlingen, and a tour of a Mexico cotton area, have been arranged through the Mexican Cotton Association.

The international situation as it relates to cotton and possibilities for reducing costs will be spotlighted in speeches by some of the nation's top cotton authorities and leaders.

Almost 35 million boys and adult volunteers have been registered in the Scouting program during the past fifty-one years.

Literally billions of Good Turns—little ones and big ones—have been done by individual Boy Scouts since the first one in 1910.

water into the oil reservoirs. An application in Northern Pennsylvania resulted in a rise of two to five times the previous rate.

SKIP ROWS MAY NOW QUALIFY AS DIVERTED ACRES

Grain sorghum and cotton may now be planted in a skip row pattern and the skipped rows designated as diverted acres when other requirements of the County ASC Committee are met. To qualify, the field must be planted in a regular pattern, the idle rows in the skip row planting must be the same width as the crop planted (but not less than 36 inches) and be four rows or more wide to count as diverted acreage. ASC Committeemen have given as examples: A field planted two rows of cotton and four rows idle would be considered as two rows of cotton and four rows of diverted acreage; also, a field planted four rows of grain sorghum and four rows idle would be considered as four rows of grain sorghum and four rows of diverted acres. County ASC office should be checked for details.

Summer Band Program Planned At Texas Tech

Texas Tech's annual Summer Music Camp will provide two weeks of intensive musical instruction for students in elementary, junior and senior high schools.

Classes will be taught by members of Tech's music department. Junior and senior high school students will have an opportunity to enroll in the band, chorus or orchestra groups, while elementary students will receive instruction in strings.

The senior high division will be held June 4-15, followed by the junior high and elementary divisions running concurrently from June 18-29.

The summer camps will climax with a concert to be presented by each division and group on the last evening.

The housekeeper of a crusty old bachelor was given to writing voluminous letters to her vacationing employer giving him every detail of local happenings.

This time, before he left he told her, "I want all the news, but for the love of heaven, be brief."

Four days later he received this note from her:

"There has been a flood. Where your house was, the river is. Respectfully, Bridget Smith."

Miss Sandra Jean Gililand, bride-elect of J. W. Cole

Miss Sandra Jean Gililand and James William Cole To Be Married Thursday

Miss Sandra Jean Gililand of Abernathy and James William Cole of Slaton are to be married at 8 o'clock this evening (Thursday) in Ford Memorial Chapel of Lubbock First Baptist Church. The Rev. Charles Wood is to perform the double ring ceremony.

Miss Gililand is a daughter of Mr. and Mrs. O. L. Gililand of Abernathy and Mr. Cole is the son of Mr. and Mrs. J. A. Cole of Slaton.

To be given in marriage by her father, the bride will wear a gown of silk organza over net, embellished with sprays of Swiss applique lace. The fitted waist is designed with portrait neckline and brief sleeves. From the waist will flow a controlled skirt accented by deep unpressed pleats at the sides. A large loop at the back will enhance the full sweep of the chapel train. Her fingertip bridal veil of silk illusion will fall from a rose of organza. She will carry a white Bible with pink carnations and a white orchid in the center with silk streamers. She will wear kid gloves.

Matron of honor will be Mrs. Ruthalee Rhodes of Abernathy, sister of the bride. Bridesmaids will be Miss Judy Key of Sundown, Miss Bonnie Cole, sister of the groom, of Slaton and Mrs. Patricia Attebury, sister of the bride.

The bride's attendants will wear soft pink, taffeta street-length dresses with lighter pink silk organza skirts with embroidered flowers hung over the original dresses. They will wear shoes to match. Their gloves are white, and their headpieces will be pink cloveflowers with veils. They will carry white carnations.

Best man will be Jerry Allen of Slaton. Groomsmen will be Glenn White of Slaton, Tom Creagor of Borger and Donnie Gililand, Ab-

ernathy, brother of the bride. Ushers will be Jerry Harlan, Slaton, and Dalton Brooks of Lubbock.

Candlelighters will be Betty Cole, sister of the groom, Slaton, and Ronnie Gililand, Abernathy, brother of the bride. Tressia Rhodes, Abernathy, niece of the bride, will be flower girl. The ring bearer will be Trent Hyde of Lubbock.

Miss Janice Vise, Tulia, will be organist and Mrs. Jerry Moorhead of Abernathy will be soloist.

A reception will be held at the chapel following the ceremony. Their wedding trip will be to Colorado. For travel, the bride chose a soft yellow suit dress with shoes to match. Her accessories will be white, with a white hat.

Miss Gililand, a graduate of Abernathy High School, attended Draughton's Business College, Lubbock. Currently she is attending Texas Tech, and has been residing at Horn Hall on the campus. She is employed by the ex-students' association.

Mr. Cole was graduated from Slaton High School. He is a junior at Texas Tech, and has been residing at Wells Hall on the campus. Mr. Cole is president of the board of student organization and is a member of the Saddle Tramps and Student Council.

Upon returning from their wedding trip, the couple will be at home in Lubbock.

Among those from here attending the state Shrine convention held recently in Amarillo were Messrs. and Mmes. Vic Struve, Lon Carmickle, Rupert Allen, Ray Willis, Cecil McCurdy and G. D. Clapp. Mr. Clapp was initiated into Shrine work at the convention.

Air Force Recruiter Says —
An announcement was made recently by S/Sgt. Joe E. Griffith, local Air Force Recruiter, that effective June 1 that the educational requirements for enlistment in the United States Air Force will be high school graduate or above. At present and throughout this month there are no educational requirements for enlistment. Those desiring enlistment in the Air Force that are not high school graduates should contact the Air Force Recruiter for enlistment in May.

It was also announced that high school seniors contemplating enlistment after graduation should make application now to insure that a vacancy will be available when they desire to enlist. The Air Force recruiter can be contacted at 1006 13th St., Lubbock, each day from 8 a.m. to 5 p.m., or by calling or writing the Air Force Recruiting Office, 1006 13th St., Lubbock, Texas. Telephone PO2-3359.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Big news around the State Capitol is that the state finally got out of the red.

Treasurer Jesse James announced the good news. Deficit, which has existed since September 28, 1958, was wiped out by heavy income from annual insurance and corporation franchise taxes, plus revenue from the new sales tax.

As of 1 p.m. May 18, there was a cash balance in the state's main checking account—the general revenue fund—of \$1,233,106.

Fund will be back in the red again, from time to time, before everything gets squared away. However, about a year from now a steady surplus should be on hand.

Businessmen Lose Millions

Texas businessmen are throwing away more than \$3,000,000 a year, according to State Comptroller Robt. S. Calvert. This is because they're not taking advantage of the prepayment plan under the new state sales tax.

Since small and big businessmen usually pay their bills within 10 days to earn a two percent discount, Calvert can't understand why they waste \$3,160,000 a year by failing to get this same discount from the state.

Under the sales tax law's Prepayment plan, a businessman can increase his allowable discount from one to three percent. He can

do so by rendering the tax for each quarter by the middle of the quarter to be reported. In other words, he can pay the tax in advance on a logical estimate.

Prepayment was conceived by the Legislature, Calvert said, as an incentive, with some consolation to the business that is forced to date prepayment has been the most neglected section of the sales tax law.

Textbook Lists Will Be Public

When the House Textbook Investigating Committee was holding open hearings on books recommended by the State Textbook Committee of the Board of Education, one of the most frequent complaints by those who protested selections was that they couldn't get copies of the texts in time to study all the content.

The newly-appointed textbook committee for 1962 has set forth a system for adoption which will give every possible protestant as much time to pore over this year's offerings as the committee itself will have.

On or before July 1, publishers must file a statement of intent, listing all books offered by title, subject, copyright and authors. A compilation of this information will then be forwarded to all school districts, as well as interested groups and individuals who

Miss Peggy Evans Is Founders' Day Oration Winner

PEGGY EVANS

Peggy Evans, Lubbock Christian College freshman from Abernathy, won first place in LCC's Founders' Day Oration Contest May 4.

As first place winner, Peggy was presented with a gold trophy by Carroll Hickey, head of the speech department.

Founders' Day was instituted for the re-evaluation of the purposes and goals set forth at the beginning of the college. May 4, 1957. Speeches in the contest were to be related to this idea. Peggy's oration was entitled "LCC—Learning, Character, Citizenship."

The contest was held during the regular chapel period May 4, and faculty members served as judges. Second and third places were also awarded.

The daughter of Mr. and Mrs. M. D. Evans, Rt. 2, Peggy is a home economics major and is vice president of Alpha Epsilon Chi women's social club. She is also active in debate.

request the list from the Texas Education Agency.

Textbook publishers also have been instructed to make all considered texts available for purchase by the public from their various depositories.

Final date to file intent to protest any book offered for adoption will be August 1.

Outstanding Youths To Be Rewarded

If you'd like to nominate a youngster for a distinguished service award, or for bravery, write to Governor Price Daniel. He is seeking recommendations for Young American Medals for Bravery and Service awards for 1961. He asks that nominations of boys and girls under age 19, who have performed acts of extraordinary courage or achieved outstanding records of service, be submitted to him by August 15.

Act of bravery or record of achievement must have been performed during 1961. Two medals

may be awarded for each category by the Young American Medals Committee of the U. S. Department of Justice, after final approval by Attorney General Robert Kennedy.

Governor Daniel will forward his recommendations to the Justice Department after he receives nominations which include facts about each youngster's achievement with supporting statements by witnesses; authenticated evidence of the time and place of the candidate's birth; a biographical sketch and photograph.

Ramps Alongside Highways

Fishermen and other boat owners soon will be cheering lustily for the State Highway Department.

D. C. Greer, department head, has just announced that 40 boat launching ramps soon will be built from surplus funds in the Highway Department.

State boat registration law provides that any income remaining after enforcement of the boat registration act shall be spent building public launching ramps for boats. Highway department has handled registrations and the funds since enactment of the law two years ago.

"Additional ramps will be built as money becomes available," Greer stated. "These will be located according to need, accessibility to highways, and availability of private launching facilities."

R. W. Townsley, director of the Motor Vehicle Division, reported that as of November 30, 1961, licenses had been issued for 173,300 Texas motorboats.

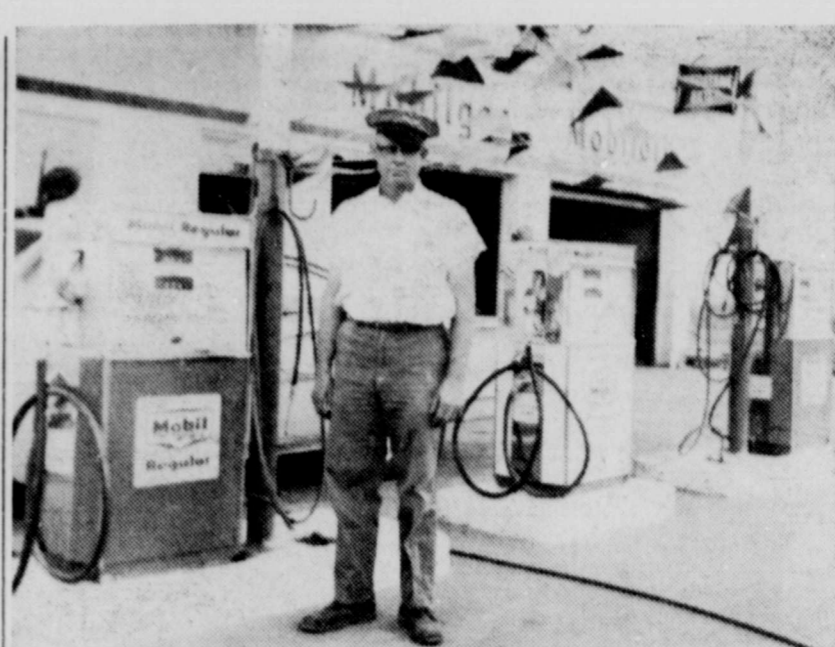

"We still hope for some remedial legislation to strengthen the water safety, boat registration Act," said Townsley.

Short Shorts

After representatives of major oil companies gave gloomy testimony as to the demand for Texas oil, State Railroad Commissioner ordered another eight-day allowable for June. The 22-day shutdown means a slight production increase over May on an average calendar day basis.

Governor Daniel named Daniel Boone of Abilene and C. Herbert Cowell of Houston to the State Board of Architectural Examiners.

Miss Mildred Blair of Cisco was reappointed to the Texas Board of Tuberculosis Nurse Examiners and C. D. McKnight of San Antonio to the State Board of Barber Examiners.

H. T. (Si) PETERS, who operates Peters Mobil Service at 1012 Avenue D in Abernathy, is shown here standing by the new, low profile gasoline pumps recently installed at his station. Peters Mobil Service is observing Mobil Welcome Week which started Saturday, May 19 and will continue through May 26. During the special week, a Golden Mobil Key, an exact replica of motorists' car or truck ignition keys will be made at Peters Mobil Service with each gasoline fill-up. They will duplicate your ignition key while your gasoline tank is being filled. See the Mobil Golden Key ad in this paper. (Review Photo)

CATTLEMEN OPPOSE FEED GRAIN BILL

The president of the Texas and Southwestern Cattle Raisers Association recently called the feed grain section of the administration's farm bill a back-door approach to production controls and price regulation in the cattle industry and urged livestock producers to inform congressmen of their views immediately.

Leo Welder of Victoria made this statement shortly after delivering a welcome address to the South Central Hereford Progress Clinic in the Will Rogers Memorial Coliseum in Fort Worth.

Welder said the TSCRA executive and cattle feeder committees meeting in joint session at San Antonio, unanimously passed a motion calling on beef producers to actively oppose the Feed Grain Section which is Title 4 of House resolution 11222.

Welder said this legislation would provide for mandatory production controls for all feed grain crops, and said producers who utilize a portion or all of their feed grain

and sorghum production of their own farms and ranches would not be allowed to make necessary changes in planted acreage to meet changes in their livestock programs.

The total value of all paved streets in the City of Abernathy is approximately \$850,000. It costs your City Government about \$8,500 of this amount each year to maintain these streets.

Country Garden Club

The Country Garden Club of Abernathy held its final meeting of the year May 15 at Parkway Manor Motel, Lubbock.

After a Dutch luncheon, Mrs. J. H. Barnett installed the following officers in a very impressive ceremony:

President, Mrs. Clyde Rhodes; vice president, Mrs. J. C. Mills; secretary, Mrs. Otey Shadden; corresponding secretary, Mrs. J. L. Miller, Jr.; treasurer, Mrs. W. A. Goeth; reporter, Mrs. Edwin B. Braly; parliamentarian, Mrs. J. H. Barnett; and historian, Mrs. Frank Lovelace.

Mrs. Miller distributed the attractive new yearbooks. Secretaries were revealed and names were drawn for new secretaries. The following members enjoyed the fine fellowship of the meeting, and are looking forward to the new club year of 1962-63:

Mmes. J. H. Barnett, Jack Barton, Edwin Braly, Fred Blumensstock, Lloyd Edwards, Cecil Gartin, W. A. Goeth, Frank Lovelace, K. C. Medlin, J. L. Miller, Jr., J. C. Mills, Roy Matthews, C. J. Pharr, Clyde Rhodes, Otey Shadden and J. Morris Thomas.

Mrs. William B. Chapman of Oklahoma City visited here with her mother-in-law, Mrs. Anna Mae Chapman, and in Levelland with her parents, Mr. and Mrs. J. T. Alley, Sr.

J. H. Myatt sustained damage to the end of the index finger of his right hand early last week when it was caught in a belt on an irrigation motor.

Mrs. Jean Shotwell has returned to Lufkin following a visit here in the home of her sister, Mrs. Paul Harrah.

TO ATTEND CHURCH CONFERENCE IN BIG SPRING

The Rev. H. B. Coggin, pastor of Abernathy First Methodist Church, Mrs. Coggin, George Ragland and Wesley Webb are to represent the local church in a conference at Big Spring. It is the 53rd session of the Northwest Texas Annual Conference of the Methodist Church. The meet is to open at 4 p.m. Monday, May 28, and continue through June 1. Webb is

the lay delegate from the church, and Ragland is alternate delegate. Mr. Ragland also is a member of the Conference Committee on World Service and Finance. Also attending from Abernathy will be the Rev. U. S. Sherrill, retired Methodist minister, and Mrs. Sherrill.

Approximately 80,000 institutions were chartered last year to operate 120,000 Scout Units throughout the United States.

The Need For Vocational Education In Agriculture

(Editor's Note: The following was extracted from a booklet entitled "The Need For Vocational Education In Agriculture." The booklet was composed of a summary of an illustrated presentation by Duane M. Nielsen, Specialist in Teacher Training and Research, Agricultural Education, Division of Vocational Education, Washington, D. C., and was printed by the National Future Farmer Magazine, 1961. This is the second of a series of articles to be published in The Review.)

Vocational education in agriculture has crossed the threshold to what may well become the most dynamic decade in its history. A vast and urgent need exists for an intensified, optimum program of vocational education to assist the farmers and farm youth of our nation. Vocational education in agriculture during this decade must be dynamic in its success to meet this need.

The common denominator of the sixties will be change, rapid change.

Mr. Nielsen used a chameleon to demonstrate this point. The little chameleon is an animal which has the ability to adapt its color to changes in its environment.

Adjustment to changing conditions was no problem for the chameleon until someone placed it on a piece of Scotch plaid material, then it died of frustration.

Agriculture, the farmer, and farm youth today are in a "Scotch plaid" situation precipitated by the complexity and multiplicity of unsolved agricultural problems. The adaptability of agricultural education during this decade must be commensurate with the challenging and rapidly shifting nature of our agricultural economy.

Farming is a vital industry in our economy, it is big business! Envyable 8:1 ratio of assets to debts. Productive assets per farm worker exceed \$50,000 in the corn belt. Assets per worker in industry, \$15,000. Each year farmers buy or use more crude petroleum than any other industry, enough raw rubber to make tires for six million automobiles, finished steel equivalent to a year's production of passenger cars, and more electricity than used by Chicago, Boston, Houston, Detroit and Baltimore combined.

The phenomenal growth of agriculture has helped make possible the great growth expansion of industry in America. Farmers purchase great volumes of industrial products and supply raw materials. Over the years thousands of self-reliant, dependable young people; young people with tenacity; a will to work and who know the meaning of responsibility, are reared on the farms of the nation.

ability, are reared on the farms of the nation.

Statistical Facts
In 1959, 79 percent of the farm operators owned part or all of their farms, the highest percentage since 1880, the first census reporting this information. The 1959 census reported 1.1 billion acres of land in farms, down 38 million acres from 1954, a 3.3 percent decrease. The only other decrease in land in farms reported since 1880 was in 1925.

The number of farms grossing \$10,000 or more increased 36 percent between 1954 and 1959. Much greater specialization and commercialization in the production of many farm products occurred during the last five years than during any ten-year period recorded by the farm census. These changes reflect rapid technological advances in production practices and sweeping changes in the organization and operation of individual farms. The specialization of farm production on the larger producing units during the last five years progressed at a faster rate than during any five-year period in history. This technological upheaval presents far reaching challenges to agricultural education.

Labor Force
Before we look at the replacement opportunities in farming we should review the scope of our farm labor force. These labor force data are averages from 1960 as reported by the Bureau of Labor Statistics. Our total employed U. S. labor force averaged 66.7 million during 1960. Of this number, 21.7 million were working somewhere in agriculture—10 million distributing farm products; 6 million producing for or servicing farmers; and 5.7 million in farming. During 1960 there was an average of 4,678,000 males employed in the total farm labor force of 5,700,000. Of this number, 2,687,000 were self-employed; 433,000 unpaid family labor 14 years of age and older; and 1,588,000 wage and salary workers.

SOPHOMORES HAVE CLASS PARTY
The A.H.S. sophomore class had a party last Friday after school. They went to Mackenzie Park and swam in the pool there for about an hour. Then they had a picnic in the park. After playing baseball for a while, they went to the amusement park and then came home.

Pete Knox is to begin work at Tuco next week. W. L. Kerr is under treatment in St. Mary's Hospital, Lubbock. O. C. Curry of Paterville, Calif., is to visit here in the homes of his daughters, Mrs. Douglas Chapman and Mrs. Lynn Hardin.

PROJECT 1544-26

NATIONAL HIGHWAY WEEK—Abernathy is in the center of a considerable amount of highway improvement, and has just cause to celebrate National Highway Week, May 20-26. Abernathy's new \$734,522.00 freeway through town was dedicated Tuesday. While the dedication ceremony was under way, work was going ahead on an \$870,000.00 improvement project on U. S. Highway 87. The sign pictured above is erected beside the freeway near the north overpass in Abernathy. It gives information on the 14.2 miles of highway to be built between Abernathy and Hale Center, linking the new freeways in the two towns. The new construction will be two lanes west of, and parallel to, the present Highway 87 lanes, making it a four-lane divided highway.—(Review Photo)

Control Cotton Insects For More Profit

Want to increase the income from your cotton crop? One proven way to do this, says H. A. Turney, area extension entomologist, is to control insects. A properly performing spray rig is a must, and now is the time to get it in top working order. Here are suggestions from Turney on getting the rig in order. Clean all nozzles by washing them in kerosene or soapy water. Check to see that all nozzles are the same kind and size. Replace all worn nozzles and hose. Test the pump and pressure gauge. If they are not working properly, replace them. A breakdown during the growing season could mean dollars lost in time and cotton. For the application of early season insecticides, Turney recommends the use of one cone-type nozzle per row. Nozzle spacing of 20 inches on the boom are adequate for late season control. Good foliage coverage can be obtained by placing the boom 10 to 15 inches above the tops of the cotton plants, he says. The per acre output of a spray machine must be known before the correct insecticide mixture can be maintained or even mixed in the spray tank. The rig's output can be determined by spraying a measured acre. Local county agents can supply a chart which shows how far your spray machine must travel to cover an acre, and this will make the job of adjusting the machine for output of insecticide easier. Turney suggests that you also ask the county agent for other information on insect control and especially for a copy of L-486, Insecticide Spraying of Field Crops with Ground Machinery. He has other information proved by research and farm demonstrations that good cotton insect control programs are income producers.

PREMIUM LISTS FOR STATE FAIR GIVEN

The premiums by divisions follow: Art, \$925; Designer-Craftsman, \$1,060; Leather, \$268; Hand Painted China, \$531; Miscellaneous Arts, \$738; Holiday Corner, \$489; Needlework and Sewing, \$2,978; Foods, \$400; Antiques, \$1,066; Hobby Collections, \$558; and Gems and Minerals, \$160. The photographic contest will offer \$562.50, with \$495 offered for the clothing contest and \$262.50 for the Women's Hat Day Contest. A new feature this year will be the "Texas Kitchen Window," with food associations demonstrating their products. The Dallas Glass Club will have a special display, and table setting will be featured. Glass-blowing demonstrations will be continuous. Premium lists may be obtained by sending a request to Mrs. Leah Jarrett, Women's Department, State Fair of Texas, Dallas 26.

Miss Gilliland Is Tea Honoree

Miss Sandra Gilliland was the honoree at a tea recently in the home of her grandmother, Mrs. G. G. Gilliland, 1721 28th St., Lubbock. She is the bride-elect of James W. Cole. Receiving guests were the honoree, her mother, Mrs. O. L. Gilliland of Abernathy and her grandmother. Members of the house party were Miss Bonnie Cole, Miss Judy Key, Miss Tonya Umfred and Mrs. Helen Campbell. The table was laid with a white linen embroidered cloth and centered with an arrangement of red and pink rose buds. Wedding vows will be read May 24.

TO RECEIVE DEGREE AT TEXAS TECH

LUBBOCK—Texas Tech has 1,052 candidates for degrees at spring commencement May 28. Fred H. Moore, Mobil Oil Company president and Tech graduate, will give the principal address during the exercises at 8 p.m. in Lubbock Municipal Coliseum. The Rev. John William Lancaster, pastor of First Presbyterian Church in Houston, will deliver the baccalaureate sermon at 5 p.m. May 27 in the Coliseum. Mrs. Donnell Flinn Handley is to receive a degree from Tech's School of Business Administration, a BBA, secretarial administration. A daughter of Mrs. G. G. Flinn, she is a graduate of New Deal High School. Mrs. Lloyd Edwards underwent surgery Thursday at Methodist Hospital, Lubbock.

BE PROTECTED AGAINST HAIL
AN IMPORTANT MESSAGE TO THE FARMERS FOR 1962
The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84c of each premium dollar over the last 3 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.
TEN REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:
1. All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
2. All liability is mapped and limited by section and township.
3. Approximately FOUR AND ONE-HALF MILLION dollars paid to West Texas farmers for losses the last five years.
4. A-PLUS (EXCELLENT) RATING BY "DUNNE'S" FIRE AND CASUALTY REPORT."
5. Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
6. The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
7. We do offer the FB-10 and FB-5 cotton coverage (with replant) at reduced rates for late cotton.
8. The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tascosa and boardless wheat, only 48 hour waiting period instead of 120 and a premium saving in most counties.
9. Free cancellation on crop failures (See Dates) . . . arbitration clause.
10. Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE."
Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverage and rates, because of the many coverages that are now being offered, you need to know which policy fits your West Texas farming conditions the best.

BIRTHS

A daughter, who was named Cynthia Gale, was born May 18, to Mr. and Mrs. Jimmie Davis. She weighed 7 pounds 1 1/2 ounces. Mr. and Mrs. Henry Castillija, New Deal, are parents of a son born May 16. He weighed 8 pounds 1 ounce.

Abernathy Medical Clinic reported the following birth: A daughter, weighing 6 pounds 14 ounces, was born May 21, to Mr. and Mrs. Gabriel Trevino of Idalou.

Mr. and Mrs. Gilbert Escalon are parents of a 7 pound 2 ounce girl born Wednesday, May 23 at 1:30 p.m. They live east of New Deal.

Mrs. Andrews Makes Statement About Deputies' Dismissal

Concerning dismissal of two deputy sheriffs, Mrs. Ora V. Andrews, Hale County Sheriff said last week:

"All deputies of the Hale County Sheriff's Department work for me as Sheriff. C. L. Dyer is Chief Deputy Sheriff under me, as he was for 8 and one-half years under my late husband, Ted Andrews.

"When Mr. Dyer asked for the resignations of deputies Hunt and Harper he was acting upon instructions from me, and he did ex-

Cotton Center Superintendent Rites Are Held

Funeral services for J. D. (Bob) Moring, 46, were conducted at 2 o'clock Friday afternoon at the Cotton Center First Baptist Church.

The Rev. Claud Tagwell Jr., pastor, and the Rev. David Crowe, Silver, officiated.

Mr. Moring, superintendent of the Cotton Center schools the past several years, died late Wednesday at the Hi-Plains Hospital in Hale Center after a few hours illness.

Pallbearers were R. J. Burnett, Richard Sturdivant, Cliff Payne, Jason Allen, Alfred Ebeling, Leonard Lowry, Charles Cade and Ralph McFerrin.

Honorary pallbearers were Weldon Lee, Lewis Thompson, J. N. Teague, Harmon White, Junior Burnett, Burl Clanton, Bence Jones, Ross Pollard, John Moore, M. K. Fisher, J. R. Nixon, Ray Sanders, Herman Henson and Bill Wood.

Interment was in the cemetery at Carlton where Moring lived before going to Cotton Center. The burial was at 2 p.m. and arrangements for the rites were directed by the Wood-Dunning Funeral Home.

Such action was not hastily taken."

ZOO KEEPER?—Larry Deering, nine-year-old son of Mr. and Mrs. L. G. Dearing, 603 Avenue D, Abernathy, is pictured above with two of the three Red Foxes which were given to him recently by Sam Williams, local farmer. The shy little creatures were found by Sam and his son, Harold, in an irrigation pipe on their farm. Before giving two of the foxes to his friends, Larry mentioned wanting to start a zoo. "I think I could get a couple of snakes and a rat, too," he said. And last week—well, he was on a "horned toad hunting expedition" with some of his friends.—(Review Photo)

Grad...
Just a Moment!

Sure, we know you're busy and excited as graduation day arrives. You've got a lot of things on your mind, and a thousand things to do, time is short and naturally you want to crowd all the joy and happiness possible into this great occasion. We realize all that and we're happy for you.

Take just a serious moment with us then, and let us tell you how proud we are of you and how much confidence we have in your ability to succeed.

So, somewhere in this final rush of activities, permit us to crowd in our sincerest congratulations and best wishes.

Abernathy's Trophy-Winning Riding Club Takes Several First Places This Year

The Abernathy Riding Club took top honors in the riding club event of the Pioneer Roundup parade at Plainview Saturday. With a "From Saddle to Satellites" theme, the celebration included a parade and a chuck wagon supper.

More than 4,000 persons turned out to watch the parade which featured floats, three Plainview bands and several riding clubs. Taking second place in the adult division was the Petersburg Riding Club, while the outstanding youth riding club was the Lone Star Club of Floyd County.

Win Several Firsts

Abernathy Riding Club has taken several first place trophies in various riding events and rodeo parades this year. Gaining the distinction of being one of the best riding clubs on the South Plains, the local club and its members is one of which Abernathy can justly be proud.

Among those at Ruidoso, N. M., last weekend were Mr. and Mrs. Erzell Givens, Jerry Givens and two guests from Texas Tech, Terry Denzer of McAllen and Billy Colson of Floydada, Mr. and Mrs. Carl Phillips, Mr. and Mrs. Alvin Hardin, Mr. and Mrs. Millard Hancock, Mr. and Mrs. Si Young and Mr. and Mrs. L. D. Reeves.

More than two million students were in average daily membership in Texas public schools in 1960-61 and of these the average daily attendance exceeded 94 percent.

The Review wants your news.

Eighth Grade Commencement

(Continued From Page 1)

Patsy Lee, Mary Ybarra, Peggy Klafka, Betty Tucker and Betty Tow.

Roy Resendez, Janet Rhodes, Howard Ross, Mary Ann Ruiz, Carmen Sandoval, Felix Saucedo, Cindy Shadden, Mike Skipper, Billy Slawson, Joe Smithey, Beverly Spruill.

Mike Tannehill, Marilyn Teaff, Joyce Teeter, Margaret Toler, Treva Totty, Mary Tucker, Lane Wade, Neida Williams, Cindy Wilson, Jan Wilson and Dottie Yynne.

News About Men In Service

FORT POLK, LA. (AHTNC)—Army Reserve Specialist Four Cipriano R. Lara, 27, son of Mr. and Mrs. Juan Lara, Route 1, Shallowater, Texas, participated with other personnel from the 769th Signal Battalion in Exercise Iron Dragon, a two-week training maneuver in Louisiana which ended May 15.

During Exercise Iron Dragon, the largest field maneuver held in the U. S. this year, nearly 20,000 troops moved across 1,300 square miles of Southwestern Louisiana maneuver grounds. With blank ammunition for rifles and tanks, artillery simulators and gas grenades, "friendly" forces engaged an "Aggressor" force under simulated combat conditions. This exercise is part of the Army's continuing operational readiness training.

Specialist Lara is a pole lineman in the battalion's Company C, an Army National Guard unit which was recalled to active duty and is now assigned at Fort Polk, La.

Lara is a 1958 graduate of Raymondville Public High School.

SOUTH UNDERPASS MISHAP—No one was injured Saturday evening when the Chevrolet, left, rammed into the rear of a Rambler, right background, at the freeway overpass in South Abernathy. Both cars, driven by Latin American youths, were traveling west on FM Road 597, which runs underneath the overpass. City Policeman John Marsh investigated the accident which happened at about 7:30 p.m. (Review Photo and Engraving)

Joe Gomez To Conduct Services Here May 28-June 3

Robert Payne, minister of the Spanish speaking Church of Christ (Iglesia de Cristo) in Abernathy, announced that Joe Gomez of Las Vegas, N. M., will be the evangelistic speaker during services at the church May 28 through June 3.

Abernathians and citizens of the surrounding area are invited to attend the services (which will be conducted in Spanish) at 8:30 each evening. The church building is located at 1309 Jerome Street.

RETURNS FROM DUTY IN KOREA

SP-4 Eddie R. Blair, who recently returned to the States following 16 months of Army duty in Korea, is visiting here with his parents, Mr. and Mrs. M. M. Blair. He will report to Fort Hood, Texas, June 7.

Flower Show Is Postponed Here

Officers of the City Garden Club announced this week that the Flower Show, which had been set for May 29, has been postponed.

Announcement will be made later in regard to the date and location of the event.

EAGLES WIN AT LUBBOCK

The Abernathy Eagles, member team of the South Plains Latin Baseball League, defeated the Lubbock Aztecs there Sunday by a score of 8 to 1.

The Eagles will host the Lubbock Road Runners here Sunday afternoon at the Gin lots south of town. Game time is set for 2 o'clock.

Susan Rape, five-year-old daughter of Mr. and Mrs. Melvin Rape, spent last week at Dickens with her grandmother, Mrs. T. L. Rape.

Feeders Day Set Saturday At Tech

A Livestock Feeders Day program will be featured on the Texas Tech campus in Lubbock this Saturday. The event, slated as "Livestock and Meat Day, 1962," will get underway at 8 a.m. in the Student Union Ballroom. Registration (and free coffee) will be held from that time until 9:10 a.m.

Meat Studies will comprise a major portion of the morning program.

About 20 minutes prior to lunch, Dr. R. C. Goodwin, president of the college, will present a welcome address. Lunch will be served at 11:40 a.m. in the Livestock Pavilion. It was pointed out that guests are welcome to tour the Meat Industry Building during the lunch hour.

The afternoon program will be presided over by Dr. F. G. Harbaugh, professor and college veterinarian. The program will include Silage Studies; Swine Feeding Results; Dual Grading Demonstration; Future Animal Research at Tech; and a tour of Beef Cattle Facilities. The program is expected to adjourn about 4:45 p.m.

In a letter from Ralph M. Durham, head of the Department of Animal Husbandry at Tech, it was explained that "The new 'dual' grading system will become effective July 1, on an optional basis. There seems to be a general lack of understanding about how it will work. We have decided to demonstrate, with different kinds of carcasses, just how the carcasses will be graded. We believe this will answer many of the questions about the system."

Young Farmers To Attend
Several members of the local Young Farmer Chapter plan to attend the Feeders Day program. Also attending will be Jerry Adams, Abernathy vocational agriculture instructor and advisor for the FFA and Young Farmer chapters. Any other interested farmers or businessmen are invited to attend.

Church Of Christ's VBS Set For May 28 Through June 1

BILL OSBORNE

Everyone is invited to attend the Vacation Bible School to be conducted by the Church of Christ beginning Monday, May 28, and continuing through Friday, June 1. Classes will be held from 9 a.m. to 11 a.m. each day.

There will be classes for all ages from nursery to adults. Spanish and colored children, and grown-ups too, are invited to attend. There will be a station wagon or small bus at both Spanish and colored Churches of Christ to transport the children to the school each day. Those interested are asked to be at these churches before 9 o'clock each day in time to catch the bus.

A valuable addition to the teaching staff this year is Bill Osborne of Eldorado, Okla. He is bringing his wife and teenage son with him. Brother Osborne is a very friendly and likeable person and has marked success in teaching the Bible in various capacities. He will teach the adult class and will also address the general assembly on Wednesday evening.

The Abernathy Church of Christ is located at the corner of 10th Street and Avenue E, just one block north of the city water tower.

Good Wishes Graduates

BIRTHS

A daughter, who was named Cynthia Gale, was born May 18, to Mr. and Mrs. Jimmie Davis. She weighed 7 pounds 1 1/2 ounces. Mr. and Mrs. Henry Castillija, New Deal, are parents of a son born May 16. He weighed 8 pounds 1 ounce.

Abernathy Medical Clinic reported the following birth:

A daughter, weighing 6 pounds 14 ounces, was born May 21, to Mr. and Mrs. Gabriel Trevino of Idalou.

Mr. and Mrs. Gilbert Escalon are parents of a 7 pound 2 ounce girl born Wednesday, May 23 at 1:30 p.m. They live east of New Deal.

Mrs. Andrews Makes Statement About Deputies' Dismissal

Concerning dismissal of two deputy sheriffs, Mrs. Ora V. Andrews, Hale County Sheriff said last week:

"All deputies of the Hale County Sheriff's Department work for me as Sheriff. C. L. Dyer is Chief Deputy Sheriff under me, as he was for 8 and one-half years under my late husband, Ted Andrews.

"When Mr. Dyer asked for the resignations of deputies Hunt and Harper he was acting upon instructions from me, and he did ex-

Cotton Center Superintendent Rites Are Held

Funeral services for J. D. (Bob) Moring, 46, were conducted at 2 o'clock Friday afternoon at the Cotton Center First Baptist Church.

The Rev. Claud Tagwell Jr., pastor, and the Rev. David Crowe, Silver, officiated.

Mr. Moring, superintendent of the Cotton Center schools the past several years, died late Wednesday at the Hi-Plains Hospital in Hale Center after a few hours illness.

Pallbearers were R. J. Burnett, Richard Sturdivant, Cliff Payne, Jason Allen, Alfred Ebeling, Leonard Lowry, Charles Cade and Ralph McFerrin.

Honorary pallbearers were Weldon Lee, Lewis Thompson, J. N. Teague, Harmon White, Junior Burnett, Burl Clanton, Benice Jones, Ross Pollard, John Moore, M. K. Fisher, J. R. Nixon, Ray Sanders, Herman Henson and Bill Wood.

Interment was in the cemetery at Carlton where Moring lived before going to Cotton Center. The burial was at 2 p.m. and arrangements for the rites were directed by the Wood-Dunning Funeral Home.

Such action was not hastily taken."

ZOO KEEPER?—Larry Deering, nine-year-old son of Mr. and Mrs. L. G. Deering, 603 Avenue D, Abernathy, is pictured above with two of the three Red Foxes which were given to him recently by Sam Williams, local farmer. The sky little creatures were found by Sam and his son, Harold, in an irrigation pipe on their farm. Before giving two of the foxes to his friends, Larry mentioned wanting to start a zoo. "I think I could get a couple of snakes and a rat, too," he said. And last week—well, he was on a "horned toad hunting expedition" with some of his friends.—(Review Photo)

NDHS Honor Roll
High School Principal A. A. Chandler announced that the following students made the sixth Six Weeks Honor Roll:

Seniors—Judy Akins, Betty Deavors, Elizabeth Showalter and Earlene Worthan.

Juniors—Jane Loudon, Glenda Norwood and Dona Slaton.

Sophomores—Mack Covey, Wanda Stafford and LaVerne Bell.

Freshmen—Sandra Fortenberry, David McDougal, Randy Peoples and Sharon Weems.

Those making the Spring Semester Honor Roll were:

Seniors—Judy Akins, Betty Deavors, and Earlene Worthan.

Juniors—Jane Loudon, Glenda

Norwood and Dona Slaton. Sophomores—Mack Covey and Wanda Stafford.

Freshmen—Sandra Fortenberry, David McDougal and Randy Peoples.

20-Year Award

In ceremonies Friday night, Mrs. Lois Cowan, who has driven school buses for the New Deal Schools for the past 20 years, was presented a weather barometer as a token of appreciation for her faithful service to the school system. The presentation was made by Roy Boyd of Lubbock, County Superintendent.

To Attend Workshop
New Deal High School will sponsor three students in a Yearbook Workshop at Texas Tech this summer (August 12-16). Students who will attend are Shirley McAllister and David McDougal, who will be sophomores next year, and Ruth Middlebrook, who will be a junior.

Mail NEWS to The Review.

AHS Commencement

(Continued From Page 1)

President: Sue Suttle, secretary: Harold Gene Davis, treasurer: and Larry Florence, reporter.

Class Roll

Members of the 1962 graduating senior class are as follows:

Girls

Janice Ann Adkisson, Edwina Louise Anderson, Joyce Jane Apperson, Tracy Fay Attebury, Alta Ruth Beaton, Wanda Lou Bridges, Karen Kay Dale, Evelyn Juanita Dye, Myrtle Jane Hall, Betty Marie Johnson, Judy Lorene Kiker, Minnie Pearl Lusty, Billie Rae Matthews, Willa Kathryn Powell, Barbara Ann Robertson, Gloria Jane Robles, Elizabeth Ann Sterrett, Dianna Stevenson, Pricilla Sue Suttle, Marsha Ann Taylor and Alice Linda Turner.

Boys

Jose Angel Betancour, Johnny Hugh Bridges, Harold Gene Davis, Dennis M. Edwards, Dirk Dieter Klaus Engel, Larry Zack Florence, Phillip Douglas Grindstaff, Jackie Ray Habbinga, Kay Don Habbinga, Billy Jack Hacker, Lawson James Hager, Jr., Richard Ray Herring, Mac Allen Houston, Harris Ray Ingram, James Lee Irish, III, John Thomas Kiker, Harold Wayne Kitchens, James Alfred Klafka, Sidney Richard Patterson, Robert Ansil Pope, George Stroud Reagan, William Noah Smith, Gene Edward Stevens, Jimmy Glenn Stillwell, Bobby Lynn Teaff, Robert Benton Templeton, Porky Tennell, Tommy High Walker, Jack C. Waters, III, Oscar D'Brent Weir, Charles Theodore Wisdom and Jesse Privett.

*Denotes members of the National Honor Society.

Clapp, Nelson To Receive Degrees At ACC May 28

ABILENE (Spl.)—Two Abernathy seniors at Abilene Christian College will receive the Bachelor of Science degree at ACC commencement exercises Monday, May 28. They are Mark Clapp and James Nelson.

Clapp, whose field of study is Animal Husbandry, is a 1956 graduate of Abernathy High School. He is the son of Mr. and Mrs. G. D. Clapp of Route two. At ACC he is a member of the Trojan social club, Aggie Club and the Rodeo Club.

Nelson, a psychology major, is the son of Mr. and Mrs. Clarence Nelson of 1310 Avenue D. He is a 1959 graduate of Abernathy High School. At ACC he is a member of the INPSYders Club and the Circle K service club.

WANT-ADS

(Rates: 4c per word, or 70c minimum, if ad is paid in advance; 80c minimum if ad is charged.)

FOR SALE—21-inch TV, new picture tube, one-year guarantee. **POPES PARTS PLACE** Phone 298-2534 Abernathy

FOR RENT—two-bedroom residence at 507 5th Street in Abernathy. See M. S. Stevens at 511 5th Street, Phone 298-2727. (5-31-p)

FOR SALE—Riding lawn mower, in good condition, \$75.00. Charles Ray Owens, Phone 298-2478, Abernathy. (11p)

WILL PAY CASH For LIVE Horned Toads Large, Live Ones in Good Condition. (Limited Time Only). (Purchases made at my home, only, preferably in evenings.)

MASON HAWKINS 408 6th St. Phone 298-2653 Abernathy (11c)

FOR SALE—Good, young Hereford bull, J. W. McReynolds, 3 miles north and 3 miles east of Abernathy, Phone Davis-8-2585. (11p)

FOR SALE—\$210.00 value ARA automobile air-conditioner, used very little. Is in good condition. Bargain-priced at \$80.00 for quick sale. See at 611 9th Street in Abernathy. (11p)

FOR SALE—Nice one-owner, 2-bedroom home. Combination tub and shower—all large rooms—1170 square feet living area—single detached garage. Beautiful lawn, patio, lots of shade trees, two peach trees. Ideal location, near Methodist Hospital, 3605 22nd St., Lubbock. (11p)

FOR SALE—Five irrigation motors. (Am switching to electricity). Harold V. Davis, phone PL7-2400 (County Line Exchange). (11p)

FOR SALE—My home at 711 First Street in Abernathy. Mrs. Jewel Richter, Phone 298-2790, evenings. (11p)

See Our New **PENN COLONY** Furniture By Broynhill. **BRUCE FURNITURE** Phone 298-2551 Abernathy

HOUSE FOR SALE—at 611 2nd St., Abernathy. On paved street. Has cellar. Joe Reeves, Phone 298-2802. (5-31-c)

FOR SALE—One 8" Turbine Pump — One 6" Turbine Pump. Both pumps good condition. — **DRIVE SHAFT GUARDS**. Fits all installations. — **SIGHT OIL LEVEL GAUGES** for motor crank case. **BILL WOLF AND SONS IRRIGATION AND SUPPLY** Phone 298-2114 Abernathy

FOR SALE—160 acres with good irrigation well. Buyer will have option to rent 320 acres adjoining, with 2 good irrigation wells. Shipman Real Estate & Insurance Agency, Abernathy, phone 298-2536. (11p)

FOR SALE—Alfalfa, good and conditioned. Save by getting it in the field. \$25.00 ton.

O. D. RHODES Phone SW9-5643, Lubbock, or Farm: Arlie Paxton, Phone DAVIS 8-2490 (Hollandville Ex.) 11p

FOR SALE—Lankart 57 Cotton Seed. First year out of certified seed. Acid delinted of fuzzy. Don Presley, 9 miles west, 1 mile north, 1/2 mile back east, (Rt. 2), Abernathy. Phone PL7-2383 (County Line Exchange). (5-24-p)

FOR RENT—Two-bedroom home, dining room, kitchen, large living room, bath, garage, fenced back yard. On 75 ft. lot. Phone 298-2657, after 6 p.m. or on weekends. (11p)

FOR RENT—Trailer house space in south New Deal. Contact C. W. Barrington at Barrington Food, New Deal, phone PO3-0150 or PO 2-8901. (11p)

T. J. HENDERSON Interior and Exterior Decorating All Work Guaranteed Phone UP-2-2956 Cotton Center

FOR SALE—Good used Air Conditioner. Ready to install. **ABERNATHY SHEET METAL WORKS** Phone 298-2120 Abernathy

FOR SALE—56-ft. long by 10 ft. wide trailer home. Late model 60, Maverick brand. Early American furniture, chocolate brown color interior, 2-bedroom. Will take old model car in on trade, balance cash. If interested contact W. S. Holleman, phone 298-2375, Abernathy. (5-24-c)

Review advertising sells merchandise. Call us, 298-2033, and we'll help prepare your ad layout.

New Shipment of POLE LAMPS Just in. Good selection. **BRUCE FURNITURE** Phone 298-2551 Abernathy

SUBSCRIBE TO The Abernathy Weekly Review, \$3.06, tax incl., per year in Hale and Lubbock Counties.

Good Wishes to Our Grads..

Your achievements have made us proud, and with this pride we look forward to hearing more about your achievements in the future.

Abernathy Weekly Review
AND STAFF

Grad...

Just a Moment!

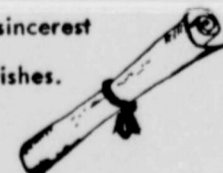

Sure, we know you're busy and excited

as graduation day arrives. You've got a lot of things on your mind, and a thousand things to do, time is short and naturally you want to crowd all the joy and happiness possible into this great occasion. We realize all that and we're happy for you.

Take just a serious moment with us then, and let us tell you how proud we are of you and how much confidence we have in your ability to succeed. So, somewhere in this final rush of activities, permit us to crowd in our sincerest congratulations and best wishes.

Abernathy's Trophy-Winning Riding Club Takes Several First Places This Year

The Abernathy Riding Club took top honors in the riding club event of the Pioneer Roundup parade at Plainview Saturday. With a "From Saddle to Satellites" theme, the celebration included a parade and a chuck wagon supper.

More than 4,000 persons turned out to watch the parade which featured floats, three Plainview bands and several riding clubs.

Taking second place in the adult division was the Petersburg Riding Club, while the outstanding youth riding club was the Lone Star Club of Floyd County.

Win Several Firsts

Abernathy Riding Club has taken several first place trophies in various riding events and rodeo parades this year. Gaining the distinction of being one of the best riding clubs on the South Plains, the local club and its members is one of which Abernathy can justly be proud.

Among those at Ruidoso, N. M., last weekend were Mr. and Mrs. Erceel Givens, Jerry Givens and two guests from Texas Tech, Terry Denzer of McAllen and Billy Colton of Floydada, Mr. and Mrs. Carl Phillips, Mr. and Mrs. Alvin Hardin, Mr. and Mrs. Millard Hancock, Mr. and Mrs. Si Young and Mr. and Mrs. L. D. Reeves.

More than two million students were in average daily membership in Texas public schools in 1960-61 and of these the average daily attendance exceeded 94 percent.

The Review wants your news.

A. A.'s To Hold Open Meet Here Tuesday Night

An open meeting of Alcoholics Anonymous will be held at 8 p.m. Tuesday, May 29, in the banquet room at Graham's Restaurant. A taped speech, recorded by one of the A.A. members, will be heard during the meeting.

The general public is cordially invited to attend.

RECEIVE DEGREES FROM W.T.S.C.

Mr. and Mrs. Howard Humphrey and Leon Hill were in Canyon last Saturday and attended graduation ceremonies at West Texas State College there. Abernathians receiving degrees were Sue Williams, daughter of Mrs. Esther Williams, Susan Benn, daughter of Mr. and Mrs. Clyde Benn, and Mrs. Franklin Humphrey, daughter-in-law of Mr. and Mrs. Howard Humphrey. All received BS degrees.

The younger Mrs. Humphrey plans to teach in an Amarillo elementary school next year, having received a BS degree in Elementary Education.

POSTMASTER?

A local man has taken the physical examination required of applicants for the job of Abernathy postmaster. If he passes, the announcement of his appointment may come within the next two or three weeks.

Eighth Grade Commencement

(Continued From Page 1)

Patsy Lee, Mary Ybarra, Peggy Klafka, Betty Tucker and Betty Tow.

Class sponsors are Mrs. Wadelle Hill, Mrs. Roy Figley and Mrs. Wade Ray.

This year's officers of the class were: Larry Crowder, president; Howard Ross (801), Bryan Cox (802) and Rondall Preston (803), vice president; Cindy Hurt, secretary; and Nancy Kelso (801), Dennis Bristow (802) and Marilyn Teaff (803), assistant secretaries.

Class Roll

Members of the graduating class are as follows:

Lawrence Allenberg, Aurora Alvarado, Jimmy Barton, Terry Barton, Glen Benson, Dennis Bristow, Carolyn Bryan, Peggy Carter, Perfecto Castellon, Shanna Crenshaw, Larry Crowder, Ynes Cuevas,

Jerry Don Dickey, Randy Downs, Jeraldine Evans, Bobby Faver, Reva Jan Florence, Jimmy Don Franklin, Dolores Garcia, Larry Dale Gist, Mary Ellis Good, Johnny Gonzales, Tommy Guzman,

Pat Hale, Mary Hernandez, Linda Hindman, Cindy Hurt, Carl Johnson, Michel Johnson, Nancy Kelso, Benny Lobstein, JoAnn Lovelace, Frances Manzanales, Valdemar Manzanares,

Carolyn McNeil, Manuel Ortiz, Moses Ortiz, Harry Overstreet, Barbara Patterson, Sharon Payne, Johnny Peters, Mike Pettit, Janice Phillips, Theresa Phoe, Rondall Preston,

Roy Resendez, Janet Rhodes, Howard Ross, Mary Ann Ruiz, Carmen Sandoval, Felix Saucedo, Cindy Shadden, Mike Skipper, Billy Slawson, Joe Smithey, Beverly Spruiell,

Mike Tannehill, Marilyn Teaff, Joyce Teeter, Margaret Toler, Treva Totty, Mary Tucker, Lane Wade, Neida Williams, Cindy Wilson, Jan Williams and Dottie Yynne.

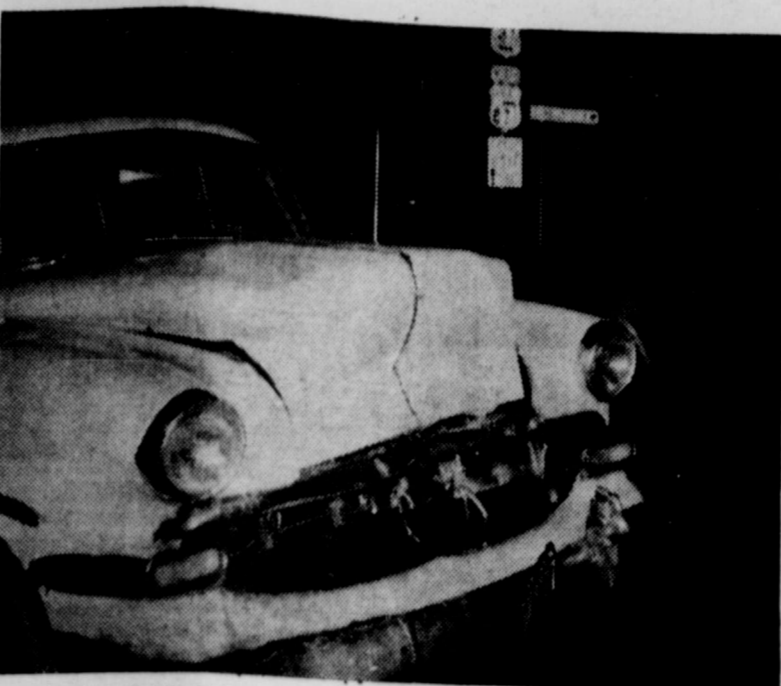

News About Men In Service

FORT POLK, LA. (AHTNC)—Army Reserve Specialist Four Cipriano R. Lara, 27, son of Mr. and Mrs. Juan Lara, Route 1, Shallowater, Texas, participated with other personnel from the 760th Signal Battalion in Exercise Iron Dragon, a two-week training maneuver in Louisiana which ended May 15.

During Exercise Iron Dragon, the largest field maneuver held in the U. S. this year, nearly 20,000 troops moved across 1,300 square miles of Southwestern Louisiana maneuver grounds. With blank ammunition for rifles and tanks, artillery simulators and gas grenades, "friendly" forces engaged an "Aggressor" force under simulated combat conditions. This exercise is part of the Army's continuing operational readiness training.

Specialist Lara is a pole lineman in the Battalion's Company C, an Army National Guard unit which was recalled to active duty and is now assigned at Fort Polk, La.

Lara is a 1958 graduate of Raymondville Public High School.

SOUTH UNDERPASS MISHAP—No one was injured Saturday evening when the Chevrolet, left, rammed into the rear of a Rambler, right background, at the freeway overpass in South Abernathy. Both cars, driven by Latin American youths, were traveling west on FM Road 597, which runs underneath the overpass. City Police Officer John Marsh investigated the accident which happened at about 7:30 p.m. (Review Photo and Engraving)

Joe Gomez To Conduct Services Here May 28-June 3

Robert Payne, minister of the Spanish speaking Church of Christ (Iglesia de Cristo) in Abernathy, announced that Joe Gomez of Las Vegas, N. M., will be the evangelistic speaker during services at the church May 28 through June 3.

Abernathians and citizens of the surrounding area are invited to attend the services (which will be conducted in Spanish) at 8:30 each evening. The church building is located at 1309 Jerome Street.

RETURNS FROM DUTY IN KOREA

SP-4 Eddie R. Blair, who recently returned to the States following 16 months of Army duty in Korea, is visiting here with his parents, Mr. and Mrs. M. M. Blair. He will report to Fort Hood, Texas, June 7.

Flower Show Is Postponed Here

Officers of the City Garden Club announced this week that the Flower Show, which had been set for May 29, has been postponed.

Announcement will be made later in regard to the date and location of the event.

EAGLES WIN AT LUBBOCK

The Abernathy Eagles, member team of the South Plains Latin Baseball League, defeated the Lubbock Aztecs there Sunday by a score of 8 to 1.

The Eagles will host the Lubbock Road Runners here Sunday afternoon at City Gin lots south of town. Game time is set for 2 o'clock.

Susan Rape, five-year-old daughter of Mr. and Mrs. Melvin Rape, spent last week at Dickens with her grandmother, Mrs. T. L. Rape.

Feeders Day Set Saturday At Tech

A Livestock Feeders Day program will be featured on the Texas Tech campus in Lubbock this Saturday. The event, slated as "Livestock and Meat Day, 1962," will get underway at 8 a.m. in the Student Union Ballroom. Registration (and free coffee) will be held from that time until 9:10 a.m.

Meat Studies will comprise a major portion of the morning program.

About 20 minutes prior to lunch, Dr. R. C. Goodwin, president of the college, will present a welcome address. Lunch will be served at 11:40 a.m. in the Livestock Pavilion. It was pointed out that guests are welcome to tour the Meat Industry Building during the lunch hour.

The afternoon program will be presided over by Dr. F. G. Harbaugh, professor and college veterinarian. The program will include Silage Studies; Swine Feeding Results; Dual Grading Demonstration; Future Animal Research at Tech; and a tour of Beef Cattle Facilities. The program is expected to adjourn about 4:45 p.m.

In a letter from Ralph M. Durham, head of the Department of Animal Husbandry at Tech, it was explained that "The new 'dual' grading system will become effective July 1, on an optional basis. There seems to be a general lack of understanding about how it will work. We have decided to demonstrate, with different kinds of carcasses, just how the carcasses will be graded. We believe this will answer many of the questions about the system."

Young Farmers To Attend

Several members of the local Young Farmer Chapter plan to attend the Feeders Day program. Also attending will be Jerry Adams, Abernathy vocational agriculture instructor and advisor for the FFA and Young Farmer chapters. Any other interested farmers or businessmen are invited to attend.

Church Of Christ's VBS Set For May 28 Through June 1

BILL OSBORNE

Everyone is invited to attend the Vacation Bible School to be conducted by the Church of Christ beginning Monday, May 28, and continuing through Friday, June 1. Classes will be held from 9 a.m. to 11 a.m. each day.

There will be classes for all ages from nursery to adults. Spanish and colored children, and grown-ups too, are invited to attend. There will be a station wagon or small bus at both Spanish and colored Churches of Christ to transport the children to the school each day. Those interested are asked to be at these churches before 9 o'clock each day in time to catch the bus.

A valuable addition to the teaching staff this year is Bill Osborne of Eldorado, Okla. He is bringing his wife and teenage son with him. Brother Osborne is a very friendly and likeable person and has marked success in teaching the Bible in various capacities. He will teach the adult class and will also address the general assembly on Wednesday evening.

The Abernathy Church of Christ is located at the corner of 1024 Street and Avenue E, just one block north of the city water tower.

Good Wishes Graduates

But...
the Golden Mobil Key's yours FREE... so, come 'n get it!

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Four different irrigation methods and four fertilizer treatments on cotton were tested to determine the effect on the efficiency of cotton production at the High Plains Research Foundation in 1961.

James C. Valliant, recently promoted from Assistant to Associate Water Engineer, stated that the tests were designed to determine the combination of irrigation method and fertilizer treatment which would produce the greatest net return and the highest irrigation efficiency in the production of cotton. Four irrigation methods combined with four fertilizer treatments and three varieties of cotton were used. The irrigation methods were: (1) First bloom only, (2) First bloom plus mid-bloom, (3) First bloom, mid-bloom and September 5 compared with (4) dryland cotton. Full details of the test are in the complete High Plains Research Foundation Report No. 45, issued in April, 1962.

The three varieties of cotton were Gregg, representing early maturing; Lockett 88-A, representing mid-maturing, and Paymaster 88-90, representing late maturing as well as the open-bolt type cotton.

Mr. Valliant concluded from these tests that, "Results from the 1961 cotton irrigation test indicate that in early and mid-maturing cotton, response to fertilizer is directly related to the rate of irrigation water, while response to fertilizer in late maturing cotton could be due to the period of time the plant demands nutrients."

The 1961 results indicate that applying irrigation water at early stages of growth, first bloom or first bloom and mid-bloom and a low rate of fertilizer will produce the highest practical irrigation efficiency. Balancing time of irrigation and amount of fertilizer can increase lint cotton, net return per inch of irrigation water and net return per acre.

Fertilizer applications on a per acre basis were: 40 pounds of nitrogen and 60 pounds of phosphorus; 80 pounds of nitrogen and 60 pounds of phosphorus; 120 pounds of nitrogen and 80 pounds of phosphorus, compared to the nonfertilized plots.

NEW ON U. S. HIGHWAY 87—Two new lanes are to be built west of, and parallel to, the present lanes of U. S. Highway 87 to make a four-lane divided highway between Abernathy and Hale Center. The culvert pictured above is one of several being built for the two new lanes. Top right in the photo is the culvert for the present lanes of the highway. The M. D. Evans home, about a mile north of Abernathy, is in the background.—(Review Photo)

This type of research was conducted in 1960 as well as 1961 and will be continued in 1962.

One of the major decisions that a farmer makes every year is the date to plant his crops. Research by Delbert Langford, Associate Agronomist at the High Plains Research Foundation, on the date of planting grain sorghum, suggests that certain dates are more favorable than others. The grain sorghum date of planting test included four different planting dates: (1) April 20th; (2) May 15th; (3) June 1st; and (4) June 25th. At each date of planting two varieties of an early maturing, medium maturing and late maturing grain sorghum were planted.

The report prepared by Mr. Langford indicates that the average time from planting to bloom was 24 days longer for the April planting than the June 25 planting. From this standpoint the early planting was less favorable because more water was required to grow the crop to maturity. The April planting required 18.5 inches of water whereas the June 25th planting required only 11.3 inches of water.

Mr. Langford stated that height of plant and its standability is important. The hybrids in this test planted in April averaged 12 inches shorter in height than the same hybrids planted June 25th.

The May 15th and June 1st plantings produced the best yields last year. There was no advantage in the April planting with respect to early harvest. Little difference was noticed in the mois-

ture content of the grain from the April and May planting which were harvested on the same date. Additional information can be obtained in High Plains Research Foundation report No. 29. The date of planting test will be conducted again in 1962.

Six fertilizer experiments on cotton were conducted at the High Plains Research Foundation during 1961. They consisted of: (1) various rates and ratios of nitrogen and phosphate, (2) six different sources of phosphate; (3) six different methods of phosphate placement; (4) four different sources of nitrogen; (5) magnesium and trace elements and (6) preplant and sidedress applications of nitrogen. Delbert Langford, associate agronomist, conducted the tests. Data on the tests are reported in Research Report No. 46, issued by the Foundation.

Four fertilizer treatments out of the 15 compared showed significant yield increases. These were 40-0-0, 40-40-0, and 40-120-0. None of the fertilizer treatments had any effect on micronaire or strength of fiber. The basic fertility level of the soil was quite high. Rainfall of 13.87 inches and 11.9 inches of irrigation was received during the planting to harvest period.

New tests designed to measure the carry over of nitrogen and phosphate from year to year have been initiated this year. These tests will be conducted for a period of not less than three years.

The financial tycoon's day was too much to bear. Climbing into his limousine, he told his chauffeur: "George, drive over a cliff. I'm committing suicide."

Johnson Grass Control Profitable On High Plains

More High Plains cotton growers are benefitting from mechanization—including use of herbicides to control Johnson grass and other weeds—in producing top-notch, profitable cotton year-in and year-out.

This is the report from growers who have combined effective chemical weed control with similar advanced technical practices over the past few years.

Many resourceful cotton growers again are planning a complete program of Johnson grass control for 1962, aiming their efforts at the principal sources of new infestations of this persistent perennial, seedlings and rootstalks. Both seedlings and sprouts are highly productive, propagating not only in the spring but throughout the growing season.

In Texas alone this aggressive perennial grass infests over five million acres of cropland—nearly one-fourth of total harvested acreage.

An effective low-cost method of chemical treatment is with a recommended herbicide which penetrates heavy wax coatings of mature plants, enabling the chemical to destroy the leaves and seep into the plant and extinguish rootstalks. Cost for four or five applications during the year runs between \$6 and \$9 per acre. In controlling heavy growths, the cost will be slightly higher.

Recommendations call for one to two percent herbicide mixed with kerosene or diesel oil. Even with such light concentrations, research point out, it is highly effective, killing not only the leaves, but root systems as well.

Authorities note that repeated applications, up to three or four during the eight-week period after sprouting, give the most effective control of Johnson grass. Initial treatment usually is made when young shoots are four to six inches high, since the older the plant becomes, the more resistance it develops to herbicides. Generally, with applications on mature plants, there is more "top" kill and less complete control because of plant hardness.

Many growers have found that application practices vary during

News From The First Baptist Church

Glorieta
We are approaching the time when a number of people or our church will be going to Glorieta. Reservations have been made and many are looking forward to this time of inspiration and fellowship. Make your plans now; the date is June 21-27 which will be a Training Union week.

Mission Report
The Abernathy Baptist Latin American mission met in the new building for the first time May 13. The building is not quite complete, but will be in the near future. Future plans are that when the building is completed, there will be an open house at which time everyone will be invited to see the building and renew our interest in this great area of work. Their Sunday School attendance was 51 and Training Union 30.

Vacation Bible School
On Saturday May 26, First Baptist Church will observe Preparation Day and parade for the Vacation Bible School.

Camp Dates
Speaking of G. A.'s reminds us that it will not be long now until time for our summer camps. Please check your calendar and make plans for the dates pertaining to you and your family.

Change In Date
Youth Fellowship scheduled for May 27 will be changed to Sunday night, June 3.

the growing season. Scattered seedlings and new shoots up to six inches high receive treatments at the crown. Plants approaching boot stage or nearing bloom receive applications on the lower eight inches of grass stems. Blooming plants should be cut to eight inches, with treatments covering the stems and crown.

Since cotton is susceptible to injury, researchers point out that use of gravity flow sprayers cuts back risk to the growing crop, while at the same time effectively checking Johnson grass infestations. Heavier growths can more readily be curbed with tractor-mounted equipment. One or two drums can be mounted to the rear of the tractor. Growers with a limited weed problem employ knapsack sprayers to pinpoint applications.

Tips Given On Lawn Care

One of the best ways to have a beautiful lawn this summer is to start planning for it now. Charles Cyfert, Associate County Agent, says you need to watch all management factors because neglecting one may keep you from having an attractive lawn.

Lawn fertilization should be done according to soil test recommendations. Cyfert points out, however, that you apply a complete fertilizer in the amounts to supply two pounds of actual nitrogen per 1000 square feet. Whichever method you choose, the fertilizer should be applied about the time the grass begins to grow. This should be done in the fall, 30 days before frost. Throughout the summer, at 30 to 40 day intervals, the lawn should be top-dressed with nitrogen at the rate of one pound per 1000 square feet. In some cases, especially for bluegrass lawns, the application of chelated zinc or iron is most beneficial to prevent yellowing.

Another thing that will detract from lawn beauty is the presence of weeds. One of the best defenses against weeds is a thick, vigorous growth of grass. Weeds can also be controlled with chemicals. For chemical recommendations and

application rates, ask your county agent for a copy of L-425, "Chemical Weed Control on Lawns."

Lawns should also be mowed regularly, points out Cyfert. Bermudagrass should be kept at a height of about 1 to 1½ inches, and St. Augustine and bluegrass at about 1½ to 2 inches. No more than one inch should be removed at a time.

Lawns should be watered when the grass begins to wilt, says Cyfert. Then they should be soaked to a depth of 6 inches or more. Heavy watering this time of year is also beneficial. Cyfert points out, since we have had very little winter moisture.

If you start now, and continue managing your lawn through the summer, you can be the envy of the neighborhood. Local county agents can supply additional information on lawn management and care.

DON JONES TO EDIT SLATONITE DURING SUMMER

Don Jones, a student at Texas Tech, is to serve as editor of the Slaton newspaper, The Slatonite, during the summer months. A former staff member of The Abernathy Weekly Review, Don is a son of Mr. and Mrs. Ward Jones of Abernathy. He is a 1959 graduate of AHS.

Bindweed Is Being Sprayed In Hale County

The Hale County Noxious Weed Control District's spraying rigs have been in full swing treating bindweed on Hale County farms; county roads; and highways since April 1. The bindweed are blooming early this year and within the next few weeks will set seed.

Many new patches of bindweed have made their appearance this spring. Farmers must keep a constant vigilance to assure that, if and when seedlings appear, they are cut off before they become six-weeks old, at which time they take on perennial characteristics with a deeply penetrating root system. New patches are relatively easy to eradicate the first year with soil sterilants if treated before the root systems are fully developed.

Requests for the use of the weed district's equipment for

spraying are unusually heavy, therefore, it will be impossible for the equipment to spray all the areas requested before the bindweed set seed. Individuals having infested land are reminded that one setting of bindweed seed can result in a seeding problem for as long as forty years. Unless the bindweed is to be treated soon they should be plowed to prevent their making seed, particularly on farm land and county road right-of-ways. The state does not allow plowing on highway property.

THANK YOU

We, Mr. and Mrs. S. H. Lebow and families, wish to thank our church and pastor here and the churches and pastors at Lubbock and Snyder, Texas, and Whittier, Cal., for their prayers, visits, gifts, flowers, cards, and food, sent and brought to our home during my hospitalization. May God's richest blessings be to each of you and yours. In Christ's name.

Mr. and Mrs. S. H. Lebow and children and families.

JEANNE SMITH, left, Petersburg High School Junior, winner of Seminar trip to Oklahoma Christian College, and Myra Dianne Kimball, AHS student, who also participated in the contest.

Miss Jeanne Smith, 16, daughter of Mr. and Mrs. Donald Smith of Petersburg has been selected as the Hale County Farm Bureau participant to the Oklahoma Citizenship Seminar July 9-13, at Oklahoma Christian College. Miss Smith, a junior at Petersburg High School was selected from five students representing the high schools of the county at a selection program at the Hale Center High School May 3.

The Hale County Farm Bureau is furnishing tuition and transportation to send Miss Smith to attend a five day conference dedicated to presenting a true picture of our American Heritage and the part each individual has at stake.

The conference will feature noted speakers among whom are:

Dr. George S. Benson, Pres. Harding College, Searcy, Ark.; Dr. Nicholas Nyaradi, Chr. Dept. Social Studies, Bradley College; John Noble, an American citizen who spent seven years as prisoner in a Russian slave labor camp; and

D. Clifton Ganus, Chr. Dept. History, Hardin College.

Other activities of the conference will include lectures, group discussions, tours of government and military installations, camp fire programs, athletics and banquet.

Students entering the selection were chosen on the basis of scholarship, leadership, character and were among the highest academic students in their classes. The other students taking part and the high schools represented are:

Cindy Graham, daughter of Mr. and Mrs. Robert Graham, Plainview;

Myra Dianne Kimball, daughter of Mr. and Mrs. James H. Sills, Abernathy;

Shirley Nixon, daughter of Mr. and Mrs. J. R. Nixon, Cotton Center;

Danny Oliver, son of Mr. and Mrs. R. D. Oliver, Hale Center.

The selection committee was comprised of Dr. John G. Chapman, head of Dept. of History, Wayland Baptist College, Plainview; Vance Clapp, Chr. Div. of Professional Studies, Wayland; John P. Mason, Field Representative, Lubbock Christian College.

Serving as the Farm Bureau committee were Bruce Rigler and Raymond Akin.

FB Queen Contest Set For June 28

The annual Hale County Farm Bureau queen contest is set for June 28, Clayton Terrell, president of the county organization said.

The pretty entries will vie on the stage of the Estacado Junior High School, Plainview beginning at 8 p.m.

Farm Bureau members directing the contest are Manuel Ayers, chairman; Mrs. Robin Taylor, Home Demonstration Agent; Miss Gena Brazzae, assistant home demonstration agent; Ollie Limer, county agent; Mrs. Bayne McCurry, Mrs. S. M. True, Jr., Mrs. Clayton Terrell and John I. Bowling.

Single girls age 16-22 (sixteen by September 1, 1962 and not over 22 September 1, 1962) who are daughters or sisters of Hale County Farm Bureau members actively engaged in agricultural production are eligible to enter this contest, Terrell said. Individual entries are welcome, but all boys and girls 4-H Clubs, FFA and FHA chapters, home demonstration clubs, Young Farmers' organizations, civic clubs, and others are urged to sponsor an entry in this contest. The organization sponsoring the county winner will receive a \$25 cash award.

First place award in Hale County will receive an award valued at \$50. All district winners and an attendant for each, will receive an expense paid trip to the state convention. State Farm Bureau queen and matron escort allowed \$500 expenses to American Farm Bureau Federation convention, Atlanta, Georgia, in December. All district queens will receive a beautiful watch.

It is expected that twenty to twenty-five entries will be received with each community in Hale County represented.

The mountaineer found a small mirror, the first he'd ever seen. He looked into it and said with surprise: "By cracky, it's a pitcher of my old pappy." Sentimentally, he hid the mirror under the bed. His wife saw him hiding it, and when he left the house, she took the mirror, looked into it, and snorted: "So that's the old hag he's been chasing."

Rebekahs In Meeting Here

Rebekah Lodge 170 met recently with 25 members present and four visitors.

Our new District Deputy President Vern Shields of Plainview, made her official visit. Also from Plainview were Lois Bishop, Velma Garner and Willie Mae Robertson. Sister Shields presented the program for the assembly president Leona Sheppard.

Sister Vern Shields will hold a school of instructions in our Lodge in June.

A salad supper and refreshments were enjoyed by the following:

Messrs. and Mmes. John Marsh, Marvin Toler, Robert Totty, H. T. Peters, Hilburn Barrick, Finus Hill, W. D. Morgan, Bryan Phillips, and Mmes. Vernon Loyd Teaff, K. W. Collins, Mary E. McPherson, Joe Hale, Eva Benn, J. U. Peel, J. A. Givens, Aunt Manna Struve and Miss Elizabeth Goebel.

Mrs. John Marsh, reporter.

A doctor was called in to see a very testy aristocrat. "Well, sir, what's the matter?" he asked cheerfully.

"That, sir," snapped the patient, "is for you to find out."

"I see," said the doctor, "I'll call in a veterinarian. He's the only one who can make a diagnosis without asking questions."

News About Men In Service

Fort Polk, La.—Army Reserve Specialist Four Donald W. Attebury, son of Mr. and Mrs. E. H. Attebury, Route 1, Abernathy, is participating with other personnel from the 808th Engineer Company in Exercise Iron Dragon in Louisiana. The exercise is scheduled to end May 15.

During Exercise Iron Dragon, the largest field maneuver to be held in the U. S. this year, nearly 20,000 troops will move across 1,300 square miles of Southwestern Louisiana maneuver ground. With blank ammunition for rifles and tanks, artillery simulators and gas grenades, friendly forces will be engaged in battle against an "Aggressor" force under simulated combat conditions. This exercise is part of the Army's continuing operational readiness training.

Attebury is a pipeline specialist in the company, an Army Reserve unit which was recalled to active duty and is assigned at Fort Polk.

The 23-year-old soldier is a 1957 graduate of Abernathy High School.

On an old temple wall was found this picture: A king forging from his crown a chain and, nearby, a slave making of his chain a crown. Underneath was written, "Life is what one makes it, no matter of what it is made."

"we'll eat out tonight," said Redgie Beeson,
12-year-old daughter of Mr. and Mrs. C. B. Beeson, after surveying
the fire damage to the kitchen of their home. Abernathy firemen
were called at 7 p.m. Thursday when cooking fat in a skillet on
the stove caught fire while Mrs. Beeson was out of the room. "Mrs.
Beeson would make a good fire-fighter," said Truman Richerson,
Abernathy fire marshal. "She had everything under control when
we arrived," he added. She used a garden hose attached to an out-
side faucet to fight the blaze. The Beeson farm home is on the south
side of FM 54, about one-fourth mile east of Lakeview. (Rev-Photo)

News From The Church Of Christ

Vacation Bible School

This time next week, our school will be almost over for another season. Doesn't "Time" fly? What did you do to make our Bible school a success? (May 28 - June 1).

L. C. C.

The third Young People's Lectureship of L.C.C. will begin June 4-7. There will be recreation Lectures, Choruses, panel classes, and Special events. Registration will be 2:00 - 5:00 p.m. Sunday, June 3. (Expenses, room, board, fees—total of \$12.00).

Joe Gomez

Bro. Gomez will be speaking for our Spanish congregation this coming Monday, May 28 - June 1. Plan to attend. The meeting will

Mrs. L. J. Hager To Present Students In Recital Here

Mrs. L. J. Hager will be presenting Junior High and High School students of Piano in Recital, Sunday, May 27, at 2:30 p.m., in the auditorium of Abernathy First Baptist Church.

Those to be presented will be: Dennis Strickland, Jerry Brightbill, Darryl Brightbill, Janie Pearce, Jim Davis, Peggy Davis, Mary Kay Berutti, Toni Turpin, Evan Evans, Mike Skipper, Steve Skipper, Kay Powell, Steve Guerrant, Larry Guerrant, Janet Rhodes, Beverly Spruiell and Joyce Spruiell.

The public is cordially invited to attend.

Thought of The Day

"The greater the obstacle the more glory in overcoming it."

County Line Chit Chats

The County Line Quilting Club met with Mrs. G. W. Manley Thursday, May 17.

Members present were Mmes. Helen Klafka, Frances Hudson, Mary Lyn Rice, Lona Goodrich, Minnie V. Presley, Helen Crow, Wilma Exum, Audrey McGuire and a visitor, Mrs. Manley, from Anton. The next meeting will be with Mrs. Martin McGuire, Thursday, May 31, at 1:30 p.m.

Mr. and Mrs. Luke Klafka were visitors in the A. H. Klafka home Sunday.

Mr. and Mrs. G. W. Blackmon were in Ropesville last week to visit their son and family, the Donald Blackmons, and to attend the 8th grade graduation of their granddaughter, Donnie M a y e Blackmon Thursday night.

Mr. and Mrs. Marvin Floyd and daughter, Phylis, were in Fort Worth and Arlington last weekend. They visited and enjoyed very much The Six Flags Over Texas Saturday, and returned home Sunday morning.

Visitors in the Marvin Stephens home Sunday were Mr. Stephens' family, his mother and father from Lubbock, Mr. and Mrs. Doc Haile from Farwell, Mr. and Mrs. G. W. Simpson of County Line, Mr. and Mrs. Donald Mouser from Farwell, the Bob Riley family from Abernathy, Mr. and Mrs. Reggie Stephens from Anton, and the Darrell Stephens family.

The airplane pilot addressed his passengers over the intercom system to tell them he had lost his way. He explained that the radar was not working, his radio beam could not be picked up and the compass was broken. "But," he added encouragingly, "you'll be glad to know we are making very good time."

NEW HIGHWAY, NEW CROSSING—This is the new FM 2960 Highway that is being built from Abernathy to the airport section. It extends from the east service street of the freeway in Abernathy east about five miles, terminating at the southeast corner of the airport section. Drainage structures and base work have been completed on the new highway, and it is ready for the topping operation, which is expected to start this month. Shown in this picture is the railroad crossing for FM 2960. The new highway will cross the main rail line through town and three switching tracks, a short distance south of the Santa Fe station. At left in the picture is one of the grain storage structures of Co-op Grain Co. When FM 2960 is completed, the 7th Street railroad crossing by Plains Grain Co. will be closed to traffic.—(Review Photo)

Local Farmer Contracts With GPC Program

The Great Plains Conservation program, public Law 1021, is intended to help speed up the objectives of the total Great Plains program developed by the USDA in cooperation with the Great Plains agricultural council. The total program includes cost sharing, credit and technical assistance in soil and water conservation. As a new tool of the total Great Plains program, the Great Plains Conservation program supplements existing activities and does not replace any of them.

This program is based on a conservation plan of operations covering the entire farm or ranch. Each acre of land is treated according to its needs and is used for what it is capable. In some cases this would require a land use change. Example would be converting old cropland to pasture. Under this program the Federal cost share would cover about 80 percent of the cost of doing this. Land use changes are emphasized along with wind-erosion control and moisture conser-

vation and management practices that in combination will provide the most enduring conservation benefits.

The purpose of the program is to help minimize climatic hazards and protect your land from erosion and deterioration by natural causes.

Practices eligible for cost sharing include: Establishing permanent plant cover, improving range cover, planting trees or shrubs for windbreaks, establishing waterways, building terrace systems, chiseling or pitting of rangeland, constructing wells for livestock, installing irrigation pipeline, fencing and controlling brush. All of these practices would not apply to any one farm. You and your Soil Conservation Service Technician will have to develop a plan and decide which of these measures are needed on a particular farm.

Great Plains contracts developed in Hale County this year include Don McKenzie, Abernathy; E. R. Edwards, Happy Union; Lewis Clements, Harry Igo, Henry Duncan and Alton Dixon in the Plainview area; and C. E. White, Joe Temple and Jason Allen in the Hale Center and Cotton Center area.

We've got **GAS** air conditioning at our house!

Boy, it's the MOST! It does more than just COOL, too. It circulates, ventilates, dehumidifies and cleans the air. Oh, and it HEATS in winter... I almost forgot! Mom says it's a lot easier to keep house, now, because there ain't... I mean "isn't"... as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla Servel. An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla Servel Sun Alley, too. Say, ain, I mean "isn't," that a funny name for an air conditioner!

For sales, service or information, just call...

A mother pigeon was exasperated with one of her squabs, which was chicken about flying. The mother laid down an ultimatum: "Either you learn to fly today or I'll tie a string on you and tow you."
"But, mother," protested the little pigeon, "I don't want to be pigeon-towed."

Working for Texas
Meet a fellow Texan: Preston Smith.
Preston Smith's story is in the best Texas and American tradition—a farm boy who worked his own way to an education and a place of honor in his business and community life.
Born in the heart of Texas, at Georgetown, he moved with his family to Dawson County in 1923 when he was 10 years old. He went to school at Sunset, Lamesa, and Texas Tech. In his adopted home town of Lubbock, with his wife Ima and their two children, he now carries out the full responsibilities of a typical Texas business and civic leader.
A steward at St. John's Methodist Church—member of the Salvation Army Board, the Kiwanis Club, the Chamber of Commerce, the Texas Farm Bureau—these are some of the activities close to the heart of Preston Smith, citizen.
He did not stop there. In his daily pursuits Preston Smith came to realize that business and government are closely related in the American system—and that without good government we cannot have a favorable climate for good business. A man of direct action, Preston Smith went into the business of government. He served six years in the Texas House of Representatives and six in the Senate.
Senator Smith has supported sound statewide legislation for better schools, roads, welfare and conservation. He took the lead in establishing a permanent building program for state colleges. He had the integrity to support necessary state spending and the courage to oppose extravagance and waste. In government, as in business and at home, Preston Smith believes in meeting our obligations and paying our bills.
Having proved himself as one of the best-rounded, best-equipped, best-informed and most highly respected Texans in both his private and public careers, Preston Smith was a logical candidate to succeed Ben Ramsey as Lieutenant Governor of Texas.
Voters in 102 counties gave Preston the lead over four opponents in the first Democratic Primary. Now he is in the runoff. He got there without the support of any self-serving group or power bloc. His opponent has the endorsement of labor leaders and other special interests who want to dominate our state government.
Preston Smith asks only for the votes of individual Texans who want a Lieutenant Governor without any strings attached. He is depending on independent-minded Texans everywhere to vote for him on June 2.
Elect your independent candidate for Lieutenant Governor—
PRESTON SMITH
