Preliminary Checks Are Held On 38 Soap Box Entries Here

Derby Races In Lubbock July 16th

Thirty-eight Soap Box Derby enthusiasts went through preliminary inspection of their racers Friday afternoon at Reid Chevrolet here and thus became the first boys in the Lubbock race to qualify.

Many of the cars were complete and most of the others lacked only finishing touches. Quality was high throughout, inspectors said.

Attendance at the preliminary inspection is mandatory for the first time this year.

All boys then will have a week to finish their racers before the final inspection is held at 1 p.m. July 14 at Modern Chevrolet. Following the final inspection, the cars will be impounded until Derby Day next Monday, July 16.

The Derby is being sponsored for the 15th consecutive year in Lubbock by The Avalanche-Journal, Modern Chevrolet and the Exchange Club, all of Lubbock.

The Derby Race site is on Avenue A, Highway 87, in North Lubbock, where it has been held in previous years.

An Avalanche-Journal photographer will take pictures of the finish of all races. The pictures will be on sale.

Ed Crow, sales manager at Reid Chevrolet and local Soap Box Derby official, announced that Abernathy is again planning a strong bid in the annual South Plains Soap Box Derby race.

Abernathy, which features the largest number of Derby contestants of any town in the world its size, now has 38 representatives entered in the 1962 version of the "greatest amateur racing event in the world."

Last year Abernathy, which has been called "the South Plains' hottest Soap Box Derby town," had 43 representatives in the Lubbock race.

Winner of the Lubbock race will receive a Champion's Trophy, a \$500 savings bond and an expense-paid trip to Akron, Ohio, Aug. 4 for the All-American Soap Box Derby and a chance to win even greater prizes there.

Winners in various other categories also will be named in the Lubbock race and they, too, will receive prizes.

Nazarenes To Open Revival Here Tonight

The Summer Revival at Abernathy Church of the Nazarene will begin Thursday (tonight) at 7:30. It will continue through July 22. Rev. H. B. Dean, pastor of Houston First Church of the Nazarene, will be the evangelist. Rev. Dean has pastored Churches of the Nazarene in Kentucky, La. Mesa, Fort Worth, and Houston. He has been in Houston since 1958.

While on the Abilene District, he was district secretary and served on various boards and committees. Rev. Dean has spoken in Abernathy for one other revival.

Rev. Wales Lankford of Colorado City will be the singer for the meeting. Rev. Lankford is pastor of the Church of the Nazarene in Colorado City, where he has been serving since 1960.

Services are to be held at 7:30 each evening this week and at 9:45 a.m. and 6 p.m. on Sundays. Evening services next week are to be at 7:30 and morning services at 10:30.

The church and its pastor extends a cordial invitation to its friends to attend this revival.

10 Arrested Here Sunday

Abernathy city policemen arrested ten persons in town Sunday, and worked a car wreck and fire north of the city limits until highway patrolmen arrived. Policemen John Marsh and Joe Don Davis worked from 5 a.m. until 11 p.m. Sunday, beginning with the wreck. (See pictures on page four and page five in this paper.)

Four persons traveling through Abernathy were arrested at Peters Mobil Service at 11 a.m. Sunday. All Anglo Americans, the one man and three women, ranging in ages from 19 to 23, were lodged in county jail in Plainview. They stopped at the Mobil station for gasoline. While there, they created a disturbance. When they were leaving the driveway of the station, the car was placed in reverse gear and backed into one of the gasoline pumps.

A variety of charges were expected to be entered against the four, ranging from DWI to possible possession of "dope." Apparently, they were drunk on alcohol and/or under the influence of narcotics. A double-barrel shotgun was found in the car trunk. One of the women had a loaded .45 automatic pistol in her handbag and another one of the women had a loaded .25 automatic pistol in her handbag.

Seven Latin American males, ranging in age from 16 to 21, were arrested here Sunday, with one or more of these charges filed against them:

Charges of being drunk, 2 charges of resisting arrest, 2 charges of carrying prohibited weapons (see picture on page four) and 4 charges of disturbance by fighting.

It was a busy Sunday for two policemen!

A ladies white leather handbag was turned into the police department.

QUIET FOURTH

City Policemen John Marsh and Joe Don Davis reported a quiet 4th of July in Abernathy. There was no police activity, "not even a traffic ticket," they said.

Red Raider Club To Sponsor Public Meet Here Tonight

The Red Raider Club, booster group for Texas Tech athletic activities, will sponsor a meeting in Abernathy at 8 p.m. Thursday, July 12, it was announced by Pete Thompson, a member of the local committee on arrangements. The meeting, which is open to the general public, will be held in Graham's Restaurant private dining room.

Serving with Thompson on the local committee are J. L. Irish and Tommie Brownlow.

The meeting is open to friends of Texas Tech who are interested in its athletic program. Ladies have a special invitation to attend the July 12 meeting here.

Members of the Tech coaching staff will speak during the meeting at Graham's. They will explain how the athletic program works, and will brief those attending on prospects for upcoming football and basketball seasons.

Leete Jackson, Lubbock, executive vice president of the Red Raider Club, is working with the local men on plans for the meeting here. This is but one of ten such sessions being held in towns in an area bound by Amarillo, Abilene, Midland, Hobbs, Lovington and Muleshoe.

Thompson said there would not be a solicitation for funds at the meeting here.

Si Peters Buys Cleaners Here

After this week, Lambert Cleaners will have new owners and operators, and a new name, City Cleaners. H. T. (Si) Peters bought the lot, building and equipment from U. L. and Sook Moreland. He will lease the property and facilities to his wife and Mrs. Tom Hernandez, who will operate City Cleaners as a partnership.

Mrs. Peters and Mrs. Hernandez have moved the Sewing Center, which they opened here earlier this year, to the City Cleaners building at 910 Avenue D. They will continue to operate the Sewing Center along with City Cleaners.

Mr. and Mrs. Herman Lambert have been operating Lambert Cleaners under lease from the Morelands since 1953. They will end their interest in the firm this weekend.

Herman Lambert is to assume the duties as acting postmaster in Abernathy post office. He will begin that work following the close of post office business Friday afternoon.

Miss Bilbrey Is Lions Sweetheart

ELAINE BILBREY

Miss Elaine Bilbrey, who will be a senior student in Abernathy High School this fall, has been named Lions Club Sweetheart. It was announced by Lion Boss Ted Hill. She will be the Club Sweetheart here during the 1962-63 Lion year. Miss Bilbrey is the daughter of Mr. and Mrs. A. E. Bilbrey, 809 Fourteenth Street.

Lambert Will Begin Postal Duties Friday

Following close of business Friday at Abernathy post office, Herman Lambert will be checked in as acting postmaster. If all is well after a probationary period of a few months, Lambert will be postmaster instead of "acting" postmaster.

Herbert Hardin, who did not seek the postmaster position, has been acting postmaster since Sept. 14, 1957. After Friday, he will resume his permanent classification as a postal clerk.

Mr. and Mrs. Lambert will terminate their tailor shop business Saturday night. New operators of the shop, which will be City Cleaners, will be Mrs. Tom Hernandez and Mrs. H. T. Peters.

Geon Nunn, who has been a clerk in the post office the past few months, will begin his duties as parts man at Abernathy Motor Company Monday.

Young Farmers, Families Plan Picnic, Ski Trip

Members of Abernathy Young Farmers organization and their families are to meet at Buffalo Springs Lake near Lubbock at 10 a.m. Monday, July 16, for a picnic and water ski outing. Each family is to take a basket lunch.

A program on irrigation was featured at the Monday night meeting of Young Farmers in the AHS Ag. department. About 25 persons attended, said Y. F. Snodgrass, reporter.

The August meeting of Young Farmers will be on the third Monday night, August 20, instead of the regular second Monday. The change in date was for the convenience of the one to be on the program. A Texas Tech professor is to give a farm shop program at that meeting.

Rites Sunday For George E. Allen

Funeral services for George E. Allen, 77, resident of Littlefield, were held Sunday, July 8, at 3 p.m. Sunday in Ropesville Church of Christ.

Allen died at a Lubbock rest home at 4:10 p.m. Friday.

Garnie Atkisson, minister of the Ropesville church was assisted by James Wilbanks, minister of the Northside Church of Christ, Lubbock, at the services. Burial was in Resthaven Memorial Park, Lubbock.

Grandsons of Allen were pallbearers.

Survivors are four sons, Howard Allen of County Line, Garland Allen, Ozona, H. O. Allen, Big Lake, and Dale W. Allen, Houston; three daughters, Mrs. A. L. Senn, 2810 2nd Pl., Lubbock; Mrs. J. L. Thomas, Rt. 3, Lubbock; and Mrs. E. N. Exum of Ropesville; a sister, Mrs. J. H. Miller, Stephenville; 19 grandchildren and 15 great-grandchildren.

PLAINS GRAIN CO. IS DISTRIBUTOR

Plains Grain Co. is local distributor for Texas Livestock motor oils and greases. The products are offered in quantity lots at lower prices. See Plains Grain Co. ad on page four in this paper for further information.

BURNED BY FIREWORKS

Aline Story, 15-year-old daughter of Mr. and Mrs. W. A. Story of Abernathy, sustained painful, but not serious, burns on her face and arm July 4, in a fireworks mishap at Petersburg. She was inspecting a faulty fireworks piece and it "went off" as she was looking at it. The accident happened outside a fireworks stand she was operating at Petersburg for her father. Employed in a cafe at Lubbock, she was able to return to her work there the next day after the accident.

Queen "Graduates" With 1st and 3rd Place

DENNIE EDWARDS & QUEEN—This team took two trophies at Lubbock Sunday in an obedience "graduation" show at the Texas Tech livestock pavilion. Dennie, son of Mr. and Mrs. John Edwards, had been working with Queen, an 8-month-old registered German Shepherd female, in an obedience school. The school was conducted by the Lubbock German Shepherd Dog Club, with "graduation" Sunday as the closing event. Dennie worked with Queen for eight weeks in the school. They brought home two trophies from Sunday's event in Lubbock. Shown in the foreground in the picture, trophies are, left, first place in the puppy class, and third place in the field.

TUCO Adds Three New Employees In Past Three Months

Southwestern Public Service Company's TUCO Power Plant, three miles north and one mile east of Abernathy, has added three new employees during the past three months. The three new members of the "TUCO family" are Bob Drace, Pete Knox and Richard Havens. All three are auxiliary operator trainees.

Drace, who began working at TUCO in early April this year, had previously been employed for the past 13 years at Struve Mercantile Co., International Harvester dealership here. He was parts manager of that firm at the time he resigned to begin work at TUCO.

Drace is married to the former Miss Mary Moore, and they have two children, Mona Lyn, 15, and Billy Bob, 12.

Pete Knox, who had been employed by Rainbo Bakery of Lubbock for the past three years, began working at TUCO the latter part of May. He is a graduate of Abernathy High School, and was previously employed at Joe Thompson Implement Company and Higginbotham-Bartlett Company here, before joining the Rainbo firm.

Knox is married to the former Miss June Crow and they have two daughters, Debbie, 4, and Denise, 2.

Havens, the latest addition to the TUCO force, began his duties at the plant July 2. He moved to Abernathy from Tahoka in Aug., 1956, and was employed at the Review office for the next nine months. Returning to The Review after serving a two-year hitch in the U. S. Army, Havens was named editor in June, 1959, and served in that capacity until his resignation last month to begin working at TUCO.

Havens and the former Miss Vicki Davenport were married in November, 1956, and have two children, Mark, 4, and Jill, 17 months.

Bernhardt Transfers Gene Bernhardt, former TUCO employee, last month transferred to Plant X in the Sudan-Earth area. He had been employed at TUCO the past two years.

J. B. Fowlkes Dies Friday

Funeral services for James B. Fowlkes, 79, who died at 6:30 p.m. Friday in Medical Arts Hospital in Littlefield, were held Sunday afternoon in Hammonds Chapel there.

Officiating was the Rev. Robert Longshore, pastor of Littlefield First Baptist Church, and burial was in Littlefield Cemetery.

A retired farmer, Fowlkes was born Jan. 22, 1883 in Arkansas. He moved to Littlefield from Abernathy in 1939.

Survivors include his widow, Mrs. Mattie Fowlkes; one daughter, Mrs. Melvin Mears of Littlefield; four grandchildren; one brother, Houston F. Fowlkes of Rockport; one sister, Mrs. Dora Harrison of Stephenville, Mrs. Margaret Dean of Comanche and Mrs. Ethel Baker of Clovis, N. M.

Mr. and Mrs. Finis Robertson of Abernathy attended the funeral of Mr. Fowlkes.

CHANGE OF COMMAND

This photo was made July 2, when new officers of Barton Hood Legion Post were installed. Danny F. Ward, left, the retiring commander, is passing a gavel to his successor, George Reagan. In the background are other past commanders of the American Legion Post here.

A Dutch supper was served to Legion members and their ladies at the July 2nd meeting. The Legion meets the first Monday night of each month. Prospective Legion members are welcome to attend. (Photo by Ted Hill)

Charles Jenkins Is Assigned As Hale Juvenile Case Worker

Charles E. Jenkins has been assigned as juvenile case worker with the Hale County Child Welfare Unit. The additional worker in the welfare department was approved during a meeting of the Commissioner Court held in Plainview.

Jenkins recently completed his first year of graduate social work at the University of Tennessee. His undergraduate training in social work includes a Bachelor of Arts degree in sociology from Southwestern State College in Durant, Okla. While at the University of Tennessee his field placement was working with the juvenile court in Knoxville. Prior to starting his graduate work, Jenkins was employed in child welfare work for two years at Abilene and Dallas.

In his present assignment he will work with dependent, neglected and abused children, and the licensing of foster homes. Some work also will be done by Jenkins with pre-delinquent adolescent children.

According to Jenkins, the Regional Child Welfare Supervisor, Sam Granato, feels there is still a need for foster homes in this area and a great need for baby furniture to be used by children now placed in these homes.

Jenkins and his wife, Kay, will reside at 408 W. 9th Street in Plainview.

Masons Plan Installation Of New Officers

G. D. Clapp is to be installed as Worshipful Master of Abernathy Lodge No. 1142, A. F. & A. M., at the stated meeting which begins at 8:30 tonight (Thursday). Vernon Bartlett is to be the installing officer, and Ray Willis will be installing marshal.

Mr. Clapp will follow Cecil McCurdy as head of the Lodge.

Other officers to be installed tonight are: L. G. Deering, Senior Warden; Clarence J. Davis, Junior Warden; L. L. Duckett, treasurer; Cecil McCurdy, secretary; Herman Lambert, Tiler; George Hughes, Senior Deacon; Buford Conn, Junior Deacon; Truman Richerson, Senior Steward; James A. Bruce, Junior Steward.

The new officers are to be installed in an open ceremony. Tentative plans are to have the installation July 12.

YANKEES HONORED WITH WEINER ROAST

The boys on the Yankee baseball team were honored with a weiner roast Friday evening by their parents in the backyard of the Mayo Loper home.

Those attending were Scott Hill, Nick Patterson, David Bray, Rodney Huffaker, Mike McCaughy, Tony Loper, Kelly Attebury and Bobby Rogers.

The boys received some excellent training this summer from their coaches, Waydelle Hill, Bob McAlister and Ray Sanderson.

E. B. Van Meter of Rockdale is visiting here in the home of his sister, Mrs. B. F. Taylor.

Winners Listed In Golf Meets At Rec Center

Paul Noland and Ray Sanderson placed first in the Men's Division of the Membership Partners Golf Tournament held at Abernathy Recreation Center Saturday and Sunday. They had a net score of 134. Second place was won by Marvin Struve and Curtis Lebow with 143. Ted Wayne Watts and Lloyd Edwards tied with Golden Ferguson and Vic Struve for third place with 145.

Nineteen partnership teams were entered in the 18 hole tournament.

In the women's division of the tournament, playing 9 holes each, Mrs. Lindell Myatt and Mrs. Herbert Hardin won first with 65, Mrs. Charles Ray Owens and Mrs. Buford Davenport won second with 66, Mrs. Harold McCune and Mrs. Waydelle Hill won third with 68, and fourth was won by Mrs. Charles Wilson, and Mrs. Morris Kerr with 70.

Ten partnership teams were entered.

First place prizes were nylon golf jackets, second prize banon golf shirts, third score counter and accessories, and fourth place prizes were golf balls. Prizes were won by Mrs. Myatt.

Lower ARC pro-shop.

A Men's City Open Golf Tournament will be held August 17-18-19 at ARC announced Harold McCune. The tournament will be open to both members and non-members.

Baseball Meet Set At Graham's For Monday Night

Melvin Rape announced a meeting of Abernathy Baseball Association for 7:30 p.m. Monday, July 16, in Graham's Restaurant private dining room. Parents of all boys engaged in the summer baseball program here are urged to attend.

Eagles Beat Aztecs, 8 - 7

The Eagles, Abernathy's team in the South Plains Latin Baseball League, edged the Lubbock Aztecs, 8 to 7, in play here July 1. After that game, the Eagles held a 3-game lead in League play.

Bobby Cuevas, who plays with the Abernathy Eagles, also is a member of the Walsh Bombers in a Lubbock league. He played in the Lubbock All-Star game in that city July 4.

The Eagles defeated the Lubbock Road Runners by a score of 6-3 in Lubbock Sunday.

They will host the Lubbock Panthers Sunday, July 15 at the City Gin lot.

The Eagles now have 10 wins against 2 losses.

LIONS CLUB NEWS

Guest speaker at the Lions Club luncheon meeting here July 3, was Miss Mary Kay Berutti, daughter of Mr. and Mrs. C. J. Berutti. She gave a report on the Texas Associated Student Symposium held last month in Austin for high school science students. Miss Berutti, who will be a senior student in AHS this fall, attended the Austin event as a guest of Southwestern Public Service Company.

In the Tuesday meeting this week, Lion Boss Ted Hill introduced and welcomed two new members, the Rev. Carlton Thompson, new pastor of Abernathy First Methodist Church, and Golden Ferguson, manager of Big State Grain.

Guest for the day was John Graves.

Program chairman Noel Johnson called on Lions Club Sweetheart Elaine Bilbrey for several piano numbers, which were enjoyed very much.

Carl Barton, reporter.

City Seeks Bids On Improvements

Abernathy City Council, in regular session last week, voted to call for bids on improvements and equipment for the city. Items on which bids will be received are construction of a barn on 6th St. at Ave. H for city-owned vehicles and storage, a garbage-packer truck and a base radio station for police communications.

The barn would provide a place for storing items that now clutter the north side of the city square. The garbage-packer unit would replace the open-bed garbage truck that scatters trash over town on windy days. One of the most-needed city items is the base station for police radio communications.

Manager Applications

The Council has received about three applications for the city manager post to be vacated this week by Paul Noland, who goes to Los Alamos, N. M., in a similar position.

The Council appointed the following men on the Building Code committee: Arno Struve, J. L. Miller, Jr., Joe Thompson, Herbert Hardin, Hiram Vaughan and J. D. Webb.

The city is in "talks" with Hale County Commissioners Court on payments to the fire department for answering fire calls outside the city limits. Lubbock County pays the city fire calls made in that county.

The council voted to assess "actual cost" charges for tapping in new water connections larger than three-quarters of an inch.

Wilson Rules On Hale Road Query

Attorney General Will Wilson ruled that the Hale County Commissioners Court has the authority to establish a public road on private property if an investigation of a request for a road shows it would be of sufficient public importance to warrant taking the land in question.

The opinion was issued at the request of Hale County Attorney Steve Hurt who asked if the Commissioners Court could legally establish a public road if the applicant resides on land to which there is no public access.

The question by the Hale County attorney was prompted by the request of H. C. Ellis, farmer near Abernathy, for designation of a road giving access to his home site.

Ellis for some time used a road across a neighbor's property. Before the Attorney General's ruling was made Ellis and others concerned in the road arrived at an arrangement whereby the owner of the land across which the road extended received payment, Hurt said.

Wilson cited a Texas Supreme Court ruling which stated that commissioner's courts "are now authorized to declare a private roadway to be a public highway if the applicants therefore wish it to be done and have no means of access to their lands and premises."

The ruling deemed that it is "of public importance that every person residing on land be provided access to and from his land so that he may enjoy the privileges and discharge the duties of a citizen."

Noland Ends City Manager Duties Here

Paul Noland is closing out his duties as Abernathy city manager this week. He resigned last month to accept a similar position at Los Alamos, N. M., a city of some 14,000 population.

Noland has been city manager here since August, 1960, when he and his family moved here from Austin.

The Council has three or more applications under consideration for Noland's successor.

Junior Rodeo Set This Month In Lubbock Arena

Entry blanks are now available for the First Annual Lubbock Junior Rodeo, sponsored by the Lubbock Junior Chamber of Commerce, in Aull's Sports Arena. The indoor rodeo to be held July 19-20-21, is approved by the A.J.R.A.

The rodeo is open to boys and girls nineteen years old or younger and will be divided into three classifications, twelve years old and younger, thirteen through fifteen, and sixteen through nineteen. Many events have been scheduled for all classifications. Girls twelve years and younger can participate in the barrel race, pole bending, flag race and break-away calf roping. Girls thirteen through fifteen are eligible for the break-away calf roping, barrel race, pole bending and flag race. Those girls sixteen through nineteen will compete in ribbon roping, pole bending, barrel race and break-away roping.

Boys twelve and under may enter four contests, these being pole bending, break-away roping, flag race and barrels. The events offered for those thirteen through fifteen are tie-down roping, ribbon roping team, pole bending and barrels. Those sixteen through nineteen will compete in bareback bronc, ribbon roping, tie-down roping and bull riding.

Entries may be taken to Aull's Sports Arena, 3 1/2 miles south of the traffic circle on the Tahoka Highway in Lubbock, or may be mailed to Jack Aull, Route 4, Lubbock, Texas, or to the Lubbock Junior Chamber of Commerce Office, 1803 Broadway, Lubbock.

All entries must be received by 1 p.m. July 17, 1962.

Baseball Schedule

Following is the schedule for the two Abernathy teams in the Tri-County Baseball League:

Tri-County League
July 13—Petersburg, there. Until lights are erected here, Little League games will begin at 3:30 p.m., with the Babe Ruth games following at approximately 5 p.m.

Following is the season schedule for the Abernathy Little League (City League):
July 5—Pirates vs. Dodgers.
July 6—Colts vs. Yanks.
City League games are played at 5 p.m. on the school diamond west of the football stadium.

Ambulance telephone number in Abernathy: 298-2331.

Many Accidents Not Investigated

In Lubbock County for the year 1961 there were 381 accidents reported, and in Hale County 267. Of this number the Texas Highway Patrol investigated 320 in Lubbock County and 153 in Hale County, or an investigation rate of 84 percent for Lubbock County and 57 percent for Hale County. The Highway Patrol investigates every accident they are notified or aware of. The Texas Highway Patrol made 194 arrests in Lubbock County and 110 in Hale County in these investigations.

Other accidents that were reported and investigated by other sources were, Lubbock County 7, and Hale County 46. Accidents that were reported and not investigated were, Lubbock County 54, and Hale County 68, or 14 percent and 2 percent.

The driver of a vehicle involved in an accident resulting in injury to or death of any person shall immediately by the quickest means of communication give notice of such accident to the local police department if such accident occurs within a municipality otherwise to the office of the county sheriff or the nearest office of the Texas Highway Patrol.

The driver of a vehicle involved in an accident resulting in injury to, or death, of any person, or total property damage to an apparent extent of Twenty-five dollars or more shall within ten days after such accident forward a written report of such accident to the Texas Department of Public Safety. Any person who shall fail to make such a report shall be guilty of a misdemeanor and upon conviction shall be punished.

In order for the (3) E's; Education, Engineering and Enforcement to be carried out efficiently, these accidents must be reported to the investigating authorities. By doing so, the traffic safety education officials can educate the citizens in proper safety defensive driving measures. The engineer will have the information necessary for designing roadways and streets in order to reduce road and street hazards. And the enforcement officials can take proper measures in enforcement action to those who were in violation.

Cattle grubs annually take an estimated 100 to 300 million dollar bite out of the income of the nation's livestock producers. This pest can be controlled and local county agents can supply information on how to do the job, points out R. L. Ridgway, associate extension entomologist.

Betty Ann Sterrett Appointed General Aide Of 1962 Girl Scout Senior Roundup

Betty Ann Sterrett has been notified of her appointment as a General Aide on the staff of the 1962 Girl Scout Senior Roundup at Button Bay, Vermont, July 18-31. This will be the third Roundup sponsored by the Girl Scouts of the U. S. A. and will be attended by 8,500 girls from all states of the United States and from many foreign countries.

In addition, 1,500 adults will be on hand to help direct and operate the campment. As a General Aide, Betty Ann's duties will

include such clerical work as answering the telephone, sorting mail for distribution, and serving as registration clerk. She may also be assigned such work as greeting incoming visitors and assisting them to find their way around the Roundup.

Previous Roundups were held in Pontiac, Michigan, in 1956, and in Colorado Springs, Colorado, in 1959. The site of the 1962 Roundup is Button Bay State Park on the shore of historic Lake Champlain. It is located 25 miles southwest of Burlington, Vermont.

LETTER TO THE REVIEW

Route 2, Box 163
Abernathy, Texas
Dear Abernathy Weekly Review, I would like for you to print the following in the next paper. If you wish to you may re-word it.

Thank you,
Fat Hill
"Horses"

Some people think that horses are dumb.

Some people think horses don't know what to do.

Some people love horses and don't really care if they are dumb or not. If you respect a horse he is going to do his best not to hurt you.

Do you treat the horse mean? Are you the kind that rewards the horse if he doesn't throw you the first time you get on him? The horse at all time, -hap likely he will be your friend.

Seventy-five percent of all important officers in High Schools and Colleges were Boy Scouts.

Assembly Of God Members To Visit Local Shut-Ins

The Abernathy Assembly of God Church has established an Extension Department and would like to have the names of all shut-ins who would like to be visited.

Those desiring to leave their names may call Mrs. J. G. Strickland at the church, phone 298-2060.

A prim little lady was telling a friend about her awful consternation upon finding two empty whiskey bottles in her garbage can.

"You can imagine my embarrassment," she said, "I got them out fast, because I don't want the garbage man to think I drink."

"What did you do with them?" asked the friend.

"Well, the preacher lives next door," was the reply, "so I put them in his can. Everybody knows he doesn't drink."

Four Enter Lubbock FB Queen Event

Four entries have been received for the annual Lubbock County Farm Bureau queen contest, Vernon McDougal, county FB president, announced last week.

The contest is scheduled for 8 p.m. Aug. 16 at the Slide Road Clubhouse, Lubbock County's representative to the district contest will be determined.

INCOME TAX FAX

Area employers were reminded today that July 31, 1962, is an important federal tax date. John J. Sloan, administrative officer, Internal Revenue Service, Lubbock, said that date is the deadline for reporting and paying income and social security taxes with held for the calendar quarter ended June 30, 1962.

The IRS representative said employers should use Form 941 to report their tax liability for that period and mail it, along with depositary receipts and full payment of due taxes to "District Director, IRS, 2101 Pacific, Dallas 1, Texas."

Employers needing copies of Circular E, "Employers Tax Guide," may get it from any IRS office. This publication explains employment taxes, together with tables and percentage methods for figuring such taxes.

The federal law provides that taxpayers making timely deposits in local authorized banks, or Federal Reserve Banks, of the taxes due, have an additional ten days, or until August 10, 1962, to file their returns. Depositary receipts must be submitted with the return, he added.

Our Only Hope

By LLOYD SCOTT

Anyone who has asked others if they are saved, or if they are going to heaven when they die, has had this answer given to them: "I hope so."

Before we who are more confident condemn such an answer, perhaps we should look at what prompted the answer.

Some men are confused by the many doctrines of the denominations. So out of confusion they say "I hope so."

Others have broken the commandments so many times and have broken their own vows to God so much that out of despair they cry "I hope so."

These answers could come from a lack of knowledge of the real hope that is in God.

The word "hope" in the Bible is used in a more positive way. The definition of the word hope (elpis) given in Thayer's Greek-English Lexicon is this: "... a joyful and confident expectation of eternal salvation."

Sometimes this confident hope is based on the promise of the scriptures. More often it gets its basis from the resurrection of Christ. But always this hope, this confidence, is found in God Himself. He is the author of all hope of life after death. He is our Hope.

The Pharisees of the Bible had hope of being raised from the grave. Many of them were saved. Paul is an example.

The Sadducees had no hope of a resurrection, and consequently the Bible records none of them being saved.

Paul claimed to be a prisoner of this hope. His life was motivated and disciplined by his hope of life after death.

Hope of seeing the blessings of a good crop motivates the farmer into all kinds of hard labor and rigid discipline.

And so hope of eternal life in Christ motivates the believer into hard work and rigid discipline, so

that he may receive the full blessings of life after death.

Where there is no hope . . . there is no cultivation. There is no work.

Paul said, "if in this life only we have hope, we are of all men most miserable." (I Cor. 15:19)

The disciples lost all hope when Christ was crucified. They were indeed miserable. But when they saw him as the resurrected Son of God, hope sent them scurrying through the city and country side saying:

"Blessed be the God and Father of our Lord Jesus Christ which according to his abundant mercy hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead." (I Peter 1:3)

"And now abideth faith, hope, charity." (I Cor. 13:13)

"The righteous hath hope in his death." (Prov. 14:32)

"For we are saved, by hope. . ." (Rom. 8:24)

"Blessed be the man . . . whose hope the Lord is." (Jer. 17:7)

"Seeing then, that we have such hope, we use great plainness of speech." (II Cor. 3:12)

Jesus is our only Hope.

A critic was talking to the Congressman who had just made a speech.

"Your ideas were excellent," the critic said, "but your manner of expressing them wasn't too good. Apparently you've been too busy to think much about syntax."

"Syntax, syntax," the Congressman said, "thanks for reminding me. I'll have a bill ready on that in the morning."

Exam Set For Rural Carrier

An examination for Rural Carrier for the post office at Abernathy, will be open for acceptance of applications until July 24, 1962, the Commission announced June 26.

Applicants must take a written test for this position. They must have resided within the delivery of the office for one year immediately preceding the closing date of the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. There is no maximum age limit. However, persons who have passed the age of 70 may be considered only for temporary renewable appointments of one year.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U. S. Civil Service Commission, Washington 25, D. C. and must be received or postmarked not later than the closing date.

Mr. and Mrs. N. A. Oliver returned home Sunday after spending several days in St. Louis, Missouri. They also recently made a three-weeks visit to Louisiana and places of interest in South Texas and Austin.

WIND EROSION ON IRRIGATED LAND STUDIED

Wind erosion can be controlled on irrigated land by maintaining a crop cover during as much of the season as possible and by keeping the soil surface rough and cloddy between crops, points out a new U. S. Department of Agriculture publication.

"Wind Erosion Control on Irrigated Lands" (L-506) explains that conditions are favorable for soil blowing on many irrigated fields. Cultivation and preparation of land for irrigation often leaves the soil pulverized and bare and winds in most irrigated areas are high enough to cause this soil to blow.

The publication, prepared by Stephen J. Mech, agricultural engineer of the USDA's Agricultural Research Service, outlines erosion control practices to use during preparation of new fields for irrigation and after the soil has been stabilized or "tied down."

On a new field, Mech says, the wind erosion hazards will be

minimized by beginning land preparation in the summer. He advises planting a cover crop immediately after leveling and ditching to stabilize the bare and pulverized soil. The publication suggests a schedule of practices for farmers to follow during this soil stabilization period.

After this soil is stabilized, a cropping system that includes other erosion-preventing practices is recommended. Mech advises delaying spring plowing until just before planting; preparing a cloddy seedbed, seeding forages in stubble, and planting row crops on ridges. Erosion-resistant strips of stubble or cover crop should be left in large fields of cultivated row crops, as these fields are particularly susceptible to wind erosion.

Single copies of "Wind Erosion Control on Irrigated Land" (L-506) are free from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

SUBCONTRACTORS

Area employers wrongly designating their employees as "subcontractors" for income withholding and social security tax purposes, is one of the biggest current problems facing Internal Revenue Service, Dallas IRS District Director Ellis Campbell, Jr., said.

The IRS uncovered an alarming number of employees claiming to be "subcontractors" or "independent contractors."

"Employees cannot simply decide they want to be bona fide contractors," Campbell said. "To qualify they must actually be in a trade or business with some kind of an investment. The fact that they have signed a statement, or had a card printed doesn't make them a contractor, or a subcontractor under the law."

Campbell cautioned that employees willfully naming themselves as "subcontractors" to avoid withholding and paying federal income and social security taxes, are making themselves subject to severe fines and jail sentences for fraud.

Campbell explains that the Employment Tax Law has three separate and independent tests for determining who are employees. These tests relate to: "1) Officers of corporations, 2) individuals who, under usual common law rules are employees and 3) occupational groups, including agent-drivers, life insurance salesmen, home workers, and salesmen. The second group includes the most people. Employees and employers in other categories should discuss their individual problems with the IRS office," Campbell suggests.

A new booklet, "Employer's Tax Guide," or "Publication No. 15," defines "employers" and "employees" under federal tax laws. This is a 31-page official booklet and is available in all IRS offices. "There's no charge and every employer should obtain a copy, and they will readily see where they come under the law," Campbell concluded.

Cotton Quiz

The booklet gives special tips to the backpacker who likes to leave the beaten track and make camp where the day ends. At many campgrounds, USDA's Forest Service has self-guide nature trails, campfire programs, and ranger-led hikes—all designed to make the stay of the camper interesting and pleasant.

Last year the city waterworks averaged pumping 123 gallons of water per person per day. The sewage treatment plant handled an average of 70 gallons per person per day. Therefore, of the water pumped, 53 gallons per person per day did not enter the sewer system.

An insect repellent, commonly called deet, has been developed by scientists of the U. S. Department of Agriculture. It does a good job of repelling such pests as mosquitoes, ticks, chiggers, fleas and biting flies when applied to exposed skin areas.

Blood Bank File Is Kept At Reid Chevrolet

The Walking Blood Bank File, promoted by the IOOF Lodge of Abernathy, is now kept at Reid Chevrolet. Edwin Crow, sales manager for Reid Chevrolet, is in charge of the file.

The card file, with the types of blood of people in the Abernathy area, is kept for the purpose of locating certain blood types in case of an emergency. Also, a person whose name is carried in the file may receive blood more quickly in the case of an emergency, whereby the necessity of taking another blood test could be eliminated.

About 450 names are now in the Walking Blood Bank File. A large number of these individuals have rare blood types, and a few have very, very rare blood types.

Anyone wishing to file his or her name and blood type in the file is asked to contact Ed Crow at Reid Chevrolet, or any member of the IOOF Lodge.

NAZARENES HOLD INTERNATIONAL YOUTH CAMP IN COLORADO

Climaxing a week-long gathering in Estes Park, Colo., of over 500 teenagers and 300 adult youth leaders of the Church of the Nazarene, an impressive communion service was held Sunday night. Speaker for this closing meeting of the International Institute was the general president of the Nazarene Youth People's Society, the Rev. James R. Snow of Oklahoma City.

Dr. V. H. Lewis, Kansas City, a general superintendent of the denomination, spoke in the morning service. A sacred music festival featuring teen talent, was presented in the afternoon.

Held at Association Camp of the YMCA, the daily schedule of activities beginning Tuesday included two discussion periods and a chapel service each morning, a varied program of games, sports and hiking in the afternoon, a special feature and "fun time" in the evening, and a concluding campfire service.

This was the second such institute conducted by the Nazarene youth organization, the first being held at the same location in 1958. Almost every state in the union was represented, as well as five provinces of Canada, the British Isles, Peru, Puerto Rico, Taiwan and Haiti. Among the delegates was Ann Robertson, Abernathy; Gary Lloyd, Petersburg; and Connie Huan and Jane Roberts of Lubbock, were chosen to represent the district of the Church of the Nazarene at this gathering.

Mrs. Vic Struve underwent minor surgery at a Lubbock hospital last week.

Following is the City of Abernathy Police Report for June: 7 accidents investigated. No serious injuries.

5 traffic tickets issued. 1 person jailed on drunk charge. 3 civil citations served. 5 burglary and/or theft complaints investigated (this includes thefts from three irrigation well motors near city limits.) 7 calls made to residences on various matters.

Mr. and Mrs. Glenn Rhodes and family of Aztec, N. M., visited with her parents, Mr. and Mrs. Herman Henry, and with his mother, Mrs. Clyde E. Rhodes, Sr.

The D. C. Attebury family has returned from a visit with relatives in Rockwall County, and a fishing trip to Lake Lavon.

Mr. and Mrs. Travis Gaitner of Granada Hills, Calif., visited here with her mother, Mrs. Hixie Royal.

Mr. and Mrs. Clarence Barchers and family of Hobbs, N. M., visited here last weekend with her parents, Mr. and Mrs. S. H. Lebow.

Mr. and Mrs. Bobby Mauldin and children of Fairfield, Calif., left here Sunday following a visit in the home of his sister, Mrs. Joe Thompson, and family.

Mr. and Mrs. Leon Pope and children of Arlington are visiting here in the home of her parents, Mr. and Mrs. Lee Roy Smith.

Firemen went to the J. L. Miller, Jr., farm northwest of Abernathy on FM 54, at 2 p.m. Monday to fight a fire in a house occupied by farm hands. The house was badly damaged.

CITY POLICEMAN JOE DON DAVIS, exhibits three "cutting tools" taken from Latin American arrested here last weekend. The three prohibited weapons are, from left, a kitchen butchering knife fashioned for fighting with 1 1/2-inch blade; a knife with a 3-inch fold blade, center, and a straight-edge razor, right. PIONEER NATURAL GAS CO. REPLY TO ASSOCIATION

Mr. David Burgess, President Plains Irrigation Gas Users Assn. Hereford, Texas

Dear Mr. Burgess:

Acknowledgement is made of your letter dated June 8, 1962 and received by us on June 13, 1962 wherein you propose that the rates charged for irrigation gas service by Pioneer be reduced in the high consumption brackets and incorporated in a five-year contract.

You state in your letter that the proposed rates would provide a return of 7.2 percent on "fair value." We do not agree. Our rate consultants have made a study of the rates proposed in your letter. They found that the rates proposed by you fall far short of providing this rate of return on the fair value of facilities realistically and properly allocated to irrigation service. Previously, Mr. S. C. McIntosh, who recently retired as Director of the Public Utilities Division of the Railroad Commission of Texas, had advised that the allocation of facilities and expense to irrigation service should be considered more than the amounts used by you in arriving at the rate of return quoted in your letter.

It is evident that the real benefit of your proposed rates would be only to large users. The last two brackets of the proposed rates are below the cost to us of a large volume of gas we purchase for irrigation service and

the sale of such gas would result in a direct loss that would, of necessity, be borne by smaller irrigation users.

You also state in your letter that the Railroad Commission has never allowed more than a 6.5 percent return on fair value. As you know, this rate of return has been applied to domestic and commercial service. The Railroad Commission has never determined a rate of return applicable to irrigation service but it must certainly would be commensurate with the risks involved and one that would provide sufficient return to attract adequate capital for expansion and improvement of service. To quote Mr. McIntosh, "A business supplying in each year an indeterminate and greatly fluctuating demand and supplying such demand for a number of years which cannot be determined due to the probable partial or complete exhaustion of a natural resource and possible future economic changes in competitive positions is subject to greater risks than normal utility service and in my opinion is entitled to a higher rate of return."

Through the years Pioneer has worked closely with the farmers in our service area in a sincere effort to furnish them a more economical fuel than was otherwise available. All requests for the extension of our facilities have been thoroughly investigated and honored, if at all reasonable. The job of supplying and delivering gas for irrigation service, which often has a very radical change

In demand from one day to the next, requires extreme flexibility of facilities and operations—very much different from the handling of domestic and commercial service. The risks involved in the wide fluctuation in requirements from year to year are borne by Pioneer since there is not the compensatory annual minimum which is often charged by others. It is only reasonable and right that the earnings from irrigation should be sufficient to cover the risks incurred.

I have hoped that representatives of Pioneer and the Directors of your Association could sit down together and work out our common problems as was done with many of our irrigation customers in providing gas service to their wells, and, as is being done today, to provide service to wells and areas not presently served.

Your representatives have stated to us that our rates are too high for irrigation service and are too low in the cities we serve. As I stated to you and your Directors, it has been and will continue to be our policy to provide dependable gas service to our customers at reasonable rates and we are confident that our present rates for irrigation service and to other customers are fair and reasonable.

Sincerely yours,
C. I. Wall

Hale Red Cross Budget Is Set

The operating budget of the Hale County chapter of the American Red Cross for 1962-63 was set at \$5,500 at a meeting of the board of directors last week in Plainview. The budget is practically the same as that for the current year.

Elected to the board were M. L. Rea, W. P. McKee Jr., G. E. Ragle, Neal Williams and Leroy Wilkinson. Rea resigned as chapter treasurer and was succeeded by Ragle.

No chapter chairman was elected and T. Russell Bowles consented to remain at the post for three months.

The board voted for the chapter to participate in the United Fund for 1962.

Dr. and Mrs. Gale Seigler were guests of the luncheon meeting and gave a resume of an aquatic school they attended recently at Murray, Oklahoma.

Mr. and Mrs. Richard Havens and children, Mark and Jill, visited relatives in Quanah last weekend.

Mr. and Mrs. J. O. Pope have returned from a vacation in Red River. N. M. Pope said he visited with Weldon Crow, former Abernathian, and had no trouble catching his limit of trout in streams in the Red River area.

Mr. and Mrs. S. H. Lebow plan to leave Friday by train for Mojave, a suburb of Los Angeles, Calif., to visit their daughter and family.

TIPS TO FOLLOW WHEN VISITING A SICK FRIEND

All of us occasionally pay a visit to a sick friend. Next time you have occasion to visit a sick room—either in a home or in the hospital—keep in mind a few simple thoughts that will help to make your visit a welcome one.

Today's Health, the magazine of the American Medical Association, offers some pointers on visiting the sick—

—Don't sweep into the sick room like a cyclone. Come in quietly, unobtrusively.

—Don't be gloomy. Try to be cheerful, but don't be silly.

—Don't be morbidly curious. If the patient wants to tell you about his operation, or to show you the stitches, let him offer to do so.

—Don't be overly sympathetic. Real sympathy will show through, and words won't necessarily convey it.

—Don't make the patient dissatisfied with the care he is receiving. If you disagree, keep it to yourself. You'll help most by making him feel satisfied with the care.

—Don't offer your medical advice or opinion. The chances are your opinion is worth next to nothing. Leave medical advice to your friend's physician.

—Don't make promises you can't keep. If you say you plan another visit, keep your promise.

—Don't lie. Don't tell a sick man he looks marvelous, or that he'll be out in a few days. He knows better. And this doesn't mean you should tell a seriously ill person that he looks half dead. Be honest, but be discreet.

The best test for proper sick room conduct is to think back to your own experiences with visitors the last time you were ill. The sick person gets lonesome and visits often are welcome, particularly during the period of convalescence. Visits are welcome, that is, if the visitor exercises a little common sense.

THIS fire-gutted 1951 Buick four-door sedan, with its wheels pointed skyward, turned over two times and caught fire Sunday at 4:50 a.m. The accident happened on U. S. 87 Highway at the curve about three-quarters of a mile north of Abernathy. Investigating officers said that Sara Ann Corich of Lubbock, driver and lone occupant of the car, apparently escaped injury in the accident. City Policemen Joe Don Davis and John Marsh were in charge at the scene until the highway patrolmen arrived. Abernathy volunteer firemen were called to fight the fire. Gasoline-fed flames at one time were leaping as high as nearby powerline poles, one spectator said. After leaving the car when it stopped rolling, the driver went back and turned off the ignition key, reports said. (Review Photo and Engraving)

INCOME TAX FAX

Don't Send Cash

Don't send cash in the mail to pay your 1961 federal income tax because it may be lost or misdelivered en route and you would have to pay again, Ellis Campbell, Jr., District Director of Internal Revenue Service, advised taxpayers.

Use a check or a completely filled in money order, the IRS representative advises. He said this type of payment affords protection in that taxpayers may order stop-payment in event of loss, or misdelivery.

To make doubly sure that your check or money order is delivered properly, make it payable to Internal Revenue Service and mail it to Internal Revenue Service, 2101 Pacific Avenue, Dallas, Texas, he said.

Hi-Plains Hi-Lights

NEWS from the High Plains
Research Foundation

Mr. Barry Love joined the staff at the High Plains Research Foundation at Halfway on July 1 as Assistant Agronomist, a new position created by the Board of Trustees this year.

Mr. Love received his Associate of Science Degree at Murray State Agricultural College, Tishomingo, Oklahoma, in June 1958, he was the top honor student in his class. His degree was in animal nutrition. He received his Bachelor of Science Degree in Agriculture, at Oklahoma State University, Stillwater, Okla., in August 1960. His work at Oklahoma State included Animal Husbandry, Agronomy, Chemistry and Biological Science. Mr. Love was awarded a Master of Science Degree at the University of Illinois in Animal Science in June of 1962.

Prior to completing his College training, Mr. Love worked on his father's farm at Colera, Oklahoma, he worked for two years in an aircraft factory in Dallas and spent three years in the U. S. Army. A portion of his Army service was in Germany.

Dr. Earl H. Collister, Director of the Foundation, in announcing Mr. Love's selection for the position stated "Mr. Love has the training and background to qualify him for the research work he will be assigned at the Foundation." One of his assignments will be the development of the new grass-legume program at Halfway on correlating both dryland and irrigated projects. This new program is designed to: (1) find a better dryland legume; (2) a grass selection program of variety testing and breeding for the High and South Plains to secure a high protein grass, easily eradicated, that will rebuild the soil humus.

Tests at the Foundation indicate a need for a restoration of the ability of our soil to provide better aeration for crops and more easily absorb water. A rotation system in farming is needed to make more effective use of rainfall as well as greater irrigation efficiency. Water conservation is considered one of the most important research projects at the

BARRY LOVE

Foundation Using cattle for income on these grasses will provide the income needed and at the same time the soil is being rebuilt. Mr. Love's experience and training in these fields will be valuable.

Dr. Collister stated that Mr. Love will also assist in crop research, and the soybean and sesame breeding work. He will also eventually have the responsibility for off station testing of these research projects throughout the High Plains from Perryton, Texas, Guymon, Oklahoma, to Levelland and Muleshoe. His assistance will fill an economic need for this area.

Mr. and Mrs. Love and two children, Harold age five and Stephanie age ten months, now has established residence on SE 5th in Plainview.

Monday, 5:30 P. M., Is News Deadline

Deadline for news copy is Monday at 5:30 p. m., except for Monday night meetings or other events happening on Monday nights. This news copy has a deadline of noon Tuesday. Only copy accepted Tuesday morning will be that covering Monday night events. Other copy coming in on Tuesday morning will be held over to the following week.

HEALTH AND SAFETY TIPS IN RELATIONS TO POISONS

There are 250,000 products for use in the home which contain one form of poison or another. It is little wonder then, that 600,000 children manage to poison themselves each year. Of these about 500 die.

Cleaning and polishing agents, detergents, cosmetics, paint, turpentine, petroleum-based products, bleaches, plant foods, plaster and thousands of similar items all may contain poison.

Many of these substances can be found in such places as the cabinet under the sink, the broom closet, the bedroom dresser, etc.—places toddlers just love to explore.

Medicines also are extremely dangerous, except in the correct dose for the person for whom they are specifically recommended.

Too much of virtually any medicine can be poisonous. Aspirin, a virtual staple in every home, is the primary cause of poison deaths among children under five.

To emphasize potential poison dangers in the home, especially dangers to small children, the week of March 18-24 has been declared National Poison Prevention Week. The American Medical Association during the week will join with other organizations in urging safety measures against poisons.

Don't think that because something doesn't taste good, a child won't eat it. His inborn curiosity will lead him to sample almost anything, even if he has been warned not to touch.

The surest means of keeping small inquisitive hands away from poisonous products is to keep such substances under lock and key. Since this isn't always practical, here are some other pointers to keep in mind:

—If your child takes something that may be poisonous, call your doctor for instructions at once. Don't wait to see what happens.

—Never transfer poisonous materials from their original containers; especially never store them in pop bottles, glasses, cups, bowls, etc. Children naturally assume things in such containers are for eating.

—Never leave a child alone when you're working with cleaners, polishes, insecticides or other poisons. Wash contaminated utensils immediately.

—Give medicines only in a lighted room and discard old medicines which are no longer being used.

—When you throw away hazardous materials, be sure children can't rummage into them. The important thing to keep in mind is this: Poisons lurk in a variety of common disguises and can be hiding in any nook and cranny in the home. No child is safe in a room by himself, at least not for long.

Men of the Brotherhood traveled to the Baptist Camp at Floydada last Friday night for a barbecue supper, followed by a program and message by Dr. Warren Hultgren of the First Baptist Church, Tulsa, Okla.

Youth Revival
Plans are well underway for our summer Youth led Revival. This Revival will be held July 27-29. Our young people are planning for and looking forward to a wonderful Revival with our Seniors and young people serving on committees in preparation for this special emphasis.

Two young men have been invited to lead in this revival effort. They are Freddy Franks, Montgomery, Ala., who will lead the music and Steve Barlow, a senior at Hardin Simmons and from Abilene, who will do the preaching.

The booklet points out that every transcontinental highway in the country passes close to camp grounds in one or more of the 154 National Forests and 18 National Grasslands. These campgrounds offer a variety in size and setting, and may be located high on a mountain pass, beside a lake, or in the heart of a desert.

At Sunday school, little Joe was impressed by the story of Eve's creation from one of Adam's ribs. Later in the day, Joe felt a pain in his side. "Oh," he gasped, "I think I'm going to have a wife."

VA Questions And Answers

Questions And Answers
Q—Must a \$10,000 GI term insurance policy be converted to permanent plan type insurance all at once?

A—A veteran may convert as little as \$1,000 (or more, of course) to a permanent plan while retaining the remainder as term insurance. In this way, he can stretch the conversion over several years in keeping with his own financial condition.

Q—How many veterans have thus far taken advantage of the VA home, farm or business loan program?

A—More than 6 million veterans had made such loans up to December 31, 1961.

Q—Are any survivors of the Mexican War still alive?

A—No, since this war ended in 1848, more than 110 years ago. However, there are still two widows of Mexican War veterans alive in the United States.

Q—Does the VA set standards for prosthetic devices in this country?

A—The VA has a leading role in supporting and conducting research and development of prosthetic and sensory aids, in cooperation with other Government agencies, universities, industrial organizations, and private agencies. Also, the VA is the largest single purchaser of prosthetic devices in the United States. Thus the VA exercises considerable influence on the quality of appliances and services furnished by the prosthetics industry not only to veterans but to all disabled persons. Primarily as a result of this influence, prosthetic devices have been greatly improved in the past 16 years.

DRIVE SAFELY — The best known safety device is about nine inches above your shoulders.

4-H CLUB GIRLS MODEL PROJECTS

Members of Abernathy 4-H Club modeled their club projects, the clothing they are wearing in the pictures, at a meeting held Friday afternoon in city hall clubroom. They also wore them at a dress revue in Plainview Monday for Hale County 4-H Club girls. Girls in the above picture, from left, are Barbara, daughter of Mr. and Mrs. Claudy Williams; Virginia, daughter of Mr. and Mrs. Frank Bartlett; Rickie, daughter of Mr. and Mrs. W. A. Covey; Joy, daughter of Mr. and Mrs. R. L. Hall; Cathy, daughter of Mr. and Mrs. David Ray Pinson;

Donna, daughter of Mr. and Mrs. Donald Huffaker; Karen, daughter of Mr. and Mrs. Wayne McClendon. In the photo at left are Patsy, daughter of Mr. and Mrs. E. W. Lambert, and Marilee, right, the daughter of Mr. and Mrs. Lee Echols.

The Monday event was held at the Plainview Legion Hall. The girls were in a 4-H Club style show Tuesday night at the Estacado Junior High School in Plainview. The show was attended by parents of the girls and by the general public.

News From The Church Of Christ

Attention Young People
The annual LCC Music Camp will be conducted July 30-August 10. This should prove to be an excellent school and we hope a number of our young people will plan to attend. Notice on the bulletin board gives listing of classes and instructors for the school.

Teachers Workshop
Once again we remind all of our teachers of the 8th annual Bible Teachers Workshop to be conducted at ACC July 23-26. This can be one of the most profitable events of the year for those interested in becoming better teachers.

Don't Let An Accident Spoil Your Fishing

Fishing is one of the nation's favorite outdoor sports. It offers relaxation, mild exercise and a welcome change from the everyday routine. But, as every fisherman knows, there are several built-in hazards to fishing that bear watching.

"Sidewinders" (fishermen who swing their arms in a wide arc on the cast) are responsible for many of the hook accidents, says Today's Health, the magazine of the American Medical Association. If you are a sidewinder, be sure your field is clear of other fishermen before casting.

In removing a hook from a fish, hold the fish under the gills so only its body, not its head, can flop and wiggle. Trying to grab a slippery fish and remove the hook at the same time is an easy way to get hooked.

Lures and hooks left lying on the floor of a boat or on the dock are inviting trouble.

Never try to pull a hook out if one becomes imbedded beneath the skin. Your physician will snip off the back end of the hook and push it through the wound. If necessary he will administer antibiotics and tetanus toxoid.

Save your muscles from strain by avoiding excessive rowing or exercise. Protect yourself from sunburn and heat prostration.

Youth, Adults In 4-H Is Theme For HD Club Meet Here

The Abernathy Home Demonstration Club met in regular session Friday, July 6.

The program was Youth and Adults in 4-H, and was presented by Miss Gena Brazzelle and the Abernathy 4-H girls who have made garments for the Hale County Dress Revue.

Miss Brazzelle showed the girls how to walk and stand when modeling their garments and then the girls modeled for those present.

Those participating were: Karen McClendon, Virginia Bartlett, Patsy Lambert, Barbara Williams, Joy Hall, Donna Huffaker, Mary Lee Echols, Cathy Pinson and Rickie Covey.

Other guests were: Mmes. E. W. Lambert, Donald Huffaker and Melinda, Claudy Williams, Frank Bartlett and Lonnie, L. G. Montgomery and Susan, W. A. Covey, Linda Hall and Trisha Pope.

Refreshments were served by Mrs. Lee Roy Smith.

Miss Knowles, Mr. Baker Are Married Friday

Miss Pamela Kaye Knowles and Joe Wayne Baker were married by Elder V. J. Lowrance, pastor of the Primitive Baptist Church, in the Ford Memorial Chapel of Lubbock First Baptist Church at 7:30 p.m. last Friday.

Parents of the couple are Mr. and Mrs. Richard Knowles, 2207 21st St., Lubbock, formerly of Abernathy, and Mr. and Mrs. I. W. Baker of Plainview.

Given in marriage by her father, the bride wore a floor length gown of peau de soie which terminated in a chapel train that was appliqued with lace and sprinkled with seed pearls. The Chantilly lace bodice was highlighted by a Sabrina neckline and brief sleeves. A crown of net outlined with tiny seed pearls caught her elbow-length veil. She carried a white orchid surrounded by pink rosebuds. The dress was designed and fashioned by an aunt, Mrs. W. D. Miller of Plainview.

Maid of honor was Miss Jeanie Middleton. She wore a street-length dress of pink taffeta with a scooped neckline and elbow-length sleeves. An overskirt of pink nylon organza was accented by a bow at the waistline. She wore a single strand of pearls. A pink tulle veil fell from a pink taffeta bow. She wore short white gloves and carried a bouquet of white carnations accented by pink trim.

Best man was Jack Baker of Plainview. Ushers were Ronnie Hewett and Bob Cummings, both of Plainview.

Mrs. Harold Harris gave wedding selections at the organ.

A reception followed the double ring ceremony in the chapel parlor. For a trip to Cloudford, N. M., the bride chose a beige two-piece suit with matching accessories.

The couple will be a home at 1112 Portland St., Plainview. The bride attended Abernathy High School and Monterey High School.

He is a graduate of Plainview High School and attended the University of Houston. He is now employed by the American National Life Insurance Company in Plainview.

Mrs. Clyde E. Rhodes, Sr., has moved from her farm northwest of Abernathy to Lubbock, where she bought a home at 2105 17th Street. Her son, Erby, and family will move to the Rhodes farm home here.

Mrs. Alvin Hardin is visiting relatives in Porterville, Calif.
