ARC To Host City Open Golf Tournament August 17 To 19

The Abernathy Recreation Center will host a City Open Golf Tournament beginning Friday, August 17 and continuing through Aug. 19.

This Tourney will be open to all golfers of Abernathy and its trade area, including Hale Center and Petersburg.

Entry Fee will be \$7.50, which will include your qualifying rounds, and may be paid at the Pro Shop. All golfers including ARC members must play an 18 hole qualifying round between August 1 and Aug. 15 and turn in scores at Pro Shop.

Everyone is urged to play your qualifying rounds and pay your entry fees as soon as possible so that pairings can be made in advance to the August 17 starting date.

A medalist prize will be given to the man having the low scratch 18 hole score.

All flights will be match play and golf merchandise will be given as prizes in all flights. All finals will be played Sunday, August 19. First matches may be played at the convenience of you and your opponent.

The golf committee would like to urge all members, non-members and area golfers to play, as this will be our only open tourney of the year.

John Crow Dies In San Angelo

John Crow, 68, died Sunday morning in a San Angelo hospital following a heart attack. Funeral rites were held Tuesday afternoon in that city.

Crow farmed here and was an Abernathy businessman before moving to Lubbock several years ago. He moved from Lubbock to San Angelo, and at the time of his death he and Mrs. Crow were residing in the Lake Buchanan area.

Survivors include his wife; a son, Earl Crow, Peecos; four grandchildren and two great-grandchildren.

He was an uncle of Mrs. Virgil Phillips of Abernathy, and was a cousin of Mrs. C. E. Williams and a second cousin of Mrs. J. F. McMaster and Edwin Crow, all of Abernathy.

News Briefs

Ted Wisdom, Abernathy custom wheat harvest contractor, has his machinery working in the wheat harvest in Montana.

Mr. and Mrs. James G. Hazle and family of San Francisco recently visited here in the home of his mother, Mrs. Cal Hazle.

Mr. and Mrs. Lon Carmickle and daughters and Dr. and Mrs. John W. Hale and son were in Ruidoso, N. M., last weekend.

Marvin Patterson, city employe, and his family plan to leave Friday for a vacation visit in Wardell, Missouri. Mrs. Patterson is employed in the office of Ray Sanderson, local attorney.

Mr. and Mrs. Larry Griffin were on a vacation trip to Austin and Six Flags Over Texas at Arlington. Mr. Griffin is a pharmacist at Pinson Pharmacy.

Mr. and Mrs. Ted Hill and sons, who moved to their new home on 15th Street last week, left Monday on a two-part vacation. They first went to Arlington to see Six Flags Over Texas and to visit relatives. Later, they planned to go to the mountains of New Mexico for a camp-out vacation.

Kenneth, son of Mr. and Mrs. W. C. Clement, is working with relatives from Plainview in the wheat harvest in North Dakota.

BIRTHS

Mr. and Mrs. Dewey L. Tucker, Farmington, N. M., formerly of Abernathy, are parents of a daughter, Sherri Lyn, born July 12. She weighed 8 pounds 3 ounces. Grandparents are Mr. and Mrs. O. L. Tucker, Abernathy and Mr. and Mrs. Williams of Colorado Springs.

A son, weighing 5 pounds 5 1/2 ounces, was born July 19, to Mr. and Mrs. Eddie Gimenez, Lubbock.

UNDER CONSTRUCTION on the West Service Street in the north part of town is this El Paso service station. It will be operated by Shelby and Clyde Pittman, with C. C. Shipman as the locally franchised El Paso distributor. The Pittman brothers have operated the Gulf station here for a number of years. Lynn B. Young, local Gulf distributor, has not announced future plans for the Gulf station. He is seeking an operator. (Rev-Photo)

20 PERCENT OF SORGHUM IS DAMAGED

Early heading of grain sorghum over the Plains region this summer has been of concern to farmers.

County Agent Ollie Liner said last week that possibly twenty percent of the grain sorghum in Hale County had been hurt by too early heading.

The early appearance of the "flag" leaves was a phenomenon of sorts. Before the stalks were knee high in some fields the longer, erect leaf that immediately precedes the head was showing. Observers say weather conditions were the cause. The time just before heading is termed the "photo period." Normally it takes most maize 90 days to bloom. Some bloomed in 55 this year.

That was caused, say those who have studied the occurrence, by the low humidity and other weather conditions. The relationship of day light to darkness during the photo period had its effects.

As a rule the area's maize was planted earlier this year than usual. That fact had some bearing on the damage caused by the early heading.

Farmers had a very good reason for planting early, Liner observes. The earlier the grain comes to heading stage the less likelihood there is of damage from midge, another pest the farmer has to beat before he can take his cut from his crop.

Liner said midge is not in the area yet but that they are numerous in the Brazos River bottoms and a light infestation was found near Idalou. The pests are borne on the wind.

The tiny insect works fast and the farmer has to be on his toes to beat the fellow at his game. The female lays her eggs in the maize bloom over a period of four days. When the eggs are laid, that's it.

Early maize plantings should be watched closely, Liner urged. If heads are pasted there is always a possibility that midge is at work.

The county agent emphasized strongly that choice of chemicals, application methods and other procedure could not be given too serious consideration.

Area Receives 1.20-Inch Rain

M. O. Hood, local weather observer, reported rainfall of 1.20 inches in Abernathy Monday night and Tuesday morning. Reports from farmers ranged from one-half inch to two inches in various parts of the territory.

Total rainfall in town for June 20-24 was 1.90 inches, bringing the total for July to 3.16 inches. Rainfall from January through June was 5.04 inches. Total rainfall for the year is 8.20 inches.

Tot Allen and his daughter-in-law, Mrs. Ruppert Allen, were in Bridgeport Saturday to attend the funeral of Mrs. Ella Gertrude Clark, a former Anton resident, who died Thursday at her home in Paradise.

Lubbock County clerk issued a marriage license to Paul Ponciano and Miss Gaudalup Guillen, both of Abernathy.

Mr. and Mrs. G. M. Folsom of Wichita Falls visited in the home of their daughter, Mrs. Roy Willis, at Fucco last week.

A/C Dale Matejowsky spent the weekend with his parents, Mr. and Mrs. Elmo Matejowsky. Dale is stationed at Goodfellow Air Base at San Angelo.

Mr. and Mrs. L. A. Barnes of Desper, Missouri, are visiting the Sam W. Williams of Abernathy and the John H. Reagan of New Deal, where they formerly lived.

STRUVE GROCERY TO GIVE S & H STAMPS; GOES CASH

Marvin Struve Grocery in Abernathy is to change to S & H Green Stamps August 1, according to the firm's ad in this issue of the Review. Also, beginning August 1, all sales at Marvin Struve Grocery will be for cash only.

FELLOWSHIP OF CHRISTIAN WOMEN TO MEET MONDAY

The Fellowship of Christian Women will meet at the First Methodist Church Monday, July 30 at 2:30 p.m.

Bo Jack Faulkenberry, son of Mr. and Mrs. Cecil Faulkenberry of Seagraves is visiting here. He is a nephew of Mrs. Douglas Chapman and Mrs. Alvin Hardin.

Mrs. M. O. Hood is visiting in the home of her daughter and family in Lamesa.

Mr. and Mrs. Herbert Hardin are on a trip to the World's Fair in Seattle, Wash.

Mrs. Joe Blair underwent surgery Tuesday at St. Mary's Hospital in Lubbock.

ABERNATHY FIRE MARSHAL Truman Richerson, above, and Hugh Hill, assistant fire chief, left Sunday morning for Texas A & M College. They are attending a 30-hour course in the Texas Firemen's Training School there this week. The City of Abernathy will receive a fire insurance rate credit as a result of their attendance at the school. This will mean a saving on fire insurance premiums paid on property within the city limits. Richerson, in his role as city fire marshal, inspects buildings in town for fire hazards, investigates to determine cause of fires, and makes regular reports to the state agency. Inset, top right, shows Assistant Chief Hugh Hill. Formerly in the U. S. Air Force, Hill and his family moved here last year from Powhatan, Ohio. Mrs. Hill is the former Miss Ruddle Stephens, daughter of Mr. and Mrs. Ralph Stephens. The Hills reside at 508 Third Street.

School Superintendent's Annual Report To State

(Editor's Note: The following was taken from the Abernathy Public Schools Superintendent's Annual Report, which is submitted yearly to the Texas Education Department in Austin.)

ABERNATHY PUBLIC SCHOOLS Superintendent's Annual Report July 1, 1961 to June 30, 1962

Enrollment

During the 1961-62 school year the average white enrollment was 1186.92 (Negro 61.13) and the average daily attendance was 1094.02 (Negro 56.84).

Instructional Program

The over-all instructional program continued to improve as evidenced by the scores on the General Achievement Tests administered to the entire twelve grades during the latter part of the spring semester. As a result of the emphasis of the reading program in the Junior High School, the Junior High School Library program continued to grow.

The instructional program for the 1962-63 school year will be given a boost by the teaching staff themselves due to some degree to the Professional Improvement Plan passed by the School Board at its January meeting 1962. Between 35 and 40 teachers returned to neighboring colleges to do additional college work. Many were prompted by the PIP wherein the local increment is based on recent college earnings.

Personnel

Professional resignations: Miss Luree Burson, High School Librarian; Mrs. Fayma Drummond, Homemaking; Mr. Bobby Dyess, Junior High Social Studies and Coach; Mrs. Velma Figley, Junior High Social Studies; Mrs. Juana Hill, Junior High Language Arts; Mr. Waydelle Hill, High School Mathematics and Assistant Coach; Mrs. Edith Shelton, First Grade; Mrs. Tommy Ruth Stallings, Third Grade; Mr. J. N. (Pete) Wilson, Athletic Director and Girls' Coach; and Mrs. Jimmie Wilson, Fifth Grade.

Professional replacements and additions: Mr. Jerry Adams, Vocational Agriculture; Miss Helen Joy Bennett, High School English

and Speech; Mrs. Sue Davenport, Fifth Grade; Mrs. Juanita Nunn, Fourth Grade; Mr. Denny Park, Junior High Mathematics; Mr. Robert Rawls, Language Arts; Mr. Frank Simpson, High School History; Miss Ruth Torres, Third Grade; and Mrs. Norma Ruth Winton, First Grade.

Auxiliary

C. P. Beard, night custodian, resigned and Isaac Pollock, Junior High custodian, was replaced by Dan McNeill. Mr. Beard's duties were assumed by the other custodians and a part-time helper.

Under the present custodial setup, using fewer full-time employees and more part-time, the District is expending approximately \$100 per month less for custodial services than it did in 1958-59, although the District has experienced a growth of ten classrooms during this period.

Head maintenance foreman, Mr. H. T. Ritchey, (deceased May 25, 1962)

(Continued on Page 5)

RED RIBBON WINNERS, from left, Karen McClendon, Gena Brazee, assistant Home Demonstration Agent, Hale County, and Donna Huffaker, Karen and Donna had exhibits in the Hale County Favorite Food show held in Plainview July 17. Karen won a red ribbon for her mashed potatoes and Donna won a red ribbon for her cheese dip. The show was competitive with winners going to district. The girls are Abernathy 4-H Club members.

Betty Johnson Cox Plays On Winning North Team At H-SU

Betty (Johnnie) Johnson Cox, a daughter of Mr. and Mrs. Dan Johnson, and a senior forward on the AHS girls basketball team this past season, was selected by the Texas High School Girls' Basketball Coaches Association to represent the North in the annual All Star game.

The All Star game, which was played July 14 in Rose Field House on the campus of Hardin-Simmons University in Abilene, was the climax of the Association's Coaching School.

It is an honor to be selected to play in this game. Only girls who have completed their senior year in high school are eligible to participate in the All Star game. Only 32 girls from the entire state are selected, 16 from the North and 16 from the South.

This year's game marked the sixth All Star game. This year's 61-47 victory for the North gave them their fifth victory out of six games.

BETTY JOHNSON COX

Johnnie got to start and played most of the game. She played forward most of the time hitting 3 out of 6 shots. She did a good job handling the ball and passing to Dimmitt's great, Doris McDermitt, who hit 23 points, and Claude's all-stater Betty Ransom, who hit 24 points. In the third quarter Johnnie was sent in to play guard to help stop six footer Judy Walek of Skidmore-Tynon. Johnnie turned in a fine performance and represented Abernathy well. In this game Johnnie finished a fine ball playing career. During her years at AHS Johnnie played both forward and guard. This past season she played forward, scoring a total of 1,059 points in 33 games. Johnnie felt right at home playing in Rose Field House again. Last February in the HSU Tournament she set a new scoring record and also a new tourney free throw record. She scored 31 out of 39 free throw attempts and added 14 field goals for a total of 59 points.

Pete Wilson, Petersburg School Superintendent and Sherley Oswald, Abernathy girls basketball coach, were on the program at the coaching school. Sherley was elected as reporter for Class AA in this region. She also was appointed by the Association's president to serve on the 1963 All Star selection committee.

Mr. and Mrs. J. V. Markley have returned from a visit with her mother in Russellville, Ark.

NOTICE

Local people who plan to be away from their homes on a vacation, or for other purposes, are requested to notify Abernathy Police Department in advance. Let the policemen know the dates you plan to leave and return, and they will make regular patrol checks of your home. Also, if you have papers delivered to your home, notify your paper dealer to hold deliveries while you are away. A yard full of papers tips would be burglars that you are away from home.

GOBEL VARIETY TO OPEN NEW STORE

Hilton Smith and Elizabeth Goebel, who operate Goebel Variety, plan to open another store here next week. It will be in Mrs. Ben F. Struve's building at 908 Avenue D, formerly occupied by Ted Hill's Abernathy Pharmacy. The new store, which will feature new lines of merchandise, will be operated in connection with their present store at 304 Main Street.

NAME CHANGED

Harold Fielding announced a change in name for his grocery and market located on Avenue D in the north part of Abernathy. The new name is Harold's Super Market. The old name was Harold's Super Save.

Morris Gist, salesman at Reid Chevrolet, attended a meeting of Chevrolet salesmen of the Southwest at Lake Texoma this week. The R. V. Tutty family recently bought a mobile home and placed it on a site at Lake Stamford. Firemen were called to a fire at trash barrels back of Reid Chevrolet at 8:50 p.m. Wednesday of last week.

Mr. and Mrs. W. C. Clement and Mr. and Mrs. Jerry Gist attended a Clement family reunion at Lake Texoma last weekend.

Miss Sterrett Awarded \$500 Reader's Digest Scholarship

Miss Elizabeth Ann Sterrett, '62 Abernathy High School graduate, is one of 12 Senior Girl Scouts who has been awarded a Reader's Digest Foundation Annual Community Service Scholarship.

The \$500 scholarships were presented to the winners—one from each of the 12 Girl Scout regions—by Mrs. Theodore Beck, a Reader's Digest Foundation board member, July 24 at the 50th birthday Girl Scout Senior Roundup.

The 1962 Girl Scout Senior Roundup, an encampment of 10,000 girls and adults, is being held from July 18-31 at Burton Bay State Park, Vermont.

The Reader's Digest scholarships were awarded this year for the first time and represent one of the birthday gifts to Girl Scouts of the U. S. A. during its 50th anniversary year.

The Girl Scout national scholarship committee selected the winners. Applicants were required to be high school seniors graduating between January and July who have been accepted by an accredited college or university for fall admission. They must intend to complete the requirements for the baccalaureate degree in a subject area which will help to equip them for a career or volunteer work in community service organizations.

In addition to high academic standing, the winners must have had a minimum of three consecutive years of Girl Scouting immediately prior to their scholarship applications. They must also have demonstrated leadership qualities in their home, their Girl Scout troops, their school and their community.

Miss Sterrett will enter Austin College, Sherman, Texas, this fall. She indicates that her career goal is to work in data processing.

She is a graduate of Abernathy High School and has been a Girl Scout for 11 years.

Her Scouting experience has included 150 hours of Service Aide programs and attending the 1959 Senior Girl Scout Roundup and the 1960 National Convention.

Miss Sterrett is attending Roundup as a staff aide.

MISS ELIZABETH ANN STERRETT

FELLOWSHIP OF CHRISTIAN WOMEN TO MEET MONDAY

The Fellowship of Christian Women will meet at the First Methodist Church Monday, July 30 at 2:30 p.m.

Bo Jack Faulkenberry, son of Mr. and Mrs. Cecil Faulkenberry of Seagraves is visiting here. He is a nephew of Mrs. Douglas Chapman and Mrs. Alvin Hardin.

Mrs. M. O. Hood is visiting in the home of her daughter and family in Lamesa.

Mr. and Mrs. Herbert Hardin are on a trip to the World's Fair in Seattle, Wash.

Mrs. Joe Blair underwent surgery Tuesday at St. Mary's Hospital in Lubbock.

"Why don't you put their names in the paper?"

I've been bombarded with this question for a couple of weeks. It stems from the school flagpole bending and red-letting of the city water tank and buildings in town.

To analyze reasons behind this question.

(1) Some who ask it have a sincere, constructive motive. They honestly believe that it would be a deterrent. They insist that printing the names in the paper would lessen the chances that the lads would get into trouble again. If this line of thinking was correct, I would not mind splashing their names across page one.

(2) Others who ask the question seem to have an ax to grind.

(3) Others who ask it have rather short memories. In the past, they have been in the same spot as parents of the flagpole boys. I was in the paper business then, and I KNOW that at those times they did not demand that names be published.

(4) Still another category of demanders for names printed are not thinking ahead. Some have children and/or grandchildren coming along who may tear up jake around here in years to come. When the time eventually came for printing the names of their sons or grandsons, they would howl the loudest about crucifying the boys with adverse publicity.

—tip—

Our answers to the above numbered paragraphs:

(1) In towns where names are printed in the paper in connection with such incidents, the rate is higher than it is here. Printing the names in the paper HAS NOT proved a deterrent in the general rule. In some cases, printing the names might be a deterrent. In other cases, the publicity might serve as a status symbol, spurring them on to other mischief. How are we to judge when printing names would help or hurt the youths involved?

(2) Those who have axes to grind are not going to use The Review for that purpose.

(3) I have the names on file in my office of boys who have been in similar, or worse, trouble in the past. The names were not printed in the paper. Very few of these boys have been in any kind of trouble again.

(4) We hope that this category will quit spending so much time worrying about the flagpole boys and their parents and devote more time to a better raising of their own children. IF they'll do this, they may not have to fear future publicity for their families.

—tip—

One reason for the heavy pressure to print the names of those involved in bending the flagpole and doing the lettering is that the boys and their parents are friends of mine.

If it had been the policy of this paper in the past to print names under such circumstances, I would be obligated to do so now.

The fact that my friends are involved does not change my attitude toward such acts. On the night of June 20, the boys were acting the role of vandals. They and/or their parents should pay all costs necessary to replace the flagpole, repaint the water tank and remove paint from buildings they have damaged that, or any other, night.

City officials should deal with them in the same manner that they did with the boys from New Deal when they came up here a year or two ago and painted the water tank. The law covering such acts should take its course in this case the same as in other cases involving any other boys of that age group.

And, knowing their parents, I expect that when they are finished with them, the boys will remember it every time they see a flagpole or a water tank.

This case, through idle talk, has been balanced out of proportion. You'd think, considering the amount of discussion, that the boys committed a federal offense. I do not take a light view of what they did, but, after all, no real criminal acts are involved. Vandalism happens every day (or night) in almost every town.

—tip—

A conference was scheduled for this week for the boys, their parents, law enforcement officers and city officials to meet and discuss the flagpole and lettering incidents. That is the place to work out the problems... not on the streets or over coffee cups.

—tip—

Aside from wanting to or not wanting to, there are laws governing printing of names of persons who get in trouble.

A newspaper cannot print the names of offenders under a certain age.

Before printing names of those above that age, formal charges must be filed against the ones involved.

Another factor to consider in printing names of those who run afoul of the law, is the chance of being sued for libel. For this reason alone, it's safer to wait until a court trial begins to mention names in news stories.

Advice Given On Preparation Of New Students For School

Early this fall more than 238,000 young Texans will be entering both private and public schools for the first time.

Even though the opening of school is still some weeks away, parents are busy making preparation to insure that their child makes a smooth adjustment to his environment.

The child's adjustment will be more rapid and satisfactory if he starts his school life in good, sound health.

Have your family physician or local clinic give your child a complete physical examination including an eye check. His teeth should also be checked by the family dentist. If these examinations show there are ailments or defects that can and should be looked after, then follow the doctor's and dentist's advice and have them corrected, if possible, before you enroll him in school.

It's likely that your child has

already been immunized against certain of the childhood diseases such as diphtheria, whooping cough, and smallpox. If not, have it done immediately either by your doctor or by the local health clinic. If all immunizations have been done previously, make sure your child gets the necessary booster dose.

Insist on your child's getting regular and sufficient hours of sleep to help him enjoy school. He needs ten to twelve hours of sleep in a quiet, darkened room with an open window to build up his energy and offset his tiredness.

Proper nutrition is very important. When school starts, allow enough time for a wholesome breakfast. A good breakfast includes citrus fruit or juice, milk, whole grain cereal or bread, eggs or bacon or both.

Lunch and dinner should be a leisurely meal. The new adventure of school is a pretty fast pace, but mealtime offers an opportunity for the family to pause and relax together.

Also, nearly every school district in Texas requires proof-of-age for first year students in the form of a certificate of birth.

You may obtain a copy by sending a dollar and a half plus the name of the child, the date of birth, the place of birth, and both the father's and mother's names to the Division of Vital Statistics, Texas State Health Department, 410 East 5th Street, Austin, Texas.

VISITS HISTORIC MOUNTAIN CREST

Albuquerque—Mr. and Mrs. R. C. Patterson Sr., and Mr. and Mrs. R. C. Patterson Jr., and Lajuana of Abernathy visited 10,678-foot-high Sandia Crest here last week.

From this spectacular mountain, they viewed a breath-taking panorama of more than 10,000 square miles, including metropolitan Albuquerque, the romantic Rio Grande Valley, and neighboring peaks and volcanoes.

They stood at the base of the world's four highest television antennae; those of Albuquerque's three commercial and one educational channels.

"Sandia" is the Spanish word for watermelon. This huge, rocky range was named by Coronado as he and his Conquistadores wintered at a nearby pueblo in 1540.

The visitors discovered that the Sandia Mountains are a popular

recreation area, providing superb hunting in the Fall and camping and picnicking throughout the warmer months.

La Madera Ski Basin, located in the Sandias, offers excellent runs and facilities and is one of the most southern of the nation's ski resorts.

Oldest traces of man in the New World were found in a cave on the side of this mountain. "Sandia Man" was judged to be 25,000 years old.

Recent Building Permits—Joe Dean Smith, brick and frame residence.

C. C. Turpen, additional bedroom. Oris Cecil, a bedroom and bath.

Mr. and Mrs. Kenneth Speckels of Copeland visited to the Elmo Matejowsky home last week.

R. L. Webb, 47, of Houston died suddenly July 7 of a heart attack. He was a brother-in-law of Elmo Matejowsky.

Not Guilty . . . In Christ

By LLOYD SCOTT

Guilt is the after-effect of sin that says to us, "we deserve and should be punished."

There are two kinds of guilt known to us. There is Sense of Guilt and Actual Guilt.

Sometimes we feel a deep sense of guilt because of sin or an error. However, men can sin without feeling guilty. Some men curse, kill, commit adultery, lie, cheat and still feel no sense of guilt.

A man may feel justified for killing his wife and children because he could not support them . . . and feel no sense of guilt at all.

But most sin brings a deep sense of guilt . . . remorse to those who claim the name of Christ.

Sometimes we can feel a deep sense of guilt . . . more so to be guilty. I have often felt guilty when I believed I said the wrong things, and later found that the right words were spoken, and I was not guilty at all.

We can lose our sense of guilt for sin. We no longer feel guilty for sins committed years ago. Confession to God and prayer for forgiveness sometimes helps lose the sense of guilt. Apologies to friends and neighbors ease our consciences for having done wrong against them.

We can lose our sense of guilt for sin, but we cannot remove the actual guilt. A court may free a man after murder. He may lose his sense of guilt, but he will always be actually guilty for murder.

How can we rid ourselves of actual guilt? We cannot ourselves. We will always be guilty for our sins against God. We may not be aware of the guilt, or have a sense of guilt, but we are nevertheless guilty of crime against God.

It is God who removes actual guilt. He does this in Christ Jesus. He came into the world to take on our guilt. He who had no sin, became sin for us. He was not guilty of sin. He never had a sense of guilt. But our guilt was placed upon him, and crucified him on the Cross of Calvary.

In Christ Jesus we lose both our sense of guilt and our actual guiltiness before God.

You need no longer be guilty before God. Trust Jesus, ask him for forgiveness, and follow his commandments, and he will say, "No longer guilty."

Assembly of God Church News

The Assembly of God church enjoyed lunch together Sunday and a time of fellowship, which was the last service with their pastor, Rev. Juec Strickland and family.

Rev. Strickland resigned the first Sunday in July. The church has enjoyed a steady growth since the Stricklands came here as pastor three years ago. Mrs. Strickland has taught in the public school here the last three school terms. Temporarily they are moving to Amarillo.

The church will secure a pastor in the near future.

Assembly Of God Members To Visit Local Shut-Ins

The Abernathy Assembly of God Church has established an Extension Department and would like to have the names of all shut-ins who would like to be visited.

Those desiring to leave their names may do so by dialing 298-2060.

Student Summer Income It isn't necessary for students to stop working this summer after earning a total of \$600.

Ellis Campbell, Jr., Dallas district director of Internal Revenue Service, advised parents that it is possible to claim a son or daughter as a dependent on federal income tax returns even if they earn more than \$600.

Campbell suggested that students contact IRS for needed information on how their parents can claim them as a dependent.

Lesson In English By W. L. Gordon

Words Often Misused Do not say, "The dog runs like he was hurt." Say, "The dog runs AS IF he WERE hurt."

The use of STAND, as, "I can't stand it," and, "I won't stand his coming home late every night," is a colloquialism and should not be used in formal English. It is better to say, "I can't ENDURE it," and, "I won't TOLERATE his coming home late."

Distinguish between TO ADMIT (to give entrance to, or, in a figurative sense, to grant as true) and TO ADMIT OF (to allow or permit). Thus: "This ticket admits one person to the concert." "The size of the auditorium will admit OF not more than a hundred persons' hearing the concert."

Do not say, "It looks like rain." This is a colloquial contraction for, "It looks AS IF IT would rain."

Do not say, "He was with us throughout the whole week." "Throughout" means from end to end, or in every part of it. Therefore, omit "whole."

It is much better to say, "He feels SOMEWHAT discouraged," instead of, "He feels KIND OF discouraged."

Words Often Mispronounced Venue. Pronounced vehn-yew, accent on first syllable. Catechize. Pronounce katt-e-zize, accent on first syllable. Nomad. Preferred pronunciation is no-mad, accent on first syllable.

Marquee (rooflike canopy projecting above a doorway). Pronounced maahr-kee, accent on second syllable.

Onyx. Pronounced awn-icks, accent on first syllable.

Harbinger. Pronounced hahr-bin-ger, accent on first syllable.

Words Often Misspelled Malefactor, observe the "e"; malfeasance, no "e." Either "alignment" or alinement" is correct spelling. Marquisette (the fabric). Straightened (made straight); straitened (restricted); confined; as, in straitened circumstances. Opulence, one "p"; opportune, two "p's." Venial (capable of being bribed); venial (trivial); excusable; pardonable).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

INCITATION; that which incites to action; incentive. (Accent third syllable). "These incitations spurred him on to his goal."

MODULATE; to vary in tone, as the voice. "An actor should have the ability to modulate his voice."

CONTENTIOUS; quarrelsome. "The two countries became contentious over the matter of tariffs."

ENTITLY; something that has a real existence. "Fame has no real entity."

DECOROUS; becoming; proper; seemly. (Accent on first syllable). "His suave, decorous manner was pleasing."

DECIDUOUS; shedding or falling off seasonably or at maturity. "In the autumn of each year, deciduous trees lose their leaves."

Area Gridders To Play In All-Star Football Game In Lubbock August 11th

Another feature for the cap of West Texas as far as the Texas High School Coaching Association School is concerned is possible this summer, according to Polk Robison, Texas Tech Athletic Director.

Basketball attendance record is already held in Lubbock—set by the 1956 school as 5,936 poured into the Coliseum on the Texas Tech campus. And now the football record is in danger for two reasons.

One is that an enlarged Jones Stadium is available. The other is that area football fans are well acquainted with the exploits of many of the gridgers.

Among those in action for the North All-Stars in the football game in Lubbock Saturday night, August 11, will be backs Johnny Agan of Albany, Mike Boxwell of Dumas, Jan Crews of Anton, Tommy Ledbetter of Dalhart, Jerry Lovelace of Farwell, Jack Middlebrooks of Abilene, Larry Shields of Wichita Falls, and Mike Sutherland of Ysleta (El Paso).

Also, center Dale Harris of Monterey (Lubbock), guards Edwin Hall of Eden, Dennis Wolf of Wink, and Mike Sheehan of San Angelo Central. Tackle Mike Jurcek of Eldorado, ends Bobby Aldridge of Sweetwater, Pat Campbell of Levelland, and Pete Hitch of Throckmorton.

Carl Spoonmore, coach of Albany's state champions, now Lub-

bock Tigh head coach, will direct the North All-Stars. Football attendance mark is 20,408, set in Houston in 1958. The 1956 school drew 12,114 for football.

Texas Tech's Athletic Department is handling ticket sales for the Coaching School. Reserved football tickets are \$2.50 and \$2; reserved basketball tickets, \$2 and \$1.50. Mail orders are accepted with the enclosure of a 25-cent mailing fee.

Red Raider's 1962 Football Schedule

Following is Texas Tech's 1962 football schedule:

Sept. 22—West Texas State at Lubbock, 7:30 p.m.

Sept. 29—Texas at Lubbock, 7:30 p.m.

Oct. 6—Texas A & M at College Station, 7:30 p.m.

Oct. 13—Texas Christian at Fort Worth, 7:30 p.m.

Oct. 20—Baylor at Waco, 8 p.m.

Oct. 27—Southern Methodist at Lubbock, 2 p.m. (homecoming).

Nov. 3—Rice at Houston, 2 p.m.

Nov. 10—Boston College at Boston, 1:30 p.m. (est)

Nov. 17—Colorado at Lubbock (Dad's Day), 2 p.m.

Nov. 24—Arkansas at Lubbock, 2 p.m.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Texas—In an effort to "prevent confusion to occupants, mailmen and the public" when the second of two sleek, pink marble State Office Buildings on the Capitol grounds is completed soon, the State Building Commission re-named them after famous Texas patriots.

First State Office Building—generally referred to as "S. O. B. No. 1"—now is designated as the Sam Houston State Office Building; the second, called "S. O. B. No. 2," was named after John H. Reagan, first chairman of the Texas Railroad Commission and Postmaster General of the Confederacy.

Licensing Study Scheduled—House Speaker James A. Turman named Rep. Will Smith of Beaumont chairman of a new committee to study operations of Texas' Examining and Licensing Boards.

Reps. Sam Collins of Newton, Ben Atwell of Dallas, Don Gladden of Fort Worth and Travis Peeler of Corpus Christi will serve on the committee.

Study group was set up to effect "an even greater understanding between the licensing boards and the Legislature," Turman said.

Objects of their research will be the 23 State examining and licensing boards organized for the purpose of testing every prospective practitioner of plumbing, law, cosmetology, medicine, barbering or hairdressing and 18 other professions and trades in Texas.

Textbooks Publicized—State Commissioner of Education J. W. Edgar sent a list of

"THIS NEW SIGN, recently erected on the north side of C. C. Shipman's Service Station on Ave. D at 11th St., points the way to Ed Struve's Repair Shop back of the station building. Struve, who specializes in all kinds of motor repair and general automotive service, recently moved the shop to this location. He operated the shop for several years in a building back of his residence at 408 5th Street. The sign was painted by Lloyd Scott, who works with his father, W. A. Scott, at Scotty's Repair Shop here. (Rev-Photo)

203 textbooks, offered for adoption by Texas schools, to all county and independent school district superintendents, and recommended that the list be publicized so the public will know it's available.

Textbooks are those which the State Textbook Committee is studying for the 1963-64 school year. Number must be sifted down to 82 by October. This approved list then will be turned to the State Board of Education.

Between September 1 and 15, the committee will hear any objections private citizens may have to the books. Last fall, there were plenty of protests.

Major complaint was that the objectors didn't know which books were being considered in time to examine them fully.

Board kept to the lowest legal minimum when it set the State ad valorem tax rate for next year at 42 cents on each \$100 valuation.

Tax boards have kept the State's property "tax take" down to the minimum for several years now. It was up to 77 cents per \$100 valuation before a 30-cent general revenue tax was abolished in 1951.

Coke and Tom Green counties and Dallas County Flood Control District are the only exceptions to the new rate. Rate is 30 cents in these three areas.

The 42-cent tax rate will provide 35 cents for free public school purposes; two cents for Confederate and Texas Ranger pensions and the State Building Commission fund; and five cents for the college building fund.

Short Snorts—While many other state departments were recommending increases in the biennial budgets, the General Land Office decided to ask for an \$82,000 cut. Commissioner Jerry Sadler said new electronic accounting equipment could get credit for the proposed cut.

Att. Gen. Wil Wilson collected a \$185,873 judgement from the U. S. government to cover cost of re-routing 3.7 miles of FM Road 184 in Coryell County, which the federal government wanted to develop Fort Hood.

Educational Expense

Under one of two conditions, direct costs of education and necessary expenses for travel, meals and lodging while taking educational courses away from home overnight are deductible on that 1961 federal income tax return.

John J. Sloan, Administrative Officer, Internal Revenue Service, Lubbock, revealed the two conditions:

- 1) If the education was undertaken primarily to maintain or improve the skills of a taxpayer required in the performance of his employment duties when the education expenses were incurred;
 - 2) If the education was undertaken primarily to meet the express requirements of a taxpayer's employer, or the requirements of applicable law or regulations imposed as a condition for retaining the taxpayer's present employment, salary, or position.
- The IRS representative added: "You may NOT deduct expenses for education if the primary purpose for which the education was undertaken was any of the following:
- "1) To obtain a new position or a substantial advancement in your position.
 - "2) To fulfill your general education aspirations or any other personal purpose.
 - "3) To meet the minimum requirements for qualification or establishment of your intended trade, business, or specialty.
- "Direct costs of education, such as books, tuition, laboratory fees, etc., are deductible only when you itemize your deductions on your return Form 1040. You may NOT deduct these if you take the standard deduction, use the tax table, or use the simple card Form 1040A.
- "Travel expense and the cost of meals and lodging while away from home overnight pursuing qualifying educational activities are also deductible on Form 1040."
- Taxpayers with other questions about this subject may telephone the local IRS office.

Commission and the Water Development Boards have been conferring with the Governor's Water Conservation Committee to map out plans for conservation storage if the Constitutional Amendment on that subject passes in November.

Attorney General's office received three contributions from independent oil operators this week to help defray the cost of directional surveys to locate illegally-deviated wells in East Texas. General Crude Oil Company of Houston donated \$2,500; Goldston Oil Corporation of Houston \$1,000; and Vaughn Petroleum, Inc. of Dallas \$200.

■ "It seems I have so much more time since we got our electric home freezer — but then it isn't that I really have more time — it's just that I can make better use of my time.

For example, when I'm baking pies I bake extra ones and then put them in the freezer. That way I don't get myself tied down baking a pie for guests — I just take one out of the freezer. Yes, my electric freezer frees me!"

Annual Report

(Continued From Page 1)
1962) was replaced by Mr. Horace Jennings.

Lunchroom
The lunchroom operated in the black for the fourth straight year and had a total turnover during the year of \$38,489.85 with a net gain of receipts over disbursements of \$112.60. The average daily participation for the nine-month period was 669 students.

Financial
The District is in the second year of a three-year period involving adjustments on certain taxable property (oil royalties). This type of property comprises almost \$8,000,000 of the \$20,000,000 plus tax roll. It amounts to a net loss in revenue of approximately \$8,000 per year.

Additional revenue was received during the current fiscal year as a result of a favorable Attorney General's opinion relating to Article 2922-16, Section 5, Paragraph 4 of the Minimum Foundation Laws. The total credit that the District will accrue as a result of this development is approximately \$18,000.

The Operating Fund of the District has improved as follows:
Fiscal Year ending August 31, 1958 (\$56,001.62) deficit.
Fiscal Year ending August 31, 1959 (\$37,161.09) deficit.
Fiscal Year ending August 31, 1960 (\$8,936.41) deficit.
Fiscal Year ending August 31, 1961 \$12,158.22.

Receipts:
April Bonds 1959 \$1,000,000.00
Earned Interest (6-30-62) 29,752.75
Total Available \$1,029,752.75
Disbursements (6-30-62) 993,825.03
Balance (1-7-62) \$ 35,927.72
Obligated:
Base Contract \$7,500.00
Architect 312.50
Summer Program (app.) 100.00
Total Obligated \$7,912.50
Total Not Allocated \$27,115.22*
*\$25,000 to Time Deposit at 3 1/2 percent will earn \$437.50 as of 7-18-62.

Charts in Report

The report also included a number of charts concerning personnel, enrollment, pupil and teacher placement and average daily attendance.

Personnel report included 58 professional employees, 15 full-time and 15 part-time employees in lunchroom, transportation, maintenance and custodial work. Enrollment for 1961-62 was 1187 and average daily attendance was 1101.

Lions Club To Handle Flag Rentals

Abernathy Lions Club is sponsoring a patriotic move to have the United States Flag displayed at business places, churches and homes on national holidays and on other days when it would be desirable and appropriate to do so.

The Lions Club has a package deal to offer those who would like to have the Stars and Stripes displayed on their property on the special days. For a flat fee of \$15.00 per year, the Lions Club will furnish the large flag, and will place it on display and take it up at the proper times.

EAGLES LOSE AT PLAINVIEW

The Abernathy Eagles were defeated by the Plainview Indians by a score of 9-6 Sunday. The Indians stopped the Eagles from winning their 12th straight game.

The Eagles still hold a one game lead for first place in the South Plains Latin Baseball League. Bobby Cuevas is manager of the local team and is also vice president of the South Plains League. Pete Cuevas is coach of the local team. Six games remain on the schedule with the season ending September 2.

The Eagles will host the Lockney Red Devils here Sunday, July 29.

FARM NEWS

National Farm Safety Week is Set July 22-28

The theme for the 19th annual National Farm Safety Week, July 22-28, is "Family Safety at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor-vehicle accident account for almost half of the fatal, but only a fifth of the non-fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffered disabling injuries. Of the total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 percent of all accidents involve some human failure—improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 and rank fourth in total deaths. From 1950-60, nearly a million persons died in accidents, 95 million suffered disabling injuries, and 3.5 million were permanently handicapped, America's cost: \$100 billion. But no dollar total can hope to appraise the priceless value of human life, nor can it comprehend grief, loneliness and pain. No purpose is served by accident losses. And most can be prevented, emphasizes the Council.

Safety is no accident and the accomplishments of rural leaders and cooperating farm families and organizations in their work to reduce accidents was cited by the Council. During the past decade, an 11 percent decrease in the farm resident death rate has resulted from this cooperative effort.

But, warns the Council, we still have a long way to go to give farming and ranching a safety record equal to other national industries. Until every rural resident makes safety his business, our cooperative efforts must be continued, they add.

NEWS from the High Plains Research Foundation

The grounds around the new office building, greenhouse and residence at the High Plains Research Foundation at Halfway have been beautified through the generosity of Nurseries in the area. Thirty-four different varieties of trees and shrubs have been presented. Some of the trees to complete the program will be available in the Fall after frost when they can be successfully moved.

A new feature of ground beautification will be a group of 15 plots of lawn grasses and clovers. The demonstration plots are 12' by 15 ft., each of which will have signs identifying the type of grass or clover planted. Aluminum dividers separate the plots. The one foot dividing strip will be treated to prevent spreading between plots. Paths through the plots make viewing of each variety easy.

The lawn grasses and clovers planted include common bermuda, African bermuda, Tifton bermuda, Texas turf grass No. 10, Kentucky blue grass, Merion Kentucky blue, English blue (fescue), Sea-side bent, Highland bent, European blue (English rye), Buffalo,

Revised Grain Standards Set For August 1

Harvest of the 1962 sorghum crop is just around the corner. This focuses the attention of all persons interested in the marketing of this important crop on the revised standards for grain sorghums which go into effect August 1.

The new standards are the result of three years' work with the grain industry, during which time standardization specialists of USDA's Agricultural Marketing Service consulted with producers, handlers, exporters and foreign buyers.

The changes are designed to make the grade standards of greatest possible value in serving as a uniform language of quality for trading in grain sorghum.

The revised standards increase the minimum test weight per bushel for Grade No. 1 from 55 to 57 lbs.; Grade No. 2 from 53

to 55 lbs.; Grade No. 3 from 51 to 53 lbs.; and Grade No. 4 from 49 to 51 pounds.

Maximum moisture limits have been reduced for Grade No. 1 from 14 to 13 percent; Grade No. 2 from 15 to 14 percent; and Grade No. 3 from 16 to 15 percent. No change was made for Grade No. 4.

Copies of the complete text of the revised standards are available from the Grain Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington 25, D. C.

THIS PHOTO, taken at Abernathy Recreation Center Saturday afternoon, shows Donna Webb at the top arc of a graceful dive into the pool. The daughter of Mr. and Mrs. J. D. Webb, Donna is a natural athlete. She is an outstanding basketball and tennis player in school athletics, and she is working on her game on the ARC golf course. (Rev-Foto)

Man with great Dane meets man with small yellow dog. Small yellow dog snaps open jaws and completely swallows great Dane. "What kind of a dog is that?" asks horrified first man. Answer: "Before we cut off his tail and painted him yellow, he was an alligator."

Rebekah News

The Abernathy Rebekah Lodge 170 met July 17 at the I.O.O.F. Hall. A donation was sent to the Pilgrimage Fund, and plans are being made to attend and participate on a joint District Degree Team at Plainview at 8 p.m. on August 21. Sister Dorothy Voelke, degree captain, is in charge.

Eva Morgan reported the plans for the supper we are to cook and serve to the public for Bankers Service Life Insurance Company at the City Club Room. It is to be held July 30 at 8 p.m. The meal will be free to all guests attending.

The Lodge's semi-annual report was read and accepted.

Sister Amy Jordan was reported to be ill in the Hale Center Hospital.

Refreshments were served to 14 members.

News About Men In Service

Captain Glenn W. Burleson of Lubbock, is being reassigned to Headquarters, 26th Air Division, Syracuse, N. Y., following graduation from the United States Air Force interceptor weapons school in Tyndall, Fla.

The captain, son of U. N. Burleson, 2611 42nd St. Lubbock, is a former student at Texas Tech. He entered the service in 1944. His wife is the former Joan M. King of Abernathy.

Captain Burleson studied the latest tactics and techniques of interceptor weapons employment. The training qualifies him to direct tactical interceptor programs in world-wide Air Defense Command units.

Pvt. Don T. Drummond, whose wife, Fayma, lived in Abernathy, recently achieved recognition as a top Army marksman by qualifying for the expert marksmanship badge during range firing with the carbine at Fort Story, Virginia.

Drummond, a personnel clerk in the company at the fort, entered the Army in November 1961 and received basic training at Fort Carson, Colo.

A 1958 graduate of Hamlin High School, the 23-year-old soldier attended Arlington State College and Texas Tech. His parents, Mr. and Mrs. G. W. Drummond, live on Route 1, Hamlin.

San Diego—David E. Williamson, seaman apprentice, USN, husband of the former Miss Wanda S. Smith of New Deal, completed recruit training, July 13, at the Naval Training Center, Great Lakes, Ill.

During the nine-week indoctrination period, recruits are trained in physical fitness, basic military law, military drill, customs and etiquette of the naval service, swimming and survival, first aid and basic shipboard routine.

During the training, recruits receive tests and interviews which determine future training and assignments in the Navy.

* Denotes 2-AA District Games.

All non-conference games will be played at 8 p.m., and all district games are slated to begin at 7:30 p.m.

Every National Forest campground meets certain minimum standards, and these are listed and discussed in the booklet so the novice camper may know what to bring and what is furnished.

Ex-Students Of Abernathy School In Reunion Aug. 4

Final plans are being made for the reunion here August 4 of all former students of Abernathy school. Sponsored by the Abernathy Ex-Students Association, the reunion will get under way at 2 p.m. Saturday, August 4, with registration and tours until 4 p.m. Registration will be in the school lunchroom.

A general meeting of all ex-students will be held from 4 until 5 p.m. Entertainment numbers are being planned for this hour. Tours of the school facilities will be conducted from 5 until 7 p.m. Class reunions will begin at 7:30 p.m.

The August 4 event will be the first since 1959, when a reunion of ex-students was held along with the town's 50th anniversary celebration.

Local ambulance telephone number, 298-2331. Chambers Funeral Home.

STEVE GUERRANT, 13-year-old son of Mr. and Mrs. Eddie Guerrant, is shown here polishing his game on the golf putting green at ARC Saturday afternoon. Golf is proving a popular sport for the youngsters and teenagers of the community. AHS, for the first time last school year, began golf competition with other schools. A membership in ARC provides economical recreation for the entire family. See Harvey Lutrick, ARC president; Lon Carmickle, treasurer, or other officers for information on membership in ARC. There are several easy-payment methods of financing family membership in Abernathy Recreation Center. (Rev-Foto)

Modern Etiquette By Roberta Lee

Q. Who goes first down the aisle of a motion picture theater, the man or the woman?

A. The woman precedes. And unless she is accompanied by her husband, fiance, or someone she knows well, she should turn to him and ask, "Is this all right?" This gives him a chance—should he be near or far-sighted, to suggest a seat closer or farther away.

Q. I see more and more people cutting their bread and rolls at the table with their knives. Is this now considered proper?

A. No. Good manners still require that bread, rolls, and the like be broken into small pieces with the fingers, and each piece buttered as it is eaten.

Q. I've been told that the double-sheet type of personal stationery is out of place for a man. Right?

A. This is really up to the man himself. Some men think the single-sheet kind of stationery is more masculine than the double-sheet type.

Q. When a boy with whom a girl has been going for some time invites her to his home for dinner, is it proper for the girl to take his mother a box of candy?

A. No, this is not at all necessary.

Q. How can a divorced woman who is using her maiden name include "Miss" in front of her name when sending out her daughter's wedding invitations?

A. Really a divorced woman with a daughter should not be using "Miss" in front of her name, as it leads to social complications such as this one. However, in this case, she can prefix "Mrs." to her maiden name.

Q. Is it always obligatory to make a call of condolence on a good friend who has been bereaved?

A. If YOU are a good friend of this "good friend," you most certainly will.

Q. When you have entertained an out-of-town guest and have received a note from her telling you how much she enjoyed her visit, is it necessary to reply to this note?

A. This would be far better than ignoring the letter. Your guest will appreciate learning that you, too, enjoyed the visit, and that you are looking forward to seeing her again.

Q. Is the best man supposed to stand the expense of the "bachelor dinner" in honor of the bridegroom?

A. No; the best man makes all the arrangements for the party—but the bridegroom pays for it.

Q. When serving a fruit juice as a first course at the dinner table, where is this glass placed?

A. On the place plate—not with the water glass.

Q. If a business man at luncheon happens to meet a woman friend who is lunching at the same table, is he obliged to pick up her check?

A. Certainly not; and the woman should not expect this.

It Could Be You!

AN OPEN LETTER FROM A STUDENT AT GONZALES HIGH SCHOOL

By MARY LYNN CASKEY

Texas Rehabilitation Center! You may think "TRC means nothing to me, so why should I support it?" But wait! What if you were in an accident or developed some disease? What would you do then if TRC were not here to help you? TRC is the only center in the Southwest that offers rehabilitation to those who can't afford to pay for all of their treatment.

So far I have not needed the services offered by the center, but through personal acquaintances with past and present patients, I know that TRC is doing an excellent job of rehabilitating citizens to live a normal life and will continue to do so as long as the necessary funds are available.

Recently I interviewed several former and present patients and because of these interviews, I realize how important TRC is to everyone in the State of Texas.

During my talk with Sandra Brown, a TRC patient from Folsom, Texas, I learned her feelings about TRC. "TRC is help to the helpless, hope for the hopeless, and strength to the weak. The center has made my life livable and has made me independent," she said.

I asked her what it would have meant to her if TRC had not been here when she needed it. She said, "It would have been a fate worse than death to be a burden to anyone. What they have done for me, you could not possibly put in words. I could not have learned at home what they have taught me to do here. I needed special guidance and attention and they gave it to me. They

showed me how to do things and how to do them right."

"I feel that disabilities, sicknesses, accidents can happen to anyone and if TRC doesn't have the help it needs now it will be a disadvantage to those who will need it in the future."

Shortly after I talked with Sandra, I received the following letter from another patient at TRC. "What does TRC mean to me? TRC is a builder of hope and strength for a new life for the handicapped."

I came to TRC from Dallas flat on my back, on a stretcher in an ambulance. I was completely helpless—I couldn't feed or clothe myself. Now I comb my hair, brush my teeth, bathe, and do my dressing. I can now walk, with the aid of a leg brace and crutches, and do other functional activities; mainly, I have learned to live with my fellow man as a handicapped person.

As a handicapped person, now I ask you, what would have happened to me if not for this fabulous place? I'm making this appeal for donations for TRC, for the handicapped who have not had the opportunity to come here, and for those who are yet to be handicapped in the future.

You see, broken necks and backs do not always happen to the other fellow—it sometimes happens to you."

Sincerely yours,
Fred E. Burton.

Fellow citizens—even though we are not handicapped now, we may need TRC in the future. Help keep TRC operating. Mail your donations to the "Former Patient Funds For TRC," Box 58, Gonzales, Texas.

A. C. Nystel and family visited his sister, Mrs. Harry Chapple, in San Angelo last weekend.
