NUMBER 44

ABERNATHY'S FIRST BALE OF COTTON from the 1962 crop was delivered to Hygrade Gin Saturday afternoon, Sept. 1, by Fred Abney, above, left, who farms southeast of town. This picture was taken moments after the bale rolled from the gin press in the background, A. L. (Skinny) Higgins, a part owner and manager of Hygrade Gin, is shown here weighing the bale, which is wrapped in the new cotton bagging. The first bale was taken to the city square where it remained on display for several days.-(Rev-Foto)

Fred Abney Delivers First '62 Bale Of Cotton Here Saturday

Fred Abney, who farms southeast of town, brought in Abernathy's first bale from the 1962 cotton crop Saturday afternoon, Sept. 1. It was ginned free of charge at Hygrade Gin, which paid 50c per pound for the lint, and brought the seed on a price base of \$100 per ton.

September 15 Is Date Set For Lions Broom Sale

The Abernathy Lions Club has set the date for the annual Broom Sale in Abernathy. The sale will be held Saturday, September 15.

Abney brought in 1,620 pounds of seed cotton, which produced 412 pounds of lint and 690 pounds of seed. Lint turnout was 25.43%. The cotton, Gregg variety, was from irrigated land. It was planted April 24 and 25, Abney said.

Last year, Frank Lovelace brought in the first bale from the 1961 crop on September 16.

The proceeds from the sale will go to the Abernathy Lions Club and The Lighthouse, an organization to aid the blind.

The Light House is a United Fund Agency and works in cooperation with the State Commission for the Blind in Austin. The employees earn their wages by producing marketable articles. Revenue from sales goes to pay wages and buy materials.

The evangelist will be the Rev. V. A. Chron, pastor of the Muldoon Road Baptist Church, Anchorage, Alaska. He is a graduate of Wayland Baptist College and the Southwestern Baptist Seminary, Ft. Worth.

Before going to Alaska, he was pastor of the Baptist Church at Cone. The evangelist is a brother of the Rev. E. C. Chron, pastor of Northside Baptist Church.

Jeff Bearden, director of music for Monroe Baptist Church at New Deal, will be in charge of song services during the revival at Northside Baptist Church.

The church and its pastor extend an invitation to everyone to attend the revival. The nursery will be open each evening during the services.

Mr. and Mrs. Rudolph Struve and sons have returned from a vacation at their summer home at Cowles, N. M. They visited the Paul Noland family in Los Alamos while they were in New Mexico. Noland is a former city manager here.

New Deal Lions To Open Season At Cooper Friday

The New Deal Lions of Coach Bob Wills will open the 1962 football season Friday night at Cooper. The Lions are looking forward to a better season this year, as they will have more speed and a stronger offensive backfield.

placed on the shoulders of fullback Jimmy Barrington, who let-carry the past three years at a tackle position. The Lions' speed will be bolstered by sprinter Randy Peoples, a sophomore with no previous experience.

With a determined crew of nine returning lettermen, including six seniors, two juniors and one sophomore, these Lions will receive assistance from 13 other squadmen, consisting of one senior, one junior, two sophomores and nine freshmen.

Pastor From Alaska To Be In Revival Here

Abernathy's Northside Baptist Church announces plans for a revival. It will open Sunday, Sept. 9, and continue through Sept. 16.

Prayer service will begin at 7:30 p.m. and the evangelistic service will start at 8 p.m.

The evangelist will be the Rev. V. A. Chron, pastor of the Muldoon Road Baptist Church, Anchorage, Alaska. He is a graduate of Wayland Baptist College and the Southwestern Baptist Seminary, Ft. Worth.

Before going to Alaska, he was pastor of the Baptist Church at Cone. The evangelist is a brother of the Rev. E. C. Chron, pastor of Northside Baptist Church.

Jeff Bearden, director of music for Monroe Baptist Church at New Deal, will be in charge of song services during the revival at Northside Baptist Church.

The church and its pastor extend an invitation to everyone to attend the revival. The nursery will be open each evening during the services.

Mr. and Mrs. Rudolph Struve and sons have returned from a vacation at their summer home at Cowles, N. M. They visited the Paul Noland family in Los Alamos while they were in New Mexico. Noland is a former city manager here.

A community-wide mass polio immunization drive, using the Sabin Oral Polio Vaccine, Type 1, is slated in Abernathy, Sunday, Sept. 9, from 1 p.m. until 5 p.m. Every person in this area, children and adults, is urged to take the Sabin Oral vaccine, which will be given on cubes of sugar. Conditions under which a person should not take the vaccine are listed in the question and answer portion of this story.

Sponsored By P-TA
Two stations for administering the Sabin Oral Polio Vaccine Sunday, Sept. 9, will be set up in Abernathy, one at the city hall and one at Abernathy school cafeteria.

The polio vaccine drive is being sponsored by Abernathy Parent-Teacher Association. Members of the P-TA and other volunteers will assist Dr. Maurice F. Priddy and Dr. Kenneth Gregory in administering the Sabin Oral Polio Vaccine.

The doctors and others are donating their services in this campaign. Even with this contribution there will be certain expenses involved.

A voluntary donation of 25c per person will be asked to help cover the cost of the vaccine. Larger donations will be appreciated but no one will be refused the vaccine if they cannot pay the 25c.

Every family that plans to take the vaccine Sunday is urged to clip the form printed in this issue of The Review. Fill it out and bring it with you Sunday. Having this form filled out and ready to turn in will greatly reduce the time involved when you report for the vaccine Sunday afternoon.

Workers To Meet
Mrs. Rudolph Struve, P-TA president, urges all members of the P-TA, and any other person who will help in the drive Sunday, to attend an instructional meeting at 10 a.m. Friday, Sept. 7, in city hall club room.

Even more frightening than the fiscal irresponsibility of these Harvard men, is their influence in international affairs. Their One-World philosophy is shaping the administration's policy in the State Department. If this trend is not checked, the United States will surrender its sovereignty to the United Nations and become a "State" in the world organization of states.

This is not Republican propaganda. If you think this is just another sour grapes carping at the Kennedy administration, place your order now for a booklet with the following title: "Freedom From War. The United States Program For General And Complete Disarmament In A Peaceful World." It is not put out by the Republicans. John Birch Society or any other group opposed to the President. The booklet is Department of State Publication 7277, Disarmament Series 5, Released September, 1961, Office of Public Services, Bureau of Public Affairs. It is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Price is fifteen cents.

If you doubt that the Kennedy administration advisers and State Department officials are planning to surrender the sovereignty of the United States to the United Nations, order this book. The information, including address and cost, is listed above.

If the aims outlined in the "Freedom From War" booklet are realized, the United States will be stripped of all its war-potential weapons. The only weapons we'll have left will be those needed for situations such as the Little Rock deal a few years ago.

Quoting from "Freedom From War," under STAGE III (3) heading, paragraph (a) "States would retain only those forces, non-nuclear armaments, and establishments required for the purpose of maintaining internal order; they would also support and provide agreed manpower for a U. N. Peace Force." The "States" mentioned means the countries of the world as we now know them, i. e. United States, Great Britain, France, etc. All countries would lose their identities and be reduced merely to "States" in the world organization.

Paragraph (b) says: "The U. N. Peace Force, equipped with agreed types and quantities of armaments, would be fully functioning."

Paragraph (c) "The manufacture of armaments would be prohibited except for those agreed types and quantities to be used by the U. N. Peace Force and those required to maintain internal order. All other armaments would be destroyed or converted to peaceful purposes."

The administration's recent move to disband certain units of the National Guard in some states of the United States is, I believe, directed at weakening the war-potential power of the United States.

The "Freedom From War" booklet is on file in the Review office. You are welcome to read it here. It is a blueprint for the downfall of the United States.

19 Report Here For Freshman Football Team

Nineteen Abernathy freshmen boys, including the manager, reported for football workouts Tuesday, the first day of school, according to Coach Curtis Davenport.

Freshmen lads reporting include the following:
Larry Crowder, Carl Johnson, Pat Hale, Rondall Preston, Jesse Sanchez, Johnny Gonzales, Mike Tannehill, Bobby Faver, Mike Skipper, Jimmy Franklin, Lane Wade, Terry Barton, Felix Saucedo, Bryan Cox, Rex Hester, James Healey, Dan Bridges, Gene Hill, and manager Jim Barron.

8-Game Schedule

The local freshmen will have an eight-game schedule for the 1962 season. They will open their season Thursday night, Sept. 13, against the Hale Center B team. The game will get underway at 6 o'clock that evening in Hale Center.

BROTHER-IN-LAW DIES IN DALLAS

A brother-in-law of Mrs. Esther Williams of Abernathy, Dr. Walter Williams, of Dallas, died in a hospital in that city Monday morning. He was the only brother of the late Dr. Harry E. Williams of Abernathy. Dr. Walter Williams practiced medicine in Plainview for many years before moving to Dallas. Memorial rites were scheduled in Plainview's First Presbyterian Church.

"BACK TO BETHEL" THEME First Baptist Church Rnews Fall Program Of Activities

The First Baptist Church, in an effort to renew the fall program of activity, has begun a week of special emphasis with the theme, "Back to Bethel." Bethel in Old Testament language means "House of God." This concentrated endeavor began Sunday, September 2, with the distribution of commitment cards given to members asking each to help reach goals of 501 in Sunday School and 250 in Training Union for next Sunday, September 9 as the week is climaxed.

On Wednesday, September 5, the church resumed a full schedule of graded choirs and auxiliary meetings. The family supper, beginning at 6:15 last night, also featured entertainment.

Junior Choir met at 5:30 p.m., supper was served at 6:15. Beginner and Primary Choirs, Junior and Intermediate G. A. S., Junior and Intermediate R. A. S., and Officers and Teachers met at 7:00 p.m. At the 8:00 Prayer Service hour, a new Bible study program was initiated. Young People and Adults rehearsed for choir at 8:45. This schedule will be followed throughout the following winter months.

FATHER DIES
Robert Johnson of Nogales, Arizona, father of Mr. Roy Figley, died Sunday night in a Nogales hospital. He had been in ill health for the past several years. He was in his late 70s.

Funeral services were held Wednesday morning in Nogales. The Figleys, formerly of this city, now reside in Slaton.

MOTHER DIES

The mother of Mrs. Clarence Nelson of Abernathy, Mrs. Bertha Bordofske, 73, of Quannah, died there August 26. Funeral rites, attended by Abernathy members of her family, were held August 28, at the Quannah Church of Christ. Burial was in the Quannah Cemetery.

Mrs. Bordofske was one of four persons burned in a storm cellar butane gas explosion near Quannah June 18. Others who sustained lesser injuries in the explosion were her son-in-law and daughter, Mr. and Mrs. Walter Newman, and a Negro maid.

Highlights From New Deal High

By DAVID McDOUGAL NDHS Correspondent

A total of 93 students registered to attend New Deal High School for the 1962-63 year. Among those 93 students were 37 eager freshmen, 21 sophomores, 18 juniors, and 16 hoping-to-graduate seniors.

When Mr. Chandler, high school principal, held an assembly Monday morning there was an atmosphere of eagerness to start the school year. Of course there was a few moans and groans about getting back to homework, but they were by far in the minority. Everyone wants to make this school year a happy and profitable one.

Concluding the first week of school, New Deal will open its 1962 football season by playing at Cooper Friday night at 8:00 o'clock.

Miss Middleton, Wade Attebury Marry Saturday

Miss Alice Jeanette Middleton, daughter of Mr. and Mrs. Arthur E. Middleton of Shallowater, and Donald Wade Attebury, son of Mr. and Mrs. E. H. Attebury, Rt. 1, Abernathy, were married at 8 p.m. Saturday in Shallowater: First Baptist Church with the Rev. Ed Jackson reading double-ring vows.

Miss Jane Anderson, organist, Mrs. Jay Stanton and Jerry Parker, accompanied in wedding selections.

Given in marriage by her father, the bride wore a floor-length white bridal satin gown fashioned by her mother. Made on princess lines, it featured a V-neckline and long sleeves. The fingertip tulle veil fell from a crown of pearlized orange blossoms. The bride carried a cluster of gardenias atop a white pearl covered Bible.

Miss Linda Middleton, sister of the bride, was maid of honor and another sister, Miss Nancy Middleton, and the bridegroom's sister, Miss Nadine Attebury of Lubbock were bridesmaids. They wore blue peau de soie dresses designed with boat necklines, short sleeves and pleated skirts. They wore headpieces of softly draped bows caught to short circular veils and carried bouquets of white pompons.

Wendell Attebury of Abernathy served his cousin as best man and A. B. Simpson and Ed Dowdy of Lubbock and David and Dan Middleton of Abernathy were groomsmen and ushers. Candlelighters were Alan Duncan and Wilcey Koinzan.

The couple left for a trip to Colorado following a reception in Fellowship Hall. The bride traveled in a navy and white checked suit with navy accessories.

Members of house party were: Mrs. A. W. Duncan, Mrs. Jack Noblett, Mrs. Ronnie Hohenberger, Mrs. Jack Du Laney, Mrs. E. T. McClure, Mrs. Hayes Barnett, Mrs. E. W. McClure, Misses Jane Penny and Annice Isom.

Mrs. A. B. Simpson, cousin of the bride, registered guests.

The couple will be at home on Rt. 1, Abernathy, where the bridegroom is farming. The bride has been employed for two years in

the accounting division of Southwestern Bell Telephone Company in Lubbock. Her husband served three years in the United States Army.

Grass Pasture Care Outlined

Many acres of grass have been planted in Hale County this season. Most of these were Midland bermuda. However, there were other species of grass planted. Regardless of the grass planted, the establishment of it can be an expensive project and sometimes a very slow process. When one goes to the expense and trouble to establish one of these irrigated grasses, he should manage the pasture to the best of his ability to keep the plants in lush condition at all times. To achieve this lush condition it is very important that proper pasture use be practiced.

Just what is meant by proper pasture use? This is simply grazing pastures at a rate that will maintain quality by adjusting the stocking rates or season of use to favor maximum growth and survival of the plant.

There are three things that can be achieved by practicing proper pasture use. These are: 1. to maintain an adequate ground cover for protection against soil and water losses, 2. to prolong the life of desired plants, and 3. to maintain a sustained yield of good quality forage.

There are several factors which can be observed to determine if proper pasture use is being carried out:

(1) For maximum production, use no more than approximately 50 percent of current growth of plants after grazing begins. This will insure adequate leaf surface to manufacture plant food for quick regrowth and food storage in the roots.

(2) Stubble of grazed grasses will be irregular and height alone cannot be used as a criteria to judge proper use; however, this can be useful if the over-all aspect of the grazed pasture is considered.

Different kinds and classes of livestock, grasses, climatic conditions of moisture, temperature, and periods of available light and soil affect height of plants. Generally, proper stubble height coupled with a commensurate amount of leaves can best be determined

A total of 2,726,800 merit badges in specific fields related to physical fitness have been earned by Boy Scouts since the early days of the movement.

CUTS WINTER KILL IN SMALL GRAINS

Small grain crops like wheat need deep root development to resist winter kill. Big N Anhydrous Ammonia, applied at the root zone; promotes early rooting. And then is ready to go to work in the spring when the young plants start growing again.

Consumers Fuel Association Cooperates In LUCKY LICENSE SWEEPSTAKES

Know your auto license plate number? It may be the ticket to a free vacation in Paris or make you the owner of your own swimming pool or boat.

These are among the 119,220 prizes to be offered by the Good-year Tire and Rubber Company during its six week "Million Dollar Lucky License Sweepstakes," August 6-September 15.

During the sweepstakes, weekly lists of the "lucky license numbers" will be posted at the Abernathy Consumers Fuel Association, 932 Avenue D, Abernathy.

"There's nothing to write or fill in," said Consumers Fuel Association. "The only qualification to win a Paris vacation or one of the many other prizes is to own a registered car."

Nearly 20,000 "lucky license numbers" will be selected every week during the sweepstakes. Prizes, with total retail value of \$1 million, range from six vacations for two persons in Paris, steel swimming pools and all aluminum boats to color television sets, wrist watches and major appliances.

City Policeman John Marsh and Mrs. Marsh have moved from living quarters over the fire station to a residence at 405 Ave. F. Dick Hughes, city water superintendent, is to move to the fire station quarters.

**EAGLES DOWN
HEREFORD**

Manager Oscar Lopez took the Abernathy Eagles to Hereford Sunday and won an 8 to 0 baseball game from their hosts. The Eagles recently took top place in the South Plains Latin American Baseball League for this season. Hereford was shut out. Paul Alanza was the winning pitcher. Lopez and Bobby Cuevas each had two hits. Hereford had won 14 games in a row until they were flogged by the Eagles, who settled them down in order. Hereford will come here Sunday to play the Eagles on City Gin lot at 2 p.m.

**RECEIVES BMA
DEGREE AT WTSC**

Mrs. Linda Schreier Ligon received a BMA degree in Music at West Texas State College, Canyon, August 23. She is to teach band and choir in Amarillo Public Schools. A daughter of Mr. and Mrs. W. K. Schreier, Abernathy, she was graduated from high school here.

Mr. and Mrs. J. A. Havens and family of Quanah spent Saturday night in the home of his brother, Richard, and family.

**OKLAHOMA RITES
FOR MRS. GIDEON**

Services for Mrs. G. F. (Mary Sue) Gideon, 68, were held at 1 p.m. Wednesday at the Capitol Hill Free Baptist Church in Oklahoma City.

Burial was at Oklahoma City under direction of Guardian Funeral Home there.

A New Deal former resident, Mrs. Gideon died early Monday in Oklahoma City. She moved to Oklahoma from New Deal in 1952.

Her survivors include her husband; four sons, M. J. and James, both of Lubbock, George and Billy Ray, both of Oklahoma City; three daughters, Mrs. Ray Dryden, Pryor, Okla., Mrs. W. E. Burrows, Fitzhugh, Okla., and Miss Joan Gideon, Oklahoma City; her mother, Mrs. A. Harkey, Pottsville, Ark.; four brothers, L. N. Harkey, California; J. V. Harkey, New Deal; E. E. Harkey, Roosevelt, and Pete Harkey, Pottsville, Ark.; three sisters, Mrs. Loyal Judkins, Abernathy, Mrs. Lois Gideon, Tulsa, Okla., and Mrs. Effie Jackson, also of Pottsville; 19 grandchildren and 2 great-grandchildren.

M. O. Hood is a patient in West Texas Hospital, Lubbock.

TALK — In Print

(Continued From Page 1)

The U. S. House of Representatives was "trigger happy" in approving a postal rate increase early this year. Friday, we observed a couple of instances where the House otherwise could assist in cutting the postal deficit. On that day we received franked (postage free) mail from House members that served personal and party political purposes. Neither release was worth adding to the burden of mail handling.

One of the franked items was a copy (not printed at government expense, it said) of a speech by the Hon. Melvin R. Laird of Wisconsin. Speech topic was: "A Declaration of Republican Principle and Policy." It may not have been printed at government expense, but it was mailed at government expense.

We receive "news" releases quite often from Jim Wright, who represents the Fort Worth area in the U. S. House of Representatives. This, I believe, is an effort to keep his name before the people of Texas, with an eye to seeking some political office in 1964. His "news" also is mailed at government expense.

Franking privileges should cover only that mail going to constituents of Representatives or Senators.

Using franked mail to further the political career of an individual or aid a political party should be prohibited.

NEW DEAL CHEERLEADERS—Pictured above are the five cheerleaders at New Deal High School for the 1962-63 school year. They will be rooting for the Lions Friday night when they open the season against Cooper at that school. From left to right are: Donna Slaton, senior; Virginia Davis, senior and head cheerleader; Judy Ring (center), senior; Sharon Womus, sophomore; and Vickie Esty, freshman.—(Rev. Photo)

BRIDGE TOURNT

The Jayceettes of Petersburg cordially invite the women of Abernathy to attend their annual bridge tournament to be held on Thursday, Sept. 13, in the American Legion Hall at Petersburg. The tournament will begin at 1:30 and each lady is asked to bring a partner. Admission is set at \$2.50 a person and prizes will be awarded.

**SABIN POLIO VACCINE—SEPT. 9
QUESTIONS AND ANSWERS**

(Continued From Page 1)
Question: When will the program start in Abernathy?

Answer: Sunday, September 9.
Q. Where will the clinic be held?

A. At Abernathy city hall and the Abernathy school cafeteria.
Q. Who is sponsoring the clinic here?

A. Abernathy Parent-Teacher Association, PTA members will assist Dr. M. F. Priddy and Dr. Kenneth Gregory of Abernathy Medical Clinic.
Q. Who should take this vaccine?

A. All persons residing in this area. This includes everybody, from babies to senior citizens.
Q. What will happen at the clinics?

A. Each person will be given a dose of Type I Sabin Polio Vaccine—two drops of vaccine on a sugar lump.
Q. What will this cost?

A. A donation of 25 cents to help defray the cost of the program is being requested for each of the three doses of oral vaccine, the first to be given September 9. Everyone will be immunized whether he contributes or not.
Q. What time may I go to the clinic?

A. The clinic will be open from 1 p.m. until 5 p.m. It will take you just a few minutes to get your vaccine.
Q. I have had a Salk polio injection. Should I take this too?

A. By all means! While the Salk vaccine was a very important step, this vaccine provides more complete protection for a longer period of time. Sabin vaccine also prevents you from being a carrier of the dread virus. This program should be undertaken means protection for the whole

community because the virus cannot be eliminated from the area.

Q. Is there any danger in taking this vaccine?
A. It has been given to millions of people here in the United States, as well as millions elsewhere in the world. There have been no reactions in all these people.

Q. What about pregnant women?
A. They should take the vaccine. It will protect them, without causing them any trouble, and it may give temporary protection to the newborn.

Q. If I am sick, should I take the vaccine?
A. If you are troubled with vomiting or diarrhea, it would be better for you to take the vaccine at a later date.

Q. I am a diabetic. Should I take the vaccine? What about the sugar lump?
A. Diabetics, like all others, should take the vaccine. The sugar lump contains 9 calories so it will not upset the diabetic. If you wish, the dose can be given to you directly from a dropper.

Q. Will this one dose give me complete protection?
A. This dose will give protection to Type I only. Type III and Type II will be given in the Fall.

Q. Who recommends the Sabin oral vaccine?
A. The National Institute of Health, the Surgeon General of the United States, The County Medical Society, and your family doctor.

Q. Why can't my family doctor give the vaccine?
A. He can. However, because of the increasing number of cases of Type I polio in this area, the physicians of the county have agreed that the mass immunization program should be undertaken NOW!

Issuing New Auto Stickers In Texas

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced a new-type motor vehicle inspection sticker is now available for the new inspection year beginning September 1.

"The only thing new about the inspection this year is the sticker itself," he said. "This new sticker is a dry mount decal which we believe will adhere regardless of weather conditions and one which has been used very successfully in other states."

More than five million vehicles registered in the state are required by law to be inspected at one of the 5,000 official inspection stations between this date and April 16, 1963. Owners of vehicles not displaying the current inspection sticker after that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected as early as possible, and pointed out:

"With hard summer driving and the A. L. Appersons.

coming to an end, fall is an excellent time to have vehicles checked in preparation for the winter months."

In announcing the new inspection period, the public safety director said the Vehicle Inspection Program in Texas has proved itself to be a valuable tool in reducing accidents on Texas streets and highways.

LETTER WEEK SET FOR OCTOBER 7-13

Postmaster Herman Lambert announced that National Letter Writing Week this year will be October 7 to 13.

Also, Lambert reminds those who have relatives or friends overseas to start shopping for their Christmas gifts. Gifts to them should be mailed several weeks before December 25.

The Harold Sparks family of Albuquerque visited Mrs. Sparks' parents, Mr. and Mrs. C. J. Pharr, here last weekend.

Mr. and Mrs. Donnie Apperson and daughter, Tammy, of Dallas visited Mrs. O. O. Hiser

INCOME TAX FAX

Uncle Sam's tax collection agency, the Internal Revenue Service, is taking a long critical look at tax abuses in the areas of "entertainment expenses," "business travel," and "expense accounts."

Canceled checks alone are no longer accepted as adequate substantiation for claimed expenses. Consequently, before Mr. Hardworking Businessman gets too far off on the wrong foot with the IRS in 1962, Ellis Campbell Jr., Dallas IRS district director, comes up with some helpful suggestions.

"Accurate record keeping is the best way to save federal tax money that I can think of," Campbell said.

"The following pointers can be as useful to our area self-employed folks as to corporation executives claiming deductions on personal tax returns for business expenses, whether reimbursed or not."

Campbell revealed that entertainment expense records should provide relation of the expenditure to the taxpayer's business, and the ordinary and necessary business purpose of the expense.

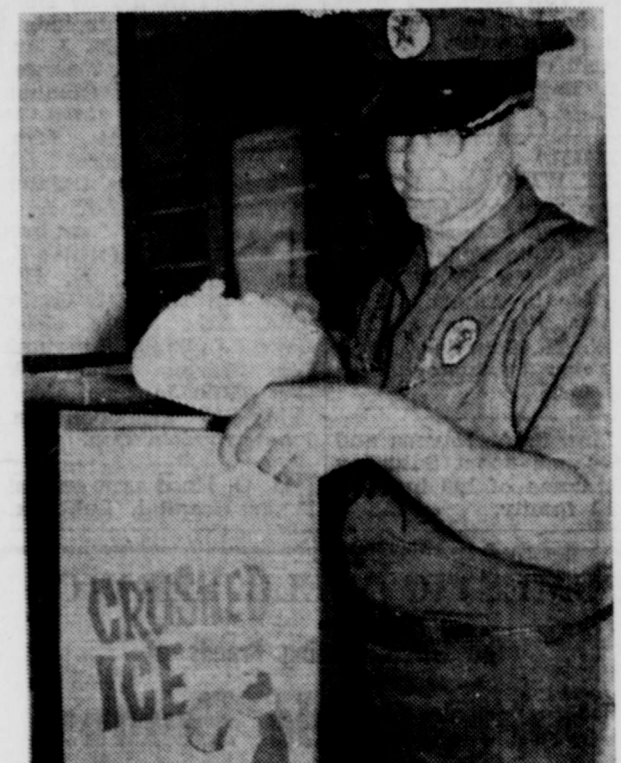

Records should show the name of the person or persons entertained and the companies they represent, as well as the date and place of entertainment.

"Naturally," Campbell cautioned, "the amount of the expenditure must be ordinary and necessary. If the sum is sizeable, be sure to keep a copy of the bill. It's necessary for us to know whether the entertainment was paid by out-of-pocket cash, credit card, check, or charged to the employer."

Campbell's next article will discuss proper record keeping for federal tax purposes of "Home Entertainment," and "Club Dues."

HOBBY CLUB MEETS TODAY

The Abernathy Hobby Club is to meet at 2:30 p. m. today (Thursday) at the city hall club room. Mrs. G. D. Clapp will be the hostess.

All members and those who wish to visit are invited to attend and see Mrs. Jones, a Lubbock Hobby Club member, demonstrate refinishing wood (process may be used for unfinished wood and to refinish wood).

NOTICE, FARMERS

Farmers are reminded that they may now submit claims for the federal gas tax refund. They have until September 30 to mail in their claims and should use Form 2240 which they can get from the Internal Revenue Service. Farmers should also keep their records to verify claims.

Mrs. O. H. Cecil is visiting her daughter and family in Salinas, Calif.

Dial Service Begins For TWX Users

Some 150 customers of General Telephone Company who subscribe to teletypewriter exchange (TWX) service participated Labor Day weekend in a nationwide "flash" cutover from manual TWX to dial TWX service, according to E. H. Danner, president of the company. Every telephone company in the nation which provides TWX service took part in the cutover at precisely 7:30 p.m., August 31.

The TWX conversion from manual to dial operation will do for TWX customers what customer direct distance dialing is doing for telephone customers. That is, it will permit TWX customers to dial direct—without the assistance of an operator—to any other TWX customer in the nation. Under the new system, modifications have been made to all machines so that machines languages is converted to tone signals which can be transmitted over regular long distance telephone network. With the manual system, TWX messages

are transmitted over a special network, and an operator must make the connection with the desired place and must manually time and ticket each message.

Getting ready for the big flash cutover has required some two years of planning, engineering, modifications and changes. New teletypewriter numbers have been assigned and a new directory listing the number of each TWX customer in the nation has been compiled and distributed. Every machine has been modified and pre-tested to be sure that it was ready for the cutover. Extensive training was given to the technicians who will service the machines and telephone people have worked closely with TWX operators to train them in the use of the new dial TWX service.

The change was a smooth one, Danner said, and we feel sure that all our customers and others throughout the nation will benefit from and enjoy the improved, faster and more convenient service. It is another step in our program to provide the finest communications services to our customers, stated the president.

Tailwater, A Problem Of Irrigation, Will Be Studied

As a result of waste notices and petitions for injunctions being served in Farmer Castro and Deaf Smith counties by the High Plains Underground Water Conservation District, a group of 50 to 60 irrigation farmers in Farmer County organized a Citizen's Committee to assist the District in finding solutions to problems of waste that plague some Southern High Plains farmers.

The Citizen's Committee is agreed that irrigation "tailwater" should be used to grow crops rather than run into bar-ditches or playa lakes and from there evaporate or be used by weeds.

T. I. Burleson of the Hub Community, an irrigation farmer, has been selected as chairman of the Citizen's Committee. Burleson states, "we want to work with the Water District. They realize that we're busy with our crops right now and recommend that after we're through harvesting this fall we decide what needs to be done on each farm to avoid having runoff water and then do something about it."

Waste of irrigation water has long been the unwanted companion of many farmers. Solutions to this problem have not always been so apparent as have been the results of waste.

Tom McFarland, Water District Manager, has stated that the District is prepared to cooperate in every way possible in alleviating waste problems, and that the District's staff is ready and willing to work with anyone in finding an answer to his individual problem.

One reason for establishing the High Plains Water District was to inform the people concerning the amount of ground water available and what's happening to it. The District is doing this. They tell us that the water level is declining gradually, but steadily. Declining of the water table should be of great concern to everyone, and it may be, but unless this concern leads to better use of both rain water and ground water by individuals, then the District's efforts are for naught.

The tragedy of this entire waste situation on the Southern High

Plains lies buried in the statement of a wise old gentleman made many years ago, "We'll never miss the water until the well goes dry." When this occurs, it's too late.

OES MEETS SEPTEMBER 6

NOTICE TO FARMERS!

USDA TIGHTENS RULES ON CCC

OWNED COMMODITIES

NEW REGULATIONS INVOLVING THE TIGHTEST MEASURES YET TAKEN TO GUARD AGAINST SHORTAGES OF COMMODITIES STORED BY THE COMMODITY CREDIT CORPORATION IN COMMERCIAL WAREHOUSES HAVE BEEN ANNOUNCED BY SECRETARY ORVILLE L. FREEMAN.

THE REGULATIONS

INVOLVING NEW PROCEDURE FOR DEALING WITH SHORTAGES WHICH GENERALLY FALL INTO THREE MAJOR CATAGORIES:

1. If the shortage is small and does not exceed the normal operational loss which can be attributed to shrinkage and handling losses, the warehouseman can make up the shortage through purchase of grain from outside sources. Within a short period of the time after the initial discovery of shortage, an inspector will check the

warehouse to determine if stocks are back in balance.

2. If the shortage exceeds the normal margin for operational losses, warehouse examiner will be stationed at the warehouse to determine the cause of the shortage. If it has occurred through no fault of the warehouseman, the examiner will

remain at the warehouse until the deficit in stock has been corrected.

3. If it is determined that improper conduct on the part of the warehouseman—such as conversion carelessness of operation, or other liability—has caused an unjustifiable loss of quantity or the quality of the commodity, the USDA will take the following steps:

- *...AN EXAMINER WILL BE PLACED AT THE WAREHOUSE TO KEEP OPERATIONS UNDER CONSTANT SUPERVISION.
- *...ALL EXISTING CONTRACTS WILL BE SUSPENDED, AND THE WAREHOUSE REMOVED FROM THE APPROVED LIST.
- *...ALL PAYMENTS FOR STORAGE AND OTHER CHARGES WHICH ARE CURRENT AND ACCRUER WILL BE STOPPED.
- *...THE WAREHOUSEMAN'S BONDING COMPANY WILL BE NOTIFIED OF USDA ACTIONS.
- *...ALL GOVERNMENT OWNED GRAIN WILL BE PLACED ON LOADOUT ORDERS.
- *...ALL SHIPMENTS FROM THE WAREHOUSE WILL BE STOPPED, EXCEPT THOSE FOR WHICH USDA HAS ISSUED LOADING ORDERS.
- * IF THE WAREHOUSEMAN CONTINUES TO REMOVE GRAIN FROM THE WARHOUSE IN VIOLATION OF THESE ORDERS, IMMEDIATE STEPS WILL BE TAKEN TO OBTAIN A COURT INJUNCTION TO STOP THE LOADOUT EXCEPT ON USDA ORDER.

THE SECRETARY SAID THE NEW PROCEDURE WILL APPLY TO ALL COMMODITIES OWNED OR UNDER LOAN FROM CCC.

We the undersigned Elevators, because of the above rules and regulations will have to shrink your grain that tests above 14 percent moisture at the rate of 2 percent for each point above 14 percent moisture content.

Miss Middleton, Wade Attebury Marry Saturday

Miss Alice Jeanette Middleton, daughter of Mr. and Mrs. Arthur E. Middleton of Shallowater, and Donald Wade Attebury, son of Mr. and Mrs. E. H. Attebury, Rt. 1, Abernathy, were married at 8 p.m. Saturday in Shallowater First Baptist Church with the Rev. Ed Jackson reading double-blessing vows.

Miss Jane Anderson, organist, Mrs. Jay Stanton and Jerry Parkes accompanied in wedding selections.

Given in marriage by her father, the bride wore a floor-length white bridal satin gown fashioned by her mother. Made on princess lines, it featured a V-neckline and long sleeves. The fingertip tulle veil fell from a crown of pearlized orange blossoms. The bride carried a cluster of gardenias atop a white pearl covered Bible.

Miss Linda Middleton, sister of the bride, was maid of honor and another sister, Miss Nancy Middleton, and the bridegroom's sister, Miss Nadine Attebury of Lubbock were bridesmaids. They wore blue peau de soie dresses designed with boat necklines, short sleeves and pleated skirts. They wore headpieces of softly draped bows caught to short circular veils and carried bouquets of white pompons.

Wendell Attebury of Abernathy served his cousin as best man and A. B. Simpson and Ed Dowdy of Lubbock and David and Dan Middleton of Abernathy were groomsmen and ushers. Candlelighters were Alan Duncan and Wilcey Koinzan.

The couple left for a trip to Colorado following a reception in Fellowship Hall. The bride traveled in a navy and white checked suit with navy accessories.

Members of house party were: Mrs. A. W. Duncan, Mrs. Jack Noblett, Mrs. Ronnie Hohenberger, Mrs. Jack Du Lavey, Mrs. B. T. McClure, Mrs. Hayes Barnett, Mrs. E. W. McClure, Misses Jane Penny and Annice Isom.

Mrs. A. B. Simpson, cousin of the bride, registered guests.

The couple will be at home on Rt. 1, Abernathy, where the bridegroom is farming. The bride has been employed for two years in

Grass Pasture Care Outlined

Many acres of grass have been planted in Hale County this season. Most of these were Midland bermuda. However, there were other species of grass planted. Regardless of the grass planted the establishment of it can be an expensive project and sometimes a very slow process. When one goes to the expense and trouble to establish one of these irrigated grasses, he should manage the pasture to the best of his ability to keep the plants in lush condition at all times. To achieve this lush condition it is very important that proper pasture use be practiced.

Just what is meant by proper pasture use? This is simply grazing pastures at a rate that will maintain quality by adjusting the stocking rates or season of use to favor maximum growth and survival of the plant.

There are three things that can be achieved by practicing proper pasture use. These are: 1. to maintain an adequate ground cover for protection against soil and water losses, 2. to prolong the life of desired plants, and 3. to maintain a sustained yield of good quality forage.

There are several factors which can be observed to determine if proper pasture use is being carried out:

(1) For maximum production, use no more than approximately 50 percent of current growth of plants after grazing begins. This will insure adequate leaf surface to manufacture plant food for quick regrowth and food storage in the roots.

(2) Stubble of grazed grasses will be irregular and height alone cannot be used as a criteria to judge proper use; however, this can be useful if the over-all aspect of the grazed pasture is considered.

Different kinds and classes of livestock, grasses, climatic conditions of moisture, temperature and periods of available light and soil affect height of plants. Generally, proper stubble height coupled with a commensurate amount of leaves can best be determined

after observation and weighing of grazed un-used pasture plants.

(3) Most pastures should be allowed to grow from 4-6 weeks or early booting stage, each spring before grazing begins. This allows plants to regain vigor and make the vegetative growth that is necessary, if the pasture is to produce at or near its potential.

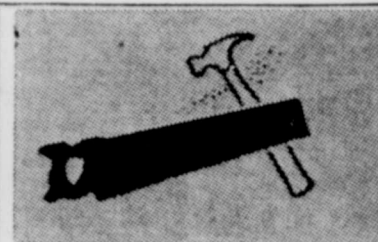

(4) Grazing should be discontinued during the growing season when pasture is wet.

(5) Grazing should normally be discontinued prior to dormant season to allow for a three to four week growing period. This allows the plant to maintain plant vigor.

Generally following the establishment of an adequate stand, grass should not be grazed the first growing season. Some planting will make enough growth the first season and can be grazed when they reach the booting stage.

Consumers Fuel Association Cooperates In LUCKY LICENSE SWEEPSTAKES

Know your auto license plate number? It may be the ticket to a free vacation in Paris or make you the owner of your own swimming pool or boat.

These are among the 119,220 prizes to be offered by the Good-year Tire and Rubber Company during its six week "Million Dollar Lucky License Sweepstakes," August 6-September 15.

During the sweepstakes, weekly lists of the "lucky license numbers" will be posted at the Abernathy Consumers Fuel Association, 932 Avenue D, Abernathy.

"There's nothing to write or

fill in," said Consumers Fuel Association. "The only qualification to win a Paris vacation or one of the many other prizes is to own a registered car."

Nearly 20,000 "lucky license numbers" will be selected every week during the sweepstakes.

Prizes, with total retail value of \$1 million, range from six vacations for two persons in Paris, steel swimming pools and all aluminum boats to color television sets, wrist watches and major appliances.

City Policeman John Marsh and Mrs. Marsh have moved from living quarters over the fire station to a residence at 405 Ave. F. Dick Hughes, city water superintendent, is to move to the fire station quarters.

EAGLES DOWN HEREFORD

Manager Oscar Lopez took the Abernathy Eagles to Hereford Sunday and won an 8 to 0 baseball game from their hosts. The Eagles recently took top place in the South Plains Latin American Baseball League for this season. Hereford was the winning pitcher. Lopez and Bobby Cuevas each had two hits. Hereford had won 14 games in a row until they were flogged by the Eagles, who settled them down in order. Hereford will come here Sunday to play the Eagles on City Gin lot at 2 p.m.

RECEIVES BMA DEGREE AT WTSC

Mrs. Linda Schreter Ligon received a BMA degree in Music at West Texas State College, Canyon, August 23. She is to teach band and choir in Amarillo Public Schools. A daughter of Mr. and Mrs. W. K. Schreter, Abernathy, she was graduated from high school here.

Mr. and Mrs. J. A. Havens and family of Quannah spent Saturday night in the home of his brother, Richard, and family.

OKLAHOMA RITES FOR MRS. GIDEON

Services for Mrs. G. F. (Mary Sue) Gideon, 68, were held at 1 p.m. Wednesday at the Capitol Hill Free Baptist Church in Oklahoma City.

Burial was at Oklahoma City under direction of Guardian Funeral Home there.

A New Deal former resident, Mrs. Gideon died early Monday in Oklahoma City. She moved to Oklahoma from New Deal in 1952.

Her survivors include her husband; four sons, M. J. and James, both of Lubbock, George and Billy Ray, both of Oklahoma City; three daughters, Mrs. Ray Dryden, Pryor, Okla., Mrs. W. E. Burrows, Fitchugh, Okla., and Miss Joan Gideon, Oklahoma City; her mother, Mrs. A. Harkey, Pottsville, Ark.; four brothers, L. N. Harkey, California; J. V. Harkey, New Deal; E. E. Harkey, Roosevelt, and Pete Harkey, Pottsville, Ark.; three sisters, Mrs. Loyal Judkins, Abernathy, Mrs. Lois Gideon, Tulsa, Okla., and Mrs. Effie Jackson, also of Pottsville; 19 grandchildren and 2 great-grandchildren.

M. O. Hood is a patient in West Texas Hospital, Lubbock.

The U. S. House of Representatives was "trigger happy" in approving a postal rate increase early this year. Friday, we observed a couple of instances where the House otherwise could assist in cutting the postal deficit. On that day we received franked (postage free) mail from House members that served personal and party political purposes. Neither release was worth adding to the burden of mail handling.

One of the franked items was a copy (not printed at government expense, it said) of a speech by the Hon. Melvin R. Laird of Wisconsin. Speech topic was: "A Declaration of Republican Principle and Policy." It may not have been printed at government expense, but it was mailed at government expense.

We receive "news" releases quite often from Jim Wright, who represents the Fort Worth area in the U. S. House of Representatives. This, I believe, is an effort to keep his name before the people of Texas, with an eye to seeking some political office in 1964. His "news" also is mailed at government expense.

Franking privileges should cover only that mail going to constituents of Representatives or Senators.

Using franked mail to further the political career of an individual or aid a political party should be prohibited.

NEW DEAL CHEERLEADERS—Pictured above are the five cheerleaders at New Deal High School for the 1962-63 school year. The girls will be rooting for the Lions Friday night when they open the season against Cooper at that school. From left to right are: Donna Slaton, senior; Virginia Davis, senior and head cheerleader; Judy Ring (center), senior; Sharon Weems, sophomore; and Vickie Esty, freshman.—(Rev-Photo)

BRIDGE TOURNEY

The Jaycee-ettes of Petersburg cordially invite the women of Abernathy to attend their annual bridge tournament to be held on Thursday, Sept. 13, in the American Legion Hall at Petersburg. The tournament will begin at 1:30 and each lady is asked to bring a partner. Admission is set at \$2.50 a person and prizes will be awarded.

BIRTHS

Mr. and Mrs. Bob Riley are parents of a son born August 31. He weighed 6 pounds 10 ounces. A son, weighing 7 pounds 7 ounces, was born August 30, to Mr. and Mrs. Barney Eibert Shuey, Lubbock. The paternal grandparents are Mr. and Mrs. R. G. Shuey of Abernathy. The baby is a great-grandson of Mrs. B. F. Taylor, also of Abernathy.

Mr. and Mrs. Barney C. Lewis are parents of a son born August 31. He weighed 5 pounds 7 ounces. The father is in the U. S. Navy.

A son was born August 31, to Mr. and Mrs. Gene Emery. He weighed 6 pounds 11 ounces.

Mr. and Mrs. John Paul Johnson of Big Spring are parents of a son, John Paul Jr., born Aug. 30. A grandson of Mrs. A. N. Johnson, Sr., of Abernathy, the baby weighed 7 pounds 14 ounces.

Mr. and Mrs. Pedro Ortiz are parents of a son born Sept. 2. He weighed 8 pounds one-fourth ounce.

Abernathy Medical Clinic reported the following births: A daughter, weighing 7 pounds, was born August 25, to Mr. and Mrs. Ralph Regalado, Hale Center.

Mr. and Mrs. Raul Pena, New Deal, are parents of a daughter born August 28. She weighed 5 pounds 14 ounces.

A daughter was born August 30, to Mr. and Mrs. Joe Alvarez. She weighed 9 pounds 9 ounces.

Mr. and Mrs. Lupe Garcia, Rt. 1, Shallowater, are parents of a son born Sept. 1. He weighed 8 pounds 12 ounces.

Mr. and Mrs. Hermon Peel and Mr. and Mrs. Lamar McKenzie were in Red River, N. M., last week. They also visited the Paul Noland family in Los Alamos, N. M. Paul formerly was city manager here.

SABIN POLIO VACCINE—SEPT. 9 QUESTIONS AND ANSWERS

(Continued From Page 1)

Question: When will the program start in Abernathy?

Answer: Sunday, September 9.

Q. Where will the clinic be held?

A. At Abernathy city hall and the Abernathy school cafeteria.

Q. Who is sponsoring the clinic here?

A. Abernathy Parent-Teacher Association. PTA members will assist Dr. M. F. Priddy and Dr. Kenneth Gregory of Abernathy Medical Clinic.

Q. Who should take this vaccine?

A. All persons residing in this area. This includes everybody, from babies to senior citizens.

Q. What will happen at the Clinics?

A. Each person will be given a dose of Type I Sabin Polio Vaccine—two drops of vaccine on a sugar lump.

Q. What will this cost?

A. A donation of 25 cents to help defray the cost of the program is being requested for each of the three doses of oral vaccine, the first to be given September 9. Everyone will be immunized whether he contributes or not.

Q. What time may I go to the clinic?

A. The clinic will be open from 1 p.m. until 5 p.m. It will take you just a few minutes to get your vaccine.

Q. I have had a Salk polio injection. Should I take this too?

A. By all means! While the Salk vaccine was a very important step, this vaccine provides more complete protection for a longer period of time. Sabin vaccine also prevents you from being a carrier of the dread virus. This means protection for the whole

community because the virus cannot be eliminated from the area.

Q. Is there any danger in taking this vaccine?

A. It has been given to millions of people here in the United States as well as millions elsewhere in the world. There have been no reactions in all these people.

Q. What about pregnant women?

A. They should take the vaccine. It will protect them, without causing them any trouble, and it may give temporary protection to the newborn.

Q. If I am sick, should I take the vaccine?

A. If you are troubled with vomiting or diarrhea, it would be better for you to take the vaccine at a later date.

Q. I am a diabetic. Should I take the vaccine? What about the sugar lump?

A. Diabetics, like all others, should take the vaccine. The sugar lump contains 9 calories, so it will not upset the diabetic. If you wish, the dose can be given to you directly from a dropper.

Q. Will this one dose give me complete protection?

A. This dose will give protection to Type I only. Type III and Type II will be given in the Fall.

Q. Who recommends the Sabin oral vaccine?

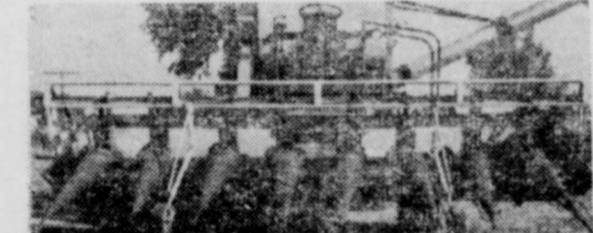

A. The National Institute of Health, the Surgeon General of the United States, The County Medical Society, and your family doctor.

Q. Why can't my family doctor give the vaccine?

A. He can. However, because of the increasing number of cases of Type I polio in this area, the physicians of the county have agreed that the mass immunization program should be undertaken NOW!

Issuing New Auto Stickers In Texas

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced a new-type motor vehicle inspection sticker is now available for the new inspection year beginning September 1.

"The only thing new about the inspection this year is the sticker itself," he said. "This new sticker is a dry mount decal which we believe will adhere regardless of weather conditions and one which has been used very successfully in other states."

More than five million vehicles registered in the state are required by law to be inspected at one of the 3,000 official inspection stations between this date and April 16, 1963. Owners of vehicles not displaying the current inspection sticker after that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected as early as possible, and pointed out:

coming to an end, fall is an excellent time to have vehicles checked in preparation for the winter months."

In announcing the new inspection period, the public safety director said the Vehicle Inspection Program in Texas has proved itself to be a valuable tool in reducing accidents on Texas streets and highways.

LETTER WEEK SET FOR OCTOBER 7-13

Postmaster Herman Lambert announced that National Letter Writing Week this year will be October 7 to 13.

Also, Lambert reminds those who have relatives or friends overseas to start shopping for their Christmas gifts. Gifts to them should be mailed several weeks before December 25.

The Harold Sparks family of Albuquerque visited Mrs. Sparks' parents, Mr. and Mrs. C. J. Pharr, here last weekend.

Mr. and Mrs. Donnie Apperson and daughter, Tammy, of Dallas visited Mrs. O. O. Hiser and the A. L. Appersons.

INCOME TAX FAX

Uncle Sam's tax collection agency, the Internal Revenue Service, is taking a long critical look at tax abuses in the areas of "entertainment expenses," "business travel," and "expense accounts."

Canceled checks alone are no longer accepted as adequate substantiation for claimed expenses. Consequently, before Mr. Hardworking Businessman gets too far off on the wrong foot with the IRS in 1962, Ellis Campbell Jr., Dallas IRS district director, comes up with some helpful suggestions.

"Accurate record keeping is the best way to save federal tax money that I can think of," Campbell said.

"The following pointers can be as useful to our area self-employed folks as to corporation executives claiming deductions on personal tax returns for business expenses, whether reimbursed or not."

Campbell revealed that entertainment expense records should provide relation of the expenditure to the taxpayer's business, and the ordinary and necessary business purpose of the expense.

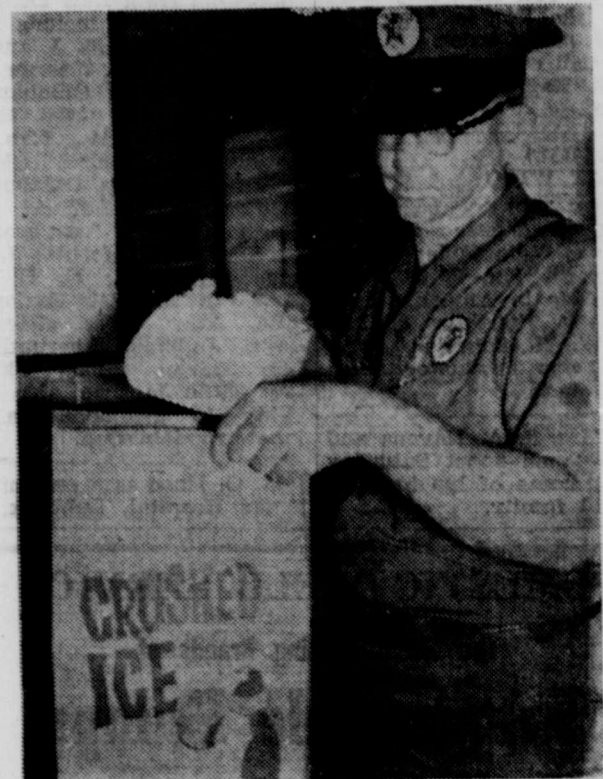

Records should show the name of the person or persons entertained and the companies they represent, as well as the date and place of entertainment.

"Naturally," Campbell cautioned, "the amount of the expenditure must be ordinary and necessary. If the sum is sizeable, be sure to keep a copy of the bill. It's necessary for us to know whether the entertainment was paid by out-of-pocket cash, credit card, check, or charged to the employer."

Campbell's next article will discuss proper record keeping for federal tax purposes of "Home Entertainment," and "Club Dues."

HOBBY CLUB MEETS TODAY

The Abernathy Hobby Club is to meet at 2:30 p. m. today (Thursday) at the city hall club room. Mrs. G. D. Clapp will be the hostess. All members and those who wish to visit are invited to attend and see Mrs. Jones, a Lubbock Hobby Club member, demonstrate refinishing wood (process may be used for unfinished wood and to refinish wood).

NOTICE, FARMERS

Farmers are reminded that they may now submit claims for the federal gas tax refund. They have until September 30 to mail in their claims and should use Form 2240 which they can get from the Internal Revenue Service. Farmers should also keep their records to verify claims.

Mrs. O. H. Cecil is visiting her daughter and family in Salinas, Calif.

Dial Service Begins For TWX Users

Some 150 customers of General Telephone Company who subscribe to teletypewriter exchange (TWX) service participated Labor Day weekend in a nationwide "flash" cutover from manual TWX to dial TWX service, according to E. H. Danner, president of the company. Every telephone company in the nation which provides TWX service took part in the cutover at precisely 7:30 p. m., August 31.

The TWX conversion from manual to dial operation will do for TWX customers what customer direct distance dialing is doing for telephone customers. That is, it will permit TWX customers to dial direct—without the assistance of an operator—to any other TWX customer in the nation. Under the new system, modifications have been made to all machines so that machines languages is converted to tone signals which can be transmitted over regular long distance telephone network. With the manual system, TWX messages

are transmitted over a special network, and an operator must make the connection with the desired place and must manually time and ticket each message.

Getting ready for the big flash cutover has required some two years of planning, engineering, modifications and changes. New teletypewriter numbers have been assigned and a new directory listing the number of each TWX customer in the nation has been compiled and distributed. Every machine has been modified and pre-tested to be sure that it was ready for the cutover. Extensive training was given to the technicians who will service the machines and telephone people have worked closely with TWX operators to train them in the use of the new dial TWX service.

The change was a smooth one, Danner said, and we feel sure that all our customers and others throughout the nation will benefit from and enjoy the improved, faster and more convenient service. It is another step in our program to provide the finest communications services to our customers, stated the president.

MARY GOBLE
... Riding Club Queen

Abernathy Riding Club's Queen, Mary Goble, above, displays some of the trophies and ribbons which she and her father, C. L. Goble Jr., and their animals won in the Apaloosa Horse Show at O'Donnell Sunday. Mary, who is a ninth grade student in Abernathy High School, won first place in the barrel race and first in Western Pleasure Riding. Her father won third riding in the cutting horse division of the show. Their Peggy Sue mare placed third and their stallion Chappo was fifth in the halter division.—(Rev-Foto)

Tailwater, A Problem Of Irrigation, Will Be Studied

As a result of waste notices and petitions for injunctions being served in Parmer, Castro and Deaf Smith counties by the High Plains Underground Water Conservation District, a group of 50 to 60 irrigation farmers in Parmer County organized a Citizen's Committee to assist the District in finding solutions to problems of waste that plague some Southern High Plains farmers.

The Citizen's Committee is agreed that irrigation "tailwater" should be used to grow crops rather than run into bar-ditches or playa lakes and from there evaporate or be used by weeds.

T. I. Burleson of the Hub Community, an irrigation farmer, has been selected as chairman of the Citizen's Committee. Burleson states, "we want to work with the Water District. They realize that we're busy with our crops right now and recommend that after we're through harvesting this fall we decide what needs to be done on each farm to avoid having runoff water and then do something about it."

Waste of irrigation water has long been the unwanted companion of many farmers. Solutions to this problem have not always been so apparent as have been the results of waste.

Tom McFarland, Water District Manager, has stated that the District is prepared to cooperate in every way possible in alleviating waste problems, and that the District's staff is ready and willing to work with anyone in finding an answer to his individual problem.

Plains lies buried in the statement of a wise old gentleman made many years ago, "We'll never miss the water until the well gone dry." When this occurs, it's too late.

OES MEETS SEPTEMBER 6

Friendship Night will be the program feature Thursday, Sept. 6, when Abernathy Chapter No. 877, Order of the Eastern Star, holds a stated meeting at the Masonic Lodge Hall. A salad supper will be served at 6:30 p. m.

Those in charge of the program are Mmes. Ralph Davis, Hugh Pettit, Brooks Speer and Lamar McKenzie. The social committee for that night will be Mmes. Frank Lovelace, Fred Blumenstock, Faye Oldham and Morris Thomas.

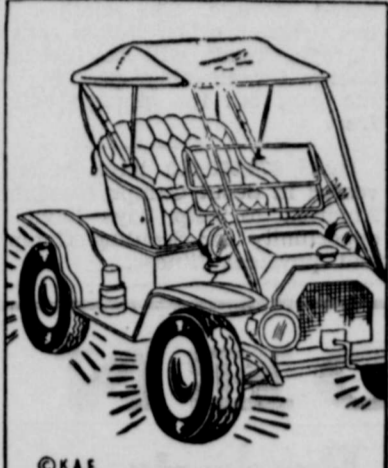

OPERATE SHOP

Buck Cecil and R. C. Patterson Jr., a re operating Abernathy Builders & Supply north of the Cecil home at 408 3rd St. They do all kinds of carpenter work, cabinet building, home repair work and can furnish materials for such jobs.

Dr. and Mrs. Kenneth Gregory and Mr. and Mrs. Larry Griffin were in Ruidoso, N. M., last weekend.

Mr. and Mrs. Aubrey Bell and son of Vernon visited here last week in the home of his brother and family, Mr. and Mrs. M. M. Bell.

NOTICE TO FARMERS!

USDA TIGHTENS RULES ON CCC OWNED COMMODITIES

NEW REGULATIONS INVOLVING THE TIGHTEST MEASURES YET TAKEN TO GUARD AGAINST SHORTAGES OF COMMODITIES STORED BY THE COMMODITY CREDIT CORPORATION IN COMMERCIAL WAREHOUSES HAVE BEEN ANNOUNCED BY SECRETARY ORVILLE L. FREEMAN.

THE REGULATIONS

INVOLVING NEW PROCEDURE FOR DEALING WITH SHORTAGES WHICH GENERALLY FALL INTO THREE MAJOR CATAGORIES:

1. If the shortage is small and does not exceed the normal operational loss which can be attributed to shrinkage and handling losses, the warehouseman can make up the shortage through purchase of grain from outside sources. Within a short period of the time after the initial discovery of shortage, an inspector will check the

warehouse to determine if stocks are back in balance.

2. If the shortage exceeds the normal margin for operational losses, warehouse examiner will be stationed at the warehouse to determine the cause of the shortage. If it has occurred through no fault of the warehouseman, the examiner will

remain at the warehouse until the deficit in stock has been corrected.

3. If it is determined that improper conduct on the part of the warehouseman—such as conversion carelessness of operation, or other liability—has caused an unjustifiable loss of quantity or the quality of the commodity, the USDA will take the following steps:

- *...AN EXAMINER WILL BE PLACED AT THE WAREHOUSE TO KEEP OPERATIONS UNDER CONSTANT SUPERVISION.
- *...ALL EXISTING CONTRACTS WILL BE SUSPENDED, AND THE WAREHOUSE REMOVED FROM THE APPROVED LIST.
- *...ALL PAYMENTS FOR STORAGE AND OTHER CHARGES WHICH ARE CURRENT AND ACCRUER WILL BE STOPPED.
- *...THE WAREHOUSEMAN'S BONDING COMPANY WILL BE NOTIFIED OF USDA ACTIONS.
- *...ALL GOVERNMENT OWNED GRAIN WILL BE PLACED ON LOADOUT ORDERS.
- *...ALL SHIPMENTS FROM THE WAREHOUSE WILL BE STOPPED, EXCEPT THOSE FOR WHICH USDA HAS ISSUED LOADING ORDERS.
- * IF THE WAREHOUSEMAN CONTINUES TO REMOVE GRAIN FROM THE WARHOUSE IN VIOLATION OF THESE ORDERS, IMMEDIATE STEPS WILL BE TAKEN TO OBTAIN A COURT INJUNCTION TO STOP THE LOADOUT EXCEPT ON USDA ORDER.

THE SECRETARY SAID THE NEW PROCEDURE WILL APPLY TO ALL COMMODITIES OWNED OR UNDER LOAN FROM CCC.

We the undersigned Elevators, because of the above rules and regulations will have to shrink your grain that tests above 14 percent moisture at the rate of 2 percent for each point above 14 percent moisture content.
