New Deal Lions Down Lorenzo, 21-14

VOLUME 41 — HALE COUNTY — ABERNATHY, TEXAS — LUBBOCK COUNTY

(PRICE — 10 CENTS)

THURSDAY, OCTOBER 18, 1962

NUMBER 50

Antelopes Drub Morton Indians, 40-18

RAMBLING RITCHEY ROARS FOR TD—Antelope speedster Tom Ritchey, (arrow), picked up good blocking on this play against Morton early in the first quarter last Friday night and rambled around left end for 28 yards and the first touchdown of the contest. The Antelopes continued their winning ways and drubbed the Indians, 40-18, to give them a 5-1 season record. —(Rev-Foto)

The Abernathy Antelopes, behind the spectacular racing of halfback Tom Ritchey along with the faithful running of Joe Ybarra, Bobby Pettit and Pat O'Neil, aided by an improved offensive forward wall, demoralized the Morton Indians 40-18 here last Friday night in one of their finest performances of the season. The win gave the Antelopes a 5-1 season record which they will carry into conference play which begins this week at Floydada.

A lot of credit for the win Friday night should go to the linemen, even though the backs were in the spotlight. Offensively the line worked as a unit, adding strength to the "scoring machine" as they blocked fervently throughout the game. And defensively... well, either the Antelopes were throwing some bone-jarring tackles or the Indians were but-terfingered by the Morton backs fumbled the ball six times during the game and on each occasion an alert Antelope was on hand to recover the loose pigskin.

To Open District Play At Floydada Tomorrow Night

The AHS Antelopes of Coach Curtis Devenport will open the conference season Friday night when they travel to Floydada to tackle the high-flying Whirlwinds.

Both teams will carry 5-1 season records into district play. Abernathy lost to Petersburg in the second of the season, and Floydada was downed by Childress three weeks ago.

Game Time 7:30 P. M.

Fans are reminded that all conference games will be played at 7:30 p.m. rather than at 8 o'clock.

Let's follow the Antelopes to Floydada tomorrow night and cheer the local lads on to victory, for they will probably need all the support they can get!

J.R. HIGH DRUM MAJOR—Miss Carolyn Barton, daughter of Mr. and Mrs. Carl Barton and an eighth grade student in Abernathy Junior High School, is drum major of the AJH Marching Band, Director of the fine performing organization is Everett Maxwell. —(Rev-Foto)

Sherley Oswalt Is Speaker At Basketball Clinic

COACH SHERLEY OSWALT

Miss Sherley Oswalt, Abernathy High School girls' basketball coach, was a featured speaker at a convention of Texas Women's Physical Education Departments from Texas Junior and Senior Colleges last Friday morning at Howard County Junior College at Big Spring.

Miss Oswalt was accompanied on the trip by assistant coach Margie Guinn and nine AHS basketball stars. During Miss Oswalt's talk, the girls demonstrated warm-up drills, shooting and offensive and defensive drills and plays. The audience included girls who will teach physical education or coach girls' basketball after graduating from college.

AHS basketballers making the trip were Peggy Davis, Martha Struve, Elaine Bilibrey, Gwyn Hendrix, Rita Evans, Pam Davis, Denise Barker, Linda Miller and Donna Webb.

Freshmen Play Hale Center B Team To 8-8 Tie Here

The Abernathy freshman football team played the Hale Center B team to an 8-8 tie last Thursday afternoon on Antelope Field.

This was the first time this season that the Hale Center unit had been scored against. They had previously defeated the Abernathy 24-0.

The visitors scored first, then added the extra points to hold an 8-0 lead. But the local lads were determined to make a better showing than in the previous game with the neighbors to the north and fought back to tie the score before halftime. Abernathy got its TD on a 61-yard pass-play when halfback Pat Hale tossed the ole pigskin to left end Lane Wade who took the ball over his left shoulder and outran the defenders to the goal line. Hale ran over the extras, and that was all the scoring.

A defensive battle was waged in the second half, but Abernathy mustered a 60-yard march which died on the 10-yard line late in the game when the visitors recovered a fumble at that point.

The local freshmen will play host to the freshmen lads from Slaton today (Thursday), at 6 o'clock.

PAT HALE, No. 40, Abernathy freshman, is shown above throwing a Hale Center B team halfback for a one yard loss in a tilt played here last Thursday afternoon. The game ended in an 8-8 deadlock, and it was the first time this season that the Hale Center unit had been scored against. —(Rev-Foto)

Antelopes Score Early

The game opened with Charlie Ledbetter kicking off for the Indians. Tom Ritchey gathered the ball in the 10 yard line and returned it to the 31. A 5-yard penalty against Abernathy on the first play moved the ball back to the 2 yard line from which point the Antelopes put together their first scoring drive of the night.

Joe Ybarra, having one of his best nights of the season, burst through the line and reeled off 40 yards before being brought down on Morton's 44 yard line. Pat O'Neil and Ybarra moved the ball to the 33, then a five yard penalty against Morton gave Abernathy a first-and-five situation on the 28. Ritchey tried to go over right tackle but was stopped for no gain by the stubborn Morton line, which averaged better than 180 pounds. He then took a quick pitchout from quarterback Bobby Pettit and scooted around left end for the initial touchdown. Randy Henson kicked the extra point to give the Antelopes a 7-0 lead with only two minutes 19 seconds gone in the first quarter.

Morton returned the kickoff to their 27 yard line, then Ledbetter.

(Continued on Page 5)

Cotton Harvest Getting Underway

Cotton harvesting was getting well underway this week according to Mr. W. K. Ualmer, Officer-in-Charge, of the Lubbock Classing Office.

Samples receipts were up this week with 13,700 samples being classed as compared to 9,590 the previous week. This gives a total of 22,500 samples classed to date by the Lubbock Office.

The Lamesa and Brownfield classing offices classed 5,000 and 4,900 samples. A total of 42,100 samples have been classed on the South Plains this year.

Quality of cotton being classed is good. Middling comprised 56% of the cotton classed in the Lubbock Classing Office this past week. Strict Low Middling constituted 14% and Middling Light Spotted 18%.

The average staple length was 30.3 thirty seconds of an inch. Staple lengths for the week were distributed as follows: 29/32, 9%; 15/16, 56%; 31/32, 30%; and 1 inch, 5%.

The micronaire readings for the week were as follows: 3.4 and below 5%; 3.5 to 3.9, 20%; 4.0 to 4.4, 44%; 4.5 to 4.9, 26%; and 5.0 to 5.4, 15%.

Middling 1 inch is quoted at 32.30 by the Lubbock Spot Quotations; this compares to 33.15 a year ago. Some of the quotations for the Lubbock market are: Middling 29/32, 31.05, Middling 15/16, 31.30, Middling 31/32, 31.80, Strict Low Middling 29/32, 29.70, Strict Low Middling 15/16, 30.20, Strict Low Middling 31/32, 30.90, Middling Light Spotted, 29/32, 29.70, Middling Light Spotted 15/16, 30.20, and Middling Light Spotted 31/32, 30.90.

Near 3,200 Are Given Vaccine For Type II Polio

Sabin oral vaccine for Type II polio was given to near 3,200 persons Sunday afternoon in Abernathy school cafeteria. This was the second such clinic held here. The vaccine for Type II polio was given to about 3,800 persons here Sept. 9.

YOUNG FARMERS DON PRESEY AND JOHNNY SKIPPER, REPRESENTING THE ABERNATHY YOUNG FARMER CHAPTER, ASSISTED MEMBERS OF THE LOCAL FFA CHAPTER IN HAULING FFA PROJECT LIVESTOCK TO THE STATE FAIR IN DALLAS SUNDAY AFTERNOON, AND RETURNED WITH THE EMPTY TRUCK TUESDAY.

A list of local FFA members showing animals at the State Fair will be published next week, along with their placings in the events. Presley is president of the local, award-winning Young Farmer Chapter.

Ticket Sales To Open Here For "Night At Club"

Abernathy Recreation Center will present its second annual "Night At The Club" dinner and program at 8 p.m. Saturday, Dec. 1, at Abernathy school cafeteria. Ticket sales are due to begin Monday. Tickets will be \$3.00 each.

"There will be entertainment, food and fun for all," said advance publicity on the event.

Due to the limited capacity of the cafeteria, early purchase of tickets is advisable. Tickets will be sold to ARC members and to the general public on a first-come-first-served basis, and ticket sales will be discontinued when the cafeteria capacity is reached.

The 1961 "Night At The Club" was a big hit with the capacity crowd that attended. Local talent will be used again this year for the entertainment program.

FOUR CITY HALL, FIRST STATE BANK

Members of Howard Humphrey's American government classes in Abernathy High School had a field day recently and toured Abernathy city hall and Abernathy First State Bank.

They are now studying city government and banking, and Charles Norwood, city manager, was most helpful in showing the students the duties as city manager. At the bank, the students were given first-hand information on banking.

BROTHER DIES

Truett Price, 49, a veteran of 21 years service with the Dallas Fire Department, died last Thursday of a heart attack at Methodist Hospital in Dallas.

He was a brother of Dewey Price of Abernathy. The Prices attended funeral services which were held Saturday afternoon in Dallas. Burial was at Allen, Texas.

Mr. Price was a member of the Elmwood Baptist Church and was a Mason.

NOTICE!

All advertising and general news received after The Review's established deadline of 5:30 p.m. Mondays will be carried over to the following week.

Winners Named At City Garden Club's 15th Annual Flower Show Held Friday

The 15th Annual Flower Show, in the Horticulture Division of the show with her Chrysler Imperial Rose, and Mrs. O. W. Weeks, club president, was the sweepstakes winner. Others placing high in the event were Mmes. Harlow Neils, M. B. Stanton, S. M. Harrison, James O'Neil, H. H. Selke, Charles O'Neil, Vera Hawkins, and T. O. Brown. Verity-six blue ribbons were awarded in the show.

FLOWER FAIR—Mrs. S. R. Jackson, chairman of the City Garden Club's 15th Annual Flower Show which was held in Abernathy city hall club room last Friday afternoon, is pictured above, at left, with Mrs. Orval Weeks, winner of the Sweepstakes Award. Mrs. Weeks, whose entries captured more blue ribbons than anyone else's, is president of the club. —(Rev-Foto)

Lubbock Man Is Fatally Injured Here

A Lubbock ranch foreman who had stopped to lend a helping hand to another ranch employe, died in West Texas Hospital, Lubbock, around noon Saturday after being caught in an earth mover and fertilizer machine being repaired.

Dave Gross, 56, 4013 42nd St., Lubbock, died at 12:40 p.m. following the accident which occurred around 8:30 a.m. on the Whiteside Bermuda Farms located five miles northwest of Abernathy.

A cattle manager for J. H. Whiteside, owner of the farm, Gross had driven over from feed lots to help repair an earth mover and fertilizer machine. The machine had broken down in the field.

Although two other ranch employes were at the scene, they did not see what happened, according to Whiteside. It was believed that part of Gross' clothing became caught in a chain on the machine which operated the cutting teeth.

Gross was taken to West Texas Hospital by a Chambers Funeral Home ambulance.

Services were held Monday in Sanders Funeral Home Chapel with the Rev. Harold Henderson, pastor of the Central Baptist Church, Lubbock, officiating. Burial was in City of Lubbock Cemetery.

Gross had been employed by Whiteside for some nine months. He was foreman 18 years for the late W. B. Price and had lived in Lubbock since 1942.

Survivors include his wife; a son, Michael, 1920 Ave. P, Lubbock, three brothers, Garland, Odessa, Gordon, Big Spring, and Walter, Eelen, N. M.; a sister, Mrs. Winnie Smart, Albuquerque; and one granddaughter.

Costumes Will Be Judged At Festival Here

"Halloween" is the theme of the annual Harvest Festival to be held Tuesday, October 30 in Abernathy.

All students enrolled in Abernathy Public Schools are eligible to compete in the costume contest and March in parade.

Costumes will be judged by divisions:

1. Most unusual, 2. Prettiest, 3. Scariest and 4. Funniest.

Cash prizes will be offered in each division. First prize is \$5.00. Second prize is \$2.50 and third prize is \$1.00.

School will be dismissed at 2:00 p.m. in order for mothers to dress and prepare Spooks for the contest and parade.

All contestants will reassemble at the school at 3:30 for judging.

Mr. and Mrs. G. C. Baker have gone to Baytown, where they have spent the winter for the past few years. They are at home at 1295 Dale St.

Mrs. Anna Mae Chapman visited her son, William B. Chapman, and family in Oklahoma City last weekend.

Mr. and Mrs. O. F. Rea attended the Rose Festival at Tyler this week.

BIRTHS

Mr. and Mrs. Harold Stillwell are parents of a daughter born Oct. 10. She weighed 7 pounds 1 ounce, and was named Cynthia Danette.

A son, weighing 7 pounds 9 ounces, was born Oct. 10, to Sgt. and Mrs. Freddie King of Lubbock. He was named Stephen Lee, and is a grandson of Mr. and Mrs. Mancill Smith of Abernathy.

Mr. and Mrs. Jerry Shadden are parents of a son born Oct. 13. He weighed 7 pounds 5 ounces.

Abernathy Medical Clinic reported the following births:

A daughter, weighing 5 pounds 14 ounces, was born Oct. 12, to Mr. and Mrs. Agapito Cantu.

Mr. and Mrs. Lee Walters, Rt. 2, Hale Center, are parents of a son born Oct. 12. He weighed 7 pounds 2 ounces.

6-pound 14-ounce son was born Oct. 11, to Mr. and Mrs. Pete Comancho of Petersburg.

Mr. and Mrs. Pablo Perez, Abernathy, are parents of a son born Oct. 11. He weighed 6 pounds 14 ounces.

A son was born Oct. 13, to Mr. and Mrs. B. J. Compton, Abernathy. He weighed 8 pounds 10 ounces.

Postmaster Asks Early Mailing Of Overseas Parcels

Abernathy Postmaster Herman Herman Lambert has advised persons who plan to mail Christmas packages abroad to begin preparation early.

Packages being shipped involve customs inspections and other formalities in foreign countries, requiring early mailing to assure delivery by Christmas.

Overseas parcels should be packed in boxes of wood, metal, or solid fiber-corrugated fiber-board. All fiber-board and corrugated boxes should be wrapped in heavy paper and tied securely with strong cord. Newspapers or excelsior and a list of the contents with the names of the addressee and return address should be placed inside each parcel.

A suggested schedule for overseas mailing is, for the Near East, Nov. 1; Africa, Nov. 1; South and Central America, Nov. 15, and Europe, Nov. 15.

Graveside Rites Held For Baby

Graveside rites were held Monday morning at Abernathy Cemetery for Patrick Silva, the day-old son of Mr. and Mrs. Margarito Silva. Father William Hammond, pastor of St. Theresa's Catholic Mission in Abernathy, officiated. Arrangements were under direction of Chambers Funeral Home.

FATHER DIES

The father of O. D. Weir of Abernathy, John Ed Weir, 81, died Oct. 9, at his home in Snyder. Funeral rites were held in Snyder Oct. 10, with burial in the Ira Cemetery.

LIONS CLUB NEWS

Guests at the Abernathy Lions Club's noon luncheon at Graham's Restaurant Tuesday included Ralph Davis, local farmer, and Ed Crow, salesman at Reid Chevrolet.

Lions Boss Ted Hill called on program chairman Floyd Mooncyam who introduced Captain A. C. Black of the Lubbock Fire Department. Captain Black talked about fire hazards in our homes and businesses. The past week was fire prevention week, it was pointed out.

Captain Black will show a film on California's forest fires at the November 6th Lions luncheon.

Miss Evans in Honor Society At Lubbock CC

Peggy Evans, daughter of Mr. and Mrs. M. D. Evans, Route 2, Abernathy, was recently inducted into the Honor Society at Lubbock Christian College, Lubbock, Texas.

Requirements for membership stipulate that full-time students with fewer than 2 semester hours at LCC must have a 3.7 average to be eligible for membership. Those full-time students with more than 25 semester hours must have a 3.5 average. A 3.7 average is equivalent to three-fifths A's and two-fifths B's, and a 3.5 average is equivalent to one-half A's and one-half B's. Character and citizenship are also considered.

Miss Evans is a sophomore economics major at LCC.

Jr. High Teams Lose Two Games At Frenship

The local seventh and eighth grade Junior High football teams traveled to Frenship Tuesday evening, October 9, and lost two games.

The seventh grade teams went down in defeat, 21-6, and the local eighth graders went scoreless losing 28-0.

Gary Lovelace scored Abernathy's only touchdown of the night when he went five yards for pay dirt on an end sweep.

In the eighth grade contest, the score was tied at 0-0 at halftime, but the Frenship lads came back strong after the intermission.

Abernathy made a desperate 96-yard drive in the second quarter, starting on their own two-yard line, but lost the ball when they fumbled on the opponents two-yard marker.

The local teams traveled to Slaton Tuesday night, and will host the Frenship teams here next Tuesday night, October 23.

Schedule

- Oct. 16—Slaton, There.
 - Oct. 23—Frenship, Here.
 - Oct. 30—Open Date.
 - Nov. 6—Tahoka, There.
- Linda, 13-year-old daughter of Mr. and Mrs. L. D. Johnson, has returned home from Hi Plains Hospital, Hale Center, where she underwent surgery Oct. 2.
- Vincent Vecchio, who broke his right arm late Friday while playing on the school campus, was taken to Methodist Hospital, Lubbock, by Chambers ambulance.
- S. L. Eason of Plainview, formerly of County Line, is reported to be seriously ill in the Plainview Hospital.

Prospects Are Good For Sugar Beet Plant In Plainview Area

Mr. Homer Garrison, president of High Plains Sugar Beet Growers, Inc., told the Review last week that he felt there was a good possibility of securing a sugar beet factory in the immediate future located near Plainview. The High Plains Sugar Beet Growers, Inc. is a non-profit corporation chartered under the laws of the State of Texas to promote the expansion of the sugar beet industry of the High Plains of Texas. Mr. Garrison said he felt farmers of the High Plains area generally are not aware of the interest that sugar refiners have in placing a sugar beet factory or processing facility in the "Plainview area."

An example is the Great Western Sugar Company with offices in Denver Colo. More than eighteen months ago, beet growers in the area represented by High Plains Sugar Beet Growers, Inc., confident of the ability of the area to produce sugar beets in the quantity sufficient to supply an up-to-date, modern sugar beet factory, presented facts concerning the area, its land and water resources, etc., to officials of the Great Western Sugar Company. The contacts thus established led to visits to the area by Great Western officials to the planting of plots with Great Western's seed in both 1961 and 1962, and to the making of a detailed study of the area and its characteristics by Great Western officials.

The Great Western Sugar Company has been involved for some time in an intensive study or estimate of the cost of constructing a modern beet sugar factory in the "Plainview area." The officials of High Plains Sugar Beet Growers, Inc. have been advised orally that if such a study and a corollary study of probable operating costs and profits which is now being made indicates that a plant could be built in such area with hope of adequate financial return and success, this company would then move forward to the construction of a plant in the area.

Recent contacts with officials of the Great Western Sugar Company indicate their study and evaluation of plant costs and operating costs has not been completed. Mr. Garrison stated that he is confident that Congress intends to expand the sugar beet industry to help agriculture in America. He further stated he is confident that

if the farmers in the "Plainview area" want a sugar beet factory they can obtain one if they will demonstrate sufficient interest and support for those people who are working with the project at the present time. This interest and support, however, will have to come from farmers in the "Plainview area" who want to grow sugar beets for a proposed factory.

The officers and directors of the High Plains Sugar Beet Growers, Inc. would appreciate an opportunity to appear before interested groups of farmers in any area of the High Plains of Texas to explain fully the effort being made to secure a sugar factory for the High Plains of Texas, and to answer questions concerning concrete steps planned and being undertaken to carry this project to a satisfactory conclusion.

If you would like to have a meeting in your area to have a further explanation of the efforts being made to secure a sugar beet factory, you are requested to contact Mr. Momer Garrison, CA 4-7341, Mr. Charlie Young, CA 3-2343 of Mr. J. B. Wheeler, CA 4-2166, Plainview, to make arrangements for a group to meet with you and the farmers of your area.

Lions Candy Day Here Set For Friday, Oct. 26

The annual Abernathy Lions Club's Candy Day has been set for Friday, October 26, according to Lion President Ted Hill.

Several locations will be set up, as in the past, where Lions Club members will be on hand to give Lions Club candy in exchange for donations. The donations will be used to aid the blind, to help finance the Lions Crippled Children's Camp at Kerrville, and for local charitable activities.

Patsy, daughter of Mr. and Mrs. Finus Hill, was a patient in a Lubbock hospital last week.

CARD OF THANKS

We wish to thank the Masons very much for sitting up with Mr. Anderson while he was in the hospital.

Mr. and Mrs. J. B. Anderson and Family.

MISS LINDA JANE KEMP

Miss Kemp And Mr. Cozart To Marry Nov. 2

Mr. and Mrs. Gene Kemp are announcing the approaching marriage of their daughter, Linda Jane to Jerry Allen Cozart, son of Mr. and Mrs. James A. Cozart, Hale Center.

Vows will be exchanged November 2 at 8 p.m. in the Assembly of God Church in Abernathy.

Sunday Set As Laymen's Day For Nazarenes

Sunday, Oct. 21, will be recognized as Laymen's Sunday at the Church of the Nazarene. Several laymen will be speaking during the day. The entire morning service will be given to the emphasis of the laymen and his responsibilities from the viewpoint of the following laymen.

Floyd Shipman will speak on "The Layman and His Community Responsibility." Mrs. Ruth Ingram will speak on "The Layman and the World Wide Missionary Program of the Church." Miss Gretna Shipman will speak on "The Layman and The Teaching of The Word of God." Vester Patterson will speak on "The Layman and His Stewardship." Louis Spruiell will speak on "The Layman and His Personal Devotions." Mrs. C. I. Rhodes will speak on "The Layman and His Pastor."

Special music for the morning service will be given by Mrs. James Robertson and Ann Robertson and in the evening service by Mack Rogers.

A/1c Daryl Firth of Indio, Calif., A/1c Joe Angelo of Southampton, Penn., and A/1c Dale Matejowsky spent the weekend in the Matejowsky home Oct. 6.

Quality Cotton And Yield Produced In Hale County

By OLLIE LINER

Cotton men across the cotton belt have generally considered 200 frost free days with a mean summer temperature of 77 degrees as a minimum for satisfactory cotton production. Since here in Hale County it is usually late April or early May before we can plant cotton and the average frost date is early November, we must utilize every means available to use to produce profitable yields of quality cotton. To write on all the factors involved in producing profitable yields of quality cotton in Hale County would take a long book. However, listed below are some of the factors which I believe we should watch closer.

1. **Soil**—Most of Hale County's soil is a heavy clay loam which takes water slowly and when mismanaged bakes and crusts over easily. We should properly rotate our cotton, grain sorghum and wheat land. This will enable us to add fresh organic matter to our soil which will maintain the lith, water intake rate, prevent baking and crusting and furnish a good seed bed for fast germination and fast growing seedling cotton.

2. **Variety Selection**—Farmers are growing around 14 to 18 different varieties of cotton in Hale County. Certainly no one can say that there is a best single variety of cotton for Hale County. However, there is no need for 14 to 18 different varieties of cotton in Hale County. Time of planting and other factors influence the variety selection each year. Since machine harvesting is almost a must for profitable cotton production, we should always select a variety that is at least semi storm proof. We should also keep in mind that if replanting is necessary due to hail, rain, etc. we might have to select a earlier maturing variety than we would normally plant. Select a variety that is storm proof or semi storm proof and one that research has shown to be a high yielding with good fiber quality and be sure it fits the planting date for the particular year.

3. **Quality seed and planting rate**—Always save or purchase seed of high quality. Good planting seed will have a high percentage germination even under low temperature conditions. If possible obtain seed that were produced under as disease free condition as possible. This will mean less disease transmitted to the seedling cotton. Use only delinted seed that have been treated with a recommended fungicide. This will

help with faster emergence and less disease trouble. Thin skippy stands result in more weeds and reduced mechanical harvester efficiency. Twenty-five pounds of good quality delinted seed will normally give about 50,000 plants per acre or 4 plants per foot. This type of stand will help suppress the weed populations and increase stripper harvester efficiency.

4. **Time of planting**—Since every day is needed to produce quality cotton, we should plant as soon as possible. However, research and practical experience has taught us there is nothing to be gained by planting before the soil warms up to around 60 degrees at an 8 inch depth for 10 days average. This condition will normally come between April 25 and early May. To plant earlier than this encourages weeds, diseases, poor stands and increases chances of having to replant.

5. **Fertilizer**—Properly used commercial fertilizer can greatly help us in increasing yields but not quality. However, commercial fertilizer will not lower quality if we use it properly. We should follow a balanced fertilizer program that fits our available irrigation water supply. A soil test can do much to help us in this respect.

6. **Irrigation**—Each year will have a different rainfall pattern and we will have to adjust our irrigation accordingly. However, we know that year in and year out there are certain rules of thumb we should keep in mind. These rules of thumb are: (1) Wet the entire soil profile with the preplant irrigation. Cotton extracts moisture from 5 to 6 feet deep in the soil. If we wet the

entire soil profile before planting we have only to replenish the moisture in the top 18 inches or so during the growing season. (2) Normally we should never water cotton for the first time until the first blooms appear. To water cotton before the first bloom appears can throw it into a vegetative growth which can result in rank cotton that requires an excessive amount of irrigation water and will not harvest as efficiently. (3) Be sure that cotton has ample moisture during the peak bloom period. (4) Irrigate for the last time around August 20 so that the cotton will start cutting out in September and not remain in a vegetative stage of growth.

7. **Harvest Aid Chemicals and Stripper Harvesters**—The use of defoliant and desiccants have a very definite place in Hale County. However, we should keep in mind that these chemicals do not speed up maturity; only time and good weather matures cotton. Harvest aid chemicals for all practical purposes stop maturity when they are applied. To have quality cotton it must be mature cotton when harvest aid chemicals are applied or frost occurs. Use harvest aid chemicals only on mature cotton.

In machine harvesting cotton for quality keep the machine and trailers free of dirt, grease, etc. Wait long enough after frost or the use of chemicals for the cotton to be open and ready for harvest. Don't harvest when it is too wet. Cotton gins best at around 8 percent moisture. Squeeze a few bolls in your hand; if they don't bounce back to their original shape, it's generally too wet. Remember, even the best of gins can't improve too much on what you, the farmer, bring them.

EVERYTHING TO BUILD WITH THIS IS OUR SPECIALTY

Our years of experience can be of invaluable service to you — Avail yourself of it the next time you plan to Build anything, be it a chicken coop or mansion.

We Will Appreciate It.

to the **NEW** State-wide service program for used car buyers

of Guaranteed Warranty

15% discount on all parts AND 15% discount on all labor for one full year on any Guaranteed Warranty used car

We have joined with hundreds of other members of the TEXAS Automobile Dealers Association to provide the used car buyer with a state-wide discount program on parts and labor. To receive and use this discount privilege, buy your next used car from us. We belong to the Guaranteed Warranty Program.

1. Buy a warranted used car from any one of the dealers listed in this announcement. With your car, you will receive a Guaranteed Warranty certificate and a listing of all dealers throughout TEXAS who are members of the program. Automatically, you have a 15% repair discount privilege on that car in the garage of any member dealer in any part of TEXAS for one full year after purchase.

2. If your car needs any repairs at all during the year, except as a result of accident, take it to the dealer from whom it was purchased or, when traveling, to any GW Dealer shown in your TEXAS listing or to any GW Dealer in the United States or Canada. Have your car repaired, then show the dealer your Guaranteed Warranty Certificate. He will then discount 15% from your total bill for all replacement parts and labor.

The Guaranteed Warranty discount program is the first and only state-wide used car warranty plan approved by the TEXAS Automobile Dealers Association.

Buy Your Warranted Used Car From Us. We Display This Emblem. Receive 15% Repair Discount For One Full Year.

HALE COUNTY FARM BUREAU OFFICERS

Resolutions Are Adopted By Hale County Farm Bureau

Handling Grain Sorghum Stubble

By OLLIE LINER
This year in Hale County we will harvest approximately 194,000 acres of grain sorghum and it will rank second only to cotton in terms of cash income to the county's farmers. However, being a high residue crop, grain sorghum also plays another important role besides providing cash income and that role is conserving and improving our soils.

Work done by the Texas Agricultural Experiment Station at the Bushland Station near Amarillo, showed that grain sorghum produced 5,000 pounds of grain per acre also produced approximately 6,600 pounds of stubble and 1,600 pounds of roots. This 4.1 tons of raw organic matter properly handled can do much toward maintaining and improving soil productivity in Hale County.

If harvested before frost, grain sorghum stalks should be shredded soon after combining to prevent the green leaves from continuing to pump water out of the soil.

By proper shredding and working the grain sorghum stubble into the top soil the water holding capacity is increased, which means we can irrigate less frequently. Also the aeration and permeability of our soil is im-

proved which means we will have a soil which plows better and furnishes a better seed bed for seed germination and fast root development for our plants. The increase organic matter content will enable the soil to take water more rapidly which means less wasted irrigation tail water and run off from rains. This also means less soil erosion from heavy rains.

Research has shown that we can expect cotton burs properly applied and fertilized, to increase our water use efficiency by about 1/3. Ton for ton grain sorghum properly fertilized is worth as much as cotton burs, so let's handle our grain sorghum stubble wisely. By properly rotating our cotton and grain sorghum, we can also help reduce the heavy loss caused by plant diseases in our cotton.

Mr. and Mrs. Douglas Chapman and Mr. and Mrs. Buford Davenport visited Mr. and Mrs. Pete Ross in Stephenville last week-end. Mr. and Mrs. Ross, both former teachers in Abernathy school system, moved there from Dallas in July. Ross is the wholesale distributor for Texaco products in that area. The trip also was for the Chapmans to inspect cattle they have on their place south of Stephenville. En route home, the Chapmans and Davenports visited the Jimmy Shaddens, who recently moved from Abernathy to a ranch near Hico.

OFFICERS to steer the Hale County Farm Bureau activities for the coming year were elected last week at the annual county convention held at Edmondson Community Center. They include Bill Sylvester, Plainview, left, vice president and immediate past secretary; Clayton Terrell, Plainview, center, re-elected president, and Owen Benn, Abernathy, secretary. (Plainview Herald Photo)

Resolutions pertaining to cotton, grain sorghum, and sugar beets needed the list of issues adopted by the Hale County Farm Bureau at their annual county convention held last week in the Edmondson Community Center. Clayton Terrell, president presided.

Policy development chairman Bruce Rigler, submitted the following resolutions for adoption:

Cotton: Resolved that the Hale County Farm Bureau endorse the efforts of the Cotton Producers Institute in working for the establishment of realistic competitive prices to regain cotton's true position in the market place and for the establishment of export subsidies that will allow domestic mills to be competitive with products using domestic cotton.

Grain Sorghum: Hale County Farm Bureau endorse the program of the Grain Producers Association in their efforts in the field of research and promotion.

Sugar Beets: That the Texas and American Farm Bureau continue efforts to help new growers in new areas to establish sugar beet acreage.

Insurance: That the flexible rate system be adopted by the State Insurance Commission.

Natural Gas: To secure legislation whereby farmers should have the right to appeal to the Railroad Commission in the event they feel that the rate is excessive and that farmers should have the same right of appeal as is presently enjoyed by cities and towns.

Weed Control: For the proper use of herbicides and other grass and weed control chemicals. That laws be realistic and allow the development of the tremendous potential of these products and the contribution they can make in the field of crop production.

Welfare: Resolved that a committee be appointed by the Hale County Farm Bureau to obtain facts regarding the operation of the Welfare Program. Information from all available sources throughout the county to be studied and a course of action recommended that will more adequately and equitably meet the needs of deserving families. It is felt that corrective measures should be taken where able bodied men continue to ask for welfare benefits and refuse to take farm jobs offered them.

The By-Laws of the organization which had previously been revised and accepted by the Board of Directors were read and approved by the convention.

Service agent, Bill Shannon, reported that Hale County ranked among the top counties in the state with Farm Bureau Insurance in force.

Special committee chairman reports of the years achievement given were: Organization Structure and Business Procedures, Clayton Terrell, Plainview; Service to Member, Bill Bohner, Edmondson; Information and Public Relations, S. M. True, Snyder; Local Projects and Activities, Raymond Akin, Plainview; Membership Acquisition and Maintenance, Willie Thurman, Edmondson; Policy Development and Commodity Program, Bruce Rigler, Plainview; Policy Execution and Legislation Program, Morris Thomas, Cotton Center.

Officers elected for another year were, Clayton Terrell, president, re-elected for a second term, Billy Sylvester, vice president, and Owen Benn, Abernathy, secretary-treasurer. The following directors were elected for three year terms, Raymond Akin, Plainview; Clyde Williams, Happy Union; Oliver Harmel, Halfway; and Bruce Rigler, Plainview.

The following directors are the last year directors which will represent their communities for the year, Melvin Bennett, Liberty; John I. Bowling, Hale Center; J. C. Eiring, East Mound; Glenn Curtis, Petersburg; Elmo Snelling, Edmondson; Floyd Terrell, Bellview; Paul Robertson, Cotton Center; and S. M. True, Jr., Snyder.

Joe Holmes, area field representative from Tulla extended an invitation to all Hale County Farm Bureau members to attend Swisher County's annual convention and Barbecue to be held in the VFW Hall, October 18, 1962, at 7:30 p.m.

The next monthly meeting will be held November 5, instead of November 12, the regular meeting date to avoid a conflict with the State Convention which begins November 11.

There were forty members present including County Agent, Ollie Liner, Joe Holmes, Tulla, area representative; and service agents Manuel Ayers and Bill Shannon.

JUNIOR CLASS HAS PARTY

A party was held in the home of Danny West last Saturday night for the Junior Class. Sandwiches and Cokes were enjoyed by about thirty-five people. After refreshments, pool and other games were enjoyed by everyone. Sponsors attending were Mrs. Betty Hardin,

Mr. Frank Simpson, Mrs. Edith Almond and Mr. Clifton Martin. Also there were Mr. Hardin and Mrs. Almond.

Lubbock County clerk issued a marriage license to William Edward Kelley, New Deal, and Miss Helen Janette Broughton, Lubbock.

NROTC Applications Are Available Here

Applications are now available for the Navy's annual competitive examination for its nationwide Regular NROTC college training program, according to a recent announcement by the Department of the Navy. The mental examination is scheduled for December 8, 1962, and is open to all high school seniors and graduates who can qualify.

Eligible young men may earn a commission in the Regular Navy of Marine Corps through the Regular NROTC. Upon receipt of a baccalaureate degree and completion of naval science training, NROTC students are appointed as career officers in the Navy or Marine Corps. Possible billets include duty in submarines or naval aviation, duty aboard ships in the technical fields of nuclear, electronics or engineering, or duty with the Staff Corps of the Navy. The Marine Corps presents other varied facets of naval life.

Male citizens of the United States who are interested in careers in the naval service and who have reached the 17th birthday and have not reached their 21st birthday by June 30, 1963 are eligible to apply for this program.

The Regular NROTC is maintained for one purpose—to train and educate young men for ultimate commissioning as career officers in the Navy and Marine Corps. For those selected, all tuition, fees, and books, plus an annual retainer pay of \$600 will be furnished by the Navy for a period of not more than four years.

The deadline date for receipt of applications is November 16, 1962. Applications are available from the nearest U. S. Navy Recruiting Station or from Mr. Ralph Stevenson, Abernathy High School principal. Mr. Stevenson has been provided with specific information concerning the NROTC program and will furnish informational bulletins to any interested student.

COMING!

New method of soil fertilization for Abernathy area, using dry fertilizer in pellet form individually compounded to your particular need.

We now have under construction a plant with which we can combine accurately the various elements needed in your particular soil to increase fertility.

We also have mechanical applicators with which you may apply accurately the desired amount of fertilizer. No lifting, no hand scooping, no transferring to other vehicles.

Watch for Our Grand Opening Announcement

EXCITING! GO '63 CHEVY II

Nova 4-Door Station Wagon

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's. *the more people depend on*

Local Music Club Presents Annual Religious Program

Members of the Abernathy Music Club presented their annual Religious Program Tuesday evening, October 9, in the sanctuary of the First Baptist Church.

After an organ prelude by Mrs. L. J. Hager, Mrs. Dean Sterling, music club president, extended greetings, followed by a hymn selection by the music club and narrated by Mrs. Sterling.

Other presentations on the program included a quartet selection by Miss Alma Ruth Patterson, Mrs. Charles Wilson, Mrs. Floyd Mooneyham and Mrs. John Hale; a duet by Mrs. Marion Carlton and Mrs. W. C. Clement; an organ solo by Mrs. L. J. Hager; a musical reading by Mrs. John L. Haral; and a solo by Mrs. Carlton.

This was followed by an organ and piano instrumental by Mrs. Herbert Hardin and Mrs. W. E. Guerrant and a trio selection by Mrs. Vester Patterson, Mrs. Carlton and Mrs. Clement. Another hymn selection by the music club, narrated by Mrs. Harry Williams, was presented, followed by a duet composed of Mrs. Jerry Moorhead and Miss Ruth Torres, and a piano duet by Mrs. Patterson and Miss Patterson. The program was concluded with the presentation of "The Lord's Prayer," sang by Mrs. Moorhead.

A small, but very appreciative audience was present.

City Garden Club

The City Garden Club met Thursday, October 11, at 2:00 p. m. in the club room with Mrs. Jackson and Mrs. Weeks as hostesses.

An interesting program was prepared on "Roses" by Mrs. T. O. Brown and Mrs. Lee Echols. Garden Tips were given by Mrs. Harlow Neis. Members attending this meeting were Mrs. B. H. Beard, G. M. Carr, M. M. Bell, T. O. Brown, A. B. Myatt, N. A. Oliver, H. H. Vineyard, G. B. Adkisson, Sr., Dewey Price, H. H. Selke, L. S. Wilson, J. C. Veach, J. P. Nystel, Lee Echols, Floyd Shipman, and the hostesses.

The next meeting of the club will be a luncheon at 12:00 o'clock noon Wednesday, October 24, at Thalia, in the home of a former member, Mrs. H. B. Coggin. All

ABERNATHY FIREMEN SEEK FUNDS FOR TRUCK AND EQUIPMENT

Abernathy Volunteer Fire Department members have started a fund drive to buy a 1962 Chevrolet one-ton panel truck and other

equipment needed here. The panel will be used to transport firemen to fires in town and in the rural area. Also, it will be used to

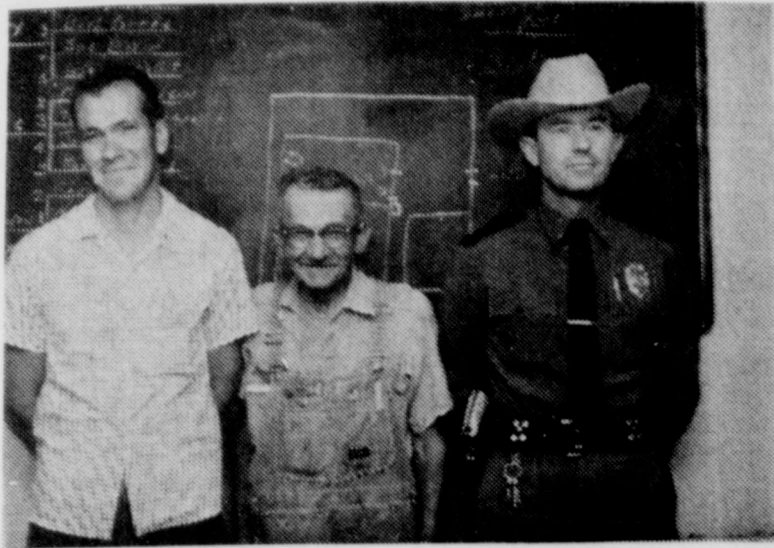

haul fire-fighting clothing, the resuscitator (the unit to revive persons overcome by smoke and to aid in other respiratory pro-

blems) and other equipment. The fire department will use money in its treasury to help purchase the truck and equipment,

and teams of firemen will be calling on local residents for donations. The department recently spent

some of its money to buy new hose, with the city also providing funds for the fire hose purchase.

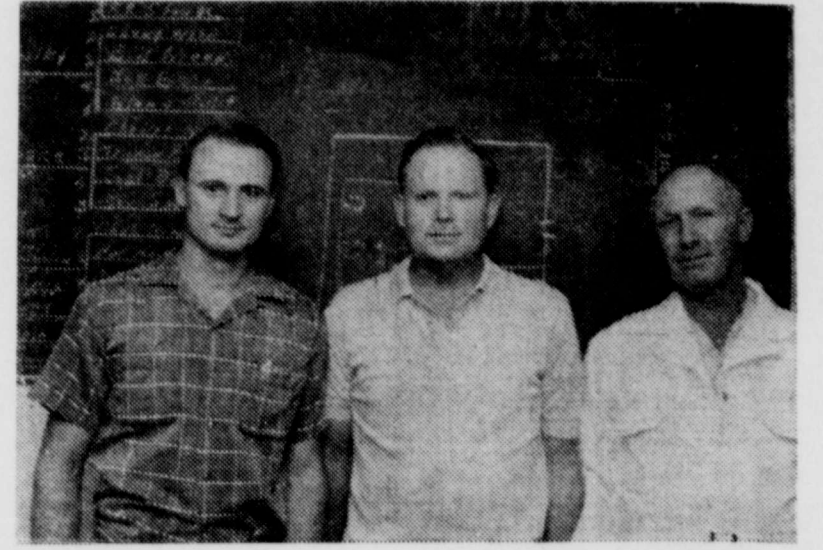

MEMBERS OF ABERNATHY VOLUNTEER FIRE DEPARTMENT

FROM LEFT, Robert E. Scott, 209 Ave. G, joined the VFD in 1960, is associated with his father, W. A. Scott, in operation of Scotty's Repair Shop; J. E. (Dick) Hughes, 511 Ave. C, city water department superintendent, and a member of VFD since 1939; Richard Roe, city policeman.—(Rev-Foto)

Joel is employed at Struve Implement Co. (Rev-Foto)

BAND NEWS

By ANGELA PRESLEY

If you attended the Abernathy-Morton game Friday night, you might have thought that every student from the seventh to the twelfth grade had a band uniform on. As a matter of fact, there were 188 students wearing maroon along with 16 majorettes wearing white. This group was made up of the Junior High and High School Bands.

To start the Abernathy half-time show the 106-piece Jr. High Band entered the north end of the field. From Block 12 on the

20-yard line the large group moved down the field playing "Kick-Off." At the south end of the field the band did a "to the rear" and marched back up the field. When they reached the middle, the band halted and turned to face the Abernathy stadium.

At that time Carolyn Barton, drum major, directed the group as they played Tiger Rag. The majorettes were then featured in a twirling routine. They are Jane Thompson, head majorette, Toni Turpin, Nita Lou Tennell, La Celia Mallow, Carol Howard and Reggie Beeson, eighth graders, and Lynn Phillips and Pam Pittman, seventh graders.

members are to meet at the club house to leave at 10:00 a.m. in a group. There will be transportation for all.

The members of City Garden Club want of thank the public for interest shown in the Flower Show and each and everyone who had a part in any way making it a success.

Mrs. M. M. Bell, Reporter

The band then did a "left face" and marched off the field. They all did a fine job and we think they will carry on the winning tradition of the Antelope bands.

The high school band then entered the north end of the field just as the junior high group had before. With a "Block spin" to form six company fronts, the band played "Temptation." After marching fifteen yards they began the Permian Drill which moved them to four vertical company fronts and back to their original Block 6. At the south end of the field the band did a "to the rear" and moved back up to the middle of the field playing Grand Parade.

At the end of the music the group turned to the home stands and played the popular song, "Swinging Safari," while the twirlers presented a fine routine. The band then turned north and left the field playing Hail To The Antelopes.

Two first graders were conversing during recess. Do you know that projectiles turn red when they pierce the heat barrier?" "I read something about it the other day, but—" he was interrupted by the school bell.

"Damn it," the first one said, "there goes the bell. Now we have to go in and string beads."

NOTICE

To the Abernathy Professional Man, Businessman or Merchant:

For years, the School Administrators and School Board of Abernathy have attempted to keep student fund-raising activities and school-sponsored fund-raising projects to a minimum. We feel that the results have been an advantage to patrons, particularly businessmen. Therefore, we want you to feel free to call us at any time you have any reasons to suspect that an outsider is attempting to sell you various advertising schemes or other types of promotion on the guise that it is under the auspices of the school when in reality it may not be.

Two years ago a procedure was instituted that disallows students to charge items to the school system. This does not mean that students cannot expend their class funds with local businessmen, but the procedure does require a cash basis through the Principal's office if it is an authorized purchase. This plan saves both the merchant and school unnecessary bookkeeping.

We sincerely appreciate the excellent cooperation and friendly attitude on the part of Abernathy business people toward their school.

Anytime you have a question relative to any matter of school procedure, please don't hesitate to call or come by to see us. Superintendent and Principals, Abernathy Schools.

N. E. (Bud) Faver was on jury duty in 64th District Court, Plainview, last week.

W. S. C. S. NEWS

The Woman's Society of Christian Service met Monday, October 8, at 2:00 p.m. in the Methodist Church for the third session in the study of "The Christian Mission on the Rim of East Asia." Mrs. Harold McCune opened the meeting with prayer. Some interesting and educational facts were given about the Island of Taiwan.

Those taking part on the program were Mrs. Wilson, Mrs. Rantz, Mrs. Richter and Mrs. Suttle. The meditation was brought by Mrs. Settle. Mrs. Richter gave dismissal prayer.

Members present for this meeting were: Mrs. Hilbert Rantz, Elton Settle, U. S. Sherrill, F. W. Struve, W. A. Richter, M. M. Bell, Jackie Barton, George Ragland, Horace Davis, Ray Pinson, F. A. Goebel, L. A. Suttle, L. S. Wilson, and Harold McCune.

The Society will meet Monday, October 15, at 2:00 p.m. in the church to conclude the study.

Those attending the W.S.C.S. District meeting held Wednesday, October 10, in First Methodist Church, Idalou, were: Mrs. Harold McCune, M. M. Bell, Jackie Barton, F. A. Goebel, C. H. Thompson and Horace Davis.

Mrs. M. M. Bell, Reporter

Mr. and Mrs. Ercell Givens were in El Paso last weekend.

13 Accidents In Rural Hale Last Month

The Highway Patrol investigated 13 rural accidents in Hale County during September, according to Sergeant D. S. Lawson Patrol Supervisor of this area.

These wrecks accounted for one person killed, six persons injured and an estimated property damage of \$9,325.00.

The rural accident summary for Hale County from January through September of 1962 shows a total of 120 crashes. As a result of these crashes there were 20 persons killed and 97 injured. The estimated property damage amounted to \$85,662.00.

"Accidents Go Up When the Sun Goes Down," is a slogan so

true. Darkness hides danger, giving the driver a false sense of security. That is the reason traffic accidents increase during October's shorter days and longer nights. National Statistics show that the traffic death rate at night is three times the daylight rate, and more than half of all accidents occur after sundown, despite reduction in the volume of traffic.

At sundown, long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time. The veteran patrol supervisor said, "make it a habit to turn on your driving lights at the first hint of dusk and always use them properly."

Mrs. Charles Norwood was a patient in a Slaton hospital last week.

A PRODUCT OF THE SHAMROCK OIL AND GAS CORPORATION

Antelopes Drub Morton, 40-18

(Continued From Page 1)

ter showed the Antelopes what he could do by rambling 33 yards on the first play from scrimmage.

The 153-pound sophomore carried the mail 26 times for Morton during the game, averaging almost 5 yards per carry for 125 yards.) Ledbetter and Lester Dupler teamed up to move the ball to Abernathy's 22 yard line from which point halfback Bobby Dobson scored for the Indians. Henson intercepted a Morton pass on the try for extra points and that was the nearest the Indians ever came to matching scores with the Antelopes who led 7-6.

On the ensuing kickoff, Ledbetter booted the ball into the end zone and the Antelopes took over on the 20. On the first play from scrimmage Abernathy fumbled and Morton recovered on the 23. Two plays later an Indian runner turned the favor when he was hit hard at the 25 yard line and tackle Billy Barrick, playing heads-up football, recovered for the Antelopes. Three plays and a penalty later the Antelopes found themselves facing a fourth and 29 situation on their own 15 yard line, so Don Hughes punted to the 50 yard line.

On the second play from scrimmage, Morton fumbled and Bill Lee pounced on the ball on Abernathy's 49. (Lee was later injured when he made a leather-popping tackle and had to be removed from the game.)

Three running plays netted the Antelopes only two yards, and Hughes punted. Dupler took the kick on the 10-yard line and made only one step before being nailed in his tracks by hard-charging sophomore tackle Bill Lee.

The Indians reeled off two consecutive first downs, picking up 25 yards on six carries. They moved four more yards to the 37, then Hughes charged in to recover a Morton miscalculation on the Indian's 33 yard line. Pettit picked up six yards around left end, then Ritchey skirted the opposite end for 20 more yards and a first down. Ritchey made two yards around end, then Pettit rolled out on the second play of the second quarter and cut through a narrow opening off-tackle, going over from the six standing up. Henson's extra point try was wide to the left, and Abernathy held a 13-6 margin.

That was only the beginning of the scoring for Abernathy in the second period as they added 21 more points in that stanza while Morton accounted for six, giving the Antelopes a 34-12 halftime lead.

Defensive Strength Shown

Abernathy's defensive might was displayed shortly after the ensuing kickoff early in the second quarter. Ledbetter returned Henson's kickoff from the 20 to the 45 yard marker, then picked up five yards over right guard. On the next play sophomore guard Jim Owens, who dealt the Indians misery as he played in their backfield all night, stopped Dupler for no gain. Ledbetter then picked up 4 1/2 yards, leaving the Indians with a fourth down and 18 inches situation just shy of Abernathy's 45 yard line. Quarterback Clem Kuelher tried to pick up the necessary yardage on a keeper but was downed three inches short of a first down by a host of Antelopes.

O'Neil carried the mail 25 yards around left end, almost getting away for a touchdown run. Ritchey was stopped for no gain on the 30 yard line, then scooted

around left end covering the 30 yards in record time and adding another six points to the home side of the score board. A 15-yard holding penalty against Abernathy nullified Henson's extra point kick so the Antelopes decided to try for two points from the 17 yard line. Ritchey, who appeared to be making a right end sweep, suddenly faded back and fired a pass to hustling end Eddie Davis who gathered the ball in on the five yard line and raced over for the extra points. This put Abernathy ahead 21-6.

Ledbetter returned Henson's kickoff from the 14 to the 25 yard line. On the first play from scrimmage, Owens messed up the Indians war party as he burst through the line and caused Dupler to fumble. Owens, who was off balance from tackling Dupler, dived for the bouncing ball but missed, and team mate John Reagan, another sophomore standout, pounced on the ball to give Abernathy possession on Morton's 15 yard marker. That's all the spark Ybarra needed as he picked up good blocking around right end, self-started a would-be tackler at the seven and barreled past for pay dirt, pushing Abernathy ahead 27-6. The extra point try failed as a bad pass from center resulted in a fumble which Morton recovered.

Indian halfback James Beseda took Henson's kick on the 25 and returned it 9 yards to the 34. Owens stopped Dupler for no gain, then Ledbetter picked up nine yards on two carries. Lacking a yard for a first down, Ledbetter punted and the Indians got a break when the ball apparently bounced into an Antelope and Morton recovered just 16 yards shy of the goal line.

Ritchey and Hughes stopped Ledbetter at the line of scrimmage. Dupler made three yards before being hauled down by Davis and Owens, then Beseda picked up good blocking as he circled left end, carrying 13 yards for Morton's second TD. A pass for the extra points was knocked down by Pettit.

Three plays after the kickoff, Abernathy was forced to punt and the Indians began another move, carrying from the 36 to the 48 on three plays. However, the war whoops died when Ritchey intercepted an Indian pass on his own 32 yard line and made the most spectacular run of the evening for another Antelope TD. After intercepting the pass, Ritchey started up the left sideline but ran into a wall of Indians. He immediately reversed his field, picked up three good blocks as he circled back to the right side of the field, zig-zagged down the sideline, swivel-hipped passed one would-be tackler who was left grabbing for nothing but thin air, then out-manuevered and out-ran another to the double stripes.

Henson's kick from placement was good, and the Antelopes held a 34-12 lead before halftime.

The Antelopes kicked off to Morton, and on their first play from scrimmage the Indians fumbled and sophomore tackle Sandy Downs recovered for Abernathy as the half ended.

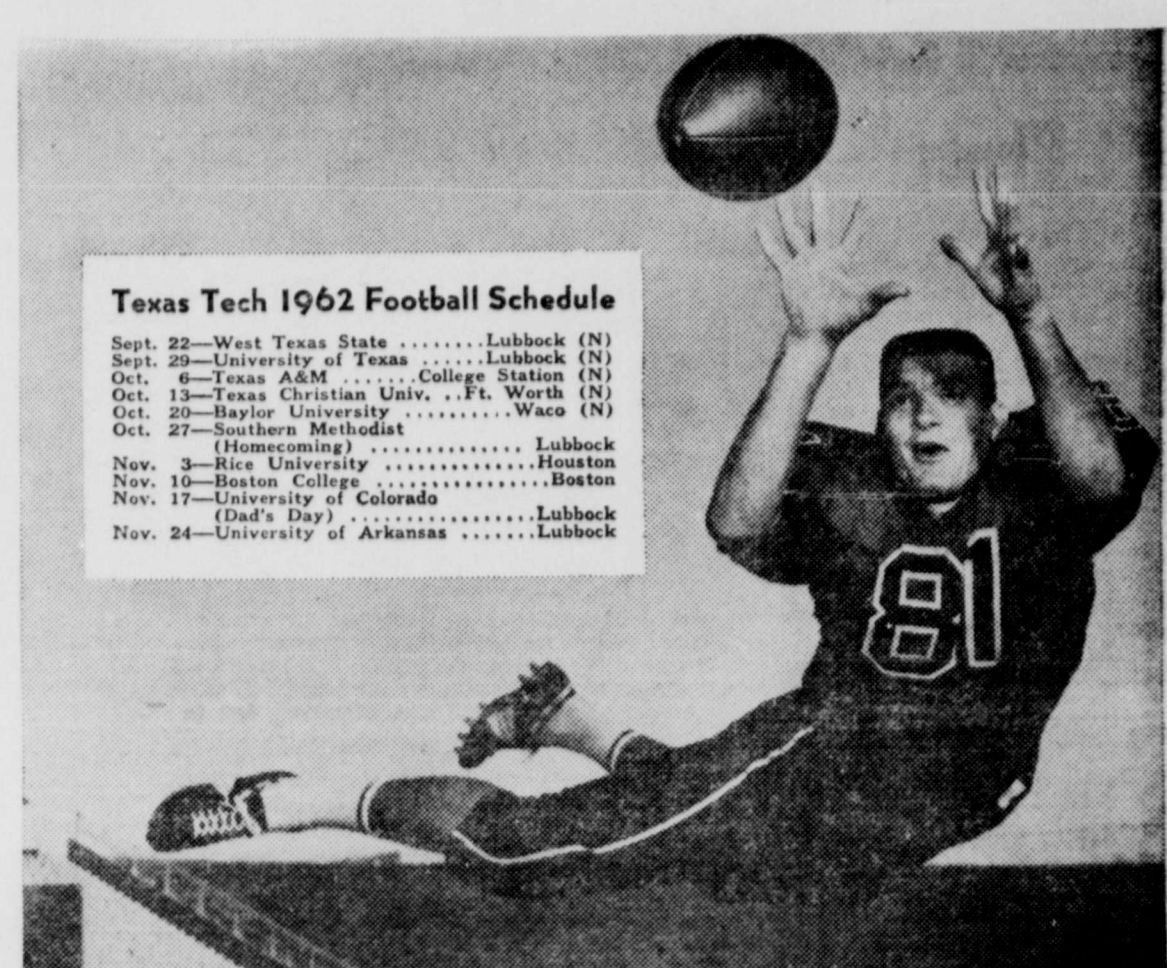

Following the intermission, Charlie Stallings kicked off for Abernathy and the determined Indians moved deep into the Antelope territory before being stopped on Abernathy's 30 yard line.

The Antelope line opened the way for Ritchey who side-stepped and out-smarted the Indians for 22 yards. Ybarra followed the suit carrying for 10 yards and another first down. A five-yard penalty against Abernathy on the next play put the ball on Morton's 36. Ybarra carried to the 31, then Bobby Pettit faded back to pass, couldn't spot a receiver in the clear, wiggled away from would-be tacklers and high-stepped 25 yards to the 6 yard line. One running play and a two-yard penalty against Morton put the ball on the two, and Pettit again carried for the score, going over right tackle. That was all the scoring for Abernathy as Henson's conversion try was wide to the left. Score — Abernathy 40; Morton 12.

Morton took the kickoff and scored before giving up the ball. The Indians drove 69 yards for this one, picking up four first downs in the process. Dupler ended the drive when he carried one yard for the final score of the game. A running try for the extra points failed, and Morton trailed 40-18.

Jack Mallow took the ensuing kickoff on the 14 yard line and carried out to the 26. On the first play, Mallow broke loose for 23 yards and a fast first down. Mallow and Stallings managed only 8 yards on 3 carries and Hughes punted. Dupler grabbed the ball on the 5 yard line but was stopped on the 6 by O'Neil. From this point Morton picked up three more first downs before fumbling to Hughes on the mid-field stripe.

Three plays later Hughes punted again and Dupler took the ball on the 10 yard line. Dupler started to the left sideline then handed off to Ledbetter who was running in the opposite direction, and the latter raced to Abernathy's 16 yard line before being hauled down by Bobby Pettit. Four plays later that drive ended on the 10 yard line when a fourth-

NO BREEZE—End David Parks soars high after the football. Catching it isn't easy; nor is the Texas Tech 1962 schedule. The Red Raiders, in their second season under Coach J. T. King, meet West Texas State, Boston College, and University of Colorado besides their seven Southwest Conference foes.

Texas Tech 1962 Football Schedule

Sept. 22—West Texas State	Lubbock (N)
Sept. 29—University of Texas	Lubbock (N)
Oct. 6—Texas A&M	College Station (N)
Oct. 13—Texas Christian Univ.	Ft. Worth (N)
Oct. 20—Baylor University	Waco (N)
Oct. 27—Southern Methodist	(Homecoming) Lubbock
Nov. 3—Rice University	Houston
Nov. 10—Boston College	Boston
Nov. 17—University of Colorado	(Dad's Day) Lubbock
Nov. 24—University of Arkansas	Lubbock

BUFFALOES' BIG GUN—Last year as a sophomore, Pistol Pete Pedro of the West Texas State Buffaloes was the nation's leading major college producer of touchdowns with 22. The 5-8, 160-pound Lynn, Mass., speedster, a strong All-American candidate, will spearhead a veteran Buffalo backfield that is expected to account for its share of points this fall. The Buffs open the season Sept. 15 against Trinity University in 20,000-seat Buffalo Bowl.

County Line Chit Chats

By MRS. LENORA TEAFF

Mr. and Mrs. Donald Blackmon of Ropesville visited their parents, Mr. and Mrs. G. W. Blackmon on Sunday.

Jack Cox and family had his mother, Mrs. O. K. Cox of Lubbock visiting with them Sunday.

Mr. and Mrs. Luke Klafka of Shallowater visited in the home of Mr. and Mrs. A. H. Klafka Sunday afternoon.

Mr. and Mrs. A. B. Teaff and Cindy visited Mr. and Mrs. Royce Teaff of Bula, Texas, Sunday afternoon.

Mr. and Mrs. Marvin Stephens are visiting in the home of Mr. and Mrs. Jim Compton and family. The Comptons are proud parents of a new baby boy.

Mr. and Mrs. Fred Exum attended a class reunion of Mr. Exum's Sunday School class at Trinity Baptist Church in Lubbock Sunday.

Mrs. Bama Brandon of Lubbock visited in the A. T. Mallow home Sunday. She is a sister of Mrs. Mallow.

Mr. Connell, mother of Jack Connell has moved to her new home in Abernathy.

Mr. and Mrs. Ray Rice and Mr. and Mrs. C. S. Hudson of County Line visited in the home of Mr. and Mrs. Hoyt Rice of Lubbock.

The G. A. girls of County Line Baptist Church will have a Slumber party Friday night at the church at 7:30.

The County Line Quilting Club will meet at Mrs. R. D. Prsleys Thursday afternoon, Oct. 18.

A social is planned for the Young Married couples of County Line Baptist Church on Thursday night, Oct. 18, in the home of Mr. and Mrs. Pete Knox at 7:30.

Lions Candy Day Here Set For Friday, Oct. 26

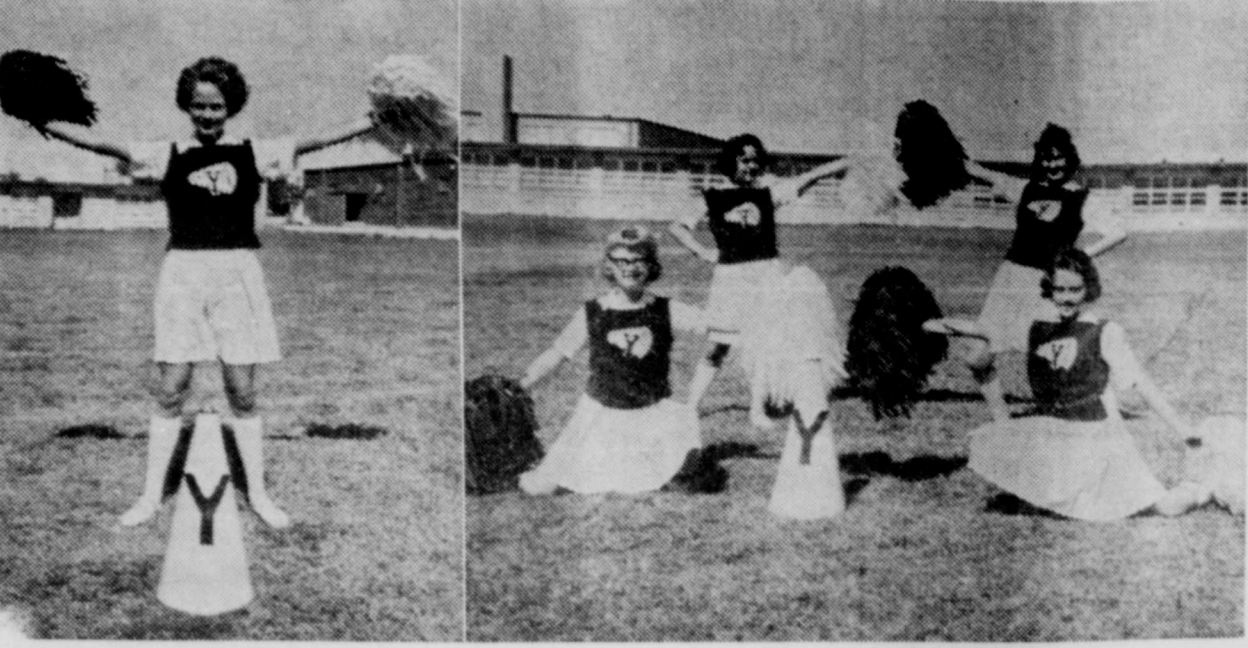

The annual Abernathy Lions Club's Candy Day has been set for Friday, October 26, according to Lion President Ted Hill.

Several locations will be set up, as in the past, where Lions Club members will be on hand to give Lions Club candy in exchange for donations. The donations will be used to aid the blind, to help finance the Lions Crippled Children's Camp at Kerrville, and for local charitable activities.

A father was teaching his small daughter to tell time. "These are the hours, these are the minutes, and these are the seconds," he said, pointing them out. The small girl looked puzzled. "Where are the 'jiffies'?"

ABERNATHY FRESHMAN FOOTBALL UNIT—The fourteen lads suited out above comprise the Abernathy freshman football team of 1962-63. The team is coached by high school assistant coach Richard Eddleman. In the photo are, standing, left to right: Coach Eddleman; James Healy, FB; Larry Crowder, FB; Jimmy Franklin, tackle; Johnny Ponce, guard; Phelix Saucedo, guard; Amadeo Perez, HB; Pat Hale, HB; and Bobby Faver, manager. Kneeling, from left, are: Jim Barton, manager; Lane Wade, end; Terry Barton, HB; Mike Tannehill, QB; Mike Skipper, QB; Dan Bridges, guard; Ray Lugo, end; and Rondall Preston, end. —(Rev-Foto)

JUNIOR HIGH CHEERLEADERS—Pictured above are the five cheerleaders for Abernathy Junior High School for the 1962-63 school year. At far left is Ruby Jenkins, eighth grade student and head cheerleader. The other pretty misses are, kneeling, from left, Patti Carnickie and Kathy Kerr, seventh graders, and standing, left to right, Sharon Morgan and Betty Tucker, eighth graders. —(Rev-Foto)

Johnnie, age 4, appeared at his father's study door clasping in his hands a forlorn-looking chick which had strayed from a neighbor's brooder. "John," said his father, sternly, "take that chicken back to its mother." "It hasn't got a mother," answered John. "Well, take it back to its father," said the boy's father, determined to maintain authority. "It hasn't got a father either," said Johnnie. "It hasn't got anything but an old lamp."

Mail News to The Review

NEW COTTON INSURANCE OFFERS HIGHER PROTECTION

Federal Insurance protection on irrigated cotton crop investments in Hale County will be up to 42% higher for the 1963 crop, Texas FCIC State Director Ben A. Jordan, Jr., announced today. The Lubbock County increase is 36%.

A total of nearly 650 farmers in Hale and Lubbock counties carry more than \$2 1/2 million FCIC protection to cover their approximate production costs.

While protection will be far above any offered here before, the average increase of premium costs to growers will be only slightly increased. This substantial increase in the amount of protection guaranteed by the Federal Crop Insurance Corporation is based on recent high yields in the county.

Mr. Jordan noted that "a great many growers in Hale County have been policyholders since insurance was first offered in this county. With this coming year's tremendous improvements in our insurance offer, we expect all growers to recognize the value of a sound insurance plan that will protect their rising investment costs."

Federal Crop Insurance protects the grower against all risks that cannot be avoided. Over the country in the last few years the Corporation has paid farmers for crop investment losses caused by over 120 different hazards.

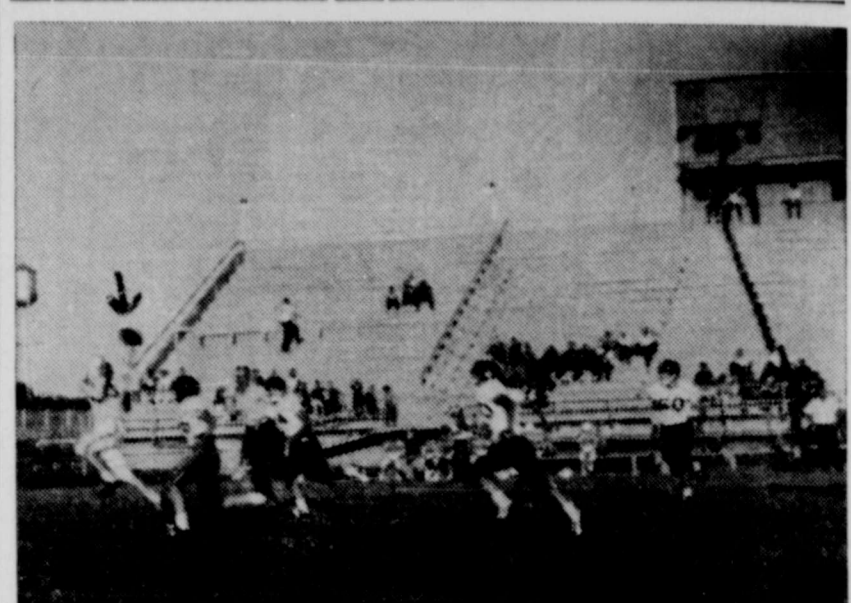

Mr. Jordan stated, "We think our insurance offer is so greatly improved that every business-minded irrigated cotton grower, who uses every modern method to produce cotton, will feel it's plain good business to protect their crop investment. That's what Federal Crop Insurance does."

New Deal Football Schedule For 1962

Following is the 1962 football schedule for the New Deal Lions: Oct. 19—Whiteface * Home Oct. 26—Whitharal * Home Nov. 2—Open Date There Nov. 9—Antea * There Nov. 16—Amherst * There * Denotes District 3-B conference games. All non-conference games will begin at 8 p.m., and all conference games will start at 7:30 p.m., it was announced.

Following is the New Deal Junior High football schedule. All games will be played at 7 p.m., unless otherwise stated. Oct. 18—New Home Home Oct. 25—Cooper Home

"You make a small deposit at first," the salesman told the couple, "and then you don't make another for six months." "Who told you about us?" the husband asked.

TOUCHDOWN PASS—Freshman end Lane Wade got a couple of steps behind the Hale Center B team defense here last Thursday afternoon and gathered in this pass from Pat Hale, then outraced the surprised defenders to the goal line for the Abernathy freshman unit's only touchdown of the game. The play covered about 61 yards. Hale then ran over the extra points to tie the game at 8-8. —(Rev-Foto)

New power, durability in 1963 Chevrolet truck line

Two new, modern, more efficient six-cylinder engines lead a long list of improvements in the 1963 Chevrolet truck line. Other features include a new front axle and spring design in medium- and heavy-duty series for excellent ride and durability; generally heavier frames; easy-riding independent front wheel coil springing in light-duty models; narrower front sheet metal width for easier handling in close quarters on many models and improved body and sheet metal mounts for softer ride.

INCOME TAX FAX

With the Internal Revenue Service bearing down on tax abuses in the entertainment expense field, IRS Dallas District Director Ellis Campbell Jr., has some timely tips for the businessman.

Internal Revenue considers good record keeping the most important factor concerning "Home Entertainment" and "Club Dues."

"All business entertainment in the home must be substantiated with fact. Acceptable records should show the type of entertainment—cocktail party, cook-out, dinner, and even the business of all guests entertained. Invoices or checks for liquor for home consumption will not support a deduction unless business connection and full details of actual entertainment are recorded," he said.

Campbell emphasized that home entertainment like other forms of entertainment expense, must be "ordinary and necessary for production of business income."

And how about membership in the Podunk Country Club and the proper recording of its attendant expenses for entertainment purposes?

To meet the strict record keeping requirements of Uncle Sam's tax collection agency, club dues are deductible only to the extent that a business connection can be proven.

Adequate records of business entertainment expenses at the club should be kept along the lines of "why," "who," "when," "where," "how much," and "how paid."

Campbell concluded, "Personal visits to the club should also be recorded, so we can allocate such

Methodist WSCS Collecting Old Nylon Hosiery

The Korean war left hundreds of older women without husbands or sons to support them and many are the only possible wage earners for the entire families. These desperate widows have been helped by projects set up by Christian Churches and Christian workers.

One such project is the Nylon Backwinding Project, by which the widows make useful and ornamental objects out of old nylon stockings shipped from the United States.

The Methodist WSCS is collecting old nylon hose to send to this project. Anyone wishing to contribute old hosiery, may bring them to the Abernathy Methodist Church to be sent to Korea.

A woman traveling by train was talking with a man in the next seat. She told him she had spent some time with her married daughter in San Jose, Calif.

"You pronounced that wrong," the man said. "In California it is pronounced San Hosaay. All the J's are pronounced as H's. When were you there?"

"In Hune and Huly," the woman replied.

expenses between business and personal use."

Next, the IRS district director, will discuss ways and means for Mr. Hard Working Businessman to save his federal tax dollars when recording travel expenses.

MRS. G. B. ADKISSON, SR., City Garden Club Mother, is pictured above with several prize-winning roses and other flower entries in the 15th annual flower show sponsored by Abernathy City Garden Club. The event was held last Friday in Abernathy city hall club room. —(Rev-Foto)

PICTURED ABOVE are only a few of the approximately 275 entries in the City Garden Club's 15th Annual Flower Show held Friday in Abernathy city hall club room. Flower Fair was the theme of the event. —(Rev-Foto)

The Freddie Apperson family of Abilene visited here last week-end with the A. L. Appersons and Furman Shipmans.

Mrs. Ida Kitchens was taken to Rotan in a Chambers ambulance Tuesday.

She: "You can take me to the dance tonight if you like... unless (cooly) you meet somebody more attractive in the meantime."

He: "I say! That's sporting of you. We'll leave it like that then, shall we?"

The Review wants your news.

"If there's anything wrong with me," the man told his doctor, "don't scare me by giving it a complicated scientific name. Just tell me in plain English."

"Well, to be frank, said the doctor, "you're just lazy."

"Thanks," sighed the patient. "Now give me a scientific name for it so I can go home and tell my wife."

The lawyer was reading the will of a wealthy executive recently deceased. And to my nephew whom I promised to remember, "Hi, there, Charlie!"

Issuing New Auto Stickers In Texas

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced a new-type motor vehicle inspection sticker is now available for the new inspection year beginning September 1.

"The only thing new about the inspection this year is the sticker itself," he said. "This new sticker is a dry mount decal which we believe will adhere regardless of weather conditions and one which has been used very successfully in other states."

More than five million vehicles registered in the state are required by law to be inspected at one of the 5,000 official inspection stations between this date and April 16, 1963. Owners of vehicles not displaying the current inspection sticker after that date will be in violation of the law.

Garrison urged motorists to get their vehicles inspected as early as possible, and pointed out:

"With hard summer driving coming to an end, fall is an excellent time to have vehicles checked in preparation for the winter months."

In announcing the new inspection period, the public safety director said the Vehicle Inspection Program in Texas has proved itself to be a valuable tool in reducing accidents on Texas streets and highways.

PULLING UP from a defolating run over a cotton field east of town, this is one of many planes being used in this area to rush the crop for earlier harvesting. It's all in a day's work for the men who pilot these planes, but to the non-flying layman it appears to be a very hazardous way to make a living. Although they receive good pay for their services, these men deserve a vote of thanks for their contribution to the agricultural economy of this area. —(Rev-Foto)

GENERAL TELEPHONE SYSTEM America's Largest Independent Telephone System

She works for you, too

Secretaries and stenographers perform many important duties at your telephone company.

They process the required business correspondence, maintain the files, compile reports and statistical data, and assist in office operation in many other ways.

These ladies are dedicated members of the General Telephone team which works so hard to give you good telephone service.

They, and all of us, suggest the convenience of additional telephones in homes and offices, to save time and steps as the busy Fall season gets into full swing.

GENERAL TELEPHONE COMPANY OF THE SOUTHWEST

Lions Club To Handle Flag Rentals

Abernathy Lions Club is sponsoring a patriotic move to have the United States Flag displayed at business places, churches and homes on national holidays and on other days when it would be desirable and appropriate to do so.

The Lions Club has a package deal to offer those who would like to have the Stars and Stripes displayed on their property on the special days. For a flat fee of \$15.00 per year, the Lions Club will furnish the large flag, and will place it on display and take it up at the proper times.

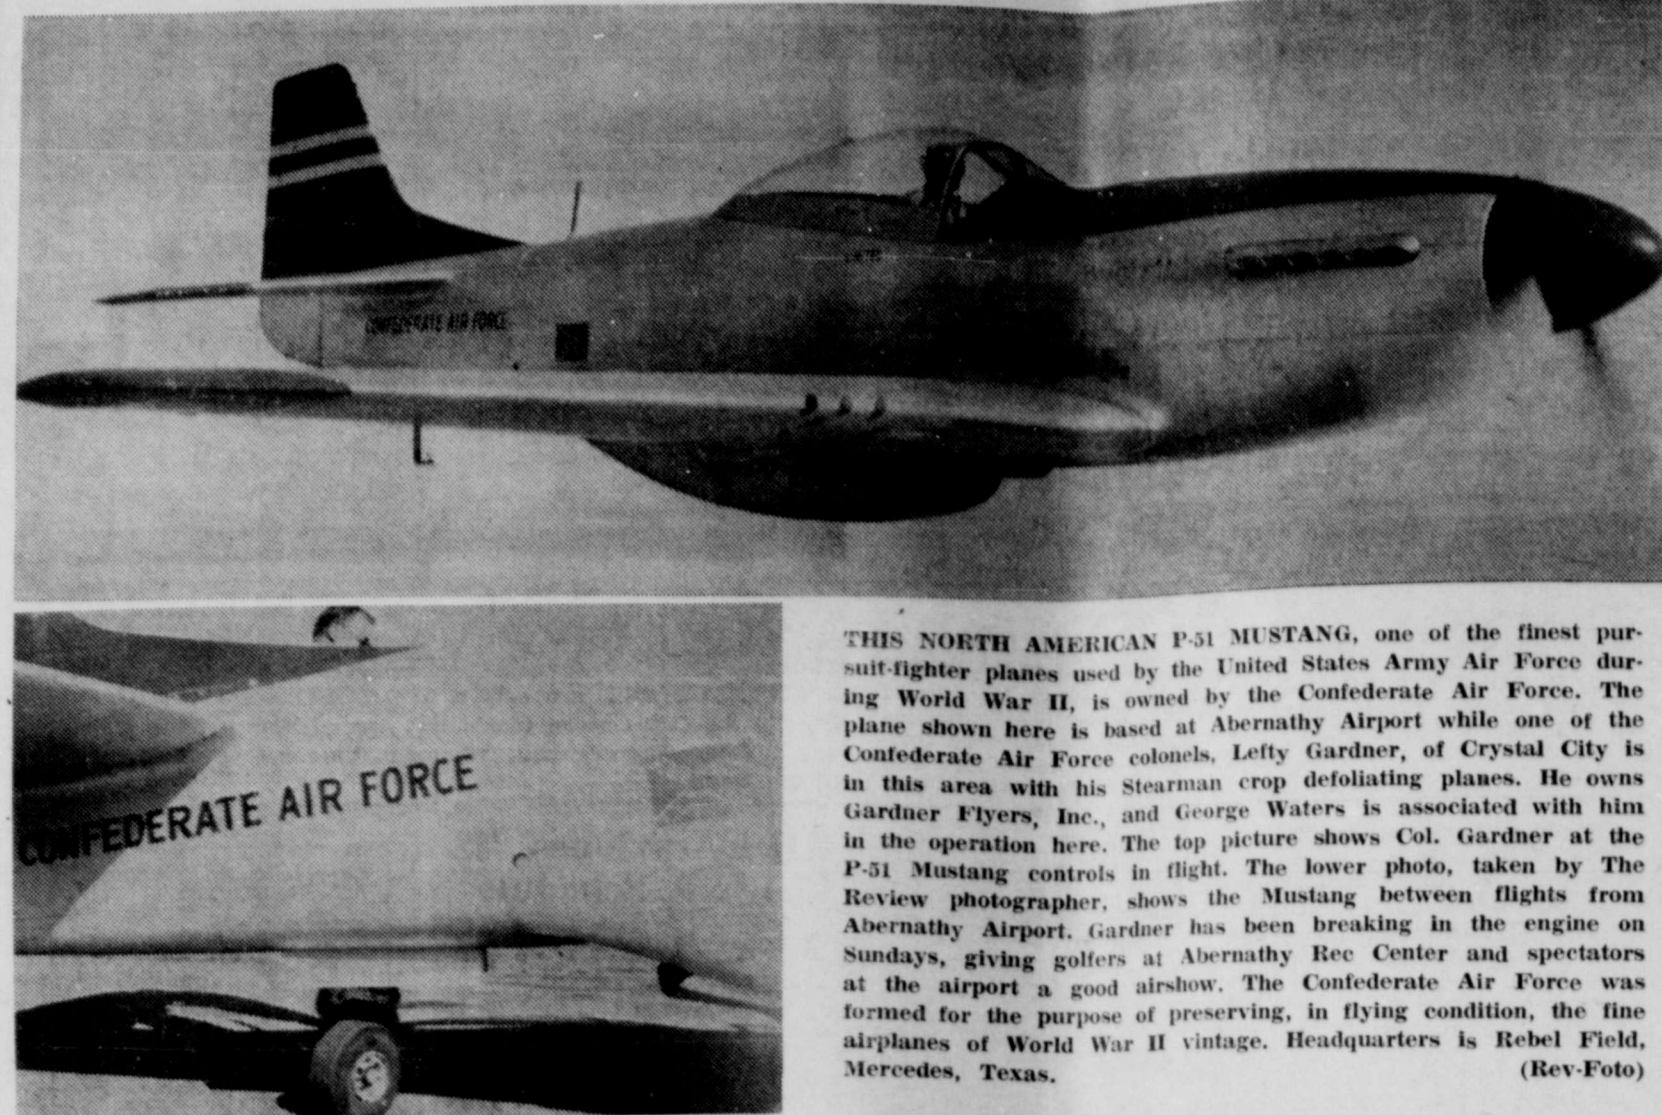

The rental fee will cover one full year from the first time the flags are placed on general display. The fee will be collected for one year in advance. Teams of Lions Club members are to start contacting prospective users of this service.

DPS Now Taking Applications For Uniformed Services

Monthly examinations are now being given to fill vacancies in the uniformed services of the Texas Department of Public Safety, according to Major Harry Hutchison, Regional Commander of this Region for the Texas DPS.

The Commander said this new method of recruiting has not been used in the entire history of the Texas Department of Public Safety prior to this year. Entrance examinations were formerly given two or three times a year, now the examinations are given the second Saturday of each month throughout the state of Texas.

The cities in this region where the entrance examinations are given include Lubbock, Amarillo, and Wichita Falls. December 8, 1962 will be the last date for entrance examinations to be given for entrance in the next student patrol school, a sixteen week training period which will begin at the Department of Public Safety Law Enforcement Academy in Austin February 26, 1963.

THIS NORTH AMERICAN P-51 MUSTANG, one of the finest pursuit-fighter planes used by the United States Army Air Force during World War II, is owned by the Confederate Air Force. The plane shown here is based at Abernathy Airport while one of the Confederate Air Force colonels, Lefty Gardner, of Crystal City is in this area with his Stearman crop defoliating planes. He owns Gardner Flyers, Inc., and George Waters is associated with him in the operation here. The top picture shows Col. Gardner at the P-51 Mustang controls in flight. The lower photo, taken by The Review photographer, shows the Mustang between flights from Abernathy Airport. Gardner has been breaking in the engine on Sundays, giving golfers at Abernathy Rec Center and spectators at the airport a good airshow. The Confederate Air Force was formed for the purpose of preserving, in flying condition, the fine airplanes of World War II vintage. Headquarters is Rebel Field, Mercedes, Texas. (Rev-Foto)

When all benefits are considered, as well as the fact that these jobs offer a career of service to their fellow Texans, we regard them as outstanding opportunities for young men. They will have an opportunity to attend the best state police academy in the nation, to receive training in police science and administration under the direction of some of the nation's foremost professional authorities.

Hutchison said that upon successful completion of the sixteen weeks training course, graduates will become commissioned officers

and will be assigned to the field. The salary while in training will be \$331.00 per month and will increase to \$395.00 or \$412.00 per month upon graduation, depending on the nature of the patrolman's assignment. Longevity pay increment of \$10.00 extra per month will be added for each five years of service for each of the uniformed services, which are the Highway Patrol, License and Weight, Driver's License, and Motor Vehicle Inspection. In addition, uniforms and equipment will be furnished, and the officers will participate in the state retirement plan. There are other personal benefits they will have, such as job security, annual vacations, sick leave and insurance benefits.

Applicants must have a high school education or the equivalent, be in good physical condition and be of good moral character. They must be not less than 5'8" nor more than 6'4" tall, and weigh not less than two pounds or more than three pounds per inch of height.

Those who meet the basic qualifications on their applications will be permitted to take the new written examination on the second Saturday of each month on which they must qualify plus passing an oral interview board before they can start training at the Academy.

The Major invites all interested young men to contact the nearest Department of Public Safety office for an application form, or write to Personnel and Training, Texas Department of Public Safety, Box 4087 NAS, Austin, Texas.

Art Show Is Planned Here

All local artists are invited to exhibit their paintings, or other works of art, at Graham's Dining Room on Sunday, November 4. If you paint in any manner and would like to show the public what you are doing, get in touch with Mrs. Graham at Graham's Restaurant. All forms of art will be exhibited such as china painting, oil painting, pastel painting, water color or any other form of art will be welcome at this art exhibit. The exhibit time will be from 2:00 until 5:00 p.m. Paintings will hang all day Sunday, Nov. 4.

In order to avoid confusion you are urged to contact Mrs. Graham early and arrange to have your painting or other work of art in the exhibit.

W. S. C. S. NEWS

The Methodist Woman's Society of Christian Service met Monday, October 15 at 2:00 p.m. in the church. Mrs. Thomson led the group in singing, accompanied at the piano by Mrs. Suttle. Invocation was asked by Mrs. W. M. Medina. Mrs. Richard Havens brought the devotional.

The program on Hong Kong was presented by Mrs. McCune, Mrs. Thomson, Mrs. Horace Davis, Mrs. Johnson, Mrs. J. W. Davis, and Mrs. Larry Griffin.

This program concluded the study of East Asia. The closing prayer was led by Mrs. Suttle.

Attending this meeting were: Mmes. F. W. Struve, F. A. Goebel, M. M. Bell, J. P. Nystel, U. S. Sherrill, Elton Settle, W. M. Medina, L. A. Suttle, C. H. Thomson, Harold McCune, Horace Davis, Larry Griffin, Auvie Johnson, J. W. Davis, Richard Havens, Don Huffaker, J. C. Mills, George Ragland, Ray Pinson and W. A. Richter.

The next meeting will be held at 2:00 p.m. Monday, Oct. 22, in the church.

TB TESTS ARE GIVEN IN ABERNATHY SCHOOLS

Tuberculin tests were administered to 267 pupils in Abernathy schools Friday under direction of Mrs. James Greene, school nurse, assisted by Mrs. Ella Herriage, Hale County public health nurse.

P-TA volunteer aides were Mrs. James Anderson, Mrs. Melvin Rape and Mrs. K. W. Collins.

Nov. 17 Is College Preview Day At Wayland College

November 17 has been set as College Preview Day at Wayland Baptist College and hundreds of high school juniors and seniors are expected for the all day preview of the variety of activities to be found on the campus. Mr. Holt Sodeman is chairman of the day's program and will be assisted by faculty and students.

High school students interested in trying for music scholarships and membership in the several music organizations are requested to bring music and to arrange at registration time for auditions with Dr. J. O. DeLage, chairman of fine arts. Staff members headed by Athletic Director Harley J. Redin, will be available to explain about Wayland's athletic scholarship program.

Academic scholarships, ranging from \$200 to \$500, are awarded on the basis of the American College Testing scores. Such tests are given four times a year in high schools and designated testing centers, according to Dean Maurice J. Sharp, who will furnish further information on request.

Campus tours precede the morning assembly program which will feature the music students and welcomes from President A. Hope Owen and Gary Parker, Albuquerque, president of Student Government Association.

Drama students take over immediately after lunch and later the Pioneers and Flying Queens basketball teams will give demonstrations. The famous Flying Queens will demonstrate the AAU International Rules under which they will play against the All-Star Russian women's team the following week in Lubbock and Denver, Colo.

Career conferences provide high school students with the opportunity to discuss plans for their futures and the education necessary. Student Government Association will hold an open house-talent program from 3:30 to 5 p.m. as the lighter side of college life. At 5 p.m. the Baptist Student Union will be in charge of evening Vespers program. An informal supper at 5:30 will close the day's activities for high school students looking for a college in which to enroll.

Casualty And Theft Losses

Casualty and theft losses may be deducted on federal income tax returns under certain conditions. John J. Sloan, Administrative Officer, Internal Revenue Service, Lubbock, said.

Deductible casualty losses, he said, include losses of property resulting from storm, flood, hurricane, auto accident, fire, or similar event.

Deductible theft losses, he said, include losses of money or other personal property due to theft in the year of discovery, but not those resulting from loaning or mislaying articles.

He continued: "A deductible casualty loss can result from complete or partial destruction of the taxpayer's property, generally speaking, it must result from an identifiable event of a sudden, unexpected, or unusual nature, such as a hurricane, flood, or fire.

"Damage to your own car resulting from a collision or accident can be deducted if not due to your willful negligence or willful act. You cannot deduct amounts you pay for damage to another car with which you collided.

"On personal or nonbusiness property, the amount of the loss is computed by comparing the de-

crease in the fair market value with the adjusted basis. The loss you have sustained for tax purposes is the lesser of these amounts. For this amount you must subtract the insurance or other compensation which you receive or expect to receive. The amount which is left is the amount you may deduct as a nonbusiness casualty loss.

"Some of the loss items for which you cannot claim a deduction are personal injury to yourself or another person; accidental loss of cash or other personal property; damage due to rust or gradual erosion; and property lost in storage, or in transit."

Taxpayers with additional questions on this subject may get free Publication No. 5174, "Casualties, Thefts, Condemnations," by contacting the Internal Revenue Service.

Trying to rest after an exceedingly hard day at the office, poor father was being bedeviled by a stream of questions from little Willie. "What do you do down at the office?" Willie finally asked.

"Nothing," shouted the annoyed father.

After a thoughtful pause, Willie inquired, "Pop, how do you know when you're through?"

CO-OPS CONTRIBUTE HEAVILY TO THE ECONOMY OF THIS COMMUNITY

HERE IS A PARTIAL LIST OF THE CONTRIBUTION TO THE ECONOMY OF THE ABERNATHY-COUNTY LINE COMMUNITY MADE LAST YEAR BY THE FOUR CO-OPS NAMED BELOW.

SALARIES AND WAGES	\$169,705.27
FUEL AND UTILITIES	\$41,589.25
INSURANCE	\$20,169.92
HAULING AND YARD	\$21,986.73
MISC. OPERATING EXPENSE	\$15,495.77
TAXES	\$20,407.20

NET MARGIN AVAILABLE FOR ALLOCATION TO PATRONS \$322,496.90

The Several Items Named Above Represent Money Expended in this Community by the LOCAL Co-Op Institutions Named and Add Very Materially to the Economy of this Immediate Area. By far the Greater Part of the Taxes Remain Here as They Are School and City Taxes Paid by the CO-OPS. A Portion of the State and County Taxes also go to the Benefit of this Area.

The Figure of \$322,496.90 Shown Above is the Amount Returned to the PATRONS by the CO-OPS as Dividends Upon Which HE WILL PAY TAXES. These Monies Come Not Only From YOUR LOCAL CO-OP, But Also From the Co-Op Compresses, Co-Op Oil Mills, Co-Op Cotton Marketing Assn., Co-Op Wholesale Dealers, Regional GrainCo-Op, Co-Op Oil Refineries, Houston Bank for Co-ops and other CO-OP Sources with which the Patron may Deal Indirectly. This Produces Income for the Patron and IS TAXABLE.

The Figures Given Above Were Taken from the Books of the Four CO-OPS Named Below and can be Fully Substantiated.

Abernathy (Texas) Weekly Review Thursday, Oct. 18, 1962 Page 11

Lakeview News

Mr. and Mrs. T. W. Driver accompanied by Mrs. Arlie Gilmore and Geneva of Cotton Center visited Mr. and Mrs. Warren Driver in Memphis Sunday.

Mrs. J. C. Belt and Mrs. Jim Collins announce the opening of the cafe at the Lakeview Inn, beginning Monday, Oct. 15.

Mrs. F. L. Bell of Amarillo and Mrs. Olivia Kuykendall of Corsicana are visiting their sister, Mrs. E. L. McLaugh. Mrs. Bell will return to Amarillo this week and Mrs. Kuykendall plans to remain here several weeks.

Mrs. N. Matthews returned home early this week from visiting relatives in Mabank and last week in the home of her son, Mr. and Mrs. D. W. Matthews and sons in Oklahoma City.

Mr. and Mrs. Harry Ragland of Plainview visited Mr. and Mrs. A. B. Colwell Thursday.

Guests in the O. S. Bristow home last weekend were ACIC and Mrs. Clyde Wyatt who were transferring from Fairchild AFB, Seattle, to Bergstrom AFB, Austin.

Rev. and Mrs. O. N. Reed of Mt. Blanco visited W. A. Waters Saturday. Also Mr. and Mrs. Jack Waters, Sr., of Spearman, visited in the Waters home.

Mr. and Mrs. Wayne Layton of Idalou visited her parents, Mr. and Mrs. Wayne Castleberry Sunday.

Mr. and Mrs. H. N. Meadows visited their son Mickey Meadows and family in Greggton, Texas, last week.

Mrs. A. G. Amerson, mother of Lawrence Amerson is receiving treatment in Methodist Hospital.

Mr. and Mrs. J. C. Belt and Mr. and Mrs. Jim Collins visited

their niece, Mrs. C. R. Montgomery in Brownfield Sunday.

Mr. and Mrs. E. E. Senter and Kenneth, and Mrs. Ann Wingfield attended the ground breaking ceremony for the Amphitheater to be built in Palo Duro Park Sunday afternoon. The W.T.S.C. Band played during the ceremony.

Henry Scarborough returned home Friday from Methodist Hospital where he had undergone major surgery.

Berlyn Ammonett and Guinn Myatt fished at Lake Stamford last week.

Mr. and Mrs. James Roy Rambo of Hale Center, and Mr. and Mrs. W. W. Thomas of Plainview visited Mrs. Lemmie Ragland Sunday.

Gerald Grant, accompanied by Jo Ed Campbell and Robert Smith, all W.T.S.C. students, spent the weekend with his parents, Mr. and Mrs. E. E. Senter.

The Lakeview Hobby Club met Thursday with Mrs. Berlyn Ammonett. Table games were enjoyed during the social hour. The hostess served ice cream, cake and fruit punch to two visitors, Mrs. Guinn Myatt and Florence Wilson and the following members: Mmes. H. A. Milner, Dale Milner, Leo Ammonett and Gordon Timms.

Members of the Builders Class of the Methodist Sunday School enjoyed a dinner party in Holiday Inn in Lubbock Saturday night.

Mr. and Mrs. Clayton Enger attended dedication services of the Southside Four-Square Church, 58th Street and Avenue H, in Lubbock Sunday afternoon. Rev. James Enger has served as pastor for several years.

Mr. and Mrs. Harvey Lee Ryalls of Plainview visited in the Henry Scarborough home Sunday.

Mr. and Mrs. Kermit Mitchell of Tulla visited the R. E. Andersons Saturday.

Miss Nesbitt, Doyle Johnson Wedding Date Set

The approaching marriage of Miss Shirlee LaVon Nesbitt and Mr. Roy Doyle Johnson is being announced by her parents, Mr. and Mrs. Paul Nesbitt of 1203 13th Street.

Mr. Johnson is the son of Mr. and Mrs. I. L. Johnson of 611 12th Street. Wedding vows will be read on Dec. 21 which will mark the bride-elect's parents' 22nd Wedding Anniversary, in the First Baptist Church.

Miss Nesbitt and her fiancé are 1961 graduates of Abernathy High School. She attended Tyler Jr. College where she was a member of the To-Kallon Sorority, and also, attended Texas Tech.

Mr. Johnson is a sophomore pre-vet. major at Texas A&M College where he is a cadet corporal in the Texas Aggie Band.

4-H Club News

Twenty Hale County 4-H Club members are exhibiting their beef and swine projects at the State Fair of Texas this week, stated Bobby Lemons, assistant county agricultural agent.

The livestock arrived in Dallas Monday morning to be checked into the fair.

4-Hers exhibiting at the State Fair are: Wayne Ballard, Hale Center; Charles Church, James and John Pinkerton, Halfway; Benny Lobstein, Abernathy; Randy Schoppa and Debra Terrell, both of Plainview.

Swine exhibitors are: Wayne Ballard, Hale Center; Frank Bartlett, Jr., Steve and Terry Barton, Larry Blumenstock, Donna and Rodney Huffaker, Jim and Steve Johnson and Benny Lobstein, all of Abernathy; Gary Colie, Chris, Cynthia and Randall Vaughn, all of Plainview; and Kim Porter of Petersburg.

These 4-H Club members were accompanied to Dallas by parents, adult leaders, Ollie Liner, County Agricultural agent and Lemons.

MISS SHIRLEE LAVON NESBITT

SOCIAL SECURITY

There are many cases each year where a farmer's or rancher's monthly social security benefits are delayed because he has not kept good records, John G. Hutton, District Manager, Lubbock Social Security Office, said today.

Complete and accurate records are necessary not only for good farm and ranch management but for getting proper and continuous protection for social security benefits as well, he said.

Hutton explained that farm and ranch operators are required to make accurate reports of wages for their hired hands and to report their own earnings to the District Director of Internal Revenue for social security purposes. Good farm or ranch records assure prompt and accurate payments of social security benefits to the farmer and rancher, he said. These records do not have to be elaborate but they should show the various types of farm or ranch income and expenses.

Information on how a farmer or rancher becomes eligible for social security benefits may be obtained from the Lubbock Social Security Office which is located at 1616 19th Street. If more con-

venient, you may wish to get in touch with your social security representative. He will be in PLAINVIEW, in the COUNTY COURTROOM on each Tuesday at 10:00 a.m. and will be glad to assist in all matters pertaining to social security.

Mr. and Mrs. Don McKenzie and sons flew to Oklahoma City last week.

Legal Notice

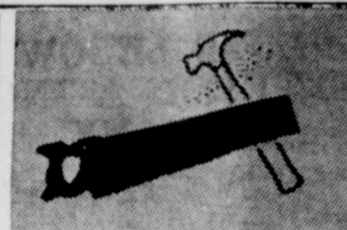

SHERIFF'S SALE
THE STATE OF TEXAS
County of Hale

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable 72nd District Court of Lubbock County, on the 1st day of August, 1962, by Emzy Pieratt, District Clerk of said 72nd District Court for the sum of \$863.40 and costs of suit under an Execution, in favor of Frost-Arnett Company in a certain cause in said Court, No. 39412 and styled Frost-Arnett Company vs. S. W. Williams, placed in my hands for service, I, Walter L. Sanders as Sheriff of Hale County, Texas, did, on the 9th day of August, 1962, levy on certain Real Estate, situated in Hale County, Texas, described as follows, to-wit:

One building known as an onion shed located on the North 350 ft. of Block 196, original town of Abernathy, Hale County, Texas, and levied upon as the property of S. W. Williams and that on the first Tuesday in November, 1962, the same being the 6th day of said month, at the Court House door of Hale County, in the Town of Plainview, Texas, between the hours of 10 A.M. and 4 P.M., by virtue of said levy and said Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said S. W. Williams.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Abernathy Review, newspaper published in Hale County.

Witness my hand, this 20th day of September, 1962.
Walter L. Sanders
Sheriff Hale County, Texas.

National Merit Scholarship Test Set For March 5

All 1964 graduates of Abernathy High School who wish to enter the 1963-64 National Merit Scholarship competition should register now at the school office, Ralph Stevenson, principal, announced recently.

The National Merit Scholarship Qualifying Test will be given in the school at 9 a.m., Tuesday, March 5, 1963.

Students who will graduate from high school in 1964 and enter college in the same calendar year are eligible for scholarship consideration in the 1963-64 Merit Program.

To receive consideration, the student must take the test when it is offered in his school. Participating students pay a \$1 fee on the day of the test.

Awards in the Merit Program are granted on the basis of intellectual merit, but student financial needs determine the amount of individual stipends. The stipends are renewable each year without further testing.

A student's performance on the qualifying test also provides him with information that is useful in career planning or in selecting courses in high school and college, Mr. Stevenson stated.

After the test, each participating student receives an interpretive folder prepared by Science Research Associates, the testing agency, that reports individual test results for comparison with scores of high school students across the country. Thus, students can learn more about their educational strengths and weaknesses—whether or not they plan to attend college.

In addition to the awards made by the National Merit Scholarship Corporation, about 150 business corporations, foundations, and individuals give scholarships through the Merit Program. A considerable number of other scholarship agencies utilize the services of NMSC in awarding their scholarships.

NMSC was established in 1955 through grants. In the period 1956-62, nearly 6,000 students have received Merit Scholarship awards and thousands of other high-scoring students have been assisted in obtaining financial aid from other sources.

R. J. JONES, JR.
FLOWN TO HOUSTON
HOSPITAL WEDNESDAY

R. J. Jones, Jr., who operates Cypress Hill Egg Farm southwest of Abernathy, was flown by chartered plane to Houston Wednesday morning. R. J. was admitted to Houston's Methodist Hospital for examination by physicians who specialize in heart surgery. He was accompanied on the flight by Mrs. Jones and Dr. M. F. Priddy of Abernathy Medical Clinic.

Nine Abernathy residents will be among 57 employees of the Southwestern Public Service Company's Plains Division to be honored at the 14th Annual Service Awards Dinner on October 18.

The dinner will be held at the Hilton Hotel in Plainview, with A. R. Watson, president of the Company, making the awards presentations.

A. L. Apperson, Marvin Monk, and W. K. Schreier lead the Abernathy delegation in service, and each will receive a 20 year award. Leo J. Kitchens will be honored for 15 years service, and 19 years recognition will go to George Hughes, Billy Pittman, Glenn Selke, Maurice Tow and George Reagan. Toco Plant Manager Willie Florence and Mrs. Florence will also attend.

The 57 employees have a combined service of 685 years with top award this year, for 35 years, going to J. M. Collins, Division Manager from Plainview.

(Reddy Kilowatt is a registered trademark of the Southwestern Public Service Company.)

"Willie's Weekend," Junior Class Play, Slated October 26

The Junior Class at Abernathy High School will present its play "Willie's Weekend" Friday, October 26, at 7:30 p.m. The three-act play, written by Felicia Metcalf, will be held in the school auditorium. Miss Helen Bennett is the sponsor for the play.

The cast is as follows: Willie—Danny West; Mrs. Winkle—Sara Bruce; Mrs. McDonald—Susie Deering; Janie Lou—Pam Davis; Mulligan—Betty Wisdom; Mr. Posey—Mike Irish; Captain Kid—Ronnie Wynne; Mr. Hodges—Jerry Settle; Eva—Gwen Russell; Brenda—Gwyn Hendrix; Shirley—Lou Rogers; Mrs. Wood—Joy Boone; Escorts—Neil Davidson, Sammy Hunley; Orderlies—Henry Northcutt, Bob Thomas; Patients—Ronald Floyd, Loyd Hancock.

Master Gland Key to Health

Why can some persons quickly and easily throw off every infection while others constantly wage a losing battle against one germ after another?

Why do most individuals react with overwhelming success to a vaccine, while it has very little effect on other persons?

Is there perhaps a master gland that triggers the immune reactions?

"Yes, it's the thymus gland," says Dr. Robert A. Good, research professor of pediatrics at the University of Minnesota, and March of Dimes grantee.

Dr. Good recently won the annual award medal of the American Society for Experimental Pathology, much of his work being done with National Foundation financial support.

Dr. Good presented new evidence greatly strengthening this theory about the thymus gland in a paper he delivered before the Federation of American Societies for Experimental Biology at Atlantic City.

He detailed the results of experiments carried out in collaboration with other scientists which, he said, provide evidence that the thymus is a key organ in the body's endless struggle to protect itself against harmful substances. The thymus is located behind the breastbone in humans.

Much of Dr. Good's study was based on observation of 125 patients with agammaglobulinemia, a rare disease occurring most often in children whose bodies fail to produce gamma globulin, the substance in the blood which forms antibodies to fight off invasion by germs and other foreign substances.

Further study showed the association of other diseases with agammaglobulinemia, including a high incidence of rheumatoid arthritis and related diseases; leukemia and Hodgkin's disease (cancer of the lymph glands), and other disabilities suspected to result from malfunction of the immune system.

This led Dr. Good and his associates to the thymus as the important organ of immunity. The theory was tested by removing the thymus of rabbits less than five days old.

In his Minneapolis laboratory, Dr. Robert A. Good, March of Dimes research grantee in arthritis at University of Minnesota School of Medicine, checks an X-ray film.

They proved later to be unable to form antibodies in any way and thus could not throw off disease.

Secondly, Dr. Good found that these same animals would accept skin grafts from other rabbits. Normally, skin can be transplanted only between identical twins. By this means the doctor was able to show how the natural barriers to tissue transplantation can be knocked down merely by removal of the thymus in the newborn.

This phenomenon, the Minnesota pediatrician believes, has a human parallel, namely agammaglobulinemia, where antibodies are usually absent. For example, one of the children with this disease now under study by Dr. Good's group has been carrying an intact skin graft for more than seven years—even though the skin had been taken from a unrelated donor.

Studies of this sort, Dr. Good pointed out, have been possible only during the last decade since modern treatment has enabled the survival of children with immunologic deficiency diseases, and new laboratory techniques made possible the accurate analysis of blood and tissue components.

"We are gradually getting

much closer to understanding the whole process of immunity and its relation to disease," Dr. Good said. "We now can see a real possibility of learning how to manipulate and overcome the natural barriers to transplantation of human organs, such as the kidney, as well as other tissues."

"It's tempting to speculate that someday we may have thymus gland banks just as we now have blood banks and bone banks, in order to supply thymus tissues for persons whose immune response is below par. This may also provide us with a means of altering an individual's immunologic pattern by implanting foreign thymus cells when the need arises."

The March of Dimes-supported scientist pointed out that further studies of animals artificially deprived of the ability to produce antibodies are urgently needed to provide insight into rheumatoid arthritis and other diseases which occur in patients with agammaglobulinemia.

Fundamental research aimed at unraveling these disease mysteries is already under way with March of Dimes support at medical centers throughout the country, including Dr. Good's laboratory.

A Few Decades Past . . .

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

YOUR HOMETOWN NEWSPAPER IS A HERITAGE TO PROTECT!

DOWN THE ALLEY

to World Markets for your Cotton

In Cotton Warehousing, effective service means expeditious receiving of farmers' and ginners, cotton, with accurate and prompt weighing, sampling and issuance of warehouse receipts, plus safe storage and prompt, efficient execution of shipping orders for account of merchants and spinners. Effective service assures "on time" arrival of cotton, both for domestic consumption and for export.

Your Cotton Warehouseman is an important member of Cotton's team. Look to him for effective service.
