Highlights From
New Deal High

By DAVID McDOUGAL

New Deal High School held its annual Halloween Party in the school gymnasium Tuesday night, October 30. Students were to arrive in costumes of their choice. Prizes were given for the Most Beautiful, the Ugliest, and the Most Original costumes. The students were entertained by skits presented by members of the F.P.A., the P.H.A., the Band, and all classes in high school.

The NDHS Lions will travel to Anton Friday night for their ninth football game of the regular 1962 season. The Lions are 1-1 in 2-B district play, having defeated Whiteface 43-0 in the conference opener, then losing a close one to undefeated Whitehall, 22-16.

The Lions have racked up 189 points this season while allowing their opponents only 95, and are currently holding a 6-2 season record.

Following are the District 2-B standings:

Team	W	L	Pts.	Opp.
Whitehall	2	0	44	22
Amherst	2	0	88	14
New Deal	1	1	59	22
Anton	1	2	58	50
Whiteface	0	3	6	134

R. J. Jones, Jr. Dies Saturday In Houston Hospital

Funeral rites were held Monday afternoon at Abernathy First Methodist Church for R. J. Jones, Jr., 50, who died early Saturday night in the Methodist Hospital at Houston. He was flown to Houston Oct. 17, for examination by heart specialists. Jones, who operated Cypress Hill Egg Farm southwest of Abernathy, had been in ill health for several months. The Rev. Carlton Thomson, pastor of First Methodist Church, officiated, and was assisted by the Rev. Boyce Evans, pastor of Abernathy First Baptist Church. Burial was in the Plainview Cemetery under direction of Chambers Funeral Home of Abernathy. The Odd Fellows Lodge burial ceremony was performed at graveside.

Palbearers were Charles Ray Owens, H. T. (Doy) Peters, Doyle Evans, Bobby Cornelius, Gene Cornelius, and Tommy Scroggins. Members of the Odd Fellows Lodge were honorary palbearers. Survivors include his wife; a brother, Bill, Abernathy; and two sisters, Mrs. N. E. Faver, Abernathy, and Mrs. Don E. Dwinell of Odessa.

Robert J. Jones, Jr. was born July 18, 1912, in Johnson County, Texas. His family moved from there to Hale Center in 1925. He married Miss Marguerite Whiddon on July 18, 1934, in Cleburne, and they came to Abernathy that year to make their home.

Abernathy Pastor Is Named Trustee Of Hardin-Simmons

The Rev. Boyce Evans, pastor of the First Baptist Church of Abernathy, was elected to the board of trustees of Hardin-Simmons University in Abilene by messengers to the annual Baptist General Convention of Texas meeting Nov. 1 in Fort Worth.

He is one of more than 300 Baptists named to boards of trustees for 27 Texas Baptist institutions and organizations of the 1.7 million-member convention.

Hardin-Simmons University is one of nine schools owned and operated by the Baptist General Convention of Texas. In addition to the nine Baptist schools now in operation, Houston Baptist College is expected to open its doors in the fall of 1963.

More than 12,000 students are enrolled in the nine Baptist schools, including Baylor University, Waco; Hardin-Simmons University, Abilene; Howard Payne College, Brownwood; the University of Corpus Christi; East Texas Baptist College, Marshall; Baylor Hardin-Baylor, Belton; Decatur Baptist College, Decatur; Wayland Baptist College, Plainview; and San Marcos Baptist Academy, San Marcos. Policies for each school are set by their respective boards of trustees elected by the Baptist General Convention of Texas.

Annual Boy Scout Fund Raising Drive Underway

The annual Boy Scout finance drive is underway in Abernathy and area residents are again asked to help support this worthwhile organization which is striving to help develop tomorrow's leaders in today's youth. The budget of \$168,081.63 for the operating expenses set in the budget for 1963 is needed to insure a program of activities for over 9,000 boys.

PP&K Winners Named Here

By HENRY NORTHCUTT

Fifty-five local boys participated Saturday afternoon in the second annual Punt, Pass and Kick contest here, sponsored by Abernathy Motor Company in cooperation with Ford Motor Division and the National Football League. The fifty-five lads, ages 7, 8, 9, 10, and 11, competed in their respective age groups for prizes which were awarded immediately following the contest. Five first place prizes (official NFL warm-up jackets), five second place prizes (junior football helmets), and five third place prizes (NFL footballs) were presented by Lloyd Givens, manager of Abernathy Motor Co., and Douglas Chapman, salesman at Abernathy Motor Co.

PP&K FIRST PLACE WINNERS—Pictured above are the first place winners of the local Punt, Pass and Kick contest held here Saturday afternoon. The boys, displaying their official NFL junior football warm-up jackets, are, left to right: Tom Megna, 7 year-old son of Mr. and Mrs. Frank Megna; Don Snodgrass, 10 year-old son of Mr. and Mrs. I. D. Benson; James Tarter, 9 year-old son of Mr. and Mrs. A. T. Tarter, Jr.; and David Davenport, 8 year-old son of Coach and Mrs. Curtis Davenport. Abernathy Motor Co. was in charge of the contest.—(Rev-Foto by Henry Northcutt)

Each first place winner also received a certificate of prize and bearing his name. Officials at the contest were: Curtis Davenport, Downfield official; Waydelle Hill, official at contestant's position; Dan F. Ward, score checker; Jody Thames and Lindsey Webb, measuring men; and ball retriever, Tommy Hunley.

In scoring each contestant's punt, pass, and place kick, accuracy played an important role. Using a straight line across the football field (the 50 yard line) as an "accuracy" line, the contestants kicked and passed across field from east to west. They received one point for each foot the ball traveled in the air, minus one point for each yard (north or south of the line) the ball score was then determined by adding the net scores of the three phases—punt, pass and kick.

Following is the list of winners who participated in the contest, 7 to 11 years of age, in that order:
1st Place—Tom Megna, David Davenport, James Tarter, Don Snodgrass, and Bobby Benson.
2nd Place—Wayne McCune, Johnny Humphill, Robert Slough, Rodney Huffaker, and Lynn Vaughan.
3rd Place—Mike Dunn, Scott

Lubbock Lodgemen To Confer Degree Here Tonight; Elk Steak Supper Set

Members of Abernathy Lodge No. 1142, A. F. & A. M., and visiting Masons will enjoy a double treat tonight (Thursday) during the stated meeting of the Lodge.

G. D. Clapp, Worshipful Master, has announced two special events for tonight. An elk steak supper will be served at the Masonic Lodge Hall starting at 6 p.m.

The stated meeting of the Lodge will be open at 7:30 p.m. Members of a visiting degree team from Yellowhouse Lodge of Lubbock will be in full costume dress when they confer the Master Mason Degree on a local candidate during the stated meeting here tonight.

Mr. Clapp urges all local members to be present, and extends an invitation to visiting Masons.

DR. GREGORY'S MOTHER CRITICALLY INJURED IN ACCIDENT

Mrs. Henry Gregory, 47, of Brownwood was critically injured at 10:30 p.m. Friday when she was struck by an automobile on a highway near San Saba. She is the mother of Dr. Kenneth Gregory, Cindy and Jerry Don Gregory.

The car in which Mrs. Gregory was riding was involved in a minor accident, having hit an animal on the highway. After leaving the car to inspect the damage, Mrs. Gregory was struck down by a passing automobile. She was so badly injured that family members do not expect her to recover.

Dr. and Mrs. Kenneth Gregory left Abernathy early Friday night and had planned to meet his parents at a fishing lodge down state.

Gifford-Hill-Western Plans Open House At Plainview Plant Saturday, Nov. 10

Gifford-Hill-Western, the Company that has pioneered the manufacture and installation of irrigation pipe lines all over the Southwest, is proud to announce that their newest lock-seal plant is now ready for production at Plainview, Texas.

A formal open house, to which the public is cordially invited, will be held all day Saturday, November 10, at 24th and Columbia in Plainview. This open house will be a real treat for everyone who attends. You will see on display the world's most modern and efficient way of handling irrigation water with aluminum pipe. Gifford-Hill-Western's new improved wheel-move sprinkler system, low-move springer system, and farm engineered lake pump system will be displayed. Row King Gated pipe will be set up just as it is used on the farm.

Of interest to everyone is the new lock-seal plant where 6' joints of this new concrete irrigation pipe are manufactured, steam cured and made ready for use on the farm. This is one of the area's best examples of heavy industry and agriculture working together. Not only will you see how lock-seal is manufactured, but exactly how it is installed on the farm.

Gifford-Hill-Western is trying to make this the most interesting and enjoyable open house that the public has ever seen. Here are some of the additional features of the open house:
A gift for everyone who attends...
Refreshments and music...
Free rides for the kids...
In Person
Mark Wilson from CBS-TV's "Magic Land of Allakazam."
A silver dollar treasure chest to bring your key...
For some lucky irrigation farmer—a \$1,000.00 lock-seal irrigation pipe line installed on his farm!

These are some of the high lights of Gifford-Hill-Western's big open house in Plainview, Texas, to be held all day this Saturday, November 10. The plant is located at 24th and Columbia (on the Amarillo Highway, north city limits). Make your plans to attend. You will learn how to better handle your irrigation water and there is fun for the whole family waiting for you.

Abernathy fire department made a run west of County Line Tuesday night of last week to fight a fire in oil treaters in the Anton Irish field.

Littlefield Man Joins Abernathy Police Force

Bill Wilkinson, formerly a law enforcement officer in Littlefield, has been employed as a policeman on the Abernathy force, announced Charles Norwood, city manager. He follows John Marsh, who resigned, last week. Marsh had been on the force here three years.

Wilkinson has 15 years experience in law enforcement, having been with the police forces at Muleshoe and Levelland before going to Littlefield.

Mr. and Mrs. Wilkinson and their two daughters will move here from Littlefield. The daughters are Cathy, 14, in the eighth grade, and Andria, 12, in the sixth grade.

Wilkinson will serve with Dick Roe on the local police force.

Veteran's Day Breakfast Set For Nov. 12

A Veteran's Day breakfast has been set for Monday morning, November 12, at the American Legion Hall, announced George L. Reagan, Commander American Legion Barton-Hood Post 500.

In making the announcement, Reagan stated that breakfast will be served from 6 a.m. until 8:30 a.m., and all Legionnaires and all veterans are invited and urged to attend.

Since Veteran's Day this year falls on a Sunday, the annual breakfast event here will be observed Monday morning instead.

Two Wounded In Gun Fight

Two Abernathy men sustained gunshot wounds early Saturday morning at their home, according to Lubbock County Deputy Jack Bryant.

Robert Ignacio, 30, was listed in fair condition at West Texas Hospital, Lubbock, following surgery to remove a bullet from the lower abdomen.

His brother, Nick, 29, suffered flesh wounds in the arm and leg and was treated and released from an Abernathy clinic. They were taken to the hospital by Chambers ambulance.

Bryant said the shooting resulted during a disturbance at the Ignacio residence three miles east of Abernathy. He said the person who fired the shots was not arrested and no charges have been filed.

GOAL POST MISHAP

Gwen Hendrix, daughter of Mr. and Mrs. Foy Hendrix, escaped with a minor shoulder injury Friday afternoon when a football goal post fell on her. The accident happened while students were decorating the Antelope Field goal posts for the AHS-Lockney game Friday night. She was taken by Chambers ambulance to Abernathy Medical Clinic where she was treated and released.

AHS Band Members Begin Annual Magazine Sale Here

The annual sale of magazines by members of the AHS Antelope Band began this week, according to Everett Maxwell, band director.

This is the only fund-raising project of the AHS Band, and money raised through this magazine subscription campaign will go into the band trip fund. According to the present schedule, (a trip every two years), band members will make a trip next school year, thus giving the mem-

bers two years in which to sell magazine subscriptions and renewals to raise money with which to sponsor their trip. (The trip last year was to Corpus Christi where the AHS Antelope Band participated in the annual Buccaneer Festival.)

Members of the band are eligible to win valuable prizes, depending upon the amount he or she sells. Dealer for the campaign is The Educational Reader Service, Inc.

Four magazines are featured in this campaign. They are LOOK, McCALL'S, REDBOOK, and BETTER HOMES AND GARDENS. There is a large variety of magazines other than these, but the students will be pushing these four as the band will receive more commission from the sale of the featured magazines.

Patrons of the Abernathy School District and surrounding area are urged to renew subscriptions and sign up for new magazine subscriptions from members of the AHS Band.

Mrs. I. L. Johnson was taken to Methodist Hospital, Lubbock, Friday in a Chambers Funeral Home ambulance.

Antelopes To Battle Strong Hornets At Tulia Friday Night At 7:30

The AHS Antelopes will journey to Tulia Friday night to tangle with the Hornets of Coach Jimmy Keeling. The Antelopes will carry a 1-1 district record into the contest, while the Hornets are 0-2. The Antelopes have a 6-2 season record to Tulia's 5-3 season record.

The Antelopes lost their opening conference game to Floydada 24-0 three weeks ago, then after an open date rebounded to tromp past the Lockney Longhorns 26-8 here last Friday night. The Hornets, who were idle when Abernathy was playing Floydada, were trounced 40-0 by Canyon two weeks ago, then lost a close one last Friday night at Floydada, 14-6.

At present, Floydada is leading the district race with three wins and no losses, while Canyon is also undefeated in district competition but has played only two games.

Canyon plays host to Floydada Friday night at Canyon, and should the Eagles defeat the Whirlwinds, the Antelopes will

'Lopes Outplay Longhorns, 26-8

The Abernathy Antelopes, behind the running of speedy halfback Tom Ritchey, and concerted team effort, rolled past the Lockney Longhorns 26-8 here last Friday night in an effort to stay in the running in the District 2-AA race.

Abernathy scored on the fifth play of the ball game when Ritchey galloped 41 yards for the initial tally. The try for the extra point failed, and the Antelopes held a narrow 6-0 lead.

Early in the second stanza, halfback Pat O'Neil tossed a pass to Ritchey who this time was assisted on a touchdown break-away by some fine blocking by team mates Randy Henson and Jim Owens. When Ritchey took the pass, he was surrounded by four Longhorn defenders. Big senior hard-hitting sophomore guard Jim

Owens took out three of the would-be tacklers and Ritchey decided just to "run over" the other one, which he did. And the 42-yard play resulted in another Antelope score. The try for conversion again failed, and the 'Lopes held on, 12-0.

The Abernathy defense showed its might shortly after the ensuing kickoff. The Longhorns started a sustained drive and pushed to Abernathy's 15 yard line, but the Antelopes dug in to set the visitors back and took over on the 19 yard marker. With less than 50 seconds remaining in the first half, Antelope quarterback Bobby Pettit decided to try a quarterback sneak in an effort to hold onto the ball and run out the clock. He zipped through the middle of the line, found himself in the clear and almost ran the distance of the field before being

hauled down from behind by Longhorn halfback Terry Mosley on Lockney's 11 yard line, the play covering 70 yards. After two ground plays failed, Ritchey spotted Eddie Davis in the clear and tossed him a TD aerial. The try for extra point again failed, and the Antelopes held an 18-0 halftime margin.

Lockney came back strong after the intermission, taking the second-half kickoff and then marching 80 yards for their only TD. Fullback Ronnie Belt carried the brunt of the load for the Longhorns and butted his way over from the one yard line for the score. Belt then ran the ball across for the extra points to end the scoring in the third quarter.

The Antelopes got their final TD late in the fourth quarter with halfback Joe Ybarra doing

AHS and ND Bands to March In IL Meet at Tech Nov. 20

LUBBOCK—The best football halftime shows of 37 area high school bands will be unveiled Nov. 20 in Jones Stadium with Texas Tech as host.

More than 2,600 students will participate in the Region I Inter-scholastic League competition. This is the second year Tech has held the marching event.

The admission-free marching contest is one of the top band events in the Southwest, according to Dean Killian, Tech band director. The West Texas bands are truly the top marching bands in the United States, as evidenced by their continuous winning in national competition, he said.

Beginning at 1 p.m., bands will perform their colorful shows every eight minutes. Judges will include band directors Frank Pierson of Iowa State University; Jim Jacobsen, Texas Christian University; and Dr. Ted Crager, West Texas State College. Entries in Class B includes Jayton, New Deal, Anton, Ropesville, Shallowater, Wilson and Whiteface. Represented in class A are

JOY BEAUTY SHOP REOPENS

Mrs. Mary E. Joy announces the reopening of her beauty shop which has been closed for the past several months. She has an experienced operator, Mrs. Jimmie Crabtree, and is now open for appointments from 12:00 noon Tuesday through Saturday.

You are invited to come in and get acquainted or call 298-2003 and make an appointment. Use the door on your right for entering the shop.

LAST ROSE OF SUMMER—W. V. Talbott holds what very likely is the last rose of summer from a bush by his front door at 610 2nd Street in Abernathy. Far from bedraggled, this last rose of summer is a perfect specimen. Its five-inch diameter makes it much larger than the average rose. The rose covers Talbott's large right hand in this picture. Mr. Talbott is employed by Jack Kiker's West Texas Dirt Contractors. The Review takes this opportunity to thank everyone for their efforts in growing some of the prettiest flowers ever this year. Their beauty adds to the attractiveness of the town.—(Rev-Foto)

ND Lions Lose To Whitharral

By DAVID McDOUGAL
(From Last Week)

The New Deal Lions suffered their first district defeat against tough Whitharral 22-16 here Friday night, Oct. 26.

It was a tough, hard fought football game all the way with neither team having any great advantage.

Whitharral started the scoring in the first quarter with Ken Polk plunging from one yard out. Lynn Simmons added the extra points.

Then Jimmy Barrington ran over left tackle from 9 yards out to put New Deal into the scoring column. Randy Peebles completed the 2-point conversion to tie the score 8-8.

Lynn Simmons scored again in the second quarter and Ken Polk again in the fourth for Whitharral to complete their scoring.

Randy Peebles ran 12 yards around right end in the fourth quarter to score for New Deal. Then he added his own extra point.

Outstanding defensive men for New Deal were Jimmy Justice and Clifford Rieken.

This game left New Deal with a thus far outstanding 6-2 record. New Deal will rest this week because of an open date. Next week New Deal will take on Anton.

TIPS TO FOLLOW WHEN VISITING A SICK FRIEND

All of us occasionally pay a visit to a sick friend. Next time you have occasion to visit a sick room—either in a home or in the hospital—keep in mind a few simple thoughts that will help to make your visit a welcome one.

Today's Health, the magazine of the American Medical Association, offers some pointers on visiting the sick—

—Don't sweep into the sick room like a cyclone. Come in quietly, unobtrusively.

—Don't be gloomy. Try to be cheerful, but don't be silly.

—Don't be morbidly curious. If

the patient wants to tell you about his operation, or to show you the stitches, let him offer to do so.

—Don't be overly sympathetic. Real sympathy will show through, and words won't necessarily convey it.

—Don't make the patient dissatisfied with the care he is receiving. If you disagree, keep it to yourself. You'll help most by making him feel satisfied with the care.

—Don't offer your medical advice or opinion. The chances are your opinion is worth next to nothing. Leave medical advice to your friend's physician.

To Handle
Flag Rentals

Abernathy Lions Club is sponsoring a patriotic move to have the United States Flag displayed at business places, churches and homes on national holidays and on other days when it would be desirable and appropriate to do so.

The Lions Club has a package deal to offer those who would like to have the Stars and Stripes displayed on their property on the special days. For a flat fee of \$15.00 per year, the Lions Club will furnish the large flag, and will place it on display and take it up at the proper times.

The rental fee will cover one full year from the first time the flags are placed on general display. The fee will be collected for one year in advance. Teams of Lions Club members are to start contacting prospective users of this service.

School Policy On
Inclement Weather

Following is the Abernathy Schools' 1962-63 "School Policy Regarding Inclement Weather":
Official Radio Station

KFYO LUBBOCK 790KC has been designated as official station for emergency announcements of any kind.

If extreme bad weather develops during the night an announcement will be made between 6:30 and 7:00 a. m. if school is to be dismissed.

Should bad weather develop after the school day has commenced, an announcement will be made if school will be dismissed early.

NO ANNOUNCEMENT MEANS SCHOOL AS USUAL although at times busses cannot make all of their routes or even a part of it.

School Busses are so difficult to operate in mud and on ice that it is often dangerous to try as well as expensive in the long run with added repairs.

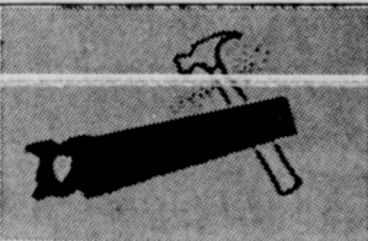

WHEN THE BUSES CAN'T RUN the school will appreciate your help in transporting your children and other children near you—especially in the afternoon where some areas are inaccessible to the school bus.

SCHOOL MUST GO ON if possible. Days missed have to be added to the end of school and all days must be completed before the end of May to receive full share of state money.

School officials wish to express sincere appreciation to school patrons who over the years have assisted us in meeting our transportation problems so that as a whole our school district has been able to render good transportation service.

Abernathy - Plainview Main
Rail Line To Be Relaid By
Santa Fe's Welding Method

An extensive rail relaying project is underway on the Santa Fe between Plainview and Abernathy. A total of 30 miles of main line track will be relaid, and about 5 miles of sidings.

A gang of about 70 men is employed on the project. Keith Forlorf, roadmaster from Slaton, is engineer in charge of the project.

Rail used is 131-pound rail, welded into 1,449 foot lengths. Welding is being done at Pampa, and transported to the site on multiple flat cars.

Welded rail is the newest development in track construction and as of January 1 of this year,

the Santa Fe had 1,398 miles of welded rail on its system. Plans are to lay 310 more miles this year, to make a total of 1,708 miles once laid.

The Plainview - Abernathy project is expected to be completed about November 30, depending on weather and traffic delays.

The Santa Fe was the first American railroad to employ a new electric flash method for fabricating continuous welded rail in the spring of 1955, as a result of studies by the railroad's engineering staff. Developed in Switzerland, and known as the Matisa-Schlatter electric butt welding process, this improved technique

has been used on the Santa Fe since 1955, when about 27 miles of new rail were laid near Albuquerque, N. M., in the first test of the method in this country.

J. E. Eiseman, chief engineer for the Santa Fe's Western lines at Amarillo, explains that one of the advantages of welded rail is the elimination of the always-troublesome joint that was the requirement every 39 feet with rails of conventional length. Service tests on the Santa Fe of rail welded by the flash butt electric welding method have proved the practicability of welding as a maintenance saving proposition.

Welded rail gives improved riding qualities to the track, gives increased life to the rail, making it more economical than jointed track, and gives the railroad the benefit of higher speed operation with fewer delays.

The rail welding equipment is housed in three fifty-foot steel box cars which can be spotted at any point on the Santa Fe system. The equipment has a maximum capacity of about 15 welds per

Motorists

SCHOOL BUSES
Motorists are warned to observe the state law in regard to passing school buses stopped to take on or discharge passengers. The law requires that motorists STOP, then proceed with caution (not to exceed 10 mph) in passing a bus. School bus drivers are obligated to take the license number of any vehicle passing a bus in any other manner than that described above.

hour. From a stockpile of new 39-foot rails located near the forward end of the first car containing the welding unit, the rail is fed through the three cars where it is subjected to the various processes of welding, grinding and testing.

The rail then, in a continuous operation, feeds directly onto a train of 31 flat cars, having a capacity of 12 strings of continuous rail, each 1,440 feet or slightly more than one-quarter mile in length. The rail then is hauled to the site where it will be laid.

The 1,440 foot lengths are surprisingly flexible, will bend around curves enroute with ease, and in the relaying process are picked up from the side of the roadbed with special machines and fed onto the ties like tooth-paste from a tube.

Consumers are actually paying less for meat today than in the so-called 'good old days.' In 1920, 7 percent of the total family income was spent for meat, points out Ed Uvacek, extension livestock marketing specialist. Currently, only 4½ percent is being spent and consumers are getting better quality meats and have a much wider selection, adds the specialist.

Veach, Worthy Matron of the local chapter, Mr. and Mrs. C. J. Pharr, Mrs. Kenneth Phillips, Mr. and Mrs. J. H. Barnett, Mrs. Dan Yard and Mrs. Hugh Pettit. Mrs. Pettit ended her year as Deputy Grand Matron, District 2, Section 3, during the Houston meeting.

VISIT HOSPITAL

Mr. and Mrs. H. T. (Si) Peters left late last week to visit two Abernathy men who were in hospitals down state. They spent some time at mid-day Saturday visiting R. J. Jones, Jr., in Methodist Hospital in Houston, and with Mrs. Jones. R. J. apparently was feeling much better, and was able to walk to the hospital corridor when Mr. and Mrs. Peters left his room. R. J. died suddenly that night at about 7 o'clock.

Mr. and Mrs. Peter's went from Houston to Freeport to visit relatives, then to Galveston to visit O. L. Tucker of Abernathy who is under treatment at a hospital there. They also visited relatives in Waco. Mr. and Mrs. Peters arrived home late Sunday night and were shocked by the news of R. J.'s sudden death.

GOVERNOR SIGNS CHRISTMAS SEAL PROCLAMATION—Three recovered tuberculosis patients watch Governor Price Daniel sign a proclamation designating November 14 to December 31 as Christmas Seal Days in Texas. The three, all of Austin, are representative of the fact that TB respects no age—er race. Joseph Miller, 4, was dismissed from the State TB Hospital at Kerrville more than a year ago, but his father is still hospitalized and Joseph continues to take anti-TB drugs regularly. Mary Ann Hernandez, 12, has been away from a TB hospital for three years, but her sister still remains hospitalized. J. C. Burkhardt, a retired city employee, was hospitalized for eight months with tuberculosis, is still on drugs. Said Governor Daniel's proclamation: "In Texas last year, 3,480 new cases of tuberculosis were reported. Each of these is a potential source of infection to others. Yet tuberculosis is a preventable disease which can be eradicated. . . . The traditional Christmas Seal campaign is the one annual appeal of the tuberculosis associations for funds to make possible their year-round efforts to curb this needless waste of human life and resources."

GOV. DANIEL PROCLAIMS NOVEMBER 16 TO 22 FARM-CITY WEEK

Citing the necessity for elimination of misunderstandings between farm and city people, Gov. Price Daniel today signed an official memorandum calling for the observance of Farm-City Week in Texas, Nov. 16-22.

Gov. Daniel pointed out that the prosperity and well-being of Texas are dependent upon cooperation between the two great elements of our society—farmers and urban people.

He said the complexities of their individual problems and the divergence of their activities often lead to misunderstanding. "This misunderstanding must be eliminated," he stated. "Each group must understand the other and its contributions to our welfare and prosperity."

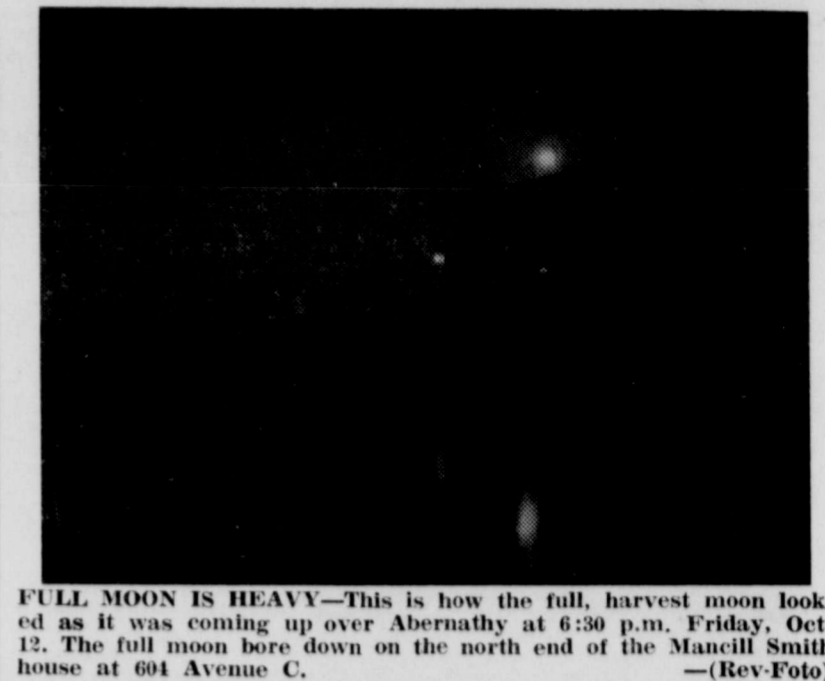

Farm-City Week is observed throughout the United States and Canada each year, and Governor Daniel pointed out that this provides an unparalleled opportunity for farm and city people to become re-acquainted.

Dolph Briscoe, Jr., of Uvalde, Texas, chairman of Farm-City Week, and immediate past president of the Texas and Southwestern Cattle Raisers' Association, said communities throughout Texas are planning Farm-City Week activities to help strengthen the ties between rural and urban neighbors. Kiwanis International is the coordinating agency, and in many instances local Kiwanis clubs have joined with other civic organizations in promoting joint meetings and tours.

Breezeway window goes down—Mercury sales go up...up!

WHY DOES THIS BREEZEWAY REAR WINDOW help sell so many Mercury Montereys? This is styling that works! The recessed rear window stays clearer in rain or snow. It opens for controlled Flo-Thru ventilation. More wind, traffic noise and weather are shut out because the side windows can stay closed. The rear-window angle cuts glare, aids rear visibility. The extended Breezeway roof adds rear-seat headroom, shades passengers from the sun. See how practical elegance can be!

High School Day Set At Wayland

PLAINVIEW (Spl.)—A glimmer of that collegiate feeling is in store for the hundreds of high school juniors and seniors from Texas, Oklahoma, and New Mexico who will plan to attend the annual College Preview Day at Wayland Baptist College on Saturday, Nov. 17.

Guests will get a glimpse of all phases of college activity and also have opportunity to attend career conferences where they will question Wayland faculty about opportunities in their fields and the education necessary, according to M. Holt Soleman, chairman of the Preview Day committee. Music minded students are asked to bring their music and make appointments for auditions for membership in music organizations and for music scholarships. Athletic Director Harley J. Redin and other members of the athletic staff will be available to explain Wayland's athletic scholarship program.

Following registration which begins at 8:30 a.m. in the main corridor of Gates Hall, guests will be given tours of the campus with Waylanders as guides and returning in time to attend the 10 a.m. chapel program which will feature music students and welcomes from Wayland President A. Hope Owen and Gary Parker, Albuquerque, N. M., president of the Student Government Association.

Students who are undecided on a special field will meet with Maurice Sharp, dean of students, during the career conferences sessions, from 11-12:15 a.m. and visiting adults will also meet in a special group at that time.

Following lunch in Slaughter Memorial Center a light hearted play, "Papa Was a Preacher," will be on tap in the auditorium. A special athletic presentation by the Flying Queens and the Pioneers basketball teams will follow in the gymnasium. Then it's on to the new Student Lounge where there will be an SGA fellowship and talent show. Closing the day will be a vespers program from 5-5:30 p.m. in the auditorium with Wayland students in charge. For those who can stay, an informal supper will be served.

Patsy Pettit Is Selected Miss Halloween Of AHS

Patsy Pettit, sophomore class candidate, was presented as Miss Halloween at the close of the annual Harvest Festivities program Oct. 30 in the school auditorium. Miss Halloween was elected by secret ballot of the entire high school prior to the parade and program. Her escort was Ray Mac Poage. Other high school candidates were Cindy Shadden, freshman, escorted by Pat Hale; Pam Davis, junior, escorted by Sammy Hunsley; and Dee Ann Davidson, senior, escorted by Pat O'Neil.

Miss and Master representatives of the first five grades who were introduced on the program were: Mitzi West and Neal Thames, first grade; Debra Myatt and Mike Dunn, second grade; Deborah Murray and Ricky Bridges, third grade; Tonda Johnson and Mickey Nesbitt, fourth grade; and Sandra Furgerson and Don Snodgrass, fifth grade.

Miss and Master representatives of Junior High (grades 6, 7, and 8) presented during the program were: Suzanne Evans and Dana Moore, eighth grade; Micki Ster-

ling, and Gary Lovelace, seventh grade; and Marilee Echols and Johnny Henson, sixth grade.

Winners in the float division of the parade were: First place, "Black Magic," fourth and fifth grades; Second place, "Make Mine Country Style," primary grades; Third place winner was "Gypsies," Junior High grades. Costumes were judged in four divisions, most unusual, prettiest, scarriest and funniest.

Winners of the most unusual were: first place Richard Lee Jackson, second place Dwayne Wolf and third place Beverly Beaton.

Those winning for the prettiest costumes were: First Darrell

Harp, second Karen Murry and third Lynne Riley.

Scarriest costume winners were: First place Gary Smith, second Linda Johnson and third Ricky Anderson.

Winners of the funniest costumes were: First Clinton Reeves, second Steve Patterson and third Vicki Overstreet.

MRS. JERRY ALLEN COZART (Linda Jane Kemp)

Miss Kemp and Jerry A. Cozart Exchange Vows

Miss Linda Jane Kemp, daughter of Mr. and Mrs. Gene Kemp, became the bride of Jerry Allen Cozart, son of Mr. and Mrs. James A. Cozart of Hale Center at 8 p.m. Friday, Nov. 2. Rev. Jude Strickland of Amarillo, formerly of Abernathy, officiated at the double ring ceremony at the Assembly of God Church in Abernathy.

The bride, given in marriage by her father, wore a gown of lace and tulle and a fingertip veil falling from a lace crown. She carried a bouquet of feathered mums atop a white Bible.

Mrs. Jean DeBord of Lubbock, sister of the bride, was matron of honor. Herman Cozart, brother of the groom, was best man. Robert Kemp, brother of the bride, was usher.

Following the ceremony a reception was held in the City Hall club room.

After a wedding trip to Fort Worth the couple will live in Hale Center where he is engaged in construction work.

The bride attended Abernathy High School and the groom is a graduate of Hale Center High School.

At District Club Meeting In Anton

Anton Garden Club was hostess to the Autumn District 1 Central Zone meeting held in the First Methodist Church in Anton, Wednesday, Oct. 31.

The program, "Flower Arranging," was presented by a very artistic floral designer, Mr. Larry Scott assisted by Mrs. Scott, both of Lubbock.

Members of Abernathy Garden Club attending were Mes. Harlow Neis, Floyd Shipman, Orval Weaks, Milton M. Bell and L. S. Wilson.

Mr. and Mrs. Harry Ragland Will Observe Their Golden Wedding Anniversary Sunday In Plainview

Mr. and Mrs. Harry Ragland of Plainview will observe their Golden Wedding Anniversary at a reception at their home, 309 East 9th Street in Plainview, on Sunday, Nov. 11, from 3 to 5:30 p.m. Mr. and Mrs. Ragland and their children, Mr. and Mrs. Austin Ragland, Mr. and Mrs. Eugene Ragland and Mrs. Veldean Harrison invite you to attend the reception honoring them on their 50th Anniversary.

Mr. Harry Ragland, son of the late Mr. and Mrs. W. H. Ragland, came to Hale County in 1892 and has never been out of the county for more than two weeks

at a time. He was married to Lilly Moreman of Plains, Texas, in 1912. As one of the earliest pioneers, Mr. Ragland has seen Hale County develop into one of the leading counties in the State of Texas.

Mr. Ragland is a brother of Mrs. U. L. Moreland and George Ragland of Abernathy.

It is time to think about next year's cotton planting seed, says Fred C. Elliott, extension cotton specialist. Cotton planting seed should be stored only in bins which have been cleaned thoroughly and regular checks should be made to see that insect pests

don't move in, he adds. Local county agents can supply information on good storage practices and insect control recommendations.

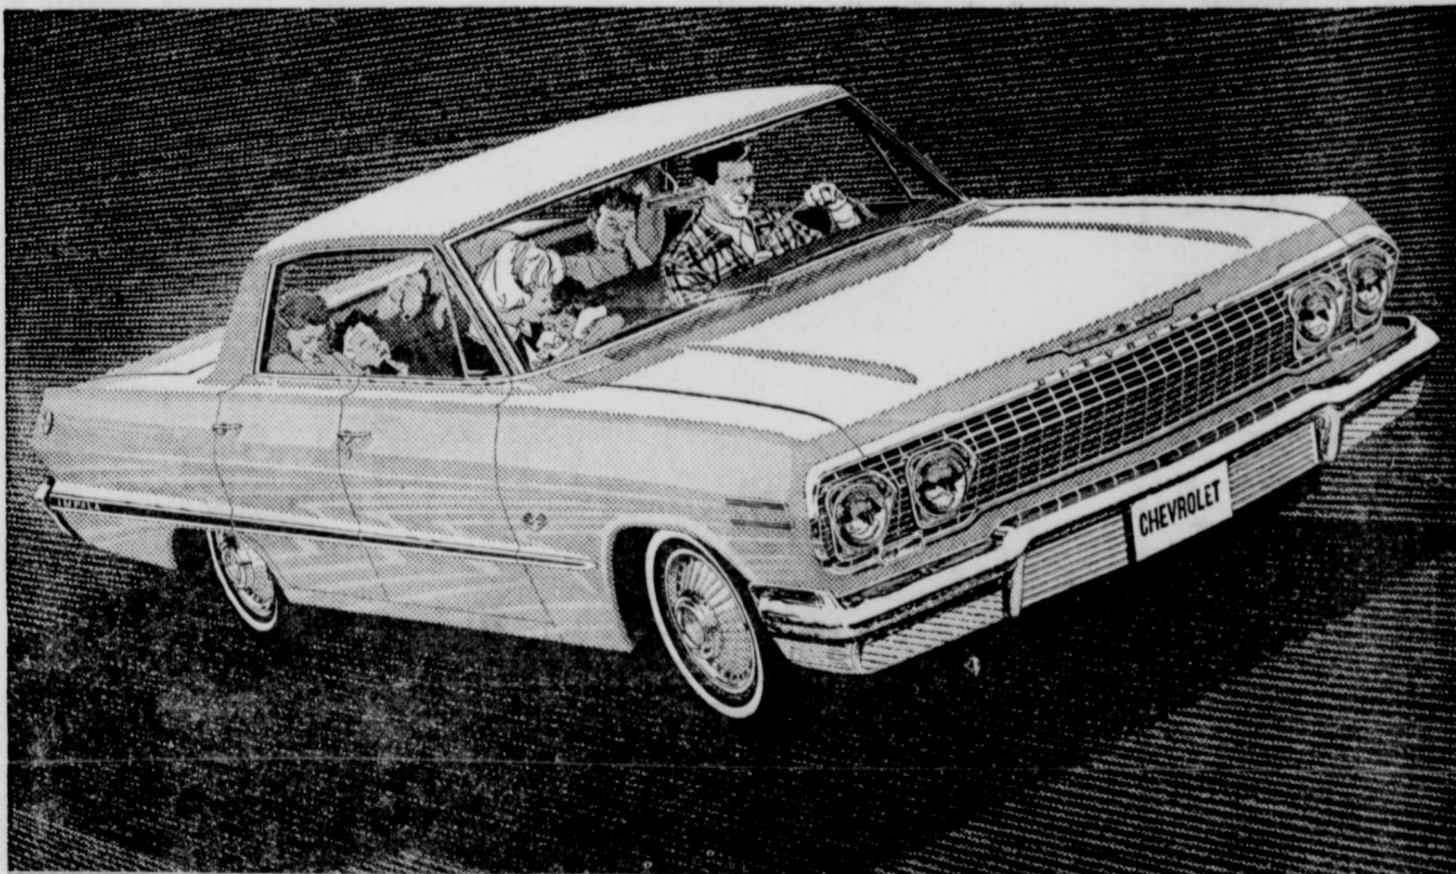

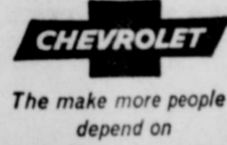

Ruth Torres moved to 509 Avenue F.

Harvey Grisham moved to 210 rear 13th Street.

Storage Methods Can Influence The Quality Of Cotton Planting Seed

College Station—It is time to think about next year's cotton planting seed. Some growers, reports Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service, have already placed in storage seed of good quality. Others will do the same as the harvest moves into their areas.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain, trash, feed sacks or other seed or debris which furnish living quarters for insects. It is a good practice to "sweep down" the ceilings and walls and clean the floor of the bin to remove hidden waste. Use builder's molding to cover cracks to eliminate seed collecting in them, he explains. Waste grain, seed and other materials beneath and near bins should be destroyed.

For those who have stored seed, Elliott suggests that regular checks be made of the seed and facilities to make sure insect pests haven't moved in. Insects, he adds, are more likely to become a problem if a large percentage of the seed are cracked and if stored in bins which harbored insects at the time the seed were placed in storage.

The specialist says several chemicals are recommended for use in and around the storage bins before seed are stored. Others may be used as a dust to

treat the seed when they are placed in storage while other insecticides can be used to fumigate cottonseed which may have become infested with stored grain pests.

Seed treated with chemical dust should not be crushed or used for feed, emphasizes Elliott. Use caution, he adds, in fumigating cottonseed which will be used for planting purposes. Under certain conditions fumigants may lower the germination of the seed. Studies indicate that germination of seeds fumigated at high temperatures—80 degrees F. or above and at high moisture content—11 percent or above may be reduced.

Because the use of chemicals involve hazards, Elliott suggests that the local county agent be contacted for complete details on what and how to use recommended insecticides.

COTTON NEWS

The Lubbock Cotton Classing Office reported 28,500 samples classified for the week ending November 2 and had a carry-over of 3,500 samples. The Lamesa office classified 7,600 samples with a carry-over of 1,000 samples. The Brownfield office classified 9,200 samples with a carry-over of 1,500 samples.

To date 142,600 samples have been classified in the three offices. Last year on November 2, 473,000 samples had been classified and the three offices had a total carry-over of 50,000 samples.

There was a slight improvement in the quality of the grades classified last week. Forty-six percent of the samples classified were white qualities as compared to 41 percent a week earlier. Middling Light Spotted accounted for 45 percent and Strict Low Middling accounted for 25 percent of the cotton classified.

DESTROY COTTON STALKS THE EARLIER THE BETTER College Station—This year's early cotton harvest makes possible early stalk destruction and farm cleanup by Texas producers, says R. L. Ridgway, Entomology Department, Texas A&M College.

According to the entomologist, stalk destruction and farm cleanup not only will lower the pink bollworm population but destroy the food supply of the boll weevil and reduce the number that survive the winter. Heavy insect infestations next year can be prevented by doing a good job of early stalk destruction now.

The use of stalk shredders is recommended by Ridgway because these machines kill many of the pink bollworms left in the field after harvest. He also advises plowing under the shredded residue to the depth of 6 inches within 5 days of cutting. Stripper harvesting aids greatly in reducing the number of pink bollworms because large amounts of the infested material is stripped from the stalks and carried to the gins where pink bollworms are killed in the ginning process, the entomologist adds.

An exception to the recommendations to shred stalks is made in the northwest part of the state where low temperatures will generally kill the pink bollworm in exposed bolls on the stalks, says Ridgway. Since deadlines for the destruction of stalks is fast approaching in some parts of the state, cotton producers should begin plans now, he suggests.

For additional information on stalk destruction, refer to L-219, "Ways to Fight the Pink Bollworm in Texas," and MP-444, "Pink Bollworm Control as Related to the Total Cotton Insect Control Program of Central Texas." These publications may be obtained from the Agricultural Information Office, Texas A&M College.
