NUMBER 10

YOUNG FARMERS WIN STATE AWARD

Local Organization Is Texas' "Outstanding New Chapter"

HAPPY FACES—The four men pictured above definitely have something to be happy about. Representing the Abernathy Young Farmer Chapter last weekend in Fort Worth at the Ninth Annual Convention of the State Association of Young Farmers of Texas, they brought home the trophy awarded the chapter as the "Outstanding New Chapter in Texas for 1961-1962." Left to right, they are: Billie Harrison, chairman of the education committee; Don Presley, chapter president and Area I reporter; Jerry Oswalt, chapter secretary; and Jerry Adams, chapter advisor.—(Rev-Foto).

The Abernathy Young Farmer Chapter, organized less than one year ago, last week received recognition as the Outstanding New Chapter of Texas. A large trophy for this accomplishment was awarded representatives of the local chapter at the ninth annual convention of the State Association of Young Farmers of Texas, held in Fort Worth, Jan. 4-5.

Representing the local chapter at the convention were Don Presley, president of the Abernathy Chapter and Area I reporter; Jerry Adams, chapter advisor; Billie Harrison, chapter education committee chairman; and Jerry Oswalt, chapter secretary; and Mrs. Oswalt.

The Abernathy Chapter had taken the Area I Outstanding New

Chapter award early last Fall at a meeting in Plainview.

When the Young Farmer Chapter was organized here February 27, 1962, the local young men were assisted in their organizational meeting by Eddie Joe Fortenberry of Lockney, that chapter then being rated an outstanding chapter. Fortenberry served as chapter president the first year that chapter was organized, was Area I president the following year, served as State vice president this past year, and last weekend was elected State president.

Other awards presented at the convention included the Outstanding Old Chapter Award, which went to Dublin, with Lockney as runner-up; and the Chapter Publicity Award went to the Welch chapter, with Lockney as runner-up.

Harrison Wins Boots
Billie Harrison was the lucky winner of one of the major door prizes, and was awarded a \$65.00 pair of boots.

Highlights
Over 700 Young Farmers and Young Homemakers from all parts of Texas attended the State Convention of the two organizations. It was the ninth convention for the State Association of Young Farmers, the first for the Young Homemakers.

Young Farmer chapters are under sponsorship of vocational agriculture teachers in the public schools and the Young Homemakers are under sponsorship of the Home and Family Life Education teachers. Membership in

Failure To Yield Right-of-Way Major Cause of Collisions Here

By CHARLES NORWOOD, City Manager

What is the major cause of traffic accidents in the City of Abernathy? According to statistics compiled from accident reports from 1960 through 1962, failure to grant right-of-way at street intersections was the leading cause.

In fact, of the 64 accidents worked in this period, fifty resulted from not granting right-of-way. This is extremely important since our police records reveal that 22 persons were injured and property damage totaled \$19,720 in this three year period.

Had the local motorists been more careful when approaching an intersection, there would have been fifty fewer mishaps, twenty-two less injuries, and \$19,720 saved for a rainy day.

Think it over!

Twenty-three persons were jailed and \$358.00 was collected in fines, making December the busiest month in several months. Of the 23 jailed, seven were for drinking in public, seven for disturbance, six for drunk, two for investigation, and one for fighting.

Other activities for the Police Department included four traffic accidents of which tickets were given in each case. Four other tickets were passed out and 25 warnings tickets were issued.

The two policemen had 670 hours on duty. Of these hours, 110 were office duties, 480 hours were spent on law enforcement, and 44 hours were attributed to overtime.

During December, the local force drove 3,316 miles in patrolling the City. Also, three thefts were cleared up in the same period.

MASONS MEET TONIGHT
Abernathy Lodge No. 1142, A. F. & A. M., will hold a stated meeting at 7:30 tonight (Thursday). G. D. Clapp, Worshipful Master, urges members to attend, and extends a welcome to visiting Masons.

A chili supper will be served tonight, beginning at 6 o'clock.

Mrs. Leonard Cox and son, Byron German, of Kidder, Mo., visited in the home of her sister, Mrs. Marvin Struve, and family.

Ball Hogs, Ward's Swords Win Tourney Titles Here

It can be said that "local teams captured both championship titles, consolation honors and third place stages" of the Junior High Tournament held here last weekend. The event was an intramural tourney composed of 16 local junior high teams . . . four 7th grade boys teams, four 7th grade girls teams, four 8th grade boys teams and four 8th grade girls teams.

Champions
The team members had previously been selected by coaches Dan F. Ward and Margie Guinn, and some of the games were really close ones.

With the seventh grade teams placed in the upper brackets of each division, 7th grade winners of the upper bracket met 8th grade winners of the lower bracket in the final games. Thus, in each case, the 7th grade team was given a 25-point handicap score to make the contest more even.

The 7th grade Ball Hogs won the championship in the boys division of the meet, downing the 8th grade Bowery Boys 37-27 in the final game. The 8th grade girls' Ward's Swords captured the championship game in their division, defeating the Blue Birds of the 7th grade 32-29.

The Ball Hogs were led by Danny Kelly and Burl Fuller with 5 points each, while Mike Pittman had 2. Doyle Fuller paced the Bowery Boys with 12 points, and Duane Walker had 6, Garland Knight 4, Dana Moore and Oscar

T. E. (TOM) YOUNG, FORMER ABERNATHY RESIDENT DIES

T. E. Young, father of C. L. and W. A. (Buck) Young of Abernathy died January 3, at 10:30 p.m. at his home in Wellington, where he had resided since 1944. He was aged 73, his birthday just passed Dec. 25.

Funeral services will be today (Thursday, Jan. 10) at the First Baptist Church in Wellington.

He is survived by his wife, eight children, 35 grandchildren and 15 great-grandchildren.

T. E. Young came to Abernathy from Wellington in 1922 and farmed northeast of town on what is known as the Jim Nunn place for eight years. In 1938 he moved to Petersburg where he entered business. In 1943 he moved to Abernathy again and lived in town about one year, moving to Wellington in 1944 where he lived until his death.

BIRTHS

Mr. and Mrs. Wendell Attebury are parents of a daughter born Jan. 3. She weighed 6 pounds 1 1/2 ounces.

A son, weighing 7 pounds 12 1/2 ounces, was born Jan. 4, to Mr. and Mrs. Pat W. Ford, Jr., New Deal.

Mr. and Mrs. C. R. Hobgood are parents of a daughter, weighing 7 pounds 9 1/2 ounces, born Jan. 6.

Edwin B. (Chub) Braby underwent surgery Friday at St. Mary's Hospital, Lubbock.

Mrs. R. J. Jones, Jr., is scheduled to enter Methodist Hospital, Lubbock, Tuesday, Jan. 15, and undergo ear surgery Wednesday, Jan. 16.

Mrs. W. G. Sears Rites Are Held In Hale Center

Mrs. W. G. Sears, 82, died Thursday at 4:30 a.m. at her home in Hale Center after an illness of six weeks.

Services were held Saturday in the Hale Center Church of Christ. Mr. Albert Trent, minister of the church officiated, assisted by Mr. Bill Brown of Lubbock, a former minister of the Hale Center Church of Christ.

Mrs. Sears' husband at one time a teacher in the Hale Center schools, died Feb. 12, 1948. She was born Jan. 16, 1880 at Cooksville, Tenn.

Survivors include five daughters: Mrs. Ralph Davis, Glendora, Calif.; Mrs. Fred Alexander, Ft. Worth; Mrs. Al Harwood, Laverne, Calif.; Mrs. Frank Kling and Mrs. Nick Alley of Hale Center; three brothers, Lee Ribbetoe, New Orleans, La.; Brence Ribbetoe, Ft. Worth, and Charles Ribbetoe of Oklahoma; six grandchildren and seven great-grandchildren.

Mrs. Doyle Smith of Abernathy is a granddaughter of Mrs. Sears.

Mrs. I. L. Johnson is under treatment in Methodist Hospital, Lubbock, for a hip fracture which she sustained in a fall at her home here Tuesday.

R. L. Hall moved to 421 6th St.

Antelopes Win Crown In Idalou Basketball Tourney

The Abernathy Antelopes captured their second tournament championship of the season last weekend when they knocked off the host team in the finals of the Idalou Invitational Tournament.

The Abernathy Antelopes captured their second tournament championship of the season last weekend when they knocked off the host team in the finals of the Idalou Invitational Tournament.

ward on the Abernathy squad, led the Antelopes in each contest and compiled a total of 74 points, averaging just under 25 points per game.

In the opening game, Miller meshed 29 points in leading the Antelopes to a 65-59 win over Roosevelt. Tom Ritchey scored 11 points, Eddie Davis 10, Sammy Hunley 6, Boyce Paxton 5 and Leon Johnson 4. Danny West, Ronnie Wynne and Jerry Settle also saw action but failed to hit the scoring column. Doug Pounds was high scorer for Roosevelt with 20 points.

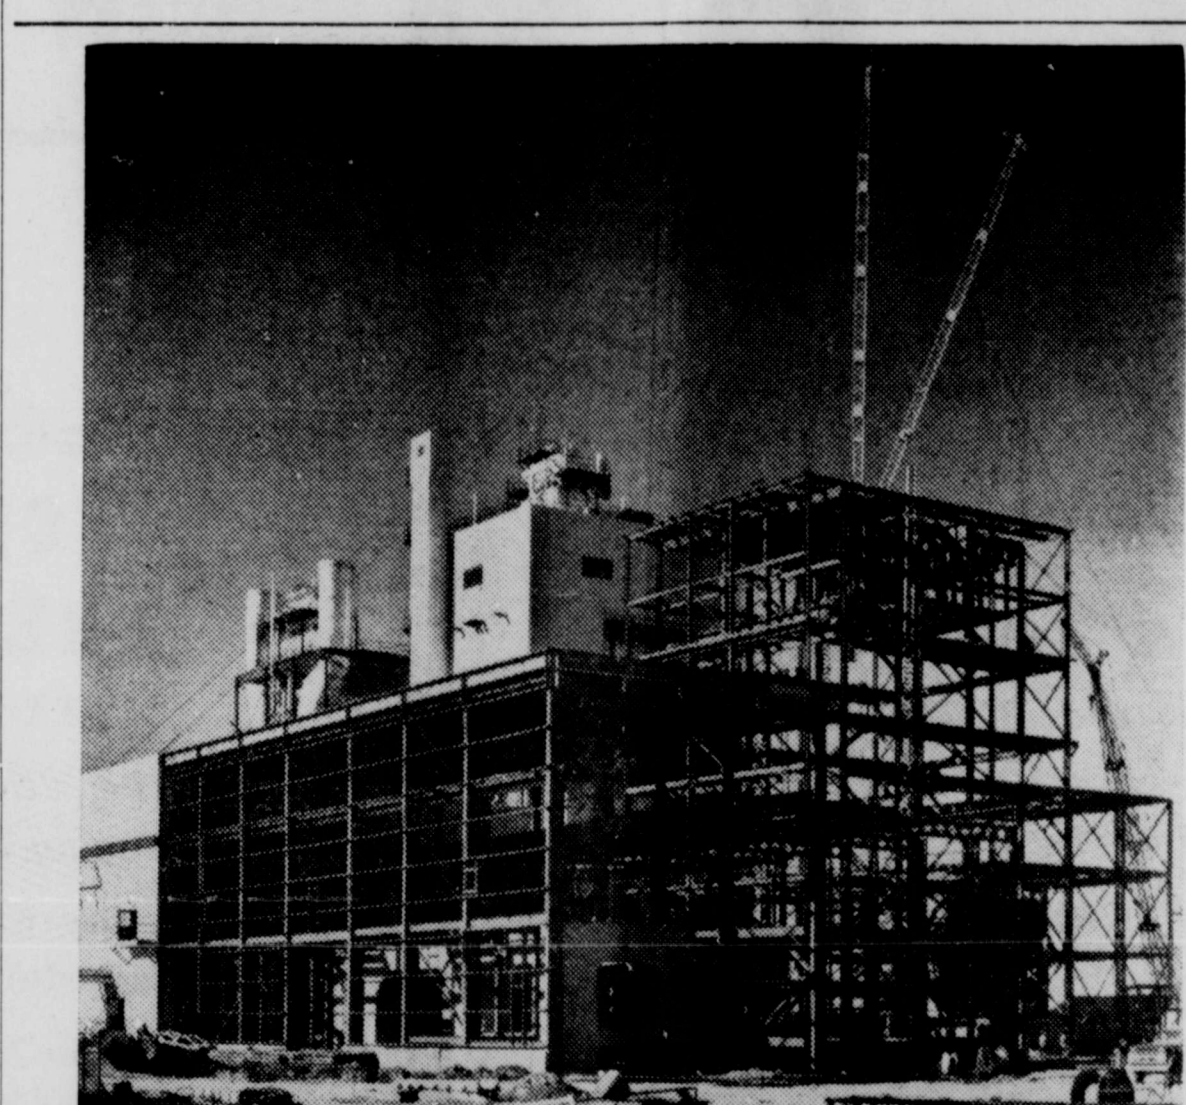

Abernathy led by quarters, 20-16, 39-24 and 58-46.

Whip Seagraves
The Antelopes drubbed Seagraves 56-48 in the second round of play, thus advancing to the finals. Miller dunked 21 points for the Antelopes while Davis and Hunley each scored 12. Johnson had 5 points, Ritchey 5 and Paxton failed to score. Sammy Faulkner scored 18 points for the losers.

The Antelopes were out front all the way, holding quarter leads of 19-12, 31-23 and 45-36.

Win Crown
In winning the tournament crown, the Antelopes had a tough battle the first quarter, as the

(Continued on Page 5)

Construction of a fourth generating unit, with a capability of 210,000 kilowatts, is underway at Southwestern Public Service Company's Plant X, near Earth, Texas. The electric light and power company will invest more than \$24,000,000 in new facilities in 1963, and a total of an additional \$130,000,000 in the next five years. The Plant X unit under construction is the largest generator ever installed by the company.

Southwestern Public Service Launches \$130 Million, Five Year Construction Program

A 5 year construction program which anticipates the investment of an additional \$130,000,000 in new facilities to meet the electric needs of this area, has been announced by A. R. Watson, President and General Manager of the Southwestern Public Service Company.

"In all sections of our 45,000 square mile service area, the indications are that the fast growth which has marked recent years will continue. We have a two-fold obligation to have facilities available for our customers before their need, and to keep their

rates low and service efficient. Our construction program is designed to fulfill that obligation," Watson said.

The 1963 portion of the 5 year program calls for an investment of nearly \$25,000,000, with new generating and transmission facilities accounting for the bulk of the figure.

A 210,000 kilowatt generator, largest single unit ever installed by Southwestern Public Service Company, is now under construction at Plant X, near Earth, Texas. Scheduled to be in service in

June, 1964, the new unit will bring capability of Plant X to nearly 500,000 kilowatts, and make it one of the largest generating stations in the Southwest.

A "first" for the Southwestern system in 1963, will be the installation of a 10,000 kilowatt gas turbine unit at Roswell. This "package power plant" will be used as stand-by equipment and at peak periods. It is designed to start automatically, with the turbine being driven by gas and compressed air rather than the

(Continued On Page 4)

Office Oath Taken By Hale County Officials

Newly elected public officials were administered the oaths of office in a brief, simple ceremony in the 64th District Court room in Plainview last week.

County Judge C. L. Abernathy administered the oath to 64th District judge James A. Joy who in turn administered the oath to the other officials.

Only one of the officials, County Treasurer Harold Martin, is "brand new" in office. Three others, Judge Joy, C. L. Abernathy, and Walter Sanders, sheriff, had served in their posts as appointees before they were elected to full terms.

The other officials all re-elected were E. A. Madera, district clerk; Homer Roberson and Doc Brown, commissioners; Mildred Tucker, county clerk; Willie Merle Heathcock, county school superintendent; J. C. Lewis, justice peace precinct 1; Delbert Beaton, Abernathy, justice peace precinct 5, and P. E. Whittington, constable precinct 1.

Only one official, Jeff Williams, county surveyor, was not on hand for the oath-taking. Williams, elected as county surveyor over a period of about half a century without an opponent, was to be sworn in later.

Summoned for grand jury duty in 64th District Court, Plainview, this week were Glen Amoneite, Cecil Amerson, Richard DuBose, Charles M. Wilson and Vic Struve.

Taylor Drilling Company Adds New Rotary Well Rig

(By O. F. Rea)
Dwayne Taylor began drilling wells in the Abernathy area in 1953 and has grown steadily since. He has drilled too many wells to hazard a guess as to the number, although he keeps a log on each well drilled for his own and the land owner's future reference.

He has five drilling rigs for the different types of work to be done. Rotary rigs for sand wells, Spudger rigs for rock wells, Clean-out rigs. Test Hole rigs. Some rigs take two men and some three men. On the average 15 men are employed. One Rotary rig is at Ralls and in order to have one here at Abernathy they have just

Mrs. Joe Hale's Father Dies
Funeral services for Duff F. Rhodes, 71, of Route 1, McGregor, were conducted at 2 p.m. Wednesday, January 2, in Amisler Chapel in McGregor. Burial was in Riesel Cemetery at Riesel. Services were conducted by the Rev. D. G. McCoury.

Mr. Rhodes, father of Mrs. Joe Hale of Abernathy, died at his home at 10:45 a.m. December 30.

He was the first white child born in Riesel after the town was named. He served in World War I, and spent most of his life in Falls and McLennan Counties.

Mr. Rhodes was a retired farmer.

Survivors include his wife, son, Jerry Rhodes of Waco; two daughters, Mrs. James Ethridge of California, Mrs. Joe Hale of Abernathy, Mrs. O. S. Upton of Oregon, Mrs. Leo Ray Bradbury of Waco, Miss Geraldine Rhodes of Waco and Miss Linda Rhodes of Route 1, McGregor; two sisters, Mrs. Emma Powers of Otto and Mrs. Harvey Paul of Austin; and 17 grandchildren.

Pallbearers were E. W. Behringer, R. A. Behringer, Scott Doshier, Jr., Lonnie Muegge, J. C. Roedter and George Ashley.

New Deal Splits District Games With Shallowater

The New Deal Lions were defeated 47-31 Tuesday night by the Shallowater Mustangs, a team which upset the strong McAdoo unit recently in the Slaton tournament. The contest Tuesday night in the New Deal gym was a District 6-B tilt.

The winners were led by Allen McMenamy's 13 points, while sophomore Randy Peoples had 10 for New Deal.

The New Deal Lionesses, with Miss Phyllis Reagan leading the way with 30 points, downed the Shallowater girls 56-34. Vicki Henderson was high scorer for the losers with 13 points.

(Continued on Page 5)

Local Varsity Teams To Open District Play Friday

The varsity basketball squads of Abernathy High School will open district play Friday night at Tulla. The girls' game is slated to get underway at 7 o'clock with the boys' tilt to follow immediately thereafter.

The local teams will be on the road again next Tuesday night, traveling to Elstado. The next four games, with an open date thrown in, will be on the home court, with the final two conference contests to be played at Lockney and Canyon.

The first home conference game will be played Friday night, Jan. 18, with the local teams entertaining the varsity squads from Lockney. The following Tuesday night, Jan. 22, the Abernathy teams will host teams from Canyon.

Mrs. Gid B. Adkisson, Jr., visited relatives in California during the holidays.

Mrs. R. V. Pratt and Mrs. Lynn Cope of Ralls visited here Tuesday. Mrs. Cope is a sister of E. L. Kelly and Mrs. Delbert Beaton. Mrs. Pratt is Mrs. H. O. Pettit's daughter.

Mrs. A. Zeman is visiting in the home of her daughter, Mrs. Alan Anne, in Palos Verdes, Calif. Upon her return to Texas, Mrs. Zeman will stay for a while in the home of her son, Virgil, and family in Friona.

(Continued On Page 4)

Abernathy Teams Win Games Over Petersburg Units

The Abernathy Antelopes rolled on to another victory here Tuesday night and the local girls did likewise. The Antelopes downed Petersburg 68-45 and the Abernathy fems grabbed a 49-39 win.

Mike Miller poured in 28 points in leading the Antelopes, and Jack Scarborough paced Petersburg with 15.

The local girls were paced by the 21-point effort of Donna Webb, while Petersburg was led by Cindy Wilson, former Abernathian and daughter of J. N. (Pete) Wilson, with 21 points.

Pre-Game Activity
Prior to the starting of the girls' game, the local pep band struck up the Wedding March, instead of the usual fight song, for Abernathy's Coach Sherley Oswalt and Petersburg's Coach Ken Foster, who are engaged to be married this summer. A few appropriate words about the "match" were spoken by High School principal Ralph Stevenson before the game.

The Joe B. Thames family has moved to 501 2nd Place.

BALE GROUPING AIDS IN BETTER GINNING

College Station—The simple process of grouping unginning bales of cotton according to their moisture and trash content is suggested by B. G. Reeves, extension cotton ginning and mechanization special-

ist, as an aid to better ginning and improved quality. This is especially true during periods of damp weather, explains Reeves.

Here's an example. A bale of fairly dry cotton goes to the gin which can be processed into a low middling grade with a 31/32

inch staple without too much difficulty. But, what happens when this fairly dry cotton is ginned behind a bale with a much higher content? Reeves says a low middling plus grade could result but with a drop in staple length to 15/16 of an inch. There could also be a loss of 19 pounds in weight as a result of the over-drying. Currently, he says, the price of LM 31/32 inch and LM plus 15/16 inch are the same, 29.11 cents per pound. However, the 19 pound loss in weight means a loss of \$5.53 in the bale's value. A higher grade but an actual loss in bale value. The same kind of loss results from the ginning of a damp bale of cotton following a dry one.

It makes good sense, points out Reeves, to gin several bales of damp cotton after the heat and machinery have been properly set to handle it most effectively. When the ginning of such a group has been completed, adjustment can then be made easily and quickly to handle dry cotton.

By following this simple process, Reeves says, everyone concerned is better served—farmer, ginner and spinner.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

New Year's Resolutions: Keep Records!

Back in pioneer times our forefathers found they could keep track of the family history pretty well with a few notations on the flyleaf of the family Bible. But life's not quite that simple any more. Great-grandpa wasn't covered by social security or workmen's compensation. He didn't have a bank account or safe deposit box, a car and a dozen home appliances being bought on time payment, or a half-dozen insurance policies. We have taxes great-grandpa never heard of and wouldn't have believed if he had. And had you asked him for a certificate to prove his birth he'd have thought you'd taken leave of your senses.

The point of this is that the average American today has a good many important papers to keep track of. There are birth certificates, receipts, copies of tax returns, sales contracts, and a host of other papers. With a little tidy record-keeping, you can make life easier for yourself and your family when you are gone.

So, why not make a New Year's Resolution to follow these suggestions:

1. Get a heavily bound notebook folder or file folder as a central collecting point for all the records of your affairs.
2. Put your especially important papers in your safe deposit box, but make a list of those papers and a brief summary of their contents to put in your home file.
3. Get for your files copies of birth certificates for all members of the family, and add them to the file. Add your marriage license or at least a statement as to when and where you were married and by whom.
4. Insert your will or a copy

of it. If your will is kept elsewhere, include a note telling where it may be found.

5. During the year, put into the file your income tax withholding statements and receipts for expenditures which may be deductible. Then keep a copy of each year's tax return in the file.

6. Make a list of all the stocks and bonds you own and where they are.

7. List all the places you have lived and worked and the names of persons there who you know. Include the schools you have attended and the dates you left or were graduated.

8. If you may have benefits coming under a profit-sharing plan where you work, make a note of that too.

9. If you're in doubt about whether an item should be included, put it in.

This takes time initially, but it will save you both time and worry in the long run.

House To House Salesman

Joe Greenriver had been traveling to various cities selling magazine subscriptions. At each new town he would go from house to house selling subscriptions to the occupants.

He had been selling in Pleasantville for a couple of days when he was arrested and fined for violating a city ordinance which prohibited such door to door soliciting.

"You can't do this to me," screamed Joe. "This ordinance violates my rights of free speech, free press, and my right to work. It's unconstitutional!"

Can a city pass an ordinance prohibiting uninvited peddlers or solicitors from going onto private property to sell goods or solicit orders?

Yes, said the U. S. Supreme Court. Persons seeking private gain cannot be permitted, under the guise of free speech or right to work, to infringe upon the rights of others. Such a case calls for an adjustment of constitutional rights in the light of the particular living conditions of the time and place. Different communities may well call for different laws and regulations as to methods and manners of doing business. Everyone cannot have his own way, but each must yield something to the reasonable satisfaction of the needs of all.

Communities can control such practices by ordinances. The court ruled that this ordinance was constitutional.

Joe lost the case.

(Based upon a U. S. Supreme Court decision.)

School Policy On Inclement Weather

Following is the Abernathy Schools' 1962-63 "School Policy Regarding Inclement Weather":

Official Radio Station
KFYO LUBBOCK 790KC has been designated as official station for emergency announcements of any kind.

If extreme bad weather develops during the night an announcement will be made between 6:30 and 7:00 a. m. if school is to be dismissed.

Should bad weather develop after the school day has commenced, an announcement will be made if school will be dismissed early.

NO ANNOUNCEMENT MEANS SCHOOL AS USUAL although at times busses cannot make all of their routes or even a part of it. School Busses are so difficult to operate in mud and on ice that it is often dangerous to try as well as expensive in the long run with added repairs.

WHEN THE BUSES CAN'T RUN the school will appreciate your help in transporting your children and other children near you—especially in the afternoon where some areas are inaccessible to the school bus.

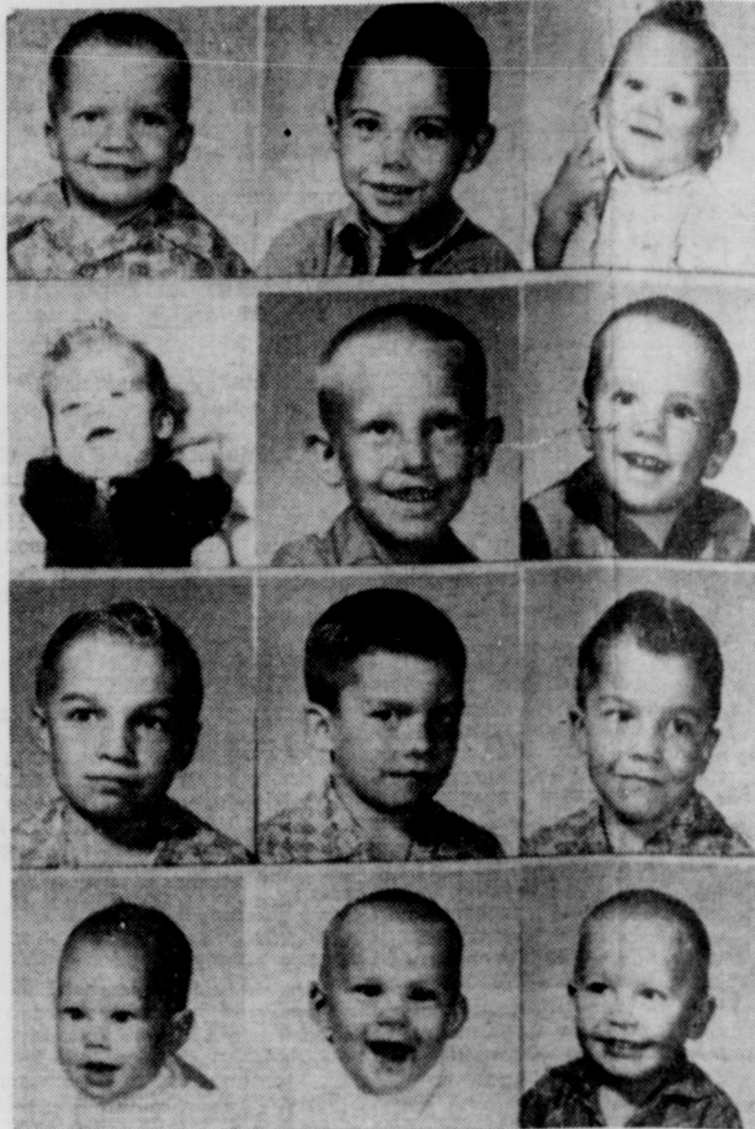

SCHOOL MUST GO ON if possible. Days missed have to be added to the end of school and all days must be completed before the end of May to receive full share of state money.

School officials wish to express sincere appreciation to school patrons who over the years have assisted us in meeting our transportation problems so that as a whole our school district has been able to render good transportation service.

Monday, 5:30 P. M., Is News Deadline

Deadline for news copy is Monday at 5:30 p. m., except for emergency news. News of other events happening on Monday nights. This news copy has a deadline of noon Tuesday. Only copy accepted Tuesday morning will be that covering Monday night events. Other copy coming in on Tuesday morning will be held over to the following week.

Emergency news, such as deaths, injuries, wrecks, fires, etc., will be covered until press time Wednesday morning.

To Conduct Workshops

LUBBOCK—A nationally known reading consultant will conduct workshops on two weekends in February for the West Texas School Study Council, according to Dr. Bertie Fallon of Texas Tech, council director.

He is Dr. A. Sterl Artley, education professor at the University of Missouri and a past president of the International Reading Association.

Dr. Artley will hold a workshop Feb. 1-2 in Lubbock, Feb. 8 in Plainview and Feb. 9 in Andrews. The morning session will run from 9 a. m. to 12:30 p. m., while the evening session is scheduled from 4:30 to 8:30 p. m.

Member schools of the Study Council include Abernathy.

Mr. and Mrs. G. M. Carr have returned from a visit in the State of Washington with their daughters and families at Brewster and Soap Lake.

Words Often Misused

The much-used expression **SHOW UP**, in the sense of appear, arrive, or come, is not good usage and is better avoided. It is also an undesirable colloquialism for "expose." Say, "Did he **ARRIVE** (not 'show up') at the party?" And, "We intend to **EXPOSE** his false pretensions (not 'show him up')." Do not say, "That tree is twenty foot high." It is much better to say, "That tree is twenty **FEET** high."

Do not say, "He divided up his work." Omit "up."

The use of **SHAPE**, in the sense of state or condition, is an unapproved colloquialism. Avoid the expression, "He was in bad shape." Instead, say, "He was in a **SERIOUS** condition."

Do not use **SPELL**, in the sense of "a period of time," as, "I shall be there for a spell." Instead, say, "I shall be there for **AWHILE**."

Do not say, "Everyone is accountable for their acts." Say, "Everyone is accountable for **HIS** acts."

Words Often Mispronounced
Repetitive. Accent second syllable, not the first.

Incomparable. Accent second syllable, not the third.

Scotchman and Scotsman. The first term is obsolete. Scottish people much prefer the form "Scotsman."

Convoy (noun and verb). Accent the noun on the first syllable, the verb on the second.

Solon (a lawmaker). Pronounce soh-lawn, accent on first syllable. Somnolence. Accent first syllable, not the second.

Words Often Misspelled
Rote (a debauche); observe the vowels. Septuagenarian (a person in his seventies); observe the "u." Schizophrenia (in psychiatry, a mental disorder). Bail (security; also a hoop); bale (a large bundle). Smorgasbord (a type of feast). Affront (to insult); effrontery (impudence; shameless boldness).

Word Study
"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Indubitably; unquestionably; in a manner to remove all doubt. "He is indubitably the man for this position."

Discomfiture; frustration; overthrow. "His dreams were destined to end in discomfiture and disgrace."

Insinuate; giving hints. "Your remarks are exceedingly insinuating."

Indigenous; produced, growing, or living naturally in a country or climate; native. (Pronounce indjeh-e-nuss, accent second syllable). "Palm trees are indigenous to that country."

Deplorable; causing grief; sad; wretched. "Life's evils are deplorable."

Trite; overly common; hackneyed; banal. "Lacking in originality, most of his ideas were trite."

- TEN COMMANDMENTS FOR TRAFFIC SAFETY**
1. Thou shalt not murder by motor.
 2. Thou shalt not mix alcohol with gasoline.
 3. Thou shalt not exceed speed limits.
 4. Thou shalt not follow too closely.
 5. Thou shalt not weave from lane to lane.
 6. Thou shalt not fail to signal.
 7. Thou shalt not lose thy temper.
 8. Thou shalt be courteous to thy fellow motorist.
 9. Thou shalt favor the pedestrian.
 10. Thou shalt honor traffic laws that thy days may be long.
- (From Connecticut Motor Vehicle Department).

.SWPS Construction Program

(Continued From Page 1)

steam drive used in the larger units on the system. 1963 will also see the beginning of the engineering and survey work for a new generator to be installed at Cunningham Station, west of Hobbs, New Mexico. This is also a 210,000 kilowatt machine, and is scheduled to be in service in 1965.

"I think the new unit planned for Cunningham Station is the ideal example of the growth of our region and the flexible position which an electric company serving a growth area must maintain. Originally, this machine was planned for service in 1960, but as soon as it became apparent that it would be needed earlier, we changed our plans accordingly, and moved it up to 1965," Watson pointed out.

Nearly \$5,000,000, in the 1963 construction budget will be invested in new transmission line facilities. Southwestern's twelve electric generating stations are all tied together by a transmission line network of more than 4,000 miles. This interconnection makes it possible to provide power at any point in the 45,000 square mile service area, and to employ the most economical plants, which are those with the larger and newer generators, at all times, keeping the power production costs down and the rates for service low. In addition to the transmission line tie-in, the generating facilities of the larger stations, Plant X, Nichols and Cunningham, are directly controlled by an automatic dispatching system, which electronically employs the most efficient plants at all times. The dispatching system also computes the share of the load which other plants should be carrying, on the basis of costs, and then these loads are assigned to the plants by direct communication from the load dispatching center in Amarillo.

"I'm not sure that our customers are aware of the vital part that new equipment plays in keeping their rates down. Our fuel rates, for example, are up almost 100% in the last ten years. Yet, by constantly investing in new and efficient equipment, plus the fact that our customers are using more and more electric service,

we have managed to keep our rates at the same level that existed 11 years ago," Watson said. Watson emphasized that the United States strengthened its world leadership in the production and transmission of electric power in 1962, contrary to some reports from government sources that Russia was gaining on this country.

"The United States, with only 6 percent of the world's population, produces nearly 40 percent of the world's electric power. We generate three times as much as Russia, and have four times the miles of transmission lines. Thanks to the foresight and action of our industry, Russia isn't even close as far as electric power is concerned, and they are getting farther behind," Watson pointed out.

"When the American people have an opportunity to look at the record of the investor-owned, taxpaying electric companies of this country, they see that the arguments of the advocates of a government-controlled, socialized electric power system will not hold water. We have kept service rates low, we have kept service efficient and ahead of the needs of our customers, and we have kept the United States far ahead of Russia in electric generation and transmission facilities. And, we have done all this at the very same time that we have paid to various state, federal and local government taxing bodies approximately twenty-five cents out of every dollar that we have received from our customers," Watson concluded.

Hunters: Inspect Your Dogs' Eyes!

College Station—Hunters should inspect their dogs' eyes after each hunt, a Texas A&M College veterinarian said recently.

Dr. C. M. Patterson, extension veterinarian, said eye problems may be prevented by checking for weed seeds, grass and other foreign objects.

LAWRENCE AMERSON SELLS REGISTERED ANGUS BULL

Lawrence Amerson, Abernathy, recently sold an Aberdeen-Angus bull to Wienke and Wienke, Petersburg, Texas.

Panhandle - Plains Pastors' And Laymen's Conference Is Set At Wayand Jan. 21 - 22

Painview (Special)—January 21-22 have been set as dates for the 42nd annual Panhandle Plains Pastors' and Laymen's Conference, according to the Rev. W. G. Burton, pastor, First Baptist Church, Friona.

Listed as guest speakers are Dr. Robert A. Baker, head of the Department of Church History at Southwestern Baptist Seminary, Fort Worth, who will conduct the Bible study; Dr. Herbert R. Howard, pastor of Park Cities Baptist Church, Dallas, who will give lectures on "Church Ethics"; and Dr. A. Hope Owen, president of Wayland Baptist College, who will preach the six sermons.

Theme of the two-day conference, which has sessions at 10 a. m., 2 p. m., and 7 p. m., is "In Times Like These." Speaking to the theme will be the Rev. B. L. Davis, pastor of First Baptist Church, Hereford, on "Expository

Preaching in Times Like These"; the Rev. Dan Cameron, pastor of First Baptist Church, Borger, on "Evangelism for Times Like These"; Dean Robert G. Collier, Wayland Baptist College, on "A Layman Speaks"; and the Rev. Don Murray, pastor of First Baptist Church, Muleshoe, on "Doctrinal Preaching." Dr. Roy McClung, pastor of First Baptist Church, Plainview, will speak to the Christian Education Crusade report.

Special music will be in charge of John Ward, First Baptist Church, Plainview; Dr. J. O. DeLage, head of the Fine Arts Department at Wayland Baptist College; Revis McGrew, First Baptist Church, Floydada; Hubert Reeves, First Baptist Church, Friona; Duane Barrett, First Baptist Church, Hereford; Pete East, First Baptist Church, Julia; and Randall Purvis, First Baptist Church, Dumas. For the Monday night service, Wayland International Choir, under the direction of James D. Cram, has been invited to give a short concert.

Others on the program include Tom Z. Parrish, vice-president of development, who gives the welcome for Wayland Baptist College where the conference has been held for 42 years; the Rev. John Schwensen, pastor, Oakwood Baptist Church, Lubbock; the Rev. Edgar Jones, pastor, First Baptist Church, Perryton; Raymond Cook, Friona; Oliver King, Plainview; the Rev. James Read, pastor, Southland Baptist Church, Amarillo; the Rev. Carlos McLeod, pastor of First Baptist Church, Silverton.

Other officers of the Pastors' and Laymen's Conference are: vice-president, the Rev. Russell Pogue, pastor of First Baptist Church, Petersburg; and secretary-treasurer, H. L. Mitcushon, business manager for Wayland Baptist College.

Some 800 persons are expected for a last session of the six sessions, according to Mr. Burton. Baptist churches in the Panhandle-South Plains area are usually well represented for at least some of the sessions, but many come and remain for the entire series which are open to all interested persons.

News About Men In Service

USS STATEN ISLAND (FHTNC)—William P. Brown, fireman, USN, son of Mrs. Homer L. Hindman, formerly of Abernathy, now of Abilene, had a "White Christmas" in Antarctica with several hundred other Navy men, Marines and scientists.

He is serving aboard the ice-breaker USS Staten Island, part of the support forces for Operation Deep Freeze 63. With home more than 10,000 miles away, he and his shipmates had an experience few persons have—Christmas at the bottom of the world.

A large dinner, with plenty of cakes and pies, was part of the celebration. Lights were strung around the ship, artificial trees glistened with trimmings and frost, and a visit was made by helicopter by Saint Nick.

In this world where ice exists in every direction except straight up, Christmas had a special meaning. Through it, men in an isolated situation can find a nostalgic tie with home and family.

Charles Wright moved to 1201 14th Street.

Storage Methods Can Influence The Quality Of Cotton Planting Seed

College Station—It is time to think about next year's cotton planting seed. Some growers, reports Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service, have already placed in storage seed of good quality. Others will do the same as the harvest moves into their areas.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain, trash, feed sacks or other seed or debris which furnish living quarters for insects. It is a good practice to "sweep down" the ceilings and walls and clean the floor of the bin to remove hidden waste. Use builder's molding to cover cracks to eliminate seed collecting in them, he explains. Waste grain, seed and other materials beneath and near bins should be destroyed.

For those who have stored seed, Elliott suggests that regular checks be made of the seed and facilities to make sure insect pests haven't moved in. Insects, he adds, are more likely to become a problem if a large percentage of the seed are cracked and if stored in bins which harbored insects at the time the seed were placed in storage.

The specialist says several chemicals are recommended for use in and around the storage bins before seed are stored. Others may be used as a dust to treat the seed when they are placed in storage while other insecticides can be used to fumigate cottonseed which may have become infested with stored grain pests.

Seed treated with chemical dust should not be crushed or used for feed, emphasizes Elliott. Use caution, he adds, in fumigating cottonseed which will be used for planting purposes. Under certain conditions fumigants may lower the germination of the seed. Studies indicate that germination of seeds fumigated at high temperatures 20 degrees F. or above and at high moisture content—11 percent or above may be reduced.

Because the used of chemicals involve hazards, Elliott suggests that the local county agent be contacted for complete details on what and how to use recommended insecticides.

Mrs. Hazel Toler of Abernathy Lodge 170 has just received her notice from Mrs. Ellen Kretzmeier, Vice President of Rebekah Assembly of Texas, that she has been appointed District Deputy President of her District. Her district is composed of Floydada, Lockney, Petersburg, Abernathy and Plainview.

A District Deputy President is appointed and commissioned by the President of the Rebekah Assembly and therefore is a personal representative of the President in the lodges in her district. The District Deputy installs the officers of the lodge in her district. She must visit all her lodges and see the work is done correctly and uniformly. She must hold schools of instructions as specified by the President of Rebekah Assembly. Also teach the Unwritten Work.

Mrs. Toler will go to Houston, at the Rice Hotel, where the Rebekah Assembly of Texas is being held this year. In March, she will receive her commission from the new President who will be Ellen Kretzmeier of Pampa. The assembly officers will be installed in a beautiful ceremony. Mrs. Toler will wear a floor length white formal with silver accessories and a red rose bud corsage. All district deputies of the 77 districts of Texas will be dressed alike.

Mrs. Toler has been Nursery Supervisor for the First Baptist Church for 12 years. She also is a member of the Extension Department which visits "shut-in's" who are unable to come to church for various reasons.

Mrs. Toler has been a resident of Abernathy for 22½ years.

Facts About Schools

Over 90 percent of the increase in scholastic population during the past ten years occurred in 21 of Texas' 254 counties; over half of the increase occurred in four counties.

Hobby Club News

The Hobby Club met in the City Club room Jan. 3 with 10 members present and two new members.

Officers for the year elected were: Mrs. F. C. Bishop, president; Mrs. T. O. Brown, vice president; Mrs. James Anderson, secretary-treasurer; and Mrs. Melvin Johnson, reporter.

Mrs. Millard Hancock was hostess and gave a demonstration on making house shoes out of different kinds of materials.

The following members were present: Mmes. W. T. Landers, Gid Adkisson, Sr., G. D. Clapp, James Anderson, O. Y. Hageman, E. L. McLaugh, Jr., F. C. Bishop, Ed Cain, Melvin Johnson, Millard Hancock and Royce Henson.

The next meeting will be Feb. 7 with Mrs. T. F. Garrett as hostess.

CITY GARDEN CLUB MEET SET TODAY

Garden Tips and a program on water conservation, given by Mrs. G. M. Carr, will highlight the meeting of City Garden Club today (Thursday). Mrs. Harlow Neis and Mrs. W. V. Halford are listed as hostesses for the meeting, set for 3 p. m. in the city hall club-room.

COUNTRY GARDEN CLUB MEET SET

Mrs. Otey Shadden will be hostess when the Country Garden Club meets at 2:30 p. m. Tuesday, Jan. 15. Program leader will be Mrs. J. L. Miller, Jr. A parliamentary meeting will be conducted, and officers for the next club year will be elected.

MEET SET

Jehovah's Witnesses of Texas Circuit No. 9 are canceling all local meetings for their circuit assembly at Lubbock Fair Park Coliseum, January 11-13.

M. E. Smith moved to 1205 13th Street.

It's the Law in TEXAS

While driving around a lake, John and Mary saw a "For Sale" sign on a piece of lake property which they thought they could afford to buy.

The made inquiry of the owner and agreed on a price. They inquired about title and the owner assured them that he would give them an "Abstract." They took the abstract, which was a fat book of papers, and the deed, filed the deed at the courthouse and thought no more about it, assuming, as many people do, that an "abstract" is an assurance of good title.

Some years later they went to sell to a buyer who was better informed. He insisted that either the abstract be examined and an opinion given by an attorney that the title was good or that the sellers must provide a title insurance company write a policy of insurance for them without legal action to clear up the title.

John and Mary were astounded to learn that they were wrong in assuming that an "abstract" was an assurance of good title. An abstract is merely a record of every document which has ever been filed of record at the courthouse affecting the title to a particular piece of property. It may show good title or bad title, or no title at all. It is only a bundle of papers, as John and Mary discovered, which summarizes the state of the title. Its possession does not in any way assure good title.

Thus while one may be able to get possession and peacefully occupy a property with an unsalable title, difficulties will arise when the property is to be sold or mortgaged. To do so is only to postpone and perhaps increase the trouble and expense of clearing the title. It makes good sense to correct any title defects when you buy a property.

(This newfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

New Deal's Basketball Schedule

Following is the 1962-63 basketball schedule for New Deal High School boys and girls teams:

- Jan. 11—Southland, There.
- Jan. 15—Wilson, There.
- Jan. 18—Roosevelt, Here.
- Jan. 22—Cooper, Here.
- Jan. 25—Shallowater, There.
- Jan. 29—Southland, Here.
- Feb. 1—Wilson, Here.
- Feb. 5—Roosevelt, There.
- Feb. 14-15-16—District Tournament.

Facts About Schools

By 1967 the number of scholastics in Texas public schools will approximate 2,650,000. Twenty-five hundred new classrooms costing approximately \$75,000,000 are needed annually to house the increased student population in Texas public schools.

CARD OF THANKS

We want to thank every one for their kindness shown during the death of our father and father-in-law, Mr. Duff Rhodes. May God's richest blessings be with each and every one. Thank you.

Mr. and Mrs. Joe Hale and Children.

Visiting in the home of Mr. and Mrs. George Reagan and family last weekend were her sister and family, Mr. and Mrs. Frank Simpson, of Phoenix, Arizona, and Mr. Reagan's brother, Ralph, Odessa.

—Tuc—

Mr. and Mrs. A. L. Apperson spent the New Year's Holidays in Dallas with their son and family, Mr. and Mrs. Donnie Apperson and children. The younger Mrs. Apperson and daughters, Tammie Lyn, 3, and Stacey, 2 months, returned with the Appersons to spend several days here with them and with her mother, Mrs. O. O. Hiser, in Abernathy.

(Reddy Kilowatt is a registered trademark of the Southwestern Public Service Company.)

TRAINING COURSE FOR FOOD HANDLERS

Sponsored by Painview-Hale County Health Department, a short course in public health for food handlers is scheduled Jan. 15, 16 and 17 in Plainview. The course will be given each day from 2 p. m. until 4 p. m. in Plainview Chamber of Commerce building, 710 West 5th St.

The course is designed especially for institutional and commercial food service personnel.

Visitors in the home of Mrs. Lucille Lambert during the holidays were Mr. and Mrs. Robert Duncan and children of Pierre, South Dakota, Mr. and Mrs. Horace Holland, Jr. and son of Laredo, Texas, Mrs. T. F. Lambert of Vernon, mother-in-law of Lucille; Mrs. Essie Duncan and Mrs. Hattie Haseloff of Vernon, Mr. and Mrs. O. H. Drugh of Leveland and Mr. and Mrs. Horace Holland and daughter, Carol of Lubbock.

Rogers Heads South Plains BS Council Fund Campaign

DUB ROGERS

ECONOMIST TAKES A LOOK AT AGRICULTURAL PROSPECTS

College Station—The outlook for the year ahead indicates relatively small changes in farm product prices, production and marketings, says John McHaney, extension economist. Total net income of farm operators is expected to be near the levels of the past two years. The decline will continue, he adds, in both farm population and farm numbers. Thus, the average per capita income of farm people from all sources and per farm income, at a record high in 1962, will continue to rise in 1963.

Present indications point to a small increase in farm control compared with the past three years but will depend upon growing conditions and the impact of 1963 programs dealing with acreage and production, the economist says. Livestock production is expected to continue upward but crop output is expected to change very little from levels of the past two years.

A gradually expanding domestic market absorbed a record quantity of farm products in 1962 and is expected to continue in the year ahead. The high level of agricultural exports is expected to be maintained but the long-range future is clouded by the developing policies of the European Common Market, McHaney says.

As for prices, McHaney says little change in those for crops but the increase in livestock plus a relatively stable domestic demand could result in slightly lower prices. The prices paid for production items by farmers is expected to continue their steady rise and the cost-price squeeze will continue, he adds.

Total farm assets in the nation on January 1, 1962 up \$7.5 billion from a year earlier and \$41.1 billion from 10 years ago. They increased three percent during the past year, due primarily to the further increase in land prices. Farmer equities have gradually declined from \$91 per \$100 of the total assets in 1952 to \$87 per \$100 of total assets in 1962, and \$86 on January 1, 1963. The total debt owed by farmers and ranchmen on January 1, 1963 will be up about six percent from a year earlier, then economist reports.

During the next several years, the outlook is for more competition among areas and producers; more commercialization and vertical integration in agriculture and more stabilization in farm production. This will depend, however, on national and international conditions, new technology and government programs, concludes McHaney.

T. P. Coal & Oil Number 1 Wheeler & Robinson was drilling at last published report, at 4175 feet in lime.

Named today to head the \$162,500.00 Capital Funds Campaign of the South Plains Council, Boy Scouts of America, was W. D. "Dub" Rogers, veteran civic leader of Lubbock and former President of the local Chamber of Commerce.

Rogers, now associated with the Rogers Capital Corporation and Rogers Broadcasting Company as president of both Lubbock organizations, is expected to give vital and energetic leadership to the campaign which will encompass the building of the new Council Service Center at 56th and Avenue Q, improvements at Camp Post, Camp Tres Ritos and Camp Raynes and miscellaneous campaign costs.

"The Operation Budget of the Council, through the United Funds and Community Chests does not include capital funds," Rogers pointed out. "The entire Council is extremely interested in this project, a 'must' in order that camping and headquarters facilities be available for the fast growing membership active in the South Plains Council," Rogers said.

The Campaign itself will kick off during Boy Scout Week, February 7 to 13th next year in Lubbock and over the 20 counties of the South Plains Council.

Rogers announced his general committee this week. They include: L. G. Pierce, Jr., General Gifts Chairman; Joe Reinhart and Charles Pearson, Advanced Gifts Co-chairmen; Jack O. Stone and

USDA Studies Farm Accidents

College Station.—Farm-accident fatalities are not declining in proportion to the decline in farm population, according to a report received by the Texas Farm and Ranch Safety Council from the U. S. Department of Agriculture. One reason cited for the continuing high death rate in farm accidents is the increasing average age of people on farms. Another is that farms are somewhat isolated, with little supervision of work and not much opportunity for an injured person to obtain first aid immediately. Also, traffic on rural highways is less controlled than on urban streets.

Accidents resulting in non-fatal injuries occur to about a third of the farm population annually, the report said. About 19 percent of farm people are injured seriously enough in these accidents to lose time from their work, and about 3 percent are permanently disabled each year.

Traffic accidents account for many of the serious injuries of farm people away from the farm. Accidents on the farm are often associated with farm machinery and falls are the most common cause of accidents in farm homes. The report stated that hospitalization and medical treatment are believed to account for less than a fourth of the total cost of farm accidents. As yet, little is known about the economic loss of wages or production, which probably accounts for a considerable part of the total costs.

The information developed by USDA's Economic Research Service, points out the Safety Council, is aimed at stimulating more effective accident-prevention programs for farm people. The Council encourages farm people to make farm and home safety a part of community planning and program building.

"We can no longer take safety for granted because the ever-increasing use of machinery, electricity, chemicals and other labor saving devices and materials make training in safety a must for farm people," emphasizes the Council.

"The safety record of agriculture can stand a lot of improving and it is up to those in the industry to do something about it," concludes the Council.

Abernathy Volunteer Firemen were called to the Vernon McDougal farm southeast of town at 3:15 p.m. Wednesday to put out a fire in a cotton trailer. About three bales of cotton were in the trailer, Mrs. McDougal said.

W. H. Shipley, Information Co-chairman; John Whitcomb, Prospects and Rating Chairman, and Ray Barker, Audit Chairman.

Rogers is well known in the Lubbock area, having come here from San Antonio in 1951 when he established Texas Telecasting, Inc. (KDU-B-TV and Radio). His work in television pioneering is well remembered to area residents. Presently he is Chairman of the Board of TV Stations, New York City and a member of the Board of Directors of the Texas United Fund, besides having a hand in many other civic-wide activities.

FELLOWSHIP OF CHRISTIAN WOMEN HOLD MEET

The Fellowship of Christian Women met Jan. 3 at the Assembly of God Church for a time of Fellowship and Devotion.

Mrs. L. S. Wilson, president, opened the service by reading a Psalm, after which Mrs. Stuttle led a prayer. Mrs. M. C. Walter, the pastors' wife of the host church, extended a welcome to all present.

Mrs. J. L. Davis led the congregation in singing, "Send The Light," with Mrs. V. Patterson at the piano. Mrs. Billy Pittman read the minutes of the last meeting and gave a financial report.

Mrs. Wilson gave a report on the quilts and blankets for the needy. Five quilts have been given to needy families. She urged that those who have not brought in their quilts and blankets do so soon.

It was decided that the churches all take the census together again this year. Mrs. Andy Reid was appointed chairman, and one lady from each church was appointed chairman of their church group.

Mrs. McAllister gave a very interesting devotion on the Church in Smyrna Rev. 2:18-11, which, as she brought out, was persecuted and a poor church, yet a rich church. Mrs. Reid was moderator for the panel discussion on "Our Mission Outreach," with two ladies from each church making up the panel.

The Northside Baptist Church gave an invitation for the meeting to be at their church April 29, 1963. The invitation was accepted.

The closing meditation was given by Mrs. Sageis on "The New Year." The offering taken was \$32.56. Dismissal prayer was given by Mrs. Reid.

Refreshments were served by the host church.

Mrs. A. D. Helms, reporter.

Accident Hazards Are Too Numerous Around Cotton Gins

How much time was lost at local gins from accidents last year? How much will be lost this ginning season? Chances are good as much or even more time will be lost unless accident hazards are removed, points out R. G. Reeves, extension cotton ginning and mechanization specialist.

Though the cotton ginning season is still young, reports of accidents are already coming in and will increase unless safety is made a regular part of the cotton ginning operations, says Reeves. Preharvest preparations should include installation of proper belt guards, guardrails for overhead platforms and walkways, guards on all shaft ends, and replacement of extended pulley bolts and set screws with proper set screws. All extension cords should be rubberized and ladders should be adequate and strong enough to get to any part of the gin.

Here are other suggestions from Reeves which could help make the upcoming ginning season safer and freer from accidents. Provide adequate grounding for electrically powered gins; protect all starter boxes with circuit breakers; cover open conveyor between gin stands; provide sturdy stairways and protect them with handrails; remove from the gin building all unwanted items of equipment before operations begin and keep floors walkways and platforms free of oil and grease.

Reeves also suggests regular sessions with the entire gin crew on the importance of safety and the hazards that go with carelessness. Be sure that at least one member of the gin crew knows how to use the first aid kit but make sure the entire crew is a safety conscious. Remember, points out Reeves, the attitude of the crew is usually a reflection of your own.

And, concludes the specialist, it is now time to give the gin plant a final check for hazards and make the needed corrections. Time saved by reducing accidents means more efficient operation of the gin plant to say nothing about financial savings, and prevention of human suffering.

Mr. and Mrs. Jerry Adams and family have moved to their new home in the Virgil Phillips Addition.

Freshmen, B Team Boys Win Games

Just before the holidays, the local freshman and B boys teams captured victories over Frenship and Petersburg teams, respectively.

The local freshmen lads blasted Frenship 42-24, while the B team was nudging Petersburg's B squad 23-22.

The freshmen trailed 9-11 after the first quarter of play, but jumped to a 20-15 halftime lead and were out front 29-21 going into the final quarter. The local unit was led by the 24-point effort of Lane Wade. Mike Tannehill scored 7 points, Rex Hester 4, Rondall Preston 2 and Larry Crowder 1. Edward Zarate led Frenship with 6 points.

In the B team game, the score was tied 2-2 after eight minutes of play then Abernathy pulled ahead 16-13 by halftime. The local boys held a 23-19 edge going into the last quarter.

Junior Vecchio paced the local team, meshing 8 points. Boyce Paxton scored 6, Terry Turner 4, John Reagan 4 and Steve Monk 1. Tommy Haney scored 7 points to lead Petersburg.

TO ELECT OFFICERS

Members of the 1935 Study Club are to hold their business meeting today (Thursday). Officers for the next club year are to be elected.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

The yield of 66 varieties and hybrid grain sorghums evaluated under irrigation varied from a high of 7,724 pounds to a low of 5,392 pounds per acre in tests conducted during 1962 at the High Plains Research Foundation.

The 66 irrigated hybrids and varieties of grain sorghum were planted on May 20 and were harvested September 29 and 30 on land that was planted in cotton in 1961. All plots received 4.62 inches preplant irrigation and were irrigated during the growing season with 2.35 inches on July 11 and August 16. The total rainfall from June 1 to October 1 was 13.69 inches, which was received as follows: June, 4.53 inches; July, 5.14 inches; August, 0.3 inches; and September, 3.72 inches.

One hundred twenty pounds of nitrogen per acre in the form of anhydrous ammonia was applied to the irrigated plots on June 29. Yields for the 66 grain sorghum varieties and hybrids under dryland testing ranged from a high of 1,198 to a low of 93 pounds per acre. The dryland plots were planted May 29 and were harvested November 7 and 8. Sixty pounds of nitrogen in the form of anhydrous ammonia was applied to all dryland plots on June 25. Two adverse circumstances, low August rainfall and midge damage, affected the dryland yields, especially the late maturing varieties.

Full details on these tests were mailed to supporters of the Foundation in Report No. 54 in December. The report included the following data on all irrigated varieties: (1) Early Vigor; (2) Bloom Date; (3) Percent Stand; (4) Percent Lodging; (5) Plant Height; (6) Head Length; (7) Extension; (8) Head Compactness; (9) Moisture Percent; and (10) Yields. Barry Love, Assistant Agronomist, and Paul M. Belcher, Laboratory Assistant, at the High Plains Research Foundation conducted these tests.

Abernathy

... 'Lopes Win

(Continued From Page 1)

first eight minutes ended with Abernathy and Idalou tied, 14-14. The Antelopes took a narrow five-point halftime lead, 23-23, but pulled away in the third period, scoring 23 points while holding Idalou to 14.

Miller paced the winning attack with 24 points. Hunley had 13 points, Ritchey and Johnson each had 10 points and Davis scored 8. Paxton failed to connect. Idalou was led by the 14-point effort of Roger Sage.

Other Teams

New Deal's teams lost out in the tourney, the boys being eliminated in the second round of play, and the girls losing out in the consolation finals.

After losing the first game to Abernathy, Roosevelt then defeated New Deal, 54-28, and went on to win consolation with a 60-41 win over Crosbyton.

Lorenzo's girls defeated New Deal 41-26 to take consolation. Phyllis Reagan scored 10 points in a losing cause for the Lionsesses.

Third place winners were Seagraves' boys and Sundown's girls teams. Championship of the girls' division was won by Roosevelt. Idalou was the victim, 49-27.

S. M. HARRISON BUYS REGISTERED ANGUS BULL

S. M. Harrison, Abernathy, recently purchased an Aberdeen-Angus bull from Frank Stanton, Jr., Petersburg, Texas.

Social Security

John G. Hutton, social security district manager in Lubbock, today warned the public to be wary of advertisements promoting the sale of books that promise to tell how to "get around" certain provisions in the social security law.

Some of these advertising materials, Mr. Hutton noted, say that books, offered for sale at \$1.95, \$2.99, \$3.99 and sometimes \$5.00, will also show "How to get twice as much social security," or even, "How you can get security for doing absolutely nothing."

"Actually," Hutton said, "these books cannot tell the reader anything basic about the social security law that he would not find in the free booklet and leaflets available at the Lubbock Social Security District Office."

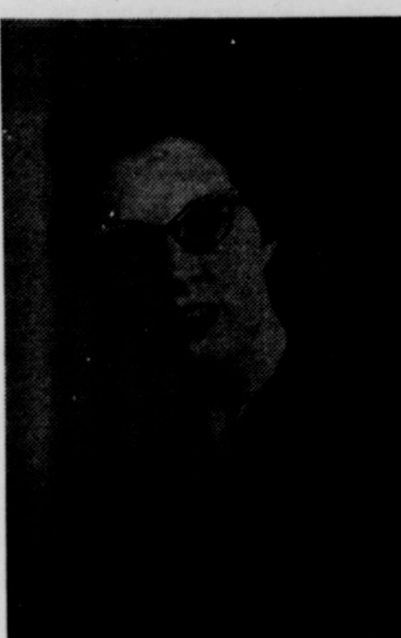

In fact, if advice contained in some of the books were followed it might result in extensive investigation by this office and thus delay social security payments rather than expedite their issuance. Further, following some of the advice might place the individual in a worse rather than a better financial position.

"If a resident of this area has any questions about his social security benefits," the social security district manager said, "I suggest he come in and talk to someone in our office. We may not be able to tell you how to 'earn a million dollars a year—while collecting social security' (as the promoters of some sensational advertised books suggest they can do), but the people in our office will be glad to give you full realistic information tailored to your particular situation."

The social security district office in Lubbock is located at 1616 19th St., in the Federal Office Building and is open from 8:30 a.m. to 4:00 p.m. Monday through Friday (except national holidays).

A representative of the Lubbock Social Security Office will be in Plainview on each Tuesday, except holidays in the county court-room at 10 a.m. and will be glad to assist in all matters pertaining to social security.

Wedding Date Is Set Feb. 8

SANDRA JOHNSON

Mr. and Mrs. Melvin Johnson are announcing the engagement and approaching marriage of their daughter, Sandra Jean to A/2C Carlton W. Clayton, son of Mr. and Mrs. Carl Clayton of Memphis, Texas.

The wedding date is February 8 at the Abernathy Church of Christ.

Miss Johnson is a 1958 graduate of Abernathy High School and is presently employed at Furr's, Inc. in Lubbock.

Mr. Clayton attended Memphis High School and is serving in the United States Air Force.

LOCAL DRAPERY SHOP GETS BUSINESS FROM FAR AWAY PLACES

Robison Drapery Shop, which has shown steady growth since the beginning, recently completed and hung a set of drapery in Farmington, N. M.

Now they are contemplating making up and hanging an order for draperies in Los Angeles, California, amounting to possibly \$4,000.00.

Darden Uses IBM Checking Beef Cattle

Clyde G. Darden, Abernathy, is keeping records on his Charolais herd the modern way. He recently enrolled his cow herd on IBM machines through Performance Registry International which is headquartered at 731 East 17th Avenue, Denver. PRI is an international association of cattlemen representing all beef breeds.

Darden will have the weights of his cattle calculated and analyzed through IBM and this information will serve as a management guide to him in his breeding program. He is searching for those superior animals in the herd which have both good gaining ability and conformation. Darden will receive Performance Pedigree Certificates on all cattle which meet the PRI national standards of excellence.

Performance testing in beef cattle is rapidly growing in popularity and could well change the complexion of the industry. The purpose of performance testing is to provide an aid to management in the selection of cattle which will gain faster and more efficiently; factors which also affect the quality of meat. The result will be more profit for all segments of the beef industry and increased demands for beef by the consumer.

Darden is one of the first in this area to use IBM computing machines to improve his beef herd.

TWO CLUBS IN JOINT MEETING TUESDAY

Abernathy Music Club will have members of the 1964 Women's Club as guests during a joint meeting of the two groups at 8 p.m. Tuesday, Jan. 15, in the city hall clubroom.

Mrs. John Hale, Music Club member, will be program director, and hostesses will be Mrs. Dean Sterling, Mrs. Floyd Moon-eyham and Mrs. Charles Wilson.

Kim Clark moved to 1060 South Avenue D. James Hamilton moved to 1209 13th Street.

Highlights and Sidelights

(By Vern Sanford, Manager
Texas Press Association)

SAVING LIVES—Texas' six-year traffic safety program has resulted in 300 lives saved. Governor Daniel and the Texas Traffic Council so summed up the effort at decreasing the rate of fatalities on streets and highways. Then they passed the torch to Governor-elect Connally, Attorney General-elect Waggoner Carr and their administration.

How to save lives was the subject of a two-hour conference in Austin.

Connally and Carr were present to accept the challenge.

DRAFT CALL UP—The State Selective Service director says Texas' December draft quota calls for 235 men.

This is an increase of 82 over November.

Col. Morris Schwartz said the December call is the state's share of a national quota of 6,000 men, all for the Army.

Local boards will send no men for pre-induction physical and mental exams.

Schwartz said the December quota will be filled with men who are at least 22 years old on December 1, except for volunteers and those legally termed delinquent under the draft law.

Short Snorts

Governor Daniel has named Jenkins Garrett of Fort Worth to succeed Lincoln Borglum of Beeville as a member of the Texas State Historical Survey Committee of the Texas Historical Foundation.

Sen. Tom Creighton, chairman of the Texas Election Study Committee, says public hearings will be held in Austin on December 6-8 to discuss changes in the Texas Election Code.

The Board for Hospitals and Special Schools has voted unanimously to make Richmond the next site of a school for the mentally retarded.

A new Railroad Commission rule on slant oil wells provides that deviation surveys can be made on existing wells at the request of a neighboring operator.

The two percent general sales tax is meeting estimates of its sponsors. Taxes on cigarettes, hotels, natural gas, motor vehicles sales and inheritances are exceeding expectations.

Ernest O. Thompson, who has served on the Texas Railroad Commission longer than any other man, is back at his desk after a long illness.

Mr. and Mrs. Anton Wolff visited in Giddings and LaGrange last week.

Modern Etiquette

By
Roberta Lee

Q. What is the proper order of procession into the dining room of one's home?

A. At a family gathering, the woman of the house leads the feminine guests into the dining room, the men following. But, at a formal party, the host, with the woman guest or honor, goes first, then the other guests, followed by the hostess with which ever man is guest of honor.

Q. When one is in doubt as to whether an invitation can be accepted, how should the acknowledgment be worded?

A. You MUST state definitely whether or not you can accept the invitation. It is imperative always to reach a decision before answering.

Q. When hard rolls are served, is it proper to cut them with a knife, or must they always be broken by hand?

A. They must always be broken by hand.

Q. If a man's fiancée has broken their engagement, is it proper for the man's mother to write to the girl and ask for the return of some linens she gave her as an engagement gift?

A. This would be quite in order, since it was understood that the linens she gave were to be used in her son's future home.

Q. Is it proper for a man, dining in a restaurant with his wife, to rise when another couple stops at their table for a few words?

A. He must always rise when a woman stops at his table.

Q. When one has already given a gift to a newborn baby, and is then invited to the christening, is one expected to bring another gift?

A. No.

Q. I am working and earning a good salary, while the boy with whom I go steady is still in college and doesn't have much money to spend. Is it all right for me occasionally to treat him to some entertainment?

A. This is quite all right. Occasionally you may say you have tickets for this or that affair. Don't embarrass him, however, by paying for the tickets while he is present.

Q. Although I was invited to a bridal shower recently, I did not receive an invitation to the wedding. Don't you think this was rude?

A. Yes. Since an invitation to a shower is, in a way, a request for a gift, you most certainly should have been included in the guest list.

Q. I thanked each guest personally for the gifts they gave me at a surprise birthday party in my honor. Now am I supposed to write each one a thank-you note?

A. This is not necessary.

Q. Is it all right for a man to smoke a cigar at a social function, even though all the other guests are smoking cigarettes?

A. There is nothing at all wrong with a cigar at any affair where other people are smoking.

HOMEOWNERS ADVISED TO DEDUCT CASUALTY LOSSES ON TAX RETURNS

Most homeowners are not likely to forget big casualty losses, such as damage from fire, hurricane or floods, when figuring their taxes. But there are smaller losses which may be overlooked, according to Changing Times, the Kiplinger Magazine.

An article in the current issue of the magazine notes that "Generally, to be deductible, a casualty must be sudden, unexpected or unusual. You can deduct the loss to the extent it's not covered by insurance." The magazine advises homeowners not to overlook such small items as:

A hot water boiler that bursts. Water pipes that freeze and crack.

Nearly blasting or sonic boom that shatters windows.

Damage to the house caused by vandals.

Ramage to trees or shrubs caused by storm, sudden cold spell or lightning.

Damage from a sudden invasion of termites, say within a year after the house was inspected and found clear of termites.

"The amount of loss, basically, is the decrease in value of the property immediately before and after the casualty," the article states. "Ideally, an independent before-and-after appraisal by an expert would be the best method of establishing your loss. But the Internal Revenue Service will often (though not always) accept repairs bills, if not excessive, as a proper estimate of the loss. You can claim the casualty loss even if you do not actually repair the damage. Figure the loss from an estimate of what repairs would cost."

Methodist WSCS Collecting Old Nylon Hosiery

The Korean war left hundreds of older women without husbands or sons to support them and many are the only possible wage earners for the entire families. These desperate widows have been helped by projects set up by Christian Churches and Christian workers.

One such project is the Nylon Backwinding Project, by which the widows make useful and ornamental objects out of old nylon stockings shipped from the United States.

The Methodist WSCS is collecting old nylon hose to send to this project. Anyone wishing to contribute old hosiery, may bring them to the Abernathy Methodist Church to be sent to Korea.

Beginning Drivers Need License, Too

What must a Texas teenager do to learn to drive?

Captain Sanford B. Lee, Driver's License Service supervisor for this region of the Texas Department of Public Safety, says if you want to learn to drive or need to practice before you take the driving test, you must make application and pass the vision, signs and rules test.

Then a license will be issued to permit the beginner to drive only when there is a licensed driver in the front seat with the driver. If the applicant is at least 16 years of age or has successfully completed the Driver Education "Behind the Wheel" training, the restriction will be removed from the license when the driver completes his test by passing the driving test.

License Required

Every resident of the state who drives a motor vehicle must have either a valid Texas operator's, commercial or chauffeurs license.

Lee says if a youth is under 18 years of age, his application for a license must be signed under oath by someone who is willing to assume responsibility for any negligence or misconduct on his part while driving.

If the father is living and has custody of a minor, he is required to sign the application, otherwise the application must be signed by the mother or guardian.

If neither, father, mother or guardian has custody of the minor, then the application must be signed by the employer or lives in the county in which he lives.

"It is unlawful for any person who has the custody of a minor to permit such minor to operate a motor vehicle without a valid license," Captain Lee said.

If a minor is under 16 years of age, he must meet one of three requirements before being examined for license.

ONE—he must present a certificate signed by a certified driver education instructor and the school superintendent or principal showing he has successfully passed an approved driver education course in the public school system.

TWO—the applicant must present an authorization from the Department of Public Safety showing an emergency necessity for driving.

THREE—the applicant may apply for a commercial operator's license restricted to motorcycle or motorbike only, not to exceed 5 brake horsepower.

None Under Fourteen

A person under fourteen years of age in Texas may not be licensed and must not drive.

Lee stressed that boys and girls driving motorscooters must have a license and obey traffic laws and signs just as a driver of an automobile. "This same rule applies to motorscooter drivers, that no one under fourteen years of age be allowed to drive them," Lee said.

"Motorscooters must also be inspected and licensed annually just as an automobile," he added.

Some parents think it is permissible to let their children drive on dirt roads or country roads while they are learning. "This is not legal because these roads are the same as any other public highway that is open for use of the public and are controlled by Texas statutes," Lee said.

Everyone should know that ignorance is no excuse for disobeying the law, because a person can ask any officer what the correct procedure is on a beginner learning to drive or can obtain a digest of traffic rules or a driver's handbook from any DPS office.

When a person without a license drives the automobile of a friend, if stopped by an officer, the friend can be filed on in court for allowing an unauthorized minor to drive.

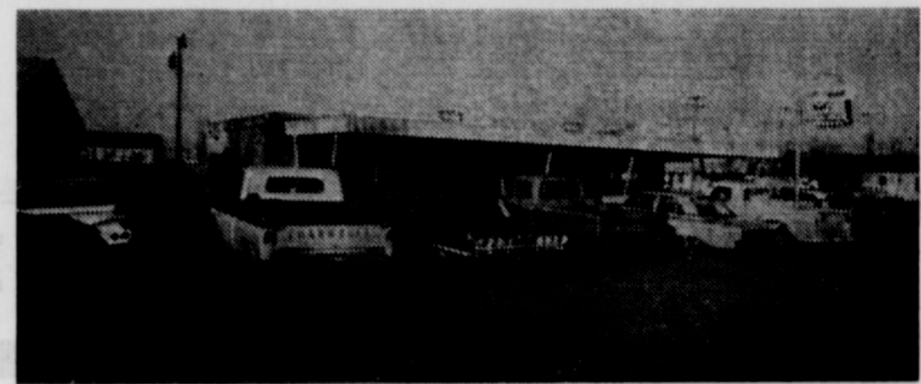

If a parent or guardian permits an unlicensed person to drive, they too can be filed on for permitting an unlicensed minor to drive.

Lee advised that both offenses are subject to \$1 to \$200 fines.

The Driver's License Office in Lubbock is located at 4010 Avenue R and is open Monday thru Friday, 8 to 12 a.m. and 1 to 5 p.m., on Saturdays till noon. Written examinations begin at 8 a.m. and at 1 p.m. and are followed by the driving test, Captain Lee concluded.

LETTERS

12/23/62

To The Abernathy Paper Ed.,

All of the surrounding area where ever my friends and relatives are.

Heart-Felt GREETINGS for

this Yule Tide Time:

"The Soundness of Our America"

Our country's security lies together in the hands of small communities... simply because, small communities throughout our nation, yet see the sun come up and go down. Moreover, they are still next to the soil, next to the church... have regard feeling for their fellow man.

Our bustling cities live apart from nature... they do not have freedom of mind. People in congested areas, are always hurrying to get somewhere. Visit them in their homes; they are contaminated with this hurrying thing that makes an invited visitor miserable.

Little boys and little girls going to school in our crowded cities have to stand and wait on the curbs for the school conveyance, huddled together with not a dare to get into the street.

As I said, people who live in the rural areas, are the stem of our great nation.

Kind Regards To All,

T. M. Tarver

P. O. Box 876

Clute, Texas

FIRES A HAZARD OF NUCLEAR ATTACK

College Station—Should America be attacked by nuclear weapons our nation's rural citizens would be greatly concerned with the problems of fire, according to a new leaflet by the U. S. Department of Agriculture's Forest Service.

The leaflet issued in cooperation with the Department of Defense Office of Civil Defense, envisions each rural family as a self-contained fire protection unit.

"RURAL FIRE DEFENSE—You Can Survive," discusses these problems and suggests methods of meeting them. It explains that preparation is the basis for the National Civil Defense program and that preparedness in fire defense is a vital part of this preparation.

The leaflet is designed to be used as a training aid in teaching rural families to protect themselves and their property in a fire emergency. It describes the damage which a nuclear blast can cause on farms, woodlands and in rural communities, and lists measures to reduce this damage.

In a foreword to the bulletin Secretary of Agriculture Orville Freeman says, "Protection and survival of those living in rural areas, along with crops, livestock and other agricultural resources is vital. In addition, some rural families may be faced with heavy responsibilities for sheltering and feeding survivors, bringing fires under control and helping to rehabilitate nearby areas."

A nationwide civilian rural fire defense organization has been established under the direction of State and Federal forestry agencies to provide leadership in rural fire emergencies, the leaflet explains.

Copies of "RURAL FIRE DEFENSE—You Can Survive," PA-517, may be obtained from the Forest Service, U. S. Department of Agriculture, Washington 25, D. C.

Motorists

SCHOOL BUSES

Motorists are warned to observe the state law in regard to passing school buses stopped to take on or discharge passengers. The law requires that motorists STOP, then proceed with caution (not to exceed 10 mph) in passing a bus.

School bus drivers are obligated to take the license number of any vehicle passing a bus in any other manner than that described above.

Abernathy (Texas) Weekly Review Thursday, Jan. 10, 1963 Page 6

W. S. C. S. NEWS

The Woman's Society of Christian Service met Monday, January 7, at 2:00 p.m. in the Methodist Church for the first meeting of the new year.

Mrs. Harold McCune opened the meeting with prayer, led by Mrs. L. A. Suttle. Mrs. Carlton Thomson led the group in singing, accompanied at the piano by Mrs. Suttle.

Mrs. J. C. Mills brought a lovely devotional and Mrs. Thomson gave an interesting and informative annual report of the North West Texas W.S.C.S. conference. The closing prayer was given by Mrs. W. M. Medlin.

Those attending this meeting were Mrs. Jackie Barton, Don Ruffaker, Elton Settle, Horace Davis, F. W. Struve, J. P. Nyssel, George Ragland, L. S. Wilson, Harold McCune, E. A. McAlister, F. A. Goebel, J. W. Davis, M. M. Bell, W. M. Medlin.

Accompanying the Cobbs was their foster son, Detlef Walters, of Ludwig, Germany, who is an exchange student attending Tascosa High School in Amarillo.

All the Adams children and grandchildren were present except Jerry and wife and daughter of New Orleans, La., who visited here in October.

VISITORS IN THE C. L. ADAMS HOME

A visitor in the C. L. Adams home is Mrs. Carl Jones of Odessa, a daughter of the Adams. Other recent visitors present for a family reunion in addition to Mrs. Jones were Mr. Jones and Micky, Mr. and Mrs. N. H. Cobb and son, Skip, and daughter and family, Mr. and Mrs. Nicky Smiley and Steve, all of Amarillo.

Accompanying the Cobbs was their foster son, Detlef Walters, of Ludwig, Germany, who is an exchange student attending Tascosa High School in Amarillo.

All the Adams children and grandchildren were present except Jerry and wife and daughter of New Orleans, La., who visited here in October.

DESTROY COTTON STALKS THE EARLIER THE BETTER

College Station—This year's early cotton harvest makes possible early stalk destruction and farm cleanup by Texas producers, says R. L. Ridgway, Entomology Department, Texas A&M College. According to the entomologist, stalk destruction and farm cleanup not only will lower the pink bollworm population but destroy the food supply of the boll weevil and reduce the number that survive the winter. Heavy insect infestations next year can be prevented by doing a good job of early stalk destruction now.

The use of stalk shredders is recommended by Ridgway because these machines kill many of the pink bollworms left in the field after harvest. He also advises plowing under the shredded residue to the depth of 6 inches within 5 days of cutting. Stripper harvesting aids greatly in reducing the number of pink bollworms because large amounts of the infested material is stripped from the stalks and carried to the gins where pink bollworms are killed in the ginning process, the entomologist adds.

An exception to the recommendations to shred stalks is made in the northwest part of the state where low temperatures will generally kill the pink bollworms in exposed bolls on the stalks, says Ridgway. Since deadlines for the destruction of stalks is fast approaching in some parts of the state, cotton producers should begin plans now, he suggests.

For additional information on stalk destruction, refer to L-219, "Ways to Fight the Pink Bollworm in Texas," and MP-444, "Pink Bollworm Control as Related to the Total Cotton Insect Control Program of Central Texas." These publications may be obtained from the Agricultural Information Office, Texas A&M College.

FEDERAL CROP INSURANCE ON IRRIGATED GRAIN SORGHUM EXPANDED
College Station—All-risk Crop Insurance for irrigated grain sorghum has been extended to farmers in two additional Texas counties for 1963—Garza and Lynn—according to an announcement by Secretary of Agriculture Orville L. Freeman.

This brings to 14 the number of counties in the state in which the improved insurance will be available for 1963 on irrigated grain sorghums. They include Dawson, Farmer and Terry which had been previously announced as New Crop Insurance counties for 1963 and Bailey, Castro, Crosby, Floyd, Hockley, Lamb, Lubbock and Swisher counties where irrigated grain sorghum was insured for the first time in 1962. Hale County has had Federal Crop Insurance on irrigated grain sorghum since 1959.

The protection for irrigated grain sorghum is in addition to the irrigated insurance previously available or announced for 1963 in these counties. In making the announcement the Secretary said, "Growing recognition by farmers of the vulnerability of their financial positions to crop failure due to the high costs of modern farming, coupled with major improvements in the protection offered and expansion of these offers to additional counties, should result in major expansion in the USDA's Crop Insurance service to Texas farmers and their business communities in the years ahead."

A previous announcement listed 14 other Texas counties where Crop Insurance on dryland grain sorghum would be available in 1963. They are Bell, Collin, Denton, Ellis, Falls, Grayson, Hunt, Jackson, McLennan, Milam, Navarro, Travis and Refugio. In 1962 all-risk Crop Insurance for dryland grain sorghum was available in Nueces, San Patricio, Wilbarger and Williamson counties.

WARNING

Law enforcement officers warn parents that they will be held responsible if they allow their minor child to operate a motor scooter without a drivers license. In addition to having a drivers license, those who ride motor scooters must obey all traffic laws, including the observance of all stop signs. All motor scooters must have mufflers before they can be operated.

Ambulance telephone number in Abernathy: 298-2331.

Cigarettes And Cancer

(From The Preacher's Magazine, Jan., 1963)

Cigarettes continue to be promoted with a stupendous advertising campaign. The billions of cigarettes smoked continue to increase—all this despite the American Cancer Society's insistence that "all evidence demonstrates beyond a reasonable doubt that cigarette smoking is the major cause of lung cancer in the United States."

Recently a well-known medical authority while in Memphis was interviewed on this matter. Dr. Alton Ochsner, famous New Orleans surgeon, states there was no question about smoking causing lung cancer. In his opinion the smoker takes a bigger risk with his life than he would by playing Russian roulette. He predicts 40,000 will die needlessly this year because they won't leave smoking alone.

Cigarette companies have greatly stepped up their advertising efforts, increasing 134 percent between 1954 and 1960. They have sponsored their own research, which, as one might expect, plays down cigarette smoking itself as causing high mortality rates in lung cancer or heart disease.

But recent developments may yet jolt the industry: The Danish National Society for Combating Cancer affirms a link between smoking and cancer. It urges its government to restrict or abolish all cigarette advertising and to prohibit all persons under sixteen years of age from smoking in public.

The Royal College of Physicians and two medical journals in Great Britain report that "cigarette smoking is the cause of lung cancer" and call on their government to take steps to curb smoking. The British government in turn started circulating a report called "Smoking and Health" that warned of dangers of cigarette smoking.

In the United States, Senator Maurice E. Neuberger of Oregon has said that she would introduce legislation aimed at restricting the sale of cigarettes and otherwise protecting American consumers against "this unchecked poisoning of our population." Look for the cigarette companies to do all in their power to block this effort to safeguard against cancer and continue promoting their product.

Baptist Reflector.

Puff On, McDeath!
Health authorities squaring off against Killer Tobacco, I feel that I should at least hold my coat. I hesitate actually to get into the ring against the weed because the last time this column took a poke at a bad habit (compulsive drinking), I drew a letter to the editor complaining about goodie-columnists and regretting the passing of the zesty writer whose column was an asylum for voices in all the more popular shades of purple.

When newspapermen preach abstinence while ministers of the gospel smoke and drink, nobody knows where he's at. Values totter, and people don't know what to hang on to, aside from real estate.

Allow me to be very tentative.

then, in siding with those campaigning against the smoking habit. I unroll at once the proclamation that our basic freedoms include the right to choose an early grave. Although a non-smoker, I shall not dwell on the smoke-filled room's effect on my kind's eye, nose and throat, and shall concede that a simple window-washer's belt enables us to enjoy the party in good air.

I grant that street, sidewalk and lawn gain decorative accents from the butts thrown on them. By squinting I can see no anomaly in a pretty girl's grooming herself carefully, beguiling with the scent of lilies of the valley, then offering a kiss that tastes like a bucket of ashes.

Nor shall I make too much of the fact that psychologists identify the cigaret as a substitute for the mother's nipple, and smoking's pleasure as at least more rubial as that of the most rubery pacifier. Big men who mouth unit cigars may be unaware that they are average sucklings, but I shall not remind them.

Where I feel on more solid grounds is in frowning at those TV cigaret commercials in which the cigaret is the catalyst of love. You know the kind. The gent is standing there at the rail of the ferry. He takes out a pack of gaspers, sets fire to one and inhales, ecstasy held in check only by massive powers of self-control.

Presto! A gorgeous doll materializes from limbo, dimpling at the proffered pack, whereupon the gent gives her a light that she reciprocates with a glance so smouldering we expect his eyebrows to vanish in two puffs of smoke.

The implication is that, regardless of what further contribution the gent makes of the lady's ruin, she is passionately grateful for his expediting the destruction of her lungs. This, I suggest, is unrealistic. Maybe in some darker parts of Africa a cigaret serves as passkey to a woman's person, but not on our government ferries.

I suspect that such cigaret commercials induce our youngsters to associate smoking with satisfaction of certain social hungers that bug teen-agers in particular. I suggest that the romance that begins on the strength of a fag is more accurately represented by the lipstick-stained but soggy in the coffee cup. (Is any sport more obscene?)

One further suggestion: as a deterrent, how about ash-trays designed as miniature crematory urns, bearing an inspirational message such as "Yours Will Be King-Size?" Only an idea. "Fais ce que voudras" as Rabelais' good monk said. Live and let live—longs.—Eric Micol in the Province, Vancouver, B.C.

ATTEND CONVENTION

Mrs. June Speer attended the Luzier Cosmetic 40th Jubilee Convention in Kansas City, Mo., Jan. 2-4. Others from this area attending were Mrs. Sybil Law, District Manager; Mildred Basinger, Dollie Knutson and Billie Coca-naugher, all of Lubbock.

Mail NEWS to The Review.

National Merit Scholarship Test Set For March 5

All 1964 graduates of Abernathy High School who wish to enter the 1963-64 National Merit Scholarship competition should register now at the school office, Ralph Stevenson, principal, announced recently.

The National Merit Scholarship Qualifying Test will be given in the school at 9 a.m., Tuesday, March 5, 1963.

Students who will graduate from high school in 1964 and enter college in the same calendar year are eligible for scholarship consideration in the 1963-64 Merit Program.

To receive consideration, the student must take the test when it is offered in his school. Participating students pay a \$1 fee on the day of the test.

Awards in the Merit Program are granted on the basis of intellectual merit, but student financial needs determine the amount of individual stipends. The stipends are renewable each year without further testing.

A student's performance on the qualifying test also provides him with information that is useful in career planning or in selecting courses in high school and college, Mr. Stevenson stated.

After the test, each participating student receives an interpretive folder prepared by the Science Research Associates, the testing agency, that reports individual test results for comparison with scores of high school students across the country. Thus, students can learn more about their educational strengths and weaknesses—whether or not they plan to attend college.

In addition to the awards made by the National Merit Scholarship Corporation, about 150 business corporations, foundations, and individuals give scholarships through the Merit Program. A considerable number of other scholarship agencies utilize the services of NMSC in awarding their scholarships.

NMSC was established in 1955 through grants. In the period 1956-62, nearly 6,000 students have received Merit Scholarship awards and thousands of other high-scoring students have been assisted in obtaining financial aid from other sources.

1962-63 Basketball Schedule

Abernathy High School

- *Friday, Jan. 11—Boys & Girls at Tulla, 7:00 p.m.
- *Tuesday, Jan. 15—Boys & Girls at Floydada, 7:00 p.m.

- *Tuesday, Jan. 22—Boys & Girls vs. Canyon, Here, 7:00 p.m.
- *Friday, Jan. 25—Open Date.
- *Tuesday, Jan. 29—Boys & Girls vs. Tulla, Here, 7:00 p.m.
- *Friday, Feb. 1—Boys & Girls vs. Floydada, Here, 7:00 p.m.
- *Tuesday, Feb. 5—Boys & Girls at Lockney, 7:00 p.m.
- *Friday, Feb. 8—Boys & Girls at Canyon, 7:00 p.m.

298-2331 the Abernathy telephone number to dial when you need an ambulance.

Blood Bank File Is Kept At Reid Chevrolet

The Walking Blood Bank File, promoted by the IOOF Lodge of Abernathy, is now kept at Reid Chevrolet. Edwin Crow, sales manager for Reid Chevrolet, is in charge of the file.

The card file, with the types of blood of people in the Abernathy area, is kept for the purpose of locating certain blood types in case of an emergency. Also, a person whose name is carried in the file may receive blood more quickly in the case of an emergency, whereby the necessity of taking another blood test could be eliminated.

About 450 names are now in the Walking Blood Bank File. A large number of these individuals have very, very rare blood types. Anyone wishing to file his or her name and blood type in the file is asked to contact Ed Crow at Reid Chevrolet, or any member of the IOOF Lodge.

Lions Club To Handle Flag Rentals

Abernathy Lions Club is sponsoring a patriotic move to have the United States Flag displayed at business places, churches and homes on national holidays and on other days when it would be desirable and appropriate to do so.

The Lions Club has a package deal to offer those who would like to have the Stars and Stripes displayed on their property on the special days. For a flat fee of \$15.00 per year, the Lions Club will furnish the large flag, and will place it on display and take it up at the proper times.

The rental fee will cover one full year from the first time the flags are placed on general display. The fee will be collected for one year in advance. Teams of Lions Club members are to start contacting prospective users of this service.

... Young Farmers

(Continued From Page 1)

Both organizations is restricted to ages 18-35. Aims and purposes of the organizations are similar in that local programs are built around education, leadership, recreation, and community service. There are 161 Young Farmer chapters and some 40 Young Homemaker chapters in the State.

Dr. R. C. (Scottie) Young, an inspirational speaker of international reputation, delivered the main address at the opening session of the Young Farmer Convention Friday morning. The famed lecturer was sponsored by General Motors. He came to the Young Farmer Convention from Birmingham, Michigan.

The Young Homemakers were involved in getting their new State Association organized on a firm footing at their opening session but adjourned in order to meet with the Young Farmers to hear Dr. Young's address.

Both organizations were guests at a luncheon Friday noon sponsored by the Texas Electric Co-operative. And they got together again for the Ninth Annual Young Farmer Awards Banquet which was held in the Grand Ballroom of Hotel Texas, Friday night, January 4.

The Awards Banquet was the highlight of the entire convention for the Young Farmers. Individuals and chapters were given approximately \$5,000 in awards in form of cash, government bonds, trophies, etc., at the annual awards event.

Other Young Farmer Convention highlights included an address Friday afternoon on "Challenges Ahead in Farming" by C. G. Scruggs, Editor of the Progressive Farmer magazine, and election of new president of the State Organization Saturday morning.

Both the Young Farmers and Young Homemakers wound up their conventions at Saturday noon, January 4.

FOR RENT—Furnished 2-bedroom trailer house, bills paid. \$75.00 per month. See Barrington Food Store, New Deal, Texas. (tsr)

(Continued From Page 1)

Members of the 16 teams and their "team names" are listed below:

7th Grade Teams
Following are the 7th grade boys' teams:

Ball Hogs
Lloyd Iebow, Captain; Randy Hendrix, Danny Kelly, Jerry Blair, Claudie Williams, Sammy Stephens, Burl Fuller, Donald Macha, Larry Payne and Mike Pittman.

Moon Walkers
Darrell Selke, Captain; Larry Wade, Phillip Taylor, Dickie Reedy, Doug Yeager, Larry Guerrant, Gary Lovelace, Buddy Rhodes, Phillip Castillo and Rudolph Cardenas.

Red Demons
Billy Bob Drace, Captain; Wayne Winton, Vic Struve, Kirby Spruill, Skipper Davis, Travis Leach, Larry McClendon, Pat Pettit and Kerwin Bristow.

Net Poppers
Carroll Dunn, Captain; Danny Medlin, Gary Pittman, Jerry Brightbill, Tom Hill, Steve Skipper, Jim Bob Dickey, Dale Allenberg, Gary Arthur and Robert Kemp.

Black Widows
Kathy Kerr, Captain; Patti Carmickle, Marilyn Terry, Carolyn Wilson; Lynn Phillips, Captain; Gwen Caffey, Thelma Peters and Karen Sterling.

Blue Birds
Mickie Sterling, Captain; Debbie McPhearson, Vivian Dominguez, Juanita Trevino; Cecilia Davis, Captain; Ofelia Barrera, Hilda Garza, Helen Bridges and Louise Freeman.

Tornado Twisters
Sue Robertson, Captain; Theresa Valdez, Diana Vessels, Kathy Teeter, Lupe Lopez; Shirley Knight, Captain; Irene Cantu, Gale Bastardo and Martha Samsel.

Powder Puffs
Irene Olguin, Captain; Pam Kitchens, Frances Aguirre, Bonnie Teimany; Pam Pittman, Captain; Alice Almaguer, Sandra Solis and Glendal Swearingen.

8th Grade Teams
Following are the 8th grade girls' teams:

Pink Elephants
Ruby Judkins, Captain; Jane Valdez, Juanita Brown, Peggy Klaska, Barbara Nichols; La Celia Mallow, Captain; Carla Collins, Nita Tennell, Carol Howard and Carmen Ramirez.

Hustlers
Sharon Albers, Captain; Frances Burnett, Josa Chron, Betty Tow, Lucy Olguin; Tomi Turpen, Captain; Diana Moore, Marilyn Smithy, Beatrice Barrera, Redgie Beeson and Ernestine Rasendes.

Ward's Swords
Juanita Ward, Captain; Kathy Roe, Jan Peoples, Karen Pope; Cindy O'Neil, Captain; Mary Davis, Patsy Hill, Sharon Morgan, Carol Whitfield and Mary Loredo.

Telstars
Carolyn Barton, Captain; Margaret Davis, Betty Tucker, Paulina Cardenas, Kerry Young; Patsy Lee, Captain; Sonda Slough, Vickie Overstreet, Suzanne Evans and Wilma Benson.

Wacky Warriors
Darrell Johnson, Captain; Richard Montgomery, Jackie Judkins, Bobby Vannoy, Steve Guerrant, Le Wayne Halton, Charlie Teimany, Edward Shadden, Steve Carter, Allen Higgins and Quirena Mata.

Bowery Boys
Dana Moore, Captain; Andre Anderson, Mike Smithy, Jerry Sanders, Doyle Fuller, Duane Walker, Steve Jackson, Oscar Ramos, Joe Ruiz, Albert Cantu and Garland Knight.

Gladiators
Jay Johnson, Captain; Lanny Newton, James McNeil, Mike Thames, Danny Downs, Jerry Rice, Toby Taylor, Roland Murray, Lewis Henderson, Jim Smitherman and David Sinclair.

Razors
Following is the Junior High basketball schedule for 1962-63:

Jan. 19, 9:00 a.m.—7th and 8th Boys and Girls vs. Idalou, Here.
Jan. 21, 5:30—7th and 8th Boys and Girls vs. Tahoka, Here.
Jan. 24, 2:00—8th Boys and Girls vs. Hale Center, Here.
Jan. 28, 5:30—7th and 8th Boys and Girls at Slaton.
Feb. 4, 5:30—7th and 8th Boys and Girls at Frenship.
Feb. 11, 5:30—7th and 8th Boys and Girls vs. Post, Here.
Feb. 14, 15, 16—Jr. High District Tourney, Slaton.

Junior High Teams Lose Four Games

(Continued From Page 1)

The local 7th and 8th grade boys and girls teams traveled to Post Monday night and dropped four games to the tall, strong teams.

In the girls' games, the local 7th graders were defeated 22-7, and the local 8th grade team was beaten 20-7. Irene Olguin led the 7th grade with 5 points while Debbie McPhearson had 2. For the 8th graders, Ruby Judkins had 4 points, Juanita Ward 2 and Jane Valdez 1.

The local 7th grade boys lost 24-10, with seven lads getting in on the scoring. Billy Bob Drace Gary Lovelace and Burl Fuller each scored 2 points, while Darrell Selke, Sammy Stephens, Dale Allenberg and Larry McClendon each had 1 point. Nichols was high scorer for Post with 9.

The 8th grade boys of AJH were defeated 32-20. Doyle Fuller led the Abernathy attack with 9 points. Darrel Johnson scored 6 points, Dana Moore 2, Duane Walker 1, LaWayne Halton 1, and Steve Guerrant 1. Windham had 12 to lead Post.

The local Junior High teams will play four games here Saturday morning, January 19, beginning at 9 o'clock. They will host the Junior High teams from Idalou.

The games have been scheduled for Saturday morning rather than for the previous Monday night as the first part of that week will be filled with Mid-term Exams.

Firemen were called to fight a grass fire on Ave. F between 8th and 9th Streets at 3:30 p.m. Saturday.

Humble's number 2 Lutrick, Sec. 14, Bk. D8, ELARR Survey has been drilled to a total depth of 9471 feet into Red Granite and plugged back at 8038 feet in preparation for a test for production between 7994 feet and 8016 feet.

A drill stem test taken from 7992 feet to 8072 feet earlier showed several hundred feet of free gas, free oil, and salt water, and sulphur water, according to present available published reports.

Watch for children (and other pedestrians) at the cross-walk between city hall and Pinson's!

Fertilizer Pays A&M Report Says

College Station—Thousands of demonstrations have proved that money spent on fertilizing crop land is returned with dividends. Reports indicate that more farmers in many counties are applying it this fall than ever before.

A report from D. F. Bredthauer, county agricultural agent of Refugio County, shows the results farmers are getting from fertilizer.

Lloyd Jones of Austwell reports that he received a \$10.83 return for each dollar spent on fertilizing this year's cotton crop. He planted 50 acres of Stoneville 213, March 7 and harvested 797 pounds of lint per acre in August. The

field was fertilized with 240 pounds of 20-20-0 placed in the rows and rebanded.

Jones says he received similar results with the use of 44 pounds of anhydrous ammonia applied as a sidedress to 49 acres of Coastal milo which had received 42 pounds of superphosphate the previous year. The milo averaged 3,775 pounds of grain per acre compared to 2,600 pounds on a check field that received no fertilizer. Figuring the grain at \$1.83 cwt., this return per dollar spent was \$8.77.

Texas framers, business and civic and industrial leaders are aware of benefits derived from the use of fertilizer and are pushing programs aimed at increasing the net returns from farming and ranching, the county agent said.
