In a special session Thursday evening, March 21st, the City Council leased the Abernathy Municipal Airport to Mr. W. L. Mc-

Pherson of Las Animas, Colorado.

However, the 3-year lease is subject to approval by the Fed-

eral Aviation Agency.

McPherson, who purchased the two hangers at the airport from Virgil Rhodes of Lawton, Oklahoma, told the City Council that he will bring activity to the now closed airport as soon as possible.

closed airport as soon as possible.

According to McPherson, immediate plans call for locating a full-time mechanic at the airport.

He will also sell gasoline, and be responsible for renting hanger

Harp Re-elected **GSPA President** At Amarillo Meet

The largest congregation of agricultural scientists ever gathered in Amarillo at one time headed back to far-flung lab-ratories of the world late Wednesday, March 13, at the close of the third biennial Grain Sorthum. ghum Research and Utilization

Head count of the white-collared techinicians was a record-breaker for Amarillo. Nearly 300 lab representatives

from four foreign continents and 25 states packed conference headquarters at the Holiday Vic Mon and other motel establishments. During the previous two days, 25 guest speakers representing states rom coast to coast repeatedly declared that grain sorgrum field crops on earth.

The crop is now valued in excess of \$580 million on the Great Plains, an area which is produc-ing 83 per cent of the total world production. And the Golden Spread is the hub of this vast

Speaking sessions close at noon Wednesday with afternoon busi-ness meetings held by the Grain Sorghum Producers Association, International Crop Improvement Association and the National Research Committee.

Elbert Harp of Abernathy was re-elected as president of the GSPA. Other GSPA officers elected for 1963 included Frank Moore charge of legislation; R. G. Peel-er of Hereford, vice president in charge of marketing; Martin Gossett of Dumas, vice president in charge of research and education; and A. W. (Dub) Anthony of Friona, secretary-treasurer.

election included Anthony, Alfred Ebeling of Cotton Center and Cur-

tis Roach of Hereford.

During the annual GSPA business meeting, Bill Nelson, of Amarillo, executive vice president, noted that steps are now being taken to appoint a state entomologist for grain sorghum. There is none at this time. He also said there is a need for advancing research on sorghum midge, a disease that destroyed considerable grain acreage in the Panhandle

last year As a special tribute to conference delegates, the Amarillo Chamber of Commerce sponsored a noon luncheon Wednesday at the Amarillo Country Club. Guest speakers were James Mc-

Ansh of Chicago, chairman of the Grain Sorghum Committee for the Chicago Board of Trade; Dr. A. L. trition for Corn Products Company, Agro, Ill.; and Dr. W. R. Muir, chief nutritional adviser for Glaxo

Laboratories at Greenford, Eng-Dr. Elder said that his firm's

Blue Bonnett Plant at Corpus Christi is now using about 68 million bushels of grain sorghum in the production of starches, dextrose and other by-products each

"And most of this grain is coming right out of this Panhandle area," said Dr. Elder.

THANK YOU NOTE

We wish to thank our many friends and neighbors for the beautiful flowers and cards, and the friendly visits while Mr. Brantley was in the hospital recently. Although at home at the time this was written, he is to return to the hospital in a few days for several days of therapy treat-

Again, thanks to our many friends. The Virgil Brantleys.

Shrine Club Reorganized

Officers elected were: Ray Willis, president and Don McKenzle,

From the fifteen members present various committees were appointed to place the club in action. A community project will be selected and a regular meeting date announced at the next meeting on Tuesday, April 23, at Graham's banquet room.

All Shriners of this community are urged to be present.

100 New Lines Installed By Phone Co. Here

Installation of 100 additional lines in the local office was completed this week by General Tele-phone Company Equipment Installation crews, according to W. L. Frazier, Abernathy's district

manager.
"This addition in the equipment will provide adequate faciliti-ties for expansion in Abernathy's telephone growth, as well as pro-vide for upgrades to private line service whereever our outside facilities permit," Frazier said. The district manager added that service orders are being issued to upgraded all customers who have made applications for private lin-

es during the past few months. The orders will be worked at the earliest possible date. General Telephone Company now serves 1,000 telephones in Abernathy of a total of almost 8,000 in the Ralls District.

Revivals Under Way

Spring revivals are under way at two Abernathy churches, First Methodist and First Church of the Nazarene. The Methodist meet opened March 24, and will end Sunday, March 31. The Nazarene revival began March 27, and will

continue through April 7.

Dr. Thomson Is Evangelist
Dr. Hubert Thomson of Abilene
is the evangelist in the Methodist revival. He is the father of
Pastor Carlton Thomson. The Rev. and Mrs. Gene Moore of Claren-don are in charge of music. The church and pastor invite everyone to attend the remaining services tained an average grade high enough to be in the group to be recognized at this service. He made a grade average of 2.35, thus placing him in this group.

Borger Pastor Here
Here from Borger as evangelist
the Nazarene revival is the Rev. Amos R. Meador. He is pastor of Borger First Church of the Nazarene, and was pastor of the Abernathy church in 1932, 1933 and 1934. Melvin Patterson, member of the local church, is in charge of music.

Services are held each evening

at 7:30 during the week, and at 10:30 a. m. and 6 p. m. on Sundays. Pastor James H. Robertson and the church extend a welcome to everyone to attend the revival. which will be under way all of next week, through April 7. The Rev. Mr. Meador has been

back in Abernathy for various meetings and services during the years since he left the pastorate here. He has been pastor of the Borger church for the past 19 years, and is chairman of the District Board of Orders and Relations. Previously, he held the office of Church School Board chairman for a number of years.

MOTHER DIES

Mrs. Charles Matejowsky died at 9:30 p. m. Monday, March 18 at La Grange Hospital. She was 85 years of age and was the mother of Elmo Matejoysky. Those attending the funeral om here were Mr. and Mrs. Elmo Matejoksky, and Mr. and Mrs. Leon Stewart, and Mr. and Dale Matejowsky of San

P-TA Meeting Set April 2

(By Mrs. James Anderson, chair-man Health & Welfare) The Health and Welfare com-mittee of the P-TA has been successful in conducting several worthwhile projects, Mrs. Rudolph Struve, president of P-TA, has given much time, enrgy and hard work on the planning of these

The first project was the Sabin Polio Vaccine program under the very capable directionn of Mrs. Kennith Gregory. Two clinics have been given and approximately \$600 has been cleared. The third \$600 has been cleared. The third dose is to be given in about two weeks. Everybody is urged to take advantage of this.

In the interest of the health of the community the Health and Welfare committee has assisted Hale County Public Health nurses, Mrs. Ella Herriage and Mrs. Dora Coheen in conducting a free Im-

Goheen in conducting a free Immunization clinic. Over 431 persons have taken advantage of shots for diptheria, tetanus, pertussio, smallpox and polio. Next clinic for any person who needs these shots will be April 9, from 2 to 4 p. m., at the American Legion

A project that is being considered is a proposed speech clinic for school children. On April 2, 8 p. m., in the school lunchroom, an interesting program for all parents interested in school activities has been planas this will be an important business meeting. Special guests of P-TA will be parents of all children who will enter school in Sept., The kindergarten class of Mrs.

Joe Reeves will have the opening song. Children who will sing are Melanie Moorhead, Lisa Priddy, Nan Shipman, Martha Montgomery, Sherry Rantz, Jane Goheen, Philip Carlton, Steve Oswalt and Harry Don Davis.

Abernathy Cub Scout Den 6 will present quotations of famous persons. Cubs who will participate are Ruwayne Struve, David Bray Buster Chambers, Dave Daven-port, Scott Hill, Johnny Pace, Paul Coombes and Den Chief Fritz

Miss Middleton, Malcolm Tow Are Married March 16

Miss Nancy Ellen Middleton, daughter of Mr. and Mrs. Arthur E. Middleton, Shallowater, and John Malcolm Tow, son of Mr. and Mrs. Maurice C. Tow of Abernathy, were married at 4 p. m.

The couple was attended by Mrs. Wade Attebury, sister of the bride, and Gary Skipper, both of

Ushers were Dan Middleton and Thomas Pettit, cousins of the groom, of Abernathy. Organ selections were played by the sister of the bride, Miss Linda Middle-

Escorted to the alter by her father, the bride wore a white satin floor length grown, fashioned with princess lines and petal family in Odessa last weekend.

point sleeves. The finger-tip veil of white tule fell from a crown of pearlized orange blossoms. The bridal bouquet was atop a pearl covered, white Bible.

The matron of honor wore lilac cotton satin dress with bateau neckline, elbow length sleeves, and a slim skirt with soft pleats at the waistline. A self fabric bow was added. She carried a bouquet of white frenched

A reception followed in the fellowship hall of the church.

For going away the bride chose a blue wool suit with black pat-ent accessories and carried a cor-sage from the bridal bouquet. The couple will reside in Abernathy The bride is a senior student at Shallowater High School, Tow is a graduate of Abernathy High School and is presently a fresh-man student at Texas Tech.

Mr. and Mrs. N. E. Faver and son, Bobby, and Mrs. R. J. Jones, Jr., visited the Don E. Dwinell

ANHYDROUS AMMONIA PHOSPHORIC ACID **DRY FORMULA FERTILIZER**

DI-SYSTON

INSECTICIDE FOR ALL SEASON CONTROL OF THRIPS, APHIDS AND MITES

J. W. SMITH FERTILIZER Co.

TEXAS COTTON GROWERS REPORT:

Di-Syston Treated Plants Are Stronger, Straighter...Produce More Squares Earlier

West Texas and New Mexico cotton growers now have a new way to control thrip damage and earlyseason stunting . . . with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream-as soon as the plant emerges. No part of the plant is unprotected-even tender new growth as it is formed.

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

WSCS NEWS

The Methodist Women's Society of Christian Service met in the church parlor March 25, at 2 p. m., for the second session on Study of Prayer.

Leaders of the series are Mrs. L. S. Wilson and Mrs. Jackie Bar-Mrs. Harold McCune opened the meeting with prayer. The group sang "Breathe on Me Breath of God", accompanied at the plano

Mrs. L. A. Suttle. by Mrs. L. A. Suttle.

The worship service was given by Mrs. F. A. Goebel. Others presenting the program with parts from the text, "Dimensions of Prayer", were Mrs. J. C. Mills, Mrs. R. A. McAlister, Mrs. J. P. Nystel and Mrs. L. S. Wilson. Members then gave testimonies of their individual experiences with prayer Mrs. McCune closed the meeting with John Wesley's prayer.

Those attending were Mmes.

NITROGEN FERTILIZER

TIME The period of greatest utilization of nitrogen by all crops is the 6 to 10 weeks following germination. By the end of that period the die is cast and any deficiency in nitrogen cannot be overcome by later application. The plant and its fruit will reflect that deficiency regardless of how well cared for otherwise. This means that for maximum effect on the quantity and quality of the crop, the nitrogen should be in the soil waiting when the crop is planted, available from the first day the plant can utilize it. There is much to be said for Fall plow-down and side dress applications of nitrogenous fertilizer. But the single most important consideration is that nitrogen be available during the plant's early growth. It means that if you haven't fertilized with a high-nitrogen fertilizer since harvest, it would be wise to do so as soon as possible.

Your Nitromite dealer is ready now to put this profit maker to work in your fields, Call him right away. He has all the information on the Shamrock Farm Credit Plan.
