NUMBER 32

Den-Dining Area of Teaff's Golden Ager Home in Abernathy

Exterior View, Teaff's Golden Ager Home, 1216 15th St., Abernathy

Marvin Teaff's Golden Ager Home Ready For Occupancy

(By O. F. Rea)

The Teaff Golden Ager Home is now ready for occupancy. The Marvin Teaffs have made the prescribed changes and have met all requirements asked of them, and have received the OK from the proper authorities.

Their present capacity is 12 residents and they are caring for three and are ready for nine more. Everything, house included, is new and in top condition. There are two baths convenient to all rooms. Plenty of comfortable chairs and divans in rooms and the large den-dining room. There is TV in the den, also game tables with dominoes and checkers and other things for entertainment. Location is 1216 15th St.

There is a licensed nurse on duty 24 hours a day who can take temperature readings, blood pressure and give hypodermic shots when directed by a doctor. The building is year-round air condi-

tioned and heated. There are concrete walks and patio. The home is on a paved street at the west edge of Abernathy and is to be operated as a home and not as an institution.

You will find that the home is bigger on the inside than shows up on the outside, the rooms are large and very conveniently arranged with the combined dining area and den centrally located. The baths are also convenient to all rooms and areas, and are large and roomy. There are both shower and tub baths.

Mr. and Mrs. Marvin Teaff will be glad to have friends and interested persons come and visit the home and see for themselves what is being done to care for the aged and infirm.

Report From City Fire Marshal

The office of CITY FIRE MARSHAL was created and provided for by City Ordinance No. 14 adopted and approved the 12th day of February 1925, during the tenure of the late F. W. STRUVE as Mayor. This office was never actively filled until the appointment of Truman Richerson on April 1, 1962. Truman resigned May 1, 1963 and Bill Wilkinson was appointed to succeed him in that capacity.

Since April 1, 1962, the National Board of Fire Underwriters has supplied the Fire Marshal's office with a copy of "Standards" and a set of "Special Interest Bulletins" concerning construction, maintenance, and handling of various materials. These articles are for the use of the public.

Since April 1, 1962, a record system has been started and these records have already proved very beneficial. The records indicate that the Abernathy Fire Dept. answered a total of 61 calls during the year April 1, 1962 through April 1, 1963. Of this total, 2 were false alarms, 28 were inside the city limits, and 31 were outside the city limits.

When an insured fire occurs inside the city limits, this fire loss is charged against the City's fire record for a period of 5 years. Sometimes these charges have mistakes listed and they must be corrected by the Fire Marshal. Through investigation and using all available information, the Fire Marshal caused the removal of \$6,736.00 that was erroneously charged between 1957 and 1961. He also caused the removal of \$249.00 that was erroneously charged during the year 1962.

On April 1, 1962 Abernathy's fire insurance key rate was 44 cents. Effective April 17, 1963 the key rate has been lowered to 36 cents. The percentage of fire loss, as compared to the fire insurance premium, remained the same 5%.

Truman E. Richerson

WATER WELL ACID TRUCK—The new Ford acid truck pictured above, to be used in the service of cleaning and developing water wells, has been added to the force at Bill Wolf & Sons Irrigation Supply. Pictured with the new Ford truck, purchased from Abernathy Motor Company, are Wayne and Ralph Wolf (left to right). The vehicle features a rubber-lined acid tank with pump, and also has a water tank to be used to flush acid down the wells. In the background is rubber-lined acid storage tank.—(Rev-Photo).

BIRTHS

Mr. and Mrs. J. D. Beard, Lubbock, formerly of Abernathy, a son, weighing 10 pounds 11 1/2 ounces, June 5. He was named Mark Lynn.

Mr. and Mrs. Mason Hawkins, Lubbock, formerly of Abernathy, a son June 6, weighing 8 pounds 4 1/2 ounces.

Mr. and Mrs. A. D. Kitchens, a son, Steven Allen, June 7, weighing 7 pounds 4 1/2 ounces.

Mr. and Mrs. Sam Satterfield, of Shreveport, La., a son, Michael Barry, weighing 7 pounds 14 ounces, May 23. The baby is a grandson of Mr. and Mrs. L. J. Hager, Mrs. Satterfield and her three sons are visiting her parents here.

Born to Mr. and Mrs. Cozart of Hale Center, a daughter, Cynthia Jane, weighing 7 pounds, in Hill Plains Hospital, June 8th. Grand parents are Mr. and Mrs. Gene Kemp of Abernathy and James A. Cozart of Hale Center.

Mr. and Mrs. Melvin Johnson and Nita Kay, Mrs. Mary Johnson and Mrs. A. N. Johnson visited in Hale Center Sunday.

TORNADO WARNING

The City of Abernathy has adopted the National Civil Defense warning system signals. They are the same all over the United States and will be used in case of enemy attack as well as for tornadoes. The tornado warning signal is a continuous, steady blast on the fire siren of three (3) to five (5) minutes duration. This signal means tornado clouds are in the area and possible tornadoes exist in the area. The take cover signal will be a second signal which consists of a warbling tone or short blast of three (3) to five (5) minutes duration. This signal means that a tornado has been sighted and is moving toward Abernathy.

Due to trouble caused by high winds in hearing the siren on the water tower the fire department patrol truck and police car will also sound the take cover signal.

TALK — In Print

Another major boost is given Abernathy's ambitious GOAL-70 project this week as Mr. and Mrs. Marvin Teaff announce the opening of their Golden Ager Home at 1216 15th St. There is a great need for the type service the Teaffs will offer. And their enlarged and redecorated place adds to the attractiveness of Abernathy.

—tip—

What happened to Abernathy planning and zoning committee? The town needs zoning rules and ordinances. Having them in effect would help attract more home builders and businesses. There are some potential investors who will not come into a town that is not protected by zoning.

"Preliminary discussion of adopting a building code" was on the City Council's agenda Monday night. Maybe this will be a step toward planning and zoning, too.

"Salary increase for Bill Wilkinson" also was on the council agenda this week.

School Fiscal Audit Slated

The accounting firm of Bolinger, Segar & Co. of Lubbock, Texas has been employed by the Abernathy School Board to conduct a fiscal audit of the financial records for the year to end August 31, 1963. Past audits of the school district's financial records are on file at the school business office and are available for inspection to the general public.

MRS. LAMBERT'S SISTER DIES IN CALIFORNIA

A sister of Mrs. Herman Lambert of Abernathy, Mrs. Helton Falco, died June 8, at her home in Gardena, Calif. Mrs. Falco had been ill for the past several months with cancer. Mrs. Lambert, who has been with her sister in Gardena for a number of weeks, returned to her home here last Friday.

TWIN BROTHER DIES

The twin brother of Clyde Dye of Abernathy, Claude Dye, 54, died Sunday at the Veterans Hospital in Amarillo. He was a resident of Plainview, and at one time had resided here. Funeral rites were held Tuesday afternoon in the Emanuel Baptist Church in Plainview, and burial was in the IOOF Cemetery there.

Senator, the taxpayers are getting short-changed on salaries paid the lawmakers.

Judging from Senator Tower's schedule, Senators are out of town much of the time during mid-week when the Senate does a considerable amount of business.

Picking out the mid-week engagements of his schedule:

Wednesday, June 5, luncheon address, paper industry, New York; Tuesday, June 25, fund-raising address, St. Joseph, Mich.; Wednesday, June 26, Young Republican Convention, San Francisco; Thursday, June 27, address, C. of C., Portsmouth, Ohio; Thursday, July 4 (holiday, on his own time) Goldwater Rally, Washington, D. C.; Thursday, Sept. 19, GOP fund-raising dinner, Alexandria, Va. (this is not so bad, being just across the Potomac from WDC); Thursday, Oct. 10, Penn Medical Society, Pittsburgh; Monday, Oct. 14, Taft Memorial Dinner, Sandusky, Ohio; Thursday, Oct. 17, address, Oil Equipment Jobbers, Atlanta; Monday, Dec. 2, Ohio Contractors Association, Columbus.

The above may include some engagements when Congress is not in session.

His schedule has many speaking appointments on Fridays, Saturdays and Sundays which are not mentioned above. We can assume that the Senators are entitled to weekends free from Senatorial duties.

Weekend addresses will take Senator Tower to Biloxi, Miss.; Miami, Fla.; Harlingen, Texas; Denver, Colo.; Augusta, Ga.; Chicago, Ill.; Meet The Press, Sunday, July 7, Kansas City, Mo.; Redding, Calif.; Oklahoma City.

Although I probably will be in accord with many of the views expressed in his speeches, I believe he should stay on the job in Washington when Congress is in session.

There is widespread complaint that Congress has surrendered too much of its power to the executive branch of the government. Could be that the Senators and Representatives are too busy on the speech-making circuit to do the jobs that the taxpayers send them to Washington to do—represent the people of the United States.

FATHER DIES

Funeral rites were held May 29 in Plainview for J. M. Hefflin, 86, who died on May 27.

Mr. Hefflin was the father of Mrs. Lon Carmickle of Abernathy. He is survived by his wife, eleven children and 11 grandchildren.

News From The First Baptist Church

NEGRO BIBLE SCHOOL

Some of our workers will be conducting a Bible School at the Negro Baptist Church June 17-21. Edna Skipper will serve as principal of this school. If you would like to have a part in it, please call her.

Mrs. M. F. Priddy and Lesa and Jay visited friends in Abilene last weekend.

Edgar Heath was scheduled to undergo surgery at 2 p.m. Wednesday at West Texas Hospital, Lubbock, to block blood clots in his right arm.

Don Marcy was a patient in West Texas Hospital, Lubbock.

Royce Henson and son, Johnny, and Dr. M. F. Priddy, accompanied by Dr. Richard Mayer of Lubbock, fished in the Babb, Montana, area last week. They made the trip in Henson's plane.

Mrs. Austin O'Neil was a patient in West Texas Hospital, Lubbock.

Melinda, daughter of Mr. and Mrs. Hugh Pettit, underwent eye surgery Tuesday in West Texas Hospital, Lubbock.

Loyd Hancock, Bob Thomas and Larry Blumenstock of Abernathy Community 4-H Club recently attended the State 4-H Club Round-up at College Station.

Billy Deering plans to open a barber shop in the Zeman Building, in the part that Southwestern Public Service Company had an office for a number of years.

"Hale County Bus Driver Of The Year" Certificate Goes To Tella Walker of Abernathy

C. A. Dempsey of the Texas Department of Public Safety is shown presenting Tella Walker a certificate as "Hale County School Bus Driver of the Year."

Tella Walker, a teacher in the Abernathy Junior High School, was chosen Hale County School Bus Driver of the year. C. A. Dempsey, safety officer from the Texas Department of Public Safety, presented Mr. Walker with a certificate last week in a ceremony at the school business office.

The award was a joint effort of the Texas Motor Transportation Association, Texas Department of Public Safety, Texas Council of Safety Supervisors, and the Texas Education Agency to select a county, six regional, and finally one state public school bus driver of the year. Hale County is in Region 5. Walker was chosen from the 50 odd school bus drivers of Hale County and the 10 basic points for selecting the nominees are as follows:

1. Cooperation with administration
 2. Attitude and appearance
 3. Community citizenship
 4. Supervision of passengers
 5. Schedule promptness
 6. Years and total miles driven
 7. Outstanding acts
 8. Personal driving record
 9. Care and maintenance of equipment
 10. Participation in training knowledge
- Mr. Walker has driven a school bus for the Abernathy ISD for 12 years. His route number 6 that goes northeast of town including Tuco. It is estimated that during this 12-year period he has transported pupils approximately 101,000 miles. The Walkers have 3 children and he teaches social studies in the junior high school. Mrs. Walker is a 4th grade teacher.

Tech Coaches To Be Guests At Lions Club, Golfing And Dinner Here Tuesday, June 18

Members of the Texas Technological College athletic coaching staff are to be guests in Abernathy Tuesday, June 18, it was announced by local Red Raider Club members Pete Thompson and Golden Ferguson.

The visitors will be guests of Abernathy Lions Club at the luncheon meeting at Graham's Restaurant at noon. Tuesday afternoon they will be guests of Abernathy Recreation Center for golfing. Ferguson urges Red Raider members and non-members to be at the Recreation Center Tuesday afternoon to meet the coaches and play golf with them. He hopes to have foursomes composed of one Tech coach and three Abernathy golfers.

and Leete Jackson, Lubbock, executive vice president of the Red Raider Club.

Coach Huffman is to be principal speaker on the Lions Club program here at noon Tuesday.

Following the dinner at Graham's Tuesday night, the visiting coaches will give reports on last seasons in football and basketball, recruiting and prospects for upcoming seasons.

"There will be no solicitations for funds for the Red Raider Club, or for anything else at the dinner meeting," Ferguson emphasized.

Feed Grain Legislation

Area farmers which have been plagued by rain, hail, no cotton legislation, and potential loss of income from wheat were alerted today of another danger facing them. The 1964-65 Feed Grain Law passed by Congress only last month will be wiped out of Wheat-Feed Grain bills now being advocated by some farm and business groups should pass, according to Elbert Harp, president of the Grain Sorghum Producers Association. Harp said that all current new bills calling for wheat-feed grain legislation provide for abolishing the feed grain program and lowering the price of grain sorghum. He pointed out that no further legislative action is required to assure continuation of the current level of farm income from grain sorghum through the Feed Grain Act of 1963.

The act, supported by the association after county and area policy meetings earlier this year, will continue a program of price support loan, direct payment, and pay for diverted acres. The years used to determine the base acreage remain 1959-60, however, the yields used to determine the normal production for price support payments and land diversion payments for the 1964 crop are based on the 1959-62 average yield, and the 1965 crop on the 1959-63 average yield. These last points were pushed in order to spread the number of years adverse weather, such as hail, would have on the level of the payment according to the association leaders.

Harp urged that all grain sorghum farmers actually read any new farm bill which might be advocated to them, as designed to solve some other commodity problem, as it might abolish their own program and lower area income to farmers and rural communities. Copies of proposed wheat-feed grain bills can be had from your congressman or from the Grain Sorghum Producers Association, 322 Petroleum Building, Amarillo.

Grain Moisture Now Set At 14% For Going In Loan

Grain Sorghum with 14% moisture content, instead of the previous 13% level, will be eligible for price support loan on 1963 grain sorghum as result of recent change in Commodity Credit Corporation policy. This could mean as much as three to four cents per hundred to grain sorghum producers since moisture discount normally 2% per point will now begin at 14% instead of 13%, according to Bill Nelson, Executive Vice-President of the Grain Sorghum Producers Association.

Nelson said that the association spearheaded a move for the change and was joined in their efforts by Producers Grain Corporation and the Texas Grain and Feed Association. Membership of both the elevator groups adopted supporting resolutions requesting the change.

Commodity Credit Corporation will accept grain higher than 14% provided the receiving warehousemen will attach an agreement to deliver 14% moisture grain. All previous rules regulating 13% to 15% receipts and 1% and over have been voided. Nelson said that the new regulations more nearly reflect actual trade practices and move closer toward the official grain sorghum standards used in free market trading.

Nelson said farmers in Texas, New Mexico and Oklahoma support Association work in their interest, such as the moisture change, by a two pound per thousand deduction from their deliveries of grain sorghum at local elevators.

LD Phone Rate Change June 15

Telephone users in Texas will get their second reduction in station-to-station late night (after 9 p.m.) long distance rates effective June 15, according to a General Telephone Company spokesman.

The new rates will apply to calls within Texas (intra-state calls).

Earlier this year long distance rates on station-to-station calls made to other states (interstate calls) after 9 p.m. were reduced, with some exceptions, to a maximum of \$1.00.

When the newest after 9 p.m. rates become effective June 15 the maximum charge for a station-to-station call to any point in Texas will be 80¢; however, generally speaking, the calls will cost less than the maximum.

The new after 9:00 p.m. intrastate rates will not apply to collect calls or calls charged to a third number.

The company spokesman emphasized that night rates will continue to be in effect between 6 p.m. and 9 p.m. and that the additional reductions will apply to station-to-station calls made to other points in Texas between 9 p.m. and 4:30 a.m.

The actual savings to customers range from 5 to 50¢, depending on the distance of the call.

Listed below are some sample rates which will apply to intrastate after 9 p.m. station-to-station calls for the first three minutes:

Old night & Sunday rates Sherman-Brownsville \$1.20. New late night rates in effect 9 p.m. to 4:30 a.m. \$0.80. Brownfield-Corpus Christi—\$1.15—\$0.80. Lubbock-Dallas—\$0.95—\$0.60. San Angelo-Big Lake—\$0.55—\$0.50.

Rev. Ramon Solis and family were to attend the wedding of a relative in San Antonio.

Ruthie Ann Smith of Morton is visiting here in the home of her sister, Mrs. Harold Stillwell, and family.

**Conversational Spanish
To Be Taught In School**

Ruth Torres Fulton, who has taught third grade the past two years in Abernathy, was recently assigned by the Abernathy School Board to fill a newly created position in the Elementary School for the 1963-64 school term. Mrs. Fulton will teach conversational Spanish and public school music in the intermediate grades. Mrs. Fulton is a graduate of

Wayland Baptist College and a graduate of Abernathy High School where she graduated with honors as salutatorian of her class. Her husband, Mike, is attending Texas Technological and Ruth is attending the first summer session. Mrs. Fulton has an elementary teaching certificate, qualified to teach music, and is bilingual. Miss Alma Ruth Patterson, who has taught first grade in Abernathy Schools for the past six years, has been assigned to the third grade vacated by Mrs. Fulton.

**McMurry Plans
Band School**

A 16-member staff for the annual McMurry College Summer Band and Twirling School has been completed, with plans being geared for the opening of the two-week school July 14.

Dr. Raymond T. Bynum, director of the famed school and head of the McMurry Band, said the two-week school will be held from July 14 to July 27. Described as "one of the biggest, most colorful and most faithfully-attended events of the college year," the Band and Twirling School attracts teachers and students from throughout Texas.

Last year more than 500 students representing some 80 cities in West Texas attended the band

school and students have already begun enrolling for the school this summer.

Students of instruments, twirling and drum-majoring are encouraged to register immediately for the school Bynum said.

Full information and registration blanks are available upon request from Bynum's office.

Students taking special courses of the school will live on the McMurry campus during the two weeks. Appropriate social activities and sports are being arranged during the off hours and evening, under experienced chaperones. Some students will live off the campus, if it is more convenient for them.

"These weeks of intensive emphasis on band, on individual instruments and on twirling," said Bynum, "noticeably improve a student's performance. We think this is because the McMurry Summer Band School is operated by truly practical bandmen."

Some of the faculty to be teaching this year include Robert Gans of Winters, theory; Fred Smith of Brownfield, clarinet; Gary Zook of San Antonio, flute; William Green of Andrews, bass; Tim Jones, French horn; Jim Williams of Lamesa, cornet and trumpet; Dwight Tomb, percussion; Carl M. Lobitz, trombone; Ann Bynum, flute, Warren Thaxton, baritone; Russell McKiski, oboe and bassoon; Gene Young, dean of boys; and Mrs. Gwen Green, dean of girls.

The summer band school is open to college and high school players. Exceptional players of junior high age may attend upon recommendation of their director.

All members of the summer band school staff are considered outstanding musicians and twirlers, with several years experience behind them.

Gans has served the band school staff for more than ten years. Zook, who will teach flute is also a saxophonist and a director with many first divisions to his credit. Tomb returns to teach in the summer school after extensive study at the Vandercook School in Chicago. His background includes symphonic as well as band.

Lobitz holds the Master's degree from one of our top Texas schools and has studied trombone under top teachers in the nation including in the Eastman School of Music and Vandercook.

Miss Rowell is a professional twirler with the "Dallas Texans" and is in demand as a performer and teacher and Tate who will teach drum majoring and twirling is a former drum major of McMurry Band.

Miss Bynum has taught several summers in the band school and has played some seasons with the Abilene Symphony.

The band school will present concerts and recitals.

Mr. and Mrs. H. L. Hunley and family have returned from a visit with relatives in Milan, Tenn.

**Honored At
Bridesmaids
Luncheon**

A bridesmaids' luncheon was given May 28 at Hemphill-Wells in Lubbock in honor of Miss Rita Evans, who has since then become the bride of Mac Houston.

Other than the bridesmaids, those present included her mother, Mrs. Elgin Evans, and her sister-in-law, Mrs. Charles Evans.

Hostesses for the occasion were Mmes. E. A. Houston, Ronald Taylor and Richard DuBose.

A rehearsal dinner for those in the wedding party was held Saturday night, June 1, in the home of Mr. and Mrs. E. A. Houston.

**New Floor In
Junior High**

School Architect Atmar Atkinson met with the Abernathy School Board in its regular session on June 3 and reported that further replacement of terrazzo flooring in the Junior High School would be accomplished this summer. The architect explained that the floor had not met performance requirements specified in the original plans and that the replacements were being made by the general contractor at no cost to the school district.

Also visiting the Board at their regular June meeting was a field consultant from the Texas Education Agency's Division of Guidance and Counseling. The consultant presented board members a group of ideas relative to the newly created position of Guidance Counselor that the Board recently voted to employ for the coming year. The consultant explained the duties of a counselor and how that person would fit into the total school program.

Mrs. A. O. Drake of Friona spent two weeks in the home of her daughter, Mrs. Frances Howard.

NEW CHART RELEASED
**Study Of Fruiting Habit Of Cotton Plant
Cited As Valuable Aid To Cotton Farmer**

A new, easy-to-understand chart showing the fruiting habits of the typical cotton plant has been released in this area. The chart is a simplified form of a continuing study by leading cotton research men, on fruiting of the typical cotton plant, under average weather conditions, if unhampered by insects. The chart is divided into seven weeks of cotton blooming and demonstrates that the greatest volume of mature cotton results from the early blooms. More than half of the total bolls and 64% of mature cotton results from the first two weeks' blooms. And 88% of the total mature cotton is picked from the blooms of the first three weeks. For example, in the first week only 8% of the blooms occur, but they develop into 21% of the mature cotton. By contrast, the fifth week has 9% of the total blooms, which results in less than 3% of the total cotton.

This fruiting pattern clearly demonstrates the importance of keeping insect infestations to a minimum. It is essential that squares be protected, and cotton experts agree, that a systematic planned program using Hi-Yield ACTIVATED KILLZALL (Toxaphene, DDT, Methyl Parathion) has demonstrated its effectiveness in protecting these squares from insect destruction, and in allowing the plant to fruit normally.

Cotton farmers who have not been satisfied with their lint average are invited to try this superior quality cotton insecticide. Hi-Yield ACTIVATED KILLZALL is made with a NEW process which greatly increases the killing power.

THANK YOU

My sincere thanks to each blood donor, and for all the many flowers, cards and food which were given me and my family during my recent stay in the hospital. May God richly bless each of you.

Sincerely,
 Mrs. Foy W. Hendrix

FAMILY REUNION

The Ed Grahams are to have a family reunion June 16, Father's Day, of the Scotts, Royals and Jacksons. It has been several years since all the members of these families have been together. Ed will be in the minority as are all on Sarah's side of the family.

Local Scouts Promoted At Court Of Honor

Eleven Boy Scouts of Abernathy Troop 481 received awards and merit badges at a recently held Court of Honor here. The event was held in the Abernathy Scout Hall (old Baptist Church building).

Charles Wynne and Ronnie Wynne each received Life Scout badges, and Ronnie was awarded a physical fitness merit badge. Charles lacks only three merit badges before being eligible for the esteem rank of Eagle Scout. He has earned two of these, but has not as yet received them.

Toby Taylor was awarded the rank of First Class Scout, and received a merit badge for cooking. Steve Guerrant, Larry Guerrant, Gerry Guerrant and Gary Benn were advanced to the rank of Second Class.

Receiving Tenderfoot badges were Mack Rogers and Glen Hammond.

Claudy Williams was awarded a merit badge in public speaking, and Tom Hill was awarded a merit badge in swimming.

Charter Presented

The charter for the local Boy Scout Troop was presented Tuesday night, May 21, by Ben Kellin of Lubbock, South Plains Council Scout Executive. The charter was presented by Kellin to the Baptist Brotherhood, sponsored organization of the local Scout program. He was assisted by the Scouts, Explorers, Committee members,

Scoutmasters and Explorer Advisors.

Committeemen present were Gene McMaster, chairman, Ted Hill, Rudolph Struve, Claudy Williams and Eddie Guerrant, who is also Explorer advisor, and King Collins, neighborhood commissioner and associate advisor.

Scoutmaster Dale Powell, Billy Deering and Glen Hammond were also present.

Enjoy Camp-Out

Eleven local Boy Scouts and leaders camped out at Palo Duro Canyon two nights recently. Scouts enjoying the event included Gerry, Gary and Steve Guerrant, Tom

News Of Men In The Armed Forces

BENNY R. REEDY

(AHTNC)—Army Pvt. Benny R. Reedy, son of Mr. and Mrs. Robert C. Reedy, Route 2, Petersburg, Texas, completed eight weeks of military police training at the U. S. Army Training Center, Fort Gordon, Ga., May 24. During the course, Reedy received instruction in such subjects as civil and military law, traffic control, map reading, prisoner-of-war control and self-defense. Reedy entered the Army in January 1953 and completed basic training at Fort Polk, La. He is a 1951 graduate of Abernathy High School.

USS BRINKLEY BASS (FHT-NC)—Wilbert J. Mathis, seaman apprentice, USN, son of Mr. and Mrs. Byrd W. Mathis of Abernathy, Texas, is serving aboard the destroyer USS Brinkley Bass, a unit currently operating as part of the Seventh Fleet Anti-Submarine Warfare "Hunter-Killer" Group in the South China Sea.

The task group's mission as a

A. B. Colwell and Herbert Watson. The hostess served doughnuts, chocolate cake and coffee. The next meeting will be Thursday, June 20, in the home of Mrs. Loren Neis.

Mr. and Mrs. Harvey Kilmore and son of Amarillo visited in the Jack Waters home last week.

Mrs. Wayne Castleberry visited her mother, Mrs. Lena Meador, in Amarillo last week.

Mr. and Mrs. Gordon Timms visited in the home of Oscar Timms in Muleshoe Sunday.

Mr. and Mrs. Waddell of Plainview and Mr. and Mrs. Jess Eitel of Rockport visited in the Mrs. C. S. Smith home.

Mr. and Mrs. A. B. Colwell, Mr. N. J. Fred and Mr. and Mrs. Dwain Bristow attended the Golden Wedding Reception of Mr. and Mrs. Felix Fred in Morton Sunday.

Mr. and Mrs. Fred and N. J. Fred are brothers and Mrs. Felix Fred is a sister of Mrs. Colwell.

Mr. and Mrs. O. S. Bristow visited in the Bob Scarborough home at Kress Sunday.

Mr. and Mrs. Maurice Fred and children of Lazbuddy visited his parents, Mr. and Mrs. N. J. Fred Monday.

Mr. and Mrs. Berlyn Ammonett attended funeral services in Floydada Friday for Doyce Elwin Stephens who was killed in a traffic accident in Oregon June 3. Berlyn was a cousin of the deceased.

hunter killer force is to seek out and destroy enemy submarines.

It is the only one of its kind on Seventh Fleet duty and helps maintain peace in the Far East.

The Brinkley Bass is a Pacific Fleet unit normally operating out of Long Beach, Calif.

SAN DIEGO, CALIF. (FHTNC)—James E. Jones, USN, son of Mrs. Minnie L. Coleman of Route 1, Abernathy, completed recruit training May 17 at the Naval Training Center, San Diego, Calif.

The nine-week training period covers physical fitness, basic military law, military drill, customs and etiquette of the Naval service, swimming and survival, first aid and a basic knowledge of shipboard routine.

During the training recruits receive tests and interviews which will determine future training in the Navy.

City Garden Club

The City Garden Club met Thursday, June 6, in the club house. After a short business session a salad luncheon was enjoyed by the following members:

Mmes. T. O. Brown, S. R. Jackson, Iva Lee Herral, Floyd Shipman, Harlow Neis, M. M. Bell, Ed Heath, Dewey Price, A. B. Myatt, Lee Echols, B. H. Beard, L. S. Wilson, J. M. Gardner, T. A. Brewster, G. B. Adkisson Sr., O. W. Weeks and two visitors, Marella and Carolyn Autler.

Members of the club will go on a pilgrimage June 20, meet at City Hall to leave at 9:00 a.m. All members are urged to go to the club. Will not have another regular meeting until September.

Mrs. M. M. Bell, Reporter.

Ralph Reagan of Odessa visited his mother, Mrs. G. A. Reagan, here last weekend.

Tech Coaching Staff To Visit Here June 18th

LUBBOCK—Texas Tech coaching staff members have accepted 12 invitations from Red Raider Club members to visit in their towns during June and July. On the visits, arranged through

Leete Jackson, Red Raider Club executive vice-president, the Red Raider coaches are guests at dinner meetings. Generally the meetings are preceded in the afternoon by rounds of golf with Red Raider members. Frequently the coaches also speak at service club meetings during the day.

The 1963 itinerary includes:
 June 11—Gaines County (Seagraves - Seminole); June 13—Abilene; June 18—Abernathy; June 20—Hobbs, N. M.; June 25—Plainview; June 27—Midland;
 July 9—Levelland; July 11—Snyder; July 16—Muleshoe; July 18—Andrews; July 23—Amarillo; July 25—Brownfield.

Being arranged are appearances in Post and Slaton.

The Equitable Life Assurance Society of the United States
 Mr. Buford Davenport, Editor
 Abernathy Review
 Abernathy, Texas

Dear Sir:

During the week of May 20, our Abernathy Representative, Mr. Carl Barton, attended and successfully completed a programming course entitled "Equitable Income Planning." This course covered the use of settlement options, Social Security, and the coordination of policy benefits with Social Security and company benefits.

Carl has now been associated with the Equitable Life Assurance Society of the United States for five months; and I am happy to report that at the end of that time, he is second in total production for the Lubbock District. We are proud of his progress and look for continuing growth in this fine young man.

Cordially,
 Richard L. Williams
 District Manager

Miss Brownlow And Mr. Griffith Marry Saturday

Miss Judy Sharon Brownlow, daughter of Mr. and Mrs. Grady Albert Brownlow, and Grady Albert Griffith, son of Mr. and Mrs. Vernon Griffith of Amarillo, were married at 7:30 p.m. Saturday in Northside Baptist Church.

The Rev. E. C. Chron read a double ring ceremony.

Escorted to the altar by her father, the bride wore a white street length shantung dress. A fullgathered skirt was designed with a panel of Chantilly lace on the front. Pearls trimmed the front

Some 2,000 4-H boys and girls, county extension agents, local 4-H leaders and friends of 4-H are expected to attend the annual Texas 4-H Club Roundup at Texas A&M College, June 4-6. State winners in 28 different judging and demonstration contests will be named. Several will later represent Texas in national competition.

BE PROTECTED AGAINST HAIL

The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 8¢ of each premium dollar over the last 4 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.

All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.

Approximately FIVE MILLION dollars paid to West Texas farmers for losses the last five years.

A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT."

We DO offer the FB-10 with (Replant Clause) and the Broadform policy—full effect on June 5th in Zone 2 at (noon) with replant clause before this date and plant population adjustment at a reduced rate.

Mrs. Grady Albert Griffith (Judy Sharon Brownlow)

of the skirt and bodice. A lace jacket with long sleeves complemented her dress. Her head piece of silk illusion was caught by a pill box hat. She carried a bouquet of white roses.

Miss Linda Eldridge was bridesmaid. She wore a mint green shantung street length sheath dress and carried a white rose.

Johnny Hamilton was best man. Guests were seated by Garry Brownlow of Houston, brother of the bride, and Doyce Woods of Shallowater.

Miss Patti Brownlow of Houston was ring bearer.

Wedding music was provided by Mrs. M. M. Styles, pianist, and Mrs. Gary Brownlow, soloist.

A reception in the fellowship hall followed the ceremony.

For travel on her wedding trip, the bride wore a pink linen suit with white accessories. They will reside at 104 E. 5th St., Littlefield.

The bride is a graduate of Abernathy High School. Her husband attended Abernathy High School and Elkins School of Announcing and Engineering in Dallas. He is employed by a Littlefield radio station.

Mr. and Mrs. Joe Chambers and Dr. and Mrs. Kenneth Gregory are vacationing on Padre Island in the Texas Gulf Coast area this week.

SIDE-DRESS

WITH THE FULL MIGHT OF NITROGEN

It's now or never for this year's cotton and grain crops. The nitrogen needed for an abundant, high quality harvest should be applied before the 12th week of growth or before the plant begins to boot or bloom. Anhydrous ammonia supplies this nitrogen in the largest quantity by volume and in the most usable form. We recommend and sell Shamrock Nitromite because we know it to be a fine brand of anhydrous ammonia, 82.2% nitrogen.

(For "Coming Events" additions or corrections, Phone 298-2033.)

began Friday (June 7), with 60 participants from throughout Texas taking part in the special course administered under a grant from the National Science Foundation. Barbara McDougal of the AHS faculty is attending.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

HIGHLIGHTS FROM AUSTIN

AUSTIN, Tex.—Texas Research League, a nonprofit government study organization that does many administration studies at the request of the state, has issued a report on its year-long probe of the Railroad Commission. Many of its recommendations on agency management and oil and gas conservation already are being programmed.

One scheduled change involves the staffing and management of Railroad Commission district offices. Commission now has 12 such offices. Responsibilities with respect to well and staff members are so varied that the League believes the system unfairly imbalanced.

District 8 in Midland, for exam-

ple, has approximately four times as many wells as District 4 in Corpus Christi, but each office is staffed with only four engineers. Wichita Falls has more than twice as many wells as Houston, but two less field men.

Four field men watch over 62,148 operating wells in the Midland district, yet 21 men oversee 26,036 wells in the Kilgore area. League's answer to the problem is to redistrict and cut the districts from 12 to 10.

The huge Midland district would be divided into three areas with new offices at Lubbock and Fort Stockton.

San Angelo, Refugio, Mount Pleasant and Palestine offices would be absorbed by other districts under the new operation plan.

Padre Island Park Plans Underway—It and when Congress approves a \$1,500,000 appropriation to meet the land-buying needs of Padre Island National Seashore park, newly named park superintendent William L. Bowen will begin to acquire land for the proposed 80.5 mile coastal park.

U. S. Secretary of the Interior Stewart Udall said Bowen will open an office in Corpus Christi some time after July 1 with a small staff. Bowen, Kansas-born veteran of the national park service, took part in preliminary studies leading to the establishment of the new national seashore area on Padre Island.

COMMITTEE OF 25 AT WORK—Gov. John B. Connally entertained his "Committee of 25" with a coffee, then set them to work. Committee has the year-long task of studying education beyond the high school.

Connally told them Texas needs a "total policy to guide all institutions, all segments of our higher education enterprise." He said this included state, church and private schools, junior and senior colleges and academic and technical institutions.

Committee met and decided to send their chairman, H. B. Zachry of San Antonio, suggestions on how to approach the challenge. They meet again in August.

SPECIAL SESSION TALK DWINDLES—Rumors of a special session to get an appropriations bill more to Governor Connally's liking still are going around. But now predictions are being made about a January session, rather than one in the summer or fall.

Connally said he didn't like the one passed by the Legislature in the regular session because it "short-changed" higher education.

HOME-BUILDING ABUSES—Reported abuses of home building practices and loans were the subject of a recent conversation between Governor Connally and Lubbock District Attorney Alton Griffin, president of the state district and county attorneys association.

Connally said, "It may be that additional legislation will be necessary to get at the heart of the matter."

One reported abuse that concerns them is the alleged practice of "double contracting" wherein 100 percent home financing is achieved by cushioning appraisals and other real estate sales documents.

APPOINTMENTS—Connally appointed three new members to the State Finance Commission, including S. R. Jones, president of the First Pasadena State Bank in Pasadena, and Rex Baker Jr., president of the Southwestern Savings Association of Houston. He also reappointed Taylor attorney Roman J. Bartosh.

Bert Field, Dallas oil operator, was reappointed and named chairman of the Texas Turnpike Authority, on which he has served since 1953. A new appointee is J. M. Haggard Jr. of Dallas, state president of the company that manufacturers Haggard slacks for men.

Haggard replaced Armistead Rust of San Angelo.

CARR'S CHORES LIGHTENED—After August 23, the governor will have to make 15 more state board appointments. These 15 citizens named will take the place of just one man—Attorney General Waggoner Carr.

Smith was made possible by a bill, supported by the attorney general, which passed during the recent legislative session. End result will be to peel down the pile of state officials, which have burdened attorneys general in the past, and give Carr more time for his main job as the state's head lawyer.

POST MORTEM—About 300 state labor leaders came to Austin to reflect on the accomplishments—or lack of accomplishments—of the 58th Legislature.

Speakers at the seminar included Rep. Dick Cherry, Waco, Democrat, and Rep. Ike Harris, Dallas Republican, and Sen. A. R. (Babe) Schwartz of Galveston.

"The 58th could turn out better than the 59th," Cherry said. "Next time, you'll have the problems of a big tax session and a second-term speaker (Speaker Byron Tunnell, supposedly) running for Attorney General."

As session achievements, Cherry listed the Padre Island bill, Municipal Annexation bill, Tourist Development program, Water Storage expansion and provisions for teacher retirement.

Measures for rural development, which did not pass, were among what he considered failures of the Legislature.

GOOD NEWS—Although state and federal animal health officials

reported 72 Texas counties are now tagged "screwworm infested" the report was good news, said Dr. R. G. Garrett, executive director of the Texas Animal Health Commission.

Garrett said that 333 samples confirmed as screwworms in the March 31-April 27 period represented a decrease of 95 to 98 percent in the number of cases in years before the screwworm eradication project went into effect.

"We're real happy with the success of the program," Dr. Garrett said. "We hope to be completely successful in wiping out the screwworm by the end of the three-year program." He said livestock producers were responsible for the stamping out of the costly pests in at least two ways: Through their \$3,000,000 contributions and through "excellent" operation in reporting cases and sending samples.

"It's strictly a producers' program... initiated by livestock producers and wholeheartedly supported by producers."

The three-year, \$12,000,000 producer-federal-state program almost has reached the mid-way point in its progress.

BUS DRIVER OF THE YEAR—Records of more than 8,000 school bus drivers were screened before Elmer J. Ashby of the Carlisle Independent School District, Ruck County, was selected "Texas Public School Bus Driver of the Year" by the Texas Education Agency.

In 25 years of service, Ashby transported school children 300,000 accident-free miles, without missing a day for personal or superficial reasons.

"STATES RIGHTS" BILLS IN AIR—The 58th Legislature passed two proposed "states rights" amendments to the U. S. Constitution. But both are a long way from changing the law of the land.

One would make it simple for the states to initiate other amendments to the constitution; the other would prevent federal courts from ruling on states redistricting as population shifts occur.

To make the grade, both would have to be adopted by 34 states. So far, only 11 have approved the first proposal, and 12 have affirmed the second.
